Loudon County

VOLUME 88, ISSUE NUMBER 1 LOUDON, TENNESSEE, THURSDAY, JANUARY 4, 1973 TEN CENTS PER COPY

**LOUDON COUNTY'S FIRST 1973 BABY**—Mr. and Mrs. James Richardson, Rt. 1, Lenoir City are the parents of the first baby born in Loudon County in 1973. The infant, a girl, weighing 7 lbs and 11 ozs, was born at 10:58 a.m. Tuesday, January 2 at Loudon County Memorial Hospital. Mrs. Richardson is shown holding the infant who was about five hours old when the picture was taken. The couple has one other child, a son who is 16. Mr. Richardson is a carpenter and Mrs. Richardson was employed as a waitress at Broadway Cafe in Lenoir City. Grandparents are Mr. and Mrs. Tom Jenkins and the late Mrs. Richardson all of Lenoir City. The couple had not decided on a name for the child early Tuesday afternoon.

## New Power Rate Schedule Lowers Some Electric Bills

An electric rate adjustment to customers of the Loudon Utilities system was announced this week by Utilities manager Charles Burnette. Mr. Burnette said there were actually two announcements. 1-That a six percent increase in electric rates announced earlier by the Tennessee Valley Authority would go into effect as of January 2 and by January 15 must be passed on to consumers. 2-The Board of Directors of the Loudon Utilities voted to adopt a new rate classification schedule, which instead of meaning a rate hike to many utility customers, the electric bills received next month will show a two to three percent decrease. The TVA increase in electric rates to the customer is actually being passed on to Loudon Utility customers, but the new rate classification, shown as R-4 for residential and C-4 for general commercial, brings the rate charged per kilowatt hour down below the R-3 and C-3 rates before the six percent increase was added. Utilities Board Chairman W. Z. Zimmerman said that the board was concerned about the increased rate, knew it had no choice but to add it to consumer's bills, but at the same time did not want to do this. This, he said, led to the adoption of the new rate classification schedule. Instead of an average increase of about 8 percent, customer, Loudon's average user will receive a 60 cent decrease in his bill. A formal announcement of the new rate schedule and increase is made elsewhere in this issue and gives examples of the rates. When TVA announced the higher rates, they blamed increased costs as bringing about the raise in electric charges.

## Car Plunges Into Lake Woman Killed, Man Hurt

**CAR BROUGHT TO SURFACE**—Loudon County Rescue Squadron approach by boat as the car containing the body of Mrs. Pearl Simpson is brought out of 12 foot of water in Fort Loudoun Lake about 3 a.m. Saturday.

A woman drowned and a man was injured, early Saturday when the car which they were riding, plunged through a guardrail on highway 95 just off the end of Carmichael Greer Bridge at Fort Loudoun Dam. The car traveled almost 300 feet over a steep boulder covered bank into Fort Loudoun Lake and sank in about 12 feet of water. Dead in Mrs. Pearl Shaw Simpson, 42, of 1225 Monroe Street in Maryville. Sustaining minor injuries was the owner of the car, Clarence Nichols, 41, Rt. 2, Tellico Plains. State Trooper Joe Littleton, who investigated, said Mrs. Simpson was apparently driving the car. The couple had reportedly left a tavern near Lenoir City just minutes before the accident occurred at 12:15 a.m. Saturday. Trooper Littleton said that after the car, a 1970 Chevrolet, went into the water, some 30 feet from the bank, Mr. Nichols managed to get out through a window. He said he had the woman by the hand but lost her as he started to surface. She apparently had been knocked out during the rough ride over the boulders and impact into the water. Mr. Nichols was treated for loss of several teeth and cuts at Loudon County Memorial Hospital and released later Saturday morning. The Loudon County Rescue Squad was called to the scene to search for Mrs. Simpson's body. Lights from the car were visible under water for about 45 minutes. After about two hours of unsuccessful attempts by Rescue Squadron and wrecker service operator Winston Duggan to get a cable on the car, the Rescue Squad called Howard Crabtree, a Loudon skindiver to assist. About five minutes after Crabtree entered the water he secured a wrecker cable to the car and it was pulled from the water about 3 a.m. Mrs. Simpson's body was inside. She was removed to Loudon County Memorial Hospital where County Coroner Dr. W. B. Harrison said she had died as the result of drowning. The victim's watch had stopped at 12:18 a.m. She had been employed at Veach May Wilson Lumber Company and was a member of Rocky Branch Baptist Church. Funeral services for Mrs. Simpson were held Monday at Hawkins Funeral Home Chapel in Loudon with burial in Mt. Zion Cemetery. She was survived by her husband, John B. Simpson; three sons, Gene, Leroy, and Lonnie Ray; daughter, Mary Simpson; father Arthur Shaw, all of Maryville; brother, Walter Shaw of Ala.; four sisters, Mrs. Charlie Vineyard, Va., Mrs. Albert Jacks, Mrs. Bessie Howard of Loudon and Mrs. George Canfield of Sweetwater.

## Future Of Street Decorations Is Chamber Meeting Subject

The future of Loudon's Christmas street decorations will be the topic of a special meeting of the Loudon Chamber of Commerce at 7:30 p.m. Tuesday, January 9. Chamber President Edwin Arnold said that all interested persons are urged to attend and participate in the discussion. Most of the decorations used at Christmas are several years old and many are in bad repair and Charles Burnette, Loudon Utilities manager, said many are actually dangerous. The Utilities erects and maintains the decorations and Burnette said some are so bad they can't be used another year. President Arnold said that the street decorations are an expensive item and there are several opinions as to who and how they should be paid for and even if any decorations should be used in the future.

## City Will Not Purchase Building

Loudon Utilities Board of Directors Chairman, W. F. Zimmerman, announced this week that he had been notified by Mayor Joe Carter that the city would not be purchasing the Loudon Utilities Building. Mr. Zimmerman's statement was, "After complete study by the Loudon Mayor and Commission plans to purchase the Utilities Building, as announced in October, have been abandoned and action rescinded and for the building to be retained under the jurisdiction of the Utilities Department." Loudon Mayor Joe Carter confirmed the action saying that there were "just two many problems involved." The Tennessee Valley Authority had fought the decision of the city to buy the building for \$50,000 and lease it back to the utilities. It had been the plan of the city to lease the building to the Utilities for a certain period of time, until the rent paid the purchase price. Then the city was going to build a new utility building and take over the present location for an expanded city hall. After the announcement of the rescinded action it was said that there was no immediate plans for a new utility building or an expansion of city hall.

**VICTIM'S BODY REMOVED**—Loudon County Rescue Squadron are shown heading up a 40 foot embankment with the body of Mrs. Pearl Simpson shortly after her body was recovered from a car pulled from the waters of Fort Loudoun Lake about 3 a.m. Saturday.

## Hamilton Opens Branch Bank At Philadelphia

The Philadelphia Branch of the Hamilton National Bank of Loudon opened there Tuesday. The Branch will be temporarily housed in a bank trailer on the lot where the permanent building will be constructed in the spring of this year. The location is on U.S. 11 about a quarter mile south of the caution light. Bank President Donald Canter said plans for the new building in Philadelphia will be announced in the near future. The location is on property formerly owned by A.F. McCrary who serves as a director of the Bank. Manager of the branch will be Hamilton Assistant Cashier Bernie Ray (Inky) Swiney. He has been with the bank since September of 1967 and during that time has worked in all departments of the bank. Inky is a Loudon City Commissioner and is very active in civic, church and social affairs. Mr. Swiney will be assisted by Charlotte Queen who has served as a teller in the West End Branch of the Hamilton since 1969.

**INKY SWINEY**

## Driver Charged After Wreck

Two Loudon men were injured in a two car collision about 2 p.m. Tuesday at the intersection of Highways 95 and 70 at Eaton Crossroads. Trooper Joe Littleton identified the injured as drivers of the two vehicles Bliss Malone, 63 and Howard H. Clark, 47, both of Rt. 3, Loudon. Trooper Littleton reported that Malone was traveling across State 95 on highway 70 and struck the Clark vehicle. Malone was charged with failure to yield and having no drivers license. Both men were treated at Loudon County Memorial Hospital for facial lacerations.

## County Court Meets Monday

The first meeting of 1973 for the Loudon County Quarterly Court will be held at 9 a.m. Monday, Jan. 8 at the courthouse. At this time any visitor of the first Monday of the month was postponed one week due to New Year's Day falling on Monday. Some 50 major items for reports and action are included on the agenda distributed this week by County Judge Harvey Spronl. The agenda is as follows: 1. Pledge of allegiance, opening of Court and roll call. 2. Reading and approval of the minutes of the December 4, 1972, regular meeting of the Court, and the December 11, 1972, adjourned session. 3. Recognition of visitors and delegations and open discussion period. (At this time any visitor of delegation may state any business which they may want to take up with the Quarterly Court, and make any statement about any item in which they are interested which is on the planned agenda.) 4. Public Hearing on proposed rezoning (recommended by Planning Commission) of area of land near intersection of New State 95 and Alternate State 95 (Third Civil District) to Rural Center. Petition of Mr. and Mrs. Lewis Smith. 5. Reports of County Officials, Departments, and Committees. 6. County Judge. (1) Reports concerning lawsuits in which Loudon County is involved. a. Loudon County vs. Bobby J. Knowles. b. Greenway vs. Loudon County. c. G.A.P.C. Inc. James W. Hamilton, et al vs. Loudon County. d. Southern and L. & N. Railroad vs. Loudon County and State Board of Equalization 1967-1971. Report concerning meeting of affected counties. (Continued on Page 8)

**DIVER'S JOB DONE**—Diver Howard Crabtree, wrapped in a blanket, rests on the boulder covered bank of Fort Loudoun Lake after he had secured a wrecker cable to a car in the lake in which a woman died.

**GETTING READY FOR BUSINESS**—Workmen are shown on New Years Day preparing the temporary office of the Philadelphia Branch of the Hamilton National Bank for business. The bank opened on U.S. 11 at Philadelphia Tuesday. A permanent building is to be constructed on the site later this year.

**TRYING TO FIND CAR**—Loudon County Rescue Squadron are shown dragging Fort Loudoun Lake for the car containing the body of Mrs. Pearl Simpson shortly after it plunged off the approach of Greer Bridge at the dam early Saturday.

## Four Area Dogwood Debs Selected

Forty-nine debutantes, including four from Loudon County, will be introduced at the 11th annual Dogwood Ball on April 28 at the Civic Coliseum in Knoxville. Of the Loudon County representatives three are from Loudon and one from Lenoir City, according to Mrs. Jessie B. Johnson, chairman of the board of governors of the ball's sponsoring group, the East Tennessee Presentation Society.

Local honorees are Deborah Anne Ingram, Lenoir City; Betty Carmichael Greer, Cynthia Jane (Cindy) Harrison and Sally Marney Ridenour all of Loudon.

First get-together for the debs in 1973 was a winter luncheon at Hyatt Regency. Introducing the 1973 group from Loudon County are Deborah Anne (Debbie) Ingram, daughter of Judge and Mrs. Thomas F. Ingram, Brookview Drive, Lenoir City. Her father is an attorney and judge of General Sessions Court. Debs attend Tennessee Wesleyan College, Athens, and is secretary of Sigma Kappa sorority. She is the great-niece of Mr. and Mrs. H.W. Ingram, 3711 Talluna Ave.

Betty Carmichael Greer is the daughter of Mr. and Mrs. John C. Greer, Fort Hill, Tennessee Presentation Society. Cindy attends Emory University, Atlanta, where she is on the dean's list and is a member of Kappa Alpha Theta. She is the granddaughter of Mr. and Mrs. Clifton Wolfe of Knoxville.

Sally Marney Ridenour is the daughter of Mrs. Jessie Wilson Ridenour, 614 Mulberry St., Loudon, and the late C.C. Ridenour. A graduate of Webb School, Sally attended Mary Baldwin College at Staunton, Va., her freshman year and is now at UT. She has been social chairman for her Alpha Omicron Pi sorority pledge class.

Mrs. Clara Jones and Mrs. Juanita Malone attended the funeral last Thursday of their uncle, Mr. Holbert Trotter in Dayton.

Mrs. Lillian Lowe has returned home after spending a few days with her son and daughter-in-law, Mr. and Mrs. Bob Low and family in Henson, N.C.

Mr. and Mrs. Mike Morgan spent the holidays with their parents, Mr. and Mrs. Paul Reeder in Seagrave, N.C. and Mr. and Mrs. Walter Morgan in Robbins, N.C.

Mr. and Mrs. John Harmon of Philadelphia visited last Sunday with Mr. and Mrs. Carl Hicks, Jr. and Mr. and Mrs. B.E. Presley.

Holiday guests of Mr. and Mrs. Burton Pettie were their daughter and son-in-law, Mr. and Mrs. Bob Barbour and sons of Donaldson and Mrs. Pettie's father, Mr. Frank Jones. The Barbour's also visited with their parents, Mr. and Mrs. James C. Kelley in Lenoir City.

Mrs. John Jackson and son, John, spent the Christmas holidays with her son and daughter-in-law, Dr. and Mrs. Donald Jackson and family in Hohenstein, N.C.

Sgt. and Mrs. Douglas L. Presley are parents of their first child, a son, born December 28 at San Bernardino, Calif. He has been named Douglas Lee II. Grandparents are Mrs. Audrey Frady and great-grandmother is Mrs. Fannie Simpson.

Mr. and Mrs. O. J. Dail of Greenville, Ill., Edward Dail and Mrs. W. L. Fulton of Dayton, Ohio, were called home Friday due to the death of Mr. Dail's sister, Mrs. Nelle Dail Walker. Mrs. Wayne Hill and children Mike, Kay, Douglas and Karen came from Trenton, Ga., to spend New Year's with Mr. and Mrs. Leslie Sparks and Mrs. Josephine Grimes. They also

## Deborah Graham-William Flurkey Wed

Miss Deborah Ann Graham and Mr. William Henry Flurkey, III, were united in marriage Wednesday, December 27, at 7 p.m. at the Church of the Holy Spirit, Church of Loudon. The candlelight ceremony was performed by Rev. Jack Ferguson before a congregation of 100. The bride wore a gown with a circular, floor length skirt and long, full sleeves. The scalloped collar, yokes, empire and cuffs and edged in chains of venise lace. The matching mantilla and veil were also trimmed in venise lace.

She carried a cascade bouquet of purple and white stephanotis, white roses, baby's breath, cushion mums and white streamers with stephanotis tied in love knots. Maid of honor was Miss Mary Graham, sister of the bride. Matron of honor was Mrs. Lana Grubis of Maryville. Bridesmaids were Miss Vanessa Flurkey of Tucson, sister of the groom, and Mrs. Sherry Watkins of Knoxville. They wore floor length dresses of dark purple velvet. The dresses had a scoop neck and a softly gathered skirt with tulle velvet bows were worn as hair pieces. The attendants carried and Calvin Rousseau and families.

Bo Carey has returned home after visiting with friends in Dallas, Texas. While away he attended the Astro-Bluebonnet Bowl.

Misses Mary Katherine and Carrie Lou Mize spent Christmas with Mr. and Mrs. Max Parker in Gilson.

Mrs. Elizabeth Greenway spent the Christmas holidays with relatives in Greenville. Mrs. Rickey, Becks and Stacey of Athens visited Monday with Mrs. Belk's grandparents, Mr. and Mrs. Lake Everett.

Mrs. Ginger Crabtree returned Sunday to Tennessee Tech in Cookeville to resume her studies after spending the holidays with her parents, Mr. and Mrs. Harvey Crabtree.

Mr. and Mrs. Burton Wright Jr. and sons of Kingston were weekend guests of her parents, Mr. and Mrs. Kenneth Howard.

Mrs. Nomb Arden is a patient at Fort Sanders Hospital due to a broken hip she received from a fall at her home Christmas day.

Mrs. Fred Miller had as her Christmas Day dinner guests Mrs. Kenneth Hooker and Cindy of Hendersonville, N. C., Mr. and Mrs. Tom Mills of Raleigh, N. C. and Mr. and Mrs. Clint Morgan of Nashville.

Mr. and Mrs. John B. Chastean of Birch Run, Mich., Mrs. Homer Borris and Mr. and Mrs. Fawcett of Saginaw, Mich., were holiday guests of Mr. and Mrs. John Chastean.

Mr. and Mrs. Ed Mallock have returned home after spending the holidays in Millbourne, Pa., with her parents, Mr. and Mrs. Kelly George.

Andrew Hamilton of Cherokee, N.C. was home for the holidays.

Visitors during the holidays with Mr. and Mrs. John W. Brown were Mr. and Mrs. Gen. T. Luby and Anglia and Sharnem Gossage of Smyrna, Ga., Mrs. Nancy Gossage, Sherrie and Sharon of Nashville, Mrs. Mary Langley and daughter Kathy and Mr. and Mrs. Junior Langley and daughter of Cleveland.

Mr. and Mrs. Johnny Kerr

given by the bride's parents was held in the fellowship hall of the church. Assisting were Mrs. Frankie Murr, Mrs. Virginia Burnette, Miss Sara Kirkland, and Miss Donna Nelms, all of Loudon.

For the wedding trip, the bride chose a casual pant suit of dark brown knit. Following a wedding trip to Sea Pines Plantation on the coast of South Carolina, the couple will make their home in Maryville, until graduation from Maryville College in June.

Special guest was Mrs. Gladys Flurkey, grandmother of the groom of Lenoir, Va. Other out of town guests were Mr. and Mrs. Ned Sherer, Mr. John K. Price, Jr., Mrs. Hayden White, Miss Becky White, and Prentiss Grubis, all of Maryville; Mr. and Mrs. Glen Condey, Mr. and Mrs. John Wolfe of Lenoir City; Mr. and Mrs. Bill Watson and Miss Patricia Watson of West Jefferson, North Carolina; Mrs. Joe Malloy and Beth of Oak Ridge; Mr. and Mrs. Dennis Graham, of Atlanta; Mrs. Carolyn Harvey, Missy and Mark of Orlando, Fla.; Mr. and Mrs. Charlie Wilson of Tallies; Mrs. Amy Mathis, Mrs. Jack Goforth, Karen and Kathy Goforth, Bill Watkins, Rev. W. Ralph Lufken and Miss Ruth Lufken, all of Knoxville.

## Personal Mention

By Mrs. Clavin Lunford  
458-2681

Dr. and Mrs. J.R. Watkins had as guests during the holidays, Mr. and Mrs. Joe Watkins, Jr. of Long Beach, Miss. Miss Florence Isowers of Oak Ridge and Mrs. Ben Hall of Athens.

Mr. and Mrs. Harry J. Kelley of Vancouver, Washington, formerly of Loudon, announce the birth of a son, Michael James, born December 12. He joins his two sisters, Michelle and Pamela and grandparents, Mr. and Mrs. George Ledbetter of Lenoir City and Mr. and Mrs. James T. Kelley of Detroit, Mich. Great-grandmother is Mrs. Hatie Kelley of Wetumka, Oklahoma.

Mrs. Lottie Tilley and Mrs. Fred Miller were the dinner guests Friday of Mr. and Mrs. Clarence Betts.

Mr. and Mrs. Bobby Grimes and family, Mrs. Josephine Grimes and Mr. and Mrs. Leslie Sparks and Carson spent Christmas Day in Trenton, Ga. with Mr. and Mrs. Wayne Hill and family.

Mr. and Mrs. Dewight Christian of Knoxville were overnight guests last Wednesday of his mother, Mrs. Joe Christian.

Mrs. C.L. Knight of Knoxville and Miss Betty Jean Webster of Murfreesboro have returned to their home after spending the holidays with Mrs. E.R. Webster and Margaret Ann.

Mr. and Mrs. Charles F. Brakesbill and Larry have returned home after spending the Astro-Blue Bonnet Bowl.

Mr. and Mrs. John Lee and Misses Lena and Laura Lee of Madisonville were Sunday dinner guests of Misses Mary Katherine and Carrie Lou Mize.

Mr. and Mrs. Gus House and sons of Crossville were

overnight guests Tuesday of his parents, Mr. and Mrs. W.G. House. While here they attended the funeral of Mrs. W.E. Cline in Lenoir City.

E.D. Simpson of Atlanta, Ga. spent Christmas with his daughter and son-in-law, Mr. and Mrs. Bill Arp, his mother, Mrs. Fannie Simpson and Mr. and Mrs. Jerry Simpson.

Mr. and Mrs. Cotton Easter and sons of Lenoir City, Mr. and Mrs. Eugene Rose of Madisonville and Mr. and Mrs. Earl Perkins visited last Sunday with Mrs. Fred Miller.

Mr. and Mrs. Dave Murr, Sr. had as holiday guests, Mr. and Mrs. Jackie Lisenbee of Norfolk, Va., Mr. and Mrs. Tommy Richmond of Trenton, Mrs. Connie Barker of Oak Ridge, Mr. and Mrs. Curtis Murr and Monty, Mr. and Mrs. Dave Murr, Jr. and Mr. and Mrs. Mike Murr.

Mr. and Mrs. Joe Presly visited last Thursday in Greenback with Mr. and Mrs. Robert Lane and Mrs. Alberta Tuck.

Mr. and Mrs. Charles Simpson, Mr. and Mrs. Lake Everett and Mrs. Heba Tinker visited Sunday with Mrs. Hugh Thompson, who is a patient at Sweetwater Hospital.

JAN 4 1973

## Shell-Ferguson Vows Pledged

Miss Gwen Shell became the bride of David Ferguson Friday, December 15, at 7:30 p.m. at First Baptist Church of Philadelphia in a double-ring ceremony performed by Rev. Bernard Courtney. The candlelight ceremony was performed before an altar decorated with candelabra with burning tapers, two sprays of greenery and two baskets of bronze gladioli.

The bride is the daughter of Mr. and Mrs. Herbert Shell, Route 1, Philadelphia. The groom is the son of Mr. and Mrs. D.F. Ferguson, also of Route 1, Philadelphia.

Mrs. Wade Hill, organist, presented the wedding music. Special selections were "The Lord's Prayer," "Theme from Love Story" and "Theme from Romeo and Juliet."

The bride, given in marriage by her father, wore a gown of satin organza, enhanced by Cluny and Venice lace. The lace bodice featured satin ribbon trim at the waist. Highlighting the hemline and the attached train were three rows of matching lace. Her jewelry was an old-fashioned locket, which was a gift of the groom. She carried a bouquet of cream roses and stock blossoms with greenery.

Matron of Honor was Mrs. Kathy Millsaps of Philadelphia. She wore a gown of deep gold velvet featuring a cream chiffon bodice with gold ribbon and lace trim. Bridesmaids were Mrs. Carol Custard of Loudon and Miss Betty Waller of Philadelphia.

Junior Bridesmaid was Miss Cindy Shell. Miss Julia Brandon of Lenoir City was flower girl. The bridesmaids and flower girl wore gowns of deep gold velvet with cream lace around cuffs of sleeves and neck with light gold velvet with cream lace around cuffs of sleeves and neck with light gold satin ribbons around the waist. They carried nosegays of gold and bronze colored chrysanthemums with baby's breath.

D.F. Ferguson, father of the groom, served as best man. Ushers were Pat Harper of Loudon, Gary Shell, and Aaron Hills of Philadelphia. Ringbearer was Andy Millsaps of Philadelphia. A reception was held at the church, following the ceremony, given by the bride's parents.

Assisting at the reception were Miss Gienda Ramey of Midway, Miss Selena Cannon of Loudon, Miss Sandy Peters of Friendsville, Mrs. Preston Bright and Miss Sandra Shell of Philadelphia.

After a wedding trip to Gatlinburg, the couple are now at home on Route 1, Philadelphia.

The bride is a senior at Loudon High School and completed graduation requirements at the end of this semester.

The groom is a graduate of Loudon High School and attended Hiwassee College. He is presently a dairy farmer. Out of town guests were Mr. and Mrs. Edward Wilson, Knoxville; Mr. and Mrs. John Paul Aley and J.D. Martin of Madisonville; Mr. and Mrs. Bob Peters and Sandy of Friendsville; Mr. and Mrs. James Brandon and Julie of Lenoir City; Mrs. Wayne Williamson, Mr. and Mrs. Bill Kelso and Mike of Maryville; Mr. and Mrs. David Miller of

## Philadelphia Personal News

Guests of Mr. and Mrs. J.B. Beals for Christmas weekend were Mr. and Mrs. James McCubbin and Bruce and Mr. and Mrs. Jerry Trent, all of New Market. Mrs. Evelyn Satterfield and son, Steve, who was home from East Tennessee State University, were also guests for Christmas dinner on Sunday. Mr. Beals had returned home on Saturday after being a patient in Sweetwater Hospital for a few days.

The holiday guests of Mr. and Mrs. James Farmer, Sr., Eddie and Joanne were James Farmer, Jr., Albany, Ga., Mr. and Mrs. J.B. Arwine, Keith and Karen of Athens, Mrs. Lane Bickel, Tammy; Sherry and Chuck, Delano and Miss Diane Cook, Sweetwater, Tammy and Sherry Bickel remained here with their grandparents, while their father was recuperating from an accident. The Farmer family had their Christmas dinner at the home of Rev. and Mrs. Robert Neely in Cleveland. 43 relatives were present.

Mr. and Mrs. Hubert Biedose and sons of Etowah and Mrs. Julia Millsaps visited. Mr. and Mrs. Wallace Millsaps and children in Chattanooga last Sunday and Mrs. Millsaps stayed for Christmas Day.

Mr. and Mrs. Bobby Ledford spent the holidays with Mr. and Mrs. Hubert Ricker and returned Sunday to their home in Rockford, Ill.

Lloyd Millsaps and daughter of Indiana were guests last week of Mr. and Mrs. Bill Millsaps and family.

Miss Ada Griffiths accompanied Dr. and Mrs. Albert Griffiths of Maryville to Chattanooga last Thursday to visit Mr. and Mrs. Lee Griffiths and Phyllis.

Mr. and Mrs. Basal Hagan and daughter, Blance of Glasgow, Ky. were guests last week of Rev. and Mrs. Dillard Hagan and family.

Mr. and Mrs. W.T. Talbot returned home last Friday from a two weeks visit with Mr. and Mrs. David Dowers and family and Billy Jo Allen in Indiana.

Dr. and Mrs. W.L. Hyden and Dr. and Mrs. Jack Hyden and daughters returned to their homes in Charleston and Summerville, S.C. on Monday. Mrs. J.G. Taylor has been visiting with Mr. and Mrs. Herbert Hobbs in Knoxville the past week.

Mr. and Mrs. Elden Cooper and family of Postiac, Mich. were the guests of Mrs. Lillie McClunkin for a week and returned to their home Saturday.

Mr. and Mrs. Frank Barnes and daughter from Princeton, Ky. were here with Mr. and Mrs. Raymond McClunkin and family for the holidays.

Larry Fletcher from East Tenn. State University came to visit his mother, Mrs. Evelyn Satterfield during the holidays.

Mr. and Mrs. J.P. Marion and children of Maryville were dinner guests Sunday of her parents, Mr. and Mrs. L.D. Queener. Mrs. Queener had lunch with Mrs. Eunice Ayres last Thursday.

The journeyman and Wooden Trio from Cleveland and the Gospeltones of the United Methodist Church Sunday night and some of the members stayed to see the New Year in.

Mr. and Mrs. Benny Cathcart and sons of Gainville, Fla. were guests last week of his parents, Mr. and Mrs. Elmer Cathcart and her parents in Knoxville. Butch Baker from Chattanooga spent the holidays with the Cathcarts.

Miss Smith receives degree. Meredith Smith, daughter of Mr. and Mrs. C.F. Smith of Loudon, received the bachelor of science degree from Middle Tennessee State University on December 22. Preceding the program, a luncheon was held for the graduates and their families.

## Personal Mention

By Mrs. Chavin Lunsford 452-2681

Bill Miller returned home last Wednesday to his post in Norfolk, Va., after spending Christmas with his grandmother Mrs. Fred Miller.

Those visiting during the Christmas holidays with Mr. and Mrs. Mohlar Giles were Mr. and Mrs. Ralph Giles and family of Fort Lee, Va., Mr. and Mrs. Robert Williams and family of Chattanooga, Mr. and Mrs. Floyd Wright of Maryville, Mr. and Mrs. Richard Philpot also of Maryville, Mr. and Mrs. Harold Giles and family, Mr. and Mrs. Sam Johnson and children of Kingston spent New Year's Day with Mrs. Mike O'Shell.

Mr. and Mrs. Robert Cranley of Johnson City were weekend guests of Rev. and Mrs. W.H. Horner.

Charlie Brackett returned home last Thursday from Baptist Hospital where he was a patient for several days.

Mr. and Mrs. Ralph Alexander are home after spending a few days in Macon, Ga. with her brother, Mr. W.B. Hambricht and Mrs. Hambricht.

Mrs. Leona Pope spent a few days last week with her son-in-law and daughter, Mr. and Mrs. James Faulkner and

son in Nashville. Mrs. Lloyd Winkle, Jr. of Vienna, Va. spent Christmas with relatives in Loudon. Mr. and Mrs. Buddy Winkle and children, Dee, Dana and Kimberly returned Sunday to their home in Summerville, Ga. after spending the holidays with his grandmother, Mrs. Lloyd Winkle.

Mayor and Mrs. Joe Carter spent New Year's Day with Mayor Carter's sister, Mrs. Charles M. Lawson in Williamsburg, Ky.

Mr. and Mrs. Jack Hamilton in Detroit, Mich. Mrs. Leonard O'Shell and children of Kingston spent New Year's Day with Mrs. Mike O'Shell.

Mr. and Mrs. Robert Cranley of Johnson City were weekend guests of Rev. and Mrs. W.H. Horner.

Mr. and Mrs. Ralph Alexander are home after spending a few days in Macon, Ga. with her brother, Mr. W.B. Hambricht and Mrs. Hambricht.

Mrs. Leona Pope spent a few days last week with her son-in-law and daughter, Mr. and Mrs. James Faulkner and

## Local Acts Invited To Audition

All persons in the Loudon County area interested in performing on the 18 hour Annual March of Dimes Telethon scheduled January 27 and 28, 1973, on WATE-TV, Channel 6, are invited to auditions.

Singers, dancers and musical groups wishing to volunteer their services should call the Telethon office in Knoxville - Phone: 546-2058 and sign-up to be auditioned Monday or Tuesday evening, Jan. 15 or 16. The auditions will be held in Johnson Hall at the Andrew Johnson Hotel beginning at 8 p.m. each evening. Only those registered in advance and assigned specific times will be auditioned. Call 546-2058 to register.

Agricultural Extension Service  
The University of Tennessee

**"A WARDROBE OF PERSONAL BRUSHES"**  
Consider the number of brushes which comprise the personal beauty care entourage. There are brushes for hair, teeth, make-up, nails and back.  
Bristle composition ranges from polyethylene, a flexible plastic, to nylon, to natural boar and sable. The price range is extensive as well, but regardless of material and price, good care is necessary to lengthen brush life. Frequent washing also eliminates the potential build-up of bacteria on brushes.

Hair brushes are the kind used by the greatest number of people. Men often choose short-handled club brushes or military brushes without handles. Many women own several hair brushes: a stiff one for removing hair spray, dirt and dandruff before shampooing, a close-bristled teasing and styling brush with a rat-tail, and a softer finishing brush. Long, thick hair generally requires a brush with stiff bristles. Wire brushes keep wigs, wiglets and falls in top shape. Wash all hair brushes and combs in warm water and suds (don't forget the ones in your purse or glove compartment).

Follow your dentist's advice regarding the type of toothbrush you should purchase. Wash toothbrushes regularly too with warm suds and rinse very thoroughly.

Tired of stretching to scrub your back while bathing? Then use a long-handled back brush. Choose one with a comfortable stiffness and a sturdy handle. Wash it often to remove dirt and build-up of dead skin.

Nail brushes are nice to have handy at the bathroom sink for the entire family. Choose one which fits your hand comfortably, and remember that these, too, need regular cleaning.

Make-up brushes work beautifully for applying blushers, eyeshadow, powder, eyeliner, eyebrow color and lipstick. Be sure to buy make-up brushes that are readily washable so old make-up and bacteria can be removed.

## Arts Association Brings Sculptor For Lecture-Demonstration

Lois Palmer Huth, Jan. 14  
renowned sculptor of childhood figurines, of Cicero, Ill., will present a lecture-demonstration of her art at the Cumberland Presbyterian Church in Loudon on Sunday.

Mrs. Huth, who is much in demand for her lively, entertaining program, is the sister of Mrs. Ed Swenson of Loudon, President of the Loudon County Arts Association. A graduate of the Art Institute in Chicago, on scholarship, she has tried her hand - successfully - at many forms of the arts: prints, drawings, paintings, stained glass, carved wood, wall murals, ceramic decorations, and many more.

EXAMPLES OF THE WORK—These are illustrative of the type of sculpture done by Lois Palmer Huth, sister of Mrs. E.C. Swenson, who will present a lecture demonstration at the Cumberland Presbyterian Church in Loudon at 2:30 p.m. Sunday, Jan. 14.

SCULPTOR AT WORK—Lois Palmer Huth puts the finishing touches on a pair of figures in her studio.

Several years ago, however, she zeroed in on terra cotta children. The medium is compliant but durable clay - and the subject - childhood - give an expression of the artist's creative talent, skill and interest. She combines recollections of her own happy childhood with the experiences of her own family (besides her own three sons, she has made a home for six foster children) for creative ideas.

A newspaper reporter's account of one of her demonstrations gives a revealing preview of the demonstration planned here.

The following is from an unidentified newspaper:

All of life is her subject. And children are her love.

Lois Palmer Huth works with quick, deft fingers producing life-like vignettes of children doing things - and we've all seen them doing these things. Her figures are made of warm, earthy tones of terra cotta clay.

This sculptor of childhood figurines, showed members and guests of the Woman's Society of Christian Service at Embury United Methodist Church this week just how it's done. People smile when they see her "private world of children."

Before she had arrived, she finished up one of the legs on a four-figure cluster. These were "leather hard" - hard enough to support additional clay - as she started to "build up" her "In-Awe-struck Wonder" child

group. Dabs and pinches of the clay are added. It's a rough red-brown terra cotta clay, with plenty of grog (a fired ground-up clay added for texture and strength.)

She works from the bottom up in a hollow technique. In other words, the legs are hollow, so is the body, so are the arms and so is the head. If the figure were solid clay, it would blow up in the kiln when it is fired to stoneware, ceramic hardness. Clay slips produce the muted colors.

Lois Palmer Huth, the daughter of an artist, says she had a happy childhood. This is totally reflected in her work of happy children, doing happy child-like things.

Not only is it a pleasure to watch this enormously talented artist at work. It's fun to hear what she has to say as she creates.

Life for her is a joy. This "blue-jean-sweatshirt type of girl" had the audience in a constant chuckle as she related homey bits about housework and life at home.

Whether she would be a sculptor or sculptress was one of the questions posed. "But

then I'm an adult - but that doesn't make me an adultress. "At our house, we collect dust. Instead of dusting I blow a lot. Or sometimes I run through the house and stir it up. I also play the 'plug in vacuum cleaner game.' Plug in the vacuum cleaner and they'll think you're right in the middle of cleaning even though you haven't thought about it."

And thus she lectures, discussing her techniques, telling her homey stories and making many people happy.

# New Owners Give Cedar Hills Golf Course \$500,000 Renovation

Attention all golfers, swimmers, tennis players, bridge clubs, diners, and dancers! Who seems to be the reason behind assembling this large group of active minded people? It is to announce the new membership drive underway at Cedar Hills Golf Club.

The once well known Cedar Hills Golf and Country Club, Incorporated has changed ownership and management with a near half million dollars in changes and improvements underway at this time.

The new management and owners of the multi-acre recreation center are Dr. Robert Morris, a Knoxville surgeon, George L. Rudder, owner of Rudder Construction Company, and Bill Johnson, general manager and club pro.

The new Cedar Hills Golf Club was purchased on November 16, 1972 from the golf course originators of Joe Bernice, Kenny Hickman, Al Roman, J.W. Wilburn, and Dr. Hawk, DDS.

The current owners are hoping to change the present club image from a men's golf club to a family club.

The 18-hole golf course will take on numerous new features within the next year.

with the construction of a new and plush club house fully equipped with men and women dressing rooms, a pro shop, a sandwich shop, a bar and club room, men's card room and television room, a swimming pool, tennis courts, and dining facilities are also to be available.

