Starts Nightly At 9:30 Loudon County Story Recalls Events Over 100 Years

Color, Realism, Story Combine To Present Excellent Production

By Calvin Lamford

The opening night of the production, "The Loudon County Story" which is a major event in the celebration of Loudon County's 100th birthday, premiered to an audience of several hundred first nighters at the Lenoir City High School football field, Monday. The audience braved overcast skies with the possible threat of rain, to witness a production which will well take its place as the greatest spectacle ever produced in Loudon County.

From the prologue, Happy Birthday, to the finale, "I Am An American" which featured the entire cast, it kept the audience spellbound with the depiction of the growth of Loudon County and the people. Absent was the normal first night error, which usually accompany a premiere showing of a production of this magnitude. Had the audience not known, it could well have been accused of Indian life in Loudon County.

Episode two was titled The Prelude to Greatness and stressed the magnitude of our heritage. Episode three, Dawn of Education which followed the growth and development of education in Loudon County. Episode four, Heritage of Faith, the growth of religion and churches in Loudon County. Episode five, The Antebellum Years. Episode six, Volume in Black, a colorful and moving account of Loudon County and its people in the Civil War. Episode seven, Those Good Old Days, the light hearted and carefree life of early Loudon Countians. Episode eight, To the Victors, evoking around events of World War I.

Episode nine, The Rousing Twenties. Episode 10, The Generation Gap, which went into the many phases of change in the past 25 years. The finale "I Am An American" which was a spine tingling production with the entire cast. A very fitting and well staged conclusion to 90 minutes of a well staged, well acted and well produced outdoor production.

The extensive use of elaborate lighting system added a spectacular hue to the entire production and extensive use of a projection system brought the audience to a realization of our modern way of life, as they watched past history unfold before their eyes. The music and sound system which conveyed the voices of a speaking cast (whose performances were outstanding) seemed to envelope the entire surroundings, and at times, the audience was held spellbound in a past era of life and sound. Much credit is due the producer, Rogers Company, and the directors, Robert G. Thompson and Polly Thompson, as well as the effective and efficient cast of local people. Also credit is due those who worked hard behind the scenes to produce this vast production which should make all Loudon County residents proud. The play will be performed each night through Friday. Each performance starting at dusk. Anyone missing this production will have missed one of the most interesting, most colorful and most entertaining productions ever staged in Loudon County.

THE LOUDON COUNTY STORY—The entire cast of the Centennial Spectacular "The Loudon County Story" steps forward to say "We Are Americans," at the finale. The stirring show, depicting Loudon County's history from early Indian days to today's "Teen Dancers," is being presented nightly at the Lenoir City High School football stadium.

Local Housing Contract Let

A contract was awarded Monday for the construction of the 50 unit Low-Rent Housing Project for the City of Loudon. The contract for the construction of the all brick and concrete duplex houses was awarded to General Contractors, Inc., of Decatur, Ga., who submitted the low bid of \$687,574.00. The total project cost, land purchase, utilities, streets, engineering and architects fees make the federally financed project near the one million dollar mark.

CENTENNIAL QUEEN IS CROWNED - Mrs. Peggy Watkins was crowned Loudon County's Centennial Queen at ceremonies marking the beginning of the Spectacular, "The Loudon County Story," at the Lenoir City High School football stadium Monday night. She was crowned by Centennial General Chairman Benny Stafford and Mrs. Stafford.

Stafford, foreground, presented her with a bouquet of roses. Princesses, standing with their escorts, are, from left, Ruth Ann Mason, Mrs. Arlie Galyon, Mrs. Gerri Swaney, Mrs. Watkins, Mrs. Carrie Nell Davis (first runner-up), Miss Linda Key, and Wanda Bailey.

Centennial Scene Shifts To Loudon, Parade, Banquet, Ball, Other Events Are Saturday

Loudon County's long planned and awaited Centennial celebration, the 100th anniversary of the founding of the County, is in the midst of the many activities surrounding the occasion. This weekend will see the climax of the celebration with the most spectacular events of the anniversary on tap.

Throughout this week the Loudon County Story, an outdoor drama, produced by a professional company, and acted out by some 125 Loudon Countians is showing nightly at 9:30 p.m. on the football field at Lenoir City High School. Centennial Chairman Ben Stafford said that the pageant producer, Bob Thompson, said that the Loudon County Story is the most beautiful county

pageant he has ever produced and that it would be one that every Loudon Countian would want to see.

Centennial Queen
Monday night, just prior to the first performance of the pageant, Mrs. Peggy Watkins was named Loudon County Centennial Queen. From a field that originally numbered 17 women Mrs. Watkins sold the most ticket-coupons to the drama, winning for her the honor of being the Centennial Queen. The Queen will be featured at all major events during the remainder of the Centennial Week Celebration and other Centennial events during the year.

Carnival
Another event which is going on all during the week is a Centennial Carnival, complete with all the popular midway rides. The carnival open at noon each day is located on a little league baseball field at the intersection of Bonn and Pike Streets in Lenoir City.

Banquet and Ball
The largest single event of the Celebration is set for Saturday night. Beginning at 7 p.m. the Loudon County Hair Dressers Association will be hosts to a banquet and style show.

Queen's Ball
At 9 p.m. Saturday, following the dinner and show, the Queen's Ball, which has been planned by the Loudon Jaycees, will begin. The dance, also to be held in the gymnasium, will be in honor of the Centennial Queen. Music for the Ball will include all types of dance music, round, folk, waltz, and square dancing.

Parade in Loudon
Saturday morning at 10 the Loudon Centennial Parade will kick-off the last day of the celebration. The parade which will pass through downtown Loudon, is still open to anyone wishing to enter any type of unit, horses, floats, antique cars and etc. Of course riding in the parade will be Little Miss Centennial, the Centennial Queen, and Miss Loudon County.

Part of the parade will be a promenade through the town of everyone in Centennial dress who wants Association and the Loudon Jaycees.

Wheeler Wins County Title

Patricia Bea Wheeler, a blonde Lenoir City beauty, daughter of Mr. and Mrs. Charles Wheeler of Dixie Lee Junction, was crowned Miss Loudon County 1970 Saturday night in competition with five other girls at the Lenoir City Jaycee Sponsored Miss Loudon County Pageant.

Miss Wheeler, 21, who says she will use the \$500 in scholarships she won, to further her education at the University of Tennessee, will represent Loudon County in the Miss Tennessee Pageant (Continued on page 2)

MISS LOUDON COUNTY AND RUNNERSUP—Patricia Bea (Pattie) Wheeler, Miss Loudon County 1970 (in center) is all smiles with her trophy, crown and roses. At left is first runnerup and Miss Congeniality, Eva Smith, and at the right second runnerup and talent competition winner, Zena Key. The selection of the new Miss Loudon County was made Saturday night at the annual pageant sponsored by the Lenoir City Jaycees.

County Budget, Tax Rate Hearings Set On June 26

A public hearing on the proposed Loudon County governmental operations budget for the 1970-71 tax year will be held at 7:30 p.m. Friday, June 26 at the courthouse in Loudon.

The hearing conducted by the Budget Committee of the County Court, who prepare the county budget, is from information received from many sources, and from responses of various county government departments, agencies and offices, to give any citizen of the county the right to appear in question or make recommendations on the proposed budget.

An official notice of the meeting and a copy of the department by department break-down of the budget are published elsewhere in this issue. County Judge Harvey

Sproul made the following remarks on the budget and the proposed tax rate in response to media questions:

"We have been considerably held up in our Budget Committee work because of problems in getting correct figures on the total appraised value of the property in Loudon County. We are continuing to work with the Computer Communications Network who is handling this for Loudon County and with the Property Assessor in order to determine this value as of January 10, 1970.

"Of course we have to have this total appraisal figure in order to determine the amount of property taxes that will be available to pay the budget of Loudon County. (Continued on page 2)

Miss Spradlin Is Bride Of David Williams

Miss Linda Kay Spradlin and David Charles Williams were united in marriage Saturday, June 13, at 7 p.m.

at Greenback Memorial Baptist Church, with the Rev. Clarence Sexton, pastor, officiating at the double-ring ceremony.

Parents of the couple are Mr. and Mrs. Charles Edward Spradlin Sr. of Greenback Rt. 1 and David Charles Williams of 807 North St., Newport.

Mrs. Nora Nall of Greenback Rt. 1 is the bride's grandmother.

For the ceremony, the church chancel was decorated with greenery, spiral candelabra, a kneeling bench and Ruth candle.

Nuptial music was presented by Mrs. Roy Myers, organist, and Mrs. Arnold Evans, vocalist, sang "More," "Always," and "Whither Thou Goest."

Given by her father in marriage, the bride wore a gown of silk organza over peau de soie, designed and made by her mother. The bodice and empire waistline was covered with Venice lace, gathered in back to form a chapel-length train. The banded, short, puff sleeves and banded collar were covered with Venice lace. A Carnot's headpiece of Venice lace held her chapel-length veil, which was scattered with Venice appliques. She carried a white orchid stop a Bible, which was presented to her at her birth by the East Tennessee Baptist Hospital in Knoxville. For "something old," the bride wore her maternal grandmother's ruby engagement ring, which had been given to her in 1918.

Serving as maid of honor was Miss Barbara Carroll of

Knoxville. Bridesmaids were Miss Jewel Wampler of Chattanooga and Miss Janice Buda of Newport. They wore floor-length, empire-style gowns of lavender, white, trimmed with Venice lace, white chapel veils and carried lavender orchids.

Serving as best man was Sam Shell of Carlwood, Va. Ushers were Roger Blackstone of Nora, Va. and Allen Broyles of Mohsin.

A reception followed the ceremony given by the bride's parents at their home. Awaiting were Mrs. Fred Spradlin, Mrs. Donald Walker, Mrs. Eddie Spradlin, all of Knoxville, Miss Joyce Castle of Spring City and Mrs. Gordon Fisher of Greenback.

The main table was laid with lace over lavender. The focal point was the bride's

cake, made and decorated by her mother.

The couple cut the wedding cake with a knife belonging to the bride's maternal great grandmother. The forks at the table are of the same set, which is approximately 63 years old. A plate which had belonged to the bride's paternal great grandmother was used at the bride's table, also.

For traveling, the new Mrs. Williams wore a white polyester knit accented with an orchid scarf. Upon return from a wedding trip, the couple will be at home at 107 Forrest Ave., Athens.

The bride is a graduate of Hiwassee College, where she was a member of Phi Theta Kappa. She attended Tennessee Wesleyan College.

The groom is also a Hiwassee College graduate and will receive his degree from Tennessee Wesleyan College in August. He is a member of Greek K.

Woods and Mrs. Freeman Hagins, the primary, Mrs. R.E. Scarborough and Mrs. Dora McCall taught the brides.

Mr. and Mrs. Robert Hackney of Alameda, Calif. have been guests of his parents, Mr. and Mrs. Earl Hackney and also spent some time with his sister, Mrs. Harold Gilliam and Mr. Gilliam in West Palm Beach, Fla. and with relatives in South Carolina.

Mrs. Frank Ladner (Una Jordan), wife of the Rev. Frank Ladner, formerly pastor of Greenback Presbyterian Church died Wednesday of complications following surgery in a Chattanooga Hospital.

Funeral services were held Sunday afternoon in the Hammil Road Presbyterian Church in Hixson where the Rev. Ladner is pastor, and graveside services were held Monday at 10 a.m. at Knoxville Woodlawn cemetery, the Rev. Harry Van Fleet officiating. Besides her husband, Mrs. Ladner is survived by two daughters, Ruth and Betty Ladner; one son, Allen Ladner of Hixson; mother, Mrs. Alma Jordan; brothers, Frank and Earl Jordan of Knoxville; Vascoe Jordan of Memphis and sister, Virginia Jordan of Memphis. The Rev. Ladner's home is 613 Woodlawn Drive, Hixson, Tenn.

Mrs. Nick Rowland went Monday to Detroit, Mich. for a visit with her sister, Mrs. Helen Hunt and brother, Mr. and Mrs. Walter Cook.

Mr. and Mrs. James Adam Joy, Jill and Jay spent Sunday with Mrs. Adams parents, Mr. and Mrs. Glenn Thurman in Copper Hill.

Mr. and Mrs. Walter E. Johnson of Louisville, Ky. have been guests the past week of her sister Mrs. A.L. Dancy and with relatives in Maryville. They left Saturday for a visit with friends in Lebanon.

Mrs. Roy M. Brooks, Mrs. Kenneth Hair and Mrs. R. A. Anderson Sr. visited the Ladner family in Chattanooga Saturday.

Woman's Club Welcome Visitors

GET LOUDON COUNTY WELCOME—Mr. and Mrs. R.J. Garrison of Rome, Georgia, stopped to see what was going on Sunday when they passed and saw the Woman's Club lemonade stand with the ladies in centennial dress. They were given free refreshments and information on the Centennial Celebration.

STOP FOR REFRESHMENTS—Richard Stuthers of New Albany, Ind., and Dave Stephany of Ohio are shown accepting free lemonade from Mrs. Mary Long, Mrs. LeRoy Custard and Julia Norton who were operating the Loudon Woman Club's welcome stand on U.S. 11 at Loudon High School last Sunday. As the travelers stopped for the free refreshments they were given information on the centennial and the county. The Woman's Club will operate the welcome stand each day this week as part of the Centennial events.

Despite Rain . . . Thousands At Arts And Crafts Festival

At Centennial Worship Service

200 ATTEND CENTENNIAL SERVICE—Some 200 persons from across Loudon County turned out Sunday afternoon for the County-Wide Centennial Worship Service held at Loudon High School. Part of the crowd is shown as the Loudon County Choral Society, who provided music for the service open the service. Billy Graham Crusade assistant Rev. John Cortis of Atlanta delivered the service message.

WORSHIP SERVICE PERSONALITIES—Those persons who took part on the program of the Centennial Worship Service Sunday afternoon at Loudon High School are shown joining in singing at the beginning of the service. They are Rev. Dwight Cagle of Philadelphia; Rev. John Cortis, a Billy Graham Crusade evangelist; Loudon County Judge Harvey Sprout; Rev. Shields Webb of Lenoir City, and Rev. Walter Chesnut of Lenoir City.

LOUDON COUNTY JUDGE

WONDERFUL! This column is going to come almost too late maybe to do much good toward a recommendation concerning the historical pageant, but I want to get my two cents worth in for those of you who may not have seen it yet.

In the last two or three days, I highly recommend that you see "The Loudon County Story" at the Lenoir City High School football stadium.

It is excellent - very professionally done, very entertaining for the whole family, and inexpensive when you consider the cost of entertainment today.

It intersperses the history and interesting events of Loudon County history into the main events that have occurred from the beginning of Loudon County's history, and are doing a wonderful job. I am hoping by the time that you read this that the rain has not hindered us as much as it unfortunately did the Arts and Crafts Festival, but if it does, let's get together and all come out and fill up the stadium on the last two or three nights.

Don't forget the Banquet and Ball Saturday night at Loudon High School. A great close to a great week!

Saturday morning will be the heard judging and costume judging on the Court House lawn, a parade at 10:00, and the burning of the time capsule in the Court House lawn, as well as the Historical Tour.

John Cortis I am sorry that more people were not present for our Centennial religious service at the Loudon High School Auditorium Sunday afternoon.

The Rev. John Cortis, of the Billy Graham Crusade, gave an excellent sermon, and many I heard say felt it rivaled even the preaching of Billy Graham himself.

Greenback It would have been hard to have had a better time than we had last Friday night at Greenback High School for the Greenback portion of the Centennial activities. The Beauty Contest, and the Square Dance afterward called by the Old Master, (who has a square dance team in the pageant, by the way,) were very enjoyable to me and my entire family.

My five-year old daughter Susan, participated in her first square dance, and now thinks she is an expert (as does my son Dan, and my niece Missey).

The Kangaroo Kourts and the parade in Lenoir City Saturday morning were an outstanding success.

On T.V. The Square Dances and Kangaroo Kourts at the Lenoir Shopping Center went off well in front of Channel 3, T.V., Chattanooga, Saturday night. Such a crowd! And who was the widow that Judge S.P. Dannel paid the fine for?

Stockton Valley Personal News

Miss Debbie Nathanson, Mike and Larry Stafford have entered U.T. this week for the summer quarter.

Marvin Snyder is a patient at Bacon Hospital. Get well wishes to him. Ricky Brewster will enter Bacon Hospital Thursday for surgery. He is the son of Mr. and Mrs. Carl Brewster.

Mrs. Louise Brannum's father, Cleo Parks, is in Bacon Hospital for tests. A revival was held this past week at Stockton Valley Church. The members appreciated all the visitors, especially those who helped with the singing. The Church choir has accepted an

invitation to sing at Reeds Springs Baptist Church on June 27.

Vacation Bible School will begin at the Church Monday evening, June 15, at 6:00 p.m. Mrs. Ed Brewster is principal.

Greenback Turns Out For Centennial Doings

By Calvin Laneford
Greenback High School was the scene Friday evening, June 12, of some of the county centennial activities. The festivities got underway with an old time box supper. Box lunches were auctioned with an old time box supper. The gaily decorated boxes contained everything from chicken to Communications Service. Lieutenant Chesnut, a 1963 graduate of Loudon High School, received a B.S. degree from Western Kentucky University and is member of Sigma Pi Sigma. He was commissioned upon completion of Officer Training School at Lackland AFB.

apple pie; and couples paired off to enjoy their individual meals over the school grounds. Many residents came in centennial dress, both young and old. It seemed that nothing was spared by the people of the Greenback area of Loudon County to make a spectacular contribution to the county's 100 year celebration.

The hallway adjacent to the auditorium of Greenback High School was the scene of some very interesting and colorful exhibits of a past era such as guns, housewares, tools, etc.

One of the major events of the interesting and entertaining evening was a crowning of Miss Community, who was selected from a bevy of beautiful and talented young ladies from the Greenback Community.

The Miss Community contestants were: Kathy D. Hammonree, daughter of Mr. and Mrs. R. L. Hammonree and sponsored by Greenback Industries. Roxanne Woods, daughter of Cora Lee Woods, sponsored by the A and B Store. Joy Adams, daughter of Mr. and Mrs. James Adams, sponsored by Belcraft Sales and Service. Kay Hammonree, daughter of Mr. and Mrs. Henry Hammonree, sponsored by the Merchants and Farmers Bank. Nancy Brooks, daughter of Mr. and Mrs. Buddy Brooks, sponsored by Bill Kyker's IGA.

The young ladies modeled several types of clothing and during the time lapses a very talented young lady by the name of Cynthia Watson performed the Charleston. After the candidates for the queen contest had performed their entertainment, the judges had the difficult task of selecting

the winner among this group of six talented young ladies. The winner, crowned Miss Community was Nancy Brooks, daughter of Mr. and Mrs. Buddy Brooks.

Contest judges were: Mrs. Tom Ingram, wife of Judge Tom Ingram, Mrs. Robert Proffitt, of Maryville College and Benny Stafford, Chairman of the Loudon County Centennial celebration.

were sent out by the Lettering Club and the selections were made of stars of each sport since the school was opened in 1924. The Teams are, basketball girls: Sandra Hall, Sara Hall, Carolyn Heaton, Betty Jo Hammonree, Priscilla Hawkins, Faye Evans and Deane Long. Basketball boys: Mike Daney, Felix Daniels, Murphy Russell, Gene Diney, Joe Berry and Leonard Kerr.

The football team: Steve King, Joe Hall, Jackie Maynard, Wayne Hilton, Mike Tuck, James Chapman, Jake Chapman, Grady Thompson, Geel Pitman, Chipper Ramsey and Boston Brannon.

After the box supper and various contests which were held in the school auditorium the crowd gathered on the school grounds to join in a climax to the well attended celebration by square dancing for the remaining portion of the evening.

COSTUME CONTESTS—"All smiles" is the order of the day for little misses competing in the costume contests at Greenback.

MISS COMMUNITY AND COURT—Flanked by a bevy of beauty competitors, Miss Community Nancy Brooks, proudly holds her bouquet and smiles approval of receiving such an honor.

SUPPERS AUCTIONED OFF—The chant of the auctioneer beckons hungry Greenback folks to buy a box supper, an interesting part of the Greenback festivities.

SUPPER TIME--Youngsters at the Greenback Centennial celebration enjoy the contents of boxes auctioned off at the old time box supper.

PIONEER ITEMS—A part of the large display of pioneer items, which created much interest at the Greenback segment of the Loudon County Centennial celebration.

WEBSTER'S REFERENCE TO SPORTS

By Joe Webster

Putting one little word after another and razor blades will sell like crazy at the conclusion of the Centennial. When dashing Larry Cate will have his magnificent crop of beard. (With the beard, Cate strongly resembles a diplomatic far Eastern expert. --Now, do I get that raise?)

It is becoming apparent, most rapidly, that the Atlanta Braves are terribly short of front line pitching. Even Phil Niekro's "Knuckler" has stopped knuckling, and this is bad, bad, bad for Braves fans. If Atlanta had in their possession, (Oh, what a treasure it would be) Seaver, Koosman, and Gentry. --They would absolutely win the pennant and probably the World Series. However, since they do not possess those three Met artists, nor anyone even remotely similar. --Things will probably get worse in Atlanta before they get better. I will tell you again, because people tend to forget so easily. --Pitching is the name of the game. Even Cincinnati, with all their glorious hitting, is hoping and praying that their pitching will hold up. Last year, in the August and September heat, the Red pitching folded. --And, like an accordion, so did the Reds.

Pitching is exactly what won it for the Mets in 1969 and it is their pitching which makes them a distinct threat in the year of our Lord, 1970. Koufax was the reason the Dodgers kept showing up in the October Classic. When he retired, the Dodgers should have too.

Everybody is looking forward to July 1st. --That's the day Denny McLain returns to the Detroit Tigers. He'll pitch that same day against the much improved New York Yankees.

Smoky Mountain Raceway in Maryville has a dandy on tap for this Saturday night, June 20th. It's the 3rd annual G.T. --NASCAR Grand American Race with a \$9,410.00 purse and \$1500.00 going to the winner. Veteran drivers Tiny Lund, Buck Baker, and Jim Paschal are just three of the many talented drivers who'll be at the Smoky Mountain track this Saturday night.

Tiny Lund, whose 10 wins in a row this year tied a NASCAR mark set by Richard Petty in 1967, will be driving his No. 55-1970 Camaro. Buck Baker, who has won over \$300,000 during a career that dates back to 1949, will be wheeling a brand new 1970 Pontiac Trans-Am Firebird.

Jim Paschal, one of the all time NASCAR greats and 2 time Charlotte World "600" winner, will be piloting a 1970 Javelin. (See picture) It all happens this Saturday night at Smoky Mountain Raceway. --Race-time is 8:30 p.m.

Okay, it's time for the sports quiz. The answer to last week's question was TY COBB and the winner of a year's free subscription to the Herald was Dale Amburn, 928 Grove Street, in Loudon.

Please call your answer in to this number. --458-2087. Do not call any other number. Here's the question. --The St. Louis Cardinals beat the Boston Red Sox in 7 games in the 1946 World Series. What Cardinal pitcher won 3 games in the series? Give his name and nickname. You must give both.

Goodnight everybody.

Russell Fans 10 But Loses Game To Reds, 1-0

Former Triple-A star Harry Wilson, Sr. pitched a no-hitter Wednesday night as the Knoxville Reds blanked the Loudon Merchants, 1-0. Wilson barely missed pitching a perfect game, as only one Loudon player reached first. In the third inning Loudon pitcher Danny Russell struck out, but raced to first when the catcher dropped the third strike. Wilson fanned 15, getting 13 in a row.

Russell was almost as effective, striking out ten and giving up only three hits, two of which were of the scratch variety. The Red's run came in the third inning on a walk to Wilson, a sacrifice by Yetti, and a single by Tate. The Merchants Saturday game was washed out, but a large crowd was on hand Sunday as the Merchants dropped a 4-3 decision to the Fountain City Bankers. It was the fourth straight win for the Bankers.

Larry Beets was the winning pitcher, and Danny Gibson was charged with the loss. Danny Russell started on the mound for the Merchants and went seven innings before being lifted for Gibson.

Fountain City scored a run in the top of the fifth on a hit by Jerry Russell, a walk by Danny Scarborough, and a hit by Phil Hatcher. The Merchants took the lead in their half of the inning when Danny Ballard, Mack Cooley, Bill Thomas and Ralph Jones all came through with hits, three runs crossing the plate in the rally.

The Bankers tied it in the top of the seventh when Steve Williams and Newcom singled. Helton advanced them with a sacrifice, and Jerry Helton singled to score two runs.

Appaloosa. -- Colorful spotting is characteristic of the breed. Most Appaloosas are white over the loins and hips, and have dark, round, or egg-shaped spots ranging in size from specks up to 3 or 4 inches in diameter. The leopard coloring is also popular (white with spots over the entire body). The eye shows more white than in the other breeds, because more of the sclera of the eye is exposed.

The Appaloosa breed is distinguished from other breeds not only by its color pattern but by definite physical and temperament characteristics. The breed has a quiet, sensible disposition. It also had great endurance under the stress of a rugged climate, rough terrain, and hard work.

The Appaloosa is considered a light horse breed used mostly for show, pleasure and stock work. They are considered to have originated in the North Western United States -- Oregon, Washington, and Idaho from stock from Fergana, central Asia. Their development into a prominent breed is attributed to the Nez Percé Indians of the North West. The Nez Percé were powerful in this area and known for their "spotted" horse. History records that the U.S. Cavalry found that the "spotted" horse could outdistance their best mounts. Walt Disney captured the hearts of movie goers with the picture "Run Appaloosa Run" depicting the Appaloosa and the Nez Percé Indians. If you haven't seen this movie, I would highly recommend it for the family.

There are over 100,000 registered Appaloosas in the U.S. with breed headquarters being in Moscow, Idaho. The "Appaloosa News" is a good source of information, has a circulation of over 21,000 per

month. Hundreds of Appaloosa horse clubs have sprung up over the U.S. These and other factors make the Appaloosa a popular breed. Several fine Appaloosas are beginning to show up locally. At any horse show you can find them competing in various Western classes. Each show is held in the Knoxville area. Local breeders are Hal and Vivian McCrary of Philadelphia, Tennessee who have a small foundation herd of some very fine Appaloosas. Farrier - a horse shoer.

Medlin On Flight

Sergeant Bobby G. Medlin, son of Mr. and Mrs. Floyd Medlin of Rt. 1, Greenback, is a member of the first unit to fly the world's largest aircraft on operational missions.

Sergeant Medlin is an aircraft mechanic with the 457th Military Airlift Wing at Charleston AFB, S.C. The Military Airlift Command (MAC) unit recently received their first operational C-5 Galaxy, a new jet transport service with MAC, which provides global airlift for U.S. military forces, as a new measure in heavy logistical support. Its size, volume, versatility and performance are expected to make it the Air Force's most efficient cargo transport.

Milk
Farmers and Citizens are cooperating with June Dairy Month in Loudon County. By recognizing and promoting the county's dairy industry, Dairy continues to be vital to Loudon County's agricultural economy. Our farmers received a million and half dollars from milk and milk products sold in 1969. Thirty five percent of the farm income in Loudon County is from dairying. The total milk production and milk production per cow is at an all-time high. Therefore, we honor the dairymen in Loudon County when we use dairy products during the month of June.

Soybeans
Although soybean planting is a few days later than last year at this time, most of our farmers made good planting progress last week. Most of the plantings for beans has been the Ogden, Hill and Lee Varieties at the rate of 1 1/2 - 2 bushels per acre. The showers which fell at the last part of the week should help.

Weedy Pasture
About every farmer in the County has weedy pastures. Gail Hein, local beef farmer, says he finds that mowing will prevent weed seed production. There is another advantage, that is to remove mature forage both of which allows the plants to produce new tender growth.

Thistles
As a lad on the farm my father always taught me to keep the thistles out of the pasture fields. We either had to dig them up or chop them off with a hoe. Today, farmers have 2-4D to help control them chemically. Mowing them greatly reduces seed production however, the plant continues to grow.

Wool
Average prices were up some three and one-half cents per pound this year at the Special Cooperative Wool Sale, conducted across the state. A total of 1,600,000 pounds of wool was marketed for an average price of \$46.66 per hundred pounds. This was the 52nd year for the Tennessee Cooperative Wool Sales. Through these sales there has been more than 20 million pounds of wool sold.

Singing Hyrals
The Singing Hyrals of Lafollette will be at the Erie Church of God, Erie, Tenn., on June 20, at 7:30 p.m. and on June 21 at 11:00 a.m. Everyone is cordially invited to attend.

LOSE 10 LBS. IN 10 DAYS ON GRAPEFRUIT DIET

HOLLYWOOD, CALIF. (Special) — This is the revolutionary grapefruit diet that everyone is suddenly talking about. Literally thousands upon thousands of copies have been passed from hand to hand in factories, plants and offices throughout the U.S. and Canada.

Word of its success has spread like wildfire. Because this is the diet that really works. We have testimonials in our files reporting on the success of this diet. If you follow it exactly, you should lose 10 pounds in 10 days. There will be no weight loss in the first four days. But you will suddenly drop 5 pounds on the 5th day. Thereafter you will lose one pound a day until the 10th day when you will lose 1 1/2 pounds every two days until you get down to your proper weight. Best of all there will be no hunger pangs. Now refined and enlarged, this new diet plan lets you stuff yourself with foods that were formerly "forbidden," such as big steaks trimmed with fat, roast or fried chickens, rich gravies, mayonnaise, lobster swimming in butter, bacon fat, sausages and scrambled eggs. You can eat until you are full until you cannot possibly eat any more. And still lose 10 pounds in the first ten days plus 1 1/2 pounds every two days thereafter until your weight is down to normal. The secret behind this new "quick weight loss" diet is simple. Fat does not form fat. And the grapefruit juice in this new diet acts as a catalyst (the "trigger"), to start the fat burning process. You stuff yourself on the permitted food listed in the diet plan, and still lose unsifted fat and excess body fluids. When the fat and meat are gone you will cease to lose weight and your weight will remain constant. A copy of this new and startlingly successful diet plan can be obtained by sending \$2 to GRAPEFRUIT DIET PUBLISHERS, 1213 Premier Way, Calgary, Alberta. Money back guarantee. If after trying the diet plan you have not lost 7 pounds in the first seven days, and 10 pounds every two days thereafter, simply return the diet plan and your \$2 will be refunded promptly and without argument. Tear out this message and mail it to the publisher. Decide now to lose the fat, attractive figure of your youth, while enjoying hearty breakfasts, lunches and dinners.

Accidents Costly

How does Loudoun County's safety record compare with that of other communities?
 How big is its annual toll from accidents of all kinds - on the highway, at home and at work?
 The subject comes to the fore at this time because of steps being taken by the Federal government and other agencies to set higher safety standards for automobiles, tires, household accessories and other products.
 According to the latest annual survey of accidents in each part of the country, made by the U.S. Public Health Service, the local record is somewhat poorer than in most localities.
 The report shows that there were 22 fatalities in the year, attributable to accidents, among Loudoun County residents. Of these, automobiles were responsible for 9.

Accidents Costly

The figures refer to all accidents in which local persons were involved, wherever they took place. Not included, however, were accidents in the local area affecting non-residents.
 From the standpoint of population, Loudoun County's toll was relatively high. It was equivalent to a rate of 33 accidental deaths per 100,000 people.
 Elsewhere in the United States the average was 57 per 100,000 and, in the East South Central States, 71 per 100,000.
 The National Safety Council reports that there were 116,000 deaths due to accidents in the United States in the past year, or one percent more than in 1968.
 In addition to that, there were 10,700,000 persons who sustained disabling injuries.
 Nearly half of the accidental deaths were due to motor vehicles. Home accidents were next in line.
 The annual cost of accidents in the United States is estimated at \$23.5 billion. This includes property damage, lost wages, medical costs and the like.
 On a proportional basis, assuming the average cost per accident applies locally, Loudoun County's share of this bill is about \$4,444,000.

The old plane named "Jenny" used in the first world war... A few weeks back Roy Jones and myself were reliving some of the highlights of a passed era when we were growing up. We were in the insurance office of John (John) Brown and Iain was amused at the various things that we were recalling from yesterday. Roy mentioned the radio station Loudon had at one time. It was operated for only a few days before closing. The station was housed in a basement room of the place I called home. Its equipment consisted of a one tube transmitter with coupling coils wound on the old time round ice cream containers. A series of batteries and scrap wire but it worked believe it or not. It worked so well that it was reaching out as far as Knoxville.

The station's programs consisted of those similar to stations in the area that were legally operating. Of course, two boys, my brother and myself, were in charge of their home made electronic contraption was causing any trouble but it was. Let me say here that the know how for building the rig was strictly my brother Bob's. But I was also enjoying all the excitement it was creating around Loudon, and played with one of the hillbilly bands featured on the station, which was named L.S.L. Loudon Station Loudon.

OBITUARIES

MISS GUSSIE MAE THOMAS
Miss Gussie Mae Thomas, age 89, of Route 4, Loudon, Ala., passed away Thursday, June 11, at Bacon Hospital. She was a member of Steeple Creek Baptist Church.
Survivors include: sisters, Mrs. Hill McKee, Mrs. Clarence Tyler, both of Knoxville; Mrs. Arthur Farmer, Kingston; brothers, Emmett Thomas, Mableton, Ga.; W.H. Thomas, Loudon; several nieces and nephews.
Funeral services were held at Steeple Creek Baptist Church Saturday, June 13, with the Rev. Joe Lawton and the Rev. Otis Russell officiating. Interment in Corinth Cemetery, Quitt & Karns, Loudon, in charge.

MRS. DICKEY SMLAHER
Mrs. Dickey Smlaher, age 86, passed away Friday, June 12, at Hillcrest Convalescent Home.
Survivors include: daughters, Mrs. Kathryn Warwick, Mayzardville, Mo.; Dollie Graves, Russellville, Ind.; Mrs. Rosalee Bowen, would have to go.
So, in a few short moments and a few snips of some wire cutters, Loudon's only radio station (although it was illegal) became just a memory. The string band had to find another place to play. The brake drums which had served as station tones would again return to their original resting place, our father's junk pile. But I doubted that after a few passing years anyone would even remember all this. But Roy Jones does and says he gets a big kick out of recalling this venture. Maybe you remember this segment of life in Loudon during the good old days. This proves another point that Loudon has had about everything including a radio station not sanctioned by the FCC.

CARRIE LEE PESTERFIELD
Carrie Lee Pesterfield, age 74, of Route 2, Greenback passed away Thursday, June 11.
Survivors include: two daughters, Mrs. Raymond Gregory, Maryville, and Mrs. Mary Peacock, Greenback; sons, Gene, Louisville, Ernest, Greenback, and Bill, of Maryville; 21 grandchildren; one great-grandson; four sisters, Mrs. Pearl McSalvey, Mrs. Eva Pressley, Mrs. Hazel Miller, Miss Ethel Miller, all of Loudon; two brothers, Troy and Johnny Miller, both of Loudon.
Funeral services were held Saturday, June 13, at Zion's Chapel Baptist Church with the Rev. Norman Watson officiating. Interment in church cemetery. Miller in charge.

Finishes Course

Army Private Jacky C. Holt, 19, son of Mr. and Mrs. Elbert Holt, Route 1, Philadelphia, recently completed nine weeks of advanced infantry training at Ft. Polk, La. His last week of training was spent in guerrilla warfare exercises.
During his guerrilla training, he lived under simulated Vietnam conditions for five days, fighting off night attacks and conducting raids on "enemy" villages. He was taught methods of removing booby traps, setting ambushes and avoiding enemy ambushes.

Back From Cruise

Navy Senior Chief Petty Officer Joseph F. Riddle, son of Mrs. John Riddle of 717 Perry St., and husband of the former Miss Janette Jacobs of Route 2, all of Loudon, returned to Mayport, Fla., aboard the guided missile frigate USS William V. Pratt after participating in Operation Poopdeck off the coast of Spain.
It was a joint U.S.-Spain exercise.

While Spanish forces conducted simulated strikes against a U.S. Carrier task group, the William V. Pratt tested its dual anti-air/anti-submarine warfare capabilities by protecting the aircraft carrier USS Franklin D. Roosevelt whose air group made simulated air strikes against the Spanish mainland.

Survivors include: two grand-children; two great-grandchildren; four sisters, Myrtle Pritts, Ada Buchanan, and Mrs. Ernest Wheat, all of Lenoir City; Mrs. Lucille Sharp, Knoxville; three brothers, Woodrow Minge, Powell, Willie Minge, Knoxville, Walter Minge, Maryville.
Funeral services were held Sunday, June 14, at Hawkins Chapel with the Rev. Bill Carmack officiating. The interment was in City Cemetery, Hawkins, Lenoir City, in charge.

Dyersburg Firm Gets Housing Bid

Information received by the Herald last week from a member of the Loudon City Commission concerning the low bidder on the 50 unit low rent federal housing project was incorrect. The low bidder on the project was Forecum-Lannom, Inc., contractors from Dyersburg, Tenn., not General Contractors of Decatur, Ala. The bid of Forecum-Lannom, which was accepted and contracts let for \$886,363, which was \$211 lower than the second bid from General. Construction on the housing project is scheduled to begin sometime in July.

4th Parade Is Planned

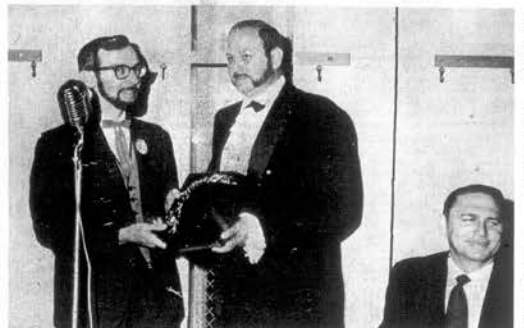

Plans are being started to try and promote a 4th of July Parade in the City of Loudon. Parade Chairman Peggy Clabough said she is still trying to find a sponsor for the event, but is going ahead with plans to have a parade using a patriotic theme based on the year 1870, when Loudon County was founded. Anyone wishing to enter the parade with antique cars, homes, marching or walking groups, individuals in Centennial dress or other units with a July theme are asked to contact Judy White at the Loudon County Herald office at 458-2087 during office hours. No night calls please. The time and other particulars of the parade will be announced in next week's newspaper.

Youth Crusade Starts Monday

The East Tennessee Youth Crusade will be held in Loudon County on Monday, June 29, 7:30 p.m. at the Lenoir City High School football field. Services will be held at 7:30 p.m. Donnie Cantwell, 18 years old, former Kingston High School football player, will be the evangelist. All persons, regardless of age, are invited to the service. On Sunday, June 28, two youth rallies will be held. The first rally is scheduled for 2 p.m. at the Loudon Courthouse. The second rally will be held at the Lenoir City Marina at 4:30 p.m. A Youth For Christ March is scheduled for Monday, June 29 with the group forming in the Lenoir City Shopping Center at 5 p.m. They will march to the Second Baptist Church of Lenoir City. During the week, on Tuesday, Thursday and Saturday of the crusade, special services for children age nine-12 will be held at 10 a.m.

600 At Banquet-Ball...All Events Successful...

WHEW! CENTENNIAL WEEK IS OVER

STAFFORD GIVEN AWARD—Loudon County Centennial Chairman Benny Stafford (center) is shown receiving the Loudon County Distinguished Citizen Award from County Judge Harvey Sprout. The award was given to Stafford for his efforts in organizing and staging the 100th birthday celebration Saturday night at the Centennial Banquet and Ball at Loudon High School. At right Congressman John Duncan beams his approval.

The big week of Loudon County's Centennial Birthday Celebration is history, but the remainder of the year will be marked with other events recalling the forming of the county. Rain caused some delay in several activities and even the postponement of one performance of the Loudon County Story, but the weekend was packed with entertaining and exciting events surrounding the 100th Birthday Party of Loudon County. Saturday night, at what was to have the big climax of the celebration, some 600 persons attended the Centennial Banquet and Ball at Loudon High School. The event sponsored by the Loudon Jaycees and the Loudon County Hairdressers Association, was considered the highlight of the celebration. Near the end of the banquet, County Centennial Chairman, Benny Stafford, presented the Loudon County Distinguished Citizen Award plaque by County Judge Harvey Sprout. Judge Sprout said that the plaque was only a small token of the feeling of the people of the county for the almost 18 months of work Mr. Stafford put into planning, directing and coordinating the many activities of the Centennial Celebration. Mr. Stafford in turn thanked the people of the county for their cooperation and said that had not been for hundreds of volunteers putting in many thousands of hours the Celebration would not have been the success that it was. Present at the Banquet were Congressman John Duncan and his wife, Bo Roberts, executive assistant to Governor Ellington, and other political figures from across the state, including county officials from surrounding counties. Dr. Harold Freedman of Lenoir City was master of ceremonies for the banquet and although the event was 30 minutes late in getting started he ended the event at 9 p.m. for the ball. During the banquet some 46 models in dress covering a century of fashions entertained the audience with a fashion show which was narrated by Ray Stockard, manager of radio station WBLD. Music during dinner was provided by organist John Parris of Lenoir City.

After the banquet the Grand March with all the visiting dignitaries and members of the Centennial Committees opened the ball with the Dick Jones orchestra providing the music. After the full evening of entertainment and dancing the ball ended about 1 a.m. Sunday morning. Saturday morning in Loudon got off to a lumpy start as rain delayed the scheduled parade until after lunch. With more rain falling at noon the scheduled burial of the county time capsule, which was filled with family photos, letters and information on the county and its people, took place on the back of the courthouse lawn. The entire ceremony was complete as any funeral, with speakers, funeral car, mourners and remarks by Judge Sprout and Loudon Mayor Carter. Some 700 envelopes were in the coffin as it was lowered into the concrete and steel vault. In the year 2020 on the 20th day of June at 12 noon the vault is to be opened and the time capsule opened. A letter has been put on record in the Register of Deeds office in Loudon, instructing the people to open the vault at that time and recall during the 150th year of the county the celebration of the 100th Birthday. When the parade started beside the courthouse, where several hundred persons had been gathered all morning, despite the rain, the horses, antique cars, and promenade were all spirited, but wet, and somewhat fewer in number than expected. In the crowd watching the parade were Congressman John Duncan and his wife, Bo Roberts, executive assistant to Governor Ellington, and other political figures from across the state, including county officials from surrounding counties. All during the day Saturday seven homes and two other buildings, the courthouse and Cumberland Presbyterian Church in Loudon were open for inspection as part of the Daughter's of the American Revolution's Home Tour. In 46 models in dress covering a century of fashions entertained the audience with a fashion show which was narrated by Ray Stockard, manager of radio station WBLD. Budget-Tax Hearing Fri.

Loudon County tax payers and residents will have an opportunity to speak out on any item or items in the proposed 1971 county budget at a public hearing on the budget at 7:30 p.m. Friday at the courthouse. The County Court Budget Committee, which prepared the budget after receiving budget requests from all county government officials and agencies, will hold the hearing and attempt to answer questions and hear suggestions from those attending. County Judge Harvey Sprout said. Under the presently prepared budget, which was published in local newspapers last week, a county property tax rate of \$1.61 will be required, based on an assessment of 30 percent on all property in the county. The budget committee said that if all budget requests had been approved as asked by the various county departments the tax rate would have to be over \$4 per hundred assessment.

IN APPRECIATION—Mrs. Polly Thompson, assistant pageant director for the John B. Rogers Co. happily holds aloft a cash honorarium presented to her and her husband, Bob, by members of the cast. Making the presentation was Roy Cardwell, Special Events Chairman, as members of the Indian Dance team gathered behind.

BEST DRESSED CHILDREN—Kathy Diane Reynolds, Ann Rossa, Ted Parks and Mark Roberts, left to right above, won the best dressed children competition in the Centennial judging last Sunday night.

WINNING LADIES COSTUMES—Nora Akims of Loudon and Mrs. Ella Mae Flipp of Greenback are being announced as the best dressed ladies for the Loudon County Centennial by Master of Ceremonies Roy G. Cardwell just prior to the Loudon County Story presentation last Sunday night.

BEARD WINNERS—Don Whistler, right, chairman of Men's Participation in Loudon City, presents Centennial Medals to these four men judged beard winners in competition Sunday night just before the last performance of the pageant, "The Loudon County Story." From left, they are, Henry Julian of Loudon, Best Overall Appearance; Leroy Dutton, Lenoir City, Blackest Beard; Raymond McJunkin, Philadelphia, Whitest Beard; and Jay Brown, Lenoir City, Heaviest Beard.

NO FUNERAL - JUST TIME CAPSULE—Looking much like a funeral in the early days of Loudon County with pallbearers in formal coats and top hats the coffin (time capsule) is carried from a Queen and Karnes Ambulance to its grave on the rear lawn of the courthouse Saturday afternoon.

PLACED AT GRAVE—With a crowd of some 300 watching the county time capsule which will be taken from its grave in the year 2020 is placed for burial at the courthouse Saturday during the mock funeral for the 600 family and personal envelopes Loudon Countians placed inside.

Philadelphia Rally Friday

The first of four Election Rallies planned by the Loudon County Republican Party is scheduled for this weekend. At 7 p.m. Friday at Philadelphia School a free rally complete with refreshments, entertainment and a speaker will be held. Most all candidates for local county offices and some district offices are expected to attend the rally. Philadelphia Mayor Roy Beddoe is chairman of the rally.

ANOTHER FAMILY ENCLOSED—Funeral director Cecil Karnes places another family package inside the Loudon County time capsule Saturday before it is buried on the courthouse lawn.

Ann Blair Becomes Bride Of James Watson

Miss Roberta Ann Blair and James Edward Watson pledged nuptial vows at 7 p.m., Friday at Loudon United Methodist Church. Parents of the newlyweds are Mr. and Mrs. Joe James Blair of Loudon and Mr. and Mrs. James Buchanan Watson of Sweetwater.

The ceremony was performed by the Rev. Jack W. Ferguson, Jr. A program of wedding music was presented by Mrs. William Frazer, soloist, accompanied by Mrs. J. Earl McCall, organist. The bride was given in marriage by her father.

The bride's full length gown was of ivory organza and Peau D'Ange lace fashioned with an Empire bodice with pearted lace forming the high sculptured neckline and appliques on the tapered lantern sleeves with skirt, and the edge of the Watteau chapel train. A matching pearted lace held her elbow length veil. The bride wore the traditional English sixpence in her shoe. She carried an heirloom handkerchief and a cascading bouquet of white and thimble tone roses, stephanotis and lilies of the valley centered with a white orchid.

Elenore Vann Blair, the bride's sister, was maid of honor. Margaret Kathleen Watson of Sweetwater, the groom's sister, Pamela Sue Pease of Loudon, Gloria Jane Home of Fort Backnorn, Virginia, and Jennifer Susan Blair, a cousin of the bride of Atlanta, Georgia, were bridesmaids. Jamie Ann Tallent of Sweetwater was flower girl. The attendants wore gowns of floor length lime saki fashioned with the Artine panel backs with sculptured trim at the modified Empire waists. They

Kirkland-Bettis Vows Solemnized

The marriage of Miss Rebecca Jane Bettis and William Fabor Kirkland was solemnized at 7 p.m. Friday June 12th, at the Cedar Fork Baptist Church, Route 2, Philadelphia, Tennessee with the Reverend J.B. Crisp performing the double ring ceremony before an altar banked with a curved arch candleabra holding 15 blue tapers. Large vases filled with gladioli, stock, baby's breath, and fern balls were placed at either side of the candleabra. The color scheme was predominately blue.

Wedding music was presented by the vocalist, Mrs. Gene Reynolds and organist, Mrs. Henry Dawson who sang in duet "Whiter than Goats" and "O' Perfect Love".

The bride is the daughter of Mr. and Mrs. Howard Bettis, and the bridegroom is the son of Mr. Earl Perkins and the late Fabor Kirkland of Loudon.

Given in marriage by her father, the bride wore, fashioned by her mother, an Empire styled ivory satin wedding gown, lace applied, with a controlled skirt, a wedding ring collar of heavy lace, and a detachable train. Her waist length veil of illusion was held in place by a tias of satin rosettes. She carried a cascade of white roses, centered with a white orchid placed on a white Bible which was a gift for this special occasion by the F.W.A. girls of Cedar Fork Baptist Church. A sacred scroll was presented by Mr. Sheel Dawson to each guest as they registered for the ceremony.

Mrs. Jimmy Jett served as matron of honor, and Miss Patsy McGinnis served as maid of honor. Bridesmaids were Elaine Bettis, Mrs. Tony Huff, Nancy Perkins, Jane Perkins, and Martha Bettis served her sister as junior bridesmaid. All the attendants wore Empire styled gowns of baby blue dotted swiss trimmed with old-fashioned lace. Their shoulder length bouffant hairpieces were held in place with blue dotted swiss bows. The attendants carried a single long stemmed white rose.

Gene Lane served as best man. Groomsmen were Chuck Anderson and Jimmy Jett. Ushers were Phillip Bettis, George Curmutt, Danny Lemons and Stephen Bettis served as a junior usher.

Mrs. Bettis chose pink polyester with white accessories for her daughter's wedding. Her corsage was white carnations.

Mrs. Perkins, mother of the groom, was attired in aqua linen trimmed with aqua lace and bone accessories. Her corsage was white carnations.

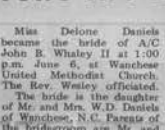

After the wedding vows were completed, the bride and groom walked over to the golden pedestal that held a wedding candle from which each took a lighted taper and together lit the wedding

candle while the bride's brother, Phillip Bettis, read from memory an appropriate wedding poem composed by Mrs. Bittis Grahams.

Immediately following the ceremony a reception was held in the church Fellowship hall. Those assisting in serving were Mrs. Bill Lemons, Mrs. George Curmutt, Mrs. Gerald Johnson, Mrs. Blair Harrison, Nancy Bettis, and Debbie Gourley.

The newlyweds toured the State of Virginia.

Miss Delone Daniels became the bride of A.C. John B. Whaley II at 1:00 p.m. June 6, at Wanchese United Methodist Church. The Rev. Wesley officiated.

The bride is the daughter of Mr. and Mrs. W.D. Daniels of Wanchese, N.C. Parents of the bridegroom are Mr. and

Miss Stanford Wins Alcoa Scholarship

Alcoa Foundation Scholarships have been awarded to four Hiwassee College students for the 1970-71 school year. The Alcoa Scholarship Fund was established by the Alcoa Foundation to provide a scholarship for four students from the following four counties: Blount, Loudon, Monroe and Knox. The scholarships, in the amount of \$400.00, are awarded on the basis of scholarship, ability and attitude toward studies. Those named to receive the scholarships are Phyllis Jane Stanford, daughter of Mr. and Mrs. L.K. Humbert, Jr., Philadelphia, who is majoring in Elementary Education. Phyllis is a graduate of Loudon County High School and attended Tennessee-Wadesboro College before entering Hiwassee.

Civilians Sponsor Carnegie Course

The world-famous Dale Carnegie Course is coming to Loudon County under the sponsorship of the Loudon City Civitan Club. "We believe that the Civitan Club sponsorship of this adult education program is a genuine community service," said Earl Dean, president of the club. "Businessmen, professional men, sales people, housewives, clubwomen, office personnel—in fact every adult can benefit from this training. It will build a new enthusiasm, develop self-confidence, create a new understanding among the citizens of our community." "Too many men and women are coasting through their lives when they could be making tiny but present salaries. They postpone their way through the most productive years of their lives. They pass up thousands of dollars in added income," stated Paul Phillips, Carnegie Representative. "Fortunately there is always time for the man who faces up to reality," Mr. Phillips added. "His analysis his true worth, painful as the process may be. Then he sets his goals and finds out how to gain greater income, recognition and prestige." "Inevitably, this self appraisal shows that the single most important factor to success is the ability to

LOSE 10 LBS. IN 10 DAYS ON GRAPEFRUIT DIET

HOLLYWOOD, CALIF. (Special) - This is the revolutionary grapefruit diet that everyone is suddenly talking about. Literally thousands upon thousands of copies have been passed from hand to hand in factories, plants and offices throughout the U.S. and Canada.

Word of its success has spread like wildfire. Because this is the diet that really works. We have testimonials in our files reporting on the success of this diet. If you follow it exactly, you should lose 10 pounds in 10 days. There will be no weight loss in the first four days. But you will suddenly drop 3 pounds on the 5th day. Thereafter you will lose one pound a day until the 10th day. Then you will lose 1 1/2 pounds every two days until you get down to your proper weight. Best of all there will be no hunger, every two days you are full until you cannot possibly eat any more. And still lose 10 pounds in the first ten days plus 1 1/2 pounds every two days thereafter until your weight is down to normal. The secret behind this new "quick weight loss" diet is simple. Fat does not form fat. And the grapefruit juice in this new diet acts as a catalyst (the "trigger"), to start the fat burning process. You stuff yourself on the permitted food listed in the diet plan, and still lose weight, fat and excess body fluid. Miss Stanford Wins Alcoa Scholarship

The Alcoa Foundation Scholarships have been awarded to four Hwassee College students for the 1970-71 school year. The Alcoa Scholarship Fund was established by the Alcoa Foundation to provide a scholarship for four students from the following four counties: Blount, Loudon, Monroe and Knox. The scholarships in the amount of \$400.00, are awarded on the basis of scholarship, ability and attitude toward studies. Those named to receive the scholarships are Phyllis Jane Stanford, daughter of Mr. and Mrs. L.K. Humbert, Route 1, Philadelphia, who is majoring in Elementary Education; Phyllis is a graduate of Loudon County High School and attended Tennessee Wesleyan College before entering Hwassee.

Civitan Sponsor Carnegie Course

The world-famous Dale Carnegie Course is coming to Loudon County under the sponsorship of the Loudon City Civitan Club. "We believe that the Civitan Club sponsorship of this adult education program is a genuine community service," said Earl Dean, president of the club. "Businessmen, professional men, sales people, housewives, clubwomen, office personnel in fact every adult can benefit from this training. It will build a new enthusiasm, develop self-confidence, create a new understanding among the citizens of our community. "Too many men and women are coasting through their lives when they could be making twice their present salaries. They postpone their way through the most productive years of their lives. They pass up thousands of dollars in added income," stated Paul Phillips, Carnegie Representative. "Fortunately there is always time for the man who faces up to reality," Mr. Phillips added. "He analyzes his true worth, and the process may be. Then he acts to gain greater income, recognition and prestige." Inevitably, this self appraisal shows that the single most important factor to success is the ability to

WEBSTER'S REFERENCE TO SPORTS

By Joe Webster

All-Star Wrestling comes to Loudoun this Saturday night, June 27th. The program will be held at the new Loudoun High School gymnasium and it's sponsored by the Loudoun Band Boosters Club. It all starts at 8:30 P.M.

There will be men wrestlers and also lady wrestlers. Twisting arms, legs, and fingers will be Ron Wright, Frank Merrell, Corsica Joe, and Mike Pappas. They also choke, kick, gouge, slap, stomp, head-lock, hammer-lock, and body-slam. And when the referee correctly accuses one of them for an infraction, the "innocent" wrestler looking almost anglic, says, "Who, Me?"

Cora Lee and Sara Combs are the two female grapplers that will invade the Loudoun city limits. Merciful Heavens!!—You know they'll pull hair. These gals are tough—They'll slap you silly.

So what it amounts to is this—You'll see a very entertaining show if you go see the wrestling program this Saturday night. Man, that Ron Wright is a rascal ain't he?

There's a football song coming out soon and the singer is a local Loudoun citizen. It just may make it big, big, big. LISTEN FOR IT!!!

Curt Simmons, former great Philadelphia Phil's pitcher said of Hank Aaron: "Throwing a fast ball by Aaron is like trying to slip the sun past a rooster". That's a pretty good compliment for Mr. Aaron.

Some Atlanta Brave fans are hopeful that Rico Carty will hit 400 this year. Forget it. He won't. The last man to hit 400 was Ted Williams of the Boston Red Sox. Ted hit 406 in 1941 which was 29 years ago. And Carty, up to now, sure doesn't look like Ted Williams. (No offense intended) Just the facts, man, just the facts.

Speaking of Ted Williams, he was the greatest hitter I ever saw. And he was definitely, according to baseball historians one of the most brilliant hitters of all time. An interesting thing about "Thumpin' Theodore" was this: Once he stepped into the batter's box, he never got out—Not till he finished batting. Williams lost 6 years in his prime—Four years in World War Two and two years in the Korean War. He still wound up with over 500 career home runs. Could he, if he hadn't lost so much playing time, have topped Babe Ruth's 714 roundtrippers? He probably would have.

So, let's just say this: Rico Carty is a nice boy

BROCK AND CAMPAIGN MANAGERS—Congressman Bill Brock, who is seeking the Republican nomination for the United States Senate is shown Saturday with his Loudoun County campaign managers. Left to right are John Gibson, Congressman Brock, Broady Harrison and Jack Stafford.

CONGRESSMAN SEES PARADE—Congressman Bill Brock (center) gives an expression of interest as he views the wet but spirited Loudoun County Centennial Parade in Loudoun Saturday.

CAMPAIGNING—Congressman Bill Brock, seeking the GOP nomination for the U.S. Senate carries his umbrella as he shakes hands with some bearded Loudoun Countyans at Centennial Celebration events in Loudoun Saturday.

I'm sure, but a Ted Williams he ain't.

As I type this article on Monday night, I'm watching the Oriole-Red Sox game. Carl Yastremski just nailed an Oriole runner at home plate with a sizzling throw from the outfield. Now there's a good baseball player.

The Baltimore Orioles have a good, sound baseball team—but I don't like em' a bit. They ain't got sentimentality. They ain't got fire. They ain't got the Mets in the Series and it delighted most of the earth's inhabitants.

Last week's sports quiz was won by Dr. W.P. Brakebill. He gave the correct answer first which was Harry "The Cat" Breechen.

Bank, Smith Lead Softball Action

In softball action this week the Bank of Lenoir City team won the first round of the Boys Softball Championship, while Smith Chair Company won the first round in the Girls Championship.

Your County In Action

BY HARVEY L. SPOUL
LOUDON COUNTY JUDGE

It's Over
Well, the main part of our Centennial Celebration is over, and I'm like a lot of other people I have heard, I have mixed emotions. It certainly is a relief to be relieved of the pressure of participation in the many events that were scheduled, but it is also somewhat of a

particular, and as the years go by the things in which they participated will grow bigger and bigger in their minds.
When you get down to think about it, there really were hundreds of men in Loudon County who grew beards, mustaches, and braids as their part of the participation in the Centennial.
Others participated in the Pageant, and wasn't it wonderful? Such a fine job that was well worth the time that was spent! I saw the Pageant I suppose at least five or six times all the way through and didn't really tire of it. I heard many say that it was better than "Unto These Hills," or "Tennessee, USA," and was certainly a fitting highlight of our Celebration.
I think the kids will

remember the Kangaroo Courts, and the fun that was had there. Many of the kids for the first time got to participate and see the square dances in the street, which were possibly the most successful and the most well attended of all events that were held during the Centennial.
Good Ball!
One of the most pleasing events were the Banquet and the Ball, where between 500 and 600 people gathered together in the Loudon High School Gymnasium to watch an excellent Style Show put on by the Loudon County Hairdressers' Association, to partake of a meal that was satisfactory (if somewhat slowly and coolly served), and to participate in dancing to the music of Dick Jones and his Orchestra, and square

dancing to the music of Tom McCarrell and family.
I heard several people say that it was the first time they had square danced in many, many years, and everyone seemed to have a good time and join in even though they didn't remember all the calls and steps.
We even almost had a full floor for the last square dance at 12:30 in the morning.
Rain, Rain
The burying of the time capsule turned out to be a tremendous success even in spite of the rain.
Rain really was almost the nemesis of the Centennial Celebration inasmuch as it rained on the first day for the Arts and Crafts Celebration, and then rained on a big Pageant attendance night (Thursday), and then came right along and rained again

GRAND MARCH AT CENTENNIAL BALL—Loudon County Centennial Queen Mrs. Peggy Watkins and her husband are shown leading the Grand March at the Queen's Ball held last Saturday night at Loudon High School with some 600 persons attending.

on Saturday morning when we were supposed to be having the parade, and the heard and costume judging, and the burial of the capsule, at Loudon.
I thought people who got all dressed up and came to the Court House lawn were just wonderful. They continued to wait around and hear with the people in charge of the program until a decision could be made as to what to do, and when the decision was made to go ahead and bury the capsule in the rain, and to have the funeral procession for the capsule, and to have the parade in the rain, by George, they just went right ahead and did it.
The people who participated in the Centennial events, I think got something from it, and it was well worth while.

BEST DRESSED FAMILY—The family of Jerry Parks, Rt. 1, Shaw Ferry Road, Mr. and Mrs. and four children Char, Pam and Ted, shown above, won the best centennial dress for a family at the judging held Sunday night at Lenoir City.

Worth While
We could have just had a ceremony on the lawn of the Court House one day, and let that be it, but how many would have remembered that?
Decorating up the town, and planning out store windows with special displays, and growing mustaches and beards, and wearing the old timey clothes, and participating in square dances, and visiting historical homes, and having the fun with the Kangaroo Courts, and looking up old history, and participating in the Pageant, and working together, are things that will be worth much to us in the future.
I want to thank the people who on the governmental bodies who helped participate and support these activities, and all the people who actually in so many ways did something extra special to become a part of these activities.
The County gained from it, tremendously, but I think each of these persons who were willing to involve themselves will gain even more.

Philadelphia Horse Show In Loudon On July 4th

The Philadelphia Horse Show will be held July 4 at the Loudon Rotary Club Building, Highway 11, Loudon with approximately \$1500 in prize money to be awarded to winners. The Philadelphia Show, member of the East Tennessee Horse Shows Association, Inc., has as co-chairman Mrs. Hal McGary and J. Earl Burger, both of Philadelphia. The show is sponsored jointly by the Philadelphia Community Club and Girl Scout Troop No. 153.
A total of 14 classes are scheduled for the afternoon show which will begin at 2 p.m. The night show, to begin at 7 p.m., will consist of 15 classes.
William Judge for the show will be the Honorable George Rose of Alcoa. The Honorable David Foster of Beaufort, Tenn. is walking horse judge. Benjamin R. Roy, Johnson City, is Master of ceremonies. J. E. Anderson, also of Philadelphia, Tennessee, is Philadelpia, Philadelpia.
According to the chairman, all contest horse show rules will apply. Two people per horse will be admitted free. The horse show committee will be the final enter in all ratings.

Overcrowding Fish In Pond Bad For Development

By Theibert J. Hicks
Soil Conservation Service
An overcrowded population of fish in your farm pond will cause very poor fishing of bass and bluegill. Occasionally a fish pond becomes overcrowded with bluegill or undesirable fish, such as green sunfish, bullheads and catfish, suckers and others. This occurs particularly when all native fish aren't eradicated from the pond, if it is fed by a small branch or spring. To correct this condition, all the fish in the pond should be killed and the pond restocked with the proper species and numbers of fish.
It is unlawful to kill fish in public waters, and care must be taken to avoid killing fish in any stream below the pond. However, smaller branches above the pond can be treated.

TREATED POND—Bill Seawell, Fish Biologist, Tennessee Game and Fish Commission, looking over newly constructed spring-fed pond that he treated to kill undesirable fish for Riley Wampler near Eaton Cross Roads.

and should be treated. The entire pond can be treated to kill the fish, but it is safer and less expensive to drain the pond down as low as possible and treat the remaining water.

Bill Seawell, Fish Biologist, from the Knoxville Office of the Tennessee Game and Fish Commission, states that it normally requires five pounds of 5.0 per cent rotenone (powder form) per acre-foot of water. Ten pounds per acre-foot are required if bullhead catfish or golden shiner minnows are present. This amount of acre-feet is found by multiplying the acreage of pond water by the average depth (feet) of the water. The 5.0 percent powdered rotenone should be mixed with water until soupy mixture is obtained, and then evenly distributed over the application, stirring the water with an outboard motor or other means is helpful. If 5.0 percent rotenone cannot be purchased locally, it can be

obtained from the Fish Biologist. Rotenone is not harmful to livestock or other warm-blooded animals, even if they drink the water after treatment according to Seawell.

The best time for pond renovation or killing out of overcrowded or undesirable fish is usually September, but it can be done anytime the water temperature is above 60 degrees Fahrenheit. The pond water can be restocked with desirable fish within two weeks in warm weather and within four weeks after treatment in cold water.

Murr Is Craftsman In Woodworking

By Calvin Lunaford

Many times the shapeliness forms created by nature's processes take on meaning when they reach the skilled hands of gifted craftsmen. Such is the case of a block of wood. To most people it remains just a block of wood, but under the skillful touch of the blade of Roy Murr it begins to be transformed into various objects of interest and beauty.

Mr. Murr, who resides on Sunnyside Road, near Philadelphia, has spent many hours pursuing his beloved hobby. One room of his home is filled with a variety of his carvings, all of which he is very proud. Each piece takes on a very special meaning to him as it is finished and so to present none of them is for sale.

Mr. Murr is a semi-retired farmer, who worked for several years as carpenter for the Tennessee Valley Authority.

One of Mr. Murr's cherished works are carved out of rare and unusual wood. Some of the items are carved from wood mentioned in the Bible and Mr. Murr can readily turn to the Bible reference from his personal Bible which he keeps close at hand.

One of his sources of rare wood supply is from a Knoxville business concern which uses rare wood in its processing of unusual wall paneling. Even the small pieces he uses are very expensive.

Mr. Murr stated that if you are looking for a hobby and feel that you would like to create things with your own hands then get yourself a knife, a block of wood, and sit down and try your hand. You really might be surprised at what you can come up with. He said that he would recommend wood carving to anyone and feels that it would add much to the life of anyone.

Aside from his vast collection of wood carvings Mr. Murr has another hobby. He collects unusually shaped wood formations made by nature. Some of them

resemble animals and other things. When this collection was on display a few years back, the late Bert Vincent wrote about it in his "strolling" column. It would be impossible to list all of Mr. Murr's carvings or all of his collection of nature's oddities, but if you are out in the Sunnyside area of Loudon County, drop by and see Mr. Murr. You will find a man with a lot of pride, and a gift of a wonderful talent.

HOGS ON DISPLAY—Here are some realistic looking carved domestic hogs along with other items carved by Mr. Murr.

CARVINGS OF WOOD—Roy Murr's grandson poses with a variety of items carved by Mr. Murr.

DISPLAY OF WORKS—Roy Murr of Philadelphia posed along side of his vast assortment of pieces carved from rare woods.

Farm Bill
The farm bill hie up in the House Agriculture Committee on June 2 when by a 17-14 vote the committee took some of the flexibility out of the proposed wheat and feed grains sections. The committee had already agreed to more flexible plans, as had the Nixon Administration. However, at the last minute Congressman Foley asked for a record vote on a more rigid parity proposal that the committee had previously turned down. This time, much to the surprise of both sides, it passed. Chairman Poage recessed the committee, saying that the new terms would lose a 4 in 13 ratio, and a congressional support so that the bill couldn't pass the House.

Worms a Problem
Most of our cattle appear to be in good health. What we don't see is on the inside. Maybe this is the reason some of our farmers don't appreciate the slow discovery of intestinal parasites according to Roy Murr, livestock farmer in the Sunnyside Community Roy says the cheapest treatment is prevention. With the many methods of control we have today there is no excuse not to treat. Moxidectin, ivermectin, thibenzole, phenothiazine and trimazole are available. We recommend all of these as being effective.

Sniff and Chew
The ring of the spittoon, familiar sound in the pool hall and saloon of yesteryear, may reecho. The output of chewing tobacco reported to nearly 70 million pounds in 1969. This was a 7 percent above 1968. Sales were also up 7 percent. Snuff output rose a steady 12 year dip rose 2 percent last year. This is nothing to sneeze about when tobacco sales are down by 25 percent.

Generation Gap
Down deep, subconsciously I think it's too bad every farm boy can't become a farmer. In sensible, awake moments, I know this is not possible. Only a small fraction of those raised on farms today will farm. However, during this period of rebellion youth, I've also been thinking about boy's I've known, who have become farmers. There's not much rhyme or reason to who does and doesn't. Because people are so complex and there are so many forces bearing on a question. I guess every family is different, however, I never heard of anyone regretting having been raised on a farm.

Consumer Problem
Who says I spend less for food. I was sent by the Chairman of the Board to our house to the store Saturday morning. Did I get my eyes opened? I believe I did. I increase the price of food every time I go through the store. I had an idea groceries cost so much. In fact I was down right furious. I cooled off a bit and began to think. Did you know that in terms of working time required to buy what food I purchased, I did actually cost me less. I got my market basket under my arm with a smile on my face (some what red) and went home. Know what I was told when I walked in? She said that she had known all along that food was a good buy. For one time in my life I agreed.

IT'S BOB TAYLOR TIME IN TENNESSEE

HERE'S WHAT BOB TAYLOR WILL DO AS GOVERNOR OF TENNESSEE:

- Work to provide better facilities and care for senior citizens.
- Improve educational opportunities for youth.
- Plan and carry out complete prison reform.
- Work toward the elimination of the sale of narcotics through its sources.
- Crack down on crime.
- Set up better coordination of governmental departments.
- Clean up our air, water and land.
- Revitalize our highway safety program.
- Expand the Tennessee Bureau of Investigation under the supervision of the State Attorney General.
- Increase community service for retarded children.
- Expand our mental health system with emphasis on out-patient treatment.
- Provide Civil Service for state employees.
- Implement a balanced road program with an equitable division of state services.

County Loses In Census Count

According to preliminary figures released this week by Census Bureau officials, the 1970 Census indicates that 23,286 people live in Loudon County. This is a drop from the 1960 Census which indicated a population of 23,727.

When asked what this decline in population might mean Loudon County Judge Harvey Sprout said, "I am very surprised that Loudon County would have at least a slight increase in population in 1970."

The Judge said he had noted that other counties and cities who felt that they had larger population are also being designated as having significant losses of population since 1960.

Judge Sprout stated that the bad thing about the loss of population is that many of the State and Federal programs from which the county receives revenue are based on a population basis, at least partially, and this over a period of 10 years could mean a significant loss of revenue to the county. He said he has checked local Census officials and felt that the figures are accurate insofar as the statistics in the Second, Fifth and Third Districts are concerned, but that the First and Fourth Civil District figures were taken by Headquarters in another county and had not yet had an opportunity to study these.

BACK IN THE GOOD OLD DAYS

By Calvin Lumbford
This week we have another school group from a Loudon school. This particular picture has a real meaning at this date. The reason is that his class will be holding a reunion in the very near future. It will, in fact, be on June 27 and at that time, this group, many who have shown to live in various parts of the country will assemble to talk about their days at old Loudon High School and to tell of their defeats and accomplishments since graduation might many days ago.

Mrs. Jack (Carolyn Hooker) Nichols who loaned us this picture, is one of those assuming a lot of the work necessary in bringing about a class reunion. This in itself is not an easy task but Mrs. Nichols seems to be very pleased and enthused about the coming reunion. If any of the old grads of this class would like further information concerning the reunion, she stated that she would be most happy to supply the details. So, if you belong in this group and haven't as yet lined about the reunion, you are urged to answer the call of your former classmates.

Oh, yes, those in the picture are identified as follows: First row: Oscar Johnson, Boby Lumborg, Donnie Cooner, Glen Gooden, another Cooner boy, and Judy Jones. Second row: Betty Arp, Bobby Earh, Frankie Henson, Joyce Brown, Barbara Lowery, Blair Harrison and Hogan Harrison. Third row: Wanda James, Helen Harper, Miss Nell Harris, teacher; Sam Colville, Edward Headlee, Sharley Ibbil and Lee Hiffine. Fourth row: Wayne Hutton, Bobby Alexander, Pat Farmer, Carolyn Hoiker, Vivian Hall, Mary Ann Kirkland and Jane Galvan.

Our thanks to Carolyn Nichols for the loan of this picture and best wishes to the class on their reunion.

Two or three weeks ago we ran a picture of a school group which we could not identify. We received the identification from one of

our readers which goes as follows: Sidney Russell, Donnas Terry, Carolyn Russell, John Stevens, Jody Shubert, Judy White, Richard Massey, Juanita Pennington, John Simpson deceased, Dan Remine.

Second row: Carolyn McCollister, Reford Johnson, Jimmy Wicker, Arnold Wallace, Wilma McCollister, Linda Williams, Cecil Ryan, Judy Ward, Harold Williams, Johnnie McCall, Third row: Mrs. Helen Widdle teacher, Gertrude Richmond, Ed Wicker, Betty Wilton, Maudie Selvidge, George Proslay, Faye Russell, Gary Woodard, Scottie Chamy, Jackie Randolph. Our many thanks to the kind person who helped out with this group picture.

The other day we stopped by the Garden Shop in Loudon and Mrs. Earl Scott gave us a picture to use which was taken many years ago. The young man enjoying the comfort of sitting down for a rest is Mrs. Scott's father, the late Emmert Watts. The other lad, standing, is identified as Johnny Shubert. I knew Emmert real well but can't place the other man. Oh, well, that's what age does for you. Thanks to Mrs. Scott for the loan of this old and treasured family picture.

The other day, just after our centennial paper had gone on sale, a lady came into the Herald office who is a close relative of Loudon County's first sheriff. Was too late for that centennial issue but this lady, Mrs. Laura Turner Gilliland, has some precious documents related to the first sheriff term of office. Our plans are to do a story on this in the near future.

I hope a lot of our Loudon County people chose to bury something in the time capsule buried last Saturday. Fifty years from now we probably won't mind someone digging up our past. We included an envelope, won't tell what we put in it. If you'd like to know try hard to live for another 50 years. Somehow, we don't believe we can make it. It has been amusing this

Five Loudon Area Students Honored

Five students from the Loudon County area were placed on the Honor Roll at Hiwassee College during the Spring Quarter. To be eligible to be placed on the Honor Roll, the student must be registered for twelve or more quarter hours and maintain a minimum overall grade point average of 3.00.

Those being named to the Honor Roll were Thelma Louise Morgan (3.28), daughter of Mr. and Mrs. Floyd Morgan, Route 1, Philadelphia; Phyllis Jane Stanford (3.17), daughter of Mr. and Mrs. L.K. Humbert, Route 1, Philadelphia; Nancy Lynn Surett (3.50), daughter of Mr. and Mrs. Ben W. Surett, Butler Drive, Loudon; Brenda Joyce Tuck (3.78), daughter of Mr. and Mrs. Joe Tuck, Rt. 4, Loudon; and Terry G. Vann (3.67), son of Mr. and Mrs. Glen Vann, 204 Rose St., Lenoir City.

There will be a meeting of the Philadelphia Cemetery Foundation at 2 p.m. Sunday, June 28 at the Fellowship Hall of the Philadelphia United Methodist Church. Everyone is invited.

REFLECTIONS ON CENTENNIAL—
Not enough can be said and not near enough people can be given credit for the tremendous job in staging the Lenoir County Centennial Celebration.

It goes without saying that those who participated in any of the many events or those who attended will have something to remember.

Something of this nature, when all the people of the county are involved, brings out both the good and bad, but from what we have seen and heard about the public reaction to the Centennial Lenoir Countyans should be proud of the cooperation and efforts in working together.

May we here state our thanks and congratulations to the hundreds of persons from the General Chairman Benny Stafford down to the people who might have done no more than attend one event.

CONGRATULATIONS MIKE—

One of the most personable young men we have known in Lenoir, Mike Schrimsher, last week received the news that he had been accepted as a Cadet at the U.S. Military Academy at West Point.

Mike says congratulations and best wishes. Mike, a member of the 1969 State Champion Redskin Football Team, is a gentleman, has personal pride, initiative, and the physical and brain power to stand up to the rigorous life of a cadet.

Mike received help and assistance from many people including Congressman John Duncan, who is primarily responsible for helping this fine young man get his appointment. To Mr. Duncan we also say thanks for helping a young man from Lenoir realize a lifetime ambition of attending West Point.

The number of appointments to West Point are very limited and Lenoir should be proud that one of their sons has been chosen for this appointment. Good luck Mike.

Don Smith Critical After Suffering Cerebral Attack

Don P. Smith, former Lenoir Mayor for over 27 years and owner of Don P. Smith Chair Company of Lenoir, is listed in poor condition at Bacon Hospital this week after suffering a cerebral hemorrhage last Tuesday afternoon.

Mr. Smith, who has operated the chair manufacturing firm for some 50 years, was in Knoxville when he became ill last Tuesday, according to his son-in-law Jack Lefler. Mr. Lefler said that Mr. Smith phoned from Knoxville asking that someone come for him, but when they arrived he could not be found. Lefler said Mr. Smith started driving home and got almost to Lenoir City when he got out of his car and collapsed. He was taken to Bacon Hospital by ambulance, where he has been undergoing treatment since.

MR. SMITH

For several years Mr. Smith has been plagued with poor health and except for frequent trips to the factory and into town for business Mr. Smith had been confined to his home.

First National Open House July 8th

Open House will be held at the new main office of the First National Bank of Lenoir from 4 p.m. to 7 p.m. Wednesday, July 8, bank President Donald Carter announced this week.

The bank recently occupied the building at the corner of Wharf and Grove Street in Lenoir after operating from temporary quarters next door while the expansion and remodeling of the new quarters, which were completed about two weeks ago.

The Open House will feature free gifts and refreshments for everyone and door prizes including the new First National Lenoir County Centennial coin, purchased by First National at auction for \$160.

Several savings bonds and complete Tennessee Churns bracelets will be given away. The Open House celebration will also feature a Lucky

Teacher Salary Scale Approved

At Monday night's meeting, the Budget Committee agreed for the teachers to have their raise, but held the total school budget where it is. Square Henry Foster said Tuesday the Committee told the Teachers Association's Salary Committee that if they left the salary tax, should be devoted entirely to teachers salaries, then it would be done that way, since the County's original resolution called for that. However, he pointed out to them that their letter circulated in support of the county-wide sales tax at the time of the referendum stated the sales tax should be used for improvement of education.

Teachers Ask For Pay Hike At Public Hearing, Tax Payers Want Rate Cut

Lenoir County teachers asked for an additional \$26,000 in salaries last Friday night's public hearing on the County Budget for fiscal year 1970-71. Mr. Nancy Marcus, teacher at Lenoir High School and a member of the Lenoir County Teachers Association's Salary Committee, said that \$17,500 from county-wide one-cent sales tax revenues was being diverted from teachers salaries - where it had been promised to other school expenses.

Jaycees Sponsoring Events Crowd of 5,000 Expected

Lenoir will have its traditional July 4th Parade and Town Carnival this Saturday, July 4th. The Lenoir Jaycees and Jayceettes last Thursday night approved their sponsorship of the event, which except for the past few years had been an annual event sponsored by the American Legion and other organizations.

County Judge Harvey Sproul, standing left, presided over a public hearing of the proposed 1970-71 Lenoir County budget in the cafeteria at Lenoir Junior High School.

As well as several taxpayers wanting lower taxes, were present.

As soon as the parade is over the Town Carnival complete with grassy pole, and many other attractions prizes will start in the downtown area. Among the games planned are the dart throwing, coin toss, tickle pillow, football throw, weight lifting, bingo, a chance to win a television set and the grassy pole which will have a \$5 bill waiting at the top for

\$1500 in Prizes To Be Given At Horse Show

The Philadelphia Horse Show July 4th, the Lenoir Rotary Club ring on Highway 11, Lenoir, will have approximately \$1500 in prize money plus ribbons to be given away.

The Philadelphia Show, member of the Philadelphia Community Shows Association, Inc., is sponsored jointly by the Philadelphia Community Club and Girl Scout Troop No. 133.

Show co-chairmen are Mrs. Hal McCrary and J. Earl Barger, both of Philadelphia. A total of 14 classes are scheduled for the afternoon show which will begin at 2 p.m. The night show, to begin at 7, will contain 15 classes.

Western judge for the event will be the Honorable George Ross of Alcoa. Walking horse judge will be the Honorable Glenn Syler of Belvidere. Tern, Ringmaster is Roy Bledsoe, Mayor of Philadelphia and Master of ceremonies will be M.C. Anderson, Clifford Skrp of Philadelphia will be in charge.

According to the chairman, all standard horse show rules will apply. Two people per horse will be admitted free. The horse show committee will have final voice in all rulings.

First Day Of School Set Aug. 24, Teachers Named

Lenoir County Superintendent of Education A. C. Dukes this week released the 1970-71 school calendar for county schools. The first day of school comes a few days early this year with classes starting on Monday, August 24, at all schools on Thursday, August 20.

Teachers at all schools, and a list of these teachers and the schools assigned follows. Teachers at the school year will begin their school year on Monday, August 17 with in-service training.

The first holiday comes on Monday, September 7, Labor Day. Other holidays in the school year are Thanksgiving, Thursday and Friday, Nov. 26 and 27, Christmas vacation Dec. 18 thru Jan. 2, Easter Holidays Friday April 9 and Monday April 12. In all students will have 180 holidays at Christmas and six others.

In-service training for teachers will give the students another 10 days vacation during the school year. The calendar for the 1970-71 school year is set for

Jaycees Offer Voter Registration Booth On July 4th

The Lenoir Jaycees will have a booth located on the main highway at the Courthouse Lawn all day Saturday to allow persons who are not registered or have changed voting precincts to register for the coming county, state and national elections and primaries.

The Jaycees will be assisted by members of the Lenoir County Election Commission. Jaycee President Kyle Anderson said that anyone not registered should take advantage of this special supplemental registration because if they do not register by this Saturday they will not be eligible to vote in the August elections.

Mike Schrimsher Gets West Point Appointment

By Calvin Lunaford
James Michael Schrimsher of Lenoir received a letter confirming his appointment to West Point, June 24. "It was one of the greatest honors I could receive," Mike said.

Schrimsher, 18 years old, graduated from Lenoir High School this year stated that his was the climax of a life-long ambition. Having his high school years the desire to attend West Point grew and was at its highest pitch during the final year at Lenoir High.

Mike stated, "I am well aware and deeply appreciative of the many people who have helped me realize this ambition and will forever be grateful to my teachers during my school years, to Mr. William Napier, Mrs. Charles Morgan, J.V. Schrimsher, Julian Ogden, Ivo Sanders and Congressman John Duncan. I received from Mr. Duncan's office my letter of appointment to West Point. To others who offered words of encouragement and to all these I want to express my thanks. I certainly will do my best to live up to the confidence placed in me."

James, known as Mike to his friends, is the son of Mr. and Mrs. Leo Schrimher, 913 Vale St., Lenoir. He has been employed by Maremont Corporation this summer.

A member of the Lenoir Redneck tennis squad for four years, Mike hopes to

play football at West Point. Mike stated that he knew West Point was aware that Lenoir High existed because one of the coaches at West Point had called and talked to Lenoir Redneck Coach, Bert Rutledge. "Maybe I will have a chance," he said.

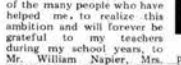

Schrimsher made outstanding grades on standard college exams, one of the key factors in receiving an appointment to West Point.

Mike expressed his thanks to his neighbors who combined to round up of his classmates for a going away party.

Mike reports to West Point on July 3.

GRAND OPENING SET—The Grand Opening and Open House of the new First National Bank of Lenoir Main Office on Grove Street in Lenoir has been set for Wednesday, July 8 from 4 to 7 p.m. The new facility more than doubles the customer and work space in the bank.

Blankenship Vows At Tullahoma

Miss Brenda Joyce Baxter became the bride of James Rankin Blankenship, Jr., at 4:00 p.m., June 29, at the First United Methodist Church at Tullahoma. The Rev. John Williams officiated. Mrs. Ruth Wooten, organist, provided a program of nuptial music.

The bride is the daughter of Mr. and Mrs. James Hoyte Baxter, 800 Westside Dr., Tullahoma. Parents of the groom are Mr. and Mrs. James Rankin Blankenship of 613 Wharf St., Loudon.

Given in marriage by her father, the bride wore a long gown of white organza styled in an Empire silhouette. The bodice was designed of Venise lace and featured a standing neckline and short puffed sleeves. The A-shaped skirt was enhanced by scattered lace appliques and back fullness which swept into a chapel length train. Her chapel length illusion veil fell from a Venise lace and organza headband and was highlighted by matching motifs.

Miss Linda Bomar of Shelbyville was maid of honor. Bridesmaids were Miss Janie Philpot of Lawrenceburg, cousin of the bride, Miss Kathy Blankenship of Loudon, sister of the

groom, Mrs. Thomas Clark of Knoxville, and Mrs. James C. Eoff, III of Tullahoma.

The attendants were attired in floor length dresses of maize saki linen fashioned with princess skimmer lines. They were styled with high banded necklines and puffed sleeves accented with petite bows. Their matching hair headpieces were picture hats encircled at the open crowns with flowerlets and featuring satin ribbon streamers.

Mr. Blankenship attended Tennessee Wesleyan in Athens, and he is presently a senior at the U.T. College of Pharmacy. He is a member of Phi Delta Chi professional fraternity and is employed by Wiles-Smith Drugs of Memphis.

Out-of-town guests for the wedding were: Mr. and Mrs. John Merrick and Sue, and Larry Lane, all of Loudon; Tom Clark, and Mr. and Mrs. Malcolm Anderson of Knoxville; Dr. Donald Evans, Nashville; Mr. and Mrs. Robert Donnell of Lebanon; Mrs. Mary Bobo, Mt. Vernon; Mrs. Harvel Tipps, and Senator and Mrs. Reagor Motlow, all of Lynchburg; Mr. and Mrs. Henry Evans and Mark, Mr. and Mrs. Phillip Stewart, and Jim Yockey, all of Memphis;

After a wedding trip to Daytona Beach, Fla., the couple will be at home at 810 Washington Ave., Apt. 706, in Memphis.

Miss Blankenship attended U.T. in Knoxville and graduated from U.T. Medical Units with a BS in Medical Technology. She is employed by the Clinical Pathology Lab of the City of Memphis Hospitals.

Local Guard Unit Completes Training At Camp Shelby

Company C of the Tennessee National Guard, involving over 100 men based with the Loudon City Unit of the Company returned to Loudon County on June 21 after their annual two week of summer camp, held this year at Camp Shelby near Hattiesburg, Miss.

The men left Loudon City on Saturday and Sunday June 6 and 7 and joined with the remainder of the Unit based at Sweetwater. After arriving at Camp Shelby the men moved into the field to participate in a 24 hour tactical period. Two days were spent in a 30 hour practice of Army Training Test. Rounding out the first week the Unit moved back to the Camp from the bivouac area in the DeSoto National Forest about 30 miles from Camp Shelby. During the second weeks activity the men were involved in patrol action, compass and map reading exercises. A company size

attack utilizing live firing of all weapons including 81 mm mortars and .50 caliber machine guns were part of the action. Later on patrols and tactics in densely wooded areas underwent guerrilla warfare training. On Thursday the men began clean-up operations preparing to return to camp to receive their pay and start the two day convoy trip back to Loudon City.

Cowan To Oppose John Duncan
Roger Cowan, Democratic candidate for Congress from the Second District, spent Thursday, June 15th, handshaking in Loudon. Cowan commented to the Herald that people in the Second District are concerned with rising prices, high interest rates, and unemployment. He said that "my campaign is based on the need for better leadership - a Congressman who cares about and votes for the people of his district. Our present Congressman votes against aid for schools, fair wages for working people, and help for our older citizens who are dependent on Social Security and small pensions. When a Congressman votes against the average citizen and for big business, then the people ought to bring him home from Washington."
Serving Congressman Duncan's leadership, Cowan said, "Sure, he writes comedians, drama, shows and a variety of entertainment newsletters and sends out questionnaires. But a Congressman also ought to have some ideas of his own - that's what we pay him for. If I need an operation, I don't want the doctor to ask me where to cut. That's his business. A Congressman should be better informed than most of us - that's his job. Also, it doesn't do any good to take polls if you keep on voting against those people. I plan not only to do some thinking of my own but to vote for the people who send me to Washington."

HORSE SENSE

By James A. Pope

Of P - Y Saddlery, Loudon

The Philadelphia horse show will be held July 4, 1970 at the Loudon Rotary Horse Show ring, Highway 11W, in Loudon. There will be twenty nine classes ranging from a lead five class for small children to the grand finale, the walking horse studs and geldings class. The show will begin at 2:00 P.M. with 14 afternoon classes consisting primarily of pleasure and halter classes. This portion will open with the lead five class and close with the barrel race. The second half will begin at 7:00 P.M., opening with the custom class and closing with the Walking Studs and Gelding class. This portion will consist primarily of the more professional entries of walking horses, registered quarter horses, Appaloosas, and Arabians.

Western Judge will be George Ross of Maryville, Tennessee, Walking Judge will be Glenn Syler of Belvidere, Tenn., Ringmaster is Roy Bledsoe, Master of Ceremonies will be M.C. Anderson and Perrier is Clifford Arp. The show is under the auspices of the East Tennessee Horse Show Association, Inc. with Vivian McGary and Earl Burger as Co-Chairmen. Let me encourage you to make plans now to come out for an enjoyable evening.

HORSE JARGON

Horse-general term used for an animal of the horse kind. Action-show a horse moves its feet and legs as it walks, trots, etc. Blemish-any mark or deformity that diminishes the beauty but does not affect usefulness. Defect-any mark or blemish that impairs usefulness. Cinch-a wide cord girth used on Western saddles. Colt-a male foal. Filley-a female foal up to 3 years. Dam-female parent of the horse. Sire-male parent of the horse. Weanling-a weaned foal. Running walk-a four-beat gait (action) faster than a walk, often over the hocks.

WEBSTER'S REFERENCE TO SPORTS

By Joe Webster

Here of late, and quite properly so, the Knoxville newspapers have been giving recognition to Loudon's number one racing personality, - Randall LeRoy Cathey. The big city's recognition is not easy to come by, that's for sure. But when Cathey's "Brand X" Plymouth Barracuda reeled off 14 consecutive victories at the 411 Dragstrip, Knoxville, Knox County, and even General Knox all stood at rigid attention.

In the past, when I have paid glowing tribute to Stella Cathey's balding meal ticket, there was skepticism as to the authenticity of my articles. As in the case of Archie Manning, people were saying to one another, - "LeRoy Who?" People don't ask ridiculous questions like that anymore. Today, in Loudon County, when local citizens discuss winning in sports, - LeRoy Cathey's name comes quickly to the front. It's performance that counts and Cathey has performed, and how.

But it would be a grave sin to give all the credit to Cathey, even though it is said that Nitro runs freely through his blood. His driver, "Fearless Freddie" Arden, is the lead-footed pilot of the

LEROY

FREDDIE

Barracuda. Working a straight "Hoot-Owl" shift for his livelihood and chain-smoking his cigarettes, the almost fragile-looking Arden would gladly duel the devil in a drag contest. And if the devil insisted - Freddie would drag with him where the flames crackle. Never fear. - The Barracuda would beat old Satan and escape quickly from the clutches of Hades.

Everyone has heard of big-time car owner Andy Granatelli and his driver who won the 69 Indy 500 - Mario Andretti. But how about this new duo from Loudon County? - LeRoy Cathey is the car owner - Freddie Arden is the driver. 14 straight victories and getting ready to go again. They say Cathey can lay his hand on an ailing motor and it will perform beautifully. And Freddie - he's ready to drive with 30 seconds notice. Don't ever underestimate these two - They're liable to win another 14 in a row.

The Loudon Merchants will play the Knoxville Reds a doubleheader this Saturday at Legion Field in Loudon. Danny Russell is scheduled to pitch the first game which starts at 2 p.m. Sounds very interesting.

Benny DeFord, from out Davis Ferry way, is now the proud owner of a registered "Walker" fox hound. It's 7 months old and Benny says it's equivalent to uranium in value.

Dick Huff, a few days ago, had a 165 yard hole-in-one on the Madisonville course. Shades of Jack Nicklaus.

Keep your eye on the Pittsburg Pirates. - Goodnight everybody.

\$2,030,000 Spent Locally On Colleges

Loudon County parents who have college-bound children are in a squeeze this year.

They are caught between a rise in college costs, a tight money situation that makes it difficult to borrow from banks and a cut-back in loans to needy students.

And for those families that have two or more youngsters going to college at the same time, the financial problem is that much more acute.

The bill that local families will be faced with this year for tuition, fees, room and board will amount to approximately \$2,030,000, it is estimated. That is considerably more than it was a year ago.

The facts and figures on college costs and enrollments are based upon reports from the U.S. Office of Education, the Census Bureau and others.

Throughout the country, they show, the number of college enrollments has been rising steadily, year after year. Last fall the total was 7,400,000, a 60 percent increase in a period of five years.

In Loudon County, the number has climbed from the 310 counted in 1960 to an estimated 790 expected next semester.

As to cost, that will depend to a large extent upon which college they will be attending. For those who will be going to publicly-supported colleges, the average cost will be about \$1,250 for students living in the state, the Office of Education reports. For non-residents it will be much more.

The total outlay of \$2,030,000 for Loudon County families with college-bound children is based upon the assumption that half of them will be going to public institutions and half to private ones.

About 4-H

By Roger L. Perkins
Assistant county Agriculture Agent

Junior Dairy Shows - Four-H Club members who plan to show a dairy animal in a local show should note that the show season is now far off and now is the time to start fitting and grooming your project animal.

A common mistake made by many youngsters is not starting early enough to fit and groom their dairy animal. It takes a minimum of six weeks to properly condition the dairy animal.

Some pointers for making an animal look its best at show time are:

1. Proper feeding is a must in fitting the animal. A thin animal will require additional grain to restore natural body and fleshing, whereas a thick, fat animal will need little or no grain.

2. High quality grass hay or a mixture of grass with a small amount of legume should be fed in small amounts several times a day. The hay must have a bright color and a pleasant odor. Musty, stony or moldy hay should not be fed to a show animal.

3. The animal should be kept in the barn during the daytime and may be turned out in a lot during the night. This will prevent the animal's hair from being sunburned. In selecting the location within the barn, make sure there is adequate air circulation.

4. Inspect the animal's feet if the feet are long, now is a good time to trim them because when a foot is trimmed, the animal has to learn to walk differently. Also, it will give the feet a chance to recover if they are trimmed enough to cause

Charettes Planned As Part of Three County Educational System Study

By Mrs. Charles Morgan

The Loudon County Education Steering Committee, along with the Steering Committees of Blount and Monroe Counties, have, for some time, been studying ways and means whereby the educational needs of the youth of this three-county area can be served more adequately in terms of the immediate future as well as long-term objectives and area developments. Dr. Wayne Myers, from T.V.A. and Dr. Charles Trotter, formerly of the U.S. Department of Education and recently returned to the staff of the University of Tennessee, have worked closely with these committees through recent months as consultants and advisers.

Out of the work of these educational steering committees has come the plan for involving as many individuals in each community as possible in open forums or "charettes" where individuals may participate in the free discussion of the educational needs of their community.

county, and area. Through the cooperative work of the committees of the three counties, a plan has evolved to arrange for a number of "town meetings" more recently known as "Charettes." A Charette is an educational technique for studying and resolving educational facilities development problems within the context of total community planning needs. It requires representation of community residents and leadership direction of multi-disciplinary groups of educators, psychologists, business representatives, local public officials, and students all intensely studying community problems in open public forums.

The purpose of a Charette is to arrive at implementable plans and solutions to community and/or county problems in a compressed period of time. A Charette elicits community cohesion, confidence, and leadership in the direction of its purpose. It is democracy in action.

In order to move forward in this direction, a planning

resolution adopted by County Court when the one-cent sales tax was established by the resolution provided that all the proceeds from the sales tax be used for teachers' salaries, up to the amount needed for the teachers' index salary schedule and

that any excess be used to upgrade education in Loudon County schools. She charged that \$17,500 (\$12,500 for instructional materials and \$5,000 for transportation) is proposed to be taken out of sales tax proceeds before the required teachers' salaries are paid.

"The state requires a minimum salary of \$5,800 for a beginning teacher with a degree this next year," she pointed out, "and the index salary schedule is supposed to be a percentage above that for each year of experience up to 151 and for advanced degrees of education." Instead, however, she pointed out, the budget calls for paying the \$5,800 to the beginning degree teacher, but leaving all other teachers with an index scale based on \$6,000.

She explained that under the original resolution adopted by County Court, teachers should be asking for an index scale based on a \$5,800 minimum for beginning degree teachers. However, she said, in a meeting the Teachers Association decided that this would not be practical and it would cost the County about \$65,000. The teachers felt the \$26,000 figure is reasonable, however, she said.

Speaking against higher taxes, Paul Williams told the Budget Committee that he is having to pay \$100 per month on a small farm of about 160 acres (the property is located inside Loudon City limits) and "I don't want to pay any higher taxes." He said he could appreciate the fact that teachers are not satisfied with their salaries. "None of us are ever satisfied," he said, "and I'm not going to be satisfied if my taxes are raised."

Other spokesmen against higher taxes were Joe Britton, J.W. Wilburn Sr. and Dorson Newman. Mr. Britton said he had gone from place to place to find work and suggested that if teachers are not satisfied here, they could go elsewhere. Mr. Newman objected to the money being spent to remodel the courtroom at the Courthouse. "Last year," he said, "The Court indicated that they thought \$4,000 was too much to repaint the courtroom, and then later, when no one was there, they voted to spend \$60,000 to remodel it."

No action was taken on the budget or tax rate. The matter is to come up at the July term of Court.

Greenback Man Drowns At Decatur

A Greenback man drowned and his wife and another woman on a swimming out on a narrow escape on Watts Bar Lake at Decatur in Moigs County late Sunday, Sheriff Oscar Womack reported. The sheriff said Charles Edwin (Jack) Linginfeller, 30, drowned when he stepped into deep water. He quoted Mrs. Linginfeller as saying she and a neighbor woman almost drowned in the panic that followed.

The body was recovered by the McMinn County Rescue Squad about an hour after the drowning, the sheriff said. The scene is just above Watts Bar Dam near Decatur.

The body of Linginfeller, a quarry worker, was taken by

Kyker's to Sweetwater and Later removed to McCammon Ammons Funeral Home in Maryville.

Survivors include: wife, Mrs. Anita June Arp Linginfeller; Maryville; son, Charles E. Linginfeller Jr.; mother, Mrs. Coleman Linginfeller, Maryville. (Continued on page 9)

Teacher's Salary Scale Approved

(Continued from page 1) \$26,000 raise. Supt. of Schools Albert Dukes said Tuesday that the School Board budget is now being revised - cutting \$1000 here and \$500 there, he said - to get the \$26,000 for the teacher raise. This will establish the index salary schedule on the basis of a minimum of \$5,500 for a beginning B.S. degree teacher.

Hooker Opens Headquarters, Meets Voters

Countless, with sleeves rolled up, and collar open, Democrat gubernatorial Candidate John J. Hooker came to Loudon County Tuesday for the opening of his county headquarters in Loudon City and later a reception in Loudon. Some 300 persons attended the two functions which were the first visit to the county by Hooker in the current campaign, although his county chairman says he will return several more times between now and the August 6 primary.

Heading the Hooker campaign in Loudon County are Rand Winfrey, chairman, J. V. McNabb, treasurer, John Greer, finance director, Mr. Volens Maps, Jim Hartsock and Bonnie Parry.

Snodgrass Names Campaign Heads For County

Gubernatorial candidate Stan Snodgrass announced this week that his campaign in Loudon County will be directed by a three-man committee - Allen Bart Eldridge and Lee Thompson Jr. of Loudon City and Ben Surret of Loudon. "It is an honor to have the assistance of these outstanding citizens in helping our program before the people of Loudon County," Snodgrass said. In a joint statement, the committee members said, "We are sure that Stan Snodgrass is by far the outstanding candidate for governor, and that he will win Loudon County's vote overwhelmingly in helping nominate and elect him."

Eldridge, 39, a health physics surveyor at the Oak Ridge National Laboratory, is a graduate of Loudon City High School, where he played football and was a member of the Future Farmers of America and attended the University of Tennessee. He was in the Army in 1953-55. Eldridge has been active in past political campaigns for other gubernatorial candidates. He is a Methodist, a member of the East Tennessee Health Physics Society, the Loudon County Livestock Association, Loudon City American Legion Post 70, and Knoxville Elks Lodge 160.

He is married to the former Barbara Eye of Knoxville. Thompson, 41, an insurance agent, was born in Atlanta, Ga., was graduated from Loudon City High School and attended U.T. He was a band member in both high school and college. He was in military service during the Korean war and has been a member of the National Guard for 23 years. Active in Loudon County political affairs for the past 10 years, Thompson is a past president of the Loudon City Jaycees and a member of Calvary Baptist Church. He is a member of Loudon City Post 70, American Legion.

He is married to the former James Sexton. Thompson has two daughters, Deborah and Elizabeth. Surret, 38, is a farm supply dealer and operates the Loudon Heating and Air Conditioning Co. Born in White Pine, he attended Jefferson County schools and was graduated from White Pine High School, near Morristown, where he played baseball.

After his graduation, he worked in the White Pine post office, was in the lumber business at Crossville for four years and worked as a fertilizer salesman before purchasing Loudon Feed and Grain Co. in Loudon. He is a lay leader in the Loudon United Methodist Church and is president of the Lions Club and the Loudon County Arts Association. A Mason, a Shriner and a member of Gilsons International, he also is district chairman of the National Federation of Independent Business and is chairman of the Loudon County Industrial Committee and co-chairman of the Loudon County Industrial Committee of 100.

A former city commissioner in Loudon, he is a member of the advisory board for the Loudon Branch of the Bank of Loudon City. He is married to the former Agnes (Polly) Holloway of White Pine. They have three children.

Your County In Action

BY **Harvey L. Sproul**
LOUDON COUNTY JUDGE

Pardon
Well, my column last week had too much "Action," and I apologize for the misunderstanding. When I was first elected I knew when I began writing this column that I would run the risk of saying things sometimes that I didn't really mean to say, or saying things in a way that people might misunderstand.

But I decided that it would be better to take this by chance and try to establish some communication with the people by discussing more fully than what you usually can some of the big issues and happenings concerning the County.

In trying to get a column out almost every week it gets hectic (similar to what Bill Bruce was reporting last week), and sometimes the deadline hits you pretty close and you're not able to check the column as closely as you would like to.

None of us is perfect, and I certainly fit very well into that category.

Pardon
For instance I really thought that probably the worse thing about the Centennial Banquet was my presentation in regarding the Distinguished Citizen Award to Benny Stafford. Here again, I did not have enough time with everything that had been going on to really prepare as closely as I should who I was going to say.

My intention was to indicated briefly that we had had a wonderful Centennial Celebration, and that even though we had problems, as everyone has problems in any big undertaking, that they had been met, considered, and overcome.

In doing this, I had thought that it would be very interesting to refer back and see that this same sort of thing had happened 100 years ago when the Court House was being built, and the Building Committee had run into some problems, but had

overcome them.

So, after I got into it I found that it was a bad judgment to try to correlate all of these thoughts in the process of presenting the award to Benny Stafford for his outstanding work as Chairman of the Centennial Committee.

So, I apologize for that too.

Pardon
In writing my column last week, I basically wanted to be positive and optimistic and thankful to the people for their part in the Celebration. This was my main intent.

However, in trying to put a part of it in a humorous vein, I made a remark that the Centennial Banquet dinner was served "slowly and coolly." This statement was not too humorous to those who had worked so hard last Saturday night under very difficult conditions, and I hadn't thought about the statement in that light.

I want to apologize to anyone who I may have offended about this, because I know that it was a tremendous problem to feed over 600 people, and certainly the people who worked so hard that night should not be criticized, but should be praised for having handled the situation so well.

The passing remark that I made concerning this was meant and without criticism at all.

I didn't talk with anyone that night, or haven't talked with anyone since who was bitter or upset about having been served late, or was critical of the food. I think people understood the problems, and I certainly want to compliment and thank Mrs. Jim Eller, and the Band Boosters' Club, and the Jayettes, and the Loudon County Historical Association for really a wonderful final event to the Centennial Week.

Everyone I have talked to had an excellent time at the Banquet.

Souvenir
Some people have asked about a Centennial history or souvenir book, and I understand from Benny Stafford that plans are still underway as we had originally decided to have the book, and it will be out before the end of the year, we hope.

The idea was to take the best of all the pictures that were taken during the Centennial and include these in the book, as well as the main parts of the history of Loudon County, and of its communities, and of its businesses, and organizations, and put it in one nice book, and that this could best be done after the Centennial.

So those who have ordered books already, can expect that they will ultimately come, and others who want to get one of these will have a chance to do so at a date.

MRS. BATEY
Mrs. Ralph (Myrtle) Williams Batey, age 73, Route 1, Loudon, passed away suddenly Sunday, June 28, at her residence. She was a life member of the Methodist Church, Order of the Eastern Star, Daughters of American Revolution and an employee of the Federal Government for more than 20 years. She traveled extensively both here and abroad.

LETTERS TO THE EDITOR
To the Editor:
It certainly is a relief, as Judge Sproul stated, to be relieved of the pressure of all the mixed emotions of the Centennial. Speaking of the Banquet meal being slowly and coolly served, I was the first to say that I was sorry the food was not served sooner. If all the help I had been promised had been available, I assure that this would never have happened, but let me say to the few who worked the long hours, thanks again. Less than half of the volunteers who were to serve were present. I am sure that those who did not make it had a good reason for not being here. To the band director Mr. Henry, Band Boosters' President, Mr. Patriotic, and all who helped I am so thankful. May I say that I have enjoyed working with the nice people of Loudon County during the Centennial. Thanks to all who had a part in helping make the Banquet a nice one. Maybe all did not see the night as one of our citizens saw it.

Your County In Action

BY
Harvey L. Sproul
LOUDON COUNTY JUDGE

Pardon

Well, my column last week had too much "Action," and I apologize for the misunderstanding.

When I was first elected I knew when I began writing this Column that I would run the risk of saying things sometimes that I didn't really mean to say, or saying things in a way that people might misunderstand.

But I decided that it would be better to take this by chance and try to establish some communication with the people by discussing more fully than what you usually can some of the big issues and happenings concerning the County.

In trying to get a column out almost every week I get a hectic (similar to what Bill Pardue was reporting last week), and sometimes the deadline hits you pretty close and you're not able to check the column as closely as you would like to.

None of us is perfect, and I certainly fit very well into that category.

Pardon

For instance, I really thought that probably the worse thing about the Centennial Banquet was my presentation in awarding the Distinguished Citizen Award to Benny Stafford. Here again, I did not have enough time with everything that had been going on to really prepare as closely as I should what I was going to say.

My intention was to indicate briefly that we had had a wonderful Centennial Celebration, and that even though we had problems, as everyone has problems in any big undertaking, that they had been met, considered, and overcome.

In doing this, I had thought that it would be very interesting to refer back and see that this same sort of thing had happened 100 years ago when the Court House was being built, and the Building Committee had run into some problems, but had

overcome them.

So, after I got into it I found that it was a bad judgment to try to correlate all of these thoughts in the process of presenting the award to Benny Stafford for his outstanding work as Chairman of the Centennial Committee.

So, I apologize for that too.

Pardon

In writing my column last week, I basically wanted to be positive and optimistic and thankful to the people for their part in the Celebration. This was my main intent.

However, in trying to put a part of it in a humorous vein, I made a remark that the Centennial Banquet dinner was served "slowly and coolly." This statement was not too humorous to those who had worked so hard last Saturday night under very difficult conditions, and I hadn't thought about the statement in that light.

I want to apologize to anyone who I may have offended about this, because I know that it was a tremendous problem to feed over 600 people, and certainly the people who worked so hard that night should not be criticized, but should be praised for having handled the situation so well.

The passing remark that I made concerning this was meant and without criticism at all.

I didn't talk with anyone that night, or haven't talked with anyone since who was bitter or upset about having been served late, or was critical of the food. I think people understood the problems, and I certainly want to compliment and thank Mrs. Jim Eller, and the Band Boosters Club, and the Jaycees, and the Loudon County Fair and every County Association for really a wonderful final vital to the Centennial Week.

Everyone I have talked to had an excellent time at the Banquet.

OBITUARIES

MRS. BATEY
Mrs. Ralph (Myrtle) Williams Batey, age 73, Route 1, Loudon, passed away suddenly Sunday, June 28, at her residence. She was a life member of the Methodist Church, Order of the Eastern Star, Daughters of American Revolution and an employee of the Federal Government for more than 20 years. She traveled extensively both here and abroad.

LETTERS TO THE EDITOR

To the Editor:
It certainly is a relief, as June Sproul stated, to be relieved of the pressure of all the mixed emotions of the Centennial. Speaking of the Banquet meal being slowly and coolly served, I was the first to say that I was sorry the food was not served sooner. If all the help I had been promised had been available, I assure that this would never have happened, but to me say to the few who worked the long hours, thanks again. Less than half of the volunteers who were to serve were present. I am sure that those who did not make it had a good reason for not being here. To the band director Mr. Henry, Band Booster President Mr. Patrizio, and all who helped I am so thankful. May I say that I have enjoyed working with the nice people of Loudon County during the Centennial. Thanks to all who had a part in helping make the Banquet a nice one. Maybe all did not see the night as one of our citizens saw it.

MR. CRISP
Charles Robert Crisp, age 64, of Rt. 4, Lenoir City, passed away suddenly Friday, June 26 at his home.

Survivors include: two daughters, Mattie Lee Jenkins, Frances Easter; one sister, Mrs. Irene Jenkins; two brothers, Earl Crisp and Oscar Crisp; nine grandchildren; six great grandchildren.

Funeral services were held Sunday, June 28, at Clegg Funeral Home Chapel with the Rev. Frankie B. Kagley officiating. Click, Lenoir City, in charge.

Souvenir

Some people have asked about a Centennial history or souvenir book, and I understand from Benny Stafford that plans are still underway, as we had originally decided to have the book and it will be out before the end of the year, we hope.

The idea was to take the best of all the pictures that were taken during the Centennial and include those in the book, as well as the main parts of the history of Loudon County, and of its communities, and of its businesses, and organizations, and put it in one nice book, and that this could best be done after the Centennial.

So those who have ordered books already can expect that they will ultimately come, and others who want to get one of these will have a chance to do so at a later date.

MR. MITCHELL

Stanley L. Mitchell, age 85, passed away at a Knoxville Hospital at 4 a.m. Saturday, June 27, after a lingering illness.

Preliminary census figures show a decline in population of 800 and 700 in Loudon City and Loudon respectively, and an overall loss of 500 in Loudon County, and officials are wondering why.

MR. STAFFORD
Stafford Seeks State Seat

Stafford Seeks State Seat

M.F. (Benny) Stafford, a Loudon County insurance agent and civic leader, this week made public announcement that he was seeking the Republican nomination for Potential Representative of Loudon and Blount Counties to the State Legislature. Stafford, 37, is unopposed in the Republican primary and there are no candidates in the Democratic primary for the post.

In announcing as a candidate for the state legislature M. Stafford said, "I am a native of Loudon County and have worked and lived in both Loudon and Blount Counties and am very interested in the governments of both of our states. As State Representative I want to represent the people of these counties, vote as the majority of them tell me and will do so in the interests of Loudon and Blount Counties first and the state second."

Stafford, manager of the Russell-Shields Insurance Agency in Loudon City and vice president of the company, which has offices in Maryville, Ala. and Loudon, also is a graduate of Loudon City High School and attended Louisiana College. He spent 14 years in the United States Air Force and from 1958 to 1963 was a technician with the Air National Guard Unit at McChes-Fyson AFB. Since that time he has been associated with Russell-Shields.

His civic activities include being past president and past campaign chairman of the Loudon County United Fund, Chairman of the Loudon County Centennial, past president of the Optimists Club, for several years headed the Loudon County March of Dimes, member of the Civitan Club of Loudon City, is a Mason and Shriner, received the Jaycee Distinguished Service Award in 1967 and the Loudon County Distinguished Citizen Award for 1970.

Mr. Stafford and his wife (the former Shirley Clive of Loudon City) reside in Eaton Forest. He has been active in recent years in Republican politics in Loudon County.

HERE COMES THE PARADE-With Old Glory leading the way with an honor guard provided by VFW Post 5150 some of the 2000 persons who came to the Jaycee sponsored July 4th Parade and Carnival are shown as the old fashioned July 4th Parade comes into view.

GOOD FUN FOR THE KIDS-At one of the many game booths at the Jaycee sponsored Old Fashioned Town Carnival at the July 4th Celebration these children are shown enjoying trying their luck at the fish pond. Jaycee Gary Kinsey looks at the number on the bottom of the duck to see what the young lady in the picture won.

Arts Association Sets Summer Puppetry Program

The Loudon County Arts Association will sponsor a Summer Puppetry Caravan for Loudon County on the dates of August 10-14. The project is supported by the Rockefeller Foundation and by Berea College. There will be little cost to the association and no charge will be made for those who attend the shows and the workshop.

The two shows, designed to appeal to everyone, both young and old, "Wicked John and the Devil" is the story of a mountaineer blacksmith and his dealings with St. Peter and three devils. "The Golden Bird" is a magic fairy tale complete with a wicked king, three princes, a golden bird, a golden horse, and a golden princess in a castle.

There will be evening shows at Loudon, Loudon City, and Greenback. There is the possibility of one other showing if some school or community wishes to have it.

The purpose of the puppetry workshop is to teach community children, teachers and interested individuals to make their own puppets from materials available in their homes. Workshop reservations may be made to the residence of Mr. and Mrs. Charles Morgan, phone 458-3662.

Eight Churches Join For Service At Philadelphia

An evangelistic hour will be held Sunday, July 12 at 7:15 p.m. on the Philadelphia town square. The service is being conducted as an area-wide crusade by eight churches in and around Philadelphia. The eight churches are: New Hope Methodist Church, Philadelphia Church of God, Prospect Baptist Church, Stockton Valley Baptist Church, First Baptist Church of Philadelphia, Philadelphia United Methodist Church, Reed Springs Baptist Church and Old Sweetwater Baptist Church.

The message "The Second Coming of Christ" will be delivered by Rev. Fred Davis, pastor of the First Baptist Church of Philadelphia. A choir of 160 voices will be heard under the direction of Rev. Dwight Cagle, pastor of the Philadelphia United Methodist Church.

Mrs. Margie Mauldin, of Knoxville, a blind and crippled woman since birth, will be present to give her testimony and special music. Rev. Don Nelms, pastor of

Local Lakes Safe From Mercury-TVA

Both Ft. Loudon and Watts Bar lakes are probably clear of excessive contamination by mercury, the state's chief stream pollution control officer said Tuesday.

"If I had to bet money - and I'm careful when I bet money - I would be willing to bet that both Ft. Loudon and Watts Bar lakes will show up clear of mercury," said Larry Jones, Director of Stream Pollution Control, for Tennessee's Department of Public Health.

There is no upstream source for the pollutant, considered dangerous if taken into the human body, he explained.

In recent days, several of the TVA lakes have been closed to commercial fishing and sport fishermen have been advised not to eat their catches because of findings of high concentrations of mercury in the flesh of fish.

Contamination at a level of more than 5 parts per million in the bodies of fish is considered "unsafe" for consumption. The director of the State Game and Fish Commission recommended that commercial fishing be to be on Friday, August 14.

\$8840 Shortage In Clerk's Office State Charges

The amount of money Loudon County Circuit Court clerk Bobby J. Knowles books show a short, according to a report by State Auditor Ivo W. Sanders, is \$8,840.22. Knowles, clerk in the office of Circuit and Criminal Courts, is 58-10-22.

The investigation into the financial status of the office started after a fire late in March destroyed most of the financial records in the office early last Monday morning just hours before state auditors were to make a regular audit of the office.

The audit report shows that the shortage took place between August 1, 1968 and March 23, 1970.

Lloyd Black, who was appointed Clerk pro tem, confirmed this week that he, after consultation with the United States Judge James McCluen, Attorney General

Mrs. Ridenour Dies Suddenly

Mrs. B. E. (Eva) Ridenour, 66, died suddenly Wednesday, July 8, of a heart attack. Mrs. Ridenour resided on Mulberry Street in Loudon, where she and her husband, who died in 1961, had operated a fruit and vegetable market for many years until his death.

Tuesday night Mrs. Ridenour and six of her seven children had a family dinner at the home of her son Carl. She became ill about 30 a.m. at home. Her sons Earl and Curtis were there at the time.

Squad Finds Body Of Shooting Victim

Members of the Loudon County Rescue Squad were called to assist in recovering the body of a woman from Ft. Loudon Lake, near Choto Dock in Knox County last Wednesday night about 10:30.

The body was the second to be taken from Ft. Loudon Lake that day. Officers found the body floating in the water of the Blount County side of the lake, across from Concord Park about 2:30 p.m. Wednesday.

Later examination showed both victims had been shot through the head and (Continued On Page 8)

Four Weeks Of Circuit Court Set

A four week term of Loudon County Circuit Court is scheduled to begin on Monday July 20, according to a docket released this week by court clerk pro tem Lloyd Black.

Circuit Judge Willard Kirtell about a docket of more than 75 jury and non-jury cases.

The first day on which those called for jury duty are to report is on Tuesday, July 21st. The schedule is expected to be on Friday, August 14.

LEARNED NOT TO LAUGH TOO LOUD

Back about a year ago we were very amused and even laughed out loud at our counterpart in Madisonville, Dan Hicks, editor of the Monroe Democrat, when he went to some length to tell about his experiences with Kidney Stones.

Well Dan, we are sorry for the laughs, because now we know first hand of the torture and truly frightening pain that we are living with these little monsters.

Last Thursday morning we left home for work feeling in the pink, but during that three mile drive we began to happen and by the time we got to the office we were convinced we were having an appendix attack and a heart attack all at once.

The pain was really something, and really we can't remember driving myself to the hospital where luckily my doctor greeted me at the door. Just as a snap of the finger the folks at Bacon Hospital had me in emergency and making a dart board out of my hips and arms. The doctor said it was a kidney stone and my first thought was of Dan Hicks and silently or with a groan, probably I wished I had never laughed at Dan.

Twenty five hours later the little spiny stone was still in my right kidney, there was not a place that did not ache from needle punctures, and the gals in X-rays took enough pictures during that time that I could see my own shadow. After this amount of time there was no more pain and the doctor said you can go for the moment. It's a good thing too, we had a paper to get out for you readers. I was out of there, but I went back to the hospital Wednesday (last night if you go by the date on the paper) to see if they are going to go on what I know will be a painful trip into the kidney to get that stone.

You know, this was the first time in my 31 years that I had been hospitalized for anything. I can speak from first hand experience that there could not be better nurses and better care than I received, right here in our own hospital, and the room rates were within the limits of my hospitalization - that's something in itself.

In Summer School

Scott Arthur Harrison, son of Samuel A. Harrison of 718 Lakeview, Loudon among the 8,272 students enrolled for the first term of summer classes at Memphis State University.

First session classes began June 10 and end with final examinations on July 16. The second term begins July 21 with examinations set for Aug. 20 and commencement Aug. 22.

This term's enrollment is about the same as the similar period last year. Dr. John V. Kubank, dean of admissions, said MSU held its own in the number of summer students while many others throughout the nation have recorded severe losses.

Represented on the campus this summer are 32 of the nation's 50 states and 70 of the 95 counties in Tennessee.

Officials Don't Believe Census Figures Correct

Preliminary census figures show a decline in population of 800 and 700 in Loudon City and Loudon

respectively, and a overall loss in Loudon County, and officials are wondering why.

The East Tennessee office of the Tennessee State Planning Commission this week announced the preliminary census figures which were compiled by the Atlanta office of the U.S. Bureau of the Census.

Loudon County's unofficial population now stands at 19,288, compared with the 1960 census of 19,779. However, an annexation in 1962 added 1,101 persons in the West Hill area to total 6,080, so the net figure represents a loss of population of almost 800 persons.

The same story holds true in Loudon. Preliminary figures show a 1970 population of 3,926 compared with 3,812 in 1960 and 4,269 after annexation in 1962. (Continued On Page 8)

Stafford Seeks State Seat

M. F. (Beary) Stafford, a Loudon County insurance agent and civic leader, this week made a public announcement that he was seeking the Republican nomination for the Representative of Loudon and Blount Counties to the State Legislature.

Stafford, 37, is unopposed in the Republican primary and there are no candidates in the Democratic primary for the post.

Stafford, manager of the Russell-Shields Insurance Agency in Loudon City and vice president of the company, which has offices in Maryville-Alcoa and Loudon also, is a graduate of Loudon City High School and attended Louisiana College. He spent 14 years in the United States Air Force and from 1958 to 1965 was a technician with the Air National Guard Unit at McGuire-Tyson AFB. Since that time he has been associated with Russell-Shields.

His civic activities include being past president and past campaign chairman of the Loudon County United Fund, Chairman of the Loudon County Centennial, past president of the Optimists Club, for several years headed the Loudon County March of Dimes, member of the Civitan Club of Loudon City, is a Mason and Shriner, received the Jaycee Distinguished Service Award in 1967, and the Loudon County Distinguished Citizen Award for 1970.

Mr. Stafford and his wife (the former Shirley Cline of Loudon City) reside in Eaton Forest. He has been active in recent years in Republican politics in Loudon County.

GOP Ready For Big Gathering

Loudon County Republican Party chairman Harry Wampler said this week that the big county-wide fund raising dinner and rally, scheduled for Saturday July 18 at Loudon High School, will be the most Republican Star-Studded event in the county during the election year.

The two shows, designed to appeal to everyone, both young and old, "Wicked John and the Devil" is the story of a mountaineer blacksmith and his dealings with St. Peter and three devils. "The Golden Bird" is a magic fairy tale complete with a wicked king, three princes, a golden bird, a golden horse, and a golden princess in a castle.

The evening show will be held in the elementary school at Loudon and is open to any age. Enrollment will be limited for the workshop and reservations should be made as soon as convenient.

Duncan At Eatons Rally Saturday

Congressman John Duncan will be the featured speaker at a meeting of all Loudon County Republicans at Eaton Crossroads School Saturday, July 11.

The rally will begin at 7:30 p.m. with a watermelon cutting, followed by the introduction of candidates, announcements, and the speaker.

LIONS CLUB

LIONS OFFICERS INSTALLED—New president of the Loudon Lions Club Ben Serritt is shown receiving the gavel from past District 12-N Governor Herbert Digs (extreme right) at officers of the club were installed last Thursday night. The officers are (left to right) Jim Pope, secretary-treasurer; J. M. Nabab, director; John Carnes, second vice president; Charlie Davis, first vice president; Henry Mitchell, director; President Serritt; Glenn House, lion tamer; Tom Matlock, retiring president; and Mr. Digs. New officers not present at the meeting were Jim Savage and Bob Carter directors and Joe Ratledge, third vice president.

HERE COMES THE PARADE—With Old Glory leading the way with an honor guard provided by VFW Post 5150 some of the 2000 persons who came to the Jaycee sponsored July 4th Parade and Carnival are shown as the old fashioned July 4th Parade comes into view.

GODD FUN FOR THE KIDS—At one of the many game booths at the Jaycee sponsored Old Fashioned Town Carnival at the July 4th Celebration these children are shown enjoying trying their luck at the fish pond. Jaycee Gary Kinsey looks at the number on the bottom of the duck to see what the young 14-y in the picture won.

Arts Association Sets Summer Puppetry Program

The Loudon County Arts Association will sponsor a Summer Puppetry Caravan for Loudon County on the dates of August 10-14. The project is supported by the Rockefeller Foundation and by Berea College. There will be little cost to the association and no charge will be made for those who attend the shows and the workshop.

Eight Churches Join For Service At Philadelphia

An evangelistic hour will be held Sunday, July 12 at 7:15 p.m. on the Philadelphia town square. The service is being conducted as an area-wide crusade by eight churches in and around Philadelphia. The churches are: New Hope United Methodist Church, Philadelphia Church of God, Prospect Baptist Church, Stockton Valley Baptist Church, First Baptist Church of Philadelphia, Philadelphia United Methodist Church, Reed Springs Baptist Church and Old Sweetwater Baptist Church.

The message "The Second Coming of Christ" will be delivered by Rev. Fred Davis, pastor of the First Baptist Church of Philadelphia. A choir of 150 voices will be heard under the direction of Rev. Dwight Cagle, pastor of the Philadelphia United Methodist Church.

Mrs. Margie Maslin, of Knoxville, a blind and crippled woman since birth, will be present to give her testimony and special music. Rev. Don Nelms, pastor of the family.

Don Smith Still Critically Ill

Loudon industrial leader, former Mayor and state legislator Don P. Smith is still in critical condition this week at Bacon Hospital after suffering a cerebral hemorrhage on June 23, according to members of the family.

4th Event Big Success

Through the efforts of the Loudon Jaycees Loudon had one of its most exciting July 4th Celebrations last Saturday. With a crowd of more than 2,000 in the downtown area and additional hundreds along the route of the kick-off parade those who attended stayed until all the prizes at the Carnival sponsored by the Jaycees and Jayettes were gone.

Many of the youngsters and adults alike took home large stuffed animals which were the top prizes in the many games, booths and contests operated by the Jaycees. Besides the games live entertainment in the person of a country western band was provided and food was served by the Loudon County Rescue Squad.

About 200 persons, horses, cars, bicycles and other items were entered in the parade. In judging of various parade entries, Ed Hicks riding a beautiful horse with a silver trimmed saddle won the category, Bob Carter in an antique truck won a first prize, Ronnie Roberts Loudon won the best decorated bicycle contest, Linda Purdy was first in the best dressed adults and Alice Ann Ross was first in the children's judging. Cash prizes of Loudon County Centennial were given in the judging for the parade which carried that Centennial theme of 1870.

Jaycee President Kyle Anderson said that although the July 4th Celebration was quickly thrown together by the Jaycees, Ed Hicks, Ridenour and Jerry Swaney as chairman, he felt the event was a total success and that those who attended enjoyed themselves and perhaps that they stayed in Loudon for the 4th helped prevent a highway tragedy or other type of accident which so many lives during the long holiday weekend.

Local Lakes Safe From Mercury-TVA

Both Ft. Loudoun and Watts Bar lakes are probably clear of excessive contamination by mercury, the state's chief stream pollution control officer said Tuesday.

"If I had to bet money—and I'm careful when I bet money—I would be willing to bet that both Ft. Loudoun and Watts Bar lakes will show up clear of mercury," S. Leary Jones, Director of Stream Pollution Control, for Tennessee's Department of Public Health.

There is no upstream source for the pollutant considered dangerous if taken into the human body, he explained.

Four Weeks Of Circuit Court Set

A four week term of Circuit Court in Loudon is scheduled to begin on Monday July 20, according to a docket released this week by court clerk pro-tem Lloyd Black.

The first day on which those called for jury duty are to report is on Tuesday, July 21st. The session is scheduled to be on Friday, August 14.

\$8840 Shortage In Clerk's Office State Charges

The amount of money Loudon County Circuit Court Clerk Bobby J. Knowles has refused to make restitution to the state and that the comptroller's office has notified State Attorney General David M. Pack of the audit and deficit.

The investigation into the financial status of the office started after a fire late in March destroyed most of the financial records in the office early on a Monday morning. The fire and state auditors were to make a regular audit of the office.

Mrs. Ridenour Dies Suddenly

Mrs. B. E. (Eva) Ridenour, 66, died suddenly Wednesday, July 8 at a heart attack. Mrs. Ridenour resided on Mulberry Street in Loudon, where she and her husband, who died in 1964, had operated a fruit and vegetable market many years until his death.

LEARNED NOT TO LAUGH TOO LOUD...

Back about a year ago we were very amused and even laughed out loud at our counterpart in Madisonville, Dan Hicks, who was bent to some length to tell about his experiences with Kidney Stones.

Well Dan, we are sorry for the laughs, because now we learned by Dan's tale the torture and truly frightening pain that goes with these little monsters.

Last Thursday morning we left home for work feeling in the pink, but during that three mile drive things began to happen and by the time we got to the office we were convinced we were having an appendix attack and a heart attack all at once.

The pain was really something, we lost the use of our arms and hands for a time and really can't remember driving myself to the hospital where luckily my doctor greeted me at the door, just at a snap of his finger the folks at Bacon Hospital had me in emergency and making a dart board out of my hips and arms. The doctor said it was a kidney stone and my first thought was of Dan Hicks and silently or with a groan probably I wished I had never laughed at Dan.

Twenty five hours later the little spiny stone was still in my right kidney, there was not a place that did not ache from needle punctures, and the gap in X-rays took enough pictures of me for a Hollywood screen test. After this amount of time there was no more pain and the doctor said you can go for the moment. It's a good thing too, we had a paper to get out for you readers, kidney stone or no, but its back to the hospital Wednesday (last night if you go by the date on the paper) to see if they are going to go on what I know will be painful trip into the kidney to get that stone.

You know, this was the first time in my 31 years that I had been hospitalized for anything I can speak from first hand experience that there could not be better nurses and better care than I received right here in our own hospital, and the room rates were within the limits of my hospitalization—that's something in itself.

Russell-Lamarre Nuptials Said

The marriage of Miss Royellen Russell and Richard John Lamarre was solemnized on Sat., June 20 at 10 a.m. at District Heights Presbyterian Church, District Heights, Md. The Rev. Robert W. McCarte, assisted by Father Edward Heim, officiated at the ceremony.

A program of nuptial music was presented by Mrs. Barbara Anderson, organist and Mrs. Judy Gray, vocalist.

The bride is the daughter of Mr. and Mrs. Roy James Russell, Chattanooga, formerly of Loudon, and the granddaughter of Mr. and Mrs. John R. Craig and Mr. and Mrs. Linton Jones, all of Loudon.

The groom is the son of Mr. and Mrs. John W. Lamarre of District Heights, Md.

Given in marriage by her father, the bride was attired in a floor length white gown with an Empire waist. The bodice and full bishop sleeves were of Venice lace. Her chapel length train of peau de soie, was attached at the waistline. Her veil of English illusion, triple tiered and elbow length cascaded from a Camelot cap. The mantilla was edged with Venice lace. Her bouquet was of white rosebuds and daisies.

Miss Mary Elizabeth Russell attended her sister as maid of honor. Miss Carol Lamarre, sister of the groom, was bridesmaid. They wore identical floor length blue dotted swiss gowns, featuring Empire waists banded in Venice lace. The headpieces were picture hats bordered with Venice lace daisies.

Dennis Lamarre served his brother as best man. Jack Meyers of District Heights, Md. was usher.

For her daughter's wedding, Mrs. Russell chose a costume of petal pink fibrene. The dress and jacket featured chalk white beading and braid trim, pink organza petal hat and matching accessories.

Mrs. Lamarre, mother of the bridegroom, wore an aqua silk with jeweled neckline A-line with matching accessories.

A reception was held following the ceremony in the church fellowship hall. Miss Clara Coyle, of Woodbridge, Va., and Miss Norma Lips of Maryland assisted in serving.

The bride is the sister of Mrs. Richard Howard, Vassville, Calif. and Miss Mary Russell of Chattanooga. The groom is the brother of Dennis and Ronnie Lamarre.

THIS IS THE BRIDE AND GROOM AT THE WEDDING OF MISS ROYELLEN RUSSELL AND RICHARD JOHN LAMARRE.

and Misses Carol and Michelle Lamarre, all of Maryland. For a wedding trip to Pennsylvania, Mrs. Lamarre wore a two piece suit of blue linen and white accessories. She wore a corsage of white rosebuds.

The couple are residing in Forestville, Maryland.

Colombian Girl Visits Snows

The Charles Snow family, 505 College Ave., have had as their guest Miss Martha Diaz of Bogota, Colombia. It was in Miss Diaz's home that the Snow's daughter Lois stayed

while working in Colombia last summer. Lois, who is home prior to leaving for work in Venezuela, and Miss Diaz have done extensive studies

the English and Spanish dictionaries since meeting again in Loudon.

This trip is Miss Diaz's first to America. She has visited in Venezuela where she will be working this summer as a counselor in camps for underprivileged children. Two girls from Kingston, one from Maryville, and one from Oak Ridge will also be making the trip.

Lois is a graduate of Loudon High School and is now attending the University of Tennessee.

Miss Diaz said that she likes the way men in America dress, and that she thought that the bright colors indicate happiness. Through working as a technical librarian in the American Cultural Center in Colombia, Miss Diaz said that she found the American young men to be quite different from the Colombian men.

Colombia produces 90% of the world's emeralds and Miss Diaz showed us a fine example of one. She wears an emerald ring which she explained was a symbol of her country.

Miss Diaz has a brother who is a student at Notre

Dame. After a weeks visit here, Miss Diaz will bid her American friends goodbye, and will be off to visit other points in America.

Lois Snow will also bid her family good-bye and will be off on the 20th of July to Venezuela where she will be working this summer as a counselor in camps for underprivileged children.

Lois is a graduate of Loudon High School and is now attending the University of Tennessee.

Bright Wedding Vows Are Pledged

Miss Frances Kay Woods and Marshall Lynn Bright were married June 5 at 8 p.m. at Greenback Memorial Baptist Church, with the Rev. Clarence Sexton officiating at the double-ring ceremony.

The bride is the daughter of Mrs. Allen Woods and the late Mr. Wood, and the groom is the son of Mr. and Mrs. Baxter Bright, all of Greenback Rt. 1.

Mrs. Lee Widner of Concord and Ed Bright of Greenback are grandparents of the bridegroom.

The church was decorated with greenery and candleabra, and baskets of yellow carnations and daisies. The bride and groom were centered with small bouquets of daisies and yellow and green ribbon.

Musical music was presented by Miss Sandra Bright, organist, and Miss Fatty Bright, vocalist, sang "More," "Whiter Than Snow," and "Wedding Prayer."

Given in marriage by her brother, Jim Woods, the bride wore a floor-length gown of bridal satin and lace featuring an empire waist. A chapel-length train of silk chiffon fell from the back. Her finger-tip veil of illusion was caught to a crown of seed pearls and tulle, and she carried a white Bible topped with a white orchid corsage accented by yellow roses and baby's breath. The Bible was a gift to the bride from her aunt and uncle, Mr. and Mrs. Eldridge Owsby of Sevierville.

Mrs. Earl Hendrickson served as matron of honor. Bridesmaids were Miss Helen Woods, Miss Jane Bright, all of Greenback, Mrs. Ralph Woods of Lenoir City and Mrs. George Woods of Maryville.

Cindy Hendrickson was maid of honor.

DIAL IS PROMOTED
Charles E. Dial, Ford Road, Lenoir City, has been promoted to mechanic foreman at the Oak Ridge Y-12 Plant.

Mr. Dial, a Loudon County native and a veteran of the U.S. Air Force, joined the United Cobble organization in 1957.

His wife is the former Nell Hill and they have two children - Charles, Jr., and Lisa.

300 At Poplar Springs School Reunion
By Calvin Lunsford

Although the old school building has long ago passed from the scene, many of the past students of the old Poplar Springs school still gathered around on Sunday, July 5 the old school bell sounded again in the memories of former students. The students gathered to relive some of the events of the past days of school life at the school.

The activities, which were held in the Poplar Springs Methodist Church, began at 10:30 a.m. and dinner was served on the grounds at 12:30 p.m. Handshakes and good-bys concluded the day's events at 5 p.m. in the afternoon.

Approximately 300 people came during the day to relive some of the school days or to join in the singing and other events at the school.

Miss Thelma Smallen, who was the prime promoter of the homecoming, said it would have been impossible to have gotten the job done without the help of many interested persons. She stated her thanks to all those who helped and especially to Don Roberts of Hawkins County in Loudon, who furnished chairs and other needed items for the occasion. Also, the Mrs. Willis Wilson, who sent a floral arrangement in memory of her husband, the late Sam Wilson, who was superintendent of schools in Loudon County for a number of years.

The exact date Poplar Springs School opened for classes is not known. The doors were closed for the final time in 1935 or 1936. It has been located through the

flower girl, and Mike Hendrickson was ring bearer. The bride attendants were floor-length yellow dotted swiss gowns, featuring empire waists accented by green velvet ribbons. They each carried a marigold daisy, with green ribbon.

The groom's father served as best man. Dehens were Grady Thompson, Jerry Heaton, Earl Hendrickson, all of Greenback, and George Woods of Maryville.

A reception followed the ceremony given at the R.E.A. building by the bride's mother. Assisting were Mrs. Ronald Green of Maryville, Mrs. Wayne Taylor, Mrs. Grady Thompson and Mrs. Walter Heaton, all of Greenback.

The bride's table was laid with green lace, centered with a candleabra arranged with yellow roses and baby's breath. A three-tiered cake

was decorated with white roses and yellow centers. For a wedding trip to Gatlinburg, the new Mrs. Bright wore a yellow knit dress with the orchid from her bridal bouquet.

They are making their home on Rt. 1, Morganton Rd., Maryville.

The bride is a 1967 graduate of Greenback High School. She graduated from Joseph's School of Hair Design and is employed by Kings Beauty Salon in Greenback.

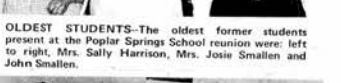

The groom is also a 1967 Greenback High School graduate and attended the University of Tennessee for two years. He is employed by Benco Plastics.

Among out-of-town guests were Mrs. and Mrs. James Chapman of Georgia and Mr. and Mrs. Carl Webb and Mrs. Cleary Harrell, all of Knoxville.

POPULAR SPRINGS REUNION-It was a full house of over 300 people at the Poplar Springs School reunion held last Saturday, July 5.

OLDEST STUDENTS-The oldest former students present at the Poplar Springs School reunion were: left to right, Mrs. Sally Harrison, Mrs. Josie Smallen and John Smallen.

FORMER TEACHERS-These former teachers at Poplar Springs enjoyed the homecoming also. They are, left to right, Mrs. Jodie Bell Smallen, Mrs. Eleanor Smallen, Mrs. Stewart Thomas and Mrs. Mae Cook.

About 4-H 4-H Pullet Sale Set For July 23rd

BY: Roger L. Perkins
Assistant County Agent

On Thursday, July 23, there will be approximately 160 sex-link pullets, 5% months old for sale. The show and sale is scheduled to start at 1:45 p.m. at the back side of the Loudon County Court House.

The sex-link pullet is a cross between the Rhode Island Red male and the Barred Rock female. The sex-link pullets have such outstanding characteristics as: an exceptional early large egg size; superb livability; and a sustained high rate of production on a minimum quantity of feed.

All pullets have been raised by 4-H club members enrolled in the 4-H Poultry Project. The day the 4-H members picked up the baby chicks they signed a contract stating that they would care for the chicks to the best of their ability and that they would bring the 6 best pullets to the 4-H Poultry Show and Sale for every \$5 that they initially received.

After the pullets have been judged and prize awarded all pullets will be sold at auction.

Flowers

BY KATHERINE PRESLEY
THE JERICHO ROSE RESURRECTION PLANT

The Jericho rose is a very odd plant of the mustard family which comes from Arabia. It is one of the so-called Resurrection plants. Resurrection plant is a common name for a number of plants which can be dried out and then made to turn green again by watering them.

It is a small grey plant, about five inches high. After the blossoms appear, the leaves drop off and the branches fold inward and it looks very much like a ball. Water will cause it to expand and the pores reopen. It grows from Texas to South America.

If it is fresh flowers you want, then our shop is the place. We keep hundreds of different flowers, fresh and beautiful.

WEBSTER'S REFERENCE TO SPORTS
By Joe Webster

Putting one little word after another and whatever became of a decent movie that the whole family could view?

ON GOLF-GET THIS—Toussie Carver shot a sizzling 33 on the Madisonville course. That's 3 under par. Do you read me, Mr. and Huff and Mr. Miller? (Pardon the pun).

When Tootsie is sharp, he's almost unbeatable. And that 33 over 9 holes was Mr. Carver at his best. Alright, let's really hear it for the sensational Tootsie.

The Atlanta Braves have recently been in touch with Danny Russell. Without a doubt—That's the smartest move they've made this year.

Over the past weekend, the Loudon Merchants won two and lost two which was okay with brother "Hamp" Russell. The Merchants will play Sevierville this Saturday at Legion Field in Loudon—Game time is 3 PM.

The major league All-Star game is coming up on Tuesday night, July 14th. As you know, the fans did the voting this year. They committed one terrible error—they left Roberto Clemente off the squad. Clemente is hitting .343, (third best in the National League) and he throws and runs superbly. He should have been named a starter. In other words, the players should choose the All-Star squad, not the fans. Chalk up an error to Commissioner Bowie Kuhn for allowing the fans to vote on this issue. Other than that, he's doing a good job.

The Atlanta Braves are 16 games out of first place. 10 games out of the cellar. Knowledgeable baseball fans insist that they loaf and loaf badly. Add that to their poor pitching and you know why they're running backward. But they've still got "Home Run for the Money."

High school football gets back in the act on August 1st and so does high school basketball. That's the date of the All-Star games. "Chig" Ratledge will be coaching the East gridgers and he'll have Jake Lane and Gordo Watson performing for him.

Lenoir City's Jerry Wilkerson will play on the All-Star basketball squad. I'll have more on these games a little later.

I think you're going to like that football song I told you about. It is written and sung by a local Loudon citizen. Release date will be sometime in August.

Goodnight everybody.

Area Lakes Safe-TVA
 (Continued From Page 1)
 stopped in Pickwick Lake because of acute amounts of mercury found in fish there. Fish registering as high as 1.4 ppm (almost three times the "safe" level) have been found there.

Reached at his office in Nashville by telephone Tuesday afternoon, Mr. Jones told this newspaper that so far as he knew, no tests have been made in the other two lakes, but that the likelihood is that no significant contamination from mercury will be found.

The principal source for the mercury, he said, is from industrial plants producing chlorine from an electrolytic cell using mercury as its base. There are no such plants upstream from Watts Bar and Loudoun Lakes, Mr. Jones said. The same is true of the Little Tennessee River.

The Clinch River and Melton Hill Reservoir are in the same condition, with no industrial sources for mercury pollution. Mr. Jones considered the fact that some had been found in Melton Hill Reservoir as a "fluke." Nothing else would indicate any danger there, he said.

Testing will continue, however, he said, and further reports will be forthcoming.

None of the public water systems tested have shown dangerous levels of mercury, he said. He mentioned Bristol, Kingsport, Chattanooga and Cleveland as cities where tests have been made without showing anything more than "background" readings.

Tellico Construction Still At Slow Pace

Tellico Dam construction activity will continue the week of a report issued this week by Tennessee Valley Authority.

In a round-up of 17 construction activities in progress throughout the TVA system, TVA reported that work on the Highway 411 bridge is contemplated. The TVA report shows:

Tellico Reservoir, east Tennessee - Construction activity is still confined to the new U. S. Highway 411 bridge and approaches which will cross the future lake near Vonore. Substructure concrete is complete for the bridge girder erection, which has just started, will progress with deliveries for the next several weeks. Some 70 employees are working in this area.

TVA completed most of the concrete work for the dam across Little Tennessee River near Lenoir City more than a year ago, but no further construction activity on the dam itself has been done since then, because of a slow-down in Congressional appropriations.

Boys Found Safe, Missing 24 Hours

Two Lenoir County young boys were found unharmed Sunday afternoon after they had been missing from home for more than 24 hours.

Bill, 11, and Bryan Varner, 8, sons of Mrs. Pat Varner of 203 N. C. St., Lenoir City, were last seen by their mother at home shortly after 1 p.m. Saturday, when she told them to go outside and play. When they didn't return, and she couldn't locate them in the neighborhood, she notified Lenoir City police about 5:20 that they were missing.

There followed a search by Lenoir City policemen, the Loudon County Sheriff's department, the Auxiliary Police, and the Rescue Squad, in both the Lenoir City area and Loudon, before they were found walking down Highway 11, east of Lenoir City Sunday afternoon.

Roy Reynolds, captain of the Auxiliary Police, said officers checking with relatives in Loudon for the two boys in the speculation that they might have gotten a ride there. Other officers continued the search, without success, throughout the night Saturday and Sunday morning.

Then, about 2 p.m. Sunday R. L. Christman, a member of the Auxiliary Police, but not actively engaged in the search at the time, saw the two boys, neither wearing a shirt, walking down the highway. He picked them up and took them to the Lenoir City Police Station, where they told officers they had spent the night in a wrecked car on the Jackie Sartor junk yard. The next morning they had eaten some blackberries, they said.

How did they get there? They didn't know. "The little fellows told us they just started wandering," Roy Reynolds said, "and they couldn't say exactly how they got to the junk yard." They told officers, however, that as night fell they didn't know which way to go to get back home and decided to get in one of the cars and spend the night.

weighted down before being thrown into the water. The girl's body was attached by ropes to a rusted car wheel and the woman had been weighted with a starter motor from a car and an eight-inch concrete block.

A week later officers still had not learned the identity of the victims nor where they had been put in the water. Examination of their teeth showed good dental care, an indication that they may have come from a middle or upper class family, officers said. It was speculated that they may have been a mother and daughter, murdered and thrown into the lake at the same time. It was estimated they had been in the water for three to four weeks.

Rescue Squad Capt. Dan Ellis said a West Knox County deputy called the Loudon County Rescue Squad after someone reported seeing the body of the woman floating in the water near Choto dock.

"We went up there, went through Choto Estates to launch our boats, and found the body pretty well out in the channel and about opposite Choto Dock." About 15 Squad members, with two boats, worked the operation.

He said they met three Knox County detectives there and one of them went out in the boat with the Squad. When the coroner arrived, he directed that the body be brought in to the bank.

"When we took the body out of the water, we couldn't tell whether it was a male or female," Capt. Ellis said. "It was wrapped in a quilted material and had a car starter and an eight-inch concrete block tied to it."

The starter, he said, had apparently been used as a boat anchor before, because it had bolts and a short length of chain extending from one hole to another where the starter would normally bolt onto the automobile engine. It looked like it had been fixed up to tie a rope to use for an anchor, he explained.

"We didn't unwrap the body," he said. "They wanted us to leave it with the ropes on it just like it was. They took it on to U-T hospital for examination." Later reports indicated it was a woman, aged 35-45. The girl was thought to be in her early teens. Her body was wrapped in a plastic shower curtain.

Copies of the woman's dental chart, showing 14 fillings, are being sent to the 247 members of the Second District Dental Association to be checked against their records. The girl had two small fillings, indicating that she had received excellent dental care, it was reported. Persons in lower income brackets usually cannot afford dental work as often as others, and they generally have larger cavities.

**Census Figures
Puzzle Officials**

(Continued From Page 1)

1962, for a loss of 300 persons. Greenback in 1970 shows 323, compared with 285 in 1960, for a gain of 38. Philadelphia, which was incorporated in 1969, shows 543 persons according to the 1970 census preliminary figures.

Loudon County's population in 1960 was 23,757, and the preliminary 1970 figures show 23,286, a loss of almost 500. Meanwhile, Mayor Mickey Ledbetter and County Judge Harvey Sproul both said the lower population figures will cause a reduction in state revenues. Both state sales tax money returned to cities and the two-cent gasoline tax returned to the city from the state for street maintenance are calculated on the basis of population. Judge Sproul said several state programs in which Loudon County participates are funded on the basis of population.

Officials searching for explanations for the loss of population (when new homes construction and other evidences would indicate a gain) have come up with only two suggestions which might have an effect: 1) college students and others living away from home at the time the census were not included in local population figures. They were counted in the community in which they were living at the time. It is estimated that many more local high school graduates are attending college than was the case 10 years ago. 2) Many more young men are in military service now than in 1960. The USO estimates 510 Loudon Countians are now in military service.

Loudon County is not alone in its unexpected population loss. Most counties across the state have either had unexpected losses or else their gains have been less than expected. State and White County officials earlier this month demanded a re-count after claiming to know of many individuals who were not counted. Clinton and Anderson County officials expressed disbelief of the preliminary population figures when they were reported about two weeks ago. The story was repeated in many other counties.

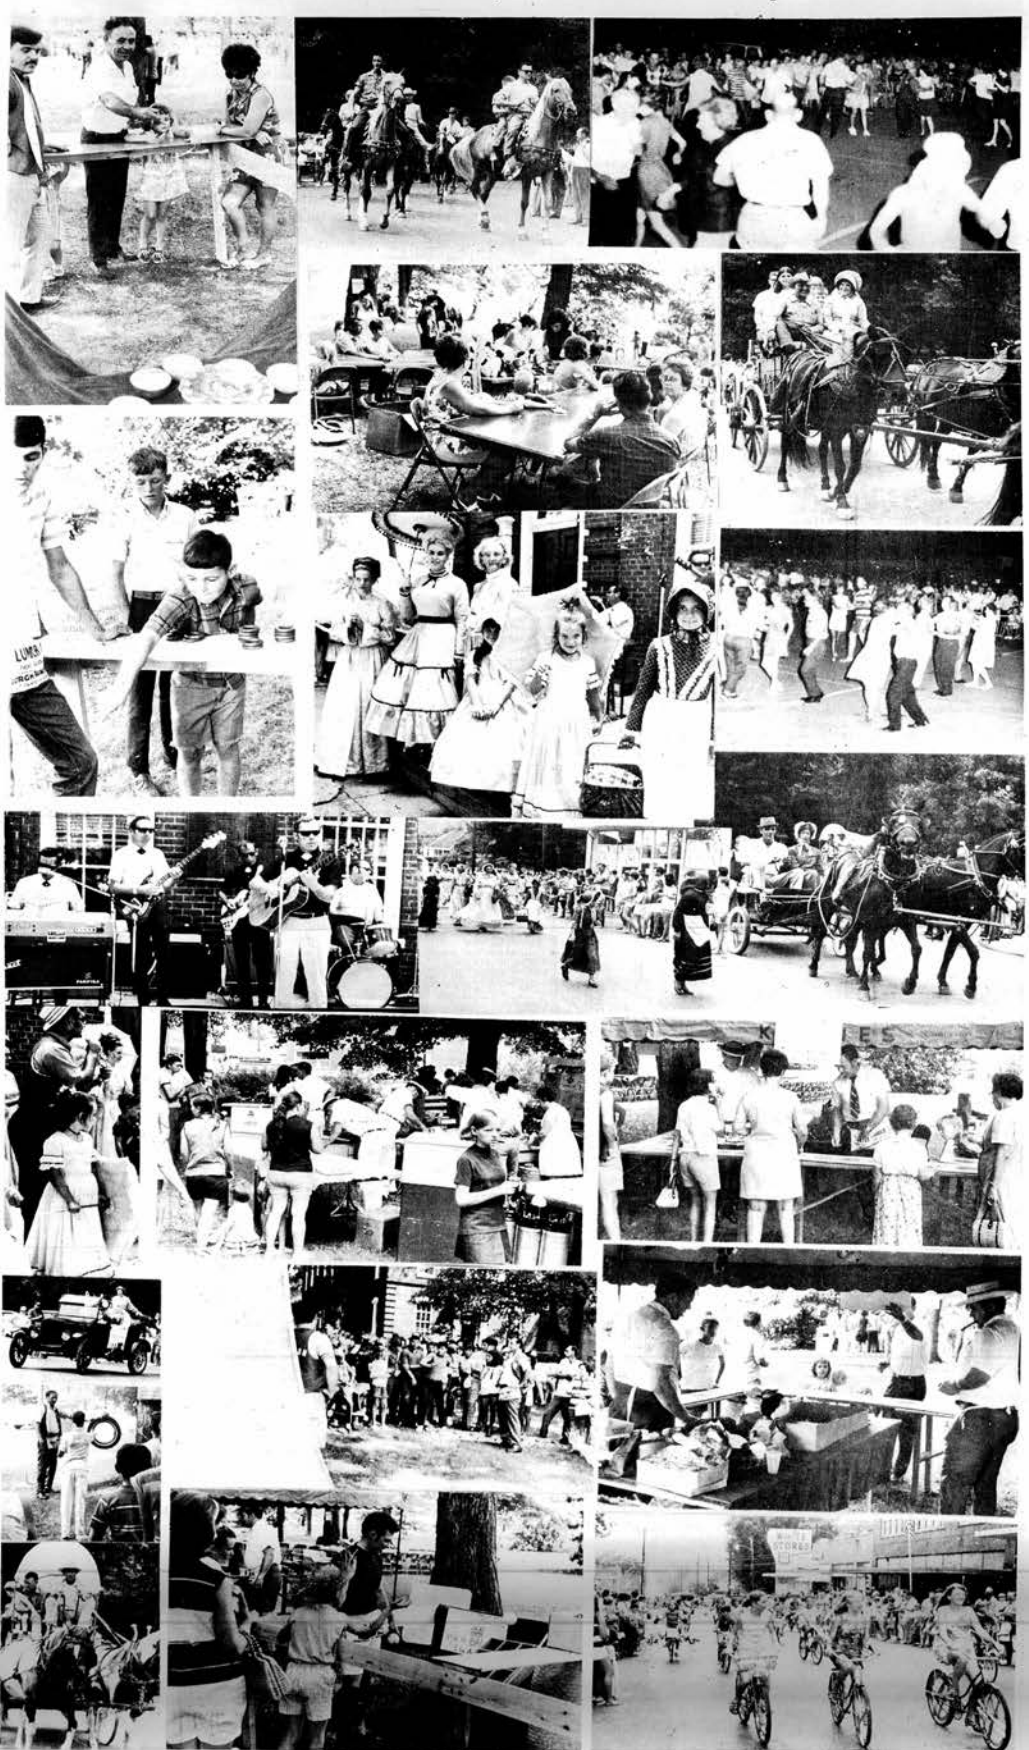

Meanwhile, it appeared that Tennessee may lose one of its nine members at Congress. Tennessee's population gain from 1960 to 1970 appears to have fallen considerably below the predicted national average gain of 13.5 percent.

LETTERS TO THE EDITOR

Mr. Larry Cate
Editor
Loudon County Herald
Loudon, Tennessee 37774

As you know the Loudon County tax rate will be placed on real property sometime this month, probably at the regular meeting of the Court on July 20, 1970. It is time that the taxpayers of Loudon County be given some consideration and that the Court take a hard look at the expenditures and make some needed cuts with an eye at keeping the expenses of the County at some level fair to the taxpayer.

It is our understanding that the Court is presently thinking along the lines of establishing a rate of \$3.61 per \$100.00 over assessment and being an increase of 18 cents per \$100.00 over last year's tax rate, although the rate on each individual's property will be 5% greater than last year, and although the tax assessor has picked up \$1,400,000.00 in new assessments. The taxpayers of Loudon County need some justification for this tremendous increase from year to year.

From the best information we have available from checking the records, Loudon County should have under 1970 assessment the following:

Year	Assessment	Tax obtainable
1966	\$11,168,812	\$ 670,128
1967	11,133,693	729,277
1968	14,200,513	803,151
1969	28,320,000	971,887
1970	33,900,000	1,200,000

If assessed at the old rate it would be \$1,263,700.00, or if raised to expected new rate of \$3.61 it would be \$1,232,000.00, plus addition from TVA is at least \$13,500.00, in lieu of taxes over and above 1969. What has caused the need for new taxes to nearly double in 4 years? Is land worth 90% more than it was in 1966? Have services from the County which the taxpayer received increased 90% in 4 years, or has the taxpayer's income increased 90% in 4 years? We doubt that this is the case in the vast majority of cases.