Initial ground breaking for the new \$500,000 renovation is set for the first of March with an earlier date desired if the weather permits. Nevertheless, the use of the new facilities are expected for early May.

The drive for new membership will have its definite advantages. Not only will you and your family have priority access to the new clubhouse, but you will also be able to enjoy the better family clubs in middle East Tennessee, but an excellent hole golf course to test your golfing talents.

A membership special is being offered at this time by club manager and pro, Bill Johnson. Three months advance dues or a total of \$30 can make you an active part of this new developing family club.

February an additional \$25 will be added as an initiation fee to go with the entrance requirements. In March the initiation fee will increase to \$50 plus dues.

Already Johnson is preparing for a spring rush of new members by purchasing 25 new Harley Davidson golf carts to go with the 17 carts now available at Cedar Hills. New golf cart trails, new greens with bent grass for year round use, new sand traps, and a driving range will accent the 18-hole surroundings.

The club will be open on a seven day schedule with newly formed industrial golf leagues taking advantage of the new membership priorities.

Maremont Corporation is the first to request league benefits for the coming spring and summer.

The club's men's golf association will head weekend summer events for the club. Children's clinics, with no charge to members, and women's instructional play will be offered by the new club.

Women interested in forming a nine or 18-hole day are urged to contact the club immediately for the forming of your groups and arranging of pre-play lessons if need be.

Lenoir City will again use the Cedar Hill course for their

high school matches and Johnson says he will be happy to discuss the forming of golf teams at any of the other schools in the county and make available the Cedar Hills facilities.

Golfing members will get a jump on non-members for weekend playing times. Members will have till noon on Thursday to make arrangements for their weekend play while a non-member must wait until noon on Friday for a weekend starting time.

For those people who don't go all out for golf then a social membership can be purchased for one-half of the golfing dues and a eight dollars a month club dues, effective in May.

A special kickoff is being planned for the actual opening for the new Cedar Hills Golf Club in early spring, but until that time the front nine holes are in use with the old club house facilities being used.

Club pro and general manager Bill Johnson urges all those interested in a club membership to contact him at the Cedar Hills club house.

Bill is an avid golfer and he has been since age nine. He attended Lynchburg College in Lynchburg, Virginia. Johnson

Bill Johnson... New Cedar Hill Manager  
Bill is married to his college sweetheart and after 11 years has three children. The Johnsons are living in West Knoxville at this time with plans to move to Lenoir City.

## Game and Fish TODAY

By Sgt. Bob Harmon  
Game and Fish Commission.

**CHEROKEE LAKE**  
Water conditions - high and murky.  
Very little activity due to water and weather conditions but some rockfish being taken below John Sevier on large boatfishes. Crappie good on minnows near brush piles.

**NORRIP LAKE**  
Water conditions - clear and fluctuating.  
All species poor. Some bass being taken fishing deep with minnows. Muskie fishing is slow.

**DOUGLAS LAKE**  
Water conditions - murky and falling.  
Bass fair on night crawlers - deep - in mouths of creeks. Crappie fair on yellow and white jigs.

**FT. LOUDON LAKE**  
Water conditions - upper part muddy and low, lower part clear and low.  
All species poor on upper end. Some bass being taken on lower end on deep running plugs. All other species poor.

**WATTS BAR LAKE**  
Water conditions - murky and falling.  
Most species poor, some saugers being taken in mouth of Little Tennessee River on minnows, deep.

**MELTON HILL LAKE**  
Water conditions - murky - upper end, clear - lower end.  
All species poor due to water and weather conditions.

**CHILHOWEE LAKE**  
Water conditions - clear and fluctuating.  
Some bass being taken deep on minnows.

**LITTLE TENNESSEE**  
Trot fair on corn, worms and spinners. Some sauger being taken below Chilhowee Dam on minnows, deep.

**HUNTING REPORT**  
Squirrel hunting still good but statewide season closed January 1, 1973. Also all close January 1, 1973.

Rabbit hunting fair with dogs. Quail hunting success has dropped off, with most coveys having been shot down. Grouse still very good.

Goose hunting is poor, but duck hunting is getting better, with several being taken over corn fields. Duck season closes January 13, 1973.

Big game hunters - remember! You can go deer and wild boar hunting on Tellico W.M.A. - Citico watershed only, on January 4, 5, 6, 1973. Limits of one buck and one boar. If you have killed a deer on a wildlife management area before you are not eligible to hunt deer.

Permits available at Game and Fish offices and at Bark Camp station.

Catons will have a wild boar still hunt on January 19, 20, 21, 1973 with bag limit of two (2) boars and possession limit of 4 wild boars. If 250 or more boars are killed on the 19-20-21 hunt, another hunt will be held on January 26, 26, and 27, 1973. Dogs can be used on this last hunt. No limit on dogs, and it is not a party hunt. Any individual can take his boar dogs and go.

**DOVE HUNTERS**-Freddie Arden and John Lennex of Loudon are shown with 19 doves they bagged while hunting over a soybean field in Monroe County.

DOVE HUNTERS-Freddie Arden and John Lennex of Loudon are shown with 19 doves they bagged while hunting over a soybean field in Monroe County.

### LC Band Sponsors Wrestling Match

The Lenoir City High School Band Boosters Club will sponsor wrestling at 8:30 p.m. on January 13 in the high school auditorium. Proceeds will be used to send the band to the Festival of Light in Fort Myers, Fla.

There are more pet cats in the United States than pet dogs.

# Flood Insurance Available To Lenoir City

TVA flood control specialists are convinced that most people are unaware of the existence of federally assisted flood insurance, now available in 36 cities and counties in the Tennessee Valley.

"The recent flooding in Knoxville, and the destructive floods which occurred in other areas of the United States during 1972 demonstrate the need for people to know about the availability of flood insurance," according to Reed A. Elliot, TVA Director of Water Control Planning.

"Although the TVA reservoir system provides a high degree of flood relief throughout the Valley, there are areas and communities where complete protection against floods is economically and often physically impossible to achieve, and it is most important that people in vulnerable communities are aware of this situation," Elliot said.

"Many people erroneously believe they are covered for

flood damage under their homeowners' insurance policies. A study of the situation shows that no such coverage exists anywhere in the country with the single exception of a limited California veterans' insurance program.

Federally subsidized flood insurance is available to eligible communities in the Tennessee Valley and elsewhere under the National Flood Insurance Program. The program is administered by the Federal Insurance Administration in the U.S. Department of Housing and Urban Development (HUD). Established in 1968, it is a cooperative effort between the Federal Government and the private insurance industry, represented by the National Flood Insurance Association.

In establishing the program and subsidizing the cost of flood insurance, the federal government is already living in special flood hazard areas, Congress requires participating communities to adopt land use and control measures to avoid or reduce future flood damages. Although TVA is not in the insurance business, TVA helps both HUD and Tennessee Valley communities with the program by assisting communities in identifying flood hazard areas, in establishing the required land use regulations, and in applying for eligibility to participate in the program.

"Unfortunately, many persons in communities already in the flood insurance program have failed to avail themselves of this important protection," Elliot said.

"There are many possible explanations, but one of the most obvious and evident is human nature and the tendency of the average person to assume that floods will never affect them."

"For example, Knoxville qualified for emergency flood insurance in 1970 and for the regular program in 1971, but

residents of flood-prone areas of the city have purchased only a negligible number of flood insurance policies. Hence the flood insurance program was of little value when the recent flooding occurred in Knoxville."

A TVA survey of losses resulting from the December 10 flood in Knoxville, conducted at the request of city officials, found that some 140 residential structures and 60 business concerns suffered various degrees of damage from floodwater. TVA estimated the total flood damage at \$1.1 million.

"Now would be a good time for residents of communities throughout the Tennessee Valley to review their potential flood problems and to familiarize themselves with flood insurance, especially if they live in flood-prone areas," Elliot said.

"Flood insurance premiums for properties in special flood

hazard areas would be prohibitively expensive if set at true actuarial levels," Elliot added. "But under the subsidized rates, for example, \$30,000 worth of flood insurance on a residential building is now available for only \$35 a year or less."

All structures used for residential, business, religious, or agricultural purposes are eligible for flood insurance coverage once a community begins participating in the program. Structures occupied by nonprofit organizations and structures owned by state or local governments or agencies are also eligible.

After a community begins participating in the program, flood insurance policies may be purchased from any property and casualty insurance agent or broker licensed to do business within the state. When a flood loss occurs, claims may be filed with either the local insurance agent or broker who sold the policy or with the insurance company that issued the policy.

Harriman and Rockwood are among the Roane County Cities eligible for federally subsidized flood insurance.

**\$10 Million Flood Damage Averted**

Final calculations show that TVA's flood control operation on the Tennessee River in mid-December averted an estimated \$10 million in damages at Chattanooga, Tennessee, the agency said today.

TVA's earlier preliminary estimate of \$6 million was based on anticipated rainfall and streamflow, and flood control engineers then revised the estimate upward after receiving new information on actual flows.

The river, fed by heavy rains on the weekend of December 10, crested about 1 1/2 feet below flood stage at Chattanooga on December 12. Final estimates show that the river would have gone about 7 feet above flood stage, or about 1 foot higher than the preliminary estimate, without the flood regulation provided by upstream dams and reservoirs.

## Roane St.-CSCC To Play Sat.

(Continued from Page 6)

Coach Ron Hartman reports that he has been particularly pleased with the play of former Rockwood star Eddie Chatman in the early going. Chatman has been assigned to the opposing team's top scoring guard on every occasion and has limited his man to six points a game, while scoring himself at a 9.3 clip per contest.

Initial rankings released by the National Junior College Athletic Association show Dalton Junior College, a future Roane State foe, in fifth place among the nation's junior college. The Raiders play at Dalton on January 13 and entertain the Georgia team at Kingston in the last

regular program in 1971, but

The Roane State Raiders get last second information from their Coach Ron Hartman for Saturday night's game with Cleveland State Community College to be played in Loudon

### Double Services for Dead Couple

Double funeral services were held for Mr. and Mrs. W.L. Brooks, of Route 4, Loudon, who died within three days of each other.

Mrs. Brooks, age 79, died Saturday, December 30 at Loudon County Hospital. Mr. Brooks, age 90, died Tuesday, January 2 at Fort Sanders Hospital in Knoxville.

Survivors of the couple are: two daughters, Mrs. Lenore Everett, Lenoir City, Mrs. Mary Bell Campbell, N.J., three sons, Charles T. Loudon, William H. Texas, and Paul A. Greenville, 13 grandchildren, seven great-grandchildren.

Other survivors of Mrs. Brooks are: three brothers, Edgar Thompson, Englewood, Robert Thompson, Alcoa, Horace Thompson.

Other survivors of Mr. Brooks are: one brother, Jim of Englewood; two half-brothers, Jeff Brooks of Englewood and Dave Brooks of Athens.

Double funeral services were held Wednesday at 2 p.m. at Corinth Baptist Church. Rev. James Patton and Rev. Omar Painter officiated. Burial in church cemetery.

**CARL OODY OF LOUDON**, second suspect charged in the recent rape of a Canadian girl is escorted to Roane County Jail Monday night by Chief Deputy Clarence Robbins (left) and Investigator Danny Maples. A third suspect is the subject of a continuing search.

### Economy Here Advances Above State Average

Despite the fact that the American economy as a whole has not been operating in high gear in the last five years, Loudon County can point to solid progress in the period.

A comparison of reports on business activity, running from 1966 to the beginning of this year, especially at the retail level, bear this out.

They show that the volume of business done by local merchants was considerably greater at the end of the five years than at the beginning. Part of this rise, of course, was due to higher prices.

The advance was made, however, while people in most parts of the country were pulling in their horns and were refusing to spend money except for their immediate needs and wants. They preferred to put the rest of their disposable cash into savings while waiting for conditions to improve.

Although local families, also, were more restrained than usual, they did not tighten up to that extent.

As a result, sales in Loudon County's retail stores rose in the five-year period from \$24,046,090 to \$36,047,000, according to figures from the Standard Rate and Data Service.

Related to the local population, the retail sales were equivalent to consumer spending at the rate of \$4,563 per household, which was well over the \$3,326 spent per household five years ago.

This rise, 37 percent, compares with 21 percent in the United States and with 20 percent in the State of Tennessee.

Although local people had the same worries and misgivings about economic conditions as people in other areas, what with the mounting cost of living and the large number of persons out of work.

The figures show that net earnings of Loudon County residents rose from \$44,746,000 to \$69,519,000 in the five year span.

Bill is pursuing an education in engineering physics at the University of Tennessee.

Tau Beta Pi was founded in 1885 by Dr. Edward Higginson Williams, Jr. to mark in a fitting manner those who have conferred honor upon their Alma Mater by distinguished scholarship and exemplary character as undergraduates

### Man Charged In Rape, Beating

A second man charged in the alleged rape of a Canadian girl and the beating of her boyfriend on Dec. 13 has been returned to Roane County Jail at Kingston.

Carl Oody, 20, of Loudon was the first prisoner booked at the jail, according to Sheriff Arnold L. Clower, in the New Year.

He was brought to the jail Monday night from Madisonville by Chief Deputy Clarence Robbins and Investigator Danny Maples.

Earlier Alfred Lance, Jr., Monroe County, was taken into custody in connection with the case. He also is housed at Roane County Jail.

One other suspect is still at large, according to officers.

Oody has been charged with Rape, Kidnapping and felonious assault with intent to commit murder. He was taken into custody by Monroe County officers.

The girl allegedly was taken to McMinn County by three men after she and her boyfriend were picked up hitchhiking near Sweetwater. Her companion, identified as John Snow, was allegedly beaten and dumped in the edge of Roane County near the Loudon County line.

Search is continuing for the third suspect.

### Ricky Bettis Wins 4-H Event

Ricky Bettis, son of Mr. and Mrs. Clarence Bettis of Loudon, wins at the 1972 County Jr. Market Hog Show. Ricky was one of five exhibitors showing 19 market hogs. Ricky showed the Grand Champion Reserve Grand Champion and Champion Pen of Five. The other exhibitors were: Sally Blair, Teresa Goddard, Jimmy Brooks and Roger Goddard all of Greenback.

The County Show was sponsored by Hamilton Bank of Lenoir City, Wampler's Sausage and Elm Hill Meats, Inc.

Ricky went on to the District Market Hog Show to win the Grand Champion Pen of Five.

Ricky is the first 4-H'er from Loudon County to have a champion at the District Market Hog Show.

Ricky and the other Loudon County 4-H'ers are just a few of the 110,000 4-H'ers enrolled in the 4-H Swine Program. These members have learned that hogs are an excellent teacher. 4-H'ers enrolled in the swine program learn about hog raising, by actually going through the experience of raising their own animals. In this way they learn success, sometimes failure and always a lesson in practical economics.

The swine program is supervised by Mom and Dad, and the Agricultural Extension Service. To help encourage the 4-H'ers, incentive and recognition awards are offered by Moorman Mfg. Company. Four Four medals of Honor are given to winners in each county. State winners in the 4-H swine program are given an all-expense-paid trip to the National 4-H Congress in Chicago. Six scholarships of \$700 each are given to the national winners in this program.

For information about the 4-H Swine Program, contact the Assistant Extension Agent at 442-3877.

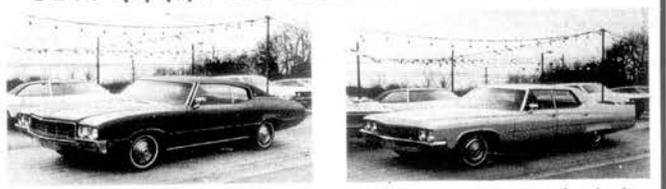

**WINS RIBBONS**—Mac Webb, buyer for Elm Hill Meats, Inc., and Ricky Bettis are getting a better look at Ricky's prize winning market hogs.

**Bill Huddleston Named Electric Coop Manager**

The Board of Trustees of the Fort Loudoun Electric Cooperative, in their December 15, 1972 meeting, elected Wm. A. (Bill) Huddleston General Manager of the Cooperative. Mr. Huddleston succeeds the late H. G. Gangwer, Sr., in this position. Mr. Huddleston was employed as Assistant to the General Manager and Chief Engineer of FLEC in January, 1971.

MR. HUDDLESTON

William A. Huddleston was born October 16, 1926, at Hickman (in Smith County) Tennessee. His parents Mr. and Mrs. R. H. Huddleston moved to Carthage in the early '30's. Mr. Huddleston is now the Mayor of the city of Carthage.

Bill has two brothers and one sister. Bill attended the Carthage Elementary School and the Smith County High School. He was active in sports while in high school, and received letters in football, basketball, and baseball. Upon graduation from high school, he enlisted in the U. S. Navy in 1948 and spent four years in the service.

Upon discharge from the Navy in 1952, Bill enrolled in the College of Engineering at the Tennessee Technological University, Cookeville. He received a B. S. degree in Electrical Engineering from Tennessee Tech in 1956, at which time he was employed by McWhorter and Franklin Engineers of Nashville, consulting engineers for municipal and REA electric power distributors. He worked there for three years.

In 1959, Mr. Huddleston was employed by the City of Etowah, as General Manager of Nashville Utilities. He resigned from this position in 1971 to work at Fort Loudoun Electric Cooperative as Assistant to the General Manager and Chief Engineer.

Mr. Huddleston married the former Hazel Terrell of Petersburg, Tenn. Hazel's parents, Mr. and Mrs. W. N. Terrell now reside in Loudoun.

The Huddlestons have two children, Charles Terrell (Terry) age 12, and Celia, age 11.

Mr. Huddleston is a former Lions Club Member, a former Director of the Etowah Chamber of Commerce, and is a member of the Administrative Board of the Wesley Memorial United Methodist Church of Etowah.

The Huddlestons have sold their home in Etowah, and are in the process of locating residential property in Madisonville.

**Mrs. Shirley Dozier**

Mrs. Shirley Dozier, of Tampa, Fla., died in an auto accident in Tampa, Fla., Tuesday, December 26. Graduate of Loudoun High School Class of 1956.

Survivors include: husband, Alvin; Two children, Donna and Alvin, Jr.; mother, Mrs. George W. Crisp, Sr., Loudoun; three brothers, Rev. J.B. Crisp, Dayton, Miss. Jimmy F. Crisp, Hawaii, Jimmy Crisp, Loudoun; four sisters, Mrs. Thomas Williams, Loudoun, Mrs. Claude Steele, Greenback, Mrs. Billie Chapman, Ind., Mrs. Roy L. Goodwin, Lenoir City.

Services and burial was held Friday in Tampa. Courtesy of Hawkins and Lound.

**Mrs. Pressly Appointed**

Mrs. R.S. Pressly of Loudoun, has been named Memorial Gift Chairman of the Loudoun County Heart Association. Her appointment was announced by Dr. Edward Buonoore, President of the East Tennessee Heart Association.

"These gifts help express feelings which are beyond words," Mrs. Pressly said. "They say you care enough to help reduce the toll of suffering and death from heart attack, stroke, and other cardiovascular diseases which cause more than a million deaths a year. In addition, the gift is a fitting honor to the memory of another, or to the achievement of a much admired friend."

The special advantage of memorial gifts to the Heart Association is in the many benefits they bestow, she said. Memorial gifts are a lasting tribute to the person honored. They also help the Heart Association's efforts in doing something about heart disease.

Memorial gifts support heart research, public education, and community programs such as the U.T. Heart Clinic which are services available to any medically indigent patient in this area upon physician referral; cardiology, physical, and dental classes for physicians, dentists, nurses, and emergency care personnel; classes for physicians and nurses teaching the latest techniques and advances in cardiovascular diseases.

To make a memorial gift, send the name of the person to be honored, your own name and address, and that of the person to be notified, together with your check or money order in any amount to: Loudoun County Heart Fund, P.O. Box 709, Knoxville, Tennessee 37901.

Information and forms for making memorial gifts may be obtained by contacting Mrs. Pressly whose phone number is listed in the yellow pages of the telephone directory under Social Service Organizations.

**ATTENTION Loudon Utilities Electric Customers**

Effective January 2, 1973, a new rate schedule for electric power users of the Loudon Utilities System went into effect. This rate schedule reflects a mandatory average six percent increase in power rates set by the Tennessee Valley Authority.

In adopting the increased rates the Board of Directors of the Loudon Utilities also adopted a new rate classification for its customers which neutralizes the increased rate and actually brings a two to three percent decrease in rates charged to average residential and general commercial customers.

The following are examples of the old rates (R-3 and C-3) with the rate increases added in; and the new rates (R-4 and C-4) reflecting the additional rate increase and the adjusted charged per kilowatt hours.

**RESIDENTIAL SERVICE POWER RATE EXAMPLES**

PRESENT RATE WITH INCREASE	R-3	R-4
Charge per kwh-cents		
First 75 kwh @	3.58	3.38
Next 150 kwh @	2.43	2.33
Next 275 kwh @	1.33	1.30
Excess 500 kwh @	0.99	0.98

**GENERAL (COMMERCIAL) POWER RATE**

PART A - DEMAND LESS THAN 50 KW. DEMAND CHARGE - NONE. ENERGY CHARGE (CENTS PER KWH).

PRESENT RATE WITH INCREASE	C-3	C-4
Charge per kwh - cents		
First 300 kwh @	3.66	3.56
Next 400 kwh @	2.46	2.36
Additional @	1.52	1.48

Copeland, deceased.  
Notice is hereby given that on the twenty-seventh day of December, 1972, Letters Testamentary, in respect to the Estate of Bronce H. Copeland, deceased, were issued to the undersigned by the County Court of Loudon, Tennessee. All persons having claims matured and unmatured, against the said Estate are required to file the same with the above Court within six months from the date of the first publication of this notice, otherwise their claims will be forever barred. This December 27, 1972.  
Jerry Dean Chambers, Executor of the Estate of Bronce H. Copeland, deceased. 12-28-72c.

SELF-CONFIDENCE  
There is no such thing as a convincing argument, but most everyone feels they have within six months from the date of the first publication of this notice, otherwise their claims will be forever barred. This December 27, 1972.  
Lloyd Black, Clerk and Master. 12-14-72c.

NOTICE TO CREDITORS  
Estate of Charles O. Schaffer, deceased.

them to us. We would greatly appreciate this, but, we would also like to have others, so, if you have any pictures taken at this old school, give us a call.

During the recent holiday season, we have seen many of the Loudon folks who now reside in other locations. We are always most happy to see and talk with them, and enjoy the many kind things they have to say about the Loudon Herald and the Good Old Days effort. We always welcome a visit or call from any of these folks who are visiting back home with relatives or friends.

Well, that's it for now. See you next week.

### Winter Bible Conference Set

The First Baptist Church of Philadelphia will have a second Mid-Winter Bible Conference, January 7-14. The theme for these services is "Great Things in Galatians". Guest speaker for this conference will be Dr. W.F. Hall of Seymour. He is Professor of Bible from Chilhowee Baptist Academy for 44 years and holds two degrees from Carson-Newman College. An acute Bible student and scholar, Dr. Hall has written his own outline of every book of the Old and New Testaments. He

developed it over an eighteen year period for his classes. Dr. Hall's messages from the book of Galatians are as follows: January 7, "Paul, A Changed Man"; January 8, "Paul and His Gospel"; January 9, "Paul's Gospel Tested and Defended"; January 10, "Law or Grace, Which Will You Take?"; January 11, "The Law in God's Plan"; January 12, "The Bondage of Legalism"; January 13, "Bondage of Freedom, Which?"; Sunday morning, January 14, "The Natural Man Versus the Spirit"; and Sunday evening, January 14, "Living the Life of Love". The church choir will present the music for each service under the direction of Gary Amos.

In the Good Old Days last week we ran a picture of Proacher Dave Hensley and his family. We have heard from a number of people who knew the late Rev. Hensley. Many of those calling us related some part of this well known man had played in their lives during his many years as a servant of the Lord. We deeply appreciate the tremendous response to this picture.

And this brings us to our picture for this week, or rather pictures. One is a family group and we always enjoy the response we get from family groups in our area. Just by chance you may

have one you have been intending to get to us. Well, send it to us and we will use it. Oh yes, the group is the Chasteen family, of which Mr. John Chasteen of Ferry Street, Loudon, is a member. Mr. Chasteen brought us these old family pictures. This picture was taken about 68 years ago. The other picture is of Mr. Chasteen's father, the late Albert (Ab) Chasteen.

Mr. Chasteen related to us that the late Dave Hensley married him and his wife and the ceremony was performed at the home of the late Tip Henry up in the depot section of Loudon. We have a picture taken

from a movie shown in Loudon at the old Lyric Theatre many years ago. We are using this to see if anyone might just by chance remember what the name of this movie was. It is unusual the way they used cars in comedies in those days. Most of them used very good trick photography to obtain unusual results.

In thinking of the old Lyric Theater, at one time, years ago, this area was the busiest place in our town. People swarmed around this part of town when the Lyric was open. Of course, we are well aware that times have changed, but we regret that the old theater no longer operates. For many of us it brings back memories of Gene Austry, Hopalong Cassidy, Our Gang Comedies and the dates we look to see an old movie.

We had a very nice letter from the Phillip Williams family from Indiana. Of course, they are both Loudonians from the Good Old Days in our town. We are always grateful to those who take the time to write, call or comment on the Good Old Days. This family told us that they always look forward to the arrival of the Herald, so they could look and see whose picture we were using in the Good Old Days column. They stated that they had known most of them.

A few weeks back we asked for pictures of the past years at Davis School, because we had never had any pictures of the past years at Davis School, because we had never had any pictures from this well known school. Well, Jim Roberts says he has some tucked away someplace in his home and promised as soon as he can locate them, he will loan

# Loudon County Herald For and about Women

## Watkins-Bledsoe Vows Pledged

Miss Sarah Katherine Watkins and Roy Hope Bledsoe were united in marriage December 16 at the United Methodist Church of Loudon with the Revs. W. H. Horner and Dillard Hagan officiating.

The bride is the daughter of Mrs. James P. Watkins of Loudon and the late Alty. Gen. James P. Watkins. Mr. Bledsoe is the son of Mrs. Henry Bledsoe of Philadelphia and the late Mr. Bledsoe.

The bride wore an empire gown of silk organza over taffeta. The fingertip veil was held by a Juliet cap. She carried three long stem yellow roses. Mr. John Winstead escorted the bride to the altar. Mrs. David Brewster of Athens served her sister as matron of honor. Her dress was of candlelight silk organza and green velvet. The matching head piece was a Juliet cap trimmed with lace as on the dress.

Mr. Hubert Bledsoe of Eowah served his brother as best man. Ushers were Mr. Carl Bledsoe of Englewood, Mr. Sam Bledsoe of Cleveland, Mr. Gary Kinsey and Mr. Wade Hill of Philadelphia.

Mr. and Mrs. Bernie Swiney provided a program of traditional wedding music.

A reception was held at the church following the ceremony. Those assisting in serving were Mrs. John Winstead, Mrs. Joe Bolderback, Mrs. Gary Kinsey, Mrs. Wade Hill, Miss Susan Bledsoe and Miss Charlene Johnson. Miss Becky Bledsoe kept the guest book.

After a short wedding trip Mr. and Mrs. Bledsoe are making their home in Philadelphia.

Out-of-town guests were Congressman John J. Duncan, Ed Bailey, administrative assistant to Congressman Duncan, State Senator Carl Koella, Mr. and Mrs. John

Winstead, Miss Charlene Johnson, Mr. Tom Platt, administrative assistant in East Tennessee Planning Commission, Mrs. Sam Bledsoe, Mr. and Mrs. Joe Bolderback, Mrs. Carl Bledsoe and Mrs. Hubert Bledsoe.

ACCESSORIES PERSONALIZE YOUR HOME  
We all know that a plain basic suit is quickly enhanced by the simple use of a pin, scarf, or tie. Even a change of buttons - well selected - can lend a more expensive look to an inexpensive garment.

Accessories for the home are basically the same. Their careful selection can change a mere room into an interesting adventure. Whether you purchase these added touches, collect them, or inherit them, use them to their best advantage. Your imagination and personality should come through clear as a bell. Your room should become more dramatic. It should be a joy to you and to others.

Collections or pictures may be grouped together for best results, or a single favorite may cry out for individual attention. No matter how precious, perfect, or rare, small works of art tend to be overlooked unless they are concentrated in one place. Small collections once hidden in a darkened china cabinet may now be brought into the open and used on shelves, tables, or open hearth areas.

Wall hangings, colorful framed fabrics, or posters may be ingeniously integrated into a lovely wall decor. The size of the picture or wall piece should determine its placement. Remember that pictures are hung a "few inches" over furniture so they are easily seen in a seating area or when standing.

Everyone has at least one sentimental belonging which can serve as an accent piece. Perhaps it thrills you by its special eye appeal or unique quality. Your entire room could well be designed around this very personal object. The choice is yours, whether simple or elaborate. Your personality is portrayed, just as it should be.

### LETTERS TO THE EDITOR

Mr. Larry Cate, Editor  
Loudon County Herald  
306 Cedar Street  
Loudon, Tennessee 37744

Dear Mr. Cate:

On behalf of the Loudon County Soil Conservation District and representatives of the Soil Conservation Service, I wish to thank you for the public-spirited cooperation you gave us in 1972.

Our efforts to bring the modern problems and goals of soil and water conservation to the attention of the public would not be possible without the helpfulness that characterizes you and your newspaper. We value the many favorable comments we have received from rural and urban residents who have read the spot releases which you have published.

In recalling the fine assistance you have extended us in the past, we also look forward to working together in 1973.

We wish you and your staff a good and prosperous year. Please call us when we can be of assistance to you.

Sincerely yours,  
Paul K. Arp, Chairman

(Continued from Page 1)

division street construction moves from one phase to another.

**Building Permits**  
In another resolution recommended by the Planning Commission, the various Utility Commissions operating in Loudon County were requested to refuse to hook up electricity, water, gas, etc., unless the property owner has a building permit. The resolution points out that the recent reappraisal was done at considerable taxpayer expense and that if it is to be of value, it must be kept up to date with all new construction, remodeling and other improvements noted in the tax assessor's office.

**Retirement Funds**  
Considerable discussion came up over a proposal to ratify a Hospital Board action to invest \$70,000 from a Medicare payment in the current retirement program for Hospital employees. Board Chairman Idus Conner told the Court that \$100,000 already has been invested in the program and that investment

of the lump sum of \$70,000 will save interest costs. Squire J. J. Blair, himself a member of the Hospital Board, repeatedly asked when the Court authorized payment of such large sums of money for the retirement program. Both Judge Sproul and other members of the Court assured him that approval had, indeed, been given, but the Judge was unable to locate it immediately in back minutes of the Court. Squires Blair and Roy Bledsoe voted against the proposal which passed 7-2.

**Old Hospital**  
Squire James M. Hartsook told the Court he was optimistic that something can be worked out to allow the County to use the newer part of the old Bacon Hospital, perhaps for a nursing home. He reported on a trip to Nashville recently by Hospital Administrator Gay Hamilton, Squires Conner, Henry Foster, himself and Judge Sproul to visit the Hospital Licensing Board. As a result, he said, an architect has been contacted to draw up some plans to renovate the building. The plans are to be ready in about two weeks and

"if the figures to renovate don't get astronomically high, I am very optimistic that we will be able to work out something to use the building."

**Browder Memorialized**  
Two resolutions from the December meeting of the court were ratified Monday. One was in honor of the late Squire Vaughn Browder and the other was to welcome Dr. Jerry Rogers, who recently opened medical practice in Lenoir City. The resolution in memory for Mr. Browder expressed the thanks and gratitude of his fellow Squires and the citizens of the county for his years of political and personal service.

**Dispute Settled**  
Judge Harry Sproul informed the court that possible legal action against Contractor Eugene Crawley had been settled after the contractor agreed to begin purchasing building permits for construction projects he was involved in.

**Could Lose \$153,000**  
Judge Sproul reported that if the railroad lawsuits for changes in the Public Utility assessments were won by the railroads Loudon County would have to repay or give credit to Southern and L&N railroads in the amount of \$153,000. He said the loss of this revenue would drastically

effect the county tax rate picture in the future, but that Loudon County would not be as hard as some county. He reported that Morgan County would lose \$400,000 if the railroads won the suit which would declare the question a amendment void. Judge Sproul is on a statewide committee trying to counteract the lawsuit.

**Platform Endorsed**  
On a motion by Squires J.J. Blair and Curtis Williams the Court endorsed the legislative platform of the Local Government Platform. Judge Sproul, a member of the Local Government Committee said several of the items on the platform were a direct result of actions of the Loudon County Court.

**Questions**  
Judge Sproul reported that if Question No. 3 is upheld that a report recently released indicated that the amount of property taxes paid by Loudon County farm land owners and homeowners will probably go down. This would be true if there was no increase in local budget. Under the amendment, which goes into effect during the next tax year, there was no increase in local budget. Under the amendment, which goes into effect during the next tax year, there was no increase in local budget. Under the amendment, which goes into effect during the next tax year, there was no increase in local budget.

the rate to produce the same number of dollars would increase from \$2.58 per hundred to \$3.52. Taxes on commercial and industrial property would be increased by the amount.

**Lawsuit Settled**  
The court agreed to accept an offered settlement of \$600 from the bonding companies representing the former Circuit Court Clerk, Bobby Knowles. The county had sued the bonding companies for \$906.35 in shortages found by audit in Knowles accounts. Judge Sproul and attorney Arthur Fowler, representing the county in the case recommended taking the settlement instead of having the case tried in Chancery Court. Fowler will receive 25 percent of the settlement as his fee in the case. Both were approved by the court.

**Motel Tax Suit**  
It was reported in Court that the lawsuit brought by motel owners keep the county from collecting the motel occupancy tax (five percent of room rate) is scheduled for hearing in Chancery Court next month.

Also pointed out was that all but two motels in the county were withholding payment of the tax, in effect since October, until the lawsuit is settled. A report given by Trustee J.V. Schrimsher showed income of \$100,000 from the motel tax that came from Wickers Motel and General Lenoir Hotel. Listed as motels involved in the lawsuit that have not paid any tax to the county under the act are Inn of Lenoir, Fort Loudon Motel, Dixie Lee Motel, Red Carpet Inn, Sunrise Motel and Kings Inn.

**Attorney Gen. Opinion**  
At the request of a Squire an opinion of State Attorney General's office was asked in December and the reply read Monday. The question concerned the legality of a Squire issuing civil and criminal warrants. The opinion of the Attorney General was that there was no other discussion of the matter.

**Williams Elected**  
Squire Curtis Williams of Lenoir City was elected to serve as Chairman Pro Tem of the County Court for the coming year. The Chairman Pro Tem presides over the court when the County Judge is not present.

**Agriculture Committee**  
Elected to two year terms on the County Agriculture Committee were: Esco Summit, Mrs. Joe Brannon and Roy Bledsoe. All were present members of the committee.

Topics for the remaining services are as follows:  
January 11, "The Law in God's Plan"; January 12, "The Bondage of Legality"; January 13, "Bondage or Freedom, Which?"; Sunday morning, January 14, "The Natural Man Versus the Spirit"; and Sunday evening, January 14, "Living the Life of Love".

**Hears Complaint**

(Continued from Page 1)

snow and ice following the six inch snow fall Sunday. Mr. Hensley reported that about a third of the residents of the Collins Street area sent letters about the possibility of taking parking off that street had responded and those answering the letter all were in favor of placing no parking signs on the street. The city had widened the street last summer and built off-street parking for residents in the area.

Mr. Hensley also reported that due to the bad weather work had temporarily stopped on the new city swimming pool. He said that most of the excavation on the pool site was complete and some walls in the olympic size pool had been built. The pool, part of a \$280,000 park complex next to Loudon High School, is to be completed in the late spring.

## Speaking of Sports

By DANNY GIBSON  
Sports Editor

Bad weather seems to have entered our geographical area in the form of snow. The white precipitate has made traveling a bit difficult in regard to the normality of rain usually hampering our life style. The six inch tarp which has blanketed the countryside and made going back to school more tolerable with a few days of vacation just after Christmas vacation. Thus the first snow of winter came 12 days shy of a "White Christmas" and now has given the high school sports scene (regular season basketball play) a jolt by failure of teams to meet scheduled games due to the hazardous road conditions.

Some cancellations and postponement to future dates were necessary for the Hiwassee College-Roane State Junior College game set for Lenoir City Monday night. The game has been rescheduled for February 13 at Kingston.

In high school action Lenoir City and Oak Ridge rescheduled their District Seven rematch for January 23rd in the Atomic City.

A game of national concern was postponed Friday night before the snow ever arrived. The Friendsville Academy-Clinch shootout set for Friendsville was deferred to a tentative February 20. The Foxes have lost 129 straight games to date and it was the speculation of many the Wildcats could be the team to end the longest losing streak in the country. Clinch won a previous game earlier in the season 64-41 at Clinch, but held only a four point halftime lead. The Foxes have regained their teams top scorer, absent the Clinch game, and could make the rematch a close contest. The Wildcats own only the lone victory for their season work so far. Should the game be passed it is figured the Foxes are doomed for 15 more losses this year and a record 144 straight to start the season with next year.

While we are on the subject of losers, here is one that happened last Tuesday night in Parsons, Tennessee.

The 68-0 loss by Holladay High's girls basketball team Tuesday night was even more embarrassing than the figures suggest.

In a game with Riverside High girls of Parsons, the girls had several chances to rattle the scoreboard, but to no avail.

Holladay's only field goal was disallowed when the shooter was called for walking. Later, a successful free throw was erased when officials ruled the shooter stepped over the foul line.

Lenoir City will be host to the Region 2 basketball tournament - which will include all "Large Class" schools in Knox County - March 5-8.

The announcement was made by Vic Taylor, coordinator of athletics for Knoxville City schools and spokesman for Region 2 coaches.

Region 2 coaches voted to play the tournament at the University of Tennessee but there are just too many activities there that week that would conflict with the tournament," Taylor said. "Lenoir City High's gym was their second choice."

Knoxville schools eligible for Region 2 tournament competition are Austin-East, Bear-den, Central, Fulton, Holston, Rule, South, West, Young, Farragut, Gibbs, Doyle, Halls, Karns, Powell and Carter.

Also figured into this group will be the winners and runners-up of districts housing Lenoir City, Harriman, Oak Ridge, Kingston, and Clinton. As well as Loudon, Alcoa, McMinn Central, and Bradley County.

Lenoir City's boys basketball coach Willie Joe Smalley will serve as tournament director for the four day playdown.

The Region 2 tournament for "Small" schools - for schools with an enrollment of 500 or less - will be held at Knoxville Doyle.

District 3, will have its tourney at Maryville College. Greenback will in this field and should the advance will go to the Region 2 meet.

Bradley County has been selected as the District 7 tournament site. District 6 coaches earlier had picked Carter as the scene of their tournament. District 5 play will be at Knox Central.

Hiwassee College is set for the site of the District 5 "small" tournament. The Region 3 small school play is scheduled for the Calhoun gym in Bradley County.

A closing note on high school football in Tennessee has Tennessee's Bristol High School, which won its second consecutive state AAA championship recently, being selected as the nation's top prep team.

The Vikings, coached by former Blount Counitian John Cropp, finished the year with a 13-0 mark and are riding a 25-game winning streak.

Bristol finished ahead of Lakeside High of Atlanta, Ga., which had a 14-0 record this year. Western Reserve High of Warren, Ohio, was third with a 12-0 record.

Other national leaders included Permian High of Odessa, Tex., with a 14-0 record, and St. Paul High of Santa Fe Springs, Calif., with a 13-0 record.

The annual ranking is compiled by National Sports News Service of Minneapolis, Minn. Bristol, by being crown "AA" champions in the state last year, finished second in the national poll.

## Lassies Go Down In Fourth Quarter

# Loudon Trips Bradley County In District 8 Toughie

District 8 basketball equals Loudon and Bradley County split a Friday night double header with the Bradley girls opening with a 50-44 triumph, only to have the Loudon boys come back to take the nightcap 46-40.

The Loudon Lassies, who had won three straight games, saw their record slip to 7-5 as the Bearettes used a pressure defense and clutch field goal accuracy in the final five minutes of the fourth quarter to break the game open and win 50-44.

**GIRLS**

Loudon (44)	Bradley (50)
F. Smith 10	Horneas 28
F. Hawkins 6	Morton 4
F. Smith 13	Calwell 14
G. Brown	Davis
G. Tyler	Vanner
G. C. Husky	Zepke
SUBS: Loudon - Starr 2	
Loudon 8 16 10 10 44	
Bradley 12 12 10 16 50	

Loudon jumped to a fast lead in the first quarter, but lost the range and trailed at the end of the period 12-8. A tremendous second quarter effort by Jane Shubert and top defensive play by Gloria Brown, Yerber Harrison, and Connie Huskey brought Loudon back to a 24-24 deadlock by intermission. Both teams managed to collect 10 points in the third canto, but Bradley County edged ahead in the early stages of the fourth quarter and then held the ball forcing the Lassies to fold to protect their margin of victory.

Loudon played an excellent a floor game as they are probably capable, but numerous blocked shots and the pressure of facing one of the top sextets in the state had its effect on the Lassies. Loudon hit a cool 32.6 percent from the field on 15 of 46 shots.

**THEARP FINDS RANGE FOR REDSKINS-**Loudon's sophomore forward Donnie Thearp breaks free from a tight Bradley County defense Friday night to launch up a shot. Loudon won the hoop game 46-40.

**BEARETTES STAND TALL IN DISTAFF PLAY-**Bradley County's outstanding sextet won their 60th game Friday night 50-44, against only one defeat. The shorter Loudon Lassies matched the Bradley play for three quarters, but were finally overpowered in the waning minutes of the game. Loudon's Jane Shubert tries desperately for this offensive rebound but lacked the height.

**LASSIES SPRING TO REBOUNDING CHALLENGE-**Loudon's guards gave an all out effort to rebound and defend the taller Bradley County girls Friday night. J.J. Purdy (left) and Gloria Brown (right) go high to spear this stray shot. Loudon, Connie Huskey covers the middle to assure Loudon gets the ball.

## Knox Catholic Zips Past Cherokees 83-54

Greenback's boys basketball team returned to the hardwood Thursday night at Knoxville Catholic in a showdown of what many think could be the 1-2 hoop powers of District III. The Cherokees were surprised by the Irishmen's offensive attack and Bill Joe Klyber netting 18 each. But nonetheless the Knoxville team won every

The Catholic cagers rolled

Loudon on four of 16 shots and two free throws from the foul stripe. Loudon, hit 14 of 14 foul shots for the game, but they all came in the first half and none were shot in the last two quarters.

**THEARP FINDS RANGE FOR REDSKINS-**Loudon's sophomore forward Donnie Thearp breaks free from a tight Bradley County defense Friday night to launch up a shot. Loudon won the hoop game 46-40.

Bradley hit 14 of 16 foul shots and used 10 of those in the final quarter to snatch their 10th win in 11 games this season.

**THEARP FINDS RANGE FOR REDSKINS-**Loudon's sophomore forward Donnie Thearp breaks free from a tight Bradley County defense Friday night to launch up a shot. Loudon won the hoop game 46-40.

form with Gloria Brown, Yerber Harrison, Connie Huskey, Mary Tyler, and J.J. Purdy winning the rebounding fight 22 to 25. Brown had 12 rebounds to take game honors for Loudon. Yerber Harrison pulled down six.

The hustling Loudon play yielded only a 36.7 shooting night for the Bradley forwards, who hit on 18 of 49 shots.

**BOYS**

Loudon (46)	Bradley (40)
F. Alesamora 13	Scott 11
F. Thearp 10	Dove 4
G. Canner 10	Smith 10
G. Rivers 4	Sullivan 4
G. Branson 14	
SUBS: Bradley - Dodd 4	
Loudon 10 12 11 13 46	
Bradley 7 12 14 11 40	

Loudon had 18 turnovers in the game as compared to 16 for the Bearettes.

The Loudon boys opened their skirmish with the Bears in an offensive blitz which provided the Redskins with a 10-2 first period lead.

The Redskins refused to weaken in the second quarter and carried a 22:15 halftime advantage to the dressing room. Bradley whipped the Redskins 14-11 in the third canto and finally tied the game at 35-35 with five minutes left in the game.

Loudon went to work with R.L. Branan and Mike Messamer hitting back to back field goals to give the Redskins a four

point spread and Rodney Albert hit two foul shots which broke the Bears momentum and assured the triumph, 46-40.

The victory evened Loudon's worksheet at seven wins and seven losses. The Redskins are 2-3 in the district. Bradley County dropped to 7-5 for the year and 1-4 in the district.

R.L. Branan, turning in his top performance of the season, paced the Loudon offense with 16 points on eight of 16 shots. Mike Messamer provided the back-up for Branan with 13 points and 13 rebounds. William Canner continued to counters to the night and speared 14 rebounds.

Donnie Thearp scored only three points, but hauled in 14 rebounds as Loudon won the backboard tussel 46-33.

The Redskins showed signs of being absent from a regular hoop schedule by hitting only 32.7 per cent of their field goals. Loudon gunned to 20 of 30 shots.

Bradley was even worse with a 28.3 shooting mark. The Bears hit 19 of 67 shots.

Loudon will face Bradley County again February 9 in Cleveland.

## Former Redskin Stars Aid TWC Triumph

Tennessee Wesleyan College basketballers hit a sizzling 61 percent of its field goal attempts Saturday night 16 to 10, prevailing Union University of Jackson, Tenn. 97-84. The Bulldogs led most all the way in the high-scoring fracas.

Donald Dodgin hit for 33 points to pace the victors, and Randy Vernon got 22. Former Loudon cager Ray Simmons got 10 and another former Redskin, Morris Wilmer got 4.

Union, on a 10-9-8 basis:

1. Kingsport 15.9	119
2. Chattanooga 11.1	81
3. Johnson City 12.5	34
4. Columbia 11.6	38
5. Mem. Metros 13.3	34
6. Savannah 14.0	35
7. Chattanooga 12.3	33
8. Gallatin 13.0	31
9. Mem. South 14.2	29
10. Alcoa 12.4	27
11. Harrison 14.0	27
12. Nash. Hillsboro 7.1	25
13. Nash. Stratford 5.2	23
14. Trenton 15.1	18
15. Nash. North 8.1	16

Others receiving votes, listed alphabetically: Brownsville, Greater County, Clarksville, Clarksville, Clarksville, Clinton, Jackson, Central, Memphis, Memphis, Union City, Nashville, Knoxville, Alcoa, McMinn Central, Memphis, Washington, Memphis University School, Nash. ## In First Season Poll Kingsport Heads AP Cage List

Streaking Kingsport, which finished third in last year's state tournament, is the overwhelming leader in the first AP high school basketball poll this season, announced Monday.

The Indians, 15-0, received 11 of 13 possible first-place votes to clearly out-distance No. 2 Chattanooga Howard, 11-1, which finished runner-up to Chattanooga Riverside in last year's tournament.

"We appreciate the confidence that's been placed in us," Kingsport Coach Buck Vanfuss said Monday when told of the rating. "We'll do our best to uphold it. Of course, you can never tell

what's going to happen in this game."

Following Kingsport and Howard were No. 3 Johnson City, 12-0, No. 4 Columbia, 11-0, No. 5 Memphis Metro, 13-3, No. 6 Savannah, 14-0, No. 7 Chattanooga Riverside, 12-3, No. 8 Gallatin, 13-0, and a tie for No. 9 between Alcoa, 12-1, and Memphis South, 16-2.

Then come Harriman, 14-0, Nashville Hillsboro, 7-1, Nashville Stratford, 6-2, Trenton, 15-1, and Nashville North, 8-1.

The top three teams were well separated in the poll results, but the rest were fairly evenly bunched.

"We're playing good defense and have good outside shooting," Vanfuss said. "We

fast break a lot, and are scoring 74.9 points a game."

He has three starters back from last year, forwards Andre Redford and Ken Jones and guard Skip Brown, generally considered one of the top three players in the state. Brown is averaging about 22 points each game and is sinking 56 per cent from the floor.

Kingsport is one of six teams in the poll that were in the final 16 squads in last season's state tournament.

The others are Howard, Johnson City, Riverside, Alcoa and Nashville Hillsboro.

Results of the first AP high school basketball poll of the

## Hurry To Curtis Tipton's

Shown by the snow? That if you have a 1972 Ford Bronco. A regular "Road Hog" for all kinds of weather, but still has the features and drive-up options of a family car. That's the 1972 Ford Bronco.

1988 BLACK FORD RANGER pick-up, Bucket seats, short Bed, Must see to appreciate.

## Curtis Tipton Ford

Loudon

## Loudon Jr. High Has Busy Hoop Week

The Loudon Jr. High School A and B boys basketball teams lost two tough games to Athens Jr. High last Thursday night in Athens. The A boys team led Athens by a score of 28-17. The game was a tough battle for Loudon as they could not find the scoring range in the first half of the game.

Eric Dickerson led Athens in scoring for the game with 12 points. Loudon was led in scoring by Randy Davis and Greg Deabridge with 7 and 6 points respectively.

In the B game, Loudon lost a tough one by a score of 36-35. The first half was all Athens as they jumped out to a 22-10 lead at halftime. Loudon started a comeback as they got within 10 points at the end of three stanzas. Loudon quickly got within one point of Athens but couldn't go ahead in the game.

Loudon was led in scoring by Jimmy Brown with 17 points, while Tony McCowan led Athens with 17 counters.

Loudon A and B boys' teams played Browder Friday afternoon and won both games. Loudon's A team beat Browder by a score of 38-22. Browder gave Loudon trouble the first quarter leading by a score of 9-4. Loudon led at halftime by a score of 16-13. Browder was in the game after three quarters with Loudon leading by a score of 23-18. Loudon pulled away from Browder in the final period. Mark Blair led Loudon in scoring with 9 points. In the B game, Loudon beat Browder by a score of 38-18. Loudon was led in scoring by Jimmy Brown with 18 points and Adrian Johnson paced Browder.

## Cleveland Tops Roane Loudon County Elementary Hoop Standings

Cleveland State fought off a Roane State comeback in the closing minutes Saturday night in Loudon to take a 69-60 decision in the third meeting of the year between the two teams.

Roane State had bounced back from a 12-4 early deficit to go on top 27-26 at the half, but fell behind for good with 13-30 remaining when the Cougars moved into a 39-37 lead.

Down 33-44 with six minutes remaining, Roane State came back on successive field goals by Willie Allman, Eddie Chatman, and Alvin Boyd to make it a three-point contest but could not get the closer down the stretch.

Allman's fielder with 1:17 remaining, closed the gap again to three points (61-58), however the Cougars iced it at the free throw line in the closing seconds.

Allman, who played little more than a half coming off the bench, once again led Roane State in scoring, connecting on 10 of 14 field goal attempts and finishing with 21 points.

Boyd contributed 17 to the Raider attack and Curtis Houston added nine, however Roane State was unable to match the balance of the visitors from Cleveland.

Jerry Steadman scored 16 points to pace the Cougars, who also had four other players in double figures, Henry Hutson, former Norma star, tallied 14, Ronnie Smith and Rick Gorge added 12 each, and Don Willoughby, 10.

Allman and Boyd paced Roane State's rebounding with 10 and nine retrieves respectively.

## Bill Joe Kyker Fires Greenback Past Lanier For 62-59 Overtime Victory

Greenback is back into the basketball season after an almost three week lay off due to Christmas holidays. The Cherokee split a pair of games with Lanier Friday night. The Greenback girls lost a closely played game 53-46 and the Cherokee boys had to use an overtime period to clip the Eagle boys 62-59.

Mari Beth Hammontree, sparked a gallant Cherokee showing with 34 points, the senior guard, hitting from all parts of the floor, guided the Greenback girls to a 12-5 first quarter lead and a 27-24 halftime difference.

Lanier forged into the lead in the third period and the Greenback efforts kept the game in reach but never here to they to regain the upper hand. The Greenback girls failed to go after the Eagles on the second period but a six point flurry by Lanier closed the game.

Greenback had a eight point advantage late in the second period but a six point flurry by Lanier closed the game.

Lanier hurried down the floor and got one shot off, which proved to be enough at the time to send the game into overtime with the two teams all even at 57-57.

Big Bill Joe Kyker, Greenback's 6'5" pivot man, made quick prey of the

## Loudon Throttles By Midway In Cage Sweep

The Loudon Lassies and Coach Dewayne Arp achieved long awaited conquest Tuesday night with a triumph over highly regarded Midway girls 42-41.

The Lassies now 8-0 for the season had to stave off a determined Midway comeback to record the win. Loudon hit the hoops for a 14-8 first quarter lead but failed to win any of the remaining three periods as the Green Wave chopped away at the Lassies.

Loudon was led by the scoring of Marilyn Smith, who had 26 points for game hours. The fast moving forward pumped in eight of 21 shots and hit 10 out of 10 foul shots. Several of her foul shots down the stretch were instrumental in the Lassies squeaking by.

Loudon led by as much as six points in the first half and later ran their margin to nine points before Midway regrouped and stormed back to take a three point lead on the Lassies in the fourth canto.

Loudon hit 13 of 40 shots in a game of strict defensive play for a 35 percent. Midway hit 35 percent of their shots likewise and had 13 baskets from the floor. The Lassies made up for the difference at the foul line with another strong performance hitting 18 out of 17 tosses. Midway hit 11 of 16 foul shots.

Loudon played excellent defense three quarters but were affected briefly in the fourth quarter when Gloria Brown fouled out. The defensive adjustment gave Midway precious points and

almost enough momentum to pull the game out. Brown led the Loudon guards with 18 rebounds and five blocked shots. Mary Tyler did a fine job in containing the Midway offense and pulled down five rebounds.

The Loudon boys had a field night in their game with a modest 26-19 first half advantage, but the tempo was soon to improve in the second half as the Redskins romped to a 41-23 third period score and continued to roll on to an impressive 63-29 decision.

Twelve varsity players got into the game and 11 made the scoring column.

R. L. Branam, junior guard, has suddenly taken charge of the Loudon offensive game and again led the Redskins in scoring with 14 points. The long range gunner hit 25 of 64 from the field for a 39.8 percent shooting performance in going over the 500 mark for the season with a 87 record.

Following Branam in the scoring was Mike Messamore and Donnie Thearp with 11 and 10 points respectively.

Loudon won the battle of the backboards by a 72-50 count. William Casler, who had an down 19 stray shots to dominate the Loudon play, Mike Messamore had 17 rebounds and Donnie Thearp 13 to round out the front line work in the game.

Loudon will travel to Cleveland Friday night and face the Blue Raiders in one of the area's top hoop headlines for the week end.

struggling Eagles with a five point total is his best of the season. Tony also had the most rebounds for the game.

Trailing Linginfeller in the scoring was Bill Joe Kyker, whose five point flurry gave him a total of 18 for the night. Larry Ritchey and Joe Malnor rounded out the scoring with 13 and 10 points respectively.

**TROPHY DEER**—Bobby Garren of Tellico Plains bagged this trophy buck deer while hunting on the Tellico Wildlife Management Area last weekend.

**WILD BOAR**—Mike Orr of Loudon, brought home the bacon last weekend. The Loudon High School senior bagged his boar on the Tellico Wildlife Management Area.

## Panthers Rout Cleveland Cagers For Ninth Win

Lenoir City rebounded from a Tuesday night loss to McMinn County Friday night by routing Cleveland 75-55.

The Panthers completely dominated the game from start to finish. Lenoir City held a lopsided 38-24 halftime difference and after a modest third quarter showing turned the game into a runaway with a 26-18 fourth period finish.

Tim Cunningham led four Lenoir City double figure performers with 22 points. Big Jim Harris slammed 19 points through the hoops and both players were credited with 18 rebounds.

## Game and Fish TODAY

By Sgt. Bob Harmon Game and Fish Commission

This past weekend marked the end of the big game hunt on the Tellico Wildlife Management Area. Approximately 1400 hunters participated on the three day hunt. A total of 28 buck deer and 58 wild boar hogs were bagged.

A group of local hunters, Mike Orr, Spencer Watkins, and Arthur Bright hunted in the Shik Rock section of the management area.

Mike killed a 64-pound field dressed boar hog. It took two days to carry the animal back to his vehicle. Mike said he must have walked eight miles before he flushed out his hog.

Spencer Watkins said, he saw several does, but was unable to locate any legal game.

Arthur Bright, while slipping through the thick mountain laurel, flushed three hogs, but was unable to bag one.

A Tellico Plains hunter, Bobby Garren, bagged a record book trophy buck deer. Bobby was hunting near Farr Gap when he bagged the unusually large antlered deer. The buck field dressed at 105 pounds, had eight point antlers, and was figured to be nine and one-half years old. The trophy kill should be a winner in the Boone and Crockett record book.

A couple of waterfowl hunters had some success one afternoon last week. Billy Kollock and Robert Ebdosee were hunting in a corn field near Loudon when they saw four ducks on a nearby pond. Billy downed a mallard drake while Robert bagged a mallard hen.

It seems Loudon's high school basketball coach Hugh Watson great hunting skills as well as coaching techniques. Hugh, his brother Robert, and Father-in-law Jim Henry bagged eight birds while

grouse hunting in Claiborne County last week.

**GAME & FISH DISAPPOINTED AT AGRICULTURAL DECISION**

The Tennessee Game and Fish Commission is highly disappointed at recent action which eliminated the Rural Environmental Assistance Programs from federal subsidy programs for farmers, according to Commission Director David M. Goodrich.

"We had seen the REAP program as a tremendous benefit to our wildlife resources, especially small game and waterfowl, and had looked forward to assisting landowners who would engage in these practices," Goodrich said.

Under the REAP program, farmers could have received up to 80 percent return of their investment for conducting approved wildlife habitat improvements on their land. However, the U.S. Department of Agriculture disclosed December 26 that the longstanding REAP program and the year-old Water Bank Program would be ended.

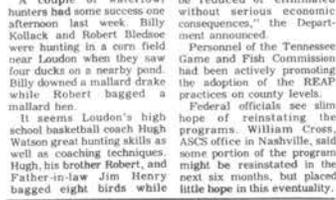

"These two programs are among those selected for elimination after a review of federal programs to identify those of low priority that can be reduced or eliminated without serious economic consequences," the Department announced.

Personnel of the Tennessee Game and Fish Commission had been actively promoting the adoption of the REAP practices on county levels.

Federal officials see slim hope of reinstating the programs. William Cross, ASCS office in Nashville, said some portion of the program might be reinstated in the next six months, but placed little hope in this eventuality.

**MALLARD DRAKE**—Billy Kollock of Loudon is shown with a mallard duck he bagged while hunting in Loudon County last week.

**SUCCESSFUL HUNTERS**—Shown are Robert and Hugh Watson of Loudon with the results of a day's grouse hunting in Claiborne County.

figured into the scoring for Lenoir City with 14 points. Cleveland stopped by the stingy Pantherette defense failed to place a player in double figures.

We have another picture this week of a church group. This picture was made in front of the Methodist Church which burned down a few years ago. Of course, the site is the same as where the present United Methodist Church now stands. How many years ago this picture was made is unknown to us, but we would venture a guess that it was in the Twenties. We are sorry but we can't identify any of those in the picture. We are sure that most of them would be very well known to those of the Good Old Days.

As most folks know, Loudon at one time had two Methodist churches. The Northern and the Southern which merged into the United Methodist Church.

The other church was in the building now occupied by the Loudon Health Department, which is just below the present church site.

Well, we have had pictures of about anything you could think of, but never before have we had one of anybody riding a grizzly bear. Or at least, that is what we think it is. Anyway, the man astride the bear is Country Boy Joe Mills. He doesn't look too frightened of the big toothed animal he is astride. The other man in the picture is the late Jake Bright, who looks on in amazement. Well, that's it for now. See you next week.

Total precipitation in the region last year to an average of more than 62 inches, making 1972 the third wettest year on record, TVA said today.

Precipitation for the year was about 11 inches above normal. Resulting runoff, totaling nearly 22 inches, was about 6 inches above normal and the eighth highest of record.

The December rainfall total was more than 3 inches above normal, and runoff at Kentucky Dam of 5.46 inches was the highest of record. Highest precipitation during the month was recorded at Clingman's Dome, N.C., with 12.9 inches. Less than 50 miles away, the lowest total was recorded at Asheville, N.C., with 3.46 inches.

TVA said levels in all tributary multiple-purpose storage reservoirs exceed Boone reservoir flood control levels at the end of December. Levels in South Holston, Watauga, Douglas, and Fontana were the highest of record for that date.

### Montgomery On Duty In Thailand

U.S. Air Force Sergeant John C. Montgomery, son of Mr. and Mrs. Bert Montgomery, 145 Oakwood Drive, Lenoir City, is on duty at Udorn Royal Thai AFB, Thailand.

The sergeant is a 1970 graduate of Lenoir City High School.

### '72 Was Third Wettest Year

Heavy rainfall averaging 7.7 inches across the Tennessee Valley in December pushed

**BACK IN THE GOOD OLD DAYS**

With the current basketball season in full swing, we thought it would be an ideal time to bring you a picture of a Loudon basketball team, which most likely, set some records of their own. We are not intentionally stating how many years ago this picture was made and we are glad in a way, because that way, we cannot be accused of being wrong. We don't know the exact date but let's say it was sometime in the late thirties.

Mr. Albert Dukes (who did much to promote sports in the Loudon area) was the coach of this team. He was always on hand to assist in anyway he could and to aid talented lads or lassies in the pursuit of their chosen sport.

We are reminded of what the late H.M. (Hem) Gray told us one time about Mr. Dukes. He said that Albert Dukes did more to promote school sports than any man had ever done in Loudon County and in our opinion, Mr. Gray knew more

Betty Mayes (Back row) Mildred Thomas, Cleo Grigby, Pricie Franks, Katherine White, Betsy Watkins, and Helen Tilley. Of course, the ladies have a new "last" name now, through the process of marriage, but all of them are well known in our area. We recognized them for their outstanding ability as a basketball team from the Good Old Days. I am not sure of this, but believe the girls team of Loudon have an average of more tournament wins than the boys over the past few years. Of course, we could be wrong.

This about concludes our annual comments on Basketball during the Good Old Days, unless, some of our readers open the door with another picture.

## STATEMENT OF CONDITION

### Hamilton National Bank Of Loudon

At the Close of Business On December 31, 1972  
Charter No. 12080

**A REPORTER'S DREAM AND WE BLEW IT**—Saturday night we were visiting relatives in Maryville. About 9 Henry Franklin, a brother-in-law, and I went to get a pizza. As we were returning to his house we stopped for a traffic light in front of the Midland Shopping Center in Alton.

Suddenly an ambulance came through the light plowed into the shopping center parking lot, attempted to turn to get back on the road and broadsided a parked car. The ambulance bounced about 20 feet and landed right in front of my car.

Smoke, dust and sparks flew from the ambulance. We were stunned. Two men burst from the front doors of the wrecked ambulance and ran in opposite directions. Just as we rolled down the window to see if anyone was hurt, five car loads of men roared up jumped from their cars with rifles, automatic machine guns, shotguns and pistols in hand.

Even more stunned I quickly shut the car door. Then realizing that they were either FBI or TBI agents I got out again and told them which way the men from the ambulance went.

I only saw two. One went behind a doctor's office on my side of the street and the other ran behind a service station in the shopping center parking lot. The FBI agents said there were three men in the ambulance. The third must have gotten out the back door for we didn't see him.

Later two men were caught and were asked to describe the one that ran behind the service station. He appeared about six feet, dark hair, heavy set and wearing a dark overcoat.

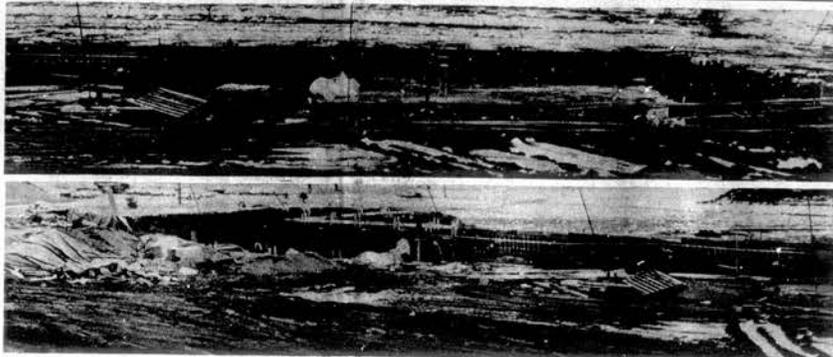

The FBI was very closed mouth about what was going on but we learned that four men had earlier robbed two banks in Indiana, shot a police officer and escaped.

They had apparently been tracked into Tennessee in a string of stolen vehicles.

The man we described to the FBI was named George something. The fourth man, well we don't know where he was. George apparently was still loose when this was written Sunday night, so was the fourth man. Another car, a 1969 Pontiac GTO was stolen in Maryville later that night. Police believe George did it.

It was a reporter's dream. But through the entire thing, the accident, arrival of the agents, and all the rest, happening just a few feet from us, not once did I pick up the camera that was at my side.

Perhaps it was because it was outside our immediate reader area, but still it would have been a great photo story that we could have surely sold to the Maryville and Knoxville newspapers. Besides that the pizza got cold.

**SWIMMING POOL PROGRESSES**—As the snow melts from the surrounding area, workmen are shown working on the new olympic size City of Loudon Swimming Pool. Some walls are in place as shown in the top photo and others are underway. In the lower photo the deep end of

the pool and the diving bay area are shown. The \$60,000 swimming pool, just a part of an overall \$286,000 ten acre park development will be ready for use this summer. The project is being built mostly with federal funds.

## Grand Jury Indicts Fifteen

The Loudon County Criminal Court Grand Jury had acted on more than half the cases before it by newspaper deadline Tuesday night. Criminal Court Clerk Billy Joe Atkins reported that the Grand Jury would complete its work Wednesday. Jury trials in Criminal Court will not begin until Feb. 5 and will continue for two weeks, he said.

Indictments (True Bills) were returned in 17 cases. The names of those charged and the charge indicted for are as follows: Jackie Stevens, hit and run, to be nolleed on payment of costs; Alvin Bart Barron and Donnie B. White, attempting to escape jail. Trial set for Feb. 7. Donnie Ray White, breaking and entering. R. B. Russell, indecent exposure. J. C. Johnson will be tried on Feb. 6 on a worthless check indictment returned Tuesday and three other similar charges carried over from the last session of court.

The Breaking and Entering trial of Billy Joe Littleton will be held on Feb. 8. Jack Beard was indicted for driving while intoxicated. Four separate indictments against Marvin Allen for forgery will be tried in two separate trials on Feb. 13 and 14.

Bart Barron, indicted on larceny charges will be tried on Feb. 12. Donnie Graves and Frank Parris were indicted on burglary charges. Jack Manton indicted for forgery and Jack Tallent on a felonious assault charge set for trial on Feb. 12.

Persons who were bound to the grand jury but who were not indicted and received Not True Bills in their favor and the charges they faced are as follows: (Continued on Page 8)

## Zimmerman Dunn Asks Nixon To Stop Tellico Resigns Post

W.F. Zimmerman, Loudon merchant and Chairman of the Loudon Utilities Board, announced this week that he is resigning as chairman of the Fort Loudoun Industrial Development Company, generally known as FLIDCO. Zimmerman has been chairman of the company since it was founded in February of 1968.

FLIDCO was formed to purchase available and desirable industrial sites in the county. Its members consist of some 300 stockholders, most Loudon

Gov. Winfield Dunn has stated out again at the proposed Tellico Dam, already partially constructed across the Little Tennessee River at Loudon City.

Last week the Governor asked President Richard Nixon to intervene and stop construction on the project. "I would be grateful if you or appropriate officials of your administration, could intervene in this matter and, if necessary, withhold any further funding of this project," Gov. Dunn said in a letter last Tuesday to the President.

It was not immediately evident what effect, if any, the Governor's letter might have.

A Washington, D. C. source who asked not to be identified, pointed to the likelihood that funds for Tellico will not be included in the President's budget this year for two

reasons: 1) The Administration is looking for every possible place to cut the budget this year, and 2) Even if money were appropriated, it presumably could not be used under the pending Federal Court case is settled.

The Tellico Project is presently under a Federal Court order barring any further work on the actual damsite, pending a full hearing of the environmental impact study of the project. The U. S. Sixth Circuit Court of Appeals last month upheld the temporary injunction issued by U. S. District Court Judge Robert L. Taylor stopping the work.

Some \$35-million has already been spent on the project and, in fact, the concrete portion of the dam has been virtually completed. The letter to the President came about 13 months after

the Governor first announced his opposition to the project in a letter to TVA Board Chairman Aubrey J. Wagner asking TVA to "discontinue plans to impound the Little Tennessee River."

The letter to President Nixon made reference to that request to TVA. "As of this date, the Tennessee Valley Authority has indicated that it will not alter its position concerning the development of this project. For this reason, I am writing to respectfully request your assistance. Regardless of the ultimate disposition of the court action, I would be grateful if you or appropriate officials in your administration could intervene in this matter and, if necessary, withhold any further funding of this project."

The Governor cited to the

President the same reasons for stopping the project that he had advanced to Mr. Wagner, using almost identical wording in the two letters.

The area around the Little Tennessee River enjoys a strategic location. Its proximity to the Great Smoky Mountains and to the Cherokee National Forest confers upon it a truly exceptional tourism potential. This river is known as possibly the Eastern United States' finest stocked trout river; as such it is a rare and valuable recreational resource. The entire river environment displays unusually fine scenic qualities, an attraction which is becoming ever more difficult to find as more of our nation's rivers are impounded. The lands, which would be inundated in this project.

(Continued on Page 8)

## Equipment, Blood Bank Added At Hospital

A number of improvements in patient care facilities and administration equipment at the Loudon County Memorial Hospital were announced this week by hospital administrator Gay Hamilton.

In talking about the new equipment and services Mr. Hamilton said that public healthcare needs demand constant upgrading and improvements in skills, equipment and technique and that the Hospital Board of Directors and hospital personnel are trying to put the hospital, one of the newest and most modern in East Tennessee, to its best use for the patients.

**Blood Bank Installed**  
Recently, for the first time, a blood bank was opened at the hospital. When the hospital was built facilities for a blood bank was included in the laboratory. Last October under a program operated by the East Tennessee Blood Bank an inventory of fresh, whole blood was placed at the hospital. In the past when blood was needed it was ordered from Knoxville and transported here by bus. In real emergency cases patients sometimes were taken to Knoxville for blood, where had it been available, could have been received locally.

Now fresh blood is kept at the hospital at all times. If the blood is not used within a week the Knoxville Blood Center picks it up and replaces it with a fresh supply. The week old blood is not lost but taken where blood is needed at that time. Mr. Hamilton said the constant turn over of the blood

is what enables the Loudon Hospital to maintain its inventory. Each time a unit of this blood is used an order is phoned to the blood center immediately for replacement, plus more blood, if needed for a particular patient. There is no limit to how much blood the hospital can keep or get if needed. Mr. Hamilton said the inventory is regulated according to the demand placed on the supply.

One particular note of interest is that the patient is only charged \$20 for each unit used. That is the exact amount that the hospital pays for the blood. Many hospitals charge \$50 or more for a unit of blood.

Since the Blood Bank program started in October the hospital has used 24 units. Rates Are Lowest  
Rates charged to patients at the Loudon County Memorial Hospital per day of health care are the lowest of any hospital in the 16 county area which makes up the Mid East Tennessee Hospital Council. Mr. Hamilton said, He said this fact was brought out at the recent Annual Performance Evaluation meeting of the Council.

**New Equipment**  
Two new pieces of equipment were recently installed in the hospital laboratory and are now being used on a trial basis. After the equipment is evaluated by Laboratory Supervisor Mrs. Wanda Watkins the Hospital Board will decide on its purchase.

The equipment consists of a digital read out blood cell

counter and a hemoglobinometer. These two machines can save many hours of work in the lab for technicians. What used to take 16 minutes, such as a hemoglobin count can be done in one-fourth of a second.

Mr. Hamilton said that the Laboratory at the hospital recently received a high commendation from David L. Kimbell, Chief of the Tennessee Health Department's Hospital Laboratory Licensing Service. Each quarter a quality evaluation testing program under the direction of the College of American Pathologists is conducted at the hospital and the Lab at the local hospital is highly rated in the state. Tennessee is considered to have the tightest laboratory controls in the nation and is ranked along side California in this area.