I realize that unless a vast majority of taxpayers complain taxes will be increased, but I doubt that these continued increases are for the best interests of Loudon County in the future years ahead and I hope that you will do your best when tax setting time rolls around.

Please do not be misled, if you will check you will find that Loudon County has always in the past collected, with a penalty and interest provision, more than 100% of its taxes and with laws on the book concerning taxes it will continue to do so.

I am not a member of any taxpayer organization, but am writing this as an individual who hopes that "Loudon County's Action" does not mean just continued tax increases of the amounts that have been passed in the last 4 years. Thanking you for your consideration, I am
Yours very truly
John O. Gibson

A Radiant CLEAN LIFE

The intensely clean life has only 3 obstacles: a bad attitude, dirty commitments and joy to show who's boss.

If you don't see us, then clean and schedule. We'll send help to keep you clean. David prayed to God to help in this matter. "I can't see in my clean house, if I don't feel inside a light glow" within us.

Love upon the Lord. Seek to help and be helped. Be blessed this Sunday and be sure to attend in the Lord.

BACK IN THE GOOD OLD DAYS

Many memories of things in farm life. We hope that from yesteryears are brought to you in our picture this week

ELECT RALPH EBLEN Trustee

Your Vote And Support Will Be Appreciated.

(PH. Pop. Adv.)

will bring back some memories for our readers. John Townsend is shown in one of our pictures with a pair of prized red mules. The picture was taken about 1917 and loaned to us by John Chastain.

Our many thanks to Mr. Chastain for loaning us this picture.

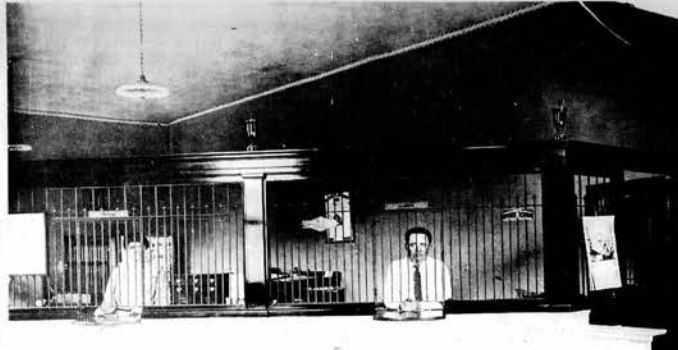

We also have another picture this week which may bring back memories for some of our readers. It is a picture of the First National Bank of Loudon, which has certainly changed since this was taken.

The First National Bank of Loudon was organized by C.P. Tallferro. The first day of business was January 3, 1922. The bank had a capital stock of \$50,000. The first officers were: C.P. Tallferro, president, Sam Wilson, Cashier, and Maude Jones, now Mrs. N.A. Weaver, Sr., assistant cashier and bookkeeper.

Those in the picture, which was taken in the lobby of the bank, are Mrs. N.A. Weaver, Sr., and the late Sam Wilson.

Many thanks to Mrs. N.A. Weaver, Sr., for the loan of this interesting picture.

This past week we had a letter from Mrs. Mack Iahill who asked that we mention the Jackson School reunion, which has been held annually for the last few years. The date for this year's reunion is July 11. In her letter, Mrs. Iahill pointed out the importance of each yearly reunion because the old Jackson School building may be removed before another year comes around in order to make way for the Tellico Dam back water. Mrs. Iahill stated that all who come to the Jackson reunion are asked to bring a covered dish for the lunch, which will be served around noon.

The other day we talked to an ardent reader of the Good Old Days, Clay Hughes, who told us that the column brings back many pleasant memories of his days in Loudon. Clay worked in the hosiery mill for a few years, and later was a mechanic for the Ford garage in Sweetwater, and then worked for the Ford garage in Loudon which was operated by Herbert Giffin and Peg

Ball. He now lives in Columbia, South Carolina. We certainly enjoyed visiting with Clay and reliving some events from the Good Old Days.

4 H'ers AT DEMONSTRATION DAY—Loudon County 4-H Clubs were represented at the District V Demonstration Day by one senior member, Teresa Hickey (not pictured), and three junior 4-H members, pictured left to right, Teresa Goddard, Brenda Bright, and Jimmy Brooks. Teresa Hickey placed in the blue ribbon group and is an alternate in the Yeast Breads Contest. She is eligible to attend the Tennessee State 4-H Round Up in Knoxville. The three junior members placed in the red ribbon group of their respective projects. Teresa Goddard—Safety; Brenda Bright—Dairy; and Jimmy Brooks—Quick Breads.

Parents Reminded Of Child Shot Laws

Dr. Carolyn A. Beas, Health officer of the Loudon County Health Department, wishes to remind parents of the State Law which states, "completed immunizations against the following diseases, diphtheria, tetanus, whooping cough, polio, measles, Rubella and smallpox are mandatory for all children who will be entering kindergarten, headstart or first grades in 1970."

If you have a child in any of the above categories, now is the time for a visit to your doctor or to the Health Department to get the series of booster doses.

This is a department of education requirement before a child can be admitted to school.

Rain Above Normal

June rainfall averaged 4.8 inches across the Tennessee Valley, about a half-inch above normal for the month, TVA reports. In the first half of 1970 rainfall has been above normal in two months, April and June, and below normal the other four months.

All State Republican Hopefuls Expected Here

Some 600 to 1000 Loudon County Republicans are expected to fill the Loudon High Cafeteria and Auditorium Saturday night for the major Republican Party election rally and fund raising dinner. Tennessee United States Senator Howard Baker will be the principal speaker for the event which is expected to attract all the top Republican candidates.

SEN. BAKER

The \$5 a plate dinner will be served cafeteria style starting at 6:30 p.m. and will continue until 8 p.m. Following the dinner the program will move to the auditorium where all state candidates will be introduced and address the crowd. Senator Baker will be introduced by Congressman John Duncan.

Besides the local Republican Candidates, other August 6 hopefuls expected to attend include candidates for the gubernatorial nomination: Winfield Dunn, Maxey Jarman, William L. Jenkins, Hubert David Patty and Claude K. Robertson; Senatorial candidates James Durelle Bole, Bill Brock and

Tex Ritter; and possibly others, including Florentine Representative Candidate Benny Stafford of Loudon County.

Puppet Show Dates Announced Workshop Registration Open

As of this date three puppet shows have been scheduled by the Loudon County Arts Association -- one at Loudon, one at Greenback, and one at Samburg.

The Loudon show will be held on the lawn to the west of the Junior High School Building. There will be no chain placed on the lawn. Children may sit on the grass or bring cushions. It is suggested that adults bring folding chairs or any kind of chairs they may wish. The Loudon show is for Tuesday August 11.

The Greenback show will be held on Saturday evening August 15, as a part of the community fair. The show will be given at the high school stadium. At stadium seats will be available the bringing of chairs is not essential.

Everything free. All shows are free and so is the five day workshop. It is expected that the workshop periods will be in the morning, with the periods running from two and one-half to three hours. For workshop registration call 458-3662.

The Loudon City show will be held on the new parking lot at the First National Bank on Thursday evening August 13. Children should bring cushions as the lot is of asphalt. Adults should bring their own chairs.

The Greenback show will be held on Saturday evening August 15, as a part of the community fair. The show will be given at the high school stadium. At stadium seats will be available the bringing of chairs is not essential.

Everything free. All shows are free and so is the five day workshop. It is expected that the workshop periods will be in the morning, with the periods running from two and one-half to three hours. For workshop registration call 458-3662.

Controversy Developing Over Parking In Loudon, Tax Action Is Delayed

Property taxes, the 1970 Census, parking in the downtown area, and the new city, because of information items of discussion at the monthly meeting of the Loudon City Commission Monday night.

Mayor Joe Carter reported that the Commission was not yet ready to set a tax rate for the City for the new fiscal year, because of information on the anticipated revenues and expenditures for the year have not been compiled from the various city departments. Mayor Carter said after an informal meeting, the Commission decided to wait probably until August before setting a tax rate because they wanted a full picture of the revenues and expenses first.

Commissioner Hamill Carey, speaking to the Commission as chairman of the Loudon Chamber of Commerce Merchants Committee asked the Commission to consider a request from his Committee not to renew any street

Square Dance Set For Loudon Friday

In response to the success of the town square dances held prior to and during the Loudon County Centennial arrangements, we announced this week to continue the Square Dances on a periodic basis. A Square Dance, open to the public, and free of admission will be held at 8:00 p.m. Friday on the Charles H. Bacon Hosiery Mill parking lot next to the river.

Playing for the dance will be Bob Brackett and the Country Riders band. Refreshments will also be available from the Loudon Jaycees and Jayettes.

Strike By Labor Union Stops Work On New Hospital, Talks Stalled

HOSPITAL CONSTRUCTION STOPPED—Roy Coffman of Loudon and Sam McClure of Kingston, both members of Laborers International Union Local 818, on strike for two dollar per hour wage increase, are shown walking a picket line at the Loudon County Memorial Hospital construction site, where work has been stopped for two weeks by the dispute.

\$3.61 Rate Proposed Court Tax Rate Session Might Be Explosive, Taxpayers To Meet

Loudon County Court will meet at 9 a.m. Monday, July 20, and the item of business expected to generate the most interest is consideration of the budget and setting of the tax rate.

Strong opposition is a proposed \$3.61 per \$100 assessment. Tax rate is expected to come from Douglas Williams, spokesman for and president of the "Loudon County Taxpayers Association, Inc.," representatives of the County are expected to oppose any account which would affect the school budget.

Meanwhile, the taxpayer group has called a "Concerned Taxpayers meeting" for 7 p.m. Thursday, July 16 at the Loudon City Utilities Building. In an announcement published elsewhere, the group states that "if the proposed \$3.61 tax rate is approved, Loudon County property taxes for this fiscal year (1970-71) will be more than double what they were three years ago."

The proposed budget was published in detail in Loudon County newspapers several weeks ago and a public hearing on the budget was held subsequently.

Another matter expected to generate interest will be the election of a member of the Loudon County School Board. Phil Thompson, member C.E. Thompson's term is expiring. Observers predict that Memphis board member from the Lenoir City area will be elected to replace him.

Two other major matters affecting schools are on the agenda. A report to be heard concerning the proposed school building program and the acquisition of land necessary to carry it out. New classrooms and physical education facilities are being proposed at Highland Park and Steeple School, new classrooms are to be built at East Crossroads, and classrooms are scheduled for Loudon Junior High School. In addition, residents, teachers, and others have made a strong request for a physical education facility at Loudon Junior High School. If the total program were carried out it would cost upwards of \$750,000.

Another school matter is a report on the proposed Charrette to be held in August to study the school

systems in Lenoir County, Loudon County, and from the Purchasing Committee. A Steering Committee meeting on the proposal was held Monday night in Greenback.

Judge Sproul will report on the recent Grand Jury report concerning county buildings and on recent lawsuits brought against the County. The Ft. Loudoun Water Utility District has recently entered a lawsuit in Chancery Court seeking recognition as the agency to be charged with holding a water system for the Greenback area.

The Court will hear a request by Third District Road Commissioner Greenway to transfer funds from his highway surplus account into the machinery account to buy a bush hog.

Considerable attention is expected to be given to a consideration of details of the County building access roads to the proposed Sugar Limb and Philadelphia interchanges on Interstate 75 Highway soon to be under construction.

Trustee J.V. Schrimmer has requested relief from the Court for error and double assessments. Perhaps also will be up for reconsideration Squire Mas Conner, chairman of the Hospital Board is to make a hospital report, and Squire Henry Foster is to report on the Courtroom Renovation project. The agenda also calls for a representative of the Loudon County Bar Association to speak on the matter.

Reports are to be heard on the Loudon County

MISS LOUDON COUNTY Patte Wheeler is shown as she prepares to leave her home for the Miss Tennessee Pageant being held in Jackson this week.

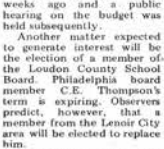

Miss Wheeler At State Pageant

Miss Patricia Wheeler (Patte) Wheeler, Miss Loudon County 1970, is in Jackson this week in state competition with 45 other contestants in the Miss Tennessee Pageant, the winner of which will compete in the Miss America Pageant at Atlantic City this fall.

Patti, daughter of Mr. and Mrs. Charles Wheeler of Dice Lee Junction, and her chaperone, Mrs. Raymond Allen, left at 6 a.m. Monday for Jackson, where she will be in rehearsals all week. On Wednesday night, Patti will perform in the talent competition -- she does a piano jazz arrangement of "Frankie and Johnny."

Thursday and Friday nights will be swim suit and evening gown competition, and Saturday night the top ten will be selected, from which "Miss Tennessee" will be chosen.

Patti's parents and her sister, Kay, and Mrs. and Mr. Bert Berger and daughter, Becky, plan to be in Jackson Saturday night for the finale.

COURTROOM ALMOST READY—Work on the main courtroom at the Courthouse in Loudon is almost complete. For about two months the courtroom and other areas of the courthouse have been undergoing some \$55,000 worth of remodeling. In the photo above the courtroom with a new judges bench and new furniture throughout is shown. Another smaller in size due to the addition of a jury room, meeting rooms, another rest room the new courtroom will feature air conditioning, lower ceilings, better lighting and will be sound proof. Work on the courtroom is scheduled to be completed this month.

AT FIRST NATIONAL OPEN HOUSE—The lobby of the new main office of the First National Bank of Loudon is shown packed with people who came to the Open House of the new facility last Wednesday. Bank President Donald Carter said that the bank directors were very pleased with the reception the people have given the new bank home. He said during the two hour open house, where numerous door prizes and cash awards were given, more than 600 people inspected the new facility.

McNabbs To Make Home In Columbus, Ohio

They were exchanged at the altar of Brookwood Presbyterian Church in Columbus, Ohio, June 13 by Miss Margaret Kramer Dougherty, daughter of Mrs. A. C. Dougherty, of Punxsutawney, Pa., and the late A. C. Dougherty, and Jerry Alexander McNabb, son of Mrs. James O. McNabb, Loudon and the late James O. McNabb.

The Reverends Keith Conning and Roy Shultz officiated at the double ring ceremony. Organ selections were played by Mrs. John Southworth.

An uncle of the bride, John W. Dougherty, escorted her to the altar. She wore an heirloom gown, worn by her paternal grandmother at her wedding. The gown featured a high-collared, ruffled neckline, lace bodice, and three-quarter length sleeves.

Rows of ruffles enhanced the full floor-length skirt and bodice. A bouffant elbow-length veil of illusion completed the outfit. She carried a rose, carnation and daisy colonial bouquet arrangement.

Mrs. Benjamin F. Buckner III was the matron of honor. Bridesmaids were Misses Kathleen B. Dougherty, sister of the bride and Ruth Konkle.

Special Philip Morrey was best man for the bridegroom, and David Robert Morrey and Richard T. Smith seated the guests.

A reception was held in the fireside room of the church immediately following the ceremony.

The new Mrs. McNabb attended Wilson College in Chambersburg, Pa., and Ohio State University in Columbus. She is employed there as a

Susan Johns Named Teen Board Presentee

Miss Susan Johns, daughter of Mr. and Mrs. Randle Johns, 732 Perry Street, has been invited to be one of the Presentees at the Tenth Annual Teen Board Presentation Dance.

The Teen Board of Knoxville is a private, non-profit organization solely for teenagers, 14-20 years old, with adult leaders. Its purpose is to get the teenagers to work and take the lead in civic and welfare projects, and to live their social and moral life to higher standards.

Each year The Teen Board of Knoxville invites outstanding and prominent girls from all over the country to be presentees at the Teen Board Presentation Dance. This year the dance will be held in the James White Civic Coliseum on Saturday, August 29. It is not a debut party, but it is one of the largest black-tie social events in the nation where teenagers and adults enjoy the same occasion. The presentee must be a high school senior or a graduate from a college preparatory school this past June. The dance is a reward for the local Teen Board Members who have done more than 50 volunteer hours in civic and welfare work.

Miss Johns is a 1970 graduate of Loudon High School where she was in the Redskin Band, serving as secretary during her senior year. She was also a member

of the National Honor Society, Future Teachers of America, Junior Classical League, the Literary Club, and the Future Homemakers of America.

This fall Miss Johns will attend Hiwassee College in Madisonville.

John Langley Has 80th Birthday

John Langley of Loudon celebrated his 80th birthday, July 10 at the home of Mr. and Mrs. Bill Cross, of Loudon. Members of the family helped him celebrate. He has six children, 20 grandchildren and 13 great-grandchildren.

4-H DRESS REVUE—These 10 girls took part in Loudon County's 1970 4-H Dress Revue. They are: back row, left to right: Teresa Goddard, Nancy Jones, Brenda Bright, Nancy Bettis, Linda Raulston and Teresa Hickey. Front row: Anita King, Becky Woods, Carolyn Hickey and Darleen Woods.

CATEGORY WINNERS—Five girls will represent Loudon County, in their respective categories, at the District 4-H Dress Revue. Pictured are Nancy Jones, Sports clothes; Brenda Bright, Junior school dress; Nancy Bettis, best dress; Linda Raulston, skirt and blouse and Teresa Hickey, senior school clothes.

Winners Named In County 4-H Dress Revue

By Karen F. Nensell
Home Demonstration Agent
Loudon County's 1970 4-H Dress Revue - with its pageant of color and finery - was held on Wednesday, July 8, at the Lenoir City Utilities Building Auditorium. Ten young ladies submitted garments they had constructed for themselves in 4-H Clothing projects, to be judged in this annual competition.

Two Grand Champions of the Dress Revue were named according to their overall participation and ratings in the competition. Champion of the Senior Division (ages 14-18) was Miss Nancy Bettis, daughter of Mr. and Mrs. Clarence Bettis, Loudon, celebrated his 80th birthday, July 10 at the home of Mr. and Mrs. Bill Cross, of Loudon. Members of the family helped him celebrate. He has six children, 20 grandchildren and 13 great-grandchildren.

Junior Division (ages 9-13) winner was Miss Brenda Bright, daughter of Mr. and Mrs. Bill Bright, Philadelphia. Both champions were given gift certificates donated by City Cloth Center, Lenoir City.

Dress Revue participants and their placings were as follows:
Sr. Skirt and Blouse - Linda Raulston, Greenback, first; Darleen Woods, Greenback, second.
Sr. School Dress - Brenda Bright, Greenback, first; Carolyn Hickey, Philadelphia, second; Becky Woods and Teresa Goddard, both of Greenback, tied for third.
Sr. Sports Clothes - Teresa Hickey, Philadelphia, first; Nancy Bettis, Loudon, second; Nancy Jones, Lenoir City, third.
Sr. Best Dress or Ensemble - Nancy Bettis, first; Teresa Hickey, second; Nancy Jones, third.

Special decorations for the Dress Revue stage were loaned by City Cloth Center, and refreshments were served at mid-afternoon by the Hines Valley Home Demonstration Club.

Marine Private First Class Douglas T. Adkins, of Route 2, Loudon, was promoted to his present rank while serving at Marine Corps Base, Camp Lejeune, N.C. His promotion was based on time in service and rank, military appearance, and his knowledge of selected military subjects.

Gunter's Honored At New Home

Mrs. Louise Grimes of Loudon and Mrs. Julie Flanagan of Turneau, Calif. held Open House Sunday, July 6, in honor of Rev. and Mrs. F. A. Gunter, new home on Poplar Springs Road, Loudon. They received many beautiful gifts.

Loudon Methodist Honor Russells On Retirement

DR. AND MRS. RUSSELL—Dr. and Mrs. Harrell McTeer Russell beam their approval at a luncheon in their honor given by members of the Loudon Methodist Church.

The membership of the Loudon United Methodist Church honored Dr. and Mrs. Harrell McTeer Russell with a noon luncheon, Sun., July 12 at the church Fellowship Hall. The Russells have recently returned to Loudon upon Dr. Russell's retirement from the Methodist ministry.

Dr. Russell, who lived in Lenoir City and Loudon during his childhood days, graduated from Loudon High School, Class of 1922. He has an A. B. degree from Emory Henry College of 1933, and a D. D. degree from Emory Henry College (honorary). Dr. Russell joined the Holston Conference of the United Methodist Church in 1927.

Russell is married to the former Frankie Evelyn Thomas, daughter of the late Mr. and Mrs. H. L. Thomas. They are the parents of two children, a daughter, Martha Evelyn now Mrs. Lawrence Johnson and a son, William Henry, a Loudon attorney. They have two grandchildren, Terry and Russell Johnson.

Mrs. Russell has given many years of service to the women's society of the Methodist church and is presently president of the Southeastern Jurisdiction Society Guild, whose territory includes all of the southern states.

Dr. Russell served eight different churches and two districts (Tazewell and Montross) Churches served were: Dill, Grundy, Narrows, Radford Grove Avenue and Garden in Virginia and Greenville, Newport and Jonesboro in Tennessee. On June 1, 1970, Dr. Russell retired at the meeting of the annual conference in Chattanooga.

The Russells have purchased the Charlie Chiazaz home on Huffs Ferry Road. They have traveled extensively over the world including trips to the Holy Land, and the Middle East

and also attended the Ober-Ammergau Passion Play in Germany.

Greenback 4-H'ers Get Scholarships

By Nancy Brooks

The Greenback Senior 4-H Club awarded scholarships to local 4-H club members for Clyde Austin 4-H Club Camp. The winners were chosen from the Greenback 4-H Club and the Glendale 4-H Club. Each winner will receive an \$18 scholarship to the summer camp in Greenville, Tennessee. Those awarded scholarships were: Miss Green, daughter of Mrs. Virginia Green; Greenback 5-6 4-H Club; Gary Brookshire, son of Mrs. Arnold Evans, Greenback 5-6 4-H Club; and Tony Vineyard, son of Mr. and Mrs. James R. Vineyard; Glendale 5-6 4-H Club.

Applications were given to the Greenback and Glendale 4-H Clubs for the scholarship contest. The members were asked what their 4-H projects were, the number of years they had been involved in 4-H, if they had ever been to camp before, the number in their family, and if they planned to join 4-H again next year. They were also asked to write a short summary of why they wanted to attend 4-H Camp. Mainly the entries were judged on the basis of the reasons given in the summary, their beginning in 4-H Club work, and if they had ever been to camp before.

The boys will attend camp July 13-17, and the girls' session will be the week of July 20-24. While at camp the boys had been trained to participate in a number of

Birthdays Celebrated

Tonya Renee Caldwell, daughter of Mr. and Mrs. Jack William Caldwell, Loudon, celebrated her fourth birthday, July 15.

Rhonda Kay Simpson, daughter of Mr. and Mrs. Edward Simpson, Grove Street, Loudon, celebrated her fifth birthday on July 8. She is the granddaughter of Rose Stephens and the late Clifford Stephens, and Fannie Simpson and the late Earnest Simpson.

sports such as swimming, badminton, ball, archery, shuffleboard and others. The camp has a new craft building where a 4-her can learn to make crafts and buy them to take home. 4-H leaders will provide organized activities and competition for the 4-Hers and supervise their adventure during their stay in the country atmosphere of Clyde Austin 4-H Club Camp.

The Greenback Senior 4-H Club is happy to sponsor this project and hope they can help these young members learn just how much the 4-H Club has to offer.

Monte Alan Brown, son of Mr. and Mrs. Tommy Brown, 920 Roseade Ave., Loudon, was two years old on July 4. He celebrated with a party on July 5.

Those attending the party were Cindy, Steve, and Kim Oran, Patti and Grey Brown, Cindy Tilley, Missy Early, Brian and Kelly Nichols, Sandy Yates, Jeff Oody, and Chris and Doug Saffles.

Monte is the grandson of Mrs. Edith O. Brown, Loudon, and Mr. and Mrs. Bryan Wilcox of Niota.

Due to the increased number of inquiries concerning the publication of children's birthday pictures, and sometimes bitter complaints if they do not appear the week they are submitted for publication, we offer the following policy on such news items:

- 1-We are happy to have any and all birthday items submitted for publication.
- 2-Only the picture and information on the child celebrating the birthday is acceptable. No group, or party pictures can be considered because of space limitations.
- 3-All such items are accepted on a space available basis and no guarantee of publication within the first weeks time can be given. All submitted will be published at the earliest available time, when space is society paper permit. Birthdays are considered as society page filler items.
- 4-All birthday publications should be submitted during the month of the birthday or as close before or after that date as possible.

Johnny Dean Selvidge, son of Mr. and Mrs. John D. Selvidge, Loudon, celebrated his sixth birthday on July 9 with a family cook out. Attending were Mr. and Mrs. Johnny Flynn, aunt and uncle of Dandridge Johnny is the grandson of Mr. and Mrs. John Selvidge, Sr., and Mr. and Mrs. Herman Strang, Arkansas City, Kansas. Great-grandparents are Mr. and Mrs. Arthur Flynn, Dandridge and Mrs. Lydia Akins, Lenoir City.

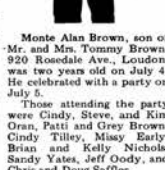

William Dwan Jones, Jr. recently celebrated his first birthday. Dwan is the son of William D. Jones and Mrs. Sara Mae Jones of Leitchfield, Ky., formerly of Loudon. Grandparents are Isaac (Ike) Rucker, Philadelphia, and Stark E. Jones of Greenville, Tenn. Dwan and his mother are currently visiting his foster grandparents Mr. and Mrs. Omer Weis of Route 4, Loudon.

Palmer In Vietnam

Marine Private First Class Troy D. Palmer, son of Mr. and Mrs. John M. Palmer of Route 4, Lenoir City, is now serving with Marine Force Logistic Command in Vietnam.

600 Attend Evangelistic Service At Philadelphia

By Calvin Lunaford
Several hundred people gathered in the Philadelphia town square last Sunday evening for a community evangelistic hour which was the culmination of a dream of two Philadelphia ministers.

Chapel with the Rev. J. T. Lawson officiating. Interment in Edgewood Cemetery, Rose Mortuary in charge.

Rev. Dwight Cagle and Rev. Fred Davis, Rev. Cagle, pastor of the Philadelphia United Methodist Church, and Rev. Davis, pastor of the First Baptist Church of Philadelphia, felt that God had opened up a way where people from all walks of life, of different denominations and races could come together in a united evangelistic service.

Taking active parts in the service were Rev. Thomas Ralledge (unable to participate because of illness), Rev. Charles Kinney gave the opening prayer instead of Ralledge. Rev. Davis delivered an inspiring message on the "Second Coming of Christ" in Athens.

A special part of the service was a testimony given by Mrs. Margie Maudin of Knoxville. Mrs. Maudin has been blind and crippled since birth, but feels that God has a useful purpose for her life.

The benediction was given by Rev. Jack Garrett, pastor of the Philadelphia Church of God.

The executive committee for the meeting consisted of: Don Brewster, director; Hugh Hill and Dennis Cagle, counselors; Roger Brewster and Corrie Misaas, ushers; Emmett Carter, Loretta Hamilton and Mrs. Lee Davidson publicity; Robert McNeill and Lee Davidson, arrangements; and Mrs. Ronnie Sainey, pianist.

Churches who participated in the service were: New Hope, Methodist Church, Philadelphia Church of God, Prospect Baptist Church, Stockton Valley Baptist Church, First Baptist Church of Philadelphia, Philadelphia United Methodist Church, Reed Springs Baptist Church and Old Sweetwater Baptist Church.

Rev. Cagle and Rev. Davis along with many others who devoted much time for the service, expressed a desire that the service can be continued in the future with meetings each month, May through September, in the Philadelphia town square.

They also stated that this and all future meetings of the Philadelphia Evangelistic Hour, a community centered endeavor for Christ, and all churches in the community will be involved.

Jackson School Reunion Held

The annual Jackson School reunion held Sat., July 11 was well attended with many out of state guests who were former students at the now closed school.

As is the usual custom, a dinner was served at noon with each former student bringing a covered dish. This year someone brought along an old hand bell and at high noon it rang out with a loud sound. The loud ringing of the bell called all students to a table loaded with food.

In attendance were students who had attended this old school 50 or more years ago. Much of the talk was about some of the mischievous acts some of the boys of yesteryear pulled at Jackson School.

Again, as in past years, since 1968 when the first reunion was held, the 1970 reunion will long be remembered.

In the past it has been the custom to hold the reunion on a Saturday in July, but the committee working on next year's program decided to change the date for the first Sunday in August, 1971 with lunch at 1 p.m.

has funded several projects in Loudon County. "From the beginning, the third district congressman has opposed this program," while his two Republican colleagues from East Tennessee and Sen. Howard Baker have supported it.

Over 40 counties in Tennessee have benefited from the brick and mortar program which this agency has engaged in since its inception in 1966," Ritter stated.

In Loudon County alone benefited:

NDEA Lenoir City Senior High School, \$2,747.
Charles H. Bacon Hospital, 186,000.
Loudon Water Facility, 81,000.
Lenoir City Sewage Treatment, 136,800.

Charles H. Bacon Hospital Overrun, 44,000.
Lenoir City Sewage Treatment Overrun, 77,000.

"I think my opponent ought to be just exactly how he would have financed these projects since he voted 'No' on the appropriation in Congress," Ritter said.

"In all fairness to the third district congressman, I should point out that in the election year he switched and backed some aspects of the program for Appalachia. However, if he should have a six-year lease on a Senate seat would he be so responsive to the will of the people?" Ritter asked.

The Nashville Republican Party has 1,000,000 federal funds have returned to the Volunteer State through this agency.

"However, Brock's negative vote would indicate he favored the funds going somewhere else. Apparently he, like our senior senator, represents another part of the country."

Ritter said he disagreed "fundamentally and fully with my opponent's past attitude on this issue. I find it hard to understand why he is willing to let Tennesseans pay federal taxes but then turns right around and votes against those same tax dollars coming back to Tennessee for the benefit of Tennesseans who paid those taxes."

"At best, in this election year he has suddenly become a temporary advocate of one program," Ritter remarked.

"At a time when a Tennessee, John E. Waters, Jr., of Sevierville, is chairman of the Appalachian Regional Commission it ought to have the solid support of the entire Tennessee congressional delegation."

The Volunteer State cannot afford the luxury of a passive supporter of this vital program which is eroding human dignity and gets people off welfare and reduces unemployment.

Howard Baker's vote in the Senate should not be cancelled out by a sometime friend of the program. The Republican Party cannot afford to gamble a Senate seat on a nominee who will be so vulnerable to the opposition on this score," Ritter concluded.

will be Victor H. Barry, Deputy State Conservationist with the Soil Conservation Service; Mrs. Paul K. Arp of Loudon County, President of the Tennessee Ladies Auxiliary; Mr. John Wheeler, Chairman of the Hamilton Soil Conservation District Board of Supervisors; J. Paul Neas, East Tennessee Vice-Director; and Steve Brumson, President, TACD.

At the conclusion of the morning session, election of officers will be held. Officers to be elected this year will be East Tennessee Vice-President and a Director from the Cleveland and Johnson City areas.

The afternoon session will consist of a bus tour of the Harrison Broiler and Catfish Farm for the men and a special bus tour to the Mason House, one of Tennessee's Historic Homes, for the ladies.

WEBSTER'S REFERENCE TO SPORTS

By Joe Webster

Putting one little word after another and whatever became of free-grabbing in this county?

As I type this article, the Pittsburgh Pirates are leading the National League's East Division by 1 1/2 games. (The rumor is that Bud Miller is now serving champagne) The question is -- Can the Bucs go the distance? In the last 45 years, the Pirates have appeared in only two World Series -- Losing to the Yankees in 1927 and beating the Yankees in 1960. (Remember Mazeroski's 9th inning home-run?)

Of the six teams who participate in the National League's East Division -- Four are very capable of winning that division. Pittsburgh, New York, Chicago, and St. Louis are all possible winners, the Phils and Montreal are not capable. The Phillies just might have made it but carloads of injuries killed their chances early. As for Montreal, they haven't been in business long enough.

In the National League's West Division, only the Dodgers stand a chance of catching Cincinnati. Right now, Los Angeles is 10 games back of the Reds. But remember this my friends -- The Dodgers have excellent pitching. And (all together now), pitching is the name of the game.

And Atlanta -- The Braves need a complete overhaul, both on the field and in the front office. They should trade some of their so called "Super Stars" and bring in some good young pitchers. If you don't believe what I'm saying, just take a look at the standings -- The Braves are "only" 20 games behind the Reds. They've been going backward at approximately the same speed that Sherman went through Georgia. On both occasions (Sherman and the Braves) dear old Gawg'ja got a raw deal.

By the time you read this, the 1970 All-Star game will be history. I know the National League's are a 7 to 5 favorite, but I'm picking the American League to win this time. I've got a hunch that Mr. Carl Yastreski is going to give an All-Star performance, both at bat and in the field. He is a great baseball player.

Cleveland pitcher, Fred Lasher, committed a monumental skull last Sunday when he hit Tony Conigliaro with a pitch. Tony C. promptly went to the mound and laid Lasher low with a kick and a punch in the snoot. Conigliaro was almost blinded in his left eye when Angel pitcher, Steve Hamilton, hit him in 1967. It is terribly unwise to hit Tony C. with a pitch -- Ask Fred Lasher.

Hey!! The Boston Red Sox are just 9 game back of front-running Baltimore in the American League East Division. Man -- I like those Red Sox.

Attention, Pee Wee Footballers!! You can register for the upcoming season this Saturday morning (10 a.m.) at the old Loudon High School football field.

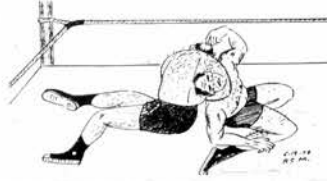

Repeating -- The Pittsburgh Pirates are 1 1/2 games out front in their division. (Bud Miller is also preparing a victory banquet).
Goodnight everybody.

EATONS GOP RALLY—Some 150 to 200 persons attended a Republican Election Rally at Eaton's School last Saturday night. The crowd, filled with local political candidates, county state candidate chairmen and supporters were served watermelon before the speaking program held at the school. Congressman John Duncan, slated to speak at the meeting, could not attend due to illness.

Pitching Improves Merchants Start Getting Baseball Wins

The Loudon Merchants are in a good position to improve their standing in the second half race of the Knox County division of the Stan Mutual League following two wins last week.

Court Meeting Might Be Explosive Session

record in the second half. The Merchants have four big games coming up this week. They face Luttrell in a doubleheader Friday night at Chilhowee Park, with the first game starting at six o'clock. Saturday afternoon they will meet Marbledale in a game beginning at three p.m. on Legion Field in Loudon. Then on Sunday, they will play Jefferson City on the Loudon diamond in a game beginning at three o'clock.

All the local Loudon County fans are urged to attend these games. They won a forfeit Saturday over Sevierville when the visiting team failed to field enough players to have the game. And Watkins Marbledale, 13-3, in Knoxville Sunday afternoon. "We sure hated to disappoint a large crowd of fans at home Saturday, but there was nothing else to do when only five or six Sevierville players showed up for the game. That hurra baseball when you disappoint the fans, because we depend on our friends who attend the

games, and sometimes some will stay away after something like this happens," said Hamp Russell. "We just hope it doesn't happen again."

Heavy hitting enabled the Merchants to swamp Marbledale Sunday. Kenny Ratledge had four hits in as many times at bat, and Danny Watkins had four hits in five trips. Donnie Ballard collected three hits in four trips.

Gary Gibson was the winning pitcher, giving up only seven hits and fanning six. Loudon scored first, getting a pair of runs in the top of the second when Ken Ratledge and Danny Watkins singled, and Danny Gibson singled and took second on an error.

Marbledale tied it up in their half of the second on a walk, another hit and an error.

The Merchants broke it open with a six run outburst in the third. Ratledge was hit by a pitched ball, Watkins, "Baldy" Simpson, Bill Birkholz, Ballard, Danny Russell and Mack Coley all followed with base hits as six runs poured across the plate.

Loudon added another run in the fourth on hits by Ratledge and Watkins and an error on a ball hit by Gibson. Marbledale tallied again in the fourth on a hit, a walk and another hit.

Controversy Over Loudon Parking Is Developing

(Continued From Page 1) both areas of the critical shortage of parking space, especially in the downtown area and that several merchants, both downtown and in the West End has gone to considerable expense to provide off-street parking, but the problem of not enough parking room on the streets was being made more serious by the number of private parking spaces for

some businesses and those rented to taxi stands by the city.

Commissioner Carey asserted that the parking area along streets belong to the public and were for their use and should not be rented or given for private use or business purposes.

A number of persons, mostly taxi owners and drivers, said that such a move would put them out of business and that they felt that their service was essential to the business of the city and what room they would have been paid for at a rate of \$75 per-space, per-year, and their being there brought the more business into the downtown area.

The members of the Commission took no action on Carey's request, but discussed the matter and most agreed there were two sides to the problem and it would require study. Mayor Carter said he would welcome comments to him or any other member of the commission on what they could do to improve the parking situation not only in the downtown business area but throughout the city. He said he was aware of the problems of the merchants and of the consumers and they could be of the most help in this situation.

On the subject of the 1970 Census Mayor Carter said he could not believe the preliminary figure of about 3500 persons in the city of Loudon could be correct and that he had started a procedure with the Census

Bureau to have a re-check made in the city. He said if the preliminary figures are anywhere close to correct then the city is in danger of losing some state and federal funds which are based on population.

The Commission voted to pay the Loudon Lions Club a partial payment of \$5,500 for the land purchased from the club for a city park at Roberson Springs. The city has received a grant of \$17,500 for development of the park, but the completion of the property purchase and ownership of the land by the city has held up receipt of the funds.

Although Police Chief John Lennax objected to the city passing on third reading an ordinance which would establish a 45 mile per hour speed limit on the Industrial Park Road, the Commission approved the ordinance after Police Commissioner Gene Lambert said he favored the 45 mph limit.

The Commission approved the adoption of the 1969 Standard Housing Code as required by the Housing Urban Development Agency for cities receiving funds for housing projects or urban renewal projects. The new code updates the 1967 Code under which the city had operated its housing program.

Four Charged In Wire Theft

Through the joint efforts of Loudon and Knox County Sheriff's deputies four men have been charged in the theft of thousands of dollars worth of copper wire which they allegedly cut from power lines themselves in the two counties.

Loudon County Chief Deputy Fred Sheppard said he and other local deputies along with Knox County officers were involved in a chase early last Thursday

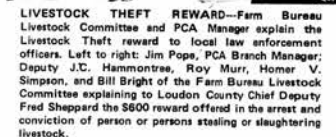

morning which lasted well up in the day before four men were arrested and charged with the theft. Sheppard said that for several months, in almost all areas of Loudon County and surrounding counties literally miles of copper wire has been stolen from utility poles and in some cases the areas left without electricity for some time.

Arrested by Sheppard was Virgil Smith, 24, of Knox County who was turned over to Knox County officers who made the other three arrests. Those were identified as George W. Price, 22, Donald Wayne Brunum, 24 and Leonard Lee Grant, 24, all of Knoxville.

The incident Thursday morning which led to the arrests took place in the Choto Road and Concord Road sections of Knox County near the Loudon County line.

HORSE SENSE

By James A. Pope

Op P - Y Saddlery, Loudon

A fine afternoon and evening was enjoyed July 4th at the Philadelphia sponsored Horse Show held at the Loudon area by hundreds of horse enthusiasts. Approximately 250 entries competed for several hundred dollars prize money. Congratulations are in order to Bill Millaps, "Forky" Campbell, "Pop" Curtis, Hal McCrary, Sara Ann Elsander, Whitney Harrison, Lee Ann Curtis, Andy Millsaps, John Pope, Clayton Stamey, and Rusty Campbell, some of the local participants who won ribbons in their various classes. I thought Alf Hicks and "Queenie" did a fine job of presenting the flag. A fine horse, adorned in a beautiful parade saddle and bridle, with Alf holding Old Glory high and proudly, added that very important touch to the afternoon's festivities.

All Western Show - For those of you who are interested in the Western type horse show, make plans to attend the Ropsh Ranch Show in Concord to be held this Saturday and Sunday. (Saturday show begins at 10:00, Sunday show at 1:00) July 18-19. Various halter classes are planned along with barrel races, pole bending, rescue race etc. Also the usual Western pleasure, ladies pleasure, and old-timers classes will be held.

ETHSA Show - Cleveland, Tennessee will be the place on Saturday, July 18, 1970 beginning at 7:00 p.m., Spring City, Tenn., on July 25 and Sevierville on July 31, 1970. Remember these shows are sanctioned by the East Tennessee Horse Show Association with points going toward the big trophy this fall.

TO THE CITIZENS OF LOUDON COUNTY:

Certain misstatements of fact concerning an alleged shortage or misappropriation of funds of the Circuit Court Clerk's Office have been recently reported in area and local news media. I would like to take this opportunity to say that I disagree with the recent audit made of my office records and sincerely believe that there is no shortage nor has there been any misappropriation of funds.

An independent audit, AT MY EXPENSE, is presently being conducted. The results of this audit will be made public.

I believe that the statements as reported in the News Media were politically motivated. I did not refuse to repay any shortage as reported, but have always maintained that I will repay any funds demonstrated to be owing by a competent audit.

I sincerely solicit your vote and support on August 6, 1970.

Sincerely yours,

Bobby J. Knowles

Your County In Action

BY
Harvey L. Sproul
LOUDON COUNTY JUDGE

Naturally there is quite a bit of discussion concerning the proposed County Tax rate for 1970. I agree with those who are saying that the county property tax rate cannot continue to go much higher. There are good reasons why it is where it is and why it will be close to the figure recommended this year. But Loudon County is going through a transition from some other source for needed improvements in the future. The property tax rate has had about all it can hold after this year.

Almost anything can be proved with figures - it just depends on who is using them and how.

Basically, however, it is a rather simple operation to explain the proposed tax rate for this year, to wit: you take the appraised value of all of the private property in the County; then take 30% of this amount as this is the assessment percentage for this year (which resulted after the Southern Railway and L&N lawsuits were won by the railroads); then take 90% of this, and that gives you the assessment value of the taxable property.

Of course, the other figure is the utility and railroad figure. These assessments are made in Nashville and are on a 50% basis (rather than 30% as shown above). So the State certifies to Loudon County the value of the utilities assessments and this is added on to the above figure to give the total local assessment. The next thing you do is see how much money has to be spent from local sources, to go with the money coming from the Federal and State, and you then figure what tax rate will bring in enough money to pay the bills.

So if you want to see what causes an increase in the tax rate for 1970 in contrast to 1969, you have to look and see what part of the budget has an increase in it, or where you are failing to get money from other sources this year that you received the previous year.

Of course, one of the places that as private tax payers in Loudon County have had to pay more money every year, resulted from the winning of the lawsuits by the railroads, and the subsequent action by the

far as local tax money is concerned, and most of this was because of the new Federal Wage and Hour Law. Under the General Fund the approximately \$30,000 increase was because of the increased cost of law enforcement, jury fees and elections, all of which we have to have and in which there is not too much chance of saving money. It seems to me that part of the problem lies in the fact that we have postponed in Loudon County for too many years some of the things that had to be done. So, when they have to be done they have to be done, and this happened to come at the same time that the property tax crisis caused by the railroads and utilities arose. There may be some hope of clarifying this situation by classifying farm and residential property through "Question 3" which was passed and which the Constitutional Convention will consider this next year. When you ask for a specific recommendation as to where to cut, this is a different question. Although 25% of the people may not want to give the school teachers a raise, maybe 60% of the people want to give them a raise. Twenty-five percent of the people may not be willing to pay (or more law and order, but 75% are demanding more law and order. How do you balance the equities? All you can do is to do the best that you can.

Legislature to attempt to comply with the Court decisions. For instance, Loudon County in 1966 depended fairly heavily on the utility and railroad taxes to pay its local bills. When Loudon County set a \$6.36 tax rate, the railroads and utilities had to pay that same rate; (we are paying on the basis of a 10% assessment) and they were paying on a 30% assessment. So after equalization was done under State law, the property tax rate had to be lowered because private taxpayers were paying on a rate based on an assessment percentage that was first 15%, then 20%, then 25%, and this year 30%; and so the tax rate was lowered and no new railroads and utilities are paying a tax rate of \$2.43 instead of well over \$6.00 that they were paying before. So each year private taxpayers are having to pay more of that and that is one reason that taxes are having to go up - almost a 40% increase on local taxpayers between 1966 to 1972 being caused by railroads and utilities.

Why the people who are criticizing do not bring out this fact when many last year are well aware of it, is something I do not understand. In addition we have a natural increase in the inflation which causes some increase in the amount of money needed. The new tax payers which are approved by a majority referendum of the people, is approximately 25 cents on this year's tax rate. The new courtroom which had to be done in the interest of law and order and justice will add some to the tax rate this year.

I noticed an analysis by former Squire H.M. Adams in the News Banner last week, and I thought he had a fairly good explanation of the situation. The big increase was in our Bond Debt Fund of approximately \$1,210,000 over the payments last year. This was caused by the hospital, and by a decrease in the amount of Capital Outlay Funds available from the State. The County is just now really getting to the big job of paying principal and interest on the two new high schools which were built. The School Fund has about a \$22,000 increase, so

the years pass. It seems somehow that the years with record speed.

Possibly a picture we have this week was one of those that have this sort of effect on me, because it reminds me of those years at Loudon schools, which hold for me, some of the most pleasant memories. Many of those pleasant memories we connect directly to school days and school friends.

Other schools, regardless of where they are located, have meaning and memories for their past students. I suppose

that is why school pictures always create a lot of interest among our readers and we are always grateful for the response by letters and telephone.

This picture was taken at the Loudon Grammar School, more years ago than we know. We will guess the year to be in the early thirties, and could very well be wrong.

The students are identified as follows: Britton Keiso, Mack Jones, Noah Purdy Jr., Gilbert Keiso, Leroy Stoullon, Ben Furrow, James Goodman, Ben Cox, Harrison Calhoun, Second row Junita Wiley McCollister, Helen Wrenn, Kate Pardue, Josephine Smith Letler, Marjorie Luck, Grace Hyde, June Ridings McCollister, Tootsie Miller, Helen Woods and Bobby Ogle.

attended the Poplar Springs School reunion and heard someone mention an old school group picture which was made at the school. We thought maybe the owner of such a picture would loan it to us for this column. Would certainly appreciate it.

We would like very much to be able to be around 50 years from now when the time capsule will be opened. Of course, as you know, it was recently buried on the courthouse lawn. One reason, we saw a man with an envelope sealed several times over, and he had a real sneaky smile on his face. Can't help but wonder what information he buried in his envelope.

We were talking to Mrs. Leroy (Markwood) Rhea the other day and she asked that we try through this column to help locate a picture of the old Markwood School. We had one which we used sometime back which was loaned to us by Mrs. Robert Stalcup, but didn't show much of the school building. Someone just by chance might have one in their picture collection. If so, Mrs. Rhea would like to copy it. She will greatly appreciate it because she is trying to complete some family history.

R-C Life Saving

An American Red Cross Junior and Senior Life Saving Course will be offered at the Harrison Pool, Loudon, July 20-24, 27th and 28th, 9 to 12 a.m. Rev. Jack Ferguson, water safety instructor, will conduct the courses.

To qualify you must be a strong swimmer, past the 11th birthday for juniors, and past 15th birthday for the seniors.

You may register for the

Dale Carnegie Sample Lesson

The Lenoir City Civitan Club will hold a free Explanation Meeting of the Dale Carnegie Course Tuesday night, July 21st, at the Lenoir City Utilities Building.

The Civitan Club is bringing the world-famous Dale Carnegie Course to Loudon County as a service in developing leadership abilities. The Explanation Meeting is to explain the different areas of leadership that are covered in the Dale Carnegie Course. A person would be able to see how the program is taught and how he might be able to benefit, and also see an amazing Memory Demonstration.

Everyone is invited to attend the Explanation Meeting, which will begin at 7:35 p.m.

For further information call E.G. Dean at 986-2046 or J.W. Wilburn at 986-3501.

Legion Auxiliary Meets Thurs'ay

The American Legion Auxiliary, Post 120 of Loudon will meet at the Legion Building, Thursday night, at 7 p.m. and motor to Lenoir City for an installation of officers service. The joint meeting of the two auxiliaries will be held at the Memorial Building. Thursday night is also the regular meeting night of the Lenoir City Auxiliary and new officers for both clubs will participate in the installation service.

Transportation to Lenoir City will be available at the Legion Building in Loudon, only at American Red Cross, 986-3468. Class limited.

Our other picture this week is of a group of Pacey boys and their old cars. Only one we know in this group is Lonnie Oody. Don't have any idea if it was a family get-together or some other occasion. Neither do we know why the boys are carrying the others on their backs. Oh, well, maybe Lonnie will come up with an answer.

SENATOR HOWARD H. Baker, Jr., speaker at the Republican Rally held at the Loudon High School Saturday night, talks with Congressman Bill Brock, candidate for the senate race.

Candidates Impressive At GOP Rally Here

An estimated 450 to 500 persons attended a Loudon County Republican rally and fund raising dinner Saturday night at Loudon High School cafeteria and auditorium.

And in return for their \$5 per plate, they received not only dinner but a chance to hear a major address by U.S. Senator Howard Baker Jr., as well as brief campaign talks by most of the major Republican candidates for state-wide office.

Sen. Baker, departing from a previously planned address, related, and elaborated on a brief conservation he said he had had with two young people earlier in the evening.

He urged his hearers to develop "a decent respect for the opinions of others."

There are several reasons, he said, why America is in turmoil, and the situation in Southeast Asia is not the entire cause, "not even a major fraction of it."

He cited "forces of change" which are "not entirely understood" by either the young people or adults.

Paul Edens, Assistant director of Highway Planning with the Tennessee Highway Department from Nashville, was present at County Court and explained the proposals from the state concerning access roads and interchanges from Interstate 75 at Sugar Limb and at Philadelphia.

At the end of the discussion on the connector roads the court voted to study the proposal until their next meeting in September.

Electric Rates Going Up-TVA

An estimated \$115 million increase in TVA power rates beginning this fiscal year that began this month will be necessary to meet requirements of Federal law.

New rate schedules now under consideration would increase TVA rates to the region's consumers by about 23 percent over present levels.

Mr. Burnett said that as soon as the board has all the information on the rate hikes from TVA, they will announce the local electric power rates and when they would first become effective.

Electric rates for TVA power will continue to be well below national averages.

Mr. Edens said that there are three proposed routes for the Sugar Limb access road. The most desirable, he said, is from a point at the present road to a point along the Tennessee River and back to U.S. 11 about 500 feet North of the railroad overhead bridge.

Mr. Edens said that the construction of the two access roads must come at the same time or before the Interstate route, or at least the State and Federal Bureau of roads must have definite assurance that they will be completed.

CITIZENS PACK COURTROOM—About 200 Loudon County citizens, mostly school teachers interested in getting a raise and increased school budget for teaching supplies, and members of the Loudon County Taxpayers Association, wanting the lowest possible tax rate filed the new main courtroom at the courthouse at Monday night's tax rate session of the County Court.

Loudon County Court set a tax rate of \$3.43 per \$100 assessment Monday night same as last year — after delaying consideration of the tax question from Monday morning so more people could be present.

However, the tax rate represents an increase, since assessments, by state law, will be upped from last year's 25 percent to 30 percent of appraisal this year.

About 250 persons crowded into the newly-renovated (and yet uncompleted) courtroom at the courthouse, all of them apparently there to protest increasing taxes.

And the courtroom was one of their complaints. The renovation — which includes a new jury room, new judge's chambers, rest rooms, air conditioning, noise-proofing of the windows, and new furniture and fixtures in the main courtroom — is being carried out at a cost of about \$55,000, to be paid off over the same time as the new courtroom seats a fewer people, the air conditioning is not finished, and the air conditioning is still to be adjusted, storm windows are not applied outside to nooseproof them, and it was observed that part of the space in the old courtroom went for the two new rooms and restrooms.

don't realize the heavy load on the Sheriff's Department. We have only five deputies to patrol the county 24 hours a day, and they work 16 hours a day, seven days a week to do it. When they go in at about 2 a.m., they can expect to be called out one to three times before daylight... When the phone rings at 2 a.m. and a mother says her 12-year-old child has run away from home, she expects service, and we give it. I don't see how anybody can ask a cut in the Sheriff's budget."

George Wendell, who lives near the Knox County line, spoke several times, at one point proposing legal action in Loudon County as a new source of revenue. Loudon County is buying whiskey in Knox County and they are getting the tax revenue from it, he pointed out.

TWO HOPEFULS SHAKE HANDS—Winfield Dunn, republican candidate for governor, shakes hands with Ralph Wear, candidate for Register of Deeds, at the republican rally Saturday night.

Wampler Named To School Board
On a five to four vote, the court elected Lenoir City industrialist and civic leader, Wm. Wampler, who is also a court, to the Loudon County School Board. Both Wampler and C.E. Thompson, of Philadelphia, who had served 21 years on the board and has

will require all garbage dumps to be operated as sanitary landfills, with all materials covered with dirt daily.
The new law, Mr. Garrett said, makes it easier for a county to operate a land fill than any other agency. He called it a virtual certainty that both Loudon City and Loudon, as well as private garbage contractor Jack Johnson, when they are forced to go to a land fill operation, will find it less expensive to contract with the county to provide a central land fill.
Land, he suggested, can be obtained from TVA. Any TVA property which can be shown to be suitable for such a purpose, can be made available.
At present, he said, Loudon City is covering its garbage about twice a week and Loudon less frequently.
County Sanitarian Bob Proops, who has been working with Mr. Garrett on the survey, said 80 random dumps have been discovered.
Even Luttrell, with its large population, has two such dumps, he pointed out, and the piles are getting larger.
Surprisingly, Mr. Garrett said, the survey revealed that the counties of Loudon and Giles, which have about 40 percent of the households are participating.
The survey picks up garbage from the backs of homes once a week for \$2.50 per month.
Under the new state law, county-wide garbage collection soon will be required. Mr. Garrett discussed alternate methods:
1) Contract with a private contractor for every household garbage service. This could be done for about \$2.00 per household per month.
2) Bulk container system. Dumpsters would be spotted about every six miles at intersections of rural roads. Residents would be encouraged to take their garbage to the bulk containers. The county would provide the road or in a random garbage dump. The county would provide a packer truck to pick up the bulk containers and carry the contents to a central land fill. About 50 containers would be required and operation of this system would cost about \$20,000 per year. Experience shows this type of volunteer assistance in purchase of equipment.
The court decided to await a written report of the survey and to investigate application for Federal grant for assistance in purchase of equipment.

Assuming collection of 92 percent rather than the recommended 90 percent of current year's property taxes, anticipated revenue, Mrs. June Custard, Budget Director, reported that this year's collections were 91.38 percent.
Within the surplus cuts, totaling \$22,700, plus the percentage change, Mr. Foster said, revenue will lack only about \$400 or \$500 meeting the \$1,083,000 needed.
Mr. Foster's motions on resolutions to approve the budget and to set the tax rate at \$3.43 were seconded by Squire Idus Conner and the vote was unanimous.
The Windmill proposals for reductions included figuring collections at 92 percent, instead of 90 percent, and anticipation of the same rate increase in utility assessments. It was pointed out that utility assessments come from Nashville, without local control.
Another proposal was to raise the room rate at the hospital \$5 per day and apply the increase to hospital bond payments. Mr. Foster said he had not favored the hospital, but that the people had voted for it in referendum and he felt the Hospital Board should be allowed to operate the hospital this year according to their own plans.
"Then next year, if they show a profit, I'll be for applying it to the bonds," he said.
Mr. Williams proposed cutting the Sheriff's department increase back to last year's level, plus six percent for inflation. Sheriff Freeman Russell explained that most of the increase would go to his one additional deputy. "People (Continued On Page 8)

the years pass. It seems somehow that the years with record speed.

Possibly a picture we have this week was one of those that have this sort of effect on me, because it reminds me of those years at Loudon schools, which hold for me, some of the most pleasant memories. Many of those pleasant memories we connect directly to school days and school friends.

Other schools, regardless of where they are located, have meaning and memories for their past students. I suppose

that is why school pictures always create a lot of interest among our readers and we are always grateful for the response by letters and telephone.

This picture was taken at the Loudon Grammar School, more years ago than we know. We will guess the year to be in the early thirties, and could very well be wrong.

The students are identified as follows: Britton Koles, Mack Jones, Noah Purdy Jr., Gilbert Keller, Leroy Simulian, Ben Furrow, James Goodman, Ben Cox, Harrison Calhoun. Second row Jimmy Tilley, McCollister, Helen Wrenn, Kate Farber, Josephine Smith, Lester, Marjorie Luck, Grace Hyde, June Ridings McCollister, Tootsie Miller, Helen Woods and Bobby Ogle.

Third row Georgie McCollister Williams, Mae Thornburg Whaley, Helen Thompson, Ruby Alheart, Bertha Cripp, Howard Wayman. Fourth row Ruth Williams, Irene Tuck, two Henson children, Archie Miller, James Thomas, another Henson boy, Bob Huff, Kenneth Julian and the teacher, Joyce Lomas Cleveger. Our many thanks to Mrs. Helen Thompson for the loan of this picture.

Our other picture this week is of a group of Piney boys and their old cars. Only one we know in this group is Lonnie Oady. Don't have any idea if it was a family get-together or some other occasion. Neither do we know why the boys are carrying the others on their backs. Oh, well, maybe Lonnie will come up with an answer.

The other Sunday we attended the Poplar Springs School reunion and heard someone mention an old school group picture which was made at the school. We thought maybe the owner of such a picture would loan it to us for this column. Would certainly appreciate it.

We would like very much to be able to be around 50 years from now when the time capsule will be opened. Of course, as you know, it was recently buried on the courthouse lawn. One reason, we saw a man with an envelope sealed several times over, and he had a real sneaky smile on his face. Can't help but wonder what information he buried in his envelope.

We were talking to Mrs. Leroy (Markwood) Rhea the other day and she asked that we try through this column to help locate a picture of the old Markwood School. We had one which we used sometime back which was loaned to us by Mrs. Robert Stalcup, but didn't show much of the school building. Someone just by chance might have one in their picture collection. If so, Mrs. Rhea would like to copy it. She will greatly appreciate it because she is trying to complete some family history.

R-C Annual Meeting Set

The Loudon County Chapter American Red Cross annual meeting will be held, Thurs., July 23, 7:30 p.m. at the Lenoir City Utilities Building. Dr. Walter C. Shea, Jr., County chairman, urges all members to attend.

Everyone who contributed \$1 or more to the United Fund is a member of the Loudon County Red Cross. All Red Cross activities through the year will be related and awards presented that night. The International Student Art Exhibit will be on display. Mrs. Pat Dougherty, Division Director, Red Cross Youth, from ARC Smoky Mountain Division Headquarters, will explain the program.

R-C Life Saving

An American Red Cross Junior and Senior Life Saving Course will be offered at the Harrison Pool, Loudon, July 20-24, 27th and 28th, 9 to 12 a.m. Rev. Jack Ferguson, water safety instructor, will conduct the course.

To qualify you must be a strong swimmer, past the 11th birthday for juniors, and past 15th birthday for the seniors. You may register for the

Dale Carnegie Sample Lesson

The Lenoir City Civitan Club will hold a free Explanation Meeting of the Dale Carnegie Course Tuesday night, July 21st, at the Lenoir City Utilities Building.

The Civitan Club is bringing the world-famous Dale Carnegie Course to Loudon County as a service in developing leadership abilities. The Explanation Meeting is to explain the different areas of leadership that are covered in the Dale Carnegie Course. A person would be able to see how the program is taught and how he might be able to benefit, and also see an amazing Memory Demonstration.

Everyone is invited to attend the Explanation Meeting, which will begin at 7:35 p.m.

SENATOR HOWARD B. Baker, Jr., speaker at the Republican Rally held at the Loudon High School Saturday night, talks with Congressman Bill Brock, candidate for the senate race.

Candidates Impressive At GOP Rally Here

An estimated 450 to 500 persons attended a Loudon County Republican rally and fund raising dinner Saturday night at Loudon High School cafeteria and auditorium. And in return for their \$5 per plate, they received not only dinner but a chance to hear a major address by U.S. Senator Howard Baker, Jr., as well as brief campaign talks by most of the major Republican candidates for state-wide offices. Sen. Baker, departing from a previously planned address, related, and elaborated on a brief conservation he said he had with two young people earlier in the evening. He urged his hearers to develop "a decent respect for the opinions of others." There are several reasons, he said, why America is in turmoil, and the situation in Southeast Asia is not the entire cause, "not even a major fraction of it." He cited "forces of change" which are "not entirely understood" by either the young people or adults.

Discussing the war in Vietnam, he said he had "grown weary of hearing President Nixon accused of widening the war in Vietnam," when he is the only President of four who has taken steps to reduce U.S. troops there by returning 100,000 men from the war zone and promising to return another 150,000 by next spring.

"He has kept every promise" he has made about Vietnam and "really understands to be disbeliever on the issue," the Senator said. Sen. Baker was introduced by Second District Rep. John Duncan, himself a candidate for reelection to Congress.

Sessions Judge Tom Ingram served as master of ceremonies. He introduced all local candidates for office and, early in the meeting, presented "The Merry-makers," local folk singing group.

Party Chairman Harry Wampler expressed gratification in the number attending. "We have taken in more than 450 dinner tickets," he said, and three are several, like myself, who have not had a chance to

Paul Edens, assistant director of Highway Planning with the Tennessee Highway Department from Nashville, was present at County Court and explained the proposals from the state concerning access roads and interchanges from Interstate 75 at Sugar Limb and at Philadelphia. The state and Federal Bureau of Roads must approve the design of these interchanges recently but stipulated that the state must provide for the most important roads the court voted to study the proposals until their next meeting in September.

Mr. Edens said that there are three proposed routes for the Sugar Limb access road. The most desirable, he said, is from a point at the present road to a point along the Tennessee River and back to U.S. 1 about 100 feet North of the railroad overpass bridge. This road would be about two and one-half miles long and would cost for construction, rights of way, engineering, and other costs about \$500,000. One of the other proposals would follow the same route, but intersect with U.S. 1 further to the north. The cost would be about the same. The third proposal would follow the present Sugar Limb Road route through heavily populated areas and the cost, is estimated at some \$770,000.

Philadelphia access roads of about two miles in length would cost some \$600,000. The higher cost is because of a bridge over the Southern Railway tracks, Edens explained. The road would connect with U.S. 1 about a quarter mile from the present Philadelphia road, but follows the present road from the Interstate into Philadelphia, then swings north to miss the townsite itself.

Mr. Edens said the specifications for the connectors are made by the U.S. Bureau of roads and they include at least 600 feet of right of way, 24 feet of pavement and 100 foot shoulders.

Mr. Edens said that the construction of the two access roads must come at the same time or before the Interstate route, or at least the State and Federal Bureau of roads must have definite assurance that they will be completed by the time I-75 is completed or else the ramps at the interchanges will not be included in the government appropriation. He said this alone would cost the state about \$500,000 in federal funds, since the federal government pays from 90 percent of the interstate highways and interchanges. He said if this is not done when the final design is approved, it is highly likely that the county would have to pay for the interchange ramps if the connector roads are constructed.

He explained that the state has a matching fund financing arrangement which would pay for half of the costs of the connector roads proposed for Loudon County. This would give the county the funds to pay for about \$500,000 he said. He said to assure the good faith of the state, the state requires the county to pay for all the engineering work on the proposed roads, about \$30,000 at Sugar Limb and \$40,000 at Philadelphia - but that this would be returned to the county when the work starts and is included in the overall projected costs.

Mr. Edens also explained that if the county goes the route of the matching funds from the state, the county could not use any federal secondary funds or rural road money. He said federal secondary money could be used, but that state matching funds could not be used if they were.

Wampler Named To School Board

been chairman for the past 14 years, were nominated for the post. Thompson's seven year term on the board expired July 1. Wampler was nominated by Squire R.F. Hamilton and received his other votes from Squires I.D. Connor, Henry Foster, Jim Hartsock, and Curtis Williams. Thompson was nominated by Squire Jack Lefler and received other votes from J.J. Blair, Roy Bledsoe and J.G. Hudson.

Mr. Wampler, who had said earlier that he had not sought the post, but would accept if the court wanted him, said he was vitally interested in the county school system and would apply himself to the task of providing the best possible education for the children of the county.

Superintendent of Education Albert Dukes said that the board would probably elect a new chairman at its next meeting. Dukes said he was sorry to see Thompson leave the board, but he had been a very valuable and dedicated member, but he knew from personal experience that Mr. Dukes is a valuable asset and that he has proven his ability not only in business but in the office of the county court and in other ways also.

Judge Objects
Judge Harvey Sprout, in his report to the court, stated that he has taken an official position of objection on the part of the county to the hiring of Bobby Knowles as an employee in the Circuit Court Clerk's office while Mr. Knowles was under indictment by the Grand Jury. Mr. Knowles faces charges of embezzlement and arson for some \$8800 in funds from the clerk's office and a fire which destroyed many of the financial records in March of this year just prior to an audit of the records.

Judge Sprout said he is not prejudiced against Judge Knowles, but he felt, for the sake of the county on matters which might be a fire which destroyed many of the financial records in March of this year just prior to an audit of the records. The court decided to await a written report of the survey and to investigate application for Federal grant for assistance in purchase of equipment. Charrette Explained

Loudon County Court set a tax rate of \$3.43 per \$100 assessment, Monday night - same as last year - after delaying consideration of the tax question from Monday morning so more people could be present.

However, the tax rate represents an increase, since assessments, by state law, will be upped from last year's 25 percent to 30 percent of appraisal this year. About 250 persons crowded into the newly-remodeled (and yet uncompleted) courtroom at the courthouse, all of them apparently there to protest increasing taxes.

And the courtroom was one of their complaints. The renovation - which includes a new jury room, new judge's chambers, rest rooms, air conditioning, noise-proofing of the windows, and new furniture and fixtures in the main courtroom - is being carried out at a cost of about \$65,000, to be paid off over two years. Now the new courtroom seats fewer people, the air conditioning is noisy and trucks can still be heard from outside. Clyde Wesson, one of the protesting taxpayers, pointed out County Judge Harvey Sprout explained that the work is only about two-thirds finished, but the air conditioning is still to be adjusted, storm windows are to be applied outside to noise-proof them, and it was observed that part of the space in the old courtroom went for the two new rooms and restrooms.

At one point, Doug Williams, president of the Loudon County Taxpayers Association, and chief spokesman for the crowd, said he felt that if Knox County could cut its tax rate the same thing... and if they can't we can get rid of them and elect some who can.

He offered several proposals, which, he said, could bring the tax rate down to \$3.00. Squire Henry Foster commented on each of Mr. Williams' proposals, but he offered a motion of his own which would reduce a previous recommendation of \$3.61 to \$3.13. Included were the following: 2) Fund Surplus by \$12,226, leaving \$40,000.

2) Fund the Bond Debt Fund Surplus \$6,775, leaving \$22,000.

3) Cut the School Dept. Surplus by \$4,299, leaving \$31,650. (Surpluses are required to meet expenses at times of the year when top money is not coming in.)

4) Assume collection of 92 percent rather than the recommended 90 percent of current year's property taxes, reflecting an increase in anticipated revenues.

Mrs. June Custard, Budget Director, reported that this year's collections were 91.38 percent.

With the surplus cuts, the total is \$22,700, plus the \$3,430, Mr. Foster said, revenue will lack only about \$400 or \$500 meeting the \$1,083,000 needed.

Mr. Foster's motions on resolutions to approve the budget and to set the tax rate were seconded by Squire I.D. Connor and the vote was unanimous.

Mr. Williams' proposals for reductions included figuring collections at 92 percent rather than 90 percent, and anticipation of the same rate increase in local property assessments. It was pointed out that utility assessments come from Nashville, without local control.

Another proposal was to raise room rates at the hospital to \$5 per day and apply the increase to hospital bond payments. Mr. Foster said he had not favored the hospital, but that the people had voted for it in referendum and he felt the Hospital Board should be allowed to operate the hospital this year according to their own plans.

"Then next year, if they show a profit, I'll be for applying it to the bonds," he said. Mr. Williams proposed cutting the Sheriff's department increase back to last year's level, plus six percent for the County Jail. Freeman Russell explained that most of the increase would be for his one additional deputy. "People

don't realize the heavy load on the Sheriff's Department. We have only five deputies to patrol the county 24 hours a day, and they work 16 hours a day, seven days a week to do it. When they go in at about 2 a.m., they can expect to be called one to three times before daylight... When the phone rings at 2 a.m. and a mother says her 12-year-old child has run away from home, she expects service, and we give it. I don't see how anybody can ask a cut in the Sheriff's budget."

George Wendell, who lives near the Knox County line, spoke several times, at one point proposing legal liquor for Loudon County as a new source of revenue. Loudon Countians are buying whiskey in Knox County, and they are getting the tax revenue from it, he pointed out.

At the beginning of Monday night's meeting, when the floor was opened for citizens to raise their questions, former judge and former county school official, H.M. Adams, asked Superintendent Sprout to tell the court what had been cut from the school budget. He said that \$26,000 taken out of the school budget had replaced.

At the post-meeting Sprout asked Superintendent Sprout to tell the court what had been cut from the school budget. He said that \$26,000 needed to raise the teachers pay index scale to the level approved when the one cent local sales tax proposal was adopted. Dukes said that the \$26,000 was taken from 11 various items in the budget with major portions coming from transportation services, \$5000, and smaller amounts from janitorial services, consulting fees, extra teacher fees, substitute teacher funds and other.

Mr. Adams said he strongly urged the court to add these services back into the school budget, although the budget committee told the school board that it would be cut if the teachers were to receive their pay scale. He said that the school board had sold to the public they were told that school supplies would be cut, but the idea was not to have to furnish them in the future. He said that the teachers had had their supplies were vital to the overall teaching program.

Mr. Adams said that the transportation cut would take one bus out of service and would take away from the time some child would have at school or cause some to have to leave home earlier and get back later.

Hospital
Squire Connor said that the Hospital Board had determined to get the old Bacon Hospital licensed for continued operation as a general hospital after the new Loudon County Memorial Hospital is built, but that there are many problems involved, most of them coming from the Medicare office. He said Medicare requires a sprinkler system and solid doors in the building, a full time pharmacist and a part time pathologist.

On the subject of a new hospital Connor reported that the board was continuing to consider the proposal for establishing practice in Loudon County and he was confident that there would be new doctors in the county by late this year. He stated the reception the contacts were being given were very encouraging.

Funds Invested
The Squires approved the investment of \$100 in bond debt fund money in U.S. Treasury Bills for one year period. The project on withdrawal if needed to make payments on the bond debt between the end of January of next year when some \$200,000 in payments are scheduled.

Loudon County Trustee J.V. Schrimmer was relieved of some \$2623.50 double assessments by the court and also accepted some \$760.02 in property tax pickup reported by the Trustee.

The Court, in its 11th session, session, approved the County payment to the Tennessee State Planning Commission for summer, Squire I.D. Connor said he didn't know what the county would have done without the help of Lee Crabb and other Planning Commission employees who helped set up the County Planning Commission. Loudon County has been without a Planning Commission for several years, Judge Sprout noted.

The Court postponed a (Continued On Page 8)

Bridges-Simmons Vows Exchanged

Miss Karen Lee Bridges, daughter of Mr. and Mrs. James E. Bridges of Morristown, Indiana, became the bride of Arthur O. Simmons, son of Mr. and Mrs. N. R. Simmons of Philadelphia, at 8:00 p.m. June 27, at the Philadelphia United Methodist Church.

The Reverend James Hartless performed the double ring ceremony before an altar banked with gladioli, fern, and lighter tapers.

Following the ceremony a reception was held at the church. Assisting in the serving were Mrs. Thomas L. Bridges, Mrs. Steven L. Bridges, Mrs. Pat Baker, and Miss Betty Koulette.

After the wedding vows were completed the bride and groom lighted the wedding candles with two lighted tapers.

Mr. and Mrs. James Hartless performed the double ring ceremony before an altar banked with gladioli, fern, and lighter tapers.

Wedding music was presented by Don Brewster, vocalist, and Mrs. James P. Wains, organist. Selections included "Whither Thou Goest," "O Perfect Love," and "The Wedding Procession."

Given in marriage by her father, the bride wore a gown which she designed and made herself. The dress was of organza, banded with Venice lace extending down the front of the dress, sheer sleeves, and a built-in chapel train. Her floor length veil of illusion was held by a crown of Venice lace. The bridal bouquet was of roses and lilies of the valley mounted on a white Bible. Her jewelry was a bracelet worn by her grandmother in her own wedding.

Miss Fatsy Bowman of Indianapolis, Indiana, was maid of honor. Bridesmaids were Miss Jenna Brown of Oak Ridge, Mrs. Curtis D. Bauman of Athens, Ga., and Mrs. David Brewster of Loudon. All the attendants wore empire gowns of aqua organza with sheer sleeves and aqua tulle headpieces. The attendants carried colonial bouquets of white and aqua daisies.

Thomas L. Bridges served as best man. Groomsmen were Steven L. Bridges, David L. Bridges, and John M. Bridges, all of Loudon.

Mrs. Bridges chose an aqua silk with white accessories for her daughter's wedding. Her

corriage was a white orchid. Mrs. Simmons, mother of the groom, wore a pink crepe ensemble with a lavender orchid corsage.

After the wedding vows were completed the bride and groom lighted the wedding candles with two lighted tapers.

Schrimsher Out For Football At West Point

The latest report from Mike Schrimsher, Loudon High School graduate who received an appointment to West Point, is that he is well pleased with West Point life. Mike, who reported in on July 3, has spent much of his time in orientation and is generally getting acquainted with his new surroundings and friends.

Leo Schrimsher, Mike's father who resides at 913 Vale Street in Loudon, stated that in a recent letter from Mike he expressed the feeling that life at West Point was just great. He says that the food is really good. To date he has participated in several sporting events, and was to report for football practice this past week.

Mike played football for four years with the Loudon Redskins, and was in hopes when he left that he would have a chance to play football at West Point.

Parkers Wed Here, Live In California

Pvt. Lt. Class and Mrs. Sanford Lee Parker are making their home in Santa Ana, California, following their wedding July 4 at Reed Springs Baptist Church. The Rev. Bernard Courtney officiated.

A program of nuptial music was presented by Mrs. Dean Kiser, organist and Miss Chris Moore, vocalist. Selections included "O Promise Me."

The bride is the daughter of Mr. and Mrs. Meredith Smith of Philadelphia, Route 1. Parents of the groom are Mr. and Mrs. Sanford Parker of 810 Mulberry Street, Loudon.

Given in marriage by her father, the bride wore a gown of bridal satin featuring lace bodice and sleeves and a full-length train. Her veil of illusion was held by satin ruffles. She carried a white orchid and lilies of the valley mounted on a white Bible.

Matron of honor was Mrs. Dorothy Malone, cousin of the bride. Bridesmaids were Mrs. Betty Oody, aunt of the bride, and Miss Annette Smith, cousin of the bride. Miss Cindy Taylor, cousin of the groom, was flower girl.

The attendants were attired in gowns of blue brocade. Their headpieces were bows of the same material. They carried nosegays of pink daisies.

Rick Parker, served his brother as best man. Ushers were James Malone, and Wayne Oody. Ring bearer was Johnnie Parker, brother of the groom.

Following the ceremony, a reception was held at the home of the bride's parents.

The new Mrs. Parker is a 1970 graduate of Loudon High School. The groom graduated from Loudon High School and Athens Vocational Technical School. He is now serving in the Marine Corps.

"It was a miserable life for me when I tried to put aside the Lord's call to the mission field. After I heeded God's call for my life, and submitted to his will, things began to fall in their proper place." These were the words of Miss Grace Carter of Philadelphia in regard to her accepting God's call to the foreign mission field.

Miss Carter, a native of Philadelphia, is from a well known Loudon County family. After completing

college, she taught school in Loudon County for a period of time, having taught two years at Pond Creek and one year each at Madsack and Sand Schools. She worked for awhile as an analyst for the Aluminum Company of America at Alcoa.

Miss Carter stated that she fought the Lord's call for a period of time before accepting. She said that at one time she asked the Lord to send her brother, Emmet,

that he would make a better missionary than she would, but the Lord had other plans and finally she surrendered to his will.

In 1949 Miss Carter left for the Republic of Sudan, after completion of studies at Moody Bible Institute.

Her first job was the task of learning the language. Later she taught in a mission school where part of her work was writing the arithmetic books. Later she wrote the primer and this she said created quite a problem due to the limited amount of incoming mail permitted by the Republic of Sudan. It was necessary to mail out a Campbell soup box full of the books to the United States to be printed, but after a considerable delay, the process was eventually completed. She also taught adult Bible and reading and helped in the preparation for teaching the Sunday School classes.

Miss Carter stated that when the missionaries were expelled from Sudan in 1964, that they felt they had left a very strong Christian growth. She said she felt that the Lord had led her to do the work in the Sudan.

Because of a severe attack of hepatitis while in the Sudan, Miss Carter was forced to remain home for two years, but she said the Lord opened the door and she served him as a teacher in a school for missionaries' children at the Christian radio station, ELWA, which means Eternal Love Winning Africa. The radio station is located outside of Monrovia, Liberia on the west coast of Africa.

We ask Miss Carter what her feelings were about chosen fields and she stated that whether you were a missionary, minister, factory

worker, or businessman, God could use you and that her feelings were that God needed his influence in all things regardless of the chosen role of endeavor. Her message to the young people was to find what God wants you to do and give it your best and that her greatest peace of life came when she quit fighting God's will for her life.

When asked what the greatest highlight of her work had been, she said "Everyday is outstanding," but the highlight of last year was her invitation from the interior of

Liberia where she was the speaker at the country's National Christian Conference.

Miss Carter, who is presently on furlough from the mission field, keeps a very busy schedule. She is booked almost solid through August for Wednesday and Sunday morning and evening speaking engagements in East Tennessee.

In late April of 1971 Miss Carter will again bid her family and native East Tennessee goodbye and return to the mission field in the Sudan.

THE SOARING SOUTH. The most recent Census of Manufactures (covering 1960-67) shows the Southeast topping the rest of the U.S. in rates of increase in value of goods manufactured, employment, payrolls, and capital expenditures. Six

Southeastern states were among the ten U.S. states showing the fastest in value of output. We're proud to contribute to this continuing growth of the Southeast with dependable, low-cost rail transportation.

BUILDING BLOCKS. Southern has an idea for making useless land useful and solving the trash disposal problem at the same time. City trash would be shredded, treated to kill odors and germs, and compressed into 4' cubes. These we'd haul to land-fill sites where, covered with dirt, they'd level the land—making it useful for industry or recreation. It's cheaper than incineration and doesn't harm the environment.

"BIG JOHN" AT THE SMITHSONIAN. Southern's "Big John" freight car that lowered freight rates on grain by 60% is now on display in the Smithsonian Institution in Washington, D.C. Just a scale model, of course. The 1,000 live cars are operating daily in Southern's fleet helping to hold down the price of grain, so the South can supply more of its own beef and pork.

INNOVATIONS THAT SQUEEZE THE WASTE OUT OF DISTRIBUTION

WEBSTER'S REFERENCE TO SPORTS
By Joe Webster

Have you ever attended girl's softball games where women were the official managers? Brother, talk about a comedy hour. Or to be more precisely

accurate, comedy HOURS!! Delays follow delays - Usually brought on by exactly nothing. Those men who have the nerve to umpire in these games are usually called to the White House and decorated. Valor, bravery, courage, service rendered beyond the call of duty. - Those who umpire where women manage deserve all these. There is usually a good crowd on hand to see cousin Suzy play second base in these female contests. A nice summer night and the kids are

going to play softball, so off you go to the game. And what's the first thing you see? That's right Honey-Chief. All the managers, the players, the umpires, and league officials are gathered around having a conference. Are they discussing the ground rules? They are not. They're discussing whether or not Lulu Belle was naughty or nice in a previous contest or was it her mother or her aunt spectator's position? Finally (The kids really do want to play ball) the conference ends. Now we're ready to start the game (Are you kidding?) - Lo and behold, one of the managers objects to so and so being an umpire. She just remembered that this no good rat missed a call one night and she's not going to have him umpire one of her games. You know what that means - We're gonna have another conference. There is a bright spot to all this bickering however - The concession stand is doing a great business. Well, anybody gets thirsty and hungry after so long. Okay, they've decided to let the skunk umpire (They've given the poor guy a terrible guilt complex) but he better not foul up. He's almost trembling out there, he's sure to get the Congressional Medal of Honor.

minute. Both managers are going out to say something to the umpire. AND HE JUST FAINTED. Oh Well, let's have another coke and hot dog. If they ever let females manage in the Major Leagues, it'll take at least a half-a-day to play one game. And the commissioner - He'll jump off a bridge. Dick Huff and Clet Miller have issued the challenge. - Let Tootsie Carver and his partner meet them in golf classic. Only the great will survive. We shall see what we shall see. FOR RACING FANS - Smoky Mountain Raceway has a great program scheduled for this Thursday night, July 23rd. It's the East Tennessee "200" NASCAR Grand National Race and it should be a thriller. A few of the great drivers who'll be there are: Richard Petty, Bobby Allison, Bobby Isaac, Dave Marcis, and James Hylton. The purse is over \$1,500,000. Senate hopeful, Tex Ritter, country music star George Hamilton IV, and the Nashville All Stars will put on a country music shindig one hour prior to the start of the race. Sounds like Smoky Mountain Raceway has scored again. Goodnight everybody.

Merchants Split For Week, Home Sunday

The Loudon Merchants broke even in four games played last week, and feel they still have a good chance of winning the final half pennant after defeating Jefferson City Magnavox Sunday on the Loudon diamond. Loudon faces Benco Plastics Tuesday night at Bill Meyer Stadium in Knoxville at 8, meets Jefferson City in a big double-header there Saturday afternoon at 2, and plays Fountain City Bankers in Loudon Sunday afternoon at 2. The Merchants lost a doubleheader to Luttrell Friday night, 5-2 and 4-1. Gary Gibson was the losing pitcher in the first game. Luttrell scored four runs in the third inning on two hits, a base on balls, another hit and an error. Loudon cut the gap with a pair of runs in the top of the fifth on a base hit by Danny Watkins and a 28-foot home run over the rightfield fence by Bruce Brannon. The winners added another run in their half of the fifth on an error and three hits. Luttrell tallied a run in the first inning of the second

game on a walk and two hits, and scored the winning run himself when there was an error on a ball hit by Danny Watkins. Sunday game was another thriller, as the Merchants dined the defending ABC Champions of the Knoxville District, 6-5. The winning pitcher was Gary Gibson, who went the distance, fanned eight and gave up eight hits. Loudon collected only four hits, but made them count. Magnavox scored three runs in the first on two walks and three hits at the high wind played tricks with the Loudon diamond. Loudon chopped away at the lead with a pair of runs in the third when Danny Gibson was safe on an error, Gary Watkins, Coley advanced

Grant Given For Puppety Caravan

The Tennessee Arts Commission has made a grant of \$125 to aid in the expense of bringing the "Puppety Caravan of Appalachia" to Loudon County for five days, August 10-15.

The Caravan will come under the auspices of the Loudon County Arts Association and will now be supported by three outside agencies - Berea College, the Rockefeller Foundation, and the Tennessee Arts Commission.

Touring Five States
The puppety caravan is now touring Kentucky, North Carolina, Tennessee, Virginia, and West Virginia. Director of the group is Neil DiTerza, associate professor of art at Berea. The three student puppeteers are art majors: Pam Goggin, a junior from Buena Vista, Va.; Michael Beckner, a sophomore from Roanoke, Va.; and Bill Bote, a sophomore from Tampa, Fla.

Lasts Eight Weeks
Touring Appalachia for eight weeks in a van truck, convertible into a puppet stage, the troupe will perform shows and hold workshops for a 5-day period in each community visited. The two plays to be performed are "Wicked John and the Devil," and "The Golden Bird."

The workshops will teach the skills of puppety which Mr. DiTerza calls "a

Planning Commission recommendation to establish as minimum standards for acceptance of any new road as a county road, those standards now required in subdivisions. In that connection, the Court voted to grant tentative approval to Asa Rogers and to Raymond Riekie for proposed roads, subject to subsequent Planning Commission approval.

At the outset of the morning session, Squire Foster requested that any action on the tax rate be postponed until 7:30 p.m. in an adjourned session because members of the Taxpayers Association had said that many people who wanted to attend could only be there at night. The motion passed on an 8-1 roll call, with only Squire Lefler voting to go on with the tax rate and budget items.

Loudon County Court will meet monthly beginning in September for the more frequent meetings - a change from the every two months schedule being followed now - came at Monday's regular July term of court.

Squire Curtis Willard, who made the proposal, said that present long agendas make it difficult to conduct the county's business in a single day or night session every other month.

Squire Jack Lefler seconded the motion, and the vote was unanimous.

At the suggestion of County Judge Harvey Sproul, the new schedule will begin in September and the Court voted to alternate between day and night meetings, beginning with the third Monday in September at 7 p.m. Day meetings will be at 9 a.m.

Court Commended
Bland Winfrey, President of the Loudon County Bar Association read a resolution from the Bar Association commending the court for the modernization program at the trial courtroom. Atty. William Russell spoke on the matter. The resolution called the court's action "highly commendable for its solicitude of the judges, jurymen and women, lawyers, court officers and litigants making use of said courtroom, that trust might

proposed Charette, on the schools in Loudon, Monroe and Blount Counties. Douglas Williams, chairman of the Loudon County Taxpayers Association, stated that he thought the county should stay away from this type of government agency sponsored program because the county would lose its identity and control over the school system.

Mr. Dukes replied that for this very reason the study and charette are being organized. He said that the State Department of Education, U.S. Department of Education and the Tennessee Valley Authority, who are sponsoring the program, did not want another situation like Oak Ridge and Norris where the federal government would own and operate the schools. He said that all realized the potential in the Tellico area and wanted to develop a modern educational system in all three counties as well as in the Tellico area. Dukes said one of the things that the program stresses is local control, cooperation, and a model education system which will be made possible through the three county effort and would not be possible if any one county went into the program alone. He said all the schools in all sections of the three counties were under this program and not just the proposed schools in the Tellico Dam and Lake area.

One Program Set
He said one school expected to cost some \$3.5 million is expected to be located at Greenback and would serve a wide area in the three counties. He said the

school is being designed for 1200 students. One program due to start this fall as a result of the cooperative effort, Dukes reported, was one for severely hard of hearing children. He said none of the three counties could qualify for a state program, but by combining they could and for the first time this year the parents of these students will have somewhere to send their children without the burden of these expenses. These classes will be held in the Maryville School System, and the state will pay all expenses including transportation for the students.

GOP Candidates At Local Rally

(Continued From Page 1)
seven who would not speak up because they face contested primaries themselves. This is important, he said, because the Governor should have a good working relationship with the Legislature.

Mr. Petty said he is determined to keep working until Tennessee has a Republican Governor, both Senators, and a Republican controlled State Legislature. He urged unity because "we are going to have a hard job in November."

Mr. Campbell urged the election of Mr. Robertson, for one reason because "after 50 years I'd like to see a Governor from East Tennessee, or after 100 years from the Second District."

Baker Cites Two Parties
During his address, Sen. Baker criticized those who are trying to "force their moral code on others... If you have to burn every progress without interference from outside noise, and amid the comforts of air conditioning."

Judge Sproul said that after a recent Grand Jury report, the county purchasing department is looking into the costs of installing fire escapes and extinguishers in the county office building on Mulberry Street in Loudon and for shelves in the county health department located in the same building.

School Buildings
Concerning the proposed school building program, Supt. Dukes said that the school board has purchased eight acres of land at Eastons School from Henry Bogie to meet the state requirements and that talks are underway for the purchase of about four acres at Highland Park and the re-routing of traffic by a trucking firm at the school.

Dukes said the plan and specifications for a school construction program at those two schools and Loudon Junior High and Steelee School are awaiting authorization from the county court to take bids.

Squire Comer made a motion to delay any action on the building program until further information on funds and bond schedules could be presented to the court. He said the size of the program demanded a closer look.

building... to do it."

In another vein, he held up the two-party system as the "best effort" in America's "bold experiment to govern ourselves." It is only when like-thinking people join together to promote their ideas or elect like-thinking candidates that self-government works, he pointed out. "Your ideas may be as bright or as profound as anyone's," he said, "but they don't matter at all unless you can get them put into effect."

In what he termed "burgeoning Republicanism," Tennessee is in the vanguard

of those who are showing a new way, he said.

But he offered cautions. The nuclear era offers "boundless new leaps forward in the quality of life... but we can also incinerate ourselves."

He urged Americans to set themselves "to the task to meet the needs of the 'have-nots' (The 'have-not' individuals and the 'have-not' nations are just now learning how much the 'haves' really have, he pointed out.) And he advised that people should be about the business of 'improving

not the quantity of their possessions but the quality of life."

He volunteered in the U.S. Air Force the day after Pearl Harbor. He studied law at night and rose to be Judge of the Tennessee Court of Appeals. He resigned to make the race for Governor, although he could have retired in six years with full pay.

BOB TAYLOR BELIEVES—

- (1) Our homes and streets must be kept safe.
- (2) Criminals, both big time and petty, must be punished and not coddled like spoiled children. (As special Attorney for the State of Tennessee he tracked down and broke up a million dollar baby adoption black market).
- (3) Citizens must be protected from dope peddlers.
- (4) Honest, Loyal, hard-working policemen, firemen, and school teachers should be paid livable salaries.
- (5) Any teacher or public employee who encourages a riot should be fired at once and prosecuted to the fullest extent of the law.
- (6) Any student who participates in a riot should be expelled at once.
- (7) Our schools should be kept open for students who want to learn.
- (8) Our schools should be run by local authorities and not by the Federal Courts.
- (9) The government should help the aged, the sick, the crippled, the mentally ill and mentally retarded.
- (10) Healthy able-bodied persons should work for a living.
- (11) State employees need an effective civil service law which shields them from being intimidated or "shaken down" during each governor's race.
- (12) The Bible should be brought back in our schools.

\$1,613,000 Spent On Home Improvements Here In Year

Loudon County families are going in for home improvements in a big way these days. They are spending more money for alterations, additions, replacement and maintenance than they ever did.

In the past year, local home owners spent an estimated \$1,613,000 to spruce up their homes, based upon government data showing average outlays per housing unit in the regional area.

It represented an average expenditure locally of \$221 per unit. Nationally, the average was \$295. Many homeowners spent considerably more than this, of course, and others much less, since only a small proportion of them undertake major improvements in any one year.

During 1969, according to a sample survey conducted by the Department of Commerce and reports from the National Association of Home Builders, approximately \$13.5 billion was spent by homeowners throughout the county to refurbish their property. This compares with \$12.7 billion in the previous year.

Why the increase? The answer is that many families who had been contemplating selling their present dwellings and moving into newer homes found that they couldn't do so.

They were held in check by the tight money conditions, which made mortgages difficult to obtain, and by the high interest rates that made for very big mortgage payments.

They decided, therefore, to do the next best thing - fix up their present places. Their biggest

Other picture this week is a picture of John Chastain who, in those years, was a "glade blade." Note those shoes, and especially that leather bow tie!

Another thing we noticed in this picture are the large potted plants on the porch. Years ago, people had their porches covered with various kinds of plants, which unfortunately got killed by winter's chill. These are seldom seen on porches anymore.

floor sanding and the like. To a greater extent than ever before, these jobs are being tackled by the owners themselves. This do-it-yourself trend was brought about by the high cost of labor and the scarcity of competent mechanics.

As a result, much of the \$1,613,000 spent in the year in Loudon County for home improvements went to local merchants selling paint, hardware, paneling, electrical supplies and such.

U.S. Air Force Staff Sergeant James E. Russell, son of Mr. and Mrs. Buck Russell, Rt. 1, Greenback, has arrived for duty at George AFB, Calif.

Sergeant Russell, a weapons mechanic, is assigned to the 479th Tactical Fighter Wing, a unit of the Tactical Air Command which provides combat units for support of U.S. ground forces. He previously served at Da Nang AB, Vietnam.

It is not often that we get an old group picture which is as clear and well-preserved as the one we have this week. This picture was made quite a few years ago, possibly during a family gathering at somebody's home. Many of those pictured are now deceased, but are well remembered by our area people. Identified in the picture are: back row, left to right - Charles B. Markwood, Hugh Markwood, Bob Markwood, an unidentified man, Fred White, Harold Pardue, another White, and Eck White.

One of the men in this picture especially brings back many memories of the Good Old Days to us. The late Eck White was a weekly caller at our house when we were growing up. Every week he would come our way with his milk hack. By the way, if you don't know what a milk hack is, we'll explain. It was much like a horse-drawn pick-up truck. Mr. White would make his rounds over Loudon every week with milk, butter, eggs, and fresh garden vegetables for his regular customers, which included a large percentage of the population of Loudon during those years - a very pleasant thought from the Good Old Days.

"One Tennessee For All Tennesseans" One Man For All Tennessee

Winfield Dunn has been an active Republican for twelve years. For four of those he was Chairman of the Shelby County Republican Party during which time his district elected a Republican Congressman for the first time in this century... and... Tennessee had its first popularly elected Republican Senator, Howard Baker. WINFIELD DUNN HAS THE POLITICAL EXPERIENCE!

Winfield Dunn sees the opportunities in Tennessee's state government... balanced economic growth... quality education for all... pollution control... a better environment for our young people... state unity... and he has the rare combination of youth, and experience to implement his programs. WINFIELD DUNN CAN WIN IN NOVEMBER!

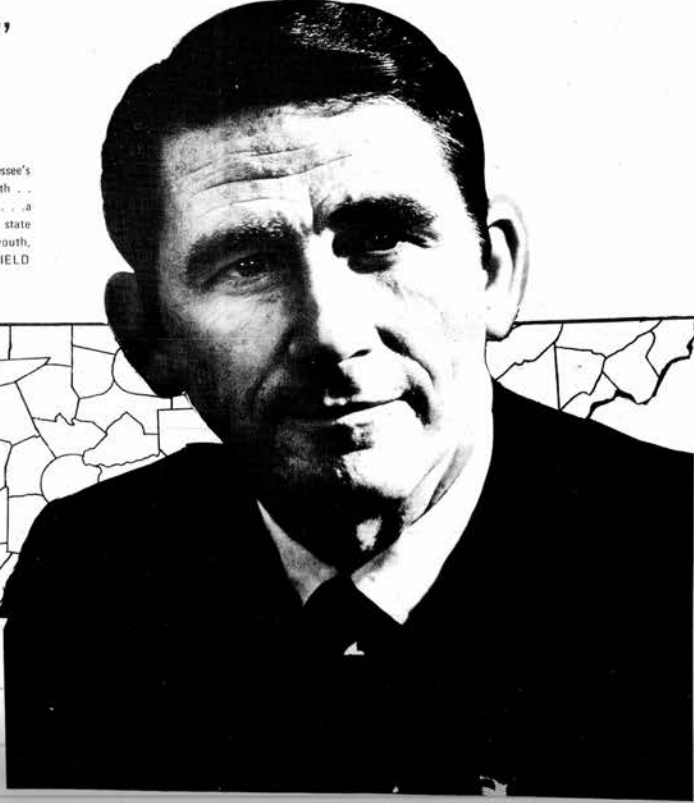

"Let's face the facts. The political system in Tennessee is not meeting the demands of today. It is not offering us the promise which we have every right to expect from leaders of our government for ourselves and our children. We must strive to overcome the handicap imposed by our thinking that this state should be considered three separate segments. We must be one Tennessee."

People have confidence in Winfield Dunn. For a state government that is responsive to the people of Tennessee and their needs...

ELECTION INTEREST STARS AS AUGUST 6 VOTE NEARS

Loudoun County Herald

ESTABLISHED 1886

84 YEARS OF PUBLICATION

Local Races, Primaries Could Mean Record Vote

One of the largest turn-outs for a non-presidential election is expected next Thursday in Loudoun County, as voters go to the polls. The number of voters turning out to the polls for the three-ballot state is expected to reach close to the 8,000 mark in the county.

Besides the high number of contest local races for such offices as Attorney General, County Court Clerk, Criminal-Circuit Court Clerk, Trustee, two races for Road Commissioner and one for Constable, there are five other contested races for various judgeships on the general election ballot.

What is expected to be news among the voters ordinarily don't bother to vote in the local races are expected to cast ballots in either the Republican or Democratic Primaries. Local races will be across the state. Republicans are expected to take part in the primary as well as before the voters. Republicans are expected to vote in the Democratic Primary, which could mean a sizeable drop in the local and statewide voter count in this primary, but the Republican Primary could double in votes in the state and show a sizeable increase in Loudoun County.

The big interest in the primary election are of course the races for Governor and United States Senator. Six names are on the state for Democrat to select from, Mark Anderson, Ralph Waldo Emerson, John Jay Hooker, James M. Huber, William L. Snodgrass and Robert L. Taylor. Most observers see the race being between Emerson and Snodgrass for the nomination. Republicans on the other hand have a hot nominating race for the state house and feel this is the time to put a Republican at the helm in Nashville. The candidates are Winfield Dunn, Maxey Jaman, William L. Jenkins, Huber, Patty and Claude Robertson, in Loudoun County, at least, the race seems to be between Dunn and Jaman with both having very active and strong support in Loudoun County.

On the local election front the contested races in the General Election are as follows: Ivo W. Sanders and Kenneth Deatherage for Attorney General of Loudoun, Blount and Roane Counties; Republicans Ed Alexander and Democrat Edwin Foshree for County Court Clerk; Republican incumbent Bobby Knowles faces Democrat Billy Joe Aiken; incumbent Trustee J.V. Schrimmer a Republican faces opposition from Democrat Ralph Ehler.

McAllister Heads Hooker Vet Group

Lewis McAllister of Loudoun has been named Loudoun County Chairman of the "Veterans for Hooker" organization. It was announced this week.

Mr. McAllister, who is Commander of the Loudoun VFW post, is an Air Force veteran of World War II and operates a grocery on Grove Street in Loudoun.

Loudoun City Attorney Charles Eblen has been appointed a member of the Second District Committee for the veterans organization.

In the Republican primary John L. Pentecost, Second District Congressman, is unopposed for re-nomination. M.F. Pentecost is unopposed for Floterial Representative of Loudoun and Howells Taylor Powers is unopposed for the nomination for State Commissioner. Both the State Committeewoman and Committeemen races will have two to be elected feature three candidates in each ballot.

All three elections, the county general and both the Democratic and Republican primaries, will be held on the same voting machines. The voter will tell the election officials at the precinct with machines which primary they will vote in and the machine operator will look out the other primary and the voter can mark his machine ballot in the General and Primary election of his choice at the same time. Only in the Luttrell Precinct, of the 12 in the county will use paper ballots.

Machine precincts will all be located at the same place they were during the last Republican Primary in April and in the special referendum elections last December. Machine precincts will open at 9 a.m. election day and voters have until 7 p.m. to cast their ballots. At Luttrell the voting will start at 8 a.m. but will end at 4 p.m. to allow for counting of the ballots in the three elections.

Published elsewhere in this issue are the official Notices of Election for the three elections and the names of those persons assigned to hold the election. Also published are the names of persons that this far voted by Absentee Ballot. The number of absentee voters at this point numbers more than twice the ones who voted in the 1968 General Election and State Primaries.

Published next week in the special pre-election edition will be sample machine ballots on all three elections.

New Loudoun Chamber Opens Membership Campaign

Loudoun Chamber of Commerce President Donald Canter, this week announced a membership and dues campaign for the new combined Chamber, organized recently from the membership of the Chamber and the Loudoun Committee of 100 for Industrial Development.

In a letter, which was mailed to some 150 prospective members this week, Canter said the reorganized Chamber was formed to make the efforts of the two groups a more effective organization for the betterment of the community and to save duplication of effort on the part of the two groups, whose aims were primarily the same.

The new Chamber has a dues structure divided into five groups, with memberships for individuals, businesses, professional people, industry, and associate memberships for firms or individuals not residing or having businesses

in Loudoun but who sell or conduct business here.

President Canter said that the board of directors of the Chamber recently adopted a budget of \$5,000 for the 1970-71 year. He said this budget would provide funds for a full-time Chamber of Commerce office in conjunction with the operations of the Loudoun County Committee of 100. This he would maintain the county-wide efforts in obtaining new industry as under the former Loudoun and Loudoun City Committees of 100.

Loudoun Industrial Chamber would operate as the Loudoun Committee of 100. Other areas in which full-time activity will be maintained he said are in the area of Merchants Affairs and Civic Affairs, with programs being developed in all three areas to promote and develop Loudoun and the surrounding area.

The chamber will hold regular monthly Board of Directors meetings with any member welcome to attend. The meetings will be at 8 p.m. on the first Monday of each month at the Committee of 100 office on Mulberry Street.

The officers, besides Canter are, Larry Cate, vice president; Bob Richison, secretary; Billy Brewer, treasurer; and board members Ray Barkley, Sam Carey, A.M. Fowler, John Gibson, W.G. House, Bob Porter, Frank Robinson, Ronny Surratt, and W.F. Zimmerman.

Canter said that the success of the combined organization depends on the response of potential members, in contributing not only their money through dues as outlined in the letter, but time in helping plan and carry out the plans of the organization.

Membership checks may be mailed to the Loudoun Chamber of Commerce, Loudoun.

TWO DIED - Two young Loudoun City men, Samuel R. Brashears, Jr., 19, and William Tait Wilcox, 19, were killed and another man Gerald David Lingenfelter, 22, also of Loudoun City, was critically injured last Thursday when the car shown above, crashed into a utility pole on Kingston Pike in Knox County at the entrance of Stonesteele on U.S. 11.

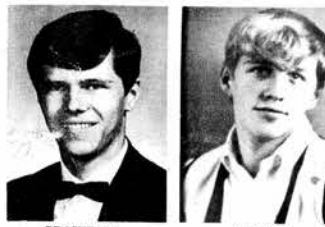

Two Young Men Die In Wreck, Third Critical, Car Hits Pole

A freak traffic accident on rain-slick Kingston Pike near Knoxville last Thursday, July 25, just before noon snuffed out the lives of two Loudoun City young men and placed a third in University Hospital in critical condition.

The dead are: Samuel R. Brashears Jr., 19, son of S.R. Brashears and Ruth Brashears of Loudoun City.

William Tait Wilcox, 19, son of Mr. Martha Wilcox, of Loudoun City.

A passenger in the car, Gerald David Lingenfelter, 22, son of Mrs. Mable Lingenfelter of Loudoun City, Rt. 2, was listed in critical condition at the University of Tennessee Hospital in Knoxville. Officers said he sustained back and hip injuries and lacerations.

BRASHEARS WILCOX

The car, a 1966 Ford Mustang, was traveling south on Kingston Pike when it lost control and struck a utility pole. The car was traveling at 45 mph.

Witnesses said the car was not traveling fast. Much of the highway at that point is controlled by a 45 mile per hour speed limit.

The accident occurred near the entrance to Stonesteele subdivision.

Funeral services for Brashears were held at Hawkins Mortuary Chapel on Saturday, July 26 with the Rev. Howard Pratt and the Rev. Carl Robinson officiating. Burial was in Lakeview Cemetery. He is survived by his father, S.R. Brashears of West Fifth Ave., two sisters, Anna Leah and Malinda Brashears, and a brother, David Brashears.

Herald Sets Two Issues For Election Week

Due to the Loudoun County General Election, and the Republican and Democratic state primaries coming on Tuesday, August 6, the HERALD will publish early next week in response to many requests of candidates.

The paper will be printed Tuesday afternoon and will be distributed Tuesday and Wednesday morning. Deadline for this issue, which will be the regular weekly issue, is set for 4 p.m. Monday, August 3. All news material and advertisements should be in the Herald office by that time to assure publication.

On election night the Herald along with the Loudoun City News-Banner will gather complete returns in the county and will jointly publish an Election-Extra as soon as the results are in Thursday night. The plans are for the two papers to have someone at each precinct in the county to gather the complete precinct results and phone that information to one of the two newspaper offices. The information will also be made available to radio station WBLC who will present the returns on the air as they are taken by the newspaper.

EVERYONE FOR SNODGRASS-Ben Surratt, left, and Earl Eldridge, right, members of the Loudoun County Snodgrass for Governor Committee, are shown with Harry Morgan, a former labor leader and former administrative assistant to John J. Hooker, and two unidentified Star's girls from U.T. at a reception at which Morgan talked informally to some 80 persons at Surratt's home and Eldridge's home about why Stan Snodgrass should be the Democratic nominee for Governor.

Redskin Stars Lane, Watson Join Ratledge For All-Star Grid Game

Loudoun's Bert Ratledge, who this week has changed his Loudoun Redskin coaching shirt to one which reads TSSAA East-All Star, in his role as head coach of the East Squad in the East-West All Star game, said this week that with the caliber of athletes on the East squad he is sure that when the two teams meet Saturday it will be a top notch contest.

The East-West All Star Football game is part of the TSSAA Summer Coaching Clinic being held all this week at the University of Tennessee Knoxville campus. Features 60 of the best grid players in the state. These boys, many already signed to college football scholarships, will compete in Neyland Stadium Saturday at 5:30 p.m. before a crowd expected to number about 10 to 15 thousand. Tickets available at the gate are \$2.50.

Ratledge was picked to coach the East squad over his Redskin son the State AA Football Championship last fall. Joining Ratledge are two members of the Champion Redskins from 1969 Quarterback Rufus (Gordo)

Watson and Jake Lane. Although Ratledge would not reveal his offensive plans he indicated that Chip Howard the high school all American from Knox Webb would start at quarterback, but the West might get a look at Gordo Watson and the triple option offense before the day is over. Ratledge said he hoped to keep the East streak alive. In the three previous contests the East has all the victories.

Last Saturday the two teams appeared on the rig at Knoxville for a photo session, then on Sunday began practice sessions preparing for Saturday's contest. All the squad members and coaches are living on the U.T. campus and when they are not practicing they are joining in the discussions and meetings of the clinic.

Other events of the clinic and all-star contests planned are as follows:

THURSDAY

Wears Making Home In Birmingham

Miss Jeanne McMichael, daughter of Mr. and Mrs. James M. McMichael of Washington, D. C., and Bill Wear, son of Mr. and Mrs. Will H. Wear of Loudon, were married Saturday, June 13, at 2 p.m. in a double ring ceremony at Capitol Hill Metropolitan Baptist Church in Washington, D. C. Dr. John R. Stuckey, pastor, officiated.

Miss Linda Sue Martin of Birmingham, Ala., organist, and Mrs. Elsie Mae Bartlett of Washington, D. C., soloist, provided the nuptial music which included "Because," "One Hand, One Heart," "Eternal Life," and "Climb Every Mountain."

Given in marriage by her father, the bride wore a gown of white silk organza and Alencon lace. The empire bodice was designed with a scooped neckline above above-length sleeves. Her A-line skirt featured a detachable panel which cascaded into a graceful chapel train. A double crown of pearls and borealis held her bouffant veil of French silk illusion. She carried a yellow-throated white orchid encircled by white daisies.

Mrs. Judy Frey of Tampa, Fla., sister of the bride, served as matron of honor. Bridesmaids were Mrs. Cheryl Acton and Mrs. Nancy Bush of Birmingham, Ala.; Mrs. Sherrill Peoples of Alexandria, Va.; Mrs. Karen Pfeiffer of Sulland, Md.; and Miss Libby McLaren of West Palm Beach, Fla.

The attendants wore gowns of blue-laced daises over white satin. Their headpieces were bows of matching blue satin with veils of illusion appliqued with blue daisies.

Laura Frey of Tampa, Fla., niece of the bride, served as flower girl, and Mike Peoples of Davidsonville, Md., served as ring bearer.

AJC Michael G. Duncan of Ashland, Ky., served as best man. Ushers were Pete Acton of Birmingham, Ala.; Wayne Peoples of Alexandria, Va.; Carl Pfeiffer of Sulland, Md.; George Frey of Tampa, Fla.; and Oris Tate of Bailey's Cross Roads, Va.

William Brown of Bethesda, Md., Miss Edna Woolter of Washington, D. C., kept the bride's book.

After a wedding trip to Williamsburg, Va., the couple are making their home in Birmingham, Ala., where the bride is employed by Spain Rehabilitation as a social worker and the groom is an accountant with Blue Cross-Blue Shield of Alabama.

A reception was held in the church fellowship hall immediately following the ceremony. The color scheme of white and blue was carried throughout the wedding decorations. The table held a fifty-two wedding cake. Those assisting in serving were Mrs. Band Wright of Alexandria, Va.; Mrs. Roy Wyne of Temple, Va.; and Mrs. Raymond Ryan of District Heights, Md., and Mrs.

For Our Generation...and the Next.

"I am involved . . . and I care."

All across this state, John Jay Hooker, Jr. has demonstrated his concern for and dedication to the people of Tennessee.

John Jay Hooker offers a solid campaign of calm leadership. Programs of unity. Programs of mutual involvement. Programs of concern.

John Hooker believes that "education is the investment of one generation in the next." It is this deep interest in the betterment of Tennessee which serves as his platform guide and program direction.

John Hooker knows that our roads carry the very life blood of Tennessee. And since they are important to all Tennesseans, they are important to John Hooker.

John Jay Hooker is also aware of the growing tax burden and supports revenue sharing with the federal government to

return a significant amount of funds to Tennessee for state control."

His concern for the economic problems of Tennesseans has also led him to advocate "updating the workman's and unemployment compensation laws."

Such realities as mental health problems, retardation, and drug abuse also greatly concern John Hooker. As he has said "we must modernize our approaches to these problems so that they may be overcome."

John Hooker in addition supports "legislation which will protect consumers from unfair practices while also protecting the

honest businessman who is trying to obey the law."

John Hooker believes that everyone "deserves the opportunity to become a productive citizen," and, to this end, he supports penal reform and criminal rehabilitation.

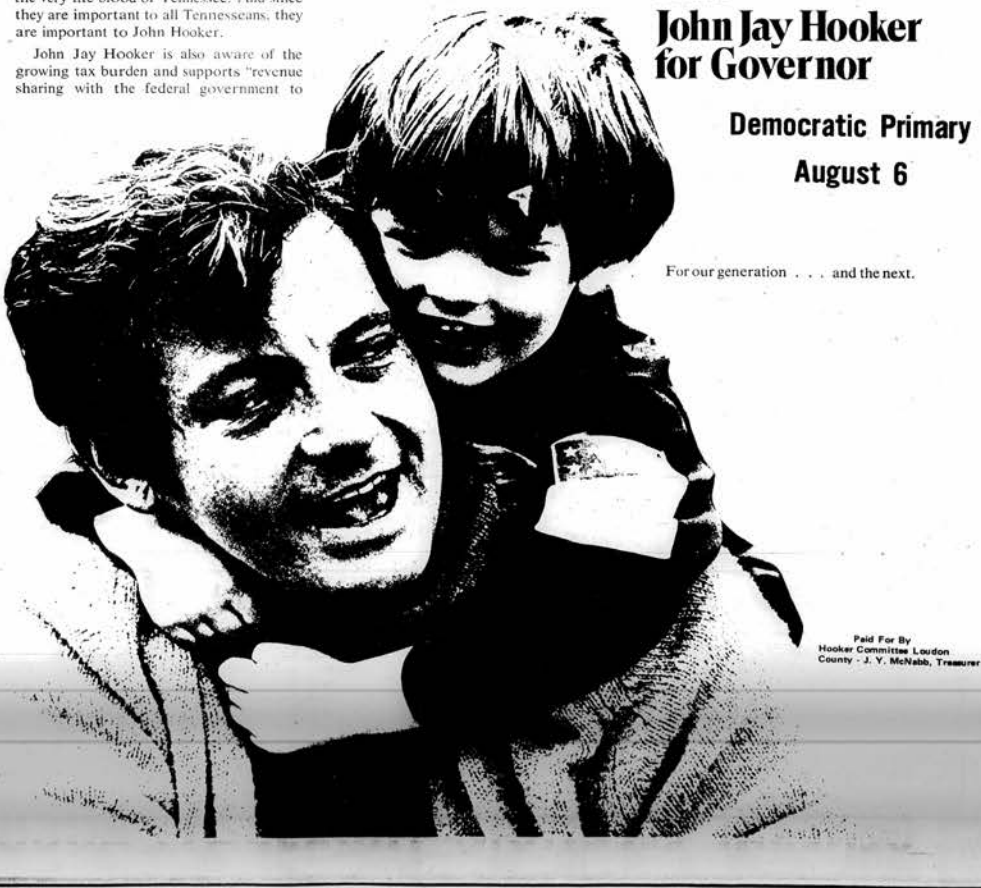

With John Jay Hooker, the conservation of resources refers to both natural and human resources. As a fifth generation Tennessean, he is committed to the preservation of our land. As an involved Tennessean, he is concerned with the people.

And it is to the people of Tennessee that John Jay Hooker gives his "pledge of positive action."

Open House Held At Home Of Baptist Music Director

By Calvin Lunford
 Mr. and Mrs. Gaston (Bobby) Dicken, 409 Wharf St., Loudon, entertained with open house, Sunday afternoon, July 26 from 3 to 6 p.m. The occasion was twofold to give the Dicken

family an opportunity to become better acquainted with the people of Loudon and to allow the public to view the newly decorated home which is owned by the First Baptist Church of Loudon. The family recently

moved to Loudon after Mr. Dicken accepted a call as Minister of Music and Youth at the church. Mr. and Mrs. Dicken have two children, Tammy Carol, age five and Robert Allen, age two and one-half. Mr. Dicken came to Loudon from the Temple Baptist Church of Johnson City. Other churches he has served include: Westside and First Baptist Church, both of Fort Pierce, Fla.; Bethel Baptist of Morristown. Mr. Dicken attended Causon Newman College.

The field of full time christian service is very familiar to Mr. Dicken. His father, the late R.H. (Hank) Dicken, killed in an automobile accident in 1957 was a minister of music. His mother, Mrs. Jimmie Mae Dicken, presently a resident of Florida, has worked as a full time christian worker in church education.

ATTEND OPEN HOUSE-This is a portion of the people of Loudon who attended open house at the Dicken residence Sunday afternoon, July 26. Mr. Dicken is the new Minister of Music and Youth at the First Baptist Church of Loudon.

**STAN...
 WILLIAM
 WHO CAN**

"My goal as governor will be to make state government responsive to the people of Tennessee; to encourage Tennesseans to care about state government and take part in it; to create a climate of concern and mutual trust between citizens and their government; to keep state government in its traditional position of leadership, serving the people's confidence..."
 Stan Snodgrass, 1970

State Edward Snodgrass was a judge on the State Court of Appeals and Henry Snodgrass was a member of the U.S. Congress from an area now largely in the Fourth Congressional District.

Stan himself has served two terms as State Senator from Davidson County, from 1965 to 1969. His four years of legislative action were chiseled by his leadership of the Senate Judiciary Committee as its chairman. He was appointed to the Tennessee Law Revision Commission in 1968 and was chairman of the Tennessee Democratic campaign that year.

A specialist in corporate law, Stan is a director of companies in such diverse fields as insurance, manufacturing, health care, and land development. His sound experience, knowledge, and judgment in business as well as in state government are unquestioned.

Despite his busy daily schedule, Stan accepts enthusiastically any opportunity to serve, whether the call come from his community, his state, his party, or Nashville's Trinity Presbyterian Church which he serves as an elder. And those who know him, those who have served with him and been exposed to his ability and dedication, will tell you that, whatever the job, Stan Snodgrass can get it done. They know him as "Stan... a man who can!"

Mrs. Dicken is the former Rachel Hale, daughter of Mr. and Mrs. Ray Paul Hale of Fort Pierce, Fla., where Mr. Hale is a deacon in the First Baptist Church.

Mr. Dicken, a veteran of service in the Armed Forces was in the banking and management field prior to entering christian service. When asked how he felt about his work at the First Baptist Church, he stated, "Our ambition and goal for our ministry in Loudon is many-fold: First to witness to people that we come in contact with inside the church thru music. Second, to take the music program outside the four walls of the church and witness to those who never enter the doors of the church. Third, to educate and to train people in the field of music. Fourth, to be a friend to all who are in need of such."

Debbie Piemoza, age 11, participated in the National Baton Twirling State Contest held in Nashville, July 10 and 11. She received first place trophy in Beginners Twirling, ages 11-14, second place in Fancy Strut and Basic Street and a Fifth Place medal in Military.

Tonya Ann Scarbrough, age 6, daughter of Mr. and Mrs. Jerry Scarbrough, West Lee Hwy., Loudon, participated in the N.B.T.A. State Contest, held at Nashville July 10 and 11. She won Tota State Strutting Champion, Fifth place in State Twirling, and Fifth Place in Tennessee Little Miss Majorette in divisions ages 0-6. In the Beginners Opening, ages 0-6, she placed First in Fancy Strutting and third in Best appearing Majorette and Twirling. Also she placed second in Military.

Tonya is a student of Mrs. Claudette Riley Sisk of Knoxville. She is the granddaughter of Mr. and Mrs. Tom Littleton, Loudon and Mr. and Mrs. Richard Scarbrough, 800 A Street, Lenoir City.

DOUBLE LOSS KILLS MERCHANTS PENANT HOPES

The Loudon Merchants' hopes of a second-half pennant faded with a double setback at the hands of Jefferson City Magnavox Saturday, and Thursday night, and Benco Plasticine and

Sunday's contest with the Fountain City Bankers were washed out by rains. The Merchants will meet the Fountain City Bankers at Chilhowee Park in Knoxville Thursday night, and Benco

Plastic will play the Merchants on the Loudon diamond Sunday afternoon in a game beginning at 3 p.m. Pitching for Benco will probably be Jimmy Lee, the

the state tourney appear dim. Danny Russell, one of East Tennessee's leading mound artists, suffered an injury several weeks ago and is thought to be through for the season. The extent of the injury has not been determined and doctors hope he may be able to rejoin the team in time for the tourney.

Pitcher Bill Massey was the victim of a freak accident last week and is sidelined temporarily. He was walking through a store in Knoxville when a soft drink bottle exploded and cut his leg, requiring around 25 stitches. He may be able to rejoin the team in time for the tourney. Jefferson City defeated the Merchants 10-0 in the first game Saturday and 10-2 in the nightcap. Jerry Bivens handcuffed the Merchants with three hits in the opener and fanned ten.

Back Row: David Clinton, Knox Young; Bill Harklerod, Tennessee High of Bristol; Steve Row, Johnson City Science Hill; John Mac Clellan, Knox Catholic; David Bowen, Knox Webb; Tom West, Chattanooga Brainerd; Chip Howard, Knox Webb; and Robert O'Neal, Franklin County.

Gary Gibson was the losing pitcher. Magnovox scored five runs in the first inning on two hits, a walk, three more hits and an error. They worked two more in the second on a hit, a walk, an error and two more hits. Another run came across in the fourth on two bases on balls and an error, and when the Jefferson City nine scored two runs with only one away in the bottom of the fifth, the game was halted. The luck didn't change in the nightcap. Jefferson City tallied a couple of runs in the first on a walk, a hit, a sacrifice and two more hits, pushed across three more markers in the second on two walks, two hits and an error, and another run came home in the fifth with benefit of a hit on a pair of bases on balls and an error. Loudon scored their two runs in the top of the sixth when Donnie Ballard walked, Corey singled, Lorenz walked, and Kenny Ratledge lashed a long single to drive in both runs.

PRACTICE SESSION—The East Grid Squad works out in a practice session for the upcoming East-West All-Star Game to be held Saturday, 5:30 p.m. at Neyland Stadium, Knoxville.

Redskins To Start Fall Football Practice August 7th

Fall football practice for the Loudon High School Redskins varsity squad will begin on Friday, August 7 according to coach Bert

Ratledge. Coach Ratledge said all varsity squad members, not freshmen, should report to the Redskins dressing room at 5 p.m. Friday the 7th.

Ratledge said that practice will begin then in preparation for the 1970 season which opens at Alcoa on September 4. The Redskins are the State AA Division Champions, having completed last season with 11 wins and one tie, defeating Humboldt for the AA Championship.

WEBSTER'S REFERENCE TO SPORTS

By Joe Webster

Putting one little word after another and who are you going to vote for?

The high school all-star games, football and basketball, will be played this Saturday, August 1st in Neyland Stadium and Stokes Athletic Center. "Chig" Ratledge (Long live the King) will be coaching the East gridgers and it's quite an honor. He'll take Gordo (The Jet) Watson and Jake (Dick Ewey) Lane with him—"That'll make "Chig" feel right at home. This All-Star game will actually prove nothing, it's simply a spectator's game. The players only practice together one week and that's just not enough. And the August weather isn't exactly what you'd call perfect football weather. Nevertheless, on with the game.

The Pirates, the Mets, and the Cubs—Which one will win the National League East Division? This race may go down to the last day. Cincinnati shows no sign of slowing down in the National League West race. Right now, they're 30 games over 600—a blistering pace.

Quoting Tom Siler: "The gap between the newsmen and the athletes is ever widening—if the trend continues the writer may go to the contest, report what he sees in brutally frank words, and take no personal interest in the athlete or his team". Unquote. This would be the best way of sports reporting, any reporting for that matter. Then you would receive facts, pure facts. Sports fans are interested primarily in PERFORMANCE — If a team or athlete doesn't perform, they're usually down the drain. In reporting high school athletics, a writer has to be more cautious and careful—Or mama and papa will get awfully upset. In college reporting, a sports writer can get tougher and in professional athletics—a writer can blast. So long as he is reporting the truth.

When "Doug Dickey left Tennessee to go to Florida, a great many Vol fans were upset. I wasn't. Neither was the good friend of mine who said: "Hell, let him go, I could coach a winning team at UT". Now this fellow isn't a coach but he made his point. U. T. is bigger than any one man and the Vols have a fabulous winning tradition in football. Dickey can coach in Siberia if he wants too because as Clark Gable said in his final scene in "Gone With the Wind"—"Frankly, my dear, I don't give a..."

Library Board Guests Of Greenback Community Club

The Greenback Community Club entertained

members of the County Library Board on Thursday, July 23, at the Electric Cooperative Building.

Members of the Board, introduced the guests: Mrs. E. E. Mills, Mrs. Ed Waller, Mrs. Cecil Roberts, Mrs. M. C. Anderson, and Mrs. Harvey

Sproul. Mrs. Robert Middleton of Athens, Regional Librarian, was present. Judge Harvey Sproul represented Loudon County, and Squire Roy Goddard, the city of Greenback.

Mrs. Sproul acted as mistress of ceremonies for the program. She spoke of the usefulness of the local program in each of the libraries. Judge Sproul told what the county does to help the libraries in promotion and appropriations. He spoke of the importance of educating local people to the fact that money must be spent to keep libraries alive and up-to-date. Vernon McKinney described the growth and expansion of libraries in Loudon County, and their relationship to the Regional Library (Fort Loudon), which reaches nine counties. Mrs. Middleton reported on the work of the Regional Library. She said that Greenback has the highest percentage of book circulation in the region. She pointed out how state and federal moneys support the whole program. Despite contrary rumor county money is spent only in the county which raises it. The regional library gives technical help and training to local librarians.

Miss Jessie McCallister, Acquisitions Librarian for the Regional Library reported on her work.

Hostess for the occasion was Mrs. Glen McCreary, Vice President Jim Fox presided in the absence of President Fred Bell.

Loudon County Profits From Federal Grants

Are Federal grants-in-aid a costly proposition or a boon as far as Loudon County is concerned?

How big a price is it paying for them through matching funds and other payments that come out of taxes collected in the local area? A new study of these grants and their state-by-state distribution has been made by the Tax Foundation, a non-profit organization that keeps watch on public spending and taxation.

The grants programs, which run into hundreds of millions of dollars, provide financial assistance to states and local communities for such purposes as education, health, child welfare, highways, housing, sewage disposal and the like. The findings are that for some communities the overall cost of this aid is

BOLES' "VICTORY" COMING

GRIMSLEY, July 28—J. Duellie Boles, the candidate the rank-and-file Republicans refer to as "our kind of Republican," continues to get first hand reports from a wide cross-section of East Tennesseans that he will "pile-up" a Big Vote because of the following:

Firstly, People in ever-increasing numbers are finding out that he is the candidate with Republican lineage back to the founding of the Party and that both of his opponents are former democrats.

Secondly, that both Brock and Ritter are from Democratic families; that Brock's grandfather was an ex-Texas democrat with a Tennessee residence of less than four years; that Ritter has campaigned for many Democrats, including Truman and the late Frank Clements; that Brock has an anti-labor record in Congress and as a member of the House Banking and Currency Committee has supported a "tight money" policy, which has caused more inflation and hurt the little man who borrows money, and the general talk is that both Brock and Ritter are heavily financed by wealthy democratic millionaires.

Thirdly, that the Boles candidacy is viewed as being in a position to unite the Party for victory in November since he has not engaged in Party squabbles and Party feuding; that his approach to the problems of the country is more in line with helping the little man who borrows money, and the Boles are talking his candidacy on their own convictions and not "paid" workers; that the "absenteeism of Brock and Gore" while drawing \$42,500 is a "thorn" in the side of taxpayers; that the Boles public statements are few but highly meaningful when issued; that public confidence in him is greater and that his closeness to the people has created great trust, and

Lastly, that neither Brock nor Ritter can wage the type of campaign that can defeat Gore and the number ONE target is to defeat Gore; that Gore has already said he can defeat Brock on his "NO" voting record and the people still say, "I just cannot understand why Ritter is running in the Senate race in Tennessee when he has spent more than 60 years of his life outside of Tennessee"; and people say with great sincerity, "that 100 year-old Republican Boles family background is awfully important to me."

This pesticide will start to self-destruct in seven days.

After destroying the bugs, it destroys itself. In a week it begins breaking down into harmless parts.

Developed at Union Carbide, Sevin carbaryl insecticide gets rid of bugs without harming anything else. Like birds, fish, or people. (Sevin doesn't build up in living tissue.)

Which is why it's one of the most widely used bug killers in the world.

In America, it's the one used to combat the gypsy moth. A creature of the Northeast who thrives on oak and shade trees. But will take on an entire forest if he's in the mood.

The first year he feeds on a tree, he strips it bare. If he goes for seconds, the tree will likely die.

Because of Union Carbide, trees that are properly treated will continue to have leafy arms and be an inspiration to poets.

As for the gypsy moth.

Vote For And Support Bobby J. Knowles Circuit Court Clerk August 6, 1970

TO THE CITIZENS OF LOUDON COUNTY: Certain mismanagement of fact concerning an alleged shortage or mishandling of funds of the Circuit Court Clerk's Office has been recently reported in area and local news media. I would like to take this opportunity to say that I disagree with the recent audit made of my office records and sincerely believe that there is no shortage nor has there been any mishandling of funds. An independent audit AT MY EXPENSE, is presently being conducted. The results of this audit will be made public. I believe that the statements as reported in the News Media were politically motivated. I did not refuse to make any shortage as reported, but have always maintained that I will repay any funds demonstrated to be owing by a competent audit. I sincerely solicit your vote and support on August 6, 1970.

Sincerely yours,
Bobby J. Knowles

Inga Wrights Was National FHA Delegate

Inga Wrights, daughter of Mr. and Mrs. L. C. Wrights of 816 Rosedale Avenue, was one of 1500 high school delegates who attended the national meeting of the Future Homemakers of America at the Hilton Hotel in New York City July 13-16. The delegates, selected on a state quota basis and representing 600,000 members of the national organization, were accompanied by some five hundred adult advisers who are state home economics staff members of local home economics teachers.
These teenage conventions had a full four-day program which included outstanding speakers, business meetings, fun sessions, idea swap-shops, career seminars, and the selection of twelve national officers for 1970-71.
Dr. Donald Clifton, Educational Psychologist with Selection Research of Lincoln, Nebraska, set the tone of the meeting in keynote address at the opening session titled "Who Cares".
The youth delegates of Future Homemakers of America plan and conduct their own national meeting.

Each state delegation has a particular responsibility during the conference. Inga, who was the only girl to attend the convention from Loudon County, represented the Loudon High School Chapter where she will serve as President for 1970-71. Miss Wrights was also elected as Sub-Regional President for the coming year.

Our Next Governor Must Be A Strong Man

He must be a CONSERVATIVE Governor! He must be a MATURE Governor!

Bob Taylor is CONSERVATIVE Bob Taylor is MATURE

He volunteered in the U.S. Air Force the day after Pearl Harbor. He studied law at night and rose to be Judge of the Tennessee Court of Appeals. He resigned to make the race for Governor, although he could have retired in six years with full pay.

BOB TAYLOR BELIEVES—

- (1) Our homes and streets must be kept safe.
- (2) Criminals, both big time and petty, must be punished and not coddled like spoiled children. (As special Attorney for the State of Tennessee he tracked down and broke up a million dollar baby adoption black market).
- (3) Citizens must be protected from dope peddlers.
- (4) Honest, Loyal, hard-working policemen, firemen, and school teachers should be paid livable salaries.
- (5) Any teacher or public employee who encourages a riot should be fired at once and prosecuted to the fullest extent of the law.
- (6) Any student who participates in a riot should be expelled at once.
- (7) Our schools should be kept open for students who want to learn.
- (8) Our schools should be run by local authorities and not by the Federal Courts.
- (9) The government should help the aged, the sick, the crippled, the mentally ill and mentally retarded.
- (10) Healthy able-bodied persons should work for a living.
- (11) State employees need an effective civil service law which shields them from being intimidated or "shaken down" during each governor's race.
- (12) The Bible should be brought back in our schools.

SCOUTING AWARDS-Charlie Frank Snow, center front, of the Loudon Webelos Scout Troop poses with the first prize gift, a camera which he won in the emergency flare sale. The sale was made to earn money for a trip to see the Atlanta Braves play Saturday. Other scouts in the picture hold awards earned during the year for scouting accomplishments.

Webelos To See Braves In Action

For the past few weeks, a baseball loving Webelos Scout Troop, has been very busy seeking to earn money to finance a trip to see the Atlanta Braves Baseball Team in action. Through the efforts of this troop this trip is now a reality and on Saturday, Aug. 1, they will be off to Atlanta to see the Braves vs. the Pittsburgh Pirates.

The money for the trip was earned by each scout selling emergency flares to residents of Loudon. Aside from the travel expenses the troop also earned enough money for two meals while away.

A prize was offered to the scout selling the most flares and the proud winner of a fully equipped Kodak Instamatic camera was Charlie Frank Snow, son of Mr. and Mrs. Vaughn Snow, Loudon.

TALKING POLITICS—Harry Morgan, seated at center, is shown talking with some of the 30 persons who attended a Snodgrass for Governor reception at the home of Mr. and Mrs. Ben Surratt in Loudon last Friday night. Morgan, a member of a team traveling state-wide in support of Snodgrass, said that four years ago, he was an administrative assistant to John Jay Hooker and is now working even harder for Snodgrass because he knows Tennessee cannot afford Hooker as Governor. He cited the many business failures of Hooker and said industrial development would be dead in the state if Hooker is elected. He said that Snodgrass has the confidence and ability to be the best Governor in the history of the state.

TAYLOR PLEDGES COMPLETION OF INTERSTATE IN COUNTY IF ELECTED

Memphis Judge Bob Taylor, Democratic candidate for governor, was in Loudon County Tuesday on a brief handshaking tour as he made his final swing across East Tennessee before the Democratic Primary Aug. 6. He pledged himself to build East Tennessee roads and highways if elected governor. "Did you know that East Tennessee, with 42 percent of the population, has only 7 1/2 percent of the constructed interstate expressways?" he observed in an interview. "I intend to see that East Tennessee gets its fair share of the Highway dollar and also other tax dollars."

He said he had very strong East Tennessee roots and "I am interested in East Tennessee as any Tennesseean could be."

A delegation was told by the present administration, he said, that if East Tennessee would send some good Democrats to the Legislature, they would get more benefits. "I don't feel that way," he said. "Republicans pay taxes the same as Democrats and neither Democrats nor Republicans should be penalized."

People across the state are most interested in "putting the quietus on campus demonstrations, and I propose to do that," he said, "by expelling from schools those students who interfere with the rights of others. And I would discharge teachers who are agitating violence."

However, in answer to a question, he admitted that there is a difference between demonstration — for which the Constitution guarantees a right — and violence. "They don't have the right of free speech which interferes with the rights of others," he said.

Expressing concern for crime rates, he said that during the period in which the population in the United States has increased 13 1/2 percent, crime has risen 155

HANDSHAKING POLITICIAN-SINGER-COWBOY—Tex Ritter, considered to be Bill Brock's chief opponent for the Republican nomination for the U.S. Senate, is shown with his wife and son, at left, as Ritter greets Loudon Police Chief John Lennox and son. Ritter entertained the crowd of some 200, shook hands, signed autographs and attacked Senator Albert Gore in a short speech he made at the rally of the Ritter-Robertson team held at the ball park in Loudon Monday night.

GOP CANDIDATE VISITS LOUDON—Claude Robertson, one of four Republican candidates seeking the nomination for Governor, shown at right, greets Jim Thomas and two of his sons Jim of Arizona, left and Cotton, at a rally held by Robertson and his U.S. Senate running mate Tex Ritter at the ball park in Loudon Monday night. Robertson in a talk to the 200 at the rally called for a fair shake for East Tennessee on state road construction and revenue sharing.

percent and narcotics violations have increased 447 percent. "Ten years ago, less than 20 percent of the narcotics violators were under 21. Now more than 50 percent are under 21," he charged.

Mr. Taylor, who said the Democratic Party has not been putting up enough conservative candidates "that the conservative people of East Tennessee are willing to accept," noted that his uncle, Alf Taylor, was the last Republican Governor of Tennessee.

Taxes
We can talk and talk and talk about taxes, and it seems like when we stop, they are still there, and still necessary for the supporting of any government, and particularly a democracy.

Because the Quarterly Courts all over the State during the month of July are adopting a budget and setting a tax rate, and because we have political races underway at this time, it is certainly a subject of considerable discussion.

The main problem I find concerning this is that there is a misunderstanding, and lack of information, by many people as to how taxes are used.

This is the reason the proposed County budget, comparing it with last year's budget, was published in the local newspapers some weeks ago.

has set a tax rate of \$4.04, and Monroe County a tax rate of \$3.60, etc. You may have also noticed that many other Counties postponed the setting of their tax rate until later date, and I think that you will find that in many cases this is because they are having substantial increases also and they are merely postponing the inevitable problem of getting enough money to run their government.

"Clearing"
Some of the items listed by the Taxpayer's Association that could be cut from the budget were merely "clearing" accounts, that is the money was coming in from the Federal or State government, or from bonds, and had to be listed as an expenditure as an accounting procedure, and the eliminating of these items did not or could not affect the actual budget itself.

The one thing, as I see it, that was listed on the list of those items which could be reduced in order to lower the tax rate was a very small amount of money to do some work on the downstairs part of the Court House during the coming year, constituting .8 of a cent on a tax rate, and a suggestion was also made that somewhere along the line the tax rate will have to be raised to make up this difference.

One of the comments that have been made is that the County's taxes have doubled in the last three years. However, the figures that have been published in the newspaper are for a four-year period, and in addition, if you will look closely, you will find that even then taxes have not doubled after all.

To demonstrate that other Counties are having some of the same problems that Loudon County is, and really not getting as much benefit with the money as Loudon County is, you may have noticed that Hawkins County

Newly-revised TVA recreation maps of Norris, Fort Loudoun, Watts Bar, Gunterville, and Kentucky Lakes have been printed for lake users.

The maps will be sold at the dams and at boat docks on the five lakes, and also at TVA map sales offices in the Henric Building at Chattanooga and 102A Union Avenue at Knoxville.

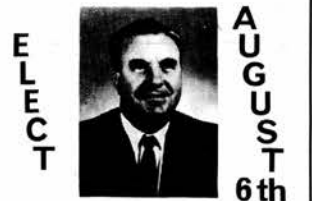

The pocket-size maps are particularly helpful to lake users for finding the road access to any point on a lakeshore. Printed at a scale of 1-1/2 miles to the inch, they show in detail the routes of all usable roads in the areas surrounding these lakes, with road names and the distances between intersections.

Identified in color are the locations of lakeshore public lands, parks, boat docks, commercial recreation areas, launching sites, clubs and group camps, and wildlife and waterfowl areas.

Besides bringing the maps up to date, TVA has added to each of them a detailed map of facilities at the dam reservation, and a table showing the facilities and services available to each of the docks and resorts on the lake.

These maps are part of a series of revisions now underway in the 11 recreation maps for various lakes originally issued in 1952. The price is 25 cents for each

BILL JENKINS

FOR GOVERNOR 1970

Bill Jenkins will win for Tennessee

Bill Jenkins likes people and he listens to them. "The trouble with a one-party government is that they don't need the people... only the political bosses."

"The independence of our state is spirit must be preserved but this doesn't mean our citizens should be neglected."

"I want to represent all the people. Every section of our state is important and every individual counts."

"Because I am a farmer, I know what must be done for agriculture. Because I am a legislator, I know what must be done for our cities and towns."

"Tennessee needs the vision of new leadership. We need people in politics who can get things done."

One of the things that our readers seem to like best is pictures of old cars and this week we have a good one for you. The car in our picture is an old T Model Ford touring car. According to our guess, it is either a 1922, '23, or a '24 model. As you can see in the picture, the rear has 30 x 3 1/2 tires, and the front wheels are 30 x 3. This car was owned by Sweetie Brown, the young man pictured standing beside it. Many thanks to Mr. Brown for lending us the picture and to Charlie Arp, who helped in getting it to us.

Our other picture this week is one of a very prominent man, Dr. I. A. Dail. Dr. Dail was a well-known physician in Loudon County in the late 1800's. He was born in Knox County and educated there while being reared by an uncle, also a Dr. Dail who was the father of Dr. V. C. Dail, an eye, ear, nose and throat specialist.

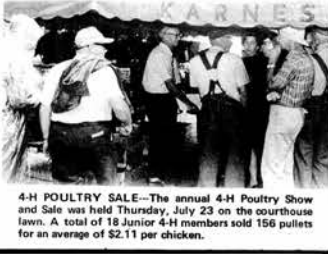

Dr. I. A. Dail went to Texas to practice medicine, but later returned to Loudon County where he met and married Margie Louise Felipe of Savannah, Georgia, who had come to Loudon County to escape a yellow fever epidemic. Dr. and Mrs. Dail were the parents of nine children, three of whom are shown with them in our picture. Those in the picture are Joe Dail, who died of measles and pneumonia while attending school in Lenoir City, Mrs. Nell Walker, Corseville, O. J. Dail, Greeneville, Illinois, and Edward V. Dail of Dayton, Ohio.

Red Cross Volunteers Honored At Annual Meet

Reports of the many Red Cross Services were heard at the Annual Meeting of the Loudon County Chapter, American Red Cross Thursday night, July 23, and service awards were presented to individuals and groups.

The meeting was presided over by Dr. Walter Shea, Jr., chairman of the local chapter, in the auditorium of the Lenoir City Utility Building. The Rev. Phil Ernst, pastor of Central United Methodist Church, gave the invocation.

Special guests from the Smoky Mountain Division Headquarters, American Red Cross in Knoxville were recognized by Dr. Shea. They were Mrs. Millicent Johnson, Administrative Assistant and Correspondent; Mrs. Alice Lewis, Director of Volunteers; and Mrs. Patricia Doughty, Division Director, Red Cross, Youth.

Walter Shea, Chairman of Home Nursing, presented all service chairs in the absence of Miss Rachel Half, Chairman of Red Cross Volunteers, who is on vacation.

Courses were taught during the year. Awards were given to the instructors as follows: one year - Mrs. Betty Blankenship; two years - Mrs. Iva Rogers; three years - Mrs. Ella Mae Amos, Miss Barbara Shaw and Miss Lillian Russell.

FIRST AID
In the First Aid report, Mrs. Walter Babb reported that during the past fiscal year, the chapter has presented 184 Junior First Aid Certificates, 36 Standard, 16 Advanced and nine Advanced Review. Eight instructors taught courses at Greenback, Eaton, Lenoir City Junior High School and Philadelphia Elementary School to make up this impressive report. Awards given the instructors were, one year - Miss Goldie Miller (a new First Aid Instructor); two years - Mrs. Betty Cabe; four years - Mrs. Ellen Hart; six years - Claude Maples; seven years - Charles Varner, Mrs. Resford McConkey; nine years - Earl Heasley and Paul Marine.

Chairman of the Hospital Volunteers is Mrs. Madison West, with Mrs. B.H. Lewis serving as co-chairman in Lenoir City and Mrs. W.A. McMurray as Loudon co-chairman.

Mrs. James Harrison, who gave the report, was given an award for serving as chairman of the Hospital Volunteers for three years. She also told that the volunteers work over 3,000 hours each year. Special recognition is given individuals who earn 100 hours at the annual meeting of the volunteers.

PRODUCTION
Mrs. Babb reported that in Production, the home demonstration clubs, as well as other women's organizations, are looked to for the sewing and knitted articles requested. These include such items as filled ditty bags, bed room slippers, bed socks, afghans, filled ditty bags, comfort bags, and other items. Mrs. John Westbrook told how the Lenoir City Woman's Club plans and carries out the making and filling of ditty bags each year as a part of its club work. Appropriate Certificates were presented to the Greenback Home Demonstration Club, the Heights H-D Club and Martel H-D Club, as well as the Keystone Sunday School Class of Central United Methodist Church, previous to this annual meeting.

Awards in recognition presented at the meeting went to the Pilot Club of Lenoir City, Clinton Literary Club, Lenoir City Woman's Club, Loudon Woman's Club, Suburbia Junior Woman's Club, Lenoir City Jaycees and the Loudon Jaycees.

Ms. Tom McKinney was presented a certificate for two lap robes she made and donated to the local Red Cross Chapter to be sent to the Veterans Hospital at Mountain Home.

THESE TWO PICTURES show the more than 100 students in the "Beginners," "Advanced Beginners" and "Intermediates" swimming classes conducted under the auspices of the Loudon County American Red Cross recently at Big Springs Pool in Lenoir City. Mrs. Bernice Swiney and Miss Sarah Jo McEachern, both Red Cross Water Safety Instructors, had charge of the classes. Mrs. Sweeney is Chapter Water Safety Chairman.

INSTRUCTORS—These and other young people, each with Junior Lifesaver qualifications or better, helped teach the Red Cross Swimming classes. Included were Mrs. Bob Dural, Cindy Dural, Becky Ernst, Richard Archer, Alice Clayton, Juanda Mills, Johnny Mills, Joan Moser, Ricky Chester, Becky Easton, Tommy Cook, Alan Williams, Mrs. Walter Shea, Bill Watkins, Ricky Varner, Heidi Gebert, Tina Denny, Ernie Denny, Tom Brantley, Walter Carnes and Bill Patton.

intermediate swimmers, 12 swimmers, 30 Junior Life Savers and 37 Senior Life Savers received certificates.

This summer's swimming program was completed July 20 with 47 beginners, 24 advanced beginners and 21 intermediate swimmers receiving certificates. Other swimming programs will be conducted throughout the remainder of the summer. Junior and Senior Life Savers assisting and receiving awards at the conclusion of the swimming program were one year - Sarah Jo McEachern (Water Safety Instructor), Becky Ernst, Bill Patton, Ricky Chester, Becky Easton, Tommy Brantley and Tommy Cook; two years - Joan Moser, Ricky Varner, Ernie Denny, Alice Clayton and Walter Carnes; three years - Bill Watkins, Richard Archer and Juanda Mills; four years - Johnny Mills; five years - Al Williams.

completed the Red Cross Nursing Instructor's Course and the First Aid Instructor Course, which qualifies her to instruct in the Clinic Program. Three schools activated the School Health Clinics this past year - Eaton School in September and Nichols and West Hill Schools in January.

At Eaton, Mrs. Vondy was chairman and Mrs. Chester Wright co-chairman. Of the 625 student-body enrollment, 512 different students visited the clinic for a total of 5,567 visits. The school has 25 trained workers, with 21 active. Of these, 18 received a pin for serving 75 or more hours, nine took the R-C Advanced First Aid Course and four the R-C Home Nursing Course. Mrs. Wright and Mrs. James Hart both completed the R-C First Aid Instructor's Course.

Nichols School Health Program has 18 trained volunteers with Mrs. Harold Freedman serving as chairman and Mrs. Joe Grayson as co-chairman. The clinic has treated 1,742 first aid situations since opening in January.

West Hill School Health Clinic has 11 Red Cross First Aid Volunteers. Mrs. Ralph Blackburn is chairman and Mrs. Sam Denny is co-chairman. Each volunteer gave at least 75 hours of work, with Mrs. Marie Johnson completing the Home Nursing Course plus giving 199 1/2 hours to the clinic.

There are four Red Cross Nurses active in the program. They are Mrs. Harold Freedman, Mrs. Joe Grayson, Mrs. G.L. Hall and Mrs. Dave

MILITARY SERVICES
Mrs. Babb reported on Services to Military Families, which included 97 requests and inquiries for information. Service awards were presented to board members of the local Red Cross Chapter, as follows: 27 years - Mrs. Rachel Huff; 17 years - R.J. Saylor; 16 years - Mrs. Edith Davis; 10 years - Mrs. Walter Babb; seven years - Mrs. W.A. McMurray; six years - Mrs. Walter Shea, Howard Nelson.

Mrs. Doughty of Knoxville was introduced to the group by Mrs. Freedman. An international student art exhibit was on display, and Mrs. Doughty explained how the program is carried out on an international basis through the Red Cross. The idea behind the program is that there is an international understanding through art, and that by an exchange of student art, there possibly will come about a better understanding - between nations, Mrs. Doughty said. The exchange program is under consideration by the local chapter.

Dr. Shea expressed appreciation to The Lenoir City News-Banner and The Loudon County Herald for the coverage of the various volunteer programs during the year. He also expressed appreciation of the Hospital Volunteers for serving as hostesses for the evening, including preparing and serving the refreshments.

Others working with the swimming program, receiving awards were as follows: two years - Cindy Dural; three years - Mrs. Joan Davis; five years - Mrs. Swiney; six years - Mrs. L.M. Dural; 11 years - Mrs. Vilennene McCrary.

SCHOOL HEALTH PROGRAM
A new program this year under the Loudon County Red Cross Chapter is the School Health Program. Mrs. Dave Vondy is general chairman. In addition, she is the instructor, having

completed the Red Cross Nursing Instructor's Course and the First Aid Instructor Course, which qualifies her to instruct in the Clinic Program. Three schools activated the School Health Clinics this past year - Eaton School in September and Nichols and West Hill Schools in January.

At Eaton, Mrs. Vondy was chairman and Mrs. Chester Wright co-chairman. Of the 625 student-body enrollment, 512 different students visited the clinic for a total of 5,567 visits. The school has 25 trained workers, with 21 active. Of these, 18 received a pin for serving 75 or more hours, nine took the R-C Advanced First Aid Course and four the R-C Home Nursing Course. Mrs. Wright and Mrs. James Hart both completed the R-C First Aid Instructor's Course.

Nichols School Health Program has 18 trained volunteers with Mrs. Harold Freedman serving as chairman and Mrs. Joe Grayson as co-chairman. The clinic has treated 1,742 first aid situations since opening in January.

West Hill School Health Clinic has 11 Red Cross First Aid Volunteers. Mrs. Ralph Blackburn is chairman and Mrs. Sam Denny is co-chairman. Each volunteer gave at least 75 hours of work, with Mrs. Marie Johnson completing the Home Nursing Course plus giving 199 1/2 hours to the clinic.

There are four Red Cross Nurses active in the program. They are Mrs. Harold Freedman, Mrs. Joe Grayson, Mrs. G.L. Hall and Mrs. Dave

THE MAN FOR ALL OF TENNESSEE

SPEAKS OUT

On Some Of The Many Problems Facing Our State.

TAXES.....

The people of Tennessee are heavily burdened with PROPERTY AND SALES TAXES. We must look to effective tax-sharing of federal revenues with state and local governments. But first...EVERY POSSIBLE ECONOMY MUST BE EXERCISED TO REDUCE THE COST OF DOING BUSINESS IN STATE GOVERNMENT!

EDUCATION.....

A high quality program of education is vital to the future of our state, because that future lies in our most precious natural resource...our children. Teachers must be prevented from leaving their jobs in Tennessee for better employment in another state or field of endeavor...we must pay adequate salaries.

DRUG ABUSE.....

We must use every means available to stem the tide of drug use. The inadequate state laws dealing with it must be corrected immediately. I intend to see that "drug-pushers" shall receive such severe penalties as to make them extremely fearful of such activity. There will be no compromise with this objective under my administration.

PUBLIC HEALTH.....

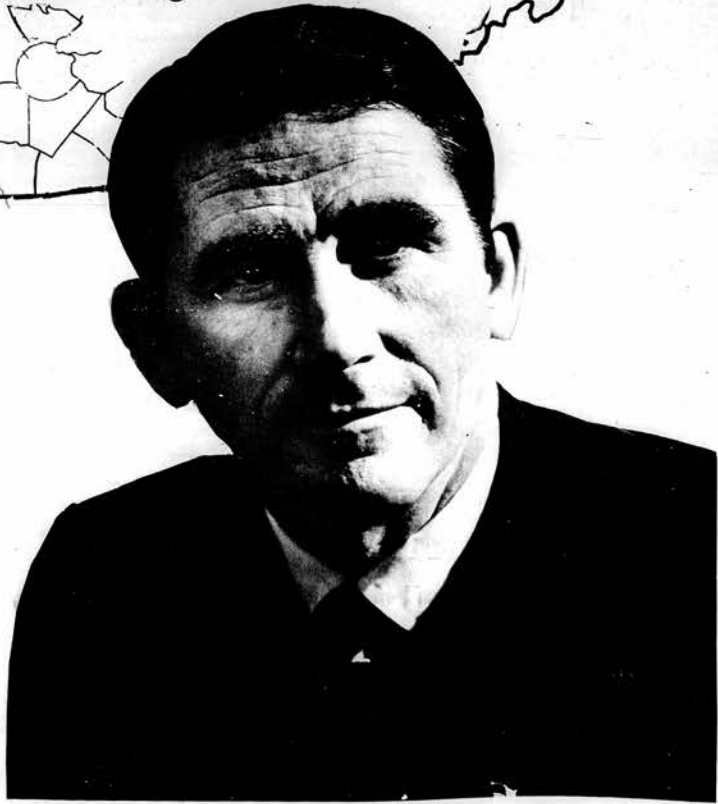

We will seek expansion of those health services which provide early detection and correction of conditions which so often lead to wasted, useless lives in state institutions or on state relief rolls. Excellence in Public Health will be a paramount goal of my administration.

LAW ENFORCEMENT.....

My administration will support...at every level of government within our state...those agencies which seek to serve and protect the citizens of Tennessee. I will encourage state aid to all police agencies, and to the various Sheriff's departments, and insist on a constant upgrading and re-evaluation of our State Highway Patrol. The laws of Tennessee will be firmly and fully enforced.

CONSERVATION AND ANTI-POLLUTION.....

Within our state lies a geographically well-oriented triad offering a great potential for leadership and service in environmental studies. They are the UNIVERSITY OF TENNESSEE, the OAK RIDGE NATIONAL LABORATORY, and the TENNESSEE VALLEY AUTHORITY. As Governor, I will urge these three great institutions to co-operate in an ecology and anti-pollution program to prevent depletion of wildlife in our lakes, rivers, and forests. We must have a new look and complete re-evaluation of our state's conservation program.

And To The People Of East Tennessee-

You have suffered severe political discrimination in the development of your INTER-STATE AND STATE ROADS. Not only has this worked an unnecessary hardship on you, but the ENTIRE STATE HAS SUFFERED WITH YOU IN THE LOSS OF BUSINESS AND TAX DOLLARS FROM A REPRESSED TOURIST TRADE.

This discrimination will be ended immediately, and my administration will allocate DOLLARS TO THE FULLEST EXTENT POSSIBLE ON A HIGH PRIORITY BASIS to "catch-up" your road system.

This is just ONE OF SEVERAL EXAMPLES OF DISCRIMINATION AGAINST THE PEOPLE OF THIS AREA. Tennessee...ALL of Tennessee...has been deprived of progress because of it.

WE MUST BE ONE TENNESSEE...UNITED AND EQUAL. As your nominee, I believe I will have the full support of the people in ALL AREAS OF OUR STATE, and

Winfield Dunn has been an active Republican for twelve years. For four of these he was Chairman of the Shelby County Republican Party during which time his district elected a Republican Congressman for the first time in this century... Tennessee had its first popularly elected Republican Senator, Howard Baker.

Winfield Dunn Has The Political Experience!

We Will Win In November...

We Will Unite Our State...

We Will Move Forward With Progress...

People have confidence in Winfield Dunn. For a state government that is responsive to the people of Tennessee and their needs.

CAPT. ALEXANDER

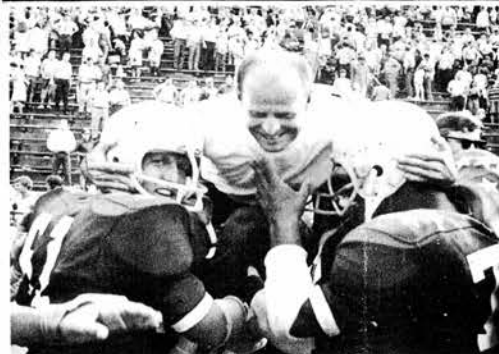

CAPT. HEADLEE

Loudon Men Named Guard Commanders

Effective as of August 1st Joe Alexander and Edward Headlee are the new company commanders in area National Guard units. The changes were announced by LTC Richard Ray, battalion commander of the 2nd Battalion, 117th Infantry.

Alexander assumes command of Company "C" located in Lenoir City and Sweetwater, and with his new assignment comes a promotion to captain. CPT Alexander served as a lieutenant with the 101st Airborne Division in Vietnam where he was wounded during enemy action. Among his decorations are the Silver Star, the Bronze Star with "V" device for valor, and the Purple Heart. Joe is married to the former Gail Thompson and is presently attending the Infantry Officers' Advanced Course at Fort Benning, Georgia.

Headlee assumes command of Headquarters Company located in Athens and Elowah. He was promoted to captain in April, 1970, and has served as the S-2 on the battalion staff. Headlee served with the 82d Airborne Division in Vietnam during that year. Edward will receive his Master's Degree from the University of Tennessee on August 22nd and resume his duties as English instructor at Loudon High on August 24th. He is the son of the late Helen Giffin Headlee of Loudon.

CHIG'S REWARD— Loudon football coach Bert (Chig) Rattledge, who directed the East All-Stars to an upset victory over the West at U-T Saturday in the annual TSSAA contest, is hoisted to the shoulders of two of his big linemen for the victory ride off the field. The East won the game, their fourth consecutive star victory, 12-6. Two of Rattledge's 1969 State Champion Redskin squad members Jake Lane and Gordie Watson were on the East squad and were credited by the coach with playing a major part in the overall success of the week and in the All-Star game. Rattledge gave credit to all the 30 East players the assistant coaches and the TSSAA for what he said was a rewarding experience not only for the boys but him also.

3 Loudon County Homes Among 11 In State Named To Historic Register

By Calvin Lunaford

In a recent announcement by the National Park Service, Department of the Interior, 11 sites in Tennessee have been entered into the National Register of Historic Places. Three of these are in the Loudon area. They are: The Carmichael Inn, The Bowman House and The Cannon Calloway House.

The National Register of Historic Places records the story of the nation, and is a roll call of the tangible reminders of the history of the United States. It is a list of distinction identifying for the people those properties worthy of preservation for their historic value.

It's meaning, as far as protection for their preservation is concerned, is that these properties cannot be disturbed for highway construction, the building of other project depending in part or fully financed by government funds. Thus another measure in assuring their preservation in years to come.

The Cannon Calloway House, located on Highway 11, three miles West of Loudon, was built during the Civil War. It's first occupants moved into the house in 1872. For many years the house was owned by the Lenoir family and was later purchased by the late Senator Hugh Calloway. This grand old home was occupied by Senator and Mrs. Calloway for many years. The present occupants are Mr. and Mrs. Tom Henry, Mrs. Henry, daughter of Mr. and Mrs. Dan Waller, is a granddaughter of the Hugh Calloway.

The Calloway home was not selected on the basis of any historical connection housing developments or any

Record Amount Awarded In Circuit Court

One of the highest damage suits awards ever made in Loudon County came out of Circuit Court last week, but collection of the judgement may be difficult.

Awards totaling \$83,192.50 went to Samuel B. Breaux, who sued Bobby S. Melton for injuries arising out of an automobile accident.

The indications were, however, that collection of the judgement is unlikely. Mr. Melton, who is reportedly no longer lives here and one attorney in the case said he does not know where he is. It is understood he had no insurance. The defendant was not present at the trial.

Examination of the docket of Circuit Court, presided over by Judge Willard Kittrell, revealed a high percentage of cases which were settled out of court before coming to trial.

Nine separate cases arising out of a traffic death Mrs. Dessie Ann Johnson Morgan in an automobile accident on New Highway 95 at Highland Park Road were settled out of court. Orders showing details of settlement had not been filed.

A suit involving Mr. and Mrs. Sagel G. Johnson and Goday Gills Golf and Country Club, Inc. also was settled out of court.

James K. White, Marenmont Corp. employee, was awarded \$2362.50 settlement and a 7 1/2% permanent partial disability in a Workmen's Compensation case.

The Court approved the adoption of Lisa Carol Baker and Jeffrey Lynn Glass by Leonard Franklin Reynolds and wife, Carolyn Ruth Baker Reynolds. Defendants in the case were Robert Charles Glass and Harold Baker.

The Court granted a Writ of Possession to James Eblen, Mrs. Ruth Gatt and Charles Eblen from Sam Dalton, who had been operating a beer tavern and gasoline service station, owned by the Eblen estate. Mr. Dalton petition contended he had bought the business from Al Hickman and claimed he had received verbal assurance from Glen Whistler of Whistler Oil Co.,

ALL ELECTIONS ON SAME MACHINE, RECORD VOTE EXPECTED THURSDAY

Voters will cast their ballots in the Loudon County General Election and in either the Democratic or Republican Primary Elections, all in the same voting machine this Thursday.

This was the word this week from election officials after several voters had asked where they would go for the various elections.

All three elections will be at the same point, officials explained. It works this way:

1) The voter will report to his regular voting precinct. There he will sign to vote in the General Election and will receive a slip of paper signifying that he is eligible to do so.

2) Moving down the line of election workers, he will report either to the Democratic or Republican Primary workers, which ever he chooses. He cannot vote in both. There he will be given a colored slip of paper designating which Primary he is eligible to vote in.

3) Going to the voting machine, he will hand two slips of paper to the machine

judge, who will lock out (make inoperative) the voting levers for candidates in the Primary in which he is not going to vote. Stepping into the machine, the voter will close the curtain and his choice of candidates in the General Election and in his Party Primary.

Some of the confusion probably arises from the practice in past years of holding the Primaries and the General Election in different parts of even different rooms of the voting precinct. In those days, when paper ballots were used, it was possible to vote in both the Democratic and Republican Primaries. With everything on the voting machines, this is no longer possible.

Only one precinct in Loudon County, Luttrell, will be voting on paper ballots. Voting in that precinct will close at 4 p.m. to permit counting of the ballots to be completed by the time the machine precincts close at 7 p.m. All precincts will open at 9 a.m.

A composite sample ballot is printed elsewhere in this issue. The composite ballot shows the candidates in each of the three elections for Road Commissioner and in each of the five District races for Constable. The ballot the voter sees in the machines will show only one in each of these races.

There is one other noticeable difference in the appearance of the sample ballot and of the actual voting machine ballot. The Democratic and Republican Primary elections have been moved up alongside the General Election to conserve space. On the actual ballot, the Primaries appear to the right of and below the General Election.

Consumer Spending In County Hits Record High In 1969

Incomes in Loudon County were up in the past year and, as a result, consumer spending continued at a high level.

The figures show that many local merchants equalled or exceeded their previous year's volume, due in part to the higher prices for goods and services.

Just how much was spent by local families for food, cars, furniture, clothing and other commodities is detailed in a new market data report, released by the Standard Rate and Data Service. It gives comparable figures for the county in all parts of the country.

In Loudon County, food stores got a sizeable piece of the retail dollar. They accounted for approximately 24 cents out of every dollar that was spent.

Elsewhere in the United States, 21 cents went for food and, in the East South Central States 22 cents.

For grocery stores, supermarkets, bakeries, meat markets and other food emporia in the area it added up to a sales volume of \$2,284,000 as against the prior year's \$7,005,000.

This was solely for take-home food. It does not include expenditures in outside eating and drinking places.

If this outlay for food were divided equally among all local families it would average \$965 per family.

Compared with the expenditure for food in most other areas of the country, this was a relatively large amount.

The SRDS report shows that consumer buying of their kinds of merchandise was also sturdier than might have been expected.

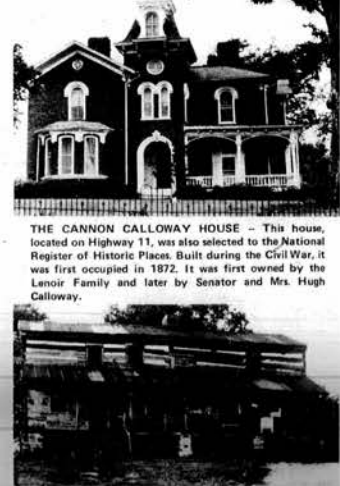

Sales of automobiles, motorcycles, boats and other

THE BOWMAN HOUSE—The third place to be selected for the National Register of Historic Places was the Bowman House, built in 1828 by George Bowman, the first white man to build a permanent home among the Indians. The home now belongs to Dr. J. R. Watkins of Loudon.

3 Local Homes Named To Historic Register

(Continued from Page 1)
with early Loudon County. Rather due to the unusual and beautiful architecture. It has undergone no drastic changes through the years and today remains almost as it was around 100 years ago. It is unique because of the fact that it is the only brick home in existence with the specific design. Some similar designed home were constructed of wood, but not of brick.

The Carmichael Inn, was selected on the basis of the rich historical background. It was built sometime prior to 1932 and is of log construction. It has served as a stagecoach stop and as a lodging place for railroad passengers. The railroad ended at Loudon and the passengers left the trains in Loudon and ferried the river. Many of them stayed in the Carmichael Inn while awaiting stage coaches to Knoxville. Many of these people were enroute to the many summer resorts operated in Tennessee at that time.

The log house was built by John Hudson Carmichael, who was born in 1780 and died in 1840. The old log house itself is one and one-half stories with four large rooms on the lower floor. These rooms have very high ceilings and huge fireplaces centering each room.

The old Carmichael Inn has always been a landmark of Loudon County. Rumors of plans for its restoration have circulated for some time. The Bowman House, now

owned by Dr. J. R. Watkins, was built in 1828 by German born George Bowman. He was possibly the first white man to build a permanent home among the Indians. He was born in Germany, Sept. 20, 1772, and came to the United States in 1802.

Bowman was a cooper and sold most of his barrels to the government. He was also a commissioned government agent for the Cherokee Indians. Often he was called on to settle disputes and thus helped avoid trips on the warpath.

The brick in the Bowman House were handmade on the building site. The builder was Jacob K. Ault, who had the limestone foundation rocks hauled from a quarry at Morgantown. The two story structure has four large rooms and a basement. Two rooms and a porch were added later.

The Bowman Home remained in the Bowman family until purchased by Dr. Watkins.

who had been renting the station and sub-renting it to the operator, and from Atty. Charles Eblen, that his arrangements with Mr. Hickman would be satisfactory. In the absence of written contracts, however, the Court held in favor of the plaintiffs.

William H. Ferguson of Lenoir City, an inmate of Brushy Mountain Prison, was denied release from prison on a habeas corpus proceeding. Mr. Ferguson, serving time on conviction of fraudulent use of a credit card, had claimed he was not properly advised of his rights at the time of his

arrest.

Petitions of absolute divorce were granted to Laura Devine against Bill Devine and to Lucille Barger Roach against William Ivory Roach, Jr.

Orders of dismissal, also indicating out-of-court settlement, were entered in three automobile accident damage cases brought by Gary Watts, Margaret Watts and Homer Watts against Walter E. Moses and others. Another automobile accident damage case, brought by H.P. Nicley against Dorothy J. White was settled, records indicated.

In a jury case heard Wednesday, July 29, Robert Alan Guider was found to be the father of the son of Roxie Kirkland in a paternity suit. Four cases brought against used car dealer George W. Barron, Jr., claiming damages from an automobile accident in which it was contended the vehicle Mr. Barron sold was defective, were settled out of court. Bringing the suits were Arthur Douglas Johnson,

Leola Johnson, Tim Johnson, and David Johnson. Two cases brought by Alice F. Webb and Clarence Webb against Richard H. Martin for damages arising from an automobile accident, also were settled out of court, as was a suit brought by Sanford Harrison Clabough against Marion T. Harpey and others for damages arising out of an automobile and motorcycle accident.

A suit, scheduled for trial Aug. 12, brought by Marcella King and others, heirs in the estate of Mrs. Emory Wells, against Mrs. Pauline Click and husband, Glenn Click, was settled out of court. Terms of the settlement were not a part of the record, but the record showed an original claim by Mrs. Click of \$22,500 - later raised to \$40,000 - for services rendered to Mrs. Wells here during the several years before her death.

The Court confirmed a judgement of \$19,308.50 granted to Highway Patrol Lt. Austin E. Godfrey in a suit against Ethel M. Jenkins. The case involved an accident in which Lt. Godfrey was struck by a car while directing traffic near Cole Drive.

A series of damage suits arising out of the automobile accident involving Milton R. Williams in which three persons were killed, all were continued until next term of court.

Sales of furniture, household appliances and home furnishings came to \$1,631,000.

In recent months, reports indicate, consumers across the country are showing more restraint in their spending, reflecting their concern over the war and inflation.

Vote for John Jay Hooker for Governor — Democratic Primary - Aug. 6

"I am involved . . . and I care . . ."

All across this state, John Jay Hooker has demonstrated his concern for and dedication to the people of Tennessee.

John Jay Hooker speaks to the issues with a solid campaign of calm leadership. A program of unity. A program of mutual involvement. A program of concern.

John Jay Hooker, Jr. clearly believes that "EDUCATION is the investment of one generation in the next. We must uplift education in Tennessee . . . so that education can uplift Tennessee."

John Hooker knows that our ROADS carry the very life blood of Tennessee. "We have responsibility to not only complete our interstate programs but also to give priority to our secondary arteries, and suburban and rural roads." Further, "a positive and progressive road program must also focus great attention on HIGHWAY SAFETY."

John Hooker is also concerned about MENTAL HEALTH and about retardation. His interest in these problems has led him to propose that "federal monies be made available to match state efforts so that we may take positive and even more vigorous steps to provide the medical care and facilities to deal with this reality of life."

And John Hooker believes that "the DRUG ABUSE that is rampant in this country can and must be corrected. We must modernize our laws in Tennessee so that the drug pusher will be deterred by harsh punishment from engaging in this heinous act."

John Jay Hooker, Jr. is aware of the GROWING TAX BURDEN and is convinced that "we must institute a formula whereby the federal government shares its funds and returns to Tennessee a much more significant amount of revenue for state control."

On LABOR AND HUMAN RELATIONS, John Hooker presents constructive proposals. He feels that "the workman's and unemployment compensation laws must be brought up to date." He also supports "a basic labor-management relation law for all state, city, and county employees." He has demonstrated throughout his constructive campaign this deep concern with all the people of this state.

On POLLUTION . . . "We must unite the human resources of government, industry, and education in order to preserve our natural resources." A pledge of positive action for our generation . . . and the next.

With John Jay Hooker, the preservation of resources refers to both natural and human resources. As a fifth generation Tennessean, he is committed to the preservation of our land. As an involved Tennessean, he is concerned with the people.

For our generation . . . and the next.

Your County In Action

BY
Harvey L. Sproul

Personalities

One of the things that concerned me about the Monday night meeting of the adjourned meeting of the Quarterly Court on July 29, 1970, were some of the general statements that were made, some of them approaching getting to the nose of the issue, and this isn't good.

This type of thing is the reason why it is hard to get people to run for public office. A great majority of people are not willing to subject themselves to the kind of abuse that apparently had to be taken in order to attempt to serve the public.

The way I view a Public Hearing, which was basically what the adjourned meeting of the Quarterly Court was, is that everyone should be willing to listen to what the other has to say, and to have respect for the others' views.

To laugh at, deride, bluff, accuse, and scold is not polite or proper, and probably gets the opposite result.

More specifically one question was asked me indicating that I mislead the people in the County during the hospital referendum by stating that the building of the new hospital would not increase the tax rate.

When I explained that I had never made such a statement and that I had always held that the hospital would cost additional money

LOUDON COUNTY JUDGE
on the tax rate, but the small amount that it would cost would be nothing compared to the benefit that would come to the County by taking advantage of the approximately \$1,000,000 in Federal grants. After I explained this it was then inferred that I was not telling the truth.

I cannot deny that somewhere, somehow, someone might have misquoted or misunderstood me, but I did not intentionally make such a statement.

I will work and fight for what I think is personally right, and I am willing for others to do the same, even if it is opposed to what I think. This is a free country.

But I cannot go along with those who intentionally use underhanded or fraudulent or misleading means with which to gain what they want.

Resume

Just for my own satisfaction I have gone back through some of the columns that I wrote during the hospital referendum question, and I want to quote parts of them here to indicate my position on the question of whether or not the hospital would cause an increase in the tax rate to the people of Loudon County.

I will list below from my column, "Your County in Action" for the dates indicated.

July 10, 1969: "To pay \$800,000 in bonds over a 12-year period would be much better than paying a \$1,500,000 or \$2,000,000 worth of bonds of few years later, and we would have the asset of an excellent modern hospital in the meantime."

"The present cost has already been planned into the tax rate, and is negligible compared to the assets we are getting."

July 24, 1969: "So we will just have to hope that those people who are for a new hospital now, and are willing to pay some more on the tax rate in order to get it (but not much compared to what it could cost later), and who do not want to lose almost a million dollars in grants (that we may not be able to get in the future) which will help us get the hospital cheaper (and to be able to hold down the rates some), to get out and vote for this hospital when the referendum is held."

September 11, 1969: "A fellow brought some figures into my office the other day which he said he had figured with some professional help, and that the proposed \$800,000 worth of hospital bonds, payable over a period of twelve years, would cost Loudon County approximately \$95,424 per year."

But if the County had to pay a \$2,000,000 bond issue to accomplish the same purpose over a twelve year period, the cost would be \$238,560 per year."

September 18, 1969: "In my opinion, based on the analysis made by the Bond Representative, the tax rate should not average more than 20 to 25 cents additional on the tax rate to build a new hospital."

September 25, 1969: "To postpone it may very well mean that the property owner in Loudon County will be faced with a much larger tax bill to pay on the same kind of project within another five-year period."

"The new hospital will cost approximately 20 to 25 cents on the tax rate over a period of twelve years (the cost may be less as new buildings are built increasing our County's total assessment values."

I certainly admit that I was for the new hospital because I believe it will be a wonderful asset to the County in making a better place to live in, in getting better medical services, in including new industry, etc. but I certainly resent any implication that I intentionally misrepresented the cost.

RE-ELECT

Senator Albert Gore

Democratic Primary Aug. 6

(Inserted and paid for by Loudon County Committee for Gore - Jim Hartsook, chairman)

To The Voters of Blount, Loudon, And Roane Counties:

On the eve of the General Election of August 6, 1970, I am in an appreciative, yet soliciting mood. I am grateful for the opportunity of having served as your Attorney General for the past twelve (12) months. Your vote and continued support are now requested for my election to this post for a four year term.

At this time, it appears fitting and proper that a brief review of my qualifications and achievements be given you.

I passed the state bar examination several months prior to graduation and my experience in the practice of law covers approximately 22 years. Although practice in the Criminal Courts consisted primarily of defense work, I did have considerable experience with the prosecution prior to becoming Attorney General. A special qualification is my being familiar with problems of both the defense and of the state in criminal cases.

Since making my home in Loudon during December of 1948, following graduation from the University of Tennessee, College of Law, I have received several honors primarily through the generosity and consideration of my fellow East Tennesseans. It has been my privilege to serve as Mayor of Loudon and as County Attorney for Loudon County. I have served as State Commander of the American Legion and for a period of time was a member of the State Board of the American Cancer Society.

While serving as your Attorney General, I have endeavored to fulfill the duties of that office without fear or favor. To the best of my ability, I have handled all matters before the Court without regard to race, economic standing, or political affiliation of the parties involved. These policies will continue as long as I am your Attorney General.

With kindest personal regards, I remain,

Gratefully yours,

Jim W. Sanders

WEBSTER'S REFERENCE TO SPORTS

By Joe Webster
Hey there!! We may not have a professional football this year. Could you stand the terrible silence on your idiot box?? (That's a TV set) What would the networks show every Sunday to replace the high-geared, bone-rattling, professional violence? Well, don't worry about it honey-chile - they'll play football this year. There's too many almighty dollars tied up to let a season just vanish. Right now, the owners and players are sounding off like a bunch of politicians. Speeches, threats, and mean looks are now the order of the day, with an occasional pause for a cup of coffee. But when that TV network man says, "Okay boys, get on some kinda time" - Just watch 'em get everything settled in 5 minutes or less. In the meantime, on with the oratory.

Well, "Chig" Ratledge's East squad came through with a victory in the All-Star game. Now brother Ratledge can get down to serious business with his Loudon Redskins. -Alcoa is first on the list. Just 30 days to go and counting.

HERE'S A GOLF BULLETIN: -Last week, on the same day, Tootsie (Ben Hogan) Carver defeated Dick Huff and Clell Miller. Tootsie had worked all night, had slept none, and beat Huff and Miller. All within a 24 hour span. Is Tootsie Loudon's greatest golfer? (Paid for by citizens for Carver)

Charlie McCall, the County Agricultural Agent, sent me his proposed National Football League alignment. Here's the way Charlie says the teams should be aligned: Cowboy and Indian Division; Cowboys, Broncos, Colts, Chiefs, and Redskins; -Blue-Collar Division: Oilers, Packers, Steelers, 49'ers and Bills. War and Peace Division: Raiders, Patriots, Vikings, Chargers, and Giants. Animal Division: Lions, Rams, Bears, Bengals, Dolphins, and Browns. Airborne Division: Jets, Eagles,

Falcons, Cardinals, and Saints.
Thank you, Mr. McCall. I will forward your suggestion immediately to Pete Rozelle. What he'll do with it, I don't know.

Those All-Star games didn't draw too well at the gate but the heat worked against them. If UT had lights, they could play at night and that would help the gate considerably. Be cooler too. Man, this August heat is tough.

How do you like this outfield chosen from the last 25 years:
LEFT FIELD - The Great Cardinal - STAN MUSIAL
CENTER FIELD - The Magnificent Giant - WILLIE MAYS
RIGHT FIELD - The Great Roberta - Roberta Clemente
That's 3 pretty fair country ball players. I'll see you at the polls. Goodnight everybody.

Vote For And Re-Elect BOBBY J. KNOWLES Circuit Court Clerk

Loudon County August 6

DEAR CITIZEN:
As election day comes upon us, I have found it impossible to make personal contact with many of the voters and want to take this final opportunity to ask those of you whom I have not been able to see for your vote and support on election day. Your vote and support will be deeply appreciated. Also, I want to thank each of you who have worked so hard for me in this campaign and for your prayers, which have been the source of my courage during these times of great tribulations.

Actually, my decision to continue this race was based upon the following reasons: First, My conscience is clear and I am confident that my innocence will be established when both sides of the story are told. The Bible says, "That the guilty flee when no man pursueth: but the innocent are bold as a lion." Prov. 28:1.

Our savior was crucified by powerful and sinful men, although he was without fault, while his followers stood helplessly by and said or did nothing to prevent his crucifixion. However, scores of good people have come to my rescue and I am confident that many others have changed their mind and now realize that the crooked, professional politicians and their associates are very instrumental in the all-out drive to win in this election in anyway possible. I am sincerely convinced that the charges laid against me were politically motivated by some of these professional politicians who seized upon the incident of March 23rd and through political connections in Nashville apparently were able to manipulate the figures contained in the State Auditor's Report so that the Report would reflect a discrepancy in the Circuit Court Clerk's Office. The purpose of such findings were two fold: (1) To classify me politically, realizing that I would not have sufficient time to have an independent audit conducted and published prior to the election. (2) To put a zipper on my mouth in their all-out drive to elect their candidates to the most important district offices in the district.

I have served the Citizens of this County honestly, fairly and impartially during my tenure of office and will continue to do so when re-elected. I ask that you give me the opportunity to serve you in this important office for another term by re-electing me Circuit Court Clerk on August 6th, for a third term of office.

Sincerely yours,
Bobby J. Knowles

Weather
The weather man has been nice to the Loudon County Farmers during the past week. In fact, this was the

wettest week since about mid-June. Now that we've had some moisture, things are beginning to happen in the farming circle which isn't so bad after all. We are indebted to Hurricane "Becky" for breaking the dry spell.

Field Day
The Annual Field Day at the Tobacco Experiment Station in Greenville on Wednesday, August 12 will be of interest to all farmers. Superintendent Hugh Felts, has gone all out to have a good program. You, that are interested in burley tobacco, will find the program especially interesting. If fact, there's something of interest to everyone that attends.

Livestock
The Annual Livestock Field Day was well attended. Gail Hein and his friends over did things a bit from what I have heard. Olie Goodson has been pestering me for the recipe of the pet barbecue served. I don't know what you put into the barbecue myself. Help Olie out if you can. Our thanks to Steve Hammock from Dallas, Texas for a good report on "Improvement of Cattle." Some 100 livestock association members enjoyed this event.

Winter Pastures
Plan now for your fall and winter pastures. If you want to make money it's a must. Roy White, dairy farmer on the Steeple Community, says he figures that this is a way he can strengthen his forage program. It's also higher in quality than that of stored forage. Seed between August 15 and September 15 with Blount Oats, Balbo rye, Dixie Crimson Clover. Generally three to six bushels of oats or two to three bushels of rye, along with 15 pounds of crimson clover per acre will give an adequate stand.

Calves
Records on thousands of calves have shown that creep-fed calves had an average daily gain advantage of 0.18 to 0.2 pounds of extra gain over non-creep-fed calves. Carl Bright, beef cattle farmer in the New Hope Community, says that it pays in many ways. Since he sells all of his calves as feeders through the Feeder Calf Sales, he finds that they are in better condition and grade better.

Tobacco
Burley tobacco ranks second as a cash income crop in Loudon County. The value of tobacco in Loudon County last year was \$783,995.18. When that much money is pumped into the county's economy and then this in turn generates other dollars. The income of several people here in the county is directly or indirectly related to the tobacco crop.

Charms of Tennessee

The "State Outline," beautifully detailed in precious sterling silver, is the first in our series of Charms of Tennessee... twelve lovely antique-finish sterling charms depicting famous men, historic moments or famous landmarks in Tennessee.

Collect them for a beautiful sterling silver bracelet.

It's easy to do. Simply open a new savings account for \$25 or more—or add that amount to your present account. You may then buy your first charm for \$1.95... and we'll give you the attractively boxed sterling silver bracelet free! Then, with each additional deposit of \$10 or more, you may purchase another sterling silver charm for only \$1.95; and so on until you collect all twelve of the exquisite charms that make up your lovely Tennessee Heritage bracelet. By that time, you'll have accumulated some very solid savings, too. It's a charming way to save and we think you'll love it!

The year-end buy that pays off three ways.

1. You save big money when you buy it. The 4th Annual Year-End Sale is on now at your Oldsmobile dealer's—and the savings are substantial on every new Olds in his stock!

2. You save even more money as you drive it. Olds is famous for features that help keep costs down. Like Positive Valve Rotators in every V-8 for peak performance thousands of miles longer... rustproof inner fenders... aluminum exhaust system... bias-belted tires... many more!

3. You get a nice bonus at trade-in time. An Olds is a good investment—traditionally you get more of your dollars back when you're ready to trade the next time around.

If you think you can't afford an Oldsmobile... it's time to think again.

have said many times before that the town of Loudon back in the good old days evolved for the large part around the depot area and the area all of us old timers remember as Greasy Corner. At this time the West End of Loudon had not started its growth and of course our town portion of Loudon as far as the business places were concerned were located in these two areas previously mentioned. One of our pictures this week was taken at one of the few business places that existed. This is a picture taken in the repair shop area of Miller Motor Company. First we would like to say that this was before Miller's constructed their present building and at that time the picture was taken all of their facilities were housed in a building on the opposite side of the street. The car in the picture is a 1933 Standard Chevrolet, which we think is a brand new car at the time the picture was snapped. If so, we can date the picture around 1933, making it about 37 years old. Don't know what the occasion was. Could have been a special event or maybe someone just happened along with a camera. Anyway, those four in the picture we can identify are: left to right: mechanic unknown, Lynn Grubb, whose family operated Grubb Motor Company on Greasy Corner, and later Mr. Grubb owned and operated Century Buick Company in Athens. Last account we had of him he was in semi-retirement and keeping his hands in the automobile game by his association with Woods Mercury in Sweetwater. Next is Joe Tipton, who now co-owns the Curtis-Tipton Ford Company, Loudon. Next is Bob Berry, also with Miller's for a number of years, and later operated his own dealership, Berry Motor Co., Lenoir City. Mr. Berry, we understand, is also in semi-retirement. Next is the late Arch Miller, who possibly put more of Loudon County in a car than any other dealer around. Mr. Miller was a well liked and highly respected businessman and widely known. Possibly either of those afore-mentioned men.

would express their own high regards for Mr. Miller. To this writer he was a man, we respected and liked very much.

The picture came to us from Mrs. John W. Blair, the former Alta Tipton, who resided in Loudon from 1922-1938. Mrs. Blair, sister of Joe Tipton, now resides in Sarasota, Florida and in her accompanying letter she expresses her appreciation for the good old days efforts. Our many thanks to Mrs. Blair for the loan of the picture and her kind comments.

Our other picture is of a quartet which was very popular in our area a few years back. These boys, all from Lenoir City, were on radio and did concert work for many years. They are, left to right: the late Tommy Tuck, Pete Tindell, Doc Smith and a Paas boy. We believe his name was Gaston. One member of the group, Doc Smith, wrote a gospel song which became very well known, "My Lord Keeps A Record."

Our Next Governor Must Be A Strong Man

He must be a CONSERVATIVE Governor! He must be a MATURE Governor!

Bob Taylor is CONSERVATIVE **Bob Taylor is MATURE**

He volunteered in the U.S. Air Force the day after Pearl Harbor. He studied law at night and rose to be Judge of the Tennessee Court of Appeals. He stepped into the race for Governor, although he could have retired in six years with full pay.

BOB TAYLOR BELIEVES—

- (1) Our homes and streets must be kept safe.
- (2) Criminals, both big time and petty, must be punished and not coddled like spoiled children. (As special Attorney for the State of Tennessee he tracked down and broke up a million dollar fake adoption black market).
- (3) Citizens must be protected from dope peddlers.
- (4) Honest, loyal, hard working policemen, firemen, and school teachers should be paid livable salaries.
- (5) Any teacher or public employee who encourages a riot should be fired at once and prosecuted to the fullest extent of the law.
- (6) Any student who participates in a riot should be expelled at once.
- (7) Our schools should be kept open for students who want to learn.
- (8) Our schools should be run by local authorities and not by the Federal Courts.
- (9) The government should help the aged, the sick, the crippled, the mentally ill and mentally retarded.
- (10) Healthy able-bodied persons should work for a living.
- (11) State employees need an effective civil service law which shields them from being intimidated or "shaken down" during each governor's race.
- (12) The Bible should be brought back in our schools.

AKINS, ALEXANDER, SCHRIMSHER WIN TOP COUNTY RACES

ABOUT 50 PERSONS were left standing in each line to vote in the Lenoir City Inside West and Lenoir City Outside precincts when the polls closed at the Lenoir

City Memorial Building at 7 p.m. Thursday after a hot and busy election day. A total of 825 persons voted in the outside precinct and 852 in Lenoir City West.

Loudon County Democrats failed - except for one office - in their first significant bid in several years to place members of their party in Courthouse offices. Democrat Billy Joe Akins defeated Republican Bobby Knowles for Criminal, Circuit and General Sessions Court Clerk, and Democrat Ralph Eblen's effort to unseat incumbent Republican J.V. (Slim) Schrimsher failed by 855

Shot Fired In Knowles' Car

Election eve brought a near-tragedy to one of the candidates for county office when an unknown assailant reportedly shot into the car of Circuit Court Clerk candidate Bobby Knowles.

Deputy Raymond Lattin said he and Chief Deputy Fred Sheppard investigated a report by Knowles that someone shot into his car, missing his head by only about five inches as he was returning to his home along old Highway 95 near Lenoir City. The time of the shooting was reported to be about 11:15 p.m.

Knowles told the deputies he had been out toward Easton Crossroads checking to see if his campaign posters were still up.

Alexander's 363
Margin 1300
In the race for Criminal, Circuit and General Sessions Court Clerk, Billy Joe Akins, Democrat, carried every precinct except Greenback in defeating Republican Bobby Knowles 3050 to 1300. Knowles the former Circuit Court Clerk, is under indictment in connection with an approximately \$9,000 alleged shortage in the funds of his office, and in connection with a fire, March 23, which destroyed most of the financial records of his office. He was suspended from office at the time of the indictment.
The totals:
Akins 3050
Knowles 1300
Akins' margin 1750
Loudon Democrat Ralph Eblen made the first significant effort in years to unseat Republican incumbent J.W. (Slim) Schrimsher from the office of trustee, but he failed by 855 votes. Schrimsher, carried every precinct in the county except Lenoir City East and Luttrell.

(Continued on Page 4)

Deatherage Defeats Sanders, With Blount, Roane Strength

Former Assistant Attorney General of Loudon, Blount and Roane Counties, Kenneth Deatherage, a Republican of Kingston, defeated Loudon Democrat Ivo Sanders for Fourth Judicial Circuit Attorney General in the three county area.
Sanders, who was appointed Attorney General by Governor Buford Ellington in July of 1969 following the death of Jim Watkins, carried Loudon County on a vote of 2701 to 1883, but lost to Deatherage in Roane and Blount. Incomplete totals in Blount gave Deatherage an 800 vote edge with nine precincts to come. In Roane, with the absentee vote not tabulated, Deatherage led a 1000 vote lead, 2954 to 1933.

Returns Are Incomplete

Election returns are not complete in the charts published in this special Election Edition of the two Loudon County newspapers. Three of the precincts closed before poll workers, assigned to collect returns, could do so.
The three were Loudon Inside West, Loudon Outside and Greenback precincts, although returns were obtained later for Greenback from one of the election workers. Partial returns also were obtained for the two Loudon precincts, but only after much searching.

"We are very sorry we were unable to bring complete returns," said editors Larry Cate and Vernon McKinney of the Loudon County Herald and Lenoir City News-Banner in a joint statement. "This is the first time in many years we were unable to obtain complete precinct - by precinct returns within about an hour or so of the time the polls close."
"We don't know just what happened," the statement continued, "but we would make the general observation that it is just as important to provide the public promptly with the results of an election as it is to hold the election in the first place."
Complete and official returns will be published next week after the official canvass of votes which will take place Monday.
"We hope there are no errors in the returns today," the statement concluded, "but if there are, we apologize."

Hooker, Dunn, Gore, Brock Win In Loudon And State

On the state-wide picture Loudon Countians were in the mainstream of the vote with the winners locally also getting the state primary bids.
Democrat John Jay Hooker made a victory statement on television about 12:30 a.m. while riding a 50,000 vote cushion Friday morning just after Stanley Snodgrass conceded. Hooker, bringing back memories of four years ago

when he was defeated by Governor Buford Ellington in the Democratic primary, said he knew the sting of defeat and knew how much it took to be a winner.
Both the Associated Press and United Press International declared Dr. Winfield Dunn of Memphis the Republican nominee just after midnight, Nashville industrialist Maxey Jarman refused to throw in the towel

at 1 a.m. saying it would be morning before the race would be decided.
With some 140,000 votes in Jarman had a 3000 vote lead, but Dunn's real strength, West Tennessee, was just coming in and according to the experts he would take the Republican nomination and face Democrat Hooker in November. Only minutes after Jarman's statement Dunn went into a 5000 vote statewide lead with some 400 West Tennessee precincts not in.

FLOTTERIAL REPRESENTATIVE Benny Stafford of Lenoir City, who was nominated to that post in the State House of Representative for Loudon and Blount Counties in the Republican Primary is shown receiving candidate cards from poll workers at the Philadelphia Precinct during Thursday's elections.

Yale & Towne Eliminated From District Tournament

After defeating Bankers teams (from Athens and Dayton), the Eaton Yale & Towne softball team ran out of the money in the District Three Tournament played in Athens last week. They lost to Athens Bank of Athens, 20-19, Saturday, and to Merchants Bank of Cleveland 8-7 Monday in the double-elimination affair.

175 Will Get Job Opportunity

Work experience opportunities will be developed for 175 chronically unemployed persons in the Loudon and Roane County area through an "Operation Mainstream" project, according to U. S. Sen. Howard H. Baker and U. S. Rep. Joe Evin.

Federal funds in the amount of \$332,500 have been approved for the program, which will be directed by the Loudon and Roane Community Action Agency. "Operation Mainstream," a program of Manpower Administration, U. S. Department of Labor, provides work experience and training for chronically unemployed persons, particularly among the elderly. Projects also help improve low-income, small rural communities. Workers plant trees, beautify roads, improve drainage, decrease air and water pollution, protect wildlife and rehabilitate housing.

To the voters of the first and fourth districts

Thanks to all of you for re-electing me to be your road commissioner. I hope I can be of service to each citizen in these districts. My sincere thanks to everyone who helped in my campaign.

Elm-Hill - A&W In Softball Finals This Week

Elm Hill and A&W will meet Friday night at 7:30 to determine who will represent the winners bracket in the final of the Lenoir City Sub-District Three tournament being played on Civitan Field each night this week.

Finals in the losers bracket will be played Friday night at 8:30, with the winners in the winners and losers brackets playing Saturday night at 7:30 to decide the Championship.

Teams still in the losers bracket (Thursday morning) are Sweetwater, Smith Chair, Cas Walker and Oak Ridge.

West Broadway Singing Saturday

The West Broadway Baptist Church will have a singing on Saturday, Aug. 8 at 7:30 p.m. Special guest singers will be the Washington Avenue Baptist Church, Young People's Chorus of Cleveland, the Steeple Quartet of Loudon and the Antioch Quartet of Lenoir City.

High School, 16-7, on a barrage of hits including a home run in the fourth by Gail Volles. Elm Hill edged Cas Walker, 10-9. It was close all the way. Elm Hill, leading 8-6, going into the seventh, scored what proved to be the winning runs in the top of the seventh on a single by Teresa Maddox, a triple by Sue Cunningham and an error.

Cas Walker staged a rally in the bottom of the seventh to score three runs on hits by Helen McCabe, Bonnie Wear, Wanda Hall and Rosa, but the rally fell short. Smith Chair smothered Sweetwater No. 2 by a 5-4 score as Becky Poole and Russell hit home runs in the first inning when the winners scored 14 runs.

Sweetwater No. 1 beat Loudon High School, 20-2, in the losers bracket. Canaler paced the winners at the plate with four hits, and also was the winning pitcher. She gave up only 6 hits.

Cas Walker won on a forfeit over Sweetwater No. 2. A&W handed Oak Ridge an 11-2 setback with big 10-run first inning in which Valary Johnson got two hits and Gail Volles, Betty Moore, Lois Littleton, Jane Sampson and Barbara Pardue each collected a hit.

Connie Watson hit a home run in the fifth for Oak Ridge to account for both Atomic City runs. Barbara Pardue was the winning pitcher, scattering five hits. Elm Hill downed Smith Chair Company, 8-5, in a tight pitchers battle between Myrtle Guider, the winner, and Shirley Watkins. Guider gave up eight scattered hits, while Watkins allowed one more.

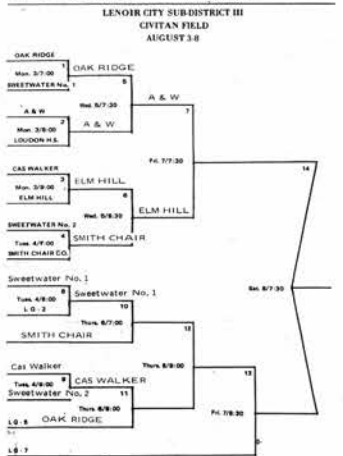

Myrtle Guider also led Elm Hill at the plate with a triple and two singles. Nancy McNabb had a double and single. Becky Poole was the only Smith Chair player with more than one hit. She hit two singles.

Sheriff Freeman Russell, unopposed in the election, received a complimentary vote of 3322. Ralph Wear, also unopposed for Register of Deeds, polled 3021, and Supt. of Schools Albert Duke, also without opposition, received 2600 votes. For Road Commissioner, incumbent Republican Lillard Bledsoe was successful over J.T. (Mose) McNabb by a vote of 1300 to 741, a margin of 559, in the First and Fourth Districts; incumbent Republican Lee Malone also won 3500 votes. Mr. Stafford, a resident of Eaton Forrest near Lenoir City, and former resident of Maryville when he was associated with the Air National Guard there, served as General Chairman of Loudon County Centennial and received the Loudon County Distinguished Citizen Award for his work in this event. He is married to the former Shirley Cline of Lenoir City.

Stafford To Be In Legislature

M.F. (Benny) Stafford, vice president of the Russell-Shields Insurance Agencies, and manager of the Lenoir City office, received the Republican nomination for Floterial Representative of Loudon and Blount Counties. Unopposed Thursday, there was not a candidate for the post in the Democratic Primary and unless there is an independent candidate in the November General Election, will represent the two counties in the Tennessee House of Representatives for the next two years. Under an agreement between the Republican parties of the two counties, Loudon County will be entitled to the nominee for the next two terms. Stafford received some 1020 complimentary votes in the Loudon County primary with figures available in all but one precinct. In Blount County with all but a few of the precincts reporting he was

Shot Fired In Knowles' Car
(Continued From Page 1) were still in place and was on his way home when a car pulled alongside his and someone fired one shot through the window on the driver's side. The bullet, he said, crashed through the lower right corner of the windshield. He told officers he could not tell if more than one person was in the car and he could not tell what kind of car it was. It had a Georgia license, however, and he gave deputies part of the license number. The shooting occurred along the stretch of road known as Bacon Straight, just beyond (north of) the entrance to Interstate 75. Knowles was driving his 1966 Ford Fairlane and had campaign signs all over the car. "I believe whoever shot knew who he was shooting at," Deputy Littleton said. He said the size of the hole in the windshield left no possibility of telling which direction the bullet came from.

OUR ROUGHEST ELECTION FOR RETURNS

During our 10 years here we have worked some late hours getting election returns, because until the last five years most of the precincts were on paper ballots or in some cases the entire election was on paper. But since then but one of the precincts were on machines, no matter how long and complicated the ballot, we had all the unofficial returns within an hour after the polls closed. Not so last Thursday night.

We, along with our counterpart in Lenoir City, planned an election extra in advance, as it is not possible to the public. There is no money to be made in an election extra, in fact the small amount of advertising in it did not pay the extra hour help and printing bill for the four page extra.

Back to the subject. What happened? I will know. We took more time in getting the machinery set up to get the returns than ever before, but a variety of break-downs along the way made it impossible for us to get what we would describe as even unofficial returns. As you noticed in some of the charts, there were blanks where we could not get the votes and in two Democratic primary precincts, we got nothing at all.

Now we are not throwing bars, and full realize that election commission officials get very little pay for their work and election poll workers holding the elections have a long, tiring day, but somebody should be responsible for gathering returns from the election. We mean complete returns the night of the election and not just in races where the opposition is keen.

In the future we would take command of gathering complete election night returns, by including instructions for the filing of forms giving the complete precinct returns, and turning it to the election commission office when the ballot box is returned that night.

We had planned to get this "Extra" out by midnight Thursday, but it turned out by daylight Friday morning, because we spent until midnight on the phone calling precinct officers trying to get returns.

Also we want to offer our "regrets" to Ralph and Charlie Eblen. During the sleepy and tired hours, somehow Charlie's picture got in Ralph's "thank you" advertisement in the election extra. As we kept the whole thing in the family and the were both Democrats.

Another thing that left a bad taste with us about the elections were the large number of persons at each precinct handing out cards for candidates and giving out instruction cards. At one precinct the Sheriff was called two times and had to ask the candidate workers to clear the door and let the voters inside the building. We can see the advantage to party instruction cards, but why candidate cards on election day at the polls? And why are the laws about distance of workers from the polling places not enforced by the election commission?

Well, it sounds as if we have a mad on this week, but rest after the election this Thursday, we had to blow off a little steam on the typewriter.

Democrat Primary Vote Down, Favorites Win

Louder County Democratic Primary vote last Thursday was off some 500 votes compared with the 1966 primary race when John Jay Hooker faced Governor Buford Ellington.

The official tally, made Monday morning, in the local primary election, showed that 2,648 persons voted in the Democratic Primary, compared with 3,185 four years ago. On the other side of the sheet the Republican Primary election received an increase of some 1,000 voters in Louder County.

The precinct by precinct, official totals for the Democratic Primary are published in a chart elsewhere in this issue.

The Democratic candidate for Governor John Jay Hooker collected 1,274 votes from Louder Countians, with his nearest rival Stan Snodgrass getting 780 according to the official count. Other votes in the Democratic Primary were:

MR. MUNSEY
Glendale Man Dies In Wreck

Roy H. Munsey, 55, Rt. 3, Lenoir City, was killed in a two car traffic accident on U.S. 411 at Brick Mill Road near Smokey Mountain Speedway Saturday night during a blinding rain storm, according to reports.

Munsey, who had been employed at ALCOA for the past 31 years, reportedly drove his car out of Brick Mill Road into the path of another car, a red colored Chevrolet, blended with the black pavement, along with the weather conditions, heavy clouds and driving rain, probably caused Munsey not to be able to see the car nor the driver of the other car to see him.

Driver of the car, which transcribed Munsey's vehicle, told the patrolman he was within a few feet of the other car when he first saw it and had just applied his brakes when the other struck.

The force of the impact on the right side of Munsey's car knocked the door off of the driver's side causing the victim to be thrown to the pavement suffering the fatal head injury. He was listed as dead-on-arrival at Blount Memorial Hospital at 8:05 p.m. Saturday. The accident apparently occurred about 7:30 p.m.

Five persons were injured in the accident, they were the victim's wife, Lucille Munsey, 50, Rt. 3, Lenoir City; family home on old highway 95 at Glendale was admitted to Blount Memorial Hospital. The National was listed in satisfactory condition Monday and hospital officials said the probably would be released that afternoon or Tuesday. Two of the Munsey's grandchildren, 10 and 10 and Mary T. sons of Mr. and Mrs. Dale Goodman, also of Rt. 3, were treated for minor injuries at Blount Memorial. Survivors of the victim include his widow, Lucille Hall Munsey, two daughters, Mrs. James Carter, Holly Springs, Ga., and Mrs. Dale Goodman, Lenoir City; four grandchildren, Mrs. Betty Odle Munsey, Lenoir City; three sisters, Mrs. Ethel

The new City of Loudon property tax rate is \$1.88 per hundred dollar assessment based on an assessment of 30 percent. The new tax rate, adopted Monday night by Loudon City Commission is eight cents lower than last year, but due to the increased assessment percentage, city taxpayers will pay about 12

percent more than last year. Mayor Joe Carter said that nearly all the increase is going into salaries for city employees, due to the addition of more people to give the citizens the services required and the cost of living plus increases the city gives annually to their employees.

The 1970-71 budget is some \$25,000 higher than last year with a total anticipated expenditure of \$32,198.43 in all departments and a like amount of revenue.

Mayor Carter said that the city ended this past fiscal year with a surplus of \$32,927.40 and that this amount has been added into the expenditures and revenues of the new budget, but he expects that a similar surplus will exist at the end of the year, unless something unforeseen happens.

Under the anticipated 1970-71 budget, which is published elsewhere in this issue, an additional \$10,000 in real estate and property taxes, and smaller increases in other revenue departments.

Vote Check Shows Close Race

Louder Countians did not turn out at the polls last Thursday in record numbers as had been predicted. The official tally made Monday showed that a total of 5,938 persons cast ballots in the General Election, some 350 fewer than in the 1966 county general held along with state primaries and over 2000 fewer than voted in the 1968 presidential election when 8027 local residents voted Thursday's vote was higher than the 1968 August general when only 3,345 persons voted.

The official results of the general election on a precinct by precinct vote basis is found elsewhere in this issue. The official tally failed to make any significant changes in the previously announced the Republican nominees, but for several candidates did change. In the local races where a contest existed the results were as follows:

For Attorney General Ivo Sanders, who lost the three county to Republican Kenneth Deatherage, carried his home county on an official vote of 2751 to 1883. Republican nominee Edward Alexander, with 263 votes, lost to Democrat Democrat opponent Erskine Foshee 2613 to 2350.

City of Loudon commission races both first and fourth district Commissioner Lillard Bledsoe and second and fifth district Commissioner Lew Malone were re-elected over their Democrat opponents Mose McNabb and Donnie McNabb. Bledsoe won on a vote of 1296 to 741 and Malone 1478 to 1077.

Charles Settles running as an independent defeated Republican nominee Roy Carter on a 833 to 417 vote for constable of the second district. Settles was the incumbent.

Local State GOP Primary Vote, 3143, Sets Record

A record number of Loudon County Republicans turned out for the State Republican Primary last Tuesday, although the total vote in the general election was not a record and the number of persons voting in the Democratic Primary was off by some 500. The official vote total showed 3143 Republicans, almost 1400 more than in the 1966 primary, voted last week. This of course is due to the undivided county, but contested races in the election, something new for

the Republican election, answering the reason for the high Republican vote and the lower Democratic vote in this election.

The official totals listed by the Republican Primary Board Tuesday morning showed that Memphis Dentist Dr. Winfield Dunn, the Republican nominee for Governor collected 1171 votes over the second place finisher Maxey Jarman with 868 votes. Dr. Dunn won the nomination on a state-wide basis by only 10,000 votes.

Charrette's Public Squaw Of School Problems In 7 Area Systems

A specific meeting plan and a three-county program of public information were advanced at a meeting at Greenback High School Monday night of the Steering Committee for the upcoming Charrette of the educational systems in Loudon, Blount and Monroe Counties.

The Charrette, an in-depth study of education in the tri-county area, involving wide participation by the public, is planned to run through 21 five-day sessions will be held in Maryville, Madisonville and Loudon, with a general session of at least three days at Lenoir City, with participation from all three counties.

Curtis Menger of Lenoir City, a former member of the Lenoir City Board of Education, is general chairman of the Charrette. Loudon County Supt. of Schools Albert Dukes is chairman of the Facilities Committee, Lenoir City Supt. of Schools Guy Buckner is chairman of the Consultants Committee, and Vernon McKinney, editor of the Lenoir City News-Banner was named Publicity Chairman.

The Steering Committee adopted a report from Mr. Dukes on a schedule of meetings which had been worked out by the Facilities Committee. It was pointed out, however, that the schedule should be used only as a guide and would be modified as indicated by developments. The schedule follows:

Local sessions: Start Monday, Oct. 12, 7 p.m.; continue Tuesday, Thursday, 10 a.m. to 10 p.m.; and Friday, 10 a.m. to 3 p.m. Ideas are expected to generate comment and other ideas, and it is hoped, valuable workable ideas for educational improvement will result.

Mr. Dukes explained that school officials, teachers, and citizens of each county would attend the local sessions, and then would go to the general sessions at Lenoir City, bringing ideas generated in each county.

The name "Little Tennessee Valley Charrette" was adopted as the official name of the project. The name was selected after other names, including "Tri-County Charrette" and "Timberlake

involved school systems will make a only token contribution. Dr. Charles Trotter, of the U. S. Office of Education, explained that the Appalachian grant is being made to determine the possible benefits to be derived from cooperative planning among the seven school systems in the three counties. Part of the U. S. Office of Education funds are coming from the Office of Civil Defense to learn what mutual benefits can come from cooperation between the Civil Defense agencies and educational institutions. TVA is contributing part of the local and state funds because of its interest in upgrading education in the three-county area to provide a better school system for the

proposed Timberlake new community. Mr. Buckner told the Steering Committee that his committee on consultants has been attempting to identify the problems in the present educational systems before selecting experts to serve as consultants on those problems. Among the possible needs they noted, he said, are vocational schools, a community college, building needs, kindergarten education, adult education, transportation, health, recreation, finance, libraries and specific vocational education needed or to be needed by industry. His group plans another meeting Wednesday afternoon.

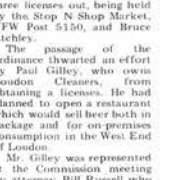

Publicity Chairman McKinney cited the need for a "central burning issue" that people can readily understand and "get excited about." He cited an earlier statement by Dr. Trotter that the most important "input" into the study would come from the public, and asked for help in identifying objectives in which the public would be interested. He reported that his committee proposed news stories, radio releases, television material, bumper stickers, lapel buttons, posters, and a mass mailing of promoting the Charrette.

Extensive discussion about his request for objectives to be identified resulted in the appointment of a "Purpose Committee" by Chairman Menger consisting of the Publicity Chairman and individual committees.

MRS. WATKINS
Mrs. Watkins Dies, Rites Held

Possibly one of the most well known women in Loudon, Mrs. Florence Watkins, died at the age of 89 in her home at 407 Wharf Street in Loudon at 6:20 p.m. Friday, August 7, Mrs. Watkins, widow of the late W.S. "Squire Bill" Watkins, along with her husband operated the W.S. Watkins Grocery Store in downtown Loudon for many years. The couple initiated the first home delivery of groceries in Loudon.

Mrs. Watkins Dies, Rites Held

Speaking against the issue were several local church members including Rev. C.C. Rainwater, who expressed a personal opinion as a citizen against the resolution allowing another beer license. City Attorney Arthur Watkins, other survivors included two daughters, Mrs. Arthur (Nell) Young, Glenn Alpire, N.C. and Mrs. Ben (Arnt) Hall of Athens, a grandson Bobby Cassidy who lives at home with her seven other grandchildren and

was taken at the meeting. On a motion by Commissioner Sainny Mayor Carter was authorized to execute a non-interest bearing note with the Loudon Lions Club for \$500 for one-half payment of the purchase of the land for the Lions City Park being developed by the city through a federal grant.

then installation of soil pipe will take place prior to the pouring of concrete pads for the brick homes. The duplex and single unit houses will include two, three or four bedrooms and 25 of the units will be for elderly persons.

Local Junkyard Laws Are Ruled Unconstitutional

The State Supreme Court has ruled that Loudon County Junkyard Laws are unconstitutional. Robert W. and Ruth F. Toole had been charged, under the laws, with being "Unlawfully Operating" Section 6-7-1, with operating an "auto graveyard." The court ruled that the code as adopted by Loudon County was unconstitutional. The judges ruled that county courts may not prescribe fines and other punishments in such cases - that a general "law of the land" must be applied, since the code would nullify any law one county to enforce something in one county that is legal in other counties.

Davis-Hankins Vows Pledged At Cleveland

The Broad Street United Methodist Church, Cleveland, Tennessee, was the setting for the wedding of Miss Judith Anne Hankins and Mr. Charles McCrary Davis at four o'clock Sunday afternoon, August 9th. The Reverend James Elijah Hankins, father of the bride, and Dr. Cecil F. Hardin, Minister of the Church, performed the impressive double ring ceremony.

The bride is the daughter of the Reverend and Mrs. James E. Hankins of Cleveland, Mr. and Mrs. Charles Henry Davis of Loudon, Tennessee, are the parents of the bridegroom.

Mrs. Sterling Turner, organist, and Mrs. H.F. Jackson, harpist, presented a program of nuptial music. Their selections included "Wedding Prelude" by Tilcomb, "Be Thou But Near" by Bach, "Meditation" by Massenet, "Dreams" by McAmbia, "Oh Perfect Love" by Barnaby, "The Singing Romeo and Juliet" by Mancini, "Lovely From The Singing Nun," and the traditional wedding processional and recessional.

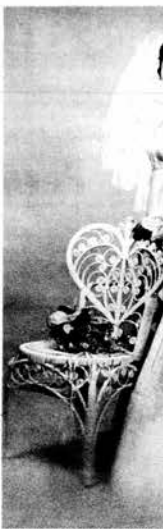

The organist accompanied Mrs. James Copenhaver of Athens, Tennessee, who sang "One Hand, One Heart," Mr. Jerold Foschey of Cleveland sang "The Greatest of These is Love," by Bitgood and the wedding prayer.

Following communion, he sang "The Lord's Prayer" as the couple knelt before the altar. As a symbol of unity to conclude the ceremony, the bride and groom took a burning candle from a three-tiered brass candelabra at the altar and lighted a single candle together.

Centering the altar was a background of brass candelabras framed by brass candelabras entwined with magnolia. A large arrangement of white gladioli, white chrysanthemums and tuberoses, decorated the altar. Magnolia adorned the altar and choir rail.

To complete the scene, white satin bows surrounded the family pews.

Mrs. Charles Tucker Maulsby of Tallahassee, Florida, was matron of honor; Miss Janet Hankins, the bride's sister, served as maid of honor. Bridesmaids were Miss Darlene Archer of Knoxville, Tennessee, Miss Ann Coleman of Pearaburg, Virginia, Miss Nancy Cunningham of Rogersville,

Glenn Davis, cousin of the bridegroom, of Loudon, was the ring bearer.

RECEPTION
Mr. and Mrs. Hankins entertained at a reception immediately following the wedding in the church parlor. The bride's table was draped in a candlelight satin cloth adorned with a three-tiered wedding cake topped with a bouquet of pink roses and violets. The groom's cake was chocolate accented with fruit. Tall burning candles encircled the table where pink punch, Debbie Debbie, and Miss Sharon Suttles, Miss Debbie Chilcote, all of Chattanooga, Miss Terry Clark, Pulaski, Virginia; Mrs. John Barker, Athens, Tennessee; Miss Linda Schneider, Hamilton, Ohio; and Miss Suzie Delapp, Knoxville, Miss Lambree and Miss Lansford served the bride's cake while Mr. Barker and Miss Schneider served the groom's cake.

For traveling, the bride was attired in white and navy linen dress with a navy linen coat. Her accessories were white and she wore a tuberoses from her bridal bouquet.

After a wedding trip to the East Coast the couple will reside at their home in Athens, Tennessee.

all about Flowers

BY KATHERINE PRESLEY
The Largest Flower

We can't imagine a flower as large as one called the Rafflesia, that is found in the East Indies. It measures from three to four feet across and the single blossom that blooms on one plant may weigh as much as fifteen pounds.

This flower is not enjoyed by the natives, however, because it has a very unpleasant odor.

No, we don't have the Rafflesia in our shop, but we do carry the most beautiful selection of fragrant flowers in town. We can fill all your floral needs. The next time you need flowers—call us.

Everett-Simpson Vows Pledged

Miss Brenda Gail Everett and Thomas E. Simpson were united in marriage at 7 P.M. July 31, at Blairland Baptist Church. The Rev. Jewell Watson performed the ceremony. Bernie Ray Swiney, vocalist, and Mrs. Swiney, organist, presented a program of nuptial music including "One Hand, One Heart," and "The Wedding Prayer."

The bride is the daughter of Mr. and Mrs. Raymond Everett of 303 Ferry Street, Loudon. Parents of the groom are Mr. and Mrs. James Simpson of Pulaski, Tennessee.

Given in marriage by her father, the bride wore a floor-length empire-style gown of bridal satin featuring a lace bodice with a scooped neckline and long tapered lace sleeves. Her detachable train was held by wide satin bow and accented by a row of tiny satin-covered buttons. Her veil of illusion was held by a cluster of organza roses trimmed with seed pearls and lace motifs. She carried a bouquet of white roses with lilies of the valley.

Miss Jean Smallen of Loudon served as maid of honor. Bridesmaids were Miss Ann Simerly, cousin of the bride, Lenoir City, and Miss Barbara Banks, cousin of the groom, Dootson, Tennessee.

The attendants wore floor-length gowns of yellow crepe featuring scooped necklines and short puffed sleeves. Their headpieces were olive green crepe bows with attached veils. They carried bouquets of white daisies with olive green ribbons and streamers.

Bobby Simpson served his brother as best man. Groomsmen were David Banks, cousin of the groom, Knoxville, Kenny Everett, Loudon, uncle of the bride, and Bill Brods of Scotland, Ontario, Canada.

Following the ceremony, the bride's parents entertained with a reception in the Youth Auditorium of the church. Assisting were

Mrs. Violet Tinnel, Mrs. Carol Everett, Mrs. Jody Mourfield, and Miss Sheila Couch; Mrs. Nancy Crisp kept the bride's book.

The new Mrs. Simpson chose a gold polyester knit dress with brown accessories as her going-away outfit. She wore a corsage of white rosebuds, given to her by the groom.

After a short wedding trip, the couple is at home at 303 Thadilton Terrace Apts., Frankfort, Kentucky, where

Mr. Simpson is employed as a civil engineer by the Federal Highway Department.

Out-of-town guests for the wedding included Mrs. J.B. Chastain and children of Burt, Michigan; Mrs. Michael D. Daly, Mickey, and Patrick of Albany, New York; Mr. and Mrs. W.F. Banks, Gladys Simpson, Lena Banks, James E. Banks, and Cleo Myers, all of Dootson, Tenn.; Mrs. David Banks of Knoxville; and Mrs. Robert Berkholtz of Hendersonville, N.C.

Susan Carol Hooker Weds Mr. Metts

Miss Susan Carol Hooker became the bride of Thomas Marion Metts, Jr. on August 2, at the Main Street Baptist Church in Hendersonville, N.C. The Rev. Joseph Godwin, a professor at Mars Hill College, officiated. A program of nuptial music was presented by Miss Hulene McLean, organist and calismate of the bride, and Roland Alexander, soloist.

Mr. and Mrs. William Kenneth Hooker of 1224 Brevard Road, Hendersonville, are the parents of the bride. Grandparents are Mr. Fred L. Miller and Mrs. Mrs. John R. Hooker, all of Loudon.

The groom is the son of Mr. and Mrs. T.M. Metts, Sr. of 304 N. Metts Street, St. George, S.C.

Given in marriage by her father, the bride wore an empire gown of silk organza featuring a Victorian neckline and lantern sleeves. The bodice, sleeves, A-line skirt, and chapel-length train were enhanced with Venice lace daisies. A spray of Venice lace and pearls held her bouffant shoulder-length veil. She carried a nosegay of white daisies, pink sweetheart roses, and stephanotis.

Mrs. Robert R. Womack, Sr. of Pacific Palisades, California, sister of the bride, was matron of honor. Bridesmaids were Cindy Hooker, Hendersonville, N.C., sister of the bride, Patty Reeve, Petersburg, Va., and Susan Johnson, Elkin, N.C., both college classmates of the bride.

T.M. Metts, Sr. served his son as best man. Ushers were Larry Bradley, Rocky Mount,

N.C.; Jerry Dickerson, Wake Forest, N.C.; Sidney Rodriguez, Richmond, Va., all classmates of the groom; and Bill Miller, Loudon, uncle of the bride.

For their wedding trip to the Bahamas, the new Mrs. Metts wore a yellow and white embossed cotton A-line dress with white accessories and a white orchid corsage.

The bride is an honor graduate of Virginia

Intermont College, Bristol, Va., and is presently a senior at Meredith College, Raleigh, N.C. The groom is a graduate of Baptist College of Charleston, Charleston, S.C., and is presently a second-year student at Southeastern Baptist Theological Seminary, Wake Forest, N.C. He is pastor of the Ramey Chapel Baptist Church in Loudon, N.C.

The couple will be at home in Wake Forest, N.C.

Miss Crisp Appreciates America After 22 Months In Europe

"I return home to the USA with a much greater appreciation of my country and our way of life than I had when I left 22 months ago." These were the sentiments expressed by Miss Lathitia Crisp, Loudon High School graduate, Miss Crisp, daughter of Rev. and Mrs. J.B. Crisp, attended Carson Newman College and after her graduation she had the honor of receiving an appointment by the Southern Baptist Convention to work for a period of time with the Baptist Theological Seminary in Richmond, Virginia. Her duties were varied but for the most part she served as secretary to the professors at the seminary.

TELLS OF EUROPE—Miss Lathitia Crisp poses with one of the many interesting and unusual objects which she collected on her 22 month European tour.

Lathitia stated that when she first made application for this type of work, she figured her chances were very slim because of the hundreds of young people present for an interview. But her faith never failed and she received the appointment. After her selection she underwent eight weeks of rigorous training. She stated that the work of the seminary in Switzerland was to train local missionaries from different areas of Europe. She was much impressed with the eagerness of those who came to the seminary to become better trained to serve God in that section of the world. This, she said, made it all very worthwhile.

Out of all the areas she visited, possibly the most unforgettable one was the visit to East Berlin, which seemed in most respects to be a different world. She said the feeling that came over you, and stayed with you until you left, was one of realizing you were in a section of the world with no freedoms.

She said that while they were in East Berlin they were constantly watched by everyone. The store windows are filled with many beautiful things with no price tags displayed. Further investigation revealed the prices were too high for anyone in East Berlin to afford. Her feelings was that these things were on display to punish the people, who, by nature desired these things but knew they could never have them. While in East Berlin they talked with the pastor of East Berlin's Baptist Church. Lathitia, who upon leaving the East Berlin sector, wanted to cry for joy at being once again back in the free world. She feels that East Berlin's residents have hope, with the free countries being so close by them.

WEBSTER'S REFERENCE TO SPORTS

By Joe Webster

And now we have two punks in professional football - Ridiculous Joe Kapp and completely stupid Joe Namath - Both are obviously suffering from delusions of grandeur. Kapp wanted (practically) one-half ownership of the U.S. Treasury. The Vikings told him a very sweet goodbye and washed him the best of luck. Considering the fool he's asking for, he'll need plenty of luck and a horsehoe up his shirt too.

As for punky Joe Namath - He's much funnier than Bob Hope. Funksy Joe can't decide whether or not he wants to play football - His mental state is clouded. Which simply means he wants to borrow a few bucks. Like millions of Americans - Funksy Joe is short of funds. But he has to make a federal case out of it. Let him quit. Let's see how far he can go without football. I'd say he'll go nowhere.

Some Loudon fans are talking in terms of another state championship this season. It's possible but highly improbable. The Redskins defense is bound to be weaker than it was in 1969 - Graduation losses were heavy. Last year's defense was close to fantastic (Ask the Cleveland Raiders) and in my opinion was the chief reason for gaining the double championship.

Chig Rattle may very well be the best high school football coach in the state of Tennessee. But to win two consecutive state titles would be (considering his heavy graduation losses) a miracle. And my friends, believe it or not, Rattle is only a mortal. (Yes, I know they call him Houdini!)

GOLF BULLETIN: It happened last Sunday at the Madisonville Course, Tootie Carver and Cotton Thomas against Dick Huff and Clell Miller. They played 18 holes and broke even, the final 9 holes being played in the rain. Cotton Thomas played very well in the rain and Clell Miller was hobbling around using a cane. Come ball or high-water - The golf matches will be played.

The Madisonville Golf Course, with club pro Bill Anderson, is hosting an Invitational Tournament which will be held August 14th, 15th, and 16th. That's this Friday, Saturday, and Sunday. Qualifying is set for Friday, August 14th or before. All golfers must qualify except the championship flight. There'll be \$150.00 in prizes and six prizes in each flight. The entry fee is \$15.00.

As I type, I'm listening to the Pirate-Met game being played in Pittsburgh after a packed house. If the Bucs win, they'll lead by 4% - If they lose, by 2%. Pennant fever has really hit Pittsburgh, and Bud Miller too.

Here of late, the nights are becoming a bit cooler. It is a hint of things to come: Such as Loudon versus Alcoa. Goodnight everybody.

Invitational Softball Tourney Set For Loudon

A Men's Invitational Softball Tournament will be held beginning August 17 in Loudon. Entry fee for all teams will be \$10. A drawing is scheduled for August 16 at the West End Branch, First National Bank.

All teams are urged to bring their fee and roster at the time of the drawing. Trophies will be awarded to first and second place winners at the conclusion of the tournament. All players and managers will be considered for the award.

Any team interested in participating should contact Earl Thomas at 458-3766 or Bob Little 458-4920.

Tammy McCrary, daughter of Mr. and Mrs. Freddie McCrary, Loudon, celebrated her eighth birthday, Sunday, Aug. 2. She is the granddaughter of Mrs. Mabel Clowers and the late Grover Clowers, and Mrs. Grover McCrary, all of Loudon. Tammy has a younger brother, Chris.

Mail Users Meeting

Oak Ridge Area Mail Users Council will hold its Annual Meeting at the Oak Ridge Country Club, Monday, August 17, at noon. Joint announcement of the meeting was made by Council President Earl Barger, Bar-K-Nit Manufacturing Company, Philadelphia, and Oak Ridge Postmaster Van D. Hicks, Union Carbide Corporation.

has developed an educational mailing program which will be presented at the meeting. W. H. Tice, Director, Marketing Division, Post Office Department, Memphis Region, will bring the latest information available on the new Postal Reform Bill.

passed last week by Congress. Business people are especially urged to attend the meeting which will bring them up-to-date on postal operations. The program will also include election and installation of 1970-71 officers.

The Oak Ridge Area Mail Users Council is comprised of eight counties located North and West of Oak Ridge. Postmasters and businessmen and women of Oak Ridge constitute about 75 members. Reservations have to be made to Postmaster, Oak Ridge, by Friday, Aug. 14.

The hot, dry weather caused water levels to drop sharply in TVA storage reservoirs on tributary rivers in the eastern part of the Valley. Streamflows fell to about half the normal amount for the month, while heavy power demands for conditioning required the use of water from these reservoirs for hydroelectric generation, TVA said.

PRIZED CABBAGES—Ralph Eller of Loudon is shown with two prize cabbages which he grew on the Garland Lindsey Farm, Steekee Road, Loudon. Each cabbage weighed a fraction over 25 pounds.

Marie O'Day's Palace Car

From 9 a.m. to 9 p.m. All This Week.

The real body of Marie O'Day murdered 'night club' entertainer whose body reportedly was found beneath the pavilion at 87 acres of the Great Salt Lake 12 years after she had disappeared, and still in perfect state of mummified preservation, will be exhibited at the Courthouse it was announced by the Loudon Jayces which is sponsoring the exhibition. The Loudon Jayces invites the general public to view the unusual exhibit. The entertainer's body in its preserved state was attributed to the 26 percent of salt chemical content present in the water of the Great Salt Lake. Miss O'Day's story is said never to have been duplicated.

According to the exhibitor, a view of the body will show it mummified with beautiful hair still growing upon her head, well preserved fingernails and toenails, even a corn upon her toe.

The Jayces invite doctors, nurses and tenderas to inspect the body to convince themselves that the girl was once alive, that here is a real human body.

The exhibitor stated that Marie O'Day's "lover" or common-law husband was captured and convicted for the brutal crime. She reportedly was stabbed in the back, her throat cut and she was thrown in the lake where the body was washed ashore and viewed by many thousands in 38 states and Canada.

The Loudon Jayces realizes 25 percent of the gate during the exhibition. The body can be viewed by a special train which will be parked by the Courthouse

Humbert Completes Basic Training

Airman James R. Humbert, son of Mr. and Mrs. James H. Humbert of Rt. 4, Loudon, has completed basic training at Lackland AFB, Tex. He has been assigned to Lowry AFB, Colo., for training in the armament systems field. Airman Humbert, a 1968 graduate of Loudon High School, attended Hiwassee Junior College, Madisonville.

McNabb To Teach At St. John's

Jerry McNabb has accepted a position at St. John's County Day School of Orange Park, Florida. The school is a private college prep institution, where he will be teaching math and physics. Jerry, a graduate of Maryville College, received his Master's degree at U. T. in June. He is the son of Mr. James McNabb, Loudon.

MODERN DRUGS

CONTEMPORARY USE of ILLLEGAL ABUSE by LESTER AVERETT, Pharmacist

The rapid progress of the prescription drug industry in recent years is staggering to the imagination. For example, consider this: about seventy five percent of all prescription drugs on the market today, were virtually unknown less than ten or twenty years ago. We'll be talking about the new miracle drugs and I hope you'll enjoy reading about the research and development that has helped us to accomplish these amazing results. We'll talk about drug abuse from time to time also, so be alert along with us, we think you'll find it interesting.

By the way, support the new Loudon Chamber of Commerce. This new combined organization of the Chamber and the Retail Committee of 100 is one of the most essential groups we have. They deserve all of our support, help, and most of all our dues. JOIN TODAY.

Thank You Loudon County Voters

For electing me your Circuit Court Clerk, my campaign was based on my qualifications and desire to serve you. I will do my best to run this office in the highest traditions and to serve the people who find it necessary to make use of our courts.

I also would like to wish my opponent Bobby Knowles the best of luck.

Thanks again for your vote and support.

BACK IN THE GOOD OLD DAYS

Many of our pictures in the Good Old Days point out the changes which have taken place through the passing years, and such is the case of one of our pictures this week. The front of Blairland Baptist Church, as seen in our picture this week, bears little resemblance to the beautifully remodeled Blairland Church, which has just recently been completed. Its members are justly proud of their church's exterior, as well as its interior. Blairland Baptist Church goes back to the Good Old Days, and has been instrumental in the religious life of many Loudon people. The women shown in front of the church are the late Mrs. Roy Sherrill and the late Mrs. Earl Chaney. We have no identification on the other

two ladies. We also have this week one of our readers' favorites—an old car picture. Shown in this picture is an old Whippet touring car which was owned by Jim Jacobs. The little boy in the car is the late Elmer Jacobs, son of Mr. and Mrs. Jim Jacobs who resided on Hackberry Street in Loudon for many years. A few years back when people would get together on a Sunday afternoon, someone would usually bring a camera and start snapping pictures. As the afternoon wore on, someone would usually strike a comical pose for the photographer. The result was probably much like the third picture we have this week. It appears that Red App, on the left, is very tickled about something. We don't know why the other boy in the picture covered his face with his handkerchief, but if Red knows, we sure would like to hear. Well, that's it for now. See you next week!

NEW DEALERS FOR ISIEGLER

OIL HOME HEATERS

CABINETS FINISHED IN GENUINE PORCELAIN
 For lasting beauty, deluxe Sieglar oil heaters with gleaming porcelain enamel, safety glass, fused to metal joints for permanent beauty. And years from now, your Sieglar Heater will still have that "show room look." Model 6670 (above) is also available in rich lustertone porcelain.

DURABLE, HEAVY DUTY CAST IRON CONSTRUCTION
 Cast iron, weighing up to seven times more than sheet metal, is used throughout a Sieglar heater for extra long service. Sieglar cast iron contains special alloys to increase heat resistance and prevent annoying "tickling" and expansion noises. Model 6690 (above) features air filtering for a cleaner, healthier home. Model 6650 is also available in rich lustertone.

PERFECT COMBUSTION WITH SIEGLERMATIC DRAFT
 The exact amount of air for all heat settings is forced to the burner mechanically, so relying on the natural "draw" of the chimney which can vary and waste fuel. The oil input, the speed of the blower and the Sieglermatic draft are synchronized for "perfect harmony" heating. The gyrocraft burner is made of durable stainless steel.

GARBAGE IS CITY'S HIGHEST PROBLEM

Garbage, the growing volume of it, the disposal of it, and a plan to put it up the biggest problem at the present time for the City of Loudon officials, according to Mayor Joe Carter.

Well Mayor Carter and the Commission are not by themselves because there are 15 to 20 city residents around the dump, who say it is their biggest problem too. Some months ago the Air Pollution Control Division of the State Health Department came to Loudon and saw the dump just off Highland Avenue was not up to city standards and that the burning there had to be stopped immediately. They said that the city had 15 days to notify Nashville of what plan they would follow.

People that live in the Commission is called, worried, stretched their heads and made some progress, but the people living in the area still have their problem with falling ash, smoke, and burning particles of paper, cardboard, etc., which they say is being blown by the wind.

Mayor Carter explained the burning situation as follows: "We burn more each on Tuesdays and our burning mark of the track, was laid here before. The main overburden on the dump was from two industrial plants Bacon Company and Albion, which were not making material, cars, etc., which had to be burned in the dump. We use our present dump site in a matter of months. We like to think of the Loudon dump as a landfill of at least something similar, but the state says no."

John H. Jones, who owns a home on Highland Avenue, has written to Nashville three times and talked to the Pollution Control people several times and has been told that Loudon is in violation of state laws regarding burning and must either find a new dump or get into an incineratory operation for burning trash, both of which must be state approved.

Last week Mr. Jones and the city officials beginning was worse than usual and he had personal trouble with it. His car, which is parked here, was covered with ash, which called for a wash job which the city paid for and he says the paint was burned in several places from his car's burning the ash. He is afraid that the burning of the waste material could cause someone's home to hold together their clothes on for some time which would be a very serious trouble.

Mayor Carter said that the incineratory is in agreement with the people who live in the burning, that we will have an incinerator built in the city.

Archie has been living here since the part of the city which might correct the problem, but he says the State Health Department has the money. Mayor Carter said that he would like to see the city build a new dump or find a new site for the State Health Department will be in charge of this work to back the health department. He said that if the land can be purchased through the proper Planning Commission, the city would be able to operate a landfill and fill the city with it. He said that if the city could receive \$200,000 in such a way, and a possible increase in the amount of the amount he could see.

Although it was not shown the week with Mayor Carter, the problem of the city residents has been mentioned in passing at a community meeting, in the event the city had to find a new dump. Of course, as we understand it, the city would be able to build the large waste problem in the city, making a garbage less better than a general property loss.

But what will happen is still to be seen. Don't forget, (Continued on Page 7)

CAR DAMAGED BY BURNING CLAIMED—John H. Jones of Loudon states damage to car, even after being driven from his home to downtown Loudon, is still covered with ashes from the burning at the Loudon City Dump near his home. He says this is just one of the minor problems the burning of trash is causing in his neighborhood.

County Family Income Put At \$7,342 In 1969

Loudon County stands out as a strong market, with a buying power that is better than average. The finding is based upon a national economic survey covering the past year's business activity.

Loudon Police Get State Grant

The City of Loudon was one of seven cities and counties who received grants from the Tennessee Law Enforcement Planning Agency, Governor Buford Ellington announced this week.

The Loudon police department received a grant of \$761,700 to be used in expanding the communications system of the department.

The grant money is part of a block grant of Federal Funds made to the State of Tennessee by the Law Enforcement Assistance Administration. The purpose of improving law enforcement capabilities in the state.

Viars Shot At Home By Son

A 50-year-old employee of Loudon Utilities is in serious condition at University Hospital in Knoxville following a shooting incident at his home in Loudon Saturday night.

(Ode) Viars, was apparently shot by his son, Charles 27, in the family room of the family home on Highland Avenue about 7:20 p.m. Saturday, according to Sheriff Freeman Russell who investigated.

Sheriff Russell said that Mr. Viars request no charges have been brought against the son at this time. Following the shooting Mr. Viars was taken to Bacon Hospital, then transferred to University where he underwent surgery for the removal of shot and repair of internal damage. Early this week he was still in the intensive care unit of the hospital but was reported improving.

BURNED OUT CARS—The burned out hulks of two cars involved in a grinding-freight two car crash on I-40 last Sunday morning are shown resting in a local junk yard. In the accident a 12 year old Ohio youth was killed and five other persons were injured. When the cars collided they burst into flames, which were said to be primarily responsible for the injuries received by the occupants.

Loudon County Would Get Cancer Fund \$116,883 As Tax Share Report By Sen. Baker Says

Three local county and gospel music groups will head a radio Talk-A-Thon this Saturday from 1 p.m. to 5 p.m. to raise money for the Loudon County Chapter of the American Cancer Society.

The state, county and city governments in Tennessee would share \$92,354,520. This would be broken down with the state receiving \$52,188,077. The local governments would receive \$40,166,443 with municipalities receiving \$20,972,162 of that.

While the revenue-sharing legislation has been introduced in both houses of Congress, hearings have not been scheduled. The bill is now in the Senate Finance Committee and the House Ways and Means Committee.

Construction Slowed By Strike Bacon Hopes To Open New Plant By Nov. 1

Charles H. Bacon Hosiery Company President Ed Cifers said this week that if union strikes by carpenters and concrete finishers that are holding up completion of the company's new plant in Loudon were settled immediately the plant could be in full operation by November 1.

STRIKE DELAYS COMPLETION—Except for work by carpenters and concrete finishers the new Charles H. Bacon Hosiery Company plant in the Loudon Industrial Park is complete. The new 800,000 square foot building will house the finishing and shipping departments of the Loudon mill and will employ some 300 persons when in full operation, hopefully by November 1.

Ohio Youth Killed Here In Firey Wreck

A firey two car traffic accident on Interstate 40 at the junction of Interstate 75 near Loudon City early last Sunday morning has taken the life of an Ohio youngster and left five others hospitalized.

Twelve-year-old David Flynn, son of Mr. and Mrs. Billy Lee Flynn of Newmarket, Ohio, died early Monday morning in Proverbial Hospital and other injuries suffered in the accident about 8:15 a.m. on the fog-shrouded highway.

Both youths involved were small compact cars and both burst into flames at the impact. The Loudon County Rescue Squad was called to put out the flames after passing motorists had stopped and helped get the trapped and injured victims out of the cars. All persons in both cars were injured or burned in the accident.

The dead youth was riding with his grandparents, Mr. and Mrs. Commodore D. Howard of Loudon. Both were admitted to Proverbial, with Mr. Howard in serious condition. Mr. Howard's condition was satisfactory and Mrs. Howard in the intensive care unit in serious condition. Mr. and Mrs. David Carter, Spring Lake, N.C., both 21, were listed in satisfactory condition. They were occupants of the other car.

Investigating highway patrolmen quoted Mr. Howard as saying he had passed the 170 exit from I-40 in the heavy fog and had slowed down when the other car struck him from behind. The Howards and their grandchildren were heading to Newmarket, Md., for a Sunday outing when the tragedy struck.

Registration Today Classes Begin Monday

Loudon First Baptist Organized 100 Years Ago; Slates Observance Events

By Calvin Lunford

The First Baptist Church of Loudon, which was organized in August 28, 1870, will observe its 100th year with a Centennial Week which will be climaxed by homecoming, Sunday, Aug. 23.

Guest speaker for the special occasion will be the Rev. Paul Hall, a former pastor. Special music will be under the direction of Gordon (Buddy) Dixon, Minister of Music and Youth at First Baptist. The program will include a special christian folk mass held by the young people.

An old-time basket lunch will be served at the noon hour. A special invitation is being extended to all former members and friends of the First Baptist Church. The service will have added significance because of the retirement in August, pastor Rev. O.C. Rainwater.

FIRST BAPTIST CHURCH OF LOUDON

Rainwater Retiring, In Ministry 50 Years

By Calvin Lunford

Rainwater, pastor of the First Baptist Church of Loudon, will retire effective the last of August, 1970. He has pastored the First Baptist Church for 15 and one-half years.

Rainwater, one of the most widely known ministers in East Tennessee and Loudon County, was born and reared in northwest Alabama near Fayette. He was ordained to the gospel ministry on Aug. 9, 1920 by East End Baptist Church, Columbia, Mississippi. Prior to his ordination, Rainwater held a position as a bookkeeper in a department store. He attended one year at Clarke Memorial College, Newton, Miss., finished work on an B.S. degree at Union University in Jackson, Tenn. He then went to Southern Baptist Theological Seminary in Louisville, Ky. for three years and graduated with a Theology degree. One year accomplished toward a masters degree.

During college and seminary days Rainwater was student pastor at Barlow, Ky., Kevill, Ky., Rowaville and Hickory Grove in Trenton, Tenn. In 1937 he went from the Louisville Seminary to Searcy, Ky. Then to Trenton

AUGUST 20 1970

Self-Selvidge Nuptials Exchanged

Mrs. Belinda Jane Selvidge became the bride of William Bruce Self, August 9, at the First Baptist Church, Lenoir City. The Rev. Hugh Cody officiated.

They were exchanged before an altar decorated with a bouquet of flowers and a basket of mums on each side and surrounded with candelabra.

Mrs. Joyce Waller, organist, and Glen Wade and Fred Handley, vocalists, provided the musical selection which included, "I Love You Truly," and "The Wedding Prayer."

Given in marriage by her father, the bride wore a gown of Chantilly lace, with long pointed sleeves, a sabbina neckline, and natural waistline with fully tiered skirt forming a chapel train. Her veil with a crown was waist length and was attached to the bride's mother. Her jewelry was her grandmother's pearls. The bride's blue party was made by her aunt from the pearls she wore on her wedding day.

Miss Sheila Selvidge, sister of the bride, was maid of honor. Miss Nancy North was junior bridesmaid. The maid of honor wore a pink A-line lace dress with a scoop neckline and long sleeves with white daisies accenting the waist. A pale pink picture hat with daisies surrounding the maid of honor completed her ensemble. The other attendants were dressed identically to the maid of honor only in blue. They carried nosegays of white carnations. Miss Stacy North was flower girl. Her dress was similar to the other attendants and she carried rose petals. Rusty North was ring bearer.

Mike Self served his brother as best man. Jimmy Shubert, Clifford Dyer and David Selvidge, brother of the bride, were groomsmen.

The bride's mother chose pink polyester with white accessories and a white carnation corsage for her daughter's wedding.

The groom's mother wore blue lace with white accessories and a white carnation corsage.

For the wedding trip to Gatlinburg, Mrs. Self chose a pink baby doll A-line dress trimmed in white lace. She wore the orchid from the bridal bouquet.

The couple is residing on Route 5, Martel Road, Lenoir City.

Out of town guests for the wedding included: Mr. and Mrs. Willard Selvidge, Chattanooga; Mr. and Mrs. William Johnson and daughter, Vangsa, Anderson, Ind.; Mrs. Buddy Surface, Anderson, Ind.; Mr. and Mrs. Homer Johnson, Chicago, Ill.; Mr. and Mrs. Elmer Murray, Cleveland; Mr. and Mrs. Jimmy Shubert, Ft. Payne, Ala.; Mr. and Mrs. Clifford Dyer, Madisonville; Mr. and Mrs. Lawrence Long, Knoxville; and Mr. and Mrs. Melvin Coley, Dalton, Ga.

Local 4-H Dress Winners Do Well In District Event

By Karen F. Nematiel Home Agent

Three Loudon County Senior 4-H members fared well in this year's Dress Revue contests. Miss Teresa Hickey, Philadelphia, Miss Nancy Jones, Lenoir City, and Miss Nancy Bettis, Loudon, were Loudon County representatives to the District 4-H Dress Revue in Jefferson City, on Saturday, July 25. Teresa Hickey and Nancy Jones then advanced to the State Dress Revue held in Knoxville. Teresa's stylish "School Clothes" entry won a

first-place purple ribbon at the District Contest and a blue ribbon at the State Dress Revue. Her semi-fitted skirt dress of antique gold kettecloth features patch pockets on bodice and skirt. Nancy Jones' entry was in the "Sports Clothes" division, and she took a first-place purple ribbon at District, with a red ribbon placing at the State contest. She made and modeled a three-piece pants ensemble of solid and plaid blues, with co-ordinating tan crepe blouse.

Nancy Bettis made her "Best Dress" entry of a navy bonded wool, with a fashionable red, white, and blue scarf draped at the neck. She won a blue ribbon at the District revue.

This year's State Dress Revue for Senior 4-H members was held as a part of the State 4-H Round-up at the University of Tennessee, Knoxville, August 3-7. Teresa and Nancy were official delegates to the Round-up, as well as participating in the Dress Revue. The girls were accompanied by Loudon

County Home Agent, Mrs. Karen Nematiel.

Completes Training

Gene Wilcox, son of Mr. and Mrs. Bryan Wilcox, Niota, completed 16 weeks of basic training and IFR at Camp Pendleton, San Diego, Calif. He also completed four weeks of schooling and Business Administration at Camp Del Mar in California. Wilcox was promoted to Private first class on June 26. He entered the Marine Corp Jan. 29, 1970.

PFC Wilcox is presently stationed at Camp Smith, Oahu, Hawaii. His wife is the former Miss Diane Woodby of Sweetwater.

Ricky Mitchell Completes Basic At Lackland AFB

Ricky David Mitchell, son of Mrs. Lynn Thompson, 802 Summer Street, Loudon recently completed basic training at Lackland AFB, San Antonio, Texas. After a leave he is now stationed at Sheppard AFB, Wichita Falls, Texas.

Philadelphia Evangelistic Hour Set

The second Philadelphia Evangelistic Hour will be held Sunday, August 23, at 7 p.m. in the Town Square.

Rev. Dwight Cagle, pastor of the United Methodist Church of Philadelphia, will deliver the message of the hour. Special music will be presented by Miss Edna Rutledge, Don Brewster and Rev. Jack Garrett.

A choir of over 100 voices, under the direction of Rev. Fred Davis, is expected to deliver the message in song.

This is the second service of this kind to be held in the Philadelphia Town Square. The first was held in July with over 500 persons attending. The service in July was a great success, with decisions made for Christ. The public is invited to attend and each person bring a chair as this service is held in the open without any seats available.

The following churches have been invited to take part in the service: Philadelphia United Methodist Church, First Baptist Church of

Philadelphia, Philadelphia Church of God, Prospect Baptist Church, Blairland Baptist Church, Corinth Baptist Church, First Baptist Church of Loudon, Mt. Zion Baptist Church, Riverview Baptist Church, Stockton Valley Baptist Church, Reed Springs Baptist Church, Old Sweetwater Baptist Church, New Hope Methodist Church, Cedar Valley Baptist Church and Loudon United Methodist Church.

ILLEGAL ABUSE

Last week, I mentioned that about seven out of ten of the prescriptions filled today were virtually unheard of say a decade or so ago.

I am proud to say that the majority of the new drugs were researched and developed right here in the United States. More than half of all new prescription drugs developed since the early "forties" are credited to the United States. Switzerland, England, and Germany combined, account for approximately twenty five per cent of the major sources and the balance is credited to a number of other nations and a combination of effort.

estimated full capability of the area.
This is done through an "index of buying power," a weighted figure - involving income, population and sales - Loudon County is given an index rating of .0090, which is the rate of the nation's business it is believed able to produce.
Since less than that was done during the past year, .0096 percent, it is concluded that a fair amount of the local purchasing potential has not yet been attained.

Switch To Metrics Effects Discussed

If the United States should switch to the metric system of weights and measures - units - hundreds more are in prospect, illustrates the kind of economic growth that can be expected as a result of TVA's Tellico Dam and Reservoir project, a TVA official said today.
Charles W. Blowers, TVA regional planner discussed the Tellico project before the Maryville Optimist Club.
"The Eagle Bend site on Melton Hill reservoir has now two industries employing 200 persons," Mr. Blowers said. "These industries plan additional plants and expansions that will add 600 more jobs. An additional industry is negotiating for a plant site there and would employ 900 persons at the start."
"One of the industries ships heavy steel over the Tennessee waterways from its Eagle Bend plant to a number of destinations on the Ohio and Mississippi Rivers."
Blowers pointed out that the Melton Hill experience is only the latest in a long period of industrial development along the Tennessee River since the completion of the waterway in 1945.
"Based on what has taken place in similar situations in the Tennessee Valley, we

Wilkerson-Wood Wows Said At Harmon's Chapel

Miss Patricia Ruth Wilkerson, daughter of Mr. and Mrs. Floyd Robert Wilkerson, Philadelphia, and Rev. Robert Stanley Wood, son of Mr. and Mrs. Benjamin Calvin Wood of Charleston, Tenn., were married August 9, 7 p.m. at Harmon's Chapel Cumberland Presbyterian Church. The Rev. Alan P. Rice of Cleveland officiated.
Mrs. Ozell Howard, Sweetwater, pianist, and Miss Vickie Faulkner and Earl Smith, both of Loudon, organists presented the musical selections. The selections included "The Lord's Prayer," "The Impossible Dream," and "I Trust In God."
The church was decorated with an arch of candles with spiral candelabra on either side and two arrangements of gladioli and mums centered with satin flowers. Flowers also marked the family pews.
The bride, given in marriage by her father, wore a "A" line gown of imported silk organza and peat d'ange lace fashioned an Empire design with Camellia sleeves. Her train fell from a self bow and was edged in peat d'ange lace. Her matching mantilla of imported silk illusion was held by a small Juliet cap.
Miss Letha Oggs of Sweetwater was maid of honor. Bridesmaids were Mrs. Jeanette Brewster, Sweetwater, Miss Cynthia Upton, Oak Ridge, Mrs. Barbara Kerr, Lenoir City, Mrs. Judy Jones, Knoxville, and Miss Nancy Wood, sister of the groom, of Charleston.
The attending bridesmaids wore yellow chiffon dresses in an Empire design accented with Venice lace. Their bouquets were yellow, chiffon, Dur bows.
The Rev. B.J. Belmont of Anniston, Ala., served the groom as best man. Groomsmen were Tommy Scotland, Cleveland, Tenn., James Upton, Sweetwater, James S. Goldstein, Chattanooga, Benny and Winford Wood, brothers of the groom, Charleston.
A reception was held at the Community Center immediately after the ceremony. Under the direction of Mrs. Della Tilley and Mrs. A.R. Ruessell of Cleveland. Assisting in serving were: Mrs. Ann Rice, Cleveland, Mrs. Margaret Pine, Louisville, Tenn., Miss Alfreida Henley, Loudon, Miss Joyce Ratzliff, and Mrs. Sara Brown, Philadelphia.
For her going away outfit, the bride chose a navy and red suit and the arch from the bridal bouquet. The couple will tour Nairobi and Kenya, Africa; Florence and Rome, Italy; and Loudon, England.
Following communion and prayer, Mr. Smith sang "So Send I You" as the couple knelt at the altar.
Communion was shared by all those present and several sacred hymns were played.
Out of town guests for the wedding included Mrs. Ruth Huff, aunt of the bride, Atlantic City, N.J.; Mr. and Mrs. Wesley Mattner, Independence, Missouri; Mr. and Mrs. Jack Ferguson, Independence, Mo.; Rev. and Mrs. Carl Ramsey, Rev. and Mrs. Don Coleman, Memphis, Miss. Virginia Malone, Jefferson City; Miss Judy Chesnut, Greenville, Rev. and Mrs. Jack Ferguson, Loudon; Rev. and Mrs. Ralph Miller, Alcoa; Mrs. Willis Smith and Mrs. Martha Rucker, Port Huron, Michigan; James A. Mikel, Rev. and Mrs. Charles T. Tenn, William Moore, Indianapolis, Ind.

Lenoir City Horse Show Is Saturday

Lenoir City Civic Club's annual Horse Show is scheduled for Saturday night, Aug. 22, at Civitan Field, and this year, more than 200 horses are expected to enter.
General Chairman Benny Stafford also announced a new feature for this year's horse show: George Ross of Maryville and C.J. Smith, Jr. of Lenoir City will present a "drawing exhibit" with their Quarter Horses.
"We believe folks will enjoy seeing these horses showing the short turns and maneuvers - those used by a working cow horse - Saturday night," Mr. Stafford said.
The Civitan Horse Show, considered to be one of the biggest on the horse show circuit, is scheduled to get under way at 7 p.m. Tickets will be available at the gate and the concession stands will serve hamburgers, hot dogs, drinks and other foods available.
There will be 19 classes this year, including two new classes, Appaloosa and Quarter Horses at halter. Traditional classes will include several Walking Horse categories, Loudon County Pleasure Horses, Western Pleasure and others.
Judges will be the same as last year, George Henson of Winchester and George Ross of Maryville, Mr. Stafford said.
Serving as Master of Ceremonies will be George Wilkerson, Jerry Park will be Ringmaster.

Trenton Man Hurt In Wreck On 95

A Trenton, Ohio man was injured Tuesday when the car in which he, his wife and his five young children were riding collided with the auto driven by Ross in a wreck on Highway 95 in front of the Church Drive, Lenoir City.
The accident occurred at the intersection of the new Highway 95 in front of the Garden Spot on New Highway 95.
The injured man was listed as Ernest Rector Lane, 37, He and his family were taken to Bacon Hospital for examination but were not believed to be seriously injured.
Officer Hall, of the Tennessee Highway Patrol, said the Lane station wagon was heading south on new 95 pulling a small camping trailer when it collided with the Simpson car which was pulling across the highway in front of the Garden Spot on new 95.
Homer Ward, who lives across the highway from the Garden Spot, said that he was the first person to the scene after the wreck and he helped pull the Lanes from their car which had over-turned.
The Simpson car was knocked into a stop sign at the crash.

First Baptist Schedules Centennial Celebration

(Continued from Page 1) after which J.H. Johnson and J.H. Sama were elected as delegates to the Sweetwater Baptist Associational Meeting at Zion Hill in McMinn County.

The newly organized congregation bought the old Masonic Building and used the first floor as a church for sometime. In 1892, they moved their place of worship to the Grace Church building, built by the Episcopal congregation in 1885. Later they sold the masonic building and bought the lot where the present church now stands.

The first church built on this lot was a wooden building in 1901. This building burned on Sun. March 7, 1920, after the morning service. While the present building was being built in 1920-21, the congregation met in the old Southern Presbyterian Church on Grove Street, now the Nazarene Church. The Rev. J.H.O. Clevenger was pastor during the building program.

In 1955, the First Baptist Church of Loudon asked for dismissal of membership from the Sweetwater Association and put in a petition for membership in the Loudon County Association.

Under the pastorate of Rev. O.C. Rainwater, who is the present pastor, the church annex was built in 1961.

The Woman's Missionary Union was organized in 1920, with Mrs. Oaie Simpson serving as first president. The church purchased from the J. Greer Estate the property at 409 Wharf St. and the White property adjoining the Greer property and the annex of the First Baptist in 1945.

During the 100-year life span of the church, it has had 33 pastors.

The following ministers have served as pastors of the church during its many years of existence: J.B. Lee, 1870-1873; W.F. Long, 1873-1874; P.T. Henderson,

1875-1877; T.A. Higdon 1877-1877; T.H. Sturgess 1877-1877; I.T. Agee 1878-1880; R.G. Mawhinney 1881-1882; W.M. Davis 1882-1884; William Wallinger 1885-1885; T.A. Robertson 1887-1889; W.L. Cottrell 1889-1890; T.J. Murfree 1890-1891; T.A. Robertson 1891-1894; P.M. Pardue 1894-1895; W.L. Cates 1895-1897; J.E. Johnson 1897-1898; I.H. Cates 1904-1906; E.B. Booth 1906-1909; J.H. Clevenger 1911-1917; L.F. Householder, 1923-1923; W.A. Ranson 1923-1924; C.R. McGinnis 1924-1926; G.A. Todd 1926-1928; L.O. McCracken 1928-1929; T. Wesley Hill 1930-1931; W.M. Parry 1931-1933; Oran O. Bishop 1933-1936; E.R. Webster 1937-1948; W. Paul Hall 1949-1954; O.C. Rainwater, February 1955-

The church music program had been under the direction of the following men: Ed Davis, March 1957-January 1959; Charles Francis 1960-July 1963; David Christopher (interim) March through October 1966; Silas Johnson, Aug. 1966-Aug. 1969; and the present music director Gaston (Buddy) Dicken.

A mission Sunday School was started in September, 1951, over next to the river, sponsored by the First Baptist Church. In May of 1953, this mission was organized into a church, named by the River Missionary Baptist Church, with the Rev. A.B. Courtney called as pastor and Mrs. Ed McCown serving as church clerk.

From the First Baptist Church, Mr. and Mrs. Gene Oody dedicated their lives to missionary service and entered Louisville Seminary in September of 1956. They are now serving their second

HORSE SENSE

By James A. Pope Of P - Y Saddlery, Loudon

HOW TO SELECT YOUR HORSE

Your first aim in selecting a horse should be "the right horse for you." The wrong horse has forced many a beginner and any number of experienced horsemen to lose interest...

A riding horse must be surefooted. Any horse that stumbles is likely to fall and hurt his rider. A pleasant riding horse must have a good kind disposition and an easy mouth so he can be controlled easily...

YEARS OF SERVICE - The pulpit of the First Baptist Church, where retiring pastor, Rev. O.C. Rainwater has spent many hours in the past 15 1/2 years.

Rainwater Retiring After 50 Years In Ministry

(Continued from Page 1) Loudon. Rev. Rainwater stated, "My ministry in Loudon has been a wonderful challenge. The church has been wonderful to me and my family these 15 1/2 years. The love and friendships among the First Baptist Church families and the many others throughout the city have gladdened my heart. It has been an experience of joy and deep appreciation for myself, Margaret, John and Earle. In Loudon I have participated in and performed 175 weddings, plus 1000 before coming to Loudon. I have no record of funerals conducted, but have conducted at least three times more funerals than weddings," he stated.

Rainwater has served on state executive boards both in Kentucky and Tennessee. He has preached in special evangelistic meetings in Florida, Tennessee, Alabama, Kentucky, Missouri, Illinois, and California. He has been named in Who's Who in the South and Southwest. Many of the pastors of churches in the Loudon County area are expressed as deep respect for O.C. Rainwater and his never ending desire to effectively promote the ministry and its objective of winning people to Christ. The general attitude of his minister friends could well be summed up in the following statement made by one

MEETING CONGREGATION - Rev. Rainwater's handshakes with members of his congregation at the church's Sunday morning services. This soon will be a memorable part of the gospel ministry of Rev. Rainwater.

Loudon minister, "Rev. O.C. Rainwater is an all-around Christian gentleman and one who the younger ministers respect very highly for his many years of service in the gospel ministry, and his never ceasing cooperative Christian spirit."

After retirement, Rev. Rainwater is an all-around Christian gentleman and one who the younger ministers respect very highly for his many years of service in the gospel ministry, and his never ceasing cooperative Christian spirit. After retirement, Rev. Rainwater is an all-around Christian gentleman and one who the younger ministers respect very highly for his many years of service in the gospel ministry, and his never ceasing cooperative Christian spirit.

4-H Club Camp Experiences Told

By Karen Neatle Home Agent Roger L. Perkins Asst. County Agent

Loudon County's Junior 4-H members have recently returned from District 4-H Camp. These camps are held annually at Clyde Austin 4-H Training Center near Greenville. The boys and girls returned with a variety of their families and friends.

40 Receive Help

Nearly 8,000 needy persons, 40 of them in Loudon County, received eye examinations, glasses or treatment through Tennessee's Sight Conservation Service during the fiscal year ending June 30, 1970.

State Welfare Commissioner Herman L. Yeaman announced that services were provided for 7,609 children and 311 adults at a cost of \$198,968. Service was authorized for an additional 2,282 persons who failed to take advantage of it.

Downs On Carrier

Navy Airman Apprentice William R. Downs, son of Mr. and Mrs. Jake M. Downs Jr. of 400 Collins St., Loudon, is now serving aboard the attack aircraft carrier USS Forrestal, currently undergoing repairs at the Norfolk Navy Shipyard, Portsmouth, Va.

The ship will remain in the yard until mid-September when it will rejoin the U.S. Second Fleet in the Atlantic.

4-H boys attending camp this year were: Chris McNeilly, Randy McNeilly, Brooks, Richard Wilkerson, Daniel McEchem, Mike Shubert, Sammie Dunlap, Ronnie Lee, Donald Mashburn, James Vaughn, Hill, Willie Campbell, John Farquharson, Kim Burnett, Gary Brookshire, Dale Hall and Tom Vineyard. (The last four named were awarded scholarships to attend 4-H Camp.) Junior Leaders assigned for this group were Bert Nowlin and Bill Marr.

BOYS 4-H CAMP-Boys 4-H Camp at Greenville was held July 13-17. These Loudon County boys are shown with their junior leaders as they began their stay at camp.

BACK IN THE GOOD OLD DAYS

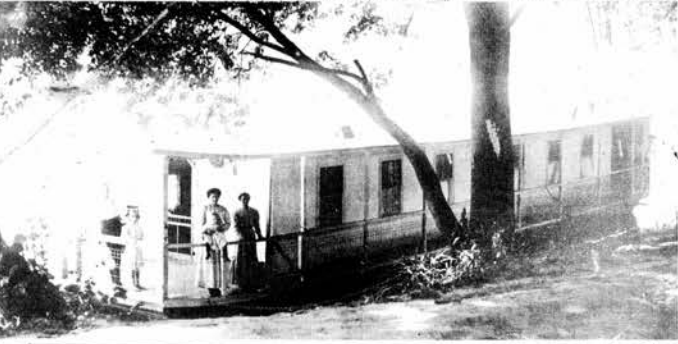

Sometimes back we remember how much interest was created when we used old school pictures, and on occasion, some of the pictures were not considered too old. Since the time we mentioned this we have gathered several pictures of school groups and from time to time we will use them here.
The first one is not too old but we think it will be of interest to many of those in the group. This is a First Grade class at Loudon Grammar School in the year 1956. Making this picture about 14 years old. We have been able to identify some of those in the picture which was taken in the old gym at the grammar school.
Those identified are as follows: Yvonne Jones, Bill Casteed, Boyd Watts, Tommy Beeler, Gerald Bledsoe, Kay Karens, Ebb McPeake, Melodie Shelton, Suzanne Turner, A.J. Wilson, Bill McPeake, Connie Keaton, Ronnie Henderson, Andrew Hamilton, Bobby Cassidy, John David Thompson deceased, and the teacher, Mrs. Albert Ross.
Sometimes back "Country Boy" Joe Mills loaned us a group of pictures taken at various places around Loudon and of various occasions and scenes. Well, one of these pictures goes way back in fact the date on the picture is 1884. It is interesting for many reasons. First, it was taken on the Tennessee River near Loudon, a place that has always had a lot of interest. For the most part it has been about boats. Some boats were large, some were curious, and some just passed this way on their journey along the river. Possibly one of the most interesting things related to boats were the builders and through the passing years Loudon County Herald, was elected president of the Council for the coming year. Ruth Morrison, an Oak Ridge Postal Official was elected secretary-treasurer of the group.

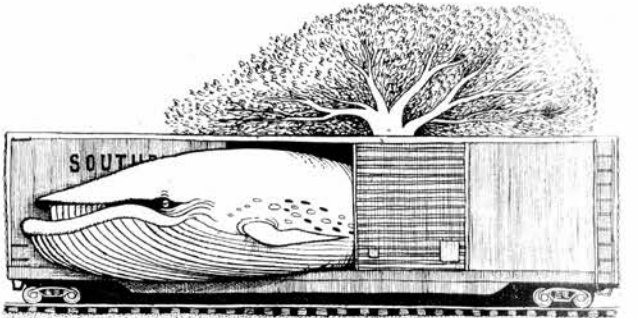

there have been many boat builders.
These men built fishing boats, ferries, barges and houseboats. The most unusual boat to pilot this old river was the pedal boat built by the late Bill Hart, who created quite a bit of excitement as he pedaled up the river on Sunday afternoons. For some reason, Bill didn't take it out for a ride too often. Maybe it was too hard to pedal. Guess he just let it rot away with time, but not before it created a stir along the river. Other boat builders included the late Pap Cosner, who used to build the ferry boats for Blair's Ferry, as well as other types of boats, from small fishing boats to the larger sizes of all descriptions. Of course, another name associated with river boat building was the name of Henson. The Henson family were part of the life along the river front for many years. These two aforementioned families were also noted for their fishing skills.
What brought all this about was of course, one of Joe's old pictures. It is a houseboat built by Tom Henson and from the appearance it was a beautiful job. I don't know where it was built or whether it was used for pleasure or for living quarters. We would guess it was built for living quarters.
We are guilty at times of making mistakes, not intentional, you understand but nonetheless, mistakes. Sometimes it is attributed to the wrong information. Anyway, last week we ran a picture taken many years ago at Miller Motor Company in Loudon. Lynn Grubb was in the picture and we stated that we had a letter from Mr. J.B. Hatcher, Jr., who operates Hatcher Pontiac Cadillac Co. of Athens, Ga. Hatcher explained that Lynn Grubb is not retired, but is Sales manager there. Our apologies to Mr. Grubb.

Public Utilities Here Being Reappraised

County Judge Harvey Sproul announced today that he had been informed by the Tennessee Public Service Commission that PSC has recently signed a contract with professional appraisers for the purpose of appraising local property and assets of all railroad, motor carrier, and utility company property in Loudoun County.

The contract was signed with the Cole-Layer-Trumble Professional Appraising Company, and is apparently a part of a larger contract signed with the appraisal company to cover work in several counties.

Judge Sproul states that he was informed that the agreement was reached with the appraisal company only after lengthy negotiations, and further that the appraisal would be without expense to county taxpayers.

Judge Sproul stated that a committee of county judges had appeared before the Public Service Commission approximately one year ago, and one of the main complaints made by the county judges was that the local situs property in each of the counties had never been actually appraised by the Public Service Commission, but that the Public Service Commission was using records furnished them by the appraising companies with very little check as to the validity of the figures furnished.

"Of course, it is possible that we in Loudoun County could come out worse than we are now, because the theory is that locally owned property is only one small factor in the determination as to the actual value of a railroad or utility company. However, it could happen without merely a redistribution of appraisals to the point that some other county which had more buildings, or switch yards or something of this nature, could take away some of the value that has been given to Loudoun County.

"On the other hand, the thing we want all over the State is for these matters to be handled fairly, and if Loudoun County is entitled to more credit, then we want to get it."

"We further felt, and stated in the hearings last year, that it was unfair for all of the private, industrial, farm land, and commercial property to have been reappraised as a part of the private, industrial, farm land, and commercial properties, motor carriers, and railroads being reappraised."

"Apparently, we were justified in our claims, and we hope this situation," he concluded.

Porter Named Principal At RCHS

Guy Sim Porter, Jr., 35, assistant football coach at Kingston for the past two years, has been named principal of Roane County High School. Prior to going to Roane County, Porter served as assistant football coach to Bert "Chief" Rattledge at Loudoun High for six years.

Porter is a 1960 graduate of Carson-Newman College at Jefferson City and completed work on his Master's degree this summer at Tennessee Tech University. He is married to the former Winnie Derryberry and they have one daughter, Tammy, 11 years old.

Porter, succeeding William B. Long as RCHS principal, becomes the third principal at that high school in the past 10 years.

Bank President Don Canter To Release Record On Tricky Dickey

By Larry Cate
Editor

Loudoun may have another Englebert Humperdinck on its hands. A hobby of singing and writing songs is turning into a first attempt at professionalism by Donald L. Canter, president of the First National Bank of Loudoun.

Don, with deep voice, who has always been known for his entertaining at private social functions, is expecting to have his first record released within the next couple of weeks. The title is "The Battle Song."

The singing banker said it all started back when the Volunteers of the University of Tennessee and former Coach Doug Dickey were invited to the famous "Bob" and coaching change during December. It was just following this that he began toying with a rhyme about "Tricky Dickey."

After numerous trips to recording studios, many hours of voice sharpening, a couple of recording engineers, musical arrangements, the gathering of a "True Volunteer Band" and much encouragement from Volunteer supporters who enjoy "musical jest," the record is becoming a reality and could be something we find hear on the radio quite frequently as the Volunteers start their season and the

approaching clash of Dickey's return and Bill Battle's Volunteers on the Battle Ground in Knoxville on October 24th.

Canter, who has been president of the First National in Loudoun for some three years, is quick to explain that he thinks of himself as a real U-T supporter, as not intended the record as a slam at either U-T or the University of Florida at Coach Dickey, a man he admires for his coaching ability. Instead he thought the record might make a bank or two and also give those who hear it or buy it a laugh.

He has always been interested in country music and actually became interested enough in song writing to make an attempt after performing at a recent bank gathering in Honolulu. Several bankers in attendance encouraged Don to become more serious about the entertainment field. Knowing that he had to have songs be

started writing his own and to date has written several, although this is the first to be recorded. When he showed it to Ed Clayton, owner, and John Taylor, engineer of Handy Recording Studio they informed him that it was his opinion that he had a hit song that would be very popular in the southern eastern region of the United States.

The "Big Orange" Country. At the time he originally showed them the song he had directed contact with Bobby Denton of WIVK. Bobby told him that he should contact Handy Recording Studio and that he should also work up a chorus of personalities who have worked with the Nashville

Sound, Dolly Parton, the Senators Club and the Ramada Inn, provide the musical background. The band members are Johnny B. Denton on piano; Bill Owens on guitar, Dwight Puckett on drums; Dale Puckett on sax; "Dubby" Beeler on dobro; and Al Marcus on trumpet.

Just a little about Don's sports background, he is a member of the Orange Tie Club, handles Loudoun County ticket sales for U-T football games, announces the Loudoun Redskins games on station WLLL, won the State All-Events Bowling Championship in 1964, several other bowling championships and still likes a quick game of basketball, softball and golf.

His office at the First National is decorated in Orange and White, complete with an orange and white telephone. His game room at home has an orange carpet and a "Big Orange Country" clock.

When Curt Watson, the U-T fullback was a sophomore at Cumberland County High School, and Don was vice president of the bank there, he said Curt his first season tickets to the U-T games. Curt has been working at Maresmont in Loudoun this summer.

The chorus of the three verse song goes like this:

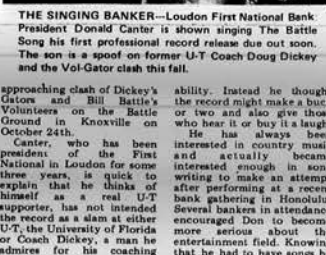

Tricky Dickey, a former quarterback

Tricky Dickey, left us to earn more jack

Tricky Dickey, is gonna pay the price

He'll find out that losing on the Battleground ain't nice.

Don has said he doesn't plan to make a million on this record, but just in case it goes he has a few more, in the serious nature he might be interested in recording. He is keeping his fingers crossed that the Big Orange will do their part against the Gators - it might help sales.

THE SINGING BANKER—Loudoun First National Bank. President Donald Canter is shown singing the Battle Song his first professional record release due out soon. The song is a spoof on former U-T Coach Doug Dickey and the Vol-Gator clash this fall.

Ceremony Set For Swearing In Of County Officials

Loudoun County public officials, successful in the Aug. 6 general election, will take office in a formal ceremony conducted by the Loudoun County Bar Association on Tuesday morning, Sept. 1.

The "swearing-in" ceremony will begin at 9 a.m. in the newly-remodeled courtroom at the Courthouse in Loudoun.

Bar Association Vice Chairman Don McMurphy said this week that invitations have been sent to all incoming officials to be given the oath of office at the ceremony.

His law partner, Bland Winfrey, President of the Bar Association, is on vacation and Mr. McMurphy will preside at the ceremony.

Loudoun County Judge Harvey Sproul will administer the oath of office and brief remarks also will probably be offered by Mr. McMurphy and by General Sessions Judge Tom Ingram, it was reported.

Incoming Attorney General Kenneth Deatherage probably will be sworn in by Criminal Judge Lloyd McChuen in Roane County, home county of both, it was speculated.

Loudoun County officials to be sworn into office include Ed Alexander, County Court Clerk; Billy Joe Akins, Criminal, Circuit and General

Sessions Court Clerk; J.T. (Slim) Schrimmer, Justice; Freeman Russell, Sheriff; Ralph Wear, Register of Deeds; and Albert C. Duke, Superintendent of Schools.

Load Commissioner returning to office for new terms are Lillard Bledsoe for the First and Fourth Districts, Lee Malone, Second and Fifth Districts and Joe Greenway, Third District.

Hugh Forshee Dies Of Heart Attack

Roy Hugh (Hugh B.) Forshee, Home Beneficial Insurance Agent in this area, died suddenly Friday evening

He was 53. The family home is on Lakeview Drive, Loudoun.

Forshee was very active in many aspects of religious life and was a member of the Sixth Avenue Church of God. He was a member of the Pastor's Council, teacher of the Boys Sunday School Class, teacher of the Children's Church. He was also on the Usher Board, chairman of the Evangelism Home county of both, it was speculated.

Forshee, born in Monroe County, had been an agent (Continued on Page 7)

Redskins As Usual Lack Depth, Only Five Championship Regulars Are Back

The Loudoun High Redskins have completed two weeks of practice and Coach Bert Rattledge feels the team is long way from being ready

for their September 4 opener with Alcoa. The defending Class AA State Champions have had two scrimmage games to gain some much-needed experience.

Lenoir Industries Begins Production

MOTEL ROOMS CONSTRUCTED—A large crane at Lenoir Industries, Highway 95 and 175, Lenoir City, moves a pre-fabricated motel room into place. A final unit then will be finished on top of the first to complete the eight room unit. Workers then add finishing touches on the outside of the building.

Last week against Oak Ridge the Redskins looked fair and Coach Rattledge felt they had made a little progress. Friday night scrimmage game with Knox Webb and Austin-East the team made a lot of mistakes both an offense and defense. They definitely were not as sharp as they were against Oak Ridge.

In fact, Coach Rattledge has only five lettermen returning from last season's championship team. Two of these will be at new positions. Yancey Hampton will be at quarterback instead of flankerback and Fred Chaney has been moved from center to the tackle position. That leaves Lonnie Hawkins, running back; J.L. Millsaps at all-back and Mike Bivens, tackle.

Rattledge lost 12 good football players last spring due to graduation and those positions will be hard to fill without some experienced players. Gone from last years squad are: Brad Gray, Bud Guider, Craig Dickey, Don Schrimmer, Dickie Blankenship, Wayne Poole, Jake Lane, Steve Allmon, Mike Littleton, Gord Watson, Jim Littlefield, Kenny Parks and Joe Evans.

Loudoun has already had one key player who is returning from last season's championship team. Two of these will be at new positions. Yancey Hampton will be at quarterback instead of flankerback and Fred Chaney has been moved from center to the tackle position. That leaves Lonnie Hawkins, running back; J.L. Millsaps at all-back and Mike Bivens, tackle.

Rattledge feels that he has a fairly good starting team, but just does not have any reserve strength like last year. Bad weather last week could have hurt the Redskins in their showing against Webb.

Rattledge said that when you lose players, instead of offensive and defensive lines, then it is hard for the new players to learn their assignments without having some game experience.

Loudoun has already lost two players due to injuries. Mike Mesamore, an end, had knee surgery and will be out all season. Bert Carey, a center, has a broken arm and will be out of the lineup indefinitely.

Rattledge feels that injuries could mean a lot to this team as they are already short on experienced players. If some of the key players were hurt, it could make a big difference in the team's chance this fall.

Coaches Rattledge, Dutton and Windle are working hard trying to get the team in shape. The probable starting line-up will be available next week. The Redskins face a tough task in defeating UO game schedule which is shown below.

In Fort Sanders Hospital in serious condition is Frank Ham Jr., 17, Rt. 1, Lenoir City, son of Mrs. Frank Ham. Young Ham, in the intensive care unit, suffered extensive internal and external injuries. Treated and released from the hospital, according to an investigating highway patrol trooper Earl Paul, was the driver of the cycle, 17-year-old Paul R. McPeak, Rt. 3, Loudoun.

Hall said McPeak said as the pair were riding a curve near the school a dog ran across the highway causing him to lose control of the bike. Trooper Hall said the cycle traveled some 275 feet from the pavement and the seriously injured boy was thrown about 60 feet beyond where the cycle stopped in a church parking lot.

Porter Named Principal At RCHS Clerk's Office To Close Monday

Guy Sim Porter, Jr., 35, assistant football coach at Kingston for the past three years, has been named principal of Roane County High School. Prior to going to Roane County, Porter served as assistant football coach to Bert "Chig" Rattlege at Loudoun High for six years.

Porter is a 1960 graduate of Caron-Newman College at Jefferson City and completed work on his Master's degree this summer at Tennessee Tech University. He married to the former Winnie Derryberry and they have one daughter, Tammy, 11 years old.

The County Court Clerk's office at the Courthouse will be closed on Monday, Aug. 31, to make preparations for turning it over to the incoming office holder.

Mrs. Marie Brooks Pennington retired clerk, announced the closing this week in preparation for turning the office over to Ed Alexander, elected to that office Aug. 6. Mr. Alexander and other county officials are to be sworn in Sept. 1.

Rummage Sale Set

The Loudoun Jaycees will have a rummage sale Saturday, Aug. 29 from 9 a.m. to 4 p.m. behind Greer Hardware on the front porch of the Ridenour home, Mulberry Street.

Ceremony Set For Swearing In Of County Officials

Loudoun County public officials, successful in the Aug. 6 general election, will take office in a formal ceremony conducted by the Loudoun County Bar Association on Tuesday morning, Sept. 1.

The "wearing-in" ceremony will begin at 9 a.m. in the newly remodeled Courtroom at the Courthouse in Loudoun.

Bar Association Vice Chairman Don McMurray said this week that invitations have been sent to all incoming officials to be given the oath of office at the ceremony.

His law partner, Bland Winfrey, President of the Bar Association, is on vacation and Mr. McMurray will preside at the ceremony.

Loudoun County Judge Harvey Sproul will administer the oaths of office and brief remarks also will probably be offered by McMurray and by General Sessions Judge Tom Ingram, it was reported.

Incoming Attorney General Kenneth Deatherage probably will be sworn in by Criminal Judge Lloyd McCuen in Roane County, home county of both, it was speculated.

Loudoun County officials to be sworn offices will be Ed Alexander, County Court Clerk; Billy Joe Atkins, Criminal, Circuit and General

Sessions Court Clerk; J.V. (Slim) Schrimsher, Trustee; Freeman Russell, Sheriff; Ralph Wear, Register of Deeds; and Albert C. Duke, Superintendent of Schools.

Road Commissioner returning to office for new terms are Lillard Biedose for the First and Fourth Districts, and Malone, Second and Fifth Districts and Joe Greenway, Third District.

Hugh Forshee Dies Of Heart Attack

Roy Hugh (Hugh B.) Forshee, Home Beneficial Insurance Agent in this area, died suddenly Friday evening in an apparent heart attack. He was 53. The family home is on Lakeview Drive, Loudoun.

Forshee was very active in many aspects of religious life and was a member of the Sixth Avenue Church of God. He was a member of the Pastor's Council, teacher of the Boys Sunday School Class, teacher of the Children's Church. He was also on the Usher Board, chairman of the Evangelism Board, member of the Visitation Committee and master of ceremonies of Junior Hymans.

Forshee, born in Monroe County, had been an agent (Continued On Page 7)

Second row: Ronny Lemons, Tommy Watkins, Hank Evans, Ronny Watkins, Walter Henderson, Mike Brackett. Tims Gundry.

Steve Clark. Third row: Dennis Huff, Tony Mays, Jerry Wood, Lonnie Hawkins, Chip Glass, Byron Lawson, C.P. Chihaz, Fred Chaney, Dana Rogers. Fourth row: Greg Wilkerson, Mike Lancaster, Shane Carver, Mike Bivens, Joe Black, Ray Simmont, Jerry Buckner. Fifth row: Coaches Bert Rattlege, Buddy Winkle and Gary Dutton, William Brown, J.C. Millsaps, Yancey Hampton, Scotty Atkins and manager Jim Stewart.

Redskins As Usual Lack Depth, Only Five Championship Regulars Are Back

The Loudoun High Redskins have completed two weeks of practice and Coach Bert Rattlege feels the team is a long way from being ready for their September 4 opener with Alcoa. The defending Class AA State Champions have had two scrimmage games to gain some much-needed experience.

Last week against Oak Ridge the Redskins looked fair and Coach Rattlege felt they had made a little progress. Friday night scrimmage game with Knox Webb and Austin-East, the team made a lot of mistakes both on offense and defense. They definitely were not as sharp as they were against Oak Ridge.

MOTEL ROOMS CONSTRUCTED—A large crane at Lenoir Industries, Highway 95 and 175, Lenoir City, moves a pre-fabricated motel room unit into place. A final unit then will be placed on top of the first to complete the eight room motel. Workers then add finishing touches on the outside of the building.

Rattlege lost 13 good football players last season due to graduation and those positions will be hard to fill with some experience. Gone from last year's squad are: Brad Gray, Bud Guider, Bo Carey, Mike Schimsher, Dickie Blankenship, Wayne Poole, Jake Lamb, Steve Allison, Mike Littleton, Gordo Watson, Jim Littlefield, Kenny Parks and Joe Evans.

In fact, Coach Rattlege has only five lettermen returning from last season's championship team. Two of these will be at new positions. Yancey Hampton will be at quarterback instead of flankerback and Fred Chaney has been moved from center to tackle a position that leaves Lonnie Hawkins, running back; J.L. Millsaps at fullback and Mike Bivens, tackle.

Bank President Don Canter To Release Record On Tricky Dickey

by Larry Cate
Editor

Loudoun may have another Englebert Humperdink on its hands. A hobby of singing and writing songs is turning into a first attempt at professionalism by Donald Canter, president of the First National Bank of Loudoun.

Don, with deep voice, who has especially enjoyed singing and entertaining at private social functions, is expecting to have his first record released within the next couple of weeks. The title is "The Battle Song."

The singing banker said it all started back when the Volunteers of the University of Tennessee and former Coach Doug Dickey were involved in the famed "Battle Box" and coaching change during December. It was just following this that he began toying with a rhyme about "Tricky Dickey."

After numerous trips to recording studios, many hours of voice sharpening, a couple of recording sessions, musical arrangements, the gathering of a "True Volunteer Band" and much encouragement from Volunteer supporters who enjoy "musical" past, the record is becoming a reality and could be something we will hear on the radio quite frequently as the Volunteers start their season and the

started writing his own and to date has written several, although this is the first to be recorded. When he showed it to Ed Claton, owner, and John Taylor, engineer of Handy Recording Studio they informed him that it was their opinion that he had a hit song that would be very popular in the south eastern region of the United States especially in Big Orange County. At the time he originally showed them the song he had already discussed it with Bobby Denton of WIVK. Bobby told him that he should contact Handy Recording Studio and that he should also work up a chorus for the record. Don did weeks later after Don had given Denton a demo tape of the record and after Denton had played it for numerous coaches and Volunteer fans he informed Don that "Tricky Dickey" was the catchy part of the song that would be best to use as the theme of the chorus.

The record, a 45 RPM single, with an instrumental by Luke Brannon on the reverse side, will be by several East Tennessee banks headed by the Hamilton National Bank of Knoxville and the Hamilton National of Chattanooga, both of whom are big supporters of the "Big Orange." The two Hamiltons are planning to take several

thousand of the first press run of records and will be sold and used in promotional ideas by the banks. The record will sell for \$1, or \$12.5 if ordered by mail. Don said he hopes to have plenty available locally.

The cover of the record will show a U-T Vol dragging a gator across the tartan, and the gator looks a little worse-for-wear.

A six piece band, made up of personalities who have worked with the Nashville

Sound, Dolly Prton, the Senators Club and the Ramada Inn, provide the musical background. The band members are Johnny B. Denton on piano; Bill Owens on guitar, Dwight Puckett on drums, Dale Puckett on sax, "Chubby" Beeler on dobro and Al Marcus on trumpet.

Just a little about Don's sports background, he is a member of the Orange T Club, handles Loudoun County ticket sales for U-T football games, announces the Loudoun Redskins games

on station WLLI, won the State All-Events Bowling Championship in 1964, several other bowling championships and still likes a quick game of basketball, softball and golf.

His office at the First National is decorated in Orange and White, complete with an orange and white telephone. His game room at home has an orange carpet and a "Big Orange Country" clock.

When Curt Watson, the U-T fullback was a sophomore at Cumberland and Don was vice president of the bank there, he sold Curt his first season tickets to the U-T games. Curt has been working at Marenton in Loudoun this summer.

The chorus of the three verse song goes like this:

Tricky Dickey, a former quarterback

Tricky Dickey, left us to care more jack

Tricky Dickey, is gonna pay the price

He'll find out that losing on the Battlefield ain't nice.

Don has said he doesn't plan to make a million on this record, but just in case it goes he has a few more, in the serious nature he might be interested in recording. He is keeping his fingers crossed that the Big Orange will do their part against theators — it might help sales.

Acklins Pledge Wedding Vows

St. Paul United Presbyterian Church USA in Sweetwater was the setting for the wedding of Miss Doris Sundra White and Gant Eugene Acklin on Saturday, Aug. 15, at 4:30 p.m.

Parents of the couple are Mr. and Mrs. Claborn Clay White of Lenoir City and Mr. and Mrs. Johnell Acklin of South Pittsburg.

The Rev. Charles J. Johnson, uncle of the bride and pastor of St. Paul U.P. Church, performed the ceremony.

A program of nuptial music was presented by the bride's grandmother, Mrs. Inez Upton, organist, and her aunt, Mrs. Lorene Porter, vocalist.

The church chancel was decorated with a white arch entwined with greenery and white flowers, and white floral arrangements.

Given in marriage by her father, the bride wore a long gown of white saki and sheer organza. The empire A-line silhouette featured a fitted bodice with a wide band of Sall. The organza was repeated in the long bishop sleeves. Bands of daisy Venice lace trimmed the high collar, sleeves, cuffs and empire waist. Her train-length mantilla of silk illusion, edged with matching lace, was held with a small pillbox-style head piece, and she carried a white baby orchid attached to a white sash.

Miss Deborah Ann White was her sister's maid of honor. Bridesmaids were Miss Greta Martin of Athens, Miss Linda Silver and Miss Lenore Carmichael, both of Lenoir City; Mrs. Katherine Davis of Newport; Miss Rhoda Porter of Athens; and Mrs. Johnnie Nichols of Alcoa, both cousins of the bride.

They were guests of pink chiffon and satin and carried pink carnations.

Little Miss Bregina Wilkerson, cousin of the bride, was flower girl. She wore a gown of pink chiffon and satin like that of the bridesmaid.

Eric Handaway of Nashville served as bestman. Ushers were Marvin T. Melton, cousin of the bride; Johnny Stegall and Eric Stegall, brothers of the bride; Alonzo Acklin and Clarence Acklin of Nashville, brothers of the groom.

Tommy Melton, cousin of the bride, was ring bearer. A reception was held in the Fellowship Hall of the church. Assisting were Mrs. Alice Smith and Mrs. Loreta Walker of Lenoir City; Mrs. Swanney Wilson and Mrs. Rosetta Wilson of Loudon; Mrs. Gladys Wells, Mrs. Cordelia Moore, Mrs. May Bell Mayant, Mrs. Ethel Latham, Mrs. Nannie Thompson and Mrs. Marcella Latham of Sweetwater.

After a wedding trip to Atlanta, Ga., the groom returned to Denver, Colo., where he is serving in the United States Army. The bride is continuing her work as clerk-typist at the Neighborhood Youth Corps office in Lenoir City.

Beauty Hints For You

From Peggy Franks

LAVERNE'S Beauty Shop

These first few columns will be devoted to general beauty care. Then later we will get down to more specific problems.

First the importance of the proper cleansing of not only the face, but the whole body including your hair. Many of us tend to buy soaps, shampoos, and even cosmetics because they are "on sale." I am not discounting the fact that these are sometimes good and well known products...

Be sure the product you buy is right and suits your particular skin or hair, at any cost.

ILLEGAL ABUSE

I read recently where the children born today will live ten or more years longer than they would if they were born say, twenty five years ago.

This is certainly another indication of the progress we've made in recent years.

The improvements in medical care for "tubercular" and cancer patients plays a big role in our new survival rate, as well as many other modern techniques. Fatalities from the once common "whooping cough" have been virtually eliminated in this day and age due to our modern "whooping" drugs.

Well, here we are again... Time for that long, three day weekend. Labor day is always a sure sign that summer has passed by and it will soon be time to take extra precautions at our school crossing again.

For that extra care in your prescription, needs rely on...

LARGE CROWD—Full House is the order of the day at homecoming services at the First Baptist Church of Loudon.

Crowd Overflows First Baptist At Centennial Services

Sunday, August 23 the First Baptist Church of Loudon concluded a week of observance of the church's 100th year. The Sunday services, designated as homecoming Sunday, were attended by over 400 people.

The message for the morning service was delivered by the Rev. Paul Hall of Johnson City, a former pastor of First Baptist Church. It was a message on faith, which emphasized the faith of those Christians 100 years ago who organized the First Baptist Church and the need for a continued faith by the present day Christians and church members.

Dicken, minister of music and youth, sang many of the old hymns of yesterday.

The Adult Department of the Sunday School enjoyed a rare treat during the Sunday School hour when the classes assembled in the church sanctuary where the retiring pastor, Rev. O.C. Rainwater taught the Sunday School lesson.

After the morning service, an old time basket lunch was served in the church annex, with several hundred people enjoying the good food and fellowship of the noon hour. The homecoming was only a part of the week's activities.

Speaks" was given. The scripture was read by Joe Mike Hodge. Miss Rita Cannon presented "My Home, My Church, My God." "My College, My God" was given by Miss Ann Randolph. "My Participation in Sports My God" was given by John Long. Rev. O.C. Rainwater presented "Youth Active in Tomorrow's Church."

Gaston Dicken director "Now Hear It Again" with soloists Miss Shirley Arden, Miss Linda Purdy and Joe Hodge. Speakers for the parts were Misses Karen Murrell and Candis Snow.

Throughout the week many of those attending the services were centennial dress it, remembrance of the mode of dress 100 years ago.

The only sad note of the occasion was the retirement of Rev. O.C. Rainwater, who has served in the gospel ministry for 41 years, and 15% of those years has been spent as pastor of the First Baptist Church.

GUEST SPEAKER—Rev. O.C. Rainwater, pastor of First Baptist Church, introduces Rev. Paul Hall, former pastor who brought the homecoming message, Sunday morning as part of the church's 100th year observance.

BASKET LUNCH AT NOON—The crowd forms at entrance to the church annex for an old time basket lunch at the noon hour.

PUMP ORGAN—Mrs. Tom Matlock, organist at First Baptist Church, plays the old time pump organ during centennial services.

CENTENNIAL DRESS—Ladies of the First Baptist Church pose in centennial dress as they meet the pastors, both present and past. They are: Mrs. Buddy George, and daughters, Jenny and Becky, Mrs. Leona Pope; Rev. O.C. Rainwater, Rev. E.R. Webster and Rev. Paul Hall.

Lenoir Industries Begins Production Of Motel Rooms

Lenoir Industries has begun production of pre-fabricated motel units and Friday put together four of these units to form an eight room motel by their plant near his home in Rhode Island.

The company, which got into full production this week, is the successor to Tartan Motor Inns Corporation, had a ground breaking here last fall.

The original corporation was headed by Wade Lattrell, president, Gene Burton, Vice President, and other officers. These two men, and others were former employees of Scottish Inns, Inc. of Kingston and decided to form a similar firm.

Elaborate plans were made to establish franchises for Tartan Motor Inns throughout the United States and to manufacture pre-fabricated units for the motels in the Lenoir City plant, transporting them to the motel sites, wherever they might be.

convention construction, however, it is claimed. Sample units were completed this week. A complete eight room motel, has now been erected at the plant site to be shown to prospective customers.

This is the first time anywhere that double units (two units back to back with a service passage between) have ever been set in place by crane, "in place by crane," Mr. Burton, Scottish Inns and others set singles, he explained.

Another phase of the company's proposed operations was to be production of pre-fabricated nursing home units. The firm invested large sums of money in design development for the Nursing Homes.

Apparently, observers say now, the effort to get both the motel and nursing home operations off the ground at the same time was too much for the fledgling corporation. The final blow to the Tartan

Mr. Burton, who was to be plant manager and construction engineer for the earlier firm, occupation that position in the successor corporation. His are the designs for the jigs in which wall, floor, and roof units are built and then assembled into completed motel units.

Plans call for construction of a 100-unit motel a week in the plant here, when production reaches its peak. Motel units are shipped out complete with everything included, "the beds made and soap in the soap dish," as Bill Shumate put it. Bathroom fixtures are in place, carpet on the floor and furniture in place.

When the units arrive at the motel construction site, they are set in place by a crane, stacked two stories high and with eight inches of air space between the units side by side. Brick facing or other form treatment is applied on the construction site and "if it is done right, there is no way you can tell them from conventionally constructed units," Mr. Shumate said.

Construction costs - to the contractor or motel owner - is about half that of

Your County In Action

BY Harvey L. Sproul
LOUDON COUNTY JUDGE

School has reopened in Loudon County and several changes have been made which serve to open our eyes as to some of the problems that we have in Loudon County concerning the very expensive, but very necessary and worthwhile educational program. It is my understanding that the New Providence School has been closed by the Loudon County Board of Education because of a lack of students for the school to qualify under the State program. Classes from New Providence will be going to Eatons, making the situation even more crowded, with planning going so far as to contemplate the necessity of putting a class in the hallway, as I understand it.

Also, the requiring of tuition this year from students attending Farragut Schools in Knox County, is causing some Loudon County students in that end of the County to have to make arrangements to attend school in their own County this year.

For example, one lady taking her child to the Nichols Elementary School in Loudon City for the first time is understood to have said that she wondered if she were taking her children to a "plant" school.

If I knew the name of this lady, I couldn't reveal it, because we who live here have a way of being sensitive

about our heritage, and about the place our children attend school, and over a period of time tend to overlook the faults and shortcomings involved. But as a matter of fact, although we have two very fine high schools in Loudon County now, we very seriously lack proper facilities for elementary education.

As a matter of fact, the Nichols School is not an adequate building under the circumstances would that building meet the requirements for schools today.

I think basically the same statement is true about the Walnut Street School, the Loudon Grammar School, and several other, if not all, of the elementary schools in Loudon County.

It may be that a program to combine and replace these outmoded schools that we have now might be less expensive, and certainly better for our children, and for our growth and progress, than spending substantial amounts of money to merely "tack" on to what are not adequate buildings presently.

For instance, there is a

proposal presently pending before the Quarterly Court, a request having been made by the County School Board, to go into a building program to add various rooms, corridors, etc. to existing buildings. This program contemplates approximately \$5,000,000 to \$8,000,000, and basically will obligate the Loudon County capital outlay funds ("given" to Loudon County each year by the State to replace and improve buildings) for a period of twenty years.

Maybe you know that something has to be done immediately at the Eatons School. We cannot allow classes to be conducted in the hallway. But the question comes up as to which is more imperative so far as some of the programs are concerned: the waiting for the comprehensive analysis which is being completed this year by both the Loudon City school system and the

Loudon County School system, or going ahead without this analysis being available? TVA, the Tellico Project, and Timberlake are matters which are way in the future, but TVA is assisting other school systems in other parts of the State concerning buildings now, and maybe some of this could become available for us in the near future. No doubt we will have to do our part, but where will we be if we have already spent what little we have to work with as our part.

Maybe you could take the capital outlay funds we are talking about, and put that with the other one-half percent sales tax which is allowed to local governments by State law (by local option) (which many cities and counties have already passed), and maybe go in with Loudon City and/or TVA to get maybe some new Federal Programs and really do something right for education in Loudon County.

Corn Blight Damage Light In County

CHARLES P. McCALL, COUNTY AGENT. Much has been said in the past few days about the Southern Corn Leaf Blight. We have received many calls asking how bad the blight was in Loudon County. Since most of the corn in Loudon County goes into silage there will be very little effect on corn here. This isn't to say, we haven't had some damage

There has been some damage but it has been light. At the present most of our corn is in the dent stage, therefore very little damage from the blight. The damage of this wind-borne fungus has been heavy in West Tennessee. The extent of the damage in individual fields is dependent on the stage of growth and weather conditions. Wind and moisture helps to spread the disease. The disease is particularly damaging the young corn in the pre-milk stage. Since most of the farmers in Loudon County

planted early and the dry weather that followed there is very little damage. There are no toxic effects to livestock being fed on corn silage harvested from infested fields. At the present we do not know of corn hybrids that have tolerance to the fungus.

Pugh Wins Cedar Hill Golf Championship Over Dannie Berrier. After setting a sizzling pace Saturday with a four-under par 68, Maryville's J.R. Pugh survived a 78 Sunday to take top honors in the Cedar Bluff Golf and Country Club's Annual Invitational Tournament Sunday.

Despite Pugh's high score on Sunday, the finish wasn't even close, as Dannie Berrier and Bill Permenter, both former years' Cedar Hills champions were tied for second with a seven over par 151. Berrier won the play-off for second place. Heavy rains Sunday morning delayed play for almost two hours, and showers during the morning slowed play so that the championship round was not completed until after 7:30 Sunday night.

There were 104 entered in the tournament, which was described as one of the best ever held at Cedar Hills. "The course was in perfect condition," stated Al Beeman, who was tournament director, along with Ken Hickman. "Red zones, the club manager, deserves much of the credit for the success of the tourney. He worked hard and long, and had the greens just right."

Gene Armstrong, who has contributed more to local golf than any other man through the years, was the official scorekeeper and a consultant on the rules. Don Rogers was the official starter. Scores in the tourney were:

Two Loudon Women See Presbyterian Mission Work in South America

By Calvin Lunford

The membership of Loudon Cumberland Presbyterian Church stands well informed of the denominational mission work in the Country of Colombia, South America. The reason the desire of two Loudon ladies, both active members of the CP Church, Miss Mary Katherine Mize, and Mrs. Lily Mae West, who have recently returned home after a tour of Colombia in the Presbyterian denomination in that part of the world.

The tour was sponsored by the Board of Missions of the Cumberland Presbyterian Church. The number permitted to make the trip was limited to 34, of whom application. They were chosen on a first come, first serve basis. Headquarters during the tour was at Camp El Coro, 15 miles west of Cali, Colombia. The reason the location in the Andes, on the main highway between Cali and Buenaventura, a harbor city on the Pacific.

The mission work is centered in the Cauca Valley, which is in the western part of Colombia. The altitude determines the climate. The climate is constant and there are only two seasons, rainy and dry. At that particular time, it was the dry season with only an occasional shower.

The City of Cali is warm and cool, depending on the sun and the City of Medellin is the same. A light sweater is always needed at night.

The ladies stated that some of the food they enjoyed were Yuca dishes. Yuca is a root that is used widely in America. They also enjoyed a variety of fruits such as mango, lula, papaya, guava, orange, lemons and bananas. They stated that usually there are about two and one-half crops planted and harvested each year.

The visitors found the people to be very kind and stated that one is well conscious of the fact that there is no middle class of people. Only the poor and wealthy are evident. The cost of living is not as high as in the states. The average wage for the Colombian is 30 to 40 dollars per month.

Transportation is by public bus and air. Private cars are almost non-existent because of the tremendous cost of ownership.

The ladies were much impressed by the cleanliness of both the city and the countryside. When they thought was possibly due in part, to the fact that in Colombia paper bags are not available. Anything you buy in a tin can is much higher in price. Beef is the most available which is reasonable in cost. Chicken is quite expensive. Pork is available but is not widely eaten. The absence of refrigeration to preserve the meat is the reason that pork is not eaten. With pork hanging openly in the market places fails to arouse a persons appetite. The expensive cut of beef is around 70 cents per pound. In general the ladies stated that all the food they sampled was delicious.

The days and nights of this tour were filled with many highlights of unforgettable memories. This writer stated that his many questions might be changed omit a highlight of the trip. He asked these ladies to give us a rundown on the events. Following is an account of the trip, as it was quoted to us.

"Our arrival in Miami received the following information about ourselves: there are 10 teachers, three retired teachers, nine ministers, seven ministers wife, five married couples, one single woman, one secretary in the Dept. of Agriculture, U.S., one secretary for a Visiting Nurse Association, one machinist, one office worker, one accountant, one nurse, secretary, two kindergarten directors, two housewives, one secretary, one income tax consultant, one hotel receptionist, one retired construction worker. We had some "famous" people, Miss West, Helen Keller, one of the Jones boys, Miss Julia and Hazel, two Bright people, a Miller and a Loooper, two of the Gray and the "Chatty Kathy." If we were thirty we had Wella and a Brockwell coming on the trip. Nancy, we had no hits and no scores, but there were seven millionaires, one of whom had two scales, a Melody and the Woodwards.

Directly after supper went to church for the prayer meeting and although we did not have time to change clothes before the service we enjoyed the wonderful singing, the dramatic reading by a talented girl of the San Juan River, the beautiful prayer by the ministerial student,

aware that his influence is still alive today.

For the evening service most of us went to Call Central, where those who attended it early that morning went to other churches.

Monday was the day we visited the relocation site of the Colombian people. Very defensible one and the need for the relocation is urgent. The people of other denominations are moving to this same area. Perhaps this is the only school zone of Cali. One of the main highways passes in front of the school zone.

As we traveled we saw beautiful plains and cattle farms as well as rugged mountains. We noticed for the first time large ovens beside some of the homes. We know that the bread was delicious because all of the bread was made by a woman named "doughnut" bread, fresh from the oven. One has to taste it to believe its goodness.

We arrived in Popayan just as the bus was leaving for Monterio. The Spanish style architecture was especially beautiful. The walls and stoves. They were superb. The spacious dining room reflected the wealth and ingenious foresight of the founders of Popayan. Before the early days of rain showers, to go shopping we had to carry our purchases in our arms. We were delighted through rain most of the way back. Rev. Munoz was scheduled to be at the wedding reception and his daughter at the Cali church at 7:30 p.m. We were fortunate to make it back being only 15 minutes late. The Cali church had made our meal possible. The meal is originally from Popayan.

At El Coro we found some delicious things to eat. We had thought that after the almost two-amp lunch the food would be mediocre, but nevertheless we ate heartily. Home coming at the Greenback Methodist church will take place on Sunday, Aug. 30 and a picnic dinner will be served after the usual worship hour. The Rev. Claude Grace Virgilio will conduct the worship service and the afternoon program will consist of singing with a number of special numbers planned. All former members and friends of the church are invited to attend.

The Presbyterian Church Sunday met at Fine Grove Sunday afternoon and enjoyed a picnic dinner in the R.E.A. guest house. They then went into the Pine Grove church for a song service led by the Rev. Paul Lindholm, who explained the testimony of the writers of many of the Gospel hymns. The churches represented were Haleson, West Springs, Clover Hill, Cloyd Creek, Greenback and the host church.

Dr. H. Gordon Harold of Maryville was special minister at the wedding of Mrs. Presbyterians Church Sunday. His Scripture was II Kings 19:12 and the title of his message was "The Recovery of Urgency" based on II Cor. 5:14. Miss Anita King led the Congregation in a prayer reading. The Rev. and Mrs. G. Lindholm expect to return to their home in San Diego, Calif.

Born to Mr. and Mrs. Jerry Jackson in Indianapolis, Indiana on July 9 a son who bears the name of David Richard. The baby's grandparents are Mrs. Helen Jackson, with Mr. and Mrs. J. Jackson.

The missionaries are called upon to help in many ways and one of these is to decorate for weddings and receptions as well as to receive the guests at the reception. Beth was responsible for the decorations and the decorations were very beautiful. Several of us had the privilege of helping to decorate the church. The housewife who is doing what little that we did. Kathryn was responsible for the music and by serving during the reception. The wedding was beautiful, even though it was in Spanish. We could follow the ceremony. There were many traditional Colombian customs observed and we found that to be very lovely and meaningful. The bride and groom were just as happy and excited as we are.

Thursday morning at four we arose and got our baggage down to the bus. After a good breakfast at the El Coro in the dark of the morning, much as we arrived at the hotel at five in the evening. After a stop for Beth and Boyce we arrived at the hotel at six in the evening. The hotel was in a beautiful area and the view was magnificent. The hotel was in a beautiful area and the view was magnificent. The hotel was in a beautiful area and the view was magnificent.

Our lunch was provided at the hotel. It was a delightful lunch with fried chicken, potato chips, pickles which were served with soft drinks. The afternoon, the one that will long be remembered. We went to the silver factory. If you have never been to such a factory it is well worth a visit. We had it to keep from buying any of the products to take home. We were very far below those of the States. Our money had a tendency to melt. The Flaster Ramirez is well respected in our souvenir.

We returned to camp in the afternoon. It was a delightful meal we spent the evening discussing the work as we had observed it and asked many questions as to how we can be of more help. Wednesday our last day with our work was begun a little later than usual. We had given up the idea of the entire group going to Buenaventura, and only four of the group went there. Around nine we left camp for Cali. The trip down the mountain at the rate of 100 feet per minute. The large roadside goat herds that we had seen in the morning were still there. The goats, the cow and the bus driver all had their own way. We were not always in the Caribbean. At approximately 4 p.m. EDT the Avianca plane landed. There was only one more big problem. Custom! On the plane we were given a declaration form to fill out. All we had to do was to wait in line to be checked and try to close up.

Some of us had to call other people to get their letters. We could make it, others had their flights out, and still others were spending the night in Miami. The formal ending of the tour came at the airport. We had begun in Miami, but the real beginning was in the plane. We passed over Colombia the "Land of No Return" because it is impossible to return to it. Each of us left a big part of ourselves over there, we will always be in Colombia!

It was a real thrill to go to a large shopping center. The store was very large and with so many along and so much to see, we decided to go on our own. We found while and set a time to meet. It was great fun trying to find our way through the store. The "dime" store, the candy store, or in some of the other stores, we found a lot of things at home in huge quantities. Only the language was different. We had a lot of fun with our communication that none were arrested, nor checked. We had a lot of fun with our communication that none were arrested, nor checked. We had a lot of fun with our communication that none were arrested, nor checked.

This being the day for the wedding of Rev. Munoz and Mrs. Munoz, the group had come down early to visit "in casa de los padres" of the bride and groom. We all met at the church at the usual time.

and Tuesday with Mr. and Mrs. C. L. Long. Mr. and Mrs. Harley Myers and Mrs. Owen Evans spent last week camping at Cades Cove.

WEBSTER'S REFERENCE TO SPORTS

By Joe Webster

Bert "Chig" Ratledge is small in physical build, soft-spoken and gentle. He is large in spirit, desire, hustle, fortitude, and determination. His knowledge is almost unlimited and he has surrounded himself with capable assistants. Mr. Dutton and Mr. Windie if you please.

The school needed to build a solid program of sports. In 1969, Loudon won the very first state AA championship in the history of Tennessee. This honor was merely the result of many hours of dedicated labor by the Redskin coaching staff.

The opener with Alcoa will carry with it monumental repercussions, not the least of which is a thing called momentum. In 1969, after whipping the Tornados, the Redskins then rolled merrily over everything in their path. An opening game victory can mean the difference between a losing season and a winning season. Getting to be number one in the state is tough - Staying number one is tougher. Every body will be lying in wait for the Redskins ready to ambush the men of Ratledge.

The kickoff draws him. The citizens of Loudon await anxiously. Loudon is a football town and Ratledge, Dutton, and Windie are the leaders. The fans are excited and that is what we call a few. Never have so many people so much to go for.

BULLFIGHT: The Fort Loudon Bird Hunter's Club will hold an important meeting this Monday night, August 31st at 8 p.m. The meeting will be held at the Union Carbide Recreation Park. The annual "Fur" dinner will be discussed and planned. All members and those interested are urged to attend. If you think the Dodgers can catch the Cincinnati Reds in the National League West race? Cincinnati hasn't been playing nearly as well as they did earlier in the year. The Dodgers are a constant threat because of their excellent pitching.

An Pittsburgh hand on and win their division? Roberto Clemente is leading the National League. The Bucs may make it all the way in but it'll be close. Bud Miller has his fingers crossed and his toes too. The Tennessee-Florida game shapes up as the biggest game to be played in Knoxville since Billy Cannon came to town in 1965. It'll be on TV too.

Goodnight everybody.

Once in a while in the good old days column, we find our collection of random photographs increasing so we use a few now and then. This week we use some of these so-called random pictures, not meaning that they are less interesting, but they are not of school groups, scenes around town, etc.
The other day Mrs. R. L. Delapp, who before marriage, was a Blount, passed along to us an old picture of a well known Loudon County family. This picture is very unusual because it is an old time tin type of a vintage many years ago. This is the

first tin picture I have seen in a number of years. I could be wrong about this, but I believe at one time the old tin type was a very popular method of making a picture. It was thought they would last a lot longer, but this in part proved to be untrue.
Anyway, getting back to Mrs. Delapp's picture, which is of the Blount family. Many of the Blounts from the good old days were prominent business people operating stores, theaters, and other business establishments as well as being well liked and well known citizens.
Mrs. Delapp says this is possibly the only one of it's

MISS SELVIDGE

MISS ENGEL

2 LOCAL GIRLS JOIN MARINES

Shelli Jean Selvidge and Jean Ann Engel recently joined the Women Marines and after completing basic training at Parris Island, S.C. will be home for 20 days leave in October. She has been 30 years since a woman from Loudon County joined the Marines.
Pvt. Selvidge is the daughter of Mr. and Mrs. Carl Selvidge, Route 3, Loudon, and granddaughter of Mr. and Mrs. Clyde Parks, Loudon. She is great-granddaughter of Millard Parks, Loudon a veteran of the Civil War.
Pvt. Engel is the daughter of Mr. and Mrs. Tex Engel, West Lee Highway, Loudon City and granddaughter of Mr. and Mrs. W.E. Engel, Loudon City.

kind in existence. In the photo are: seated, R.N. Blount and Heulah Blount. Standing: James and Charlie Blount. All of these people are now deceased. Many thanks to Mrs. Delapp for the loan of this picture.
It seems that a lot of interest is always created by old cars. For some reason our readers like to see pictures of the older make cars, maybe it reminds them more of the good old days. The cranking, flat tires, and other mechanical difficulties were not always very welcome when driving one of these. If you have a picture of an old car, send it along so that we might use it in this column.
This photo has a snow scene for the background and the young man in the picture is Ernest Cottrell, one of the Loudon County boys who knew a lot about what went on in the good old days.
Another picture we have this week was loaned to us by the old country boy, Joe

Mills. Joe tells us that the picture was made across the river up near Loudon City around 1914. Joe says he was about seven years old. Oops, didn't mean to tell how old he is, but that's the way with these old pictures, they give away your age.
Those in the picture are John Wallace, stepfather of Joe Mills, Mrs. Laura Wallace, Joe Mills and Charles Mills. Joe says an old former Loudon boy who was later born to this couple and now residing in California, would be glad to see this old picture. If so we might just get a letter letting us know.
Anyway, Joe didn't tell us how old the other boy in California is, so John B. Wallace of California, formerly of Loudon, may not be mad at us.
This past week we received some very good and very unusual pictures out of the good old days. As soon as time permits we are going to look them over a little closer

Free Dance In Loudon Saturday

Bob Brackett and the Country Raiders will hold a free area-wide dance on the Hackberry Street Parking Lot of the Charles H. Bacon Company at 8:30 p.m. Saturday night.
The music will include selections for slow dancing, rock and roll and square dancing. The dance is open to the public for dancers and spectators. Those watching are urged to bring lawn chairs.
and used.
If any of you readers have pictures for the good old days, give us a call. We will come and pick them up. Nannie Marlin has some unusual old pictures from Loudon's yesteryear and has agreed to let us use them, which we greatly appreciate.

Letter To The Editor

Mr. Larry Cate
Editor
Loudon County Herald
Loudon, Tennessee
Dear Editor:
Loudon Countians certainly owe a vote of thanks to the Loudon County Arts Association for sponsoring the Berea College Puppet Theatre and Workshop.
To discover that the ancient art of puppetry still possesses the power to charm, one had only to watch the enthralled children (and

adults) viewing the two puppet plays, The Golden Bird and Wicked John and the Devil as portrayed by the Berea puppets.
A young man from Loudon, Robert Green who is a student at Berea did an excellent job in Wicked John and the Devil.
Gratitude is due to the group from Berea, to Dr. Charles Morgan, Mrs. Morgan, Mrs. Walter Sims and other members of the Loudon County Arts Association and, of course, to Berea College and the Rockefeller Foundation for such a fine

program.
Sincerely,
Mrs. Harvey Sprout
Homecoming Slated
The West Broadway Baptist Church of Loudon City will have a homecoming and dedication service, Sun., August 30. Rev. James Blakey of Warburg will bring the morning message at 11 a.m.
Lunch will be served at the noon hour and a singing will be held in the afternoon. Rev. Raymond Hudson, pastor, invites the public to attend.

Jaycees Set Labor Day Take-A-Break Project

The Loudoun Jaycees will play hosts to the thousands of tourists and travelers who will be passing through Loudoun County on Highway 11, Monday, Sept. 7, Labor Day. The Jaycees will sponsor for the fourth consecutive year a Take-A-Break for 81 city booths.

Jaycee President Kyle Anderson said the booth will be set up just off the highway on the front lawn of Loudoun High School where the highway is widened for plenty of safe parking. The tourists who stop will be given free refreshments courtesy of the Jaycees and Jayceettes. Highway information, and information about Loudoun County.

Signs will be set up along the highway urging the motorists to stop and Take-A-Break for Safety. In the past the Jaycees have had motorists from almost all the 50 states and several foreign countries to stop. Anderson said the project is also being carried out by other Jaycee clubs throughout the state to help the Highway Patrol and other law enforcement agencies in their fight to bring the accident, injury and death toll of the holiday weekend down.

Sheppard Quits Sheriff's Force

Loudoun County Chief Deputy Sheriff Fred Sheppard, who has served in that capacity for more than two years, has resigned effective Tuesday, Sept. 1, according to Sheriff Freeman Russell.

Arnold Is Asst. Atty. General

Loudoun Attorney Edwin Arnold has been named Assistant Attorney General for the Fourth Judicial Circuit, Loudoun, Roane and Blount Counties, by Attorney General Kenneth Deatherage of Kingston.