Mr. Hamilton said that Mrs. Wanda Watkins and other Lab employees are certainly a credit to the hospital and the work they do is as good as can be found. He said the Laboratory is one of the most important diagnostic and treatment facilities in the hospital and there is constant effort to keep it current in both equipment and personnel knowledge.

**New Mini Computer**  
Another major addition at the hospital is a new mini-computer that is currently being installed in the administrative office. The new machine, a Burroughs L5000 Magnetic Record Computer is expected to be placed into operation soon. With it comes major changes in the ad-

**CHECKING BLOOD SUPPLY**—Loudon County Memorial Hospital Laboratory Supervisor Mrs. Wanda Watkins is shown checking the supply of whole blood on hand in the hospital's blood bank. It was only recently that a program went into effect that allows the hospital to maintain a supply of fresh blood on hand at all times.

ministrative office in regards to billing records systems and such.

The machine will be used for accounting, accounts receivable, accounts payable, out patient and in patient billing, payroll, admission reports, daily census reports, cash receipt reports, tax and federal reports, financial statements and many other services. He said it could also be used in other county departments outside the hospital and might be used in the future in inventory control and other uses.

The equipment is being leased. Mr. Hamilton said the time it will save and the multipurposes it can be used for will save the hospital money.

**NEW COMPUTER CONSOLE**—Mrs. Linda Cook, Loudon County Memorial Hospital Out Patient Clerk and hospital administrator Gay Hamilton are shown looking over the hospital's new mini-computer that will soon be handling most of the facilities accounting and billing procedures.

**MAKING BLOOD CELL COUNT**—Miss Wilma Jenkins, X-Ray Department Supervisor at Loudon County Memorial Hospital is shown using a new piece of equipment in the hospital lab that makes blood cell counts in a matter of seconds. The equipment is on trial basis.

For and about **Women**

**Marsha Harris Engaged**

Mr. and Mrs. Dan M. Harris of Philadelphia announces the engagement of their daughter, Marsha Laam, to Jack Martin Thomas, Jr., son of Mr. and Mrs. Jack M. Thomas, Sr. of Riceville.

The bride-to-be is a graduate of Loudon High School and is employed by Westinghouse in Athens.

The groom-to-be is a graduate of Calhoun High School and attended the University of Tennessee and Tennessee Wesleyan College. He is a general foreman with McKinnon Bridge Company of Athens.

The wedding is planned for Friday, February 9, at 6 p.m. at the Philadelphia First Baptist Church. All friends and relatives are invited to attend.

visited Saturday with their son and daughter-in-law, Mr. and Mrs. Beany Arp and family in Soddy-Daisy.

Mr. and Mrs. J. R. Smallen are parents of a son, Christopher Michael, born Tuesday, January 9 at Loudon Memorial Hospital. Grandparents are Mrs. J. C. Hedrick of Lenoir City and Mr. and Mrs. Earl Smallen.

Mr. and Mrs. Bob Barbour and sons, of Donaldson, spent the weekend with their parents, Mr. and Mrs. James Kelley of Lenoir City and Mr. and Mrs. Burton Pettet.

Mrs. Elsie Smalling and Mrs. Onnie Runion were overnight guests Sunday of their children, Mr. and Mrs. Osbern Smraling in Lenoir City.

Rev. and Mrs. Barkley Gray and family of Seymour were dinner guests Sunday of Mr. and Mrs. Winford Jenkins.

Mr. and Mrs. Ralph Harper of Charleston were visiting during the weekend with Mr. and Mrs. Charles Kelley.

Miss Helen Williams of Atlanta, Ga. spent the weekend with her parents, Mr. and Mrs. Charlie Williams, where they were the guests of their son and daughter-in-law, Mr. and Mrs. Wayne Jenkins and son, Speedy.

Misses Carme Lou and Mary Katherine Mize were called to Madisonville Thursday due to the death of their cousin, Mr. Sanford Smith.

Mrs. Maude Grimes and Mrs. Jessie Grimes spent Monday with Mr. and Mrs. Ernest Miller.

Mrs. Arthur Giles received a broken leg due to a fall last Wednesday at her home.

Bruce Eller was the overnight guest last Friday

night of Mrs. Ed Hodge. Mark Jones of Greenville spent last week with his grandparents, Mr. and Mrs. William Jones. The Jones' son and daughter-in-law, Dr. and Mrs. David Jones came for a weekend visit and to accompany Mark home. Also spending the weekend with the Jones' were their daughter and son-in-law, Mr. and Mrs. John Tuttle of Cleveland.

Mrs. Earl Rogers and daughter, Connie, visited Sunday with Mrs. Roger's grandfather, J. O. Isbill in Cleveland hospital.

Mr. and Mrs. Jimmy Barnes and Kathy of Moshelm have been recent guests of Mr. and Mrs. R. D. Trout.

Mr. Ed Hodge had as her guests Sunday, her granddaughter, Mrs. Milton Oran and Mr. Oran of Sweetwater.

Mrs. Phil Miller visited Saturday night with Mr. and Mrs. Clarence Betts and family at Pond Creek. On Sunday evening, Mrs. Miller was the dinner guest of Mrs. Bertha Dannels and Mrs. Roba Sandler in Sweetwater.

Bill Watts and daughters, Robbin and Tammy of Niota, spent Sunday with her parents, Mr. and Mrs. Jim Green.

Mr. and Mrs. Ralph Garrett, Vernon and Randy, who were enroute to their home in Dayton, Ohio, after a three week vacation in Florida, stopped off over the weekend for a visit with Mr. and Mrs. Alfred Elsbach.

Mr. and Mrs. Kenneth Huth returned Monday to their home in Cicero, Ill. after a visit here with her sister, Mrs. Ed Swenson and Mr. Swenson.

Miss Andra White of Old Hickory spent the weekend with her grandparents, Mr. and Mrs. Doc White.

Bill Patton has returned to MSTU in Murfreesboro after spending the holidays with his parents, Mr. and Mrs. William C. Patton. Bill also visited with relatives in Middle Tennessee and Mississippi.

Norman Kittrell is a patient at Fort Sanders Hospital.

Mrs. Jim Green visited Saturday in Oak Ridge with her son and daughter-in-law, Mr. and Mrs. Glen Green and family.

Mr. and Mrs. Ronnie Pearce and sons of Goodlettsville and Mr. and Mrs. Elmer Brown, Scotty and Ambar of Old Hickory spent the weekend at the Pearce's cottage on Watts Bar Lake. They attended Sunday morning worship services at Prospect Baptist Church.

Mr. and Mrs. Glen Riddle and Krista came from Rockford for a weekend visit with his mother, Mrs. Ruby Riddle.

Capt. Richard Craig of Fort Benning, Ga. has been a recent guest of Mr. and Mrs.

**Billie Jo McKee To Wed Mike Hitson**

Mr. and Mrs. William R. McKee, Welch Ave., Loudon, announce the engagement and approaching marriage of their daughter, Billie Jo, to Michael Terry Hitson, son of Mr. and Mrs. David J. Hitson, Mason Lane, Loudon.

The bride-to-be is a 1970 graduate of Loudon High School and is employed with Westinghouse in Athens.

The groom-to-be is a 1969 graduate of Loudon High School and is employed with Lenor Industries in Lenoir City.

Wedding plans are incomplete and will be announced later.

Harvey Crabtree, Mr. and Mrs. Jack Fickey had as his guests Monday her parents, Mr. and Mrs. D. H. Giffen of Oliver Springs.

Mr. and Mrs. Jack Lefler have returned home after spending last week in Chicago, Ill. where they attended the Furniture Market.

The Salley Jones Group of the United Methodist women met Monday evening in the church fellowship hall with Mrs. Bonnie Howard and Mrs. Clyde Woodard as hostesses.

Mrs. Howard, group leader, presided over the business and also gave the devotional. Ten members were present.

Mrs. Howard, group leader, presided over the business and also gave the devotional. Ten members were present.

Mrs. Rosa Hakomb visited Saturday with Mrs. Bertha Halcomb and Mr. and Mrs. Mike O'Shell.

Miss Vickie Faulkner gave a concert Sunday afternoon at the North Past Presbyterian Church in Sweetwater. Miss Faulkner was accompanied by Mr. Henry Hawkins with Mrs. Oliver Hawkins as narrator.

Rev. O. C. Rainwater is conducting a study course in the Book of Galatians each Wednesday night at Corinth Baptist Church.

Almas Temple 71 Desert of Alcoa entertained the newly organized Daughter of Isis Almas Court 137 with a dinner at the Dixie Restaurant in Maryville. After the dinner, Deputy Bobbie Pettis from the Desert of Jackson and Deputy Alberta Z. Healey of the Oasis of Alcoa performed the capping ceremony for the new Court. Daughter Edna J. Aronson was the first and new Illustrious Commandress recently elected. The Illustrious Potentate, W. H. Lauderdale, gave some very interesting remarks. The Deputy of Oasis Almas Temple, G. W. Healey, presented the Past Potentate, Roy L. Bowen, with a beautiful fez from Almas Temple for such a fine job he had performed in a Recorder. The party was closed by singing "Auld Lang Syne."

**THE TIME IS RIGHT FOR DRY BEANS**  
Dry beans seldom make news because their price changes very little, and they know no season. Dependable standbys for economy, good nutrition, plentiful supply, and ease in storage, dry beans carry a tradition for good eating.  
Dry beans are real food bargains. It is said you'd have a hard time eating a nickel's worth of beans at one sitting. You will get 2-4 servings from one pound of dry beans. If you go modern and use a dime can of beans, count this a bargain too, for you'll get from 3 to 4 servings from the pound can.  
Dry beans and peas are hearty, substantial foods - good for energy. They contain calcium and B vitamins, especially thiamine, and are a rich source of iron - a cupful supplies almost half a day's needs. They also supply protein, which is most useful when combined with the types of protein in meats, cheese, eggs, or milk.  
When you buy dry beans, look at them to see if they are natural in color to avoid darkened old beans that have a stale flavor and cook slowly; whole and uniform in size for long storage life and even cooking; clean and free from pebbles for maximum yields and easy preparation; free from gray or black mold to avoid off-flavored beans.  
Beans are primarily used for baking, soups, salads, and casseroles. The varieties available locally include the Navy (Pea) bean, Great Northern, Pinto Bean, Red Kidney, and the Lima Bean.  
Since beans today are sorted by an electric eye before packaging, it is not difficult to clean them. After sorting, wash them. Then cover generously with water, bring to a boil for a couple of minutes and then soak in this same water - overnight if time permits.  
Cook the beans in the water in which they were soaked. The two-minute boiling helps prevent souring during the soaking period. The addition of soda is not advocated because it destroys some of the nutritive value of the bean. Simmer beans gently to avoid breaking. Stir only when necessary. The pressure cooker can be used to shorten cooking time.

- BAKED BEAN CASSEROLE**
- 1 pound hamburger (chopped)
  - 1/2 cup bacon 12 slices diced or 1/2 cup bacon chips
  - 1 onion, chopped
  - 2 cups pinto beans, drained
  - 2 cups navy beans, drained
  - 1/2 cup brown sugar
  - 1/2 cup barbecue sauce
  - 1/2 cup catsup
  - 1 can pork and beans
  - 1 tablespoon prepared mustard
  - 1/2 teaspoon chili powder
  - Salt and pepper to taste
- Brown hamburger; add onion. Mix all ingredients in large casserole. Bake at 350 degrees for one hour.

**Personal Mention**

**electric heat can cost you less**

Using your electric heating system efficiently should help you lower operating costs. Follow these tips for savings.

Install adequate insulation. Full insulation can cut heating costs in half.

Weatherstrip and caulk around doors and windows to keep cold air out.

Following these tips should help you lower the cost of heating your home during the colder months.

Open drapes during the day in rooms exposed to the sun; close at night.

Use fireplace sparingly and close damper when not in use.

With a central system, make sure that return air grills are free of obstructions and that the filter is changed or cleaned regularly.

# Wedding Vows Exchanged

Miss Kathy Jane Millsaps became the bride of J.L. Millsaps, November 24 at the First Baptist Church of Philadelphia. Rev. Dillard Hagan performed the ceremony before an altar decorated with candelabra holding white burning tapers which formed an arch and baskets of white gladioli.

Parents of the bride are Mr. and Mrs. Billy Joe Millsaps of Philadelphia. The groom's parents are Mr. and Mrs. Lloyd Millsaps of Loudon.

The bride, given in marriage by her father, wore a white satin A-line dress trimmed in Venice lace and tiny pearl buttons. It featured a high neck line with an empire waist. Her mantilla veil was English illusion with lace appliques which formed a long train. She carried a bouquet of yellow sweetheart roses and small white mums with yellow streamers.

Miss Gwen Shell (Ferguson) of Philadelphia was Maid of Honor. Bridesmaids were Miss Barbara and Betty Millsaps, sisters of the groom and Mrs. Sharon Watts of Madisonville. Junior bridesmaids were Miss Julie A. Strickland of Madisonville, cousin of the bride, Miss Susan Hall of Rockford, Ill., cousin of the bride, who was flower girl. All the attendants wore dresses of purple and lilac polyester-fabricated with empire bodices trimmed in lace. Each carried a long stem white mum with streamers.

Lloyd Millsaps served his son as Best Man. Ushers were Gary Watts of Atlanta, Ga., Boyd Watts of Madisonville, both uncles of the bride; Frank Brown of Lenoir City and Reed Allen Strickland, cousin of the bride. Andy

Millsaps was ringbearer.

A reception was held in the church fellowship hall following the ceremony, given by the bride's parents. Those assisting were Mrs. Arthur Lee Giles of Loudon, Mrs. Hubert Bledsoe of Etowah, Mrs. Bill Russell of Nashville, Mr. and Mrs. Jerry Hall and family of Rockford, Ill., Mr. and Mrs. Redd Strickland of Madisonville, Mrs. Pat Hicks of Dalton, Ga., Gary Watts of Atlanta and Miss Kristie Watts of Madisonville.

The bride is a 1972 graduate of Loudon High School and is presently employed by Elworth's Shoe Store in Loudon. The groom is a 1971 graduate of Loudon High School and is employed with Jake White Contractors. After a short wedding trip, the couple is making their home in Philadelphia. Out of town guests included: Mr. and Mrs. Boyd Millsaps of

Virginia, Mr. and Mrs. Hubert Bledsoe of Etowah; Mr. and Mrs. Wallace Millsaps of Chattanooga; Mr. and Mrs. Bill Russell of Nashville; Mr. and Mrs. Jerry Hall and family of Rockford, Ill.; Mr. and Mrs. Redd Strickland of Madisonville; Mrs. Pat Hicks of Dalton, Ga.; Gary Watts of Atlanta and Miss Kristie Watts of Madisonville.

Maria Victoria Lynn celebrated her eighth birthday December 21. She is the daughter of T-Sgt. and Mrs. Ted Lynn. Grandparents are Mr. and Mrs. W.S. Lynn of Loudon and Mr. and Mrs. F.G. Malinis of Manila, Phil. Great-grandparents are Mr. and Mrs. Balsa Tutterow of Loudon.

Jay Alton Lowe celebrated his first birthday December 30. He is the son of Mr. and Mrs. Jack Alton Lowe of Loudon. Grandparents are Mr. and Mrs. J.C. Shaw and Mrs. E.A. Lowe, all of Loudon.

## Philadelphia

### Personal News

The WMS met Monday night at the First Baptist Church with 14 members present. Mrs. John Everett Sr. and Mrs. N.R. Simmons gave the program on Home Missions. The Wesleyan Guild met Monday night at the United Methodist Church for their regular meeting and covered dish supper. Mrs. James Bacon, the new president, presided at the meeting.

There was a dinner Sunday at the First Baptist Church after Dr. W. F. Hall from Harrison-Chilhowee had been having a Bible study there each evening last week. Dr. Hall was the guest of the Rev. and Mrs. Dillard Hagan and family for the week.

Mr. and Mrs. John Everett Sr. were guests Sunday of Mr. and Mrs. John Everett, Jr. and sons in Chattanooga. John III came home with his grandparents for a visit.

Mrs. Jeanie Thomas and son, Mark from Ducktown, were visiting Thursday with her father, Wayne Mashburn and Mrs. Mashburn. Mrs. Thomas is now hospitalized with a broken leg from a car accident Saturday.

Rev. John Jarnis, former pastor of the United Methodist Church, died last week in Knoxville. His funeral was held last Monday.

Mrs. Arthur Giles of the Pond Creek community is confined to her home with a broken leg from a fall last Saturday.

Jamie Ragdale celebrated his second birthday January 13. He is the son of Mr. and Mrs. James (Eddie) Ragdale of Route 1, Philadelphia. Grandparents are Mr. and Mrs. Elmer Summey of Loudon and Mr. and Mrs. James D. Ragdale of Lenoir City. Great-grandparents are Mr. Otis Giles, Loudon; Mr. and Mrs. Doak Summey, Vondore; and Mr. and Mrs. Roy Pickell of Lenoir City.

Gregory Shane Brown celebrated his third birthday January 17 at his home in Oahu, Hawaii. He is the son of S-Sgt. and Mrs. Gary G. Brown, formerly of Loudon. S-Sgt. Brown is now stationed at Schofield Bks., Hawaii. Greg is the grandson of Mr. and Mrs. Charles F. Oody, Route 4, Loudon and Mr. and Mrs. Cleason Brown, Mulberry Street, Loudon.

## Greenback Community News

By Mrs. S.B. McCollum  
Phone 866-3017 Greenback

A number of Greenback friends went to Clover Hill Presbyterian Church Sunday evening for the farewell meeting with Clover Hill members honoring their pastor Dr. and Mrs. Hayden Laister who is retiring. Mrs. James Lillard was in charge of the program; and a large crowd was there to offer thanks for Dr. Laister's faithfulness in proclaiming the Gospel of Jesus Christ and in ministering to people of the area. He helped organize the Presbyterian Cluster including, Bakers Creek; Big Spring; Meadow; Clover Hill; Pine Grove and Greenback Presbyteries. The cluster is the fellowship and spiritual uplift from the Cluster meetings is deeply felt.

Those who went from Greenback were the Rev. and Mrs. Alexander Gillander; Mr. and Mrs. Freeman Regal; Mr. Leonard Myers; Mr. and Mike Disney; and Mrs. Richard C. Woods.

Mr. J.A. Leatherwood were in Spring City Friday for the funeral service of Mrs. Scates mother, Mrs. Bessie Kimbrough the Rev. Revell Williams, pastor of Bakers Creek Church accompanied the family to Spring City where the Rev. Williams conducted the funeral service. Mrs. William Parton of Gallinburg spent last week with her brother Mr. Gene Tarwater and Mrs. Tarwater, Mr. R.W. Bell; Mr. and Mrs. Ray Carpenter; Mr. and Mrs. William Napier of Loudon; Mr. and Mrs. Mel Hammonree were at the bedside of Mrs. R.W. Bell at Blount Memorial Hospital on Sunday, before her demise on Sunday evening.

Mr. and Mrs. Peyton Scates were in Spring City Friday for the funeral service of Mrs. Scates mother, Mrs. Bessie Kimbrough the Rev. Revell Williams, pastor of Bakers Creek Church accompanied the family to Spring City where the Rev. Williams conducted the funeral service.

Mrs. William Parton of Gallinburg spent last week with her brother Mr. Gene Tarwater and Mrs. Tarwater, Mr. R.W. Bell; Mr. and Mrs. Ray Carpenter; Mr. and Mrs. William Napier of Loudon; Mr. and Mrs. Mel Hammonree were at the bedside of Mrs. R.W. Bell at Blount Memorial Hospital on Sunday, before her demise on Sunday evening.

Mr. and Mrs. Robert Hood of Maryville were dinner guests Sunday of her parents, Mr. and Mrs. Ben Hammonree.

Mr. and Mrs. John E. Hammonree had for dinner guests Sunday, Mr. and Mrs. Kenneth Brown of Maryville, Mr. and Mrs. James Long of Lenoir City were guests Sunday of Mr. and Mrs. Floyd Hammonree.

Mr. Ralph Hall manager of the Greenback Farmers Cooperative store, returned Saturday from a 10 days stay in the Knoxville Ft. Sanders Hospital where he underwent foot surgery. Mr. Hall is making satisfactory improvement.

Mr. and Mrs. Allen Pressnell have taken up residence in Birmingham, Ala. Mrs. Pressnell (Cynthia) is the daughter of Mr. and Mrs. Bryant Watson.

Mr. and Mrs. R.A. Anderson Sr. are able to be out again and have recovered from a virus illness.

Mr. and Mrs. Dick Clayton and daughters of Marietta, Ga. have been guests of Mrs. Glenn McTeer.

Mrs. David McCall (Jocelyn Dixon) is recovering from a virus illness at their home in Maryville.

Mrs. E.W. Ellington of Kingsport was the guest last week of her mother, Mrs. Gid Hall and her brother, Mr. Ralph Hall and Mrs. Hall and family.

Born to Mr. and Mrs. Eddie McCollum (Faye Evans) a son on January 13 at the Blount Memorial Hospital who will be

## Training Meeting

A Royal Ambassador Leadership Training Meeting will be held at the Calvary Baptist Church on Saturday, Jan. 20, from 9 a.m. to 12 noon.

The Royal Ambassador organization began in 1983 in Owensboro, Ky. with a group of boys and their pastor. It is the largest Christian organization in the world and solely for boys, ages 6 through 17 years, and exists in 47 foreign countries and the 50 states of the United States.

Special guest, Bill Highsmith, state R.A. secretary, will speak on how Mr. Max Kirkland, who has been confined to Blount Memorial Hospital for surgery, is improving nicely and has returned to his home on Highway 411.

Mrs. Ellis Evans Sr. is confined to Maryville Blount Memorial Hospital for a standard of 4.0 as its top treatment of a virus illness, grade average.

to strengthen the R.A. missionary program in your church, or give instructions and material on how to organize.

All pastors, Royal Ambassador leaders, counselors, brotherhood members, men and women are urged to attend. Earl Clemmer is associational R.A. director.

## Ann Randolph

### On Dean's List

Ann Randolph daughter of Mr. and Mrs. Ted Randolph of Loudon has been named to the Dean's List at Carson-Newman College for the Fall Semester of 1972, according to Academic Dean Dr. Walter R. Guyton.

To be named to the honor list a student must compile a 3.5 grade point average or better. Carson-Newman uses a standard of 4.0 as its top treatment of a virus illness, grade average.

JAN 18 1973

# Sophomores Betty Starritt And William Cansler Spearhead Redskin Sweep Of Cleveland

Loudon had to resort to good "ole phys. ed. tackle basketball" Friday night to get a sweep of the Cleveland High School Blue Raider girls and boys basketball teams.

The Loudon girls got the night off with a bang, or at least Lassie junior forward Jane Shubert did. The hard playing Shubert locked herself into a determined tussle for a loose ball and was quickly thrown to the floor. The fall appeared to be nothing more than the wind knocked from Shubert. But when teammates picked her up blood spurted from her chin. A doctor was Johnny on the spot and rushed Shubert off to the hospital where eight stitches were needed to close her wound. She was back at court side and ready to play by the middle of the third quarter.

In the meantime Loudon had gone from a 6-6 tie to a 12-11 first quarter lead and a 24-23 halftime difference. In the third quarter the Lassies squeaked out a 28-24 working margin and never looked back as Jane cheered for her teammates to pour it on.

Loudon blowers had moments of unawareness when Shubert was lost, but the fears were soon calmed by the surprising pressure play of sophomore Betty Starritt.

The hard working forward, who has not logged much more than one full game of playing time in 14 games, responded to the situation like a seasoned veteran. Miss Starritt missed badly on her first shot of the game but rebounded the loose sphere and hammered it through the basket and was fouled for a three point play. The instrumental play of Starritt was instrumental in Loudon's play for victory number nine, as she finished with 13 points for

the night. Miss Starritt hit on a remarkable five of seven field goal attempts and added three foul shots. The final one icing the victory for Loudon and killing a Cleveland comeback which saw a 10-point fourth period Lassie lead cut to three points.

Loudon's Marilyn Smith led all scorers and really turned in a tremendous floor game as the fast moving junior ended with 25 points. Smith hit 10 out of 19 shots and took a real beating from the Cleveland guards, but kept her cool and sportsmanship in conquering the Raiderette play. Debbie Hawkins clicked in with 14 points and a six for 12 shooting performance.

Loudon (54) Cleveland (47)  
 P. Shubert 22 Smith 17  
 F. Hawkins 14 Park 21  
 G. Smith 23 Jarratt 9  
 G. Brown Lovence 6  
 G. C. Husky Verba  
 G. Purdy  
 S. J. R. Loudon-Starritt 13  
 Cleveland-Evans 2  
 Loudon 11 12 15 54  
 Cleveland 11 12 11 51

As a team the Lassies hit 21 of 41 shots for a torrid 51.3 percent. The Loudon girls also did well at the foul line with a 12 for 25 accuracy. The Lassies had missed but one foul shot in their last two games.

Cleveland hit a respectable 20 of 42 shots for a 47.6 percent and made nine of 15 foul shots.

Loudon controlled the rebounding in the game despite being much shorter at

when he did it was by-by Raiders. Cansler canned 14 of 26 shots and two foul shots, even though he deserved more, for 30 points and fought for 12 rebounds, all under extreme pressure. Donnie Treacy finally had to use brute force and muscle to get his points and the promising sophomore collected 13 points and 12 rebounds for his efforts.

Mike Messamore, got plenty of attention from the Cleveland defense, and had to settle for a two for eight night in shooting and six points. But the slender senior climbed in with 11 rebounds.

Loudon used excellent shooting and poised play to shake the Raiders from their backs and post their ninth win in 16 outings. The Redskins hit 25 of 58 shots for a 43.1 percent and 13 of 22 foul shots. Cleveland, which had 24 turnovers in the end, hit a low 27.7 percent on 22 of 79 shots. The Raiders hit six of eight foul shots.

Loudon (43) Cleveland (50)

 Loudon 11 17 18 30  
 Cleveland 11 11 8 20

Bill Kostick scored 19 points and Eddie Greene 18 Friday night to help lead the University of the South of Sewanee, Tenn., to a 65-59 victory over thrice-beaten University of the Americas, averaging an 87-81 defeat and allowing the Tigers to conclude their Mexican tour with a 3-1 record.

Jerry Stephenson scored 20 points and Dan Hester 16 for Americas, Mexican champion having four starters 6-4 or over - Americas' leading seasonal scorer Victory Vasquez was held to five points.

Jackie Lefler of Loudon turned in an outstanding floor game for Sewanee, beaten by Americas just two days before.

UT On Television Saturday  
 Tennessee's basketball team will be on television on Saturday night, Jan. 20 against Kentucky, and March 3 at Vanderbilt and at Alabama Jan. 27.

WBIR-TV, channel 10, again will carry the SEC telecasts. The television schedule:

Jan. 20 Kentucky at Tennessee, 5 p.m.  
 Jan. 27 Tennessee at Alabama, 1:30 p.m.; UCLA at Notre Dame, 3:30 p.m.

# Steekee Boys, Philadelphia And Highland Girls Tops In Junior High Play

The Steekee boys and Highland Park and Philadelphia girls are the only undefeated teams in the County Grammar School Basketball League.

Steekee has to contend with Loudon and Eatons this week to keep part of the lead in the AA Division. Eatons and Loudon still have a ballgame with each other.

Highland Park and Philadelphia girls are still undefeated but have to meet each other this Friday night at Philadelphia. Highland Park is still in fighting it out with Loudon for the top spot in the AA Division. They have two ballgames with each other also.

Browder came from a big deficit at halftime and beat Highland Park by a score of 34-17. Mike Flanagan, Joe Neely, and Mike Nowlin led Browder scorers with 12, 10 and nine points respectively. Jr. Mashburn led Highland Park scorers with six points.

In the B game, Highland Park won by a score of 18-10. The Steekee boys stayed unbeaten as they beat Glendale by a score of 67-18. Kenny Starritt and Denny Lettermey led Steekee with 17 and 14 points respectively, while

Jerry Stephenson scored 20 points and Dan Hester 16 for Americas, Mexican champion having four starters 6-4 or over - Americas' leading seasonal scorer Victory Vasquez was held to five points.

Jackie Lefler of Loudon turned in an outstanding floor game for Sewanee, beaten by Americas just two days before.

 Tennessee's basketball team will be on television on Saturday night, Jan. 20 against Kentucky, and March 3 at Vanderbilt and at Alabama Jan. 27.

WBIR-TV, channel 10, again will carry the SEC telecasts. The television schedule:

Jan. 20 Kentucky at Tennessee, 5 p.m.  
 Jan. 27 Tennessee at Alabama, 1:30 p.m.; UCLA at Notre Dame, 3:30 p.m.  
 Feb. 3 Florida at Georgia, 3 p.m.  
 Feb. 10 Alabama at LSU, 3 p.m.  
 Feb. 17 Kentucky at Florida, 3 p.m.  
 Feb. 24 Georgia at Mississippi, 3 p.m.; LSU at Kentucky, 2 p.m.  
 March 3 Tennessee at Vanderbilt, 3 p.m.  
 March 10 Vanderbilt at Miss State, 2 p.m.

Georgia, and "Pat" Lewis from North Carolina take the University of Washington is placed between these two. Two more six foot three and one half inches keep these boys on their toes. Frank Gibson, and "Mc" Guffie played College ball, while the smallest player is Doug Finney, moving in at five-foot ten inches.

You had better not be late, or you will miss all the action, as game time is set for 7:30 P.M. sharp.

This group combine the best in basketball ability with comedy, and still possess great ball handling, sufficient to win ninety-five per cent of their games.

### Loudon Coaches Tangle With Hollywood Rejects Saturday

Plenty of surprises and laughs are in store for the bonneted fans attending the contest on Saturday night when the Hollywood Rejects Basketball Show, will be hosted by the Loudon Coaches.

Boasting some of the leading players in the United States, the Rejects demonstrate their athletic ability in the first quarter, and then resort to ball handling, tricks, gimmicks and comedy routines in which turns the contest into a hilarious state of chaos. Anything can happen, and it usually does in this kind of minute brand of basketball.

Game time is set for 7:30 p.m. at the Loudon High School gymnasium. (Proceeds will go to Loudon High School Athletic Club). Admission is \$1.00 per person.

### Greenback Scalps Tigers 55-52 On Second Half Rally

The Greenback boys continue to make them close 16 Cherokee basketball team. The Cherokee handed a good Townsend hoop team a 55-52 setback Friday night but before having the settled of thinking about another overtime affair. The Greenback boys have been in three already this season.

Greenback won the edge in rebounding with a 36 to 31 count. Tony Lingfelder led the Cherokee assault with 12. Bill Joe Kyker had seven, Larry Ritchey also had seven rebounds, all coming on the Cherokee offensive board.

The Greenback girls had scoring troubles in the first and fourth quarters of their game and bowed to the Tigerettes 56-44. The Tigerettes hung a horses collar on Greenback's scoring machine, Mari Beth Hammtree, in the first period and paraded to a 20-7 advantage.

Greenback trailed 34-25 at the half, but the Cherokeeettes remain to hold the hot hand in the third canto with a 12-10 thumping. Townsend regrouped from the bustling Greenback play and fashioned a 12-7 final quarter margin.

Mari Beth Hammtree led a very balanced team performance for Greenback with 20 points. The sharpshooting forward hit eight of 21 shots and four foul shots. Trailing her in scoring was sophomore Kathy Broome with 14 points and Sandy Hammtree with 10 points.

Greenback hit a respectable 40.9 percent of their shots with a 18 of 44 exhibition. Townsend meanwhile, hit a sizzling 48 percent on 27 of 57 shots. Greenback hit eight of 15 from the foul line, with the Tigerettes cashing in on two of three charity tosses.

Senior guard Larry Ritchey put everyone to ease by hitting both ends of a one and one foul shot with 20 seconds left in the game to give Greenback a 50-52 difference and the points held up for the Cherokee eighth win of the season.

Ritchey led Greenback's balanced offense with .9 points. Bill Kyker added 12 points and Joe Maines joined in the double figure play with 10.

Greenback was locked in a 14-14 standoff after the first period and trailed by a point 26-25 at the half way mark. A determined second half showing pushed the Cherokee over the top.

### Atomic Adds Bomber Class For '73 Season

So you've wanted to get into automobile racing with very little cost! Next season you'll have the opportunity at Atomic Speedway.

Track owner Bob Martin has announced that a new division - Atomic Bombers - will be run at the speedway.

"This division will be for beginners or drivers with no more than one year of experience," said Martin. "It's an ideal class for men and women wanting to start."

Cars for the division will be strictly stock models from 1949 through 1962.

There's one stipulation to Game Reset

The McMin Central game, which was postponed last week because of the snow and ice, will be played Thursday at McMin Central.

### Game and Fish TODAY

By Sgt. Bob Harmon  
Game and Fish Commission

When the white man came to these shores, there was room for everyone and room to do as one pleased. And if things did get crowded, well, pick up and move on. There was plenty of land left.

So we shot our way across the continent, marking our route with paths and trails, then highways and railroads, for more to follow us. And we did all this without much concern for the loss of wilderness and the wildlife that inhabited the land between the Atlantic and Pacific, for like the land, "there is always plenty more."

But suddenly the vastness of our wilderness begins to shrink and the air is choked with smoke, and you climb an isolated, never-before-seen-by-man mountain and find an aluminum can. Where did all the rabbits and turkeys go and who are all these people? We feel pulled and pushed and squeezed and shoved and the land is covered with concrete and hunting and fishing aren't "like they were when it was a boy."

Our wildlife resources depend on the availability of land. Land that oozes clean water, where briars and hickories and woodlands provide shelter and food.

But people still enjoy hunting and fishing and it's up to agencies like the Game and Fish Commission to provide the opportunity for these recreations. Through a system of wildlife management areas, some managed for big game, some for small game, some for waterfowl, public lands are made available to the hunter.

But the demand far exceeds the supply, so land in private ownership must bear the brunt of hunting pressure. In fact, even with hundreds of thousands of acres of public land available in Tennessee, 85 percent of the hunting is on private land. With this in mind, it becomes doubly important for the hunter, the landowner, and the Game and Fish Commission to work closely together for the benefit of all.

WINTER NOT TIME TO FORGET SAFE BOATING HABITS

## Kingsport Holds Top Spot In Hoop Poll

Shades of the football season, that's what the season's second AP high school basketball poll brings to mind. Unbeaten Kingsport is holding down the No. 1 spot in the weekly basketball poll, just like another Upper East Tennessee team, Bristol, did in football.

Another Upper East Tennessee team, Johnson City, is not far behind-ranked third, similar to how Elizabethton fared throughout the grid season. Bristol and Elizabethton met in a mid-season, with Bristol winning 21-17 and eventually going on to cop the state title.

And, wouldn't you know it, Kingsport and Johnson City collide Friday night in a mid-season test of basketball powers. Kingsport is now 17-0 and Johnson City 16-0. Forwards Tony Lindeheller and Tim Hammonter added 10 points each to the scoring column as the Cherokeses

lost to a 25-17 halftime lead and turned on the fire power in the third stanza with a 24-8 difference to blow the game wide open.

Coach Charles Bailey turned the game over to the reserves in the fourth period in coasting to the victory.

The Greenback girls lost an exciting preliminary contest Tuesday night was all Greenback. An extremely balanced scoring attack highlighted the victory. Big Bill Joe Kyker led the scoring parade with 15 points and was closely followed by guard Larry Ritchey, who had 14 points and several assists.

Forwards Tony Lindeheller and Tim Hammonter added 10 points each to the scoring column as the Cherokeses

### Greenback Turns Back Lanier For Third Time, Extends Season Record To 9-4

The saying is that the third time is the charm. Greenback is fast proving the truth of the issue in basketball. The Cherokeses handed visiting Lanier a lopsided 60-29 defeat Tuesday night for their third win over the Eagles this season. The win gives Greenback a 9-4 workweek and was the first non-district game played by the Cherokeses. The first two meetings of the season counted in the league standings for tournament seeding.

Greenback had to battle through an overtime tie, but the two teams met, but

BROOM FIRES—Greenback's Kathy Broome fires up a shot against Lanier Tuesday night. The Cherokeses lost a close game 33-42. Miss Broome only a sophomore, quickly becoming a promising offensive performer for the Greenback girls.