Woman's Death Ruled Suicide

The shooting death of Mrs. Mary Elizabeth Harvey, 53, of the Glendale Community, was ruled suicide Monday afternoon by County Coroner Dr. W.B. Harwood.

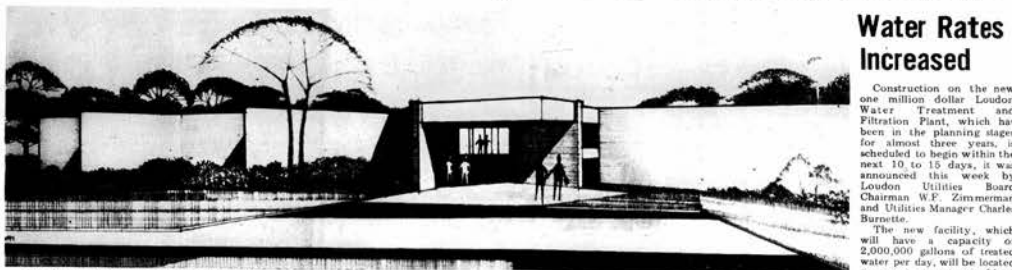

Loudoun County Sheriff Freeman Russell said that Mrs. Harvey's husband, Charles, found his wife's body in the kitchen of their home about 2:25 Monday after he returned from Alcoa where he had the aluminum company there. Mrs. Harvey apparently took her life by firing a .38 caliber pistol into her heart. Her husband told Sheriff Russell that she had been in ill health and had become depressed over her condition.

Three Hurt In Knife Fight

Three persons sustained knife slashes and stab wounds in a fracas Saturday afternoon in Payne Apartments on A St., Loudoun County. The victims were Clifton Williams and Sgt. Roy Rogers, who investigated.

DRIVER OF PICK UP CRITICAL - A Lenoir City man, Jimmy Lee, is in critical condition in a Knoxville Hospital after suffering extensive head and internal injuries last Saturday morning when the tractor-trailer rig, shown upside down on the Lee pick-up, struck and rolled over on his vehicle at the intersection of U.S. 11 and Highway 95 at Lenoir City.

Work Set To Start On Big Water Plant At Loudoun

LOUDON'S NEW WATER TREATMENT PLANT—An artists sketch of the new Loudoun Water Treatment and Filtration Plant scheduled for construction start-up in the next two weeks. The new water plant, a one million dollar project, will be located on the Vonore Road at the Loudoun City Limits. The new system is scheduled to go into operation in October of 1971.

Water Rates Increased

Construction on the new one million dollar Loudoun Water Treatment and Filtration Plant, which has been in the planning stages for almost three years, is scheduled to begin within the next 10 to 15 days, it was announced this week by Loudoun County Board Chairman W.F. Zimmerman and Utilities Manager Charles Burnette.

The new facility, which will have a capacity of 2,000,000 gallons of treated water per day, will be located on a seven acre tract of land on Highway 72 near the city limits on the farm of Martha Robinson. In addition to the filtration plant, a new 500,000 gallon storage tank will be built and a 12 inch feeder main will be installed. The project, being constructed under three contracts, is to be completed in October of 1971.

Since 1950 the city has gotten all its water supply from Roberson Springs from a filtration system capable of producing 600,000 gallons of water per 24 hour period. Mr. Burnette said this is about the amount of water produced at the spring falls short of the demand and the present 800,000 gallon storage tank supply gets dangerously low. The Roberson Springs system will continue to be used after the new plant is completed and placed in use giving the city a water capacity of 2,600,000 gallons.

Mr. Zimmerman said the new system is necessary expenditure because of the critical water situation that has arisen and because of Loudoun adds any more industry the present system would be unable to handle the load, and natural growth has been eating into the capacity received during the last two years ago was approved for federal grants totaling \$486,000 for the project. The City and the Utilities Board recently sold some 1970-71 in Water Revenue Bonds to five firms on a 25 year maturity basis at an interest rate of 7.175.

Lt. Godfrey Better After Heart Attack

Tennessee Highway Patrol Lt. Godfrey was in a serious condition at Baptist Hospital, Lenoir City, Monday, August 24, while on duty.

The THP reports that Lt. Godfrey was driving on Chapman Highway in a patrol car when he suffered the attack. He apparently brought the cruiser to a safe stop and a passing motorist stopped and called THP headquarters on the car radio. An ambulance was dispatched and the Lt. taken to the hospital where he was in critical condition for several days, but is now in a private room at the hospital.

Contracts on the new treatment plant, filtration system, water lines and storage tank totaled \$875,512.95. Other costs running about \$25,000 went for engineering fees for designing the system, purchase of land, sale of bonds and other contingency items. A large brick building of modern design will be constructed on the plant site to house the filtration and treatment equipment. The contract for the new system will be taken from that Tennessee Water and Sewerage Construction Company of Clarksville in the amount of \$718,644. Southern Paving Company of Concord

Lee Critical After Big Truck Crushes Pick-Up

DRIVER OF PICK UP CRITICAL—A Lenoir City man, Jimmy Lee, is in critical condition in a Knoxville Hospital after suffering extensive head and internal injuries last Saturday morning when the tractor-trailer rig, shown upside down on the Lee pick-up, struck and rolled over on his vehicle at the intersection of U.S. 11 and Highway 95 at Lenoir City.

Lenoir City roofing contractor Jimmy Lee was critically injured Saturday morning when the pick-up truck he was driving was crushed by a tractor-trailer rig loaded with concrete slabs.

Taken first to Bacon Hospital in Loudoun, he was immediately rushed to Ft. Sanders Presbyterian Hospital in Knoxville where he remains in critical condition with severe chest and head injuries.

Mr. Lee, 39, was driving his pickup truck east on East Broadway in Lenoir City through the new Highway 95 intersection when the collision occurred.

The tractor trailer, after striking the pick-up, pushed it across the highway into a utility pole, and then overturned, landing directly on top of the smaller truck.

Lenoir City Policeman Floyd Williams, who investigated, assisted by Highway Patrolman O.R. (Dick) Phelps, said the tractor-trailer was driven by Jack L. Head of Knoxville.

The truck, marked "Blackway Crane and Heavy Hauling, Knoxville, Tenn.," is owned by Olin Whaley and Brother, according to the accident report.

When he reached the crest of the hill, he told officer Williams, he started to shift to lower gear and hit the footbrake, but the truck did not slow down. He then used all the air in his air brakes, but the rig still didn't slow down.

He was then well down the hill, according to the statement, and he changed lanes because of the traffic ahead of him. He was then in the center lane of southbound Highway 95, and saw the pickup truck, but he was unable to avoid hitting it, he told the officer.

The accident occurred about 8:45 a.m. It required the rest of the morning to get the wreck cleaned up and the broken concrete slabs hauled off.

Inquiry at the hospital Tuesday afternoon revealed that the accident victim still was in critical condition.

County Officials Take Oaths

In ceremonies sponsored and conducted by the Loudoun County Bar Association, 14 of the 15 Loudoun County public officials elected in the August General Election were sworn into office Monday in the newly remodeled Loudoun County Courthouse.

The opening of the ceremony Attorney Don McMurry, substituting for Association President Bland Windfry who is on vacation, welcomed the more than 50 people who attended, extended congratulations to the new officials and thanked those who were leaving office for their past services.

The swearing-in of the officials by County Judge Darvey Re-elected Sheriff Freeman Russell, Trustee J.V. Shrimsher.

Taking the oath of office for the first time in many county offices were Edward Alexander, who replaces Marie H. Brooks Pennington as County Court Clerk; Billy Joe Akina, who defeated Bobby Knowles for Criminal-Circuit-General Sessions Court Clerk; and Ralph Wear, who succeeds the retiring Robert A. Anderson as Register of Deeds. Re-elected Sheriff Freeman Russell, Superintendent of Schools Albert C. Duke, Sr. and Trustee J.V. (Slim) Schrimsher took their oaths for new terms in office.

Road Commissioner, Lee Malone of the second and fifth districts; Lillard Bledsoe of the first and fourth districts; and Joe Greenway of the third district took their oaths together.

Constables O'Dell Justice, Floyd McCollister, Raymond Rogers, Charles Settle and Lester Williams were given their oaths. Fourth District

Constable Dallas Hart, who was working, was not present for the ceremony.

Following the ceremony the new officials named their office clerks and deputies. In the County Court Clerk's office assisting Alexander will be Kate Hope, Addie Ruth Clarke and Katherine Shope.

Criminal-Circuit Court Clerk Akina named his sister Mrs. Tom Nichols as deputy clerk of General Sessions Court, and Mrs. Clarence Wall as deputy Criminal-Circuit Court Clerk.

Register of Deeds Ralph Wear has named his wife, Bonnie, as deputy Register.

Some 1,200 persons, employees and families of the Movement Corporation of Loudoun were guests of the company for a summer outdoor luncheon Sunday afternoon.

The outing, which saw the company rent the entire park for the afternoon for the private party, began at 1 p.m. with lunch of chicken, ham, beef, vegetables, cake and ice cream being served in the Jacobs Administration Building.

According to Personnel Director Don Burton the fun really began at 3 p.m. when all the rides and concessions in the park were opened to the adults and children free of charge. Burton said the children outlasted the grown-up and by closing time at 6 p.m. everybody was ready to go home.

E.W. Engle residence. The Jenkins car then struck a parked car in front of the Engle home knocking it up onto the front porch of the house, knocking down a brick wall and a brick support. Both cars were heavily damaged by the collision. Sgt. Brown reported that the small daughter of Mrs. Jenkins received minor injuries in the accident and was treated and released from Bacon Hospital.

The girl, Mary Kay McCormick, 13, is the daughter of Mr. and Mrs. Fred Elmer McCormick of Dalton. She was listed by Fort Sanders Hospital in Knoxville as being in serious condition. An ambulance driver said the hospital told of the girl's injuries included serious kidney damage and multiple fractures of the pelvis.

The girl was struck by a car reportedly driven by Mrs. Glenn Sue Jenkins, 26, of Madisonville. Mrs. Jenkins told Sgt. Brown she was driving south and as she came over the crest of a hill (Browder Hill) the girl ran across the highway into the path of the car.

The youngster was regrettably carried by the car which ran off the highway into the front lawn of the

Cash Prizes Await Winners Of Herald Grid Contest

The Seventh Annual Loudoun County Herald Football Contest will open this week as the State AA Champions Loudoun High School Redskins open their 1970 season against the Tomadon of Alcoa.

Some \$200 in prizes await the weekly winners in the 10 week grid contest. The contest works like this: There are 10 games each week of area high school and college teams. Pick the winner in each or tie and put in a tie-breaker of the total number of points. This will be scored by both teams in the Loudoun game. Only

one entry per person. Entries may be submitted on plain paper other than the official entry blank in the contest and which will appear each week in the sports section of the Herald.

Prizes are \$12 for first place, \$8 for second and \$5 for third. In case of tie the prize money will be divided equally after combining the number of winners.

The tie-breaker is important. It generally decides the cash winners. Winners will be notified the following week in a news story in that issue of the Herald.

From Peggy Franks
LAVERNE'S
Beauty Shop

All most women need for this is a tablet of mild soap and a jar of good cleansing cream. Most women should really wash their facial skin twice daily with soap and warm water, stimulating it with a wash cloth. Then before the nightly washing cleansing cream should be applied to remove the days accumulation of dust and grime. A light application of either the same cleansing cream or a night cream then before retiring.

"Towne Place" carpet has been manufactured for practicality. It won't crush or show pile disturbances as easily as most plush carpets . . . this is because of the random cut and loop pile and the natural tendency of the fibers to spring back to their original form. Everyday care will keep the appearance fresh; and talk about wear, this carpet will give you a good long run for your money. You must come in and see this carpet for yourself in order to appreciate the rich, plush texture and sparkling colors. Both plain and multi-color. You must feel it to see how deep and dense the pile really is.

Maynard-Watts Vows Planned

Mr. and Mrs. Glen Maynard of Madisonville announce the engagement of their daughter, Sharon Glendora, to Boyd W. Watts, son of Mr. and Mrs. Homer Watts of Loudon.

Both Miss Maynard and Mr. Watts are graduates of Venable High School.

The wedding is being planned for 7:30 p.m., Sept. 12 at Hopezell Springs Baptist Church. No invitations are being sent but friends and relatives of the couple are invited to attend. A reception will also be held at the church.

Evangelistic Hour Set For Labor Day

The third Philadelphia Evangelistic Hour will be held Monday, Sept. 7 at 6:45 p.m. in the Town Square. The previous meetings have been termed tremendous successes. All churches in this area are invited to participate along with the general public.

Special music will be presented by Miss Edna R. Kildredge, Raymond McJunkin, Donnie Rowwater, and a choir of more than 100

The Tribe Speaks

By Loudon High School Journalism Class

FOURTH PERIOD JOURNALISM CLASS

Janice Caldwell, Terry Kinnison, Frieda Thomas, Nina Mason

Again we come to you with news from Loudon High School. This year there are two classes of Journalism with members from each class alternately reporting. As in the past we will try to keep you informed about the many activities we have.

We are experiencing many changes. To begin to acquaint you with some of these changes we introduce our new faculty members.

Mrs. Mann has moved to California. Miss Watkins taught American History part of last year. She was granted from U.T. and lives with her mother here in Loudon.

Jerry L. Foster, a graduate of U.T. with a Master of Science in Education degree, is taking Mr. Everett's place in American History. Mr. Foster is from Loudon. For those interested in the condition of Mr. Everett, our last report was that he is at his home near Friendsville recuperating satisfactorily.

Mrs. Linda Pickell from Lenoir City, Tenn., is a graduate of the University of Tennessee and is married to Mike Pickell from Kingston. She is replacing Mrs. Dutton as teacher of girl's P.E. and Health.

John Napier, a graduate of U.T. with a Master of Science in Education Degree is teaching World History and World Geography. He is the son of Mr. and Mrs. William Napier of Loudon.

The Redskins marching band has a new director. He is Larry L. Martin a graduate of U.T. He is replacing Mr. Mount who lives in California.

Mr. Cardwell retired from teaching last year to go into business. Taking his place is Patricia A. Martin from Fairfax, Virginia and has two children, Debbie S. and David S.

Industrial Arts Classes are enjoying the presence of John Marrs. Mr. Marrs is from Loudon and is graduated from the University of Tennessee.

Mr. Headlee is back this year after his leave of absence last spring. We would like to congratulate him for receiving his Master's degree at U.T.

We have a new face in the Guidance office this year, but he's well known around school. Coach Dewayne Arp was taken to Morgan's place. She is retired and residing at home here in Loudon.

The Redskins football season will be starting Friday night at Alcoa at Alcoa. Go Big Red. Here is a word about tickets for this game. Adult tickets are \$1.50 both here and at the gate, student tickets are \$1.00 here and \$1.50 at the gate.

Area Churches Join In Honoring Rainwater, Given \$1000 Cash Gift

As has been his custom for over 1,000 Sundays the Rev. O.C. Rainwater took his place in the pulpit of the First Baptist Church Sunday morning to deliver the morning message. Seldom, except for an overflow crowd of around 600 people, it was to assume the normal pattern of a busy Sunday morning service. But emotional tension could be felt, because the beloved pastor was preaching his concluding sermon to the Sunday morning congregation. After 16 1/2 years as the pastor and 41 years in the gospel ministry, he was retiring.

PRESENTATION MADE—Olan Williamson, left, presents retiring Rev. O.C. Rainwater, pastor of First Baptist Church of Loudon, a thousand dollar bill, at the conclusion of Sunday morning services. Rev. Rainwater retired after 15 and one-half years at the church and after 41 years in the gospel ministry.

The morning service, unknown to Rev. Rainwater, held many surprises for this well known and well loved Baptist minister who has well earned through his devotion and an expressed love for his fellowman, the title of "The Pastors' Pastor." This title we have heard many of his associates bestow upon him in conversations.

After arrangements adorned the church altar in honor of Rev. Rainwater, Rev. Rainwater expressed the following remarks:

"The Deacons who serve now, and those who have been servants of the church through the years, let me express gratitude for you. To Trustees and now Church Properties Committee, we are much indebted to you for making our family and the whole church comfortable for worship and living by your fine way of looking after the property. We shall remember all these with love and appreciation."

"And, to my neighbor pastors, churches and friends, I express heartfelt gratitude for your splendid cooperation during my years as minister of First Baptist Church of Loudon. You will continue to have a place in my heart and prayers."

admiration we have for the wonderful leadership and guidance you have given to us. We can only hope that your retirement years will be as rewarding to you and the Lord's work as your active years have been."

To his church, which has been dear to his heart through the passing years, Rev. Rainwater expressed the following remarks:

"Since this is my last day with you as your pastor, let us express to you, with our children and their children our deepest thanks for your every kindness and patience and helpfulness you have shown us these fifteen plus years. The many personal kindnesses and provisions you have made for our comfort and welfare. We have loved living and serving with you. Whatever the good results have been, we can rejoice and give thanks to God together for we have been "Workers together with Christ."

"As retirement time has come, I leave the position as pastor with love and best wishes to all, and with malice nor ill will toward any. Our prayers shall continue with you, that God will lead you on into fields of greater usefulness and more abundant harvest for the glory of the Master. We covet your prayers in this time of transition for us. We shall join prayers with you as you seek God's man to fill the place as pastor."

"As pastor, I want to thank all of those who have been my yoke fellows on the church staff through the

Another tribute came to Rainwater from Rev. Jack Ferguson and the membership of the Cumberland Presbyterian Church, W.A. McMurray, spokesman for the church, expressed his love and friendship to a man he stated had the greatest impact on his life of any man he has ever come in contact with.

In conclusion Mr. Williamson presented Rev. Rainwater a thousand dollar bill which came as a result of contributions by members of the church. In making the presentation Mr. Williamson stated as follows and we quote: "At a time like this, words are very inadequate to express the feelings of this church membership. We want to give you a small token to show our appreciation of how much you have given to us, but it does not begin to express how much love and

years. You have all meant much to me, and I shall always recall our service together with much gratitude. My deepest thanks to the present members of the church staff, Mr. Dicken, Mrs. Milpaps, and Mr. Bolt all who have meant very much to me."

"To the Deacons who serve now, and those who have been servants of the church through the years, let me express gratitude for you. To Trustees and now Church Properties Committee, we are much indebted to you for making our family and the whole church comfortable for worship and living by your fine way of looking after the property. We shall remember all these with love and appreciation."

"And, to my neighbor pastors, churches and friends, I express heartfelt gratitude for your splendid cooperation during my years as minister of First Baptist Church of Loudon. You will continue to have a place in my heart and prayers."

WEBSTER'S REFERENCE TO SPORTS

By Joe Webster

The natives in Loudoun are restless. Rattledge turns his Skins loose this Friday night against dangerous Alcoa. Remember - Only four boys are back that saw a lot of action in 1969. - Hawkins, Hampton, Milsaps, and Bivens.

Nevertheless, Ernie Milsaps predicts: Loudoun-21-Alcoa-6.

Glen McNabb, former Loudoun quarterback, has labeled this 1970 Redskin team: "The Big Red Machine".

The biggest weekend of NASCAR stock car racing, in the history of Smoky Mountain Raceway, is set for Saturday, September 5th and Sunday, September 6th.

The 2nd annual Maryville-Permatex "300", a 300 lap NASCAR Late Model Sportsman championship event, on Sunday afternoon, will highlight the weekend.

ALLISON

GLOTZBACH

Early entries for the "300" include Grand National star James Hylton, from Inman, South Carolina, driving a 1964 Ford Fairlane. Other great drivers that will be shooting for the \$1500.00 winners share of the record \$8500.00 purse are Bobby Allison, Charlie Glotzbach, Dave Marcis, and Red Farmer. Defending Permatex Champion, L. D. Ottinger and Chattanooga Bob Burcham, both in Chevilles, will be driving this Sunday.

It looks like another exciting day at Smoky Mountain Raceway this Sunday, September 6th.

There's also football action in Loudoun this Saturday night. It happens at the old Loudoun High School football field and the first game is at 5:00 p.m. The Grass Cutters, Mustangs, Indians, and Junior Red Skins will be in action against four teams from Kingston. The Grass Cutters play the first game.

Have you looked at the National League East Division standings? Only 7½ games separate the first 5 teams, and Montreal in the cellar, is only 12½ games out of first. The Cardinals are 4 games under 500, yet they're only 5½ games out of first. I never saw anything like it. Everybody's saying, "You take it, I don't want it".

You just might see Clyde Wright, former Carson-Newman pitcher, hurling in the American League playoff this year. The California Angels are only 3 games back of front running Minnesota in the American League West Division. Goodnight everybody.

15 Redskins Tabbed As Starters, Meet Alcoa Friday At 7:30

A young inexperienced Loudon High School Redskins team will journey to Alcoa, Friday night to open the 1970 season with the veteran Alcoa High Tornados. The game is set for 7:30 p.m. Loudon will be out to preserve their Class AA Crown as they take on the big Alcoa eleven.

Alcoa Coach Bill Cochran has 14 lettermen returning from last season's team which had a 6-4 record. Cochran will have a veteran backfield returning and perhaps one of the best running backs in the area in tailback Barry McNear. McNear is an explosive

runner who is capable of going all the way each time he gets the ball. Other backs returning with experience are Alan Giles, quarterback; John Stewart, flanker back; and Ron Bailey, fullback.

Cochran feels this backfield has good speed and in the line he has a stout Ned Liddell at guard and Ned in rated one of the top linemen in the area.

The Alcoa Tornados played in the Blount Jamboree last Friday night and defeated Walled 7-0 on a 60 yard run by speeder Barry McNear. The Tornados had one other scoring opportunity but a fumble stopped that drive.

Loudon Coach Bert Rattledge, after seeing the Redskins in action, said the Redskins chances of beating the Tornados would be to stop the running of McNear and do some awfully good blocking. But he felt the big problem facing Loudon at the present time is how well the young inexperienced linemen come through.

Rattledge felt the Alcoa club seemed to be more aggressive than in the past and seemed to have a lot of team spirit. He pointed out that Tornados would be out to break the Redskins winning streak and would not forget the 20-7 defeat last season as well as the 7-6 defeat at Alcoa in 1968.

The probable starting lineup for the game Friday night will be as follows:

Ends: Ray Simmons, 160 pound junior and Hank Evans, 180 pound junior.

Guards: Tony Mays, 175 pound senior, Joe Black 170 pound senior and Ronnie Watkins, 160 pound junior.

Tackles: Mike Bivens, 240 pound senior, and Fred Chaney, 185 pound junior.

Center: Rick Alexander, 175 pound junior.

Quarterback: Yancy Hampton, 160 pound junior. Tailback: Lonnie Hawkins, 165 pound senior.

Fullback: Greg Cagle, 185 pound senior. Fullback: J.L. Millsaps, 185 pound senior.

Other players who are working hard for starting positions are: Ends: Mike Lancaeter, 165, junior; Ronnie Lemons, 165 junior; Mike Brackett, 140, sophomore; and Tommy Robinson, 150, junior.

Guards: Dana Rogers, 175, junior; Greg Wilkerson, 170, sophomore; Jack Fickey, 160, sophomore; and Shan Carver, 155, sophomore.

Alcoa, 165, junior; Walter Henderson, 150, junior; and Frank Pinckney, 130, junior.

Fullbacks: Jerry Buckner, 160, junior; Tim Guider, 160, freshman; Steve Clark, 150, junior; and Steve Huff, 150, sophomore.

Coch Rattledge said there still could be some changes in the starting lineup before the Redskins open the season Friday night. The big question at the present is how well the new linemen can adjust to their positions and provide the blocking needed to spring such veterans as Hampton, Hawkins and Millsaps.

This writer's feeling is that the Redskins will travel to Alcoa and give the Tornados all they want and still come up with the right plays to pull out a close game. This should be a great ballygame and everyone should try to be there to give this team a lot of support.

Advance Tickets On Sale At School

Tickets for the Redskins-Tornado clash are on sale in Loudon at the high school. Principal Bill Napier said that advance tickets are \$1 for students and \$1.50 for adults. All tickets at the gate will be \$1.50 he said in encouraging students to purchase tickets in advance.

Five Charged With Speaker Thefts

Five men were arrested early Sunday morning by Loudon County Sheriff's Deputies and charged with the theft of several speakers from Coles Drive-In Theatre, according to Sheriff Freeman Russell.

Russell stated that the Drive-In owners reported they saw the speakers being taken and took out warrants Saturday night and a few hours later the men were arrested with the speakers in their possession. The five have been found to the Loudon County Criminal Court Grand Jury which opens session on September 21. The men and the charges against them are: Allen Skidmore, larceny and drunk and disorderly; Ronny Fine, larceny and drunk and disorderly; with Gary Palmer, Steve Kelley and Randy Lane charged with receiving and concealing stolen property. All are under \$500 bond each.

Wilkinson Wounded

Lenoir City insurance executive Ross Wilkinson was admitted to Ft. Sanders Presbyterian Hospital in Knoxville Saturday, Aug. 29 for treatment for a pistol wound through his right knee. Loudon City Police Captain Virgil Allen and Policeman Floyd Williams, who investigated, said the shooting occurred in the Wilkinson home at 410 W. Fifth Ave. apparently as Mr. and Mrs. Wilkinson were scuffling for a gun.

When they arrived at the home, the officers said, Mrs. Wilkinson and her parents, Mr. and Mrs. Clarence Littleton, were applying ice packs to the injured knee.

OBITUARY

EDNA MILLS
 Edna Mills, age 67, of Sunnyside Community, Philadelphia, died Tuesday morning at her home. She was the widow of William Earl Mills, and daughter of the late Rev. T.A. and Mattie Plemons Nelson. She was a retired employee of the Philadelphia Hoistery Mill. Survivors include: two sisters, Mrs. Myrtle Burleson and Mrs. Raymond (Grove) Laudermilk, both of Philadelphia; brother, Grover of Deland, Fla.; niece and nephews. Funeral services were held 2:30 p.m. Thursday at Reed Springs Baptist Church of which she was a member. Rev. Bernard Courtney officiated. Burial in church cemetery, Hawkins, Loudon, in charge.

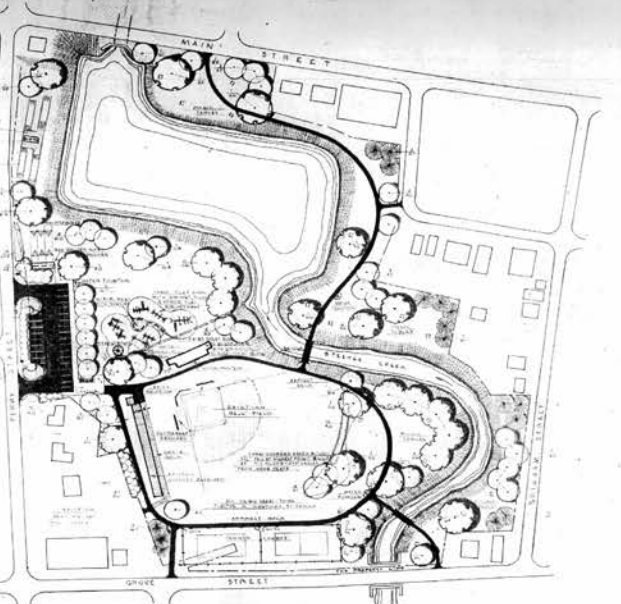

\$300 Taken In Burglary Of Cusick Drive Home

Loudon County Sheriff Freeman Russell investigated a break in at the home of Mr. and Mrs. P.B. Smith on Cusick Drive between Lenoir City and Dixie Lee Junction Friday.

Taken in the break-in was some \$300 in cash, the Sheriff said. Nothing else was reported missing. Russell said that the burglars apparently entered the house by removing a screen and crawling through a small window that was open. The burglary occurred between 9:30 and 10:30 p.m. Friday while Mrs. Smith was at a laundromat, the Sheriff stated.

No arrests have been made, but Russell said he believes it was done by someone local, probably a juvenile.

TVA PLAN FOR RECREATION AREA-The drawing above of the recreation area (present ball park and mini-park) on Grove Street in Loudon shows how the Tennessee Valley Authority, who leases the city the property, would like to have it developed. The Citizens Advisory Committee plans to urge the Commission to follow the proposed plan.

Trading Stamp Campaign To Aid City Mini-Park

The City of Loudon Citizens Advisory Committee has undertaken a project to collect 200 books of trading stamps to be used for the purchase of a Space Platform Slide for the city's first mini-park (community park) located on Ferry Street next to the ball park. City Commissioner Mrs. Henri Richeian, chairman of the Citizens Advisory Council said after Monday night's meeting of the Citizens group that the organization undertook the project and was asking for citizen support in collecting the 200 books of stamps. Mrs. Richeian said city tax money for recreation for the coming year was tight and that most of it was earmarked for the big park development on Roberson Springs Road and the Citizens Council wanted to continue the development of the park on Ferry Street.

Your County In Action

BY
Harvey L. Sproul
LOUDON COUNTY JUDGE

My column last week has apparently aroused comment by various people in various circles. Sometimes a person tries to say something that he feels needs to be said constructively, but it is not always accepted that way, and I understand that too, because people are different, and react differently.

Wife's Idea

Possibly the greatest amount of comment I received about the column was from my wife, who seems to have a particular knack of telling the things that she disagrees with in my columns. Many times, I believe Sylvia agrees with my basic idea, but maybe not with the way that I explain my ideas.

For example, my wife maybe is like Vice-President Agnew is about the press in that she feels that I emphasized the bad and didn't talk enough about the good. She felt that I didn't talk about the good things that are going on in our school systems, and about the many things that our principals such as Mr. Don Perkey, Mrs. Freeman Littleton, Mrs. Pauline Davis, or Mr. Karl Thomas, and the teachers and custodians, are doing to make their buildings better, brighter, and more adequate — and the things that a very competent number of teachers are doing so far as dedicated teaching is concerned.

Great gratitude goes to our teachers and principals who have done so much to make the best from what they have to work with, but this is not the thing that I was talking about at all in my column last week. Sometimes somebody has got to go ahead and say some things that ought to be said — or they just don't get said.

Fixing Up

No amount of "fixing up" can change the basic truth that, on the whole, our elementary school buildings in Loudon City and Loudon County (and the junior high buildings in many ways for that matter) are not adequate or modern or satisfactory to a community which cares.

Forty and fifty year old buildings with wooden floors, outdated bathrooms, inadequate fire escape provisions, inadequate lunch rooms (or no lunch rooms), inadequate gymnasiums (or no gymnasiums) should not be tolerated by a progressive county of our size.

My point is that a comprehensive study is being made of all aspects of our two school systems.

Charrette

In addition, in October, there is to be a charrette whereby all parents, teachers, and all citizens, in Loudon County and Loudon City will have the chance to ask questions about our school system to give their views about what changes

they would like to see in the school system, how much they are willing to pay for education, etc. There are to be available at these meetings, experts to help discuss these questions.

At that time we would hope that we will begin to have information as to where our pupil population will be in the future and have a better idea about where our new schools should be, and what locations are adequate. Why approve and accept something less than standard for our children? Wouldn't it be bad to build a program, obligating what little funds we have to work with, until these facts are at hand? To me, this is plain common sense.

Basically the School Board members, Quarterly Court members, Mayors, County Judges, etc., will listen to something less than standard for our children? Wouldn't it be bad to build a program, obligating what little funds we have to work with, until these facts are at hand? To me, this is plain common sense.

Negative

If the citizens, and parent-teacher organizations and the teachers, are not interested enough to become informed and to speak up and work for good well-planned systems, then they can have no gripes at a later date, as I see it, with the experience "tack-on", "make-shift" program.

Some people have an automatic pessimistic, negative attitude that nothing will be done, or that nothing will be done, so why proceed? Concerning this point, it is fairly clear, as an example, that several schools in the Loudon City area are going to have to be closed or replaced in the foreseeable future, and should probably have been done already — and because county elementary schools in the same area are essentially in the same shape — why not consider the possibility of saving money and doing it right to begin with?

Why not push for a final report (or even a preliminary report) from the planning committee, consider the views of citizens during the charrette, then decide which schools need repairing, which schools need to be replaced, how and where adequate new schools can be built, and look into the possibility of both school systems saving money by working together to build one new school in areas where this is possible?

Building a combined school does not necessarily require a combined school system, but it can be done by contact or agreement. We have experts who are assisting in the study and the charrette who can help us work out the details of this if it were deemed that such was

LETTERS TO THE EDITOR

Dear Editor:

I don't exactly take issue with what Judge Sproul wrote in his column last week, but his remarks certainly do go along with an error that has been holding back our school systems for years. This is the emphasis on school buildings. Citizens forget that a good school was once defined as a pupil on one end of a log and a good teacher on the other. The emphasis should be on

quality instruction. Instruction is what schools are for. Buildings just furnish a better place than a log, but neither the log or the fine school building provides good instruction. That is provided primarily by the teaching staff. And there is where we are most lacking; not in buildings. We have more floor space per pupil than at any time in our school history. We should first plan a good school program, provide the teachers, and then fit the program into the space we have, making small alterations freely, but avoiding any major construction until absolutely necessary. I am strongly opposed to any new school construction until the study that is underway plainly points out what we should do.

A large part of the planned construction is for gymnasiums and assembly halls. There is a large amount of misinformation about these needs. In the first place, a gymnasium is not the most

important thing in a physical fitness program. It may be for basketball, but not for physical fitness. I have this from one that I consider our best authority on grade school physical fitness. The thing that is needed most is a good program. I do not believe that the following statement can be successfully contradicted, and that is, that a good physical fitness supervisor would be worth more to the children than all the gymnasiums planned.

And about assembly halls. Has anyone ever thought of closed circuit television connecting all the rooms in a school as a substitute for an assembly room? That would

also be a big help in teaching large groups, as in team teaching.

Shouldn't such study be given to those possibilities that place emphasis on instruction rather than buildings? I have long maintained, and here repeat, that the thing that is most needed in our schools is study and planning, to provide the best possible instructional program, then we can determine what, if any, new buildings we need in order to have really good schools.

Notice Of Adjusted Water Rates

Effective with the September billing, due in October, customers of the Loudon Water Department of Loudon Utilities, residential, commercial and industrial accounts, a new rate for water will be in effect.

The rates for water used from the system served by Loudon Utilities is shown on a rate table published below.

These new adjusted rates are necessary due to the cost of constructing a new water treatment and filtration system to serve the water customers. This system is a necessary improvement due to the critical water shortages experienced and because of added new demands for water cannot be met by the present water system which has been serving Loudon water needs since 1930.

This new facility will increase the water availability from a present 600,000 gallons per day to 2,600,000 gallons per day and also increase the water storage facility capacity to some 1,300,000 thus insuring an adequate water supply for all customers in the Loudon Water System.

★ Honor God Sunday
★ Honor Labor Monday

SPECIAL DAYS - Monday has been set aside by man as a day to honor labor. Throughout the year, man works hard and deserves the recognition and rest. However, even before man saw the need for rest, God set aside one day a week for rest and worship. Almost dead, each Sunday, worship the Lord in His house, on the day that He set aside.

"And God blessed the seventh day, and sanctified it, because that in it He had rested from all His work which God created and made."

BACK IN THE GOOD OLD DAYS

By Calvin Lansford

Our family group pictures we use in the good old days are always well accepted and create a lot of interest among our readers and of course, we are always happy to receive one of them for use.

One we have this week is the Rev. D. O. McNabb family who lived around Loudon for many years. Mr. and Mrs. McNabb were spent on their farm between Lenoir City and Kingston. The children of this Loudon family no longer live in this area but most of them grew up and went to school here.

all of Loudon; parents, Mr. and Mrs. H.L. Ward, Loudon; grandfather, R.G. Williams, Loudon.

Funeral services were held 2 p.m. Friday at Corinth Baptist Church. Rev. Virgil Turbyfill and Rev. Vaughn Albright officiated. Interment Corinth Cemetery. Quinn and Karnes, Loudon, in charge.

ROE WALKER
Roe Walker, 88, died at Baptist Hospital Friday, after a lingering illness. He was a retired watchmaker and farmer of Route 3, Loudon. He lived in the New Providence Community since 1908. A member of New Providence Baptist Church.

Survivors include: sons, Fred and Willie, Rt. 3, Loudon; nine grandchildren; four great grandchildren; and one niece.

Funeral services were held at Hawkins Mortuary Chapel, Sunday, 3 p.m. Burial in Babb Cemetery. Rev. Eli Estes and Rev. Billy Joe McCown officiated. Hawkins in charge.

JOHN R. HOOKER
John R. Hooker, age 77, of 629 Ferry St., Loudon, died Thurs., Aug. 27 at Bacon Hospital.

Survivors include: wife, daughters, Mrs. Louise Caldwell, Mrs. Helen Abernathy, Mrs. Pearl Jenkins, Mrs. Mary Jane Moore, Mrs. Martha Ann Johnson; sons, Kenneth, Norman, Raymond, Bobby, Buddy, and Douglas; 25 grandchildren; four great grandchildren; sister, Mrs. Beanie Kirkland.

Mr. Hooker was a member of the First Baptist Church of Loudon and for many years taught the Mens Bible Class. He was instrumental in organizing the Riverview mission and served as teacher there several years.

Funeral services were held 2:00 p.m. Saturday at the First Baptist Church, Rev. O.C. Rainwater and Rev. E.R. Webster officiated. Interment Corinth Cemetery. Quinn and Karnes in charge.

Rev. D. O. McNabb, now deceased, was a well known Baptist minister and a very ardent fox hunter, which accounts for the hound puppies that members of the McNabb family are holding today. This family lived for many years in the Stoecker or Corinth section of Loudon County. Those identified in this old family picture are: back row, Dolphin McNabb, James McNabb, Rev. McNabb, deceased. Second row: Rev. McNabb's mother, deceased; Mrs. D. O. McNabb, deceased. Front row: Nell McNabb, Harry McNabb, Garland McNabb, deceased; and Evelyn McNabb, deceased. Our thanks to Dock White for the loan of this picture.

Another picture we have this week is not too old but is one we thought our readers might enjoy. It is a grammar school group in 1959. A partial identification of the group include: Dustin Firestone, Andrew Hamilton, Judith Lovelace, Linda Pigmore, Theresa Lunford, Sue Russell, Paulette Linda Yvonne Jones, Mike McNabb, Peggy Mardis, Bobby Hamilton, Ebb McPeak, Connie Keaton, Bill McPeak, Helen Nix, Sandy Parker and the teacher who is on the left is Mrs. Jodie Bell Smalen. The teacher on the left is an unidentified student teacher.

A third picture this week was not taken in Loudon County but is a picture of a tragic event well known to those from the good old days. It dates back to the late twenties and was possibly the most devastating thing to ever hit this part of East Tennessee. The scene is Harriman, Tennessee and the disaster was the flood which wrecked a large part of the city. As best we can recall it was the result of a dam bursting above Harriman in the Oakdale area.

The dam was taxed to well over its limits by what was thought to be a cloud burst. Little or no warning was given to the city because of the lack of communications in those days and the water came down in the night with great force as indicated by the toaxes and torn railroad cars. The death toll was surprising low for such a disaster. This picture was given to us with the request that we use it and see how many of our readers recall this sad tragedy.

At any time you are in the Greenback area, stop by the farm and visit with Mrs. Anderson and I. It will be our pleasure to see you.

16 years ago and the picture is dated in June. But in order not to start a controversy, that was possibly when the film was developed and not when the snow fell.

Oh, yes, last week we ran an old tin type photo which turned out much better than we ever dreamed it would. Anyway, we made the statement that this type of old picture was a rare thing. Well, as is the case many times, we were wrong. It seems that there are still quite a few of these around according to some of our readers. Thanks for the information, we knew that this type picture had long ago ceased to be made and thought all of them for the most part had faded away with time.

Thank You Voters And Citizens Of Loudon County

Since Sept. 1, 1964, it has been my pleasure to serve in the capacity of your Loudon County Register of Deeds. Grandfather time has brought me to the age of retirement, thusly I did not seek re-election to this post and have retired effective Tuesday of this week.

During my 16 years as Register of Deeds it has been my pleasure to meet, work with and for, most every citizen in Loudon County developing hundreds of friendships I hope which will never be forgotten.

I wish to thank everyone who has made my terms in office the extreme pleasure that they have been. In this thanks I include the people in the county I have served, the voters and Republican Party, the attorneys who use the office almost daily and all the county officials it has been my pleasure to be associated with....

At any time you are in the Greenback area, stop by the farm and visit with Mrs. Anderson and I. It will be our pleasure to see you.

Many thanks and best wishes to you all!

MODERN DRUGS

CONTEMPORARY USE

ILLEGAL ABUSE by LESTER AVERETT Pharmacist

Nearly half of all tuberculosis victims in the early "forties" did not survive. Today, thanks to modern research and the development in pharmaceuticals and other areas the fatality rate from this dreaded illness has been reduced to something less than five per cent and is still decreasing.

Cancer, one of the most feared of all diseases has been curbed in many cases. The death rate has been sharply reduced through early diagnosis and treatment with modern methods and the search goes on...

Beauty Hints For You

From Peggy Kite

LAVERNE'S Beauty Shop

The world of beauty is vast and ever-changing, so we have started on the beautification of the face, and shall pursue this subject in the next few columns.

After you have cleaned your face and are ready to apply your make-up, stop for a moment before the mirror and determine just exactly what type of skin you have and what shape your face really is. Take a few minutes next time and do yourself a favor by really studying your own face.

But you'll be surprised.

Charms of Tennessee

THE NASHVILLE SOUND

It all started with the "Grand Ole Opry," but that was only the beginning... and Nashville is now known throughout the world as Music City, U.S.A. The Nashville Sound is symbolized by this beautifully detailed charm in sterling silver.

Collect them for a beautiful sterling silver bracelet.

It's easy to do. Simply open a new savings account for \$25 or more—or add that amount to your present account. You may then buy your first charm for \$1.95... and we'll give you the attractively boxed sterling silver bracelet free! Then, with each additional deposit of \$10 or more, you may purchase another sterling silver charm for only \$1.95; and so on until you collect all twelve of the exquisite charms that make up your lovely Tennessee Heritage bracelet. By that time, you'll have accumulated some very solid savings, too. It's a charming way to save and we think you'll love it!

Beauty Hints For You

From Peggy Kille
LAVERNE'S Beauty Shop

The world of beauty is vast and everchanging, so as we have started on the beautification of us, we shall pass this subject in the next few columns.

After you have cleaned your face and are ready to apply your makeup, try stepping short before the mirror and determining just exactly what type of skin you have and what shape your face really is. Take a few minutes each time and do yourself a favor by really studying your own face.

But you'll be surprised.

Elams Return From 3 Week Tour Of Europe, Communist Countries

Mr. and Mrs. O'Rear Elam, Greenback, recently returned from a three week trip in Europe. They were a part of a Goodwill People to People Mission, Tennessee Bankers group. The group visited Brussels, Belgium, London, England, U.S.S.R., stopping in Leningrad, Moscow, Warsaw, Poland and Germany.

The tour guide who met the group in Brussels and travelled with them was an English gentleman. The U.S.S.R. they were assigned a "dyed in the wool" Communist guide, who stayed with them all through Russia and watched them closely, according to the Elams. A native guide in each city also provided. They pointed out the biggest, tallest, oldest and the best. They spoke often of Lenin, their god, and showed many statues of him. "In Moscow we stood in line one hour and 15 minutes to see Lenin's body in the Mausoleum," Mrs. Elam said.

ELAMS ON TRIP—Mrs. Nola M. Elam, President of the Merchants and Farmers Bank, Greenback, is pictured along with her husband, O'Rear Elam, in front of the Berlin Hotel, with a group of Tennessee Bankers on a People to People Goodwill Mission to Europe.

The Elams stated they were much impressed by the new buildings and the restoration of the old buildings, which were damaged during the war. They were made to realize that Russia is building and growing stronger while America is demonstrating and destroying. The University of Moscow is magnificent, providing free education for those whose I.Q. qualifies them and vocational training for others. Many of the people they met spoke several languages. The Russian subways were wonderful, according to Mrs. Elam. In Leningrad and Moscow there were very few private owned cars and the people rode fine electric trains, subways or buses. The subways are built 300 feet underground and are of mable structure with many statues and beautiful chandeliers. There is a train every minute and they are recoded by fast moving escalators. The subway would almost make good shelters in the event of an air raid, Mrs. Elam said.

Hotel accommodations were comfortable and all had private baths. The group felt less at ease in Leningrad, the first stop in communist country, than anywhere. The people looked so sad and long faced, according to the Elams. There are no private homes or businesses within the city limits. The state, as they call it, rebuilt all of the city after the war. The people live in apartment houses, which are all alike, and work for the state. By the state, they mean Russian government. The group of bankers were amazed by the grandeur of the interior of the opera house in Leningrad, where they saw "The Demon." They were told that the state encourages opera, art, and all things of culture. Mrs. Elam said she observed the people who attended the opera to be very plain and sometimes poorly dressed, but they seemed completely enraptured with the music.

The guide spoke reverently of Peter the Great and took the group in a hydrofoil boat via the Gulf of Finland and the Baltic Sea to Peter's Palace. The palace and surrounding gardens with many fountains were in excellent condition and lovely to see, Mrs. Elam said. The Red Arrow Express was the mode of travel from Leningrad to Moscow, leaving at midnight and arriving early in the morning. The living conditions were seen from the train. Paths, not roads, led to the small houses which had no lawns. Vegetables, flowers and fruit trees grew right up to their doors. Women were seen hurrying along the paths apparently to catch a train to go to work. In Moscow women seemed to be handling all types of work including ditch digging, street cleaning, paving trucks, etc. The group from the Hotel Russia, where the group stayed, they could see the Soviet Union flag on the scaffold cleaning brick. On the other side women were digging ditches. The group of the interior of the opera house government offices and museums. One museum had a fabulous collection of jewels which were taken from other countries. Mrs. Elam said they were later told in Hungary that the Hungarians turned the Crown Jewels over to the American soldiers to keep the Russians from making them and that they were now at Fort Knox.

She said Hungary was much gay. The people there seemed less depressed and even joked about Lenin. They have done a wonderful job of rebuilding and the banking system had the feeling that these people do not always intend to be controlled by the Soviet Union. Union officials remarked about their beautiful women and children. It was common to see young fathers wheeling their babies in buggies or leading small children on the streets. The guide said the mothers were working their shift. The food there was delicious and welcome. The bankers had grown a little tired of the many fish dishes which had been served.

In Poland the hotel was the European and was very nice. The building on one side of the hotel housed soldiers and from the other side the group could see the Grave of the Unknown Soldier and the hourly change of the guard. Banks were visited by appointment in each city and the Polish bankers were especially friendly. No banks were found to be similar to ones in the United States. The banks, like other businesses, are owned by the state. They have no personal checking accounts. Savings accounts earn two or three percent.

The trip from Warsaw to Berlin was made by train. The land seen was all cultivated. There was scarcely any waste land and no fences. There were acres and acres of wheat and some onions, greens and cabbage.

When the banker's train reached the German border it was stopped for about 45 minutes while it was searched and all passports and visas checked. Each time the group went from one country to another they were required to make a money declaration showing how much cash they carried in and out.

Once all had checked into Hotel Berlin in West Berlin, the mood was lighter and everyone felt free once again. West Berlin is much like New York, Mrs. Elam said.

Perhaps the highlight of the trip was the tour by bus through the Berlin Wall into East Berlin. Here again a great search and check took place. When the bus was allowed to pass through the driver had to maneuver through barbed wire, which were built on alternate sides of the road leaving just enough space for the slow moving vehicle. The group was warned not to take any pictures and told if any one of them did take pictures they would probably be confined all of the film. The West Berlin guide was not permitted to go into East Berlin and another guide boarded the bus on the east side. Much to everyone's surprise East Berlin looked clean and new. The group felt the Russians were attempting to impress upon others that

Maremont Promotes Five To New Management Positions

William Zeeb, manager of the Maremont Corporation's Loudon plant, last week announced five major promotions within the Loudon management organization. The promotions will be effective during the month of September. Mr. Zeeb said that the promotions are the first on the management level since Maremont began operations of its muffler and exhaust systems plant in Loudon some 18 months ago.

William A. Heimerdinger, manufacturing manager, was named Assistant Operations Manager reporting to Mr. Zeeb. Heimerdinger will direct the Production Control, Material Control and Purchasing, and Warehousing functions at Loudon and will organize a new distribution service program. He joined Maremont in October of 1967, and an industrial engineer with the brake and remanufacturing division. Heimerdinger, a 1964 graduate of Purdue University with a BS Degree in Mechanical Engineering, also received his Master's degree in 1965. A former Army officer, he spent 10 months in Vietnam. He is married and lives with his wife, Barbara, in Fox Den at Concord.

Don Burton, personnel relations director of Maremont's Loudon plant since April of 1969, is their way was better than that of West Berlin, which has its own governmental, body and the blessing of the other three of the four powers which are the United States, France and Great Britain. Lasting impressions will be working women, very few men except soldiers, no hippies or loafers and such very clean streets with no litterbugs.

U. S. Savings Bond Interest Increased

C. T. Burdett, Loudon County Chairman for U. S. Savings Bonds, reports that the one-half per cent bonus approved by President Nixon means that Savings Bond owners can realize 6 1/2 per cent annual interest on their holdings.

The bonus applies both to Bonds purchased on and after June 1, 1970 and those bought before, and will outstanding. There'll be no need to redeem any Bonds to benefit from the new rate.

HEIMERDINGER BURTON

DEAN BLACK

appointed as Manufacturing Manager and will direct the production operations at the plant. He came to Maremont from Coming Glass Works where he had worked in production and personnel. He graduated from the University of Tennessee in 1968 after serving three years with the U.S. Army's Special Forces, two years of which he was stationed in Vietnam and the Far East. He is an ex-paratrooper with more than 100 jumps. He is married and lives with his wife, Sue and son, Scott in Gulf Park in Knoxville.

Manager of Manufacturing Engineering William Dean is appointed Manufacturing Manager and will continue his present duties and take on the engineering functions at the Harvey plant in Illinois. Dean joined Maremont in Feb., 1969, after having worked with Baugh and Lomb, Inc. for three years as staff assistant to the Vice-President. Prior to that he was with LaSalle Steel for nine years. A graduate of Massachusetts Institute of Technology and the University of Chicago, he served three years with the U.S. Army Corps of Engineers and was discharged as a first lieutenant. Dean, his wife, Connie and their four children reside in Village Green at Concord.

Bob Black, formerly General Foreman, has been named to succeed Burton as Manager of Industrial Relations in charge of the personnel department. He joined the company in January, 1970, after having worked as a foreman with ALCOA for six years. He graduated from the University of Tennessee in 1962. Black, his wife, Carol and two children reside in Martel Estates, Lenoir City.

The former assistant warehouse manager of the Loudon plant, Gary Kimsey was appointed Second Shift Plant Superintendent and will direct the plant operations of the evening shift. He has been with Maremont since January, 1969. He graduated from the University of Chattanooga in 1965 after which he served three years in the U.S. Army, attaining the rank of Captain. Kimsey, his wife, Sue and two children reside at Philadelphia.

WEBSTER'S REFERENCE TO SPORTS

By JOE WEBSTER

The Alcoa Tornados have a good football team but they cover punts in a terrible fashion. The Loudon Redskins, with Hawkins and Hampton as the runners, used the punt return to whip the Tornados. Alcoa was making a real contest out of the game until they started punting the ball to (of all places) either Lonnie (Jack-Rabbit) Hawkins or Yancy Hampton. The Tornados, by every safety standard, should have kicked the ball out of bounds. Up on the press box roof would have been a good place or into the tubs in the Alcoa band. Anywhere, punt it anywhere, but not the Hawkins or Hampton.

The Redskin blocking on those punt returns wasn't good—it was excellent. The "Wall" formed beautifully allowing the runner to scamper for long yardage. If Kingston has even normal intelligence, they will direct all their punts (and kickoffs too) right at Coach Gary Dutton. He's a tackle by trade.

The Loudon defense was not bad, neither was it anything to write home about. It will get better, starting this Friday night against the Kingston Yellow-Jackets.

J.L. Milsaps, linebacker extraordinary, was once again absolutely fantastic on defense. He was credited in one report with making 15 tackles, but one knowledgeable Loudon fan told me that he best that. So far as I am concerned, Milsaps is the finest defensive player in the history of Loudon football. If he stays healthy this entire season and performs as per usual, he will be All-State. It is that simple.

On the long pass to Ray Simmons for a touchdown, which Hawkins threw perfectly, Redskin luck was great. Because Simmons shoved the defensive man and Alcoa supporters screamed for a flag to be dropped. Apparently, no official saw the infraction and the touchdown was allowed. I'd rather be lucky than good.

It now appears that Ratledge has created another top-notch football team. The new names in the starting lineup are already beginning to blend smoothly into a precision which Ratledge insists on.

Of course it's much too early to even think of rating this team on a par with last year's State Champions. Right now, the subject matter is the Kingston Yellowjackets and that's plenty.

Don't be misled about Kingston. That opening game loss to Harriman doesn't spell a thing — It'll just make the Jackets even tougher.

The Loudon-Kingston game will be played at Duke's Field this Friday night, September 11th. And according to Glen McNabb — "The Big Red Machine" will show up for the game.

Goodnight everybody.

Entries must be in Herald Office by 5 P. M. Friday or Postmarked by 5 P. M. Friday, if mailed.

CONTEST RULES

1. Clip the contest entry blank on this page, or make a reasonable facsimile. In the columns designated, mark which teams you think will be the winner, or if in your opinion, any game will be a tie, mark your entry accordingly. Also estimate the total number of points which you think will be scored in the Tiebreaker game listed on the entry blank. This will be used only if it is necessary to break a tie between contestants.
2. Only one entry per person may be submitted. Employees (or their immediate families) of the Loudon County Herald are not eligible to enter this contest. Players of teams in contest are not eligible.
3. All entries must be deposited in the contest box in the Herald office by 5 p.m. Friday or postmarked not later than 5 p.m. Friday, if mailed. Entries received after that time will not be eligible. Address all entries to FOOTBALL CONTEST, The Loudon County Herald, Loudon, Tennessee.
4. Entries will be judged on the number of games right. In case of a tie, the contestant coming the nearest to the actual number of points scored in the Tiebreaker game will be awarded the prize. The names of each week's winners will be printed in the Herald on the following week. All contestants agree that the decision of the judges will be final, and all entries become the property of the Herald.

Hawkins, Hampton, Millsaps Lead Redskins In 38-19 Romp Over Alcoa

the first quarter. Lonnie Hawkins returned the kick off 16 yards to the 31 yard line. A five yard penalty moved the ball to the 36. Hawkins hit for 12 yards, Millsaps got loose for 49 yards to the Alcoa two yard line. In two plays Hawkins

reced over for the Loudon touchdown with 5:50 left in the period. The kick failed and the score was tied at 6-6. Following the kick-off the Tornadoes were unable to move the ball and were forced to punt with Hawkins returning the ball 80 yards for another touchdown. Again the kick failed but

HAD BIG FIRST NIGHT—Lonnie Hawkins, 20, and Yancey Hampton, 13, with the ball, both had a great night as the Loudon Redskins rolled over Alcoa last Saturday night, 38-19. They are shown here on a kickoff return.

Loudon was out front 12-6 with over three minutes left in the first period. Four plays later Hampton returned an Alcoa punt 43 yards to the Tornado 37 yard line, and on the first play from scrimmage Hawkins rambled for 37 yards and another Loudon touchdown. Carnes added the extra point to give the Redskins a big lead 19-6 with slightly over one minute left. The Tornadoes started to move and in nine plays scored with McNear going 10 yards for the touchdown. Giles added the point and the score was 19-13 Loudon with eight minutes left in the second quarter.

Following the kick off the Redskins were unable to move and were forced to punt. Mike Rivers recovered an Alcoa fumble at the Alcoa 18 yard line to give Loudon a big scoring opportunity. Hampton hit for nine yards, and Hawkins was hit for no gain. Hawkins on third down raced outside for the TD. Carnes added the point after and the Redskins held a 23-13 lead with 4:51 left in the quarter.

Alcoa was unable to move the ball and were forced to punt with Hampton returning to the Loudon 49 yard line. Hampton, Hawkins, Buckner moved the ball to the Alcoa 32 yard line. Hampton pitched to Hawkins who hit Simmons in the end zone with a pass for the touchdown. The kick failed, and Loudon held a commanding 32-13 lead as the first half ended.

Millsaps returned the third quarter kick off 15 yards to the 40 yard line. The Redskins picked up where

they left off as the marched down the field to the Alcoa 34 yard line. But a fumble stopped the threat. The Tornadoes started to move with McNear moving the ball to the 20 yard line. Here the Redskins defense stiffened and stopped the Tornadoes cold. Hawkins and Hampton teamed up to move the ball to the nine yard line where J.L. Millsaps crashed up the middle for the touchdown. The kick failed but the score was 38-13. This was a 105 yard drive due to two 15 yard penalties.

With the Loudon second and third units in the game, the Redskins were unable to

get a scoring drive going. About four minutes before the game ended a Redskins fumble at the Loudon 20 yard line gave Alcoa another scoring chance. In three plays the Tornadoes scored with Ronda Bailey going 11 yards. The run for the point failed and final score was 38-19. Three plays later, Alcoa recovered a Loudon fumble at midfield but only had the ball for two plays as the game ended.

Greenback Edges G-P 7-6 In Opener

Greenback High School splashed to their first victory in over a year Friday night as they defeated Gatlinburg-Pittman High School, 7-6 at Greenback.

Hampered by what could possible be characterized as a bad case of the early-season jitters, the Cherokeee kept fans sitting on the edge of the benches, waiting until the game was 45 seconds from finish before they scored.

Don Tarwater, a real workhorse on the Cherokeee eleven, scouted across from

the one-yard line to pull the home team even for the first time in the game. Steve Hammonree added the extra point for the victory.

Gatlinburg-Pittman, hampered by a rash of penalties, scored first, putting six points on the board on a Tom Garner to Buddy Parton pass midway through the third quarter. The play covered 12 yards.

The Cherokeee did not mean to, but they helped G-P move the ball in the series of downs that led to the score. They drew a half the distance to the goal penalty for tackling by the face mask and another half the distance penalty when a player threw the ball off the field.

Greenback should have been the one to benefit from the penalties, however. G-P was penalized 11 times for 105 yards but the Cherokeee could not capitalize on the opponent's mistakes. Greenback only lost 67 yards to seven infractions of the rules.

Gatlinburg-Pittman won the toss and elected to receive. Going only two series of downs, they returned the ball to Greenback with a 45-yard punt. The Cherokeee sloshed around in the mid until Tarwater fumbled the ball which Buddy Parton recovered. Tackle David McCall then intercepted a Jack Parton pass across the center of the line, and

Greenback got another chance. G-P threatened in the closing seconds to the first half, but time ran out before they could capitalize. Jack Parton tossed a 24-yard pass. He went to the air once again for nine yards, but the buzzer ending the first half sounded before the receiver pulled in the pass.

Greenback fans, overjoyed with their first win in quite a few starts, swarmed onto the field and around the gates to show their appreciation to the Cherokeee team after the game. The Greenback players gave Coach Keith Bailey a mud bath as he left the field, rubbing their muddy hands on his nice clean shirt as he crossed the field heading for the dressing room.

Greenback takes on Lanier Friday night in what could prove to be one of the better games in the Foothills Conference. The match could show just how much they have improved over the 1969 team.

Scoring:
Gatlinburg-Pittman: Buddy Parton 12 pass from Tom Garner (pass failed).
Greenback: Don Tarwater 1 run (Steve Hammonree Kick).

Sister Of Lenoir Citian On Hijacked Airliner

The sister and brother-in-law of a Lenoir Citian are among the hostages aboard one of the hijacked airliners down on a remote Jordanian desert landing strip.

They are Mr. and Mrs. Tom Rogero, (pronounced Ro-be-ro), of Knoxville. Mrs. Rogero is the sister of Mrs. Don Ward, wife of the Lenoir City High School assistant football coach.

Mrs. Ward said Tuesday afternoon that her mother, in Maryville, had been notified from Trans-World Airlines at Kennedy Airport in New York that her daughter and son-in-law are aboard the Boeing 707 jetliner which was commandeered Sunday about noon over Europe. The plane on a flight from Frankfurt, Germany to New York, was diverted to the Middle East and ordered to land at a remote airstrip just outside Amman, Jordan, where it remained in the control of Arab guerrillas.

Mrs. Rogero, it was learned, refused an opportunity to leave the plane and insisted on staying on board with her husband. Women, children, and older men were allowed to leave the plane but the younger men were kept on board under the threat that the plane and its passengers would be blown up unless Arab commandos held prisoner in Switzerland, West Germany and Britain were released by 11 p.m. Wednesday EDT.

Switzerland and West Germany have agreed to the demands, but at last report Britain had not done so.

A Swiss DC 8, hijacked about the same time Sunday, was also in the same airstrip in Jordan. The two planes had about 300 passengers.

Other jet liners also were subjects of hijackings — one unannounced, about the same time Sunday. An Israeli El Al jetliner landed safely in London, England after a would-be hijacker was killed and his female companion wounded in an airborne gun battle with a steward. A Pan American World Airways Boeing 747 jumbo jet was blown up in Cairo, Egypt shortly after its passengers fled the plane when it landed there after being hijacked on an Amsterdam to New York flight and diverted first to Beirut, Lebanon and then to Cairo.

Jordanian guerrillas force, opposed to their country's participation in current Arab-Israeli peace talks, have claimed responsibility for all four hijackings and about 200 armed guerrillas are reported to be entrenched around the two planes at the desert airstrip.

"My mother found out that Norma (Mrs. Rogero) stayed on the plane with Tom," Mrs. Ward said Tuesday afternoon. The captors allowed women, children and older men to leave the plane but Mrs. Rogero would not leave her husband.

Mr. Rogero, 38, is an engineering librarian at the College of Engineering, University of Tennessee, in Knoxville. Mrs. Rogero, 35, is a secretary at Park Station.

The couple was married only a short time ago. They have no children.

Mr. and Mrs. Rogero were returning home from a month-long visit in Germany which included a tour of Europe. They had gone to visit an uncle of Mr. Rogero in Frankfurt and had spent about two weeks driving through Europe and then had returned to the uncle's home before departing Sunday to return home, Mrs. Ward related. Her sister was to have returned to work Tuesday.

The first indication the family had that something was wrong was when they flew to New York City on a 9 p.m. flight Sunday at the Knoxville airport. They were advised that the next flight they might be on, was at 10 a.m. Monday, but they failed to come on that one, too. Fears that they might have been on the hijacked Frankfurt to New York flight were confirmed Tuesday afternoon. The airline contacted Mr. Rogero's parents, who, in turn, called his wife's mother in Maryville.

Farrugot To Host Brock-Dunn Rally

Farrugot community will be host for the first post-primary rally in this area for Republican gubernatorial candidate Winfield Dunn and Senatorial candidate Bill Brock on Saturday, Sept. 12. It was announced this week.

The rally will be held from 2 to 4 p.m. at the Farrugot Drug Center on Kingston Pike. Free refreshments will be furnished by the Dunn-Brock organization. Both candidates will be in attendance.

Congressman John Duncan is expected to be present, at the rally which will end with a motorcycle to a similar event and barbecue in Blount County.

The public is invited to attend, meet, and hear the candidates.

In the event of rain, a large tent has been erected on the grounds.

Ticket Chairman Named For Dinner

Harry Wampler of Lenoir City and Brody Harrison of Loudon are co-chairmen for a \$25-a-person event in support of Bill Brock for the U. S. Senate to be held in Knoxville, Sept. 11.

The event, with Sen. Howard Baker scheduled to be the keynote speaker, is scheduled for 7 p.m. Friday at Kerbel's Shrine Temple in Knoxville.

East Tennessee Rally For Dunn Set

Gubernatorial candidate Winfield Dunn will officially kick-off his November election campaign in East Tennessee.

This announcement was made today by Tom Jensen, Dunn's chief campaign manager.

The rally will be held at the Knoxville Civic Auditorium Tuesday, Sept. 15, beginning at 7:30 p.m.

Two hundred Loudon Countyans are expected to attend the rally to hear Mr. Dunn, and a Loudon County Committee has been formed to coordinate all transportation to the rally.

The event will be rounded out with well known country entertainers according to Mr. Jensen.

"We expect this to be one of the biggest political events that East Tennessee has seen in several years, and we encourage everyone to come and hear Winfield Dunn," he said.

Loudon Countyans needing transportation to the rally should call T. F. Ingram, 988-8248; Harry Wampler, 988-8006; R. F. Hamilton, 988-7626; Bill Russell, 988-8054 or 458-2777; Ed Arnold, 458-4302; Ralph Wear, 458-2805; or Bob Anderson, 856-3519.

CHEVY'S NEW LITTLE CAR IS OPEN FOR BUSINESS.

We call it Vega. We also call it "the little car that does everything well." Because it does.

Everything? Everything.

Vega moves well, stops well, steers well, rides well, handles well, responds well, passes well, travels well, parks well, wears well, and is priced well under what you'd expect to pay for such a talented little car.

In our highway tests, Vega has been getting gas mileage in the neighborhood of the little imports, which isn't a bad neighborhood.

Yet unlike your average little car, ours steps right out when you step on the gas.

The engine is a specially designed overhead cam four with a lightweight aluminum alloy block. It turns slowly and quietly at turnpike speeds, with power to spare.

Disc brakes are standard in the front. So are bucket seats, except on the truck.

How we doing so far?

Numbers speak louder than words. The wheelbase is 97 inches. Total length is just under 170 inches, or nearly four feet shorter than a full-size Chevrolet.

Height of the coupe is just 50 inches, nine inches lower than the leading import.

Weight: 2,190 lbs. for the sedan. Engine displacement: 140 cubic inches.

Fuel economy: about 25 mpg, with the standard engine and transmission, in our highway tests.

Horsepower: 90. You can order 110, (80 and 93 hp, S&E Met).

Seating capacity: 4 adults.

What it all adds up to is a lot of little car.

Three cars and a truck.

Vega turned out so well that we couldn't turn out just one.

So we're turning out four: the sporty little hatchback coupe shown open and closed in the foreground below, the sedan, on the right; the Kammback wagon, on the left; and the little panel truck, in the rear.

Oh, and a special GT version of the coupe and wagon which we'll show you later on.

September 10th is Opening Day.

All 6,300 Chevrolet dealers are handling Vega, so you shouldn't have to go very far to see and drive one.

Chevy's new little car is open for business. Look into it.

Cardwell Is County Chairman For Dunn

The Dunn for Governor campaign in Loudon County will be headed by Roy G. Cardwell, Jr., campaign chairman, as announced Tuesday by the Dunn for Governor Headquarters in Nashville.

Other members of the Dunn Committee in Loudon County are: Bob Anderson, Edwin Arnold, Roy Bedcoe, Robin Bradshaw, Bill Brewer, Barbara Cardwell, Reece Paul Hamilton, Arthur Henry, Ralph Wear and Glenn Whittier.

campaign office will be in Knoxville, is president of the Loudon County Young Republican organization and vice chairman of the Loudon County Republican Executive Committee. He worked in the Howard Baker campaign in 1966, the John Duncan campaign in 1966 and 1968 and in the Nixon presidential campaign in 1968.

A graduate of East Tennessee State University and the University of Tennessee, Cardwell is a law partner with Judge Harvey Sproul in Lenoir City, and is a member of the Loudon County Bar Association and also is a member of the Tennessee American Bar Associations.

He is external vice president of the Loudon County Young Republican Club and is secretary-treasurer of the Loudon County Industrial Bond Board.

He and his wife, the former Mary Anne Monk, live at 306 Wharf St., Loudon.

ETDD Recommends Public Works Board For Loudon-Monroe Counties

The East Tennessee Development District recommended Tuesday night that a two-county "Public Works Board" be formed by Loudon and Monroe Counties to put water in the Greenback and Vonore areas.

The proposal was made by ETDD Staff Planner Bob Freeman at a joint meeting of the Loudon and Monroe County Planning Commissions held at the Loudon Electric Utilities Building at Greenback.

Mr. Freeman said such a Public Works Board is provided for by state law and that it could have jurisdiction over water distribution in the area and eventually sewer and solid waste collection and disposal.

He proposed that the board should have initial responsibility for putting water in the general area of Greenback and Vonore and, within a few years, into the Timberlake area of Loudon and Monroe Counties.

Such a board would replace the present Ft. Loudoun (water) Utility District and a similar Monroe County Utility District. Mr. Freeman said this would resolve the conflict between the two Utility Districts which claim overlapping jurisdictions.

"Such an arrangement would be preferable to the utility district form," Mr. Freeman said, "since the two county Public Works Board would have responsibility to the County Courts and to the Municipal Governments involved." He also said that such an arrangement would not affect existing operating utility systems but that these existing systems could choose later to merge with the two-county board if they should desire to do so.

The recommendation was contained in a report of a second phase study of water and sewer problems in Loudon and Monroe Counties being conducted by ETDD.

Following the report, the two Planning Commissions met separately and the Loudon County Planning Commission voted to grant tentative approval and ask the ETDD staff to develop detailed plans for each of the county.

The Monroe County Planning Commission, lacking a quorum, did not take positive action, but indicated general approval, it was reported.

Loudon's Water Supply-Past And Future

Editors Note: This is the first in a series of three articles, dealing with the water supply of Loudon, past, present and future.

By Ca'vin Lunsford

Water: One of the oldest natural elements known to civilization. It is one of the basic essentials of life. Men have died from the lack of it. Men have died because of their inability to control it's rampaging abundance in concentrated areas. With the passing of time civilization has learned to control water to a certain degree. And yet, we are aware of our increasing need for water to do the many essential tasks of modern living. The modern continues his laborious task of being sure that tomorrow's generation will find it's water supply adequate to supply the needs.

The City of Loudon in regard to it's water supply has reached the saturation point. Demand is growing daily toward the limit of supply. With what could be a dangerously low reserve supply, which is maintained for fire fighting to cope with shortage due to drought and etc.

The present Loudon water supply system was built in 1930, 41 years ago. Since that time several things have come about affecting the city's water supply. Population increase, expansion of system distribution, family usage volume, industrial consumption, etc.

In the early days of Loudon's water system few families had both rooms or flush toilets. In most sections of the city several families obtained their water from one outdoor spout, centrally located to be accessible to all of the families of that section of town. The charges for water was shared by all the families.

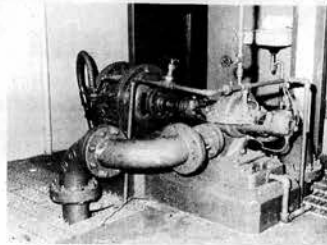

The coming of Loudon's water system was a warmly accepted move. It actually was the answer to the populace's long awaited dream, pure water and plenty of it.

For many years it had been a fact that many of the sources of water on which the town people had to depend contained the dreaded typhoid germ. Water was obtained from wells, cisterns, and a spring or two located along the river's edge and in most cases water was carried by bucket to the homes.

Even though the water supply for the town was in most cases located at points as to create real

inconvenience, the towns people accepted this as a matter of fact and lived with it. It was not until the town found itself faced with two major problems that a real effort was put in motion to obtain a source of water to be purified and supplied to the town under pressure sufficient to permit wide distribution.

Quite possibly the after math of two tragic events brought this into reality. The town had been the victim of a typhoid epidemic which was near the alarming stage. Second the town had witnessed it's greatest fire, both of which could have been greatly reduced in magnitude had the town had a pressurized and purified water system.

In an editorial carried by the Loudon Herald (then called the Loudon Record) it was pointed out the possible threat of destruction either by a typhoid epidemic or fire.

operative and could return to being used if need arose. But pumps are not the problem. The available pumps in the Loudon Utilities Water System are capable of pumping more water, but

LETTER TO THE EDITOR

Dear Mr. Cate,

I thoroughly enjoy the Loudon County Herald. It is much like receiving a long letter from home. Your reporting of the issues of local government brings the vitality of the community into focus and shows the driving current of a county and city at work.

oppressive economic measures of the mother country gathered up their courage and with a mind of righteous declared themselves a new nation and shocked the Old World with the fantastic document called the Declaration of Independence.

During my 16 years as Register of Deeds it has been my pleasure to meet, work with and for most every citizen in Loudon County developing hundreds of friendships I hope which will never be forgotten.

I wish to thank everyone who has made my terms in office the extreme pleasure that they have been. In this thanks I include the people in the county I have served, the voters and Republican Party, the attorneys who use the office almost daily and all the county officials it has been my pleasure to be associated with.

Many thanks and best wishes to you all.

by themselves. Those wise men, hungering for a kind of freedom unheard of in the world, produced another document so perfect in concept and so thorough in execution, it remains the only unrevised national charter in the world today. The Constitution of the United States of America, amended but unchanged, based on "We the people". A nation by, of and for the people. A challenge to the world to recognize the dignity of man.

Elected representatives, with the consent and blessings of "The People" established policies that gave the guidance to forge out of a rich wilderness, the strongest nation known in history. The birthright of American citizenship has never been an easy burden. Some people will not meet the demands of citizenship and by their lack of action forfeit their birthright. However, from a people surely blessed by God, there are the many who do fulfill the responsibilities of being an American citizen.

The voter, who perpetuates the guarantees of the Constitution by selecting by ballot the able men who will serve them under its guidance.

The men willing to serve a critical public. The public officials at all levels of government, office holders in civic organizations, church and school teachers, and leaders and those ladies in background with their support and endurance. I'm rather proud of your local official. I've known many of them for most of my life and I've yet to be disappointed in men like Joe Curter, Jack Letter, "Inky" Swiny, Albert Dukes, my brother Curtis Williams, and though I don't know him, I'm sure Judge Sproul rightly belongs in the company of such men. Men willing to subject themselves to personal and public abuse in order to serve the public.

The critic of the public official who is so necessary to maintain the delicate balance. His responsibility requires an intelligent approach to the issues. A critic worthy of the

would try on the apron of the public servant. Many of the destructive type would learn something about 'solid foundations'.

The birthright is not always cheap. Your young men and women have answered the call to service down through the years. They spend unbelievably long months in unimagined places and when necessary their blood has spilled on some strange land. Their parents pay a similar price with white hair and heavy hearts and lines of worry and tearful memories of young voices filled with laughter and hope.

That birthright was won at heavy cost and it will continue to exact a price for every year we have a United States of America. The number of years in our future will depend on how many of us are willing to meet the

Thank You Voters And Citizens Of Loudon County

Since Sept. 1, 1964, it has been my pleasure to serve in the capacity of your Loudon County Register of Deeds. Grandfather time has brought me to the age of retirement, thusly I did not seek re-election to this post and have retired effective Tuesday of this week.

During my 16 years as Register of Deeds it has been my pleasure to meet, work with and for most every citizen in Loudon County developing hundreds of friendships I hope which will never be forgotten.

I wish to thank everyone who has made my terms in office the extreme pleasure that they have been. In this thanks I include the people in the county I have served, the voters and Republican Party, the attorneys who use the office almost daily and all the county officials it has been my pleasure to be associated with.

At anytime you are in the Greenback area, stop by the farm and visit with Mrs. Anderson and I. It will be our pleasure to see you.

Many thanks and best wishes to you all.

Meet Ford's new Pinto. The little carefree car.

If you have the questions, Pinto has the answers.

- Q. What do you mean, "carefree"?
- A. Pinto's designed to free you from car cares, big and little. Cares about high gas bills. Cares about parking. Cares about service and reliability. Power and stability. Quiet and roominess.
- Q. You say Pinto is little. How little?
- A. Pinto is only 3 inches longer than VW. But its turning circle is actually a little less, so Pinto can slip easily into tight parking spaces.
- Q. And inside?
- A. Pinto gives you more interior roominess overall than Volkswagens. And getting in and out is easier because Pinto's doors are a good half-foot wider.
- Q. What about price?
- A. Pinto is priced like the little economy imports, too.
- Q. What about power?
- A. Pinto delivers 75 horsepower and averages over 25 miles per gallon in simulated city/suburban driving. The engine is front-mounted and exceptionally quiet for a car in this class. Pinto is the only American economy car equipped with a 4-speed, fully synchronized transmission at no extra cost.

- Q. What else is standard equipment?
- A. High back bucket seats. Direct Air ventilation with upper-level fresh air outlets. Heater/defroster with 3-speed fan. Two-speed electric windshield wipers. Electric windshield washers. Your choice of 15 exterior colors. And more.
- Q. How about optional extras?
- A. Pinto offers a 100-hp engine and 3-speed automatic transmission. Front disc brakes. Even built-in air conditioning. Tinted glass. Vinyl roof. "Flipper" rear quarter windows. Fold-down rear seat. Bumper guards and side molding with vinyl inserts to protect the paint. More than most imports offer—at prices economy-car buyers can afford.
- Q. Reliability?
- A. Pinto's engine has already logged 50 million owner-driven miles. And the strength of some of Pinto's parts makes ordinary little economy cars look puny by comparison. Parts like the starter motor, ball joints, rear wheel bearings are heavy duty. Craftsmanship? Pinto is the only American car with hand-matched transmission gears.
- Q. What's Pinto like out on the road?
- A. Pinto has a wider stance than any economy import, for better stability in turns and gusty crosswinds. For more road feel, and more

precise handling, Pinto has rack & pinion steering—like Porsche and Jaguar—something you won't find on any other American car.

Q. Tell me about service.

A. Pinto is so simple you can do much of the maintenance yourself, if you like. The Owner's Manual shows you how. And Pinto's free Do-It-Yourself Key helps you perform minor service functions.

Q. Suppose I don't service Pinto myself?

A. You still save when your Ford Dealer does it. For example, Pinto needs an oil change half as often as the leading import. And a chassis lube only one-sixth as often.

Q. Sounds great—where can I test-drive Pinto?

A. Your nearest Ford Dealer. And if you have any more questions, he can answer them.

Still another good reason for the longer life expectancy of our children today, is in the progress we've made in the treatment and cure of the dreaded duo... influenza and pneumonia. I don't wish to appear to be a mathematician, but I think that the progress that we've made in these areas can be best demonstrated by this simple statistic... The death rate due to the "dreaded duo" has been reduced by some seventy per cent since the early nineteen thirties. Just another indication of the progress being made by modern medicine.

Fourth Period

Along with the new scheduling of classes there are many new students.

They are: Bobby Powell, Paint Rock; Rodney Gosa, Maryland; Mike Watson, Arizona; Dall Matlock, Florida; Gary Atkins, Sweetwater; Susan Simpson, Fort Knox, Ky.; and Johnny Howard, Knoxville.

Some of the teachers took this summer. Mr. Watson worked as a forest ranger at Indian Boundary camping grounds in the Tellico Mountains and attended U.T. the summer semester. Mrs. Arp took a trip to Washington D.C. Mr. Arp spent a week in Florida. Then returned home and attended U.T. the rest of the summer. Mrs. Blanch Watkins went visiting for three weeks to San Diego, California including Los Angeles, Palm Springs, Disneyland, Knott's Berry Farm, Hollywood, Tajanika and Mexico.

Perhaps most of you read the account in the August 28 issue of the Herald, of Miss Mize's trip to Columbia, South America. She says that she enjoyed every minute of it. If there is time she will be glad to show her slides at school or to any group that would like to see them.

The Home room Representatives for the Student Council were elected Sept. 1.

SENIORS: Mr. Alexander, Mike Brown; Mrs. Arp, Dianna Dorsey; Mr. Petty, Diane McNabb; Mrs. Watkins, Mike Watson; Mr. Headlee, Debbie Kirkland.

Notice Of Adjusted Water Rates

Effective with the September billing, due in October, customers of the Loudon Water Department of Loudon Utilities, residential, commercial and industrial accounts, a new rate for water will be in effect.

The rates for water used from the system served by Loudon Utilities is shown on a rate table published below.

These new adjusted rates are necessary due to the cost of constructing a new water treatment and filtration system to serve the water customers. This system is a necessary improvement due to the critical water shortages experienced and because of added new demands for water cannot be met by the present water system which has been serving Loudon water needs since 1930.

This new facility will increase the water availability from a present 600,000 gallons per day to 2,600,000 gallons per day and also increase the water storage facility capacity to some 1,300,000 thus insuring an adequate water supply for all customers in the Loudon Water System.

Re-Hab Center Receives Grant

The Daniel Arthur Rehabilitation Center in Oak Ridge has received a grant from the Tennessee Mid-South Regional Medical Program for \$77,143 for the first year of operation of a new brick building. The Mid-East Tennessee Comprehensive Rehabilitation Program is a paramedical program designed to augment existing high quality medical services and will serve as a model of comprehensive care for patients who are chronically disabled from stroke and other neurological conditions and will attempt to provide out-patient and home care with emphasis on assisting all the problems affected family might have, such as physical, psychological, occupational, social, vocational and recreational. These patients must be referred to the project at Daniel Arthur Rehabilitation Center by their physician and if it is determined that the patient can be rehabilitated, their treatment program is always prescribed by that physician. Eight counties will be covered by the project: Anderson, Anderson, Campbell, Claiborne, Morgan, Roane and Scott.

Stroke is the number three killer in the United States today, accounting for approximately 24 per cent of all deaths more than 250,000 each year. But these deaths are only the visible portion of the iceberg, for 80 per cent of the victims of stroke survive the initial attack. Some of these victims can be returned to productive life only if the land and buildings of appropriate care is available at the right place at the right time.

Preparing for FLIGHT

The beautiful breezy skies turn our eyes upward to watch the flight of the kite and the soaring of the airplane. The pilot must prepare for his flight in order to make a safe, to reach his destination, to soar to higher blue sky. In our lives, to prepare for the speed of our times, and to pave the way for seeing to the highest success in living, we need God's word as it is preached in His Church. Isaiah 41:31 reads, "But they that wait upon the Lord shall renew their strength, they shall mount up with wings as eagles, they shall run, and not be weary, and they shall walk, and not faint."

have one of these old pictures which was taken in 1889. It is a little dim but maybe it will reproduce. The people in the photo are Henry Mills and his wife, Nancy, long since deceased. The old country boy, Joe Mills, loaned us this old picture. Our many thanks to him.

We have a mystery picture this week. It is a group picture. Where it was taken or what plant these folks were working in we don't know. Could have been the old Glove Factory that used to be in Loudon. If you can identify it, please call us.

A couple of weeks ago we promised to run a picture of a fellow we were sure everybody from the good old days would recognize. He was as much a part of the section of town we know as Greasy Corner as anything else located there. This man, now deceased, held a variety of different jobs. When this picture was made he was operating a barber shop up in Virginia. Ben (Slick) Howard was noted for his ability at knowing how to slaughter hogs and when cold weather came to our area he was much in demand to help with hog killing time. He did this for many years until poor health forced him to stop. Not only was Ben well known but so were his brothers, Timp and Dadee. Ben lived to be 79 years old and passed away three years ago.

Quite often we run into somebody who wants to talk about the good old days and some of the amusing things out of a long ago era. Possibly one of the most sought after jobs from the good old days was a job as a knitter in the full fashion section of the Charles H. Bacon Company. The pay was extra good for those days, and if we tried to mention all of those Loudon

boys who worked at this job we would run out of space. Our thoughts about the days of the full fashion era was revived by Garland Lindsey, former full fashion knitter and possibly a fellow who would rather get a joke on somebody than to eat. He has quite a few jokes to his credit, including some that took place at the full fashioned. Such as this one: Garland was just a knitter, but a new boy who had just come to work got the idea that Garland was innocent in the boy getting such an

idea. Anyway he figured he would have some fun out of the new boy. So, he went up to where the young man was working and fired him, thinking that he would catch him and tell him it was a joke before the boy got out of the mill. Well just as the boy got to the door with Garland ready to tell him it was a joke in the door pops W.V. Kirkland, Garland's supervisor. Garland changed his mind about telling and the boy kept on going and never did come back.

Another story he told us was about the fellow who was leaning over a bench sleeping and Mr. Kirkland came up and nudged him in the ribs. The fellow suddenly waking up, realized he was in trouble and might get fired. So when he raised up he said "Amen," possibly thinking that Mr. Kirkland surely would not fire him for praying on the job.

In talking to Garland many events centered around this part of Loudon came to light. Many too numerous to mention. But the boon to the economy of Loudon that came with the coming of the full fashion mill will always

Kimesy Heads PTA At Philadelphia

A meeting was held Sept. 1, 1970 at the Philadelphia Grammar School to organize a P.T.A. and elect officers. The following officers were elected: Gary Kimesy, president; Ben Woods, vice president; Mrs. Homer Allen Millspaugh, secretary; Mrs. Wade Hill, treasurer; and Mrs. Leonard Grims, program chairman.

Buddy Bost, Philadelphia principal, gave a short talk on

some of the immediate needs of the school.

Gary Kimesy, president, expressed his appreciation for the interest shown by the large attendance at the meeting and stressed that the united aim of the P.T.A. should be high quality education for the children.

The Philadelphia P.T.A. will meet the first Monday night in each month at 7:30 p.m.

Ice Cream Supper At Philadelphia

The Philadelphia P.T.A. will sponsor an ice cream supper, Sat., Sept. 12, from 5 until 7:30 p.m. at the school. Five flavors of homemade ice cream will be available at 20 cents per serving. Everyone invited to attend.

School, Landfill, Roads On County Court Agenda

Loudoun County Court meets at 7 p.m. Monday at the courthouse for the first of their now scheduled monthly meetings. The court faces a long agenda of more than 30 items, thus the meeting is expected to run late into the night.

Among the major items on the agenda is a request by the Department of Education that the court authorize the issuance of \$500,000 in bonds for additions to four county elementary and junior high schools. Another request by the Board of Education is to all the sale of New Providence School property which was abandoned last year when the school was consolidated.

Report concerning ETTD Water and Sewer Comprehensive Plan Report concerning providing of water in the Timberlake - Greenback - Vonore - Medicineville area, including consideration of recommendation of Planning Commission that a study be made of the possibility of forming a Loudoun-Servino County joint utility service board. Consideration of requesting zoning study.

Also for discussion will be matters concerning building of access roads to proposed interchanges on I-75 at Sugar Limb Road and at Philadelphia. The court will also consider the terms of a proposed contract with the Tennessee Valley Authority concerning the Tellico Project Road.

A report on the study by TVA on a Sanitary Landfill for Loudoun County and the possible appointment of a study committee on the proposition is also expected to come before the court.

Monday night adopted a resolution giving the Loudoun Housing Authority the authority to make application to the Federal Housing and Urban Development Department for a \$160,000 grant to make survey and prepare plans for a major urban renewal project in the City of Loudoun.

department men had inspected the site available to the city for a landfill garbage dump, but that the state said further tests of the land would be necessary and that they were not optimistic about the site potential.

Mayor Carter said he felt that steps were being taken that would eliminate the burning of trash at the present dump in the near future.

Redskins Squeeze By Kingston, Host Rival Panthers Friday

The Loudoun High Redskins settled an old grudge at home last Friday night as they pulled out a thrilling 14-8 win over the Kingston High Yellow Jackets before another sellout crowd. The Redskins were the only team to put a blot on the Redskins record last season with a 7-7 tie. The odds though they were the last team to defeat the Redskins and that was in 1968 with a 22-0 decision.

Loudoun Coach Bert Raitledge said he was glad this game was over and that the Redskins were able to pull it out. He said he had been concerned all week as the Yellow Jackets are always a tough opponent for Loudoun. In going over his team's play, he felt Loudoun did a fair job in the first half. The offense could not get going good all night but the defense did a fair job in recovering four Yellow Jacket fumbles. He also felt the defense let us a little in the second half of the game. The defense came through in the final few minutes of the game when they forced a Kingston fumble to stop a threat near the goal line. Raitledge said a fair job in recovering four Yellow Jacket fumbles. He also felt the defense let us a little in the second half of the game.

returning, are supposed to be disappointed over last year's team. So far this season, the Panthers are winless losing their opener to Rogersville 28-14 and then losing last week to powerful 44-6. Coach Brown has a fair backfield in Ray Petty, quarterback, who also plays some at halfback. Tommy Cook spells Petty at quarterback. Halfbacks are Carl Stacey and Lynn Brown with Bill Harness at fullback. Returning lettermen in the line are Randy Talham, end; Benny McDonald and Gerald McConkey, guards; Steve Blakney and Rodney Graves, tackles. Other linemen are Jack Robinson, Tim Galyon and Lee Arnold.

The Redskins now run their unbeaten record to 11 straight games. With two victories so far this season, Loudoun has established themselves as a threat in the Class AA region III race. Kingston High Coach Jess Pierson stated before the game that he was concerned with the Redskins speed and felt that the only way they could stand a chance was to contain Hawkins, Hampton and Millaps. He said he felt this would be a good balgame.

The Redskins offense was led by J.L. Millaps with 58 yards in eight carries. Lonnie Hawkins 56 yards in 18 carries, and Yancey Hampton 34 yards in 13 carries. These backs were helped by the offensive line. The Loudoun Panthers with a 12 lettermen

Clerks Seek Pay Hikes For Help

Hearing is scheduled Friday before Judge A.G. Shumate, Chancellor for Loudoun County on lawsuits filed against the county for clerk hire by Courthouse officials.

The suits were filed by Billy Joe Akins, Circuit, Criminal and Sessions Clerk; J.V. (Slim) Schrimmer, Trustee; Ralph Wear, Register of Deeds, and Ed Alexander, County Court Clerk.

Reception, Election Set By Young Democrats For Oct. 6

The Loudoun County Young Democrat Club Tuesday announced that a reception for Democrat Candidates for state, district and national offices will be held on Tuesday, October 6, at a time and place to be announced next week.

Young Democrat Club President Charles Fletcher said that special invitations will be sent to all candidates including Senator Albert Gore, gubernatorial nominee John Jay Hooker, Roger Cowan, candidate for Congress, and others requesting that they attend or send a representative to speak for them.

Brummitt Bound To Grand Jury

Perry Ray Brummitt and Joey Key, both of Loudoun City, facing charges that grew out of an armed robbery of a Pride Oil Company in Loudoun City on Sunday, Sept. 6, are scheduled to appear before the Loudoun County Grand Jury, which opens session Monday for a four week term of Criminal Court.

Brummitt is charged with armed robbery of the station where some \$249 was taken from the night attendant by a lone gunman wearing a woman's stocking and his head. Brummitt and Key were arrested by County Sheriff Russell the following morning in Loudoun City.

Thompson Murder Case Headed To Grand Jury

Danny Thompson, 21, of Lenoir City, charged in the fatal shotgun death of Jerry C. "Buster" Johnson waived preliminary hearing in General Sessions Court at Loudoun Tuesday morning and was bound over to the Loudoun County Criminal Court Grand Jury which meets starting Monday, Sept. 21.

Thompson was represented at the brief hearing by attorneys Ray Jenkins of Knoxville and Arthur Fowler of Loudoun. The defendant remains out of jail under a \$25,000 bond posted earlier.

Thompson was charged with murder after he allegedly shot Johnson in the head outside Tip Top Tavern near Lenoir City about 5:30 p.m. Saturday, Sept. 5. According to Sheriff Freeman Russell, the investigation into the case showed that the pair, who worked together in Charleston, S.C., on a construction project and were home for the weekend, got into an argument about an hour prior to the shooting at Lee Heights Tavern over who would put a quarter in a coin operated pool table. They met later at Tip-Top Tavern, went outside, got into a fist fight during which Thompson took a 20 gauge shotgun from his car and fired into Johnson's head, killing him instantly.

High Bids, Interchanges Delay I-75 At Loudoun

Although area officials had hoped to get the \$6.3 million bridge link from Lenoir City to the Monroe County line through Loudoun County accelerated it looks now as if it will be 1973 before this section of the highway is completed, according to reports published over the weekend.

Willard Yarbrough of Knoxville News-Sentinel, published Sunday showed the following timetable for Loudoun County:

A four-lane I-75 bridge, spanning the Tennessee River just downstream from Loudoun, poses a problem. Bids exceeded estimates, due to soft footings, and

Nashville's W.L. Halley says \$6.3 million bridge bid was rejected. New bids will be sought perhaps this year and construction could start in 1971 and open to traffic late in 1972. A Loudoun interchange at Tennessee 72 west of town may not be ready for use until 1973.

"That 5.6 miles, between Loudoun and Lenoir City, is behind schedule because exact interchange design near Sugar Limb Rd. is the question. This problem may delay completion here until 1973."

Brummitt Bound To Grand Jury

Perry Ray Brummitt and Joey Key, both of Loudoun City, facing charges that grew out of an armed robbery of a Pride Oil Company in Loudoun City on Sunday, Sept. 6, are scheduled to appear before the Loudoun County Grand Jury, which opens session Monday for a four week term of Criminal Court.

Brummitt is charged with armed robbery of the station where some \$249 was taken from the night attendant by a lone gunman wearing a woman's stocking and his head. Brummitt and Key were arrested by County Sheriff Russell the following morning in Loudoun City.

At a preliminary hearing in General Sessions Court Tuesday morning, Brummitt was bound over to the grand jury. He is being held in jail under \$15,000 bond. Sheriff Russell said he plans to transfer the defendant to Blount County Jail for safe keeping.

They had waived his charge of Receiving and Conceiving Stolen Property to the Grand Jury last week and is free under \$1500 bond.

Testifying in the hearing Tuesday morning against Brummitt were the station attendant James Owsy, station manager Ed Collins and County Deputy Raymond Littleton.

They had waived his charge of Receiving and Conceiving Stolen Property to the Grand Jury last week and is free under \$1500 bond.

Four Held In Theft Of Car, Truck

Four persons, three juvenile boys and a 19-year-old youth have been charged with car theft by Loudoun County Sheriff after a pick-up truck and a car were stolen in the early hours Sunday.

Sheriff Russell said that the Sunday in a car stolen from the residence of Morris Liles during the night. They are also charged with taking a pick-up truck belonging to Lamar Waldrop of Eatons earlier the same night. The truck was found near Eatons in a ditch. Sheriff Russell said the other two vehicles were wrecked a car they were driving at Eatons before the other two vehicles were taken.

The juveniles were released under \$200 bond, but Cogdill remained in Loudoun County Jail early this week in lieu of \$1,000 bond.

Dry skin or oily skin? This is the determining factor in the way to cleanse your face and purchase basic beauty requirements.

The majority of women have a combination of dry and oily skin on their faces. The oily areas are usually found around the nose, chin and sometimes the forehead. The rest of the face can be classified as dry unless some of these conditions can be declared excessive, just one cream and one makeup base can be successfully used.

1/2 teaspoon salt
2/3 cup shortening
1/2 cup milk
6 medium apples, cored and peeled
1 tablespoon sugar
1 tablespoon red cinnamon candies

Combine sugar, candies and water in saucepan. Heat, stirring frequently, until candies dissolve. Set aside while preparing dough. Sift together flour, baking powder and salt. Cut in shortening until mixture is crumbly. Add enough milk to make a soft dough. Form into a ball. Place on lightly floured board or pastry cloth and roll into a rectangle 12 x 8 inches. Cut with pastry wheel or sharp knife into six 6-inch squares. Place an apple in center of each square. Combine 1 tablespoon sugar and candies and place about 1 tablespoon of the mixture in center of each apple. Bring opposite corners of squares together and seal edges securely. Place in greased 7 x 11-inch baking pan. Steam prepared and bake over dumplings. Bake in moderate oven (375) about 35 minutes. Make 6 servings.

THE HEARTY ROSE

We naturally think of the rose as being a delicate flower. It has that effect when we handle the fragile-looking petals of the rose blossom.

Have you ever noticed a rose bush after a severe wind storm? It is surprising how few of the full-blomed blossoms are affected after the winds have ceased. The petals seem to hug each other tightly, and suffer very few bits from nature's elements.

The rose is probably the most welcome flower you can send to a sick friend or a shut-in. Ours are the loveliest, we select them just for you. The next time you need flowers—call us.

year for additional part-time clerk hire.

The Budget Committee has recommended one assistant at \$375 to \$400 per month, plus \$1800 per year for part-time help.

Registrar of Deeds Ralph Wear has asked for one assistant at \$350 per month. The salary until now has been \$300 per month. The recommendation of the Budget Committee, primarily because the fees of the office hardly cover its expenses, recommended that the salary be set at \$300, the same as before.

County Court Clerk has asked for two full-time assistants, including a Chief Deputy Clerk at \$415 per month and an assistant at \$385 per month, plus \$2400 per year for part-time help during the automobile licensing season. In the past, two assistant clerks have been paid \$300 per month each, plus \$1800 per year for part-time help. The recommendation of the budget committee is for \$400 for the Chief Deputy Clerk and \$325 for the second clerk, plus \$1800 per year for additional part-time clerk.

Grimes Wins Top Grid Contest Cash

The Alex-Powell and Doyle-Everett games last week caused most of the trouble of contestants in the Herald Football Contest here.

Under the statute, the final decision in each case is up to Chancellor Shumate, except that in the case of Circuit and Criminal Court Clerk Akins, that suit was filed before Circuit Judge Willard Kirtrell and preliminary hearing has already been held.

although the winners of the prize money picked these games correctly but each of them missed one contest.

Only nine games were used in the judging. Due to a scheduling error the Clinton game was thrown out. The schedule used for selection of the games showed Clinton facing Morristown East, when they actually played Morristown West, thus eliminating this game.

First prize of \$12 was captured by Ted Grimes, Ferry Street of Loudon, who missed one game and had 21 points on the Loudon-Kingston tie-breaker where 22 points were totalled in the 1-8 contest. Second place and \$8 goes to Bertie Kirkland, Steeple Street in Loudon, who listed 20 points on the tie-breaker. The third place money of \$5 was won by Geneva Foster, Rt. 4, Loudon, also missing one game and having 31 points on the tie-breaker.

Others missing only one game, but missing the prize money via the tie-breaker were Darlene Smith, Jerry Foster, Mrs. C. E. Thompson, and Don Roberts.

A new slate of games, including some college and university contests for the first time this season are listed in the contest ad in the sports section of this issue.

WEBSTER'S REFERENCE TO SPORTS

By JOE WEBSTER

Loudon was in control of the game for three quarters, but the fourth period belonged to the Kingston Yellowjackets. And they came within a bee sting of beating the Redskins.

Kingston fumbled when they were inside Loudon's 10 yard line with less than a minute left on the clock. That fumble gave more relief to the Redskins and to their supporters than a carload of aspirin could have given. Because, at that moment, nervous tension was generating in the local folks. To put it bluntly, the 1969 State Champions were in a peck of trouble.

But the defense forced a fumble and all was well in Title Town, Tennessee. Kingston did something that is indeed hard to do - They contained Lonnie Hawkins on end sweeps and punt returns. Their punt coverage was really good.

This is the kind of game that will make Loudon stronger and more apt to whip the remaining foes on their schedule. Competition is always an excellent energizer.

The Yellowjackets had fumblebits throughout the game and the Redskins caught the habit in the 4th quarter. Those fumbles will beat you my boy.

Chris Cagle somehow got that final punt off. Yet, it was partially blocked, but I thought it was going to be totally and most certainly blocked right into the end zone. Close, man, close. Will the Skins work on protection for the punter this week? Yes ma'am.

Both Kingston quarterbacks were lefthanded, both were Juniors, and both were very impressive. J.L. Millsaps found daylight and made another fine run up the middle - - A 43 yarder to be exact. Hampton's rollout for a touchdown was also an excellent bit of running.

Jake Miles (He was number 20) did some beautiful stepping for the Yellowjackets. Once, he took a punt, and escaped from a circle of Redskins to make a nice return. This boy is an exciting runner.

Before the game got underway, I talked with Kingston newspaperman, Boots Cook. As always, Boots said that Kingston didn't have a chance to win the game. I told him that I didn't believe a word of it, that I'd heard him tell that story before. Boots will rock you to sleep with those sad stories if you listen to him. And then, WHAM, Kingston will beat you. They almost did it Friday night.

Goodnight everybody.

CONTEST RULES

1. Clip the contest entry blank on this page, or make a reasonable facsimile. In the columns designated, mark which teams you think will be the winner, or if in your opinion, any game will be a tie, mark your entry accordingly. Also estimate the total number of points which you think will be scored in the Tiebreaker game listed on the entry blank. This will be used only if it is necessary to break a tie between contestants.
2. Only one entry per person may be submitted. Employees (or their immediate families) of the Loudon County Herald are not eligible to enter this contest. Players of teams in contest are not eligible.
3. All entries must be deposited in the contest box in the Herald office by 5 p.m. Friday or postmarked not later than 5 p.m. Friday, if mailed. Entries received after that time will not be eligible. Address all entries to FOOTBALL CONTEST, The Loudon County Herald, Loudon, Tennessee.
4. Entries will be judged on the number of games right. In case of a tie, the contestant coming the nearest to the actual number of points scored in the Tiebreaker game will be awarded the prize. The names of each week's winners will be printed in the Herald on the following week. All contestants agree that the decision of the judges will be final, and all entries become the property of the Herald.

Indians Scalp Sweetwater, 28-0

The Loudon Indians gained their second win of the young season at the expense of visiting Sweetwater before a large crowd Saturday night. The game was only 8 seconds old when the Indians scored their first touchdown on a seldom seen occurrence. Sweetwater won the toss and elected to receive the opening kick off. Buddy Swiney kicked off toward the side line when the Indians Jimmy Long out of the field and Sweetwater boy for the ball and raced the last 40 yards for the touchdown.

The next time the Indians got the ball Queen passed to David Kincaid for 28 yards to the Sweetwater 2 yard line. On the next play Queen sneaked over for the touchdowns. A Queen to Dickie Colvin pass was complete for the two point conversion.

The next series of plays brought the Indians another

touchdown. Jimmy Long blasted off tackle behind the blocking of Mike Brookshire, David Kincaid and Mike McCall for a nifty 30 yard gain to the Sweetwater 28 yard line. On the next play Dennis Queen went the distance on a option keeper play. The extra point try failed making the score 20-0. With the Indians reserves in the game, Sweetwater mounted an offense which took them to Loudon's 20 yard line where the drive was stopped when Davidson hit the Sweetwater quarterback for a 10 yard loss.

With Long and Mike McCall running the Indians moved the ball to the Sweetwater 43 yard line. Buddy Swiney then burst up the middle for 13 yards and on the next play went up the middle again for 30 yards and the touchdown with the blocks of Henry Chamber and McCall paving the way. Queen again passed

to Colvin for two points. Queen, McCall, Long and Swiney led the Indians offensively. Long, Swiney, Queen, Brookshire, Roberts, Colvin and Lambert were outstanding on defense.

The Indians along with the Loudon Quarterback Club footballers journey to Rockwood Saturday to test the undefeated Rams.

Punt, Pass, Kick Registration Open

There is just one short week remaining for boys in the Loudon area to register for the local Punt, Pass & Kick Competition.

Curtis-Tipton Motor Company, Ford Dealer, is sponsoring the popular youth activity in this area, said that registrations would be taken through Saturday, September 26. The Loudon PP&K Competition is scheduled for 7 P.M. Tuesday, October 6 at the Loudon Rotary Club Show Ring Park next to Loudon High School on U.S. 11.

"Although time is growing short by boy 8-13 years of age can still compete," said Jack Hodge, PP&K director. "All he needs to do is come into our showroom, accompanied by a parent or guardian, and fill out the PP&K registration form. There's no entry fee or charge of any kind, and that goes for all six levels of competition, up to and including the national finals."

The Ford dealer pointed out that 1st, 2nd and 3rd place trophies will be awarded in the local competition in each of the six age groups. Increasing the boys' chances of winning one of the 18 trophies is the fact that each boy competes against other boys his own age. And since there is no body contact, a boy's size is not as important as his ability to punt, pass and place kick for distance with accuracy.

"Winners can keep right on going up through the zone, district, area and division contests to the national finals," Mr. Hodge said. It's possible that one or more of our local winners could wind up in the finals, which this year will be held at the pro All-Star Game in Los Angeles on January 24. That means an all expense paid trip to the Coast for the contestant and his parents, a special tour of

defense was led by Millsaps, Tony Mays, Mike Bivens, Ricky Alexander, Jerry Buckner, Fred Chaney, Ray Simmons, Hank Evans, Yancy Hampton, Lonnie Hawkins, Greg Cagle, Ronnie Watkins, John Long and Bryon Lawson.

Kingston won the toss and elected to receive. Buddy Martin returned the kick 10 yards to the 81 yard line. In three plays the Redskins got a big break when Tony Mays recovered a Kingston fumble at the Kingston 41 yard line. A five yard penalty moved the ball to the 36 yard line. Hawkins and rambled down the sidelines. For the first Loudon touchdown. Carnes added the extra point and Loudon held a 7-0 lead with 9:12 left in the first quarter. Following the kickoff the Yellow Jackets started to move but an alert Greg Cagle intercepted a McCloud pass and returned eight yards to the Kingston 46 yard line. The Redskins were unable to move the ball and were forced to punt with Jake Miles returning the punt 36 yards to the Kingston 49 yard line.

Kingston also was unable to move the ball and punted to the Loudon 24 yard line. Loudon had the ball for only three plays before being forced to punt. In two plays Kingston fumble at the Yellow Jacket 27 yard line. Loudon still was unable to get a drive started and Kingston took over on their own 21 yard line. On fourth down the Jackets made a big gamble and failed. Loudon took over on the Kingston 44 yard line. Hampton hit for five yards. Millsaps scampered up the middle for 36 yards to the three yard line. On the next play, Hampton went up the middle for Loudon's second touchdown. Carnes added the extra point to put Loudon out front 14-0 with 3:41 left in the second quarter.

The Redskins got another big break when Millsaps' Dianeyland, a Banquet of Champions celebration, and the chance to meet some of the top professional players and coaches.

received another Kingston fumble at the Jacket 27 yard line. But in four plays Loudon wound up giving the ball to Kingston at their 37 yard line. The Yellow Jackets were pushed back to the 23 yard line as the first half ended.

L. Millsaps returned the third quarter kick off 16 yards to the Loudon 41 yard line. Millsaps, Hawkins and Hampton moved the ball to the Kingston 30 yard line before a fumble stopped the threat. A defensive battle, ensued with neither team being able to gain any ground until late in the fourth quarter when Dave Shreve recovered a Loudon fumble at the Loudon 24 yard line. In six plays Kingston scored with Jack Snow going over from the one yard line. A Huff to Brookbank pass added the two point conversion. The score was 14-8 with slightly over four minutes left.

Hawkins returned the kick 19 yards to the Loudon 34 yard line. In three plays Loudon was pushed back to the 15 yard line. A short 15 yard punt gave the Jackets a head start at the Loudon 30 yard line. The score was 2-30 left in the game. The Jackets aided by a pass interference penalty moved the ball to the Loudon nine yard line. A Huff to Miles pass was good for only one yard. On the next play J.L. Millsaps recovered a Jacket fumble at the Loudon five yard line to stop the threat with only 45 seconds left in the game.

"Registering for PP&K right now is our dealership could mean all that for some youngster of youngsters here in Loudon, but they should register right now," the director concluded.

When he registers, each boy gets a free PP&K Tips Book. It contains helpful pointers from the pros on punting, passing and kicking. In the 70 edition are suggestions from NFL stars Dave Lee, Bill Nelsen and Fred Cox, plus Coaches of the Year Hank Stram and Bud Grant. Complete PP&K rules and suggested conditioning exercises for contestants are also included.

FULLBACK CHARGE—J.L. Millsaps takes off on a 36 yard scamper in the middle to the Kingston three yard line. Millsaps had a total of 58 yard in eight carries for the evening.

HAMPTON TD—From three yards out Hampton (with the ball) scores the second Loudon touchdown against the Kingston Yellow Jackets, late in the second quarter of the game.

HAWKINS CARRIES—Lonnie Hawkins of Loudon tries for extra yards as Kingston Yellowjackets swarm in to stop him. Hank evans is number 80 and Millsaps is 30.

Second Of A Series Loudon Water Shortage Has Been Critical

By Calvin Lunaford

If you turned on a water faucet in your home in Loudon and instead of the normal abundant flow of water, you found only a few drops coming out, your first reaction would be to call the Loudon Utilities office and report the inability to obtain water. The man receiving your complaint would be Loudon Utilities Supervisor, Charles Burnette. Your answer from him would be "Sorry, but due to the drought we have been encountering our reserve supply is depleted and as soon as we can replenish it water service to your residence will be restored." Or yet, another answer might be, "Due to the fire in Loudon we used up our reserve supply of water and it will be some time before water service to your residence can be restored."

Neither of the above mentioned water service stoppages are anticipated. That is for today or tomorrow, or even in the future. The reason being the Loudon Utilities Board which is composed of Wiley Zimmerman, W.V. Kirkland and Joe Randle are keeping a watchful eye on Loudon's growth, which in turn regulates its water consumption which is increasing at a very rapid rate. Mr. Burnette, who keeps a very close watch on the water supply and the rate of usage, reports at regular intervals to the utilities board. The combined efforts of these men strive to assure the residents of Loudon that they will always have available a safe and abundant supply of water.

This writer visited the office of Charles Burnette, Loudon Utilities supervisor, to obtain the answers to some of the questions that pertain to Loudon's present and future water supply. After a look at several usage charts, daily pump charts and gallons of water in reserve, supply it could be easily noted that the figures were coming closer and closer together at an alarming rate.

At least we considered it to be an alarming rate. But Mr. Burnette assured us that we were still operating under what was considered to be a safe margin. But he also readily replied that we cannot expect a supply of water at this rate of increase versus present water supply for an indefinite period of time. He further stated that we could well assume that the average families use of water had increased over 75 percent in comparison to what it was in 1930. His decision on this was derived from the fact that people now have fully equipped bathrooms which include flush type toilets, automatic washers, dish washers, etc.

He further stated in 1966 we began to realize that with our increasing rate of water consumption and supply with limitations we would eventually come face to face with a water supply problem. So with the feeling of responsibility to the town and it's people we began our tiresome search for an additional source of water to meet the town's future needs.

A team of consultants from the University of Tennessee were called on the scene. They looked at and checked various springs in the area but their findings none of these sufficient to meet the needs. They further stated that springs, regardless of their size, has a tendency to decrease in production during long dry spells. Their final recommendation was to obtain the needed water from the never ending source of Watta Bar Lake. Not completely satisfied with this decision, another team of consultants from the University in Nashville. After a lengthy study their findings were similar to the other team of consultants. They also recommended Watta Bar Lake as a reliable source of water.

Still seeking another way out of the dilemma a geologist was called in with the idea in mind that wells might be a solution. The findings indicated that it would not be feasible to try and dig a well to solve the needed water problem. He also recommended Watta Bar Lake.

STUDIES WATER FIGURES—Loudon Utilities Manager Charles Burnette looks over the daily water consumption figures of the customers on the City of Loudon Water System. He has said at times the water consumed is more than the present system can pump in a days time and the storage reserves are needed to keep water faucets running in the city. A new \$1 million water treatment plant now ready for construction will solve that problem during the next year.

With one last alternative, the director of the Tennessee Department of Health was called in. After looking at the limited sources of supply which had been considered and the recommendations offered by the consultants, his answer was in agreement with the others. Several things had to be considered. One was the treatment of the Watta Bar water, which aside from filtration is little different from our present water treatment. Although our present water supply comes from a spring in order for it to reach the purify stage, it too must undergo chlorination treatment. A fact which many of the resident of Loudon are not aware of. Much the same process under which water taken from Watta Bar Lake will have to undergo before reaching the consumers.

Mr. Burnette went on to say that even if the supply of water at Roberson Springs was adequate to meet the needs, we would have to lay new mains. The mains supplying the reservoirs are the ones installed in 1930. In the new planned pumping station, if the need for additional water come a few years after the new plant is completed it will simply be a matter of adding new pumps. We asked the question in conclusion of the interview, Are we in the position to supply needed water to any new industrial plants that might want to locate in Loudon? Mr. Burnette answered that it would create a problem for us to supply another industrial plant with another industrial plant with another industrial plant with another industrial plant.

According to figures compiled on water usage in Loudon it's increases in a given month have been as follows: May 1955; 10,534,000, May 1960; 11,925,000, May 1965; 14,191,000, May 1969; 14,544,000, and May 1970; 16,809,000. With the noted increases, projected planning was a must. The end result being Loudon's new water plant. Next week: Neighboring towns who use water from Watta Bar Lake, TVA's analysis of the water of the lake, and some drawings and information on the processing and purity of water from this type plant.

HALF OF WATER STORAGE—These two water storage tanks, 200,000 gallons each on Highland Avenue represent half of the cities reserve water supply. A new 500,000 gallon water tank will be constructed along with a new water treatment plant to give the city 1,300,000 in stored water.

Announcing the 1971 Duster.

The big difference in small cars.

We first introduced the Duster as the best transportation bargain in America. It still is. And we built Duster to be America's "small-enough-but-big-enough" car. And it still is.

Small car lovers of America, your day has come. You have more tires to kick, more doors to slam, more hoods to look under, more colors to choose from and more test drives to take than ever before. Which leaves us to convince you that Duster gives you the most car for the money. That it's small enough, but big enough. And that, all in all, it's the ideal small car.

Room. More of it to accommodate more passengers. More of it to accommodate more luggage.

Most small cars are four-passenger cars. And when you sit in some of them, they feel like they were built for three-and-a-half passengers.

Duster's a five-passenger car. It seats five comfortably. Besides carrying more up front, Duster carries more in the trunk. You can stuff 15.9 cubic feet of stuff into it. (One of the new small cars has about a third as much trunk space.)

Small enough for maneuverability. Big enough for stability.

Duster's small enough to slip into about 3/4 of a parking space. Yet it's big enough to give you stability on the open highway. It has our unique torsion-bar suspension (for better handling). And unbody construction—its strength completely surrounds you. So Duster can handle stop-and-go city traffic as well as freeway traffic, because it's the right size, the right weight and it handles

Our small-enough-but-big-enough car has a small-enough-but-big-enough engine.

Duster's standard engine is our rugged 198 cubic inch, 125 horsepower Six. It gives you great gas mileage and a little

More power than other small cars, smaller engines.

And that's a perfect combination.

Options. You have over 50 to choose from when you order a Duster.

Think of it this way. It's a convenience to have a lot of conveniences to choose from. If you're considering buying a new small car, and you have certain options in mind to go along with it, you may find Duster the only small car that offers them.

There are things like a Stereo Cassette Tape Player, V-8 engine, vinyl roof and power brakes that you just can't get on some small cars.

The Duster success story: to be continued.

No doubt about it. Duster is the car for the times.

Over 175,000 Duster buyers thought so last year. And we expect more of the same kind of success with the 1971 Duster.

Before you buy a small car, look at our small car.

Duster. Built and engineered with extra care.

See the new Plymouth Duster today.

Your County In Action

BY
Harvey L. Sproul
LOUDON COUNTY JUDGE

For the first time a little light seems beginning to show concerning the possibility of the furnishing of a public water system for those areas of Loudon, and Monroe Counties, which do not presently have a system.

The Fort Loudoun Utility District was formed some 10 or 12 years ago to get a water supply to a part of the area. Later the proposed district was expanded to the point that it comes very close, if not up to, the city limits of Madisonville, and very close to the city limits of Lenoir City just across the Fort Loudoun Dam.

In the meantime, a Monroe County Utility District was formed. Neither of these utility districts have been able to get the necessary Federal grants in order to make the financing of an adequate water system feasible.

Counties, and in particular one urgent problem is the necessity of getting water as soon as possible to Greenback Industries.

Of course, a new factor is the proposed Timberlake industrial and residential areas for which plans have to be made.

So ETTD has a recommendation "a new start" in order to clarify all of these problems.

WHAT?

They recommend a single agency which could also enter into other things other than the providing of water, such as sewer, solid waste disposal, fire protection, etc.

They feel the single agency also should be responsible to the elected governing bodies, which is one objection to utility districts which are not subject to a vote of the people.

Thirdly it should be an organization which has the confidence and support of all local units of government, as well as of the State and Federal agencies which must fund or help fund the construction of a project.

NEW IDEA

Approximately two years ago, the Planning Commissions of Loudon and Monroe Counties, in a joint effort, to get the necessary study and planning requirements to satisfy Federal regulations, applied for and got a Farmers Home Administration site grant, and contracted with the East Tennessee Development District to do the study. ETTD has had assistance from TVA and State Planning Commission in this study and help possibly from some of the work and background efforts by the representatives of the Fort Loudoun and Monroe County Utility Districts.

At the joint meeting of the Loudon and Monroe County Utility Districts last Tuesday night, the East Tennessee Development District made its staff recommendations as to the best method to supply water to these areas, particularly taking view of the overlapping jurisdiction of utility districts and cities, and questions of authority to provide service.

Really, the important thing is to get the water, and to get it as fast as possible. Development is being held back in these sections of our

Tellico Water District Water Report Due In Dec.

The Monroe and Loudon County Planning Commission met jointly at Greenback on September 8 and heard staff recommendations on arrangements for water service in the two-county area.

The recommendations are part of an area-wide three-county comprehensive planning effort which has been underway for a year and a half. The study is being financed by the Farmers Home Administration which is part of the United States Department of Agriculture. It is being done by the East Tennessee Development District with significant assistance from the East Tennessee Office of the Tennessee State Planning Commission and the Tennessee Valley Authority.

Loudon County, the other county involved in the study, has previously heard the recommendations.

Bob Freeman of the East Tennessee Development District recommended as the best means of future water service for the Greenback-Venor-Timberlake area, the creation of a two county public service board. He said that the arrangements are already provided for in state law, and that each county could create a separate public works board and then both counties could agree to operate the two boards jointly. He said that such an arrangement would have several advantages over the utility district form of organization in that it would be responsible to elected governing bodies, but yet have a considerable independence. He said it would be similar to the utility boards in operation in Loudon, Lenoir City, Marysville and Sweetwater. He also said that such a board could provide other functions such as solid waste collection and disposal and sewer service. He said that before such a board extends services or begins a new service it would have to have specific approval by the county courts and municipalities involved for the specific service and area to be served.

Freeman said that the two county public works board would not interfere with existing utilities or with the projected service areas of existing utilities; however, existing utilities could purchase water from the public works board. He said this should definitely be anticipated in the case of Madisonville and Lenoir City. Loudon and Sweetwater, Lenoir City and the new system, Loudon and the new system in South Blount and the new system so that water can be interchanged in times of emergency and shortage.

Freeman said that in view of the conflicts, overlapping jurisdictions and lack of success of previous proposals in providing utility service, it is logical to wipe the slate clean and begin with a new type of organization. He said that a particular case in point is the existence on paper of both a Ft. Loudoun Utility District and a Monroe County Utility District, both of which claim jurisdiction in the same areas.

The Loudon County Planning Commission gave general approval to the proposal and asked the East Tennessee Development District to prepare more detailed recommendations and cost estimates. The East Tennessee Development District also announced that it has completed Parts I and II of the Comprehensive Plan. This constitutes the inventory of existing utilities, land use, community facilities and transportation. Copies were given to those present. Additional copies are available for any interested citizen either through the county judge or from the East Tennessee Development District. Freeman said that the final long range recommendations for water, sewer, transportation, land use and other community facilities will be printed in Part III of the report. He anticipates that this will be complete by December.

Notice Of Adjusted Water Rates

Effective with the September billing, due in October, customers of the Loudon Water Department of Loudon Utilities, residential, commercial and industrial accounts, a new rate for water will be in effect.

The rates for water used from the system served by Loudon Utilities is shown on a rate table published below.

These new adjusted rates are necessary due to the cost of constructing a new water treatment and filtration system to serve the water customers. This system is a necessary improvement due to the critical water shortages experienced and because of added new demands for water cannot be met by the present water system which has been serving Loudon water needs since 1930.

This new facility will increase the water availability from a present 600,000 gallons per day to 2,600,000 gallons per day and also increase the water storage facility capacity to some 1,300,000 thus insuring an adequate water supply for all customers in the Loudon Water System.

old days. They always seem to create a lot of interest among our readers. This past week Buster Glass came by and brought us a picture of one of his school groups. This picture was made at Loudon Grammar School.

Buster could recall most of the names of those in the picture and they are as follows: The teacher was Mrs. Lovelace. Front row: Claude Wicker, a Hancock boy, Bob Eater, Paul Brown, Roceae Arden, Larry Brown, Second row: Charlotte Crisp, Shirley Crisp, Mary Farmer, an unidentified girl, Berry Limburg, Geraldine Jenkins, and Mary Carpenter. Back row: Ted Davis, Buster Glass, Tom Largen, Donnie Hawkins, Richard Hamil, and Jimmy Christman.

Our many thanks to Buster for the loan of this old picture. He promised to look up another one for us in the near future. We greatly appreciate the interest of our readers.

A few weeks back we ran a picture with the note for John B. Wallace to take special notice. The picture we had reference to was one loaned to us by Joe Mills. Well this past weeks mail brought a letter from John B. out in El Paso, Texas. He is a retired non com officer of the U.S. Army. Anyway to even things up with Joe he sent along a picture we are using this week.

Many times as we travel around this area, people who did not grow up around Loudon will ask the question, how big was the largest fish ever caught out of the local river? Really I don't know. Possibly well over a hundred pounds and then again this might fall into the category of tall fish tales. Except for one thing. This week the good old days brings you proof of the size of the old Tennessee River.

This fish, lying on the river bank weighed over 100 pounds. You can see assured it was not caught on a rod and reel or bank pole. Quite possibly this was caught on a trot line. Anyway the boy holding on for dear life is Hornbuckle Henson. The young lady is his sister Grace who later married a Cooper. We believe his name was John Cooper. Our thanks to Wanda Henson Everett for the loan of this interesting picture. We still like to get old

ILLEGAL ABUSE
by Lester Avarrett Pharmacist

During the past few weeks, we've been talking about modern drugs and their contemporary use. On the other side of the coin however, we find the uncontrolled illegal use of drugs or what's commonly referred to as "Drug Abuse"... I think we might do well to take a closer look at this very serious problem...

We'll talk about the various drugs that are being used in a... under controlled conditions, from time to time and I'll try to be as objective as possible in my facts concerning this one of the nation's more serious health problems...

Pressly Named Rehab Coordinator

Mrs. Roceae S. Pressly, of Rt. 2, Loudon, has been appointed area coordinator of The Mid-East Tennessee Comprehensive Rehabilitation Project which is sponsored by the Daniel Arthur Rehabilitation Center in Oak Ridge. Mrs. Pressly will be working as liaison between the patient's physician and the project. The physician will determine the patient's potential for rehabilitation and will always prescribe the treatment program. The project will cover an eight-county area: Anderson, Blount, Campbell, Calhoun, Loudon, Morgan, Roane, and Scott. Mrs. Pressly will be serving the Loudon County area.

This is a paramedical program designed to augment existing high-quality medical services and will serve as a model of comprehensive care.

for patients who are chronically disabled from stroke and other neurological conditions. The project will provide out-patient and home care with emphasis on assisting all the problems the affected family might have - physical, psychological, occupational, social, vocational and recreational.

Mrs. Pressly, a native of Auburn, Illinois, is married and has three children. She has attended Blackburn College and summer sessions at Illinois State Normal University, the University of Chicago and the University of Illinois.

This project for stroke victims was funded recently in the amount of \$77,143 by the Tennessee Mid-South Regional Medical Program for its first year of operation. The Tennessee Mid-South Regional Medical Program is one of 65 such programs across the nation authorized by Congress in 1965 to help improve patient care through research, education and cooperative endeavors such as this stroke project in Oak Ridge. The health projects focus on three major causes of death and disability: heart disease, cancer, stroke and related diseases.

Old-New Hospitals to Merge Into 97 Bed Facility, Is Approved

When the new Loudon County Memorial Hospital is completed in April of 1971 Loudon County residents will have a 97 bed hospital at their disposal. Squire I.D. Couner announced in County Court Monday night that the State Department of Health and the Federal Hospital Administration in Atlanta had approved the old Bacon Hospital license to be renewed next July as a general hospital.

Hospital Administrator Thomas Foster said that the two buildings, located some 65 feet apart will be joined by a covered passway giving the hospital staff and those using the facilities a route between buildings without going outside.

Mr. Foster said he and the hospital board had been working with the state and federal authorities to get the old hospital approved some time, but there will have to be certain improvements made. These include the installation of a fire sprinkler system and addition of hand care doors in the old part of the present facility.

The administrator said that getting the old hospital approved to be operated under an existing license in conjunction with the new 50 bed, \$2 million, facility, will give Loudon County one of the largest and most complete hospital facilities of any county its size.

The walkway between the buildings will come from the rear second floor of the Bacon Hospital span some 100 feet of open space, onto the roof of the new hospital which has an elevator lobby to be built near the center of the building. The overall length of the walkway is some 156 feet.

Strikes have delayed the completion of the hospital, originally scheduled for December of this year, until April of 1971. Emory and Richards Construction Company Superintendent LeRoy Shipwash said barring further delays the building would be ready for state approval and occupancy by April.

A number of beds, as yet undesignated, in the old section of the hospital are reserved for "intermediate care" patients, or indigent patients receiving aid from state and federal health programs. Mr. Foster said he added that although the intermediate care facilities will be available to those who need them the county would not operate the old hospital as a long-term nursing home as announced at one time.

In terms of staffing the 97 bed facility, Mr. Foster said that some 35 additional employees probably will be added to the staff, which presently numbers 80 persons.

At the County Court meeting Squire Couner, a member of the hospital board of directors, said that the campaign to secure new doctors to help staff the hospital and to practice in Loudon County is still being carried on and he is optimistic that one or more new physicians will move into Loudon County by the time the new hospital opens.

The drive to have a complete, business, industries and organizations to contribute the furnishings for private and semi-private patient rooms, family rooms, conference rooms, waiting rooms, and administrative

offices is going well, Mr. Foster said. He stated that a number of business, industries, and civic organizations had already pledged from \$900 to \$1500 each to furnish some of the rooms in the hospital. The furnishings in these rooms will cost some \$90,000, Mr. Foster said.

DISCUSS HOSPITAL CONNECTION—Loudon County Hospital Administrator Thomas Foster and Construction Superintendent LeRoy Shipwash are shown looking at the area where an enclosed passway will run (window above door is left in Bacon Hospital) to the new Loudon County Memorial Hospital roof, to join the two buildings into one hospital unit.

I-75, Highway 95 Intersection Claims 2 More Lives

TWO YOUNG MEN KILLED—The arms of one of the two young men who were killed in a grinding car-truck accident on Highway 95 near Lenoir City, are visible inside the car before ambulance crews arrived to remove them. The accident, which happened about 11:30 p.m. Monday, was caused, according to officer, by a tractor-trailer truck which came off the interstate and entered the wrong lane of divided 95.

Truck Gets In Wrong Lane

The interchange between I-75 and State 95 highways claimed two more traffic victims shortly before midnight Monday, Sept. 21. The victims, both killed when the car in which they were riding struck a tractor-trailer truck that had entered the wrong side of the four-lane Highway 95, were William G. (Billy) Hembree, 21, of Lenoir City Rt. 1. He leaves his wife and two step-daughters.

Donald Wayne (Deno) Morton, 22, of Lenoir City Rt. 2. He leaves his wife and a daughter. Highway Patrolman Earl Hall, who investigated the accident, said the tractor-trailer rig, loaded with approximately 20,000 pounds of steel, was driven by John Felton, 36, of Memphis. The truck belonged to Allen Iron Works and was enroute to Cleveland to deliver steel prefabricated steps to a building under construction there.

Sheriff Freeman Russell and deputies assisted and the Loudon County Rescue Squad fire equipment washed down spilled gasoline. The petroleum said the tractor driver told Hembree drove up the exit ramp and thought he was entering a lane of highway. Consequently, he pulled into what he thought was the right-hand lane. Actually, he was headed south in the north-bound lane.

As he flashed his lights he called his attention to his error and he started backing up. He tried a cross-over to the other side of the road when he saw the lights of a northbound car, he stopped the truck and one car successfully got past his vehicle.

A second car, traveling north, crashed into the rear wheels of the trailer. It was driven by Morton and Hembree was a passenger. Morton was pinned in the wreckage of the car for 30 to 45 minutes, but he apparently died within minutes of the crash. Hembree died enroute to Charles H. Bacon Hospital in Loudon.

The truck driver, Felton, was charged with two counts of involuntary manslaughter and with driving to the left of the center line. Trooper Hall said the charges were taken directly before the Grand Jury in session Tuesday, and he was being held in county jail in lieu of \$1000 bond pending the Grand Jury's report.

"Please tell everybody I'm sorry," he told officers and other bystanders several times. "I thought I was turning onto a two-lane road."

Young Morton was an employee of Eaton Yale & Towne, Iowa, and was a member of Martel United Methodist Church. He is survived by his wife, Mrs. Linda Townsend Morton; daughter, Ramona; parents, Mr. and Mrs. B. C. Morton; brother, John Morton; sisters, Mrs. Sue Volles, Mrs. Judy Ann Sexton and Miss Jennifer Morton; grandfather, Mr. Morton.

Funeral services were to be held at 2 p.m. Thursday, Sept. 24 at Martel United Methodist Church with the Rev. J. W. Wood officiating. Burial will be in the church cemetery with Clerk Funeral Home in charge. The burial will be in state one hour before the service.

Hembree, an employee of the Chevrolet Service Station at the Butterfield Road interchange off I-40 was a veteran of three years in the U.S. Army. He was a member of Pleasant Hill Baptist Church. Survivors are his wife, Mrs. Sue Yearwood Hembree; step-daughters, Ronda, Leann and Stacy; parents, Mr. and Mrs. R. C. Hembree, sister, Mrs. Mona Lee Viroon of Lenoir City; grandfather, W.T. Bailey of Kingston; and grandmothers, Mrs. Grace Whitman of Ohio and Mrs. Martha Hembree. Funeral services were to be at 2 p.m. Today, Thursday, Sept. 24, at Clerk Funeral Home Chapel with the Rev. J.L. Ward officiating. Burial will be in Loudon County Memorial Gardens.

Knowles Faces Trial, Thompson Is Indicted

Former Loudon County Criminal and Circuit Court Clerk Bobby J. Knowles is scheduled to go on trial in Loudon County Monday, Oct. 5, on charges of Embezzlement and Arson.

Knowles, who was clerk in the courts for 10 years, was charged shortly after a fire in March in which many of the financial records in his office were destroyed. He was charged with setting the fire, which he reported about 6 a.m. and with failing to account for some \$8800 in funds which went into his office from various court causes.

Knowles was suspended from his office by Judge Lloyd McElroy during an investigation into the incident, but returned to work, appointed by the judge, as a typist. Knowles was the Republican nomination for reelection to the post, but was defeated in the General Election by Democrat Billy Joe Atkins.

Thompson Indicted

Danny Thompson, Lenoir City, who was charged with Murder, following a shooting without a license, was charged Monday with driving without a license and reckless driving. About half of the cases scheduled for grand jury action still have not been reported or have not been heard, according to Mr. Atkins.

On the misdemeanor docket at the County Court, Appley charged with killing a domestic animal is set for Oct. 5. Cases on the felony docket which are scheduled for trial are as follows: Charles Clotfelter, arson, Oct. 7; Alf Arden, felonious assault, Sept. 28; Charles F. Morgan, two charges of forgery and uttering, Sept. 29; and Paul Morton, on the accessory to attempted robbery, Sept. 30.

Beauty Hints For You

From Fragg Kib LAVERNE'S Beauty Shop

At this time let us briefly consider the type of hair make up for one particular skin. If you classify yourself as having oily skin then a "make powder" is best for you. Dry, flakey or sandy skin use a cream base containing lanolin.

Most women have a combination of the two types and therefore can use the very popular liquid, where a color is suggested by an oil and "make powder" is best for you.

Bob Carter's Model "A" Wins Antique Competition

By Calvin Lunaford

Want to own a prize winning antique car? Most all people would like very much to own one and according to Bob Carter, Loudon County businessman who along with his father, Wayne, operate Carter Lumber Company, it is not an impossibility. But, Bob who recently won this prize with his 1930 Model A Ford in the highly competitive Smoky Mountain Club Show held at Gatlinburg, says it is not an easy task unless you can find one that has been restored. Also, it helps to have several thousand dollars to invest in such a car. Even the ones that would pass the judges tests are very hard to find and in most cases they are not for sale.

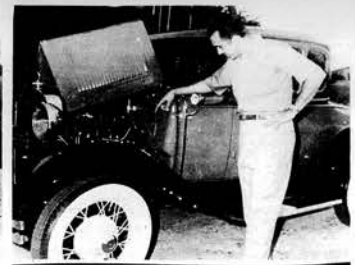

Bob, said that his interest in antique cars, went back about 10 years. That was when the dream of owning an antique car of his own began to take shape. He obtained the very badly rusted pieces of metal which at one time was somebody's prized vehicle. This car had long since been taken over by neglect and the erosion of elements. He found that the birth of the dream and the obtaining of pieces of metal which he hoped to be able to restore to it's original shape.

After one and a half years of sacrificing every spare moment, which not only included some hard labor, and skinned fingers and sometimes frayed temper, he faced the ordeal of finding some badly needed parts. Parts which cannot be found at a local garage.

The rebuilding of the 1930 Model A Ford was a family venture with Mrs. Carter contributing much in aiding with correspondence in obtaining parts and a lot of moral support as Bob

BOBBY AND TROPHY—Bob Carter of Loudon poses with his prize winning Model A and the trophy awarded him in Gatlinburg.

LOOKS OVER CAR—Admiring the Model A which he rebuilt is Bob Carter of Loudon.

continued his task of restoring the car. The daughter, Debbie, who is eight years old also had a real interest in her family's cooperative venture.

The beautifully restored Model A complete in even the most minor detail, was a sad piece of mechanical apparatus when the restoration process was undertaken. Today as one looks at the car, it is rather difficult to visualize it as it was in the beginning.

Bob stated that a car of this type, in A-one shape would have a value of seven or eight thousand dollars. But that you find it hard to evaluate something like this in dollars and cents. After many long months of hard work it becomes a part of you.

He stated that you were proud of such work when the finished product was completed. But an event like their experience Saturday night when the judges gave their work the acid test was

when you really begin to feel proud of your work.

The Carters are members of the AACA Antique Club of America and the Smoky Mountain Model A Club.

Mr. Carter said he would recommend this type of activity to anyone interested. He had high praise for the

many members he had come in contact with and that they were a group of solid citizens. He went on to say that two meets of the club were ever scheduled during Sunday church hours.

For the most part, the activities of the club are strictly family affairs and participation is expected from all ages.

The garage at the Carter Home contains two other cars, one a compact and one in the luxury class. But our guess would be that to the Bob Carter family, the 1930 Model A Ford Coupe is more than just another car. Somehow we got the feeling that it was considered to be a member of the family.

Webb, Manis Promoted At Maremont

Maremont Corporation of Loudon, manufacturer of automotive mufflers and exhaust systems, this week announced two promotions within the local management staff. The announcements came from plant manager William Zeeb, who recently announced five other promotions within the plant.

Bill Webb, former production control manager, has been named to the post of Manager of Distributing Service Program at the plant. In his new capacity he will be responsible for the introduction and implementation of a newly developed, computer based, order entry and inventory management system. Tailored to the unique and highly individual requirements of selected Maremont Distributing customers, the Distributing Service Program promises to significantly enhance the company's competitive position in the exhaust systems portion of the automotive market, manager Zeeb said.

MR. WEBB

MR. MANIS

Mr. Webb joined the Maremont staff in Dec. 1968 after having spent 30 months as systems analyst with the Kingsport Press and paper mill that five years with DuPont in Aiken, S.C. He received his undergraduate degree from the University of Tennessee in 1960 and his M.S. in Production Management from the University of Tennessee in 1962.

Mr. Manis joined the Maremont staff in Dec. 1969 after having spent 18 months as a systems analyst with the Kingsport Press and paper mill that five years with DuPont in Aiken, S.C. It's to the "big time" for 11-year-old Jimmy Hartsook. Jimmy, son of Mr. and Mrs. Lynn Hartsook, will appear this Saturday on the Bill Anderson television show for a 10-day engagement along with his family, all expenses paid.

While on vacation at Daytona Beach, Fla. in July, he appeared with the "Nashville Mustangs" a well known country music band, and Sherrill Lee, vocalist, at the Castaways. He was invited by the manager, James Tarantini, to return Aug. 16 for a 10-day engagement along with his family, all expenses paid.

Loudon 4-H'ers Get Ribbons At TVA&I Fair

Loudon County had two 4-H'ers who brought back purple ribbons from the TVA&I Fair. They were Nancy Jones of Eaton Crossroads who was winner in the 4-H senior cake baking and Teresa Hickey of Philadelphia, winner in the senior 4-H school dress division. The dress exhibited was on the dresses she made this past year as one of her 4-H projects.

Nancy Jones also won three blues, one red and one white on her clothing exhibit, Teresa Hickey of Philadelphia, winner in the senior 4-H school dress division, also won three blues, one red and one white on her clothing exhibit, and another clothing project member, won a blue, a red and a white one of the dresses she exhibited at the fair.

The Loudon County 4-H Dairy Judging Team, which consisted of Teresa Hickey, Carolyn Hickett, Wayne Beason, all of Philadelphia and Tony Christian, Lenoir City, had been working all summer with Charles Harrison, of Loudon as their coach. The team judged five classes of dairy cattle and were scored on their placings and reasons. There were a total of 20 teams competing and Loudon County placed 12th, with Teresa Hickey being the sixth highest individual.

School pictures were made of the entire student body on Friday, the 11th.

All students who wished to attend the Tennessee Valley A&I Fair were excused to do so on Monday of the past week. Most all of our high school students attended the fair. Three clubs took buses to the fair on that day. They were: The FHA club, the FFA club, and the 4-H club.

Four of Greenbank's FHA girls participated in a fashion show at the Tennessee Valley A & I Fair. Modeling were Brenda Tarwater, Anita King, Karen Rollins, and Joy Adams.

Five of our FFA boys, Kim McNeilly, Bill Hall, Don Tarwater, Tommy McNeilly, and George Satten, as assistants, represented our school in the tobacco grading contest at the fair on Tuesday, September 15th.

On Wednesday, Sept. 16 Rev. William Riden spoke to grades one through six in the first regular chapel program of the new school year.

The FHA girls presented a very interesting chapel program to the High School student body. Their program was woven around the idea of "involvement."

The FHA girls attended the campus of the University of Tennessee on Saturday, Sept. 19 for the annual Varsity Visit.

On Monday, September 22 school will not be in session as this will be a day of in-service training for all teachers and they plan to visit in the homes of as many of their students as possible on that day.

WEBSTER'S REFERENCE TO SPORTS

By JOE WEBSTER

The Redskins were supposed to win handily over Lenoir City and they did. As for the Panthers, they are playing a lot of young boys. And those kids may just put Lenoir City back in the winning habit one of these days.

And now Loudoun is 3 and 0 with always dangerous Everett coming up on Friday. Some Redskin fans are thinking only in terms of back-to-back games with Cleveland and Maryville figuring that the season is wrapped entirely in these two games. This may be true but "Chig" Ragledge plays em' one at a time. Ragledge knows that the quickest way to get beat is to start thinking ahead, ignoring your present opponent. "Chig" is thinking of the Everett Bulldogs.

Loudoun's passing attack has been erratic. For instance, against Lenoir City, Hampton's pass to Hawkins down the middle for a touchdown was perfect. But several passes to Simmons were wild high to the point a stepladder was needed. So far it hasn't really mattered, but the passing attack must improve before too long.

Bud Miller's onrushing Pittsburgh Pirates are digging for series treasure. The Cubs are now more of a threat to the Pirates than are the Mets. But you never know what will happen, we could have a three way tie in that division. Then we'd have a playoff for the playoff. Sounds interesting doesn't it?

The Vols will have their hands full against Auburn this Saturday. If they can whip the Plainsmen, they just might win em' all. Bobby Majors is one terrific football player in the true tradition of the Majors family.

Have you heard Don Cantor's "Battle Song?" It's an entertaining little ditty that's now being aired by every radio station in Tennessee. Disc jockeys will really spin this song the week of the Tennessee-Florida game. Some people were opposed to the release of this song. -Some top brass people. But it's out and, like I said, entertaining. You'll like it.

Tootsie Carver won the Union Carbide (Loudoun) individual golfing championship. This fellow is tough on the fairways. Add one more trophy to Tootsie's collection.

Have you heard anything lately on the David Roller (Kentucky lineman) case? Now there's an interesting episode.

Did you know? The Redskins have now won 15 in a row - had one tie. "Let us Continue" said Bert Ragledge.

Goodnight everybody.

Four Share In Cash Awards In Herald Football Contest

Four persons shared in the Herald's Football Contest Cash last week but again none of the contestants correctly picked the winners of all 10 games. Eight persons picked nine of the winners and half of these shared in the cash awards because they were closest to the tie-breaker points of 40 scored in the Loudoun-Lenoir City game.

The first place prize of \$12 was won by Tommy L. Burnette, 6th Avenue, Lenoir City. He had the tie-breaker points correct at 40. Second place cash of \$8 was won by Odell Justice of Loudoun who had 41 points on the

tie-breaker. Third place money of \$5 was divided, \$2.50 each by Arnold Hawkins of Loudoun and Bill Ballard of Loudoun who had 42 points on the tie breaker. Those getting nine games correct, but missing the cash awards due to the tie-breaker were Boyd Watts, Ted Grimes, Clarence Bowers and Frank Lynn.

The fourth week of the 10 week contest is being held this week. Anyone can enter by marking who they think will win each of the 10 games listed in the contest advertisement and list the number of points in the tie-breaker contest.

WILKERSON INJURED—Greg Wilkerson, Loudoun guard, is placed in ambulance after suffering a compound fracture of the right leg early in the game against Lenoir City, last Friday night.

C.F. Smith To Start At Tackle For MC Scots

C.F. Smith, Jr., son of Mr. and Mrs. C.F. Smith, Sr., 806 Mulberry St., Loudoun, and a senior at Maryville College, has been named by head coach Howard J. (Monk) Tomlinson as a starter at defensive tackle for the Scots first football game on the home field, Sept. 19, 7:30 p.m., against Hampden-Sydney.

C.F. is a 1967 graduate of Loudoun High School. During his years at Maryville, C.F. has lettered 4 years in football, a member of University Christian Movement, worship committee, Beta Beta (Biology honors), and American Chemical Society. In addition to Hampden-Sydney, Maryville's schedule includes Georgetown (Ky.) on September 26; University of the South, October 3; Emory

and Henry (Ky.), October 10; Randolph-Macon (Va.), October 17; Centre (Ky.) October 24; Millaps, October 31. Cars on News on Jefferson City, November 7, and Southwestern, November 14.

CONTEST RULES

- Clip the contest entry blank on this page, or make a reasonable facsimile. In the columns designated, mark which teams you think will be the winner, or if in your opinion, any game will be a tie, mark your entry accordingly. Also estimate the total number of points which you think will be scored in the Tiebreaker game listed on the entry blank. This will be used only if it is necessary to break a tie between contestants.
- Only one entry per person may be submitted. Employees (or their immediate families) of the Loudoun County Herald are not eligible to enter this contest. Players of teams in contest are not eligible.
- All entries must be deposited in the contest box in the Herald office by 5 p.m. Friday or postmarked not later than 5 p.m. Friday, if mailed. Entries received after that time will not be eligible. Address all entries to FOOTBALL CONTEST, The Loudoun County Herald, Loudoun, Tennessee.
- Entries will be judged on the number of games right. In case of a tie, the contestant coming the nearest to the actual number of points scored in the Tiebreaker game will be awarded the prize. The names of each week's winners will be printed in the Herald on the following week. All contestants agree that the decision of the judges will be final, and all entries become the property of the Herald.

REDSKIN SPEED RIDLES PANTHERS 34-6

MILLSAPS WITH BALL—J.L. Millsaps falls near the goal line as he sets up another Loudon touchdown. Millsaps had a total of 76 yards in 14 carries for the evening.

PLENTY OF ACTION—Redskin jerseys can be seen everywhere as J.L. Millsaps and Bryon Lawson close in on ball carrier from Lenoir City, Loudon, winning their third straight this season, beat Lenoir City 34-6.

Loudon Takes Undefeated Streak To Everett Fri.

The Loudon High School Redskins rolled to their third straight win of the season last Friday night as they played host to arch-rival Lenoir City, 34-6. The are now ranked No. 1 in the state in Class AA with Harrison just a notch behind them. The Redskins were not as sharp as they have been, but the winless Panthers came down to play ball and they were still playing hard when the game ended. Guard Greg Wilkerson of Loudon was hurt early in the first quarter with a broken leg and will be lost for the remainder of the year. Loudon's undefeated string now runs to 14 games. Lenoir City Coach Dale Brown said before the game he felt his young team was improving but injuries had not helped them. He felt his team would do pretty good against the Redskins. He was quick to say that Loudon was a strong offensive team with plenty of speed. In fact he felt the 44-6 loss to Harrison last week was due to some mistakes that could have gone either way. Coach Brown said in a radio interview earlier that Harrison had a fine ball club and in comparing the

Redskins with the Blue Devils he felt Harrison was more aggressive on defense than Loudon but that both teams had some fine runners and were about the same.

Coach Bert Rattledge of Loudon was not well pleased with the team's play Friday night. He felt the defense did a pretty good job as they held the Panthers to only 18 yards rushing for the night and intercepted three passes, two of which were good for touchdowns. He is still concerned with the offensive unit as they are still making a lot of mistakes and that long runs have responsible for most of the scoring. They have not been able to control the ball on long drives. But the team is improving with experience. They will travel to Everett this Friday night to fight with an improved Bulldog eleven.

The Everett High Bulldogs with 12 lettermen returning from last season are supposed to be much improved. They now use the single wing offense at times and have a real performer in quarterback-tailback Rodney Fuller. In fact, Fuller has scored four of their six touchdowns this year. In the backfield, with Fuller are Charles Tillitt and Larry Wilson at fullback. Other running backs are Danny Maples and Junior Jenkins. Ends are Bob Carroll and Mike Murphy, guards are Larry Ebert and Lynn Wilder. Tackles are Eugene McSpadden and David Keller and the center is Ray Harrell.

The Bulldogs started out with a 20-12 win over McMinn County then have lost their last two games to Knox Doyle 19-6, and Alcoa 21-14. The Bulldogs always play one of their better games against Loudon. They certainly will be expected to avenge the 56-6 beating they received from Loudon last season.

Last Friday, the Loudon offense was led by Lonnie Hawkins in 197 carries, 76 yards in 14 carries and Yancey Hampton, 46 yards in 10 carries along with the entire offensive line. The defense was led by Jerry Buckner, Tony Mays, L. Millsaps, John Colvin, Mike Bivens, Rick Alexander, Fred Chaney, Hank Evans, Ray Simmons, Mike Lancaster, John Long, Bryon Lawson, Dana Rogers, and William Brown, Joe Black, Ronnie Watkins. Every Lenoir player got into the game.

Loudon won the toss and Millsaps returned the kick 14 yards to the Loudon 39 yard line. On the first play from scrimmage a mix-up in the backfield caused a fumble and Mike Hooks recovered for the Panthers at the Loudon 36 yard line. But the Redskins got the ball right back with Millsaps recovering a Panther fumble at the Loudon 36 yard line. In two plays Millsaps moved the ball to the Lenoir City 35 yard line. Then Loudon was pushed back to the 44 yard line of the Panthers. On the next play Hampton hit Hawkins for 44 yards and a Loudon touchdown. Carnes added the extra point and the Skins held a 7-0 lead with

7-16 left in the first quarter. Stacy of Lenoir City returned the kick off 18 yards to the Panther 30 yard line. This is the play where Wilkerson was injured. Loudon then three Petty for a two yard loss. On the next play Hawkins intercepted a Carnes pass at the 38 and rammed down the sidelines for another Loudon TD. Carnes added the point after and Loudon held a 14-0 lead with slightly over six minutes left in the period.

Hawkins kick was downed in the end zone bringing the Panthers to the 20 yard line. Petty back to pass, lost 10 yards. And on the next play Greg Cagle picked off another Petty pass at midfield and raced down field for the third Loudon touchdown. The kick failed and the score was 20-0 with 5:46 left in the period.

The Panthers were unable to move the ball and Hawkins fair caught a punt at the Loudon 30 yard line. In four plays Loudon had moved to the Panther 48 yard line only to lose the ball on a punt. Lenoir City lost nine yards in three plays and punted. The Redskins started out 15 yards to the Loudon 35, on the first play of the second quarter. Loudon was unable to move the ball. With about five minutes left in the half, Loudon began to move from their own 14 yard line. Millsaps hit for five yards, and then Hampton got loose for 36 yards to the Lenoir City 29 yard line. Millsaps hit for five yards, a pass fell incomplete, Hawkins went for 11 yards to the Panther 23 yard line. Hampton back to pass, lost three yards. A five yard penalty moved the ball back to the 31 yard line. Hampton hit Simmons for 14 yards to the 17 yard line. A pass to Simmons on fourth down was incomplete to stop the Loudon threat with about two minutes left in the half.

Lenoir City, early in the third quarter, were guilty of clipping on the kick off and were moved from the 33 yard line back to the 18. In two plays they were unable to move and Tatum's punt was downed at the Loudon 49 yard line. Millsaps went for seven yards, Hampton for five yards, and then Millsaps hit

for three more yards to the Panther 36. Hawkins found daylight and went 36 yards to another touchdown. Carnes added the extra point and Loudon held a 28-0 lead in the third quarter.

A few plays later the Panthers got a big break when a bad snap from forced Greg Cagle to have to run with the ball on fourth down. Lenoir City caught him at the Loudon 41 yard line. Lenoir City moved down field to the Loudon 16. There the Loudon defense stiffened and pushed the Panthers back to the 33 yard line to stop the threat. Hawkins, Millsaps and Hampton moved the ball to the Lenoir City nine yard line. Hampton went over for the touchdown. Carnes added the extra point and Loudon had a big 34-0 lead with 9:53 left in the fourth quarter.

With Loudon's reserves in the game, Stacy for Lenoir City got loose on a 52 yard run but in three plays the young Redskins pushed Lenoir City back to the 38 yard line to stop the threat. A fumble at Loudon's 34 gave the Panthers another break.

Mustangs Suffer First Defeat Loudon Grasscutters, Indians Defeat Rockwood

The Loudon Grasscutters, coached by Spencer Watkins, Ernie Black and Henry Julian won over Rockwood last Saturday night, 8-0. Tony Schrimmer intercepted a fumble and Rockwood pitch out to set up the Loudon touchdown in the first period of play. Schrimmer went over the TD and ran for the extra points.

Dave Lambert recovered a Rockwood fumble on the Loudon 30 yard line in the second quarter. The Rockwood recovered a Grasscutter fumble on the very next play as the half ended.

Rockwood kicked off to start the second half. On second down Jerry Townsend threw a beautiful 15 yard pass to Schrimmer but was nullified by a holding penalty. Loudon failed to move the ball kicked to Rockwood who moved the ball to the Loudon 16 yard line before being held on downs.

On first down Schrimmer ran for 35. The gain was nullified by another holding penalty as the third quarter closed. The penalty put Loudon on their own eight yard line. Townsend ran for 24 yards for a first down by Rockwood defense stiffened and held.

The Loudon Mustangs suffered their first defeat last Saturday night, 6-0 at Rockwood.

The game started with the Indians Jimmy Long receiving an on side kick on the Rockwood 40 yard line. Behind the running of Buddy Swiney, Jimmy Long, Percy Campbell and Dennis Queen, Loudon moved the ball to the 25 yard line before a

Deathridge, Webster and Cardwell moved the ball to the Loudon 42 yard line at the end of the first quarter. The Mustangs kicked and Rockwood recovered on the 25 yard line. The run was stopped by Mike West. Rockwood dove for the touchdown and on the try for extra point, Cardwell made a tackle to keep the score at 6-0, Rockwood.

Rockwood kicked to Loudon to begin the second half but the Mustangs could not move the ball. After receiving the punt, Rockwood moved to the Loudon 18 before being pushed back to the Loudon 42. Rockwood then recovered a Loudon fumble.

With one minute, 46 second left in the game, Freddie Starritt ran 90 yards for the Mustangs but holding penalty nullified the touchdown. Two Loudon passes fell incomplete. A fumble on the 20 yard line was intercepted by Rockwood and run back for their second touchdown. Rockwood was victorious 14-0.

Sam Sieward, Billy Zeeb and Queen moving the ball to the Rockwood 20 yard line. An Indian fumble stopped the drive. The Rams drove the ball to the Indians 40 yard line where David Kincaid and McCall jared the ball free and again Daryl Russell recovered the fumble. The center of Loudon defensive line with Morton, Roberts, Brookshire and Swiney leading the way

stopped the Ram Quarterback short of a first down which lost them to midfield as the first quarter ended with the score 7-0.

Early in the second period Daryl Russell stopped the Rockwood drive with a fumble recovery on the Indians 40 yard line. The Indians couldn't get their offense moving and were forced to punt. Rockwood then began their best round run of the game. The big Rockwood backs behind good line blocking moved the ball to the Loudon 10 yard line. The Indians defense then stiffened with Dickie Colvin stopping a reverse play for an eight yard loss. Then Jimmy Long and Buddy Swiney threw the quarterback for a three yard loss. Mike Brookshire, Mike McCall and Ronnie Roberts combined their forces to stop the drive as the half ended with the score 14-0.

The third quarter opened with Mike McCall, Swiney, and Queen moving the ball to the Rockwood 20 yard line. An Indian fumble stopped the drive. The Rams drove the ball to the Indians 40 yard line where David Kincaid and McCall jared the ball free and again Daryl Russell recovered the fumble. The center of Loudon defensive line with Morton, Roberts, Brookshire and Swiney leading the way

stopped the Ram Quarterback short of a first down which lost them to midfield as the first quarter ended with the score 7-0.

The Indians then started their long substituted game winning drive. Dennis Queen passed to Mike McCall for 10 yards and a first down. On the next down with rain falling freely Queen outgassed the Rams defense again and passed to Dickie Colvin for 15 yards and another first down. With the ball on the Rockwood 40 yard line Queen passed to Percy Campbell who had gotten behind the Ram cornerback and the pass play covered 20 yards to the Ram twenty. Loudon once again relied on their triple-option offense to score. Dennis Queen fooled everyone including the officials when he gave the ball to Buddy Swiney and when Swiney was hit took the ball back and breezed the remaining 20 yards and the touchdown, untouched. The try for the two point conversion failed as the Indians fumbled on the 20 yard line.

Morton, McCall, Swiney, Roberts, Queen, Colvin, Brookshire, Yarnes and Russell were outstanding on defense. This game was hard fought from the triple-option Indians ability to pass in the rain and triple-option offense seemed to give them a slight edge. This was a big win for the Indians as it moved them into 1st place for the league lead.

All the Loudon Quarterback teaching play Crossville at Bacon field Saturday night with the first game starting at 6:00 p.m.

GRAPH OF COST-OF-LIVING VS. TVA RESIDENTIAL RATE—Not many consumer costs today are lower than they were in the late 1940's, but the average rate for home use of TVA power will be well below the levels of that day even after the rate increases taking place in 1970. The average Tennessee Valley home now uses almost eight times as much electricity as in 1948, so electric bills have increased with this rising use. But the average rate per kilowatt-hour will still be only about 1 1/2 cents after the rate increases (the national average is 2 cents).

TVA POWER RATE INCREASE RESULTS IN HIGHER ELEC. RATES

The trustees of Fort Loudoun Electric Cooperative, after in-depth discussion with H.G. Gangwer, Sr., Manager, voted to adopt a rate increase in proportion to the cost of buying power from TVA effective Oct. 1, 1970.

On the matter of increasing the rates for power consumer, a study of the present revenue and expenditures versus the anticipated revenue and expenditures of next year at the companion rate increase was discussed.

Mr. Gangwer reported to the board, "TVA will increase its electric rate to all its customers with the reading of the meters effective Oct. 1, 1970."

He explained that this is in addition to the rate adjustment which applied to the bills read after August 1, 1970. This rate increase is expected to provide TVA with 115 million dollars in additional revenue. TVA says that this increase will be spent as a result of an added cost of 58 million dollars for coal to produce electricity, 18 million dollars on the cost of money, 9 million dollars on the interest of outstanding debt, 9 million dollars on dividend to U.S. Treasury, 1 million dollars on increased materials, services, and wages, and another 15 million dollars cost in the exchange of power with neighboring electric systems.

"FORT LOUDOUN ELECTRIC COOPERATIVE can't absorb this increase in its expenditures, and the only alternative is to pass it along to the members of the Co-op" was the general feeling of the manager and trustees.

The trustees, therefore, adopted the 1970 R-1 companion rate for residential users, and the C-1 companion rate for commercial users.

Following is the rate schedule effective October 1, 1970:

RESIDENTIAL SERVICE (R-1) RATE...				
First	75 kilowatt-hours per month at 3.80 cents per kilowatt-hour			
Next	150 kilowatt-hours per month at 2.75 cents per kilowatt-hour			
Next	275 kilowatt-hours per month at 1.21 cents per kilowatt-hour			
Excess over	500 kilowatt-hours per month at 0.93 cents per kilowatt-hour

County Services Association at Athens Sept. 30. Judge Sprout said the board frequently passes laws requiring local governments to do "a lot of things" without providing money to do them with, and this is one of the things he has hit so hard in recent years. He also urged court members to attend at least some of the sessions of the County Services Association state meeting in Chattanooga Oct. 21-23.

At the direction of the State Law Enforcement Agency and with the approval of Sheriff Freeman Russell, county court unanimously approved the establishment of Minimum Standards for law enforcement officers for the county.

Judge Sprout told the court that the standards were established by the state and counties who hoped to find assistance under the Law Enforcement Planning Act. The standards were adopted by the state to help counties with Loudon and Lenoir City had received a joint grant of \$100,000 to help with the purchase of police patrol cars and failure to adopt the code might mean the loss of the grant.

The standards say an officer must: 1. be 21 years old; 2. be a citizen of the United States; 3. be a high school graduate or equivalent; 4. not have been convicted of a felony or a morals charge; 5. if ever in the armed forces be honorably discharged; 6. have fingerprints on record with the FBI; pass a physical examination; and 8. be of good character.

Judge Russell said that the new standards would not make it any harder to find police officers and that now on the force would not be affected by any of the provisions. Loudon County is one of four counties in the state selected for a study to determine the effectiveness of locating a regional jail here. Judge Sprout said that federal program are now available to provide 90 percent of the cost. He said in any event if Loudon County is selected for other counties adjoining Loudon County would share equally in any local funds needed. He said he hopes to see something concrete come out of this in the near future and that such a facility would include jail, psychiatric and rehabilitation facilities which could be beneficial in helping an individual become a useful citizen.

On a motion by Squire Curtis Williams, seconded by Squire I.D. Conner the court gave its approval of a comprehensive study, funded by the East Tennessee Development, into the possibility of establishing a Loudon County Utility Services Board. Judge Sprout told the court that if such an undertaking was possible it could mean that treated water could be available in the county.

available in all rural areas of the two counties and in some cases sewer systems installed in large populated areas outside the cities. It could help in the development of sanitary landfills for the disposal of garbage.

An item on the agenda which indicated a report by the Tennessee Valley Authority on a sanitary landfill garbage disposal program for Loudon County, was passed over. Judge Sprout said he was working with the cities in the county to see if such a program could be a joint effort, thus saving duplication of effort and spending by the governments.

The court also approved a study to be made by the Farm Home Administration in cooperation with the county of establishing flexible and modified zoning regulations for the county.

Loudon County, including the cities of Loudon and Lenoir City, are expected to participate in a Civil Defense Emergency Alert in which citizens would be notified by the University of Tennessee late in October the court was told.

Judge Sprout reported to the court that the state was not pressing the county on the matter of finalizing plans for access roads to two proposed Interstate 75 interchanges at Philadelphia and Sugar Limb at this time. He said this was due to the fact that the state has rejected bids on the construction of the I-75 bridge over the Tennessee River because of excessive costs and was looking into the possibility of relocating the bridge because of poor footings in the river bottom.

The judge said that the court members would continue to see if they could find a means to get additional federal and state help in building the access roads, which at this point would cost the county about half million dollars.

The squires took no action on a contract proposal concerning the relocation of existing roads, construction of new roads and bridge effected by the Tellico dam and lake project. The court said it has more information from TVA on the status of the East Tennessee State Dam area which would connect Highways 95 and 72. Starting on Monday Nov. 2, the court will begin holding monthly meetings on the first Monday of each month. The November meeting will be held in the courtroom at 9 a.m., with the meetings to alternate with the county commission meetings.

Brock Names Campaign Group In County
Congressman Bill Brock today announced the appointment of a Loudon County Campaign Committee consisting of Broady Harrison, Loudon, chairman, John O. Gibson, Loudon, and Jack Stafford, Lenoir City. Serving with this committee for the third district are Bob Anderson and J.G. Hudson, Greenback, fourth district; Boyd Duckworth and Raymond McJunkins, Philadelphia, and fifth district Leonard Liles, Eatons Crossroads.

In making the announcement, Congressman Brock said, "I shall strive to live up to the confidence these men and countless others in Loudon County have placed in our campaign."

A NEWLY-ELECTED GROUP of officers of Loudon County Young Democrats has called a meeting for Tuesday, Oct. 13. Heading the group is Avery Petty, center, president. Others are, from left, Earlene Maples, membership chairman; Ted Sitzer, first vice president; Mary Jim Williams, second vice president; Dottie Harvey, corresponding secretary; Mrs. Petty; Chip Allen, recording secretary; Greg Bowers, treasurer; Gaston Powers, historian and Jim Eldridge, sergeant at arms.

County May Have Two Young Demo Clubs, One Elects, One Plans

A newly-elected group of officers of Loudon County Young Democrats has called a meeting at the Memorial Building on B. St. in Lenoir City for Tuesday, Oct. 13. Special speaker for the occasion will be Bill Brakebill, East Tennessee Young Chairman for John Jay Hooker.
The new group is headed by Avery Petty who was elected president in an organizational meeting about two weeks ago. The meeting was called by Miss Earlene Maples, who served in the Primary election as youth chairman for Hooker for Governor.
Mr. Petty charged that the former Loudon County Young Democrats organization has not had a meeting in the past three years and that Miss Maples obtained documents from Nashville which showed that the state Young Democrats organization no longer recognized a valid organization in Loudon County.
Mr. Petty said the other officers in his group, elected two weeks ago were Ted Sitzer, first vice president; Mary Jim Williams, second vice president; Dottie Harvey, corresponding secretary; Chip Allen, recording secretary; Greg Bowers, treasurer; Gaston Powers, historian; Jim Eldridge, sergeant at arms and Earlene Maples, membership chairman.

STREET 24 1970

New Sights
September is a medley of sights and colors. Summer's sun has rewarded us with a wealth of color and goodness from the garden - green and red pepper, golden corn, cabbage, multi-colored squash, pumpkins on the vine and gourds of all shapes. With the coming of September, all of these colors will be soon repeated in the rustle of fall leaves.

Quality Hay
Can you say that you have picked up hay from the field without shattering, stripping, dusting or damage to the quality of the hay? If so, your hay management program is working. Sure there are several things to consider. Take a hay that isn't working like it should for example. The quality and quantity of hay has been inflated. Good hay making starts with good management of the machinery you use.

Corn Blight
Now that the initial shock of the corn leaf blight invasion is moderating somewhat, we might do well to take a look at how it is going to affect Loudon County farmers. Settle down, "wait and see" attitude seems to be the best way to answer this problem. Obviously, only the harvest will provide the final answers. In the meantime don't buy corn unless you have to. One thing for sure it will be around in 1971.

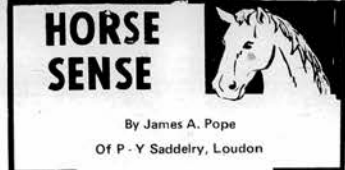

Herd Health
One of the answers to some of the problems our stockmen have been having is total herd health management. This involves starting early with the health care of those baby calves. Have a plan to strictly go by and use the latest medicine. What is effective this year may not be next. Keep emphasis on the whole herd.

Of Pride
Something has gone wrong with our country. We live with a constant sickening frustration which goes beyond racial problems, pot and pollution, yuppies and hippies. More and more, nobody give a damn. The sickness is national in scope. Like cancer, it feeds on itself. Each of us feels more and more abandoned by his fellowmen. Remember that man's greatest desire is not in perfection but in striving for it. Once we don't give a

pesticides, i.e., insecticides, herbicides, fungicides and rodenticides, will be necessary to protect man, his food and fiber supplies, and his forest from the ravages of pests. Such protection is essential if we are to continue to enjoy our present high standard of living and insure an abundance of quality food. Also, their use is necessary to provide freedom from an environment plagued with literally hordes of destructive pests.

"But in protecting man, animals, plants, farm and forest products against pests, the Soil Conservation Service and other agencies of the U.S. Department of Agriculture are vitally concerned for the health and well-being of people who use pesticides and those of us who use products protected by their use. Fish and wildlife must not be harmed or their habitat degraded by pesticides or their careless use."

"Soil, air and water must not be allowed to be further polluted by toxic pesticides. We urge all practices and encourage the use of those means of effective pest control which offer the least potential hazard to man and animals."

HORSE SENSE
By James A. Pope
Of P-Y Saddlery, Loudon

The Pony: This "Horse" breed is probably the most numerous of all breeds. This is due to the wide range of acceptance that the pony enjoys. Due to their size they are usually considered a child's mount; therefore, you can expect to find a pony almost anywhere. Large farms, small farms, city lots and back yards become the home of the pony wherever young children are. (Also grandchildren!) There are some distinct breeds of pony that we want to consider. They are the Shetland, Welsh, American Walking pony, Pony of America, American Albino, and "just" pony.

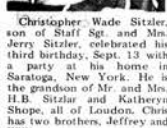

The Shetland pony is 11-12 hands high or less, most being 10-2 hand or less. They resemble a small draft horse or rood-type horse. They may be most any color. They are used as children's mounts, pleasure showing, harness showing etc.

The Welsh pony is larger ranging up to 12 hands high and weighing up to 600 pounds. Their color is also varied, however white marking on their bodies will disqualify them from registration. They are considered as children or small adult mounts and are shown in various ways including harness and hunter.

The American walking pony is a relatively new breed with a registry being established in 1968. They range in height up to 14-2 hands. They are being bred from the Tennessee Walking Horse and Welsh pony until sufficient breeding stock has been developed to perpetuate the breed. They are considered a family mount and are shown in the pleasure and walking horse shows.

The Pony of America or POA range in height up to 14 hands and are similar to the Appaloosa in color. Considered as children or small adult mounts for pleasure and shown in the Western type show classes.

The American Albinos are snow white only in color and range from 9 to 14 hands high. Are a variety of conformation due to their being developed from draft, saddle, and quarter horses and a variety of ponies. The American Albino parent will produce about 75% Albino

Christopher Wade Stitzler, son of Staff Sgt. and Mrs. Jerry Stitzler, celebrated his third birthday, Sept. 13 with his family at his home in Saratoga, New York. He is the grandson of Mr. and Mrs. H.E. Stitzler and Kathryn Shope, all of Loudon. Chris has two brothers, Jeffrey and William.

Mrs. Roxie Williams of Loudon celebrated a birthday August 27. Here she displays her birthday cake made by Mrs. Pearl Russell of Loudon.

Jason Tyler Andrew, son of Mr. and Mrs. Carson L. Andrew, Eaton, Maryland, celebrated his first birthday August 31. Jason is the grandson of Mr. and Mrs. Marvin Touchton, Strange Road, Lenoir City.

The millionth share of AT&T stock was purchased in 1951. Ten years later, a couple in Wichita, Kansas, bought the two millionth share. The three millionth share was sold in 1966, only five years later.

FAST FREIGHT. Southern has a way to get freight where it's going as much as a day earlier. How? Trains bypass busy intermediate terminals and keep the same locomotives all the way—even over the tracks of other railroads. We have three through trains now and plan to add more. The faster the freight, the better shippers and their customers like it.

BREATH CHECKUP. We're concerned about air pollution just as you are. That's why we put every locomotive through a checkup and maintenance every month, and use only high-quality, clean-burning fuel. Of all the widely used forms of transportation today, trains give off the least pollution for what they carry.

INNOVATIONS THAT SQUEEZE THE WASTE OUT OF DISTRIBUTION

Last Of A Series: Work Starts On Loudon's Watts Bar Water Plant

By Calvin Lunsford

A community needs water to live and to grow. Furthermore it needs a modern up to date system for storing, treating and distributing the water to the consumer.

The days when you could get by with a well or by scooping water out of the river with a bucket are long since gone. Modern life with the business and industries, plus air conditioning, modern plumbing with emphasis on cleanliness requires an equally modern water system.

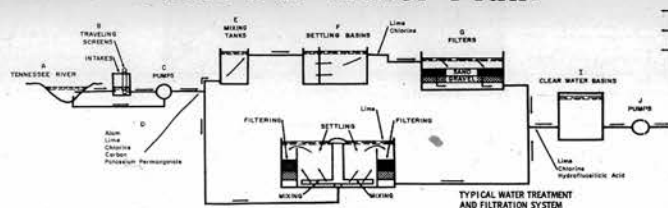

Without a good water system, this area could not have grown as much as or as fast as it has. Without it our hundreds of new residents who contribute so much to the prosperity and life of our community would have settled elsewhere. This in turn would have discouraged the new industries we have seen come to this area.

A good water system is a community asset. It's even

more than that. It is the very life of the community. Something to cherish and point to with pride. As the community grows and expands, as the growth comes and plans are projected into the future, a water system serving a community must be a jump ahead of progressive growth. Thereby a good reason for Loudon's new water system.

A question possibly upper most in the minds of residents is what about the water to be taken from Watts Bar Lake? How does it check out in the current stream pollution investigation being conducted by many groups. We called on TVA's water quality laboratory in Chattanooga to get the answers. They report water samples taken from Watts Bar and Fort Loudoun Lake show good water quality with no significant amounts of mercury.

But like all water used for human consumption, it should undergo filtration and

TYPICAL WATER TREATMENT AND FILTRATION SYSTEM - The above is a sketch of a filtration and water treatment plant similar to the one now under construction at Loudon.

treatment to prevent bacteria (which could be present in well or spring water). Filtered treated water is tasteless and odor free, plus bacteria free which insures better health.

With a target date of October 1971, Loudon will join many other neighboring cities in obtaining it's water supply from one of TVA's many lakes. With those we talked to, all were well pleased with their water

supply and were assured of a continued source of water to meet future growth.

Ray Hill of Clinton, who is a member of the City Council and serves as coordinator between the city government and the utilities group which serves his city reports that their water supply taken from Melton Hill Lake has been one of the contributing factors in Clinton's industrial growth. Not to mention the

fact that they have an ample supply of good state approved water for family use.

To many people, including this writer, the knowledge of how a water treatment and filtration plant operates was almost nil. But after spending

some time researching we found it to be closely watched and constantly checked process, with water samples undergoing constant checks. The end result being a much safer water supply than our existing systems.

bottom land can be drained, and used more for crops. There will be less need for sloping land to be used in an intensive way. Level land would not erode as easily.

By using sloping land in pastureland, hayland, or woodland, it would have better ground cover, therefore more water intake and less erosion or sediment to move down toward the streams. This would give cleaner water for human or fish and wildlife use.

Drains Save Level Land From Erosion

By Thelbert J. Hicks
Soil Conservation Service

Better use of level land causes less sloping land to be eroded, and less sediment to be washed into our streams.

Mr. Hamontree, a conservation farmer in the Greenback Community, says this is true because if the

Eldridge Elected To ASC Board

Ralph Eldridge, well-known Loudon County farmer, was named to the County Agricultural Stabilization and Conservation (ASC) Committee by delegates to the ASC County Convention, held September 18.

The delegates also selected Fred Fipps and Clarence Bettis as Chairman and Vice-Chairman of the three member County Committee, and named Roy L. Murr and Esco Summit as first and second alternate committeemen.

The County ASC Committee is responsible for local administration of Government farm programs such as acreage allotments and bases, price support for eligible crops, and conservation cost-sharing on agricultural lands.

The vacancies were filled and the County ASC Committee officers named by delegates who are newly elected to the ASC community committeemen. Community committees assist the County Committee in farm program administration and help keep farmers informed of program provisions.

County Committeemen are elected by the community committeemen to serve three-year staggered terms, so that ordinarily one vacancy occurs each year.

CONTEMPORARY USE

ILLEGAL ABUSE

by Lester Averett
Pharmacist

Marijuana originates in the flowers and leaves of certain varieties of hemp plants and at this writing is illegal to possess, transfer or sell. While it is not classified legally as a narcotic, it is not a drug causing physical dependence and in many cases this can be as compelling as physical addiction. It has been estimated that over 90% of all "died in the wool" drug addicts began by smoking marijuana and further... medical authorities tell us that 1 out of every 10 marijuana smokers will graduate to the use of narcotics.

Notice Of Adjusted Water Rates

Effective with the September billing, due in October, customers of the Loudon Water Department of Loudon Utilities, residential, commercial and industrial accounts, a new rate for water will be in effect.

The rates for water used from the system served by Loudon Utilities is shown on a rate table published below.

These new adjusted rates are necessary due to the cost of constructing a new water treatment and filtration system to serve the water customers. This system is a necessary improvement due to the critical water shortages experienced and because of added new demands for water cannot be met by the present water system which has been serving Loudon water needs since 1930.

This new facility will increase the water availability from a present 600,000 gallons per day to 2,600,000 gallons per day and also increase the water storage facility capacity to some 1,300,000 thus insuring an adequate water supply for all customers in the Loudon Water System.

On Monday Sept 7th the Loudon High School members of the VFWA Chapter attended the VFWA Fair...

This is really an interesting event because of the variety of exhibits and displays that are shown...

One of the highlights of the fair was the display of the VFWA Chapter's collection of artifacts...

The fair was a great success and we are proud to have participated in it...

We hope to see you at the next fair and we are sure you will enjoy it...

Crafts Fair Set For Gatlinburg

The 23rd annual Craftsman's Fair of the Southern Highlands will be held Oct. 20-24, 1970 in the Gatlinburg Auditorium, Gatlinburg, Tennessee. Nearly 100 craftsmen, members of the sponsoring Southern Highlands viewpoint of the school facilities, the visit of last year were very enjoyable and they are looking forward to such visits this year.

Handcraft Guild, will set up their looms, potters, wheels, quilting frames and lathes for five full days of demonstrations and sales.

Hours are 10 a.m. to 10 p.m. daily, Tuesday through Saturday. Admission is \$1 for adults, 50 cents for children, and one admission is good for a full day.

Craftsmen at the Fair come from the mountain counties of nine southern states, and bring a variety of skills ranging from basket weaving to wooden sculpture to contemporary stitching. A century old spinning wheel spins fine thread from wool and flax; the potters rhythmic kick turns his wheel to mold Georgia and Kentucky clays into objects of lasting strength and beauty; and a simple jack-knife reveals the hidden character of a hardwood slab.

Leaves, mats and berries are boiled in a copper kettle over an open flame to give color to homespun yarns, and the potters and comers of Appalachian forests are assembled into wreaths and other decorative ornaments.

Back in the good old days... Last week we promised to use a picture showing the high water up to the railroad bridge, but there is a catch to this as you might have suspected. The picture of a Loudon railroad bridge had not on the main line. It was made at the railroad bridge we from the good old days remember as the ferry crossing railroad trestle. This trestle passed from the Loudon scene. We are truly glad the water never has gotten to the main line bridge.

This picture from the good old days which were in the good when the old Tennessee River began to creep up towards town, is in good condition. Flooding was an occasion for those who had to move on to higher ground. Glad we don't have to face that problem today.

Now back to the picture which was made at the railroad bridge on Main Street in the photo of Mae and Henry Henson. Henry is sitting in the boat. While we are on the subject of the river we might as well continue in this vein with some other things out of the colorful part of Loudon's good old days.

Some very outstanding boat builders have worked along the river in Loudon and one of our pictures this week is of a very unusual one. We would consider a clay boat. This look a lot of know-how to build and we would venture a guess that no one ever saw one like it. You might have by chance but I seriously doubt that another like it was ever built along the river in Loudon.

Several things make this boat unique. Notice the elaborate top supports fitted with curtains and the large plate glass windshield. This boat was windshied designed

Local Per Capita Income Reaches \$1,966

Loudon County had a per capita personal income of \$1,966 in 1968, an increase from \$1,863 in 1967 and an increase from \$1,220 in 1959, a report from the University of Tennessee, Knoxville, shows.

The report, from UT's Center for Business and Economic Research, also says that total personal income in the state exceeded \$10 billion in 1968, the latest year for which complete figures are available. This is a state increase of about \$800 million from the preceding year.

The report was written by Dale L. Moody, assistant director of UTCBER, and appears in the current issue of Tennessee Survey of Business.

If the money were evenly divided between state residents, each Tennessean would have received \$2,594, Moody says. This figure represents an increase of \$124 over the per capita

estimate of \$2,370 for 1967 or an increase of 9.5 percent.

Individual figures from most counties and for four standard metropolitan statistical areas (SMSAs) are included in the report. Sumner and Wilson counties in Middle Tennessee are included in the Nashville SMSA figures. Crittenden County, Ark., in the statistics for Memphis, Walker County, Ga., for Chattanooga and Anderson and Blount counties in the SMSA totals from Knoxville.

Nashville had the highest per capita income of the metropolitan areas with a figure of \$3,274. Chattanooga was second with a figure of \$3,046 followed by Memphis at \$2,991 and Knoxville at \$2,877.

The rate of growth of per capita income in Tennessee has been greater than the growth rate for the nation, the report says. Since 1959 the state's per capita income has

increased 69.3 per cent, compared to 58.3 percent for the nation.

"However, in neither 1969 nor 1968 did any county in Tennessee, even in the metropolitan areas, have a per capita greater than or even equal to the average per capita income in the nation," Moody notes.

He says what is really important to the consumer is his "real income," or purchasing power, rather than dollars or "money income."

For an individual to keep up with the cost of living increase since 1959, his money income between 1959 and 1967 would have had to increase by 12.4 per cent.

Nine Tennessee counties Bledsoe, Coffee, Crockett, Fayette, Grundy, Hardeeman, Houston, Lake and Marion - experienced a loss in real income between 1967 and 1968, the report says. Bledsoe, Coffee and Lake also

lost in money income as well. Statistics contained in the report are from the Office of Business Economics, U.S. Department of Commerce.

One indictment On Knowles Quashed, Trial Starts Monday

One of the three indictments against former Circuit-Criminal Court Clerk Bobby J. Knowles, was quashed last Friday in a Criminal Court hearing in Loudon.

Knowles is scheduled to go on trial Monday in Criminal Court on charges of embezzling \$8800 in funds he was responsible for in his office and for arson. Both the embezzlement and arson charges were brought against Knowles in April after a fire late in March destroyed most of the financial records in his office.

One indictment On Knowles Quashed, Trial Starts Monday

The indictment quashed was one of two embezzlement indictments returned by a Criminal Court Grand Jury previously. The indictment was for misuse of \$3000 in funds. Attorneys Lloyd McClure approved the indictment and the other indictment of \$8800 Judge Thompson Friday said.

The grand jury report on the action reads as follows: "We the grand jury of Loudon County, being much concerned about the markings at the exit ramp from 174 to new 95 would like to request the State Highway Department to remove the grass plots adjacent to the top of the ramp and replace them with concrete." Eblen-Roach Vows Exchanged In Loudon

Miss Ralph Ann Eblen became the bride of Ronald Allen Roach at 6 p.m. Saturday, Sept. 12 at the Cumberland Presbyterian Church in Loudon.

The bride is the daughter of Mr. and Mrs. James Ralph Eblen and the groom is the son of Mrs. Jerry A. Morelock of Decatur, Ga. and John M. Roach of Murfreesboro.

The Rev. Jack W. Ferguson performed the double ring ceremony.

A program of traditional music was presented by Dr. W. Paul Brakebill, Jr., soloist, and Mrs. Bernie Ray Swiney, organist.

The bride, given in marriage by her father, chose a silhouette gown of crepe voile with a lace collar over satin ribbon on a high neckline. Wide bands of lace over satin extended down the front to the hemline. The short puff sleeves were trimmed with

wide bands of lace over satin. A softly gathered skirt fell from a natural waistline in the back. Her veil of illusion was held by a head piece of lace and satin bows. She carried a cascade of white rosebuds centered with a green cymbidium orchid.

Miss Alexandria Manos of Springfield was maid of honor. Bridesmaids were Mrs. Mary Todd Eblen of Morristown, sister-in-law of the bride, and Miss Linda Roach of Cookeville, sister of the groom.

The attendants wore floor length gowns of cinnamon chiffon and Dior bow headpieces. They carried bouquets of bronze mums.

Bill Burke of Birmingham, Ala. was best man. Ushers were Jerry A. Morelock of Decatur, Ga., Cecil G. Palmer of Concord, grandfather of the bride, and Michael V. Eblen of Loudon, both

Beauty Hints For You

From Peggy Kile
LAVERNE'S Beauty Shop

Tip: to determine your own natural skin tone and shade of base required.

Study your face in a clear white light. Are you naturally very pale? Suggestion: winter, a fresh pink, summer, a light golden beige.

More sallow skins should select a nice rosy tone for summer or evening lightening it with a little natural base for winter or daytime wear.

Dark or olive skins need a peachy beige, darkening to a rose beige for after dark or summertime.

Wampler-Orndorff Vows Pledged

Miss Janice Kay Wampler became the bride of Larry Jay Orndorff on Aug. 8 in the Calvary Baptist Church, Winchester, Va.

Miss Wampler is the daughter of Mr. and Mrs. Jack Wampler Rt. 3, Winchester, Va., and the granddaughter of Mrs. Alice Hooker 705 Poplar Street, Loudon.

Mr. Orndorff is the son of Mr. and Mrs. Brisco Orndorff of Stephens City, Va.

The double ring ceremony was performed at 2:30 p.m. by the Rev. John Kinzie before a background of white gaidolias, yellow daisies, palms and candleabras.

Mrs. David Willis was the organist and Mr. Gean Willis was soloist.

Given in marriage by her mother and father, the bride wore a traditional full-length gown of white organza, fashioned in an empire silhouette, with Venice lace bodice and full Juliet sleeves. The detachable chapel train was topped with a wide bow of lace to match the bodice. Her elbow length illusion fell from a camelot cap of Venice lace and the cascade of white roses.

Miss Frances Marie Orndorff, niece of the groom, was maid of honor. She was attired in a floor-length gown of yellow chiffon, fashioned with long sleeves and empire bodice and enhanced with embroidery at the high neckline, raised waist and cuff of the sleeves. Her shoulder illusion fell from a headpiece of Venice lace to match the gown. She carried a basket of white daisies and miniature green carnations.

The bridesmaids were Miss Vicki Orndorff, Winchester, Va., niece of the groom, Miss Pam Bell, Gore, Va., and Miss Bettie Bell, Stephens City, Va., both friends of the bride.

They were gowns in mint green chiffon, styled identically to that of the honor attendant. They

carried baskets of white daisies and miniature white carnations.

Shelly LeDane of Winchester, Va., was flower girl and Chet Flemming served as ring bearer.

Raymond C. Gonzalez, of Kansas City, Kansas, served as best man.

Ushers were Jack Wampler Jr., brother of the bride, Connie Wampler, uncle of the bride, and Larry Schmidt all of Winchester, Va.

A reception was held in the church social hall immediately following the service.

Mother of the bride wore a mint green crepe dress with white accessories and a corsage of white carnations.

The bridegroom's mother wore an apricot knit dress with beige accessories and a corsage of white carnations.

For her wedding trip to Gastinburg the bride wore a

white and navy knit dress with navy accessories with a corsage of white roses.

Mrs. Orndorff is a 1968 graduate of James Wood High School and a graduate of the W. Va., College of Beauty Culture and is now employed by Fashionette Hair Styling in Winchester, Va.

Mr. Orndorff is a 1966 graduate of James Wood High School and has completed four years with the Marine Corp. He is now employed by Henkel-Harris Furniture Manufacturing.

The couple is residing at Wampler's Mobile Court, Stephenson, Va.

Pre-nuptial parties included a miscellaneous shower given by Mrs. Albert Makowski and a bridesmaid dinner by Mrs. John Bell, of Winchester, Va.

Out of town guest included Mr. and Mrs. R. M. Wampler and Mr. and Mrs. Jim Wampler of Lenoir City.

Charrette Is For Everyone Here

(Continued From Page 1)
 The charrette are Gene Atkins, Blount County; Ota Lou Sloan, Monroe County and Lee D. Price, Loudon County.
 The estimated cost of the project is \$41,000. It is anticipated that the Appalachian Regional Commission will supply a \$25,000 grant for the project, the United States Office of Education, \$10,000 and state and local funds, \$6,000.
 The University of Tennessee, UT's College of Education, UT's School of Planning Laboratory, the State Department of Education and Dr. Wayne Myers, an educational specialist with TVA, are all providing technical assistance to the local groups involved in the charrette.
 Albert Dukes, superintendent of school in Loudon County, recently described the charrette: "It's a sort of an old fashioned three county town meeting, in which the 'man on the street' is being asked to come and express his ideas, his criticisms, and offer his suggestions about schools. I hope everyone participates."

GEORGE NORTON, a junior 4-H'er of Loudon, is learning the importance of good health management. George has learned that his hens must be free of lice, mites and fowl ticks if his hens are to maintain a high level of egg production. 4-H'ers who practice good sanitation and feeding management are finding that their hens will profit. Several 4-H poultrymen have regular customers they supply with fresh eggs.

4-H Club Week, Oct. 4-10 Observed Here

Loudon County Judge Harvey Sproul this week issued a proclamation setting aside the week of Oct. 4-10 as "National 4-H Club Week" in Loudon County.
 Assistant County Agent Roger L. Perkins said Judge Sproul issued the document Sept. 24.
 "The 4-H Club has since its beginning contributed much to the health and welfare of the nation," and composes "Loudon County's largest youth organization," the proclamation said.
 The County Judge recognized the purpose of 4-H, to give training "to the Head, Heart, Hand and Health," and called attention to the University of Tennessee College of Agriculture Extension Service through the County Agricultural Agents and Home Demonstration Agents, "along with the help of local volunteer 4-H leaders who are leading men and women in the local community."
 Calling attention to the fact that "young people, who are the citizens of tomorrow, must be trained in the virtues of responsibility, thoughtfulness, morality, and understanding," and "boys and girls now enrolled in 4-H Clubs throughout the County of Loudon, under the guidance of adult leaders, will soon be establishing homes of their own and taking their place in society as community leaders," the proclamation called on the county people to support and encourage the work of this organization that has as its motto, "To Make the Best Better."

COUNTY JUDGE HARVEY SPROUL signs a document proclaiming the week of Oct. 4-10 as National 4-H Week in Loudon County. Looking on are, left, Mrs. James Elam of Eaton Crossroads, clothing project leader, and Pat Rucker, Loudon 4-H'er.

Why You Should Join 4-H

By Robert L. Perkins, Asst. County Agent
 You should join a 4-H club because you want to. A 4-H club will give you an opportunity to learn how to have fun because you enjoy what you are doing. When you join a 4-H club you can choose from 30 projects and 37 activities to participate in with other 4-H'ers.
 A few of the 4-H projects are livestock, animal science, crop science, corn science, horticulture, entomology, clothing, food and nutrition, home management, home improvement, safety, electricity, tractor, small engines, and automotive (for 14 year olds and older). The County Extension Service of the University of Tennessee provides each 4-H member with the latest research information and up-to-date methods for carrying on the project selected.
 The activities involve such things as judging teams, shows, dress revues, fairs, public speaking, and other opportunities. For example, if you are taking livestock, crop, clothing or food and nutrition, you may participate in the related judging teams. This will give you more information about your particular project. You may be interested in shows concerned with horse and pony, beef, dairy, swine or poultry projects. If this is so, you have a chance to compete with other 4-H'ers. At the time a 4-H'er enters his school he becomes eligible to participate in more activities. He can take the a autometric safety, but also covers mechanics of a car.
 The 4-H'er is eligible to compete for trips to the state 4-H Congress, Fontana Resource Development Conference and other state 4-H events. If 4-H work is of high caliber and wins first place in a district demonstration day 4-H'er attends state 4-H Round-up. Upon winning he competes in District contests against other state 4-H winners. Other 4-H'ers may win educational scholarships.
 The ultimate goal of 4-H is to add depth and dimension to a club and open the door to a world of new experiences? October will be the month for this year for a student to join the Loudon County 4-H Club. If there are any questions, call 458-2871.

 pavement, which will show the road to be a four lane highway. The public safety demands this along with audible pavement signals at the East Broadway and 95 intersection will be done immediately."
 Driver Indicted
 Johnny Felton of Memphis, driver of the truck, which was involved in an accident on Highway 95 that took the lives of two men, was indicted by the grand jury last Wednesday on two counts of involuntary manslaughter. Trial has been set for October 14 in Criminal Court.
 Name Incorrect
 In a new entry last week the first name of a defendant in an arson case to be tried in Criminal Court on October 7 which occurred. The defendant Douglas Clotfelter faces two counts of arson and has been returned from a hospital where he has been undergoing treatment for the trial. The first name of Clotfelter was inadvertently used in the previous report. This error is regretted by the editor.
 Lane Sentenced
 Charles Lane entered pleas of guilty on two charges of passing forged checks and one of drawing a check with insufficient funds and was sentenced to one year in prison on each of the three. The sentences were imposed to run concurrently by Judge McCluen.
 Arden Fined
 All Arden was found guilty of simple assault and fined \$50 and costs and given a suspended 30 day jail sentence on one of two charges of felonious assault which was followed by a fight involving a property boundary dispute. The other charge, both brought by James Duncan, was a robbery verdict returned by a Criminal Court jury.
 Indictments Returned
 Other indictments returned by the Grand Jury last week Tennessee and who is serving as East Tennessee Youth Chairman for Mr. Hooker, is to present.
 Mrs. Wayne Blunkspie will be in charge of all devotions and entertainment will be furnished by Jimmy Hartman.
 Hostesses for the meeting will be Mrs. Bertie Littleton, Mrs. Eunice Smullen, and Mrs. James Nicholas of Loudon. Serving on the telephone committee are Mrs. Smullen, Mrs. Bernice Cagle, and Mrs. Marjorie Wilkerson.

State Sets Deadline On Access Decision

Loudon County does not have much time to decide whether or not to underwrite half of the costs of building two access roads to interchanges on the section of I-75 between Lenoir City and Philadelphia as County Judge Harvey Sproul and members of County Court had thought.
 Judge Sproul in a letter to members of the court this week said he has received correspondence from C.S. Harner of the State Highway Department saying that the county must make a decision by November 1 in order to have the interchanges (Sugar Limb and Philadelphia) included in plans being submitted for Federal and State approval.
 The Oct. 13 meeting to officially install any new officers of the Loudon County Young Democratic Club, barring any emergency which might prevent his attendance.
 "I told him that a group of young people had already been elected and selected their officers. He said this was fine but that anyone else who wished to run would have the opportunity to do so. In the event that no one else wished to run, we will officially install these new officers.
 "I am very pleased that a Hooker representative will be at the meeting to speak to the group. I also would like for everyone to attend the Oct. 13 meeting I plan to do so. It will be an excellent opportunity of everyone, both young and old, to get together and continue working for the Democratic ticket."
 Mr. Fletcher said that in addition to being president of the State Young Democratic Club of Tennessee, Mr. Edwards, along with himself, is a Hooker campaign aide. Both are members of the State Young Democratic Executive Committee.
 About three weeks ago, a meeting was arranged by Miss Earlene Maples, who has served as Loudon County Youth Chairman for the Hooker campaign, and a new slate of Young Democratic Club officers, headed by Avery Petty as president, was elected. The contention of the group was that there had not been a meeting of the Democratic Club, told me on Monday night that he would

State approval and participation.
 Judge Sproul said that Mr. Harner agreed to wait until Nov. 4 for a reply on the matter allowing the court to consider the proposal at its regular County Court meeting on Wednesday, Oct. 2. Judge Sproul said the decision of the court would mainly effect the Philadelphia interchange, inasmuch as that section of I-75 is scheduled for bids in the near future. The North side of the Tennessee River because that bid was not set until April.
 Judge Sproul made the following statements concerning the matter:
 "One possible solution to the situation would be to build the Philadelphia access roads by the right-of-way in a Federal Secondary Program without any participation in the Federal and State; however, this would not be as much of a problem if some or all of the interchanges were donated, as I understand there was some talk of in the beginning. If it were decided to use Federal Secondary money, contact would have to be made in the fairly near future with Mr. E. L. Sandy of the State Highway Department in Nashville, who is in charge of this phase of State Highway operations. If the Federal money is taken, then it will not be necessary to make the preliminary deposit on that particular road."
 "If the Federal Secondary money were used, then in order to obligate the Philadelphia interchange, the contractor from the two access roads would have to deposit the preliminary engineering fee of \$15,000 by November 4, together with a proper resolution obligating the County to pay its portion of the construction cost. If the Sugar Limb Road is obligated at the same time, another \$20,000 preliminary engineering deposit would have to be deposited in February if the Quarterly Cost chose to delay this part of it."
 "I would appreciate any ideas you wish to share with me on this in the next few days, and we will continue to make a date for a committee meeting to discuss possible alternatives in the near future," he concluded.
 The original state proposal called for the county to share with the state half of the costs in construction of the connector roads from the two interchanges to highway 11. State estimates of cost are \$422,000 for the Philadelphia access road and \$409,000 for the Sugar Limb access. This would mean the county would underwrite \$211,000 of the cost of both projects.
 A campaign to obtain the two interchanges by various groups in the county were successful earlier in the year, but the state said that in order for them to be constructed the county would have to share in the expense of building access roads from the interchanges, with cost to be estimated \$1,000,000, to U.S. Highway 11.

Young Democrats To Reconcile

(Continued From Page 1)
 has now been re-scheduled so that anyone who wants to call, attend the Oct. 13 meeting called by Avery Petty at the Lenoir City Utilities Building. A representative from the John Jay Hooker campaign organization from Nashville is scheduled to speak.

WEBSTER'S REFERENCE TO SPORTS

By JOE WEBSTER

The Everett Bulldogs were purely and simply outclassed against the Redskins as the statistics plainly indicate. Loudon, in their first four outings, have met only one formidable opponent. And that was the always tough Kingston Yellowjackets.

Unless the Tennessee river overflows its banks, the Redskins will play and defeat McMinn County this Friday night at Duke's Field. Overconfidence? No. Just a statement of fact.

It seems, as one looks carefully at these 1970 Redskins, that they play just well enough to win. Which is perfectly alright with the local supporters because a win is a win, no matter how you slice it. As for McMinn County, I do not mean to infer that it would be totally impossible for them to whip Loudon. Should the Redskins take the field in a deep slumber with their press clippings uppermost in their thoughts, then yes, McMinn County most certainly could knock them off. It happens all the time as you well know.

The minds of Loudon supporters are focused directly on the Cleveland Blue Raiders which is still two weeks away. (The game that is) But in order for Loudon to enter the Cleveland city limits unbeaten, they must first dispose of the afore mentioned McMinn County squad and then Rhea County. (Dayton) First things first.

Actually and truthfully, Redskin supporters are hopeful of a second consecutive state championship. Is it possible? Yes. All Loudon has to do is keep winning.

Bud Miller is letting the champagne bubble. - The Pittsburgh Pirates will meet Cincinnati in the National League playoffs. Tom Seaver's inability to win in the late stages was the undoing of the Mets. And the Cubs - They're the tough luck team of all time.

Pittsburgh and Cincinnati start their 3 out of 5 series this Saturday in Pittsburgh. (October 3rd) The first two games are in the Pirate's stadium which is Three Rivers. The last three, if necessary, are in Cincinnati's Riverfront Stadium.

I'm picking Pittsburgh to whip the Reds. The Pirates have had to hustle all the way which will make them sharp. Cincinnati, having clinched their division early, will have trouble regaining their early season form. The Bucs are going all the way! Right Bud Miller?

On a hunch, I'm picking the Minnesota Twins to beat Baltimore in the American League playoff. The Twins are hungrier than the Orioles. The A.L. playoff also starts this Saturday.

Then, on October 10th, it's the OCTOBER CLASSIC. The greatest sports spectacle of all time - THE WORLD SERIES. Man, I love that world series.

The Vols knew that Terry Beasley was a dangerous threat. Yet they couldn't contain him. Mr. Beasley is one fine receiver.

Alabama meets Ole Miss this Saturday night on television. The game will be played in Jackson, Mississippi. "There goes Archie." Or "It's good to be back among the Magnolias." Goodnight everybody.

Foster, Brannon, Lancaster Win Football Contest Cash

Ed Foster, Rt. 4, Loudon, came the closest to having the first perfect entry in the Herald Football Contest this year. Foster correctly picked the winners in all 10 games and had a total of 37 points on the tie-breaker game which saw Loudon defeat Everett 28-8, or a 36 point tie-breaker.

For his efforts Mr. Foster will collect \$12. Second and third place cash totaling \$13 will be divided, \$6.50 each between John Brannon, Rt. 1, Lenoir City and Andy Lancaster, 602 Ferry Street in Loudon. Both correctly picked all 10 games and had 28 points listed on the tie-breaker.

The three cash prize winners were the only ones to get all games correct, but about 50 contestants missed only one game. Prizes may be collected at the Herald office. Ten new games are listed in

the contest for this week. Just mark the winners of the 10 games and guess at the total number of points to be scored in the tie-breaker game and you too can share in the cash prizes given each week in the contest. Deadline for getting entries in is 5 p.m. Friday.

quarter, Jimmy Long scampered 40 yards behind the blocking of Mike Brookshire and David Kincaid for the touchdown, the try for the extra point failed.

The next time the Indians had the ball, Dennis Queen broke three tackles and scored from the Crossville 25 yard line. Queen again passed to Colvin for the extra points. This made the score 22-0.

On the last play of the first half Jimmy Long ran 25 yards on a reverse for the touchdown. Queen passed to Colvin for the extra points. At halftime the score was 30-0.

The third quarter opened with a bang. Queen passed to Kincaid for 13 yards. On the next play Queen passed to Mike McCall for 70 yards and a touchdown.

The Indian reserves defense held Crossville at the Indian 20 yard line. Colvin then went 40 yards on a double end around. Then McCall went 12 yards to the 32 yard line. McCall went the remaining eight yards on a triple reverse to make the score 44-0. The Indians showed that they could play defense as they stopped Crossville from scoring the last half.

Davidson, Brookshire, Colvin, Kincaid, Roberts, and Varner were outstanding on defense for the Indians. All the Loudon Quarterback Club teams play the Loudon City at Loudon Saturday night.

\$5 Third Place Each Week

Entries must be in Herald Office by 5 P. M. Friday or Postmarked by 5 P. M. Friday, if mailed.

CONTEST RULES

1. Clip the contest entry blank on this page, or make a reasonable facsimile. In the columns designated, mark which team you think will be the winner, or if in your opinion, any game will be a tie, mark your entry accordingly. Also estimate the total number of points which you think will be scored in the Tiebreaker game listed on the entry blank. This will be used only if it is necessary to break a tie between contestants.
2. Only one entry per person may be submitted. Employees (or their immediate families) of the Loudon County Herald are not eligible to enter this contest. Players of teams in contest are not eligible.
3. All entries must be deposited in the contest box in the Herald office by 5 p.m. Friday or postmarked not later than 5 p.m. Friday, if mailed. Entries received after that time will not be eligible. Address all entries to FOOTBALL CONTEST, The Loudon County Herald, Loudon, Tennessee.
4. Entries will be judged on the number of games right. In case of a tie, the contestant coming the nearest to the actual number of points scored in the Tiebreaker game will be awarded the prize. The names of each week's winners will be printed in the Herald on the following week. All contestants agree that the decision of the judges will be final, and all entries become the property of the Herald.

Mustangs Down Crossville 30-0

The Loudon Mustangs defeated Crossville Saturday night 30-0 at Bacon Field. Crossville winning the toss and electing to receive, returned the kick-off to the 49 yard line. After receiving a five yard penalty on the first try, Crossville was unable to move the ball and had to punt to Loudon. Loudon received a penalty of 15 yards for roughing the kicker. Crossville again punts to Loudon. Kincaid made the first down for Loudon with the ball on the Loudon 35 yard line. During the second quarter, Deatridge took the ball for 30 yards for the first touchdown making the score 8-0. During the third period Loudon took the Crossville kick on the 33 yard line. Deatridge made a first down on the Crossville 33 followed by Webster on the Crossville 10 yard line. After a five yard penalty against Loudon, Watkins went over for the TD from the Crossville 12. Webster made the extra point. Following the punt to

Crossville, the team was unable to move the ball in three tries and the punt to Loudon was blocked with Loudon taking over on the 49. Webster went over for the third Loudon touchdown ending the third period with a score of 22-0. After passing the ball back and forth during the fourth period, Webster intercepted a pass and returned the ball to the Crossville 39 yard line. Webster made the final TD and extra point ending the game 30-0.

Grasscutters Victorious 28-6

The Loudon Grasscutters continued its win Saturday night over Crossville with a win of 28-6. After two touchdowns in the first quarter, Vance took the ball and scored the first TD in the second period. Crossville took the ball and after several penalties between both teams, Hamly of Crossville scored ending the second period 20-6. Townson kicked off for Loudon and Loudon recovered the onside kick. Townson raced 41 yards for the TD. Purdy made the extra point making the score 28-6.

Redskins Blast Everett 28-6, Homecoming Game Friday

Coach Bert Ratledge's Loudon High Redskins rolled to a 28-6 win over a stubborn Everett Bulldog eleven last Friday night at Everett. The Redskins have now run their unbeaten streak to eight and they are undefeated but have tied once in 16 games. The Redskins ranked eighth in the state in the AP poll and now have 40 points in their bid for their second straight class AA crown. Coach Ratledge said the Redskins did a pretty good job Friday night, but they were still making too many mistakes. He said the offense looked sharp at times, but they were still not as sharp as he would like for them to be. He said the Redskins are coming to the hard part of their schedule and that the Redskins were really going to have to

work hard in the next few weeks. Ratledge said the Redskins are still getting too many penalties and the fumbles are causing a lot of trouble for the offense. Coach Ratledge said the Redskins would face another tough opponent this week as they play host to McMinn County. He said that McMinn County, even though they are winless in four games, are a good opponent and the Redskins would have to play heads-up ball to win this one.

The McMinn County Cherokee will bring a veteran ball club to Loudon Friday night to tangle with the undefeated Redskins. Coach White has eight lettermen returning from last season that lost to the Redskins in a real tough game. In the backfield is QB Don Ring who has scored two of the four touchdowns. The Cherokee have scored this season. Spindler Raymond Seague and Bobby Davidson

are the halfbacks and Don Frank is the fullback. Lineman are guards Eddie Nunley and Keith Barton, tackle Randy Harrison and Terry Watson and end Butch Smith. The Cherokee lost their opener to Everett 20-12, then to Bradley County 21-6, Clinton 20-6, and then last week the powerful Oak Ridge Wildcats took the Cherokee team 18-0. This should be a real good ball game as the

Cherokees would like nothing better than to break the Redskins winning streak. When you have a season like this it's not too hard to get a team up for a game like this as they have nothing to lose. The Redskins were led by Lonnie Hawkins with 101 yards in 12 carries, J.L. Millsaps with 39 yards in 13 carries, and Yancy Hampton with 48 yards in 12 carries. In the offensive line, there to open up the holes for these backs are Ray Simmons, Hank Evans, Joe Black, Tony May, Fred Chaney, Mike Bivens, Rich Alexander, Bryon Larson, and Ronnie Watkins. The defense was led by J.L. Millsaps, Tony May, Mike Bivens, Jerry Basher, Hank Evans, Ray Simmons, Fred Chaney, John Colvin, Ronnie Watkins, and Lonnie Hawkins. Yancy Hampton, and Rich Alexander.

YOU DROPPED IT—Ronnie Watkins (63) applies a bruising tackle on Everett's Danny Maples, who was attempting to field a punt. Maples dropped the ball (shown at Watkins' feet) which was recovered by the Redskins.

WANNA WRESTLE—Loudon's Steve Clark prepares to deck Everett Quarterback Rodney Fuller in action against the Bulldogs last Friday night where the Redskins scored a 28-8 victory.

YANCY UP AND OVER—Loudon Quarterback Yancy Hampton (13) leaps up and over an Everett lineman as he scores the Redskins third touchdown of the night against the Bulldogs. J.L. Millsaps (30) and Greg Cagle (22) are shown leading Hampton in for the six points.

SQUEEZES THROUGH—Loudon fullback J.L. Millsaps (30) squeezes through a bunch of dark-shirted Everett defenders for a good gain against the Bulldogs as the Redskins got their fourth win of the season 28-6.

WALKING A TIGHT ROPE—Loudon halfback Lonnie Hawkins appears concerned over the sideline marker as he skips into the Everett end zone for six points for the Redskins as the referee watches and Everett's Marty Everett comes across too late to prevent the score.

THIS TD CALLED BACK—Lonnie Hawkins is goalbound as Everett Bulldogs look on from too far a distance, but a Redskin blocker was detected being a little tough on the defenders and the score was called back—temporarily of course.

TOO MANY REDSKINS—Everett Quarterback Rodney Fuller is the only Bulldog around as Loudon's Lonnie Hawkins applies the tackle with Yancy Hampton (13), John Colvin (43), Mike Lancaster (86) and Ray Simmons (81) waiting to help if needed.

Both teams were unable to move the ball until early in the fourth quarter when the Redskins started to move again from their own 40 yard line. With Hawkins, Millsaps, and Hampton moving the ball down field to the Bulldog 28 yard line, then Hampton faked a pitch out and raced down the field to the 15 yard line to make the score 28-0 with 4:25 left in the fourth quarter. With the reserves in the game, the Bulldogs moved 76 yards in six plays to score, with Fuller going over from the one yard line. Fuller then passed to Murphy for the point and the score was 28-6 with 1:13 left in the game. Then Chris Helms cut back onto the ball for four plays as the game ended.

The Bulldogs started to move as they had 76 yards to get loose for 20 yards, but then the Skins defense stiffened and the Bulldogs were forced to punt with Hawkins returning the punt 37 yards to the Skins 47 yard line. The Skins began to move with Millsaps getting six yards to the Bulldog 27 yard line, and then Hampton on the option, started to turn the corner and on a pitch out to Hawkins with the shifty back racing in for the touchdown, but a penalty nullified the score. Two passes fell incomplete, and then Hampton back to pass a hit for a six yard loss on the fourth down to stop the threat with 11:24 left in the second quarter. Three plays later the Skins get another big break when Hank Evans recovers a Bulldog fumble at the Everett 34 yard line and Millsaps hits for 14 yards to the Bulldog 20 yard line, but a penalty moves the Skins back to the 35 yard line. Hawkins then goes for 11 yards, Millsaps for nine yards, then another penalty pushed the Skins back to the 25 yard line, and then Millsaps hit for 18 yards, and the Skins are stopped at the 18 yard line. The Bulldogs were unable to move the ball and were forced to punt with Yancy Hampton returning the punt 35 yards for a Redskin TD. Carnes added the extra point and the Skins are out front 14-0 with 5:18 left in the second quarter. Neither team could move the ball as the first half ended.

The Bulldogs came back in the third quarter to play ball as Maples returned the kick-off 39 yards to the Bulldog 43 yard line, then in eight plays, the Bulldogs had moved down field to the Skins 31 yard line before the Skins defense stiffened and took over with 8:13 left in the third quarter.

ON GUN REGISTRATION TENNESSEANS SAID NO.

ALBERT GORE VOTED YES.

The vast majority of Tennesseans are strongly opposed to the Federal registration or licensing of firearms. Senator Albert Gore voted - not once, not twice, but three times - for such oppressive measures. This kind of Liberal voting has become a hallmark of Gore's career. Congressman Bill Brock, however, voted against Federal firearms licensing and registration.

BILL BROCK BELIEVES

Gun registration is wrong. He believes the criminal must be penalized, not the citizen. Bill Brock has proposed an automatic 10 year jail term for anyone found guilty of committing a crime with a firearm.

The facts show that gun registration would not affect the criminal element of our rising crime rate, and that responsible Tennessee hunters and sportsmen would become the victims of such legislation.

Ft. Loudoun Coop Meeting Saturday

Mr. H.G. Gangwer, Sr., Manager, Fort Loudoun Electric Cooperative, cordially invites the members to attend the Cooperative's Annual Membership Meeting to be held Saturday, October 3, 1:30 p.m., at Madisonville Junior High School Gymnasium in Madisonville.

This is the 30th Annual Meeting of FLEC. Mr. Gangwer states, "We will discuss some of the major steps taken to make the 'good ole days' history. As you look them over, join me in being thankful they are history."

"With all the capability of man and machine, we need only to accept chance to progress in our electric service. Our area is one of GREAT POTENTIAL, and a realization of potential is an admission of under development. Ours is a 'RURAL AREA'... a great place to live, work, love, learn and grow! Our opportunities are many, our responsibilities great.

"As we look over these, the past 30 YEARS, let's gain from them faith and courage to do what we must, TODAY and TOMORROW," he concluded.

Harrison, Hawk On Dnn Board

Dr. Sam Harrison of Loudoun and Dr. Richard Hawk of Lenoir City have been appointed Co-Chairmen of a new Loudoun County Healing Arts Committee in support of gubernatorial candidate Winfield Dunn, according to an announcement from the county's Dnn for Governor Headquarters this week.

When informed of the appointments yesterday while in Knoxville, Dunn said, "I am extremely grateful for the active support of Dr. Harrison and Dr. Hawk in my campaign. Health and related programs will carry a high priority during my administration, and I intend to rely heavily on the counsel of my Tennessee colleagues in the healing arts profession in establishing and upgrading new and present programs. The gubernatorial candidate was in Knoxville Wednesday evening for a staff meeting with his County Campaign Chairmen in the Second District. He will visit Loudoun County Campaign Chairmen in the Second District. He will visit Loudoun County today speaking to the Loudoun High School assembly and meeting friends at the courthouse.

Middleton Promoted To Master Sergeant

Benny T. Middleton Jr., son of Mr. B. T. Middleton, 345 S. Chester St., Ruleville, Miss., has been promoted to master sergeant in the U. S. Air Force.

Sergeant Middleton is a communications supervisor at Dhabran Airport, Arabia. The sergeant is a 1953 graduate of S. R. Butler High School in Huntsville, Ala. His wife, Mary, is the daughter of Mr. and Mrs. Bruner Moore, Rt. 3, Loudon.

Littleton On Board Of Governors

Billy Joe Littleton of Loudoun County has been named a member of the Board of Directors to the organization of a "Governor's Council Directors" for Middle Tennessee State University alumni at a Sept. 26 meeting. The meeting was attended by representatives from 26 Tennessee counties.

The board of local directors is to be expanded with organization of new alumni chapters in all the counties of Tennessee. Additional State Directors from those states where active MUSU alumni organization have been formed will be invited to sit on the Board of Governors, according to Dr. Homer Pittard, alumni secretary.

Population Loss Here Set At 122

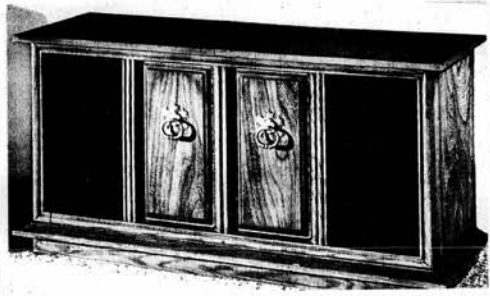

Tennesseans continued to migrate to other states during 1960-1970 but the loss was substantially less than in the preceding 10 year period, a University of Tennessee report says.

The UT Center of Business and Economic Research at Knoxville said the state lost approximately 86,200 persons through outmigration between 1960 and 1970 compared to some 272,500 outmigrants in the 1950-1960 period. Date for the report was compiled from preliminary U.S. 1970 Census figures.

Loudoun County had a natural population increase of 1,834 between 1960 and 1970 and a loss of 1,955 due to migration, the Center says. Total population of Loudoun County was placed at 23,631 which is an decrease of 122 from the 1960 Census.

LOUDON COUNTY JUDGE

Whose Ditch?
An interesting item of discussion came up at our last Quarterly Court meeting on September 21, 1970. The question concerned whether or not it was the County's responsibility to maintain a

As I understand it, this drainage ditch runs parallel to, and some times right next to, the road.
After some discussion I suggested that it might be a good idea for the County to have an attorney look into the situation as to the width of the right-of-way, and as to any other matters that might affect whether or not the County is responsible for keeping that ditch open.
In other words, the ditch has been there for sometime, and the people who have property adjacent to the ditch may have the personal responsibility to keep the bridges over the ditch maintained, rather than it being the taxpayer's responsibility.
The C.J.

Mr. Doug Williams of Lenoir City was in the audience (this was during the "open" discussion part of the meeting) and asked that inasmuch as I "the County Judge" was an attorney, why shouldn't I investigate into this matter and give a legal opinion for the County?
I explained it this way. On many things, I am certain that it has been of great benefit to Loudon County over the years to have a person with legal training as the "County Mayor." As time has passed, the County Judge's office has become more administrative and fiscal oriented than it has as a judicial function.
In the past the judicial function was very important from the standpoint of acting as juvenile judge, commitments to mental hospitals, appointment of guardians for infants, deciding disputes concerning claims against estates, probating wills, and matters of that sort.
However, over the years this judicial function has been eroded away as the administrative responsibility of operating a county has become more complex.
Some of the judicial functions remain and this makes it important in that respect to have a lawyer as County Judge.
In like terms, it is also very helpful in many many matters that come up to have legal background and training, because many of the County's problems involve interpretations of laws, administration of laws, contracts, etc. You can just imagine the things that come up, including the advantage of having some knowledge of how to avoid legal difficulties in the future.
However, when it comes to the point of deciding

THE LOUDON COUNTY HERALD, THURSDAY, OCTOBER 1, 1970, PAGE 9

people in a personal way, and in attempting to represent Loudon County in a Court proceeding, there are other factors that come into the situation.
A Foolish Client
Some famous man, and I believe maybe it was Oliver Wendell Holmes, once said something to this effect: "an attorney who represents himself has a fool for a client."
An attorney who is involved in something personally cannot have the objective outlook on the situation. For example, in the recent trial of Freddie Moses, the prominent Knoxville attorney, he did not represent himself—it would have been foolish for him to do so.
I think the other main factor about a County Judge, as an attorney attempting to represent the County in important legal matters at the County's lawyer, is that personalities can become involved.
For example, the County Judge's job, as much as a governor's or a mayor's job, is by nature controversial and political. I have always tried to kind of discard political implications myself and just attempt to do a good job for all the people and for their benefit; but other people don't look at me that way and implicate political motives, so you have to say that the job is political.
In certain situations if I made a decision saying "such and such" this was the law, or in my opinion "such and such" is the County's legal position or legal responsibility, and if mine was the only legal opinion involved, then whatever my decision was some people would tend to say I made the decision because of politics, or that I was trying to get back at such and such, or I was trying to help "so and so."
In a nut-shell I believe this is the proper attitude to take toward this question. There are some things the County Attorney himself should handle.

Ask For Elm Hill Meat At Your Grocers Or Supermarket

When they look at us, they see a little of you.

When Union Carbide sends its people to Asia, Africa, South America and even Europe, they represent a country as well as a company.
So while we're out to make money abroad, we're also out to make friends abroad.
Sometimes, it's as simple as knowing local customs.
In Singapore, our Eveready battery plant has a cafeteria that serves three different menus. To meet the dietary, ethnic and religious needs of our Indian, Chinese and Malaysian employees.
Overtime, making friends and making money is a little more complex.

To mine huge manganese deposits in Ghana, we built a whole town. From the ground up. Later, we put a plastics plant in Ghana. And then a battery plant. And made even more friends.
None of this is our newest idea. It's something Union Carbide discovered long before international business was fashionable.
And it's all quite simple.
Overseas, we're you.

IN MEMORY OF
 SARA ELIZABETH JONES LENNEX
 Who died Oct. 1, 1969.
 Your gentle face and patient smile with sadness we recall,
 You had a kindly word for each and died beloved by all.
 The voice is mute and stilled the heart, that loved us all and true,
 Ah, bitter was the trial to part from one so good as you.
 You are not forgotten loved one nor will you ever be.
 As long as life and memory last we will remember thee,
 We miss you now, our hearts are sore, as time goes by we miss you more.
 Your loving smile, your gentle face, no one can fill your vacant place.
 Parents, Mr. and Mrs. James Jones and the Lennex family, Pat and Robbin

Music Appreciation

I am not a musician, but as I write this I think back and realize how my taste in music has changed. Early in life, it took only the simplest childhood jingles to please me. Then in school I was trained and taught to appreciate more intricate music. All through life I feel that my knowledge of, and appreciation for music has grown and matured.

Through study and help from others, I have also grown as a Christian and have a better appreciation of my Lord.

My knowledge of, and love for God increases with each church worship service. This way of life and worship, I would recommend to anyone. Want you try it...

all of our pictures in the good old days this week go back to around the turn of the century. Needless to say it is always interesting to look back on that period of time.

Oh, yes, those in the picture are: back row, Mrs. Virginia Peters, deceased; Luke Martin and Mrs. H. E. (Ida) Martin; front row, Floy Martin of Yakima, Wash., and George Martin of Philadelphia.

The Martin family meant much to my family many years ago when we lived in Philadelphia. Miss Ida, as Mrs. Martin is known to most folks, was most kind to my mother who was seriously ill at that time in life. My mother, now deceased, expressed her love for Mrs. Martin and the other very kind ladies of Philadelphia.

Our many thanks to the loaner of this old photo. Another old picture we have this week is one that shows a portion of Loudon that has changed with the passing years. Another pointed case of how this comes about in such a slow process that we are not aware of it until we can look back through memories or pictures and see the drastic changes. Of course, the most drastic change has taken place in our visit anymore, everyone is busy in his or her own way and this is not intended to offer a critical air. But is just a fact we have had to accept.

The old picture, which was made 58 years ago, is of Mr. and Mrs. Fred Jones, a well-known Loudon area family who have many relatives living in this section. The houses in the picture are the old Green Warehouse and the old Bill Scott house. Like we stated a few paragraphs ago, times have changed since the year 1912. This goes back before my time, can't hardly remember that far back. We are always glad to have pictures that take us back more years than a lot of us can recall.

The picture used last week of the fancy boat which was built by the late John Cooper has brought quite a few inquiries as to size and us forth of the boat. Well,

taken in 1912. It seems that

to Calvin Lunsford Quite often in the weekly edition of the good old days we have asked for pictures from Loudon City, Greenback, or Philadelphia etc. Well, this past week we received from Philadelphia a very interesting picture from down in Philadelphia, which we think is quite appropriate. The picture is via one of Philadelphia's best known families. Possibly many have heard of the picture and recognized who it was before reading.

Many I am sure did not recognize the picture and one reason might be the fact that it was taken many, many years ago. And possibly those interested here have changed somewhat with the passing years. This picture was taken in the Martin family home, which still stands today much as it was when this photo was

HELP FOR DARLENE-Loudon Lions Club President Ben Surratt (left) is shown presenting Roy Thearp, the father of Darlene Thearp, a check for \$100 which was raised through personal donations of the Lions Club, to help kick-off a campaign to help the family defray expenses of surgery the girl is undergoing to save her sight. Lions Start Fund To Help Loudon Girl Keep Eyesight, Has Surgery

by Larry Cate
Editor

If Darlene Thearp, age 11, had not been entered in the Massachusetts Eye and Ear Infirmary in Boston last week and had surgery Thursday, she would be blind today. On top of this she faces more surgery and doctors say her chances are still less than 50-50 in retaining vision.

DARLENE THEARP

Darlene is the daughter of Mr. and Mrs. Roy Thearp, Poplar Springs Road, Loudon. Today (Thursday) she is scheduled to undergo a second, very delicate and expensive operation to repair a torn retina.

After becoming aware of the problem facing the Thearp family the Loudon Lions Club has adopted the case as a priority and established the Darlene Thearp Fund to help defray some of the costs which may run over \$7,500. To kick-off the campaign the Lions took up a collection at their meeting last week which netted \$100. To further supplement the drive the Lions are planning a Fish Fry for the very near future and the proceeds from it will go to the family. In addition to this the Lions are seeking financial assistance from the Loudon District State Conservation as the main project of Lions all over the world and locally the Lions have spent thousands of dollars in testing eyes of children, purchasing glasses for needy persons and sending blind children to school.

Charles Davis has been appointed Chairman of the Darlene Thearp Fund and making a check payable to the Darlene Thearp Fund and mailing it to Mr. Davis in care of the First National Bank in Loudon.

Eye problems are nothing new to the Thearp family. In December of last year and again in February of this year Mrs. Thearp (Arlene) had cataract surgery. In July of this year, Darlene had a cataract removed from her left eye. She failed to pass the fifth grade at Stowe School because of the problems of her eyes and also has cataracts on her right eye.

The smaller daughter of the Thearp's, Pam, 7, a first grader, also has cataracts on both eyes, but may be able to do without surgery for several years, the family hopes. The three previous operations were paid for by Mrs. Thearp and Darlene's father has covered the family over \$25,000 and their insurance did not meet near all the costs. Darlene's present problems are not covered at all under their insurance.

Following the removal of the cataract from her left eye, Darlene began to improve, but a visit to her doctor in Knoxville two weeks ago showed that she had a retinal tear. The family was referred to a doctor in Atlanta, who examined the child and said the tear was about two weeks old and becoming worse and if something was not done immediately she would lose the sight of the eye all together.

There was no time to think of expense and the only place close where the surgery could be done was in Boston. On Sunday, Sept. 27, Darlene's parents took her to Boston. The family could not afford the plane fare there. Mr. Thearp is a welder at the

Embezzlement Charge Trial Of Former Criminal Clerk Continues

At the beginning of a third day of testimony, Criminal Court Judge Lloyd McClure Wednesday morning approved a defense motion for a directed verdict of innocent for former Circuit Clerk Bobby Knowles on a charge of arson.

Defense Attorney Don McMurray told the Court that the prosecution had failed to enter in evidence any testimony to show that the materials burned in a fire in Mr. Knowles' office on March 23 had a value of \$25 or more, as required by the statute under which he was charged.

Atty. Gen. Kenneth DeLoach and Assistant Atty. Gen. John Crawford III of Maryville handled the state's case.

The trial was to continue at 9:30 a.m. Wednesday, before Court was scheduled to open at 9.

Monday, in a day and a half of testimony, state auditors Lloyd Smith and Benny King testified that they had traced together records salvaged from the fire and had obtained information from other sources for an audit of the office for the period Sept. 1, 1968 through the date of the fire.

The motion was argued 8:30 a.m. Wednesday, before Court was scheduled to open at 9.

Monday, in a day and a half of testimony, state auditors Lloyd Smith and Benny King testified that they had traced together records salvaged from the fire and had obtained information from other sources for an audit of the office for the period Sept. 1, 1968 through the date of the fire.

The Clerk had overpaid his salary by \$4,814.74, that deputy clerks and had been overpaid by \$663, and that \$3,362.48 in receipts of the office had not been deposited in the official bank account. These figures totaled \$8,840.22, the amount listed in the indictment.

Defense attorneys Don McMurray, Bill Windray and Atty. Gen. DeLoach, who told the court they were not being paid, contended that part of the shortage was based on deficit reported in prior audits, all of which had already been paid. In fact, they claimed, \$1,298.44, reported as a deficit on Sept. 1, 1967, was paid, and then paid again as a part of a \$3,889.26 deficit reported in a Sept. 1, 1968 audit and repaid on Dec. 16, 1968.

It also was the defense contention that a \$93.19 penalty assessed by the state as a late filing fee and \$99.10, resulting because one receipt for 90 cents got posted as \$90, also should be deducted.

The defense also contended that Mr. Knowles was entitled to allowance for service as secretary to the jury commission over and above his salary of \$10,000 per year.

Leon Miller, agent for the Tennessee Bureau of Criminal Identification, said he conducted an investigation at the residence of Sheriff Freeman Russell on the day of the fire. He said there was no evidence of forced entry in the Circuit Court Clerk's office and that marks on the frame of the Sessions Court Clerk were located above the lock and could not have allowed entry into the office.

Police records indicated that approximately \$100 and three pistols were taken from the Sessions Court Office.

Fire Marshal Gene Hartsook testified that he and his men, conducting one fund raising drive, was kicked-off last week and at that time some \$687.71 was reported.

Campaign Chairman Jack Hill said he hopes to see a good crowd of Ares Chairmen and group chairmen at the luncheon report meeting with a good report. Chairman Hill said he would like nothing better than to end the county-wide drive during the month of October.

United Fund Report Monday

The first report meeting of the 1970-71 Loudon County United Fund Drive is scheduled for 12 noon Monday at the Southland Restaurant in Loudon City. Barbara Cardwell, executive secretary announced this week.

The \$41,671 campaign, which contains 14 separate agencies, conducting one fund raising drive, was kicked-off last week and at that time some \$687.71 was reported.

Campaign Chairman Jack Hill said he hopes to see a good crowd of Ares Chairmen and group chairmen at the luncheon report meeting with a good report. Chairman Hill said he would like nothing better than to end the county-wide drive during the month of October.

Roberts Heads Brock Youth Here

The Young Volunteers for Brock announced last week its Youth County Coordinators for the Second District which includes Donnie Roberts of Loudon for Loudon County.

"We expect Bill Brock to do well in the Second District," said Woody Pearson, "but we know that it is still an uphill battle to keep an incumbent. We are going to have to put a lot of work into the campaign, but that's why I accepted the appointment. I believe in Bill Brock as I know the other coordinators do, and I want to do everything I can to help elect him."

In making these appointments, John Stamps, statewide chairman of the Young Volunteers, stated, "I am really proud to know that these eager young people believe in Bill Brock, and that they are willing to devote their time and energy to electing him. With people like these supporting Bill I know we are going to win."

Education Charrette Opens Next Week, Is Drawing Nation-Wide Attention

Daily sessions of the Little Tennessee Valley Charrette will begin at 1 p.m. Tuesday, Wednesday and Thursday, and continue each day for as long as their interest. There also will be a meeting Friday afternoon, but plans now call for adjournment that day in time for people to attend the respective football games.

The continuing nature of the daily meetings was emphasized Monday night when several persons noted that the printed tentative schedules calls for "committee meetings" at 1 p.m. on each of these days.

Dr. Bill Day, of the University of Tennessee School Planning Laboratory, who has been employed to direct the charrette, explained the schedule. He also agreed that "committee" was an unfortunate choice of term. Actually, he said, every member of the general public is a member of the "committee" and is invited and urged to come in, to listen, and to express his views.

The Little Tennessee Valley Charrette is the local version of a new experiment in a method of gaining insight about public issues through public discussion. Eight previous charrettes, scattered from Baltimore, Md., to Albuquerque, N.M., to Thomaston, Ga., to York, Pa., have been held during the past year. This one, considered to be the most "massive" yet attempted since it covers three counties, is designed to study the issues affecting education in Loudon, Monroe and Blount Counties.

The project also will bring together a panel of consultants, experts in various fields of education to give professional advice on suggestions expected to be made by participants.

Following the week of county by county sessions, the Charrette schedules calls for joint three-county meetings at Loudon City High School on Sunday, Monday and Tuesday, Oct. 18-20.

Advance meetings have been held in the past on questions such as the following may come up for discussion this week:

1. What vocational training is needed in the Little Tennessee Valley area?
2. What would be the best location for a Public Community College?
3. Would combining the seven school districts in the three county area provide a better educational system?

The project also will bring

Dunn To Tour Local Plants Friday

Republican candidate Winfield Dunn, who is becoming a frequent visitor to Loudon County, will be here on Friday, Oct. 9 for the second time in two weeks, according to an announcement by county co-chairmen Mr. and Mrs. Roy Cardwell.

Arriving at noon, Mr. Dunn will follow an industrial visiting schedule starting with the Charles H. Bacon plant in Loudon City and progressing to visits with Eaton Valve and Town and the Maermont plant in Loudon.

Later that evening, he will meet friends and the general public at the Lenoir City-Alcoa football game in Lenoir City before returning to Knoxville.

Last Thursday, Dunn received a standing ovation at the Loudon High School assembly when he attended and spoke to the student body. Disregarding a prepared text, the candidate told instead of his personal experiences with his family when "we all decided that I should make the race for Governor. We had three of us - my wife Betty and our three teen-agers all now in their important school years. It had to be a family decision, and we all make it together," he said.

At the end of his address, the candidate was advised by Principal Bill Napier that he was "standing in the home of the State Football Champion Loudon High Redskins," an announcement which he enthusiastically applauded along with the assembly, and was presented with a lifetime pass to future Redskin games by Coach Chig Ralledge.

Before leaving for a reception in Monroe County, Dunn visited the Loudon County Courthouse where a group had gathered outside to meet him. Criminal Court, in session at the time, was recessed by Judge Lloyd McClure so that the candidate could also visit with attorneys, jurors, and citizens in attendance.

DUNN AT LOUDON HIGH—Winfield Dunn, Republican Nominee for Governor is shown speaking before the student body of Loudon High School last Thursday morning. Dunn, given a standing ovation as he entered, told the students that they too might one day have the same honor as he and his family have in seeking the highest office in the state of Tennessee.

Choral Group To Organize In Loudon

A meeting has been called for persons interested in singing in a civic choral group for Loudon County. The meeting is for 7:30 p.m. in the Choir Room of the First Baptist Church, Loudon. At the last meeting, the following officers were elected: Inky Swiney, president; Mrs. G.S. Dicken, secretary-treasurer.

Director of the choral group will be G.S. "Buddy" Dicken.

Rhea-Chestnut Vows Pledged

The wedding of Miss Judy Davenport Chestnut and Robert Joseph Rhea, Jr. was solemnized on Sunday afternoon, September 20 at the Cumberland Presbyterian Church, Greenville, with the Rev. Roy E. Blakeburn and the Rev. Walter Chestnut, father of the bride, officiating before the altar centered with a gold cross, candelabra and arrangements of white chrysanthemums and greenery.

The bride is the daughter of the Rev. and Mrs. Walter Chestnut of Lenoir City, and the bridegroom is the son of Robert J. Rhea, Sr., and the late Mrs. Rhea of Greenville. A program of nuptial music was presented by Mrs. David Rhea, organist; Mrs. Gordon Roberts, soloist; and Miss Nita Jones, flutist, of Waynesville, N.C. Acolyte was Merrill Andrews.

Given in marriage by her father, the bride was attired in a gown fashioned of peau de soie. Alencon lace appliques enriched with pearl beading cascaded over the contoured bodice styled in a scoop neckline and three quarter sleeves. Lace appliques were repeated on the front of the skirt and a petite bow in the back released a detachable train edged in lace appliques. Her veil was held by a headpiece of alencon lace flowers with seed pearls. She wore a pearl necklace, a gift from the groom. Her flowers were gardenias and white rosesbuds.

Mrs. Frank Stephen Robinson, Charlotte, N.C., sister of the bride, was matron of honor. Bridesmaids were Miss Carolyn Aruckle, Lynchburg, Va., and Miss Sandra Rhea, Knoxville, cousin of the groom. They wore gowns fashioned of gold crepe, the bodice of which was styled in a high scoop neckline and short sleeves. A bow in the back held a detachable panel edged in gold braid. Their headpieces were matching gold bows. They carried yellow rosesbuds and bronze chrysanthemums.

Mr. Robert J. Rhea, Sr., served his son as best man. Groomsmen were Chalmers L. Brown, Atlanta, and John W. McInturf, Jr., Greenville. Ushers were Dr. Joe R. Henley, Kingsport, Henry H. Brown, Fred Roberts and Ned Sanders, all of Greenville.

For her daughter's wedding Mrs. Chestnut wore a mint green dress enriched with seed pearls and braiding and some matching accessories. Her corsage was gardenias and white rosesbuds.

The reception at the church was given by the bride's parents, using a color scheme of gold and yellow. Miss Louise Gass kept the guest register and Miss Beverly Phillips rendered piano selections.

For her going away outfit the bride chose a red knit suit with a corsage of gardenias. After a wedding trip to Bermuda and New York City, the couple are residing at 130 W. McKee St., Greenville.

The bride is a graduate of Loudon High School, Bethel College, McKenzie, and Presbyterian School of Christian Education, Richmond, Va., and is Director of Christian Education at the Greenville church. The bridegroom is a graduate of Georgia Military School, Milledgeville, Ga., and University of Tennessee. He is associated with Rhea Foods, Inc., Greenville.

On Saturday there was the bridesmaids luncheon and the rehearsal dinner. A Sunday luncheon was given by Mr. and Mrs. Joseph Davenport of Bowling Green, Ky., uncle and aunt of the bride.

Out-of-town relatives of the bride present were Lt. Paul Chestnut, Denver, Colo.; Mrs. W.F. Chestnut, grandmother, Mr. and Mrs. Joseph Davenport, Mr. and Mrs. Harry Walker, Bowling Green, Ky.; Mr. and Mrs. Robert Davenport, Durham, N.C.; and Mr. Steve Robinson, Charlotte, N.C.

The Rev. Mr. Chestnut is a former pastor of the local Cumberland Presbyterian Church.

Flowers

"Spring Beauty" A FLOWER NAME!

"Spring Beauty" is actually the name of a wild flower which grows from Nova Scotia to Georgia. It is the most common color—depending entirely on the location. It blooms so early in the Spring that common names such as "Mistyflower" or "good morning, Spring" are often given this lovely flower.

You can have lovely floral arrangements any time of the year. We prepare them any season. Brighten your home with flowers—our flowers.

Rouge, (when used) should be kept to a minimum and just a hint of a blush applied high on the cheek bones blending upwards and outwards towards the hair line.

The trick of blending rouge up toward the lower eye lashes will lend added sparkle to your eyes and blending away towards the temples, makes close set eyes appear farther apart.

Always understate when applying rouge as it's easier to add more than to clean and start again...

Smith To Fill Baptist Post

The First Baptist Church of Loudon has called Rev. Eldon Smith as interim pastor. Rev. Smith will temporarily fill the vacancy in the pastorate brought by the retirement of Rev. O.C. Rainwater.

The church voted to call Rev. Smith on the interim basis and he will serve in this capacity until such time as the church calls a full time pastor.

Rev. Smith, who is a member of the staff at Harrison Chilhowee Baptist Academy, a Baptist school located at Seymour, Tenn., has served several churches in the East Tennessee area. These include 14 months at Central Baptist Church in Oak Ridge, the Kingston Pike Baptist Church and the Dixie Lee Baptist Church.

He is a graduate of Canon Newbern College and the Baptist Seminary.

Rev. Smith, who states that he is not available for full time ministry, prefers to serve churches on the interim basis and continue his work at Harrison Chilhowee Academy. The academy, he stated, is making progressive growth toward becoming a vital link in the realm of Baptist supported and sponsored schools.

Smith delivered his first sermon on Sunday, Sept. 27. The Smith family will continue to live near the campus of the Academy and will commute twice weekly to the First Baptist in Loudon. Rev. Smith stated he would like to urge all members to attend whenever possible and extended a welcome to any visitors who might desire to attend any of the weekly services.

MODERN DRUGS

CONTEMPORARY USE

ILLEGAL ABUSE

by Lester Averett Pharmacist

Free enterprise is our belief. This week, the United States has developed more than 100 new prescription drugs in recent years.

One really good reason for our being ahead, can be attributed to the free enterprise system. I think that you'll agree, that if we did not have well over fifteen hundred new drugs, we would not be developing our new products at such a rapid pace.

This competition creates new ideas, fair pricing, and the products for our good health.

WEBSTER'S REFERENCE TO SPORTS

By JOE WEBSTER

McMinn County gave it all they had, but it wasn't nearly enough. J.L. Millspass and Lonnie Hawkins covered more ground with the football than a car using Shell platformate. Frankly, my dear, it looks like Dayton is a dead duck.

The Redskin passing attack looked much better against McMinn County, much better. Simmons dropped two passes, but don't worry, he'll catch a lot of them before he finishes at Loudon High School.

Chris Cagle, apparently wired with radar, plucked Cherokee passes out of the air like he was pickin' strawberries. He had a great night. While I'm thinking about it, I don't know why Cagle isn't used more as a pass receiver. I believe he could snag those passes.

The Redskin defense against the running game looked exactly like last year's defense. Need I say more?

On the first pass that Simmons dropped, he was wide open. Maybe too open. He had time for cake and coffee and a five minute nap. This is when you drop them.

At the moment, I am inclined to think that these 1970 Redskins will repeat as state champions. A premature judgement? Not at all. It's just that I am now fully aware of "Chig" Ratledge's capabilities. His 1969 squad could have whipped any high school team in the state and this 1970 team is beginning to look a lot like Christmas. But, as usual, they've got to keep winning.

Kingston beat Cleveland and that surprised exactly nobody. That'll just make the Blue Raiders tougher than ever.

Well, Bud Miller, our Pirates lost. But we'll get em' next year and that's a fact. I'll tell you here and now, it'll be Pittsburgh in the 1971 World Series.

The Minnesota Twins another favorite of mine, also bit the dust. The Baltimore Orioles are tough but Cincinnati will take em' in 7 games. THAT'S RIGHT, I'M PICKIN' CINCINNATI.

Baltimore centerfielder, Paul Blair, made one of the greatest catches I've ever seen in the Oriole's Saturday game against Minnesota. Did you see that catch? It was sensational.

Here's a long-range forecast: Ole Miss versus Texas in the Cotton Bowl or Ole Miss versus Notre Dame in the Orange Bowl. How's that sound?

Can Tennessee whip Georgia Tech? It'll be tough. The Vols need this one to gather momentum for the rest of the season.

The dream game: Ohio State versus Ole Miss. To be played this Saturday night in Jackson, Mississippi. The winner—why Archie of course. Have you ever, in your life, seen a better college quarterback than Archie Manning? He is fabulous.

GOLF BULLETIN:—Dick Huff and Clell Miller, the sage old pros of Loudon County golfers, soundly defeated Tootsie Carver and Cotton Thomas in a recent match-up. Carver and Thomas reportedly paid up instantly and departed immediately to watch a ball game on television. This ad paid for by friends of Huff and Miller.

Cincinnati will beat Baltimore in seven games. Goodnight everybody.

Upsets Give Grid Contestants Big Problems

Upsets, four of them in the Herald Football Contest last week, caused most contestants to miss from three to five of the 10 games on the contest. The winner, Jack Hall of Lenoir City, missed only the Kingston-Cleveland contest, as did most everyone. He had 28 points on the tie-breaker, which was 27 points in the Loudon-McMinn County game. Jack collects \$12 for his work.

Second, with only one miss also, that being the Powell-Webb game, and \$8 was taken by Mrs. David Thompson of Philadelphia. She had 24 on the tie-breaker.

Because of the number of upsets, only nine persons out of the hundreds of entries missed two games. Two of these had 28 points on the actual 27, and they divide the \$5 third place money and have \$2.50 each waiting for them at the Herald office. The third place winners are Nannie Markin, Foster Street, Loudon and Billy E. Lawson, Rt. 4, Loudon. A new slate of 10 games is

CONTEST RULES

- Clip the contest entry blank on this page, or make a reasonable facsimile. In the columns designated, mark which teams you think will be the winner, or if in your opinion, any game will be a tie, mark your entry accordingly. Also estimate the total number of points which you think will be scored in the Tiebreaker game listed on the entry blank. This will be used only if it is necessary to break a tie between contestants.
- Only one entry per person may be submitted. Employees (or their immediate families) of the Loudon County Herald are not eligible to enter this contest. Players of teams in contest are not eligible.
- All entries must be deposited in the contest box in the Herald office by 5 p.m. Friday or postmarked not later than 5 p.m. Friday, if mailed. Entries received after that time will not be eligible. Address all entries to FOOTBALL CONTEST, The Loudon County Herald, Loudon, Tennessee.
- Entries will be judged on the number of games right. In case of a tie, the contestant coming the nearest to the actual number of points scored in the Tiebreaker game will be awarded the prize. The names of each week's winners will be printed in the Herald on the following week. All contestants agree that the decision of the judges will be final, and all entries become the property of the Herald.

SKINS BLANK McMINN, 27-0, TO VISIT DAYTON

By Tom Delaney
The Loudon High Redskins, looking a little sharper than in the past three games, rolled to a 27-0 win over the McMinn County Cherokees last Friday night to make homecoming a huge success. Dianna Dorsey, daughter of Mrs. Mary Lou Dorsey, Loudon, was crowned homecoming queen prior to the start of the game. A large crowd was on hand to see the Redskins coast to their fifth win of the season. The victory for Loudon now runs to nine straight and now 16 games undefeated.

but have been tied once. With Cleveland and Rockwood both getting beat last Friday night and Harriman not seeing action at all, the Redskins are now holding first place in the Region II, Class AA race.

Loudon Coach Bert Rattlege was very well pleased with the action of the team last Friday night. He felt the team was beginning to pick up some of the sharpness shown in the Alcoa game. Rattlege was glad he was able to give the starters a chance to rest as they have another tough opponent coming up Friday night when they journey to Dayton. Rattlege said Dayton was improving each week and would go all out to beat Loudon. The Loudon offense has looked a bit better each week and Rattlege felt they made some good drives Friday night against McMinn County. He also felt the defense did a real good job

holding the Cherokees scoreless. The Redskins will face another tough team this Friday night when they journey to Dayton to tangle with the Rhea County team.

Dayton was their opening balgame with Saddy-Dayton 13-7, then lost to powerful Maryville 48-12, and to Cleveland, 32-0. They also lost a heart breaker to Harriman 28-26 and then last week the Dayton team knocked unbeaten Rockwood in a close game 7-6. Dayton has a fair ball club and in their backfield they have a real explosive runner in halfback Jerry Brown. Brown has scored four touchdowns for Dayton on runs of 76 yards, 51 yards, 33 yards, and 47 yards. Other backs are quarterback Mike Sched, a fair passer and also a good runner, and Jack Arnold gives plenty of help at fullback.

Hampton passes to Evans for nine yards. Hampton passed to Simmons but a Cherokee was guilty of pass interference, giving the Redskins a first down at the McMinn County 39 yard line. Hampton hit for four yards and on the last play of the first half a pass fell incomplete.

Hawkins' kick went in the end zone and the Cherokees started from their own 20 to start the third quarter. In three plays they netted only four yards and were forced to punt with the ball being downed at the Loudon 46 yard line. Millsaps hit for nine yards, a pass fell incomplete, Hawkins gained five yards, Hampton is hit for a 15 yard loss back to the Loudon 43 yard line. Hawkins then reeled off nine yards. On the next play on the halfback option, Hawkins hit Simmons

for a big 32 yard pass play to the Cherokee 13 yard line. In two plays Hawkins picked up eight yards. Hampton went over for the touchdowns and Carnes added the extra point. Carnes added the extra and Loudon had a 20-0 lead with 6:18 left in the third quarter.

Two plays later Tony Mays intercepted a Cherokee pass and returned the ball 20 yards to the McMinn County 40 yard line. A 15 yard penalty moved the Redskins back to their own 45 yard line. On the first play Millsaps lost five yards on a pitch out. Hampton then hit for three yards, and on the next play Hawkins burst through the line and rambled down the sidelines for 57 yards and another Loudon TD. Carnes again added the extra point and Loudon was ahead 27-0 with 3:36 left in the third quarter.

With the Loudon reserves in the game neither team could get a scoring drive going and the game came to an end. The McMinn County Cherokees were unable to move the ball on he ground against the reserves. In fact, only two yards rushing but they were able to complete four of 15 passes for 27 yards against the young Redskins secondary.

Indians Bomb Lenoir City 38-6

The Loudon Indians, behind the passing arm of Dennis Queen, scalped Lenoir City Saturday night 38-6. Queen passed for four touchdowns, four extra points and ran for still another touchdown.

Loudon recovered the opening kick off on the Lenoir City 40 yard line. Buddy Swiney moved the ball to the 25 yard line. The next play Parky Campbell scattered the remaining distance on a reverse. Queen passed to Colvin alone down the sideline and Colvin ran 65 yards for the touchdown. The try for extra point failed. The first quarter ended with the score 14-0.

The Indian offense spluttered until late in the second quarter. Jimmy Long swept right end for 25 yards. Queen again passed 45 yards out on an option play. Mike Lamborn ran for the extra points and ran for still another touchdown.

Early in the third quarter after runs by Mike McCall and Buddy Swiney moved the ball to the Lenoir City 16 yard line. Queen again passed to Colvin for the touchdown. A Queen to Colvin pass accounted for the extra points making the score 38-0 halfway through the third quarter. The Indian reserves took over and held Lenoir City at a standstill until late in the fourth quarter. Lenoir City then scored. The final score was 38-6.

Outstanding on defense for the Indians were Brookshire, Varner, Roberts, Swiney, Cloud, and McCall. The Indians travel to Kingston Saturday night for a big game with the Yellow Jackets. Loudon and Kingston are tied for the League lead.

EVANS GAINS—Hank Evans of Loudon goes for extra yards after catching a pass in McMinn territory in last Friday's game against the Cherokees.

HAMPTON SCORES—Yancey Hampton, 13, scores for Loudon from eight yards out, during the third quarter making the score 20-0 during that period.

HAWKINS TOUCHDOWN—Lonnie Hawkins scores for Loudon in the third quarter of the game on a 57-yard run. Hawkins had 78 yards in 14 carries for the night. Randy Randolf of McMinn, 41, tries for a last minute stop.

Cutters Still Undefeated; Mustangs Tie Lenoir City

The Loudon Granulators remain undefeated after downing visiting Lenoir City 6-0 last Saturday night at Bacon Field. Lenoir City received the opening kickoff but were forced to punt after failing to move for downs, Loudon quarterback, Jerry Townsend, moved his team down field and carried the ball over the final eight yards for the Loudon touchdown in the first quarter. The run for extra point failed. Loudon led 6-0 as the quarter ended.

Lenoir City was forced to punt again after receiving a Loudon kick. The two teams exchanged fumbles with Greer. Carey receiving the Panther fumble Lenoir City intercepted a Loudon pass but Loudon got the ball once again when Moore recovered a Panther fumble. Loudon failed to make on downs and kicked as the first half closed. Loudon received the second half kickoff but neither team moved the ball in the third quarter. Jeff

Purdy intercepted a Lenoir half ended. Loudon kicked to Lenoir City beginning the second half and held the Panthers on downs. Loudon took over on their own 25 yard line. An interception gave the ball back to Lenoir City. Lenoir City hit to punt and Loudon began a drive on

The Loudon Mustangs and Lenoir City battled to a scoreless 0-0 tie. Loudon received the opening kickoff but lost the ball on a fumble. The Mustangs held Lenoir City on downs and started a drive. A 30 yard pass from Eddie Bates to Dea bridge as the first quarter ended was the key play of the drive.

Lenoir City held Loudon for downs and took over possession on their own eight yard line, but were held on fourth and one. Loudon's drive was stopped by an interception just before the

Your County In Action

BY
Harvey L. Sproul
LOUDON COUNTY JUDGE

Congrats
One of the greatest organizations ever invented is the Rescue Squad!
Last Sunday was the official dedication and "open-house" for the new Loudon County Rescue Squad Building at Greenback. This is a wonderful accomplishment and addition to the assets of the Squad, and to the ability to render the unselfish service upon which it prides itself to the people of Loudon County.
I was personally unable to be present for this special occasion, but a fellow can only be in one place at a time, but I certainly wanted the Squad to know that I was comparable to any lack of interest in their activities, or any lack of appreciation.

something, or about the way to get more for your money? Have you heard about the proposal to combine seven school districts in a three-county area? Would you be in favor of such a thing, or are you against it, or would you like to know more about it before making a judgment?
Would you like to have a community college in Loudon County? Or a new vocational high school? What do you think about keeping the schools open all year round?
We have our chance, and we are going to "fub the dub" if a bunch of our people, and the PTAs, and the civic clubs don't come out in full force and participate in the Charrette!

No Gripes Later
The time is here! Did you ever get the run-down feeling, and feel that nobody would listen to you and your ideas?
Did you ever wonder why "they" didn't do this, or why "they" did that?
Did you ever want to know what an expert would say about a certain idea that you had about the improvement of something, or about the way to lower the cost of

Participate Now!
The one that our Three County Steering Committee has come up with as the first one on a Regional basis in this Country.
Eyes of educational leaders all over the Country will be focused upon what is done

here.
If we don't have people who are willing to take about 10 days and give a pretty good amount of extra time to participate in these sessions we might lose, who knows, millions of dollars of grants and donations for the carrying out of model and modern ideas in the field of educational progress.
Of course, even if we have great participation in the Charrette, nothing at all might come out of it, but we have the chance to let our ideas be heard this once anyway.
So everybody, hold open Monday night, at 7:30 p.m. at the Loudon High School, and each night the rest of the week at Loudon High School the sessions begin at 1:00 p.m. but will go on into the night, with the evening sessions to be at 7:30 (except Friday night).
Then Sunday, October 18, at 2:30 p.m., at Lenoir City High School, and Monday and Tuesday at 10:00 a.m. in the morning at the Lenoir City High School, and evening sessions at 7:30 p.m.
The focus is on Loudon County in this Three County Study. Let's live up to our position!

Need State Help
I think meetings are important for a county judge to attend. Last week, on behalf of Loudon County (and on behalf of Local Government), I took three days to attend special meetings in Morristown, Athens, Oak Ridge, and Memphis. I was proud that Loudon County had been asked to participate in the presentation of the Local Government Platform to the candidates running for the

State Legislature.
This was an effort to advise these candidates of the severe problems they are facing Local Government, and the heavy strain that the property tax is under. We need help, and we wanted them to know the ways in which they could help the people of the State, and the only way to do that is to have a meeting with them and try to explain it to them.
In addition, the meeting in Memphis had to do with Regionalism, that is, the co-ordination and helping of

Local Governments by a Joint District or Regional staff which advises State and Government programs and grants, helps to obtain these grants, and helps to plan and co-ordinate on a Regional basis on that everything fits in.
We in Loudon County, and in the East Tennessee Development District, were among the first of these Districts in the United States, and this now appears to be one of the great developments in recent history.

civic affairs in the Athens area. He has served as a district governor of Lions International and was named Athens Young Man of the Year in 1962.
He is currently serving on the commission of the Athens Housing Authority.
A graduate of the University of Tennessee, he once taught chemistry and physics in McMinn County and was principal of Ingleisle School in Athens School System.
Bob (Sonny) Cook now lives on Navajo Circle in Athens with his wife, Barbara and daughter Cynthia, a junior at McMinn County High School. Another daughter, Sherry, is a sophomore at the University of Tennessee in Knoxville.

Cook Elected To National Insurance Agents Veep Post

By Calvin Lawson
An early expressed determination to attain a goal in life, and the willingness to work hard to obtain it, have paid off for Bob Cook, former Loudon newboy and Loudon High graduate.
Bob Cook, who possibly will be better remembered by his Loudon friends as "Sonny" has just recently received the honor of being elected vice-president of the National Association of Insurance Agents. Cook, the son of Mrs. May Cook of Wharf St. and brother of Mrs. Bill Lawson Jr., also of Wharf St. in Loudon has been associated with insurance education and management.
Presently vice-president of the Athens office of the National Association of Insurance Agents, which is made up of 100,000 independent insurance agents from fifty states.
Other professional posts he has held include: president of the insurers of McMinn County, president of the insurers of Tennessee, and chairman of the Agency Management Committee of Southern Agents Conference. He is a member of the Agents Advisory Committee to the American Agent Management Bureau of Tampa, Florida.
Long associated with the insurance field, Cook has been a program speaker at numerous insurance seminars and conventions held throughout the country.
Honors were bestowed upon him by the insurers of Tennessee who named him insurer of the year in 1961, and by the NAIA who in 1969 awarded him a "presidential citation," which is much coveted in the insurance field. He was also twice awarded an "ace" by the insurance advertising conference, which is the highest honor given annually by this national advertising group.
Mr. Cook is very active in

Allen Watson and Kenneth Underwood, the music teacher. To someone we owe thanks for this loan of this picture, which we greatly appreciate having to use in The Good Old Days. If you have any pictures just laying around the house, we would be glad to run it. Just give us a call. We ran a picture a couple

of weeks ago and mentioned the connection of the Heuson name with some of the big fish caught out of the Tennessee River. Well, maybe the Heuson name was connected with another type of skill in hunting and trapping, just to prove our points, we have a picture this week. We thought a little unusual. This is the little

muskrat hides, I ever saw in one bunch. I couldn't count them all, there must have been fifty or better. This man that trapped them, Henry Henson, won a blue ribbon for his fine catch, and possibly collected quite a few dollars for them. He looks very pleased as he poses with them. We thank Wanda Henson Everett for the loan of this picture. We have never had a picture of muskrats before, but it was very common to see a trapper in our area a few years ago. We don't see anyone trapping anymore. It may be unlawful to trap in this day and age in which we live, but from the picture we would say that Henry did his share of it, and was very good at it from what the picture indicates.

Well, that's it for now. I'll see you next week.

October 4-10 Marks Fire Prevention Week
Fire Prevention Week — which this year falls from October 4-10 — marks the anniversary of one of America's worst conflagrations, the Great Chicago Fire of 1871.
On October 9 of that year, fire killed 250 persons and destroyed 17,430 buildings in Chicago, at a cost of \$165 million. In commemoration of the date, Fire Prevention Week is always the Sunday-through-Saturday period which includes October 9.

Now that we have had our first cool spell of the season as usual, I start thinking about those winter days when I was growing up, and I feel couldn't resist the temptation to write a little about them. I remember those things, which some people now days would think dead, such as sitting around an old heater or an open fire place, and hearing stories from parents about how hard times were when they were growing up. Like myself, as many of you our readers have lost their parents through death, but I can see you remember your childhood days and the long winter nights and the efforts of parents to help you over the time until bedtime. I could say we didn't have T.V. in those days, but we can do one better than them, no radio either, but that wasn't so bad was it?
Now, to get to our pictures, it seems that school pictures just don't have an end and we are proud that they don't. We, along with our readers, enjoy them very much and are always glad to receive them. The one we are using

Announcing our new ones.

It's 1971 and Chrysler-Plymouth is coming through for you.

We're coming through.
We're coming through with variety. Five completely different car lines—26 different models. More kinds of new cars than anyone else in the business.
We're coming through with value. Every Chrysler and Plymouth is built and engineered with extra care. To make sure you get a dollar's worth of automobile for every dollar you spend.
We're coming through with brand-new options. Like a Stereo Cassette Tape System available with a microphone. You can record your own voice or record directly from the radio.
It's 1971. And Chrysler-Plymouth's coming through for you.

Plymouth Satellite Sebring
It's the newest idea in two-doors. From front to back it's designed exclusively to be a two-door. With no compromises. So you get the styling and handling of a specialty car—all for the price of an intermediate car.
And every one of our four-doors (Satellite, Satellite Custom, Satellite Brougham) was designed from the ground up to be a four-door. The result? People who take a back seat in our four-doors, don't take a back seat.

Chrysler New Yorker
The New Yorker lives up to its look of quiet authority. It's one of 15 different Chryslers coming through. Coming through with the size, room, comfort and power you want for all the living you do. With new options like an electric sun roof, to let in the light of the sun, or the moon.

Chrysler Imperial
Chrysler Imperial comes through for all the living you do. It contains all the luxury you want, with personal touches. Like the exclusive optional rear seat heater. This allows your rear seat passengers to maintain their own level of comfort—cool or warm.

Plymouth Sport Fury
It's coming through for you with a lot more car. Everything about Sport Fury comes through big: the seats, interior room, body, engine and brakes. Plus, we've added Torsion-Quiet Ride—with a Sound Isolation System, that separates road noises from you.

Plymouth Duster
Our success car is coming through for you: Still small enough. Still big enough. Small enough to fit in about 3/4 of a parking space. Big enough to seat five, comfortably. And still small enough to fit your budget. Duster. The big difference in small cars.

Plymouth Barracuda
The super-tough sporty car that comes through with torsion-bar suspension for better handling.
Coming through for you with economy in Barracuda. Coming through for you with luxury in Gran Coupe. And coming through for you with great performance in Cuda.

Two Men Wounded In Shoot-Out

Two Loudon County men underwent surgery at Fort Sanders Hospital in Knoxville last Thursday afternoon after an argument led to a shoot-out, according to Sheriff Freeman Russell.

The men, Tommy Mills, 31, Rt. 3, Lenoir City and Larry Hall 24, Rt. 2, Lenoir City, apparently got into a heated argument on Hines Valley Road near Mills home about 1:30 p.m. Thursday after a car driven by Hall almost hit a dog owned by Mills.

Sheriff Russell said his investigation showed that Mills was working on a bank along side the road near his home when the car driven by Hall came by, skidded in the road to avoid hitting the dog. The pair, reportedly heated words, both drew .38 caliber pistols and began shooting. The Sheriff said he

Meetings On Schools Well Attended, Still In Progress

Consolidation of school systems in each county, and even a single school system for Loudon, Blount and Monroe Counties are among the subjects which have come up for discussion at the Loudon County section of the Little Tennessee Valley Charette at Loudon High School this week.

But these are by no means the only subjects discussed, nor has there been developed a single consensus of opinion on consolidation.

Subjects such as these have been raised:

1. Timberlake. What are TVA's specific plans for the proposed "model city" to be built on the Tellico lake shore? (Charette participants called for TVA officials to bring answers to this question to Wednesday night's session.)
2. Vocational and technical training. Should expanded vocational and technical courses be added to existing high schools? Would this be extremely expensive? Would a single vocational-technical school to serve all three counties be better?
3. Teacher-student rapport. "Teachers and students need to get close to each other," one student pleaded. "Who knows better than a student whether a teacher is a good teacher," said one teacher. How can better communication between students and teachers, between teachers and teachers-between teachers and administration be achieved?
4. What kind of financial problems will arise when the Tellico industrial area becomes a reality and most of the plants (and attendant tax revenue) are located in Monroe County, but most of the residences (and accompanying burden for educational support) are located in Loudon County?
5. Why talk so much about improving high schools when a stronger elementary school program should be provided first?

Prison Jaycees, 4-H, Others Aid Darlene

A number of groups and individuals this week have announced plans to join a project started by the Loudon Lions Club last week to raise funds to help pay the surgical and hospital costs of Darlene Therap, an 11-year-old Loudon girl who has undergone two operations to save her sight.

Darlene, daughter of Mr. and Mrs. Roy Therap, Rt. 2, Loudon, is at the Boston Hospital where she has had two very delicate operations to repair what her doctor terms the "worst retina tear" he had ever seen.

Facing the possibility of some \$7500 in hospital, doctor and personal expenses in trying to save the girl's eyesight, the family has turned to the Loudon Lions Club for help. The Lions club recently adopted a project known as the Darlene Therap Fund to help raise money to assist the family in meeting the financial obligations caused by the problem.

The Lions kicked off the fund with \$100 contributed by members and during the week individuals gave Fund chairman Charlie Davis another \$62 to help out.

Monday night the Herald was contacted by officials at the State Prison in Nashville where there is a chapter of the Tennessee Jaycees located, known as the Riverside Jaycees, the chapter

Jury Finds Former Clerk Innocent Of Embezzlement

Robby J. Knowles, former Loudon County Criminal and Circuit Court Clerk, was found innocent of charges of embezzling some \$8,800 in funds from his office by a Criminal Court Jury last Wednesday afternoon.

The jury reported its verdict at 4:35 p.m. last Wednesday after deliberating on three days of testimony in the case in just over one hour.

Knowles, who had held the position of clerk since about 10 years, had been charged with two counts of embezzlement and one count of arson. The charges grew out of a fire in his office in March of this year in which many of the financial records he kept were destroyed.

Earlier the defense attorneys representing Knowles had gotten one of the embezzlement indictments quashed and during the trial a directed verdict of not guilty was given by Judge Lloyd McClain on the arson charge, after the defense contended that the state failed to show a value of \$25 or more on the material burned in the fire.

Mr. Knowles, who was re-nominated in April as the Republican nominee, was defeated in the General Election.

Since his indictment and suspension from office Mr. Knowles had stated he would be able to prove before a judge and jury that he was not guilty of any of the charges.

Construction Starts On \$31,000 Loudon Park

The \$31,000 Loudon Municipal Park, being developed on a five acre tract of land at Roberson Springs, about a mile South of Loudon, is expected to be completed in May. City Commissioner Bernie Ray Swiney announced this week the park, the first major recreational and picnic park project undertaken by the City, will have many facilities including numerous picnic tables, outdoor grills, rest rooms, basketball courts, tennis courts, play areas and equipment, all lighted for night time use, a large paved parking lot, and all fenced in.

About two years ago the Loudon Lions Club purchased the five acres of land for the purpose of developing the park, but because of the lack of funds and the long range terms of the development sought the help of the city to complete the facility. The City Commission, with Mr. Swiney as Recreation Commissioner, secured a \$15,500 federal grant and the Housing and Urban Development Agency as part of the open space program.

The balance of the cost of the park will be contributed by the city through non-cash assistance. This includes City Services Superintendent Ray Lovin acting as development director, using city employees

United Fund Campaign One-Third Complete

Loudon County's United Fund Drive is more than one-third complete, and Campaign Chairman Jack Hill issued both congratulations and an admonition against over confidence Monday.

A total of \$14,014.38, against a goal of \$41,671, for a completion of approximately 34 percent was reported Monday noon at the campaign's first report meeting, held at the Southland Restaurant in Lenoir City.

This compares with only \$2500 at the first report meeting last year, for a discouraging beginning.

"It must be remembered, however, that we started our industrial campaign two weeks earlier this year - on Sept. 15 and this is the source of most of our report so far," Mr. Hill said. He congratulated Industrial

Suggestions Made To Save Money, Improve Education Quality

Dunn, Brock Dinner Slated

Republican nominees, Winfield Dunn for Governor and Bill Brock for United States Senator, will be the speakers and guests of honor at a dinner held in Loudon County on Saturday, October 24.

The dinner, sponsored by the Loudon County Republican Party, will be at 7 p.m. in the Lenoir City High School Cafeteria, Republican Party Chairman Harry Wampler announced this week.

Tickets for the dinner are \$25.00 each and may be purchased from John Gibson, phone 488-2005 or Harry Wampler, phone 948-5538. Congressman John Duncan also is expected to be present at the dinner.

Mr. Wampler said that the dinner will probably be the last time the major office candidates will be in Loudon County prior to the November 3rd election.

McDade To Speak At Charette Session

High McDade, Public Relations Manager of Tennessee Operations, a subsidiary of the Aluminum Company of America will be the keynote speaker Sunday afternoon at 2:30 when the Little Tennessee Valley Charette moves to Lenoir City.

The score will be Loudon City High School Auditorium. Charette participants from Loudon, Blount, and Monroe counties met here to begin a consideration of improvement of education on a three-county basis.

Mr. McDade is a native of Webster County, Mrs. McDade is a native of Mississippi; Mississippi Delta Junior College and the University of Mississippi. He has been associated with the Aluminum Company of America in various capacities for 22 years.

He is a member of the First Baptist Church of Maryville, the Kiwanis Club, Executive Committee, Tennessee Taxpayers Association, past president of the County Chamber of Commerce, past member of the East Tennessee Children's Hospital, member of the Tennessee Commission for Human Development and Tennessee State School Board and former member and past chairman of the Tennessee Game and Fish Commission.

This brought up the Timberlake issue Tuesday night. One participant, who had also attended the Monroe County session on Monday night, expressed the opinion that the proposed model city, is being sketched as a central issue. "Is it deliberate?"

TVA has extensive plans for Timberlake and they do

Assessor Reminds Taxpayers Of Their

Loudon County Property Assessor Emmett Carter said he has been reminding taxpayers of their obligation to pay property taxes on time.

Mr. Carter said that although the county property tax rate is the same \$3.42 per \$100 of assessed value, many tax payers fail to realize that the rate is based on a 30 percent assessment this tax year, where it was on a 25 percent base the previous year.

He said the tax payers, apparently not aware of the assessment increase, required by the state, did not understand the higher tax bill when the rate remained the same.

Marrs-Summitt Vows Exchanged

Miss Jo-Ann Summitt of 923 Valley Vista Drive, Loudon and Mr. John Baxter Marrs of 737 Ferry Street, Loudon were united in marriage on Oct. 4 at 2:00 p.m. at Buckner Chapel, Hiwassee, Tenn. Parents of the bride are Mr. and Mrs. Olen H. Summitt, also of 923 Valley Vista Drive in Loudon. Parents of the groom are Mr. and Mrs. Edward Alexander Marrs of Loudon.

Miss Summitt was given in marriage by her father. She wore a day-length gown of white satin with enchanted lace overskirt. Her illusion veil was held by a headpiece of lace and seeded pearls. She wore a pearl necklace with matching earrings and carried a bouquet of yellow sweetheart roses with stephanotis and baby's breath. Rev. French Taylor performed the private ceremony.

A special luncheon was given in honor of the bride and groom at the Copper Kettle in Sweetwater.

The bride is a graduate of St. Mary's School of Nursing in Hiwassee. She is now employed at the Children's Hospital in Knoxville. She was a member of the Phi Theta Kappa honor society. Mr. Marrs is a graduate of Hiwassee College and the University of Tennessee. He was a member of Iota Lambda Sigma fraternity. He now teaches at Loudon High School.

The couple will reside in Knoxville, Tenn.

4-H Club To Help Darlene

By James Larry Jameson
On Thursday, Oct. 8, the 4-H Club of Steeple School met in the auditorium with Pam Boone presiding. The usual opening procedures were carried out by various members of the club. Mr. Perkins passed out 4-H project books. The club then decided to make a bulletin board displaying 4-H activities for the month project. The last item of business was decided to sponsor a fund raising project for Darlene Thearp, a student of our school. The meeting was then brought to a close.

Thomas-McNabb Vows Are Pledged

Miss Rebecca Lou McNabb and Danny Lee Thomas were united in marriage on Sept. 12, at 7 p.m. at the Silver Ridge Baptist Church with the Rev. Joe Wampler officiating at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Henry McNabb of 417 Duke Street, Lenoir City and the granddaughter of Mrs. Don Clark of Seventh Avenue and the late Mr. Clark and the late Mr. and Mrs. John McNabb.

The groom is the son of Mr. and Mrs. Gabriel Thomas of Gail Avenue, Lenoir City, and the grandson of Mr. and Mrs. George Posey of Onoada and Mr. and Mrs. John Kidd of Whitley City, Ky.

Miss Bobbie McDaniel, organist, used the traditional wedding music. Don Gardner, vocalist, presented a special arrangement of "Tammy," "A Time For Us," and "The Lord's Prayer."

The church was decorated with an arch entwined with greenery flanked with two candelabra of burning white tapers. Long white burning tapers were used on each side of the church. Beneath the arch was a kneeling bench covered in white satin.

The bride, given in marriage by Tech. Sergeant John H. McNabb, brought with her the bride, wore an antique white floor length gown of bridal satin accented with antique lace and a long flowing train. A crown of seed pearls held the fingertip veil of illusion. She carried a white lace Bible which was a gift of Mrs. Bill Hair. The Bible was topped with a white orchid and pom-poms.

Miss Vivian Wright served as maid of honor. Bridesmaids were Miss Diane McCulloch, cousin of the bride, and Miss Debbie Thomas, sister of the groom, all of Lenoir City.

They wore floor length gowns of yellow crepe accented with white lace. Their hairpieces were of matching bows which held veils of illusion. They carried long stem bronze and yellow mums with stems of bronze and yellow.

Miss Rebecca Ann McNabb,

Sharon Maynard Is Bride Of Boyd Watts

Those assisting were Miss Jane Mouser, Miss Rose Mary Brown, Miss Sherry McNabb and Miss Sandra Wright. Mrs. Jesse Cardwell and Mrs. Charles Clark were in charge of the reception.

The new Mrs. Thomas is a 1968 graduate of Lenoir City High School and is presently employed by Eaton Yale & Towne.

The groom is a 1966 graduate of LCHS and a 1968 graduate of Atlanta Career Academy and is presently a senior at the University of Tennessee. He is also employed by radio station WLL.

Miss Sharon Maynard and Boyd W. Watts were married Sept. 12, at Hopewell Spring Baptist Church. The bride is the daughter of Mr. and Mrs. G. E. Maynard of Madisonville. The groom's parents are Mr. and Mrs. Homer Watts of Loudon.

Rev. Ronnie Watson, uncle of the bride performed the double ring ceremony with the Rev. James Patton, pastor offering the prayer. A program of nuptial music was presented by Mrs. Margaret Nell Baker, organist.

Given in marriage by her father, the bride wore a gown of satin and lace, with empire waistline and long sleeves with cuffs trimmed with pearl buttons. Her veil was of matching lace held by a satin bow. She carried a cascade of red roses and a handkerchief

being to her grandmother, the late Mrs. Sally Maynard.

Maid of honor was Miss Peggy Harrison of Vonoce, bridesmaids were: Mrs. Caroline Anthony, cousin of the bride, Miss Lynette Maynard, sister of the bride, of Madisonville, and Miss Kathy Millaps of Philadelphia, niece of the groom. They wore dresses of yellow satin with high neckline and short sleeves, trimmed with a green ribbon sash. Their head pieces were of yellow nylon net held by a

satin bow. They each carried a long stemmed red rose.

Miss Shannon Anthony, cousin of the bride was flower girl. She wore a dress of yellow satin with a green ribbon sash, her headpiece was of nylon net held by a green bow. She carried a white basket filled with rose petals.

The groom's father served as best man. Ushers were: J. L. Millaps, Gary Watts of Loudon, brother of the groom, Jim Anthony, uncle of the bride and Alan Strickland of Madisonville,

nephew of the groom. A reception was given at the church. Assisting in serving were Mrs. Otilia Watson, Sue Millaps, Miss Phoebe Maynard, Miss Christine Anthony, of Madisonville, and Mrs. Jo Ann Murr of Concord.

Miss Rebecca Watts of Loudon, niece of the groom, kept the bride's book. Following a wedding trip to Gatlinburg, the couple will reside at Rt. 1, Madisonville.

Both the bride and groom are graduates of Vonoce High School.

PTA Slates Fall Festival

The Fall Festival upcoming at 6 p.m. on October 24 promises to be an entertaining and exciting event for the entire family, according to Gary Kinsey, PTA president. PTA members are pulling out all stops to make this the greatest festival ever at Philadelphia. Mr. Kinsey said.

The accent will be on Halloween and the school will be decorated with cornucopias, pumpkins and the traditional Halloween. No admission will be charged. Hamburgers, hot dogs and homemade chili will be served.

After the meal those attending may tour the spook house while sipping potent Witches Brew. Or may have fortunes told while the children fish in the fishpond or knock over bottles for prizes. Shop for bargains at the Country Store, view the Talent Show, or dunk the local pastors and the Mayor in the Dunking Machine.

NEW BANK FASHIONS—The female employees of the bank of Lenoir City's three offices have a new addition to their wardrobe. One of four uniforms now worn by the girls is a gold pants suit. They are the first bank in the state to make the switch to the popular and fashionable pants suits for the women.

Pant Suits Are Feature Of Bank Uniforms

A "first" in Tennessee banking has been scored by the Bank of Lenoir City. A.M. Beeman, bank president said this week. Last Saturday the 20 female employees of the bank reported to work in pants—and with the blessing of the bank. The girls wore their new gold pants suits for the first time. Mr. Beeman said that although many banks in the state have their female employees dressed in matching uniforms, the Bank of Lenoir City is the first to provide their employees with the fashion popular pants suits. The new "uniform," which is now one of four provided by the bank, has a green and gold floral print scarf to add individual distinction.

DeWitt Promoted

Dwight E. De Witt, 20, son of Mr. and Mrs. Hollis H. De Witt, Route 5, Martel Road, Lenoir City, recently was promoted to Army Specialist Four while serving with the 36th Engineer Battalion near Vinh Long, Vietnam.

Spec. De Witt, a light vehicle operator with headquarters company of the battalion, entered the Army in November, 1969, completed basic training at Ft. Jackson, S. C., and was stationed at Ft. Leonard Wood, Mo., before arriving overseas.

He attended Lenoir City High School and completed his high school education through a general education development test.

Pet Shop To Feature Tropical Fish

Lenoir City Pets and Supplies will open Monday, Oct. 12, on Depot Ave. in Lenoir City, at the rear of Dr. Fred Mills' office.

The new shop is owned by Dr. Mills and will be managed by Mrs. Nedra Walls and Mrs. Margie Fezzell.

The shop will feature quality tropical fish of all types, with all aquatic supplies and aquatic plants. Dr. Mills said.

An optometrist who has been in business in Lenoir City since 1952, and a feature of his office waiting room has been tropical fish. Dr. Mills said he has been interested in tropical fish since a child. His marine fish (salt water) are the only ones in this area, it is understood.

MODERN DRUGS
CONTEMPORARY USE
ILLEGAL ABUSE
by
Lester Avarietz
Pharmacist

Psycho-pharmaceuticals, land that quite a mouthful first came into general acceptance as recently as the mid "fifties". Prior to that time, the mental institutions across the nation, religiously increased the number of patients they housed year after year just as regularly as clockwork.

The invention of drug therapy (tranquillizers) changed that pattern radically, in fact, the mental hospital population has DECREASED each year since the use of this modern technique.

More next week on "Modern Drugs" as related to the nation's mental health problems.

Two Loudon County Families Enjoy Haps And Mishaps Of Vacation Trip To Alaska

McPEAKES LOOK over newspaper which describes ship wreck in which their friends, the Hawks, were involved.

By Calvin Lunsford

The pioneering spirit possibly still exists with many of those living in our modern twentieth century, but the opportunity to put it into action is a rare thing. For two prominent Loudon County couples, Dr. and Mrs. Richard Hawk of Lenoir City and Dr. and Mrs. Tom McPeake of Loudon, is definitely becoming a reality a few weeks ago when these two couples (at different times) traveled the

DR. RICHARD HAWK, well known Loudon County Dentist, stands beside camper bus which carried his family and Dr. Tom McPeake, a Loudon doctor, and his family, 8600 miles into Alaska.

much publicized Alcan Highway from Canada to Alaska.

The reason for combining the experiences of these two couples into the same story, although we did previously state that they traveled the Alcan Highway at different times, takes a little explaining. The trip for the Hawks and their children was the culmination of quite a bit of planning and the McPeakes came into the picture on the spur of the moment.

It happened this way: The Hawks, who had driven their bus camper up the Alcan Highway to Haines, Alaska, and due to the many places they had visited, found their vacation time running out. Knowing it would be an impossible feat to drive their bus camper back down the highway and arrive back home in Lenoir City on schedule, Dr. Hawk called his friend Dr. Tom McPeake in Loudon to tell him of his plight. Dr. McPeake suggested getting someone to drive the Hawks camper back to Lenoir City, and of course this opened the door for Dr. Hawk to suggest that Dr. McPeake fly up and drive the

camper home. Dr. McPeake told us that after a little arm twisting, which Mrs. McPeake stated wasn't hard to do, it was settled. The McPeakes along with their son, Ebb, would board a plane for the Alaskan trip, or at least a portion of it. Part of the trip was made by boat. They met the Hawks in Haines, Alaska, had a picnic lunch together, and the Hawks departed by boat. Little did they realize that in a short period of time they would have the most unique experience of their lives. The ship they had embarked on, the Miv Taku, would run aground in the night and they would have to take to life boats in order to survive. From the life boats they boarded an Esso Oil Tanker, which took them into Prince Rupert Harbor. The Hawks heartily agreed that it was something interesting to talk about, but this one experience would last them the rest of their lives. Dr. Hawk stated that he was in the state room when the ship ran aground.

A few days ago, the Hawks received a letter from David M. Kellogg, Marine Traffic Manager of the State of

THE SHIP TAKU as the rests aground on the Alaskan Coast. Dr. Richard Hawk and his family were on board.

TWO SCENES OF THE famous portage glacier which was one of the side trips made by the McPeakes.

ROBERT W. SERVICE'S cabin in the Yukon, which was visited by the McPeakes. Robert W. Service was a famous poet.

ONE OF THE PORTS in Alaska visited by the McPeake family.

Alaska who operated the ship, in which Mr. Kellogg offered an apology for the inconvenience caused by the ship wreck. Dr. Hawk laughingly stated that this section of Alaska was as hot like East Tennessee in one respect, and that was, let anything happen and everybody turns out. He stated the whole countryside turned out to see the ship wreck.

Well, so much for the ship wreck which was although outstanding, just a part of the many unusual experiences of one of the two Loudon County families. Many of the things both families encountered on the trip were similar. One thing we will leave up to the history book writers and that is the general aspect of Alaska. We will deal with personal experiences and how two Loudon County families survive the pending stretch of road referred to as the Alcan Highway. How this remote part of the United States appealed to them and things that captivated their interest along the way.

First of all, a trip up the Alcan Highway is not to be confused with standard freeway driving. It is far from it. It is for the most part a gravel road, which requires special protection for vehicle bumpers (a plastic cap). It is very dusty and to use the term loosely a little rough.

At one point in the trip the refrigerator in the bus camper toppled to the floor, and the bus got a cracked window from a flying rock from a passing truck. One thing both families agreed on was the scenery and the fact that it was beautiful.

The Hawks left the impression with this writer that one trip up the Alcan was enough. The McPeakes expressed a desire to maybe go back again sometime.

Dr. Hawk stated that every 25 miles along the highway there were emergency stations, but you had the feeling that you could have an emergency occur that you couldn't cope with. He took his hands along and would on occasion ride it for many miles. It was taken along as an emergency measure.

He also stated that things you had to buy were very expensive. Milk was \$2.25 a gallon, and gas was from 70 cents to \$1 a gallon. The coastal towns were progressive, but in land the standard of living was lower than America.

Most of the McPeakes time was spent in side trips. They were amazed at the beauty of the country. Both agreed the weather was very damp. The Hawks expressed some difficulty in becoming accustomed to the continuous daylight which made it difficult to sleep.

The McPeakes planned a boat trip, but Dr. Tom said when he saw chunks of ice floating in the water and with the Hawk's shipwreck still fresh in his mind, he convinced the rest of the family to pass it up, which they did.

Many of the side trips the McPeakes made was after returning to America. They all agreed that this summer's vacation would always be an unforgettable experience.

The challenge of the Alcan Highway, the beauty of Alaska, the memories of the unpleasant ship wreck, all will blend into these two families busy lives and possibly come spring 1971 the two families will be off again. Dr. Hawk has already challenged Dr. McPeake to a trip down the Pan American Highway, which could very well become a reality next summer.

WEBSTER'S REFERENCE TO SPORTS

By JOE WEBSTER

Let's get quickly to the point. - Dayton has a very good football team but Loudon mistakes were costly. There were three errors that became monumental as you look back: One - A dropped pass in the end zone; Two - A fumble on the Dayton 10 yard line; Three - A Dayton kickoff which wound up in Dayton's possession. When you are playing a team as good as Dayton, these mistakes will beat you. And they did.

However, lest you forget, Loudon had played 18 straight games without a loss. There is a thing called the "Law of Averages" which begins to loom over a team after a long winning streak has been compiled. The percentages that your winning streak is going to end become decidedly stronger each week. Thus the Redskins finally lost a football game.

But, be assured, the Dayton loss is not the end of the world. Loudon is now five and one with Cleveland due up next. There is no time to wall and knash teeth over last Friday's loss. It's the Blue Raiders this Friday and the Maryville Red Rebels the following Friday. There just ain't no time for moanin' and groanin'.

There were two great running backs on the field in the Loudon-Dayton game: Lonnie Hawkins and Jerry Brown of Dayton. They put on a terrific display of how to run with the football without really trying.

Actually, I thought Loudon played excellent football in this game. It was those 11 mistakes that ruined the evening. Dnat the infernal "Law of Averages."

If the Redskins can bounce back and whip Cleveland, they'll still have a shot at the state title. But somebody is going to have to beat Harriman. I nominate Rookwood for that assignment. So let's not throw in the towel just yet.

The Cincinnati Reds (as I type this) are in a bad situation. They lost the first two games at home and are now in Baltimore for 3 games. Have I given up? I have not. I'm still pickin' Cincinnati.

Baltimore's Brooks Robinson is the finest 3rd baseman I've ever seen. Good, we're all agreed on that point.

Sparky Anderson, the Red's manager, pulled a boo boe in Sunday's game. In a critical situation, he brought in Wilcox from the bullpen. The Orioles unloaded on the 20 year old youngster. Anderson should have gone to Clay Carroll or Wayne Granger, both have been shaving somewhat longer than the Wilcox kid has.

In the first two series games, Lee Maye was Cincinnati's big man. And his fielding at first base was smooth and dependable. Tony Perez has not been up to snuff, maybe he'll break loose at Baltimore. He'd better. Time is running out.

Last week's sports illustrated told of this current popular joke in Mississippi: A passerby came upon this man who was about to leap off the Tupelo Bridge. "Wait," he said, "Think of your family, think of your religion." The man replied, "Ain't got no family and I don't believe in religion." Then passerby said, "Well, think of Archie." "Archie who?" said the man. "Jump, you s.o.b., jump" said the passerby.

Goodnight everybody.

It Right Enough To Win Grid Contest Cash

Another bad week for football contest contestants as many of the 10 games did not go as the majority of the entries were marked. Eight was the magic number last week.

Only five persons correctly picked eight winners and three of those with correct prize money. Jim Cobb, Summer Street in Loudon collects \$12 for his entry which had a tie-breaker score of 38. Loudon was defeated by Dayton 27-14 making the tie-breaker 41 points.

Second place and \$8 in cash is claimed by Ruth Thompson of Philadelphia who had a tie-breaker of 34. Third place money, \$5, was won by Raymond Watkins, Ferry St., Loudon with a tie-breaker of 27 points.

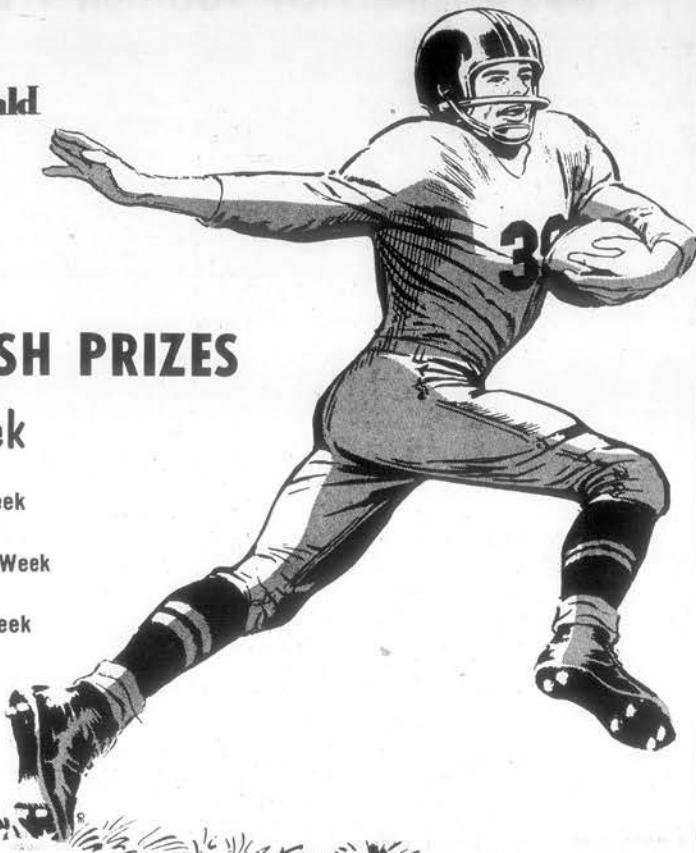

Also having eight games correct, but missing out on the cash, were LaWayne Hall, Lenoir City and Betty Ann Grimes, Loudon.

A new slate of 10 games is listed in the Football Contest ad this week. Remember the deadline of 5 p.m. Friday.

Harrison Completes Basic 'At Lackland AFB

Airman James G. Harrison, son of Mr. and Mrs. James O. Harrison of 100 West St., Loudon, has completed basic training at Lackland AFB, Tex. He has been assigned to Kessler AFB, Miss., for training in the administrative field. Airman Harrison, a 1965 graduate of Loudon High School, received his B. S. degree in history in 1970 from Tennessee Wesleyan College.

1. Clip the contest entry blank on this page, or make a reasonable facsimile. In the columns designated, mark which teams you think will be the winner, or if in your opinion, any game will be a tie, mark your entry accordingly. Also estimate the total number of points which you think will be scored in the Tiebreaker game listed on the entry blank. This will be used only if it is necessary to break a tie between contestants.

2. Only one entry per person may be submitted. Employees (or their immediate families) of the Loudon County Herald are not eligible to enter this contest. Players of teams in contest are not eligible.

3. All entries must be deposited in the contest box in the Herald office by 5 p.m. Friday or postmarked not later than 5 p.m. Friday, if mailed. Entries received after that time will not be eligible. Address all entries to FOOTBALL CONTEST, The Loudon County Herald, Loudon, Tennessee.

4. Entries will be judged on the number of games right. In case of a tie, the contestant coming the nearest to the actual number of points scored in the Tiebreaker game will be awarded the prize. The names of each week's winners will be printed in the Herald on the following week. All contestants agree that the decision of the judges will be final, and all entries become the property of the Herald.

Dawton Knocks Redskins From Unbeaten Ranks Face Tough Raiders Friday

COLBAUGHT CAUGHT IT—With Loudon's Hawkins 20, and Cagle, 22, defending, somehow James Colbaugh of Dayton leaped and caught this pass and scored Dayton's second touchdown in the second quarter of the game.

BROWN ONCE AGAIN—This time Jerry Brown of Dayton is pursued by Loudon guard Tony Mays as he gains extra yardage leading his team to a victory over the unbeaten Redskins.

DEFEAT HURTS—Especially for this Loudon High Cheerleader who has faithfully cheered the Redskins in to many victories in the past. The scene was at the Loudon-Dayton game last Friday night.

By Tom Delaney
A big sign at the end of the read "Big Orange Country" and apparently the fired up Dayton High Yellow Jackets were playing like the Big Orange as they polished off the Loudon Redskins 27-14 last Friday night at Dayton before another sell out crowd.

The Yellow Jackets were just too ready for the game and were not to be denied in stopping the unbeaten Redskins. So, the pressure is finally off and Loudon can begin a new winning streak. It is hard to keep a winning team fired up each week when you are playing teams that have not won many ballgames. This loss does not mean Loudon has quit, they will be right back in the thick of things next week. Fans will back the team as they face Cleveland at Cleveland Friday night and then strong Maryville next week. This Loudon team has gotten showed Friday night as they were shaking hands with the Dayton players after the game congratulating them on their fine ball playing.

We talked to Dayton Coach Huland Draper and he said this had to be one of the Yellow Jackets best games of the past two seasons. He felt that his team was really up for the game and felt this was where the difference was. He said the Redskins were a fine ball club and that they were lucky to have won the game from Loudon. Draper felt his team captains were the big difference as Jerry Brown, James Colbaugh and Jack Arnold turned in outstanding play on offense and defense.

Loudon Coach Bert Ratledge was not too happy about the team losing but he was quick to point out that the Redskins were still in there trying as the game played out. He said the Redskins were not as sharp as they have been and made a few costly mistakes. He said at times they looked pretty good and then at other times could not do anything right. He felt that Dayton was really up for the game and that once a team like that gets a break or two it is hard to come back and win. Ratledge said he would be able to tell more about the Redskins play after seeing films of the game. He said the Redskins will face another tough opponent this week when they journey to Cleveland for their clash with the once unbeaten Blue Raiders.

Coch Bobby Scott as usual has come up with another fine ball club at Cleveland. The Blue Raiders with 11 lettersmen returning from last season lost to the Redskins 20-0 last year and are going to be all out for revenge. In fact the Raiders rolled to four straight wins: 14-6 over Wayneville, N. C., 31-0 over Jefferson City, 32-0 over Dayton and 39-0 over McMinn Central before losing last week to Kingston 7-6. Some of the fans say the Raiders are only thinking of one thing and that is to beat Loudon.

Coach Scott has plenty of speed in the backfield as Robert Ware and Keith Beck can run the 100 in 9.8. With Paul Bacon, named David Lorenze taking turns at quarterback and Greg Walton being a top flight pass receiver. Two top linemen are center-linebacker Paul Johnson, 180 lbs and tackle Mike Sharpe, 205 lb. senior. The other linemen are Steve Benton, Rodney Wilson, Benny Kirkery, Bobby Berry and Mike Frazier. With the balance in the backfield the Redskins are really going to have their hands full. Greg Walton has scored six touchdowns this season on runs of 10, 8, 16 and nine yards and pass plays of 54 and 44 yards. Keith Beck also has been strong on offense with five touchdowns on runs of three, one, two, four and 84 yards. The big question now is can the Redskins bounce back after losing their

first game. This should be a real good ball game and Redskins will need all the support they can get.

Loudon's offense, which picked up 270 yards rushing, was led by Lonnie Hawkins with 171 yards in 16 carries. J. L. Millsaps had 87 yards in 15 carries. But without the blocking of the offensive line these backs would be unable to pick up a lot of this yardage. The defense was led by Millsaps, Tony Mays, Mike Brees, Fred Chanoy, Ray Simmons, Hank Evans, John Long, Rick Alexander, Yancy Hampton, Hawkins, Jerry Buckner and Greg Cagle. Bryon Lawson, tackle, did not see action and will be out another week due to an ankle sprain. The statistics were pretty even as the Redskins had 273 net yards while Dayton had 287 yards net. The big difference was the score and that is the one that counts.

Loudon won the loss and elected to receive with Jerry Buckner returning the kick 11 yards to the Loudon 41 yard line. In three plays Millsaps picked up two yards. Hawkins got loose for 25 yards, Millsaps raked up the middle for 27 yards to the Dayton nine yard line. But in three plays Loudon lost possession of the ball as Dayton recovered a fumble at their own 10 yard line to stop the threat.

Brown moved the ball 10 yards in two plays, but three plays netted only four more yards and Dayton was forced to punt with Hank Evans partially blocking the ball. Jerry Buckner returned the Dayton 30 yard line with 8:40 left in the thirteenth quarter. Millsaps picked up one yard, Hawkins got six, and Hawkins tried to pick up 15 yards to the Dayton eight yard line. On the next play Hawkins raked over for the touchdown. Carnes added the extra point with 2:46 left in the period.

Stims downed a short kick at the Dayton 45 yard line. Arnold and Brown moved the ball down to the Loudon 19 yard line. Schild added the extra point and the score was tied at 7-7 with 11:53 left in the second quarter.

Following the kickoff, Dayton got a big break on a short kick taking over at the Loudon 43 yard line. Brown carried the ball to the Loudon 13 yard line. Quarterback Schild hit Colbaugh for another touchdown pass and then added the extra point. The Yellow Jackets were ahead 14-7 with 8:40 left in the first half.

Lonnie Hawkins returned the ball down to the Loudon 19 yard line. Hawkins in two plays picked up five yards. On a big third down play, Hawkins went through the line and rambled down the middle for

a big Redskin touchdown. Carnes tied the game at 14-14 with 6:50 left in the second quarter.

The following kickoff went out of bounds and the Yellow Jackets had good field position at their own 40 yard line. They started to move again but the Loudon defense stiffened and the Dayton punt was downed at the Loudon 11 yard line. Millsaps broke loose for 19 big yards. But then the Redskins in three plays fell short of yards and were forced to punt. Brown downed the ball at the Dayton 35 yard line. An alert interception by Lonnie Hawkins at the Loudon 20 yard line stopped the threat as the first half ended.

Dayton got the third quarter kick at their own 39 yard line and they had the ball for five plays before being forced to punt with the ball being downed at the Loudon 26 yard line. Millsaps picked up 11 yards in two plays. Hawkins was hot for a four yard loss, Hampton's pass was deflected with Rick Alexander catching for three yards. On the next play, Hampton had another pass deflected at the line with Dayton's Jerry Colbaugh getting the ball at the Loudon 29 yard line with eight minutes left in the third quarter. Colbaugh and Arnold moved the ball to the Loudon 17 yard line. Greg Cagle broke up a Brown to Colbaugh pass. On fourth down Jerry Brown was stopped short and the Redskins took over at their own nine yard line.

Hawkins hit for three yards, Hampton picked up one yard and on third down and six. Hawkins tried to pick up the first down but was stopped two yards short. Dayton was forced to punt once again. Dayton downed the punt at their own 29 yard line. Four plays later the Redskins got a big break when Hampton picked up a Dayton fumble at midfield and was finally stopped at the Dayton 10 yard line with about one minute left in the third quarter. Loudon fumbled the ball right back to Dayton at the Yellow Jacket 13 yard line. In three plays Dayton was pushed back to their five yard line. They punted to Hawkins who returned the punt 30 yards to the Dayton 29 yard line.

Millsaps blasted for the yards, Hampton was hit for a loss of three and Millsaps hit for two yards. On fourth down on the halfback option Hawkins spotted Simmons in the end zone but Ray was unable to hold the ball and the pass fell incomplete to stop the threat. This seemed to give Dayton the lift they needed as Brown hit James Colbaugh for a big 44 yard gain. On the next play Brown raced down the sidelines for 30 yards and another

HAMPTON JUST MISSES—Yancy Hampton of Loudon just misses catching Jerry Brown of Dayton during last Friday's game.

touchdown. Schild added the extra point and the score was 21-14 Dayton with 8:16 left in the game.

Loudon fans were still hopeful the Redskins would come back with Jerry Buckner returning the kick for eight yards. On fourth down Hawkins was stopped at the Dayton 40 yard line just shy of a first down.

Dayton moved the ball and in 12 plays scored again with Arnold going over from the five yard line on fourth

Millsaps returned the kick 10 yards to the Loudon 36

yard line. Two passes fell incomplete, then Hampton seeing that his receivers were all covered rambled for 20 yards down the sideline, as the game ended.

CONCERNED CHEERLEADERS—Worried looks from one of the Loudon High cheerleaders as another keeps yelling the team on last Friday night. Breaking Loudon's unbeaten record was the Dayton Yellow Jackets by a score of 27-14.

Indians-Kingston Battle To 0-0 Tie

The Loudon Indians and Kingston battled to a 0-0 tie Saturday night at Kingston. Loudon recovered an on-side-kick off on the Kingston 44 yard line. Behind the running of Buddy Swiney, Jimmy Long, and

game Saturday night at Kingston. Loudon recovered an on-side-kick off on the Kingston 44 yard line. Behind the running of Buddy Swiney, Jimmy Long, and

Porky Campbell the Indians moved the ball to the Kingston 8 yard line. On third down and one a fumble stopped the drive. Kingston blocked a Loudon punt on the Indian 18 yard line in the second quarter. The Indian defense held as Swiney, Brookshire and Colvin made key tackles. The half ended with the score 0-0.

The second half started as the Indians recovered a fumble on their 28 yard line. Loudon was stopped and forced to punt to the Yellow Jacket 40 yard line. Kingston then ran the ball to a first down on the Indian 5 yard line. On first down Brookshire, Swiney and Varner made the stop on the Indian 3 yard line. On the next play Roberts, Long and

Swiney combined to make the tackle on the Loudon 1 yard line. On third and one yard to go Queen, Swiney, and McCall stopped the play on the Indiana one foot line. On fourth down Dickie Colvin and Queen stopped Kingston for a six yard loss. The Indians with Queen and McCall rushing moved the ball to the Kingston 47 yard line where a fumble stopped this drive. The Indiana defense held again and look over on the Indiana 20 yard line. Loudon moved the ball 70 yards late in the fourth quarter. Queen passed to Campbell twice to keep this drive going. Loudon was on the Kingston 10 yard line as the game ended.

Outstanding on defense for Loudon was Swiney, Brookshire, Roberts, Colvin,

Your County In Action

BY Harvey L. Sproul
LOUDON COUNTY JUDGE

By the time that you read this the "Little Tennessee Valley" Charette will be well underway.

The Monday night session was excellent - a lot of questions were asked and discussed.

Thursday night (tonight) is supposed to be the real "railing down" session so far as Loudon County is concerned.

Hopefully, a lot of people will have participated in the various sessions all this week, and beginning at 1:00 p.m.

on Thursday, stopping for supper, and reuniting at 7:30 p.m., everything is supposed to be brought together as to what we want and need in education in Loudon County, how much money the citizens are willing to spend for its educational system, how savings can be made, etc.

GAMES
Now, a person shouldn't come to this meeting with the idea that he is going to take all of his gripes out on the last day, or make all of his suggestions on the last day, because the principal contributions and questions are supposed to have been made and answered in the sessions on Monday, Tuesday, Wednesday, and Thursday afternoon.

By the meeting on Thursday night is one where we hope to have all the School Board Members and County Court members present, and when we can expect to come up with a kind of majority report as to things that could be done, and plans toward which we will work.

On this type of planning, with this kind of professional help, and with the interested participation of the citizens, is the thing that possibly could be the basis of special programs with the basic expense to be carried from other sources other than from the local property tax.

TOGETHER
Then the next steps will be carried out on Sunday afternoon at 2:30 p.m. at the Lenoir City High School Auditorium where all three Counties (Blount, Monroe, and Loudon) will come together to try and work all this out together, because many improvements can be made by working together on a three-County basis, when maybe nothing can be done if we are trying to do it by ourselves.

What are some specific things that we might look toward from this study that could happen to Loudon County?
Two of the things that may be needed are a Community College and/or a Comprehensive Vocational High School.

FOR US?
Both Blount and Monroe Counties already have colleges, and so Loudon County might be a prime suspect for a new college, and insofar as a vocational high school is concerned, Loudon County is also well located between the other two Counties and might be a good location for this.

These are just examples. However, everyone knows that you don't get anything unless you ask, and I might add additional consideration on to that, and in many cases just "asking" is not enough, but the citizens must be interested and involved and concerned in order to accomplish an objective. Anybody having children or grandchildren going to school in this County? Now may be your chance to help these children, and others to follow!

THIS IS FOOTBALL—Lenn Moore, left and Parker Gray, right, of Valley Vista Dr. Loudon, enjoy a game of football on the lawn of their homes. Lenn is the daughter of Mr. and Mrs. Elroy Moore and Parker is the son of Mr. and Mrs. John Gray, all of Loudon.

Girl, 3, Wants To Be Redskin

By Calvin Lunsford

We are reminded of the story of the father who went out, upon hearing that his wife had given birth to a son, and tried hard to find a football uniform that would fit an infant. He found, instead, many store clerks who thought he was cracking up. Nobody could be this big of a nut about football.

How soon does the football bug seek its fangs into the tender flesh of our youngsters? And does this always happen to just the males? Our case in point is Parker Gray, age four, and Lenn Moore, age three, who have put away dolls, playhouses, etc. in hot pursuit of their own chosen game of football.

During the past hot summer days these two don their helmets and long sleeved jerseys (complete with numbers) and pursue a day of play which consists entirely of football, football, football. Much to the expressed dismay of the parents who are sweating out the hot summer days in clothing befitting the weather. The helmets and jerseys continue to be the only attire these two youngsters want to wear.

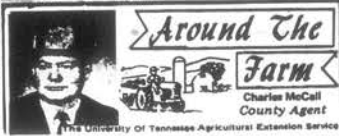

Mr. and Mrs. Elroy Moore along with the John Grays of Valley Vista Drive, Loudon agree that both families have an interest in America's most popular sport but nothing compared to these two helmeted babes. Lenn is the daughter of Mr. and Mrs. Moore and Parker is the son of Mr. and Mrs. Gray.

Parker, of course, has a childish dream of someday playing on the Loudon Redskin team which could well become a reality. But for

Leann? We have heard of the possibility of girls football teams and they may someday happen. It could happen you know. If so, we think she will be ready for it.

Maybe this is a step in the direction of women's

liberation, or maybe it is an indication that the modern female, though young in years can well prove to her male counterpart that what men can do women can do better.

ON CARSWELL AND HAYNSWORTH TENNESSEANS SAID YES. ALBERT GORE VOTED NO.

The vast majority of Tennesseans favored the appointments of Harold Carswell and Clement Haynsworth to the U. S. Supreme Court. Senator Gore voted against both appointments.

Why did Tennesseans want Carswell and Haynsworth? Not only because they are Southerners, but because they are strict constructionists, who believe in the strict interpretation of the constitution.

BILL BROCK BELIEVES

That Tennesseans want the complexion of the left-leaning Supreme Court changed. Congressman Brock publicly endorsed both Carswell and Haynsworth, and actively worked for their approval.

Need a Tax Expert?
How do you keep your taxes at the legal minimum? You set a careful system of tax avoidance. "There's a big difference between tax avoidance and tax evasion." "The difference may be \$10,000 and five years in a federal penitentiary." Avoidance is perfectly legal, moral, legitimate and upright. Evasion is none of these things. A good tax advisor will help you avoid but never evade. The key is a good tax advisor and system for using his services.

Tobacco Bed
Your success or failure of next year's tobacco crop may hinge on the selection and care of the plant bed. Now is an excellent time to fumigate next years tobacco bed. The soil is still warm which will help in getting good weed control. Edward Bright,

tobacco farmer in the New Hope Community, says "preparing the tobacco bed now releases this time in the spring to do other jobs."

Renovate Pastures
It's a good time to renovate pastures because some farmers like fall better than spring. Also, in many of these pastures the stubble is short. Disk just enough to kill about half of the grass. Apply lime and fertilizer. Sow two pounds of ladino clover and four pounds of red clover (both inoculated) per acre. Delay grazing for four to six weeks after seeding.

Feeder Calves
The quality feeder calf sales will get underway on Friday, October 9, 1970. This will be the Hersford Sale. Other sales to follow are the Angus Steers, on October 16, Angus Heifers, October 23, Special Graded Sale, November 6, and on December 4 an all Breeds Sale.

Watershed Meeting Set

A public meeting to review the proposed Sweetwater Creek Watershed Work Plan for Watershed Protection and Flood Prevention has been scheduled for 7:30 p.m. on Tuesday, October 20. The meeting will be held on the second floor of the City Hall in Sweetwater, according to S. F. Owen, President of the Sweetwater Watershed District. The proposed plan has been jointly developed by Sweetwater Creek Watershed

District, Monroe Soil Conservation District, with the assistance of the United States Department of Agriculture Conservation Service and Forest Service. The Sweetwater Creek Watershed includes 37,640 acres, with stream headwater in the edge of McMinn County and flowing through Monroe and Loudon Counties to its confluence with the Tennessee River. Included in the watershed are the City of Sweetwater and town of Philadelphia in Loudon County.

Meetings On Schools Well Attended, Still In Progress

(Continued from page 1)

...a break for supper. At Monday night's kick-off session, Chairman Curtis Menger noted the attendance of about 125 persons. "We had hoped for a much larger attendance," he said, "but if all of us here can catch enthusiasm and spread it to others, we can have a large crowd by the end of the week."

Dr. William Feltner, Professor of Higher Education, University of Georgia, was the kick-off speaker. He said he had participated in two earlier Charettes and he was intrigued whether or not this

one could be successful, considering such a wide geographical area was involved. He hoped for a lot of participation, a lot of interaction, a lot of "input" of ideas from citizens.

The Charette will be seeking to learn "what will it take to make education more productive, more efficient in these three counties. This is not to say the present officials are not doing a good job, but education should not be satisfied with just doing a good job."

Dr. Feltner was introduced by J. Guy Buckner, Loudon County Superintendent of Schools. Loudon High School Principal Bill Napier called it

a privilege to serve as host for the Charette. Loudon County Superintendent of Schools Albert Dukes expressed enthusiasm for the possibilities which could come out of the Charette.

Dr. Donald Brown of Lenoir City, a member of the U.T. faculty, gave a report of the Demographic, or fact-finding, committee. Statistics, he said, show a high percentage of drop-outs from Loudon County Schools; they show a decrease in farm employment and an increase in operative trades and sales and services; Loudon County spends only \$91 per capita for schools, compared with an average of \$139 for the state as a whole; population estimates by TVA show Loudon County growing from its present 26,000 population to about 100,000 by the year 2000, assuming the development of the proposed model community, Timberlake.

Storie Smith, speaker for Loudon High School students, "A lot of high school students don't think this Charette is their thing," she said, "They should realize that everyone can stand up

and say what they think and people are going to listen. I hope we can do it better than we can do it now." She said that for a broad curriculum including more foreign language, more art and more vocational training. "I know we can't have these changes without money, effort, people and a whole lot of time. These things can come out of the Charette. Not just vague things, but things we can see next year. Talking's good but action's better," she concluded.

Bruce Lynn of Lenoir City High School was disappointed in the number of students from Lenoir City High School. "Many of them have complaints," he said, "but we know we don't have all the answers. This is the first chance we've had to help plan our school environment. Kids usually feel hopeless talking to adults, but I hope this Charette will help bridge the gap and create a great atmosphere."

Discussing vocational programs, and the "Distributive Education" program, in particular, Mr. Buckner said the Lenoir City Board of Education had hoped to add the program to the curriculum this year but could not find a teacher. He cited the same problem in a proposed three-county cooperation on speech and hearing classes to be conducted at Maryville. "We were unable to find a teacher," he said. The plan had been for other school districts in the three counties to pay tuition for students attending the program at Maryville.

The same problem presents itself, Mr. Buckner said, in the Loudon County Vocational Technical School. "They lock the place up at 3:30 in the afternoon and all that expensive equipment sits there unused until the next day," he said. Meanwhile there is a one-year waiting period to be enrolled.

Opening the school on a second shift, if teachers could be found, would solve that problem.

The same thing applies to local school facilities, someone suggested. They could be used, perhaps on a 24-hour basis, and, perhaps, 12 months each year.

Students from Lenoir City High School appealed for better communication and understanding between the students, teachers and

administration. One proposed representation — at least informally — on the school board. Another student called for more challenging teachers. "There is no excuse for us to fall asleep in class because of the material being presented," he said. "Extensive discussion was given to adoption of the 'new math' in the local school systems."

Dr. Horace Barker, president of Hiwassee College, spoke extensively on the role Hiwassee could play in the future development of education in the three county area. With only minor expansion in facilities, Hiwassee could approximately triple its present student load on a commuter basis, he pointed out.

Seven Persons Injured In Two Car Accident At Crossroads

Seven persons were injured, six in one car, three of whom were hospitalized Monday about 7:45 when two cars collided at the intersection of new highway 95 and highway 70 at Estons, according to County Deputy Raymond Littleton who investigated.

Most seriously injured were Charles M. Keeble, Jr., 14, Robert Keeble, 10, and Zola Keeble, 21. The two children, both suffered broken legs and other injuries and were admitted to Fort Sanders Hospital in Knoxville. Mrs. Keeble was struck by Bacon Hospital with multiple injuries. Deputy Littleton said. Treated and released from the hospital were Mr. Keeble, 31,

Union Carbide, Loudon, incomplete; \$2,600 from Bacon Co., Loudon, incomplete; \$95 from Loudon business and \$399 from Loudon residential, both incomplete.

From Lenoir City — \$2,000 from Wampler's and Elm Hill, complete; \$2,271 from Bacon Co., Lenoir City, complete; \$139 from Sheffield

Roy B. Keeble 12, and Donna, 8, All suffered cuts and bruises.

Mrs. Frances Lovell, wife of the driver of the other car, Joseph E. Lovell, of Houston, Texas, was treated and released at Bacon Hospital for minor injuries, the report showed.

Littleton said the Keeble car was traveling north on highway 95 when it was struck by the Lovell car traveling through the intersection on highway 70. Both cars were heavily damaged. The doors on the right side of the Keeble car were ripped off by the impact, the car overturned and at least three of the occupants were thrown to the pavement, Littleton said.

Southern Steel Co., complete; \$157.80 from the Eaton Cross Roads and Dixie Lee area, \$356 from Lenoir City Schools and \$10 from the American Legion Auxiliary. No report was available from Eaton, Yale & Towne, although it was known that the solicitation there is nearing completion, and Executive Secretary Mrs. Barbara Cardwell said that while she had been in touch with United Fund workers in the Union Carbide, Oak Ridge plant several times, no report is available yet from that source.

Next week's report meeting will be at 12:30 p.m. Monday at the Loudon Junior High School cafeteria.

Agencies to share in this year's campaign goal of \$41,671 are:

1. American Legion Mile of Dixie, Lenoir City.
2. American Red Cross, Loudon County Chapter.
3. Arthritis Foundation.
4. Boys Club of Lenoir City.

Cherokee Smoke Signals

GREENBACK HIGH SCHOOL

Greenback High News
Mr. Bill Hankins, of the U. T. planning laboratory was at our school on the 7th to talk to us about the Cherokee program. On the 14th the Seniors and class officers are going to the meeting in Loudon, and on the next day the Juniors and class members are going. Our representatives to the meeting in Knoxville were Nancy Brooks, Kathy D. Hammon, Tim Hammon, and Rhonda Brown.

The Letterman's Club met on Thursday and appointed two committees. The committee to plan money raising consists of Joycelyn Dixon, Jewel Hammon, and Becky Bean. The by-laws committee consists of David McCall, Kathy R. Hammon, and Debbie Evans. They also decided to pay \$1 per year for dues.

The 4-H Club held meetings on the 8th to elect new officers. The officers for the 4th, 5th, and 6th grades are President Sally Jo Blair, Vice president Eric Belcher, Secretary Chucky Ray, and Song Leader Lori Ogle and Roger Goddard.

The officers for the 7th and 8th grades of the 4-H Club are President Jill Adams, Vice president Ricky Spira, Secretary Tony Chambers, Treasurer Jeff Disney, Reporter Jimmy Brooks, Song Leader Kyle Shepherd and David Beeler, and Recreational Leader Teresa Goddard and Becky Woods.

The FFA boys sold calendar ads on Tuesday the 6th.