## Redskins Fall To Central; Lassies Win Third Straight 47-41

The Loudon girls continued to roll down victory lane Tuesday night with a 47-41 triumph over McMinn Central. The win was Loudon's 10th of the year and avenged a 61-46 setback earlier in the season.

Marilyn Smith paced the Lassies offense with 22 points. Jane Shubert added another 14 points to the Loudon total and showed signs of her injury hampering her play. Debbie Hawkins rounded out the balanced attack with nine pointers.

Loudon, while never really playing outstanding, managed to gain a 12-6 first quarter lead and after a second half rally by the Chargerettes pulled away down the stretch.

Loudon hit a hot 48.7 percent of their shots with a sparkling 19 of 39 shooting mark. McMinn Central hit 15 of 42 shots for a 35.7 percent. Both teams hit 11 foul shots in the contest.

Loudon out rebounded their foe which bounced them from the regional tournament last year, with Gloria Brown dragging in eight. Connie Huskey and J.J. Parly had excellent floor games from their guard positions and adjusted well to the various McMinn Central offensive maneuvers.

SPRITED HOOP PLAY—Loudon's William Cansler and Mike Messamore fight determinedly for this rebound against McMinn Central Tuesday night. The Chargerettes handed Loudon a 55-45 defeat and out rebounded them 44-32. Loudon's R.L. Branam (24) is also pictured.

## Lenoir City Splits With Yellow Jackets

Lenoir City's Mike Hooks, a reserve, grabbed a rebound of a missed foul shot and put it through the basket with 1:47 left to clinch a hard-earned 58-56 victory over Kingston Tuesday night.

The Jackets trailed 56-58 with 2:40 left in the game and missed a six-foot bank shot. The home-standing Kingston team had trailed by 11 points at the end of the first period. Kingston girls got an important district victory, overwhelming the tough Lenoir City Lassies 57-42 behind a torrid 25 point performance by Fat Bell.

In the distaff game, as in the boys' battle, Kingston had trailed early by as much as 12 points.

Lenoir City boys, now 10-3, got off to a fast start on the Jackets, and the cushion contracted during the first period saved the Panthers.

Lenoir City built a 24-11 lead late in the first quarter, before Harrison scored for Kingston just ahead of the horn to cut the gap to 24-13. It was Harrison who kept Kingston alive through that dismal period, getting 8 of the 13 Jacket points.

Mitch Keebler, who finished the night with 24 points, almost broke the Jackets' back with his accuracy from outside. In the first period alone he scored 8 points, and his running mate, Doug Williams, got 6 of his 13 total in that big quarter.

Kingston got stronger in the second half, as Richard Cantrell, Harrison and James Woods went to work. The Lenoir City lead was only 9 points (36-31) at halftime.

Kingston kept plugging away in the third period, Harrison flipping in the shots from the side and Cantrell driving for the bucket. Lenoir City went into the final frame with a slim 53-53 lead.

Tim Cunningham, who finished with 14 points for the victors, drew his fifth personal foul with 5:11 left in the game. With 4:37 left Ted Meredith hit one of two from the foul line and got a tip-in basket seconds later to make the score 58-50.

Then Kingston quickly cut down, Harrison and Woods each hitting a pair from the

line to put the score 58-56 with 2:40 to go.

That's when the Jackets missed the closest in uncontested shot that would have tied the game. From that point it was all Lenoir City, as Williams hit the first of two foul shots and Hooks grabbed the rebound on the other and put it through.

Then with 0:25 to go Hooks hit a foul shot and Keebler popped one from the corner. Kingston scored only one basket during the final three minutes, that by Meredith from the corner.

Behind Keebler's 24 points, were Cunningham 14 and Williams 13 for Lenoir City. The Panthers' outside shooting was the big plus in the victory. In the first half Keebler's 10 points were missed.

The loss dropped Kingston below the 500 mark at 10-9. A scoring duel developed between Kingston's Miss Bell and Lenoir City's Maritza Blackburn in the distaff battle. Miss Blackburn won by points, 20-25, but less help than did the 6-2 Miss Bell.

Kingston won the game going away, after trailing by as much as 12 points in the second period.

Lenoir City won the first period, 16-8 and then the Jackets got going in the second period. The home team shot that section 16-10 and locked it up in the third with a 19-10 run.

Debbie Adcox, who made three key steals late in the game, hit three of four foul shots in the final seconds to remove all chance of a Pantherette rally.

Mary Ruth Dunsmore got 10 for Lenoir City, but Pam Smith and Teresa Maddox managed only 4 and 2 points, respectively.

The loss was only the second for Lenoir City girls, against 10 victories. Kingston is 12-24.

### Greenback Plays Thursday

The Greenback-Walland basketball game cancelled due to snow last week has been rescheduled for Thursday night (tonight) at Maryville Everett High School Gym.

JAN 18 1973

## Zimmerman Resigns Post

(Continued from Page 1)

County Businessmen interested in industrial promotion.

Mr. Zimmerman said he turned in his resignation at the January meeting of the board of directors to allow the nominating committee to select a new Chairman for presentation at the annual membership meeting of the company at 7 p.m. Thursday, February 22. The meeting will be held at the courthouse. Formal notice of the meeting will be mailed to all stockholders.

When FLIDCO was formed some \$60,000 worth of stock was sold in the company. This was used to purchase the 190 acre Loudon Industrial Park. Since its purchase tracts of land have been sold to Maremont, Genesco, and others there to residential developers. There are plans for a major subdivision development in that area later this year it is understood. There is still about 85 acres in the Loudon Park that is owned by the company.

Twenty-seven acres was purchased on Town Creek Road near Lenoir City and was later sold to the Munsey Products Company. A site was also purchased and later sold to the Lenoir Industries.

The latest purchase by FLIDCO was of 50 acres from the Lenoir City Company adjacent to the Eaton Corporation plant. This site is one that was high on the priority list of FLIDCO.

Mr. Zimmerman said he

will remain active in the company, but felt that he had served as Chairman long enough, four years. He expressed his thanks to the stockholders, board of directors and to the public for their support.

## Dunn Strikes At Tellico Dam

(Continued from Page 1)

Tellico Lake contains numerous sites rich in historical, archaeological value, including many early towns, and the ancestral capital of the Cherokee Nation. The proposed reservoir would also bury an extremely large acreage of productive crop land, pasture and woodland," the letter to the President said.

None of the area's Congressional delegation could be reached in Washington on Tuesday of this week for comment. Senators Howard Baker Jr. and Bill Brock were both out of town and Rep. John Duncan was in a conference.

A spokesman for Sen. Baker, however, did repeat a statement he had previously made to the effect that he felt it "inappropriate while the matter is still pending in the courts to talk about it."

TVA has contended that completion of the project will be an economic boon to the Loudon, Blount and Monroe County area and will provide 5000 acres of prime industrial development land. In addition, plans call for the establishment of a new city, to be called "Timberlake" along the

downstream shore of the impoundment.

During the past year the Housing Company, an aircraft company which recently has branched out into the development of new towns, has conducted a \$250,000 study on the feasibility of Timberlake. The final report has not yet been prepared, but interim reports have indicated a strongly favorable view by the firm.

A year ago, in a seven-page reply to the Governor, TVA Chairman Wagner set out to answer all the objections advanced by the Chief Executive. Rather than destroying the river as a scenic attraction, Mr. Wagner said, "Tellico lake will have a spectacular beauty and recreational appeal which we estimate will attract as many as 2 million visitors annually, far more than the river could possibly support in its present state or if developed only as a scenic river."

## 100 Attend Arts Event

They looked like ordinary hands but from them flowed ordinary and artistry that shaped ordinary-looking daubs of mud into life-like figures of children.

Mrs. Lois Huth, renowned sculptor of Cicero, Ill., captivated an audience of approximately 100 Sunday afternoon, Jan. 14, at the Cumberland Presbyterian Church in Loudon, when she gave a lecture-demonstration of her art, sponsored by the Loudon County Arts Association.

Mrs. Huth, who is a sister of Mrs. Ed Swenson, President of the Arts Association, started her demonstration with a preformed piece, a flattened and greased into a book to be held by the figures. Working from a mental picture (she never uses sketches because it takes too much time), she daubed, pinched, and squeezed the clay as the audience watched the figures of two children gradually appear on the bench. When the hollow bodies were formed, this keeps the piece from exploding when it is fired in the 2300 degree kiln) long rolls of clay became arms and legs and one piece was flattened and greased into a book to be held by the figures.

"This is the easy part," said Mrs. Huth, "later I will make the faces, shape the bodies, and complete the facial expressions, and paint on the clothes." A trade mark of mine is that the eyes of the figurines are always hollow slits. This is my way of letting the air bubbles escape from within the figure. A good thing about working with clay is that any mistake can be erased simply by tearing off a piece here, tacking on a piece there or just by squashing it and starting over. Left over clay is simply wet down to be used another time. No materials are wasted."

While she worked and explained what she was doing,

## Grand Jury Indicts Fifteen

(Continued from Page 1)

Richard Dyer, receiving and concealing; Marvin Allen, uttering and passing; Hal Shubert, larceny; Grace Williams, assault and battery; Earlena Maples, assault and battery; and James Norman, public drunkenness.

A number of felony docket cases (persons that were previously indicted but not tried) appear on the current docket. Names and charges listed on this docket are as follows:

Tommy Brummitt, two counts of receiving and concealing; Earl Wayne Whiddon, Sr., larceny; Douglas Patrick Nlider, larceny; D. C. Maze, receiving and concealing; Charley Dupes, breaking and entering; John A. Eastham, manslaughter; Lannie Sinnott, two counts of felonious assault; Tracy D. Swain, two counts of larceny of bad check; Riley Johnson, A. M. Koon and R. G. Charles, misapplication of contract funds; James W. Price, Jr., forgery and William Brennan, worthless check. No trial dates were listed on the felony docket cases.

Mrs. Huth carried on an entertaining monologue and indirectly teased her husband who was in the audience. "Since he retired from his regular work, he has been my helper. He packs the car, keeps the books, and makes the pieces I use with the sculptured figures, such as the wooden tree house (on display with several sculptured figures climbing in and out of it). We get along very well working together. In fact, I've

been thinking we should see a marriage counselor because I'm sure retired couples shouldn't be so happy with each other."

Thus she worked and talked for over an hour "I know the Super Bowl starts at 3:30 and the few brave men here want to get home to watch it."

"However, I do have a few more answers if you have any further questions." Then when a question was asked, she said "That wasn't one of my answers." But she willingly went on to answer as she had done during the demonstration.

While she worked and explained what she was doing,

## MOD Mothers March This Sunday Afternoon

Close to 100 persons will be making a door to door march throughout Loudon County Sunday between 1 and 4 p.m. during the Annual Mothers March for the March of Dimes.

Area chairman are Donnie Roberts, City of Loudon; Mary Williams, Loudon rural area; Gail Brewer, Lenoir City; Mrs. Johnnie Myers, Greenback; and Billie Davidson at Philadelphia.

Mrs. Wilcox said each of the volunteers will be distributing literature during the march and will have March of Dimes identification with them.

research for the prevention of birth defects and crippling diseases and the treatment of local children.

Funds raised by the Mother's March, which will include not only mothers, but a number of men and teenagers as well, are used in

Announced as Marchers in the Loudon area are, Mr. Roberts, Miss Williams, Ann Rutledge, Lena Murray, Mrs. Larry Smallen, Sherry Oran, Betty Jenkins, Mrs. W. C. Patton, Walinda Lyons, Gladys Hawkins, Mrs. Joe Mourfield, Sherry Bradshaw, Carolyn Henon, Joyce Henson, Pat Jones, Thelma Smallen, Tina Thomas, Mrs. Jack Fickey, Diane Nichols, Faye Fagg, Karen Nelms, Karen McCallister, Janie Baker, Judy Wiggias, Jo Ann Brown, Jane McNabb, Carolyn Nichols, Ruth Lane, Jerry Swaney, Mrs. John Messamore and Margie Brannum.

In Philadelphia will be Billie Davidson, Mrs. Bill Kizer, Mrs. Wayne Mathburn, Mrs. Joe Purdy, Mrs. Bill Gage, Betty Ruth Harrison, Nancy Edwards, George Martin, Mrs. Stillman Davidson, Diane McNabb, Patsy Davidson, Mrs. Tommy Millspaugh, Robert Young, Mrs. Jim Purdy and Mrs. Earl Barger.

The names of volunteers in the Greenback and Lenoir City areas were not available in time for publication.

Next week plans for the March of Dimes Telethon, in which many Loudon Countians will participate, will be announced Mrs. Wilcox said.

## Loudon, Lenoir City Get Larger Revenue Checks

Loudon County's second half Federal revenue sharing check, received Monday, was cut by more than \$3,000 from the amount of the first check received in December. At the same time, however, checks for Lenoir City and Loudon were considerably higher - by an amount almost equaling the County's loss.

The difference was expected County Judge Harvey

Sproul had been notified late in December that the County's second revenue sharing check would be substantially reduced. The first check - for \$91,474 was some \$20,000 higher than had been expected.

The County's notification to expect reduced income pointed out that the change was on account of the "so-called Memphis Rule with regard to your collection of sales taxes on behalf of cities in your county." Local government eligibility for revenue sharing funds is dependent, to some extent, on the burden of taxes being levied by that government.

Loudon County's first check was for \$91,474. Monday's check, for the second half of 1972, was for \$88,938, a reduction of \$2,536.

Lenoir City's first payment was \$22,229; the second \$45,735, an increase of \$23,526. Loudon received \$11,180 as a first payment and \$19,336 for the second half, an increase of \$8,176.

## Magnavox

### SAVE UP TO \$100

on Magnavox Stereo Theaters, Stereo Consoles and Component Systems. Also enjoy great savings on Blots, Tape Recorders, Portable Phonographs and Monochrome TV. Shown below are just some of our many Magnavox Color TV Annual Sale Values.

Early American—model 7534

Contemporary—model 7542

### This Videomatic Eye makes Magnavox T.A.C. the most totally automatic color system you can buy!

The only color set that automatically adjusts pictures to changing light conditions. Magnavox T.A.C. (Total Automatic Color) not only automatically compensates for all those things from outside the house that can mess up your picture; now Magnavox T.A.C. with Videomatic automatically compensates for the one thing inside the house that can mess up your picture: changing room light! The Videomatic Eye actually "sees" the changing light in your room and automatically adjusts the color, brightness and contrast—to give you the best possible color-right picture. In a bright room. Or in-between room. Day or night!

**New Modular 100% Solid-State** Magnavox takes solid-state technology a whole step forward. Magnavox builds its solid-state chassis with plug-in circuit parts, plug-in transistors and plug-in trimmer pots. That makes service a snap—easier, faster, less expensive! In fact, this means we've received the National Electronic Association's "SERVICABILITY DESIGN AWARD."

Free service for one full year. That means we'll repair the set (not of course parts and labor) when anything goes wrong and it's Magnavox's fault!

**SAVE \$30/YOUR CHOICE NOW \$629**

All savings items on this ad are based on the reduction in minimum face trade price in effect prior to the annual sale.

### Around The Farm

Charles McCall  
Extension Leader

The new year has started off with a bang. However, what's more important is what you are going to do in 1973. While the weather has restricted our farmers to farm chores its a good time to do some planning. Many farmers experienced a record income in 1972. For them plans will likely center around maintaining income at or near the 1972 level. Just how they plan to do this we don't know. We expect that most of them will concentrate on production cost and efficiency. Production cost continue to increase each year due to inflation. When a farmer is faced with reduced income there are two ways of taking up the slack. They are reducing cost and producing more efficiently and or increasing output. At a glance most farmers tend to concentrate on the cost side. Concentrating on the cost side may result in lost opportunities. Larger investments and expenses can

be justified if the returns are greater than the cost of capital and or the investment sufficiently increases the overall profitability of the farm. The first step in planning this years farm operations is to analyze your 1972 farm records. If you do not have adequate records, now is the time to remedy that situation. In addition to the financial aspects. You need to be concerned with income over feed cost labor returns. Crop production per acre, livestock production, machinery cost per tillable acre and labor requirements. Even the sharpest management won't earn you top returns in your farm operations if you lack the right tools to do the job. In order to keep ahead a good record book is a must. Don't forget that it takes good planning. This will help nail down things ahead of time, catch mistakes early and help you come up with a change that you can cope with.

### REAP Program Is Terminated

Loudon County farmers will no longer be able to obtain cost-share assistance to implement needed conservation and pollution control practices on their farms, according to an announcement this week from Fred Fipps, Chairman of the County Agricultural Stabilization and Conservation (ASC) Committee. The County Committee has received notification from officials of the U. S. Department of Agriculture that funding for the Rural Environmentment Assistance Program (REAP) has been terminated. Commitments made with farmers through December 22, 1972, will be honored. No request by producers for cost-sharing will be approved after that date, Mr. Fipps explained. According to Mr. Fipps, the notification received by the Committee pointed out that a review of all Federal programs was made as a part of the effort to hold 1973 Federal budget expenditures to \$250 billion. As a result, REAP was selected as one of the lower priority programs which could be reduced or eliminated without serious economic consequences. REAP is the successor to the Agricultural Conservation Program (ACP) which was initiated in 1936 in the National interest to help farmers install needed conservation practices on their land. The program has meant a great deal to the farmers and general public of our county and Tennessee over the years. Mr. Fipps said. It has encouraged and enabled farmers in the county to carry out needed conservation and pollution control measures each year. Even the most casual observer can see that our soil and water resources are better protected than ever before, the Chairman commented.

### OBITUARIES

**NELLE L. ROBINSON**  
Mrs. Nelle LeBow Robinson, age 73, of 311 West Fifth Avenue, Lenoir City, died Wednesday, January 10 at Loudon County Memorial Hospital. She was a member of First Baptist Church and the American Legion Auxiliary.

Local Health Better Than Average

How healthy are Loudon County residents? How do they compare, in that regard, with people in other parts of the country? What progress has been made, if any, in recent years?
Some answers to these questions may be gleaned from the reports of the National Center for Health Statistics, the analytic arm of the U. S. Public Health Service.
Through weekly samplings of families across the land, it keeps constant watch on the physical condition of the population.
It gauges the general health of a community by the extent to which its people are able to pursue their normal daily activities without interruptions necessitated by illness or injury.
This is measured by what is called a "disability days index," which takes account of the number and days of restricted activity, when a person is unable to go to work or to school, and those in which he is kept in bed or in a hospital, called bed days.
In the regional area embracing Loudon County, on that basis, the health of the population was somewhat better in 1970 than it was five years earlier, according to the government's latest figures. They show that the average number of disability days in the area in 1970 was 15.9 per person, of which 7.2 were bed days.

All persons having claims matured and unmatured against the said Estate are required to file the same with the above Court within six months from the date of the first publication of this notice, otherwise, their claims will be forever barred.

The Tribe Speaks
BY LOUDON HIGH SCHOOL JOURNALISM CLASS
By Patti Gentry, Joyce Harrison, and Steve Rogers

The U.T. Singers presented a musical program for the student assembly Thursday, January 4. Among the singers was a past L.H.S. graduate, Linda Brakebill Builderback. The students now have a choice as to what they want to eat for lunch. One side of the cafeteria will serve the regular prepared meals and the other side serves hamburgers, hot dogs, chili, potato chips, cokes, and various other items.
Mid-term exams are coming up Wednesday, Thursday, and Friday of the next week. There will be two tests each day.
Seniors with a "B" average will be exempt from all tests during those three days.

Singing Stated
The Loudon County Singing Convention will meet Sunday, January 21 at 1:45 p.m. at Calvary Baptist Church in Loudon. President, Taylor Knox, invites everyone to attend.
Dance Scheduled
A teen dance, sponsored by the Loudon High Senior Trip group, will be held at the Loudon VFW Friday, January 26.
The dance will begin immediately following the basketball game and end at midnight. Providing music will be the Purple Haze dance combo. Admission will be \$1 tag and \$1.75 per couple.

**BACK IN THE GOOD OLD DAYS**

A few years back we ran a picture of the Valley View church home were very Baptist Church and many of those who call this their church home were very pleased. We have another

picture which was taken at Valley View which we are glad to have.

This church has grown rapidly through the years and takes its place among the larger rural churches of our area. We are quite sure we know all the people in the picture but for the life of us we just can't name all the faces but will name all we have.

They are Rev. Toague, who was pastor at the time; Aunt Lucy Howell, Mrs. Jim Nicholson, Marie Dutton, Elsie Robinson, Uncle Bob Russell, Ruby Clinton, Hazel Craig, Aunt Bet Worley, Elizabeth Deford, Margaret Millsaps, Mart Robinson, Bessie Brown Pope, Gertrude Clinton, Mrs. Bob Easter and Kay, Leona Goble and Mrs. Clinton.

**See and Hear**

We are always glad to run church or school groups from years past in our area. If you have one you would like for us to use in the Good Old Days give us a call or bring it by the Herald office. We will use them as soon as possible and your efforts will be appreciated.

With all the unusual winter weather we have been experiencing these past few days we are reminded of how warm the sun of summer makes us forget very quickly the cold frigid days of winter. With a lot of us who recall the past winters of years gone by and how we could stay out all day sleigh riding or rabbit hunting and not thinking a thing about it, I don't believe I could do that now. Must be something different about the weather.

Last winter we recorded snow dates, temperatures, of course there wasn't much snow last year in comparison to other years. Anyway on Jan. 13, 1972 the temperature was 70 degrees, January 18th it was a flat Zero. It snowed on the sixth day of February, which was on Sunday.

Last week we ran a picture of a Loudon girls basketball team which didn't reproduce very well. We can be safe in saying that the picture was made in 1939 or 1940. Our reason for arriving at this conclusion was some very good information which came our way the other day. We will pass along this information and some additional area girls basketball team pictures next week.

We find that our readers are

always interested in team pictures from years gone by and are always looking for some we have not used before.

We have another picture which is a school group. The teacher is Mrs. Limburg. Others are Theresa Lunsford, Kay Karas, Dustin Firestone, Connie Keaton, Peggy Mardus, Susanne Turner, the Sampson twins, Mike McNabb, and others we can't put names with faces.

I am not sure but I think a first occurred in our area not too many years ago. That is to have something unusual enough to be in Ripley's Believe It or Not. Joseph Robinson built a very unique model house out of corncobs, peth and shells. At the time Mr. Robinson built the house he was 14 years of age. That was over 90 years ago and as far as we know it is still in the family. We had a print of the house at one time. If we can locate it we will print it soon.

Well that's it for now, see you next week.

**Methodist Women Set Observance**

United Methodist Women of Loudon United Methodist Church will hold one of their most important annual observances this week - The Call 152 acres.

to Prayer and Self-Denial. The Call, inspired by special mission needs and by the opportunities to be made possible, focuses on prayer, a deepened spiritual life, and a guided mission study. An interpretation of the mission projects in the United States and abroad will be presented and a special offering will be made. Each woman who takes part is asked to give for others by denying herself, and to cultivate through prayer a spiritual oneness with planners, mission workers, and those served in church-related ministries.

The Call to Prayer and Self-Denial will be held at 7:30 p.m. on Monday, January 22 at Loudon United Methodist Church.

#### JOHNSON AND VIETNAM

Within a span of time under 30 days the United States has seen the deaths of two former Presidents and the arrival of a long sought cease fire in Vietnam.

In late December former President Harry Truman died, now a heart attack has claimed Lyndon Johnson. It is somewhat ironic that Johnson died just two days before President Richard Nixon announced that a peace agreement had been reached in the Vietnam war.

It was Vietnam that caused Johnson, who had been elected with the biggest vote landslide in history to lose the confidence of the American people. For this reason he did not seek re-election in 1968. Certainly Lyndon Johnson gave his life to the people of this country. He loved his country and he worked probably as hard as any president to improve conditions for its people.

We only wish he had lived to witness the end of the American role in Vietnam and the release of the war prisoners.

Locally the news of the peace agreement was the main subject of coffee drinkers Wednesday morning, but there were no big celebrations as there was on V-J Day. Fourteen Loudon County men lost their lives in this, the longest and most unpopular war in American history. Probably because of these facts, its length, lack of total American support and the cost in lives, gave people cause to just say "Amen" to President Nixon's announcement, and gave no cause for celebrating.

## 43 Firms Invited To Make Timberlake Proposals

The Tennessee Valley Authority said this week it has invited proposals from 43 major private developers on the future planning, development, and management of the proposed community of Timberlake most of which would be located in Loudon County.

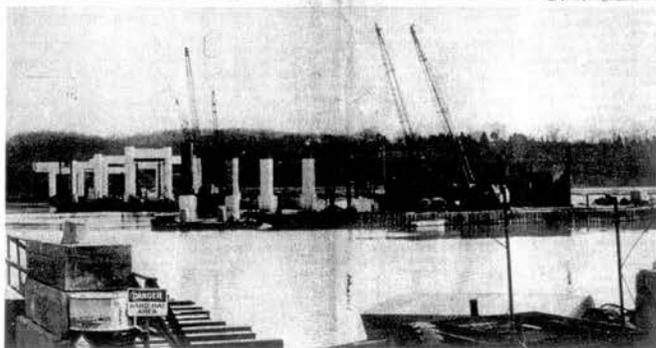

The invitations were sent to major corporations involved in housing, petroleum, metals, aircraft, paper, and other fields who may be interested in participating with TVA in creating the new city because of previous development experience. Other interested corporations may submit proposals to James L. Gober, TVA Division of Navigation and Regional Studies, Knoxville, Tennessee 37902.

Timberlake is being planned as a self-supporting city in conjunction with TVA's Tellico Dam and Reservoir project on the Little Tennessee River. The proposed community on the shores of the reservoir would be 20 to 25 miles from Knoxville. Timberlake's industrial potential is forecast to provide 4,300 to 6,000 basic jobs during the 20-year development period. The industrial area will be served by a navigable waterway system. Excellent highway and rail systems and a major airport in the Knoxville area will be within 15 miles.

(Continued on Page 12)

PROPOSED CITY OF TIMBERLAKE—This architects model shows the proposed TVA City of Timberlake, to be located between Loudon and Moore on the Tellico Lake. Last week TVA sent invitations to 43 major companies in

INTERSTATE 75 BRIDGE CONSTRUCTION—Work is well underway on the last four sets of piers for the four-lane, twin-span Interstate 75 Bridge at Loudon across the Tennessee River. Barges are due to start bringing in the steel and pre-stressed concrete sections of the bridge in

the near future. The bridge is scheduled for completion early in 1974 and the final link of I-75 through the county will be open for traffic in August of 1974. The eight million dollar bridge is part of more than \$20,000,000 in Interstate construction now underway in the county.

## \$5 Million In I-75 Projects Slated Here

Robert F. Smith, Commissioner of the Tennessee Department of Transportation, this week announced that the state will open bids on Feb. 16 on more than \$5 million in projects on Interstate 75 in Loudon County.

One of the projects is the paving of 5.3 miles of the interstate including three sets of bridges and the twin-span bridge over the Tennessee River extending to old state route 95 at Lenoir City where the interstate now ends. Also included are the construction of guardrails, from the Philadelphia interchange. Erection of signs on the 12 mile stretch is also included. The estimated cost of this project is \$2,235,000 and is to be completed in August of 1974.

Earlier the Department had stated that the highway was to be open by June of 1974, but by the provisions of these proposed contracts it would appear there is a two month delay.

The second project in the bid call is paving, guardrails and signs on a section of the highway from Sweetwater to the interchange. This 8.1 mile project is expected to cost approximately \$3,074,000.

Besides the interstate construction work is also underway on the completion of a section of relocated State Route 72, from I-75 to Highway 11 just west of Loudon.

Work on the Interstate bridge across the Tennessee River is reported to be somewhat ahead of schedule. Construction of the final four sets of piers is well underway.

## County Wins Court Case On Motel-Hotel Room Tax

Loudon County Court has won at least the first round of a lawsuit brought by motel operators in the county, attempting to set aside the five percent hotel-motel room tax levied by the county.

The tax was imposed effective October, 1972, under a private act passed by the State Legislature and ratified by the County in the early summer.

Proceeds from the tax are to be used to finance the county's

## LC Youth Charged With Bomb Threat

A 15-year old Lenoir City High School student who is a resident of Loudon County has been arrested at Kingston in connection with telephoned bomb threats to Roane County High School and Kingston Junior School.

The boy was arrested Monday afternoon by Roane Sheriff Arnold L. Clower and TBI Agent Leon Miller, after a cooperative investigation by the two law enforcement agencies and South Central Bell Telephone Company.

Bomb scare calls were reported by school officials as having been received at each of the schools in the morning and the afternoon on Monday.

Both buildings were evacuated after each call, and a search was conducted prior to the return of students to classes.

Sheriff Clower said the Lenoir City boy was visiting relatives in Kingston.

He was charged with "making false bomb threats."

(Continued on Page 12)

## P.O. Closing Delays Papers

Mail delivery of this week's issue of The Loudon County Herald was delayed by one day because of the death and funeral of former President Lyndon Johnson, who died at his Texas ranch Monday of a heart attack.

All Post Offices and federal offices were closed all day Thursday as part of the National Day of Mourning proclaimed by President Richard Nixon.

When the announcement was made concerning the date of the funeral it was too late for the Herald staff to complete the edition in time for earlier mail delivery.

## Criminal Court Trials Scheduled

Twenty-eight cases are set for trial in Criminal Court in Loudon County starting on Feb. 6. Court Clerk Billy Joe Akins announced this week.

The Grand Jury completed action on its 40 case docket last Wednesday by returning its final list of indictments. Indictments returned on the final day by the Grand Jury are as follows:

Tommy Key, burglary in the third degree; Mrs. Lake Goins, selling beer to a minor; Boyd F. Littleton, driving while intoxicated; Jessie Proctor, two counts of uttering and passing; Freeman Johnson, uttering and passing; Fred Wheat and Ronnie Wheat, child neglect; Connie Jean Moore, obtaining telephone service by fraudulent manner; Kenneth Brown, Curtis Flora, Bruce Johnson and Johnny Simpson, assault and battery.

Monday, Feb. 19 - Fred Wheat and Ronnie Wheat, child neglect; Tommy Key, burglary; and Jack Baird, driving while intoxicated.

Wednesday, Feb. 21 - Donnie Graves and Frank Partrix, breaking and entering; and Mrs. Lake Goins, selling beer to a minor.

Thursday, Feb. 22 - Connie Jean Moore, obtaining telephone service by fraudulent manner; Kenneth Brown, Curtis Flora, Bruce Johnson and Johnny Simpson, assault and battery.

Grand Jury Foreman Robert A. Anderson filed the following report after the jury inspected the county courthouse and jail.

"We, the Grand Jury for the January term of Criminal Court, 1973, have inspected the Loudon County Jail and Court House.

"We find the Jail to be as clean as can be expected considering its age and run-down condition. The kitchen was clean and the upstairs reasonably clean. The walls were written over, but we understand that these walls were painted last year.

"The courthouse is very clean and in good condition. We would like to commend the Custodian for the excellent job he is doing. We would also like to express our appreciation to the Clerk (Billy Joe Akins) for providing coffee and doughnuts for our enjoyment.

Monday, Feb. 12 - Jack Talent, felonious assault; Bart

Monday, Feb. 5 - Lonnie Decker, uniform reciprocal support; Donnie Ray White, breaking and entering; Carl T. Bible, possessing whiskey.

Tuesday, Feb. 6 - J.C. Johnson, to be tried on four indictments on bad checks.

Wednesday, Feb. 7 - Bart Barron and Donnie White, jail escape; Jessie Proctor, two counts of Forgery.

Thursday, Feb. 8 - Billy Joe Littleton, breaking and entering; B.R. Russell, indecent exposure.

Monday, Feb. 12 - Jack Talent, felonious assault; Bart

## County's Last Spanish American War Vet Dies

BY CALVIN LINSFORD  
Loudon County, and possibly Tennessee's last personal touch with the historical Spanish American War, was silenced on Wednesday, January 17 with the death of Millard Parks of 906 Vale Street, Loudon.

Mr. Parks, a retired Loudon merchant, who had been the topic of a feature story in the Herald in 1969, had been in declining health for the last few years. He was 92 years of age at the time of his death.

The Spanish American War will hardly be recalled, except by the historians or those who might possibly be still living who were a part of this conflict. To our knowledge, there are only a few, if any, survivors remaining of this group of men who fought in this War which ended August 13, 1898.

Mr. Parks, who entered the late stages of the War when he was 17 years of age, vividly recalled the Battle of San Juan Bay as he served on the battleship, Mississippi. The description he gave of the ship was, as compared to the other ships, a tub, rat ridden, dirty and ragged.

Mr. Parks related that his ship was on its way to the Philippines, and had their orders changed to go to San Juan. He recalled that although it was a terrible battle, he was shocked to find the small amount of damage to this old port city.

He related in the story that he had an awful hard time getting into the service

MR. PARKS

because of an old injury, but after several tries, finally he was inducted at Fort Leoboard, Georgia.

Mr. Parks served with the Third Tennessee Unit and later transferred to the Sixth Tennessee. He was under the command of Colonel Tyson from Knoxville. His duties were driving a horse drawn ambulance. He related that there were three times as many deaths from disease as there were from battle wounds.

After the war, Mr. Parks returned to his native Roane County home, where he married the late Mrs. Parks in 1925. The Parks' family moved to the farm of John Blair in Loudon County, and in later years Mr. Parks operated a grocery store in Loudon at two different locations.

Survivors include: sons,

Jimmy Greenway spent the weekend at ETSU in Johnson City.

Mrs. J.R. Mowles and son, Richey, of Marietta, Ga. are spending this week with her mother, Mrs. Joe Jones while Mr. Mowles is attending school in Tulsa, Okla. Also visiting Mrs. Jones Sunday was her granddaughter, Miss Karen Hart, of Philadelphia.

Mrs. Fred DeFord had as her guests Sunday Mr. and Mrs. Robert Peters of Friendsville.

Mr. and Mrs. Lynn Kollock are attending the Furniture Market this week in Atlanta.

Mayor and Mrs. Joe Carter visited Sunday with Mr. and Mrs. Frank Carter in Knoxville.

Mr. and Mrs. Joe Elkins of Knoxville visited Saturday with her mother, Mrs. Roxie Williams.

Mr. and Mrs. Tom Matlock, Suzanne and Mark visited Friday night with Mr. and Mrs. David Christopher in Oak Ridge.

Mrs. Charles Haun of Knoxville spent Saturday with her mother, Mrs. Maude Miller.

Rev. Cartee McCollister is a patient at Saint Mary's Hospital.

Miss Angie Hodge, a student at TPU in Cookeville, spent the weekend with her parents, Mr. and Mrs. Herbert Hodge.

Bill Collins spent the weekend with his parents, Mr. and Mrs. Johnny Collins in Cookeville.

Mr. and Mrs. Arnold Blodgett and Teresa of Cleveland spent Sunday with

his parents, Mr. and Mrs. Alfred Blodgett.

Rev. and Mrs. L.L. Davis spent last week with their son, Rev. Ed Davis and Mrs. Davis and family in Knoxville.

George Haskins is a patient at Fort Sanders Hospital.

Weekend guests of Mr. and Mrs. Jim Green were Mr. and Mrs. Clifford Cook and Jerry of Lenoir City, Jimmy Hugh Green, Susie and Hugh of Atlanta.

Mr. and Mrs. Marion T. Hodge of Chilhowie, Va. were called here last week due to the sudden illness of her mother, Mrs. Arlie Daley.

Mrs. Daley is a patient at Fort Sanders Hospital. The Hodges also visited with his mother, Mrs. Ed Hodge.

Rev. O.C. Rainwater is serving as Interim Pastor at Corinth Baptist Church.

Rev. Milton W. Bodden and Mr. and Mrs. Michael Morgan attended the Evangelistic Conference Monday and Tuesday in Nashville.

Mr. and Mrs. Oscar Rayder spent Sunday with her mother, Mrs. Bob Tilley.

Mrs. John R. Hooker is a patient at Fort Sanders Hospital.

Mr. and Mrs. F.H. McJunkins visited Sunday with his sister, Mrs. Cleo White and family in Madisonville.

Mrs. Leonard Simerly of Lenoir City spent Sunday with her parents, Mr. and Mrs. Luke Everette.