The elementary grade cards went out on Thursday of last week. The high school is now on a 9 week system so their delighted to see and talk to Roy. We are not sure, but we think he is now living in Maryville.

After we had left Roy, we wished we had asked about Jim Roberts. Now this is not the one living in Loudon, but another Jim Roberts. Jim was a harmonics player, and a very good one too. He didn't play "hillbilly" music, but popular tunes. I guess the one we remember him most for was his rendition of "Indian Love Call." Jim was related to the late Jacky Payne and his family. He used to stay with them some of the time.

Anyway, we just wondered if Jim were still living, and where he is residing today. It's surprising how the meeting of a person you haven't seen for some time will make you think of others.

Well, that's it for now. See you next week.

Skits lasting no longer than three minutes each were presented by each chapter. grade cards were not given out. *** The FFA Volunteer Sub-region held a meeting at Greenback on Oct. 13th. The program was based on the state program of work, "A Search for the Seventies."

Seniors. *** The newly organized Y-Teen club held a meeting last week to elect their first officers. They are President Jewel Hammon, Vice President Anita King, Secretary Brenda Tarwater, Treasurer Jocelyn Dixon, Inter-club Activity Chairman Joy Adams, and World Fellowship Chairman Patricia Henry.

BACK IN THE GOOD OLD DAYS

Over the passing years, the time we refer to as the good old days, I would venture a good guess that more pictures have been made of school groups than any other one thing, and as we have said many times before, we are glad that somebody took the time to make the pictures.

Anyway, one of our pictures this week is a school group of Loudon Grammar School. This picture was made in the old gym, as we have been in many others through the years. I guess this is the one thing we will miss when and if the old gym is ever torn down. It holds many memories for all of us who attended school at this location.

We don't have a complete list of those in the picture, but we will list what we have and maybe you can help us fill in the gaps. Those are not in any order, but are as follows: Tom Nichols, Leroy Niles, Tiny Mitchell, Sannie Wells, Brewer, Mary Lindsay, Sue Jacobs, Brewer, Pop Schrimmer, Doug Shelton, Carol Steed, T. Tilley, Joe Harrison, Hubert Craig, Betty Hartsell, Mary Alice Hart, Barbara Bluford, Johnny Sue Jones, teachers Kathryn Watkins and Mrs. Tom Guyton, June Cooner, Rhona Faye Harris, Barbara George (deceased), Larry Watts, Jane Wallace, Carl Rideout, J.C. Johnson, Lundy Lovelace, Billy Jackson, Jim Pope, Wood Harper, Sonny Tuck, Don Schrimmer, Dean Russell, Jeff Hope (deceased), Peggy Wilson (deceased), Aileen Watkins, Sarah Joe Nichols, Billy Joe Joy, Peggy Ovan, Wanda Gene Trim, Jim Morgan, Raymond McColey, W.C. Viars, Bobby Brewer, Junior Gaston, Eddy Ray Clark, Oford Missaps, ? Rynson, Ham Mills, Bob Bruckner, D. Akins, Benny Knox, George McNabb, Flop Christian and Jimmy Hugh McCrary.

Our other picture this week is of the Yates family. The only one we know is Billy Yates, who is well known in Loudon County. We know this picture was taken many years ago, just where the family we living we don't know, but the old log house in the picture was possibly very old when this family picture was taken. Maybe this house is still standing somewhere in our area today. Our many thanks to Buster Hiam for the loan of these two old pictures.

I am quite sure that it would be hard to find someone from the good old days around Loudon, say in the late twenty's or early thirties time slot, who doesn't know Roy (Dinah) Miller. He had dances held which played around the Loudon area for many years. One of his groups was called Fido and his Pals, but don't let the comical name fool you because it was really professional quality music. We talked to Roy for some length of time the other day when he was called to Loudon because of the passing of Mr. R.A. Lawson Sr., his brother-in-law. Although it was a sad occasion, we were still

Canaanites May Have Lived In Loudon Area Many Years Before Indians

The correct interpretation of a Canaanite Burial Stone, which had for the past 85 years been mistaken for a piece of Cherokee Indian script, might well prove that the Canaanites were not the first settlers in Loudon County.

The stone, which was found in Loudon County by a team of archaeologists working under the direction of Cyrus Thomas of the Smithsonian Institute Bureau of Ethnology was found in a stone burial crypt at the base of an Indian mound near Morganton along the shores of the Little Tennessee River. It seems that the trouble was the Smithsonian people had been looking at the stone upside down. The discovery of the mistake was made by Dr. Joseph Mahan of the Columbus Museum of Arts and Crafts in Columbus.

The Smithsonian officials identified the inscriptions in 1894 as "beyond question letters of the Cherokee alphabet." They were looking at it upside-down. But still, Mahan said, he has long been convinced that the American Indians are descended from Mediterranean peoples. When trying to provide scientific evidence to skeptical colleagues, Mahan decided to do research on the stone. The one fact that most assured the experts is that the stone was found by reputable archaeologists in an undisputed archaeological site. Smithsonian officials had the stone themselves they cannot doubt the authenticity of the stone.

The stone was found in a burial mound on the west side of the Little Tennessee River where Blat Creek joins the stream. Nine skeletons were found lying on the original surface of the ground, surrounded by dark colored earth. No relics were found near any body except John's. Immediately under John's skull and jawbones were two copper bracelets, the stone, a small drilled fossil, a copper head, a bone implement and some small pieces of polished wood. "I suspect the man under whose head the stone was found was a very prominent man named Jehu," Gordon said. "I suspect the stone may be a ceremonial object and not merely a tablet. 'For Jehu' means 'belonging to Jehu' when translated," Gordon said.

Jehu was a popular name in biblical times, another factor lending support to Mahan's theory. There are five Jehus in the Old Testament, including a prophet and a king of Israel. The stone is Mahan's second significant piece of evidence that the Americas were discovered by Europeans before the birth of Christ. Inscriptions on the Metcalf stone, discovered by Manfred Metcalf, an employe at Ft. Benning, Ga., while he was building a barbecue pit have been identified by Mahan and Gordon as being Mississippian. This means that the person who had the knowledge of this language must have come from the eastern Mediterranean to the Americas about 1,000 B.C. Mahan says the two stones

TENNESSEE NEEDS WINFIELD DUNN— Never before have we taken a stand in a state race for Governor. Last March we first met Winfield Dunn. He spent some 90 minutes in our office and quickly removed the impression of "who is this guy and what makes him think he can be governor?"

Dr. Dunn, although he is far from the end of our state, thinks on a state-wide basis. He stated he wants Tennessee to be one state and not three as it is now thought of by most. During the primary campaign he became known as quickly as any candidate we have ever known. He gained the respect of everyone, Republican and Democrat alike. We think he will be elected Governor of Tennessee, not on the basis of party politics, but on his own merits as a sincere, honest, and dedicated man who wants Tennessee to move in all areas of development.

It is not often that a man such as Winfield Dunn comes along the political trail. He is a man who has a proven record of bringing people together to achieve a common goal and getting the job done. Winfield Dunn talks our language. He is not a do-gooder or a person who sets himself apart and has not let his reputation get him into trouble in his race for the Governorship. A man with this kind of cool-collected and common sense thinking is the kind of Governor Tennessee needs. As our Governor we believe Winfield Dunn will point Tennessee in the right direction in the areas of better secondary and higher education, law enforcement, highway programs, mental health, prison reform, pollution control and other areas of needed advancement.

We think Winfield Dunn will make Tennessee a great Governor. We are voting for him and hope you will also.

JOHN DUNCAN FOR CONGRESS— John Duncan has represented the Second Congressional District of Tennessee in the U.S. House of Representatives as well as any man in history. He is always willing to listen to anyone and help anyone, regardless of politics. This is the kind of man we need in Washington. We don't expect him to have any trouble being re-elected, but because he is the kind of man he is we feel obligated to say "send John Duncan back to Washington" where he can help us in the Second District, Tennessee and our nation.

VOTE FOR THE AMENDMENT— On the bottom of the General Election Ballot there is a Constitutional Amendment which calls for changing the term of office for all Sheriffs in the state. The amendment would have the Sheriff eligible to seek two terms at four years each. The present law allows a sheriff to serve three terms of two years each consecutively.

To us this sounds like a reasonable change which would allow a sheriff to devote more of his time in handling the growing problems of crime and less of it to being a politician. The vote must pass by a two-thirds majority before being ratified. We certainly hope Loudon County voters will give their approval to this measure.

Truck Driver Not Guilty In Manslaughter Trial

Several prison and jail sentences were returned against defendants during the trial of a manslaughter in Loudon County Court. E.L. Whitehead received the longest sentence of the group, three years in prison after entering a plea of guilty on a charge of larceny after arrest. Other prison terms were returned against Larry Eugene Brown, one year in prison for larceny, Charles Lane, one year in prison on each of two had check charges, and Mark Hill, one year in prison on larceny charges.

Jail sentences were given Billy Joe Kirby, one guilty of uttering forged checks, six months in jail and James "Chuck" Norman, contributing to the delinquency of a minor, 30 days in jail. Johnny M. Felton, a Memphis truck driver, charged with manslaughter on two counts, resulting from an automobile accident on Highway 66 at Lenoir City recently was found not guilty on both counts. Douglas Giffeller was tried on charges of arson and found not guilty by reason of insanity and ordered committed to Central State Hospital. A jury was unable to agree on a verdict in the charge of larceny of an automobile against James Cogdill. (Continued On Page 12)

6,000 Loudon Counties May Vote In November Election

Some 5,500 to 6,500 Loudon Counties are expected to cast ballots in the November 3 General Election. The election, which features the race for Governor and United States Senator, also carries races for Second District Congressman, Public Service Commissioner, District Representative of Loudon and Blount Counties, and a constitutional question, this giving voters six places to mark their ballots. In Loudon County all the polls will open at 9 a.m. and close at 7 p.m. The Luttrell Precinct, the only paper precinct in the county, will end voting at 4 p.m. The race for Governor features three candidates with the battle coming between Democrat John H. Hooker, Jr. and Republican Dr. Winfield Dunn. The third candidate for the American Party is Douglas L. Heinshoh. Four men are in the race for United States Senator. They are incumbent Democrat Albert Gore, his strongest challenger Third District Congressman Bill Brock, a Republican. Rounding out that field are candidates are American Party Candidate Cecil E. Fitzard and independent candidate Dan R. East. There are three names on the ballot for United States Congress of the Second Tennessee District. They are incumbent Republican John J. Duncan, Democrat Roger Cowan and American Party candidate William E. Butcher, Jr. Incumbent Public Service Commissioner Cayce Ferrelcock is opposed by Republican nominee Howell Taylor Power. Two Loudon Counties are in the race for Plottorial Representative of Loudon and Blount Counties: Republican M.F. (Benny) Stafford and C.W. (Bob) Byrd an independent. Probably the best known item on the ballot is the one concerning an amendment to the Tennessee Constitution. The amendment asks to change the term of office for the Sheriffs of Tennessee Counties. The present law has the term for a Sheriff running

1-75 Construction Delayed 3 Years, Target Now 1978

A Tennessee Highway Department official announced this week that further delays are certain in the completion of Interstate Highway 75 and it might be 1978, instead of 1975 as previously announced, before the highway is completed in Loudon County. County Judge Harvey Sproul said this week he had been informed by C.S. Harmon, chief of the Interstate Highway Department that the action of the U.S. Senate and House Transportation Committees, had caused some drastic changes in the plan of the State Highway Department as to the completion of construction of the unfinished portions of Interstates 75 and 40. "Apparently it is almost certain that the Interstate Highway completion will be extended from 1975 to June 30, 1978," said Judge Sproul. "This will mean that some of the money will be diverted to what are considered urgent city problems (mass transportation, etc.) and that the State of Tennessee's amount of money that will be used for Interstate construction each year will be lowered from approximately \$90,000,000 to some \$60,000,000," the Judge said. "According to what Mr. Harmon said," commented Judge Sproul, "the extension of the program has passed the Senate and the House but has been referred back to a joint committee because of variations in the

Promoters are hopeful that between 600 and 700 persons will attend a special dinner at 7 p.m. Saturday, October 24 at Lenoir City High School Cafeteria when M.F. (Benny) Stafford and C.W. (Bob) Byrd will be the main attraction. The dinner is being given in support of the campaign for the United States Senate will speak. Harry Wampler, chairman of the dinner, said the dinner will probably be the best attended in Loudon County prior to the Nov. 3 election for the two candidates who will speak following the meal. Tickets for the dinner are \$2.50 each. Also expected to attend are Congressman John Duncan, candidate for re-election and M.F. (Benny) Stafford, candidate for Plottorial Representative of Loudon and Blount Counties in the State House of Representatives.

United Fund 61 Percent Complete, Big Push On

An all-out effort to complete the Loudon County Fund by the weekly report meeting set for 12:30 p.m. Monday at Southland Restaurant in Lenoir City was called for by Fund Chairman Jack Hill this past week after he termed an excellent week in the campaign to raise \$41,571 for the 14 agency projects. The week's largest report meeting at Loudon Junior High School, the total of pledges and contributions to the fund climbed to \$26,217,652, representing about 61 percent in pledges and contributions of \$15,453,32 yet to be raised to meet the goal. The week's largest report came from Eaton-Yale & Towne in Lenoir City, where some \$5,453,445 was pledged by the employees and company. The drive is being conducted in support of an increase of 52 percent over the amount raised at the last year's drive in Loudon County, including an initial report from Oak Ridge \$14,217,818. Loudon County Citizens employed have accounted for \$22,208.52 of the total reported to date.

Sanders Heads Veterans For Gore

London Attorney Ivo Sanders has been appointed as chairman of a "Veterans For Gore" committee in Loudon County, according to County Campaign Chairman Jim Hartsock. Mr. Sanders, who served as State Commander of the American Legion in 1967, is also a former District Attorney and a former Mayor of Loudon. He will be forming a committee of veterans to work in the interest of U.S. Senator Albert Gore in his campaign for re-election. Mr. Sanders said, "Sen. Gore has supported every bill to provide such benefits as the Servicemen's Housing Act, Veterans Hospitals, Veterans Educational Benefits, and many others which his opponent, Congressman Bill Brock, has voted against." "It is also noteworthy," he said, "that while Sen. Gore has been opposed to U.S. military involvement in Vietnam, he nevertheless has voted for every bill which would provide material for the troops who are fighting there."

Stafford Issues Legislative Platform

Mr. Stafford issued the following platform:

Government - I will always strive to keep our state government strong. Every government in which every person has a chance and knows that he has it, is a government in which every citizen has a chance and knows that he has it. Taxes - I believe that we should take a long, hard look at the state tax program. Too often the legislative body passes tax laws without thinking too carefully what the effect will be. Education - We must provide the best school facilities possible, improve educational standards, and expand vocational education. The most important part of excellence which any form of government can possess is to promote the virtue and intelligence of the people themselves. Conservation - We should (Continued On Page 12)

MR. STAFFORD good for Loudon and Blount Counties, and then whether it would be good for Tennessee.

all about Flowers
By Nathaniel Presley
"Monte Are Lovely Flowers"
The famous plant that is so common in the United States, are most all lovely flowers. A commonly known mist is the sparrowmist. Its name is derived from the shape of its flowers - a tiny spear-shaped cluster of blossoms. The lovely plant grows erect, one to two feet high, and is topped with lovely spikes of lavender or white flowers.
Most of the sparrowmist in the United States is grown in Indiana, Michigan, and Washington states. The oil from this lovely flower is used in making perfume, medicine, chewing gum, candies and jellies.
We deal in flowers for beauty only. Our flowers are designed to look at, and enjoy. The next time you need flowers, call us.

student at Lenoir City High School and an award-winning 4-H member, was a finalist in the 1968 District "Make It Yourself With Wool" contest in Knoxville. She plans to enter again this year as a contestant in the Senior division.

For the event, a girl can make either a suit, coat, dress, pants outfit, jumper, or skirt from a 100 percent wool fabric which has been loaned in the United States. Contest rules state that "all operations connected with making the garment, from selecting and altering the pattern, choosing and preparing the fabric, to constructing and pressing must be done by the contestant. She may receive advice, but have no actual help in making the garment. This contest is not open to professionals in the field of fashion or clothing construction." Girls between the ages of 14 and 21 years are eligible to participate.

Judging will be based on the coordination of fabric and design for the individual, and on the fashion appeal, construction and appearance. For more information and entry blanks, contact your county home demonstration agent, home economics teacher or district director of the Make It Yourself With Wool contest.

THOMAS HILL'S

Men's & Boy's Wear Famous Fashion Store--- Lenoir City

Thomas-Hills was founded in Sweetwater in 1915. Mr. Hill got out in 1922. It has been Thomas ever since. In those days a pot belled stove and oiled floors were found in the best stores and Thomas-Hills was no different. It was a modern store then and it remains a leader in this area today.

Lenoir City, Tenn.
Men's and Boys' Wear
This store was opened in 1950 after World War II. Men's and boys' dress clothes, shoes and work clothes are stocked.

Cleveland, Tenn.
Men's and Boys' Wear
This store was opened in 1956 in a number-one location in downtown Cleveland. Featuring dress clothes and shoes for men and boys. Work clothes are also carried. Only famous brands are stocked.

McCutchan's Sportswear
GATLINBURG, TENN.
This store was bought by Thomas-Hill's February 1, 1968. Women's and men's sportswear are featured. However, some dress clothes are carried. Ski wear is stocked during the winter months. This store stocks and sells more swim wear than some department stores in large cities.

Cleveland, Tenn.
Women's Sportswear and Dresses
In 1967, Thomas-Hill's purchased the Merchants Bank Building, where this store is located. On August 6, 1969 Thomas-Hill's opened the Ladies' Sportswear Shop. Customers insisted that dresses be stocked, and after 2 months, a dress shop was opened off the main floor. This is a beautiful store inside and out and would be outstanding in any city.

A.D. CAMPBELL
DISTINCTIVE CLOTHES FOR WOMEN
Middlesboro, Kentucky
This store was bought by Thomas-Hill's, February 1, 1969. This store stocks only women's clothing and shoes and is one of the largest women's stores in southeastern Kentucky. During May of this year, the 81st year of doing business was celebrated by this store, being opened May, 1889, one year before the city of Middlesboro was founded.

Dawson Woman's Shop Morristown, Tenn.
This store was bought by Thomas-Hill's May 15, 1969. Located in downtown Morristown, only women's dresses, sportswear and shoes are stocked. This store has been famous for the number of dresses that it sells. It has been one of the largest dress users in upper East Tennessee since 1938.

"New" Dawson Man's Shop Morristown, Tenn.
A new concept in store layout and merchandising. There are Boutique Shops (The Stable, The Tie Bar, The Shoe Corral) within a shop.

The cottage prayer meetings being held prior to evangelistic services in churches of the Presbyterian Cluster were well attended last Wednesday evening with more than 150 persons reported present in the various homes of the vicinity of Clover Hill, Pine Grove, Cloyd Creek, Big Springs, Bakers Creek and Greenback. The Rev. Scott McClure of Atlanta will conduct the services beginning Sunday, Nov. 8, in the Clover Hill Church and a service will be held in each church. Dr. Paul Lindholm, of Big Spring has outlined the Scripture study "Witness for Christ."

Mr. and Mrs. Hoyle Beals, Mrs. Rebecca Burgess and Mrs. E. L. Beak visited Sunday with Mrs. Rebecca Hammontrout and Mrs. Alma Brower in the Johnson Nursing Home near Lenoir City. Mrs. Ione McCall, Mrs. Margaret Huffstetler and Mrs. Ronnie Masango spent Sunday with Mr. and Mrs. Johnny Blankenship in Oak Ridge and attended church at the church, and the baptismal service of David Lee, son of the Blankenships.

Billy Patter, son of Mr. and Mrs. Clarence Patter is quite ill in the Knoxville Baptist Hospital. Mr. and Mrs. Jack Lott and Mrs. Cora Livesay attended a family dinner Saturday evening at the home of Mr. and Mrs. Lloyd Kirkland in Loudon.

Mrs. Mayme Wear is at home from a weeks visit with her daughter, Mrs. Cam Hall and Mr. Hall and sons in Loudon.

Curtis Yates was a recent business visitor to cities in Canada.

Mr. Harvey Brooks is

seriously ill in the Maryville Blount Hospital. The Rev. Alexander Gillander, retired chaplain of the U.S. Air Force is spending this week with the Air Force on a tour of Europe. In his pulpit at the Greenback Presbyterian church Sunday, Col. W. F. Taylor, director of Admissions at Maryville College, conducted the service. His Scripture text was taken from Romans 7: 14-25 and his subject was "Our Personal Sins and Christ our Deliverer." Mr. Ben Hammontrout led the responsive reading. The flowers were furnished by former pastor Dr. A. H. Cropp now retired, of Maryville in memory of the late Mrs. Cropp.

Mr. and Mrs. Otis Yates have returned from a trip to the northeast where they saw the gorgeous foliage of the forests in New Hampshire and Vermont. They visited New York City and other cities.

OLD FASHIONED SWING AND ROCKING CHAIRS WOULD SUIT THIS FRONT PORCH
FAMILY LIVING DIRECTED TO THE FRONT OF THIS HOME PLAN

By W. D. FARMER

This single plan offers more intimate atmosphere. The entrance is accented by vertical paneling, stone chimney, gable roof and flower exterior also in stone. The porch has turned columns and brick rail balustrade. The double car port entrance is from the rear, allowing for full advantage of lot size, plus adding beauty to exterior style. The kitchen-breakfast room, family room and foyer all flow together with access to desirable front porch. The family room is large and includes fireplace, utility and car port entry are from this room. The kitchen and breakfast room are adequately provided with space, built-in appliances, cabinets and oven. There is a large living room and large dining room on the rear, away from day-to-day traffic.

The Plan is Number 755-B. Floor plan front wall is altered to change porch width to 4'-0". A Front, Southern Farm style, includes 8'-0" width porch and is shown with square columns and all brick. This plan includes 1,784 square feet. For further information write W. D. Farmer, 15 Peachtree Bldg., Room 923, Atlanta, Ga. 30303.

Bread Baking Major 4-H Project

by Karen F. Nensiel
Home Demonstration Agent

It seems there is even a gap within the young generation. To some teenagers "bread" means "money." But to another group of youngsters bread means just that.

It means a savory home-baked loaf and biscuits made from a smooth dough, set to rise in the warmth of a kitchen, and baked to a golden brown. It means a treat for mom, dad, and the kids.

Among the group who say, "bread is bread" are a half-million 4-H members money is involved. So the managerial talents of the farmer's wife has been often underrated because this lady has often been the keeper of the record book.

Treat your tobacco bed this fall while the soil is warm. To get good results this must be done by October 15. Regardless of the chemical selected, a careful selection of the soil and thorough preparation of the soil is a must. Methylene bromide is probably the best of the chemicals.

Much Traveled Goat Man Retires, Living On Relief

By Calvin Lunsford

Possibly a few motorists have traveled across the six state area of Georgia, Tennessee, Carolina, Florida, Kentucky and Ohio without having caused or discussed a highway traveler commonly known as "The Goat Man."

The title, of course, came about by way of the fact that this traveler had as his whose bag is baking bread. In the process they experiment with pizzas, muffins, rolls, coffee cakes, and other breads. This kind of bread pays off, too, in cash, companionship, and demonstrations.

Junior 4-H members (ages 9-13) enter the 4-H Quick-Breads activity to compare skills in making biscuits, muffins, and corn bread. Loudon County's 1970 Quick-Breads winner was Jimmy Brooks, Greenback, who makes light, flaky biscuits for his family.

Yeast Breads is the activity chosen by many Senior 4-H members (ages 14-19). Teresa Hickey, Philadelphia, is one 4-H'er who knows that bread pays! Teresa has been involved in 4-H breadmaking activities since she joined 4-H seven years ago. In 1969 and 1970 she won the local and county Yeast Breads contests.

The first year at district contest, she was awarded a white ribbon, but in 1970, she progressed to the position of district runner-up. Teresa says she has enjoyed the companionship of trips to district and state contests, as well as prize money and awards from her demonstrations.

The high point for a 4-H Bread contest is to become a national winner. Each year, the six best teenage bakers at National 4-H Congress are awarded \$600 scholarships by Standard Brands Inc.

With lack of adequate nutrition for teens being a major concern of parents, teachers, and others, the 4-H bread program offers one solution. Get more teens involved. And it's easy. Get with a 4-H group. Information on how and where may be obtained by contacting the County Extension Service (458-2671). Or ask a classroom who is in a local 4-H club.

companions a herd of goats, with which he used to pull his milk loaded wagon.

After forty years of pulling his wagon along many main highway arteries, his journey has at last come to an end. He has finally retired from his travels. He is now living on U.S. Highway 80, about ten miles west of Jeffersonville, Ga. and about fifteen miles east of Macon, Ga. in a little rural community called Dry Creek, which is home to the Goat Man. His wagon has come to a stop, and his goats have been put out to graze on the countryside. He has decided to draw assistance available to him in order to live out his remaining years.

The old goat wagon, which has traveled an estimated one hundred thousand miles, and undergone enough repairs to keep it going, is parked under a grove of Georgia pines, with a large sign displayed on its side which reads, "God is not dead."

A short distance away stands what is possibly the smallest church in the United States. About ten feet wide and twenty feet long with a seating capacity of about ten people, the church, though constructed of scrap material and unpainted, is complete with a steeple of the size suited in proportion to the rest of the church. In back of all this is a small frame house which is now home of the well-known Goat Man.

The description we have given of the Goat Man's home and surroundings is not to downgrade him or his worldly possessions, but to stamp out the many stories we have heard about his owning much property and having a Cadillac.

At his home. These stories are completely false.

The Goat Man has another name like the rest of us, but we will not mention it here because it would not serve any worthwhile purpose. He is described by Macon, Georgia folks as being in his eighties, and not a great deal is known about his personal life. Most of those in this area wonder in amazement about how he managed to get by.

Some of those who have permitted him to operate his hazardous contraption on busy highways across many states.

Possibly, highway safety would improve due to the retirement of the Goat Man, but not before he reads the Goat Man and his wagon had in fact, just traveled east on Interstate 16 out of Macon, Ga., which runs into Highway 90 East, and you will run smack into Dry Creek. God, the final earthly destination of the well-known Goat Man.

Cover Crops Small grains and crimson clover are on the increase in Loudon County. If sown early they can provide early fall pasture and reduce soil losses. In the spring they may be turned under, cut for hay or silage. This gives every farmer an opportunity to double crop.

More From Each Cow This question came up while talking to Gal Hein, President of the Livestock Association. Hein admitted that a big problem with farmers was how to increase feeder volume. For a lot of producers in Loudon County more cows may not be practically possible. So Gal believes the answer lies in heavier weaning weights, with a goal of 550 pounds.

Thinking Out Loud In other words, try to fit the cow to your plans, rather than fit plans to the cow. Every 7 1/2 seconds a new American is born. In his

expected 70 years of life span, that person will use 26 million tons of water, 21,000 gallons of gasoline, 10,000 pounds of meat, 14 tons of milk and cream, 9,000 pounds of wood, and great quantities of other products from the earth. Quiet a task for the future, which means management will be a crucial task. To say the least.

Certified Hams Consumers of those specially dry-cured, country hams will soon know that these products are federally inspected and technologically safe through a new laboratory program being set up by the U.S.D.A.

Loudon County Veterans Get \$1,078,000 Benefits

An indication of how much money is being spent annually to aid Loudon County's war veterans and their families may be gleaned from the latest government report.

They show that expenditures in the form of cash benefits and services are at an all-time high, locally and elsewhere.

The VA estimated \$1,078,000 in financial aid of various kinds went to needy local veterans and to the dependents of deceased veterans during the past fiscal year.

The figure was derived from detailed data for the State of Tennessee, released by the Veterans Administration in its report for the year.

Among the benefits received, in addition to pensions and compensation, were hospital and health care, education and training, business and housing loans, insurance and various others.

which the VA places at 2,930. Throughout the State of Tennessee, which has a veteran population of 179,000, the amount spent was \$17,158,000. A breakdown of the \$1,078,000 in benefits going to Loudon County shows that approximately 50 percent of it was for pensions and compensation to living veterans and to the dependents of former veterans. Nationally, the ratio was 67 percent.

According to the annual report, some \$9.4 billion was spent in the United States in fiscal 1969 to provide benefits and facilities for the 27,300,000 living veterans and for the dependents of deceased veterans.

With the number of them on the rise in all sections of the country, due to the war in Vietnam, Congress has been urged to step up the amount of assistance provided for them.

Special attention has been accorded to the needs of discharged veterans to improve their economic status through vocational and remedial training so as to enable them and compensation to living veterans.

Cherokee Smoke Signals GREENBACK HIGH SCHOOL

A movie was shown to the student body on Friday of last week. The name of the movie, that was shown by the Beta Club, was "The Maudsleys of Merin Jones."

The Y-Teen Club met to elect a World Fellowship Chairman. They elected Kathy E. Hammontree. By voting in a new club at Greenback.

The Beta Club met Tuesday to discuss their convention plans. They decided what motel they were going to stay

in. A committee on Saturday and for the convention service for the new members was appointed.

The Senior Class met on Monday and made plans for the sock hop that is to follow the homecoming dance. Committees were appointed for the week that has to be done. They also talked about senior fun. Plans are still incomplete on this.

This week has been a busy week for students. We are a new system of one week instead of two weeks term.

WEBSTER'S REFERENCE TO SPORTS

By JOE WEBSTER

Many Loudon fans believe that there is no hope of beating the powerful Maryville Red Rebels. They say that the loss of Rivers and Lawson has badly crippled the Redskin defense. Maybe so, but Maryville is gonna have to show me. I'm thinking that if Loudon plays inspired football - They'll whip Maryville. Class dismissed.

In case you hadn't heard, Tennessee plays Florida in Knoxville this Saturday. And that ought to be some game. (It's on TV).

Don Canter's "Battle Song" is receiving widespread attention. Jack Hairston, Sports editor of the Jacksonville Journal said: (After he'd heard the lyrics) - "I haven't heard the tune yet, but I suspect this song will never earn a place in the Music Hall of Fame alongside "The Tennessee Waltz" or "Raindrops Keep Falling on My Head." "Might not even make it alongside "The Ballad of the Boat (Bryant)" or "Jon Brittenum Was a Quarterbacking Man."

F.M. Williams of the Nashville Tennessean said: (After quoting the chorus) - That's the chorus of a song that swept across East Tennessee last week to become the No. 1 seller on the shelves of music stores and the 19th most requested tune on Knoxville radio stations. Feeling is already running at an all-time high, and the reaction to "The Battle Song" is adequate evidence of that. It is almost sacrilege that Tennessee fans would be thinking about Florida the week before playing Alabama, but that they were is obvious in the soaring sales of "The Battle Song." Unquote.

Reportedly, Canter's record is receiving writeups in: The Sun-Sentinel in Ft. Lauderdale, Florida; A Chattanooga paper; A Memphis paper; and the New York Daily News. Before this week is ended, there'll probably be a great deal of typewriter action on "The Battle Song."

One thing is for sure! Bill Battle and Doug Dickey shouldn't have any trouble getting their squads mentally "up" for the game.

On the World Series: Cincinnati's pitching wasn't bad - it was atrocious.

Now, about that Loudon-Maryville game this Friday at Duke's Field. Like I said, most Loudon fans are conceding the game to Maryville. Well, I'll tell you this: "Chug" Hatledge's team will show up for the game.

Goodnight everybody.

Cliff Miller Wins State Net Golf Tournament

Cliff Miller of Loudon has been declared low net winner of the State Net Golf Tournament held recently at Dean Hill Country Club in Knoxville.

A review of the handicaps and scores revealed that Miller had a net score of 188 for the 54-hole tournament, one stroke better than runner-up L.E. Burkhardt of Oak Ridge. Doug Fish, who was announced as the net winner, finished third at 201.

Fort Loudoun Bird Hunters Set Field Trials

The Fort Loudoun Bird Hunters Club will hold a Fall Field Trial, Nov. 2 and 9, at the farm of Mrs. Bud Robinson, located three miles Southeast of Loudon just off Highway 72. All entries will close at the drawing which will be held there. Nov. 3 at the residence of A. Roberts, Rt. 4, Loudon City, phone 886-8700.

Judges for the trial will be Bank Foss and Hulen Wesley, both of Alabama. Stakes and Order of running are: Amateur Puppy \$7.00, Amateur Derby \$10.

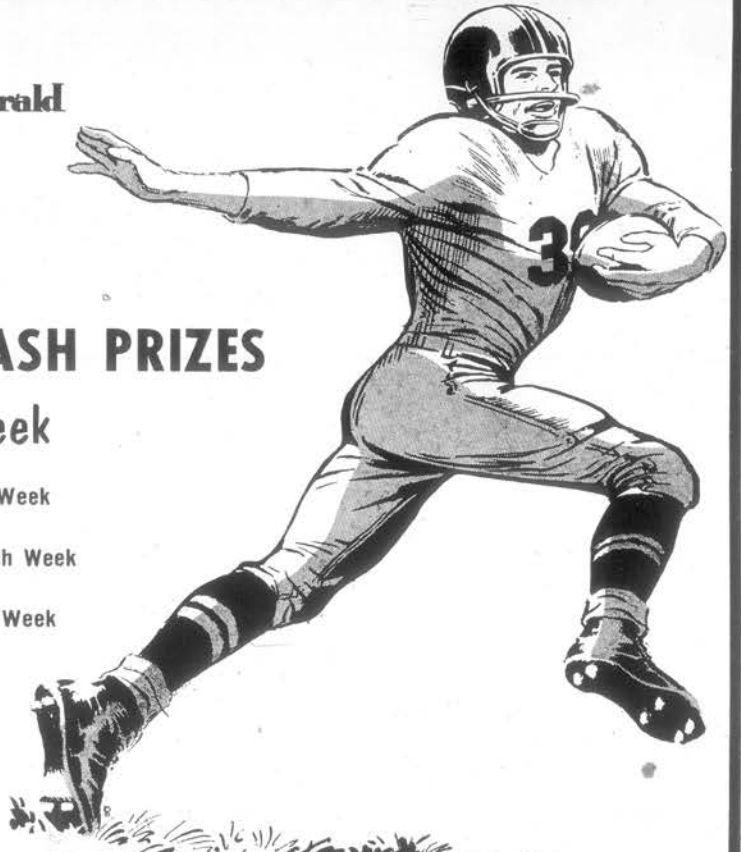

Receives Award

Specialist Four Garry L. Evans, son of Mr. and Mrs. Roy E. Evans, Greenback, recently received his second award of the Army commutation medal while serving with the 116th Infantry Brigade, Americal Division near Chu Lai, Vietnam.

Spec. 4 Evans earned the award for meritorious service as a rifleman in Company A, 1st Battalion of the Brigade's 46th Infantry. He entered the Army in April 1969 and completed basic training at Ft. Jackson, S. C., where he was last stationed. He attended Greensback High School.

Raiders Win 34-13

Cleveland Gets Revenge Over Redskins, Tough Maryville Here Friday

For 12 months the Cleveland High School Raiders football team has been getting ready for Loudon's Redskins. It was just a year ago that the Redskins, destined to be the State AA Champions broke a Raider 33 game win streak. Had not Dayton defeated the Redskins a week earlier snapping the Skins 18 game streak the Raiders would have gotten the perfect revenge last Friday night as they evened the score by downing Loudon 34-13 in a convincing offensive and defensive victory for Cleveland.

YANCEY GETS EIGHT YARDS—Yancey Hampton of Loudon, leading defender for Loudon last Friday night with a total of 20 tackles, is brought down after an eight yard gain by Cleveland's Wilson.

EVANS GETS PASS—On the final play of the first half, Hank Evans caught this pass for a six yard gain for the Redskins.

Redskins a week earlier snapping the Skins 18 game streak the Raiders would have gotten the perfect revenge last Friday night as they evened the score by downing Loudon 34-13 in a convincing offensive and defensive victory for Cleveland.

At 8 p.m. this Friday night at Dukes Field in Loudon the Redskins will have to be prepared for their best effort of the season when Maryville's Rebels, called by many the best AA Football team the state will also try to get a revenge win from Loudon. Last year the Skins won a hard-fought close 9-6 win at Maryville.

The Rebels will bring to Loudon the most explosive offense, and stingiest defense seen by the Redskins this season. Maryville undefeated in play thus far this season, is a veteran ball club, losing only four starters from last year's squad, but having men with plenty of game experience and ability stepping in to make things hard for the opponents. At Cleveland last week the

Redskins started out where they left off last season by ripping the Cleveland defense as if it were not there, but this did not last for long.

Cleveland after receiving the opening kick-off picked up only three yards on two running efforts by Keith Beck and an incomplete pass by quarterback David Lorenz. On fourth and seven Greg Walton punted the ball out of bounds at the Loudon 51.

On the first offensive play of the game for the Redskins Fullback J.L. Millsaps popped up the middle, cleared all the interference and scooted Cleveland's 18, 51 yards, before being driven out of bounds.

With their first down and deep in Cleveland Country things looked good for Loudon, but after a gain of three by Millsaps and four more added by quarterback Yancey Hampton Loudon was at the 11 when Lonnie Hawkins was caught for a yard loss, then on fourth down a five yard delay of game penalty set the ball back to the 18. Place kicker

Walter Carnes came on to try a 28 yard field goal which went wide.

Cleveland took the ball on its own 20 yard line and started an 80 yard march for their first score of the game. During the march it became apparent that halfback Keith Beck was to be the Raider's outstanding back for the night. He personally accounted for 230 yards of Cleveland's offense of the night. During the scoring drive of 11 plays, Beck carried six times, including stepping off the final seven yards of tackle for the score. Quarterback Lorenz also helped the cause with a 39 yard run in the drive and by passing 12 yards to end Rodney Wilson.

With 4:02 remaining in the first quarter Cleveland held a 7-0 lead.

Not to be denied the Redskins came right back with their first offensive show of the night. Cleveland's kick-off was returned from the Loudon 28 to 33 by Jerry Buckner.

On the first series of downs on the drive Hampton carried

the sphere twice for seven and two yards. On third and one Millsaps was stopped a foot short. On fourth down on their own 42 yard line Millsaps got the call again and advanced to the 44 for a first down.

Another quick first down as Hampton on the quarterback draw raced straight up the field 27 yards to the Cleveland 46. Hawkins added another first down in two attempts of nine and six yards to put Loudon the Cleveland 31.

On the next series Millsaps got two and Hampton five at the quarter ended with Loudon in a third and three decision. On the other end of the field with the clock showing second quarter and Cleveland leading 7-0, Millsaps was thrown back two yards on third down, but Hawkins ran from the 26 to the 19 for a Loudon first down.

On the series that led to the Cleveland leading 7-0, Hampton ran one yard to the 18, Millsaps was stopped for no gain, then Hampton threw to end Ray Simmons in the end zone and the Raiders broke that one up. On fourth down and 18 for the score Hampton threw the same pass, it was tipped in the end zone by the Raider defenders, but Simmons made a dive for the ball and held it on his finger. He hit the ground and held on for the six. Carnes try for the point after was wide and Cleveland was still ahead 7-6 with 9:57 remaining in the half.

Cleveland came back to march the ball from their own 25 into the Redskins end zone in nine plays. In the drive Cleveland collected three more first downs and got brilliant offensive action from Beck and fullback Ricky Cope. Beck carried six times on the drive for 67 yards. With the ball on the Loudon four fullback Cope crashed up the middle for the six pointer. Cleveland added the point after and took a 14-6 lead with 5:06 remaining in the half.

Loudon had to give up the ball after three plays failed to yield a first down and Cleveland started another march from their own 29. The Raiders took the ball down field to the Loudon 21 and with six seconds remaining in the half a field goal which was short and wide.

Loudon had time for one offensive play before the half ended.

Hampton Leads Loudon Defense

Hampton Leads Loudon Defense

The second half was more of the same. The Redskins failed to go with the kick-off punts and were forced to punt into the Raiders hands. This time it took Cleveland 10 plays to march from The Redskins 46 to pay dirt. Beck and Cope again combined with some help from

quarterback Lorenz to drive the Redskins back against the wall, with steady five, seven and nine yard plunges right at the Raider defense. This time Cope got the call on a one yard plunge for the touchdown. Again the extra point was good and Cleveland widened its lead to 21-6 with 6:01 remaining in the third period.

After a good return of the Raider kick-off Loudon had hope but at their own 46, but on the first play Hampton had a pass intercepted by Greg Walton at the Cleveland 26 and returned to the 46. In seven plays Cleveland had scored again with reserve fullback Winston Prince going over from 12 yard line. The extra point made the score 29-6. Cleveland was up 31 remaining in the third quarter.

Fancy Hampton returned the kick-off from the Loudon 19 to the 34 and there began a 46 yard drive that took 10 plays and the last Loudon score of the contest.

The scoring drive saw Hawkins get three follows by an incomplete pass from Hampton to Cagle. Cleveland drew a major 15 yard penalty on the next play to give Loudon a first down. From the Cleveland 47 Millsaps and Hawkins moved the ball five yards before Hampton got the boot for 12 yards to the Cleveland 30. Hawkins then got 11 yards to the 19, followed by runs of three and nine yards to put the ball at the seven. Hawkins then took the ball to the one where Hampton dove over for the score. Carnes extra point boot was good to cut Cleveland's lead to 28-13 with 9:47 remaining in the final quarter.

This brought on Cleveland's most convincing offensive series of the night. Taking the ball at their own 25, the Raiders took 10 plays to put their final six pointer on the score board. Reserve fullback Prince and quarterback Lorenz did most of the work ripping off eight, 10 and 14 yards a clip most the way down the field. It was Prince who got the call on the Loudon one yard line and collected the six points. The

point after was wide and the score was 34-13.

Loudon picked up one first down before having to give the ball back to Cleveland who held on to run out the clock and get the 34-13 victory to make their Homecoming celebration a complete success.

On defense Loudon had four players who stood out. Hampton, cornerback on defense had 20 tackles often completely crossing the field to bring down the Raider runner. J.L. Millsaps, linebacker, had 17, another cornerback Lonnie Hawkins had 15. The fact that the defensive back collected most of the tackles for the Redskins points out the strength of the Raider offense.

Eight Correct Wins Cash In Grid Congest

Eight correct picks was the most number again last week in the Herald Football Contest. Nine entries in the contest managed eight correct, more than the hundreds of others.

Again the tie-breaker, total number of points scored by both teams in the Loudon-Cleveland game (47) decided who won how much money.

First place cash of \$12 is claimed by LeWayne Hall, 135 Oakwood Drive, Lenoir City with eight correct games and 40 points on the tie breaker. O'Dell Justice of Loudon with a tie-breaker of 39 took second place and \$8. Third is shared by Joyce Bateman of Lenoir City and E. F. Foster of Loudon, who each had 35 points on the tie-breaker. Each will receive \$2.50 in Herald Football Contest cash.

Others who had eight games correct but missed out on the prize cash were Kim Thompson, Gene Ratledge, Brenda Thompson, William B. Shelby, and Bill Roberts.

A new slate of 10 games awaits contestants this week as does the usual \$25 in prize money.

MILLSAPS ON 61 YARD RUN—On the Redskins first play from scrimmage Millsaps took off on a 51 yard run and finally was brought down on the Raider 18 yard line.

HAWKINS GETS FIRST DOWN—Lonnie Hawkins, Redskin halfback, struggles for enough yardage for a Loudon first down when Loudon traveled to Cleveland last Friday night.

COPE SCORES FOR RAIDERS—Ricky Cope of Cleveland scores the Raiders second touchdown of the game to make the score 14-6. Final score was 34-13 Cleveland.

LETTER To The Editor

The Editor: This is to thank and extend my appreciation to many people, students, teachers, supervisors, principals, superintendents of schools, parents, ministers, business men and women, news media, industrialists and others for their patience in listening, for their attendance, suggestions and participation in the Little Tennessee Valley Character program during the past two weeks. It has been a pleasure to work with you in this program.

My observations have been many during these past few days. I would like to suggest some of the present and future benefits as I see them. First, I think this program has made a start in closing the generation gap between the youth of today and adults with whom they relate - parents, teachers, peers, and adults in the business and industrial community. Second, we are all wiser as to what is needed to develop a better quality citizen of all youth as well as adults in the community. This means that we are more aware now as to what the problems are and some of the solutions to them. Third, that a cooperative effort, over a broader area, is needed in planning the development of an efficient, productive and desirable

City Of Loudon Stops Burning At Dump

Burning of trash collected by the City of Loudon garbage department at the City Dump on Highland Avenue has been ended, Ray Lovin, City Services Superintendent reported at City Commission Monday night. Mr. Lovin, in response to several citizens attending the meeting concerning the burning of trash, said his department has just completed digging two landfill pits at the dump and the burning will now stop. For several months citizens have protested to the City Commission about the dangerous situation caused by large scale burning of cardboard and other industrial waste at the dump and about the air pollution in the area caused by it. The City is currently working with the County and the City of Loudon City in trying to solve a mutual problem of solid waste disposal. State Health Department officials from the Air Pollution Control Division have also been urging the city to make other arrangements for disposal of garbage and other waste and to stop burning of the material. In the absence of Mayor Joe Carter, vice mayor Hamill Carey presided at the meeting. Mr. Carey said that the City Street Department is now getting ready for the fall collection of leaves and brush throughout the city. He urged persons with brush and leaves to be picked up by the city to place them on the curb of the city streets, because the city crews cannot go onto private property to collect them. Commissionwoman Mrs. Henri Richeson told the Council requested the commission to look into the possibility of getting this situation eliminated. Bids were opened on 1000 feet of new fire hose for the Fire Department and a contract awarded to Ed C. Dail of the General Fire Equipment Company. City Attorney Arthur Fowler said he had received a letter from the Southern Railway Company stating that they were still studying the request of the city that the Railway provide, install and maintain automatic signals at the Highland Avenue and Kewee Street Crossings. Four resolutions were passed on third and final reading by the Commission. They were, approval of new water rates; an agreement with Southern Railway for the Loudon Utilities to place a sewer line under the railroad tracks to the new low rent housing project; final approval of rental rates on parking spaces for cab stands in the city; and final adoption of the 1970 State Fire Code revisions.

Bradshaw Charged With Fraud By FBI

John Henry Bradshaw, 45, of 805 Bond Street in Lenoir City was arrested by FBI agents Monday night in Knoxville and charged with fraud by wire. Special Agent in Charge, Wallace F. Estill, said Bradshaw pretended to be a truck driver for Lay Packing Co. in Knoxville and received a sum of money by Western Union in October, 1969, while in Sylva, N.C. Bradshaw waived a preliminary hearing before U.S. Commissioner Harve M. Duggins, and was being held in Knox County Jail in lieu of \$1,600 bond, agents said.

Loudon Indians Down Sweetwater For Sixth Win

The Loudon Indians won their sixth game of the season at the expense of Sweetwater Saturday night 26-0. The Indians Buddy Swiney returned the opening kick-off to the Indians 40 yard line. McCall ran off tackle for 8 yards to the 48 yard line. Campbell then picked up 12 yards and a first down to the Sweetwater 40 yard line. Jimmy Long then blasted off tackle behind the blocks of McCall, Swiney and Brookshire for the 40 yards and a touchdown. The extra point attempt failed and after one quarter of play the score was 6-0, Loudon, Loudon defense with

Loudon Grasscutters Suffer First Defeat Of Season At Kingston

delayed from last week
The Loudon Grasscutters

their first loss.

Kingston won the toss and elected to receive. They took the ball on the Loudon 48 yard line. After three unsuccessful plays, Kingston

punted to Loudon. Loudon couldn't move the ball either and on fourth down, they punted. Kingston began on the Grasscutters' 31 and drove for the goal line scoring

on the second play of the second quarter. Brookbank made two good runs in the drive. Kingston ran for two extra points and went into the lead 8-0. Loudon took the kickoff on their own 42 yard line and moved to midfield on third down. On fourth down, Townsend faked back to pass and then ran around left end to Kingston's 30 yard line for a crucial first down. Loudon was pushed back and had to kick. Kingston had the ball, first and 10 on their own 16 but were thrown for a seven yard loss on the first down and on fourth down they punted. Beginning on the Kingston 40 yard line, Scrimsher and Townsend made several good runs but the first half ended with Loudon on the Kingston six yard line.

Loudon took the second half kickoff on their own 42 but couldn't move the ball. After the punt, Kingston was pushed back by an alert Grasscutter defense, with tackles by Schmeiser and Moore. Kingston had to punt again and Loudon began on their own 35 yard line. They moved to the Kingston 35 as the third quarter ended. On the first play of the fourth quarter, Townsend turned right end on the first play for the touchdown. The try for extra point failed and Loudon trailed 8-6. On the first play after the kickoff, Kingston ran from the 50 yard line down to the Loudon five before being stopped. They scored two plays later, but the Loudon defense stopped the try for extra points. Loudon started on their own 32 yard line but were pushed back to the 25 and had to punt. Again the Grasscutter defense stopped the Yellow Jackets and Loudon took over on their own 20 yard line, with one minute to go. Time ran out before the Grasscutters could score again. Final score, Kingston 14-Loudon 6.

The Grasscutters now have a 5-1 record with three games to go in the season. They have Sweetwater, Rockwood and Crossville left to play.

Outstanding players on defense were Henry, Punny, Townsend, Bowers, Vance, Eubanks, Lambert and Campbell.

Loudon Mustangs Defeat Kingston 6-0 In Tough Game

delayed from last week

The Loudon Mustangs defeated Kingston in a hard fought, bruising Saturday night game that went right down to the wire. Loudon really showed a tough defense as they held Kingston scoreless. Loudon won the match 6-0.

Mike West kicked off for Loudon and Kingston began on their own 43 yard line. On the first play from scrimmage, Canter Cardwell threw the Kingston quarterback for a seven yard loss. Tackles by Lovin and Estes forced Kingston to kick to Webster who ran the ball back to the Loudon 42. Runs by Cardwell and Starrett gave Loudon a first down on the Kingston 30, but Kingston held the Mustangs on down. The alert Loudon defense held Kingston and Webster recovered a Kingston fumble on the Kingston 40 yard line. Carower ran for 15 yds., Starrett for 5, Carower again for three and then a five yard penalty gave Loudon a 1st down on the Kingston 12. Cardwell ran for 2 yds. and then a delay of game penalty moved Loudon back to the 20 yard line. Runs by Watkins and Starrett moved the ball to the 10 yd. line and on 4th down Webster was tackled by Cardwell and Estes gave Loudon the ball on the Kingston 10 yard line with one minute left in the half. Three passes fell incomplete as the half ended.

The second half began with Loudon taking the kickoff at the 10 yard line and returning it to the 20. Runs by Cardwell and Starrett gave the Mustangs a 1st down on their own 32. Loudon then suffered a five yard penalty. Watkins on an end around made 22 yards, with great blocking to a 1st down on the Kingston 40. Freddie Starrett took the ball around left end for another 1st down on the 30. Three running plays netted only four yards and a fourth down pass fell in complete. Kingston took over on their own 28. Tackles by Webster, Stewart and Greer held Kingston as the 3rd quarter ended with the score still 0-0.

Kingston punted to Webster at the midfield stripe and he ran it back to the Kingston 41. One pass failed, and then an Estes to Watkins pass gained three yards. A

and then Desteridge took it into the end zone on the end around. The try for extra point was stopped and Loudon Mustangs led 6-0 with three minutes left in the game. Kingston was held on down with important tackles by Cardwell, Watkins, and Stewart. The Mustangs then ran out the remaining time.

The ship recently completed an overhaul at the Norfolk Naval Shipyard, Va. and has returned to the Atlantic Fleet.

"Surprised and overjoyed at the size and weight" were the words of J.C. Kincer, Wayne Henry, 13-year-old son of Mr. and Mrs. Arthur Henry, and others when they harvested the catfish from the floating pen in Kincer's farm pond last Saturday. The largest weighed 4 1/2 pounds. Kincer said "I started feeding floating pellets to the channel catfish July 9th of this year. My brother stocked it from catfish too small to eat. I had no idea that they would gain and grow so fast in floating pens." Kincer continued, "we dressed the fish and stored them in my freezer except for the few I have eaten." Kincer's floating pen was three feet wide, eight feet long and three feet in depth and is built of boards, hardware cloth, and other material to make it float in the water. A pen this size can rear 200 channel catfish to edible size of one pound.

AT GORE DINNER — Mr. and Mrs. Charles M. Fletcher attended the \$500 per person fund raising dinner held at the home of Sen. Edward M. Kennedy in Alexandria, Va., Aug. 12. Pictures made at the occasion arrived here this week. From left, above, are Mrs. Albert Gore, Mr. and Mrs. Fletcher, Sen. Gore, and Sen. Kennedy.

HANDICAPPED PERSON OF YEAR—William Taft Pack (center) is being presented a certificate naming him Loudon County Handicapped Person of the Year by Governor's Committee Coordinator for Employment the Handicapped Jack Lefler at the meeting of the Loudon Lions Club last Thursday night. State Rehabilitation worker Robin Walker looks on at right.

Bill Pack Named Loudon County Handicapped Citizen Of Year

Loudon County has been named Loudon County's Outstanding Handicapped Person of the Year. Pack, a victim of cerebral palsy, was presented a Certificate signed by Governor Buford Ellington, by Loudon County Coordinator of the Governor's Committee on Employment the Handicapped Jack Lefler at the meeting of the Loudon Lions Club Thursday night.

Employ the Handicapped Jack Lefler at the meeting of the Loudon Lions Club Thursday night.

Pack, a 1967 graduate of Lenoir City High School, is employed by the Knoxville office of Social Security as a clerk, having worked there for some two and a half years.

Robin Walker, state department of rehabilitation counselor, told the Lions that Pack suffered restricted use of his right side, arm, hand damage and speech defects as the result of cerebral palsy. Walker said that the state program had assisted Pack in receiving therapy, helped him get into a business college, and assisted him in getting a job, but that it was his determination and will that has made him a productive member of society instead of a cripple.

After the presentation Pack thanked Lefler and Walker for the award and said any handicapped person should not feel sorry for themselves, but should try to do the best they can. He said it also helps to have friends like Mr. Walker willing to "work with you and for you when you are down."

Truck Driver Is Not Guilty

(Continued From Page 1) charge was reduced to receiving and concealing stolen property and reset for trial in January.

Five persons charged with larceny were found guilty of malicious mischief and fined \$25 and costs each. They are Allen Skidmore, Gary Palmer, Steve Kelley, Randy Lane and Ronnie Fine.

Other not guilty verdicts were returned in favor of the following persons on the charges listed: Edna Wallace, felonious assault; Jackie Wallace, felonious assault; Arthur Wallace, felonious assault; Jack Stringfield, accessory to larceny; William Leslie Collins, non support; James L. Key, failure to provide; Phillip Appleby, killing domestic animal; and Alf Arden, felonious assault.

Vocational School, Timberlake Main Charrette Topics

(Continued From Page 1) problems as they were brought up during the discussion sessions.

Dr. Day said parts of the report are being typed up now and would be available within a few days. It will be available for public dissemination, he said.

These items continued to come up repeatedly in discussion sessions, and consultants indicated Tuesday they will be important items in the final report.

1. Vocational Education: It is thought that one of the major reasons for the drop-out rate between the 8th and 12th grades is the relative lack of vocational courses in any of the high schools in the three-county area. Recommendations have been that the vocational approach begin in elementary school, that additional courses be offered in high school, and that the three counties go together to build a centrally located vocational school to offer courses requiring equipment too expensive to provide in each high school.

Such a central facility might eventually develop into an "educational park" offering extensive adult education, counseling, and other services.

2. Student Concerns - Sessions with students indicated repeatedly that the students want - and feel they should have - more voice in establishing and enforcing regulations. They asked for a student lounge to which they would be free to go when they did not have a specific class. This would involve abolishment of "study hall" and would permit students to

Stafford Tells Of Legislative Plans

(Continued From Page 1) use all natural and human resources in such a way as to benefit as many persons as possible in as many ways as possible for as long as possible. We must preserve our wild streams and our forests. We must maintain our trout streams and wild game sanctuaries. We must improve our state and local parks and preserve our historical landmarks. We must keep our farm policies strong so as to provide the farmers with farm programs that will allow them to maintain a standard of living in keeping with all other professions.

Roads - I will explore every possible means to secure better roads for East Tennessee. I will support programs that will return more of the state revenue back to the counties for road use.

Industry - I will use the state industrial program and every means available to help bring industry into the counties that I represent.

Your County In Action

BY Harvey L. Sproul LOUDON COUNTY JUDGE

BROCK BELIEVES A rather amusing observation as to what "BILL BROCK BELIEVES" was made at the Tennessee Alabama football game last Saturday. For a while, two airplanes were pulling "trailers" of advertisement during the first half.

The first one flew across station "BILL BROCK BELIEVES" and the second one said "MACDONALD'S IS YOUR KIND OF PLACE". By the time you read this the organized public participation part of the Charter, will probably be over.

Quite a number of amusing, interesting, informative, challenging and disturbing remarks and incidents have occurred. The question is bound to be asked, especially by those who did not participate in any of the sessions, as to whether or not the net effect of the Charter, completed open comments and discussion were good, or bad.

I am sure that much of the full extent of what happened at all these sessions will be printed elsewhere in the newspapers, so I will limit my remarks to some brief observations about some of the happenings.

BEARDED COMMENT Last Sunday at Lenoir City High School a delegation from the University of Tennessee School of Architecture led by a bearded young instructor, presented their ideas as to the use of buildings and the consolidation of school systems, which basically they were against. The instructor even closed his presentation with a "juice harp" and song which had a point but may have been of somewhat questionable taste.

The bearded instructor certainly had some points which should be considered, and had some good ideas many of which had already been talked about in earlier sessions (which he had not attended) by citizens and officials and consultants.

A COOPERATIVE I felt it was not good that these particular people had not participated in the earlier sessions during the week. Apparently they didn't know that we had already talked about some of the ideas and how some of them could be implemented, and didn't know that we had already suggested the consolidation of all the schools in the three counties into one building into two buildings. They didn't know that the main idea of consolidation had been toward getting a large enough school that a variety of several subjects could be offered that are not being

sometimes, and is hard to take, and maybe it is unfounded, but how are you going to straighten it out unless you are talking about it back and forth and hearing the other side. When you are talking, progress and solutions can be made.

Bob Sherrill Dies

Robert L. (Bob) Sherrill, age 60, of Coon St. Athens died unexpectedly Sunday night in an Athens hospital. A lifelong resident of McMinn County, he was a son of the late John and Nan Hill Sherrill. Mr. Sherrill had been employed by the Athens Table Co. for the past 16 years and was a member of East Athens Baptist Church where he was a deacon.

Survivors include his wife, Mrs. Edna Mae Estis Sherrill, Athens, one daughter, Mrs. Bobby Watson, one son, Curtis Sherrill, Athens, step-daughter, Mrs. Catherine Hicks, of Murfreesboro, Tenn.; Gilbert Houston of Knoxville, formerly of Loudon; six granddaughters; one grandson, Mrs. Ben Colbaugh, of Chattanooga, Mrs. Tossie Sims, of Newport News, Va. and one brother, Sullivan.

Funeral services were held Tuesday afternoon in the Chapel of Evans-Smith Funeral Home with Rev. Bob Peck and Rev. Foyard Martin officiating. Burial was in Rogers Creek Cemetery.

BACK IN THE GOOD OLD DAYS

By Calvin Lunsford

There's an old saying from the good old days which some of our readers might like to apply to this week's effort. It is "you can ride a good horse to death"; yes, we know we have written quite a lot about Mr. Benson and his unique boat, which brought many comments from our readers. At the time, we thought we had covered it very well, but some other things have cropped up that are very interesting about this man and his boat, what we have found out to be a very widely known boat. It was interesting enough to warrant a spot on a post card, and was likely on sale in many places throughout East Tenn. We came across one of these picture post cards which we are using this week.

Of course, it was made when the boat was in the stages of construction and shows Mrs. Benson, although plagued with a handicap, working diligently with his craft. His physical handicap was well overcome by his tremendous drive.

It is quite possible that this boat caused quite a stir along the Tennessee River at Loudon, but we didn't realize it was of the magnitude to warrant it's being placed on a post card. In those days this was quite a feat, possibly similar to getting on television today. Anyway, we just couldn't pass up this informative and important conclusion to what possibly was Loudon's most unique boat building job, and one well worth it's mentioning as part of Loudon's good old days.

We are always glad to have

pictures of some of those who made up the clan we refer to at the good old days gang. It could be a school group, church group or just some people who got together for a Sunday picture, but those old snaps always bring back memories of a past day, year or event in our way of life around Loudon.

It's kinda like John B. Wallace stated in a recent letter we had from him out in Texas. "Once a Loudon County boy, always a Loudon County boy." Regardless of where life's role takes you, you always think of home.

This picture is of three well-known Loudon men. They are: Henry Thomas, Joe

(country boy) Mills and Ernest Cottrell, made in the year 1932.

A few weeks back we ran a picture of the late Ben (Sick) Howard, a well-known Greasy Corner man from the good old days. Well, this week we are using a picture of his wife, Nina, who is well-known for her ability to smile through it all. This picture of Nina was made before her marriage to Ben, when she was Nina Conley, and 17 years of age.

We spent many years of our life around Greasy Corner but it, like every other place, has some things for the better. It used to be a busy part of Loudon during the era of the Good Old Days.

The past few days has given us a chance to spend some time talking to many of our readers along the way. This we enjoy so very much, and we think we have the greatest people in Loudon County of any other place in the world.

I ran into Lucille (White) Estes the other day and we talked about many things out of the good old days in Loudon. Lucille, who is the daughter of the late Mr. and Mrs. Eck White of the Corinth Community and now living in Blount County, said she might just look through her collection of pictures and send us some to use in the Good Old Days. We are sure she has some good ones, and we appreciate those who think of us.

Well, that's it for now. See you next week.

FIND OUT WHERE WINFIELD DUNN STANDS ON THE ISSUES YOU CARE ABOUT

- ★ **LAW AND ORDER**
"The people of Tennessee should not live in fear. Our streets must be safe. As governor, I will insist our laws be obeyed — and those who break them be punished. Crime will not be tolerated and neither will disorder."
- ★ **EDUCATION**
"During the next four years, we must take definite steps to improve the quality of public education in Tennessee. As governor, I will push for higher salaries for teachers and a statewide kindergarten system."
- ★ **CAMPUS UNREST**
"Our colleges are institutions for education, not political proving grounds. When I am governor of Tennessee, I will take strong action to insure that our colleges remain open — and their campuses remain peaceful."
- ★ **HIGHWAYS**
"We need better highways in Tennessee — both for our own use and to increase tourism. It will be one of my primary goals as governor to see that these highways are constructed."
- ★ **BUSING**
"Our neighborhood schools must not become the victims of experimental social programs. I will strongly oppose busing or any other such measures that interfere with our children's right to a quality education."
- ★ **INDUSTRIAL DEVELOPMENT**
"Tennessee needs more industry. We need to offer our young people first-class job opportunities so they will want to stay and work in Tennessee. As governor, I will institute programs to bring new and quality industry into our state."
- ★ **DRUGS AND PORNOGRAPHY**
"We must protect our young people from the pollution of their minds and bodies caused by the rising tide of drugs and pornography."
- ★ **CLEAN AIR, CLEAN WATER**
"It is important that we conserve our natural resources. I will insist that we take definite measure to halt air and water pollution and to preserve the beauty of our state parks and recreational areas."

Sixteen University of Tennessee Practice Teachers In Loudon County

Sixteen students from the University of Tennessee in Knoxville, are now doing their practice teaching at Lenoir City Center until mid-December.

"The Student Teaching Program provides an opportunity for the student to bring together educational theory and classroom experience," said Dr. William Butefish, director of Student Teaching.

The program now utilizes twelve centers with approximately 300 students participating this quarter. The most recent addition is the Nashville Center in coordination with UT, Nashville.

Student teachers at the Lenoir City Center are: Darrell Wayne Baker, Sheryl Lovel Silver, Knoxville; Judy Carol Auger, Madisonville; George Rowe Chapman, King of Prussia, Pa.; Gwen Alice Cline, Denton; William Harrison Crabtree, Loudon; Donna Fay Dick, Winchester, Pa.; Lodie Ray Hader, Crossville; Jerry Paul Jenkins, Lenoir City; Robert Alan Magee, Glasgow, Ill.; Romona L. Orr, Seymour; Su-Su Ellen Owen, Putaski, Va.; Frederick Edward Talbot, Jr., Hinsdale, Ill.; Phyllis Henry Wolfe, Greenback; Barbara Elaine Wood, Nashville; and Nance Miles Woodworth, Winter Park, Fla.

Clean Up with a Homelite chain saw

It's clean-up time! And with a light weight, easy handling model you can take care of every outdoor woodcutting job. Clean up storm damage, cut down dead or unwanted trees, prune and limb, clear brush and saplings. If you've priced a cord of firewood lately, you'll realize how much money you can save with a Homelite chain saw.

Come in this week, we'd be happy to demonstrate one of the new fast-cutting, versatile Homelite chain saws.

ELECT WINFIELD DUNN GOVERNOR
We believe Winfield Dunn is the one man in the three-man race for Governor who would best serve our interests in Loudon County and in Tennessee. We also believe that Loudon Countians will give Dr. Dunn a big majority in next Tuesday's state-wide election.

One of the largest turn-outs of voters in an election for Governor and United States Senator in Tennessee history is expected. Loudon County generally votes only about half of its eligible voters. It would be expected that with the interest in the two top races on the ballot that a larger number of persons would vote. We hope a high percentage of Loudon Countians will take the time and perform what is their duty, privilege and responsibility by taking that few minutes it takes to vote next Tuesday and vote for the candidates of their choice.

We strongly recommend the election of Dr. Dunn as Governor and John Duncan's re-election to Congress. Mr. Duncan has proven over the past terms he has served the Second District that he is a person willing to work for the people he represents. We are not concerned for one minute that he will not be re-elected, but would like to see him receive an overwhelming majority over his two opponents.

Dr. Dunn, a new face in state-wide politics, has expressed fresh ideas and goals for Tennessee. He is a man of high personal character and has escaped any personal attack mainly because there is nothing in his background that can be used against him. The race between Dr. Dunn and John Jay Hooker appears to be extremely close. Anyone who is leaning toward Dr. Dunn should make a definite point of getting to the voting booth because only one or two votes in each precinct across the state would mean the difference in victory or defeat for either of the men.

Wife Charged For Shooting Husband After Argument

The wife of a 24-year old Loudon brick mason has been charged with felonious assault after she apparently shot her husband twice with a .22 caliber pistol Saturday afternoon, according to Sheriff Freeman Russell. Bobby Massey, 24, Main Street in Loudon, is in serious condition at University Hospital in Knoxville with a bullet lodged in his liver and another wound with a left arm, Sheriff Russell said. Massey's wife, Nancy, 22, employed at Charles H. Bacon Company was arrested at the hospital Monday afternoon and charged. She is being held in a pending preliminary hearing scheduled for November 13 in General Sessions Court. Sheriff Russell, who investigated along with the Loudon Police Department, said the couple had a fight outside a house they bought on Main Street and Mrs. Massey returned to her car, she reportedly took a piece from the glove box of the car and shot her husband as he was working on the chimney of the house. The shooting reportedly occurred about 2:50 p.m. Saturday.

Darlene Has More Surgery, Financial Help Needed

Darlene Therp, the 11-year-old Loudon girl, who recently underwent sight saving surgery in a Boston hospital, is undergoing further operation on the same eye Monday of this week. The most recent surgery was deemed necessary after a hole appeared in the repaired retina tear which had been corrected three weeks ago. Several weeks ago the Loudon Lions Club started the Darlene Therp Fund to help the parents of the girl. Mr. and Mrs. Roy Therp, Rt. 1, Loudon, met Monday to discuss the expensive surgical and hospital costs involved in the surgery. To date some \$1300 has been raised by the Lions and by donations of the individuals and groups to the fund. Persons wishing to contribute to the fund should make checks payable to the Therp family and send them to Loudon Lions Club project chairman, Charlie Davis, in care of the First National Bank of Loudon. The Loudon County Herald this week received a letter and a \$50 check for the fund from the Riverside Jaycees, a Joyce surrounding area to Prion in Nashville. The letter signed by club president Clayton Mendenhall and project chairman Avery Clinek said in part: "It was with a great deal of emotion and concern that we read your recent article of the plight of the Therp family, and especially little Darlene. President Ben Burnett of the Loudon Lions Club and his membership are commended for their prompt and generous action. Our club is already active in the furnishing of aid to the Therp family and we are very happy to live up to the tenet of our Jaycees Creed wherein, 'Service to humanity is the best work of life.' We wish to help Darlene and her family with a donation of \$50 and further wish to challenge the Jaycees Clubs of the surrounding area to match this contribution. Also we wish to add that Darlene is a Sweetheart of Riverside Junior High School. We hope you will, starting in November, be able to only give a few months end to Darlene \$10 each month, which she may request in any manner she wishes. In conclusion, we wish Darlene and her family the very best of everything, and our most fervent prayer is that her operation will be 100 percent effective," the letter closed.

Safe, \$1600 Taken In Break-In At Dean-Simpson

Thieves broke in to Dean-Simpson Oil, Inc., on East Broadway, Loudon City Monday night and carried off the office safe. F. L. (Red) Simpson, general manager, said the intruders gained entrance by breaking the lock of a side door. They apparently went to the office, loaded the heavy safe on a set of hand trucks and rolled it to a waiting truck or car outside. Mrs. Mildred Grubb, office manager, said the safe contained Monday's receipts about \$1600, about half checks and half cash. The daily practice was to remove the cash register draw and store it in the safe. She was busy Tuesday calling firms and others from whom they had received checks on Monday to have payment stopped. Mr. Simpson said the most serious loss, however, was of valuable papers stored in the safe. Included were the firm's franchise agreements with Oldsmobile, GMC and Jeep, building lease agreements, insurance policies, and other documents.

School Bids On Court Agenda

Loudon County Court will meet Monday at 9 a.m. in the main courtroom at the courthouse for their regular monthly session. Among the items on the agenda will be a report from the Tennessee Valley Authority on a Sanitary Landfill for Loudon County and the cities in the county and the appointment of a committee to co-ordinate any activity involved in the proposal between the cities and the county.

The squares will also open bids on the proposed school construction for the county, which includes additions at Eatons, Highland Park, Steekee and Loudon Junior High Schools.

Other items on the agenda released this week by County Judge Harvey Sprout are as follows: Consideration of Report on County Services Association annual meeting; Reopening of the Education Charrette and follow-up; Consideration of approval of Title I budget; report concerning building of connector roads to the proposed new interstate interchange; Civil Defense report; Consideration of Reopening a resolution designating the Charles H. Bacon Hospital as a Comprehensive Treatment Facility; report of the courtroom renovation committee; purchasing committee; regional jail committee; public records commission. Budget amendments including budget amendment of \$79 to Adult Education; of \$375 for cover premiums for bonds to county clerks in the Circuit Court; Clerk's office consideration of resolution concerning borrowing of \$11,274 on tax anticipation notes to cover revised State estimates on County's portion of Nursing Home Assistance to aged and disabled; Consideration of approval of County Official surety bonds; consideration of claim of J.J. Johnson for refund of taxes; and consideration of a resolution establishing a Loudon County Board of Public Utilities and proposed agreement to be adopted between Loudon and Monroe Counties forming the Tellico Area Services System and appropriation for organization expenses.

Taxpayers Still Confused On Rate And Assessments

Loudon County property assessments are up this year by state law - from last year's 10 percent this year, Property Assessor Emmett Carter pointed out this week. "This amounts to a 20 percent increase in assessment," Mr. Carter said. Since the County Court left the tax rate at \$3.43 per \$100 assessment - the same as last year - the net result is that everybody's taxes are up 20 percent. Mr. Carter issued the statement to explain to people why their taxes are higher this year. "We have been getting hundreds of telephone calls and visits from citizens who can't understand why their taxes are up," Mr. Carter said. "They seem to think I can lower their appraisal or their assessment, but I can't. The appraisals were set two years ago by the appraisal firm Cole Lyster Trumble Co., and confirmed by the State Board of Equalization. "Even the County Equalization Board had little effect on changing these appraisals." Mr. Carter continued. "The State Board lowered appraisals on about 40 parcels which they thought were too high. But the State Equalization Board came in and arbitrarily required the reappraisal. Under the state law which requires the reappraisal, assessments, as a percentage of the appraisal, will be gradually increased to the level of 50 percent in 1973.

MET HEAD-ON—Glenn "Doug" Cruze of Lenoir City was killed instantly in his small foreign made car (above) Monday morning just inside the McMinn County line on U.S. 11 when his car collided head-on with the pick-up truck shown in the lower picture.

Head-On Collision in Fog Claims Life of Doug Cruze

Glenn Douglas (Doug) Cruze, 24, of Lakeland Drive in Lenoir City was killed instantly about 7:30 a.m. Monday morning when the small foreign car he was driving collided head-on with a pickup truck on fog shrouded Highway 11 about one mile inside McMinn County, south of the Monroe County line.

Cruze, husband of Sandra Lockett Cruze a teller at the Central Branch of the Bank of Lenoir City, was on his way to Athens to work where he was employed as a salesman with the South Central Bell Telephone Company when the accident happened.

Tennessee State Trooper Ray Whitlock said Cruze, driving a 1965 Fiat, apparently was passing another car on the foggy two lane highway and collided with a pick-up truck. He was killed instantly, suffering multiple head, chest and other injuries. He was in Unita Cemetery, Clark County, when he was in charge of arrangements.

DOUG CRUZE

United Fund At 80 Percent Of Drive Goal

An additional \$6723.50 was added to the Loudon County United Fund Campaign during the last week, bringing the drive total to \$32,947.38, representing 79 percent of the goal of \$41,671 which is to be shared by 14 member agencies, who have combined joint fund raising efforts through the United Fund.

At the report meeting Monday at Southland Restaurant in Lenoir City, drive chairman Jack Hill stated that the UP Campaign slogan of "If You Don't Do It, We Won't Get Done" really applied to the local campaign now as the target goal, the final \$1000 plus, is the most difficult. He said he wants every group captain and worker to get their portion of the campaign complete this week so the goal can be reached prior to next Monday's report at Loudon Junior High School at 12:10 o'clock.

The largest increase in pledges during the past week came from Loudon County employees at the Oak Ridge atomic installation, where an additional \$3,927.50 was reported bringing the total there to \$7,345 and that campaign is not yet complete. A breakdown on pledges and contributions to date is as follows:
Marmont Corp. - \$4380.00
U.C. Films Packaging \$2341.98
Bacon Co. Loudon \$3041.10
Loudon Hickory Post - \$384.00
Don Smith Char. - \$684.00
Beams Fibers - \$600.00
Oak Ridge - \$2448.00
Wampler Elm Hill \$2000.00
Bacon Co. Lenoir - \$3271.60
Eaton Yale & Towne \$483.45
Sheffield Steel - \$139.00
LC Car Works - \$78.00
Loudon Business - \$2153.00
Loudon Residential \$877.00
Lenoir City Clubs - \$286.00
Lenoir Co. Business - \$1320.00
Dixie Lee-Eaton - \$216.50
L.C. Residential - \$15.00
L.C. Schools - \$538.00
Of the remaining goal Mr. Hill said the pledges and donations are there just waiting for the United Fund workers to come after them. He said the UP Campaign committee was confident that the County would reach the goal of \$41,671 and keep the record intact as Loudon County has maintained in reaching the goal each year.

Dr. Fred Mills, chairman of the business section of Lenoir City, reported that one business, Sears, with 11 employees had contributed \$308 bringing in the largest average in any one business thus far in his area.

The 14 agencies that participate in the Loudon County United Fund are as follows:
American Legion Mile of Dimes, Lenoir City.
2. American Red Cross, Loudon County Chapter.
3. Artthritis Foundation.
4. Boys Club of Lenoir City.
5. Presbyterian, Arthur Rehabilitation Center, Oak Ridge.
6. Empty Stocking Fund. (Continued on page 4)

Loudon Voters To Cast Ballots For Governor, Senator, Congress, Others

Loudon Countians along with hundreds of thousands of other Tennesseans will vote next Tuesday, November 3rd, in what is billed as the biggest state wide election in the history of modern politics in this state.

For the first time in many years there is a hotly contested race for the governorship of Tennessee between the Democrats who have held power in the state house for some 50 years and the Republicans who have held their most powerful Congressional seat in the state since the late 19th century. Both Democratic John Jay Hooker and Republican Dr. Winfield Dunn are claiming an edge in the race, but political insiders say the race could be decided on a thin margin of votes. A third candidate in the race Douglas Helmolt of the American Party is not considered in the winning picture.

Another state wide race, that for Public Service Commissioner has incumbent Cayce Pentecost, a Democrat, challenged by Republican Howell Taylor Powers. At the bottom of the ballot is a Constitutional Referendum question on changing the term of office for Justices in the State. The referendum question, which must pass by a two-thirds majority, calls for changing the term from a maximum of three two year terms in eight years to two consecutive four year terms. Some 6000 to 6500 Loudon Countians, and some predict more, are expected to turn out to the polls next Tuesday. All precinct polling places will open at 9 a.m. and remain open until 7 p.m.

Dunn Says He Would Fix Killer Intersection On 95

Dr. Winfield Dunn, Republican candidate for Governor in the Nov. 3 General Election this week made a statement concerning Loudon County and made proposals that he would implement if elected Governor. Dr. Dunn said, "I am acutely aware of several local problems in your area; in particular, the recent postponement of 175 construction and the two (killer) intersections of State Highway 95. Again, discrimination in the development of your road system has left you behind. When I am Governor, we shall work together to correct these inequities and to see that East Tennessee gets its fair share of state funds."

Russell Reelected Young GOP Prexy

Loudon County Young Republican re-elected attorney William Russell as President at the county meet at the annual meeting of the organization. Others elected were Marion Wampler, vice president, Charles (Cotton) Plemons, treasurer; and Bud Hall, secretary.

WE NEED BILL BROCK Do Not Be Misled

You VERY, VERY seldom get anything worthwhile for nothing. SOMEBODY has to pay for the government money received - that somebody is YOU, the taxpayer.

If you want a man to vote for a bill which contains 500 million dollars in good things but also contains another 500 million dollars in items that are unnecessary, wasteful, and costly to the taxpayer, and in effect, doubles your tax bill and burden, then do not vote for Bill Brock, he watches your tax dollar.

If you want a Moratorium speaker or a man who is in Ted Kennedy's debt, do not vote for Bill Brock, but if you are in favor of law and order, honorable peace and an Agnew supporter, Brock is your man.

For every Federal dollar spent on local projects, it costs the taxpayer \$1.35 for Federal handling. BROCK and BAKER are for local administration of Federal funds to save this 35¢ per \$1.00 cost.

Installment Debt In County Put At \$1200 Per Family

To what extent are Loudon County residents making use of the installment credit available to them?

How much does the average local family owe on purchases of cars, dishwashers, clothes dryers, hi-fi sets, furniture and other articles?

More than it did a year ago, according to the latest figures. That has been the normal pattern. However, the increase in the debt load was less than in most other years.

A principal reason is that, locally and in most other parts of the country, consumers appear to have been budgeting themselves rather carefully, cutting down somewhat on their expenditures for non-essential goods and services.

In Loudon County, installment debt at mid-year came to an estimated \$1,200 per family, based upon average earnings and expenditures locally and upon national debt studies.

For the local population as a whole, installment debt totaled approximately \$8,992,000 at the end of the fiscal year, it is estimated.

This takes into account loans for automobiles, purchases, credit for the purchase of other consumer goods, personal loans and loans for home repair and modernization. Not included are mortgage debt, charge accounts and single payment loans.

According to the national studies, made by the Federal Reserve Board, the University of Michigan's Survey Research Center and others, among all families that have installment debt, the average amount owed is \$1,640 per family.

It adds up to \$98.7 billion nationally, as compared with \$93.1 billion the year before. Thus, of every \$8 of income that Americans have left after paying their taxes, about \$1 must go to pay their installment debt.

In Loudon County, it amounts to \$100 per month per family, on average.

WEBSTER'S REFERENCE TO SPORTS

By JOE WEBSTER

Putting one little word after another and whatever became of an undefeated South-eastern Conference team?

Maryville won but Loudon scared the Red Rebels silly, sort of an early Halloween prank by the Redskins. Maryville went ahead 35 to 28 with 27 seconds left on the clock and thereby preserved their undefeated season.

Redskin fans arrived at Duke's Field in a rather puzzled mood. They didn't know what to expect from the Redskins. Loudon had been battered hard in back to back losses to Dayton and Cleveland and injuries were cropping up among the Skins in a rapid fashion.

But the fans got their money's worth and how! Maryville frantically pulled the game out of the Redskin fire but the Rebels knew they had been in some football game. Cleveland versus Maryville would be a natural in the playoffs.

This high school football season is rapidly coming to a close, went fast didn't it? Redskin fans, quite naturally, enjoyed 1969 more than 1970. But it's hard to win a state title every year. How's that for an understatement?

It may be that Hawkins and Hampton are more

valuable on defense then offense, and that's saying plenty. But these two have made many, many tackles this season. -especially here of late.

Loudon boys at T.M.I. are doing well. -Gordo Watson, Jake Lane, Jimmy Littlefield, Bo Carey, and Mike Littleton are all playing football.

In a recent game against Austin-Peay, Gordo ran 97 yards for a touchdown on a quarterback sneak. Now that's being sneaky.

T.M.I. plays Mars Hill this Friday at 3 p.m. down at T.M.I. - These boys play a good brand of football.

Hey! How about Tennessee and Notre Dame in the Orange Bowl? Sounds exciting doesn't it?

The Vols have got it made at this point. All they have to do is beware of over-confidence. You know, like Ole Miss and Southern Mississippi.

Smokey Mountain Raceway will host the "Blount 300" on Sunday, November 1st. It's the last race of the season at S.M.R. and the biggest. The NASCAR Late Model Sportsman event has a record purse of \$10,000 available to such outstanding drivers as: National Champion Red Farmer and his Fairlane Ford; Asheville speedster Roy Trentham; Chattanooga star Bob Burcham; Tennessee State Champion L.D. Ottinger; North Carolina State Champion Harry Gant plus two of the greatest drivers the state of Virginia has ever

produced, Sonny Hutchins and Ray Hendrick.

GOING AWAY GIFT—Neighbors and friends of Don Naman have given the Smokey Mountain Raceway promoter a going-away present, the spoiler on front of his car marked Talladega. Naman has been appointed General Manager of Alabama International Motor Speedway in Talladega. He will assume his new duties in November after staging the last and biggest race of the season at Smokey Mountain on Sunday, Nov. 1, the Blount "300."

Hutchins is the Virginia State Champion and running 2nd to Red Farmer in the National point standings this season. Hendricks was named the most popular driver in the NASCAR Modified division last year.

"The Blount 300" will be S.M.R. general manager Don Naman's final race at the Maryville track. He wants it to be the best ever and it just may be. "The Blount 300" gets underway this Sunday at 2:30 p.m. Don't Miss It!!

The Fort Loudon Bird Hunter's Club will have their big fall field trail on Saturday and Sunday, November 7th and 8th. More about that next week.

One college coach said that he had a football team that was very bad to fumble. The coach said they were so bad that his quarterback called for a fair catch before he took the snap from center. Goodnight everybody.

Mustangs Clobber Sweetwater 34-0 In Pee Wee Action

The Loudon Mustangs ran their season record to 6-1 Saturday night as they overran Sweetwater 34-0 scoring in all four periods. Rockwood, the only team to ever beat the Mustangs, will be in Loudon this coming Saturday night for a re-match at 6 p.m.

The tough Loudon defense, led by John Green, Eddie Estes, Rick Lown, and Billy Zeeb held the Sweetwater team away from the Loudon goal.

Sweetwater could not move the ball after the opening kickoff and had to punt to Loudon. Webster returned the ball to the Loudon 48 yard line. Canter Candwell and then Watkins ran for a first down on the Sweetwater 40 yard line. On third down and nine to go, Webster turned right end with good blocking for 15 yards. Five plays later, Webster ran the same play again for a touchdown. The same play again was good for two extra points. Loudon led 8 Sweetwater 0.

Loudon kicked off to Sweetwater and three successive tackles by Green and another by Zeeb forced Sweetwater to punt from their own 20 yard line. Webster ran it back to their 20 and then Watkins ran for the second T.D. The try for extra points failed and Loudon led 14-0.

On the third play after the kickoff, Webster intercepted a Sweetwater pass, but Sweetwater intercepted a Loudon pass on the next

play. Sweetwater had the ball first and ten on the Loudon 45 yard line. Loudon held for six downs and then had time for three running plays as the half ended.

Loudon took the kickoff and marched down the field for a touchdown. A long run by Deatherge sparked the drive. After the kickoff Sweetwater couldn't move the ball and Estes tackled the punter on fourth down, but a fumble two plays later gave the ball back to Sweetwater. Loudon held on down and a had snap from center on fourth down gave Loudon the ball on the Sweetwater 38 yard line as the third quarter ended.

After two turnovers Loudon had the ball on the Sweetwater 44 yard line. Starrett turned left end for a 44 yard touchdown. Webster ran for the two extra points. Loudon leads Sweetwater 28-0 with three minutes to go

in the game. Sweetwater couldn't move in four downs and Loudon had the ball on the Sweetwater 26 yard line. Sweetwater held the Mustangs on downs and took over on their own 20 with two seconds left in the game. Their "home run" pass was intercepted by Webster who stepped into the end zone. The final score was Loudon 34, Sweetwater 0.

Hill Wins First In Grid Contest

Only one person correctly picked the winners in all 10 games of the Herald Football Contest: but 16 missed only one game, bringing in the tie-breaker as the deciding factor in the cash winners for second and third place. With a perfect score Lee Hill, Hunterhill Drive, Knoxville, wins first place cash of \$12. Second place is claimed, along with \$8, by Billy E. Lawson, Rt. 4, Loudon. He missed only one game and had 49 points in the tie-breaker spot. There were 63 points scored in the Maryville-Loudon game, but Lawson came closest in the nine correct entries. Third place cash of \$5 is won by Bill Roberts, Hugland Avenue in Loudon. His tie breaker was 47 points. Robert has come close several times this year, but this is his first cash win.

Other who missed only one game, but missed the cash due to the tie-breaker, are Clarence E. Bateman, O'Dell Justice, Eugene Henry, Cecil Smallen, Bill Thompson, Vidine Moser, Ed Foster, Maurice Hill, Freida Roberts, Robert Brewer, Mrs. John Brannon, Phil Watkins, Mrs. Clarence McDaniel, and Mrs. C.E. Thomson.

GET THAT REBEL--The Loudon Redskins fight hard to stop Maryville from scoring as Hank Evans holds on while help arrives from Simmons and Jerry Buckner.

LAST FEBRUARY, AN AMENDMENT WAS INTRODUCED IN THE UNITED STATES SENATE TO PREVENT COURT-ORDERED BUSING OF SCHOOL CHILDREN.

ALBERT GORE VOTED: NO.

The Date: February 19, 1970. The legislation being considered: North Carolina Senator Sam Ervin's amendment to remove power to require busing of school pupils. Senator Albert Gore of Tennessee sided with other liberals such as McGovern, McCarthy and Muskie in voting: NO.

When Albert Gore votes against measures to stop forced busing of school children, does he vote for you?

BILL BROCK BELIEVES

That busing of students to achieve racial balance is the wrong approach to the solution of this problem. He believes that busing places an unfair burden upon all students, black and white. Rebels Come From Behind To Down Stubborn Redskins, 35-28

By Tom Delaney

The powerful Maryville High Red Rebels had to pull out all stops and come from behind to edge out a fighting Loudon Redskins team last Friday night at Loudon. The large crowd on hand saw the crippled Redskins fight the Rebels right down to the last only to lose in the final 24 seconds. The Rebels are now 7-0 for the season. Loudon played without their two starting tackles Mike Bivens and Bryon Lawson due to injuries. J.L. Millaps was somewhat slowed down because of injuries also and had to leave the game early in the fourth quarter. He may also miss the game next week. Maryville Coach Ted Wilson was very proud that his team could come back in the

second half and win. He had nothing but praise for the Loudon team and said that even though they have lost three games they still look like a fine ball club. Redskins Coach Bert Ratledge, even though not too happy because the team lost, was quick to say he was real proud of the way the team played. He said the big plays such as fumbles were the difference in the game. The Redskins lost two fumbles which Maryville turned into touchdowns. Ratledge said he felt the team tried hardest to win this one but injuries caused a lot of trouble. Friday night, Millaps was hurt again along with Simmons and Hank Evans. Ratledge said the Redskins

will face another tough opponent Friday night when they journey to Jefferson City. John Davis, Coach of the Jefferson City Elks, has a pretty good ball club and have been up and down this season. The Elks have defeated Oliver Springs 13-0, Carter 14-12, and Seymour 42-26. They lost to Sweetwater 30-7, Cleveland 21-0, Rogersville 14-0, Newport 34-6, and Morristown East 42-13. The Elks have an excellent quarterback in Tommy Sheets who can run the ball as well as throw a pass. His favorite targets are: David Mills, Bubba Darby, and Roy Minton. Loudon's offense was led by Yancey Hampton with

118 yards in 20 carries and 109 yards in 18 carries and completed one pass to Ray Simmons for 25 yards. The Redskins offensive line Ray Simmons, Hank Evans, Joe Black, Tony Mays, Fred Chaney, John Long and Rich Alexander made some good holes for the backs to get loose on some long gains. Millaps, slowed by an ankle injury, was able to carry the ball only five times. The Loudon defense, which played one of its better games, was led by Rick Alexander, John Long, Tony Mays, Fred Chaney, Ray Simmons, J.L. Millaps, Hank Evans, Ronnie Watkins, Yancey Hampton, Lonnie Hawkins, John Colvin, Greg Cagle, and Jerry Buckner.

Loudon won the toss and elected to receive with Hawkins returning the kick 16 yards to the Loudon 20 yard line. On the first play from scrimmage Hawkins raced to midfield before being stopped. Hampton hit for one yard, and on the next play Hampton, hit hard, fumbled the ball and Maryville recovered at their own 48 yard line to stop the drive. With Elrod and Bowman moving the ball Maryville went to the Loudon two yard line where Elrod carried over for the touchdown. Kliner added the extra point and with 5:38 left in the first quarter the score was 7-0 Maryville.

HAMPTON GAINS—Yancey Hampton gets loose on a good gain during the Loudon Maryville game last Friday night, as Loudon lost to the Rebels 35-28. Hampton had a total of 118 yards in 20 carries.

Loudon had pulled ahead 21-7 with 1:15 left in the first half. The Rebels in three plays were unable to move the ball at the first half came to a close. Gary Elrod returned the second half kickoff 22 yards to the Maryville 38 yard line. The Rebels started to move downfield but an alert Lonnie Hawkins recovered a Rebel fumble at the Redskins 19 yard line to stop the threat. Loudon also failed to move the ball and a short punt gave the Rebels good field position at the Loudon 45 yard line. The Rebels started to move once again with Mynatt in two plays moving the ball to the Loudon 25 yard line. Bob Hood got loose and raced 22 yards to the Redskins 42 yard line. Hampton, taking a pitch out to Hawkins, got outside and out ran the Rebels secondary for a big 58 yards and another Redskins touchdown. Carnes added the extra point and the Redskins were back out front 28-14 with 6:25 left in the third period.

Three plays later Hampton intercepted a Rebel pass at the Loudon five yard line but in three plays the Redskins were unable to pick up enough yardage for a first down and were forced to punt. Gary Elrod got Cagle's punt at the 48 yard line and behind some good blocking the fast back scored. Kerner added the extra point and the score was 28-21 Loudon with 2:38 left in the third quarter. Hamlin returned the kick 16 yards to the Loudon 21 yard

line. Loudon started to move and Hampton in three plays hit for 13 yards. Hawkins got eight yards and Hampton 11 yards. Hampton again this time for six yards to the Rebel 40 yard line. Hawkins cut inside and goes for six yards but a jarring tackle forces a fumble. Maryville recovered at their own 34 yard line with 10:05 left in the game. In 11 plays behind the running of Mynatt and Burchfield the Rebels went to the Loudon 11 yard line. Then the Redskins, expecting another run, was crossed up when quarterback Beaver hit end John Kerner for an 11 yard scoring pass play. At Kerner added the point after to tie the game at 28-28. Hawkins returned the kickoff 20 yards to the Loudon 30 yard line. Hampton is hit for no gain and then for a five yard loss. On a big third down play Hampton went 31 yards but Loudon was two yards short of the 30 yard line. Cagle punted with Maryville getting the ball at the 30 yard line. Only 2:17 was left in the game. The Rebels started to move with Beaver and Burchfield doing the damage as they moved the Rebels downfield to the Loudon two yard line. Bob Hood carried over for the touchdowns and Kerner added the extra point. The Rebels were out front 35-28 with 24 seconds left on the clock. Hampton returned the kickoff 19 yards to the

Rockwood Ends Indians Streak

Rockwood stopped the Loudon Indians win streak of five games Saturday night, 18-8.

The Indians kicked off to the Rams and Casey returned the ball to midfield. Rockwood then moved the ball quickly to the Indians third yard line. From the third Casey took it in for the touchdown. The blocks of Long, Brookshire, and Colvin sprang Campbell loose. On the next play Dennis Queen was knocked out of bounds on the third yard line, but Loudon was guilty of clipping. Rockwood's defense held and the Rams took over on their 12 yard line. The

first quarter ended with the score 6-0, Rockwood.

Early in the second quarter Rockwood scored again making the score 12-0. Loudon's defense at this point nearly collapsed. The Indians couldn't stop the big Rockwood backs. The first half ended with the score 12-0.

Loudon received the second half kick off. Long returned the kick to the Indians 40 yard line. Buddy Swiney picked up five yards. Queen picked up five more to the midfield strip.

The next play Queen sprang right and stopped and threw a 51 yard strike to Dickie Colvin for a touchdown. Colvin slipped behind the Rams defense and made a tremendous reception after a Rockwood player had touched the ball. Queen picked up the extra points making the score 12-8.

Loudon's defense held after the kick off and forced the Rams to punt to the Indian's seven yard line. Queen picked up 15 yards in two plays. Swiney picked up six and a first down. Campbell, Long of another first down. Queen picked up 40 yards on four running plays. Colvin was hit for a 15 yard loss on a reverse and with fourth down and six Loudon failed to pick up the first down with a minute and a half to go. The Rams were trying to run out the clock, but the Indians called time out five times to stop the clock. The Indians were trying to take the football from a Ram when Rockwood picked up another six points with 14 seconds to go making the final score 18-8.

Outstanding on defense for the Indians were Swiney and David Kincaid.

17 From Here Enrolled At Cleveland College

There are 17 Loudon County students among 1960 students who registered for the fall quarter at Cleveland State Community College according to Dr. D.F. Adkison, Cleveland State president.

Bradley County is represented with 841 students, Hamilton County with 515 and McMinn County with 208. There are 88 students from Folk County and 71 students from Knox County attending Cleveland State at this time.

Cleveland State, which opened in the fall of 1967 with 681 students, was designed primarily to serve commuting students living in a seven county area surrounding Bradley County. The college does not operate dormitories for students and most non-commuters established temporary residency in Cleveland.

ALBERT GORE HAS TAKEN A POSITION AGAINST SCHOOL PRAYER THREE TIMES

Sen. Albert Gore has repeatedly taken a position against prayer in our public schools.

School Prayer Amendment Vote No. 451, September 21, 1966—Proposed constitutional amendment to allow voluntary prayer in public schools. Recorded **Against**: ALBERT GORE.

School Prayer Amendment Vote No. 449—Proposed constitutional amendment by Senator Dirksen to allow voluntary prayer in public schools. Recorded **Against**: ALBERT GORE.

School Prayer Amendment Vote No. 450—Proposed Sense of Congress resolution by Senator Bayh to allow voluntary prayer in public schools. Recorded **Against**: ALBERT GORE.

BILL BROCK BELIEVES

That people should be able to decide for themselves whether or not they want to pray in schools, and that we don't need the Federal Government to tell them whether they may or may not.

Philadelphia Receives \$19,500 Federal Grant For Construction Of New City Park

By Calvin Lunsford
The city of Philadelphia has received word of approval of \$19,500 for the development of a ten acre recreational park, which is to be built on Fork Creek Road, about one and one half miles from the town of Philadelphia. The land to be acquired, subject to government appraisal approval, is a portion of the Ralph Wear farm.

Philadelphia Mayor Roy Bledsoe in making the announcement stated that the grant, which is a part of the state of Tennessee Housing and Urban Development program, labeled open space land program, the amount of land approved and under consideration is approximately ten acres. The Philadelphia Planning Commission, working with the Loudon Planning Commission, along with the state of Tennessee commission have spent several months working out plans that would meet the approval of the office of the Department of Housing and Urban Development, and make the grant possible. Mayor Bledsoe further stated that in order to receive the benefit of the federal grant, the project must get underway within a short period of time. He went on to say that the grant was only a part of the needed funds to make the park become a reality and that he had already received assurance of support from the City of Philadelphia Community Club, girl scouts and others who were contributing time, money and other support toward making the project a reality. It is the desire of Mayor Bledsoe that the appraisal and other details can be completed in the next few days, and the project get into full swing.

The parks proposed site is in a beautiful rolling section of Loudon County, and will require a limited amount of work to transform the land into a suitable park site. The park area will have a large frontage extending along a portion of the black topped Fork Creek Road, with ample access roads in and out of the park area. Ample parking space will be provided for those using the community park. The park itself will contain two adjacent softball fields, a double basketball court, a double tennis court, shuffle board court, seating space in both the softball and basketball areas, a sandbox for the toddlers, a see-saw, swings, an area designated for horse shoe, in the portion of the park, which is now woodland, the trees will be preserved as much as is possible, and this area will contain picnic tables and etc., with the plans in mind of the addition of other things as time and money permits. Mayor Bledsoe stated that it is his belief that the community and city of Philadelphia are behind this project and stated that he would like to express his thanks to those who have worked hard on obtaining this grant. He went on to say "We have cleared one of the hardest hurdles, and now we must strive together in making this valuable project become a usable reality."

DISCUSS PARK PLANS—Mayor Roy Bledsoe points at a map of the new recreation park with city officials and community club president. They are: left to right: Rev. Dwight Cagle, recreation chairman; Ronnie Swiney, City recorder; Raymond McLunkin, Alderman; Boyd Duckworth, Alderman; Mayor Bledsoe; Earl Barger, Community Club President; and Eddie Brewster, Alderman.

SITE OF COMMUNITY PARK—Philadelphia Mayor Roy Bledsoe along with city officials, girl scouts and members of other community groups look over a map at the site of the new Philadelphia Community Park.

LETTER TO THE EDITOR

Dear Editor:

On Tuesday November 3 thousands of Tennesseans will go to the polls to elect candidates to various offices. Many people will cast their vote just as they would bet on a horse race - ie, they will simply attempt to vote for a winner. Caution, care, principle, common sense, and conviction will be thrown to the wind by a strange passionate desire to go with a winner. For some, blind party allegiance traditionally decides how they will cast their vote. No doubt too, on election day even a number of wives will inquire of their husbands, "Whom should I

vote for?" In some areas men and women will vote for candidate (so and so) because some unscrupulous individual has bought their vote for a few inflated dollars. Others will vote under the dictates of fear for their jobs because some gutless idiot has quietly whispered, "You will still have a job if (-) is elected." Still others that have been too lazy to become acquainted with the issues and candidates will make their choices upon the recommendation of a friend. Possibly an uncertain percentage of supposedly fine upstanding citizens will enter the voting area totally undecided, whereupon he or she quickly plays a mental game of sorts then votes

either - akether and proudly exclaims thinking well "I'm glad that's over," smiling all the while to friends and neighbors, confidently that a patriotic obligation has just been discharged. Unfortunately many Tennesseans will visit the polls and find to their surprise someone is running they have never heard of. This particularly is likely to be true in this election year in Tennessee with the American Party candidates. Surely, John and Mary Doe are daily missing. What are these nuts doing? What are they trying to prove? Perhaps more approximately John and Mary should concern themselves with the previously mentioned absurd conditions which will elect Tennessee's leadership

First Fight?

Cost of Raising Child Renorted

In Loudon County, under present conditions, how much does it cost to raise a child from birth to age 18? Most parents have no idea of the overall amount. Beyond recalling that at certain stages along the way the costs were unusually large, sometimes staggeringly so, they have never thought about their total expenditure.

In some families, the outlay in the 18 years is equivalent to as much as 3.6 years earnings, after taxes. In others, as little as 2.9 years of earnings are so spent. The average is slightly more than 3 years.

In Loudon County, where net income per family is currently in the \$7,900 to \$8,000 range, on average, the cost per child comes to approximately \$26,200.

With one exception, this financial burden is spread out over the years. The exception is the very first outlay - for the birth of the child. This averages \$380. Medical needs thereafter are estimated at \$2,490.

In most local families, a principal item of expense is food. With prices as they are now, the food bill for the 18 years is placed at \$8,020. A girl consumes about \$500 less than that and a boy \$500 more.

Clothing expenses per child are figured at \$3,790, making allowance for the fact that hand-me-downs are sometimes available. Transportation expenditures add another \$3,800.

Beyond these, there are the outlays for recreation, personal care, the share of the housing expenses attributable to the child and the cost of education up to, but not including college. That comes later.

For the 480 or so youngsters in Loudon County who are reaching age 18 annually, the total outlay on the part of their parents comes to approximately \$12,576,000.

BILL BROCK A FRIEND OF THE FARMER

When Bill Brock says he "supports the Tennessee farmer" he means it. Bill Brock does what he says. He has voted for limits on beef imports and has consistently supported cotton farmers by his efforts to limit textile imports. His opponent opposes such efforts. Bill Brock has consistently supported the tobacco farmer, while his opponent has not. His opponent has voiced his support for such interference. Although he opposes excessive Federal controls, Bill Brock voted for the 1970 extension of the Agriculture Act - which provided a three year farmer benefit program allowing time to work out a better solution for the farmer. He has voted against gun registration and for measures to fight crime and corruption. He supported the President's Viet Nam policy and his nominees to the Supreme Court. Bill Brock believes in Tennessee. Bill Brock believes in the things we believe in.

I need the Answers to some SERIOUS QUESTIONS
Why am I here? What shall I do with my life? Where am I going? This young man is at the threshold of his adult life and needs the answer to some serious questions. Perhaps you find yourself puzzling to take stock of your life and groping for direction.
The Church of the Living God tells the truth about man's life, death, and destiny. The truths learned there will set you free to live a more abundant, meaningful and creative life. "And ye shall know the truth and the truth shall make you free."

Your County In Action

BY
Harvey L. Sproul
LOUDON COUNTY JUDGE

Last Wednesday afternoon as I was driving down U.S. 11 toward Chattanooga, headed for the annual County Services Association and County Judges' Conference meeting, while passing through Bradley County all at once I was startled by an announcement that came over the radio.

The announcement had to do with Loudon County Judge Harvey "Sproul" reporting a discussion that he had had with State Highway Officials concerning the Interstate Highway Program in Tennessee.

The announcer said that Judge Sproul had said that his understanding was that Interstate 75 would not be completed until 1978.

There you go! Of course, I had said no such thing, but it is amazing how the press media can get things wrong when they see in a hurry. I know that is true because of experience that I have had, and also because I have been in a hurry myself before and know what happens.

As most everyone knows, we have been very concerned about getting two new interchanges in Loudon County, to go along with the two already approved as a part of the regular interstate system.

After a long fight and negotiation we succeeded in getting the two new interchanges approved, subject to the County's building satisfactory connecting roads from U.S. 11 to the interchange. This is the only way the U.S. Office of Highways would approve it.

We had been further told that the Loudon County segment of I-75 South of the Tennessee River was to be let on bids in November, and that the County's decision as to whether or not it would build the connecting road had to be made by November 4.

In the process of co-ordinating with the State, I had talked with Mr. C.S. Harmon, who is in charge of this planning in Nashville, and he told me that they had just had new decisions and scheduling made because it had become apparent that Congress was going to extend the Interstate Highway Program from 1975 to 1978, and in the process divert part of the funds to solving the mass transit problems of some of the larger cities. This meant that the State of Tennessee would get less

Federal Government for interstate highways in Tennessee was being slowed down, then the present schedule was postponed until summer of 1971.

When I found this out, I immediately took steps to advise the Quarterly Court members that the decision could be postponed, and sent copies of this to the local newspapers and radio stations so that they could advise the people in the County who were interested about the current situation.

Then the next thing that I knew it was being broadcast and carried in other places outside Loudon County. How far away it got, I don't know, but that is the inside story on how some of these things happen sometimes.

By the way, the County Services Meeting in Chattanooga was very interesting this year, a good portion of the time being spent in hearing the views and positions of John J. Hooker, Dr. Winfield Dunn, Congressman Brock, Senator Gore. This was very interesting, but I suspect that all of people are getting to the point where they will certainly be glad when the election is finished.

Retired Teachers Get Charrette Report

The Lenoir City-Loudon County Retired Teachers Association met Thursday, Oct. 22, at the Greenback Presbyterian Church. The Rev. Clarence Sexton, pastor of the Memorial Baptist Church conducted a devotional. Mrs. Sam McCollum spoke in the history of Greenback.
During the business meeting, presided over by the president, Lee Price, Mrs. Octavia Minicy, the vice-president welcomed the newly retired teachers. Mrs. Carl Griffiths, chairman of the meeting on aging, which met in Loudon, Sept. 28, reported on that meeting. It was a preliminary to the Whit

House Conference on Aging

Mr. Price gave a brief report on the recent Little Tennessee Charrette held in Blount, Loudon and Monroe Counties. He was the coordinator for Loudon County.
In the social hour that followed the business meeting, Mrs. Rowland and her committee provided refreshments.
Aboard USS Davis
Navy Seaman Michael S. Ferguson, son of Mr. and Mrs. Robert D. Ferguson of Route 5, Lenoir City, has reported for duty aboard the destroyer USS Davis at Newport, R.I. The ship was recommissioned in October 1970 after an extensive one year overhaul and modernization period in the Boston Naval Shipyard.

SENATOR ALBERT GORE, CONGRESSMAN BROCK

WHICH DO YOU CHOOSE FOR U.S. SENATE?

William E. Brock, III

Albert Gore

COMPARE RECORDS

VETERANS

Albert Gore has a record of solid support for veterans. Congressman Brock has voted NO ten (10) times on bills providing benefits for veterans: on August 13, 1970; July 26, 1968; May 8, 1968; May 17, 1967; May 3, 1967; October 14, 1966; March 29, 1966; May 10, 1966; June 30, 1965 and May 14, 1963. Senator Gore supported all these bills as did most, and sometimes all, other members of the Tennessee Congressional delegation.

PRAYER

Senator Gore, a Southern Baptist, believes in voluntary prayer by anyone, anytime, anywhere, including in schools and public buildings. Fortunately, Congressman Brock does too.
Senator Gore has said: "Despite massive, misleading advertising to the contrary, I have never voted nor even expressed myself, either publicly or privately, in opposition to voluntary prayer by anybody, at anytime, anywhere — including in schools and public buildings. I have expressed opposition to some proposed amendments to the U.S. Constitution which introduced other complicating and controversial matters, including violation of the principle of Separation of Church and State. Following is an accurate news account from The Nashville Tennessean reporting a joint appearance of Congressman Brock and me in Memphis on October 21, 1970: 'MEMPHIS — Sen. Albert Gore and his Republican opponent, William E. Brock, III, took identical stands last night on imposed prayer in the classroom — both against.'
Sharing the podium in a debate at the Memphis Temple Israel, Gore said "Prayer led by a teacher imposed on the students would be a violation of the Constitution, which calls for religious freedom and the separation of church and state."
"The Constitution guarantees voluntary prayer by anyone, anytime, anywhere, and I concur in that," Brock said, "I also support voluntary prayer, but I do not support imposed prayer, led by a teacher, because it is a violation of the Constitution."

FARMERS

Albert Gore has a record of solid support for our farmers. Congressman Brock has voted NO eight (8) times on farm bills and farm money bills: in 1968, 1967, 1965, 1964 and 1963 on bills containing funds for all farm programs; in 1965 on the Food and Agriculture Act; in 1964 on the Combined Cotton and Wheat Act; and in 1963 on the Feed Grains Act. Senator Gore supported all these bills as did most, and sometimes all, other members of the Tennessee Congressional delegation.

EDUCATION

Albert Gore has a record of solid support for education. On August 13, 1970, Congressman Brock voted NO on a bill containing funds for all education programs for 1971 (elementary, high school, college and vocational education), and on April 4, 1970 he voted NO on the 1970 Elementary and Secondary Education Act Extension. Senator Gore has consistently supported education while Congressman Brock has voted against education 13 times — at least once every year he has been in Congress from 1963 to 1970.

SOME OTHER ISSUES

Despite Congressman Brock's generally negative record (The Nashville Tennessean listed September 27, 1970 some 50 important issues on which he voted NO and on which Senator Gore and a majority of other Tennessee Congressmen voted YES or supported), he has voted YES on certain other issues discussed during this campaign. For instance —

* FROM THE CONGRESSIONAL RECORD:

	CONGRESSMAN BROCK	SENATOR GORE
Omnibus Crime Control Act, HR5037 (providing for control and registration of the sale of hand guns-pistols, recommended by J. Edgar Hoover) passed House August 8, 1967	YES	YES
Gun Control Bill, HR17735 (providing for control and registration of the sale of long guns and machine guns, recommended by J. Edgar Hoover) passed House July 24, 1968	YES	YES

* Congressman Brock has supported all appropriations for our troops in Vietnam. SO HAS SENATOR GORE, who has voted 100% for all the money, munitions and material our men need, and so have ALL others in the Tennessee Congressional delegation.

* Congressman Brock has supported all crime-control measures proposed by the President, and SO HAS SENATOR GORE.

POSITIVE ACCOMPLISHMENTS

- Senator Gore's positive record of accomplishment has helped achieve:
- Increase in PERSONAL TAX EXEMPTION for each taxpayer and dependent (Gore was author of the amendment).
 - 15% increase in SOCIAL SECURITY BENEFITS for some 508,000 Tennesseans (Gore sponsored this amendment).
 - INTERSTATE Highway Program (Gore was the Senate author).
 - MEDICARE Program (Gore authored the first bill to pass the Senate). Congressman Brock voted against Medicare 3 times.

MR. AND MRS. LEO SCHRIMSHER

Medic Blood Program Responsible For Life Of Leo Schrimsher

No one gives medals for paying bills, going to church on Sunday, raising a family in the way it should be brought up ... but if someone did, chances are Mr. and Mrs. Leo Schrimsher, 913 Vale St., Loudon, would be at the head of the list.

Mr. Schrimsher has been battling ill health since 1940 when his spleen was removed. For the past three years a heart condition has put him on the totally disabled list. And as he has had to do for many years, Mr. Schrimsher must have massive transfusions of blood about every three months.

A lesser couple might have simply given up, but Mr. and Mrs. Schrimsher calmly went about the business of raising six children, four of whom are married and live and work in Loudon County.

Two are still in school. Glen, a freshman at Loudon High School, is following in the footsteps of his older brother, James Michael, who graduated from Loudon High with the 1970 class.

Glenn, who weighs 185 at the age of thirteen, is out for football and should give tough competition to other youngsters for a guard or tackle position.

His brother, James Michael, at Loudon High, averaged a B plus, and was president of the Student Council during his senior year.

Mr. Schrimsher's health troubles began with the removal of his spleen. Following that operation, he found that his body's ability to manufacture blood was drastically reduced. His friends and co-workers responded freely to his need for blood, but as Mr. Schrimsher found, "It goes against the grain to have to ask the same people over and over for blood."

Fortunately, soon after Medic was formed, a half as much blood as her husband now receives in a single year. The folks at Medic say that when it comes to giving blood, "the more members to take a turn, the fewer turns a member takes."

Before Medic took over the job of supplying his needed blood, Mr. Schrimsher found that while his friends were willing to give blood, many could not because of illness or because of having the wrong blood type.

Now, he goes to the hospital every three or four months and receives three or four pints of blood. When he finds himself getting weak and dizzy and having difficulty walking, he knows it's time to make another appointment.

Mr. Schrimsher was one of those who helped keep the secret of Oak Ridge during World War II. Somewhere there is an army colonel who may still be somewhat frustrated because he failed to worm out of Mr. Schrimsher the secret of what went on behind the guarded gates of Oak Ridge. And even today, Mr. Schrimsher does little talking about his wartime job at Oak Ridge.

Now, he helps take care of the Schrimsher home, babies a half dozen tomato plants during the summer and helps to spoil his nine grandchildren. With eight of those grandchildren boys, and only one girl, it doesn't take many guesses to determine who gets most of his attention.

Mr. Schrimsher looks back on his life and his troubles with little regret and no self-pity. He sums it all up in these words, "We work hard and try to do the best we can."

Loudon County's Family Newspaper

\$250 IN CASH PRIZES

\$25 Each Week

\$12 First Place Each Week

\$8 Second Place Each Week

\$5 Third Place Each Week

Entries must be in Herald Office by 5 P. M. Friday or Postmarked by 5 P. M. Friday, if mailed.

CONTEST RULES

1. Clip the contest entry blank on this page, or make a reasonable facsimile. In the columns designated, mark which teams you think will be the winner, or if in your opinion, any game will be a tie, mark your entry accordingly. Also estimate the total number of points which you think will be scored in the Tiebreaker game listed on the entry blank. This will be used only if it is necessary to break a tie between contestants.
2. Only one entry per person may be submitted. Employees (or their immediate families) of the Loudon County Herald are not eligible to enter this contest. Players of teams in contest are not eligible.
3. All entries must be deposited in the contest box in the Herald office by 5 p.m. Friday or postmarked not later than 5 p.m. Friday, if mailed. Entries received after that time will not be eligible. Address all entries to FOOTBALL CONTEST, The Loudon County Herald, Loudon, Tennessee.
4. Entries will be judged on the number of games right. In case of a tie, the contestant coming the nearest to the actual number of points scored in the Tiebreaker game will be awarded the prize. The names of each week's winners will be printed in the Herald on the following week. All contestants agree that the decision of the judges will be final, and all entries become the property of the Herald.

By Calvin Lunsford

The passing years has stimulated the good old days way of most every family owning their own cow, which used to be very common.

would venture a good guess that few of our city dwellers thirty years or under would know how to milk a cow. It used to be a very common art. My family never owned a cow, but the late John L. Mize, a very dear friend of mine, taught me how to milk. The Mize family had two or three cows for their own milk as well as supplying milk to a few other families. Our thinking in this vein was brought about by one of our pictures this week. We have never had a picture like this before, and we were very glad to get it. I would venture a good guess that there are not too many pictures like this in existence. The ladies in the picture are dressed in fashions of a decade ago. Just how old this picture is we don't know, but would guess it to be fifty years old or more.

Another thing that is interesting about this old picture is the high picket fence in the background. Years ago people fenced their property with this kind of fence. Another thing is the old cow, she seems to be posing for the picture.

The ladies in this old picture are identified as follows: Milking the cow is a lady named Susie and holding the cow is Tommie. This is according to the information on back of the picture.

We would like to express our many thanks to Mrs. Tom Blodson for the loan of this picture as well as some others we will use in the Good Old Days in the coming weeks. With the coming of the current basketball season, which will be getting in full swing in the near future, we thought it would be appropriate to have one of the teams from the good old days make the scene. This picture was made at a time when rural school basketball teams were making themselves well known to basketball fans in our area. This picture of a Steeles School basketball team was taken quite a few years ago. Steeles had many teams which competed in regional tournaments, and like some of our other rural school teams, usually made a good showing in these events. It seemed that in those days everyone turned out for the annual tournaments. Of course, this was before the coming of television, which possibly keeps people at home.

Anyway, this picture was made in 1929. I don't know how this team winning second was but would venture a guess that it was a pretty good one. Those in the picture are identified as follows: front row, left to right, Alma Williams, Elizabeth White Maynard, Georgia Rayder, back row, Bernice Craig Baskett, Ella Mae Guider, Cook, Nellie Coaster (dressed), Jackie Gray Slamm.

We would like to express our many thanks to Helen Watts for the loan of this old basketball team picture.

This reminds us to ask for other basketball team pictures. I would be glad to have them in a time when you would loan them to us.

Going back a bit to the beginning of this column, and our writing about milking cows. Well, the other day we were talking to a man who has returned to Loudon to live after a few years absence. He promised us a good milking scene picture any day now.

Well, that's it for now. See you next week.

Sewer, Water, Administration Facilities Recommendations Made

Water and sewer recommendations and administrative facilities for Loudon and Loudon County were the centers of discussion recently at a meeting of the Loudon Regional Planning Commission.

At the meeting the Loudon commissioners reviewed the first two chapters of Loudon's community facilities plan.

The plan, designed for the years 1970-1990, recommends that the city either purchase the Loudon Utilities Building so it can house all city administrative functions, or construct a joint city-county office facility near the courthouse.

Present administrative facilities are too crowded, and too inadequate to hold all municipal functions in the future, the plan notes.

Recommendations that the county abandon the jail and the old Loudon High School facility are also made in the community facilities plan.

The plan specifically calls for clearing the old high school site so that it may be used for new school facilities.

Another suggestion made to the county is that it abandon the court building on Mulberry Street and construct its own governmental complex.

The city one in conjunction with the building.

Several recommendations were made concerning the utilities in Loudon.

The replacement of several inadequate water lines, the construction of an additional storage tank at Philadelphia, the finished construction of a water treatment plant, a new

storage tank and a 10-inch line across the Tennessee River were all recommended to the Loudon planning commissioners.

Other recommendations made: that Loudon Utilities should work out a purchase agreement with Piney Utility District which would permit operation of the smaller system.

That a main be constructed between Loudon and Philadelphia to boost the water pressure in Philadelphia.

That water service be extended to 176 along proposed State Highway 72.

That sewer lines should be installed along the entire length of the industrial park road to the proposed Highway 72.

That the Loudon Utilities Board provide waste water disposal service in the Philadelphia area as it becomes economically feasible.

In other business, several residents of the Greenacres Subdivision consulted the planning commissioners regarding the construction of several Federal 235 housing units in that neighborhood. The housing units are prefabricated, modular units.

Harrison Completes Air Force Course

Alman James G. Harrison, son of Mr. and Mrs. James O. Harrison of 100 west St. Loudon, has graduated at Keesler AFB, Miss., from the U.S. Air Force administrative specialist course.

The airman is now proficient in the preparation of Air Force correspondence and reports.

Alman Harrison is a 1965 graduate of Loudon High School and received his B.S. degree in history in 1970 from Tennessee Wesleyan College. He is a member of Sigma Phi Epsilon.

After the kickoff.

Members present at the meeting were J.E. Greenway, chairman; Jack Leffer, vice chairman; Dick Huff, secretary; Roy Bedeser, mayor of Philadelphia; Hamill Carey; Henry Mitchell and Charles Varner, Loudon Building Inspector.

Dennis Martin, a planner with the Tennessee State Planning Commission which provides technical assistance to the Loudon planners, also attended the meeting.

Grasscutters Defeat Sweetwater

The Loudon Grasscutters won their sixth game last Saturday night, defeating Sweetwater 20-0. Quarterback Jemy Townsend led the attack - scoring all 20 points, and directing the offense with the polish and ability of a high school football expert.

The blocking was good, opening up holes in the Sweetwater line for runners Schrimsher, John Cardwell, and Jeff Purdy.

The first quarter was a defensive battle on both sides and ended with Loudon in good field position the Sweetwater twenty yard line.

On the first play of the second quarter, Townsend passed to Schrimsher for sixteen yards. On the next play Townsend sent into the end zone for the score. The try for extra point failed and Loudon led 6-0.

Sweetwater ran the kickoff back to the Loudon 45 yard line. A few plays later, the alert Loudon defense recovered a Sweetwater fumble and Loudon started another march down the field. From the 35 yard line Townsend turned his left end behind good blocking and went all the way for the second touchdown. Townsend then plowed through a hole in the middle of the line for two extra points. Loudon was leading 14-0.

After the kickoff.

Sweetwater couldn't move the ball and punted to Loudon. Sweetwater ran for a first down as the first half ended.

Loudon kicked off to Sweetwater to start the third quarter but again the defense held and forced Sweetwater to punt. Loudon had the ball on their own 30 yard line. Quarterback Townsend kept the ball and ran around right end, this time for 70 yards and his third touchdown of the day. Final score Loudon 20, Sweetwater 0.

The defense led by Lambert, Henry Bowers, Campbell, Schrimsher, Moore, Vance and Carey held Sweetwater to no points and very few first downs. Lambert recovered two fumbles. Moore and Schrimsher got one each.

The Loudon Grasscutters were led by Lenoir City and lost to Kingston for a season record to date of 6-1-1.

Paul David Brown, son of Mr. and Mrs. Lee A. Brown, celebrated his second birthday Oct. 16. He is the grandson of Mr. and Mrs. Leroy Brown of Loudon and the late Jim Henderson of Loudon.

MODERN DRUGS

CONTEMPORARY USE
ILLEGAL ABUSE
by Lester Averett, Pharmacist

Sad to say, very little is really known at this time concerning all of the specific dangers involved in smoking marijuana, though exhausting efforts are now under way in an all out effort to learn more about the weed.

We do know that it will cause temporarily severe distortions to set in, in some cases, and frequently the user experiences a complete loss of ability concerning time and space.

One of the more common and serious effects surrounding frequent users, is their absence of proper personal hygiene, brought about by the state the "grass" puts them in.

Smoking, inhaling and such other practices are also associated with marijuana smoking.

Marijuana has no known legitimate medical use.

TO THE PEOPLE OF LOUDON COUNTY:

I am acutely aware of several local problems in your area; in particular, the recent postponement of I-75 construction and the two (killer) intersections of State 95. Again, discrimination in the development of your road system has left you behind. When I am governor, we shall work together to correct these inequities and to see that East Tennessee gets its fair share of state funds.

Loudon Elementary Parents Organize, To Aid School

by Calvin Lunsford
A newly formed parents group, some similarly to the well-known Tuesday night meeting Tuesday night, 200

parents group is not affiliated with any national organization, and depends entirely on local personnel for its administrative direction. The organizational meeting which was held on Tuesday night, Oct. 27 at the Loudon Elementary School, had around one hundred and thirty faculty members and parents present. The outgrowth of concerned Loudon parents interested in making a worthwhile contribution in aiding the faculty members in upgrading various phases of the school program.

This meeting, which officially formed the parents group was the culmination of efforts of room mothers and faculty members working on a limited basis until such organization could become a reality.

The newly elected officers of the Loudon Parent's Group are (left to right) Tom Matlock, president, Mrs. Tom Henry, vice president, and Mrs. Paul Brakelbl, secretary. Treasurer Mrs. Edwin Arnold was not present.

In a preliminary meeting, which was held on the first of October by some of the room mothers. It was felt that an organization with both mothers and fathers included along with room mother representation was needed in order to work out solutions to existing problems faced by faculty and students, and not covered by the school boards allotted operating funds.

The organization has been working in the preliminary stage for the past year, and has through its limited efforts been able to obtain

LEAD PARENTS GROUP—The newly elected officers of the Loudon Parent's Group are (left to right) Tom Matlock, president, Mrs. Tom Henry, vice president, and Mrs. Paul Brakelbl, secretary. Treasurer Mrs. Edwin Arnold was not present.

Two television sets, four record players and other teaching aids which include books to aid in comprehension, also there has been some much needed playground equipment purchased which will be paid for through future projects of the organization. Another

project which is underway is a program to obtain green stamp book donations for a much needed vacuum cleaner. This project has become a reality in part but additional

donations of stamp books are needed in order for it to become a reality. Another of the already active projects is the formation of the school dental, which has proved very successful.

It was pointed out in the meeting that many of these projects will receive matched amounts of funds from a government program once they are initiated, but if the projects are not put into action the school loses the federal aid.

Future projects include a covered section of walk way between the elementary school building and the school gym, which would permit sheltered access to the gym in bad weather.

Tom B. Matlock, the newly formed organization's president, made following statement, "In order for this organization to serve its intended purpose, it must have the support of all parents and faculty. He also stated that over the past years in organizations involving parents and teachers, the meeting time has been consumed by invited speakers, who made it necessary to prolong the meeting into an undesired length. In our newly formed organization our policy, will be to meet, discuss necessary business, act on needed issues, and leave ample time for the teachers and parents to meet in the students homeroom.

He went on to outline the organization's objective, to obtain needed equipment not generally available in allotted school operating funds. Matlock stated that he and the other newly elected

officers were well pleased with the good attendance of both faculty and parents at their first meeting. He also expressed a desire for most badly needed volunteers for various jobs in the organization.

In conclusion he stated, "But not affiliating with any national organization, we have no membership fees to be paid by parents, our aim is to confine funds and all efforts on a local basis. We welcome meetings with school faculty, school board, county court or other interested groups. Another organization is planned for January and room mothers will meet as the need arises."

WEBSTER'S REFERENCE TO SPORTS

By JOE WEBSTER

Loudon finished their 1970 football season in a strong fashion, whipping the Jefferson High Elks 35-7. As usual, there were many Redskin fans on hand to see the game, probably more of them than there were Jefferson fans.

And so, the current AA State Champions left the stage and left their supporters smiling. But, actually, this Redskin squad came very close to qualifying again for the playoffs. They had three losses against six wins. They should have whipped Dayton, they had Maryville on the ropes, only Cleveland ran roughshod over them.

Injuries wrecked the Redskin interior defensive line and contributed heavily to their losses to Cleveland and Maryville. Loudon wound up six and three on the year, but they could just as well have finished eight and one. This 1970 squad wasn't great but it was darned good.

Ratlidge, Dutton, and Windle, as per usual, did a fine job with their material. And remember, these three gentlemen won the FIRST AA STATE CHAMPIONSHIP. I knew you wouldn't forget that. Kinda sticks in your mind, doesn't it?

This Saturday and Sunday, are red-letter days for the Fort Loudoun Bird Hunter's Club. They're having their annual fall field trial at Mrs. Red Roberson's farm on Highway 72, a few miles out of Loudon.

In talking with club president, Jim "Ham" Hayes, I found that a field trial involves a terrific amount of preparation. For example, handler's horses will be furnished at this field trial; four judges are being brought in, Colonel Tom H. McNeil from Alabama and another Alabama native will judge the "Horseback Side" which includes the Amateur Puppy, Amateur Derby, Amateur Shooting Dog, and Amateur All Age.

The two judges who will handle the "Walking Meat Dog Side" are Billy Hennessey from Decatur, and Charlie Webb from Knoxville. The Loudon County Crows of the Loudon County Rescue Squad will serve breakfast, dinner, and supper if necessary on both Saturday and Sunday.

Members of the Fort Loudoun Bird Hunter's Club have been preparing for several months for this field trial. Because, as you can see, it takes planning to have a successful field trial.

The drawing for this trial will be held this Thursday night, at 8 p.m. at the home of Mr. W. Roberts on Harrison Road. All entries close at the drawing. Mr. Roberts' phone number is 986-8905.

The Fort Loudoun Bird Hunter's Club extends an invitation to everyone to come and watch their fall field trial. And remember, the Crows will be there both days so you won't get hungry. "Ham" Hayes says, "You All Come and See Us Now, Heah?"

The Mustangs of Coach Charles E. (Jam-up) White won the Western Division of the Volunteer Conference. This is the 10 to 12 age group of the pee wee footballers. White's team was 9-1-1 on the year and will now play Eastern Division champion, Clinton, for the Volunteer Conference championship. The championship game is scheduled to be played at Jacksboro on Saturday, November 14th.

Is that basketball I hear bouncing? Goodnight everybody.

Four Share In Grid Contest Cash, Final Slate Listed

Four entries in the Herald Football Contest last week shared in the \$25 cash prize. Two contestants correctly picked all 10 winners to take the first two places. Getting first prize of \$12 was Jerry L. Foster of Loudon, who had 41 points on the tie-breaker (Loudon 30-Jefferson 7 for a 42 point tie-breaker) and second place with 44 on the tie-breaker was Paul Alexander of Lenoir City who won \$8.

Third place was shared by two contestants, each winning \$2.50, by picking AFB, Tex., for training in aircraft maintenance.

Completes AF Basic

Airman James L. Harvey, Jr., son of Mr. and Mrs. Billy J. Harvey of Rt. 5, Wilson Road, Lenoir City, has completed basic training at Lackland AFB, Tex. He has been assigned to Sheppard AFB, Tex., for training in aircraft maintenance.

CONTEST RULES

- Clip the contest entry blank on this page, or make a reasonable facsimile. In the columns designated, mark which teams you think will be the winner, or if in your opinion, any game will be a tie, mark your entry accordingly. Also estimate the total number of points which you think will be scored in the Tiebreaker game listed on the entry blank. This will be used only if it is necessary to break a tie between contestants.
- Only one entry per person may be submitted. Employees (or their immediate families) of the Loudon County Herald are not eligible to enter this contest. Players of teams in contest are not eligible.
- All entries must be deposited in the contest box in the Herald office by 5 p.m. Friday or postmarked not later than 5 p.m. Friday, if mailed. Entries received after that time will not be eligible. Address all entries to FOOTBALL CONTEST, The Loudon County Herald, Loudon, Tennessee.
- Entries will be judged on the number of games right. In case of a tie, the contestant coming the nearest to the actual number of points scored in the Tiebreaker game will be awarded the prize. The names of each week's winners will be printed in the Herald on the following week. All contestants agree that the decision of the judges will be final, and all entries become the property of the Herald.

REDSKINS END SEASON 6-3 WITH 35-7 WIN OVER JEFFERSON CITY

Coach Bert Rateledge's Loudon High Redskins closed out their 1970 season with an impressive 35-7 win over the Jefferson City Elks last Friday night at Jefferson

City. The Skins broke a three game losing streak and finished the season with a 6-3 record which isn't bad at all for a team that was rebuilding

due to heavy losses to key players last season. The Skins were scheduled to play Rockwood at home this Friday but the Tigers failed to return the signed contract

and refused to play. Coach Rateledge had tried to get another game for this week, but all other teams were scheduled to play. Seniors who were playing their last

game, for the Redskins are Lonnie Hawkins, J.L. Millsaps, Greg Cagle, Joe Black and Tony Evans. The Elks, who are a Senior was unable to play the last three games due to a knee injury.

Coach Rateledge said after the game that he felt the Skins played real good ball the first half but went down just a little the second half, but when you score 25 points in the first half it's hard to play as good in the second half.

He said he thought the Elks were a little better team, but felt the Skins defense was just too strong as they intercepted seven Elks passes. Rateledge said he had hoped to get another game for this week but all the schools already had games scheduled.

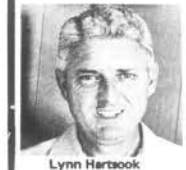

He felt the team did a pretty good job this season and that as he had said earlier that injuries would make a big difference as the Skins did not have the depth they had last season, but he wants to point out that the newcomers were coming along fine the last two games.

Lonnie Hawkins had 133 yards in twelve carries and Yancy Hampton had 85 yards in fourteen carries to lead the Skins offense with Millsaps, Clark, Cagle, Denny, Mide, and Lovelace picking up yardage behind the blocking of Evans, Simmons, May, Black, Chaney, Long, Alexander, and Scotty Atkins.

The Skins defense was led by J.L. Millsaps, Tony May, Ray Simmons, John Long, Fred Chaney, Hank Evans, Rick Alexander, Joe Black, Ronnie Watkins, Yancy Hampton, William Long, Greg Cagle, John Gowen, Mike Lancaster, Mike Rockett, Ronnie Lemons, Tommy Robinson, Dana Rogers, John Lovelace, Jerry Mide and Jerry Russell.

Loudon won the toss and elected to receive with Lonnie Hawkins returning the kickoff 42 yards to the Skins 47 yard line, then on the first play from scrimmage Hawkins gets outside and races 53 yards down field to score with 11:25 left in the first quarter. Carrow added the extra point to make it 7-0. Then for the next six minutes neither team could move the ball then with about four minutes left in the first quarter, Greg Cagle intercepted a short pass and returned 35 yards to the Skins 45 yard line to halt a Jefferson drive, but three plays the Skins had to kick. Sheets returned Cagle's punt five yards to the Elk 19 yard line but the Elks were unable to move and the Skins a downed at the Skins 29 yard line Hampton goes for four yards, then Hawkins breaks loose for 36 yards as the first quarter ends. Then in five plays the Skins are stopped at the Elk 14 yard line with 9:39 left in the quarter. Two plays later Hank Evans recovers an Elk fumble at the Jefferson 32 yard line. Hawkins blasts for eight big yards, then on a half back option Hawkins hits Simmons in the end zone for a big 24 yard TD pass play. The kick was blocked but the score was Loudon 13, Jefferson City 0. Sheets downed the kick off at the Elk 31 yard line, then one pass fell incomplete. Then on the next play, John Long deflates Sheets pass and Ray Simmons intercepts and returns 24 yards for the TD. Carrow added the extra point and the Skins are out from 20-0 with 7:13 left in the half. Hawkins kick goes out of bounds and the Elks get the ball at their own 40 yard line. A pass interference penalty gives the Elks a big first down at the Skins 40 yard line, but on the next play, J.L. Millsaps intercepts Sheets pass at the Loudon 37 yard line. Hawkins loses one yard, Millsaps goes for two yards, then Hampton loses one yard, Hampton, facing a pitchout to Hawkins, races 26 yards to score. Carrow's kick was good but a 15 yard penalty nullified the score and then a busted play Hampton hit Millsaps who carries over for the two points to make the score Loudon 28, Jefferson City 0, with 4:50 left in the half.

Three plays later Hampton intercepts another pass and returns 15 yards to the Elk 41 yard line. Millsaps hits for six then Cagle almost got loose but was caught at the Elk 13 yard line, then Hawkins goes down the sidelines in the next play to score and Carrow adds the extra point to make the score 35-0 with two minutes left in the first half. The Elks tried to move the ball down field but time ran out in the half. The Elks tried to move the ball down field but time ran out in the half with the Elks at the Skins 36 yard line.

The third quarter started out as a defensive battle as neither team could move the ball until Millsaps intercepted a Sheets pass and returned it

14 yards to the Elk 22 yard line with 4:32 left in the third quarter. Hawkins hit for six yards then on the next play Hampton was hit hard and fumbled with the Elks recovering at the 12 yard line to stop the threat. Then with the reserves in the game, the Elks in three plays moved 54 yards to score with Sheets going 37 yards on the option to score. Carrow added the extra point to make the score 37-7 with 5:57 left in the game. Then with the young Skins in the game the Skins started to move again as Lovelace, Mide, Clark and Denny moved the ball down field to the Elk's 15 yard line. Then on the last play of the

game the Skins threw Sheets for a six yard loss as the game ended.

Sportsman Dinner Set For Nov. 10
Members of the Loudon Sportsman Club will hold their annual Fall Banquet at 6:30 p.m. Tuesday, November 10 at Loudon Junior High School, according to president John Cardwell.
Besides the dinner the club will elect and install new officers. The group meets twice a year. In the spring they have a fish fry. Membership is open to any man interested in hunting or fishing. Membership is \$2 per year including the two annual meals.

Names Of Those In Vietnam Needed
The Loudon Jaycees are requesting names and addresses of local boys now serving in Vietnam. They have set a deadline for Nov. 6. They request anyone knowing anyone serving there to please call 458-3038 or 458-2225.

McGinnis Serving In Vietnam
U. S. Air Force Staff Sergeant James P. McGinnis, son of Mr. and Mrs. James H. McGinnis, Rt. 1, Philadelphia, is on duty at Cam Ranh Bay AB, Vietnam.
Sergeant McGinnis is a jet mechanic in a unit of the Pacific Air Force. Before his arrival in Southeast Asia, he served at Seymour Johnson AFB, N.C. He has completed six months duty in the Republic of Korea.

The sergeant graduated in 1964 from Loudon High School and attended Hiwassee College in Madisonville.
His wife, Brenda, is the daughter of Mr. and Mrs. Willis Betts, Rt. 4, Hickory Lane, Sweetwater.

JUST ONE MORE YARD—Loudon quarterback Yancy Hampton seems to want just one more yard as he is brought down from behind by some Jefferson Elks. Yancy and the Redskins closed out their 1970 season at Jefferson Friday night with a 35-7 win and a season record of 6-3.

TRAPPED BY ELKS—Loudon quarterback Yancy Hampton (13) charges into two Jefferson High Elks during the game won by the Redskins 35-7 last Friday. Redskins End Hank Evans looks back to see how his buddy is making out.

SIX MORE FOR THE HAWK—Lonnie Hawkins closed out his Loudon High School football career by scoring on the first play from scrimmage in his last Redskins game at Jefferson City Friday night. Lonnie (20), with ball, is shown taking off on the 50 yard scoring jaunt.

ONE OF TWO FOR RAY—Ray Simmons (81) is shown scoring one of two touchdowns he had in Loudon's 35-7 victory over Jefferson City last Friday night. Ray scored here on a pass from Hampton. Later he intercepted an Elk pass and ran it in for a score.

Dunn, Brock Win Here And In State

(Continued from page 1)

Grand Division of Tennessee. On the constitutional question of changing the terms of Sheriff from three two-year terms to two consecutive four-year terms, Loudon County favored the move 1985 to 1246, but the low vote showed a lack of interest in the question.

The total vote in Loudon County 7418, was a record for a non-presidential year election. In 1968, the hot Nixon, Humphrey, Wallace race drew 8020 Loudon Countians to the polls. Tuesday's vote surpassed the August General Election and state primary turnout by 1500 votes.

State-wide both the Governorship and Senate seat were decided well before midnight. Governor-elect Dunn rolled up a 60,000 vote victory majority and Senator-elect Brock, putting the odds to 13 years seniority in the U. S. Senate by Albert Gore, aid into office with a 32,000 vote edge.

The issue on the constitutional referendum was defeated in the state although it did receive simple approval in "yes" votes. The measure had to pass by a majority of the votes cast in the governor's election race, but due to the positions on the ballot many voters overlooked the question and it failed.

DOG GONE REPUBLICAN-Grace Williams of Loudon showed up at the Loudon-Incise East Precinct just before the polls closed Tuesday with her french poodle. The little dog, dressed in red-white and blue wore a Dunn hat and a coat of Duncan and Brock. As it turned out the dog was right.

bridge across Tennessee River at Loudon are to be let points making the score 16-0 with only two minutes in the game. The next time Loudon was on offense Queen passed to Dickie Colton for 40 yards to the Madisonville 10 yard line. Colvin picked up the 10 yards and touchdown on the next play. Mike McCall scored the extra points making the score 24-0. The Indians reserves took over at this point and Stewart scored with a fifty 20 yard run. Mike Bivens made the extra points making the score 32-0 at the end of the first quarter.

The start of the second quarter Campbell who was now the quarterback scored from 25 yards out. Mike Lambert scored the extra points. Half time score was 49-0.

Early in the second half David Kincaid scored from 25 yards on an end around play. Queen passed to Swiney for the extra points making the score 49-16. Hicky Purdy ran 80 yards on an end around play with a block for Lambert paving the way. Lambert scored the extra points. Madisonville scored again making the score 56-22. Next time Loudon got the ball Swiney passed to Queen who passed to Colvin for 50 yards. Mike Bivens picked up the last Indian touchdown on a 7 yard run.

The Indians were lead on defense by Varner, Brookshire, Cahley, Jaynes, Ralston, Davidson and Murrell.

Sgt. Malone Stationed In S. Vietnam

U. S. Air Force Staff Sergeant Bobby R. Malone, son of Mrs. Gladys Smith of 316 W. First Ave., Loudon City, is on duty at Cam Ranh Bay AB, Vietnam.

Sergeant Malone is a supply specialist in a unit of the Pacific Air Force. Before his arrival in Southeast Asia, he served at Altus AFB, Okla. The sergeant attended Loudon City High School and completed requirements for his diploma after entering the Air Force. His wife is the former Alma F. Austin.

again next April following re-design, and that the over all delay would allow the County Court about three months of additional time to make a firm decision about an education in Loudon, proposed Sugar Limb and Philadelphia interchanges.

Squire Hays reported having attended a three county meeting about the highway and school systems and that he had no real delay in completion of school this way not involving the bridge. The stretch-out in 1978, mentioned in new reports, involves final re-surfacing of the to-be-completed highway after several months - or even years - of use.

Judge Sprout said he had been notified by State Atty. Gen. David Pack that the State would no longer be responsible for repair of roads damaged by heavy road construction trucks. Several Squires observed that the State has never repaired any damaged roads anyway.

In other road matters, the Court voted to authorize erection of stop signs on the extension of Loudon Ridge road at Sugar Limb Road, and Bacon Maple Hill Farm Road at Davis Ferry Road; on the extension of Loudon Ridge road at Sugar Limb Road, and approved the striping to designate a passing area on Loudon Ridge Road in front of the Gillis, Purdy property. The last item was at the request of Sheriff Freeman Russell.

The Court voted to adopt a resolution expressing strong concern for the dangerous condition of the 175 and new Highway 95 interchanges. The resolution, noting that several lives have been lost there, will recommend that west bound 175 traffic be routed under the Highway 95 bridge and east bound traffic across the median, and up the south west ramp. An appropriate sign would have to be placed on the southbound 175 lanes at that point. The resolution was proposed by Squire Henry Foster and seconded by Reece Paul Hamilton.

Three Hurt In Wreck On 95

Three persons were injured and the two cars seriously damaged in a collision about 6 a.m. Friday on Kingston Street, (old Highway 95) at the south entrance to Loudon City High School.

Police Sgt. Jesse Buttram who investigated, along with Lt. J. J. Sanders and Deputy Martin Dyer, said a car driven by Kenneth V. Dyer, traveling south on Highway 95, ran off the pavement on the right side, traveled with two wheels on the shoulder for about 60 feet across the road and in front of a car driven by Gary Wayne Lewis, traveling north on 95.

Lewis, of 201 W. Sixth Ave., was treated and released at St. Sanders Presbyterian Hospital. Dyer, of 210 W. Third Ave., Loudon City, was admitted for treatment and released Sunday.

More seriously injured was Johnny Schubert, 18, of Loudon City, a passenger in the Dyer car. He was admitted to Ft. Sanders Presbyterian Hospital intensive care unit in serious condition. By mid-week, however, he was moved to a regular room and listed in satisfactory condition.

Melissa Joan Clowers, daughter of Mr. and Mrs. Kenny Clowers celebrated her fourth birthday Oct. 29. Missy has an older sister Denise and a younger brother Donnie. Grandparents are Mr. Malak Clowers and the late Gordon Clowers of Loudon and Rex and Mrs. E. H. Brock of Tupelo, Miss. Great-grandparents are Mrs. J. C. Porter of Loudon and Mr. A. E. Speaks of Knoxville.

Price, Supt. of Schools Albert McKinney, who served as publicity chairman, commented on the outcome of education in Loudon, Monroe and Blount Counties. Mr. Dukes said he believed benefits could be derived through greater cooperation between the Loudon City and Loudon County school systems, and that he had great hopes for a new vocational and comprehensive high school at Greenback to serve the needs of Greenback, Vanore, Lanier and Friendsville.

The Court approved a Title I Federal Funds budget of \$165,230, about the same as last year.

Squire Hays Corner made a report for the Hospital Board of Directors. The board, he said, has voted to meet once or twice a year with the department heads to discuss procedures and problems. It is expected, he reported, that the new hospital will be completed and occupied by April. Work is still being done on the effort to obtain more doctors for Loudon County. In that connection he read a letter which Dr. Sam Harrison had written to be posted on the Staff Bulletin Board at U-T Hospital following a stay. Dr. Harrison spent in the hospital here. The letter pointed out that Loudon County is an excellent site for a "semi-suburban" medical

practice. The approximately 30,000 people here are served by seven physicians ranging from 70 to 44 years of age. Employees of the many plants in Loudon County and nearby Oak Ridge are adequately covered with health insurance making for an excellent financial outlook for a prospective young doctor. Dr. Harrison's letter also referred to the new 50-bed hospital and the fact that Knoxville's "fine facilities and expert help when we need it" is only 30 minutes away.

The Court approved resolution rescinding an earlier designation of the old hospital as an "Extended Care Facility" and establishing it, instead, as a part of the general hospital, with an appropriate number of rooms to be used as an "intermediate care facility."

Squire Corner made the motion and it was seconded by Squires Henry Foster and Jack Leffer. The Court also gave formal approval to the hospital budget which had not been included in the overall budget approved in July.

On recommendation of Squire R.P. Hamilton, the Court asked Judge Sprout to appoint a committee to study the feasibility of central purchasing of gasoline and a central county repair garage. Named were Mr. Hamilton, J.J. Blair, Curtis Williams, J.G. Hudson and Joe

Greenway, Chairman of the Road Commissioners. Squire Leffer was given authority to get prices on temporarily removing the records now stored in the basement of the Courthouse, renovating that space, installing a concrete floor, wall paneling, shelving, and properly storing the records there. They were called a fire hazard in their present condition.

Budget adjustments of \$79 for adult education and \$375 to pay for bonds for interim clerks in the Circuit Court Clerk's office, were approved. In addition, \$6,228.13 was authorized to be taken from General Fund surplus to pay about half of an unexpected \$11,274 assessment by the State for the county's share of nursing home care for welfare patients. By participating in the program, Judge Sprout explained, the county receives about \$12,000 per month in services to nursing home patients. The state had earlier expected the county's share of the cost to be Federally funded, but the proposal was turned down.

The Court referred a claim by J.J. Johnson for \$93.33 he said he had overpaid last year's property tax to the State Equalization Board for instruction.

Notaries
Elected Notary Publics were Mary A. Campbell, S.P. Deuel, R. F. Hamilton, John L. Brown, Hubert C. Hudson, Ronny L. White, Ivan H. Wiggins, Carl Kinco, Blanche Randolph and Pearl Thompson.

LENOIR CITY POLICE SGT. JESSE BUTTRAM examines the two cars involved in a collision at the entrance to Loudon City High School Friday morning about 6 o'clock. The car at right, driven by Kenneth Dyer, apparently swerved entirely across the road and into the path of the car on the left, driven by Gary Wayne Lewis.

THANKS For Your Confidence

I wish to thank you the voters of Loudon and Blount Counties for the fine vote I received in the race for Floterial Representative of the Sixth District to the Tennessee Legislature.

The fine support I received will make my promise of working for better government for our people even more determined. Please feel free to call me at anytime to discuss matters about our state and local government which might concern you.

Your County In Action

BY **Harvey L. Sproul**
LOUDON COUNTY JUDGE

1.75
I guess a little more could be said about the completion of Interstate 75 in Loudon County.

Of course, I mentioned last week that the decision concerning the two additional interchanges in Loudon County had been postponed for a few months because of the delaying of the building of the "Tennessee River" to the Monroe County line portion of I-75 to sometime next summer.

I understand now that this is probably to be in April, or at least the bridge is to be relet in April.

The proposed new Philadelphia interchange, of course, is involved in this stretch of I-75.

A Joint Committee on I-75 completion committee has been organized, covering several counties to promote the early completion of I-75. This committee had a meeting last week, which Squier Jack Lefler and Vice-Mayor Ham Carey of Loudon attended.

It was explained at this meeting in greater detail that the lengthening of the national Interstate Highway Program from 1973 to 1978 would probably involve principally such things as putting the final layer of pavement on the interstate, rather than the actual completion of the roads and opening them to travel. At least this is Tennessee's plan. Basically in Tennessee, the Interstate Highway Program will continue according to present schedule unless there are actual cuts of money coming to Tennessee than what is presently anticipated.

Some of these bottlenecks we have seen on the interstates in recent years have not been because the interstates have already "worn out," but because the final layer of pavement is being put on, and the specifications require that this cannot be put on until the road has been travelled for several months at a time.

Big Question
At any rate, the question

of whether or not Loudon County should get the two extra interchanges — which have been approved subject to the County building connecting roads from U.S. No. 11 to the interchanges — is a very big question.

I can hardly see how Loudon County can afford not to do this.

An interstate highway is limited access, and a once-runs all the way across Loudon County, and in Loudon County's case we actually have two interstates cutting us up.

This may not seem like too much of a burden now, but several years from now it could be a tremendous help to have two additional pieces that you can gain access to the interstate, not to speak of the economic development involved.

Big Cost
But on the other hand, it is a rather large expenditure for a small county which is trying to keep up with its responsibilities in reference to standard county roads, schools, and education, law enforcement, recreational development, the Tobacco Project, etc.

The cost of building these two connecting roads was first estimated at over one million dollars together. The county can probably get the Federal Government to pay one-half of this, but this will still be leaving approximately \$600,000.00, and on our present tax rate we are probably talking about increasing our bonded indebtedness considerably.

and costing more than 20 cents per year on our present tax rate.

Balk
When the county balked at paying this kind of money, the state looked at the question again and decided that lesser roads could be built which would wear up sooner and not be as good connecting roads, which would cost a total of approximately \$800,000.00. This still leaves the county's share at more than \$400,000.00, on a 60% basis.

The state also suggested that another way it could be done was for the Philadelphia road, which is a Federal secondary road, to be built with the county's federal secondary money which has been accumulating for 3 or 4 years, and this would mean the county would only have to come up with \$200,000 to \$250,000 for the other connect.

This is a very vital question and will affect all future Loudon County residents to a great degree.

GREENBACK HIGH SCHOOL

Friday, October 23rd was Greenback's Homecoming. A talent show was held in the auditorium with each queen candidate giving a pep talk. Other talent from the student body was included in this program. Cheerleaders try-outs for next year were also held during the show, which lasted about 90 minutes. A pep rally was held at 3:12.

At half-time of the Greenback-Charleston game that night, the new football cheer squad and queen were announced and crowned. The candidates all arrived on the field on a float. Last year's queens were brought onto the field in a car driven by Clifton Dixon. First the cheerleader try-outs were announced as being Myrtle Berry. She was crowned by the 1969-70 cheerleader, Nancy Long and Billy Keaton. Nancy is a cheerleader, president of the senior class, secretary of the Beta Club, a member of 4-H, and a member of the annual staff.

A sock-hop was held in the basement following the game. The Senior class met Monday and Tuesday of last week to elect superlatives for this year. They chose David McCall and Sully Keaton as Most Likely to Succeed, Chris Breyfiele and Margaret Williams as Best Dressed, Steve Hammonstre and Debbie Evans as Most Athletic, Marlene White and Billy Keaton as Most Popular, Glenn Lett and Tipton and Becky Beers as Best Looking, Kenny Brooks and Kathy R. Hammonstre as Most Popular, Glenn Lett and Paula Giffin as most courtious, Peggy Scott and Jimmy Giffin as Most Studious, Evelyn Ritchey and Trody Hippie as Friendliest, Ann Housley and Steve Brookshire as Wittiest and Jocelyn Dixon and Mike Long for Best Personality.

Junior queen, Madonna Ford, and the football co-captains, Myrtle, a sophomore, is a member of FEA and V-Teen. Thus Nancy Brooks was announced as being the new 1971 football queen. She was crowned by Bonnie Pressnell, the Senior 1969-70 queen, and the football team, Mike Long and Billy Keaton. Nancy is a cheerleader, president of the senior class, secretary of the Beta Club, a member of 4-H, and a member of the annual staff.

Loudon Co. Has 2930 Veterans
According to Rep. John J. Duncan beginning in 1970 there were 2,930 veterans in Loudon County. These figures are based on recent Veterans Administration tabulations of America's 27.3 million former servicemen.

Breaking the figures down by period of service Duncan said that some 420 Loudon County veterans served during the Vietnam Era—that is after August 4, 1964.

During the Korean Conflict 630 from Loudon County saw action.

World War II veterans make up the largest group with 1,600 from Loudon County.

Of 27,000 World War I veterans in Tennessee, 140 are from Loudon County.

Veterans with questions on benefits may contact the Veterans Administration Regional Office, U. S. Courthouse, 801 Broadway, Nashville, Tennessee 37203.

old pictures from out of a past way of life.

This past Sunday we were talking to a very good friend of ours who promised us some old pictures. We mentioned this to remind him to send them along to us for the Good Old Days. Maybe you have a picture we can use. If so, let us know.

Anyway, our thinking along this line goes back to our school days when the teachers would have us cutting out or drawing black cats and witches for the blackboard, and how proud we were of our homework. We figured we had about the latest display in the whole school.

We had this brought to mind by a picture we have this week. It was taken at Loudon Grammar School and shows how the rooms are decorated in a seasonal manner. Note the many

BACK IN THE GOOD OLD DAYS

by Calvin Lunsford

Along the way of keeping the Good Old Days going we often get pictures that can be identified by the donor, in many cases we can use the pictures because they depict an era of living from the good old days we make a point about a past way of life, and not always connected with our own town or area.

We have such a picture this week, or we might say two pictures. One of them is a scene from the early days of the old railroad steam locomotive similar to ones which used to run through Loudon many years ago. It shows a crowd down at this unidentified old depot similar to the crowds that used to gather at the Loudon Depot to meet any and all trains. This train is a freight train, but it must have been a special occasion. We wish we knew the hour, or what the event was all about, but we don't. It could be that one of our

MODERN DRUGS

CONTEMPORARY USE

ILLEGAL ABUSE

Lester Averett Pharmacist

One of the more apparent dangers surrounding marijuana smoking and becoming more and more as the public eye is contained in the Bureau of Highway Safety records. Since marijuana does impair vision and cause poor judgment concerning speed, distance and time, a marijuana user is as serious a problem as a drunk driver on our highways today.

Police files across the nation will bear this out and penalties for driving under the influence of any drug are generally very strict throughout the States. A drugged driver is as potentially dangerous as a drunk driver, either one or combination of the two is just plain "Russian Roulette" . . . More next week on marijuana.

Loudon May Sue Southern Railway For New Signals

Loudon City Commission, at its regular monthly meeting Monday night, discussed the possibility of bringing legal action against Southern Railway to get train warning signals installed at two intersections in the city.

City attorney Arthur Fowler read a letter from Southern's Superintendent requesting to install a train activated light and bell warning signal at Highland Avenue and a continuous flashing warning signal at the Keene Street intersections unless the city would agree to pay the cost of installation and maintenance costs.

Southern had made the offer in September, but the Commission requested that the railway pay all costs involved and was refused, Commissioner Hamill Carey said a study would be made of what the possible costs would be and a traffic count made on the two crossings before a decision was made to bring legal action against the railway to seek a court order demanding the railway assume all costs of equipment, installation and maintenance.

After a report from the Loudon Citizen's Advisory Commission, Commissioner Carey said that every effort was being made to get the law established on U. S. 11 from where the present three-lane ends at Loudon High School back to Highland Avenue. The Advisory Committee also asked that the Commission consider two intersections in the city where motorists vision was being hindered by shrubs.

The Commission approved the adoption of revisions in the Loudon Workable Program, which is a requirement for cities to participate in a federally funded program.

Safe Crackers Set Off Alarm, Then Flee From Store

A burglar alarm at the C.A. Walker Super Market on U.S. 11 near Lenoir City scared away safe crackers early Sunday morning as they prepared to blow open the safe with explosives.

Loudon County Sheriff Freeman Russell said that the burglars, armed with more men, entered the store by chopping a hole in the roof. One of the men was lowered through the hole, taking with him a hose attached to a bottle of compressed oxygen. Russell said the burglars used the oxygen hose to weld two 10 foot sections of pipe loaded with explosive.

The burglars, according to Russell, then opened the door of a cabinet housing the safe, which set off burglar alarms at the county jail, the Lenoir City Police station and outside the store building. He said this apparently scared the men off the cabinet but not in the safe.

Sheriff Russell said that county deputies, Sheriff and Martin Dutton were at the jail when the alarm went off and a Lenoir City Police car on Broadway was notified of the alarm and arrived at the store in three minutes after the alarm went off at 4:30 a.m. Sunday, but the safe crackers had fled the scene.

Nothing was reported missing from the store, but the burglars, he said, were from out of state because of the tags found on the oxygen tank. No arrests have been made.

First Baptist Slates Revival

The First Baptist Church of Loudon will hold a series of revival services beginning Sunday evening, Nov. 15. Services will be held nightly beginning at 7:30 and continue through the 11:00 service Sunday morning, Nov. 22.

The visiting evangelist will be the Rev. Elmer J. Foust, Pastor of the Olive Springs Baptist Church, Martin, Ga. Rev. Foust is a native of Tennessee, is married and the father of two children. He is a graduate of Harrison College, Carson Newman College, Southern Seminary and he attended John Hopkins, University of Tennessee and the University of Georgia.

Local Government Costs Increase \$20 Per Capita

For residents of Loudon County, is the cost of local government greater or less than it is for those in other areas?

How much does the burden of state and local governments cost them, per capita, in taxes?

As in every other section of the country, with the outlays for public services increasing year after year, the tax burden grows heavier.

The demand is for more protection, better schools, improved health facilities, more roads and highways and a host of other needs and wants. All of which cost money.

According to national survey released recently by the Commerce Clearing House, an authority on taxes, the cost of state and local government rose throughout the United States by an average of \$42 per capita during fiscal 1969, reaching \$380. This was on top of a cost of \$20 per capita the previous year.

In Loudon County, on the basis of its figures and data from other sources, such taxes amounted to \$230 per capita in fiscal 1969.

Elsewhere in the State of Tennessee, the average was \$252, which was \$25 more than in 1968. The tax load was \$249 in the East South Central State as a whole.

The report reveals that the \$576 per capita paid by New York State residents was the highest in the country and that the \$221 in the State of Arkansas was the lowest.

Some idea of the extent to which state and local taxes have been mounting in recent years may be gained from the (Continued on Page 10)

Loudon School Dropped From Building Program

HOUSING PROJECT CONSTRUCTION—Work on the construction of 50 low rent housing units in Loudon is continuing on schedule. Above some of the units, mostly duplexes, are shown in various stages of construction.

The million dollar project, financed with federal funds, is scheduled for completion in June of 1971. The project is located on Fort Hill in Loudon overlooking the Tennessee River on the old Duff farm.

School Board Approves Three Other Projects

Lack Of Funds Gets Blame

Loudon County's nine member county court will resume discussion on the proposed school construction program and the formation of a Loudon County Board of Public Utilities at an adjourned session at 9 a.m. today (Thursday).

At their regular monthly meeting on Nov. 2 the court postponed action on the two matters.

The school construction program which includes additions to four schools, Eatons, Highland Park, Eatons and Loudon Junior High School, was delayed by a hit on the project's funds. It was found to be some \$300,000 over the \$500,000 in bonds which the court had previously approved.

United Fund Campaign 'Over Top'

In the most successful campaign in its 14 year history, the Loudon County United Fund this week has gone over the top of the goal of \$41,471. At the 14th weekly report meeting of the campaign held Monday in Loudon, Lenoir City, 2, American Legion Mile of Dimes, Lenoir City, 2, Loudon County Chapter American Red Cross.

Little Change Found In Official Election Returns

The official canvass of the General Election returns in last Tuesday's vote in Loudon County varied only slightly in four columns from the unofficial returns published last week.

The official tally showed that 7,121 persons cast ballots in the election which saw Dr. Winfield Dunn and Bill Brock capturing a majority of the Loudon County vote in their successful races for the Governorship and Senate seat respectively. The total vote was an increase of three over the unofficial count.

The total vote received by the various candidates in the races are as follows according to the Loudon County Election Commission:

FOR GOVERNOR
Dr. Winfield Dunn 4618
Mr. Henshaw 590
Mr. Hoskey 2605

FOR US SENATOR
Mr. Brock 4344
Mr. East 25
Mr. Pittard 47

FOR US SENATOR
10. Loudon County Emergency Rescue Squad.
11. Highland Park Community Chest.
12. United Service Organization (USO).
13. Youth Club of Loudon.
14. Public Welfare Advisory Committee.

FOR GOVERNOR, Mr. Brock, unopposed veteran Senator Albert Gore, Congressman John Duncan was re-elected. Public Service Commissioner Cayce Pentecost was re-elected. Federal Representative for Loudon and Blount Counties is M.F. (Henry) Stafford of Lenoir. The referendum on extending the sheriff's term from three two year terms to two four year terms was defeated. It required a two-thirds majority to pass.

During the week, since the previous report meeting, some \$5,705 in new pledges and contributions had been received to put the campaign over the 100 percent mark by some nine percent.

The largest share of the pledges to the effort came from Loudon Countians who are employed at the atomic installations in Oak Ridge.

The campaign there raised \$11,771 for the local drive. A break down from the various divisions and groups that accounted for the largest United Fund campaign in Loudon County is as follows:

- Oak Ridge \$11,771.00
- Wampers Elm Hill 2090.00
- L.C. Bacon Co. 2271.00
- Eaton-Yale & Towne 5483.45

LOUDON COUNTIANS GREET GOVERNOR DUNN—Some 50 Loudon Countians were among the more than 4000 persons who greeted Dr. Winfield Dunn, Governor-elect of Tennessee, when he returned to Knoxville last Thursday, for the first time since his election last Tuesday. In the photo panel at left are some of the Loudon Countians at the reception at the Farragut Hotel. They are Mrs. Roy Cardwell, Robin Bradshaw, Cotton Plemmons, Mr. Cardwell, Boyd Duckworth, Sheriff Freeman Russell, Ralph Wear and Roy Bledsoe.

Chairman Jack Hill said not enough can be said for the people of Loudon County who have year after year demonstrated their faith and support for the United Fund in maintaining their record to putting the campaign over the top each year. He said not many United Funds throughout the area have the success that Loudon County does each year.

He said also that the 14 member agencies who year after year share the money raised by the United

Working In Area For Two Years U-T Prof. Doubts Canaanites Lived Here

By Calvin Lunsford

The rural community of Morganton, located in Loudon County, has become known to hundreds of people across the United States. The reason: The recent widely circulated news story carried by thousands of newspapers and news publications.

The news story related how a burial stone (at first thought to belong to a Cherokee Indian) was found in a field near Morganton. The stone was found in a field near Morganton. The stone was found in a field near Morganton.

"Has other related discoveries been made in this area that would further advance the current theory that a race of people preceded the Cherokees who lived along the Little Tennessee River in Loudon County?" This theory was derived, in part, from the writing on the ancient burial stone.

Not knowing the extent of the research work done by those reporting the interpretation of the writing on the burial stone, one could come to believe that the stone along the river could produce much to hear out the published theory. When we set out to find the answer, we asked the question: Who could best enlighten us about this interesting historical subject?

Dr. Guthrie stated that their work was primarily to piece together the way of life of the Cherokees around the 1800's. But they go about this work with an open mind and with an open mind, but if we do find anything to be out of this theory, it certainly will have to be on a future find and not on anything we have found up to now."

It is quite possible (as far as the national news media is concerned) the quiet and peaceful area of Morganton in Loudon County will soon be forgotten, but not before it takes its place among the thousands of other areas to gain a place of prominence in this fast moving world in which we live.

Brewster-Jones Vows Pledged

Miss Toby Jean Jones and Jay Eugene Brewster were united in marriage Saturday, Oct. 31, at 4 o'clock p.m. at the home of the bride's parents, 494 Eighth Ave., Lenoir City.

Verdon L. Luttrell of 703 C St. is the grandfather of the bride, and Mrs. Mary Hill of Philadelphia, Pa. is the groom's grandmother.

The Rev. Dwight Cagle performed the double-ring ceremony before an altar arrangement formed with a prayer bench and arch candelabra, entwined with palm greenery and holding lighted tapers.

Wedding music was presented by Mrs. Mike Biggs of Nashville, organist, whose selections included Portrait of My Love, Walk Hand in Hand, Whither Thou Goest, One Heart, One Heart and O, Perfect Love, Donnie Keith Brewster, brother of the groom, sang The Wedding Prayer.

Given by her father in marrying the bride were a long gown of white faille, accenting the high neckline and flowing, bracelet-length sleeves were lace appliques. Her veil, held by a Dior bow, was accented with matching appliques. She carried a bouquet of pink roses, daisies and stephanotis, and her jewelry was a string of pearls, a gift of the groom.

Miss Teresa Key Wise of Cleveland was maid of honor. Junior bridesmaid was Miss Jennifer Kay Waldroup of Gatlinburg, and Kimberly Ann Mikels of Atlanta, Ga. served as flower girl. All are cousins of the bride.

The maid of honor and junior bridesmaid wore gowns of hot pink faille and carried pink roses. The flower girl wore white lace and carried a basket of pink roses and rose petals. David Eugene Brewster of Philadelphia served as his brother's best man. Groomsmen were Donnie Keith Brewster of Knoxville, also brother of the groom.

The bride's mother wore pale pink with matching accessories, and the groom's was stationery for a year. He is the grandson of Mrs. Joe Williams of Collins St., Loudon.

Each wore a corsage of pink roses.

A reception followed the ceremony, given by the bride's parents at their home. Assisting were Mrs. R. W. Woffenbarger, Mrs. Anne Chambers, Mrs. Glenn Luttrell and Mrs. Anna Lou Hickman.

The bride's table was covered with a white lace cloth, centered with an arrangement of pink rose buds in a four-pronged silver candelabrum. A three-tiered cake was topped with matching pink rose buds. Silver appointments completed the table decorations.

For a wedding trip in Gatlinburg, the bride wore a burnt-orange pants-suit with a plaid top. Upon their return, they are making their home at 708 E. St., Lenoir City. The new Mrs. Brewster is a graduate of Knoxville Business College, the

attended Tennessee Wesleyan College at Athens and is presently a dental assistant to Dr. W. D. Thompson.

The groom attended Hillsboro College, Madisonville and served with the Air Force for eight years, with one year spent in Vietnam. He is employed with Knoxville Photo Service.

Out-of-town guests were Mrs. Maude Darden, aunt of the bride, and her grandson, Bobby Amos of Monroe, La.; Bill Darden of Chicago, Ill.; Mr. and Mrs. Mike Biggs of Nashville; Mr. and Mrs. Eddie Jones and daughter, Kelley, of Lake City; Mrs. Durwood Jones and daughter, Susan, of Murfreesboro; Mr. and Mrs. Neal Atchey of Oak Ridge; Mr. and Mrs. Bob Hall, Mrs. Tommy Duff and Mrs. Mary Evelyn Sharpe, all of Knoxville; Mr. and Mrs. David Mikels of Atlanta, Ga.; and Mrs. Charles Waldroup of Gatlinburg.

Power lines bring new life to the country.

Electricity has brought a better quality of life to people who live in rural areas. A better quality of life through better homes. Homes that now have all of the conveniences of their urban counterparts. A better quality of life through lighter farm work. And electricity has brought a better quality of life through new income from industry and new businesses that have located in the countryside. A better quality of life through modern schools and churches. Through better communities. With electricity, there's a new life in the country—a great life.

Brogdon-Trent Vows Exchanged

The Second Baptist Church of Loudon City was the setting for the candlelight wedding of Miss Patricia Annette Trent and Hershell Paul Brogdon at 7:30 p.m. Oct. 30, with the Rev. Homer L. Yates performing the double-ring ceremony.

The bride is the daughter of Mrs. Bessie J. Trent of 904 Bon St., Loudon City and Lester Trent of Knoxville. The groom is the son of Mrs. Minnie Brogdon of 106 Mason Lane, Loudon and the late Alfred Brogdon.

Grandparents of the bride were the late Mr. and Mrs. Allen Johnson, and the groom is the grandson of Mrs. Artie Lemmons of Cedar St., Loudon.

Mrs. Kathleen Hammonree, organist, and Bill Thompson, vocalist, presented nuptial music. Mr. Thompson sang "Because," "I Love You Truly," and "The Lord's Prayer."

Decorating the church for the ceremony was an arch of greenery, arrangements of white chrysanthemums and burning tapers held in candleabra.

Given in marriage by her uncle, the Rev. Ira A. Johnson, the bride wore a gown of bridal satin, with the bodice and sleeves overlaid with Chantilly lace. She wore a mantilla of Chantilly lace, which cascaded into a train, and carried a white Bible topped with a bouquet of carnations, with streamers made of matching carnations. Her jewelry was a single strand of heirloom pearls, handed down several generations from an Indian friend that came from the Alabama Indian Reservation.

Miss Freddie Johnson, cousin of the bride, was matron of honor. Bridemaids were Mrs. Victor Johnson and Miss Teresa Bledsoe, also cousins of the bride. Lisa Shirk of Loudon was flower girl. They wore street-length gowns of blue crepe, styled similar to that of the bride. Each carried a cascade of blue carnations.

Johnny Brogdon served his brother as best man. Ushers were Freddie Johnson and Victor Johnson, cousins of the bride.

My Sincere Thanks

To the voters and committee workers of Loudon County who helped me in my quest for a seat in the State Legislature. Your vote was not in vain and I now confide that I have made many few friends. As I now look to the future I thank you for believing in me, for I sincerely believe in you.

THANK YOU,
Hershell Paul Brogdon

Mars Hill Honors Coach Henderson

Homecoming Day October 24, 1970 was named Coach Don J. Henderson Day at Mars Hill College in Mars Hill, North Carolina.

Coach Henderson was honored at halftime for his more than twenty years service to the college and to the young people who greatly appreciate him. Coach Henderson was born and raised in Loudon. He is the son of Mrs. Carl Henderson and the late Mr. Carl Henderson. He was a member of the undefeated 1939-40 41' football team at Loudon graduating in 1942. After a four year enlistment in the Marine Corps he did his graduate work at Tennessee Tech and later Peabody College. In 1946 he married the former Violette Brascasse from Lenoir City.

In September 1950 Coach Henderson was named Athletic Director, Head Football Coach and Head of the Physical Education Department.

Henderson is now beginning his twenty-first season as director of the Mars Hill College Athletic program. In September 1970 he was honored by the Humcombe County Alumni Association for his service to Mars Hill College. During his tenure the program has grown from a menager post war junior college endeavor to second senior college effort that is both competitive and exciting. Under Henderson's direction the program is being constantly upgraded and expanded.

Loudon Indians Blow Past Madisonville 60-0

The Loudon Indians topped Madisonville Tuesday night 60-0 for their tenth win of the year. Jimmy Long started the scoring for the Indians with a 25 yard run behind the blocks of Brookshire and Swiney. Dennis Queen passed to Tommy Cathey for the extra points making the score

8-0. Queen passed to Porky Campbell for 25 yards and a touchdown. With the score 14-0 Dickie Colvin on an end around play ran 57 yards to the Madisonville 10 yard line. Mike McCall scampered the 10 yards for a touchdown on a reverse. Queen passed to Colvin for the extra points. Jimmy Long returned a punt 40 yards for a touchdown making the score 32-0. Queen passed to Cathey for the extra points.

Early in the third quarter Queen passed to Dickie Colvin for 60 yards to the 3 yard line. Queen passed to Dickie Colvin for the touchdown. Queen ran in for the extra points making the score 44-0. Queen picked up the next touchdown on a beautiful 63 yard run. Queen was hit several times as he made his way to the 20 yard line where blocks by Henry Chambers and Brookshire cleared the way for the touchdown. Swiney blasted off tackle for the extra points. Queen passed to David Kincaid for 60 yards and a touchdown the next time Loudon had the ball. Mike Bivens picked up the extra points on a 3 yard run.

Outstanding on defense for Loudon was Brookshire, Swiney, Cathey, Varner, McCall, and Roberts. This brings the Indians record to 10-2-1. After losing many fine players from last year's team the Indians looked like they would be lucky to win a third of their games. The players were determined to show the fans they could play winning football. All the players worked hard and long throughout the practice sessions. Many of the Indians worked on their own during

the summer. Next week all of the complete years statistics and outstanding players will appear in this paper.

Indians Breeze Past Crossville

The Indians offense slowed by many penalties finally got moving in the last half to top Crossville 22-0. Loudon received the opening kick-off and returned it to the Indians 40 yard line. Buddy Swiney picked up 8 yards and Porky Campbell picked up 10 yards more for a clipping penalty stopped the drive and forced a Loudon punt. The Indians defense held and took the ball back on the Loudon 20 yard line. Mike McCall ran for 10 yards and first down. Jimmy Long got 12 yards and another first down. Swiney blasted up the middle of the line for 13 yards. Dennis Queen then passed to Campbell 40 yards for the touchdown. Campbell made an outstanding catch as he went up between two Crossville players and came down with the ball to score. The score at halftime was 8-0 Loudon.

Early in the third quarter Queen passed to Dickie Colvin for 18 yards and a first down at mid-field. Long picked up 9 yards off tackle. Porky Campbell scampered 42 yards on a reverse for the touchdown. Block by Swiney, Brookshire, and Colvin paved the way. Jimmy Long picked up the extra points making the score 14-0. In the fourth quarter McCall, Long, Queen, and Campbell picked up good gains and moved the ball to

the Crossville 20 yard line. Mike McCall on an end around pass found Dickie Colvin all alone in the end zone for a touchdown. Campbell added the extra points. The key play in this drive was Porky Campbell's 42 yard run on a fourth down and 40 situation. This made the first score 22-0. This brings the Indians record to 9-2-1 for the year.

Sgt. Pofnret Receives Medal

Marine Staff Sergeant Robert J. Pofnret, husband of the former Miss Janis K. Johnston of Route 3, Loudon, was presented the Navy Achievement Medal with Combat "V" at the Marine Corps Air Station, El Toro, Calif.

Seaman Roberts In Unitas XI

Navy Seaman Apprentice Billy M. Roberts, son of Mr. and Mrs. Dave Roberts of Route 4, Loudon, is serving aboard the guided missile frigate USS Harry E. Yarnell as a member of the U.S. South Atlantic Force for the duration of Operation "Unitas XI."

After two months of exercises with the Navies of Colombia, Venezuela, Brazil, Uruguay and Argentina, the Yarnell is enroute to the Pacific to conduct similar operations with the Navies of Peru and Ecuador.

He received the award for meritorious achievement while serving in Vietnam.

Hill Wins Grid Contest Cash In Last Week

The only perfect 10 game pack in the last week of the Herald's Football Contest was entered by Kelly Hill, Hunterhill Drive in Knoxville. The perfect 10 was good for the \$12 first place cash.

A number of persons missed only one game, but two entries guessed that a total of 40 points would be scored in the UT-South Carolina game (the score was 20-18) and were closest to the actual 38 points. Each of these contestants receive \$6.50. They are William B. Shabby, Rt. 6, Lenoir City and Lucille Watkins, Rt. 2, Loudon.

game, but further away on Shell, Wesley Carver, Eugene the point guess were Bill Henry, F.D. Grimes, and W.L. Roberts, Lee Hill, Deborah Thompson.

REDSKIN LASSIES—The Loudon Redskin Basketball Lassies open their 1970-71 season this Saturday night. The squad members are: first row, left to right, Roli Watson, Sherry Thompson, Marilyn Smith, Dana Rolan, Jane Shubert, Susy Huskey, Ginger Crabtree and Diana

Dorsey. Back row - Coach Hugh Watson, Gloria Brown, Sherry Harris, Mary Graham, Helen Gentry, Lynn Dorsey, Sue Jaynes, and managers Pam Gohlighly, Suzie Smith and Marsha Harris.

REDSKIN HARDWOOD SQUAD—The 1970-71 Loudon High School Redskin Basketball squad shown here will open their season next Tuesday. The team members are (first row-left to right) Coach Mac Petty, Yancy Hampton, Lonnie Hawkins, Tommy Ratledge,

Greg Cagle, Ronnie Lemons, Ricky Alexander, and Coach DeWayne Arp. Back row-left to right - manager Larry Ivens, Jimmy Greenway, Richard Harrison, David Birkholz, Bill Collins, Ray Simmons, Danny Hendrix, and manager Gary Ivens.

REDSKINS OPEN BASKETBALL SEASON FRIDAY AT SPRING CITY

A tough twenty-three game schedule faces the Loudon Redskins and Lassies as they are set to open the 1970-71 basketball season. A tough twenty-three game schedule faces the Loudon Redskins and Lassies as they are set to open the 1970-71 basketball season. The Redskin teams open

the season this Friday night at Spring City with three teams in action. The Skins B team, girls' varsity and boys' varsity will face the home-standing Bulldogs. Saturday night the Loudon girls' teams, freshmen and varsity will open their home schedule with McMinn County. The action in these two contests will begin at 6 p.m.

Five of the Skins first six games will be on the road. The coaches feel that if the teams can survive this tough test they will be off and running. Following the Spring City game, the Skins and Lassies travel to McMinn County on Nov. 20 before opening the home season on November 23rd against the always tough Kingston Yellowjackets. The only new team on the schedule are the

Wildcats of Oak Ridge. Both the Skins and Lassies hope to get off to a faster start than last year. The Skins, coached by Mac Petty and assistant DeWayne Arp, started slowly last year and at one time stood at 6-11. They then reeled off eleven straight wins, took third place in the District Eleven tournament and made it to the quarter finals of the regional.

Coach Petty has six lettersmen returning from last year's squad. Four of those were starters at one time during last season. Because of this the coach believes the overall balance of this year's squad will be much better than the one of a year ago. The Skins should be a very exciting team to watch this season. They have great speed, quickness, and jumping ability. They will show a wide open offense, taking full advantage of the fast break.

Below is a run-down on the Redskin squad members. Tommy Ratledge, a 5'7" senior guard. Tommy is showing great improvement both offensively and defensively. He also seems to be much more confident. Tommy shows good leadership, not only with words but by example. Danny Hendrix, a 6'2" senior forward. Danny is a very rugged rebounder and is one of those players who seems to have a knack for getting the easy shots and leaving his defensive man. With hard work this could be a very good year for the big forward.

Jimmy Greenway, a 6'1" senior center. Jimmy is showing great improvement both offensively and over last season. He is one of the hardest workers on the squad and should see a lot of action this season. Jimmy has been moved from forward to center and seems to be playing with a great deal more confidence. Richard Harrison, a 6'1" senior forward. Richard is showing much more desire to play this season. He is working much harder and has shown great improvement. Richard has a knack for moving inside and scoring from in close.

Greg Cagle, a 5'9" senior guard. Greg is much more confident this season and his shooting has improved greatly. He is a valuable man to have on the squad, not only because of his playing but because of his leadership. Lonnie Hawkins, a 5'8" senior guard. Although this is Lonnie's first season as a basketball player, he has an excellent chance of breaking into the starting lineup. He is very quick and could fit very nicely into the Skins running offense. Lonnie can play either guard or forward.

Ray Simmons, a 6'1" junior center-forward. Ray is a real leaper with a good, smooth shot. He can score well from either inside or outside. Ray is very smooth and has the ability to move inside for the good shot. Even though he is only 6'1", Ray jumps like a 6'5" man. Ricky Alexander, 6'0" junior forward. Ricky is the tallest boy on the squad and has shown great improvement. David is a good shooter with a very soft touch. He is much more aggressive than last year and should see a great deal of action. Ricky Alexander, 6'0" junior forward. Ricky too has shown great improvement. He works hard and could develop into a good basketball player.

Ronnie Lemons, 6'1" junior forward. Ronnie is another boy that can play either forward or guard. He is a good ball handler and has greatly improved his shooting. Bill Collins, 6'2" sophomore center. Bill is a sophomore with good jumping ability. A year's experience should help him develop into a fine ball player.

Lynn Dorsey, 6'0" sophomore center. Lynn is also expecting good things. Coach Hugh Watson and his team have been working long hours trying to put together the winning combination. The girls have a young but experienced club. The six players that started the

District Eleven action have all returned. This squad is composed of three seniors, three juniors, five sophomores, and three freshmen.

Below is a run-down on the Lassie squad:

Diana Dorsey, senior forward. Diana is co-captain of the squad and is being counted on for much of the scoring punch. She is effective both from the outside and in close. She should also provide good leadership.

Jane Shubert, freshman forward. Jane is a girl with great potential as a basketball player. She is a good shooter from outside and can also drive. Could see considerable action this season.

Marilyn Smith, freshman forward. Marilyn is especially

effective as a driver. A year's experience could make a big difference.

Dana Rolan, freshman guard. Dana is a good worker and could develop into a fine defender.

The Loudon boys B-team will also play a full schedule. Their games will be played immediately before the girls games. Members of the B-team are Tim Jones, Dale Amburn, Bill Collins, Rodney Blevins, John Howard, R.L. Brannan, Kendall Harris, Ricky Messamer, Mike Messamer, Gary Harvey, Jerry Mads, Mike Hawn, and Tom Brantley. There is also a chance that a couple of the varsity members will also play

for the B-team.

Below is the complete schedule for the coming season.

Morris Wilson To Start At Hiwassee

The Hiwassee College Tigers will be experiencing a rebuilding year as they head into the 1970-71 season, but their hopes are extremely high and this, combined with good team spirit and ability, should make for a good year. Their opening game will be Thursday, November 12 at the home court against Dyersburg State.

This will be Coach Donnie Jenkins first season with the Tigers. He returned to his Alma Mater in September after an absence of eight years. Coach Jenkins succeeded G. Leffron Bell who posted 200 seasons the past two years - 1968-69 (12-12) and 1969-70 (14-14).

Four lettermen returned for the 1970-71 season: Bill Hodson, 6'1", 185 pound sophomore forward from Knoxville; and Randall McIntosh, 6'4", 215 pound sophomore forward from Dyersburg. He will be co-captain of the Tigers this season.

Eight freshmen who on the roster this season. All are experienced and will show plenty of playing time.

B&G Morris Wilson, 6'3", 180 pound freshman from Loudon, averaged 22 points per game at Loudon High. He will probably be a starter on this year's team.

B&G There will be eleven games played on the Tigers home court this season. Season tickets are now available through the area civic clubs, local merchants, and the B&G Hiwassee College Athletic Department for \$10 each.

MODERN DRUGS
CONTEMPORARY USE
ILLEGAL ABUSE
by Lester Avenet Pharmacist

Anytime we have marijuana in our possession, whether we smoke it or not, we are breaking the law.

Young people would do well to consider and the many other risks involved before even considering using marijuana or ANY illegal drug. If arrested and convicted, it is a felony and that penalty will appear permanently on what otherwise might be a perfect score card.

Conviction of such a charge can have far reaching effects concerning the individual's career.

Many professions and certain responsible industries will "turn you off" at the first indication of drug abuse on your record and some states may even refuse or restrict your driver's license privileges.

Postmaster Gives Tips On Mailing For Christmas

Postmaster Ed Marrs today listed six tips on how residents of Loudon can help meet tight Christmas budgets this year by careful mailing of cards and parcels.
For the most efficient mailing, Mr. Marrs suggested the following steps:
1. For service men overseas ("SAM" Space Available Mail) Christmas parcels can be sent until NOVEMBER 20 for only the small domestic parcel post charge involved from Loudon to East or West Coast points of embarkation for military mail. Parcels up to 5 pounds and 60 inches in combined length and girth are

accepted at this low rate.
2. Larger parcels (up to 30 pounds with the same length and girth limitations) can be sent as "PAL" (Parcel Airlift) mail, provided they are mailed by NOVEMBER 27. The charge is only \$1 per parcel, plus the regular domestic parcel post postage—much less than charges that would apply later if straight airmail service must be provided.
3. For all packaging, invest in good quality, sturdy wrapping material. This small investment can help insure undamaged delivery of valuable gifts and prevent delays which might result if rewrapping were required in transit.
4. Insure parcels rationally to cover full value but do not overinsure. A \$10 gift, for example, can bring

only \$10 compensation, if lost, even if "insured" for \$100.
5. Get plenty of stamps on your first trip to the post office to avoid the time and expense of additional trips.
6. Use ZIP Code as a tool for economy in mailing. When it is used consistently on parcels and cards, ZIP Code helps prevent errors in delivery and expedites handling. If only a few Christmas cards go astray, an investment of several dollars may be lost, for example.
"The key to efficient Christmas mailing," Mr. Marrs commented, "is to mail early and carefully. Clear addressing, with ZIP Codes, proper packaging and early depositing can prevent most problems and provide the greatest value for money spent for postage."

Young Promoted

Petty Officer Third Class J.V. Young, son of Mrs. Nora L. Young, Rt. 1, Philadelphia, has been promoted to his present rank through the August Navy-wide advance exam. He is stationed at Pax River, Md., V.P. submarine, "Warfare" Squadron.

Graves Promoted

Donny R. Graves, son of W.C. Graves Jr., Route 2, Lenoir City, recently was promoted to Army Specialist Four while serving with the 1st Armored Division at Ft. Hood, Tex.
Spec. 4 Graves, a cook with the company E of the Division's 16th Engineer Battalion, entered the Army in January 1970.

WEBSTER'S REFERENCE TO SPORTS

By JOE WEBSTER
Putting one little word after another and do you watch "The George Blanda Show" every Sunday afternoon?
Daryl LaMonica, the regular Oakland quarterback, does nothing for me. But, brother, that George Blanda is sumptin' else. I saw him in Knoxville about 1946 when he played quarterback for Kentucky. Now he's 43 years old. But Kansas City and Cleveland players will probably insist that he's only 25. He really looked young against these two clubs in back to back miracle performances. Blanda tied Kansas City with a 43 yard field goal and only 3 seconds on the clock. Then, after some brilliant quarterbacking, he beat Cleveland with a 52 yard field goal and only 3 seconds on the clock. Pretty fair for a 43 year old quarterback isn't it?
And how about the Saint's Tom Dempsey? A 63 yard field goal!! Shazam!!!

Tennessee's visit to Strom Thurmond country almost turned into a disaster for the 8th ranked Volunteers. The parlay sheets had Tennessee favored over the Gamecocks by 17 points, but apparently the men of Paul Dietzel failed to read the point spread.
But the Vols are like that. When they're heavily favored over an opponent, look out, they might get beat. They do much better when they're the underdog.

Here's the way the bowl picture looks to me — ROSE BOWL — Stanford versus Ohio State; COTTON BOWL — Texas or Arkansas versus Notre Dame; SUGAR BOWL — Tennessee or Auburn versus Nebraska; ORANGE BOWL — L.S.U. or Ole Miss versus Texas or Arkansas — How's that lineup strike you?
Furman Bisher, Atlanta sports writer, said that Notre Dame was headed for the Orange Bowl. And they may be. But a Texas-Notre Dame rematch would be a national headliner. I'm figuring on Texas whipping Arkansas in their December 5th battle.

In high school football, the big game this week is Maryville versus Rockwood. Maryville hasn't lost and Rockwood has been defeated only once. The game will be played at Rockwood.

It isn't long till college basketball begins. Are you ready for those fantastic Kentucky Wildcats? Goodnight everybody.

Thomas In Germany

Army Private Patrick G. Thomas, 21, whose wife, Judy, lives in Lenoir City, was among the 11,000 troops of the 1st Infantry Division, who left Ft. Riley, Kan., Oct. 4, to be assigned to Germany to participate in exercise Reforger 11.

The Big Red One soldiers departed from Fort Benning, Ga., for West German airfields, Rhein Main, Ramstein, or Echternang.

A few hours later, the troops picked up weapons, tanks and armored personnel carriers, which had been prepositioned in Europe. They departed to the exercise site near the Czechoslovakian border.

During the five-day training exercise, the Division opposed aggressor forces from the 3rd Infantry Division, regularly stationed in Germany, and the German 35th Panzer Grenadier Brigade.

Reforger 11 was designed to test U. S. Army deployment from state-side bases in defending Western Europe with NATO forces. A similar exercise, Reforger 1, was held in Germany in January 1969.

Away From Office Dr. Sam Turns Attention To Family, Horses, Cattle

EDITORS NOTE: This is the first of a series of articles about the professional and the off duty lives of members of the medical profession in Loudon County. In weeks to come we hope to feature articles on all doctors in Loudon County.

Kim Willis, daughter of Mr. and Mrs. Glen Willis of Loudon celebrated her second birthday Nov. 2. Her brother, Kay, will celebrate his fifth birthday on Dec. 30. Grandparents are Mr. and Mrs. Paul Berry of Georgia and Mr. and Mrs. Anthea Willis of Michigan. Great grandparents are Mr. and Mrs. Jim Berry of Loudon.

by Calvin Lunsford

With a work schedule that many times will not balance out with the hours of the day, combined with the hours of the night, sickness or accidents don't occur on an eight to five basis. "Will someone please call the doctor" is a phrase familiar to most people and in accordance with the Hippocratic Oath of the profession, the doctor arrives on the scene.

A man well known to Loudon residents, Dr. Sam Harrison, is well aware of the above mentioned things, they have been a part of his family's way of life for over 150 years. Dr. Sam as he is best known, is a native son of Loudon, a graduate of Loudon High School, and U.T. School of Medicine.

Someone in the Harrison family has been a member of the medical profession in Loudon county for over 150 years. The first Harrison settled in what we now know as Loudon County around

1812. They settled in the bend of the river which is commonly known as Harrison Bend. Doctor Sam said that possibly he was as proud of the fact that they were dirt farmers as he was of the fact that they were members of the medical profession.

We asked Dr. Sam if the fact that many of his relatives including his grandfather, the late Dr. Will Harrison, and his father, the late Dr. Arthur P. Harrison had a bearing on his decision to enter the medical field. His answer was no. It really wasn't my reason for choosing this field. It was the culmination of many things, possibly if it had been entirely a decision based on what I would have liked most to have chosen as my life work, I would without a doubt have chosen to be a farmer. I love the outdoors and the soil. This is possibly the most important part of choosing to do the things I do with my limited free time.

Dr. Samuel A. Harrison is the 11th Harrison doctor to follow this family profession, who's philosophy concerning his role as a medical doctor and surgeon is that, although it has it's share of heartaches and varied hours, I have accepted this and feel that my work has it's good and bad points. Although I gave up the opportunity to specialize in bone surgery, a field in which I specialized as an Army medical officer during the Korean War, I am extremely happy that I made the decision to return to Loudon to practice, and to have the opportunity to practice with my father until his death. The people of Loudon and my profession have been good to me.

Dr. Sam is a man with three loves, his family, his profession, and the breeding showing, and development of interest in Arabian horses. Dr. Sam stated that as long as he could remember he

DR. SAM AS DR. SAM—Dr. Samuel Harrison is caught by the photographer in a relaxing moment at his office in the Loudon Clinic. Dr. Sam is the 14th in his family to practice medicine.

had loved horses, but only in recent years had become interested in Arabian stock. At this point in our interview, Mrs. Harrison broke into the conversation to state that one day Dr. Sam came and said, "I am in love with a horse", and from that time on Dr. Sam and his family have seen the historic Arabian horse become a very important part of their lives.

Dr. Sam said his interest became aroused in this special breed of horses for several reasons, the horses keen mental ability, it's strong health and endurance as well as it's magnificent beauty. The Arabian horse is possibly the oldest breed recorded in history, dating back over two thousand years, and with strict blood lines maintained across this vast span of time. Many are the stories over the years that have come out of the camps of the Arabs who live in the Arabian desert, and who considers the Arabian horse they might

own as a family member and share their homes with their highly prized horses. Dr. Sam stated that quite possibly many of the stories told about the Arabian horse, which played an important military role were possibly fictitious, but the one he liked very much was the prominent Asian ruler, who did not give them water for two weeks, close by was a lake, after the two weeks, he opened the gate so they could get to the water. As they rushed to the water, a battle call was sounded on the trumpets and six of the horses, though on the verge of death from lack of water, turned to answer by battle call. Legend has it that these were the Arabian horses chosen to start this special breed.

The Harrison's have in the past seven years, won many ribbons and trophies in local shows, as well as awards won

DR. SAM'S HOBBY is raising and riding horses, mainly Arabian horses. Here he is shown on an Arabian gelding, Berk Ham, at the Stone Mountain Arabian Horse Show in Atlanta.

DR. SAM THE CATTLEMAN—Dr. Harrison is shown at one of his farms with his prized Champion Polled Hereford bull. The bull was named state champion in 1967.

DR. SAM THE ARABIAN—In his best Arabian costume, Dr. Sam is shown picking up one of the hundreds of ribbons he has won in horse show competition. This one is a first place in the Arabian Costume Class at a show in Hickory, North Carolina.

at shows in Columbia, S.C., Atlanta, Birmingham, Knoxville, Chattanooga, and other areas. They have had the honor of winning the Arabian Championship Award in East Tennessee Horse Show Association.

Dr. Sam helped to get the first Arabian horse sale in the South, which was conducted at the Harrison farm in Loudon, and the sale was such a success that another is being planned for the near future.

Dr. Sam stated that they were primarily interested in breeding Arabian horses and promoting them in the South, and would continue to show Arabian in this area. He stated that he valued his brood mare at \$5,000. Aside from the love that Dr. Sam possesses for Arabian horses, possibly the next animal on the list would be a French poodle named Louis, who is Dr. Sam's constant companion at home and on the farm.

Dr. Sam said in his closing remarks to this writer, "I think Loudon and it's surrounding area is the greatest place on the earth, and I pass on to my children, the fact that they might not realize it now, but later in life they would grow to appreciate the opportunity of living in this wonderful place."

Local Government Costs Increase \$20 Per Capita

(Continued from Page 1) figures. They show that the total tax load in 1969 was \$84 billion, or 155 percent more than it was 10 years ago.

In Loudon County, in the past year, the state-local tax burden came to approximately \$5,497,000. The financial needs of local governments are being relentlessly as the payroll for public employees and the cost of materials, equipment, services and capital improvements continue to expand in line with price rises in other areas of the economy.

In some communities, the amount spent for local government operations is adequately covered by their revenues. In many others, however, it has been necessary to go deeper into debt financing.

Series To Explain Tax Exemptions

(This is the first of a series of three (3) articles on Personal Exemptions and Dependents prepared by the local Internal Revenue Service Office.)

The amount of a personal exemption is designated as a matter of law in Section 151 of the Internal Revenue Code. In spite of popular belief, the amount of deduction allowed has no relation to the cost of living. Congress has, from time to time, changed the amount of personal exemption. For years prior to 1970, the amount was \$600. For 1970, the amount is \$425, and the amount will increase each year until \$750 is reached in 1973, where it will remain until changed again by the Congress.

Exemptions are deductions which are deductible on your Federal tax return in the same amount as dependency deductions, but they are based on conditions other than support and relationship factors such as govern dependency deductions.

THE BLIND EXEMPTION
An additional exemption is allowed on a Federal tax return for a taxpayer who is blind. To qualify for this exemption, the central visual acuity must not exceed 20/200 in the better eye with corrective lenses, or the visual field must be no greater than 20 degrees.

If you are totally blind, you should attach a statement to your return from a qualified physician or registered optometrist stating that your vision is no greater than that stated above.

THE AGE 65 EXEMPTION
A taxpayer who is a U.S.

citizen or resident who was 65 or older on the last day of the year may claim an additional exemption for age. It is important to note that you are considered to be 65 on the day before your birthday; hence, those who become 65 on January 1 may claim the additional exemption for the preceding year.

LIMITATIONS
The additional exemptions for blindness and age are allowed only on the return of the person involved. You may not claim the age and blindness for a dependent. However, the additional exemptions may be claimed for your spouse if a joint return is filed.

EXCEPTIONS
If you had income from U.S. possessions and elect to treat it as exempt income, you are allowed only one personal exemption. You may not claim exemptions for your spouse or dependents, or for age or blindness.

EXEMPTION FOR YOUR SPOUSE
Your spouse is not considered to be your dependent for income tax purposes. For this reason, you may not receive an exemption for your spouse who has income subject to tax, regardless of the amount, unless a joint return is filed. If your wife (or husband) received any taxable income

during the year, all the income—and withholding credits of both must be listed on a return, signed by both, in order to receive credit for both exemptions. The only alternative is to file separate returns, each claiming his own exemption. In certain instances, the total tax may be less if separate returns are filed. This occurs where there are large medical expenses which must be reduced by 3% of adjusted gross income to arrive at the net medical deduction. In this case, the reduction in the amount applied against your medical expense, may be more beneficial than claiming your spouse's exemption on a joint return.

Karen Denise Thompson celebrated her first birthday Oct. 15. Her sister, Annette Sue celebrated her second birthday on Nov. 10. Their grandparents are Mr. and Mrs. Lester Cross, Rt. 2, Loudon, and Mr. and Mrs. Ambrose Thompson of Rt. 1, Greenback.

Your County In Action

BY
Harvey L. Sproul
LOUDON COUNTY JUDGE

Responsibility, then the fulfilling of that responsibility by being active is very important.

Frequently we get surprised, however, by the number of people who do things and participate in activities that we are not even aware of.

One such activity of which I have recently become aware, and I know that it is happening all over the County with the participation of many parents and interested persons, is the "Little League" activities.

My son, Dan, was a member of the Lenoir City Grasscutters "Jets" composed, I believe, of 9 and 10 year olds.

This team did not win a game all year, but this did not seem to dampen their enthusiasm or their willingness to learn to play.

Last Saturday night they had a banquet at the Kingston Pike Baptist Church with Mr. and Mrs. Goodwin, and Dan Nowlin in charge, which to me seemed to be a fine tribute and was thoroughly enjoyed by the boys and the parents.

In other words, in this particular instance, the question was not winning (although in some cases this should be emphasized, we all know) but the feeling of the parents and boys that it was an activity which the boys could participate in.

FIVE GENERATIONS—At a recent family gathering this photo of five generations was taken. Left to right are Mrs. Marion Lowry, great grandmother; Mrs. Mandy Cooper, great-great grandmother; Mr. Richard Martin, mother of Pam Martin, who is sitting on the lap of grandmother, Mrs. George Padgett.

and learn something about football and have a good time. James Huffman, John McNabb, and Robert Liles, and the director of the entire program in Lenoir City, Elmer McConkey, all did a good job as the coaches for this team.

I was not particularly knowledgeable about what all was going on in Little League activities until my son became involved, but here is another place where many people have given a substantial amount of time on behalf of this recreational activity.

BACK IN THE

GOOD OLD DAYS

by Calvin Lunsford

The place in Loudon that is most likely to re-create good old days memories is the section of town we refer to as downtown Loudon. An area that has undergone many changes, but in many respects still remains basically the same. Just plain downtown Loudon. We don't mean this to sound as though

as it is in the picture, and as it still is today. This picture was made when Doc Riggs of LaFollete owned the drug store, now the location of South Drug Store. Also in the picture is some other old business places which operated in this section of Loudon.

The Arp and White Grocery, formerly Harry McKennie and before that it was the location of Kipers Drug Store. The Anderson Insurance Agency was located in this part of town, as was the Delapp Grocery Store and many, many memories of other business places.

This picture was possibly made on a very sunny day, as you will notice how the people on the street are seeking the shelter of the store awnings. We can only identify two of the men standing on the street. They are on the right side of the highway, near the location at

that time of Thomas Hill Store and now Tic Too Jewellers. The man next to the highway is Jim Jacobs and talking to him is Ernest Miller. We wish we could identify some of the others, but we can't make them out. Our many thanks to Mrs. Minnie Dexter for the loan of this interesting picture.

Another picture we are using is the old "country boy" Joe Mills, who has supplied the good old days with several interesting pictures. This picture was made in 1926. We are not trying to give your age away Joe, but that was 44 years ago, and the old country boy would probably agree that time surely flies.

As we have said many times before, our readers always enjoy pictures of old cars. Some of which our

younger readers never heard of, but to most of us who are guilty of using the phrase, "I remember when," are likely to remember cars by the name of Oakland, Reo, Chandler, Bescon, Wuppel, Durant, Star, Flint, Willy's Knight, and Rockne. These old cars have operated on Loudon streets during many years, but our reason for talking about old cars is to see if you can name the one in this picture that we are using this week. We have an idea as to what make of car this old touring car is, but we'll wait and see how many of our readers will give us a call and offer identification for it. So let us here from you.

The other day we received a letter from a Mr. Davis of Gallatin, Tenn. and he was telling us that in years past he had some close relatives living in and around Loudon. He requested that the good old days effort help him in locating his missing relatives.

He lived out of state for many years and lost track of his people. He mentioned a close relationship to the Davis family who used to live in the Davis Ferry House, Anyone who can help him, or who has information, we will either pass it on to him, or give anyone desiring it, his address.

Legion Helps Schools Mark Armistice Day

The Loudon Post 120 of the American Legion helped the county schools to observe Armistice Day by presenting the schools with copies of the American Creed for their bulletin boards and by furnishing copies of a suggested address for the speakers. The text of the address was prepared by a member of the American

Legion and was entitled "A Comparison of Creeds" in it the ideals of the American Creed are compared with those of the communist countries. Veterans also served as speakers in some of the schools.

The schools and those in charge of the programs were as follows: Loudon High School, H.M. Adams, Junior High, Edward Headlee, Loudon Elementary, H.M. Adams, Steekee, Jimmie Hodge, Philadelphia, James Fields, Davis, Mrs. Marie White, Browder, Mrs. Pauline Davis, Highland Park, William Blair, Eaton, H.M. Adams,

Glendale, James Fritz and Greenback, Rev. Gillander. While everyone is familiar with the Pledge of Allegiance, many are not familiar with the American Creed. During World War I, Congress offered a prize for the best creed suggested. It was won by William Tyler Page, who was Clerk of the House of Representatives, and is as follows:

"I believe in the United States of America as a Government of the people, by the people, for the people, whose just powers are derived from the consent of the governed; a democracy in a republic; a sovereign Nation of many sovereign States, a perfect union, one and inseparable, established on those principles of freedom, justice, equality and humanity for which American patriots have sacrificed their lives and their fortunes.

I therefore believe it is my duty to my country to love it, to support its constitution, to obey its laws, to respect its flag, and to defend it against all enemies."

October Wettest Since 1949

Last month was the Tennessee Valley's wettest October since 1949. TVA reports, with rainfall across the region averaging 5.3 inches. Normal October rainfall is only half that amount, and October normally is the driest month of the year.

The heavy rainfall slowed the autumn draw-down of water levels in TVA's tributary lakes, which already were lower than normal because of poor streamflows and heavy power demands in previous months. Water levels actually increased during the month by 9 feet at Douglas Lake, 6 feet at Nolichucky, and 5 feet at Chatuge. Other tributary lakes generally dropped by smaller amounts. TVA also was able to cut back its use of hydroelectric generation in October, with power demands down during mild weather and with power purchases from other systems. As a result, the overall October draw-down of tributary lakes was the third smallest in 30 years.

HAPPY BIRTHDAY LIONS-

Today the Loudon Lions Club is 35 years old. For most of us who are senior within that age bracket or have not lived in Loudon so many years the Lions are taken for granted. The Loudon Lions Club is not a typical Lions Club, but according to every state and national Lion officer we have ever come in contact with the Loudon Lions Club is one of the best.

The present Lions Club is the second Lions organization ever in Loudon. An old copy of the Herald printed in 1926 showed that a Lions Club was active here then and played a major role in promoting the incorporation of the City of Loudon.

Since the present club was chartered in 1935 some \$90,000 has been raised for projects of the club. These projects cover a wide range of subjects, but the principal project has been sight conservation and the Lions Clubs are probably the largest single contributor to programs in saving and restoring eyesight in the nation, and certainly the Loudon Lions have done their part. To the Lions we say -- "Happy Birthday."

Special Section Honors Lions Club

Thursday, November 19, the Loudon Lions Club will mark the 35th Anniversary of its service to the Loudon area. The Lions will hold their annual Ladies Night Banquet at 7 p.m. Thursday at the VFW home to celebrate the occasion.

Lion President "King Lion" Ben Surratt said that the Loudon Lions Club was founded on Nov. 19, 1935 and throughout its 35 year history has raised some \$90,000 for civic projects in the Loudon area. Of the 59 members now in the club, three are charter members. They are A. C. Dukes, W. V. Kirkland and Dr. J. R. Watkins.

A special six page section of the Herald this week is dedicated to the Lions Club and recaps much of their history.

Court Approves School Program, Establishes Public Utility Board

Loudon County Court, in a special adjourned session last Thursday morning, voted to approve school construction plans of the Loudon County Board of Education, up to a limit of \$500,000, and, in other action, to establish a Loudon County Board of Public Utilities to join with Monroe County in providing water and other services to parts of the county.

The school construction program is in accordance with previous discussion by County Court, which indicated approval for construction of Highland Park, East Crossroads, and Steekee schools, but limited proposed building at Loudon Junior High School.

At Highland Park, a new gymnasium is planned, along with a new cafeteria and rest rooms.

At East Crossroads, four new classrooms, two restrooms, including two larger kindergarten rooms, will be built and improvement is planned in the sewage disposal system.

At Steekee, construction of a gymnasium is included in the construction project.

The motion for approval was by Squire Henry Foster, who specified that total cost should be limited to the \$500,000 bond issue already approved by County Court, but to be repaid by a pledge of anticipated receipts from State capital outlay funds.

The increase in the tax rate is involved, Squire R. F. Hamilton seconded the motion.

Planner Bob Freeman of the East Tennessee State Development District, made a presentation on the proposal to establish the Loudon County Board of Public Utilities. He showed a map which outlined a project to provide water to the Greenback and Vonore areas from a water plant on the Little Tennessee River at Vonore.

The three-member Loudon County Board of Public Utilities would join with a similar board from Monroe County, already appointed, to form a "Toll-free Area Services System," to begin development of the utility system.

Names to the Loudon County Board as part of the action approved the proposal were R. B. Wood, general manager of the Loudon Electric Industries, for a three-year term; Don McMurtry, Loudon City Attorney, for a two-year term; and W. V. Kirkland, of Loudon, Chairman of the Board of the Charles H. Bacon Co., for a one-year term.

The motion for approval was from Squire Curtis Williams, seconded by Squire James W. Harstock.

During the discussion, Mr. Freeman went into the history of the efforts of the Loudon Utility District to develop a water system for the Greenback area. Because of the long time involved since the establishment of the Loudon Utility District organization, first formed in 1955, he expressed the opinion that the Loudon Utility District "could not get

Banquet Thursday To Mark Lions Club 35th Anniversary

Members of the Loudon Lions Club, which was chartered on November 19, 1935, will mark their 35th anniversary and embark on their way to the half-century celebration at 7 p.m. Thursday, Nov. 19 at the Loudon Veterans of Foreign Wars home on Highland Avenue in Loudon.

The Loudon Lions are the oldest club in District 12-N of Lions International.

Besides the review of the accomplishments of the 35 year history of the club, the members will honor their queen, including the selection of the Loudon Lioness Club Queen for 1970-71. Entertainment during the program will be provided by the Merry-makers, a local singing group. Former President A. C. Dukes will be master of ceremonies for the banquet. Ben Surratt is Principal speaker at the

Clerks Win Pay Hikes For Help In Suit Against County

Chancellor A.G. Shumate last week ruled on the pay of clerks employed by Loudon County officials to establish salaries for clerk assistants.

Allowed were: For Trustee J.V. (Slim) Schramm, two full time assistants at \$275 per month plus \$2400 annual part-time help. Until now the County Court Clerk has been authorized full-time clerks at \$300 per month, plus \$1800 per year part time help. Mr. Alexander had asked for salaries for a Chief Deputy Clerk at \$415 per month and an assistant at \$385 per month, plus \$2400 per year part-time help.

Loudon May Host Grid Title Game

Loudon may be the site of the State TSSAA Class AA Championship Football game. Officials at Loudon High School were notified this week that Duke Field would host the site of the Championship game if Maryville High and Cleveland High both won their respective playoff games. Both are favored.

Last year, the AA Championship was played in Loudon on Thanksgiving weekend with the Loudon Redskins defeating Humboldt for the State Championship. Maryville the Region 3 Champions and Cleveland replacing Loudon as Region II Champs, both defeated the Redskins in regular season play.

It is understood that Loudon is one of the favored sites of the Championship game due to the way the community responded to the task of hosting such an event last year and due to the high interest in football in the area.

Cuts In School Building Program To Delay Planned Consolidation, Dukes Says

Having to cut back on the proposed construction program in county schools will delay for several years a plan to reduce the number of county operated schools from the present 11 to eight, Superintendent A. C. Dukes said this week.

Last week County Court presented to the County Board of Education \$900,000 to be used for additions to several county schools. A few days earlier the county sold the half million dollars of bonds for interest rate of 6 1/2 percent. The money will be repaid by county school capital outlay funds and will not add to the property tax burden.

From the original program proposed by the school board the Loudon Junior High proposed a gymnasium, auditorium, four classrooms and two restrooms was deleted from the program and six classrooms planned at Steekee School were dropped.

Post Charrette Meetings Underway

The Little Tennessee Valley Charrette "will continue" at least that was the majority opinion expressed by citizens, school superintendents and educational consultants at a post-charrette meeting held at Loudon High School last week.

The charrette, which is an "educational workshop," was held in mid-October in Blount, Loudon and Monroe counties.

District To Be In Loudon

A meeting of District basketball coaches was held Monday morning at Kingston, Loudon High School was selected as the site for the 1971 tournament.

The coaches agreed to rotate the district meet, starting with Loudon, followed by Lenoir City and Kingston. The meet was held at Kingston last year.

15 Girls Seek Loudon County Junior Miss Title

Fifteen young ladies, all high school seniors from Loudon, Lenoir City and Greenback will compete for the title of Loudon County Junior Miss 1970-71 in a pageant sponsored by the Lenoir City and Loudon Jayettes. The girls all from 16 to 18 years of age will be judged on a beauty, personality, poise and talent in a pageant at 8 p.m., Saturday, November 28.

JUNIOR MISS CONTESTANTS--Fourteen of the 15 contestants for the title of Loudon County Junior Miss, to be selected at a pageant on Nov. 28, are shown at a Coke Party here by the sponsors, the Loudon and Lenoir City Jayettes, last Sunday. The girls are (left to right) Pat Branum, Carol Sowards, Brenda Luttrell, Janet McKinney and Janice Hughes.

Wilson-Moore Nuptials Pledged In Ceremony

Miss Cris Moore and Billy Wilson were married Saturday, Oct. 24, at 7 p.m. at the home of the brides aunt, Mrs. Mae Cox, and the late Mr. John W. Cox, on Cedar St., Loudon.

The bride is the daughter of Mr. and Mrs. Howard Moore and the granddaughter of Mr. and Mrs. James Crisman, and Mrs. and Mrs. Jack Wilson and the late Susan Wilson of Loudon.

The Rev. Horace Brown brother in law of Mr. Wilson, performed the double ring ceremony before an arch of joy and prayer altar, traditional with white flowers decorated the Cox home.

The bride wore a chastity lace dress. Her veil was of illusion held in place by large white satin pompons. Her attire was completed by something old, borrowed, new and blue garter. The brides bouquet was mounted on white Bible consisting of verses, and tube roses.

Honor attendants were Miss Pam Moore sister of the bride, her dress was blue and her flowers were gold. Mr. Wilsons best man was Mr. Frank Eldridge, also brother in law. Those attending the wedding were relatives and close friends.

Following the wedding a reception was held. The traditional green and white color scheme was carried out. Those assisting at the reception table were, Mrs. Vic Stockton, Mrs. Mae Cox, and Mrs. James Stewart. The brides book was kept by Miss Sarah Stewart. After a short wedding trip to Gallinburg the couple is residing on Webb Ave. in Loudon.

The couple was showered with many lovely gifts at the home of the bride's mother, Danley Rd., Loudon.

The bride's attendant was Lorene Musick and Paul Rice served as best man.

Mr. and Mrs. James Norris To Reside in Port Clinton

Miss Labbie Barnard and Mr. James Norris were united in marriage Saturday, Oct. 31 in Sandusky, Ohio with the Rev. James Perkins performing the ceremony.

The couple will make their home in Port Clinton, Ohio.

Mrs. Norris is the daughter of Mr. and Mrs. Glen Barnard of Port Clinton, Ohio and Mr. Norris is the son of Dorothy Morris of Loudon and Becher's Morris of Sweetwater.

The couple will make their home in Port Clinton, Ohio.

Lantern, Highly Decorated In World War II, Enjoys Painting, Classical Music, Teaching Bible

by Calvin Insford
As we go about our daily lives in our busy twentieth century world, it is quite easy for us to overlook in unappreciation someone who in their possibly limited way are

LIKES TO READ-LISTEN TO CLASSICAL MUSIC—Leonard Lantern relaxes with one of many books from his varied library and listens to a selection from his volumes of classical music.

trying to make a contribution to their fellowman. Our case, in point, is Leonard Lantern, a veteran of many years service in the U.S. Army, during which time he served in the following four major battles: Normandy, Northern France, Rhineland, and Central Europe as well as the Korean conflict. During his years of military service, he received the Bronze Star, Meritorious Unit Emblem, American Campaign Medal, European-African-Middle Eastern Campaign Medal with three Bronze Stars, Army of Occupation Medal, Korean Service Medal with three Bronze Stars, National Defense Medal, Combat Infantryman, Badge, United Nations Service Medal, Republic of Korea Presidential Citation and the World War II Victory Medal.

Possibly, one would draw the conclusion that Leonard Lantern, now a disabled Veteran, would be a hard and bitter man, but not so. His bit of philosophy concerning this, "Forget yesterday, it's already past, do as much as you can today, and ignore tomorrow, for no one can foretell and future."

Possibly to say that Leonard Lantern lives alone would be untrue. The fact is, he alone occupies his modern trailer home on Main Street in Loudon, but his friendliness and outgoing personality coupled with a love for people make him a part of many people's lives. The limited spare time of

ONE OF MANY HOBBIES—Leonard Lantern proudly displays some of his many canvases painted over the past months.

This man who works the evening shift at Loudon's Marmont plant, is spent in several endeavors. The one not mentioned by him but most impressive to this writer was his ability to paint. With no training, he has developed very talented skills in oil painting, and his neat mobile home has many of his paintings adorning the walls. The subjects he chooses to paint fall into two categories. One of which is nature scenes that show tremendous talent, and the other is religious paintings, possibly inspired by the fact that he has strong religious beliefs, which is best pointed out by the fact that, for a period of five years, he conducted Sunday School services each Sunday at the county jail. We asked what he learned from this unique experience in trying to teach

Club Program On Home Decorating

The Loudon Women's Club held their regular monthly meeting on Thursday, Nov. 12 in the home furnishings department of Greer's.

Hostesses were Mrs. Gean Cardwell, Mrs. Susan Coffman and Mrs. Billie Savage.

Time reading and re-reading it. He stated that this was his inspiration of life.

During his military career, he did extensive traveling in England, Germany, France, Italy, Japan and Korea, but he is quick to tell you that in all of his travels he has yet to find a place like Loudon. A place where people still have feeling for each other and enjoy being able to help each other.

Leonard, who was born on Steeple Street in Loudon on July 15, 1920, the son of a commercial fisherman, is very proud of his hometown and its people.

He is a 32nd Degree Mason, a devoted church worker and member of the Disabled Veterans Organization.

It is not likely that any of the many beautiful paintings of this man will hang in famous gallery or will his bit of unique philosophy be recorded in the annals of history, but his desire to make a contribution to those around him will be remembered long after he has departed this early to a better world.

Mrs. Hall Summers member of Greer's Interior Decorating Department gave a very interesting and informative program on interior decorating. After the program the women were invited to tour Greer's furniture gallery.

Two gifts furnished by Mrs. June Custead were awarded as door prizes to Mrs. Ann Randle and Mrs. Hilda Carnes.

The next meeting of the Women's Club, which will be their Christmas meeting will be held Dec. 10 at Mrs. Ann Randle's home with a covered dinner being served.

WOMANS CLUB HOSTESSES—Hostesses for the November meeting of the Loudon Women's Club held at Greer's last Thursday night were (left to right) Mrs. Jim Cardwell, Mrs. Mike Coffman and Mrs. James Savage.

HOME DECORATING—Mrs. Hall Summers, an interior decorator for Greer's, is shown presenting a program on home decorating to the Loudon Women's Club at their meeting last Thursday night.

WEBSTER'S REFERENCE TO SPORTS

By JOE WEBSTER

Putting one little word after another and whatever became of sandlot football? Well, it's still around, but not to the degree it used to be. It's been replaced by organized "Pee Wee" football and these young kids don't exactly play like little babies.

Will Mr. Buster Custead enter and sign in please? Custead, a former Redskin and Loudon High School graduate of 1957, has a deep and abiding love for the gridiron. So, in order to calm his "Football Devotion," he plunged himself headlong into "Pee Wee" football.

CUSTEAD

It was Custead and the cool, calculating Charlie Helms working together as coaches in 1964 Helms, an ardent supporter of the Redskins, has long since retired from coaching. But Custead is still at it and will be till Judgement Day. (Yes, he'll practice, if possible, a half a day Judgement Day).

The Loudon Quarterback Club, of which Custead is a member, finances the "Pee Wee" program and it costs a bundle. Custead toiled me that it takes about \$3,000.00 a year to operate the program with about 90 percent of the money going for uniforms and equipment. The Loudon Pee Wee's are the best dressed and best equipped in East Tennessee and possibly in the state.

Quarterback Club members receive nothing for their work, all their time is donated free of charge. Club members are progressive and they get things done. And that's an understatement.

As for Custead, this was his 7th season as the "Indians" coach. This is the 13 year old group with a 105 pound limit on weight. Custead is ably assisted by Butch Early and also received coaching help from Gordon Watson, Jackie Lefler, Wayne Poole, and Dickie Blankenship.

In his 7 seasons as the Indian's coach, Custead's record is a terrific 67-14 with ties thrown out. That averages out to about 9 and 2 per season or 90% in wins.

This 1970 Indian squad finished at 10-2 and 1 which surprised everybody except the always optimistic Custead. The 1970 Indians were expected to win two or three games as only five players were returning from the 1969 team.

The Indians scored over 400 points to the opposition's 88 and they're the only team in the Volunteer Conference that uses the highly complicated triple-option offense, which includes 60 different plays.

Custead is a great lover of wide-open razzle-dazzle football with end arounds, triple-reverses, spreads, and all the original Georgia Tech magic of go-go-football. Custead has no love,

LONG

BROOKSHIRE

SWINET

COLVIN

whatsoever, for the theory of "Three yards and a Cloud of Dust." Sorry about that, Woody Hayes. Let's take a look at some of these 1970 Indians: Quarterback - Dennis Queen - Very strong boy, passed for 17 touchdowns and 18 extra points, used size and strength to good advantage by playing linebacker on defense, personally scored 6 touchdowns and 12 extra points, had over 2000 yards total offense, ran complex triple option offense with steady, efficient, play.

Right Halfback - Porky Campbell - Very dangerous runner, a constant long-distance threat, scored 18 touchdowns - Very quick boy who plays excellent pass defense - Has the natural talent to become outstanding broken field runner. Porky has another year to play with the Indians.

Fullback - Buddy Swinney - The team leader - Very versatile, has played several different positions in his three years with the Indians - Has great desire and fine attitude - Best defensive player on squad with ability to make the big play - Also an excellent blocker.

Left Halfback - Jimmie Long - Probably best all around player on squad. Scored 72 points and played Monster Man on defense - Very dependable performer - End - Dickie Colvin - This boy has great potential - Outstanding pass receiver - Has strength and is good blocker - May play fullback in 1971.

Half-Back Mike McCall - A tough competitor, likes to hit hard on defense - Very easy to coach - Responds well to instructions - Runs the ball well in heavy traffic.

Tackle - Mike Brookshire - The Indian's best lineman - An excellent blocker with good speed - Very adept at leading interference for running backs - Very strong boy who plays tough defensively.

Center - Ronnie Roberts - Has been starting center for Indians for three years - Very steady and dependable - Good downfield blocker with excellent attitude and strong determination - Very easy to coach.

Of these eight boys, only Porky Campbell and Dickie Colvin will return to Custead and the Indians for the 1971 season. The other will move up to the Junior Redskins.

So Custead will build again in 1971. How will he do it? Well, he'll just add a little more razzle-dazzle here and there and the Indians will be off and running, land passing, and triple-reversing.

Goodnight everybody.

Redskin Lads Start Hoop Season With 70-39 Victory, Girls Drop Two

The Loudon Redskins have started the 1970-71 basketball season in fine style. They traveled to Spring City Friday night and completely overwhelped the Bulldogs by the score of 70-39. The Loudon Lassies, however, were not as fortunate. In a game that saw

the lead change hands several times, the Lassies lost a real heartbreaker by the score of 48-46. Things went even worse for the Lassies on Saturday night as they fell to the Cherokeeettes from McMinn County by the score of 42-35.

SUE DRIVES IN—Sue Jaynes drives for a lay-up against the dark-shirted Spring City guards. The Loudon Lassies lost the game to Spring City by two points in the opener for Loudon. Diane Dorsey (34) looks on for a possible rebound.

HAWKINS TRYS BASKETBALL—For three years Lonnie Hawkins has carried the pickup for Loudon but last Friday night he made his debut as a Redskin Basketballer and did well. Here Lonnie (25) guns the ball from under the glass for a bank shot. The Redskins defeated the opponent Spring City.

By Lester Auerz-Pharmacist

"Necessity is the Mother of Invention" ... This tired old phrase has been used and quoted for centuries and I can only say that while it may sound trite, it is most certainly true in our case. The progress we have made did not really accelerate until the need for new and more effective remedies became an absolute necessity due to World War II. Wounds, disease and other disorders associated with the war, created the demand for more effective contemporary prescription drugs and we came to the call...

Against Spring City, the Skins were in complete control throughout the game. Using the fast break and a very stingy defense, they jumped to an 18-0 lead before the Bulldogs were able to score. With only 1-54 left in the first quarter, Don Gillespie hit the second of two free throws to put the Bulldogs on the scoreboard. Only twenty-five seconds were left on the clock when the Bulldogs hit their first field goal.

The Skins led at each stop. At the end of the first stanza the Skins were on top by 22-6, and increased their lead to 45-12 at halftime. With reserves playing most of the second half, the Skins pushed their lead to 60-18 at the end of the third period. The Bulldogs outscored the Skins by 21-10 in the final quarter but by then it was too late and the Skins went on to win by the score of 70-39. Nancy Hampton, junior guard, was the leading scorer for the game. He hit ten of sixteen field goal attempts and added two free throws for a total of twenty-two points. Eighteen of Hampton's points came in the first half. Tommy Ratledge was the only other Redskin to score in double figures. The senior guard collected ten points. Other scorers for the Skins were Ray Simmons (8), Greg Cagle (8), Danny Hendrix (7), David Birkholz (7), Lonnie Hawkins (6), and Ronnie Lemons (2). Hampton also led the Skins in rebounds with ten. Ray Simmons and Lonnie Hawkins followed with eight and six retrieves respectively. The leading scorer for the Spring City boys was Randall Daniels with fifteen points.

Don Gillespie added ten. Daniels and Gillespie were the only Bulldogs to score in double figures. In the first half, the Skins hit twenty-one of forty-two field goal attempts for a fine fifty percent. Spring City could hit only four of twenty-seven attempts for a poor seventeen percent. The Skins were not so hot in the second half as they hit only twenty-six percent (10 of 36) of their field goal attempts. For the entire game, the Skins hit forty percent of their shots compared to twenty-two percent for the Bulldogs.

In the Loudon Lassie-Spring City game, neither team was able to take a commanding lead. Neither team ever led by more than four points. At the end of the first quarter the score was knotted at 9-9. On the strength of Dianna Dorsey's eleven second quarter points, the Lassies led at halftime by 24-23. The score was again tied at the end of the third period 37-37. The final period remained close and with eleven seconds left in the game, Becky Florence hit from ten feet to give the Spring City girls their final 48-39 margin.

Loudon's Dianna Dorsey was the games leading scorer with twenty-nine points. She hit on 12 of twenty-five field goals. Lynn Dorsey and Sue Jaynes added 19 and 7 points respectively. Margie Gillespie, the states leading scorer last year, led her team scoring but still was held to twenty points. Gloria Brown must be given special notice for her fine defensive performance against Gillespie.

Brown continually forced Gillespie to take bad shots. She hit only nine of forty field goal attempts. Donna Fugate added eighteen points to the Spring City team. The Lassies hit 18 of 48 field goal attempts for 38 percent. The Spring City girls hit only 17 of 68 attempts for 25 percent. Against McMinn County, the Lassies could never get any offense going. They were not nearly as impressive as in their Friday night loss to Spring City. Even though the Lassies hit on two more field goals (17-15) than did the Cherokeeettes, McMinn County hit on twelve free throws compared to one for the Lassies. McMinn County led for most of the game. At the first stop they led by 8-6 and increased their lead to 19-14 at halftime. Both teams had trouble finding the range in the third quarter and the Lassies trailed by 28-19 going into the final quarter but were unable to catch the Cherokeeettes. Final score: McMinn County 42, Loudon Lassies 35. Sue Jaynes led the Lassies in the losing cause with 14 points. Dianna Dorsey also hit in double figures with ten points. Marilyn Smith and Jane Shober, both freshmen forwards, added eight and three points respectively. Rhonda Wynn led the McMinn County girls with twenty-four points. Linda Long added eleven. Loudon's Freshmen girls team got off to a winning start Saturday night by defeating the McMinn County Frosh by a score of 51-48. Free throws provided the difference for the Lassie freshmen. Both teams made good on unretaken field goals but Loudon hit three more free throws for the three point margin.

The Tribe Speaks

BY LOUDON HIGH SCHOOL JOURNALISM CLASS

by Linda Fordy & Carolyn McCarster

Last Wednesday we had the honor of having Mr. Adams, a Veteran, who spoke to us on Veterans Day and the American Creed.

The Loudon High School Superlatives for the year 1970-71 are as follows: Best All-Around: Dianna Dorsey, J.L. Millsaps; Best Looking: Angie Boone, Ronnie McNabb; Best School Spirit: Debbie Shell, Bill Miller; Friendliest: Ann Hunt, Jimmy Greenway; Most Dependable: Diane McNabb, Henry Smith; Most Dignified: Cheryl Worley, Joe Black; Most Intellectual: Shannon Stacey, Gary Shell; Most Athletic: Rollin Ann Watson, Lonnie Hawkins; Most Popular: Susan Smith, Greg Cagle; Best Personality: Susan Simpson, Mike Bivens; Most Courteous: Janice Hughes, Ivan Worley; Wildest: Debbie Murray, Daniel Johnson; Most Lively: Shannon Stacey, Ginger Crabtree, Jimmy Giles; Miss Senior: Juan Clinton; Mr. Senior: J.L. Millsaps; Miss L.H.S.: Dianna Dorsey; Mr. L.H.S.: J.L. Millsaps.

The 1970-71 basketball season started last Friday night at Spring City. The boys won easily but the girls lost a heartbreaker by "two" points. The girls have really worked hard and we're sure they'll shake it off and

produce a winning season. Last week the Mr. and Miss of the underclassmen were elected and the following students were chosen: Mr. and Miss Junior, Dale Amburn and Teresa Kyles; Mr. and Miss Sophomore, Ricky Messmore and Mary Ann Horton; and Mr. and Miss Freshman, Ricky McJunkins and Sharon Walton.

Approximately 40 packages to our boys in service will be ready for mailing by Friday of this week. This year we are including stationary, candy, potato sticks, chewing gum, chocolate drink mix, nail clippers, inspirational booklet, cookies, key chain and perhaps some other personal items.

The money for these packages has been raised through the sale of the Chieftain, a few donations, and a volleyball game between the faculty and a student team. There may be some other activity to raise additional money. We, too have been hit by rising costs.

To The Editor,
The past week we had the

Judge Says Residents Being Misled On Utility Proposal

Loudon County Court, at its adjourned meeting Thursday morning, Nov. 12, was informed by a petition signed by a number of residents of the Third Civil District (Greenback area). The petition, generally, called on the Court to support the Loudon Water Utility District and to oppose any plan for the City of Loudon City to furnish water to Greenback.

The petition was prompted by the fact that the Court scheduled consideration of approval of the appointment of a Board of Public Utilities of Loudon County which would join with a similar Board in Monroe County to develop water and other services in the Greenback-Vincore area and elsewhere.

When the petition was read, County Judge Harvey Sprout and State Representative Foster both charged that the petition appeared to be an attempt to mislead the people in the Third District. There has never been a proposal from the City of Loudon City to furnish water to Greenback.

A fire hearing exercise its right to provide water service within a five-mile area of the city. This would extend approximately to the Centerville area.

The action endorsed the recommendation of the East Tennessee Development District and the Tennessee Valley Authority that the County create a Loudon County Board of Public Utilities, which Board would then work with the Board of Public Utilities of Monroe County, which has already been established by the Loudon County Quarter Court, to form the Tellico Area Services System, for the principal immediate purpose of establishing a public water system for those areas of Loudon and Monroe Counties along the U.S. Highway 411 corridor.

This recommendation was made as a part of the comprehensive analysis of existing water systems and predicted water needs in the Blount, Loudon, and Monroe Counties area by the East Tennessee Development District under a Farmers' Home Administration Grant.

Following the Loudon County Court's approval, Judge Sprout issued a statement commenting on the measure. The statement follows:

Post Charrette
(Continued from page 1) follow-up recommendations made during the charrette. Most of the recommendations centered around the need for more and better vocational and special education in the tri-county area.

In other matters, the charrette's steering committee was reassured by state officials that a promised grant from the Appalachian Regional Commission (ARC) would soon arrive. The ARC planning grant, which will help pay for charrette expenses, was approved for \$250,649.

plasure of being hosts to three of our local citizens, namely, Fred Bell, Coy Evans, and Miss Diner who were pheasant hunting for the first time in South Dakota. They arrived Sunday afternoon and promptly displayed their marksmanship as well as their Tennessee hospitality by shooting three birds and giving them to a South Dakotan. When questioned their good heartedness, their reply was "Maybe we haven't eaten and he probably has, but he had to go home (to the northern part of the state) and we have five more days to hunt."

This is what we call going beyond being a good sport, and in being concerned about your fellowman. They left us with a lasting expression both of themselves and the community in which they live. They were such good ambassadors of the town and community of Greenback that we are convinced that if we should leave the farm and the Great State of South Dakota, we would seriously consider Greenback as a place to live.

If sound in a community we would be proud to be a part of. We were most pleased to have these men and women in our home and hunt on our land and want the people of Greenback to know how we feel they have three citizens to be highly proud of.

Sincerely,
Mr. and Mrs. Dale Newman

Lions Tournament Finals Saturday
Eight teams have advanced to the final rounds of the Loudon Lions Club Invitational Elementary School Basketball Tournament.

The Steekee girls and Loudon girls advanced to the Championship round in semi-final round as Steekee upended Highland Park and the Loudon ladies downed Browder.

In the boys action the semi-final round will be played Friday night beginning at 6:30 with Highland Park facing Estons, followed by a contest between Steekees and Philadelphia. Browder and Loudon boys have been eliminated from the tournament.

Action both in the semi-final boys action Friday night and in the Championship round Saturday will begin at 6:30 p.m.

Fort Loudoun Utility District, with its previous history, in its present legal status, and the regulations of the Federal Agencies being as they are now, to ever get a substantial Federal Grant, particularly one that would be substantial enough to provide the water system that would be adequate for several years to come, and further that since it was unlikely that the Fort Loudoun Utility District could do this, that it would be better for the counties to go ahead and let the newly-formed Boards of Public Utilities move as fast as they could.

There have been many people who have worked long and hard through the Fort Loudoun Utility District in an attempt to get water for the people of this area, and they deserve thanks for their efforts.

"But one thing seems clear, however - if the people of the area cannot get together and support some legitimate organization that has the legal ability, and the capability, and has the confidence of the people as well as of the Governmental organizations from whom it is hoped that the necessary

Federal Grants can be obtained, then it will be a long, long time before a public water system will be obtained in that area.

"I have been willing to meet at any reasonable time and place with anybody to discuss the facts concerning this question, and I hope that the people will get the full facts and the entire background from all sides of the question before taking a hasty position in the matter."

LOUDON COUNTY JUDGE

Well, you keep hearing from various people, "Do you think anything will come from the Charter?"

Personally, I certainly think that at least some good will come from the Charter, even if nothing else happens at all.

Some people feel that public discussion of controversial issues, and the raising of questions as to procedures, goals and aims of our educational system, can only cause trouble in the long run.

But I personally feel that it is important for us to know what our citizens are thinking about our educational system (or about anything in government, for that matter), and what our students are thinking, and even though we don't agree with what is said, or if what is requested is absolutely impossible, still there are some good things that can come from looking at the suggestions and trying to get some benefit from each suggestion.

If you can't take criticism, then you ought not to be in public life or doing a public job - because that's a part of it, and you ought not to carry a chip around on your shoulder about it.

Of course, on the other side, I think the public who is being served should also not carry a chip, should give credit where it is due, and give credit for effort being made.

An educational cooperative between the three Counties has been proposed, and I think this is

itself offers the means by which we in Loudon County and Lenoir City can achieve a great deal in the improvement of various phases of education, that it would be impossible for us to do by ourselves.

Hopefully, the educational cooperative will be approved, and a satisfactory organization for conducting the affairs of the co-operative will be set up.

In the educational field, I note from the October issue of TEA News, that 112 of the 147 school systems in the State raised teachers' salaries using funds from local sources (not just State sources).

The top school system for starting off a teacher on a Bachelors Degree is Hamblen at \$6800, Oak Ridge is second with \$6850.

Oak Ridge pays the highest minimum for a Bachelors Degree at \$10,207 per year, Knoxville is \$8658, while Knox County is \$8584.

Sprisingly, the top minimum salary for a beginning teacher with a Masters Degree is paid in Polk County at \$7703 per year. Etowah and McMinn are in the top 10 at \$7328 and \$7271 respectively.

GREENBACK HIGH SCHOOL

Mrs. Lowell Myers, who had held the secretarial position at Greenback for the last few years, has now moved to another job at the Greenback Co-op. Mrs. Eddie McCollum, a 1968 graduate of Greenback, took over the job on Thursday, November 12th.

The Beta Club met for their regularly scheduled meeting on Tuesday the 10th. They discussed services that they could perform for their school and community. Decisions about which services they will perform will be made at the next meeting.

Miss Dorothy Rogers, an instructor from the Tennessee School of Beauty met with all the high school girls on Wednesday of last week. She discussed tips to good-grooming and answered all the questions the girls had. She brought three of the Tennessee School of Beauty students with her. These girls, Gail Campbell, Mary Jane Swaney, and Monica Tipton, demonstrated these good-grooming techniques on some of the Greenback girls. They not only fixed three girls' hair, but applied their make-up also.

The Rev. Alexander Gillander led a program presented by the high school students on Veteran's Day.

The guest speaker was the Rev. Scott McClung from Birmingham, Alabama.

points out how proud people years ago were of a hunting gun, also not to mention the old crank grindstone in the background.

The other day we ran into B. Rodger Hodge, a former Loudon boy, now living in sunny Florida. We were glad to see and talk to B, who said he read the good old days and enjoyed it very much. In our conversation we got around to talking about the changes that have come to our town over the pasting years, and he said that although there had been many changes, it was still Loudon and always would be to him. This is an expression of how most folks feel when returning to the old

BACK IN THE GOOD OLD DAYS

by Calvin Lausford
 The Good Old Days effort is always glad to receive pictures from different sections of our area. It gives us the opportunity to recall many of the things we know and have heard concerning these places.
 We cannot say that one of these areas is more interesting than any other. For most of us, those different sections were scenes of our childhood and/or school days, which were, for the most part, a carefree time in our lives.
 The area we have some pictures from this week is Philadelphia, which, like the other sections, has some of the most wonderful people in the world in which we live.
 One of these Philadelphia pictures we have has some well-known people and another old automobile from a number of years back. First, let's talk about the car. It is an old Essex, possibly many people never heard of this name, but it was a popular car in the twenties. We would guess this to be a 1926 or 1927 model. We could be a little off, but we feel that this is close. Anyway, this picture was made in the city of Philadelphia in 'The lady at the wheel is Mrs. Marion Peoples Waller, a well-known lady from Philadelphia. The young ladies standing on the running board, which, incidentally, is no longer on any newer automobiles, are Retta McCrary, Randle and Mrs. Georgia Ruth McCrary Carter.
 As we think about the town of Philadelphia in the good old days, we are very glad to have a picture taken on the Philadelphia Square, the gathering place for those who lived in this town. This picture was taken in front of the popular and well-known McCrary Store. The young lady standing in front of the store holding what is possibly a new hat, is Hannah Margaret McCrary Davis, who's father, Mr. Albert McCrary operated this store for many years.
 Our other picture this week was not taken in Philadelphia, and we don't know who the man is, but it

hometown after an extended absence. As B. put it, we can think of all the many pleasant things about our childhood days, and omit things we would rather not recall, and of course this is what we said when we first started the Good Old Days. I guess I connect B. with many things in my life. We attended school together, at best we recall that he was an outstanding and very efficient football player. I didn't play football, but I always liked and kept up with what was going on in the game. Maybe he just might pass along a team picture for the good old days. We would appreciate this very much.
 By the way, if any of our readers have any pictures of boys from our area with airplanes, either military or civilian, we would like very much to see them. Please give us a call.
 Well, that's it for now, see you next week.

Loudon Lions Club 35th Anniversary Section

MAYOR, C. OF. C., OTHER CIVIC LEADERS PRAISE LIONS

Presidents of the Loudon Civic Clubs, Mayor Joe Carter and Don Carter, President of the Chamber of Commerce, have issued statements of congratulations and best wishes for the Loudon Lions Club 35th Anniversary.

Following are their statements:
MAYOR'S STATEMENT
"I was a member of the Lions Club of Loudon and I am proud of having been a part of such a fine club in our City. The Lions Club, in my estimation, has probably done more for Loudon than any other service group since it was organized 35 years ago. I offer them my personal thanks and congratulations as well as their appreciation of a grateful community, and wish for the Lions a very successful future."

Mr. Don Carter, President of the Loudon Chamber of Commerce - "Loudon today, the whole community has been a better place in which to live and work because of the fine program carried out by the Loudon Lions Club during the past 35 years.
Especially noteworthy is the club's club conservation program in which they have been faithfully involved for years. The Loudon Chamber of Commerce congratulates all members and officers of the Loudon Lions Club on their 35th Anniversary and give out best wishes for another and productive 35 years."
Mr. Kyle Anderson, President of the Loudon Jaycees - "The Jaycees congratulate the Loudon Lions Club and note their contribution in citizenship, patriotism, health and welfare, and their light conservation work during the past 35 years."
"The Jaycees organization with the Lions Club every best wish for continued successful programs during the next 35 years. The community would be a lot better without their work, help and support in any activity."
Mrs. Charles Harrison, President of the Loudon Women's Club - "We are proud of the fine work that the Loudon Lions Club has done for our community and for the work we know they will continue to do. They are a credit to all of us and we wish them success in their many and varied civic endeavors of the future."
Mrs. Don Holt, President of the Loudon Jayettes - "The Loudon Lions Club is a great Loudon, that's for sure. The town would simply not be the same without the club and all the fine work they do for the community."
"The Lions Club light conservation program is one

of the finest there is and has helped many people in Loudon, adults, and children. We wish them every success in the next 35 years."
Arthur Fowler, President of the Loudon Rotary Club - "From its beginning 35 years ago I have seen the developments of Loudon's Lions Club and have admired the tremendous benefits which it has been to the City of Loudon and neighboring areas. This Club does not boast of its civic betterments but they are matters and worthwhile to the area. The purpose of a civic club is to be of service to its neighborhood and Loudon's Lions Club has gone far beyond its line of duty in the many services it has given to all of us. My sincere congratulations to the Club on its many accomplishments, and best wishes for its continued success."

Tailtwister Provides Fun For Lions

When the Loudon Lions take on a community service project they mean business. But don't think they neglect having a bit of good old-fashioned fun and fellowship in between project times on meeting nights.
And it's usually the club's "tailtwister," a special type of jolly fellow himself, who starts off the fun.
The tail twister serves several functions for the Loudon Club members and the community. During meals, he makes certain that hungry Lions observe a proper etiquette, eat a handsome meal he slipped on them by you know who.
The you know who this year is Inkey Swiney. Sometimes, Mr. Swiney will fine a member (or all the members) 10 cents, for example, because they happen to be resting their right elbow on the dinner table. Or he may fine them because they are resting their left elbow on the table.
It provides some laughs, the matching of wits, and keeps the Lions on their toes. But all money collected by the tailtwister is turned over to the treasurer, and this money goes into a fund to purchase glasses for needy children and to the Christmas fund for the Tennessee school for the Blind.

BANQUET TO MARK LIONS' 35 YEARS OF SERVICE

Members of the Loudon Lions Club, which was chartered on November 19, 1935, marked their 35th anniversary and embark on their way to the half-century mark, with a banquet and Ladies Night celebration at 7 p.m. Thursday, Nov. 19 at the Loudon Hotel. The banquet was held at the hotel on Highland Avenue in Loudon. The Loudon Lions are the oldest club in District 12-N of Lions International.
Besides the review of the accomplishments of the 35 year history of the club, the members will honor their wives, including the selection of the Loudon Lions Club Queen for 1970-71. Entertainment during the program will be provided by the Merry-makers, a local singing group. Former President A.C. Dukes will be master of ceremonies for the banquet. Ben Surret is president of the Club.
Principal speaker at the banquet will be W.L. Butler of Dixon, Tenn., one of the nation's top Lions. Mr. Butler, a native of Hoosier, Indiana, is a graduate of Indiana University. He spent 38 years in the Packaging Industry and came to Tennessee in 1966 as manager of Container Corporation of America's Chattanooga operation.
He later transferred to his company's Memphis plant as General Manager in 1967. The Butler's returned to Chattanooga late in 1968 and built their retirement home in Dixon.

LIONS CLUB OFFICERS-The 1970-71 Lions Club officers serving the 35th year of the club are (seated left to right) Jim Pope, secretary-treasurer; Ben Surret, president; Charles Davis, first vice president; second row-John Carnes, second vice president; Glenn House, Lion Tamer; Bob Carter, director; Henry Mitchell, director; Bernie Ray Swiney, Tail Twister; Tom Matlock, immediate past president.

Mr. Butler became a Lion in 1946. After serving three years as Indiana Lions State Song Leader, he was elected Governor of Indiana Lions District 25-F in 1954. In 1955 he was commissioned "Mr. Lion of Indiana" for his efforts in Lionism throughout the state.
He later transferred to his company's Memphis plant as General Manager in 1967. The Butler's returned to Chattanooga late in 1968 and built their retirement home in Dixon.

Lion A.C. Dukes In Charge Of 35th Anniversary Plans

A.C. Dukes, charter member and past president of the Loudon Lions Club, is the man in charge of arrangements for Thursday's celebration of the Club's 35th anniversary.
But, as much time as he has spent on this event, he doesn't consider it necessarily the most important he has been involved in since he first became a Lion 35 years ago.
"I've been spending several hours a day on Lionism," he said, "but it's my pleasure. I've been putting in as much time as I possibly could."
His business when not working on Lions program, is an involved one in his own right. Mr. Dukes is the County Superintendent of Loudon County Schools. Mr. Dukes recently has been deeply involved in the expected expansion of the banquet.

Mr. Dukes

Mr. Dukes has been involved in education and school work all his life, as a coach, teacher, principal and superintendent.
The Lions lost no time putting him to work. He has been a club president, vice-president, chairman of many events, during the past 35 years.
"I'd say the best project I've been connected with has been our light conservation program because that's what Lionism is best known for and what we carry on the year around," Mr. Dukes said.
"Of course there are other things. The Carnivals held at the Old Loudon Grammar School were lots of fun. We use to flip coins to see who was going to sit on the Dinking Board."

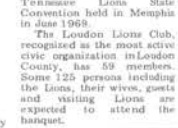

'Lions Club Week' Proclaimed By Mayor

Mayor Joe Carter has proclaimed this week as Lion's Club Week in Loudon in recognition of the 35th Anniversary of Loudon Lions Club and as a tribute to the club's contribution to the community.
Mayor Carter's proclamation follows:
WHEREAS, There exists in the City of Loudon, a unit of International Association of Lions Clubs, and
WHEREAS, The Loudon Lions Club has through its service to the community exemplified the objectives of Lions International, to wit:
To create and foster a spirit of "generous consideration" among the peoples of the world through a study of the problems of international relationships;
To promote the theory and practice of the principles of good government and good citizenship;
To take an active interest in the civic, social and moral welfare of the community;
To unite the members in the bonds of friendship, good fellowship and mutual understanding;
To provide a forum for the full and free discussion of all matters of public interest, partisan politics and sectarian religion alone excepted; and
WHEREAS, The Loudon Lions Club is celebrating the 35th anniversary of its founding;
THEREFORE, I, Joe Carter, Mayor of the City of Loudon, do hereby proclaim the week of November 16, 1970, as Lions Club Week in the City of Loudon and urge the proper observances of said week by all citizens.

Loudon Lions Have Raised \$90,000 For Civic Projects

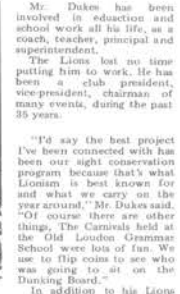

Two organizational meetings for the Loudon Lions Club, the city's oldest civic organization, were held in the fall of 1935; one at the Loudon Hotel operated by the late Mr. and Mrs. Harry Bingsley and the other in the law office of Daniel and Fowler.
The charter meeting was held Nov. 19, 1935, at the Masonic Lodge Building. The charter was awarded to the club on Dec. 17, 1935. The Knoxville Lions were to be the sponsoring club but they were inconvenienced and the Cleveland Lions Club was the sponsoring club.
Charter members were: M. O. Brucekner, W. V. Kirkland, Raymond Lyle, Dr. Arthur Harrison, Homer A. Newman, J. Earl McCall, Sam Wilson, Frank Quinn, Albert C. Dukes, Sr., Dr. J. R. Watkins, Arthur Fowler, N. A. Weaver, Sr., R. M. Gray, Dr. W. B. Campbell, Sr., Walter Breeding, J. I. Brezozale, Sr., H. L. Brooks, Rev. W. C. Bryant, Charles Cottrill, Kyle McKinnay, J. Hubert McKinnay, and Charles Plemons.
The first president was M. O. Brucekner; Arthur Fowler was secretary-treasurer; and Raymond Lyle was first Tail Twister. The club held its regular meetings in the old Loudon High School. Home Economics Department and meals were served by the ladies of the Loudon Methodist Church, who continued to serve the club some 29 years. The club

moved the meeting place to the L.E.S. Cafeteria in 1939 and met there some 29 years. The next meeting place was Luck's Grill and then West End Cafe for a short time. Approximately three years ago, the club moved to the VFW Building where Mrs. Charles Varner prepares the meal.
The largest membership ever for the club was 70 members. The present enrollment is 59. Two charter members, Dr. J. R. Watkins and A. C. Dukes, Sr., are still active in the club.
The club has had three father-son presidents. Dr. W. B. Campbell, Sr. and Dr. W. B. Campbell, Jr.; N. A. Weaver, Sr. and N. A. Weaver, Jr.; Joe Hudson and Robert Hudson.
Presidents of the club include: M. O. Brucekner, W. V. Kirkland, Homer Newman, Kyle Kolloch, N. A. Weaver, Sr., I. H. Watson, Albert C. Dukes, Sr., Frank Quinn, Dr. W. B. Campbell, Sr., S. P. Daniel, Joe Hudson, Dr. Blair Harrison, Dr. J. R. Watkins, E. Huff, H. C. Karnes, Eugene Booth, Jesse L. Hope, Jr., Joe V. Watkins, Charles McCall, J. H. Morford, Ed Arnold, J. V. Schrimsher, Eugene Watkins and Tom Matlock and Benny Surret.
The first Lions project was to install lights on the old Loudon High Football field for night football in the summer of 1936. The fall of 1938 additional lights were installed for night football at Loudon High.
Through the years many community projects, including numerous to mention, have been completed by the club. One of the more recent projects was the Lions Civic Park which is still under construction. This was possible through the cooperation of the club and the City of Loudon.
Since the organization of the club in 1935, it has been estimated that the Loudon Lions Club has raised some \$90,000 for civic improvement and light conservation. The local club has furnished leadership for the District Governor Cabinet; the first being, Dr. W. T. McPake, who served as

Zone Chairman and Deputy District Governor; N. A. Weaver, Jr., Zone Chairman; James Morford, Zone Chairman and Deputy District Governor; W. G. House, Zone Chairman, Deputy District Governor and Membership and Retention Chairman; Joe V. Watkins, Zone Chairman; and Charles McCall, Zone Chairman, Deputy District Governor, and Leo Chairman.

The Loudon Lions Club is the oldest club in District 12-N and meets on the first and third Thursdays in each month.
Lions International is the largest service club in the world, with 922,457 members in 24,487 clubs in 146 countries and geographical areas.

Club President Says

Community Backing Major Factor In Success Of Lions Projects

By Ben Surrett

"One of the major purposes of the Loudon Lions Club's 35th anniversary celebration is to say 'thank you, Loudon' for your gracious support throughout these many years. And we felt the best way to demonstrate our appreciation would be to tell the community just what this support has resulted in and why we need their continued assistance. This special addition of THE HERALD does just that.

"Just as no man is an island, no service club can long endure as an island. To survive and to accomplish those goals for which it was formed, a service club must be cognizant of the problems, needs and desires of the community it serves and then respond decisively with a well planned and executed program. Now, the really vital ingredient in this formula is the community itself.

"First, the community must act as the catalyst. It is simply not possible for a group of 59 Lion members to be aware of all the problems that plague Loudon and to recognize all the possible areas of service. We must rely on many of these ideas to be brought to our attention by the concerned private citizens of Loudon, churches, the school officials, retail merchants, city officials, professional community and many other groups and individuals.

"As an example, most of the adults who are fitted with glasses by the club have been brought to our attention by a neighbor or friend. And over these last 35 years Loudon has responded. The citizens are concerned for their fellowman and they have turned to the Lions Club for Help. For this, Loudon, we thank you.

Succes of Projects

"Secondly, how successful would any of our projects be if the community did not support it by giving it their blessings, or help and money, as the case may be? Can you imagine how hard it would be

King Lion Ben Surrett

to go from door to door during our White Cane Day Drive if the occupants did not want to aid our sight conservation programs. Thankfully, this is not the case for our citizens know or know of our White Cane Day program and they themselves make this project one that the Lions look forward to.

"We actually have people call us and tell us that they were missed or were not at home during the drive and would we please come by and pick up their contribution? And we do!

"The many other ways that the private citizen helps us are certainly too numerous to be mentioned. However, when one speaks of the Lions Club, he is in essence speaking of the community. Let me explain that. The Loudon Lions Club is a group of 59 dedicated men joined together in a common cause, and that is to help those less fortunate than ourselves.

"The reason for forming and continuing the Lions

Club is that men united together can accomplish so much more than they can as individuals. These 59 Lions then plan the projects, work out the details and then ask you, the citizens of Loudon, to assume the success of the project by your support and in some cases to carry out many of the activities. Also, being an active Lion is a time-consuming activity, for the Lions Club is a working club. For this reason, many good Lions reach a point in their careers where they are no longer able to serve on an active basis, for reasons of business, health, relocation or other reasons. It is, therefore, necessary to continually find new members. That Loudon has always provided the club with these new members certainly speaks well for its citizens. For this Loudon, we thank you.

Former Members Clad

"It is quite interesting to read the list of active

members of the Loudon Lions Club who had over the last 35 years, almost every well-known figure of Loudon been a member at one time or another. Many of these past members have gone on to help their fellowmen in other ways. The pass it membership has forgotten many of these men who were active Lions, but the fine work that they accomplished while active members lives on. And for these accomplishments, we thank you.

"Lions International points out that one of the keys to a successful Lions Club is keeping the public informed of its activities. In addition, in most cases the difference between success and failure in a fund-raising project is the amount of publicity it receives. The Loudon Herald always bent over backwards to accommodate our club in any way possible. All we have had to do is ask. We appreciate this support and on behalf of all our members, I would like to thank THE HERALD. By the way, Larry Cate, editor of THE HERALD, is also a Lions Club member.

"So I say to the citizens of Loudon, as you read the articles in this special edition explaining just a few of the Loudon Lions Club's accomplishments, attained through your support of the club, it is our way of saying 'Thank you, Loudon.'

"What is past is past, and the Lions Club realizes that it cannot sit back on its past laurels. New challenges, new problems, and additional ways to serve present themselves daily. I would like to mention just a few programs either in progress or in the planning stages. Right now we are actively involved in raising money for the Darlene Therpe Fund, the Fruit Cakes Sales, and Basketball Tournament.

Expanding Program

"We are always working on our sight conservation program. We are in a drive to secure donors for the East Tennessee Eye Bank indefinitely. Also, special surgical tools for the removal

of eyes will be provided to the Bacon Hospital in the future. The Loudon Lions

send a delegate each year to the 4-H Club Congress in Nashville, a delegate to Boys

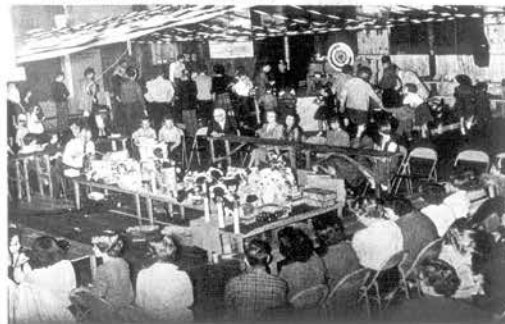

State in Cookeville, and contribute annually to the Christmas Fund at The

Tennessee School For the Blind in Nashville.

"There are no new projects at the present but if a new project were to be undertaken there is no doubt that it would succeed. The past 35 years have shown that the Lions Club, joined hand in hand with the fine citizens of Loudon to accomplish whatever it undertakes."

AT CHICKEN BARBECUE—One of the most popular fund raising projects of the Loudon Lions is the Chicken Barbecue Dinner. Above Lions Jack Fickey, Freeman Russell, J.V. Schrimsher and Jim Pope are shown over the charcoal grills preparing hundreds of chicken for the hungry patrons.

AT A LIONS CARNIVAL—Back in the 1950's the Loudon Lions sponsored a Community Carnival as a fund raising project. Shown above is part of the large crowd that turned out for the annual project.

7500 Free Eye Examinations Provided By Loudon Lions In Past Five Years

Programs of sight conservation and aid to the blind are major projects of the Loudon Lions Club as well as of the International Association of Lions Clubs here and abroad.

Blindness became a focus of activity during the 1925 International Lions Convention. Moved by an appeal from Miss Helen Keller, "angel of the blind," the convention adopted a resolution making work with the blind a major activity among the Lions.

Today the International Association is recognized all over the world as a leading agency for service to the blind.

Lions Clubs make large contributions to blind dog training, rehabilitation centers and sight conservation clinics.

Lions International publishes a magazine for blind children. At International Headquarters in Chicago, complete eye and blindness are maintained. A continuing study is made of new ideas developed by Lions Clubs and other organizations for aid to the sightless and the partially sighted. Information on new methods and equipment for eye care is constantly updated.

The Loudon Lions Club has throughout the years placed great emphasis on the sight program.

Much of the work is done on the local level. Through joint club efforts, however, larger and more specialized programs are possible.

The major program includes sight screening in the schools, purchase of the eyeglasses, sight service for indigent persons, eye bank rehabilitation through Arkansas Emergency for the Blind, and the Tennessee School for the Blind.

The sight screening program is carried on in the Loudon school system by the Lions Club in cooperation with some of the mothers in the community.

The club furnishes the sight-testing machines, instructs the mothers in their use, and coordinates the screening program. The paid and volunteer workers then put in many long hours of work performing the actual screening and the test-result forms, according to the sight conservation chairman, Jack Lefter.

Complete reports are either sent or mailed to the parents of children failing the sight test. The necessary financial help is required, is explained by their doctor.

Cases requiring financial assistance are referred to the sight conservation committee, which makes arrangements for complete eye examinations. Dr. Clinton Mapple, a Loudon optometrist, cooperates with this program and the Lions Club pays for the glasses.

During the last five years, over 10,000 students have been visually screened in the three schools of the Loudon school system. The average failure rate has varied from 15 to 20 percent.

"As chairman of the sight conservation program," said Jack Lefter, "I would like to point out that without the cooperation of these mothers, the sight screening program could not function at all."

"On behalf of my committee and the Loudon Lions Club, I would like to thank these mothers for their splendid cooperation."

As part of the sight program, the Lions Club furnishes examinations and places to indigent persons, including both adults and those children whose defects are discovered at the screening program.

During the last five years, the club has provided 7500 examinations and has supplied approximately 25 pairs of glasses to the needy at a cost of some \$450.

While cases are also available to the blind from the Loudon Club.

The committee is engaged at present in securing funds for Darlow Therap.

The Loudon Lions club annually supports the East Tennessee Eye-Bank for both by securing eye donors and through financial assistance.

Approximately 50,000 persons are on the waiting list nationally for corneal transplants. Bob Davis, member of the Loudon Lions Club, received a corneal transplant two years ago. This transplant has been successful. The club has already provided eye containers here for use in transporting eyes removed from deceased donors.

The East Tennessee Eye Bank Inc., established in 1964, is a non-profit organization for the purpose of obtaining, preserving and transporting eyes and making them available to surgeons to perform the corneal transplant operation. In 1969, there were 28

EYE EXAMINATIONS—Several years ago after the Loudon Lions first started eye examinations for all Loudon school children, former Loudon Lion Jesse Hope is shown at a local school giving examinations. During the past five years the Lions have examined over 7500 children free of charge to detect any visual defects.

PROMOTING WHITE CANE DAY—White Cane Day, observed annually by Lions throughout the state to promote funds for various sight conservation programs is shown being promoted by Lions W.F. Zimmerman and Ellis Nugent. The Loudon Lions have raised some \$4000 during this project in the last five years.

HELPED BY THE LIONS—Allen Justice the youngster in the picture with his mother Mrs. O'Dell Justice, was blind at the Tennessee School for the Blind at Donelson by the Loudon Lions for the past three years. Lions pictured are Glynn House, Joe Watkins, Jim Pope and Jack Lefter.

transplants in the Knoxville area. All but one was successful. These operations are mainly performed at Baptist Hospital.

It took the combined efforts of 125 Lions Clubs from Bristol to near Nashville and from Chattanooga to the Kentucky border to bring the nonprofit sight program about. It also took thousands of dollars.

Unless many projects carried on by civic organizations, the East Tennessee Eye Bank is not cost dependent on public funds but also upon personal sacrifice. It takes the contributions of thousands who are willing to donate their eyes upon their deaths as others may see.

The East Tennessee Eye Bank has secured 223 eyes in its five years of existence. They can be transplanted in any hospital where an ophthalmologist is located.

The East Tennessee Eye Bank now has 4800 eye with on file. Ophthalmologists report, however, a critical shortage of donors, and many remain blind due to a lack of cornea.

Eye-will forms may be obtained from any Lion Club member.

Besides helping to support the eye bank, the Lion Club gives through White Cane funds to the Recording for the Blind, Inc., Volunteer Blind Industry.

Recording for the Blind was started in 1962 and today over 8000 titles are available on discs and 1000 on tapes, embracing all major fields of study and including books in

Community Leaders In Club's Membership

Who and What are Lions Clubs made from? They are selected from the community's leading business and professional men, industrialists, farmers, clergymen, educators, merchants and others. They are pledged to help through Lionism those less fortunate than themselves.

Lionism is non-sectarian, yet it encourages religious observances and church loyalties. It is non-political, but it inculcates a lively interest in governmental and civic affairs.

The purpose of a Lions Club is to determine community needs and develop means of meeting them, either through its own efforts or in cooperation with other agencies.

During the last fiscal year, Lions Clubs completed more than 360,000 separate community activities. At the same time, Lions Clubs provide good fellowship and club social life for their members.

Services which Lions perform vary with the needs of their communities. Almost from the start of the organization, Lions have been helping the Boy Scouts and the 4-H Clubs and the Boys State Program.

In the early days of Lionism, Lions Clubs concentrated on three activities: furthering or betterment of school systems, development of adequate public health facilities, and elimination of stem conditions and poverty.

But services having to do with sight conservation and improvement of the lot of the sightless also appealed to the founding Lions and today many Lions Clubs devote much of their effort to this service.

Each Lions Club is free to choose the activities in which it will engage and will always be found at work on activities which its members believe will best serve the interests in their community.

To be a member of the Lions Club is to be respected in the community because of the strong code of ethics in the club constitution.

The code states that a member Lion is:

"To show my faith in the worthiness of my vocation by industrious application to the end that I may merit a reputation of quality efficiency.

"To seek success and to demand all fair remuneration or profit as my just due, but to accept no profit or success at the price of my own self-respect for because of unfair advantage taken or because of questionable acts on my part.

"To hold friendships as an end and not a means. To hold that true friendship exists not on account of the service performed by one to another, but that true friendship demands nothing but accepts service in the spirit in which it is given.

"Always bear in mind my obligations as a citizen to my nation, my state and my community, and to give them my unwavering loyalty in work, act and deed. To give them freely of my time, labor and means.

"To aid my fellow men by giving my sympathy to those in distress, my aid to the weak and my substance to the needy.

"To be careful with my criticism and liberal with my praise; to build up and not destroy."

The main objectives of each Lions Club are these:

"To create and foster a spirit of generous consideration among the peoples of the world through a study of the problems of international relationships.

"To promote the theory and practice of the principles of good government and good citizenship.

"To take an active interest in the civic, social and moral welfare of the community.

"To unite the members in the bonds of friendship, good fellowship and mutual understanding.

"To provide a forum for the full and free discussion of all matters of public interest, partisan politics and sectarian religion alike excepted.

"To encourage efficiency and promote high ethical standards in business and professions; provided that no club shall hold out as one of its objects financial benefits to its members."

From its founding by Melvin Jones on June 7, 1917, to today, Lionism has lived with its beliefs. Through its actions new clubs are being formed every day. And for the past 10 years, new Lions Clubs have been formed at the rate of more than two a day and 952 each year.

PASSING THE LIONS TAIL—Each year the Loudon Lions and the Loudon City Lions have a challenge in raising money for the White Cane Day and sometimes in getting new members. Above Lion Jack Lefter is shown presenting the Lions Tail to Smokey Mead, then Presidents of the respective Clubs after the Loudon club won a challenge.

District Governor Hails Loudon Lions Club Work

Joining a host of other civic clubs and individuals in extending congratulations to the Loudon Lions Club, marking its 35th anniversary are: William L. Harwell, District Governor and the Kingston Lions Club.

Following is a letter received from Lion Harwell, Governor District 12-N of which the Loudon Club is included.

"It is indeed a pleasure to extend to the members of the Loudon Lions Club congratulations on the celebrating of their 35th anniversary in Lionism.

"The service that has been rendered by these Lions in Loudon and on various sight conservation projects is of inestimable value. The hours given freely in being of service have not only benefited the community, but those less fortunate but have surely provided you Lions with experiences that you would not have wanted to miss in your lifetime.

"In those past 35 years, men of excellence have led this outstanding club in many wonderful projects. Let us thank these leaders who have looked into the horizon and who have met almost unbelievable challenges while bringing out the best qualities of all members.

"Again, congratulations to each member of this fine organization. May your next 35 years be an full of service and accomplishments as these you have just completed."

And a letter signed by Henry W. Waltenberger, secretary of the Kingston Lions Club, reads:

"Congratulations on this year 35th year in Lionism! The Kingston Lions Club, in its regular meeting of the club

on October 26, 1970, by unanimous vote, and recorded in the minutes of said meeting, instructed the club secretary to extend to you hearty congratulations from the club in recognition of this achievement Lionism of our district."

TAIL TWISTERS TRYING TO COLLECT—At a recent Ladies Night banquet Tail Twisters Jack Fickey and Dick Huff are trying to collect a fine from Lion Charlie Davis who is trying to defend himself from the charges. Tail twisters are used by the Lions to promote some fun and fellowship during the meetings usually at the expense of other members.

BASKETBALL REFRESHMENT CENTER—The Lions sponsor a Lions Invitational Basketball Tournament each year for area elementary teams. Several Lions are shown here working in the refreshment center at a tournament. They are Johnny Messmore, Charlie Davis, John Carnes and Dr. W.B. Harrison.

AT FALL CONFERENCE—At a Lions Fall Conference in Gatlinburg several years back several Loudon Lions are shown with a lady, Mrs. Murray, who had had two eye transplants restoring her sight under the Lions Eye Bank program. The Loudon Lions pictured are Glynn House, Jack Lefler, Tom Matlock, J.V. Schrimsher.

The East Tennessee Eye Bank

Vision may be passed along in many ways. Only in recent years, however has it become possible literally to bequeath vision to another person through corneal transplants.

Medicine has made it possible; Eye Banks have made it practical.

One of the major objectives of the East Tennessee Eye Bank is to tell District 12-N and O about the eye bank operation. The greater the audience, the more dynamic our sight program will be.

At present the Eye Bank has 5015 pledges on record according to Betty McClaugherty, executive secretary. We need many more since the demand for eyes is ahead of the supply.

There is a great need for such donations. We feel certain that there are many people who are interested and willing to donate their eyes, after death, or to donate the eyes of a deceased loved one, to be used for such a wonderful purpose. The only problem is that people are not aware of the need or how to go about making donations.

The procedure is simple: You need only to fill out an Eye Donor Form, in accordance with the instructions, and turn it in to your Eye Bank.

What a wonderful gift you can give—the gift of Sight—to someone who needs it when you can no longer use it.

He must be a fine person to think about helping others like that. *Note he is; He's a Lion.*

THREE CHARTER MEMBERS STILL ACTIVE—Three Lions who were charter members in 1935 are still active in the club. They are (left to right): Dr. J.R. Watkins, W.V. Kirkland and A.C. DuKes, Sr.

Lion Charles McCall Is Deputy District Governor

Charles F. McCall, a member of Loudon Lions Club, is the current Deputy District Governor for Region III, District 12-N, which has 17 clubs.

He is the third member of the Loudon Club in its 35 year history to serve as Deputy District Governor. Glenn House held the position for the 1968-69 club year.

Mr. McCall, County Agricultural Agent for Loudon County, has served on the Board of Directors and is a Past-President of the Loudon Club.

He joined the Lions Club in 1957 at Loudon and has had twelve years of perfect attendance. He has served on the District Governor's cabinet as Chairman for Zone II, Region III for the 1966-67 club year. He holds the key

LION McCALL

member award and East Tennessee Eye Bank Award. The Deputy District Governor is an assistant to the District Governor, William Harwell of Kingston. He must attend quarterly Cabinet Meetings, district and state conventions. He must also hold meetings with the Zone Chairman in his region on such matters as service programs, membership status, attendance records, and other problems. Among his other duties are the attendance at regular club meetings during the year and accompanying the District Governor on his visits to the region.

Although it has taken a lot of time, he has not regretted the long hours and miles driven. It took some urging for him from his friends but believe me he says, "I have not regretted my decision. Meeting the needs of those in the community and others has been rewarding. I'm concerned about others because I've seen the wonderful work Lions are doing."

'Operation Amigo' World Relief Effort Aided By Loudon Lions

Loudon Lions Club is quite active in the Lions-Care Program which helps people increase their native food production by giving them tools, improved seeds and other necessary items.

The main program this year is the Pakistan food relief program. The program was adopted by Lion-Care after an appeal for help was made to the international convention at Tokyo last summer.

The Lions-Care story started in Europe in 1946 when people were trying to recover from the war. Lions Clubs and members, with their tradition of compassion, joined the ranks of Americans

who spontaneously rallied to Care's cause. As programs broadened and turned to other continents and to underdeveloped nations, Lions support grew.

In 1962, Lions International took its first official action by recommending Care as a channel for helping victims of the Korean War.

In 1957, Lions were so active that Care intended, and Lions International accepted, an invitation to become a participating member agency.

The largest program ever conducted in a single country took place in 1961-62. Lions

sent Care self help equipment to scores of Colombian villages where Peace Corps volunteers, under Care supervision, worked with the people to raise their living standards.

In a typically diverse program, "Operation Amigo" in 1967-68, Lions helped build 81 schools in five countries and reached 23 nations with other aid ranging from beds for hospital patients to transistor radios for rural educational broadcast.

Loudon Lions Club made a large contribution to "Operation Amigo." The District paid for a small, one-room school and its supplies. The Loudon Lions requested the school be named in memory of the late W.C. Maples, longtime member and a district governor. From mid-1957, when official records began, to the spring 1969, Lion-Care contributions totaled approximately \$500,000. But

there is no way to measure the benefits that have accrued to those who were led from hopeless existence to the chance to build a better life.

LIONS START LOUDON LIBRARY—For many years the Loudon Lions Club through financial contribution operated the Loudon Library in the courthouse. Since that time it has been moved to the old Loudon High School and receives support from city and county sources. Above Lion J.V. Schrimsher and the Librarian are shown putting new books in the shelves.

House Is 'On The Go' As Lions Membership Chairman

W.G. House of Loudon has worked much of his life trouble shooting in his professional work. He's still trouble shooting today for 19 Lion Club.

He is Membership Retention Chairman of Region III, District 12-N. His job as membership retention chairman keeps him out of the sky but it also keeps him on the go.

It is his responsibility to visit clubs in the Region and keep them inspired. He also serves as liaison between the District Governor and the Presidents of the Clubs. He is also Chairman of the Induction of New Members on a Regional basis.

No organization can grow, prosper, and retain its leadership in community affairs without a periodical infusion of new blood. New members bring new ideas, new influence, new enthusiasm and new fellowships. The club whose

officers and members are not continuously and crusadingly alert for new members must stagnate, because a static or declining membership is the first sign of declining service and influence in the community.

It is his duty as membership and retention chairman to inform all clubs in the Region about keeping club members busy because his job is the vital and continued process of making new member into good members. By club participation in a continuing program of activity, you never find a club that becomes a worn out club. Lion Glen says "a busy member seldom becomes a drop-out."

Lion House and his wife Faye have been very active in Lionism through the years. Lions members and their wives recalled the beautiful decorations arranged by Lioness House on many Lions occasions.

Lion House

Lion House appointed as Zone Chairman in 1966-67, Deputy District Governor 1967-68, and Membership and Retention Chairman 1969-69, 1969-70.

LIONS START PARK—The Loudon Lions several years ago started their biggest project, that of building a public recreation and picnic park. The Lions have since sold the park on Roberson Springs Road to the City of Loudon and a \$12,000 development is now underway. Above: Lion Glyn House and Jim Pope put up a sign at the park entrance.

LIONS EXTEND NEW CLUB—Former Loudon King Lion Charles McCall (right) is shown presenting Greenback Lions Club Charter President R. B. Wood with a club bell the night the Greenback Club held its Charter Banquet. Greenback is but one of several clubs extended by Loudon since 1935.

AT LADIES NIGHT—Part of the crowd of Lions and Lionesses are shown at a recent Ladies Night Banquet of the Loudon Lions.

LIONS BOARD MEETING—Members of the Loudon Lions Club Board of Directors from a past year are shown at a Board Meeting held before each meeting.

A JOKE ON SOMEBODY—Lion Bill Napier must have been caught for something by the Tail Twister and Lion Ike Watson, now deceased, gets a good laugh from it, during a Lions meeting.

YOUNGSTERS BENEFIT FROM LIONS—Action in a recent Lions Club Elementary School Basketball Tournament is but one project where both the youngsters and Lions profit.

Congratulations

LIONS CLUB

on your

35th Anniversary

As Loudon's oldest and largest Civic Organization the Lions Club has throughout the years demonstrated its motto "We Serve" by its many activities and projects. We join the entire community in wishing the Loudon Lions Club many more years of success.

HAMPTON FOR TWO - Nancy Hampton (42) leading scorer for the Loudon Redskins Monday night against the Kingston Yellowjackets puts the ball under pressure from Yellowjacket defenders. Loudon won the game 61-58. Hampton had 20 points for the game.

Skins Pull Jacket Stinger, Visit Panther Den Saturday

The Loudon Redskins have taken the sting out of the Kingston Yellowjackets. The Jackets came to Loudon on Monday night with an impressive 4-0 record. On the strength of a great third quarter comeback, the Skins went on to defeat the Jackets by the score of 61-58. The win gives the Skins a 2-1 record.

Next action for the Skins will be on Saturday night as they play the Loudon City Panthers in Loudon. Since the TSSAA state championship game is to be played in Loudon on Friday, the game was reset for Saturday.

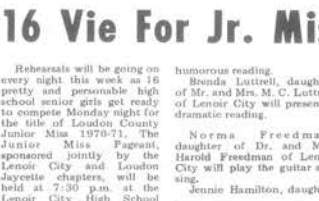

Danny Hendrix was the last minute hero for the Skins against the Jackets. With the Skins leading by 37-66 and less than one minute left in the game, Hendrix fired from deep in the corner and hit nothing but cotton. This gave the Skins a three point lead, 59-56, with less than 30 seconds left. Robbie Parker, Kingston guard, brought the ball down the floor, hit from twenty feet, and tightened the score at 59-58. Hendrix was then fouled, missed the free throw, got his own rebound and hit from 15 feet to ice the game at 61-58.

Yancy Hampton was the leading scorer for the Skins. The junior guard connected for 20 points. Fifteen of his points came in the first half as he scored the Skins' first nine points. He also stole the ball five times and went all the way for a layup. Ray Simmons, giving his finest offensive effort of the season, followed Hampton with 13 points. Other scorers for the Skins were Tom Rastledge (9), Hendrix (8), David Birkhol (5), and Lonnie Hawkins (3).

Leading the way for the Yellowjackets was Austin Clark with 25 points. Clark is a fine guard who is being sought by many colleges including the universities of Tennessee, Kentucky, and Florida. Bob Brookbank followed with 15 points.

The first quarter was close all the way. The Yellowjackets jumped out to an early lead on the shooting of Clark but this was balanced by 11 big first quarter points by Hampton. At the first stop, the Skins trailed by one, 19-18.

ONE WILL BE COUNTY JUNIOR MISS - One of these 16 young ladies, all high school seniors, will be selected as Loudon County's 1970-71 Junior Miss Monday night at a pageant being held at Loudon City High School. 16 Vie For Jr. Miss Title Monday

Rehearsals will be going on every night this week as 16 pretty and personable high school senior girls get ready to compete Monday night for the title of Loudon County Junior Miss 1970-71. The Junior Miss Pageant, sponsored jointly by the Loudon City and Loudon Jaycettes chapters, will be held at 7:30 p.m. at the Loudon City High School auditorium.

Originally scheduled for Saturday night the event was postponed until Monday, Nov. 30, due to a conflict with the Loudon City-Loudon basketball game, which was changed from Friday to Saturday night after Loudon State Football Championship contest.

Rehearsals began in earnest this past Sunday as pageant director John Ferris, assisted by Ronnie Kib and Don Carter, began to tutor the girls in their walk on routines, talent presentations and working the stage-fright jitters from their systems. The girls, all seniors from Loudon City, Loudon or Greenback High Schools are from 16 to 18 years old. They will be judged on appearance, personality, intelligence and talent.

Contestants and their parents names, addresses and talent they will present are as follows: Nancy Jones, daughter of Mr. and Mrs. J. Will Jones, Loudon City, modeling clothes she made and a humorous skit. Karen Bledsoe, daughter of Mr. and Mrs. Lillard Bledsoe of Loudon, will dance. Patricia Hines, daughter of Mr. and Mrs. William Huges of Loudon will play the piano. Gail Jenkins, daughter of Mr. and Mrs. Roy L. Jenkins, Loudon City, will sing. Robert Chambers, Loudon City, and Mrs. Mitchell Brannum, Loudon City will give a dance skit. Marsha Chambers, daughter of Mr. and Mrs. Robert Chambers, Loudon City will present a comedy skit. Angela Boone, daughter of Mr. and Mrs. C. H. Boone of Loudon will perform a special dance. Susie Smith, daughter of Mr. and Mrs. C. F. Smith of Loudon will give a basket twirling routine. Carol Sowards, daughter of Mr. and Mrs. Walter F. Sowards of Loudon City will play the flute. Mrs. and Mrs. Clifford H. Moore of Loudon City, will pantomime and dance. Alice Clayton, daughter of Mr. and Mrs. Ben J. Clayton of Loudon City will give a

rowl Nancy Brooks, Pat Brannum, Janet McKinney, Sita Moore, Carl Sowards and Alice Clayton. Back row-Suzie Smith, Janice Hughes, Nancy Jones, Gail Jenkins, Jennie Hamilton, Karen Bledsoe, Marsha Chambers, Angela Boone, Norma Freedman and Brenda Luttrell.

Yale & Towne Employees Win 50¢-Plus Wage-Benefit Package

Union and management representatives of the Eaton & Towne Loudon City plant signed a new three-year contract last Friday, Nov. 20, after ratification by vote of the employees. The agreement was described as "the largest package settlement" in the history of the plant's operations here.

The wage settlement, which union negotiator W.D. (Dottie) Howell said was "overwhelmingly" ratified Thursday afternoon and night, features a 35-cent per hour general wage increase the first year, to be followed by increases of 8 cents and 7 cents the second and third years. Fringe benefits include the company picking up the cost of hospitalization insurance beginning the second year of the contract, and major improvement of the company-paid pension program beginning the third year.

In addition, the contract calls for wage adjustments for certain classification to bring them in line with prevailing standards paid in the area, it was reported.

Jimmy Hartsook To Appear On Grand Ole Opry Friday

Jimmy Hartsook is scheduled to appear on the Grand Ole Opry in Nashville Friday of this week, Nov. 27, and possibly on Saturday. Ten-year-old son of Mr. and Mrs. Lydia Hartsook, Jimmy has been making frequent personal and television appearances singing and playing his guitar "country style."

Union Vote Set At Marentom

The National Labor Relations Board has set Dec. 3 as the date for hourly employees of the Marentom Corporation's Loudon plant to decide whether or not they will be represented by the United Auto Workers of America Union. Recently the required number of employees petitioned the NLRB to call for the union representation election at the plant which manufactures automotive mufflers, tail pipes and exhaust systems. Marentom opened its plant in Loudon about two years ago and has 100 hourly employees who will be eligible to vote in the election. The total employment in the plant including salaried employees is about 400.

Maryville-Cleveland To Meet in Loudon For Grid Crown

The Tennessee Secondary School Athletic Association Monday officially announced that Loudon would be the site of the State AA Division Football Championship game between the Rebels of Maryville High and Blue Raiders of Cleveland High. The game was also played at Dukes Field at Loudon High School with kick-off slated for 7:30 p.m. Friday.

Besides representing Loudon County in the 1971 State Junior Miss Pageant, the county title holder will win a \$100 cash scholarship, a money scholarship and numerous merchandise prizes. He is selected by the judges and will be crowned by the present county title holder, Vickie Linder of Loudon City.

With the recent addition of the Automotive Loan business brought here last summer from Roanoke, Va., the Loudon City plant is the sixth largest in the world-wide Eaton Yale & Towne organization. It is difficult to say at this point how much additional money the wage increases will release into the area economy. Since many of the employees are on an incentive system, the basic 35 cents per hour will amount to more than that as the worker achieves more than 100 percent of production quotas, it was explained.

LIONS QUEEN - Loudon Lions Club Queen of 1970, Mrs. Jack Fickey, is presented with a bouquet of flowers by King Lion Ben Surratt after she was chosen for the honor at the Lions 35th Anniversary and Ladies Night Banquet last Thursday night.

Lions 35th Anniversary Marked By Fun-Challenge

W. L. "CHIT" Butler of Chattanooga, past Lions International District Governor, speaker at the 35th Anniversary Ladies Night Banquet of the Loudon Lions Club last Thursday night, challenged the Lions to put America back into motion to stop the growing Communist influence in the country. Some 125 persons attended the banquet held at the VFW Club.

Mr. Butler, said by other Lions who believe strongly in the Lions motto of "Service to Mankind," were trying to stir the Lions of the nation into action. Mr. Butler said the Communist plan of world domination set forth by Karl Marx 75 years ago was 13 years ahead of the 100 year schedule, meaning that something had to be done in the next 10 years or liberty in the free world would be nonexistent. Mr. Butler said the Lions of the free world could wipe out the three problems posed by the communists through their efforts on the young people of today in erasing

drug abuse, violence and war and also combat out environmental pollution problems by getting America back in forward motion. He said that Communism is in motion, but Americans have become complacent and are letting a handful of revolutionaries tear the country toward Communism. Prior to Mr. Butler's speech, Lions Club President Ben Surratt, recognized three members of the Loudon Lions, Dr. J. R. Watkins, A. C. Dukes, and W. V. Kirkland as charter members of the club who are still active. About 12 of the former presidents of the Lions were also recognized. The Lions and their Lionsess were entertained during the evening by the Merry-makers, a local singing group, and by jokes from Master of Ceremonies A. C. Dukes. At the conclusion of the meeting a drawing was held in which Mrs. Jack Fickey was named Lions Club Queen and received a dozen roses. During the meeting the Loudon Lions Club, the (continued on page 7)

Miss Slessinger, Mr. Harris Pledge Wedding Vows

Miss Jonnie Bernice Slessinger became the bride of John Edgar Harris in a candle light ceremony before an arch of greenery Friday, Oct. 30, at 8 p.m. at the West Broadway Baptist Church. The Rev. James Blakney of Warburg officiated at the double ring ceremony.

Parents of the couple are Mr. and Mrs. John Slessinger, Jr. of Lenoir City Rt. 3, and Mr. and Mrs. Fred Harris of Loudon Rt. 3.

Grandparents of the bride are Mr. and Mrs. Otto Hale of Lenoir City. She is the great granddaughter of the late Mr. and Mrs. Frank Gooden. The groom's grandparents are Mr. and Mrs. John Williams of

Lenoir City. Nuptial music was presented by Mrs. Doris Mogan, organist, and Mrs. Vera Mogan, vocalist, who sang, "Always," and "Because," and Mrs. Lorenne McConkey, vocalist, sang, "Whither Thou Goest," and "The Lord's Prayer."

Given in marriage by her father, the bride wore an Empire A-line gown of white satin with a rolled collar and long, tapered sleeves. Silver cord trimmed the waist, bodice and sleeves and edged the chapel-length train. Her veil of illusion was held by a Juliet cap of seed pearls and rhinestones, and she carried a white Bible topped with a white orchid with streamers. Her jewelry was a pearl pin that belonged to her great grandmother, the late Mrs. Gooden, and a pearl necklace, a gift to the bride from Mrs. John I. Cox of Lenoir City. Mrs. Sandra Alexander of Kingston, bride's maid, wore the Honor. Bridesmaids were Mrs. Brenda McDonald, cousin of the bride, Mrs. Margaret Presley, sister of the groom, Miss Clay Lancaster and Miss Phyllis Morgan. They were floor-length

gowns of lime green with rounded necklines and butterfly sleeves. Each wore a matching headpiece of illusion held with a white velvet bow, and they carried a single red rose with white velvet streamers.

The gowns of the bride and her attendants were made by the bride's mother. Buster Presley served his brother-in-law as best man. Ushers were Gerald Slessinger, brother of the bride, and Wayne Presley, uncle of the groom. Miss Rosie Watts kept the bride's book.

For her daughter's wedding, Mrs. Slessinger wore deep blue polyester with matching cape and navy accessories. The groom's mother wore aqua with black accessories. Each wore a white carnation corsage.

A reception was held at the home of Mr. and Mrs. Paul Amos, cousin of the bride, assisting were Mrs. Barbara West, cousin of the bride, Mrs. Joyce Stiles and Mrs. Betty Blakney of Warburg. The new Mr. Harris is a graduate of Lenoir City High School and of Knoxville Business College. She is

observation and treatment. Mrs. Clarence Potter suffered a broken ankle at her home here Tuesday and underwent a 4 hour operation in Blount Memorial Hospital to repair the break. Mr. and Mrs. Potters daughter, Mrs. Betty Mastin suffered back injuries in a car wreck in Huntsville, Ala. two weeks ago and is reported improving.

Miss Mae Lowry is at home from a 10 days treatment in the Blount Memorial Hospital.

Mr. Oscar Elam continues to improve at hospital at his home on Ft. Loudon Lake.

Mr. and Mrs. James Chapman (Darlene Rogers) of Marietta, Ga., spent the weekend with Mr. and Mrs. Glen Rogers, and Mr. and Mrs. Charlie Chapman.

Mr. Fred Pippa spent the first of the week attending the Tennessee Farm Bureau Convention in Nashville.

Mr. and Mrs. Miles Mitchell were visiting friends in Maryville Saturday.

Miss Helen Kerr is gradually improving from illness at her home here.

Mrs. J.V. Akers was honored by Mrs. E.D. Byerley and Mrs. P.K. Greenway on Monday with a birthday anniversary luncheon.

The Rev. and Mrs. A. Gilliland will spend Thanksgiving with their son Mr. Bruce Gilliland and family in Charlotte, N.C.

Mr. Emmo Patterson is reported suffering from illness at his home here.

Mr. Fred Pippa and Mr. Frank Hill attended the meeting of Loudon County Stock Association in Loudon Friday evening.

Mr. J.E. Hammonree visited Wednesday with her son, Mr. Ben Hammonree in Blount Memorial Hospital. It is reported gradually improving from illness.

Dr. A.H. Cropp was taken from the home of his son, John Cropp in Boston, to a local hospital and is reported quite ill, with a bronchial infection.

Mrs. Ed Henderson and Mrs. Blanche Hall visited friends in Maryville Friday.

Little Nancy Mitchell is improving from major leg surgery and the cast and braces have been removed.

Mr. and Mrs. Carl Tipton and family of Chattanooga were weekend guests of Mr. and Mrs. Joe Turk.

The usual 5th Sunday evening sing will take place next Sunday at 7:30 p.m. at the Greenback Methodist Church. Glen Rogers will be in charge of the program.

Meredith-Miller Vows Said At Oak Ridge

Miss Beverly Ann Miller became the bride of Mr. John Budh Meredith, Jr. November 7, at Robertsville Baptist Church in Oak Ridge. She is the daughter of Mr. and Mrs. David Earl Miller, Oak Ridge, and Mr. Meredith is the son of Mr. and Mrs. John Budh Meredith, Richmond, Virginia.

Dr. Lee Morris, pastor of the church, officiated and the music was presented by Mrs. Ronald Hughes, organist, Mrs. W.T. McDuffee, violinist, and Mrs. Thomas Hamrick, soloist.

The bride, given in marriage by her father, wore a gown of white satin and Alencon lace. Her veil of illusion was held by a headpiece of beaded lace petals, and her flowers were

gardenias. Mrs. Williams James of Atlanta was matron of honor, and bridesmaids were Mrs. Thomas McCowan of Cincinnati, sister of the bride-groom, and Mrs. Charles Cole of Memphis. They wore avocado green velvet dresses trimmed in beige antique lace and carried chrysantheums in shades of bronze.

Mr. Meredith served as his son's best man. Ushers were Mr. Thomas McCowan, brother-in-law of the bridegroom, and Mr. Thomas Richardson Roanoke, Virginia.

A reception was held at the church following the ceremony.

The bride graduated from Oak Ridge High School in 1965 and from the University of Tennessee in 1969 with a B.S. degree in interior design.

She was employed for a year following graduation as an interior designer for Holiday Inn, Inc. at their home office in Memphis, and she is currently a designer in sales and display with Bradford Shoemaker, Inc., of Memphis.

The groom is a 1967 graduate of Walsby Forest College, Waco, Texas, N.C., with a B.A. Degree in Economics. He is regional sales representative for the Packaging Division, Reynolds Metals Company, Memphis.

After a honeymoon trip to The Homestead, in Hot Springs, Va., the couple is at home 2828 South Meridenhall Road in Memphis.

Local relatives of the bride attending the wedding included Mr. and Mrs. Herbert Shell and Gary; Mrs. Eugene Dyer and Sharon, all of Putlandville; Mr. Jack Bueker and Janet; and Mrs. Ormer Wells of Loudon. Mr. and Mrs. Lee A. Purdy of Church Hill also attended. Mrs. Shell, Mrs. Dyer and Mrs. Purdy are aunts of the bride; Mrs. Wells is her great aunt and Mr. Rowland is her uncle.

The bride's parents are former residents of Philadelphia.

MODERN DRUGS CONTEMPORARY USE

ILLLEGAL ABUSE by Lester Avenue Pharmacist

Louis Pasteur, born eighteen twenty two, in a small town in France, was by far one of the earliest pioneers in the ever existing battle concerning bacteria and the cause, effect and cure of and with microorganisms. His studies, often scoffed at by his associates on fermentation have been the basis for much of the progress being made today in the field of antibiotics. Among his many credits, he introduced the process known as "pasteurizing" to the world, and affected the series of rabies injections that will prevent the excruciating, agonizing death of the victims of rabid animals diseased bites.

LEADS EFFORT—Tommy Ratledge, captain of the Redskins basketball team, drives for two of the 24 points he scored in leading the Redskins effort against McMinn Central. Central won the battle 56-50.

Loudon Loses Contests At McMinn Central

The Loudon Redskins and Lassie traveled to McMinn Central Friday night and both returned home losers. The Skins dropped a close 56-50 decision while the Lassies fell to the tune of 37-32.

The only Redskin who was able to find the range was captain Tommy Ratledge. The senior guard ripped the nets for 24 big points. Ratledge hit on 11 of 22 field goal attempts. Lonnie Hawkins followed Ratledge with seven points. Other scores for the Skins were Yancy Hampton (5), Danny Hendrix (4), Ray Simmons (4), David Birkholz (4), and Richard Harrison (2). Hampton fouled out midway through the third quarter and Ratledge fell victim in the

fourth quarter. Aderhold, 6'7" sophomore center, was the leading scorer for the Chargers. Scoring mostly from in close, he hit for 18 points. Simpson was next with 14 points. All of Simpson's points came in the first half.

Lonnie Hawkins led the Skins rebounders with 14. Tommy Ratledge and David Birkholz followed with seven retrieves each.

The Skins never led in the game. At the end of the first quarter the Chargers were on top by 12-6. By halftime they had stretched their lead to 12-34-22. The Skins began to comeback in the third quarter and cut the lead to seven, 42-35, at the end of the quarter. The fourth quarter saw the Skins cut the lead to two but they were never able to overtake the Chargers and the McMinn Countiam went on to win by the score of 56-50.

The story of the game can be seen in the shooting percentages. The McMinn Central girls hit on 22 of 49 attempts while the Lassies could hit only 27 (12 of 44) percent of their shots.

Karen Armstrong and Wanda Wardrop were the big offensive guns for the McMinn Central girls. Miss Armstrong hit four 36 points while Wardrop followed closely with 24.

Dianna Dorsey was the only Lassie to score in double figures as she hit for 10 points. Freshman Jane Shubert was next with six. Other scores for the Lassies were Marilyn Smith (4), Helen Gentry (4), Sue Jaynes (3), and Rollin Watson (1).

Loudon Boys and girls were victorious. The B-team boys prevailed by the score of 40-24 while the girls came out on top by 37-32.

Nine players got into the scoring act for the Junior Redskins. Ronnie Leasons was the leading scorer with nine points. Three players, Ricky Alexander, Dale Anburn, and R.L. Braum followed with six points each. Other scores for the Skins were Bill Collins (4), Ricky Mesamore (3), Rodney Helms (2), Tim Jones (2), and Gary Harvey (2).

It appeared for a while that neither team would score, but once things got moving the Skins never trailed. After leading at the first stop by 8-5, the Skins stretched their lead to five, 16-11, at halftime. At the third stop

Skins led by 27-17 and went on to win by 40-24.

Jane Shubert and Marilyn Smith were the big guns for the Junior Lassies. Miss Shubert hit for sixteen points while Miss Smith followed closely with fifteen. Debbie Thomas added six points. The leading scorer of the game was Central's Brown. She hit for twenty-four big points. Dickey and Fang added six and two points respectively.

At the end of the first quarter the contest was deadlocked at 8-8. Even though the Lassies hit only one field goal in the second quarter, they made good use of eleven free throws, to take a 19-14 halftime lead. In the second half, the Lassies were able to maintain their five point lead and went on to win by the score of 37-32.

WEBSTER'S REFERENCE TO SPORTS

By JOE WEBSTER

In Jacksboro, on the night of November 14th, it rained out of buckets. There was mud, enough mud for everybody to share in. It was a miserable night for a football game. But neither rain, nor hail, sleet, or snow could stay the Mustangs from their appointed mission: WINNING THE VOLUNTEER CONFERENCE CHAMPIONSHIP. The Mustangs, ages 10 to 12 with a 90 pound weight limit, had earned a shot at the title by compiling an impressive 11-1-1 record in regular season play. The young stalwarts of coaches "Jam Up" White, Phil Watkins, and J.J. Watkins amassed 272 points to the opposition's 32. And, of those 32 points, only 14 were scored against the Mustang starters.

This 1970 Mustang squad was really built from the ground up. Only three boys were on hand from the 1969 team so the coaches had their work clearly cut out for themselves.

There were twenty boys that carried the load for the Mustangs: "Bumper" Webster, Freddy Starritt, Eddie Ester, Greg Deatridge, Mike Walker, Mark Moore, Donnie McCollister, David Black, Conway Dukes, Steve Jaynes, Ricky Lovin, Paul Watkins, John Greer, Sam Stewart, Ben Fields, Mike West, Mark Blair, Carter Cardwell, Bill Zeeb, and Steve Watkins. The success of the Mustangs was most definitely a team effort.

If you look closely at the Mustang's 1970 record, you will note that 10 of their 13 opponents were shut out completely. That's right, TEN BIG CONSECUTIVE! Now friends, I ask you, is that defense or is that DEFENSE? Don't you know brother Ratledge loves that brand of football? And so does brother Dutton and brother Windle.

Thus, the Mustangs, operating out of the T and Winged T, won 11, lost 1, and tied 1. This record gave them the State Division championship in the Volunteer Conference and set up their "Super Bowl" game with Clinton, the Northern Division champion. Clinton had finished their regular season with a perfect 10 and 0 record.

Besides the terrific foul weather conditions in Jacksboro on November 14th, the lights also suddenly went off and stayed off for about an hour during the game that preceded the Mustang-Clinton clash. A bird, apparently flying below the hideous weather, smacked into a transformer and "popped" out the lights.

Finally, the big game got underway. Clinton opened in, of all things, the "Shotgun" offense. They should have stayed in bed, the Mustangs didn't budge an inch and the first half ended 0-0.

The Mustangs got on the board in the third quarter with "Bumper" Webster going some 20 yards for the touchdown. The extra point failed.

Clinton took the kickoff and in their series of downs, they tried a pass. Guess who caught it? Steve Watkins, that's who. The Mustangs promptly drove the ball into the land of milk and honey with "Bumper" scoring from seven yards out. Carter Cardwell ran the extra point over and it was 14 to 0, Mustangs. And that's the way it ended. The long road had ended, THE MUSTANGS WERE THE CHAMPIONS!

Mustang fans, at that point, thought it was a beautiful day. The rain and the mud became secondary, what counted was the Volunteer Conference Championship.

After the game, the coaches, the players, and some of the parents had supper at the "Burger House" in Clinton. "Jam Up" White couldn't eat all of his supper. He said that the hamburgers were just too big. But that wasn't "Jam Up's" problem. He was still up in the clouds over that fabulous victory. I mean, it's not everyday that your team wins the VOLUNTEER CONFERENCE CHAMPIONSHIP.

Goodnight everybody.

Lynn Dorsey provided the main scoring punch for the Lassies as she scored 19 points. Dianna Dorsey followed with 11. Other scorers for the Lassies were Marilyn Smith (4), Sue Jaynes (4), Jayne Schubert (3), and Robin Watson (2).

Carolyn Bush was the games leading scorer with 28 points. Debbie Harris aided the Kingston cause with 20 points. Vickie Abernathy also scored in double figures with 12.

Loudon's B-team boys ran their record to 2-0 with a convincing 43-33 win over the junior yellowjackets. The Skins led at all stops, 10-6; 24-19; 33-26; and 43-33. Ronnie Lemons and Rodney Blevins led the Skin scoring with 10 points each. Freshman H. L. Brasum was next with seven. Flowers
 By Katherine Prealay
 The "Snow Ball" is called "Rosa".
 The common snow ball bush we are growing here in the United States has a different name in the rest of the world. Throughout the world this lovely flower is known as the "Guelderrose." Its name is derived from the Dutch province of Guelderland. Because there is where this lovely flower originated. So if you are in France, Spain, Mexico - or in any part of the world, the name "Snow Ball" will mean nothing, but by saying Guelderrose they know just exactly the flower you are referring to. In any language - a flower has a message. Send flowers - they are God's greatest creation.

KING LION LOSES TIE—Lions Club Tail Twister Bernie Swiney takes the scissors to Lion President Ben Surratt's tie, after the Tail Twister adjudged the King Lion of some offense during the Ladies Night Banquet last Thursday. Surratt's wife, Polly, gets a big laugh out of it, and Ben laughs too, knowing there is no future in resisting a Tail Twister.

BUTLER SPEAKS TO LIONS—W.L. "Cliff" Butler, a noted speaker at Lions Club functions is shown speaking to some 125 persons attending the Loudon Lions Club 35th Anniversary and Ladies Night Banquet last Thursday night.

Sgt. Shubert Wins Flying Cross for Achievement
U.S. Air Force Staff Sergeant Beecher W. Shubert, son of Mr. and Mrs. J.M. Shubert, Rt. 2, Loudon, has been decorated with the Distinguished Flying Cross for extraordinary aerial achievement in Vietnam.
Sergeant Shubert is a 1955 graduate of Lenoir City High School. His wife, Judy, is the daughter of Mr. and Mrs. Lawson Canipe, 2145 Wallace C-130 Hercules flight engineer. While on a vital resupply mission to the besieged forces at Khe Sanh his aircraft was hit by a barrage of enemy fire and forced to land.
Diagnosing his personal safety, Sergeant Shubert subjected himself to incoming mortar and rocket while making the necessary repairs so his crew could complete their mission.
He was awarded the medal at Little Rock AFB, Ark., where he now serves with a unit of the Tactical Air Command.

and we mentioned some of the places around Philadelphia that a lot of us from the good old days would remember. We can recall some of our childhood days when we lived in Philadelphia, and not only our school days, but our scout days too. The scouts were under the direction of the able hands of Mr. Don F. Grove, who was a very good scout master and myself and other boys we knew learned much from him.

Possibly our thinking and writing about Philadelphia was motivated by another picture we have this week, which was taken in Philadelphia at what most of us know as the Old Steel Bridge, which is on the road leading out to the Grove farm, and was a place we always enjoyed visiting in our scouting days. The young ladies in this picture are Reba McCrary Randle and Georgia Ruth McCrary Carter, sisters who grew up in Philadelphia.

We would like to have more pictures from around Philadelphia, and would appreciate hearing from our readers down this way. We were talking to Raymond McJunkins the other week, and he said he had some old pictures to loan which he could remember to bring them to us. Maybe in the next few days Raymond will get time to bring these to us.

We are always glad to get pictures of family groups, and this week we have one taken many years ago somewhere in Loudon County, but where, we are not sure, but as was the custom in those days, people would get as many of their relatives together as they could and have their picture made. We don't know the identity of but one person in this picture, but we do know what family it was. Maybe others can help us to identify more of them. This is the Skidmore family and the young lady front row center is the late Mrs. Susie Skidmore Watts, who was well-known in Loudon. We would like to thank her daughter, Mrs. Lillian Bledsoe for the loan of the picture of her mother's family.

We also have another picture that Lillian loaned us. It shows a couple of young boys playing under what we think is the front porch of one of their homes. It may seem a little unusual to our present day children to see kids playing under the floor, but it used to be a common practice, and a good place to get your overalls good and

Cheyrl Hutton Honored At U-T

Cheryl W. Hutton of We stated at the time we ran the picture that if we could find out who they were, we would get back to this.

Well, they have been identified as the late Rachel Skidmore and her daughter Carolyn. Our thanks to those who called to help us out with this old picture.

Well, that's it for now, see you next week.

Greenback was honored at the College of Home Economics Annual Achievement Night at the University of Tennessee, Knoxville.

She won a National Science Foundation Fellowship Award and is a graduate student studying food science and institution administration.

BLOCK THAT SHOT—Ray Simmons, 43, and Danny Hendrix, 31, of Loudon work hard to block a shot from a Lenoir City player. Loudon came out on top, 59-57.

Redskins Clip Panthers, Girls Lose In Overtime

At one time when the Loudon Redskins Basketball team traveled to Lenoir City it meant almost certain defeat. It seems now that the Redskins have forgotten where they are playing because for the second straight year they have traveled to Lenoir City and returned as winners. Last year the Redskins came from behind in the fourth and final period to defeat the Panthers by the score of 65-58. Saturday night they played it a little closer as they prevailed by only two, 59-57. The win over Lenoir City puts the Redskins in good position as far as District Eleven action is concerned.

Blaze Damages Loudon Home

The home of Dr. and Mrs. W.B. Harrison, Mason Lane, Loudon, was damaged by fire last Friday. The Loudon Fire Department received a call to the home at 11:38 a.m., Fire Chief Charles Varner said. Chief Varner said when the fireman arrived smoke was coming from both ends of the rambling home and flames were coming through one area of the roof. The fire damaged was confined to two rooms in the house, the attic where most of the fire was centered, but smoke and water damage occurred in other sections of the house. Mrs. Harrison said that gutting work was underway on the house and it is possible that this was the source of the fire, but it is not known for sure. She said nine of the big roof timbers were destroyed in the fire, but the damage to the house not extensive. (Continued on page 6)

Fire At Bacon Hosiery Plant Does Little Damage

A small fire broke out in the knitting department of the Bacon Hosiery Mill plant in Loudon early Monday afternoon, but was quickly extinguished by the plant's sprinkler system, Loudon firemen and plant employees. Company president Ed Olfers at the scene later said that the fire apparently started as workers were using cutting torches to tear out a conveyor system. Sparks from the torches apparently hit some of the curvas baskets on the conveyor system causing the blaze. Although the fire damage was very slight smoke filled the large building and the sprinklers dumped a considerable amount of water onto the floor of the department. It took plant employees several hours to clear the building of water and get the department back into production. Damage was estimated at less than \$1,000.

CLEANING UP—Employees of Charles H. Bacon Company are shown sweeping water out of the hosiery mill in Loudon after a slight fire Monday morning in the knitting department that occurred at workers were removing a conveyor system.

TOP FIVE—Chosen from the sixteen contestants as the top contenders for the title of Loudon County Junior Miss were, from left, Carol Sowards; Janet McKinney, piano accompaniment of the melody "Ebbtide." Then, Nancy Brooks, Junior Miss - 1971 after Monday night's pageant sponsored jointly by the Lenoir City and Loudon Jayettes.

Nancy Brooks Wins Jr. Miss Title

Miss Nancy Brooks, daughter of Mr. and Mrs. Buddy Brooks of Greenback, is the new "Loudon County Junior Miss - 1971" after Monday night's pageant sponsored jointly by the Lenoir City and Loudon Jayettes. She was selected by a panel of judges from among 16 contestants who danced, played, sang, and modeled sportswear and evening gowns to the cheers of the crowd in the Lenoir City High School auditorium. The new Junior Miss sang a medley of songs carrying a favor of the deep South for her talent presentation. Selected as first runner-up was Miss Suzie Smith, daughter of Mr. and Mrs. E. Smith of Loudon. She presented a baton twirling routine. Miss Janet McKinney, daughter of Mr. and Mrs. Vernon McKinney of Lenoir City, received the trophy for talent. She played the oboe to her own tape-recorded piano accompaniment of the melody "Ebbtide." Then, halfway through her performance, she put down the oboe, moved to the piano and completed the number with her own keyboard arrangement. Two others were selected in the top five contestants. They were Miss Carol Sowards, daughter of Mr. and Mrs. Walter F. Sowards of Lenoir City, who played the flute, and Miss Angela Boone, daughter of Mr. and Mrs. C. H. Boone of Loudon, who performed a Spanish dance. The trophy of "Miss Congeniality" chosen by the girls, went to Karen Bledsoe, daughter of Mr. and Mrs. Lillard Bledsoe of Loudon. Miss Brooks was crowned the new Loudon County Junior Miss by last year's First Runner-Up, Miss Linda Williams. She substituted for and read a message from last year's Junior Miss, Miss Vicki Lindner, who is away at college. Special entertainment was provided by "The Infinite Weight" rock band group. Judging included consideration of scholastic averages, personality, poise, talent, and appearance. Radio station WBLC manager Ray Stockard was the master of ceremonies. Director of the pageant was John Parra. Mrs. Gary (Sheena) Lindner is president of the Lenoir City Jayettes and Mrs. Don (Faye) Holt is president of the Loudon Jayettes. Loudon Jayette State Director Mrs. Judy Stogden substituted for Mrs. Holt who could not be present, in the presentation of trophies. Other participants in the (Continued on page 12)

LOUDON COMMANDO IN POW CAMP RAID

Sgt. First Class David A. Lawhon, 36, son of Alec Lawhon, Freedman St., Loudon, was a member of the ground force used in the much publicized raid on Son Tay Prison Camp near Hanoi in North Vietnam, recently. Sgt. Lawhon, who grew up in the Paint Rock Community of Loudon County and attended school in Loudon County, is a career soldier with 15 years of service. He has served in Germany and is in Vietnam for his second tour of duty during this conflict. He has served with the Army's crack Green Beret for many months. The father of Sgt. Lawhon was not aware of his son's participation in this move at Son Tay to free captive American soldiers held by the North Vietnamese until the recent defense department dispatch release. Sgt. Lawhon is the most

Two Charged Following Knife Fight At Game

Reports are that Weir and Bell, both strong, well built athletes, were matched in fisticuffs when the knife occurred. Chambers is alleged to have brought the knife into the fight. He also received a cut on the hand but was not reported as treated in Loudon. Mitchell Bell, 19, a high school allstate football player, now at the University of Tennessee at Chattanooga, and Scotty Chambers, also 19, were charged after a fracas with former Kingston All-East Tennessee footballer Clay Bell, 19, and Arthur (Woody) Stanley, 20. Bell, now a scholarship football player at Middle Tennessee State University at Murfreesboro, sustained knife wounds in the abdomen, chest, hip and back, which required 134 stitches to close. Stanley was cut in the upper chest and his wound required 60 stitches. Both were treated in the emergency room of Bacon Memorial Hospital at Loudon, and were able to go home that night. An aftermath of the fight resulted in injuries to another former Kingston football star, Neal Scalf, who sustained a fractured nose and a slight concussion when the two Cleveland youths allegedly attacked him at the hospital. Scalf was admitted to Oak Ridge Methodist Hospital on Nov. 28 and released that day. Warrants were brought against Weir and Chambers by Albert Bell and Charles E. Stanley, fathers of the boys suffering knife wounds. Chambers was charged with felonious assault and Weir with aiding and abetting. Hearing in the case is set for 3 p.m. Dec. 12 before Loudon County Sessions Judge Tom Ingram. Loudon County Sheriff Freeman Russell said the fight at the football game which all the boys were spectators, apparently started sometime during the fourth period.

Mrs. Bill Brewer of Loudon was appointed as parliamentarian. Mrs. Dorothy Clawson of Morristown, second district president of Tennessee Federation of Republican Women, was present for the occasion and installed the new officers.

Mrs. Clawson spoke to the group attending and said, "I am very happy to see so many women here tonight, especially since the election is over." She also announced that the regional meeting of the Federation of Republican Women would be held at the Mountain View Hotel in Gatlinburg on Friday and Saturday, April 23 and 24, 1971. She said that Governor-elect Winfield Dunn has been invited to be the guest speaker for the luncheon and that Senator Howard Baker, Senator-elect Bill Brock, and Republican Tennessee Congressmen have also been invited. Following the installation of officers, Mrs. Henley presided with the business session, at which time a tea was planned for Sunday afternoon, Dec. 6, at the Lenoir City Unites Building beginning at 4 p.m.

LETTERS TO THE EDITOR

Dear Mr. Cate: Like so many investigations and studies, there is great danger now that the educational needs brought to attention by the recent charette will get no more attention. There is great need for a continuing effort to determine what is most needed in each school and

each system and especially to persuade the tax payers to provide the money to make these improvements. So far, no follow through organization has been established and the need is great. Last year, the Education Committee of the Citizens Community Council formed

at least part of the spark plug that got things going so that we now have an analysis of the schools and the tri-county organization that developed the charette.

Now we need an organization to continue the work, and possibly a revival of this committee would be as good an organization as could get. One of the committees appointed by Chairman Curtis Moorer in charge with seeking ways to develop more vocational training in the areas. These people could help, and be helped by, a citizens group working for the general upgrading of our schools. Some of the Lenoir City schools and at least one Loudon school have developed active parent-teacher organizations. These organizations certainly should be interested in continuing the work of the charette.

The important thing is that something should be done. H. M. Adams

Redskins Clip Panthers 59-57, Girls Lose

(Continued from page 1)

The lead was still at four points until a fielder by David Birkholz brought the Skins to within one, 54-53, with three minutes remaining. Collins and Hampton exchanged free throws and the score stood at 55-54. Two free throws by David Lyle and a fielder by Hampton made the score 57-55 with Lenoir City on top with two minutes to go.

The Skins were again able to get possession of the ball and Richard Harrison was fouled. The reserve forward calmly sank two free throws and the Skins led by 58-57 with 1:43 left. The Panthers brought the ball down court and again big Ray Simmons blocked Lyle's shot and the Skins had the ball. The Skins then began to stall. With only 15 seconds left in the game, Loudon guard Tom Rallege walked with the ball and the Panthers had their chance.

Junior Collins led the assignment of trying to put the Panthers back top. He missed from 25 feet and Rallege, smallest man on the floor at 5'7", ripped off the rebound. The Skins then lost the ball out of bounds and the Panthers had another chance with 12 seconds left. Lyle's shot went astray and Hampton rebounded and was fouled by Ed Shopley. Only four seconds remained on the clock. Hampton hit the first of two free throw attempts and the Skins won by 59-57.

Again Yancy Hampton was the big gun for the Skins. The junior guard ripped the nets for 24 big points. Tom Rallege added 16, Ronnie Hawkins (6), and David Birkholz and Richard Harrison with two each. Hampton and Simmons led the Skins rebounder with eleven and nine retrieves respectively.