Mrs. Leonard Maynard, the former Miss Pat Pritts of Lenoir City, was honored with a bridal shower at the home of Mrs. Guy Bishop on Jan. 12.

Mrs. Billy Bishop assisted 19 guests were present.

Mr. and Mrs. Billy Stafford of Stone Mountain, Ga. were visiting last week with Mr. and Mrs. Guy Bishop of Lenoir City and Mrs. M. L. Stafford of Lenoir City, due to the ice storm and power failure in Ga.

Mrs. Victoria Faulkner has returned home after a five day visit to Okefenokee, Fla.

Mr. and Mrs. B.E. Presley spent the weekend with their son-in-law and daughter, Rev. and Mrs. Douglas Easter and daughters in Cleveland.

Mr. and Mrs. Luther Russell II visited Sunday with her

Jodi Michelle Roberson celebrated her first birthday January 24. She is the daughter of Mr. and Mrs. James M. Roberson of Loudon. Grandparents are Mr. and Mrs. Joe W. White of Loudon, the late Edward B. Roberson and Mrs. June Bird of Kingston.

Janet C. Stafford celebrated her fifth birthday with a party Sunday, December 31 at her grandparents, Mr. and Mrs. Guy Bishop of Loudon. She is the daughter of Mr. and Mrs. Billy W. Stafford of Stone Mountain, Georgia. Her other grandparents are Mr. and Mrs. M.L. Stafford of Lenoir City. Great-grandparents are Mr. and Mrs. W.G. McCrary and Mrs. Cora Bishop of Loudon.

## Mrs. Carter is Club Hostess

The Loudon Women's Club met on January 11 at the home of Mrs. Bob Carter. After the business meeting, Mrs. Mike Coffman, program chairman, introduced Edwin Arnold,

guest speaker for the evening. Mr. Arnold presented a program on "Your Future Security" and showed a film concerning the preparation of wills. Following the film, he answered questions from the group.

After the program, hostesses, Mrs. Bob Carter, Mrs. Ray Birkholz, and Mrs. Jim Cartwell, served dessert.

## Miss Alexander in Fraternity

Miss Marian Leigh Alexander, daughter of Mr. and Mrs. Earl Alexander of Fowler's Mill Road, Loudon, was initiated into Alpha Gamma Delta, International Fraternity for college and university women, at the University of Tennessee Knoxville on Sunday.

Miss Alexander, a freshman at the university, served as chaplain of her pledge class.

Alpha Gamma Delta has initiated over 80,000 women since its founding at Syracuse University in 1904.

## Bigger, Better Things Coming For Little Jimmy Hartsook

By Calvin Lunaford  
A young Loudon countian known by his fans as "Little Jimmy" with a guitar, a talent and a personality that has won the hearts of country music fans across much of the South, will soon start the second segment of his own television shows and a round of personal appearances.

Little Jimmy Hartsook, the son of Mr. and Mrs. Lynn Hartsook of Lenoir City, is not only busy in his role as a top country music star, but is equally busy just being a boy and pursuing the things that are of interest to his age group.

"Little Jimmy" has many hobbies, such as knife collecting, gun collecting, campaign button collecting, stamp collecting, pottery and many other things. He says he has dubbed himself as the "collector".

Jimmy, who has been on stage with most of the greats in country music, told us that on a recent visit to Nashville, while having dinner with a group of country music stars, he was asked by Charlie Pride for his autograph. Jimmy stated, "I was only too pleased to oblige."

Among the honors that have come Jimmy's way was the honor of being the second person to ever perform live in the Country Music Hall of Fame in Nashville.

This young man, who doesn't mind being called "Little Jimmy", told us that in comparison to the physical size of other country music stars, he is small. He said he once had his heart set on being a lawyer but he wouldn't trade what he is doing for any other field and he plans to continue being a part of the rapidly growing country music field.

Jimmy has had numerous write ups in country music publications, as well as TV shows and personal appearances. He says "I love to make personal appearances. I am very nervous prior to a show, whether it is on camera or before a live audience, but personal appearances are my favorite."

The television show with Jimmy and the Heartthrobs (his instrumental group), expect to be back on local TV in the very near future. Plans are now being formulated with the possibility of syndicated series to be shown in many parts of the country.

He stated that one of his greatest thrills was to be on a Shindig Program, performing on stage with Bill Anderson. He recently signed with Bill Anderson for a coming Shindig series at the Knoxville Coliseum.

In one of the many scrap books kept by Jimmy, with the assistance of his mother, is a program of his appearance at the Grand Ole Opry in Nashville.

He stated that he enjoys doing benefits and was very thrilled this past Christmas to do a benefit for the blind. He also did a benefit appearance in North Carolina this past Christmas.

Jimmy feels that he is fortunate in many ways, especially to be able to pursue his hobbies, work in scouting and other interests of the boys in his age group, as well as being a country music performer.

Jimmy's parents stated that they are very proud of Jimmy's accomplishments in the country music field but they have never pushed him into it. They feel that his welfare takes first place over

everything else and they are careful to see that he gets his needed rest. They also stated that Jimmy's fans have been very kind to him and his career.

Over the past years, Jimmy has played at the Castaways in Daytona Beach, Florida and he states that he enjoyed it very much. He is careful to give credit to Bobby Denton, a Knoxville country music disc jockey, who he and his parents feel has done much to promote Jimmy's career.

Just prior to this writer's visit to interview Jimmy and his parents, they had just received word of the biggest break in Jimmy's career, and he hopes to be able to announce it soon.

SCRAPBOOK OF ACCOMPLISHMENTS—Jimmy Hartsook and his mother, Mrs. Lynn Hartsook look through a scrapbook of Jimmy's entertaining events. Mrs. Hartsook keeps the scrapbook up to date trying to have something from each of Jimmy's appearances.

ONE OF MANY HOBBIES—Jimmy Hartsook has many hobbies. He is shown looking over a collection of political campaign buttons, which is one of his hobbies.

We know we speak the sentiments of all Loudon countians, when we wish Jimmy continued success in a very competitive field.

Along with his other varied interests Jimmy has become a dedicated Boy Scout. Already holder of many merit badges he is eager to advance in rank as fast as possible.

Church life is another important part of Jimmy's life. He attends First Baptist Church in Lenoir City and participates in his age group activities.

STILL A BOY—Although he is quite famous in the country music area of the South Jimmy Hartsook is still a youngster. He is shown here in the bedroom of his home.

At Treasure House . . .

**Greenback Community News**

By Mrs. S.B. McCollum  
Phone 856-3017 Greenback

The women of Greenback Presbyterian church gave a gift tea in the Fellowship Hall last Sunday afternoon 1 to 5 o'clock honoring a recent bride, Mrs. David McCall. A large arrangement of varicolored flowers centered the serving table. Colors of green, yellow and white were used in the refreshments and the delicious cake was made by Mrs. Roy M. Brooks Jr.

The honoree was showered with many lovely useful gifts. She was joined in greeting the guests by Mrs. Kyle McCall. Mrs. Leon Hammontree is suffering with a bronchial illness at her home here.

Mrs. R.A. Anderson Sr. was hostess to member of Greenback Presbyterian Women's Association Circle No. 2 at her home Thursday evening. Chairman Mrs. Robt. Anderson Jr. was in charge and Mrs. Alexander Gillander led the program. Sec. Mrs. R.A. Anderson Sr. read the report and Mrs. James Adama toast. A financial report. The prayer calendar was presented by Mrs. Lowell Myers. At the close of the meeting the hostess served a salad course to the eleven guests.

Mrs. A.L. Disney is confined to her home with a virus illness.

Mr. and Mrs. James Adams, Miss Jill and Jay spent the weekend with Mr. Adams' mother, Mrs. J.H. Adams in Mansfield, Ga.

Mr. Bep Anderson and

sister, Mrs. I.E. Airheart of Scottaboro, Ala, came Sunday and spent the night with Mr. and Mrs. G.M. Wear and mother Mrs. J.B. Anderson in Maryville. Mrs. Airheart remained to be with her mother for a while.

Miss Anita King of East Tenn. State University was the weekend guest of her parents, Mr. and Mrs. Frank King.

Mr. Freeman Ragain is ill with a virus infection at his home off the Morganton Road. Friends of Mrs. Harry Griffiths will regret to learn that she is quite ill and is in Blount Memorial Hospital for treatment.

Mrs. Kenneth Hair; Mrs. C.E. Long and Mrs. Joe Thompson were dinner guests Thursday of Mrs. Hugh Youseum in Maryville.

Mrs. Leon Brient, accompanied her sister, Mrs. Gordon Wolfe of Maryville to St. Louis last week where Mrs. Wolfe was a patient in the Barnes Medical Center. After their return Mrs. Brient spent the remainder of the week with her sister and Mr. Wolfe. Mrs. A.C. Montgomery and Mrs. W.M. Breezeale of Lenoir City were guests Wednesday of Mr. and Mrs. S.B. McCollum and Miss Mae Lowry.

Mr. C.H. Ford is confined to the Blount Memorial Hospital for observation and treatment.

Mr. and Mrs. Johnny Powell of Maryville were dinner guests Sunday of Mr. and Mrs. J.G. Hudson and Ronald.

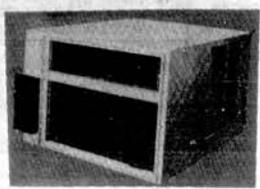

Mr. and Mrs. Richard C. Dougherty of Knoxville at-

## United Methodist Women Hold January Meeting

The first meeting of United Methodist Women of the Loudon United Methodist Church was held Monday night, January 22, in the Prayer Chapel of the Church. The meeting was presided over by Mrs. Harrell Russell, president. Challenging reports were made by Mrs. W.F. Zimmerman, vice president and program chairman, and by Mrs. Herbert Jones, treasurer. The organization voted to enter a second phase in the redecoration of the Church Parlor.

In the Membership Ritual, Mrs. Homer Simpson, Chairman of Membership, lit a large red candle representing the 163 members who were transferred from the former Women's Society of Christian Service to its successor organization, United Methodist Women. The large candle was made from bits and pieces of many candles that had been used in other worship services. Next,

Mrs. Simpson lit red tapers for the six new members: Mrs. Deotha Craig, Mrs. Jerry Nichols, Mrs. Jamie James, Mrs. Will Curnstock, Mrs. Paul Rudd, and Mrs. Broady Harrison.

The program for the meeting, led by Mrs. William Jones, was an observance of "A Call to Prayer and Self-Denial". The informative and inspirational service on the theme "Our Life Together: A Pilgrimage" culminated in a self-denial offering which will be used around the world to provide leadership training for women; in the United States to repair and improve mission properties and to renew programs of Christian mission.

On the altar, lectern, pulpit and doors were hand-drawn scallop shells—symbols of pilgrimage, the spiritual journey. The next meeting of United Methodist Women will be held February 26 at the Church.

In our column last week, we stated that we had some basketball pictures and information which we would use this week. We chose this time because it is basketball season and we thought possibly they would be of more interest now than any other season of the year.

The event is the East Tennessee Regional Basketball tournament, which was held on March 13 through 16, 1960. Loudon has had the honor of being host to this tournament at other times I think, but I am not sure. Anyway, I am sure it was an outstanding tournament and created a lot of interest with Loudon fans and their visiting guests. There were two teams from

our county participating in this tournament. They were the Loudon girls team, which were the Eleventh District Runner-Up. The team was coached by Albert Dukes. The players are: (left to right) Mildred Thomas, Helen Tilley, Betty Riddings, Betty June Mays, Mildred Riddings, Prlicie Franks, (Captain) Katherine White, Cleo Grigley, Betty Watkins, Thelma Wicker and Agnes Hamil.

Our other team is the Greenback girls, who were Fourteenth District Champions. They were coached by Mel Trotter. They are (front row) Peggy Thompson, Jean Hall, Sarah Elizabeth Alexander, Mildred Hall, Barbara Ryan, and Edna Lou Murr. Second row, Coach Trotter, Ernestine Bowers, Bertha Alexander, Jessie Stiner, Charolette Ray, Edna Earl Hall and Betty Ruth Gillenwater.

Somebody was talking to us the other day about Nick the photographer, who made all of those pictures of people along the streets of Loudon on Saturday and holidays. I think it was three pictures for a dime. This sounds impossible to have bought anything that cheap, but I believe this is correct. I believe that Ted Phillips also made pictures along the street many years ago. Of course, these were individual snaps and not group pictures. I believe Nick had a studio up over the old Five to Five store location. Of course this was way back when Hubert McKinney ran this dry goods store. Someone told us recently that Hubert was now deceased.

In thinking about people from the Good Old Days era, we saw the daughter of the late Mr. Sam Crowder in Knoxville a few weeks back. Of course, it brought to our mind some memories of their father, whom we like very much, and highly respected his many abilities. For many years, he ran a watch repair shop in Loudon and was an ardent antique gun collector. He had some very valuable guns in his collection. As a boy growing up in Loudon, I talked to him often and I guess most boys recall the adults who took time to talk to them even though they were just boys.

Since we have been doing the Good Old Days, which now has grown into years, we have always wanted a picture of Mr. Crowder to use in this effort. Just by chance, maybe one of the family has a picture or two they would loan us. We would appreciate this very much.

In the past few weeks, we have asked our readers help on obtaining some information about pictures. Our response has been very good, and we greatly appreciate this. We will be talking to these people in the next few days. We mention this to say we hadn't forgotten them.

Well, that's it for now. See you next week.

### Mrs. Flurkey On Dean's List

Mrs. Deborah Graham Flurkey, daughter of Mr. and Mrs. W. R. Graham of Loudon, is on the Dean's List, the College's honor roll, for the First Term of the 1972-73 school year at Maryville College, Maryville, Tennessee. In order to be named to the Dean's List, the student must have an average above 3.25 for the term.

Deborah is a member of the Senior class at Maryville College, a four-year, co-educational college of liberal arts and sciences.

### Chinchilla Club Slates Meeting

The East Tennessee Chinchilla Club meets each month on the last Friday at 7 p.m. at the JTT Animal Science Building, Room 101, in Knoxville. These meetings are for the education and exchange of ideas and information pertaining to Chinchilla.

Club president, Charles V. Boring, invites any interested persons to attend these meetings, or further information, contact Mr. Boring at 995-2645.

# Redskins Host Panthers In Friday Night Hardwood Scrap

## Speaking of Sports

By DANNY GIBSON  
Sports Editor

The second meeting of the season for Loudon County arch rivals Loudon and Lenoir City will be one of the top hoop headlines in East Tennessee Friday night. The Panthers swept the early season clash at Lenoir City and since that time have become a terror in boys and girls play in the district seven format. The Lenoir City boys are in second place in the district standings with a 7-2 league mark and a 11-4 overall campaign. The Pantherettes are rolling with a 11-2 season record and are even in the loss column with district leader Kingsdon.

Loudon meanwhile are not the boys power they were a year ago, but have played enough talented cage teams in compiling a 10-9 season record that they are not to be taken lightly. The Lassies have a stronger offense than last year when they finished second in the district, but the defense is spotty with Gloria Brown the only aggressive standout. Nevertheless the Lassies have a 11-6 work sheet and a secure hold on second place in District Eight.

The Lenoir City boys have three men scoring at a double figure clip with Tim Cunningham's 15.5 average leading the way. Tim is also a top rebounder for the high flying Panthers. Warren Melton, who works from a forward position is averaging 10.7 points a contest and has a good outside shot with plenty of range. Mitch Keebler carries the back court scoring with a 10.2 average. But with the scoring divided so evenly the Panthers which have averaged 76 points a game in 15 outings and stopped the other team at a 57 points per 32 minutes count have in double figures on any given night. Pivot man Jim Harris, 6'7", has had several high scoring games, as has starter Doug Williams, and reserves Gary Bracker and Mike Hooks two fine seniors.

Loudon does not have the depth that the Panthers support but do have some cracker-jack scorers in the front line that can not be matched up to the best in the state. Mike Messamore leads Loudon with a 16 point average followed closely by center William Cansler with a 15.3 average. These two board men have also been the bread and butter rebounders for the Redskins. Sophomore Donnie Thearp has showed steady improvement in his varsity play and has a near eight point average to round out the Redskins front line. Loudon which lacks an established scoring guard has R.L. Branam, Rodney Blevins, Rick Melton, and Butch Brown.

with back court experience; but only on occasions has Coach Hugh Watson got a balanced game from any one.

The Redskins have accounted for 1050 points thus far for a 56 point team scoring average. Defensively the Loudon cagers have given up 51.7 points per contest which speaks for itself in saying Loudon carries them to the wire.

The Loudon Lassies and Pantherettes could steal the main attraction spotlight in the preliminary game. The two fine sextets have battled each other tooth and nail in recent years. Loudon won two of three from the Lenoir City team last year and have since dropped a 67-62 decision at the Pantherette den in December. But that game was without defensive leader Gloria Brown.

Loudon is at full strength with three girls hitting for double figures almost every game night. Juniors Marilyn Smith and Jane Shubert have alternated in setting the Lassie offensive tempo. Miss Smith with 19.6 average tops the team. Miss Shubert has a 15.4 average and knows what it is to hit in the 30's on given nights. Debbie Hawkins balances out this threesome which moves with the fluid quickness of greased lightning. The sophomore is the top offensive rebounder at 5'4" and has a 11.6 season average. Loudon has approximately six to seven guards

SHUBERT

BROWN

which play extensively, depending on the type offense the Lassies are facing and such. Gloria Brown, senior captain, heads the group, but Junior Connie Huskey, and sophomore J.J. Purdy have been the most recent starters. Capable and very able Mary Tyler, or Yarber Harrison have seen plenty of combat in varsity play this winter. Sherree Harris or Susan Huskey are key reserves who have shared playing time and also started for the Lassies. As to whom Coach Dewayne Arp starts Friday night may be the big question.

Lenoir City certainly will prove a problem with

the first name out of the hat in the way of pistol packing Marietta Blackburn. The slender forward, only a junior is the team leader and district pace setter. Miss Blackburn is averaging 31.6 points a game and is some eight points ahead of her closest district challenger.

# Greenback Hoop Teams Victimized By Walland In District III Battle

Greenback committed 20 turnovers and shot a dismal 39 percent Thursday night thus dropping a very important District III small division basketball game to Walland.

The loss left the Cherokees in fifth place of the district behind Walland and makes the remainder of the season shape into a real rat race for the top four finish in the district seeding.

Greenback had defeated the Indians in their first meeting of the season 50-45. But Thursday night the Walland

hoopsters opened with a 12-0 first period lead and beat back numerous Greenback rallies to finally win going away.

Greenback trailed by as

much as 10 to 11 points in the second and third periods but fought back to cut the dif-

ference to three points each time before taking a wild shot or committing a turnover which took the pressure off the Indians.

Larry Ritchey was the only Cherokee to score in double figures, netting 16 for the night. Bill Kyker had nine points and 10 rebounds to give Ritchey a helping hand, but as a team the Cherokees failed to generate any type of organizational functions.

Greenback hit 15 of 50 shots, while Walland hit 20 of 58 shots for a 34.3 percent. The Cherokees had a 26-25 advantage in rebounding, but Walland had just nine turnovers for the contest.

The Walland girls made the night a total sweep with a 54-37 triumph. The Walland sextet won the first meeting by a mere two points and led by a 12-0 score Thursday night before racing to a 28-18 halftime edge. Greenback

could not get going in the second half and Walland increased their lead.

Mari Beth Hammetree was the offensive leader for the

Cherokees rifling in 27 points on 12 of 29 field goal attempts. Shirley Dotson, with six rebounds topped the Greenback defensive play.

Greenback hit 17 of 46 field goal attempts for a modest 37 percent, but hit just three of 10 foul shots. Greenback hit 17 of 46 field goal attempts for a modest 37 percent, but hit just three of 10 foul shots. Greenback hit 17 of 46 field goal attempts for a modest 37 percent, but hit just three of 10 foul shots.

KYKER CANS ANOTHER BASKET—Greenback's big pivot man Bill Joe Kyker out muscles this Walland defender to register two points in their Thursday night hoop game at Maryville Everett High School. Greenback lost the District Three contest 57-41.

### Game and Fish TODAY

By Sgt. Bob Harmon  
Game and Fish Commission

**WHAT WILDLIFE MEANS TO TENNESSEE**  
Most of us like to get into the outdoors to pursue our favorite recreational pastimes or just to get away from the normal routine of things. A recent survey tells us that about 130 million Americans participated in some outdoor recreational activity during the year. Hunting and fishing rank high among our outdoor leisure hours.

This is understandable since we need wildlife. We need its presence for our well-being and in order to maintain a balanced environment. Wildlife decline has brought about public concern over environmental degradations that have caused this decline.

This public interest has resulted in programs for environmental improvement. Even so, there remains much concern over the plight of our wild creatures and their habitat.

The human uses of wildlife for recreational hunting and fishing have financed the major portion of habitat preservation and sound management of the resource. It is through the sale of hunting and fishing licenses, special permits and other related income that most of the wildlife management is financed. Definitely, the sportsman play a most important role in supporting the nation's wildlife programs.

Hunting and fishing add up

to a lot of fun, recreation, food and relaxation and all of the other excuses we use when rationalizing our reasons for participating in these wonderful sports. They also add up to more than most of us imagine in Tennessee's economy. For a few million dollars each year, over a hundred million dollars is added to the economy. By far, this is one of the best business deals for citizens of the Volunteer State.

Your continued support for Nature's creatures and the Game and Fish Commission is fundamental in perpetuating an enjoyable and meaningful experience in outdoor recreation.

Since the Tennessee Game and Fish Commission announced they are going to ask for an increase in hunting and fishing licenses, the Game and Fish personnel have constantly been asked by the hunter and fisherman what is Game and Fish going to do for me if the license is increased? Having been a Game and Fish Officer for 3 years and heard the gripes and complaints from the hunter and fisherman doing for yourself? Did you report the people you saw hunting out of season? Did you report the person taking over the limit of fish and game? Did you make an attempt to stop the dogs you saw running a deer? Or were you the one that told your Game and Fish Officer about the violation two or three weeks after it happened when nothing could be done, or were you the one that killed too many doves or caught too many fish and wanted them by throwing them in the first garbage dump you came to. If so, hunter or fisherman, you are hurting your own sport, and I feel that you should help yourself before you ask what are you going to do for me.

The next several weeks I will try to explain to you, the hunter and fisherman, what Game and Fish has done, is now doing, and will attempt to do for you in the future, but first some of the things I think a hunter or fisherman can do for himself to better his sport. First, and to me the most important, during the summer months while birds are

**FAMILY OUTING**—Sam W. Stanton and son, Carl Stanton of Lenoir City, are shown fishing below Fort Loudoun Dam. Mr. Sam Stanton, who will be 91 years of age in July, had caught one crappie and his son, Carl, age 61, had caught a stripe. Both men said they enjoyed fishing and took advantage of the nice weather this past weekend.

**RABBIT STEW**—Bill Howard, Arnold Hawkins and Allen Winton of Loudon are shown with six rabbits they bagged while hunting in Loudon County this past weekend.

nesting and wild animals are visiting their young, you should quit training your dogs and keep them up, and try to help eliminate all wild and free-roaming dogs and cats in your community. Pet dogs and cats should be kept up during this period, too. The hunters should get better acquainted with the farmer and help him plant food for wildlife (Game and Fish will furnish seed and knowledge as to where to plant). Quail hunters should quit killing out the coveys. Coon hunters should stop cutting down trees; hunters should stop taking over the limits. Respect the other man's sport and quit killing the other man's game just for the sake of killing. Report immediately all game and fish violations and be willing to testify in court. The fisherman's job should be easier to better his sport. First and the most serious is stop polluting our lakes, rivers and streams and help stop others, industries, etc., from polluting. Quit taking over the limit of fish and quit taking more than you really want to use. Report all violations to your Game and Fish Officer and be willing to testify in court against the person violating the law. I could go on and on in naming the do's and don'ts as to how the hunter and fisherman could better his sport, but if you will do these, support the Game and Fish Commission, and let them know what your ideas are as to seasons and bag limits, and hunt and fish for the sport instead of the meat, I think that hunting and fishing will be a lot better and lots more fun.

## Philadelphia Girls Lone Survivor Of County Unbeatens

Bruce Lawson Jr.  
High Sports Reporter

Philadelphia girls became the only unbeaten team in the county when they beat Highland Park by a score of 47-37. Bernadette Locke led the winners with 31 points, with six and four points with help from Donna McNabb and Beverly Barr scoring eight points each. David Betsy Powell and Debbie Johnson with 20 and 11 points respectively.

In the boys game, Philadelphia flipped Highland Park by a score of 34-31. Gary Brown led Philadelphia with 12 points.

Loudon boys beat previously unbeaten Steekee by a score of 62-43. Greg Deabridge and Carter Cardwell led the Loudon team with 20 points apiece. Mark Blair added 16 points. Steekee was led in scoring by Kenny Starritt, Steve Schrimmer, and Freddie Starritt led Steekee with 17, 13, and 10 points respectively. Loudon girls beat Steekee by a score of 28-28. Jennie Lefler and Lee Ann Chibaz led the winners with 19 and 12 points respectively.

Philadelphia boys beat Midway by a score of 48-24. David Rausin and Gary Brown led the winners with 19 and eight points respectively. Francis led Midway with 10 points. Philadelphia girls beat Midway girls 42-24.

**FISH-BITING**—Ed Summitt of Lenoir City is shown with the results from a fishing trip this past weekend. Ed caught these Sauger while fishing below Fort Loudoun Dam.

Philadelphia team with 13 and seven points respectively.

Dear Bob

Sorry to leave my Galaxie in front of your showroom like this, but I'm class mother for Tommie's field trip today and we're getting a very early start. The car needs a 4000 mile inspection and the trunk door squeaks.

Can you do it all today?

Thanks  
Sarah Miller

P.S. You'll find the keys in the mail slot and maybe you'll find a blue bottom in the car. Please see it.

Thanks again

Anything you want, Mrs. Miller. Your Ford Team wants to make you happy.

## Oak Ridge Knocks Panthers From Share Of District Lead

The Oak Ridge Wildcats are becoming the spoiler for District Seven basketball teams. The Wildcats won their second consecutive district game against an upper division team Tuesday night handing Lenoir City their fourth loss of the season and second in the district.

The Wildcats carried out a 67-40 victory thanks to a cold shooting third quarter performance for the Panthers and a red hot reserve in the name of Rick Smith. Smith, Coach Carrol Smith's son, came to his Dad's and teams rescue to pump in 21 points to pace the Wildcats in scoring.

Lenoir City (16) Oak Ridge (17)  
 F. Cunningham 18 Beauchamp 18  
 F. Mellon 12 Howard 12  
 G. Harris 9 Muckenfalter 8  
 G. Keebler 18 Stewart 8  
 G. Williams 8 White 8  
 SUBS: Oak Ridge Smith 21,  
 Morrow 4  
 Lenoir City 14 16 8 22 - 40  
 Oak Ridge 14 14 19 20 - 47

Lenoir City was led by Tim Cunningham with 18 followed by Mitch Keebler and Warren Mellon with 16 and 12 points respectively.

Lenoir City also lost the boys "B" game 56-47. The loss was the first in 47 games for the Panthers over a span of

**BASKET FOR MIKE:** Lenoir's Mike Messamore taken aim on the basket for a field goal against the Cleveland Blue Raiders. Lenoir won the game 44-43 to swap one point victories and a split of Tuesday night's twinstill.

## Loudon, Cleveland Swap One Point Hoop Victories

The Loudon Redskins squeaked past Cleveland Tuesday night 44-43 on a pair of foul shots by R. L. Brannan with just 14 seconds left on the clock. The non-league victory was the second over the Blue Raiders in two weeks by the Redkins and broke a two game losing skid for Loudon. Sophomore Donnie Thearp led the parade with 18 points and 15 rebounds. The rugged front line had a tremendous first half with 10 points out of Loudon's 24 team total.

Cleveland took great measures to stop the hot shooting Thearp in the second half and thus left the scoring alleys open for William Casler and Mike Messamore. The Redkins 1-2 offensive

**LASSIE LEADER:** Loudon's Marilyn Smith with 26 points paced the Loudon offense Tuesday night in a real cliff hanger won by Cleveland 51-50.

Loudon fashioned an early 12 point lead over the Cleveland five but had to settle for a 12-4 first period lead. The second quarter was all even with Loudon holding a 24-18 in termination score. The second half was a game of defense for both teams. Loudon lost two points at its lead in the third canto and finally became locked in a 37-37 tie with four minutes left in the game. Cleveland took a one point advantage on a foul shot and the two teams played swap out for the next three minutes. Loudon finally bagged a field goal for a 42-41 lead and recovered the ball from Cleveland. Brannan's last shot and the hustling junior made the pressure shots to ice the win as Cleveland raced down the court and scored. Loudon hit 16 of 49 shots for a 32.6 percent and actually won the game from the foul line with a 15 for 21 shooting. Cleveland outscored Loudon by six points from the floor on 16 of 51 shots for a 31.3 percent but hit on just five of eight foul shots for the game difference.

Loudon won the battle of the boards with a 38-31 edge.

The victory gives the Redkins a 10-9 season record.

The Loudon girls were dealt a disappointing 51-50 setback in the girls game. The Lassies had dominated play in the first half and once owned a commanding nine point lead before a second half rally by the Raiderettes placed the game in reverse with Loudon trailing by five points with less than a minute to go in the game.

## Greenback Holds Off Blue Devils For 10th Cage Win

Greenback had to stave off a determined Vonnore Blue Devils home court advantage to post a 56-44 basketball win Tuesday night.

The Cherokee's got out to a 15-12 first quarter lead but were never able to apply the offensive knock-out lock for a easy victory. The victory was the 10th for the season for Greenback, while Vonnore is yet to win a game.

Bill Joe Kyker and Larry Ritchey combined for 50 of the Cherokee's points with Kyker setting the pace with 27 followed by 22 for Ritchey. The Greenback girls were 41-38 in the preliminary game up-48 as the Vonnore sextet nounced Tuesday.

A small college football playoff system for schools in both divisions, I and II, was approved by the National College Athletic Association in Chicago last Saturday. The NCAA announced Tuesday.

The Lassies turned on the steam in the closing minute with Marilyn Smith engineering a Loudon scoring blitz that saw the wirey for-

ward step to the foul line and out the score to 31-48 with 43 seconds left in the game. A steal by Smith and another Cleveland foul gave her two more chances and the Lassie leader hit both shooting pressure shots.

Cleveland was guilty of a turnover in an attempt to get the ball down the floor and Loudon had 23 seconds to erase the 51-50 count. The Lassies worked the ball for a scoring shot and as the Cleveland defense became more relaxed Smith tried to hit a speeding Jane Shubert with a scoring pass under the basket, but the pass was high and Shubert could not control it as it sailed out of bounds and with the ball went the possible victory.

The loss ended a four game winning streak for the Lassies. Loudon displayed a balanced offense with Marilyn Smith hitting 26 points on eight of 15 shots. Jane Shubert hit six of 15 field goal tries for 14 points and Debbie Hawkins hit five out of six attempts for 10 points. As a team the Lassies hit 19 of 36 shots for a 52.8 percent, their best shooting percentage of the season.

Cleveland hit an even better percentage with 20 baskets out of 37 tries for a 54.1 percent. Loudon hit 12 of 16 foul shots and Cleveland claimed 11 of 15.

## The 1973 Super Beetle is a whole different car inside.

For one thing, there's a lot more inside. We're giving you plenty of legroom up front. And fantastic headroom. We've also done a nice thing for your nose. Our new windshield is pushed way forward, and curved. It's actually 42% larger.

For comfort, the seats, too, are curved. The same way that you sit on it. And the same way your back is.

Inertia type seatbelts buckle up as standard equipment.

The padded dash is completely redesigned. To be read in a flash.

Getting in and out of the back seat of the Bug is now pretty easy even for non-athletic types.

And we've had some very fresh ideas about air. And how to circulate it. Our remarkable improved ventilation system even de-fogs the side windows.

Altogether, the interior of the 1973 Super Beetle is so radically different, you'd have a hard time knowing it was a Beetle, except for the steering wheel inside.

There remain, however, certain things that will give you the clue that you're driving a VW.

Economy. Dependability. Our good old never-give-up character.

The beauty of the new inside may be its beauty... But the fact that it comes in the car it does, is the most beautiful part of all.

Few things in life work as well as a Volkswagen.

## March Of Dimes Telerama This Weekend

The main event of the annual March of Dimes campaign involving the Loudon County Chapter of the MOD is slated for this week in the form of the March of Dimes 4th Annual Telerama. The telerama, featuring stars from Hollywood and Broadway, will be aired on WATE-TV, channel 4, from 11 p.m. Saturday continuing without

interruption until 5 p.m. Sunday. Mrs. Clarence Robert Wilcox, Director of the Loudon County Chapter of the MOD, announced that her husband will act as county coordinator of the local Telerama functions. As in the past the office of the Loudon County Herald will serve as County Telerama

Headquarters and all pledges can be made by calling 432-2087 or can be brought by the newspaper office at 303 Cedar Street in Loudon. Some 20 East Tennessee counties supporting the Telerama contribute heavily to the March of Dimes Birth Defect Center at the University of Tennessee Memorial Research Hospital.

In addition to this support, each county also provides assistance to families affected by birth defects on a local level, with funds raised in the March of Dimes events and program through schools and county health organizations. In the past a number of Loudon County children have received direct assistance through the Loudon County March of Dimes.

Last year the Loudon County Chapter accounted for \$259,94 raised through the Telerama and the Mother's March. On an area-wide basis the Telerama raised more than \$80,000.

This past Sunday was Mother's March Sunday in Loudon County. Mrs. Wilcox said that all group captains have not yet reported but more than \$100 has been turned in and she expects several hundred dollars more.

Among the local talent acts that will appear on the Telerama will be Bob Brackett and his band. Although not confirmed several more local individuals and groups are expected to appear during the telecast.

Billy Lee, known as Mr. Top Toes will be one of the headliners on the Telerama. He has appeared several times in the past and has become a popular personality on the program. Others include Lee Kirk, television, stage and night club entertainer; Donna Jean Young, seen frequently on Laugh-In; Child Hart of the Lawrence Wolf program; and David Canary of Bonanza.

Special stars listed on the Telerama line-up are Tennessee Poster Child Leanne McGill and National Poster Child Paula Pfeifer of Tulsa, Oklahoma.

### County's Last Spanish-American War Vet Dies

(Continued from Page 1)

George and Jack, of Knoxville, Arch, of Loudon, Boyd, of Sweetwater, Clarence, of Greenville, Clyde, of Indiana, Hugh of Mississippi; daughters, Mrs. Floyd (Helen) Akins, Indiana, Mrs. Bob (Ruth) Halbert, North Carolina; several grandchildren and great-grandchildren; one great-great-grandchild.

Funeral services were held Friday at First Baptist Church. Rev. Bernard Courtney and Rev. G.C. Rainwater officiated. Karnes Funeral Home, Loudon, in charge.

### LC Youth Charged With Bomb Threat

(Continued from Page 1)

ATF and U.S. Treasury Agents initiated an investigation Monday into the possibility of bringing federal charges in the incident.

Sheriff Clower said it was his desire to withhold the name of the juvenile alleged to have made the threatening calls. He was released under bond late Monday to his parents.

Sheriff Clower said that all agencies had pledged to continue to cooperate in the apprehension of any person involved in telephone scare calls.

Such threats are violations of state and federal laws and carry penalties of up to five years in prison and up to \$5000 in fine, the sheriff said. Sheriff Clower expressed his appreciation to the agencies and officers participating in the investigation which led to the arrest of the youth.

### 43 Firms Invited To Make Timberlake Proposals

(Continued from Page 1)

native style of life to those who will be attracted by the new employment opportunities at Timberlake and to those who are employed in the nearby Knoxville metropolitan area.

3. It should be a place which accepts and involves all social, economic, and racial groups in the community fabric.

4. It should be a community with strong ties to the surrounding region; Community facilities and services will be available to the people living beyond the limits of Timberlake municipality.

5. It should be fiscally viable while providing a high level of urban services to the broad range of income groups.

6. It should be a development whose features would be applicable in other parts of the Nation.

7. It should allow both management and labor of the industries located in Timberlake an opportunity to

participate in planning and development.