Junior Collins led the Panther effort with 23 points. Randy Tatham and David Lyle followed with 11 and nine points. Tim Cunningham and Russel Johnson hit for seven points each.

After trailing for the entire game, the Loudon Lassies came roaring back near the end only to lose a hard fought 53-48 decision to the Panthers in overtime. The loss gave the Lassies an 0-5 record for the season.

Nancy Bowman, one of the leading scorers in the district, was a real thorn in the side of the Lassies. Shooting a jump shot that would match those of most boys, Bowman ripped the nets for 34 points. Alice Quillen and Betty Chrisman added 11 and eight points to the Pantherette cause.

Lynn Dorsey was the leading scorer for the Lassies with 21 points. Sue Jaynes followed with 14. Other scorers for the Lassies were Dianna Dorsey (8), Marilyn Smith (3), and Jayne Shubert (2).

The Lassies fell behind early in the game and trailed by six, 15-9, at the end of the first quarter. By halftime the Pantherettes had stretched

their lead to 33-25. The Lassies were able to stay close on the strength of 10 second quarter points by Lynn Dorsey.

In the third quarter the Lassies were able to cut Lenoir City's lead to five, 43-38. The fourth quarter belonged completely to the Lassies. They outscored the Pantherettes by 10-5 in the quarter and a field goal by

Sue Jaynes near the end of the quarter won the game into overtime with the score knotted at 48-48.

Nancy Bowman was the complete show in overtime. She connected for three free throws and one field goal to ice the game. Those were the only points scored and the Pantherettes prevailed by 53-48.

Their first game of the season by dropping a 53-43 decision to the Junior Panthers. They fell behind early in the game and were never able to catch up.

At the first stop the Skins trailed by 15-5. By halftime the Panthers lead was stretched to twelve, 28-16. At the third stop the Skins trailed by 36-27.

leading scorer for the Skins with 13 points. Dale Amburn also scored in double figures with 11. Other scorers for the Skins were Ronnie Lemons (8), Ricky Messamore (5), Rodney Blivins (4), and Tim Jones (2). Hoob (14) and Brackett (13) were the leading scorers for the Panthers. Cook also scored in double figures with 12.

LONNIE UNDER THE BASKET—Lonnie Hawkins with a total of six points for the evening, goes under the basket to shoot as the Redskins met the Lenoir City Panthers, Saturday night.

HAMPTON FOR TWO—Yancy Hampton, leading scorer for Loudon against the Panthers, scores two points here. The junior guard ripped the nets for a total of 24 points in the game.

Redskins Get Third District Basketball Win

Victory number four belongs to the Loudon Redskins' basketball team. The Skins ran their record to 4-1 Monday night with a 74-64 victory over a much improved Midway team. Their district record now stands at 3-0. Loudon's Lassies lost their sixth straight game by dropping a 41-27 decision to the always powerful Midway girls. Loudon took the B game by the score of 46-43 to run their record to 3-1.

Midway proved to be much stiffer competition for the Skins than expected. The Skins fell behind in the first quarter and had to fight for their life throughout the first half. Midway jumped off to an early 20-13 lead in the first quarter. With four minutes left in the first half the Skins had caught the Green Wave and a leader by Yancy Hampton gave the Skins the lead at 25-23. The Skins never again trailed in the game. At halftime the Skins held a slim three point lead, 34-31.

The Skins were able to get some breathing room in the third period as they outscored the Wave by 20-12 and led by 54-43. With

FORWARDS AFTER THE BALL—All three Loudon forwards close in on a Lenoir City guard to gain repossession of the ball. From left to right are: Sue Jaynes, Lynn Dorsey, and Dianna Dorsey.

Ray Simmons had his best night ever as a rebounder. The highjumping Redskin center swept the boards clean by pulling off 27 big rebounds. Lonnie Hawkins followed Ratledge with 12. Yancy Hampton and Ray Simmons added 11 and 10 respectively. Also scoring for the Skins were David Birkholz (8), Richard Harrison (7), Greg Cagle (4), Jim Greenway (3), Ronnie Lemons (2), and Bill Collins (1).

Lynn Dorsey was the leading scorer for the Green Wave. He ripped the nets for 15 first half points and ended the game with 21. Randy Gordon and Bryson also scored in double figures. Gordon hit for 16 points while Wood added 10.

Midway's girls led all the

Maryville Succeeds Loudon As AA Champs

BEAVER'S 60 YARD RUN—Red Rebel quarterback Tom Beaver, 12, makes a fifty 60 yard punt return down the sideline in the first half of the Championship game at Loudon last Friday night. Leading the way for Beaver to score is end John Emert and tackle Darrell Hickman.

MARYVILLE'S BOB HOOD GAINS—Bob Hood leading ground gainer for the Red Rebels, last Friday night with a total of 163 yards in 14 carries, breaks loose for some extra yards. Hood scored two of the Maryville touchdowns on runs of 34 and 23 yards. Robert Ware of Cleveland, 27, crosses in from the side to stop Hood.

Rebs Defeat Cleveland 42-14 Here

Maryville High School's Red Rebel football team has succeeded the Redskins of Loudon as Tennessee AA Football Champions. The Rebels, Region 1 Champions, defeated Region 11 champs, Cleveland, 42-14 at Loudon High's Duke Field before some 4000 fans last Friday night.

The Red Rebels, finishing the season with a 12-0 record, exploded for 28 points in the first half in winning their 14th straight game.

Halfback Bob Hood, gaining 163 yards on 14 carries, scored on runs of 34 and 23 yards. Steve Mynatt, crushing his way to 114 yards on 18 attempts, scored on romps of 26 and three yards.

All-East Tennessee quarterback Tommy Beaver scored the other two touchdowns one of them on a 60 yard punt return and the second on a 12-yard rollout. Mynatt, ranked No. 56 in the National Associated Press Poll, rambled for 348 yards rushing and 10 passing. Cleveland held to 157 yards on the ground, picked up 142 through the air on the passing arm of junior quarterback David Lorenz.

Cleveland, finishing with a 10-2 record in 11 games, led in the state, scored in the second quarter on a spectacular play by Keith Beck's two yard plunge, and in the final period on a two yard run by Wayne Prince. Beck was the Blue Raiders top rusher with 96 yards on 14 attempts.

Maryville, giving its East Tennessee its second straight class AA Championship, reached the finals by walloping Lafayette 44-8. The Blue Raiders dumped Lexington 21-0 in their final playoff test.

The Red Rebels, averaging 34.5 points in 11 games, scored at 10:33 in the first quarter on Beaver's 12 yard scamper around left end. Hood's 27 yard run highlighted the drive.

The Rebels made the score 14-0 minutes later on Mynatt's 26 yard gallop.

Cleveland, getting a 39 yard punt return and a score by Greg Walton, drove to the Maryville 11 as the 7 gun sounded in the first quarter. Beck scored from the two on fourth down and one at 1:18 into the second period.

Maryville got its final first half touchdowns on Beaver's 60 yard punt return down the left sideline, and on Mynatt's three yard run.

The Rebels scored again at 8:26 in the third period on Hood's 34 yard run, dragging two tacklers into the end zone with him. They wrapped up their scoring at 2:39 in the final quarter on a 23 yard romp by Hood.

Maryville, clean of penalties in the first half had a total of 70 yards in penalties, 45 in the third quarter. The Rebels' kicking specialist, Al Keener, also had a perfect night, hitting six of six extra points.

WEBSTER'S REFERENCE TO SPORTS

By JOE WEBSTER

The utter incompetence, stupidity, and total blindness of picking all-state high school squads was never so magnified and illuminated as it was in this year's "Sports-writer's All-State." This so-called all-state group appeared in Thursday's News-Sentinel.

Lonnie Hawkins and J.L. Milsaps didn't even make honorable mention on this team. Friends, they just don't make better high school performers than Milsaps and Hawkins. I know this, you know it, and holy mother-in-law -- the lunk-heads who pick these squads ought to know it.

Granted, everybody's favorite can not be selected on an all-state team. But that is not the issue. The trouble is this: -- It is totally impossible to select a true ALL STATE team. There are just too many deserving boys who are left off this mythical selection. The dough-heads who select this team desperately need to make some changes. Or else, hold their silence forever. Have I made myself clear on this subject?

Mac Petty's Redskins are off to a fast start in basketball. Their recent victories over ever-tough Kingston and Adolph Smalley's Panthers in Lexington, I mean Lenoir City, indicate that Loudon will be extremely formidable this season. Last year, Morris Wilson was the man to watch. This time around, it's Yancy Hampton. One can safely say, "As Hampton goes, so go the Redskins."

Notre Dame got it laid on them by Southern California. It really wasn't a surprise when the Irish got beat, they were vastly overrated to begin with. And what about the Cotton Bowl engagement for Notre Dame? Am Parseghian should have stuck to selling Ford's.

Tennessee had better be extra careful with UCLA -- The Bruins are dangerous.

The Kentucky Wildcats, by the time you read this, will have played (and probably defeated) Northwestern. In other words, wrap up another SEC title for the Baron from the Bluegrass. That's the way the ball bounces, every year too.

From here, it looks like the Minnesota Vikings

Open Deer Hunt Dates Dec. 12-19

The open hunt for deer in Zone 1 (East Tennessee) is scheduled to start December 12 and continue through December 19, according to Roy Anderson, Chief of Game Management. For the benefit of hunters, Anderson pointed out Zone 1 is east of a line from Chattanooga along U.S. 27 to U.S. 127; U.S. 127 to U.S. 68; follows U.S. 68 to rejoin 27; along U.S. 27 to the Kentucky line.

Counties that will be open to deer hunting in Zone 1 include Carter, Union, Washington and Union. Parts of counties that will be open include Hamilton, Squatchie, Bledsoe, Rhea, Cumberland, Morgan, Scott and Campbell. The open part of Campbell is that portion north of Highway 65 and that portion east of Highway 28W.

Johnson County, also in Zone 1, is regulated by private act and will be open for deer hunting November 26 through December 5. All counties not listed in the above are closed to deer hunting, and special regulations are applicable to the wildlife management areas located within Zone 1.

The Zone 1 deer hunts are for bucks only with antlers visible above the hairline. In Tennessee, one deer may be taken on a wildlife management area and one on the open hunt.

will be the Super Bowl champion. They're mean, both offensively and defensively.

LSU and Ole Miss are on TV this Saturday night. The winner -- LSU -- and they'll beat Nebraska in the Orange Bowl too.

Arkansas and Texas are also on the boob tube this Saturday afternoon. The winner -- only Heaven knows.

Goodnight everybody.

Your County In Action

BY
Harvey L. Sproul
LOUDON COUNTY JUDGE

Brewing
As possibly you will note in another section of this paper, there are many things presently brewing in the mill that will be discussed at the

of reports and keeping the Quarterly Court members up to date as to progress in the various areas.
One item concerns the report on the progress on the setting up of the Tellico Area Service System, which is a co-operative public utilities board between Loudon and Monroe Counties, which was authorized by the last meeting of the Quarterly Court after a statement from representatives of various public agencies indicated that this would be the fastest, most sure, way of getting water to the Greenback-Vonore and U.S. 411 Corridor areas of Loudon and Monroe Counties.
Landfill
We are looking into the possibilities of having a model demonstration project in Loudon County (as a part of the Tellico-Timberlake Project) which would get us an excellent facility for a price that the Cities and County can afford to pay.

Another item is the report of the Committee looking into the possibility of a centralized County garage, which possibly could give great economy to our three Road Departments, possibly the School Department, and possibly the Sheriff's Department, in the buying of equipment and vehicles, etc.
Rename Hospital?
Another item which is possibly not earth-shaking in importance, but may be of great interest to a lot of our Loudon County citizens is the question of whether or not the previous action of the Quarterly Court, at the time it first approved the building of a new hospital, in naming

the new hospital, the "Louder County Memorial Hospital," should be changed so that it would continue to carry the present name of Charles H. Bacon Hospital.
This was made more feasible when approval was gained by State and Federal authorities to continue to operate both the old and new hospitals under one general hospital license. This will be of great financial advantage to the taxpayers of the County who are paying the bill for the new hospital.

during the month of October of which none are strikers.
You may recall that at one time there were quite a few strikes resulting in food stamps, as is allowed by Federal Law.
The Food Stamp Office believes that the large number of persons now receiving food stamps is based on the higher utility bills to be paid by people, higher prices, and people laid off from work.

It's a dash of exquisite beauty when Indian Summer and the fall months arrive. Leaves turn to the most beautiful shades, difficult to explain and difficult to imagine, unless one takes time to reflect and look at this preponderant beauty.

Winter Feeding - Just because you've sold your feeder calves is no reason to forget the cow herd. Winter feeding the cow herd is important because nutritional levels have both direct and indirect influences on reproduction. Cows should be allowed to become excessively fat during winter. The "eye of the man" is still an important ingredient when it comes to winter feeding of the beef cow.

Swine - We hear much about the price of feeder pigs lately. When the numbers are such as they are at the present time the law of supply and demand takes over. Really making money with feeder pigs depends almost entirely upon management and the ratio between the cost paid for feed and the price received for feeder pigs at market time.

Seedlings - Tree planting time is here and now is a good time for the farmers in the county to get their orders in. Seedlings may be ordered from the State Forest Tree Nursery through the Loudon County Agriculture Extension Office. Order blanks may be obtained there by coming by or white pine. A fungus infection has been found on this species.

Save Tax Dollars - The less your net income varies from year to year, the less income tax you pay in the long run. Although you will never be able to keep your income perfectly level from year to year, there are certain business transactions you can make on delay that

AN INDOOR-OUTDOOR SEASON IN THE SOUTH!

Winter wears many faces in the South. Consider skiing on firm-packed snow in the mountains of Tennessee - tracking winter game through the woodlands of Alabama and South Carolina - golf at famed coastal resorts in Georgia and Mississippi - fishing, boating and water skiing in the gentle clime of Florida. And, anywhere and everywhere in the satisfying South, the contentment of companionship beside a crackling fire.

It's a pleasant scene. And your friends in the brewing industry are a part of it all contributing to the economy through local payrolls, local purchases and local taxes... supporting local law enforcement... encouraging everyone to "Keep America Beautiful" in every season.

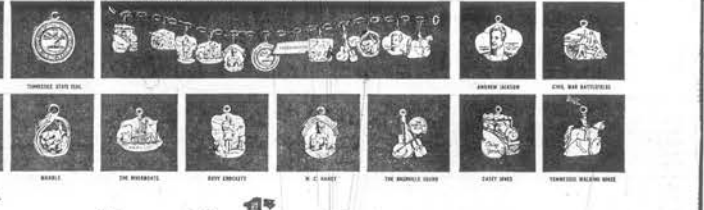

To charm her at Christmas

Whether she's your daughter, mother, wife, niece, sweetheart... she loves fine jewelry. And there's added sentiment and warm association when your gift is one that will become a treasured heirloom... the beautiful 14k. see Heritage bracelet in sterling silver from the First National!

This unique bracelet, in attractive gift box, with the complete set of twelve hand-wrought charms - all in flawless sterling silver - is yours for only \$19.95 when you deposit \$135. to a new or existing savings account at either First National Office.

Harper Retires From AF, Children In U. S. Schools For First Time

For the first time in several years the Herbert Harper family are back in the United States and their children are in American Schools for the first time. Mr. Harper, now residing in Cleveland, Tenn., is the stepson of Mrs. C.R. Harper of Loudon, son of the late Mr. Harper, and has a number of brothers, sisters, and step-brothers residing in Loudon.

The children, Suzanne and Ian, in American schools for the first time, are not sure they are in the right grades. Suzanne, age 13, has been designated a freshman at Bradley High School and Ian, 11, is a fifth grader at Arnold Junior High.

Being children of an Air Force aviator, they have lived in several countries but mostly in England. Their father, a native of Polk

WORLDLY INTEREST—The Herbert Harper family of Cleveland, Tenn., has a worldwide interest in the news. The family has followed the travels of Harper, formerly of Loudon, stepson of Mrs. C.R. Harper of Steeles Steet, Loudon, around the world while he was in the Air Force. They are (from left), Mrs. Joan Harper, Keigh, Ian, Harper, and Suzanne.

County, a Cleveland when he joined the Air Force 22 years ago, has returned to that city for retirement. His wife, Joan, is an English girl from Liverpool.

The uncertainty about the grade level of the Harper children is because of the fact they attended English Schools instead of American schools on government posts. The children had had six weeks of vacation school in Liverpool was not until July, when classes started in Cleveland.

Harper was a weapons maintenance supervisor for the Air Force. While with the Air Force, Harper served in Korea, southeast Asia (flying over Vietnam), Thailand, North Africa, Libya, Japan and Spain as well as England. The Harpers now reside at 2231 North Ocean Street in Cleveland.

In 1873 there were only 178 hospitals in the country, today there are 8500, reports the American Hospital Association.

Burley Bringing Top Prices

Grade prices for Burley Tobacco sold by Loudon County burley tobacco producers held firm on the opening day and throughout the week. Some averages varied as much as \$1.00 per hundred, however gains and

losses were about equally divided. Top price reported was \$79.00 per hundred for some fine quality flyings and lugs. Quality offerings showed little change

throughout the first week of sales. The Stabilization Association in this area received around 4 percent of gross sales. Last season the percentage was between 15 to 20 percent. Gross sales and averages through last Wednesday were 13,909,722 pounds that averaged \$73.09 per hundred.

TOBACCO PRODUCERS—Loudon County Burley Tobacco Producers on hand opening day of sales were John M. Hutton, Greenback, Frank Henderson, Philadelphia, Roger Perkins, Assistant County Agent, W.W. Hawk, Philadelphia, and Bill Henderson of Philadelphia.

TOBACCO BIDDING—Buyers from various tobacco companies are shown bidding briskly on opening day at the Burley Tobacco Cooperative Warehouse in Sweetwater.

Local RC Taking Pakistan Donations

Loudon County's American Red Cross chapter will serve as a "rallying point" for contributions toward relief for the victims of the recent disastrous hurricane and flood in Pakistan, Mrs. Walter Babh, executive secretary, reported this week.
 Special permission had to be obtained from the United Fund to allow the organization to receive funds for this purpose. The U-F Board granted its approval Monday night.
 This campaign is calling for money rather than clothing and food, as such, Mrs. Babh pointed out. This is because of the long and expensive transportation lines which would be required to move the actual supplies from here.
 The American Red Cross has already cashed an initial contribution of \$25,000 to

Moore Is Injured

B.M. Moore was injured Thursday while combining beans on his farm in Hotchkiss valley community near Huff's Ferry. He stepped from his tractor to remove two sacks of beans from the hopper chutes when the fly-wheel of the combine caught his pant leg throwing him over and over, causing three compound fractures to his left leg and tearing his clothes completely off.
 Mr. Moore crawled approximately a half mile through stubbles to his truck, pulling himself into his truck and driving himself home. He was taken by ambulance to U.T. Hospital in Knoxville. It is reported somewhat improved from shock, cuts and bruises.

or private to send them to us. Our interest was in pointing out some of the outstanding progress made in this medium of transportation.

Well, as is the case many times, we were very surprised with what we came up with. Due to the interest in our column of Mr. Jewell Simpson of Poplar Springs, we can unfold a story of a young man's love for flying that spanned over twenty years of continuous flying. The young man we are talking about grew up in the Loudon area, and went to school at the old Poplar Springs school. He is now deceased. His name is J.H. Simpson. The old picture we have was made in 1933 when the late Mr. Simpson was chief pilot for Chattanooga Flying Club, and at this date had flown 1200 accident free hours. Later Mr. Simpson was employed with the Lockheed Co. at Marietta, Ga., flight testing the P-39.

One of the things Mr. Jewell Simpson recalls about his many flying hours with his brother was the time they flew under both the railroad bridge and highway bridge in Loudon, which in itself was quite a feat. Oh yes, there are two men in this picture and the one on the right is Mr. Simpson. There is much more to this story, and we will be writing more about this later.

A few weeks ago we received a picture from Mrs. G.F. Watts for use in The Good Old Days, and it goes back quite a few years. In fact, it goes back to the thirties, when times were still just a little bit on the lean side, or at least they were for this writer anyway. This gives us a chance to open that door again. Of course, we are talking about when the river froze over in the thirties. Yes, we know we promised not to

By Calvin Lunford requested that anyone having old airplane pictures, military

pretex that some of our new people who have recently come to Loudon, might just not have heard about this event. We would venture a guess that somebody has already told them. Anyway, thanks David for giving us an excuse for bringing this up again.

I almost forgot to tell you who the people are in this old picture. The lady standing in the window is the late Daisy True. The boy on the left is Edward C. Watts, now living in Lowell, N.C. and the boy on the right is Raymond Buddie Russell, now a Loudon taxi driver, and a well-known Loudon boy. Our many thanks to Mrs. G.F. Watts for the loan of this old picture.

Two things that the good old days has been interested in have kept coming up. They are, how did Mexico get its name. No, I am not talking about the area South of the border, but a section of Loudon, anyone having anything to contribute to solving this mystery, please let us know.

The other thing is the two old civil war train engines in the river near the railroad bridge. We understand some of the men at Yalobing are interested, and T.V.A. says they will help. We would be glad to hear from interested

HERALD IS BLASTED AGAIN--

It seems that one of the favorite sports of some County Court members is blasting away at the Loudon County Herald. You know we use to tell this bother us but now we realize that sometimes men will be boys.

The latest comes as a result of a story and headline last week that concerned the name of the hospital. We received a pencil copy of the county court agenda and the resulting translation of the meaning of a statement concerning the matter of the hospital name being on the agenda perhaps was not absolutely correct down to the dotted-and-crossed -s- but still the meaning was the same whether Squire Idus Conner and some other members of the hospital board agree with us or not.

Almost a year ago the court named the new hospital the Loudon County Memorial Hospital. Well two members of the hospital board that we know of, both court members, favored having both the old and new portions of the hospital carrying the name of Charles H. Bacon Hospital. A resolution was passed by the hospital board stating that the naming of the hospital was up to the county court. Remember now that this had already been done a year ago. Well one member of the board felt the name should be on the court agenda for possible discussion and action. Thus it was on the agenda. To us this is a backdoor approach to get something done while trying to skirt any criticism that might result.

The plan, and we might say here while it is a hospital and the name does not cure or kill anyone, was to go into court with the matter quiet and attempt to get the Bacon name carried over on the new hospital. We have no quarrel with any name the hospital board or the court might pick for the hospital and certainly not with the name of Bacon, but why use a backdoor approach. And certainly this is what it was.

Apparently the publicity started phones to ringing and people protesting what was recognized as back door politics. Perhaps the entire board was not in accord, but the fact that it was brought to the floor in county court shows there was some move afoot somewhere.

Well we were blamed for getting the thing all wrong from the start. Perhaps it was not letter perfect, but it was a heck-of-lot closer to the actual thing than any of the court firing squad will admit.

Anyway the matter was blown out of proportion by some members who had a resolution passed instructing Judge Sprout to write us a letter of admonishment. Perhaps if some of our politicians would quit beating around the bush and not be afraid they will meet with some disagreement we would not have to read between the lines of some things.

The whole thing was apparently worked out in a compromise which let both the pro and cons save face. We find nothing wrong with this or with the name finally approved - Loudon County Memorial Hospital - the old portion being known as the Charles H. Bacon Wing.

E. R. Webster, Minister Music Teacher, Dies

The Rev. E. R. Webster, former pastor of the First Baptist Church of Loudon and a music teacher in Loudon since his retirement in 1965, died about 12 noon Sunday, Dec. 6, at Baptist Hospital after suffering an apparent heart attack at his home on Mulberry Street in Loudon.

Rev. Webster, 69, served 36 years in the ministry and was pastor of Loudon's First Baptist for 12 years. He left Loudon in 1949 to become the first superintendent of the Memphis Branch of the Tennessee Baptist Children's Home. A position he held for three years.

After retirement in 1965 Webster, his wife and daughter, Margaret, returned to Loudon to make their home. Rev. Webster was known throughout the area as one of the most versatile teachers of music, both instruments and voice and had a large number of students at the time of his death. Although ill frequently in recent months and undergoing two operations, Webster was still active in teaching music until a few days prior to his death.

Born in Knox County, Rev. Webster was a graduate of Moody Bible Institute, Class of 1932; once served as Loudon High School band director; served several churches as interim pastor; and was active in the Southern Baptist Convention. A Shriner, he was past Illustrious Master of Tipton-Grove Council No. 131, past High Priest Loudon chapter 138; past Worshipful Master, Loudon, Tennessee Lodge No. 20, member Knoxville Consistory, 32nd degree, Council-John Commandery No. 8.

Webster is survived by his wife, Mildred; daughter, Betty Jean, Murfreesboro, Margaret Ann of Loudon, brothers,

REV. WEBSTER

Lewis, Alexandria, Va., Sam Fountain, City and Lawrence of Knoxville; sisters, Mrs. Mildred Scarlett, Kingsport, Mrs. Ruth Webster Massey, Homestead, Fla.

Funeral services were held Sunday, Dec. 9, at 10 a.m. in the First Baptist Church, Loudon, with Rev. O. C. Rainwater officiating. A Masonic memorial service followed the service. Interment was Wednesday, Dec. 9, at 11 a.m. in Woodlawn Cemetery on Knoxville.

Move To Rename Hospital Fails; Herald Taken To Task

Loudon County Court, after delivering a back-handed spanking to a local newspaper with the admonition to "tell it like it is," voted Monday night to leave the name of the new hospital in Loudon the "Loudon County Memorial Hospital," and to call the present, or old hospital the "Charles H. Bacon Wing."

During consideration of the name change question, Squire Jack Lefter attempted to introduce a motion to change the new hospital's name to "Charles H. Bacon Hospital," but he was ruled out of order because Squire J. Blair already had a motion on the floor seconded by R. P. Hamilton, to reaffirm the name "Loudon County Memorial Hospital."

new hospital, now scheduled for completion and occupancy in April.

Squire I.D. Conner of Lenoir City delivered a strongly worded complaint at a news story last week in the Loudon County Herald headlined "Hospital Board Requests Bacon Name Be Retained." This is incorrect, he charged, the Hospital Board made no recommendation at all.

He reported the court's application was approved for 60 percent federal aid participation in the purchase of four patrol cars for the Sheriff's Department. The money was to be used to purchase special radios, and other police equipment, the Judge reported.

Arrests, Stash Find May Solve Many Area Breakins

FATHER OF FOUR KILLED - The father of four young children, Douglas Cook 33, of Rt. 4 Lenoir City, was killed Tuesday night when his car, shown above, ran up a bank on State highway 95 then overturned on its top back onto the pavement.

Car Overtakes On White Wing, Father Of Four Is Killed

The father of four children was killed about 8 p.m. Tuesday when the car he was driving ran up a bank and overturned back onto the road. The accident happened on State Route 95 (White Wing Road) about three miles north of Lenoir. The victim, Douglas Deven Cook, 33, Rt. 4, Lenoir City, was alone in the car when it overturned. Highway Patrolman Richard Phelps said Cook was employed at the Marenco Corporation plant in Loudon.

commented that this makes the 12th fatality in Loudon County this year - far higher than the record for last year. Many of the wrecks have been one-car accidents.

Lenoir City voters will go to the polls today (Thursday, Dec. 10) to select the Mayor, Aldermen and School Board members, as well as the Recorder-Treasurer to serve for one year.

Greenback Wins Top Judging Award

The Greenback Community, as has been demonstrated in past years by their winning awards in the East Tennessee Community Judging, again this year was recognized as a pre-eminent community when it was announced last Friday night at the annual East Tennessee Community Judging Awards Banquet at the University of Tennessee, that Greenback was the number one community in the Non-Farm Division of the judging.

Patrolman Phelps said that the accident occurred in front of the home of Charles C. Hickey, Trooper Phelps said. He learned that the victim had just left Melton Hill Shell Station and was headed toward Lenoir City.

them two honors in this year's Community Improvement and Development Program. During the past year, they have been involved, to the tune of nearly \$800, in helping to provide a new home and equipment for the Greenback Unit of the Loudon County Rescue Squad, an organization in which the whole community points with pride.

GOING TO COURT - handcuffed, David Rouser, 36, and Jackie Stringfield walk down the steps of county jail headed for General Sessions Court for arraignment on charges of receiving and concealing stolen property. Nicholson-Smith Nuptials Said

Miss Eva Jannett Smith of Route 3, Lenoir City became the bride of Thomas H. Nicholson, Jr. Saturday, Nov. 28 at the Loudon United Methodist Church with Rev. William Horner performing the candlelight ceremony.

The bride is the daughter of Mr. and Mrs. Harrison Smith of Route 3 in Lenoir City. The bridegroom is the son of Mr. and Mrs. Thomas H. Nicholson, Sr. of River Road in Loudon.

Miss Kathleen Hammonree, organist, presented the nuptial music. She also sang "Always" and "God Made Them Mine".

The bride, given in marriage by her father, wore an empire A-line skirt of multi-colored rose pattern of filletated satin, with bishop sleeves of embroidered satin face organza. The train, neckline and sleeves were edged with Venice lace. She wore pearl earrings that were given to her by the groom, and she carried a white orchid bouquet.

The maid of honor was Miss Connie Brannon of Lenoir City. Bridesmaids were Miss Jewel Consett of Lenoir City and Miss Connie Roberson of Loudon. The attendants wore empire gowns of pink crepe. They each carried long stemmed red roses. Mrs. Jean Nicholson kept the bride's book.

Keith Nicholson, brother of the groom, served as best man. Keith Brannon and Troy Smith, brother of the bride, were ushers.

The bride's mother wore a white two-piece polyester suit with a light blue bodice with matching accessories. The groom's mother chose a long sleeved blue dress with gloves and matching accessories. Each mother also wore a double carnation corsage.

A reception was given

Immediately following the wedding at the church by Mrs. Grant M. Brannon, Mrs. Carolyn Turpin and Mrs. Dorothy Strader, all of Lenoir City.

Mrs. Nicholson is a 1969 graduate of Lenoir City High School where she was Homecoming Queen her senior year. She was also 1st runner-up in the Miss Loudon County Pageant last year.

The groom is a graduate of Loudon High School and he has attended Tennessee Military Institute. He is presently employed at the Stop and Shop in Loudon.

For a wedding trip to Atlanta, the bride wore a brown jumper with a beige

blouse and matching accessories. The couple are residing on River Road in Loudon.

Special guests were Mrs. Eva Massengill of Lenoir City, grandmother of the bride and Mammie Nicholson and Arlene Moyle, grandmothers of the groom. They were each presented with a single carnation corsage.

Out-of-town guests were Mr. and Mrs. Ronnie Smith, of Jacksonville, Fla., Jeannette Dickens and daughter Mary Ann, from Clarksville, Alan Parton, from New Jersey, cousin of the bride, and Mr. and Mrs. Willis Park of Cleveland.

The Plant That Stores Water

Ever heard of a succulent plant? A succulent plant is one that stores water. They are of the cactus family. The reason a succulent plant has the most beautiful flowers is because its stored water is distributed in just the proper amount to make it bloom. That is why proper watering of all flowers is important to lovely blossoms.

We always have the loveliest blossoms. Ours are picked at the peak of freshness. The next time you send flowers - send ours!

MODERN DRUGS

CONTEMPORARY USE
ILLEGAL ABUSE
by Lester Averett, Pharmacist

Obviously, in spite of all the great advancements, there is still a long way to go in "the field of pharmacy" in terms of research and development of vaccines and other prescription drugs to combat every disease and/or virus that surrounds us.

Perhaps the most prominent evidence of the need for continued study and research is in the area of the common cold. The candid facts are, that if you should contract pneumonia the chances are that your doctor can prescribe an effective cure for you, BUT if you catch a cold? Well, we have a long way to go, Obviously...

Greenback Wins First In E-Tenn. Non Farm

(Continued from page 1) have assisted other community organizations in a cleanup campaign, a community fair and horse show and a number of other projects, including Loudon County's centennial celebration last summer.

HAS OWN AMBULANCE SERVICE—The Rev. Alexander Gillander, pastor of Greenback Presbyterian Church, one of 16 members of the Greenback Unit of the Loudon County Rescue Squad is shown in the garage of the new Squad Building in Greenback with one of two ambulances that serve the community which until recently had to rely on service from 20 miles away in time of emergency.

cleanup campaign, a community fair and horse show and a number of other projects, including Loudon County's centennial celebration last summer.

"And, it doesn't sound like much, but this year we were finally successful in persuading the telephone company to install a phone booth," reported Lowell Myers, past president of the community club.

The club had long sought the pay telephone, he said, because the only public phone in the community is in the drug store.

"It will be a real convenience to people traveling State 95, Myers explained. "Before, strangers had no place to make a phone call when the drug store was closed."

Much of the club's efforts are aimed at providing a better and more interesting environment for

the young people of the community. Each year, there are a club-sponsored Thanksgiving, Christmas and Easter programs, and last summer, in addition to the county-wide centennial, there was a community fad fry, the latter a benefit event to raise funds for the rescue squad.

Community club members also participated in the Saddle Club's annual wagon train trek, a two-day riding and camping event which is launched each year with a square dance on Greenback's main street.

Any summing up of the club's achievements would have to emphasize the community library and Belmont, a home-owned industry where club president Bell and his six employes turn out custom made doors and cabinets that are in demand throughout the area.

"We're quite proud of our library," Myers said. "We

have more books checked out, per capita, than any library in the county, and our loss of books is the smallest."

Mrs. Ada McCarter, the community librarian, said the library's hours have been expanded from two to three afternoons per week, and

circulation averages 37, and sometimes reaches 47, books per week.

Just a glance through the Community Scrapbook shows many other achievements by a small community that are not found in many other similar in size.

LIBRARY AS MODERN AS ANY—One of the prime projects of the Greenback Community Club in the last year was the modernization and redecoration of the Community Library located in the Merchants and Farmers Bank Building. Here Greenback resident Lowell Myers is shown reading one of the many books housed in the library.

LOCALLY OWNED INDUSTRY IS GROWING—Fred Bell, president of the Greenback Community Club owns Belmont, Inc., a growing industry which produces custom made cabinets and doors for residential, business and commercial use. Three of the six employees of the growing plant are shown framing a cabinet destined for the kitchen of a new home.

Second Half Explosion By Oak Ridge Dooms Redskins

The Oak Ridge Wildcats continue to make a shambles of East Tennessee basketball teams. The Wildcats, who have smashed such power as Alcoa and Chattanooga City in recent weeks, continued their winning ways Tuesday night as they downed the Loudon Redskins by the score of 91-65. The win gives the Wildcats a perfect 6-0 record while the Redskins stand at 4-2.

The first half was very close with the Skins leading most of the way. At the end of the first quarter the Skins were on top by 19-18. The second quarter turned out to be a shooting match between Loudon guard Tommy Rattledge and Oak Ridge guard Jack Burrell. Rattledge scored 13 in the period and Burrell chipped in 12. At halftime the score was knotted at 40-40.

In the second half, the Skins were able to connect on only seven of 32 field goal attempts for a very poor 22 percent. Meanwhile, the Wildcats could not miss and racked up 51 big second half points. They outscored the Skins by 25-13 in the third period and led by 66-53 going into the final period. The fourth quarter was just as bad as they went on to run their final margin to 91-65.

same fate as the variety. After a very close first half which found the Skins trailing by only two, 21-19, at halftime, the Wildcats went wild in the second half. They outscored the Skins by 60-20 in the last half and went on to win by 71-39. The win gives the Cats a 4-0 record and evened the Skins record at 3-3.

Hall led the Wildcats scoring with 17 points. Stewart and White followed with 13 and 10 points respectively. Scorers for the Skins were Ricky Alexander (8), Bill Collins (6), Ronnie Lemon (6), Tom Jones (5),

two precincts, Loudon City West, at the Memorial Building, and East, at the Firehall. Three voting machines will be in use at each precinct. Polls will open at 9 a.m. and close at 7 p.m.

One error on the ballot has been corrected by order of the Election Commission, it was reported. On sample ballots, and also on the machine ballot, as originally printed, the name David V. Brown is shown. This has been corrected - with a paste-over - to read Donald V. Brown. Dr. Brown, who was one of the consultants in the recent Educational Charter, is a candidate for the two-year term on the School Board. Also seeking the post are incumbent Glenn Ellis and B. E. "Bub" Fox. Both of the last two have been active in the Little League program and other youth activities.

Seeking the six-year term on the School Board are Gerald "Gene" Hamby, Avery Petty and Robert C. Weaver. This is Mr. Hamby's second race for the post. In 1968, he lost to Bob Cusick,

presently serving on the Board, by two votes, 679 to 677. Mr. Petty is a former member of the School Board who did not seek the office two years ago. Mr. Weaver is a new-comer to seeking political office and is an Oak Ridge employe.

Henry C. Foster unopposed in his bid for re-election as City Recorder-Treasurer.

Mr. Grayson, seeking to move up from membership on the Council to Mayor. A pharmacist and co-owner of Lenoir Rexall Drug Co., he is completing four years as an Alderman. He was widely urged two years ago to run for Mayor, but led the ballot for Councilman instead.

Mr. Ledbetter, supervisor in the Sales Tax Division of the Tennessee Department of Revenue, is completing four years as Mayor. In making for re-election, he has said there are plans he and the council made four years ago which are unfinished and he would like to finish them.

Ten men, including all incumbents except Mr. Grayson, are seeking the six positions making up the City Council. Those presently holding the offices, seeking re-election are W. David Ghormley, Curtis T. Keener, Fred Nelson, Nathan Tucker and Harry W. Wampler.

The five others are Tom W. Daffron, Don "Red" Kelley, Bill Matlock, Quintus S. Mills and Thomas A. McNabb.

Mike Messamore (3), R. L. Brunum (3), Dale Amburn (2), Ricky Messamore (2), Jerry Mode (2), Rodney Bevis (1), and Gary Harvey (1).

Next action for the Skins will be on Friday night as they play host to the Harrison Blue Devils. Next Tuesday night they again hit the road as they travel to Meigs County to do battle with the Tigen.

THOUSANDS SEE ANNUAL YULE PARADE IN LOENOR CITY

Thousands of Loudon City area residents packed the sides of downtown Lenoir City streets - as well as the Lenoir Shopping Center area - for the annual Christmas parade Monday night.

The parade, which featured old Santa Claus, himself, riding an authentic sleigh mounted atop a pick-up truck, as a climax, began promptly at 6:30 p.m.

Prizes went to Loudon County Hairdressers Association, first place, \$125. The float carried out the theme "Winter Wonderland" and depicted a winter snow scene including a moving water wheel.

Wampler's Wholesale Meats, Inc., second prize, \$100. Captioned "Silent Night," the float depicted the

shepherds, animals, palm trees and the Star of Bethlehem which were attendant to the birth of Christ.

The Interest Club of Lenoir City High School and its parent Organization, the Rotary Club, third place, \$50. Carrying the legend, "Past and Present," the float showed two scenes, one a traditional gathering around a Christmas tree and the other reflecting a changed modern-day attitude.

Loudon Senior Four-H Club and Carter Lumber Co., fourth place, \$25. Captioned "Christmas in the Good Old Days," the float showed a model of a brick home with its occupants standing outside amid a winter scene.

Judges for the floats were E. M. Bowman, Beth Williams and Owen McPeak of Knoxville. Radio Station WHLC manager Ray Stockard was master of ceremonies from the reviewing stand at Broadway and a Streets.

In regard to the proposed access roads to two planned interchanges on the I-76 extension to be built from Lenoir City through Loudon County, Judge Sprout said he had been notified by C. S. Harmon, head of the Research and Planning Department of the State Highway Department, that work on I-76 will be further delayed to next fall. "While they had told us that the work would be delayed from this fall to next spring, it now looks like it will be delayed until next fall," he reported.

The State official cited design problems in the Tennessee River bridge and also the extension of highway construction ordered by Congress as reasons for the delay.

However, it still will be necessary to take some action, probably by February on whether or not the County will build access roads to the two interchanges, the Judge said. The Squires decided to wait that long until January before taking action.

Road Commissioner Lillard Bledsoe interjected a comment, "If you all are going to build that road, you had better appropriate some money. I don't believe we can handle it out of our funds."

He was referring to the County Highway Department's regular maintenance funds. It has been proposed that Federal Secondary Road money could be used to build one of the connectors.

The Court authorized application for an extension of the Federal grant to continue the study of building a regional jail to serve several counties.

The Court delayed a hearing on the TVA Sanitary Landfill Report. Judge Sprout noted that a "serious situation is coming up," in that both Lenoir City and Loudon are going to have to comply with new regulations about garbage dumps, but that a new law which would provide up to 70 percent of the necessary financing had been passed, and this is now being checked out. In

addition, he said, it is possible that in connection with the Timberlake project, we could get 100 percent financing.

The Loudon County Planning Commission is continuing work on a proposal for a "light zoning plan" to present to County Court, the Judge reported. He thought the plan would be ready for consideration sometime this winter or early spring. New members on the Planning Commission are Fred Bell, Charles T. Harrison and Ben Galyon.

Trustee J. V. Schrimmer was authorized to grant J. J. Johnson of the Third District a credit against next year's taxes in the amount of about \$92, in recognition of an error in assessment last year.

Property Assessor Emmett Carter told the Court he has, to date, added \$3,010,000 in new appraisals to the tax rolls this year. This will be increased further by the Jan. 10 deadline for tax billing, he said.

On motion of Squire J. J. Blair, seconded by Roy Bledsoe, the Court adopted a resolution similar to one recently passed by the County to deny a County complaining about this year's practice of the State in requiring additional contributions from counties for welfare nursing home patients, beyond what had been already budgeted.

Complying with a Budget Commission recommendation, the Court delayed action on a request for an immediate salary increase for the Courthouse custodian. The delay will be until next year's budget is considered and then will consider whether or not the custodian has lived up to the requirements set up in 1967, according to the Court's action.

On motion of Squire Henry Foster, seconded by Curtis Williams, the Court voted \$425 from Unallocated Funds to buy a typewriter, and on motion of J. J. Blair, seconded by James Hartsook, authorized \$50 for a maintenance contract for an existing typewriter.

Notaries elected were James Owen McCabe, June A. Graham, Moody F. Stafford, Fannie H. Hamby, Dorothy M. Bevis and Mrs. Irene Walter.

AND AT CLIMAX - Old Santa, riding in his sleigh atop a pick-up truck driven by Mr. and Mrs. R.M. Wampler.

Raiders Clip Skins By 4, To Host Harriman Friday

In his three years as head coach of the Loudon High School basketball team, Mac Petty has never been able to defeat the Cleveland Blue Raiders on their home floor.

Maremont Hoop Teams Defeated In City Action

In the opening rounds of the City Basketball League the Bank of Lenoir City Loudon Branch, Loudon Utilities, Stop and Shop and High School took victories over the Maremont Blue, Gold, Green and White teams last week.

For the Bank, Joe Davidson led scoring with 14 points, with Henry adding 13, and Watts and Thompson added 10 points each. Plemmons was high scorer for Maremont Green's effort with 15 points, while Fooks added 13, and Birkholz with 8 points. The final score was Bank of Lenoir City 50, Maremont Green 49.

Loudon Utilities had an uphill battle all the way outscoring the Maremont Gold by a score of 57-45. Millsap hit the basket for 19 points, with Kirkland running a close second with 18 points. Custard was high scorer for the Gold with 14 points; Harris added 13.

Stop and Shop won over the Maremont White with a score of 58-39 with Lanford and Easter leading the way with 13 points each. Tiley and Campbell each scored 10 points for victory. Tay Caswell scored 2 points for the White. Seward also added 10 points for the losing cause.

High School defeated Maremont Blue. Terry Bright and David Smith each contributed 10 points for the Blue.

City League games are played on Tuesday and Friday nights at the old high school beginning at 6 p.m.

Friday night, the Raiders led all the way as they defeated the Skins by the score of 59-55 to break Loudon's three game winning streak. The Skins, District Eleven leaders, now have a 4-2 record with their district record standing at 3-0. They will try to improve their mark as they play host to the Harriman Blue Devils on Friday.

The Skins were never able to get started against the Raiders. They missed several close shots in the first half and fell behind. The big difference in the game was free throws. The Skins scored one more field goal than did the Raiders but Cleveland hit on 21 free throws compared to 15 for the Skins.

Three players scored in double figures for the Raiders. Ron Billingsley and Steve Campbell led the way with 17 points each. Ron Goldston followed closely with 16 points.

Yancy Hampton, the Skins leading scorer with a 17.8 average, again led the Skins' attack with 25 points. He was the only Skin able to hit in double figures. Other scorers for the Skins were Ray Simmons (9), Tom Rattledge (8), Lonnie Hawkins (7), David Birkholz (4), and

Richard Harrison (2). Jimmy Greenway played a fine defensive and rebounding game but did not score.

With the Skins unable to find the range, Cleveland jumped off to a 15-11 first quarter lead. By halftime the lead was stretched to six, 29-23. In the first half the Skins were able to connect on only seven of 25 field goal attempts for a very poor 28 percent. In the last half, the Skins continually out the lead to within one field goal but were never able to catch the Raiders. At the third stop the Skins trailed by 42-37 and went on to lose by the score of 59-55.

Things are still going rough for the Loudon girls basketball team. The Lassies dropped their seventh straight game as they fell victim to the Cleveland girls to the tune of 42-37.

Cleveland led all the way in their win over the Lassies. Getting balanced scoring from all three forwards, they led by 15-11 at the first stop. By halftime the Lassies were down by eight, 24-16. At the end of the third stanza they trailed by 32-21.

Lynn Dorsey was the leading scorer for the Lassies with 10 points. Diana Dorsey and Jane Shubert followed with eight and seven points, respectively. Marilyn Smith added two.

Susan Wood led the Cleveland girls with 15 points. Kay Smith followed closely with fourteen. Linda Williams and Emily Penney added seven and six points, respectively.

Loudon's B-team lost a blue scoring contest to the Blue Raiders by the score of 29-28. The loss gives the Junior Skins a 3-2 record.

Cleveland had four players to share high scoring honors. Waley, Breaux, Gas, and Smithson scored six points each. Hutcherson followed with two and Sharpe added two.

Ronnie Lemons led the Skin's attack with eight points. Ricky Alexander was close with six. Other scorers for the Skins were Dale Amburn (5), Bill Collins (3), and Ricky Messmore (4).

November Was Dry Month

Tennessee Valley rainfall averaged only 2.2 inches during November, less than two-thirds of the normal 3.5 inches for the month, TVA reports.

The dry weather in November was a sharp change from the previous month, which had brought the most rain of any October since 1945.

The highest and lowest November rainfall totals over the whole Tennessee Valley were at points only about 30 miles apart. The highest was 4.60 inches at Cingman's Peak, about 20 miles northeast of Asheville, N.C. The lowest was 1.01 inches at Rount Mountain on the Tennessee Carolina border.

WEBSTER'S REFERENCE TO SPORTS

By JOE WEBSTER

This is the truth of the matter — there is nothing that can stop Adolph Rupp's Kentucky Wildcats from winning the Southeastern Conference. I do not say this to belittle all the other S.E.C. schools. On the contrary, basketball in our conference has improved tremendously in the last ten years.

After Kentucky wins this S.E.C. title (their 26th), they will then move into their umpteenth NCAA appearance. (More than any other team in history.)

The secret of Kentucky's domination lies in the flaming personality of Rupp himself — I am positive that when the Baron of the Bluegrass retires, Kentucky's long reign of power will end.

But while Adolph Rupp coaches, the S.E.C. is his and his alone. This year's squad is 3 and 0 with victories over Northwestern (on the road), West Virginia (on the road) and Michigan (in Lexington). No games on the schedule. The cats play Indiana Saturday in Bloomington. The Hoosiers are currently ranked 11th in the nation. Rupp said that Indiana would be Kentucky's toughest opponent yet.

Doesn't it make you proud to have a team like Kentucky right here in our own conference? I know you felt the same way about it as I do.

The Vols of Ray Meares are doing well considering that, without Breedlove, they have no height. But Meares' teams will always prosper because he teaches basketball in a brilliant manner. His winning percentage is terrific.

Second Half Explosion By Oak Ridge Dooms Redskins

The Oak Ridge Wildcats continue to make a shambles of East Tennessee basketball teams. The Wildcats, who have amassed such powers as Alico and Chattanooga City in recent weeks, continued their winning ways Tuesday night as they downed the Loudon Redskins by the score of 91-65. The win gives the Wildcats a perfect 6-0 record while the Skins stand at 4-3.

EVERYBODY WANTS THE BALL - Yancey Hampton (40) and Lonnie Hawkins (24) of Loudon seem to have six arms as they try to retrieve a rebound against the Oak Ridge Wildcats. Ray Simmons waits in the background. Oak Ridge won 91-65.

The first half was very close with the Skins leading most of the way. At the end of the first quarter the Skins were on top by 19-18. The second quarter turned out to be a shooting match between Loudon guard Tommy Rattledge and Oak Ridge guard Jack Burrell. Rattledge scored 12 in the period and Burrell chipped in 12. At halftime the score was knotted at 40-40.

In the second half, the Skins were able to connect on only seven of 33 field goal attempts for a very poor 52 percent. Meanwhile, the Wildcats could not miss and ricked up 51 big second half points. They outscored the Skins by 25-13 in the third period and led by 65-53 going into the final period. The fourth quarter was just as bad as they went on to run their final margin to 91-65.

Five Wildcats scored in double figures. Bill Oden led the way with 18 points, Rick Muckenthaler followed closely with 16. Others in double figures were Mike Reynolds (13), Jack Burrell (12), and Charles Egan (10). Ray Simmons led his best offensive game of the season as he collected 20 points. He also pulled off 21 rebounds. Tom Rattledge added 18 points and Yancey Hampton chipped in 16. Other scorers for the Skins were Lonnie Hawkins (4), Greg Cagle (3), David Birkholtz (2), and Jimmy Greenway (2).

Loudon's B-team met the

The secret of Kentucky's domination lies in the flaming personality of Rupp himself - I am positive that when the Baron of the Bluegrass retires, Kentucky's long reign of power will end.

But while Adolph Rupp coaches, the S.E.C. is his and his alone. This year's squad is 3 and 0 with victories over Northwestern (on the road), West Virginia (on the road) and Michigan (in Lexington). No patates on the schedule. The cats play Indiana Saturday in Bloomington. The Hoosiers are currently ranked 11th in the nation. Rupp said that Indiana would be Kentucky's toughest opponent yet.

Doesn't it make you proud to have a team like Kentucky right here in our own conference? I knew you felt the same way about it as I do.

The Vols of Ray Mears are doing well considering that, without Breedlove, they have no height. But Mears' teams will always prosper because he teaches basketball in a brilliant manner. His winning percentage is terrific.

TVA Confident Of Timberlake Development

A potential population of 50,000 people as 25,000 new job positions by the year 2000 has been forecast as results of the Tellico Dam project and the proposed Timberlake community, according to a TVA official.

Speaking at the quarterly meeting of the Tellico Area Planning Council Wednesday night, James L. Goyer, a regional planner at TVA said the potential population figures, which were increased

from 25,000 several months ago to the present 50,000, were based on increased employment projections in the industrial area.

Goyer said approximately 12,500 positions would be created in trades and services, 9,000 new positions in manufacturing, 2,100 in recreation and 1,400 in non-basic manufacturing or white collar positions.

Estimates for the year 2000 indicate that almost 3.5

million people will visit an area within 10 miles of the upper part of the Tellico Reservoir. These visitors will require additional lodging, restaurants, entertainment and other commercial services, TVA officials said.

Goyer added that more opportunities than were expected have also been created for investments.

Another TVA regional planner, Neal Barber, made a progress report on the construction and development of the project.

"Construction on the bridge on Highway 411 is now 70 per cent completed, Barber said. Fifty-seven percent of all land acquisition, or about 445 tracts of the near 1,000 tracts involved, has been made, he said.

"Most of the money for the Tellico project has, so far, gone to land acquisition," Barber added.

Hopes were voiced that a larger budget than the current \$4.9 million budget would be made. Barber said the completion date for the project was still set for 1975.

In other matters, Loudon County Judge Harvey L. Sproul, chairman of the

Tellico planning council, gave a brief report on the Little Tennessee Valley Charrette which was held in mid-October in Blount, Loudon and Monroe counties.

Judge Sproul called the charrette which is an "educational workshop" a success, although citizen participation was not up to expectations. The charrette's steering committee, Sproul said, is currently working on a tri-county educational cooperative which will coordinate activities of the seven school boards in the three counties.

Future educational proposals in the area also call for a large comprehensive high school which would offer subjects not currently offered by several of the area schools and which would emphasize vocational subjects.

Sproul said vocational courses would be offered in coordination with present and future industries in the area.

A report on a recent water and sewer study made in the three counties was also given to the planning council

where he can be reached. "The heavy concentration of troops in the small country creates some real communications problems," Mr. Clark said, "but service has been improved greatly in recent years."

HOUSING PROJECT—This aerial photograph shows the construction of the Loudon Low Rent Housing Project. The 50 unit million dollar project will be completed next summer and will provide low rent housing for some 50 families. The project is located just off Hackberry Street in Loudon on the old Duff farm overlooking the Tennessee River.

Plan Ahead For Holiday Calls, Bell Manager Urges

"Plan Ahead" if you intend to talk with friends or relatives stationed in Vietnam during the holiday season, South Central Bell Manager, E. W. Clark, advised today.

"It is generally easier for a serviceman to call home than for his family to reach him in Vietnam," Mr. Clark said.

"To avoid disappointments, servicemen should notify their families in advance if they expect to telephone home," Saigon is 13 hours ahead of Eastern Standard Time.

Most of the 128,378 calls made between the two countries in 1969 were made from Vietnam rather than the U. S. because of the difficulty in locating servicemen.

Travel restrictions and curfews in Saigon complicate locating servicemen to take calls, he explained. When a call is made to Saigon, it is important for the caller to have the serviceman's unit, his APO number and, if possible, a telephone number

New Plant Mgr. Named For L.C. Yale & Towne

Ray E. Dillenbeck has been named general manager of Eaton Yale & Towne's Loudon City Plant, according to an announcement by Leo J. Pantas, vice president, Lock & Hardware Group. He succeeds O. B. Crouch, who has been appointed manager of engineering.

Mr. Dillenbeck, who joined Eaton in 1968 as a sales representative, has won a number of executive promotions through the fields of sales and marketing. Two years ago, he was appointed general manager of the Detroit-based Eaton Spring Division. Mr. Dillenbeck

MR. DILLENBECK

served in that capacity until assuming manship of the

Loudon City Plant, one of four manufacturing facilities of the U.S.A. Lock & Hardware Division.

A U.S. Marine Corps veteran, he was graduated from the Henry Ford Design and Engineering School in Dearborn, Michigan. Mr. Dillenbeck, a native of Detroit, is married to the former Marilynn C. Condon, also of Detroit. Although the Dillenbecks now reside in Allen Park, Michigan, they will relocate shortly to the Loudon City area. They are the parents of two, Larry 22, a senior at Eastern Michigan University, and Lou Anne, 19, a sophomore at Western Michigan University.

Eaton designs, manufactures and markets products worldwide for trucks, off-highway vehicles

and passenger cars; material handling equipment and systems; industrial power transmission systems; builders' hardware, locks and security systems. The company's sales for the first nine months of 1970 were \$746,864,000, while net earnings were \$33,901,000, or \$1.30 per common share.

Cross Charges Brought In Fight

Two young Bradley Countians, who were charged on job interviews Thursday at a championship football game at Loudon recently, have placed charges themselves.

It was revealed by Loudon County authorities this week that charges have been filed by Seouty Chambers, 19, and Mitchell Weir, 19, a former Cleveland football star who now is a player at the University of Tennessee at Chattanooga.

The original incident occurred Nov. 27 at the Cleveland-Maryville football game and a second incident was reported later from Bacon Hospital at Loudon.

The Bradley men were charged within a few days and their cross-charges were filed on Thursday, Dec. 3.

Chambers charged Gary Bell, former Kingston football star, with felonious assault. Bell, who suffered knife wounds in the altercation, is free on \$500 bond. He now is a member of the football team at Middle Tennessee State University at Murfreesboro.

Weir charged Danny Bain of Kingston with assault and battery and Arthur (Woody) Stanley of Kingston with felonious assault. Bain, not mentioned in the previous series of charges, was released on \$250 bond and Stanley was freed on \$500 bond. Stanley also suffered knife wounds.

Chambers also charged a Kingston juvenile, who was a member of the 1970 Kingston football team, with assault and battery. The juvenile posted \$250 bond.

All the charges - in connection with the case are scheduled for hearing at 9 a.m. on Dec. 12 before Tom Ingram, judge of general sessions court in Loudon County.

Neal Scalf, former Kingston football player, was treated at Oak Ridge Hospital on Nov. 28 for a nose fracture and other injuries. He said he was attacked at Bacon Hospital when he went there to inquire about Bell and Stanley. No charges have been reported, however, in connection with the Scalf incident.

In the first round of charges, Chambers was charged with felonious assault and Weir with aiding and abetting.

LOUDON COUNTY'S NUMBER ONE DEATH TRAP—At this intersection, feeding traffic off of Interstate 75 onto four lane highway 95 at Lenoir City, more persons have lost their lives or met with serious injury than any other single intersection in the county since it was opened to traffic. As the photo shows the

interstate traffic must cross at a point of obstructed vision to reach the inbound lanes. Most of the bad accidents have occurred when a car or truck fails to see that 95 is four lanes and turns head-on into on-coming traffic by mistake. Fog, rain, darkness add to the danger here.

PHILADELPHIA INTERSECTION UNMARKED—Just over this grade on north bound U.S. 11 is an unmarked dangerous intersection leading to Philadelphia. It is the scene of many accidents and some have claimed lives in recent years, but still is not adequately marked.

TWO LANES AHEAD—The lone marker at the top of north bound lane on U.S. 11 just out of Loudon on the three lane is not visible to most motorists passing slower traffic going up the hill. Many near crack-ups occur here daily.

Five Intersections Are Scene Of Most County Accidents, Markings Needed

by Calvin Lunford

The connecting link of Interstate 75 Highway will come. How soon, is a question yet to have a definite answer. At best, it will be many months away, and maybe even years. Meanwhile, the ever increasing traffic load on two lane U.S. 11 between Lenoir City and Cleveland, Tenn., has created problems. Problems shared by Loudon County motorists, officials of Lenoir City, Loudon and Philadelphia as well as Loudon County officials who have put forth a concentrated effort into getting the much needed work started on completing the link of Interstate 75.

Much like the old woman who lived in a shoe and had so many children she didn't know what to do, the difference being, our local problem is transient cars and not children. We want them all, but we must find a way to safely accommodate all of them.

The three cities in our county affected by this problem as well as the Sheriff's office and local highway patrol and city police have worked hard to try to keep the mass of automobiles on the move. They have done a commendable job, but are limited to keep the incidents which block traffic and cause jams which take time to unscramble into one lane traffic. In most cases there exists no alternate route for emergency vehicles to travel, and if an emergency should arise the end results could be tragic because of the inability of a fire truck or ambulance to reach the scene of a fire or accident, or the inability to transport a patient to receive much needed medical attention when the time element could be a matter of life or death.

Many hundreds of out of state motorists have somewhat found what they thought was a solution to part of the congestion problem, by taking the secondary county road,

BLIND TO STOPPED CARS—On north bound U.S. 11, two and one half miles from Loudon is the much used intersection with Harrison Road used by many motorists as a route to I-75. Motorists north bound are unaware of cars stopped to turn left across the highway just over the hill. Needs additional marking.

95 AND 11 JUST OVER HILL—Just over this hill on highway 95 is the busy intersection of U.S. 11 (Broadway) at Lenoir City which handles an overload of traffic. Adequate warning signs and signals are absent, thus many accidents at this steep grade intersection.

accident investigation work. The road has been falsely labeled as the short cut to Interstate 75 north. Mileage wise this is not correct. Yet, it still continues to be heavily traveled. Instead of being an aid to alleviating our congestion, it has been a deterrent, possibly greatly increasing the yearly number of in county accidents.

Like the much publicized plight of Lake City, we have our traffic problems, which from all indications will be around for some time to come. The Tennessee Dept. of Highways has brought about some much needed improvements. In some cases

these improvements have created unforeseen problems. Problems which have resulted in a number of traffic fatalities, two of which are very evident. One is the exit ramp off Interstate 75 north of Lenoir City. The interstate feeds into State 95, and south bound traffic has shown a tendency to exit in many cases into the wrong lanes of the four lane highway. Thus meeting oncoming traffic head on, which has been the scene of many serious accidents. We talked with the division office of the State Highway Dept., who has the task of highway marking. This problem we were assured, will get immediate attention and better markings designed by State engineers will be placed at this trouble spot.

Another spot on 95 which has posed a problem is the steep grade feeding into Lenoir City's busy Broadway. Possibly alert strips or early warnings could avoid a repeat of serious accidents at this point.

North bound traffic leaving Loudon feeds into three lanes, and absent is a sign indicating that at a blind spot on top of the hill traffic abruptly flows back into two lanes.

At Philadelphia the north bound motorists on Highway 11 find that over the crest of

Junior Woodmen Club Formed In Loudon

A Junior woodmen club of Modern Woodmen of America will be instituted in Loudon at an organizational party, Saturday, Dec. 5, according to an announcement made by William Winter, Knoxville, the fraternal life insurance society's Agency Manager in this area. It will be the number 18 club to be organized in Tennessee, Mr. Winter said.

The new group, which will be organized as a part of the Loudon Adult Camp No. 14599, will be supervised by Mrs. Martha Brantley, Loudon, as Junior Service Club director. Ted Lomax, Loudon, is camp secretary. Mr. Winter, who will have charge of the organization ceremony, stated that the names of fifty children of this community under age sixteen will appear on the charter roll.

He commented that the

Wardell On Duty At Alaskan AFB

U.S. Air Force Sergeant Robert S. Wardell, son of Mrs. Cico A. Wardell of 301 A Street, Lenoir City, has arrived for duty at Eielson AFB, Alaska.

Sergeant Wardell is a food service specialist with the 5010B USAF Hospital. He previously served at Elmendorf AFB, Alaska.

The sergeant, a 1966 graduate of Lenoir City High School, attended East Tennessee State College.

institution of the club will introduce a new type of recreation activity and citizenship training to boys and girls of this area. The monthly meeting features programs placing special emphasis on social development and community cooperation as well as planned recreation geared to children of all ages groups. Approximately 350 such clubs are now active in the United States, Mr. Winter said.

Emblematic membership pins will be presented to members at Saturday's event. Souvenirs will be distributed, prizes awarded, and refreshments served.

Last Monday some of our girls participated in the Loudon County Junior Miss Pageant. We want to congratulate Angie Boone and Suzie Smith for getting into the five finalists and to Karen Bledsoe who was chosen as Miss Congeniality. The band went to Athens last Thursday night to march in a Christmas parade. They went on two school buses which the city of Athens paid for. The band received \$100 for marching in the parade.

Loudon FFA Chapter held its 23rd Annual Parents and Son Banquet in the Loudon High School Cafeteria on Monday night, December 7. Approximately one hundred eighty members and guests attended the event, with Chapter president Arthur Bright presiding. Out of town guests included Mr. Louie Carpenter, Regional Supervisor, Agricultural Education for East Tennessee. Mrs. Louie Carpenter accompanied him. We were also honored to have the East Tennessee FFA Vice President, Mike Graham and the State FFA Advisor, Mr. Kenneth Mitchell from Nashville to attend our banquet. Banquet theme was FFA, Involved in America's Future. Talks were given by Darrell Nicholson, Gary Moore, Vic Craig, and Larry

BY
Harvey L. Sproul
LOUDON COUNTY JUDGE

requesting and stating in general terms that they were leaving it up to the Quarterly Court to what to name the new hospital, and I placed the matter on the agenda at the meeting of the Board of the Hospital Board. I did go to some pains to attempt to spell out that the Hospital Board was NOT recommending that it be changed, but it was leaving it up to the Quarterly Court. I understand how errors occur, because I make plenty of mistakes myself, so I find it hard to criticize someone else.

There was some criticism of the local newspapers at the Quarterly Court meeting Monday night because the newspapers INCORRECTLY reported that the Hospital Board of Directors had recommended to the Quarterly Court that the name of the new hospital be changed from Loudon County Memorial Hospital to Charles H. Bacon Hospital (continuing the name of the old hospital).

Actually, the Hospital Board of Directors had recommended that recommendation, but had only passed a resolution recommending that the name of the new hospital be changed from Loudon County Memorial Hospital to Charles H. Bacon Hospital (which they had already done previously), and further made a very nice gesture in changing the name of the old hospital to the Charles H. Bacon wing.

Maybe this was the best solution to the question. It is certainly fitting to name the hospital for its in memory of those persons who have given their lives for the defense of liberty in the service of their Country, and there was some further question because the name of the old hospital had been designated in the beginning as Loudon County Memorial Hospital, and to change it after it had been approved in referendum, etc. might have been a breach of faith.

On the other hand, there is certainly tradition behind the name of the old hospital and this will be preserved by designating the old part of the hospital as the Charles H. Bacon Wing.

At the meeting further felt it proper to ask for a recommendation from the Quarterly Court to the County offices for Christmas and New Year holidays.

One thing I felt should be understood was that each popularly-elected official to a certain extent is his own boss and responsible to the people as to how he might conduct his office, including what days he might choose for closing for holidays.

State law designates what days may actually be declared holidays, but during the Christmas holidays almost all Counties go somewhat outside the officially designated day of Christmas (and New Year).

But there needs to be some generally accepted policy or standards for other County offices under the County jurisdiction where the officials are not popularly elected.

So, after discussion with the Quarterly Court, basically in Loudon County Courthouse will be closed for the same days that most other counties surrounding us will be.

CHANGE
Change is amazing! We have been in the moon, Our young people think and feel and act differently than they did 15 and 20 years ago when the traffic highway problems - sewer problems - water problems - law enforcement - it is just almost unthinkable as to how difficult the problems we face today are.

Oil Official To Speak Before Loudon Rotary
"Today's Energy Crisis" will be the subject of the talk to be presented to the Loudon Rotary Club on December 15 by Bill Hagan, executive director of the Volunteer State Oil Committee.

Living color slides to illustrate the talk, Hagan will discuss the energy sources - coal, water, electricity, oil, natural gas and nuclear energy) and the part each plays in the much publicized fuel shortage. Commenting on his invitation to speak to the Rotary Club, Hagan said: "It is time to give the facts regarding some of the politically motivated statements made about oil companies, why there is a lack of natural gas and coal, the production shortage of electricity and why a country as rich in energy reserves is faced with a fuel crisis." Hagan is a native of Rockwood, Tennessee, a graduate of Tennessee Wesleyan College and holds the degree of Doctor of Jurisprudence from the University of Tennessee.

certainly affects Loudon County - particularly when it may involve the dumping of the remains of treated waste into Fort Loudoun Lake, which then ultimately flows on down through Loudon County.

How well all this is handled certainly affects us, and we should have a voice in making the decision. This is one good reason for the formation of the East Tennessee Development District, which is an organization composed of all the Cities and Counties in the "Knobview" affected East Tennessee area. The Mayors and County Judges are members of the Board of Directors, and an Executive Committee meets monthly to work with the staff concerning policy and procedures.

KNOX WASTE
What happens concerning the proposed sewer projects and disposal of solid waste in West Knox County, most certainly affects us, and we should have a voice in making the decision.

BACK IN THE GOOD OLD DAYS

by Calvin Lunsford

In the Good Old Days last week we ran a picture of a now deceased and former Loudon boy, who had a love for flying and made it a worthwhile profession through the years of his life. Of course, this information and the series of pictures came our way at our request, and we would like very much to hear from others who had family members interested in flying.

We stated last week that space wouldn't permit us to get in all we wanted to write about the late James A. Simpson, a well known general, commercial and military test pilot. Well, we have another picture this week which we feel is interesting from two stand points. The man who flew it is a Loudon County boy, and a very unusual airplane. For quite a few years the late James A. Simpson was commercial pilot for different companies that were interested in promoting aviation.

This beautiful, and modern plane in it's day was owned by W.C. Harris, an official of International Harvester Co. of Nashville, and the late Mr. Simpson was his private pilot. We don't know what type or who built this new airplane, but maybe our readers can tell us. Anyway, the plane was flown by Mr. Simpson

from Washington, D.C. to Beaumont, Texas with stops in all major cities in the South. The flights between towns were made at night most of the time, possibly the plane was on display during the daylight hours in the cities in which it stopped. In those days, this probably created quite a stir as it made it's way across the southern skies. Mr. Simpson's brother, Jewell, of Poplar Springs, Mo., he also has a picture of Mr. Simpson beside the B 29's he tested for the army. Sometime we will run this picture if Mr. Simpson will bring it to us.

In passing, we quote from the Loudon County Herald, January 12, 1942 issue, front page headline "Airplane here Sunday." "A plane will be here all day Sunday, and will land in Huff's Field near town to take up passengers. The admission will be one dollar for adults and seventy-five cents for children. Now is the time to see the city from the air, with a licensed plane pilot."

We would venture a guess that the pilot was Guy Jones of Anderson County. Oh well, times do change, and we sincerely hope our readers enjoy this look into the good old days of early airplanes and early pilots.

Another picture we have this week is one taken many many years ago and has a very rustic touch for many reasons. I would venture

Lenoir Citizens Elect Grayson Mayor, Two New Aldermen Named

Lenoir City druggist Joe D. Grayson is Lenoir City's new Mayor after last Thursday's City Election followed by installation in office Monday night.

Mr. Grayson, a co-owner of Lenoir Drug Co. and a member of City Council for the past four years, was the successful candidate over incumbent Mayor R.M. (Mickey) Ledbetter, who also has served four years.

The vote:
Grayson 1170
Ledbetter 486

Margin 682
Elected to serve with him as Aldermen for the next two years were:

Don "Red" Kelley, with Harry W. Wampler, with 1097 votes.
Don "Red" Kelley, 1094.
Nathan Tinder, 980.
Thomas A. McNabb, 954.
Curtis T. Keener, 941.
Fred Nelson, 834.

Other candidates who failed to get in the top six were incumbent David Chomley, 801; Bill Matlock, 703; Tom W. Daffron, 417; and Quintus S. Mills, 406.

City Recorder-Treasurer Henry Foster, unopposed for re-election, received 1102 complimentary votes.

In the School Board race, incumbent Glen A. Ellis won re-election over Dr. Don Brown and B.E. "Bob" Fox for the two-year term and Gerald "Gene" Hamby was the successful candidate over Avery Petty and Robert C. Weaver for the six-year term.

The vote:
Hamby 621

Thursday's election was heavier than any in recent years as mild, fair weather favored a good voter turnout. One candidate recalled that it either has been very cold, or wet, or both on most city election days for the past several years.

Maremont Union Vote Fails 241 To 54
The hourly employees of the Maremont Corporation's Lenoir plant declined union representation by the United Auto Workers of America in a vote December 3, by a margin of nearly five to one.

Some 226 of the eligible 300 employees in the plant, which manufactures automotive exhaust systems, tail pipes and mufflers, voted in the election which was supervised by the National Labor Relations Board. The vote was 241 against union representation and 54 voting for union representation.

The vote marked the first attempt to organize the labor force at the plant since it opened its operations in Lenoir some two years ago.

JAKE IS A VOLUNTEER-Harold "Jake" Lane, a member of the 1969 State AA Champion Loudon Redskin Football Team and an all-state tackle is shown signing an athletic scholarship with the University of Tennessee at Knoxville as Coach Bill Battle and Jake's parents Mr. and Mrs. Roy Lane of Loudon look on. The signing took place in Coach Battle's office at noon Saturday.

MILSAPS SIGNS WITH MEMPHIS STATE-Memphis State University last week signed J.L. Milsaps (seated right) to a football scholarship. State Coach Ollie Keller at left signed the all-state linebacker at LHS at noon Saturday. In the background J.L.'s parents Mr. and Mrs. Lloyd Milsaps and Redskin Coach Bert Ratledge look on.

Lane Signs U-T Grid Scholarship; Milsaps To Play At Memphis State

Two former Loudon High School Redskin football stars have signed football scholarships with two major universities in Tennessee. They are Harold "Jake" Lane, a 1970 graduate of LHS and a senior on the 1969 All-State AA Championship team and J. L. Milsaps, a senior at LHS a junior on the State Championship team.

Lane signed at noon Saturday the kick-off of the South Eastern Conference Recruiting schedule with the University of Tennessee Volunteers in the office of Coach Bill Battle at Knoxville. Milsaps was signed at Loudon High School by Memphis State University assistant coach Ollie Keller. Lane, 6-1, 220 lbs., son of Mr. and Mrs. Roy Lane of Loudon, was one of three players signed personally by Coach Battle to the kick-off of the recruiting drive. The high school all-state tackle attended Tennessee Military Institute this past year and was a standout member of the defensive unit. Although he played four years at Loudon High and one at TMI Lane will still have four years eligibility in college.

Coach Battle told Lane that he was glad he decided to become a Volunteer and hoped he had the success in college he had in high school football. Coach Battle said the Volunteers were recruiting only the top players and young men of top character and felt Lane was one of the best the state had to offer. Jokingly Lane mentioned he might decide to switch from a tackle to a running back. Present when Jake signed the scholarship were his parents, and two brothers Bill and Larry both of Loudon.

Loudon Commission Adopts Police Minimum Standards

Loudon City Commission Monday night, at its regular monthly meeting, adopted Minimum Standards for the hiring of new policemen for the City of Loudon. The resolution came as a result of new state regulations for local government who participate in state and federal programs for financial assistance for law enforcement.

The new standards state that all officers hired will have a high school education or equivalent, stipulate a minimum age, character

standards and other basic requirements. The resolution was adopted unanimously by all Commissioners present. Mayor Joe Carter, out of town on business, was not present. Vice Mayor Hamill Cary acted as chairman.

City Maintenance Superintendent Ray Lovin requested permission from the Commission to take bids on some 900 feet of chain link fencing for installation at the new Loudon Lorna Municipal Park at Roberson Springs. Mr. Lovin reported that work on the park is progressing and that seven of the 10 picnic tables and pads were installed and that three charcoal grills were completed. Bids on the fencing will be opened at the January meeting of the Commission. It was decided by the Commission that the picnic shelter at the park

would be some 30 feet by 50 feet in size.

The Commission approved the installation of two new fire plugs on U.S. 11 in the West End of the city. One near the Jim Kline home and another near the James E. Walker property. The Commission requested that the Loudon Utilities install the two hydrants sometime within the next 60 days.

Commissioner Mrs. Henri Richman reported that 20 more books of green stamps were needed in the drive to raise 400 books for the purchase of a large play slide for the Steeple Street Mini Park.

City Attorney Arthur Powell reported that the Tennessee Valley Authority has approved a new 30 year lease on the property TVA leases to the city for a recreation park, where the Mini-Park and the city softball and baseball park are located. He said this lease will be presented at the January meeting of the Commission.

Phil Deaton of the Tennessee Municipal Technical Advisory Service was at the meeting and presented the Commissioners with the new Tennessee Community Progress Guide. The guide is published by the TMTAS as an aid to governmental officials in their efforts to make improvements and initiate new programs.

The guide consists of 15 sections and explains steps to be taken to accomplish certain goals and to plan a spent program. The areas covered by the guide include Governmental, (Continued to page 10)

Herald Deadlines Early

Deadlines for the Christmas week issue of the Loudon County Herald have been advanced to facilitate early publication of the paper.

Deadlines for all copy, advertising, news, photos and all other matter pertaining to that issue is 5 p.m. Monday, December 21.

The Christmas week issue will carry a Wednesday, December 23, deadline, but distribution is planned for both the 22nd and 23rd. This issue will carry the annual Christmas Greeting Section and the Letters to Santa Claus received from various schools in the Herald circulation area.

Born A King Slated Sunday

"Born A King", a John W. Peterson Cantata will be presented by the Loudon United Methodist Church Choir at 5 p.m. Sunday in the church auditorium.

The Choir is dedicating the Cantata service as a memorial to the late Rev. E. R. Webster, who was a former pastor of the church, and described by Choir Director Buddy Dicken as a faithful member of the choir and servant of the church.

The soloists for the Cantata will be Soprano - Mrs. D.K. George; Contralto - Mrs. Jack Cole; Alto - Mrs. Jack Hodges; Bass - Bart Iddins; Tenor - Ed Arnold; Mrs. Tom Matlock will accompany the choir on the organ.

Mr. Dicken said the public is welcome to attend the special musical Christmas service.

Mr. Swiney said the public is invited to attend the service.

MONEY FOR PARK-Earl Barger, right, president of the Philadelphia Community Club, presents Philadelphia Mayor Roy Bledsoe with \$2700 in cash and checks. The money was raised by the Community Club through various projects to be developed on a 10 acre, \$50,000 recreation and picnic park in the community. The City of Philadelphia recently received a \$19,500 grant for the project and has added some \$3000 to the park funds. From its own treasury. A ground breaking ceremony marking the beginning of construction on the facility is expected to take place before Christmas, Mayor Bledsoe said.

PRACTICE EMERGENCY ALERT-Some 25 Loudon Counties participated in an Emergency Operations Simulations Training exercise which covered a two day period last week. The EOST under the direction of the Loudon County Civil Defense Director Ted Randolph with aid from the University of Tennessee and State Civil Defense office included a full scale emergency operation simulating a nuclear attack on the United States, various emergency situations which resulted from the alert, such as accidents, fires, break-downs in

communications, establishing field medical facilities, getting residents distributed in available fall out shelters, loading, and numerous other situations. Members of the local Civil Defense organization along with city officials from all sections of the county, county officials, fire department personnel, utilities personnel, law enforcement officers, the Loudon County Rescue Squad and others participated in the operation. The base for the operation was set up in the National Guard Armory in Lenoir City and live phone communications were set

up to allow for quick communications between various sections and division personnel responsible for specific phases of the operation. Set up on a precision minute and second drill to resemble the real thing the operation was a training session to see how local officials would handle such an emergency. In the panel of photos above the charts and personnel involved are shown going about their assigned jobs during the emergency operation. The success of the operation was based on quick decisions being made by those responsible for each phase. Every emergency from the time reported was started on various maps and charts. The action taken was then decided and evaluated and also marked on the maps and charts at a success or failure. County Civil Defense Director Ted Randolph said after the three hour operation that the cooperation was good and that the session was a success in terms of training the personnel in the county who would be responsible in the event of a real emergency whether it be civil or military in nature.

12 Added To Bacon 25 Year Club

Twelve members were added to the CHARLES H. BACON COMPANY's "Twenty-Five Year Club" at its annual dinner held Thursday night at the Lenoir City Senior High School Cafeteria.

Those entering the club were Ora I. Russell, Lenoir City Knitting; Ruth Pickel, Lenoir City Finishing; Ruth G. Nix, Lenoir City Boarding; Polly Moats, Lenoir City Knitting; Dexter Moats, Lenoir City Knitting; Nellie Cusick, Lenoir City Knitting; Ruby V. Williams, Lenoir City Shipping; Bessie Plemosa, Lenoir City; Chester McDonald, Lenoir City Fixer; Raymond Jenkins, Lenoir Sewing; Charles James, Lenoir City Fixer-Shop; Verna Brooks, Lenoir City Inspector.

Company President E.C. Cifers made a short talk, telling those present that

while business had been in a slump for the second half of the year, an upturn is in progress today.

"We are all concerned about what is happening," he stated. "We worked overtime the first of the year, and some during mid-year, but work has slowed during the second half. We are more fortunate than many competitors, but we are deeply concerned about the short time our employees are working at the present. The economy is slow, but we feel the low ebb has been passed and the New Year will find the trend upward."

He stated the sales had fallen off, but added, "we still have the finest sales staff that can be had. I hope and pray that 1971 will be a much better year."

"We have been moving forward during the past year. We moved into the new Loudon Finishing plant, and other changes have been made to improve efficiency. We have an order for delivery at once new equipment for the seamless plant."

"My hope is that next year we can look back and say we are much stronger for having gone through this slow season," he concluded.

He told the members that James Scott, former Company President, is in the hospital and is seriously ill.

Following the talk by Mr. Cifers, the following members were awarded the following door prizes: mixer, Kathryn Delapp; dishes, Hazel McCurdy; clock, Dexter Moats; toaster, Lou Rodgers; one opener, Core Fields;

percolator, Della Pickett; electric blanket, Lawrence Canaler; radio, Nannie Thomas; watch, ladies, Sillman Davidson; watch, man's, William Russell; electric knifv, Hue Miller; fry pan, Lina Bradley.

WEBSTER'S REFERENCE TO SPORTS

By JOE WEBSTER

Now, let me tell you this. Don't any of you readers go out and spend a lot of money on me for Christmas. Just because I'm your favorite sportswriter . . . Don't go overboard on my gift. Any small item will be fine . . . Such as a 1971, powderblue Ford convertible.

Let's take a look at what some of our celebrities might want for Christmas. Here's what they said in their letters to Santa Claus:

Dear Santa,

Thank you for the Sugar Bowl invitation. Everybody said I was too young to go that far by myself. Santa, you know how sharp I dress for every game, could you bring me a really jazzy outfit to wear in our bowl game? I'd like a short-sleeved shirt and a pair of reddish, purple trousers. As you know, our game will be shown in color and I want to look "my very best. Oh yes, bring me a polka dot tie and a NEW ORANGE COAT. Bye, bye Santa. I'll see you in New Orleans.

Your Friend,

Bill Battle.

Dear Santa,

You have always been very nice to me and I thank you very much. Thanks for such shooters as England and Edwards, they are just great. Santa, is there any way you can get Adolph Rupp to retire? I'm getting tired of finishing second every year.

Your pal,

Ray Mears.

Dear Santa,

How are you and Mrs. Claus? Fine I hope. Santa, I would like to clobber Notre Dame in the Cotton Bowl. We have won 30 straight and Ara will really be after us. Santa, if you can, bring me for my present, NUMBER 3!!

Your Best Friend,

Darrel Royal

Dear Santa,

Hi there, old buddy. Santa, you and I have been pals for a long, long time. Now, old pal, I'll tell you what I'd like this year. I'd like my 5th NCAA Championship. That dratted U.C.L.A. is hogging the show. And, Santa, would it be possible to play Tennessee twice in Lexington? You know how I dread going to Knoxville? Boy, that Ray Mears is tough in Knoxville.

Your great admirer,

Adolph Rupp

City League Teams Record Victories

City Basketball League games were held Tuesday and

Friday night of last week with Utilities, High School, Stop and Shop, Marentom Gold, and Marentom White taking victories over their opponents.

In Tuesday night's games

GETS TWO ANYWAY—Redskin guard Tommy Rathledge (20) is fouled by a Harriman player as he attempts a lay-up, but made his two points from the foul lane. Tommy scored 19 points in the Stars exciting 79-77 win over the visiting Blue Devils.

pointer pup, "Thunder", with some of the find. "Thunder" was trained by Bubber Cameron of Panama, Alabama. Knowledgeable bird hunters tell me that Cameron is truly an expert when it comes to training dogs. Looks like he did alright by "Thunder" doesn't it? Is brother Bob Norris happy with his dog? He's overjoyed. Goodnight everybody.

Utilities went ahead of the Bank late in the second half on a surge of Buck Kirkland's accuracy. Kirkland got 20 points, Minsap hit for 9 and Joe Russell displayed some excellent defensive plays. Denny Watkins fouled out. The final score was Utilities 44 and the Bank of Lenoir City, Loudon Branch, 35.

High School defeated Marentom 41 to 34. Miller and Berry led the School team with 13 points each. Charlie Kier's 18 points and Ray Caswell's 9 points were high for the White.

Stop and Shop remained undefeated. Marvin Tuck set the pace with 16 points, and Easter netted 10 points. For the Blue team, Tommie scored 7 points and Evans added 10 points. Final score was Stop and Shop 37 and Marentom Blue 27.

Marentom gold defeated Marentom Green by the score of 32 to 25. For the Gold, Alexander scored 10 points, Harris scored 8 points. Poole contributed 8 points for the Green. Berkholz added 6 points.

In Friday night's games Stop and Shop shared the lead with Utilities. In the

opening game, the Blue team edged out the White team on the strength of Ronnie Evans who connected with 18 points. Mike McNabb led the White with 20 points. Grimes and Cardwell each scored 10 points. Final score was Marentom Blue 46 and Marentom White 42.

Stop and Shop handed the High School their first defeat. Tuck hit for 13 points. Campbell and Easter each had 10 points. Mike McNabb hit for more than half of the High School's total points with 35. It was Stop and Shop 54 and High School 40.

Marentom Gold upset the Bank by a score of 59 to 44. The Gold took the lead on the shooting accuracy of Bill Harris with 18 points. Bob Alexander added 10 points. The 16 points of Joe Davidson was high for the Bank. Jim Watts added 8

points. Minsap remained undefeated by taking a victory over Marentom Green by a score of 62 to 35. Ed Sitzer connected for 17 points. Minsap and Kirkland had 26 points between them. For the Green, Berkholz was high scorer with 8 points, and Lemon scored 7 points.

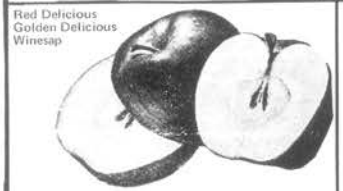

LYNN GETS INSIDE—Usually shooting from outside Lynn Dorsey (40) is caught by the camera putting the ball up from under the basket. She scored seven points in the ladies first win of the season in eight starts by defeating Harriman's girls 65-33.

Loudon Redskins Sweep Three Game Set From Harriman

Victory number five did not come easy for the Loudon Redskins basketball team. The Skins, heavily favored, had to fight for the 17, live Friday night as they defeated Harriman by the score of 79-77 in a three-minute game. The Blue Devils, playing their first game under new coach Jake Gambie, led most of the way and it took a late rally by the Skins to pull out the game. The win gives the Skins a 5-3 overall record and they still lead District Nine with a perfect 4-0 record.

Four players scored in double figures for the Skins. Yancy Hampton, the Skins leading scorer with 18.5 average, again led the Skin attack with 24 points, Lonnie Hawkins and Tommy Ratledge followed with 22 points each and Ray Simmons added 15.

The big scorer in the game was Harriman's Gary Mullins. The big forward hit consistently from the corner against the Skins' zone defense and bagged 31 big points. Three other Devils scored in double figures. Greg Winfree and Tony Hall contributed 16 and 15 points, respectively. Terry Kelly followed with 11.

The Skins had one of their better nights as far as shooting is concerned. They connected on 20 of 52 field goal attempts for a fine 48 point percent. In the second half, they hit 15 of 28 attempts for 59 percent. The Blue Devils hit 24 percent of their shots.

With Ray Simmons leading the way, the Skins also won the rebounding battle, the big center pulled off 18 misses to help give the Skins a 50-42 edge. Louie Hawkins added 10 retrievals.

The first quarter was very close with Harriman leading most of the way. Yancy Hampton's seven points and six by Ray Simmons kept the Skins close by Harriman led by 19-16 at the first stop.

The second quarter was a scoring battle between the Skins' Hampton and Ratledge and Harriman's Mullins and Winfree. When the dust settled the score was tied at 35-33 at halftime.

Harriman completely disintegrated the early stages of the third quarter. With Mullins continuing his torrid shooting, the Devils pulled out to a 54-46 lead with two minutes left in the quarter. At this point, the Skins got a tremendous lift from Lonnie Hawkins. The senior forward hit for six straight points to pull the Skins within two, 54-52, at the end of the third quarter.

Hugh Watson's Lassies won their first game of the season as they took a very decisive 65-33 victory over the Harriman girls. The win gives the Lassies a 1-7 record.

Rollin Watson was the big difference for the Lassies. The petite forward came off the bench and ripped the net for 28 points. Twenty-four of her points came in the second and third quarters. Freshman Jane Shubert also scored in double figures by amassing 14 points. Other scorers for the Lassies were Lynn Dorsey (7), Dianna Dorsey (6), Sherry Thompson (6), and Marilyn Smith (4). Corlie Anderson led the Harriman girls in scoring with 17 points. In the first quarter, the Harriman girls played a man-to-man defense and Jane Shubert took advantage of this by working her way inside for eight points. At the first stop the Lassies were on top by the score of 10-6.

In the second quarter, Harriman switched to a zone defense and this played right into the hands of Miss Watson. She began pumping from long range and scored 10 of the Lassies' 11 second quarter points. At halftime the Lassies led by 21-15.

Miss Watson was even more

JUST TWO OF TWENTY-FOUR—Yancy Hampton shows how to get two sure points as he drives for the basket leaving three Harriman defenders in his wake. Hampton led the Reds in victory over Harriman with 24 points.

FOUR ON TWO—Four Redskin players, (44) David Bisholtz, (42) Ray Simmons, (40) Jimmy Greenway, and (40) Yancy Hampton prepared to battle two Harriman players for a rebound under the Skins basket in a game won in the final seconds by Loudon 79-77.

effective in the third quarter. She hit for 14 points and with help from the other forwards, the Lassies were on top by twenty, 45-22, at the end of the third period. Five Lassies got into the scoring act in their final period as they continued their hot shooting and went on to win by the score of 65-33. In the second half the Lassies hit a very impressive 63 per cent of their field goal attempts.

The Lassies were also very impressive defensively, both goals and forwards. They forced the Harriman girls into 22 turnovers while the Lassies were guilty of only seven turnovers. Gloria Brown was especially impressive around the backboards. The tall sophomore guard pulled off 10 defensive rebounds.

Loudon's 8-team broke a two game losing streak by winning a close 36-34 decision over the Harriman team. The win gives the Loudon team a 4-3 record.

Two free throws by Roomie Lowman with fifteen seconds left in the game gave the Skins' their winning margin. The Skins had led most of the way but Harriman rallied to tie the score at 34-34 with one minute to go.

The Skins could not buy a basket in the first period. At the end of the quarter they had only one field goal and trailed by 16. In the second quarter they were able to get their offense moving somewhat and led by four, 18-14, at halftime. At the third stop the Skins were on top by the score of 35-33.

Three Skins, Ricky Alexander, Ronnie Lowman, and R.L. Braum, took scoring honors with six points each. Tim Jones was close with five. Bill Collins, Rodney Bevis, and Rick Messmore hit for four points each. Dale Amburn scored one point.

Harriman's Swafford was the game's big scorer as he poured in 21 points. Bowman, Peddicord, and Stevens hit for five, four and two points for the Devils.

A JOB WELL DONE-Tommy Mills and his two-year old son Travis are shown looking with pride at a waterway on their farm shaped and seeded this fall. Mr. and Mrs. Mills' farm is located in the Hines Creek Community near Watts Bar Lake.

Grass Waterways Add Farm Beauty

By Thelbert J. Hicks
Soil Conservation Service

"Grassed waterways adds much to my farm including a better and more profitable land use, reduced pollution farm soil, outdoor beauty and more convenient operations with my equipment," states Tommy Mills who lives in the Hines Creek Community.

Mills had a complex problem before the waterway was shaped, lined and fertilized, and seeded to fescue grass and ladino clover. He was unable to use farm machinery very easily because some parts of the field would be wet and other parts would be eroded or galled. The water during rainy weather was unable to get off the field and in other parts it was moving but not in a proper graded channel or waterway. He solved his problem with a 1200 ft. long waterway which can be crossed with any machine and used for pasture or hay.

"Before the waterway was established I had not been able to establish it in pasture," Mills stated.

Mills continued, "many people may not realize that all soil from erosion is the nation's top pollutant of water. Grassed waterways reduce pollution and reduce erosion along with many other conservation practices."

Summing up his remarks on the coal shortage Hags said, "The changing energy market, shortage of railroad cars and restrictive governmental policies have caused the coal crisis."

"The shortage of oil and natural gas is the direct result of shortsighted government policies, unworkable controls over natural gas production, stringent tax increases on producers and irresponsible threats to flood the market with cheap foreign oil from insecure foreign sources," Hags reported.

Energy Crisis Is Subject Of Rotary Program

In a speech to the Loudon Rotary Club at their noon meeting Tuesday, Bill Hags, executive director of the Volunteer State Oil Committee, discussed "Today's Energy Crisis."

Using color slides, he explained the energy sources and how each relates to the present fuel shortage.

He told the group that many of today's problems stem from the fact that 20 years ago atomic power was first developed to be used as "the energy source," yet today nuclear power supplies less than one per cent of our

responsibility on the history books of the County and/or of the City from where they are elected, but also these decisions by the voters will undoubtedly affect policies and actions that in turn affect our daily lives.

The Tribe Speaks

BY LOUDON HIGH SCHOOL JOURNALISM CLASS

The science class presented their Science Fair to us in assembly Wednesday, Dec. 9. The first place was a check for four dollars given to Cindy Dunson, who had a rabbit exhibit. Second place was tied between Patsy Brewer and Don Kinoad who received two dollars each. The money came out of the Science Club fund.

Last Wednesday was the last day for our student teachers. We wish them luck in their future teaching.

Mr. Harrison Crabtree has taken the classes of Mr. John Napier, who went into service. Mr. Crabtree has just completed his degree last week. He is the son of Mrs. Eva Crabtree. He is also married and has a child.

Last Tuesday the student council put up their annual Christmas tree, in the front hall, which some students decorated.

Each homecoming is fixing a Christmas basket containing a Chicken, canned vegetables, fruits, coffee, sugar, and powdered milk. It is given to the needy families of Loudon. They will be taken out Wednesday.

Supervised Agriculture Awards were presented to the three Vocational Agriculture Students having the best on farm programs as evidence by their record books. First place went to Arthur Bright, Second, Scott James, and Third place went to Eddie Jenkins. Judges were Mr. Jim Pope and Mr. Alfred Davis.

Last Wednesday night Mr. Napier received word that his son, John had arrived safely in Florida. The message came via ham radio to Gus Knowles. Later the Napiers received word that he is stationed in Fort Lauderdale.

White Collar Jobs Increase In Loudon County

To what extent has the employment picture in Loudon County changed in recent years? How much job shifting has there been, due to automation?

What proportion of working people in the local area are now in white collar occupations and what proportion in blue collar?

National surveys by the Bureau of Labor Statistics, combined with data from the Department of Commerce, shed some light on the subject.

They indicate that locally, as in most other areas, there have been many adjustments in the employment situation since 1960.

Of the 8,216 men and women who were employed locally at that time, 2,180 were in white collar jobs, the figures show. The rest were in blue collar or service occupations or were employed on farms.

Most noticeable, in Loudon County, has been the substantial increase since then in the proportion of white collar jobs. The rise, in the 10-year period, is estimated at 16.7 percent.

This was in line with the growing demand for clerical, management, professional, technical and sales personnel. These white collar occupations have created opportunities for a large majority of the newcomers in the government's reports are much in line, craftsman, construction workers, factory operatives, transportation workers and the like.

In Loudon County, due to the adjustments that have taken place, it is estimated that white collar workers now constitute approximately 31 percent of the local labor force.

The finding is that the pay scale of the average nonunion blue collar worker has been rising much faster lately than that of the white collar worker.

As a result, the big difference in spending potential and living standards that once distinguished the two has become less evident. Blue collar workers, however, are more susceptible to layoffs than white collar.

and twenty five members and their wives and guests. Mr. Joe Houston, Executive Secretary Tennessee Livestock Association gave a short report on what the state association was doing to promote the Livestock Industry in Tennessee. Gail Hein told those present that this was a banner year for the association. He challenges members to make it better in 1971.

Big Cross At Philadelphia Is Christmas Symbol

by Calvin Lunford
To many people, Christmas will be a time of celebration of the birth of Christ. To a

group of people in Philadelphia, it will be this and something more, something which they feel should carry great emphasis at Christmas time.

This community venture, which began last year as an idea of Earl J. Barger and his employees at Bar Knit Hosiery Mill in Philadelphia, was born out of a feeling that Christmas was a time of year set aside for the celebration of the birth of Christ, and his greatest gift to mankind, his life upon the cross of Calvary.

Their feeling was that at this season of the year, emphasis should be put upon the cross. With this deep-felt idea in mind and many hours of hard work, plus quite a bit of expense, they put together what has possibly created more interest during the holiday season over the past two years than any one thing.

On possibly the highest point in Philadelphia was erected a cross forty feet high, brilliantly illuminated with large fluorescent tubes. This makes it visible for many miles around, conveying the intended message that at the center of all of Christ's earthly life was the cross on which he gave his life that

man might have life and have it more abundantly.

The following is not mentioned in just, but possibly indicates the impact the cross has on people who believe. It seems that one group of people were not aware of the cross being erected, and upon seeing its tremendous glow on the hillside were taken by surprise. Just as the shepherds of old who were grazing their flocks on the hillside of the Biblical lands sighted the star which would guide them to the savior of the world, they were momentarily frightened.

"And the angel said unto them, fear not, for behold I bring unto you good tidings of great joy, which shall be to all people, for unto you is born this day in the city of David, a savior which is Christ the Lord."

The impact of this large glowing cross on the hillside of Philadelphia has been observed by hundreds of local people as well as the transient motorists traveling either north or south on Highway 11. It's impact on people's lives is impossible to evaluate but the objective of a serious-minded people to put the cross before hundreds of

Coach Keller said Millsaps is small by most college standards, but his uncanny ability to be where the ball is on defense and his hard hitting ability make him one of prize catches for Memphis State. Millsaps, 6-0 and 190 lbs. says he hopes he can contribute to the football program at Memphis State.

Present for the signing were his parents, Coach Rattledge and Loudon High Principal William Napier.

Four Fined For Fight At Game

Four young men involved in an altercation at a championship football game at Loudon recently, were fined in Sessions Court at Loudon Saturday.

Scotty Chambers and Mitchell Weir of Cleveland, and Gary Bell and Arthur Stanley of Kingston were assessed fines on pleas of guilty.

The fight took place sometime during the last half of the Maryville-Cleveland state championship football game at Loudon and Bell and Stanley received knife wounds.

Bell is a former football star at Kingston, now on scholarship at Middle Tennessee State University at Murfreesboro.

Weir is also a former football star, having played at Cleveland High School in Bradley County.

Chambers, charged with felonious assault, was fined \$50 and sentenced to six months. The sentence was suspended on good behavior, and payment of medical costs of the two injured men.

Weir, charged with aiding and abetting a felonious assault, was fined \$25 and costs.

Bell, charged with felonious assault, was fined \$25 and costs.

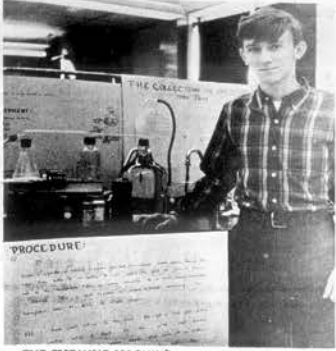

Stanley, charged with felonious assault, was fined \$25 and costs.

The more we learn about this old world of ours, the more we want to stick around and see what happened next.

THE SMOKING MACHINE was the title of the Loudon High School Science Fair entry of Don Kincaid. The project dealt with the effects of Carbon Monoxide on blood. The entry won second place in the Fair.

Winners Named In Loudon High Science Fair

The Science Club sponsored the annual Science Fair on Tuesday night, Dec. 8, at Loudon High School in the Chemistry Department. The Science Fair consisted of exhibits built by the participating students who are enrolled in general science, biology, chemistry, and physics.

The Sweepstakes winner was Cindy Duncan, daughter of Mr. and Mrs. A.C. Duncan. Cindy's project was entitled "To Balance or Not to Balance." It dealt with the effects of an unbalanced diet on hereditary characteristics of rabbits.

Two second place awards were given because of the difficulty of selecting between the two competing exhibits. These awards were won by Don Kincaid, son of Lt. C. and Mrs. Jack D. Kincaid and Patsi Brewer, daughter of Mr. and Mrs. Estell Brewer. Don's project, entitled "The Smoking Machine," dealt with the effects of carbon monoxide on blood. Patsi's project concerned how much dirt is moved from one side of Fort Loudon Dam to the other in a one year period. According to Miss Brewer's computations, the Reservoir behind the dam will fill up within 900 years.

Those receiving Honorable mention were: Byron Lawson, son of Mr. and Mrs. Bill Lawson, Jr. Byron's project was entitled "Protein Synthesis." Fred Chaney, son of Mr. and Mrs. James H.

Six From County To Get U-T Degrees

Woman Marine Pvt. Jean A. Engel, daughter of Mr. and Mrs. Walter E. Engel of Route 4, Lenoir City, is serving with the Woman Marines Detachment, Two, Marine Corps Air Station, Cherry Point, N.C.

SWEEPSTAKES WINNER—Cindy Duncan is shown with her Loudon High School Fair entry "Balance of Not To Balance" which dealt with the effects of an unbalanced diet on hereditary characteristics of rabbits. Her entry won the Sweepstakes division.

A SECOND PLACE WINNER—Patsi Brewer's untitled Science Fair project won a tie for second place at the Loudon High event. The project concerned how much dirt is removed from one side of Fort Loudon Dam to the other in one year period.

Steekee 4-H Hears Perkins

By Larry Jameson

The Steekee 4-H club held its monthly meeting recently. The meeting was called to order by Pam Boone, Steve Hill, secretary, read the minutes of the last meeting and called the roll. A demonstration was held by Steve Hill and Larry Jameson on how to decorate a Christmas Tree. The meeting was then turned over to Roger Perkins who gave a talk on "Raising Chickens and the Profit To Be Gained By It." After Mr. Perkins' talk, the club then had a Christmas party.

WIN FUTURE FARMER AWARDS—Supervised Agriculture Awards were presented to three Loudon High Future Farmers of America members at the 23rd annual Parent and Son Banquet held recently. Judges for the contest, pictured at left and right were Jim Pope and Alfred Davis. The winners (left to right) Eddie Jenkins, third; Scott James, second; and Arthur Bright, first.

\$1,987,000 Is Local Contribution To Interstates

From the standpoint of car owners in Loudon County, how costly an undertaking has the \$2,500 mile Interstate Highway System become? How much are they contributing at the present time to the construction costs through gasoline taxes and other auto-use taxes?

During the past year, based upon the latest figures, they forked up no less than \$331,000.

This is the amount that goes to the Federal government. It is exclusive of the auto taxes collected by the state.

The revenue went into the Highway Trust Fund, which takes care of 90 percent of the cost of the construction. The states pay the other 10 percent.

The heightened interest in the highway program is due to the battle now going on in Washington over moves to divert some of the money to such needs as railroad passenger service, urban mass transit and other transport programs.

Some Congressmen feel that the nation's priorities no longer call for the spending of the \$5 billion or so collected each year solely for

new highways.

Under the current Federal tax on gasoline (4 cents a gallon) and the special tax on tires, tubes and accessories, the average Loudon County car owner is paying about \$30 a year to the trust fund.

That is the amount incurred for a car that travels 10,000 miles a year and gets 14 miles to the gallon.

The overall cost for the 11,040 passenger cars in operation locally, comes to \$331,000 a year.

One of the matters before Congress at this time is the future of the highway program, which is due to expire in 1972.

Originally begun in 1956 at an estimated cost of \$41 billion, it is now expected to reach \$75 billion or more and to require at least six years more to complete.

Far from agreeing to a slowdown or limitation of the work, state highway officials and others are urging that an even bigger program be embarked upon. They are asking for more attention to the development of local road systems.

If Congress extends the life of the program as presently constituted, for another six years, Loudon County car owners will be contributing an additional \$1,987,000.

Big Ticket Sales Up

Judging from the number of big-ticket household accessories that Loudon County families have been acquiring during the last few years, living standards are on the rise locally.

Their purchases of dishwashers, air conditioners, stereographic equipment and other high-priced equipment have been climbing steadily since 1959. It is directly attributable to the income gains chalked up in the period by most local families.

The extent to which ownership of automobiles and household appliances has increased is based upon a special sample survey made by the Department of Commerce and data from other sources.

The figures show that there is a direct relationship between a family's earning capacity and the amount of expensive durables that it

owns over the years.

In Loudon County, on the strength of these findings, no less than 19.7 percent of the local families are the owners of two or more cars at the present time. This compares with 14.5 percent in 1960.

There has been a marked increase, also, in the number of families with television sets. This has been due to a large extent, to the growth of color TV.

Approximately 95.0 percent of the households in the local area now have television sets, as compared with 85.9 percent in 1960.

Similarly, more homes are equipped with washing machines than was the case then. Ownership in Loudon County's regional area is placed at 68.0 percent.

This relates only to outright ownership. Actually, the proportion of families that have washing machines available to them is greater than that because many rental units are equipped with them.

MEMORY CARD - In memory of Hobart Tuck who passed away Dec. 21, 1969. Friends may think we have forgotten Tuck, with little when at times they know his smile. Little do they know the heartbreak. We are hiding all the while. Times goes by but memory stays. As dear and near as yesterday, we miss you. Deep in our heart you are with us yet. We loved you too much to ever forget you. Sadly missed by wife, children and grandchildren.

Greenback High School News

On Wednesday, December 16th, the student body voted on student council officers. The new officers for this year are: President Jocelyn Dixon, Vice-President Kay Bailey, Secretary Donna Thompson, and Reporter Kathy Williams. The student council will be under a new organization this year and will be meeting once a week.

A Beta Club meeting was held on Tuesday of last week. The members discussed their service projects and the annual Christmas party for the E.M.R. students.

The French class this year has written a play to be given on Friday the 16th. The play is a Christmas play, all in French, and it will be presented the last day of school before Christmas vacation. The title of this play is "The French."

The monthly PTA meeting was held on Monday the 12th with grade 1-3 presenting a Christmas program.

The Letterman's Club met on Friday and, collected part of the dues. They also discussed their coming banquet. Plans for this banquet are still incomplete.

come up with something for a laugh. The lady in the foreground is Evelyn Cook, and on the right of the picture is a portion of a lady who seems very amused at the antics of Clyde and Garland. The man in the overcoat coming down the street looks a little like Joe Trout, but we could be wrong about this. If anybody recognizes these two people, give us a call and we will be glad to clarify this next week. From the looks of the amount of money laying along the board, we would venture to guess that it was possibly a very successful day. We would like to thank Mrs. Clyde Christian for her thoughtfulness at this season of the year in hunting up this two interesting old photos from a past era in the Good Old Days of Loudon. Maybe others have pictures of their groups working on

this very worthwhile project. If so, give us a call and we would be glad to run them. Oh yes, can any of our readers tell us where this little white house came from? Let's see how good your memory is. Well, that's it for now. See you next week.

MODERN DRUGS
CONTEMPORARY USE
ILLEGAL ABUSE
by Lester Avest: Pharmacist

UPERS AND DOWNERS
Amphetamines, (uppers) and barbiturates, (downers) are two areas of very serious concern on the drug scene these days. Both drugs are potential killers and work directly off the central nervous system. While their effects are directly opposite from one another - facilities directly attributed to their abuse numbers well into the thousands each year in our country and with no relief in sight...

AMPHETAMINES, are stimulants which increase the heart rate and circulatory system by stimulating the nervous system. **BARBITURATES** on the other hand, tend to slow down virtually all of your body's processes... More next week on amphetamines.

BACK IN THE GOOD OLD DAYS

When we think of Christmas, which is almost upon us, and the good old days in our area, I think for the most part, we celebrate Christmas in it's true morning. This was not only true in the good old days but is still with us. Our area is blessed with a church influence, which teaches Christmas in it's true form. Of course, we like to feel

which has an allotted amount set aside for this purpose, thus eliminating the necessity of street soliciting for funds to meet this important community need. Back in the days when the main street in front of Loudon Pharmacy, the different plants and organizations in our town would take a specific day and furnish personnel to work at the solicitation of funds. All of these groups worked hard for a worthy cause. Our thinking along this line was motivated by a picture from the good old days when the occasion was history mill day. Those in this picture are Evelyn Flynn Cook, J.E. Greenway, Louise Brackett, Bill Shubert, Willard Parfy, and the late Clyde Christian. You will note that on the sign pile of dime is the designation of history mill day. Lo and behold we couldn't

stop with just one picture about the mile of dimes in the good old days in Loudon. We think this is possibly a few years older than the one described above. The man in the Santa Claus outfit is the late Clyde Christian, and on hand to offer his normal amount of post is Garland Lindsay. What part the top hat plays, we have no idea, but leave it to Garland and you can let her tell us

CHRISTMAS

Carol joyfully . . . for Christmas is here! At this happiest
of seasons, we treasure the special joys of life . . . the glowing smiles
on children's faces, the fun of secrets and surprises, the welcome sounds
of merry voices, the warmth of home and family, the wonders of giving and re-
ceiving. Because friendship and fellowship are among the greatest of these treasures,
we are especially happy to greet our many good friends and customers, whose loyalty
and good will have made "everyday business" a real pleasure. To one and all, we wish
all the best and all the blessings of this beautiful, bountiful time. A Merry Merry Christmas!

OIL HEATER EXPLODES, HOUSE BURNS, CITY EMPLOYEE, BILL WATTS DIES IN BLAZE

WHERE MAN DIED—Sunday morning the flamescarred remains of the home of Bill Watts, Arden Street of Loudon served a grim Christmas season reminder of the tragedy which took his life the night before. Watts died in the fire, apparently caused by an explosion in an oil heater in the house. Watts had been employed by the City of Loudon for almost 30 years.

Shortly after returning home Saturday night from VFW Post 5150 in Loudon, where he had been active in helping repair Christmas toys for underprivileged children, William Robert (Bill) Watts, buried to death in a fire which destroyed his home on 807 Arden Street in Loudon, Mr. Watts, who was employed by the City of Loudon in the maintenance department for some 30 years, was a veteran of World War II and was an active member of Loudon Veterans of Foreign Wars Post 5150.

MR. WATTS took place. Coroner Dr. W.B. Harrison said that Mr. Watts' was badly burned in the fire, but probably died instantly.

Loudon Fire Chief Charles Varner said that the fire which destroyed the four room home and took Mr. Watts' life, is believed to have started when a mal-function caused an oil heater in the living room of the house to explode. Chief Varner said that the fire was reported to the Loudon Fire Department about 11:10 p.m. Saturday and by the time firemen arrived at the house three minutes later the home was enveloped in flames. He said neighbors reported hearing an explosion just prior to the fire. The neighbors also told firemen that they saw Mr. Watts enter the home about 20 minutes earlier. Varner said it took some 45 minutes to extinguish the blaze and reach the body.

Mr. Watts' body was found in the floor of the living room. He was believed to have been sitting in a chair when the oil heater watching television when the explosion took place. Survivors include his wife, Mrs. Elizabeth Littleton Watts, three sisters, Mrs. Warren Smith and Mrs. Tom Bledsoe of Loudon; and Mrs. Johnny Powell of Jacksonville, Fla., two brothers, Jack and Roscoe Watts of Thomasville, N.C.

Thieves Take Gifts From Nicholas Home

As Mrs. D.M. Nicholas was directing Christmas music at Cumberland Presbyterian Church in Loudon late Sunday afternoon, thieves were busy taking Christmas gifts from her home on River Road in Loudon.

Mrs. Nicholas returned home from Church about 6:30 p.m. Sunday to find that thieves had forced open a sliding glass door and made off with numerous Christmas gifts that had been under her tree. She said some \$200 in gifts she had purchased for others were taken and several gifts she had received in the mail, which were under the tree also, were taken.

Mrs. Yearwood Hit By Car, Hip Broken

Mrs. P.C. (Jennie Mae) Yearwood, 70, of Wharf Street in Loudon suffered a broken hip when struck by a car as she was walking across U.S. 11 at the Walnut Street intersection last Sunday afternoon.

City policeman Whitley Williams, who investigated the accident, said that Mr. and Mrs. Yearwood were trying to cross Mulberry Street (U.S. 11) during the heavy holiday traffic passing through Loudon. Officer Williams said that Mr. Yearwood said the couple almost ran across the street due to the traffic and that Mrs. Yearwood was struck by a northbound car.

The driver of the car was Richard Gage, 36, of Malbourne, Fla. Mr. Gage said he could not avoid hitting Mrs. Yearwood, that the woman just appeared from nowhere.

Mrs. Yearwood was admitted to Fort Sanders Hospital with multiple bruises and a broken hip.

JAYCEE CHRISTMAS SHOPPING TOUR—Some 30 especially selected children from Loudon Elementary School were taken on a Christmas Shopping Tour to buy Christmas gifts for themselves, or others if they wished, last Friday in Loudon. In the photo at top the group of girls in the party are shown with Jaycees Kyle Anderson and Edwin Arnold as they try to decide what toys they would like. In the middle photo a group of youngsters are at a check-out counter admiring their Jaycee Christmas gifts. At bottom the group, with bags full of gifts, are shown headed back to a school bus for the return to school.

HEADED SOUTH FOR CHRISTMAS—With Christmas a week away and most schools turning out for the long holiday break, thousands of families, mostly from Ohio, Michigan, Canada and New York, streamed through Loudon County over the past weekend for Christmas in Florida. It took an average of some 45 minutes to an hour to move from Lenoir City to Loudon at anytime during the day Saturday. Two photos show the Southbound traffic bumper to bumper at the I-75 exit onto Highway 96 in Lenoir City and the lower photo was taken on Browder Hill on Highway 11. After the traffic jam caused by the two lane highway from Lenoir City to Loudon, the narrow bridge, and usual Christmas shopping traffic at Loudon, cleared after it passed Loudon, but backed up again at Sweetwater with the snakes pace backing up the traffic as far as Philadelphia.

SANTA - A POPULAR GUY—Somewhere in the middle of this photo is Santa Claus during his visit to the party for children of employees of the Marenton Corporation's Loudon Plant. Some 600 persons attended the party held last Sunday in the old Loudon High gym. Besides getting to talk to Santa the 300 children present were shown cartoons, given refreshments, and gifts from the company.

TAKES SCOUTING HONORS—Bill Watkins, an Eagle Scout, is shown receiving the Silver, Gold and Bronze Eagle Palms for outstanding achievement from his mother Mrs. Sam Watkins in Court of Honor services Sunday. Court of Honor Director and assistant scoutmaster Edward Headlee looks on at left. (Story on Page 21)

SEAT BELTS apparently prevented the occupants of this car from being seriously injured, in spite of side-swiping a tractor-trailer rig just south of Loudon. The occupants, James Cannon Patrick, his wife and small child, were treated and released from Bacon Hospital in Loudon. Deputy Jerry Bryant said the driver apparently fell asleep. (Story on page 21)

HAS HEART PACEMAKER—Mary Frances Blair of Loudon is shown with a Christmas gift she has just wrapped. She was recently in the hospital to have open heart surgery and had an electronic heart pacemaker placed near the heart to regulate her heart beat.

"Heart Pacemaker Is Best Gift," Says Miss Blair

By Calvin Lunsford
A Loudon County woman feels that she has received the greatest Christmas gift that she or anyone else could receive. She has received a gift that most people take for granted—the gift of life. Through the skill of modern surgery and the science of medically related electronics, Mary Frances Blair now can enjoy a life of unlimited activity. She fought a determined battle to live for many years, and now she has finally won.

On Oct. 26 of this year, Mary Frances underwent open heart surgery at the widely known medical center at the University of Alabama Hospital in Birmingham. Her surgeon was a world-renowned heart surgeon, and her operation was considered one of the most successful. Today she is active and well on her way to leading a normal life.

The battle which was a long hard struggle for Mary Frances, began when she was born. She had what medical authorities described as a rare heart condition that restricted the flow of blood to only half of the body. In most cases, the life span for anyone having this condition is very short, but she lived three times the projected number of years that a patient with a similar ailment, according to medical science, could have lived.

Mary Frances feels that through a miracle which was spared until a surgical technique was developed which would save her life. She feels that this miracle became a reality on Oct. 26, when surgery corrected her rare heart condition, and gave her a much hoped for new lease on life.

Inbedded in Mary Frances's body is a modern day electronic device which has been given the name "Pace Maker." It does just what its name implies. It sets up the right pace in her heartbeat. In the normal human body, a small nerve or muscle sets up this natural heart rhythm, and in cases where disease or emergency

Mr. and Mrs. John Gilkey are here from Chapel Hill, N.C. to spend the Christmas holidays with Mrs. Gilkey's parents, Dr. and Mrs. Tom McSwain.

Mrs. J.V. Schrimsher is a patient at St. Mary's Hospital. Weekend guests of Mr. and Mrs. Burton Petty were their children, Mr. and Mrs. Davis Deatour, Ga. and Mr. and Mrs. Bob Barbour and Cris of Hermitage. The Barbour's also visited Mr. and Mrs. James C. Kelley in Lenoir City.

Mrs. George Smalling has as her Sunday guests Mr. and Mrs. Orville Smalling of Knoxville and Mr. and Mrs. personally met Jim Jordan, who will be known to most people as Fibber McGee of the well-known radio show which ran from the thirties to the fifties. He also underwent open heart surgery. On the same floor at the hospital was Rep. Mendell Rivers of South Carolina who was also there for open heart surgery.

Mary Frances said that she would recommend this type of surgery to anyone who seriously needed it. She states that it wasn't an easy decision, but one she is very happy that she made. Prior to her operation she had gotten to the point that she couldn't walk across the rooms in her home. Today, she has no restrictions on her activity at all.

Miss Sheri Kirkland is home for the Christmas holidays for a visit with her father, W.V. Kirkland, Mr. and Mrs. Burton Petty entertained with a pre-Christmas dinner Saturday evening at their home on Huffard Dr. Guests included Mr. and Mrs. David Stoolgrove and family of Decatur, Ga., Mr. and Mrs. Bob Barbour and Cris of Hermitage, Mr. and Mrs. Bill Thompson and Tobbin of Lenoir City and Mr. Frank Jones.

MODERN DRUGS
CONTEMPORARY USE
ILLEGAL ABUSE
by Lester Averett Pharmacist

AMPHETAMINES
"Speed, pep pills, speed and dex," are just some of the nicknames given the various amphetamines.

The legitimate uses for amphetamines are pretty much limited. Under proper supervision they can work wonders to increase alertness and to ward off or temporarily postpone fatigue. Still another good use in our contemporary world is in the supervised controlled diets, as an appetite depressant.

Most abusers begin by taking small doses to keep awake over long periods or to get their "kick" from the stimulation given the nervous system; only to find they need an increased, now frequent, dosage as their tolerance builds. More next week.

Luncheon Held For Bridesmaids

Happiness and gladness was the color theme used by Mrs. W. G. House, Jr., at the bridesmaids' luncheon for Miss Susan Jones on Sunday, December 13.

The dining table was covered with a white organdy cloth with lace insertion, centered with gold candleabra with slim pink tapers, entwined with ivy and pink flowers. A large white wedding bell hung from the ceiling over each guest's place. A miniature bride and a "Recipe for a Happy Marriage" in the shape of a heart marked the bride's place. A wedding bell marked other guests' places.

The focal point was a table with a miniature wedding party, interspersed with ivy and pink tapers in single gold candle holders. The table cover was the same as the dining table.

Mrs. Lynn House assisted with decorating and serving. The bride's gifts to the bridesmaids were silver "Bridesmaid" charms.

Redskins Hold District Hoop Lead At Holiday Break

The Loudon Redskins Basketball team will be able to enjoy the Christmas holidays knowing that they are atop District Nine. The Redskins are still the only unbeaten team in district play. They ran their district record to 5-0 Tuesday night with a 77-47 victory over the Meigs County Tigers. Loudon's overall record now stands at 6-5.

Four Redskins scored in double figures against Meigs County. Vance Hampton was the big gun as the junior guard pumped in twenty-nine points. Hampton is now averaging 19.6 points a game. Tommy Rattledge, Ray Simmons, and Lonnie Hawkins followed with thirteen, twelve, and eleven points. David Brinkhoff (7) and Greg Cagle (5) were other scorers for the Redskins. Ray Simmons led the Skins in rebounds with twenty-two. Vance Hampton has twenty-one assists and Jolley Dale Kennedy also scored in double figures as he hit for eleven points.

Massey also was the leading rebounder for Meigs with eighteen.

The Skins led all the way in a game that was plagued with fouls. A total of forty-nine fouls were called in the game. The Skins were guilty of twenty-six. In all, seventy-five free throws were attempted in the game.

Hampton pumped in nine points in the first quarter to pace the Skins to a 20-13 lead at the first stop. With three minutes left in the second quarter, the Skins held their longest lead of the night as they led by seventeen, 37-20. The Tigers came roaring back near the end of the half to make the game close but Loudon led by twelve, 42-30, at the midway point.

Things got a little too close for comfort for the Skins in the third quarter. After trailing by seventeen in the first half, the Tigers came roaring back to cut the Skins' lead to three, 51-49, with one minute left in the period. The Skins reeled off seven quick points and led by 58-48 going into the final period. Meigs County continued to make the game close in the fourth quarter but the Skins were always able to recover and

maintain their final margin of ten.

It now appears the Loudon Lassies are ready to roll. They played a beautiful game against the Meigs girls and downed the Tigerettes by the score of 61-49. The win is the second straight for the Lassies after they had dropped seven in a row. The win is especially impressive when you consider that the Meigs girls defeated the powerful Midway girls.

For the second straight game, a reserve had come off the bench to lead the Lassies scoring. Against Harrison, Robin Watson came in and ripped the nets for twenty-eight points. Against the Meigs girls, Freshman forward came off the bench in the second quarter and led the Lassies scoring with twenty points. Miss Watson was close with nineteen points. Dianna Dorsey also hit in double figures as she collected thirteen points. Other scorers for the Lassies were Jane Shubert (5), Lynn Dorsey (2), and Sherry Thompson (2). Kathy Campbell led the Meigs County scoring with twenty-seven points. The Lassies hit an almost

unbelievable sixty percent of their field goal attempts. They connected on twenty-four of forty tries. Marilyn Smith was especially accurate as she hit on eight of nine attempts.

On the other end of the floor, the Loudon guards were also playing an exceptional game. Gloria Brown, Mary Graham, and Sherree Harris continually put pressure on the Meigs forwards and took away the good shots. The defense also forced the Meigs girls into making eighteen floor mistakes. Mary Graham turned into a ball hawk as she intercepted seven Meigs passes. Miss Brown and Miss Graham also did a splendid job rebounding. Gloria picked off twelve rebounds and Mary added ten.

The Lassies jumped out to a 12-0 lead at every stop. In the first quarter

Rollin Watson hit for eight points and the Lassies led by 13-12 at the first stop. By halftime the Lassies had stretched their lead to nine, 27-18. At the end of the third quarter they led by 40-30 and went on to run their final margin to 61-49.

Loudon's B-team made it a complete sweep as they downed the Meigs team by the score of 50-33. The game was close most of the way but the Skins came on strong in the final quarter to outscore the Tigers by 18-3. Going into the fourth quarter the Skins led by only three, 32-29.

Tim Jones led the scoring for the Skins with ten points. Bill Collins was next with nine. Other scorers for the Skins were Ricky Alexander (7), Dale Amburn (6), Ricky Messamore (6), Ronnie Lemons (2), Rodney Bevinia (5), and Mike Messamore (2).

Utilities Lead In City League Play

In the City Basketball League games held on Tuesday and Friday night of last week, the Loudon Utilities went to the top of the league standings by remaining undefeated in both of their games.

The Loudon Utilities whipped the High School 67-52. Lynn Millsaps netted 18 points for the winners while Buck Kirkland and Ed Sitzer followed with 12 points each. Ronnie McNabb, high scorer of the game, tossed in 20 points for the High School.

The second game held on Tuesday was a thriller right down to the final buzzer. Marenmont Green team, stubborn Marenmont Green team in the final seconds of play. Charlie Kiser was top scorer for the winners with 12 points. Mike McNabb and Roy Cartwright added 11 points each. Wayne Poole netted 21 points for the losing Green team. Final score was Marenmont White 49, Marenmont Green 47.

With a 15 point performance by Bill Harris, Marenmont Gold defeated Marenmont Blue in the third game of the night. Ronnie Evans topped the losers with a 15 point performance also. The final score was Gold 40 and Blue 35.

In the final game on Tuesday night, the Stop and Shop defeated the Loudon Bank of Commerce by the score of 48-36. Marvin Tuck and Larry Campbell led the winners with 9 points each. Bill Thompson and Joe Davidson led the losing Bankers with 8 points each.

On Friday night's games the Utilities won over the Bankers with 8 points each. The Utilities remain undefeated and now are at the top of the league.

Watkins Receives Eagle Palms, 20 Others Get Merit Badges

A Boy Scout's Court of Honor was held on Sunday, Dec. 20 at the Loudon Cumberland Presbyterian Church. The Court of Honor was under the direction of Edna Headlee, assistant Scout Master. During the ceremony 21 scouts were advanced in rank or received merit badges, with the highest honors going to Bill Watkins, son of Mrs. Wanda Watkins and the late Sam Watkins, Watkins, who has been an Eagle scout for some time earned the much coveted silver, gold and bronze Eagle Palms for outstanding achievement in the following categories: The silver palm for outstanding leadership and accomplishments in the field of insect life, wildlife management, forestry, drafting, bakery, the gold palm was awarded for sculpture, the bronze palm for model design, scholarship, space exploration, and the silver palm was awarded for music, seascography, apollo, chemistry and conservation of national resources.

Other scouts honored at the Court of Honor were Lenoir City won over Marenmont White by the score of 51 to 35. All ten players scored for the Bankers. Jim Watts was high for the winners with 11 points with Joe Davidson and Harrison Henry adding 10 each. Mike McNabb was high for the losers with 13 points with Ray Cartwright following with 12.

The Stop and Shop was upset by a stubborn Marenmont Green team. Four players scored in double figures for the winners. Hugh Marenmont was high for the winners with 13 points. Phillip Lemons followed with 13 points and Bill Brinkhoff and Greg Cagle added 10 points each. Marvin Tuck netted 12 points for the losers with Charles Hart following with 10 points.

In the final game on Friday night Marenmont Gold edged Marenmont Blue by the score of 48-36. Marvin Tuck and Larry Campbell led the winners with 9 points each. Bill Thompson and Joe Davidson led the losing Bankers with 8 points each.

On Friday night's games the Utilities won over the Bankers with 8 points each. The Utilities remain undefeated and now are at the top of the league.

Ridgers Bomb Skins Again, Play In Maryville Tourney

For the second time this season a great second half by the Oak Ridge Wildcats has spelled doom for the Loudon Redskin Basketball team. The Skins traveled to Oak Ridge Friday night and were defeated by the score of 99-74. The Wildcats now have a 7-2 record while the Skins stand at 6-4.

Next action for the Skins will be next week when they participate in the Maryville-Alcoa Jaycee Classic have not yet been completed but they should be listed sometime this week. Classic officials have indicated that the Skins will probably play either Maryville or Alcoa in their opening game.

Ten players scored for the Oak Ridge Wildcats in their win over the Skins. Big Rick Muckenthaler led the way with 23 points. Most of his points came from in close range. The pairings for the Redskins were Tommy Rattledge (5), Bill Collins (5), Jim Greenway (3), and Greg Cagle (1).

The first half was as full of action as any fan would ever expect to see. During one streak by the team, scores everywhere they got the ball. At the end of the first quarter the Skins trailed by only two, 21-22. In the second quarter the score was tied several times but the Skins led only once, 37-36. The score was later tied at 40-40. The

Wildcats led the rest of the way. At halftime they were on top by 49-41. At halftime Simmons had 17 points for the Skins while Hampton had topped in 14.

Oak Ridge steadily added to their lead in the third quarter and were on top by 75-47 at the third stop. The Redskin were outscored by 27-17 in the final period and went on to lose by the final margin of 99-74.

Loudon's "B" team also came out on the short end as they fell to Oak Ridge by the score of 53-44. The loss gives the Junior "B" Varsity a 5-4 record while the Wildcats boast a 5-1 record.

A poor first half led to the downfall of the Skins. They were unable to get started and at halftime had a total of 17 turnovers. At the first stop the Skins trailed by 16-9 and were down by 29-20 at halftime.

The second half was even but the Skins were never able to cut into the halftime lead. The winners had 9 points at the end of the third period. Wildcats led by 44-29 and went on to win by the score of 53-44.

Ronnie Lemons was the leading scorer for the Redskins Messamore and Dale Alexander were next with eight points. "B" team as he pumped in fifteen points. Ricky Messamore and Dale Alexander were next with eight points each. Tim Jones hit for four points while four players, Ricky Alexander, Rodney Bevinia, R. L. Brannum, and Kendall Harris contributed two each. Bill Collins scored one point.

Diggs led all Oak Ridge scorers with 10 points, Stelson and Frier followed with six. Marrow, Stewart, Threat, and Hall hit for five points each.

No One Seriously Injured In Car Truck Collision

No one was seriously injured but a 1969 Ford Torino was a total loss in a side-wipe collision with a tractor-trailer near Carter Lumber Co. just south of Loudon on Highway 11 about 4 a.m. Saturday, Dec. 19.

Loudon County Deputy Sheriff Jerry Bryant, who investigated, said the driver of the car, James Cannon Patrick, 22, of Huntsville, Ala., apparently dropped off to sleep. He and his wife and small child were in the car.

Driver of the tractor-trailer, which was hauling a piece of heavy grading machinery, was James L. Bell, 38, of Maryville. The truck belonged to Black Oak Construction Co. of Knoxville. Deputy Bryant said the driver pulled the tractor-trailer off the edge of the road in an attempt to avoid the collision.

The car went out of control and landed in a field just west of Carter Lumber Co.

LEGAL NOTICES

Tax Exemptions Explained

PART II

(This is the second in a series of three (3) articles on Personal Exemptions and Dependents prepared by the local Internal Revenue Service Office.)

Generally, if you furnish over half of a relative's support during the year and the other dependency tests are met, you are entitled to claim the relative as a dependent on your federal income tax return.

To determine whether you furnished over half the support for a dependent, you must first determine the total support furnished by you, by the dependent himself, and by others.

Total support consists of the following:

1. The fair rental value of lodging furnished;
2. All items of expenses paid or incurred directly for or on behalf of the dependent, such as clothing, medical expenses, food, shelter, education, medical care, recreation, transportation and similar necessities.

PRO-RATING THE EXPENSE
 If, for example, your dependent lives with you, your home, the lodging which you furnish will be the fair rental value of a room or it may be a pro-rata share of the fair rental value of the entire house, depending upon the extent of the dependent's share of your house.

ACCIDENT PRONE
 When telephone poles and trees make you stop and think, motorists, it's always too late.

Survivors include several nieces and nephews.

Services were held Tuesday, Dec. 22, at Quinn and Larose Chapel with Rev. Vaughn Albright and Rev. Buford Albright officiating. Burial was in Cortina Cemetery.

On basis for pro-rating the proportionate share. For example, if the fair rental value of a room is \$100 per month and there are five occupants, \$20 per month is applicable to each occupant, provided each had full access to the entire house; otherwise, the proportion is based upon the amount of space occupied.

DEPENDENT LIVING IN HIS OWN HOME
 If the dependent lived in his own home, he contributed to his own support the total fair rental value of his home. For example, if you contributed \$50 to the support of your father, but he lived in a home owned by him, having a fair rental value of \$600, you are not entitled to claim him as a dependent since he furnished more of his

(this will be the last Good Old Days in 1970), would be to use a school picture. School groups have created the most interest out of all the pictures we have used throughout the years.

This picture we are using this week was made at Philadelphia in either 1919 or 1929. There was not a great deal of information that came our way with this picture. It was sent to us by Mrs. J.E. Robinson of Texas. Mrs. Robinson suggested we use it in the Good Old Days and may be some of our readers in Philadelphia could help us identify the children in this old school group. Mrs. Robinson told us that the teacher was Ruth Malcomb, a Loudon girl whose father was J.B. Malcomb of Loudon. She further stated that two of the boys in the picture were

Eugene Robinson and Ernest Robinson.

We feel sure that this is the old Bogart School, but of course we could be wrong. Maybe some of our readers can answer this question for us also. We hope so.

We would like to thank Mrs. Robinson for thinking of The Good Old Days and passing along this old school picture to us. We are always glad to hear from our out-of-state readers, even if it's just a line and no picture. We are glad to receive old pictures from local or distant readers, and we always feel deeply indebted to our many readers who offer comments or pictures.

It is always a pleasure for us to run pictures of old Loudon County families. The one we have this week is one as well-known in Loudon

and the youngster held by Mr. White is Harley Bledsoe, son of Mrs. Lillard Bledsoe, which makes the four generations. Mr. Eck White was a well-known Loudon County citizen and for many years he was a Loudon farmer, and peddled milk and butter to many Loudon families over a number of years. I guess the thing we remember most about this was the old horse drawn hack, and the bell that Mr. White rang as he drove around the streets of Loudon selling his wares to the housewives. We would like very much to have a picture of this old hack. I would venture a guess that many of our readers don't know what a hack looks like and maybe sometime we will run upon one.

Our many thanks to Dock White for the loan of this old and interesting picture. Well, maybe it's not that old, but it is very interesting!

This will be the last issue before Christmas, so we would like to wish our readers a very merry Christmas and a happy new year.

That's it for now. See you next year.

Some people preach charity and wait for others to practice it.

3,218 Persons In Loudon County On Federal Pensions

The amount of money flowing into Loudon County each month in the form of Federal retirement pensions has increased considerably in the last few years.

Because of the vast changes made in the social security law, the number of local beneficiaries and the size of their checks are greater than ever.

According to the official figures covering the past year, retirement and disability payments are now going to 3,218 persons in the local area, as compared with 3,218 four years ago.

Most of them are retired workers or their widows, children and parents. The others are disabled workers and their dependents.

The findings are contained in the annual report of the Social Security Administration. It lists, for every county in the United States, the number of people on the retirement rolls and the payments to them, as of the beginning of this year.

Nationally, there are more than 25 million men, women and children receiving

benefits, as against less than 21 million in 1965. They are collecting nearly \$27 billion a year.

In Loudon County, pension payments at the close of the year were at the annual rate per beneficiary of \$868, in contrast to the 1965 rate of \$695.

A further increase is in effect at the present time, by virtue of legislation boosting benefits by 15 percent across the board.

Just how much a person or his dependents receive in retirement benefits depends upon the amount contributed to the social security trust fund, through payroll deductions, during the worker's active years.

Now, with pension checks larger than in the past and with more people covered, the influx of cash into the local area from this source has grown in importance. It represents a sizeable part of the money in circulation.

Loudon County residents, as a result, are now collecting a total of \$3,264,000 a year, a marked increase over the \$2,238,000 they were receiving four years ago.

Social security taxes have generally been going up proportionately, although no change is expected this year, despite the 15 percent increase.

A seasonal message of joy we bring,
When herald angels in silver voices sing;
Mere words are insufficient to totally express,
Our most sincere wish for Yuletide happiness.

May the thought of this wonderful season,
Offer the time, and not the reason;
A desire for the love of Heaven to descend,
Bringing peace on earth, good will among all men.

Decorated trees, pretty wreaths, all Christmas brings,
Caroling joys, Santa toys, and many pretty things;
Tingling Christmas bells, ring out anew the story old,
Which never loses it's appeal, no matter how oft told.

May God rest the faith of merry gentlemen,
On this another joyous Christmas Day;
May again the faces of the heavenly angels smile,
As in greatest joy they pass along your way.

With gratitude we give thanks for sharing in your life,
To have laughed with you in joy, to have helped in strife;
To continually improve our service, we're trying hard,
Thru Christmas Clubs, Golden Passbook, Master Charge and Bank Americard.

You joyfully joined us when we celebrated,
Our new concept in banking, long awaited;
Your patience was most gratefully displayed,
When our grand opening was regrettably delayed.

This past year has brought us many things,
That a continued interest in better service brings;
The seasons joys are ours to sincerely express,
A wish for each of you, a new year filled with happiness.

MERRY CHRISTMAS

Santa has a message for his reindeer... "Be quick, step lively, it's Christmas!" And because it's Christmas, we have a message for you, and for all our wonderful customers and friends. We'd like to wish you every joy of the season, with much thanks for the joy of serving you.

What Are the Facts About Christmas?

Everybody thinks that space travel is something very new, but an elderly gentleman in a rather unique "space-suit" set the pace years ago. His name: Santa Claus.

Now is the season when he's taking off again, for it's Christmas.

How much do you know about Christmas and Santa Claus? Here are some questions, developed with the help of the editors of the Encyclopedia "International," to test your knowledge. The answers are at the bottom.

1. The first known Christmas card was designed in 1843 by an Englishman named:
 - (A) Charles Dickens
 - (B) Sir Henry Cole
 - (C) John Cabott Rushey
2. The first Christian Nativity feast, celebrating the birth of Jesus, occurred in the fourth century:
 - (A) January 6
 - (B) July 4
 - (C) December 25
3. Christmas did not become a legal holiday in the U.S. until:
 - (A) The Puritans arrived in New England
 - (B) 1836
 - (C) Santa's Helpers Union went on strike
4. The original name of the gentleman we know today as Santa Claus was:
 - (A) Kris Kringle
 - (B) Clement C. Moore
 - (C) St. Nicholas
5. (C) is correct. Artful

Horsley designed the first known Christmas greeting card for his friend, Sir Henry Cole, a wealthy London gentleman. Charles Dickens had his share in Christmas 1843, too. His book, "A Christmas Carol," was published that year.

2. (A) is correct. At first, January 6, the Epiphany, was observed as the feast of Jesus' baptism, with a secondary emphasis on His birth. It was not until the 5th century A.D. that Christmas was generally celebrated on December 25.

3. (B) is correct. New England states outlawed the celebration of Christmas until the middle of the 19th century.

4. (C) is correct. Kris Kringle is the German name for Santa, while Clement C. Moore contributed to the image of Santa Claus with his poem, "A Visit from St. Nicholas," in 1823. St. Nicholas was a real person, a fourth century bishop, and the first Santa Claus.

Yuletide Customs Around Globe

In England

From the north of England comes the happy custom of the kissing bough. A large hoop, twined with greens, is decorated with apples and candles. And in the center there's mistletoe—signal for exchanging kisses.

In Austria

Custom of writing letters to Santa Claus may have begun in Austria, where, long ago, it was an Advent tradition for children to write letters containing lists of what they'd like to receive on St. Nicholas' Day.

In Italy

From Italy comes a most poetic addition to Christmas lore. For three weeks during the Christmas season, children traditionally go from place to place reciting Christ-

An ancient custom that is still observed in some Swedish households today is that of "dipping bread into the pot." Each person dips a

piece of bread into pork and sausage drippings and eats it for good luck.

In France

At Saclay in central France, old-time tradition calls for a king and queen to rule over Christmas festivities. Rulers pay for the privilege, since they are selected by bidding at an auction held on the church steps.

In Switzerland

A Swiss custom that dates back to the Middle Ages is to start the New Year free of debts. December 8th, the feast of St. Nicholas of Myra, the first Santa Claus, is the day set to cancel all monetary obligations such as rents and mortgages.

Pinata Fun Gets Break

A joyous Christmas mas tradition for Mexican boys and girls is the breaking of the piñata, a decorated earthen jar.

Sometimes, the piñata may be a caricature of people or animals.

The piñata is suspended by a rope that can raise or lower it. Each child is blindfolded and usually given three chances to poke at the piñata with a stick.

When it's broken, the piñata releases a bounty of delicious fruits, sweets, nuts and toys.

The children scramble to claim as many goodies as possible.

Wreaths Got Pagan Start

During this holiday season, a wide variety of colorful wreaths deck the doorways of homes in this community.

The use of wreaths as holiday time stems from the custom of advent wren—the four Sunday before Christmas. Traditionally, Advent wreaths are made of evergreens, trimmed with ribbons, and hold four candles to be lit during the Sundays of Advent.

The wreath, which has no beginning or end, represents eternity and the evergreens

In Holland

For the Christmas season, it's traditional in Holland to make flat cakes called Klases. Once exclusively made in the form of the bishop, St. Nicholas, Klases now take any form of bird, beast or fish.

In France

At Saclay in central France, old-time tradition calls for a king and queen to rule over Christmas festivities. Rulers pay for the privilege, since they are selected by bidding at an auction held on the church steps.

Iconography? It's Part Of Today

The ancient Byzantine art of iconography is a contemporary art, too, and very much a part of today.

So declares John Pappas-poulos, leading iconographer and paper-creator of the Byzantine Icons Studio, New York.

He points out that the term of the century Art Nouveau to Iconography, which he defines as a modern temporary art, is related to Byzantine iconography.

As an iconographer, Mr. Pappas-poulos leads the development of a "Byzantine art" of the 20th century.

Assistant by the artists of his studios, he has decorated some 30 churches in the United States. In his native Greece, he has decorated 20 Athens churches.

Like Byzantine art, iconography works with traditional techniques and techniques.

Iconography, growth and life, growing by the orders of the New Bank of Knowledge.

Like many other Christian nations, America the land of new ideas originated an iconography.

During the last days of the winter season, the sun-worshippers of northern Europe sought to please their absent god, the sun, and persuade him to return, by using a wheel trimmed with greens.

The wreath was made of an actual wheel, taken from a cart and wrapped in evergreens. As we were told,

As you worship with your family at Christmas, may the true spirit of the season greatly bless you. Sincerely, we extend our greetings.

Manger Is Theme Of Latin Yule

Though Santa and gaily

decked trees often appear nowadays in Central and South America, Christmas is traditionally a time for religious observances. Mass, at midnight on Christmas Eve or early Christmas Day, forms the heart of the holiday in Latin America, and the creche or

manger scene marks the season throughout churches and homes, say the editors of the Encyclopedia Americana. Bonifiri feasts, processions and other special events may provide a festive note, but custom says that gift-giving time is Three Kings' Day—Twelfth Night, Janu-

ary 6th, when the Wise Men brought their gifts to Jesus. Children put their shoes under the bed or in the window, hoping to have them filled with toys and gifts. Water and hay are set out for the Three Kings' horses or camels. While many Latin Amer-

ican countries share these traditions and celebrate Christmas in similar ways, each country also has its own special festivities.

In Venezuela

Hallaca, a native Venezuelan dish, is an awaited delicacy during the Christmas season. It is made of corn meal with pork and chicken stuffing and numerous other ingredients, and then wrapped in plantain leaves to form a type of pie.

Santa's White Beard, Red Suit Come from Cartoonist

Who gave Santa his red suit, broad girth, white beard, ruddy cheeks and nose, fur-trimmed hat and coat?

Surprisingly enough, the donor was a political cartoonist.

The artist's name was Thomas Nast, cartoonist for Harper's Illustrated Weekly, who also created the now-famous symbols of the Republican elephant and the Democratic donkey.

The figure of Santa that Nast drew in 1863, and perhaps earlier, has proved to be the definitive one, and even today the figure as drawn by Nast appears occasionally on Christmas greetings.

"Nast's image of Santa was extraordinary," says Mrs. Joannette Lee, director of design at Hallmark.

"He gave Santa many of the qualities that have endeared him to children ever since, and we wouldn't dream of tampering very much with them today."

Nast first credited Santa with keeping books on good and bad children, having a Christmas toy workshop and reading letters sent to him by children.

Perhaps it was the now-famous poem, "A Visit from St. Nicholas," by Dr. Clement Clarke Moore, that inspired Nast's illustration of Santa. In his children's classic of the eight jolly old elf, who looked like a peddler with a pack on his back, was first described in print.

Nast followed Dr. Moore's description of Santa in several particulars, but many of his concepts were original.

At the time of Nast's Santa Claus drawings the nation was at Civil War, and families were separated in a battle of their own families and their waiting families.

Nast drew Santa Claus in *Harper's Weekly*. The jolly Santa was a far cry from any artist's conception until then. He was a stout, bearded man, wearing a red suit and a white beard and hat.

tributing gifts to soldiers. Actually, this Santa might have been meant as a representation of Uncle Sam also.

A later, equally moving Nast illustration featured a soldier's Christmas homecoming.

Born in 1840 in the tiny hamlet of Landau, Bavaria, Nast probably pictured Santa as the long-imagined Saint Nicholas of his childhood.

Albert Bigelow Paine, a friend and admirer of Nast, said the artist often revealed to him his love of the Santa illustrations. He later wrote in his biography of the cartoonist:

"His own childhood in far-off Bavaria has been measured by the yearly visits of St. Nicholas, and the girlhood of the woman who was to become his wife

(Sarah Edwards of New York) was intimately associated with brilliant and joyous celebrations.

Nast's children later recalled there was always a multitude of paper dolls—marvelously big and elaborate, a rare long since become extinct.

And these the artistic father more than he a child himself at the Christmas season—arranged in processions and cavalcades, gay pageants that marched in and about those larger presents that could not be crowded into the rows of stockings that hung by the family fireplace.

It was a time of splendor and rejoicing—the festive blossoming of the winter season—and it was a beautiful and sturdy family that made Merry Christmas not in the quaint New York home.

In Nast's day, the idea of some sort of Santa was not new to this country. He was introduced to North America by the early Dutch settlers, and his name was St. Nicholas. The annual visit of this kind man, who was thought to have been a fourth-century bishop, was his feast day, December 6th.

By 1809, Washington Irving was describing Santa as a small Dutch citizen who looked much like Father Knickerbocker. Irving wondered how the poor old man could get to all the homes in a growing America on his horse, so he invented the famous reindeer-drawn sleigh.

In Chile
Unique among Christmas customs in Chile is a grand fiesta that centers around horse racing.

In Colombia
People parade in masquerade on Christmas Eve in Colombia. Each masquerader tries to guess the identity of others. When someone guesses correctly, he can claim a small gift from the person who was "unmasked."

Holiday Fun Prompts Lively Party Ideas

Christmas gatherings just naturally turn into parties—friends and relatives drop in with holiday greetings, and all of a sudden it's a party!

Party games designed especially for the season can spur on the fun.

For groups large or small, parties planned or impromptu, the following entertaining ideas are suggested.

One way to "break the ice," especially when all of the guests are not well acquainted with each other, is to play a guessing game. A Christmas Personality game can be played by pinning a name

such as "Rudolph," "Santa" or "Christmas Angel" on the backs of several guests. Then, each tries to guess his name by hints others give.

Another way to start a party is to start the guests out thinking! Have a little contest and see who can spell the most words with the letters in "Christmas."

Musical Candy Cane
A lively combination version of Musical Chairs and a guessing game. A Christmas Personality game can be played by pinning a name

small package, one of the sturdier tree ornaments, a big candy cane.

One person who is not playing puts on a Christmas record. Everyone sits in a close circle and passes the object around. When the music suddenly stops, the person who has the object in his hand is out. This continues until the circle is reduced to one—the winner!

Pin the Star
Children never tire of exciting party games, while the adults may need a rest. One game that is loads of fun for kids to play and adults to watch is a seasonal version of "Pin the Tail on the Donkey." This one is "Pin the Star on the Christmas Tree."

It's easy to cut a large shape of a Christmas Tree

of green construction paper and tape it to a wall or door, making sure it is low enough for the littlest guest to reach the top.

Each child gets a paper star with tape on the back and takes his turn being blindfolded and spun around. The one who can place his star closest to the top of the tree wins.

Christmas Tree
A Christmas Tree game that everyone can play is a guessing game. In "Christmas Tree" the person who is "it" leaves the room while the other players decide on a secret word. It must be a verb, or a word showing action, such as run, eat or swim!

When "it" comes back, he tries to guess the word by asking questions using

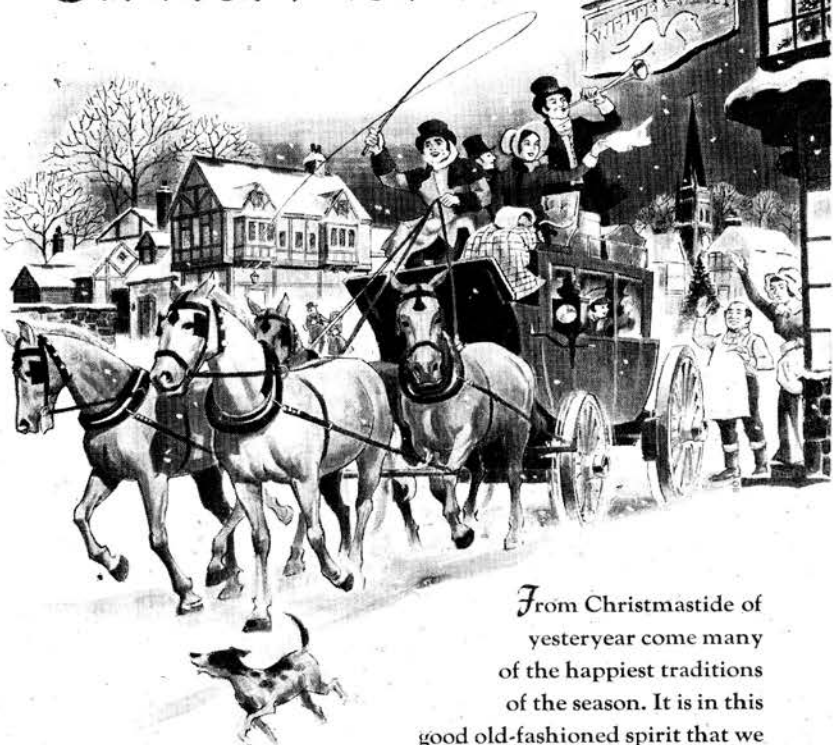

"Christmas Tree" in place of the word. He may ask, "Do children Christmas Tree?"

There's Inspiration
As in all forms of art, the story of the Nativity has been a source of inspiration to iconographers through the ages.

The Madonna and Child have long been favorite subjects for icons, while Byzantine triptychs often showed Christ, Mary His Mother and John the Baptist.

Other early iconographers turned to St. Nicholas, bishop of Myra, as a subject worthy of attention. The good bishop is known in legend as the forefather of Santa Claus.

Churches Grace Greeting Card Telling Story Of Nativity

As jubilant bells ring out the good news of Christmas, churches of this community stand as symbols of the true spirit of the season.

Landmarks in the history of Christendom, these churches are the living center of current activities, especially at Christmas, when choral programs, pageants and other special services express holiday joy.

Across the country, and in other lands, soaring steeples and ringing bells beckon worshippers to "Come to Church on Christmas."

Small wonder, then, that churches are a favorite subject for Christmas greeting cards. This year, the 95th anniversary of Christmas cards in the United States, is no exception.

A look into the past shows three well-known churches which were favorite Christmas card features. The Little Church around the Corner and Trinity Church, both in New York City, and Westminster Abbey in London are pictured on cards dated around 1925 and now in the Neroces historical collection.

CHURCHES, LONG A SYMBOL OF THE CHRISTMAS SEASON, HAVE APPEARED IN NUMEROUS WAYS ON CHRISTMAS CARDS. PICTURED HERE IS WESTMINSTER ABBEY, SUBJECT OF A CARD FROM THE NEROCES HISTORICAL COLLECTION.

The oldest of these church buildings is Westminster Abbey, a national shrine and the Mother Church of the Commonwealth of Great Britain.

In 1966 the Abbey celebrated its 900th anniversary, and thousands of people from all over the world visited the church where both commoners and royalty have worshipped for centuries.

In commemoration of the event, Westminster underwent a 10-year program of cleaning and repairs that cost \$1,120,000.

It was on Christmas day that William the Conqueror was crowned at Westminster, and buried there are Newton, Darwin, Keats, Tennyson, Browning, and royal personages such as Queen Elizabeth I and her rival for the throne, Mary Queen of Scots, Richard II, Henry VII and St. Edward, whose shrine is the most sacred spot in the Abbey.

In September 1965, a tablet was added in memory of Winston Churchill.

In Japan East meets West in gift-exchanging customs. Japanese exchange "Oseibo," or year-end-gifts, beginning about mid-December.

"And it came to pass, as the angels were gone away from them into heaven, the shepherds said one to another, Let us now go even unto Bethlehem, and see this thing which is come to pass, which the Lord hath made known unto us.

"And they came with haste, and found Mary, and Joseph and the babe lying in a manger." Luke 2:15-16.

As even little children know, the words of St. Luke tell the story of the Miracle of the Nativity. Shepherds watching in the fields, herald angels singing - these things Christians can picture today because of St. Luke, the physician who became Christ's disciple.

Traditionally, St. Luke did still more to preserve the spiritual treasures of the Christmas story. He literally pictured the Madonna.

According to this tradition, St. Luke was an iconographer as well as a physical, and as such he created the first image of the Madonna, a painting that became the guide for many icons in later centuries.

As legend has it, St. Luke's icon of the Madonna and his other paintings were the forerunners of the style of artistic expression known as Byzantine art.

Oppressed and suppressed in some eras, Byzantine religious art has original and distinctive a style that it returned again and again, to thrive throughout 12 centuries. Today, it is enjoying a rebirth, through the efforts of dedicated iconographers.

Showing Images

Iconography is a system for representing Christian subjects by means of pictures or images. Originally, the term meant "method," and applied especially to panels portraying the figure of Christ, the Madonna, a saint or some scene from the Bible, according to the Grotto Book of art.

In the Greek Orthodox Church icon technology means a sensible religious painting. However, iconography often refers more broadly to such paintings and mosaics as well as portable icons.

Going Iconoclastic

The art of the Byzantine or Eastern Roman Empire first flourished under the rule of Justinian in the 6th century A.D.

But trouble brewed ahead. When Emperor Leo III came to power, he brought with him a deep distrust of all images, especially icons, say the editors of the Encyclo-

petia Americana.

As an iconoclast - hater of icons - Leo forbade the creation of religious figures and images, and the Iconoclastic Age began in 726.

Paintings on church walls were whitewashed, ivories and mosaics removed, countless works of art destroyed.

Comics Got Help

When icons returned to favor in the 9th century, the Iconoclastic Age had been responsible for the loss of much religious art - but it had some benefits.

Secular art gained by it, as artists of the monastic schools began to work under the patronage of the nobility.

Even modern comic strips owe something to the iconoclasts. The monastic artists who turned to secular work brought with them the Byzantine method of telling a story through a continuous series of drawings.

Symbolism Rules

Surviving wars, crusades

and conquests, Byzantine art flourished till the 15th century.

Over the years, Byzantine art had many influences on others. Through the Renaissance, the

rebirth of the colorful, formal quality of the Byzantine style eventually manifested itself.

In Byzantine stylized figures, little or no shading effect. Gold backgrounds were rarely used.

Familiar over the centuries, the Nativity scene has a deep religious significance.

For believers in the Orthodox faith, the Eastern Church has a deep religious significance.

Considered a masterpiece of beauty and devotion, the Nativity scene is a precious work of art.

It is a work of art that has survived through the centuries.

Wishing you a Merry Christmas

We join jolly old St. Nick in wishing everyone, everywhere, happiness and good cheer, now and always.

AN OLD FASHIONED CHRISTMAS WISH

Remember what fun it was to "help" Dad cut down the tree? . . . When you got home you'd pop corn and string it while logs blazed and crackled on the hearth. Mother would be baking gingerbread cookies and throughout the house the sound of happy, eager voices would tell each visitor the holiday season was here. Times have changed but the special joy that youngsters know at Christmas is still the same—we wish that joy to you!