TVA and the Boeing Company have jointly conducted certain studies on the potential of Timberlake. Both paid their own costs and there was no commitment to Boeing's participation in development beyond the study. TVA participated in the studies on the condition that the results would be made available to other prospective developers.

Some of the studies included project objectives, industrial development potential, recreation development, and guidelines for providing facilities and services for Timberlake residents.

TVA said the dam will create a 33-mile-long lake, the upstream end of which will be adjacent to the western

Mountains National Park, which already attracts 8 million visitors annually, and the Cherokee National Forest, which is growing in im-

portance as a wilderness area. The city's location in east Tennessee is part of an urbanizing region extending from Virginia to north Alabama with major growth centering on Knoxville and Chattanooga.

Tellico Lake itself will have a commercial recreation potential based on an estimate of 1.2 million visitor-days when the reservoir is impounded. In 1966 the visitation is expected to reach 2.5 million visitor-days.

## Your County In Action

BY  
**Harvey L. Sproul**  
LOUDON COUNTY JUDGE

"The arbitrary opinions of the entrancing female of this house are not necessarily shared by its male occupant but are occasionally tolerated by him."

I am true of many other men in this County, have a wife. And I will have to say that she is "entrancing," and I love her very much.

One of the "entrancing" things about her is that she has definite opinions on almost any subject, and naturally her opinions are not always my opinions.

Because we both are occasionally sometimes thrown into the public fish bowl her views and/or my views sometimes become publicly known, and consequently many people may assume that her opinion and my opinion are always the same.

But, of course, this is not necessarily true, as most husbands and/or wives who read this will agree is true of themselves.

At any rate, I felt it so appropriate that when I saw one of these plaques with writing as shown at the beginning of this column, I bought it for myself for a Christmas present and hung it on the wall in our kitchen.

Sunday a week ago my wife was listening to one of the

highlights and tribulations of my past weekend, which came in first just above the statement of my son who, after returning from a party explained that he had played "Spin the Bottle" for the first time.

I guess the third spot on my weekend list came when Sylvia and I took our kids and some of the neighborhood kids to Knoxville to roller skate. Having gotten that far, we naturally had to put on skates (amidst 500 screaming kids) to see if we had any talent remaining from our more youthful days.

I guess number four on the list (which may be ought to be number one) was the Super Bowl.

If 70,000,000 people watched this program nationwide, I wonder how many watched it in Loudon County?

This question of relationships between husbands and wives, reminds me that it would be better not to get married while you're a member of a public body.

At our Quarterly Court meeting last week when Squire-Mayor Roy Bledsoe, recently married as you may know, came in late to the meeting, and had to leave early, there was no way for him to explain that he was having problems with the snow. This just did not get by without the other members of the Quarterly Court ribbed him quite unmercifully about the snow having nothing to do with it.

Where to go for all the information you need about your new community.

1-75 at State 95  
Lenoir City, Tenn. 37771  
Phone (615) 986-2011

I have just received a copy of the January 10 "Monroe County Observer", crossing editor Dan Hicks' newspaper, and find that Monroe County has already received its audit report from the Comptroller's office covering through the period through June 30, 1972.

Loudon County has not received its audit report as yet, but I found the comments very interesting and possibly somewhat indicative of the type of comments which we may receive in our audit report in Loudon County.

By looking at those comments, we can compare the progress that we have already made to meet State standards in Loudon County, and can possibly look ahead to some other possible improvements in the future.

If something else more important does come to my mind in the meantime, I will try to discuss some of these matters in the column for next week.

Most of us know that a steer is not all steak, but many of the consumers haven't yet made this important discovery. Those connected with the Livestock industry have decided to pool their efforts in providing an educational program to explain to the beef shopper that there is really no short cut to beef production. Brochures and other educational materials are being prepared emphasizing this.

When consumers buy more beef, supplies are used up and prices tend to rise. Rising prices are the automatic "signal" to farmers to increase beef cattle numbers. This is the old law of supply and demand working. The increase isn't immediate, because it takes three full years from the time the farmer decides to increase production, until there is more beef at the food store.

When consumers buy less beef, there is no way to shut down the beef production line. Farmers must market the cattle they have on hand when they're ready, regardless of price. So the supply continues, even though demand falls off and prices fall.

Cattle prices have only recently recovered to the level where they were about 20 years ago. But during that same time, farm cost have skyrocketed. Beef cattle farmers and feeders have boosted beef production a whopping 2.5 times in the last 20 years, despite discouraging prices. At this same time cattlemen have produced four times as much choice beef.

## Volunteer Deep Steam

Extraction Company - A Division Of GREER'S

# CARPET CLEANING

### Will Make Your Carpet Look Like Brand New!

Live steam penetrates the pile, dissolves dirt and then is drawn out of the fabric by a very strong vacuum. No soapy film is left to dull the colors! Carpet is left dry! Pile is fluffed up like new.

**New Adult Program Told**

As a part of the Adult Continuing Education Program, Hiwassee College and the Little Tennessee

Valley Educational Cooperative is jointly sponsoring a two-part workshop to provide area educators and other interested persons basic knowledge of educational television. The workshop will cover what educational television is and how to use it effectively in the classroom.

and will emphasize practical aspects of educational television, providing participants an opportunity to operate basic equipment. The program includes a study of video tape recorders, cameras, monitors, etc., and their comparative and cost analysis, as well as their

operation, application, and production techniques. The workshop will be conducted from 7:00 p.m. until 9:45 p.m. on February 6 and 8 in the Harwick Johnson Memorial Library on the campus of Hiwassee College, Madisonville, Tennessee.

The workshop is interested in participating in the workshop please contact Mr. Ken Yamada by calling 442-3343 or the Little Tennessee Valley Educational Cooperative at (Alico) 964-5010 or (Knoxville) 546-1061. The workshop may have to limit enrollment and registrants will be taken on a first come, first-served basis, either by phone or mail. No fee for this educational television workshop will be charged.

**New Social Welfare Program Announced**

Mrs. Jessie Ridenour, Loudoun County Welfare Department Director announced this week that the Tennessee Welfare Commissioner Fred E. Friend has

**South Central Rates Adjusted**

"Adjusted rates, providing the additional \$3.7 million annual revenue recently recommended by the Tennessee Public Service Commission, were placed in effect January 17," South Central Bell Manager E.W. Clark said.

"The revisions," Clark added, "included an increase for residence one-party service which increased \$1 for residence and \$2 for business. Some increases also have been provided for long distance calling within Tennessee on person-to-person calls only."

The \$3.7 million increase was authorized January 10 by the Davidson County Chancery Court. During the proceedings, the Company requested permission to place new rates into effect immediately that would produce the 8.7 percent rate of return which the Commission had earlier held as "fair and reasonable." Clark noted that the earlier held as "fair and reasonable." Clark noted that the request was made in anticipation of delays in the final disposition of the Telephone Company rate case.

"The increase would have totaled \$8.2 million," Clark said. "It would have been placed in effect under bond to assure the refunding of any overpayments that might have resulted from a final court decision for a lesser amount."

"In refusing our request for rates under bond," the South Central Bell Manager said, "Chancery Court authorized the \$3.7 million to become effective no later than January 17th. The court advised both parties that our case would be set for trial on January 29 and that the court would render a decision during the latter part of February."

**Selvidge Promoted**

Marine Sgt. Sheila J. Selvidge, daughter of Mr. and Mrs. Carl C. Selvidge of Route 3, Loudoun, was promoted to her present rank while serving at the Marine Corps Air Station, Cherry Point, N.C.

**Huskey Ends Navy Course**

Navy Airman Apprentice James K. Huskey, son of Mr. and Mrs. Bill Huskey of 722 W. Broadway, Lenoir City, completed a specialized aviation maintenance course at the Naval Air Station, Patuxent River, Md.

**Burkholder Completes Basic**

Navy Petty Officer Third Class Garry L. Burkholder, son of Mrs. Christine Lauder milk of Route 1, Lenoir City, graduated from the basic Enlisted Submarine School in Groton, Conn.

The school trains selected candidates in submarine escape, safety, systems and operating principles in preparation for assignment to submarines in the Pacific and Atlantic fleets.

**Airman Phillips At Keesler AFB**

Airman Jack D. Phillips, son of Mr. and Mrs. William E. Phillips of Rt. 1, Lenoir City, has been assigned to Keesler AFB, Miss., after completing Air Force, basic training.

During his six weeks at the Air Training Command's Lackland AFB, Tex., he studied the Air Force mission, organization and customs and received special instruction in human relations.

The airman has been assigned to the Technical Training Center at Keesler for specialized training as a personnel specialist.

Airman Phillips is a 1972 graduate of Lenoir City High School. His wife, Sarah, is the daughter of Mr. and Mrs. Kyle F. Stooksbury of Rt. 2, Lenoir City.

announced the inception of "Goal Oriented Social Services" for Tennessee. The Commissioner described the new approach in its simplest form as "the worker and the client agree as to where the client is now, where he wants to be, how he will get to where he wants to be, and whether or not the process was successful."

Commissioner Friend said that the key to the success of this method is the "recognition of barriers preventing goal attainment and planned intervention for barrier removal."

The goal oriented concept is new and is an outgrowth of manpower utilization studies done in the Welfare Department. Commissioner Friend then began the studies in

Tennessee which took a more pragmatic view of social work.

Commissioner Friend went on to say "Governor Dunn told us when his term began to take nothing for granted, that we should re-examine each program and determine whether or not it is operating as efficiently as it could, and serving our clients in a manner which was totally in their best interest. We in the Department are convinced that this approach will not the client greater results than ever before, thereby reducing the number of people needing public assistance."

One of the functions of the new system in contrast with the old method is that the new system requires the client to participate in his own

rebuilding process rather than having it done for him. This approach also came as a result of many studies in human motivation. Most of the studies pointed up a fact which students of human nature have known for years: people will go all out to do something when they are convinced that it is their own idea.

Commissioner Friend gave an example of how the new system will work in its practical application: "If the goal is to get the client's job read then the next step is to identify the barriers to 'job readiness' which may be some lack of skill or lack of child care facilities. The caseworker and the client remove the barriers by affirmative action, thereby attaining the goal."

**CO-OP Tires**

How can you tell? About the tire... about the price? With so many different tire-building materials... and the many ways they are used, it's confusing to the buyer.

At CO-OP we test at length, to prove new designs before we adopt them. To be sure they are worthy of our name and our warranty... of quality standards our customers expect.

If it says CO-OP, you know it's worth your money. We think you appreciate that.

**CO-OP Rated Batteries**

They're rated for cold-starting power at zero degrees — 25% for reserve capacity — to keep you rolling if the charging system fails.

We match the battery to the needs of your engine. We provide up to 45% more cold-power amperes... 65% more reserve capacity than standard original-equipment batteries. Any doubt that CO-OP is your best buy?

**CO-OP Lubrication**

Most engine oils are formulated to meet specifications established by engine manufacturers. CO-OP oils exceed these specifications... even the toughest, those for vehicles with emission control.

For high-detergent cleanliness... for heavy-duty lubrication under all conditions... select CO-OP dual or straight-weight oils to protect your engine.

Our greases, transmission lubes, and filters are of the same high quality.

FROM DRUGS TO JESUS is the story of John Wilburn, shown above, in the Coffee House he runs in Maryville.

## Love Shop Brings Message To Loudon

by Larry Cate

A group of young people who have been caught up in the "Jesus Movement" across the nation are going to bring their story, which reportedly has led to more than 600 Christian conversions to a Loudon church later this month.

The young people, all members of the First Baptist Church of Alcoa, will appear at the Valley View Baptist Church on Vonore Road about seven miles East of Loudon, Pastor Tag Kilgore announced this week. The young people will be speaking in all Sunday School Classes as well as in the 11 a.m. Worship Service on Sunday, January 28.

The leader of the group is John Wilburn, a young man from Kentucky, who at the age of 22 was an alcoholic, wanted by police on rape charges, had been a drug user and pusher.

About six months ago Mr. Wilburn opened a Coffee Shop and Love Shop on Harper Street in Maryville. The purpose of the Coffee Shop and Love Shop is to witness to young people who have had drug problems or are in trouble with the law. Since Wilburn started his work in Maryville some 50 young people have been converted. The operation there has grown to a fulltime staff of six persons, all teenagers or in their early 20s.

Wilburn had a similar Shop in Mississippi where he claims to have brought 600 persons to Christ.

Wilburn was kicked out of school in Mississippi because of his life style. While serving with the Armed Forces in Vietnam he started using hard drugs and wound up in the black market, stealing and selling goods to support his drug habit. This led to his courtmartial and dismissal from the service.

When he went back to school a campus policeman witnessed to him. After this he opened his Coffee Shop and Love Shop. A group of gang members tried to wreck it one night and in their attempt Wilburn talked to them about

their life and won them with his lay ministry. It was in this shop he claimed to save 600 young people, who were formerly drug addicts and gang members. Wilburn once tried to commit suicide by running in front of a moving car but he fell and landed just a few feet away from the wheels.

His Coffee Shop in Maryville is open six days a week. There are Bible studies each Monday at 4 p.m., Fellowship at 6 a.m. on Thursday and the Love Shop a book store on religion is in the basement and open also from 10 a.m. to 5 p.m. each day.

## AF Chaplain James Millsaps Going To Italy

Air Force Chaplain (Captain) James W. Millsaps, son of Mr. and Mrs. John M. Millsaps, Sr., Rt. 2, Greenback, has graduated from the Air University's Squadron Officer School at Maxwell AFB, Ala.

Chaplain Millsaps was specially selected for the 14-week professional officer course which prepares junior officers to perform command and staff duties required by the Air Force.

The curriculum covers communicative skills, leadership, human relations, national security, management resources and international relations.

The chaplain is assigned at San Vito Air Station, Italy. A 1966 graduate of Everett High School, Maryville, Tenn., he received a B.A. degree in bible in 1962 from Carson Newman College, Jefferson City, Tenn. He earned his B.D. degree in theology and his M.R.E. degree at Southwestern Baptist Theological Seminary, Fort Worth, Tex.

Chaplain Millsaps' wife, Sandra, is the daughter of Mrs. Warner T. Bailey of 108 W. Walnut St., Booneville, Mo.

LOVE SHOP—This is the front of the Love Shop in Maryville where John Wilburn conducts his lay ministry to young people who have become involved with drugs.

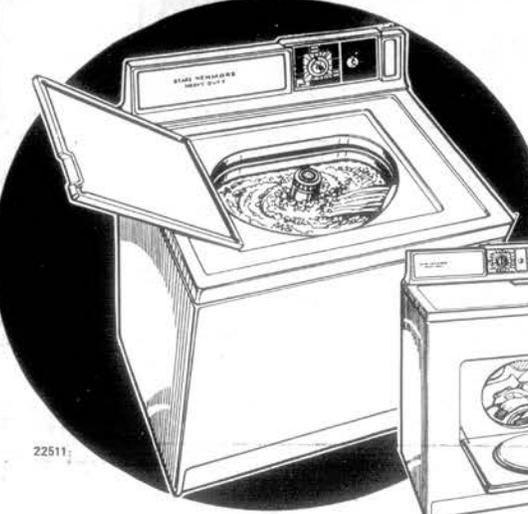

BUSINESS IN LOVE SHOP—A member of the Love Shop staff is shown selling Jesus material to two teenage girls.

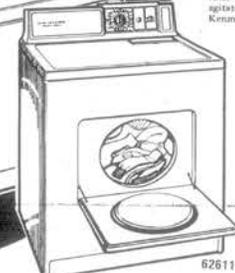

COFFEE HOUSE STAFF—John Wilburn (back left) and his staff of young people are shown in the Coffee House they operate in Maryville.

## More Wives At Work In Loudon Co.

In Loudon County, more married women than ever before are leading double lives—as home makers and as job holders.

In stores, factories, business offices, the professional fields and elsewhere, women at work in the order of the day. Managing the double life takes a bit of doing. Making it possible is the array of labor-saving devices and equipment that has cut down the time needed for household chores.

In addition, there is the great variety of prepared and semi-prepared foods that enable them to turn out a meal in jig time.

The latest figures indicate that no less than 43.9 percent of the married women in Loudon County are now employed outside the home are looking for such employment. In 1960 the rate was 32.7 percent.

Nationally, there are nearly 19 million married women who go to work each day. Some of them have full-time jobs and some part-time. They outnumber their single sisters by about 50 percent.

The facts and figures are from the Department of Commerce, the Labor Department and others.

They show that married women have drastically altered the job market in the past decade. They accounted for 43 percent of the total number of new job opportunities and about 75 percent of the female employment gains.

Much of the increase has been due to middle-aged

women who have more time on their hands, now that their children are growing up.

However, the major advance in the past five years has been among younger married women, those in the 20 to 24 age bracket, working to supplement their husbands' income. There are 40 percent more of them at work now than there were in 1966, says the Department of Labor.

The figures for Loudon County show a rising proportion of women—married

and unmarried—holding down jobs.

The 1960 census listed a total of 2,792 in the labor force, equal to 21.4 percent of the local female population of working age.

According to the latest census, it has now reached 42.5 percent, with a working force of 3,878.

Elsewhere in the United States, the average is 41.4 percent and, in the State of Tennessee, 41.1 percent.

Survivors include: wife, Mrs. Lela Franks, Cincinnati; son, Dale, Cincinnati; daughter, Susie, Canada; brothers, Clarence (Cotton) Franks, Loudon, Jess Franks, Sweetwater; sister, Mrs. Joe Menard, of Ohio, Mrs. Benny (Frances) Deford, Loudon, Mrs. Ernie (Beulah) Bisher, Cincinnati; one grandchild. Funeral services were held Thursday at Karnes Chapel. Interment in Watkins Cemetery. Karnes Funeral Home in charge.

Miss Maynard Named DAR Good Citizen

Mary Lou Maynard of Greenback High School has been awarded Greenback's DAR Good Citizen award. She is the daughter of Rev. and Mrs. Hugh Maynard. She is one of the top three in her class, president of the Y-Tenns, a Beta student, and helps with the youth choir. She has worked the past two summers at Eastern State Psychiatric Center.

**PURDY RETIRES FROM UTILITIES**—One of the oldest, in terms of years of service, employees of the Loudon Utilities retired last Wednesday. Above Odus Raymond Purdy (right) is shown receiving a watch from Utilities Manager Charles Burnette. Mr. Purdy worked with the Utilities Water Department from 1931 to 1973, a total of 43 years. He was honored by his co-workers at a reception at the Utilities building last Wednesday. Mr. Purdy and his wife, Kate, reside on Cedar Street. They have three children and four grandchildren.

Loudon County

VOLUME 88, ISSUE NUMBER 5 LOUDON, TENNESSEE, THURSDAY, FEBRUARY 1, 1973 TEN CENTS PER COPY

**The Clipboard**  
By Larry Gate  
Editor

**LOUDON COUNTY'S VIETNAM HONOR ROLL**  
According to our records there were 17 Loudon Countians who lost their lives in Vietnam. We don't have the numbers but there were probably twice that many who were wounded or injured in the war, and there were probably several hundred young men from the county who served there.

Now that the American involvement in manpower is to end with the peace agreement, we hope no more young men from here or anywhere for that fact die in that war.

Although the peace there is shaky and fighting continues and we have heard of more American deaths after the ceasefire, the prisoners of war are coming home. On this point Loudon County was lucky. We know of no local men who were taken prisoner or listed as missing.

We would expect that planning will now begin for the erection of a suitable monument in the county courthouse lawn to memorialize the dead of this war. It has been suggested that a completely new memorial, recognizing the victims of both World Wars, Korea and Vietnam be built. This seems to us the best idea, since the World War I and II monuments are in poor condition and there is none for Korea or Vietnam.

Our records show the first Vietnam death from the county came in Feb. of 1966 and the last in April of 1970. Their names are listed below. If there are others, please contact us.

1. Pvt. Hugh Allen Love, 26.
2. Spec. 4 Dennis T. Hayworth, 26.
3. B.TS-Mate Hubert Tuck, Jr.
4. Cpl. John Simpson, 21.
5. Spec. Danny King, 21.
6. T. Sgt. James Krouse.
7. Pfc. Earl Bridges, Jr., 24.
8. Sgt. Benny Burns, 20.
9. I-Col. Larry Dale Webb, 22.
10. Pfc. Larry Edward Foster, 18.
11. 1st Lt. William O. Steed, 23.
12. Spec. Johnny McCarrell, 20.
13. Pfc. Scott Thornburg, 18.
14. Spec. Harvey "Butch" Crabtree, 22.
15. Sgt. Carl Parton.
16. Sgt. Mitchell Stott, 20.
17. 1st Lt. John William Wilson, 21.

## Meets Monday At 3:30 New Justice Center Heads Court Agenda

A number of major items are listed on the agenda for Monday's meeting of Loudon County Court. The agenda released by Judge Harvey Sproul notes that the time of the meeting has been changed. The court will convene at 3:30 p.m.

One of the major items on the agenda includes a report on the filing of a condemnation lawsuit to obtain title to property owned by Thomas G. Henry, Jr., as the location for the County Justice Center. The lawsuit was recently filed in Circuit Court by the county.

Other major items includes reports on the Little Tennessee Valley Educational Cooperative, the Governor's requested budget in reference to assistance to cities and counties, and a report from a State Highway Official concerning the general rural road program.

The complete agenda is as follows:

1. Reading and approval of the minutes of January 1, 1973, regular meeting of the Court.

(Continued on Page 5)

## March Of Dimes Has Best Campaign Here

The Loudon County March of Dimes has scored its biggest success this year, county director Mrs. Calene Wilcox said this week.

Last weekend Loudon Countians pledged or contributed more than \$1600 through the Loudon County Headquarters of the MOD. Mrs. Wilcox said that probably that much more, that will be credited to Loudon County, was called in directly to the WATE-TV in Knoxville during the 19 hour telecast. One major contribution taken to Knoxville was \$500 raised by the students of Lenoir City High School.

The pledges and contributions called in locally are listed elsewhere in this newspaper. Mrs. Wilcox and her husband, Calene Robert Wilcox, who was Telermara coordinator, said they were very pleased with the campaign.

They said that during the day Sunday many young people weathered the steady rain to get out in their neighborhoods to make collections for the March of Dimes and brought them to the Loudon County Herald, local Telermara headquarters.

The largest contribution made locally was by the Veterans of Foreign Wars Post 510 of Loudon who had a dinner-dance Saturday night and contributed \$300 of the proceeds to the fight against birth defects.

Mrs. Wilcox said that persons who made pledges will be mailed cards with instructions on how and where to pay their pledges.

Other than the Telermara Mothers March, already held in most local communities, has brought in more than \$1000—with more expected.

Mrs. Wilcox said that with the large amount raised through the telermara, and other means she hopes Loudon County will have a total of more than \$5000 for the campaign. On an area-wide basis the Telermara raised more than \$100,000.

## Chamber To Meet Tuesday

The regular monthly meeting of Chamber of Commerce will be held Tuesday night, Feb. 6 at 7:30 p.m. in the Chamber of Commerce office.

BILL STAFFORD

ALZENA WRINN

MARIANNE HORTON

## Honor Students, Top 25 Named At Loudon High

Top honor students in the 1973 graduating class at Loudon High School were named in a school assembly last Friday afternoon. The top four honor students will lead the class in Commencement exercises in June. In all the names of the top 25 students were announced by principal William S. Napier.

Valedictorian of the class is Bill Stafford, 17, son of Mr. and Mrs. Gene Stafford. Salutatorian is Alzena Wrinn, 17, daughter of Mr. and Mrs. Fred E. Wrinn. Finishing third and fourth respectively were Marianne Horton and Melanie Horton, 17, twin daughters of Mr. and Mrs. A.J. Horton.

Students at Loudon High School are graded on a 12 point system.

The grade averages of the top four are, Bill Stafford, 12.8; Alzena Wrinn, 10.9; Marianne Horton, 10.9; and Melanie Horton 10.45.

Valedictorian Bill Stafford plans to enter the University of Tennessee at Knoxville upon graduation to major in Mechanical Engineering. At Loudon High he majored in math and science and had minors in Latin, history and business.

In his activities, clubs and honors in high school include, Interact Club, treasurer; National Honor Society, Treasurer; Student Council, Junior Classical League, Secretary; President of his Freshman, sophomore and senior classes; named to Who's Who in American High Schools by both the National Honor Society and National Merit; Mr. Loudon High School; Most Intellectual; FFA; Boy's State.

Bill is a member of Stockton Valley Baptist Church and is Sunday School Superintendent and assistant choir director.

Salutatorian Alzena Wrinn will enter Clear Creek Baptist School after completion of her high school work and later birth defects.

Fourth Honor Student  
Fourth Honor student

Lincoln Memorial University for a major in Special Education.

Her high school majors were in math, science, history and home economics.

Alzena's activities include Pep Club three years; National Honor Society, two years; Junior Classical League, three years; alternate; certificate of merit for NEDT test; Senior Superlative—Most Likely to Succeed; DAR Best American History Student, earned Junior, Chapter and State Degree in FFA.

She is a member of Blainfield Baptist Church and has been a Bible School teacher for two years.

Melanie Horton will also attend U.T. Knoxville to major in Home Economics in interior design and decor. Her high school majors were in math, science, home economics and history.

High School activities and honors include, Pep Club, National Honor Society, nominated for Who's Who in American High Schools; Science Club; Future Homemakers, chapter officer three years; Student Council representative; FFA Volunteer Sub-Regional Parliamentarian; Miss 1973 of Interact Club; earned Chapter, State and Junior FFA degrees; co-chairman of Toys For Tots at LHS; on Junior Steering Committee and member of Junior Classical League.

Marianne was a Girls' State delegate; Miss Sophomore; Miss January of Interact Club; Betty Crocker award; nominated for Who's Who in American High Schools; Junior Classical League; Pep Club; Future Homemakers of America, chapter reporter, chapter vice president, chapter secretary; National Honor Society president; Top scorer in NEDT test; earned Chapter, Junior and State FFA degrees and was top scorer on ACT of her class.

She is employed part time at Myers-Hudson Drug Co., is a member of Cumberland Presbyterian Church where she is a member of the Youth Fellowship.

Rest of Top 25  
Rounding out the top 25 students, in order of their rank and parents names are as follows: 5-Larah McCall, 6-Geraldine Hill, Mr. and Mrs. Geraldine Hill, Mr. and Mrs. Herbert Hill, 7-Martha Miller, Mr. and Mrs. William R. Miller, 8-Bryon Lawson, Mr.

(Continued on Page 5)

TOP 25 AT LOUDON HIGH—The top 25 students in the Loudon High School Senior Class are shown here in a group after their class ranking was announced Friday at the school. They are identified in a story elsewhere in this issue.

## \$7.5 Million For Tellico, Injunction Lift Sought

Seven and one half million dollars of the appropriation request of \$43.2 million for the Tennessee Valley Authority programs contained in President Richard Nixon's 1974 fiscal year budget is for the continued construction of the Tellico Dam project.

Despite area and state objection to the project and direct requests to President Nixon to scrap the project the amount is in the budget request.

The TVA release on the budget said this would allow for full-scale construction to

resume in 1974, assuming that litigation over the project environmental review is resolved.

In another step TVA Monday filed a motion in Federal Court in Knoxville asking that the injunction holding up work on the project be lifted. Work on the project was stopped a year ago when the Environmental Defense Fund won an injunction based on the proposition that TVA had not filed a final environmental statement on the project. The statement has since been filed.

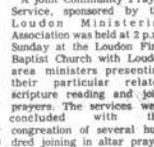

## Peace Agreement Prayer Service Held

By Calvin Lunsford  
Loudon Countians joined people around the world in special Prayer Services of Thanksgiving for the signing of a Vietnam peace agreement. Many of the area churches offered special prayer in their Sunday morning worship services and at other times during their Sunday activities.

A joint Community Prayer Service, sponsored by Loudon Ministerial Association was held at 2 p.m. Sunday at the Loudon First Baptist Church with Loudon area ministers presiding their particular related scripture reading and joint prayers. The services were concluded with the congregation of several hundred joining in altar prayer

for families who had lost loved ones in the Vietnam war and to those who sustained physical injury. There was prayer also for the leaders of all nations involved that the peace agreement would bring lasting peace for the world.

Those taking part in the service were Rev. O.C. Rainwater, retired First Baptist pastor; Rev. W.H. Horner, United Methodist Church; Rev. Clyde Davis, Church of Nazarenes; and Milton Bodlien, Ft. At Baptist.

MELANIE HORTON

## Mrs. Ray Birkholz To Head Heart Fund Drive

Mrs. Ray Birkholz will serve as the campaign chairman of the 1973 Heart Fund in the Loudon area. It was announced this week by Mr. Jake Butcher, General Campaign Chairman for East Tennessee.

Announcing the announcement Mr. Butcher, President of the City and County Banking Group in East Tennessee, said that he has pleasure to welcome Mrs. Birkholz as chairman of a dedicated group of Heart Fund volunteers in Loudon County has in the past done an outstanding job in conducting their campaign against the nation's number one

killer, heart disease."

The goal for Loudon County this year is \$3,000. This money along with other Heart Fund dollars will be spent in medical centers throughout the state to find better ways to prevent, diagnose, and treat heart and blood vessel diseases. Many individuals in Loudon County have been direct beneficiaries of heart research and money has attended the U.T. Heart Clinic for specialized treatment. The clinic is supported by an annual grant from the East Tennessee Heart Association.

The drive will be during the month of February, declared American Heart Month, by an act of Congress. Anyone wishing to help in this year's campaign should contact Mrs. Birkholz.

In accepting the appointment, Mrs. Birkholz said, "I am happy to accept the chairmanship of the 1973 Heart Fund Drive in Loudon. The latest Public Health Department figures show that out of 240 deaths in Loudon County during 1971, 131 deaths, or 54 percent, were caused by cardio-vascular disease; this is the best reason I know for every person in Loudon to work for and contribute to the Heart Fund."

Mrs. Birkholz, the former (Continued on Page 5)

## Now Get Food Stamps By Mail

The Loudon County Department of Public Welfare this week reminded Loudon Countians who have qualified for food stamps that food stamps may now be bought by mail. Mrs. William R. Miller, Loudon County Welfare Department Director said that "anyone eligible for food stamps who wish to be mailed back by mail should ask the local county food stamp office how to obtain this service."

The purchaser will be required to use a cashier's check or a money order to purchase the stamps. In Loudon County the buyer submits a written request for mail purchase of food stamps on a one-time basis.

A form is returned to the buyer by the county office at this time indicating the purchase options that are available to him. The buyer then sends the signed form and his cashier's check or money order to the county office and his stamps will be mailed back to him within five days.

If any person thinks they may be eligible for food stamps they should contact the local Welfare office for an answer as to their eligibility.

APLTR leaders also challenge TVA's recreation predictions, pointing out that TVA vastly exaggerated the number of visitor-days to be expected on two recent projects. TVA anticipated 15 million visitor-days annually within three to five years of completion of the Melton Hill Reservoir, but only 100,000 visitor-days were recorded at Melton Hill in 1971. TVA's prediction of four million to five million visitor-days annually for the Land Between the Lakes was wildly inaccurate. Less than half a million visitor-days were recorded in 1966.

"It appears that they are just pulling impressive figures out of the air in an attempt to fool the public," Elrod said in reference to these statistics and to other inaccuracies in TVA's proposals.

## Guns Taken In Breakin

Thieves entered the Ralph Eldridge home on Sugar Limb Road Sunday morning while the family was gone to church and made off with a number of items, according to a report filed at county jail by deputy Lucian Kent.

Reported taken was a 12 gauge and 410 gauge shotguns, two pocket knives and a number of Indian relics.

The thieves reportedly gained entrance to the house through the front door which was unlocked.

APLTR Blasts  
TVA Statement

The Tennessee Valley Authority has been charged with making predictions which have no basis in fact. Leaders of the Association for the Protection of the Little Tennessee River delivered the indictment after TVA released information last week claiming that the industrial potential of 4,000 to 5,000 jobs for the Tellico Dam Reservoir and commercial recreation potential of 4 million to 12 million visitor-days. TVA has predicted that by 1995 visitor-days to the lake is expected to reach 2.5 million visitor-days.

"There has been too much secrecy in connection with this project," stated W. Kenneth Elrod of Nashville, president of APLTR. "We would like to challenge TVA to explain fully and clearly the basis of their prognosis. This explanation is particularly necessary in light of TVA's failure to deliver on their promise of industrial development for the Melton Hill Reservoir."

## Philadelphia Personals

The Rev. Dillard Hagan will be preaching each evening, Sunday through Wednesday this week, at the Bible Conference at Calvary Baptist Church in Lenoir City.

Mr. and Mrs. Brent Davis are the parents of daughter, April Dawn, born Tuesday, January 16.

Miss Ada Griffiths was the guest last Wednesday of Mr. and Mrs. R.A. Anderson, Sr. in Greenback.

Mr. and Mrs. Tommy Millsaps entertained with an informal dinner, in honor of the birthday anniversary of Mrs. Homer Milspa, Friday, January 26. The guests were Mr. and Mrs. Homer Milspa, Mr. and Mrs. Tom Thornburg and Mr. and Mrs. Eddie Brewer.

Guests for the weekend of Mr. and Mrs. Stanley Davis and Valerie with Mrs. W.L. McGhee were Mrs. Charlie Vermillion of Knoxville and Mrs. Verlie Wilson of Ocala, Fla., both are sisters of Mrs. Davis and Mrs. McGhee.

Mrs. Maggie Henderson was a patient at Saint Mary's Hospital last week for tests and returned home Saturday.

Misses Ada and Mary Griffiths visited Saturday with Mrs. Harry Griffiths at Blount Memorial Hospital in Maryville.

Mrs. Elmer Allen entered the Southwest Hospital Monday for tests.

Miss Louise Alexander and

## Mrs. Shope Is Club Hostess

The Loudon Garden Club met Jan. 24 at the Bank of Loudon County. Carolyn Shope presided at the meeting. Mary Johnson read the devotions. Della Chambers was a guest of the club for the meeting.

Since its last meeting, the Loudon Club has set out eight white pine seedlings in the mini-park, 100 tulip bulbs around the fountain, presented the Loudon Memorial Hospital with a large potted philodendron plant, and sent \$10 to the Care Seed Program.

Grace Hiddings presented a very informative program on the art of drying flowers and the newly obtained in arranging them. Ruby Goodson served as hostess for the meeting.

Winners of the dried flower arrangements were Mary Johnson, Ruby Goodson, Carolyn Shope and Maria George.

## Slide Program Slated Sunday

Slides of the Holy Land will be shown at the Philadelphia First Baptist Church, Sunday night, Feb. 4, in the sanctuary of the church at 7 p.m.

The pastor and his wife, Rev. and Mrs. Dillard Hagan took a 15 day tour of the Holy Land in October of last year. They toured Greece, Egypt, Lebanon and Palestine.

The First Baptist Church sponsored the trip for the pastor and they invite everyone to attend this service and see the slides that were made during this tour.

## Henley Accepts Church Post

Homer Eugene Henley, Jr., son of Mr. and Mrs. Honer Eugene Henley, Sr. of Loudon, has accepted a position with the Friendship Baptist Church in Johnson City, as Choir Director.

Eugene is a Junior at East Tennessee State University, majoring in Music Education and Psychology. He is a member of the ETSU Marching Band, past vice president and president of the University Choral, secretary-treasurer of the Men's Chorus of which he is a soloist. His unique recital is scheduled for the spring quarter.

Eugene is a 1970 graduate of Loudon High School.

Mr. and Mrs. Verlin Masung visited Mr. C.H. Ford in Blount Memorial Hospital Sunday.

Mr. and Mrs. Tony Seaton and Anthony of Maryville were guests of Mrs. Rebecca Burgess Saturday.

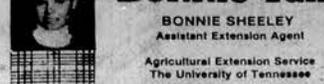

Mr. and Mrs. Sam McCollum Jr. of Maryville and Miss Cindy McCollum of Knoxville U.T. were guests Sunday of Mr. and Mrs. S.B. McCollum and their guests on Thursday were Mr. and Mrs. P.S. Ferguson of Bryson City, N.C.

Mr. G.M. Wear of Maryville visited Saturday with Mr. and Mrs. D.C. Frazier and Mr. and Mrs. S.B. McCollum.

Mr. and Mrs. Devey Ford visited his father, Mr. C.H. Ford in the Blount Memorial Hospital Saturday.

Miss Pat Hill of Knoxville U.T. spent the weekend here with her parents, Mr. and Mrs. Frank Hill.

## Bonnie Talk

BONNIE SHEELEY  
Assistant Extension Agent  
Agricultural Extension Service  
The University of Tennessee

Buying a new piece of furniture is like buying a new suit. It is not just a great lift for your physical environment as a new suit is for your mental attitude. As consumers, we should give much thought to our needs for the present and the future, especially where furniture design, versatility and construction are concerned.

The design of any piece of furniture will hint at what your tastes might be. How you treat that piece of furniture will determine its overall effect on your home environment.

Suppose you've fallen heir to some attic pieces, but truly have a dislike for them and what they do to your room. Before you decide which piece or pieces you absolutely can't abide, and run out to replace them from the local store, give deep consideration to the fact that your tastes may be changing. It could become your favorite item, particularly after several of your guests comment on it. It might just influence the entire feeling you wish to create. Take your time. Here may be the perfect time to try an "eclectic" approach, in other words, combine furniture and accessories from different eras - correlating colors and textures.

## Home Demonstration Schedule

The February schedule for Home Demonstration Clubs follows. All interested persons are invited to attend. For further information, call me at 498-2671.

Greenback	Feb. 6 1:30	REA Building
Easton	Feb. 8 11:00	Mrs. Pearl Elam
Lee Heights	Feb. 13 12:30	Mrs. Hazel Smith
Loudon	Feb. 14 5:00	Mrs. R. Thompson
Martel	Feb. 20 1:00	Martel Methodist Church
Corinth	Feb. 19 7:00	Mrs. Ray Purdy
Lenoir City	Feb. 21 9:00	Mrs. Mary Ann Williamson

The program this month at clubs will be given by home management leaders on "Efficiency Techniques in Management."

LEADERS TRAIN-Home Demonstration Management Leaders are trained in "Efficiency Techniques in Management" at the Bank of Loudon County at Loudon by Mrs. Bonnie Sheeley, Assistant Extension Agent. Pictured (left to right) are Mrs. George Link, Mrs. John Garner, Eatons HDC and Mrs. J.B. Lane, Martel.

HOME MANAGEMENT LEADERS trained for February HDC programs. The demonstration will be on "Efficiency Techniques in Management." All interested persons are invited to attend. Pictured are Mrs. Doyle Arp, Corinth Home Demonstration Club and Mrs. Albert Rainwater of Lenoir City.

## Loudon County Memorial Hospital Report

BABIES ADMITTED: Jan. 22-23

January 22-Mr. and Mrs. Johnson (Betty), a daughter, 6 lbs. 10 ozs.	Curtis James James Redmond

The annual awards banquet at the Loudon County 4-H Clubs were held Saturday evening, Jan. 27 at 7 o'clock in the Lenoir City High School cafeteria with Miss Teresa Goodard, mistress of ceremonies. Miss Penny Kizer won first prize in the apron division and Mrs. Rebecca Hunt and Miss Robin Kizer were first in public speaking of the Junior girls division.

Jimmy Brooks won first in public speaking in the Junior boys division.

Jimmy Brooks was first winner of the Junior High conservation program. Miss Teresa Goodard was first in Junior High public speaking; also she won first in safety and first in the Junior High dress revue.

Among the winners on the county clothing judging team were Miss Gail Galyon and Miss Teresa Goodard. Teresa was the only 4-H member in the county accepted into the State 4-H honor club.

Also receiving awards but not in attendance were members of the judging team, Tommy McNeelley; Darrel McKeelhan; Frank Robinson and Kenny Evans. Miss Gail Galyon, not present was given an award on clothing and a judging team on clothing award.

Miss Rebecca Hunt, also absent won a poultry award.

The Tennessee 4-H Foundation award, which is given to the Junior boy and girl showing the most consistent progress in 4-H work in 1972 was awarded to Miss Robin Kizer and Roger Goodard. County 4-H counsel members from Greenback in attendance were Jimmy Brooks, Levene Long; Teresa Goodard and Rickie Major, Patty, Roddy, Robin and Penny Kizer gave special entertaining numbers for the banquet guests.

A special meeting January 17 at 7 p.m. at Steekee School for a Decoupage Workshop. The demonstration was given by Mrs. Bonnie Sheeley, Assistant Extension Agent, for the club members and the eight guests which were present. Refreshments were served, then the meeting was adjourned with the Club Creed.

# Loudon Honor Scouts Take Survival Trip

By Tommy Henry

Loudon Scout Troop 215 met at the Cumberland Presbyterian Church on the morning of January 18th for the purpose of hiking a two mile trek to Simpson's Farm in freezing weather for a SURVIVAL CAMP.

Due to bad weather conditions, the Scouts were unsuccessful in their plans for trapping and fishing. They ended up eating instant soup and canned stew. After a night of frozen toes and fingers and wet sleeping bags, the fearless Scouts hiked homeward. All participants survived.

# Four Celebrate Birthdays

Sandra Williams, daughter of Mr. and Mrs. A.T. Williams, celebrated her eighth birthday with a party at her home with several friends.

The Browder Club has the largest percentage of 4-H'ers from once club entering posters for the poster contest.

Last week 84.8 percent of the club members turned in posters for the county contest. Mrs. Gwen Dobson is the teacher sponsor for this club.

Survivors include: husband, Walter Watson, Chattanooga; two daughters, Mrs. John Tuck and Mrs. Mack Watson of Loudon.

Funeral services were held Saturday at Click Funeral Home Chapel, Rev. Pleasant Smith officiated. Interment, Mt. Pleasant Cemetery, Click's, Lenoir City, in charge.

Survivors include: husband, Walter Watson, Chattanooga; two daughters, Mrs. John Tuck and Mrs. Mack Watson of Loudon.

# Blevins Fires Redskins Past Lenoir City In 55-50 Hoop Upset

## Speaking of Sports

By DANNY GIBSON  
Sports Editor

Ole "Birthday Boy" Mr. Hustle himself, Rodney Blevins certainly turned in one fantastic basketball game for Loudon Friday night against arch rival Lenoir City. The baby face looking senior guard, with the pleasant grin and constant symbol of human energy hit a career scoring high of 12 points and defied an 11-point underdog role Friday night to stamp a 55-50 upset loss on the Panthers.

The victory was the most impressive of the season for the Redskins which have a 11-9 record to date. Lenoir City, fell to 11-6 for the year, in losing for the second time in four days.

The Redskins playing at a season peak expected at a 15-13 first quarter lead and held their own in the second quarter, departing for intermission with a 29-24 advantage.

Lenoir City, with its senior playing cast showed the poise and team effort which has made it one of the top teams in District Seven this year, in reducing the Redskins point margin to three, with a 19-8 edge in the third quarter.

Not only is Blevins to be praised for his "extra" good play but for a boy used to a three point or less game and to turn in with a gallant showing as was viewed Friday night against what is considered much classier and productive opposition, is it to be magnified. Only the deep dedication and desire to win can such a feeling of pride and happiness be attained. And no greater a feeling could be honored to an athlete any more dedicated and unselfish as Rodney Blevins.

While Blevins was directing traffic on the floor, Coach Hugh Watson was savoring what must be his greatest basketball triumph at the helm of the Redskins team. The District Nine Tournament Championship win over Harriman last winter is certainly not to be cast aside, but man for man teamwork and record wise the Redskins mentor did one "Hell of a job" in preparing his players and drawing up the final plans of victory which seem almost impossible yet happened.

But as long as coaches and players such as Hugh Watson and Buddy Blevins can store the faith and desire to perform on a key of near brilliance then athletics will continue to bring out the true American Spirit of sportsmanship and competition shared by all.

Loudon County is blessed with some of the top state and district scoring leaders in basketball this season. Lenoir City's Marietta Blackburn is the most prominent at the moment. The "blonde gunner" is wrapped up in a shootout for the state scoring title. The District Seven pace setter is fourth in the state ranking with a 31.0 average. Mari Beth Hammonree, Greenback senior is 12th in the state with a 25.6 mark and second in her respective district.

In the boys play Greenback's Larry Ritchey and Bill Joe Kyker are one and four in the small classification scoring of District Three. Ritchey is hitting at a 19.0 clip per varsity assignment while Kyker supports a 15.0 average.

Five East Tennessee schools have formed a league for Class A football teams.

Involved in the new conference, known as the Tennessee Valley Conference, are Knoxville Webb, Knoxville Catholic, Tennessee Military Institute, Maury, and Seymour.

The league begins operation next season.

A possibility of the conference expanding to seven teams is apparent with Midway and Oliver Springs expressing interest in joining the ranks. Starting in 1974, all conference members will play each other. Because so many schedules are already set it will be impossible for the round robin play to start in 1973.

Near the end of the high school football season, the Knoxville News-Sentinel published a list of the top 25 prospects. Today, only one is unsigned, Larry Utley, a tackle from Milan, may have ended his athletic career in a late fall auto accident and is the lone unsigned major grid prospect left on the list.

Tennessee nabbed more than anybody off the most-wanted list, 11, with Memphis State signing four and Vanderbilt two.

Here is the News-Sentinel's top 25 with where they are headed:

1. George Heath, Bristol FB, VPI.
2. Willie Fry, Mem. Northside E, Memphis St.
3. Adolph Groves, Maplewood B, Vanderbilt.
4. David Culley, Sparta QB, MTSU, Vanderbilt.
5. Eddie Lawson, Red Bank B, Tennessee.
6. Anthony Oggs, Sweetwater B, Memphis St.
7. Charles Hannah, Baylor T, Alabama.
8. Jimmy Duval, Tullahoma E, Tennessee.
9. Mike Huskisson, Knox Central B, Tennessee.
10. Danny Jenkins, Elizabethton T, Tennessee.
11. Gil Kyle, Bristol B, Georgia Tech.
12. David Bibee, Bristol QB, Tennessee.
13. Stan Robbs, Chatt. Central E, Tennessee.
14. Charles Moss, Covington QB, Mississippi.
15. Glen Covling, Mem. Overton B, Tennessee.
16. Greg McCallie, Knoxville Rule T, MTSU.
17. Ricky Davis, Mem. Westside B, Tennessee.
18. Dale Fair, Elizabethton B, Tennessee.
19. Eddie Powers, Clarksville B, Tennessee.
20. Rudy Baylor, Knox West QB, VPI.
21. Jay Garrett, Chatt. Central T, Georgia Tech.
22. Billy Austin, mem. Wooddale QB, Memphis S.
23. Ricky Pannell, Mem Frayser LB, Memphis S.
24. Larry Utley, Milan T, injured in car accident.
25. Scott Farrar, Manchester T, Tennessee.

The Loudon Redskins shook off the memory of a 55-50 Lenoir City blitz in the early season meeting of the two hoop squads and defied an 11-point underdog role Friday night to stamp a 55-50 upset loss on the Panthers.

The victory was the most impressive of the season for the Redskins which have a 11-9 record to date. Lenoir City, fell to 11-6 for the year, in losing for the second time in four days.

The Redskins playing at a season peak expected at a 15-13 first quarter lead and held their own in the second quarter, departing for intermission with a 29-24 advantage.

Lenoir City, with its senior playing cast showed the poise and team effort which has made it one of the top teams in District Seven this year, in reducing the Redskins point margin to three, with a 19-8 edge in the third quarter.

BOYS	
Lenoir 133	Lenoir City 139
F. McLamore 14	McMahon 22
Thorp 7	Cunningham 22
C. Canler 8	Harris 8
Branam 8	Kentler 8
G. Blevins 12	Williams 10
Lenoir 12	13 14 15 16
Lenoir City 12	13 14 16 30

Loudon, known for its three quarters of strong play and final eight minute collapse which has resulted in close to half of the Redskins' defeats, never staggered for a minute in the final stanza and met each Lenoir City rally with a clutch basket of their own.

Loudon hit only 37.5 percent of their field goal attempts on 18 of 48 shots, but made up for the modest shooting exhibition with a 17 for 27 eye at the foul line. Lenoir City hit 21 of 47 shots for a 44.7 shooting performance. The Panthers were shy at matching Loudon from the charity stripe, hitting on eight of 13 chances.

Loudon made Lenoir City play their type of controlled offensive game and the run-and-gun Panthers failed to be as effective as they had been in stopping Loudon in the first meeting of the season. The Redskins got the opening tip off an unheralded Rodney Blevins, who shoots sparingly despite the circumstances, hit a rangy 20-footer and Loudon team was off and running.

Lenoir City missed and Canler rebounded. Donnie Thearp hammered in a rebound for Loudon and the count went to 4-0 Lenoir City's Tim Cunningham drove the base line for a basket, but the tempo of the game was set and Coach Hugh Watson's gang appeared to know every note of the song.

The Redskins hit on 11 of 28 shots in the first half with the scoring lead being passed from Mike Messamore, to Donnie Thearp, to William Canler, to R.L. Branam, to Rodney Blevins.

Tim Cunningham was carrying the shooting for Lenoir City with only occasional help from Mitch Greenback.

Greenback, who held slim leads in the waning minutes of the third period, never got into gear in the final frame as Porter took advantage of their consistent playing and the misfortune of several Cherokee offensive turnovers to pull steadily away and then hold on down the stretch to record the District Three win 55-44.

Greenback was led in scoring by Larry Ritchey, the top district point producer with a 19.0 average. The senior guard totaled 22 points to move four tenths of a point ahead of his closest challenger. Knoxville Catholic's Malt Brown (18.6 points per game).

The injury, while not considered serious, made Hammonree dizzy for the game and thus hampered her playing status.

The result was of near disaster. Porter moved to a 16-1 first quarter lead and were never pressed there after.

Kathy Broome led the Cherokeeettes with 10 points, while first team guard Shirley Dotson had to sub for Hammonree.

Miss Hammonree's scoring average dropped to a respectable 23.5 point clip which keeps her in a challenging position for the stretch drive of the scoring title. Mary Beth has tallied 358 points in 14 outings.

The Cherokeeettes continued to improve in the third stanza with Larry Ritchey and Bill Joe Kyker finding the range to bring the count to within two points at 38-36 and the final

Keebler and Doug Williams. The Panthers hit 10 of 23 first

LENOIR CITY CONTROLS—Lenoir City's All State candidate, Tim Cunningham, soars after this rebound for the Panthers during Friday night's hoop clash with Loudon. Loudon won 55-50 despite the 22 point, 10 rebound effort of Cunningham.

REDSKINS "BIRTHDAY BOY"—Rodney Blevins, 5'10" senior guard, proved to be the unsung hero Friday night as Loudon upset highly regarded Lenoir City 55-50. The budding playmaker for the Redskins scored 12 points in his basketball playing with 12 points, seven assists and pulled down three rebounds, not to mention the physical punishment he received in stopping Panther fast breaks and scoring drives with charging foul defensive blocks... and all on his 18th birthday.

## Flu Stricken Cherokees Loose Twice At Porter

Home-standing Porter High picked up a double header victory over the Cherokees Friday night, in a twin bill highlighted by the presence of three of District Three's top cage scorers.

The Porter boys engineered a fourth quarter flurry to win 56-44 over the Cherokees. The state ranked Porter Pantherettes had an easier time of it, facing to a 10-10 tie.

The Cherokees, stricken by the flu bug for over a week, played with only the partial services of starters Joe Major and Tony Linginfelter, while the Greenback's sixth man Jeff Diney was unable to make the road trip.

Greenback slumped to a 18-24 deficit in the first quarter, but the game was the fact that the preliminary game to the Porter sextet.

An important side light to the game was the fact that Greenback's senior scoring ace, Mary Beth Hammonree, came into the game tied for the district scoring lead with Porter's junior forward Stephanie Johnson with 27.4 averages.

When the smoke had cleared and the shoot out was over Miss Johnson had sole possession of the scoring lead with a 27.4 average for 20 games netting a total of 548 points. The crafty junior had 28 points to pace the Porter

half shots, but lost the rebounding part of the contest, which resulted in fouls and added points for Loudon.

Loudon played a very deliberate game in the second half with a mere seven baskets in 19 tries from the field, but the seven goals came in clutch situations with the Panther breathing down their necks for the point lead in the game.

Loudon fought to a 34-25 third quarter lead only to get caught in a bombardment of run-and-gun buckets by the Panthers which cut the score to 34-33.

Rodney Blevins, who was experiencing his 18th birthday while competing against the arch rival Panthers, took complete control of the game at this stage and quarterbacked the Redskins to the heights of their playing abilities.

Blevins caused a Lenoir City turnover with a hard lick on a charge foul by the Lenoir City dribbler. Blevins then started a dribbling act that would cost the Panthers two players by way of four dis-qualifications through the course of the fourth quarter. The Lenoir City pressure

failed to slow Blevins and the wire senior continued to destroy the proud Panther press. Rodney made a lay-up and two foul shots in the final minutes to give him his lifetime high in scoring with 12 points. But Blevins did not stop here as he had seven scoring assists to his credit and three rebounds.

While Blevins was bringing the house down with his clamor of doing what he terms "is expected of me", sophomore Donnie Thearp and junior R.L. Branam were connecting on crucial field goals and tension packed foul shots to preserve the valuable victory.

Thearp led Loudon in scoring with 17 points and 11 rebounds. Nine of his points came at the foul line for the fast improving forward.

Steady Mike Messamore sizzled in with 14 clutch points and pulled down nine rebounds to share handsomely in the taste of a upset. Mike hit six of nine field goal attempts and was forced to set out the final two minutes due to having five fouls.

Rodney Blevins with his 12 counters finished out the double figure scoring of

Loudon. Lenoir City was led in playing by senior all state candidate Tim Cunningham. The 6-5, stand-out hit on 12 of 16 shots and added two foul shots for scoring honors in the game with 22 points. Tim collected 10 rebounds to pace the Panthers in that department also.

Donnie Williams was the chief support for Cunningham with 10 points on three of six foul shots and four foul shots. He has four rebounds.

Loudon won the scrap of the backboards with a 30 to 24 edge. The Redskins also had fewer turnovers with nine as compared to 13 for Lenoir City.

The Lenoir City girls, playing without their number two forward Mary Ruth Dunsmore, now a student at Roane County High School in

## Outstanding Greenback Team Play Avenges Harrison Chilhowee Triple Overtime Loss, 67-54

Greenback began laying ground work for the District Three Tournament Tuesday night with a sparkling 67-54 win over Harrison Chilhowee at the Lions home floor. The loss was only the third in the district for the Lions and the fourth for the entire season. They have won 13 to date.

Greenback had lost three overtime heartbreakers to the Lions back in January and the triumph sets the stage for the Cherokees stretch run to finish fourth in the seeding of the district playoffs.

The Lions started the game with a hot shooting eye and enjoyed a 12-3 lead over half the first quarter. Greenback regrouped its offensive maneuvers and moved to within two points, 14-12, only to trail at the close of the quarter 16-12.

Harrison Chilhowee opened the margin to lead at the second period and kept a 10-point spread for three minutes. The Cherokees again rallied to a 33-29 deficit before the Lions hung a 38-31 halftime score on the board.

The Greenback defense came alive in the third and gave up but two field goals in 15 foot attempts by the Lions. Meanwhile, the Cherokee shooting touch was improving from all parts of the court and Joe Malnor finally gave the Greenback cagers the lead for the first time at 41-40 with 2:48 left in the quarter. The Lions managed to stay on top 44-43 at the end of the period, but Greenback was hitting on all cylinders as the fourth frame opened.

Tim Hammonree roared down the floor to hit three 20-foot bullets in a row and then coolly assisted four of four foul shots to post a 10 point quarter and with his teammates joining the offensive play turned the game into a runaway.

The Cherokees plagued by the flu bug for over a week with only a makeshift team available for varsity duty started the game slow and sluggish. High scoring guard Larry Ritchey took seven of the Cherokees first eight shots and hit one as the Lions used the individual play to jump to an almost uncatchable lead.

But Coach Charles Bailey, also hampered by the flu, settled Ritchey's playing and the point guard turned to a playmaking role and the results were tremendous.

Four Cherokees hit the hoops for double figures and as a team the important man must be figured as the best showing for the Greenback unit this year.

In saluting away the victory the Cherokees hit six of nine field goal attempts in the fourth quarter and 12 of 14 shots while Harrison Chilhowee was able to register but 10 points.

The guard tandem of Larry Ritchey and Joe Malnor paced the win with 16 points each. Bill Joe Kyker had a personal rebounding high of 24 for the night and earned 15 points as he had a strong second and third quarter showing.

Tim Hammonree and Tony Linginfeller crashed the boards in the final eight minutes and shouldered the offensive burden with surprising accuracy as they teamed to turn back the Lions. Cherokee Reserve Mike Evans, who has played a lot in the last three or four contests, came on to spell Linginfeller after he fouled out and did a commendable job.

Hammonree finished with 12 points and Linginfeller totaled eight and 11 tough rebounds.

Greenback had but nine turnovers for the game and collected 50 rebounds. The Lions made eight turnovers and had a mere 30 rebounds. The Cherokees hit 27 of 74 shots for a 36.5 field goal percentage. Harrison Chilhowee hit 23 of 69 shots for a 33.3 percent.

The Greenback girls made the night a clean sweep, breaking from a 16-10 first quarter knoit to a 29-19 halftime margin. A 12-2 difference in the third period

## The Herald SPORTS

1972 Winner of Second Place Award among Tennessee weekly newspapers in Sportswriting

DISTRICT LEADER—Greenback's Larry Ritchey beats a host of Harrison Chilhowee defenders to the basket on this Cherokee fast break. Ritchey is the leading scorer in District Three this season with a 33 point average and led the Greenback play Tuesday night with 16 counters.

### Girls Basketball On Rise In Tennessee

Participation in girls basketball is expected to expand in Tennessee within the next few years, boosting it to the same level as boys basketball, a spokesman for the Tennessee Secondary School Athletic Association said Monday.

Bob Baldrige, TSSAA director of publication, predicted that within five years girls basketball will be played in areas of the state where only boys games exist now.

"We have heard that girls basketball is on the verge of being initiated in the Knoxville area," Baldrige said. "And apparently Upper East Tennessee is not far away from getting it."

The Upper East Tennessee area is one of two large sections of the state where girls basketball currently is not played. The other is Memphis.

"Attendance grows each year. We're averaging 20,000 for the four days."

RIGGED GLASS MAN—Greenback's 6'5" junior center Bill Joe Kyker straps to pull down one of his season high 24 rebounds against Harrison Chilhowee Tuesday night. Kyker also scored 15 points in the 67-54 Greenback triumph.

### Harriman's First Half Bombardment Cool Redskins 68-56

Loudon made numerous turnovers resulting in offensive chances for state ranked Harriman Tuesday night in bowing 68-56 at Harriman. The Redskins had much difficulty in the first half and the Blue Devils piled up a 35-16 halftime bulge at the expense of Loudon mistakes.

Loudon (34) Harriman (48)

### Game and Fish TODAY

By Sgt. Bob Harmon  
Game and Fish Commission

Recently Sgt. Bob Harmon, Millard Brown, Ed Goscoe and Jim Roberts, officers of the Tennessee Game and Fish Commission apprehended four illegal wild boar hunters in the Happy Valley section of Blount County. Evidence found there resulted in charges of possessing a wild boar during a closed season being placed against Wayne Gardner, Leonard Orr, David Orr and Reed Kirkland all residents of Maryville.

When arraigned in General Sessions Court the defendants pleaded guilty. Judge J.N. Badgett, after hearing the evidence, found the defendants to be guilty of possessing game during a closed season and assessed \$275 in fines and court costs and suspended a 90 day jail sentence but placed the defendants on one year probation.

A high price to pay? Not when compared to the thousands of dollars spent annually by legal hunters who enjoy the Great Outdoors during the legal open season. FORGOTTEN SOMETHING? HOW 'BOUT YOUR KILL TAG?

The Tennessee Game and Fish Commission is reminding big game hunters to turn in kill tags for deer they have harvested during the past season, according to Commission Director David M. Goodrich.

"The large majority of deer hunters have mailed their kill record to us," Goodrich said, "but some, in the excitement of bagging a deer, may have forgotten to comply with the regulations."

Director Goodrich said the return-portion of the big game permits are useful in determining the amount of harvest, and its effect on the harvestable surplus.

"These cards are utilized in calculating the number of deer taken, and this is the basis for determining populations and also give us clues to what next year's season should be," the Director stated.

To date, cards returned to the Commission's Nashville headquarters indicate a total of 4,729 deer have been taken on statewide open gun and archery hunts.

**WHY WE NEED A LICENSE INCREASE**

This week's article covers the Law Enforcement Division, its duties, responsibilities and plans for the future.

The Law Enforcement Division is made up of 137 officers, lieutenants, captains and a chief, assistant chief and administrative chief. The Division has an annual budget of one million, five hundred and twenty-five thousand dollars. This money is spent for salaries, expenses and equipment.

The Game and Fish officer is versatile. He is an enforcement officer, enforcing the game and fish laws; also federal laws relating to deer and fish, pollution laws, litter laws, and boating laws.

He is a lawyer presenting his own cases in court; a teacher, teaching conservation of wildlife in schools; a public speaker, addressing civic clubs, sportsmen and garden clubs; a journalist writing daily newspaper articles for the local newspapers; a radio announcer planning radio programs on hunting and fishing; and a public relations man, the good will ambassador between you and the Tennessee Game and Fish Commission.

These are some of the duties of a Game and Fish officer, but what did he do for you, the hunter and fisherman, last year?

First, he is the watchdog over your present game and fish population. His average work is about 60 hours, part of this being spent staying out in subzero weather watching some field to keep some poacher from killing a deer, wild boar, or even a rabbit out of season. He patrols countless miles watching for the taking of squirrels, raccoons, and other wildlife from being killed before the season is open or for the taking over-the-limit.

Last year he arrested 5,538 people for violation of the game and fish laws. He arrested 483 poachers for violation of the big game act and confiscated 14 automobiles, boats and motors and 28 guns used in the

violations. He arrested and prosecuted 275 people for violations of the litter law, dumping garbage into our lakes and streams and on property belonging to others.

Some of these arrests were made for use in recreational pursuit. Yes, he had to arrest several people for violation of the boating laws. Some of these arrests were involved in an accident causing the death of someone because of the carelessness and reckless operation of their boats.

He assisted the biologist in putting out wildlife seed traps to the farming for food for wildlife. Also, he helped in setting up better habitat on farms and he helped collect data for the biologist that would enable them to better set seasons and bag limits.

He has written 5,100 columns in newspaper informing you, the hunter and fisherman, where the best place is to fish or hunt and of the season and bag limit and other information pertaining to game and fish.

He conducted pollution surveys to see if some factory or city disposal plant was dumping substances that would be harmful to the hunter and fisherman, how you could help the game and fish by fishing or hunting for sport instead of the meat and other things such as cutting out training seasons and putting dogs up in summer time, and help eliminate stray dogs and cats.

Is this not a full-time job? The Commission has promised us if the license increase goes through, the Game and Fish officer will receive a salary adjustment, more equipment, and additional officers will be employed to help absorb part of the responsibilities.

Is it not worth it? The increase of the annual license from \$5.00 to \$10.00 will cost you, the hunter and fisherman, less than 3 cents a day and to you who fish only, the increase will cost you less than 1 cent per day for an annual fishing license. Is it not worth it? A program that stands still goes down hill.

Contact your local legislator and let him know you are for the increase in license and get behind your game and fish program.

### Loudon Trips Panthers, 55-50

(Continued from page 6)

Kingston, got 23 points from the "blonde gunner"; Marietta Blackburn and handed the Loudon Lassies a 48-46 defeat in the preliminary battle.

Loudon paraded to a torrid 49-9 lead in the first seven minutes of play and showed no signs of abating at the half as they were held by five, 24-19.

The Pantherettes, with Blackburn scoring from all angles yielding just two points before overtaking the Lassies and settling for a 36-28 quarter tie. Miss Blackburn holding the hot hand as she almost always does, got two instrumental hoops from teammate Pam Smith and the offensive support proved enough to get the Pantherettes by 48-46.

Loudon, for the second straight game, saw their victory efforts become history as they held the half in their offensive court, with only a half minute remaining to be played and the game hanging in the balance.

Miss Blackburn, who got 46 points the last time she faced the Lassies was able to hit on only 13 of 29 shots and seven foul shots for her game high total of 33 Friday evening. Pam Smith's nine points was next in scoring for the Pantherettes.

Loudon placed all three starters in the double figure column with Jane Shubert setting the offensive pace with 17 points. Marilyn Smith had 15 points and Debbie Hawkins followed with 14.

Loudon hit 19 of 45 shots for a 42.2 percent accuracy from the field, while Lenoir City hit 20 of 46 shots for a 43.4 percent accuracy from the field.

The Lassies were better from the foul line hitting eight of 13 for a 61.6 percent mark as compared to eight of 19 for the

### Dim Rak Wins Race

Dim Rak, four year old, imported Polish Arabian racing horse, owned by Dr. and Mrs. Sam Harrison of Arabel Farms of Loudon, last week finished in first place at the Turf Paradise Track in Phoenix, Arizona.

Dr. Harrison announced that Dim Rak is being retired and is due to arrive back in Loudon this week and will stand at stud.

GOOD EATING—Oliver Fields of Greenback caught these nice Sauger while fishing with minnows below Fort Loudoun Dam this past weekend.

FINGERTIP CONTROL—Loudon's top rebounding forward, sophomore Debbie Hawkins, goes high to tip in a basket for Loudon Friday night. The 12' forward has beaten six foot defensive guards for rebounds all season. The embarrassment of opposing coaches and defensive players, Hawkins had 14 points for the game.

Lenoir City sextet and a 42.1 percent accuracy from the field. The rebounding was all even with 20 by each team for the game. Vicki Morgan grabbed seven to lead Lenoir City. Leeper and Dunlap had six

each to balance the defensive play. Loudon was led by Gloria Brown's seven rebounds and followed closely by Connie Huskey, six rebounds, and J.J. Purdy with five.

### Spitz Is Named AP Man Of Year

Mark Spitz buried his image as an Olympic choker under a wave of gold medals at the Munich Games, was a land-slide winner as 1972 Associated Press Male Athlete of the Year.

The muckachooed Californian polled 406 votes from a national panel of sports newsmen. Golfer Jack Nicklaus was runner-up with 22 and baseball pitcher Steve Carlton received 61.

Johnny Bench and Dick Allen, baseball sluggers from the Cincinnati Reds and Chicago White Sox, respectively, tied for fourth with 20 votes.

Spitz, a flop at the 1968 Olympics in Mexico City, thrust to an unprecedented seven golds. He established a world record on every journey

the winner's platform. His was the happy, heroic ride of Munich. Spitz' final victory came eight hours after tragedy struck on that infamous Black Tuesday of murder and terror.

Spitz, a Jew, left in secrecy after Arab gunmen made a murderous intrusion at residence of Israel's Olympic team. He had to come home to and be "ball pitcher Steve Carlton received 61.

Not only a hero, the 22-year-old Spitz is a sex symbol. He's a mixture of Burt Reynolds, Omar Sharif and Joe Namath whose body is sold on posters at \$2.95 per.

He peddles razor blades, milk, etc., on television, billboards and in printed ads. Spitz has made more deals than Monty Hall in the past four months.

STRING OF STRIPES—J.L. Johnson of Lenoir City caught this stringer of stripes while fishing below Fort Loudoun Dam this past weekend. J.L. was fishing with large green jigs.

### Harriman Pops Skins

(Continued on Page 8) The Loudon forwards 8-4. The game was tied going into the final seven minutes of action, but Loudon proved superior with a 13-8 point difference to register their 12th victory of the season.

Sophomore Debbie Hawkins and junior Marilyn Smith led the Loudon scoring with 17 and 16 points respectively. Connie Huskey was the defensive standout for the Lassies, hauling down an individual high of 11 rebounds to top all rebounding honors for the game.

Loudon will travel to Maryville Friday night for a district clash with the Rebels. The meeting is the first for the two teams this season. The Lassie-Rebelle game will be a 6:30 p.m. game rather than the customary 7 p.m. starting time for girls games.

### Steekee Eyes Junior High Title With 7-1 Record

Bruce Lawson Jr. High Reporter Loudon and Steekee boys are battling for the top spot in the AA Division. Both Loudon and Steekee play Highland Park this week. If Steekee can beat Highland Park, they will win the division.

Highland Park girls will be trying to get part of the lead with Loudon this Thursday night. If Loudon wins, they will win the AA Division.

In a non-conference game, the Loudon boys beat Lenoir City by a score of 46-20. Greg Deatridge led the winners with 16 points, with help from Carter Cardwell with eight points. Lenoir City was led by Don Petty with eight points.

In another non-conference game, Philadelphia girls beat Sweetwater by a score of 38-39. Beverly Barr led Philadelphia with 19 points, with help from Bernadette

BRITISH ARE COMING—Lonnie Wetherington, dressed in British Revolutionary dress is shown telling a number of Loudon Cub Scouts about his uniform and gun.

**Around The Farm**  
Charles McCall  
Extension Leader

The University Of Tennessee Agricultural Extension Service

We've received many nice compliments about last week's article. This week in the face of a lot of flack about high beef prices we would like to take you around the world for a look at what's really happening.

Those that complain about high beef prices should try to buy beef in other countries. Beef right now is higher priced in Europe than it is in the U.S. and sells for an even \$7 per pound in Japan!

The picture is even bleaker in South America where a worldwide shortage has severely limited domestic consumption. In Argentina, people eat beef one week then are barred from consuming beef the next. No beef will be slaughtered in Uruguay for four months, and in Chile for four years in an attempt to build production herds. In Peru, no beef is consumed for two weeks at a time, and in Columbia, its not sold in restaurants on Tuesdays and Fridays.

Very few Americans would want any of the above circumstances to happen here. I doubt that it will if we accept the right views.

European beef consumption is made up of approximately 90 percent dairy beef. There is little grain to feed livestock so the quality of beef falls about three grades below U.S. standards. Even though the Europeans seem to prefer their beef this way. Once acquainted with a piece of U.S.D.A choice beef, their taste become more in line with ours.

Even though there is a lot of attention on pricing, we have a lot to be thankful for. The consumer must understand the Beef Industry, and the farmer. We can no longer expect the beef producer to produce near future to the Lost Sea.

Other officers who are serving Den 323 during the year are Herbert Jones, treasurer; Walker Kirk, Walter Carnes, Byron Lawson, and Bob Harmon. Den leaders are Mr and Mrs. Sam Bolt, Mrs. Barbara Spencer, Mrs. Jo Ann Wayman, Mrs. Violet Davis, Lonnie Wetherington, Tom Elliot, and Jimmy Lindsey.

CHURCH NOTE BURNED—Part of the congregation of the Corinth Mission Church, near Loudon, which just recently retired its final indebtedness looks on as pastor Rev. Joe Watson, Charlie Arp and Gene Jones burn the church notes at services Sunday.

**Corinth Mission Burns Notes**

by Calvin Lunsford

The church was built to serve the needs of the rapidly growing section of Loudon, just east of the River Bridge and has had steady growth during its short services in the community.

Its mother Church, Corinth Baptist Church in one of the older Baptist Churches in the county and has been, at this latest achievement points out, active in church organization throughout many years.

The Mission Church building modern in every detail was built at a cost of \$19,000. Consists of a modern sanctuary with central heat and air conditioning. It has five Sunday School rooms and two rest rooms. The leaders at the Corinth Mission were quick to point that without the sponsoring church the debt would never have been retired in such a short time.

The Corinth Church voted on Oct. 18, 1970 to construct the mission. Rev. Virgil Turbyfill was the pastor at Corinth at the time and the building and finance committee was composed of Roy White, W.B. Costner and Norman Arp.

The Church's service to the community began with a revival, which was very successful, and the growth has continued. Joe Watson is now serving as Pastor.

**Cub Scouts Set Events**

By Calvin Lunsford

The Loudon Cub Scouts Den 323 and Webelos, who meet jointly each month, held their first meeting of 1973 last Tuesday night at the Loudon United Methodist Church. The den, sponsored by the church, is under the leadership of Cub Master Tom Mallock and has a membership of 38 Cub Scouts and 12 Webelos.

A highlight of the meeting was a talk and demonstration given by Lonnie Wetherington, who was dressed in an 18th Century South Carolina Militia uniform which consisted of green rifle shirt, white knee breeches, knee socks, cocked hat and cartridge box. He also carried a smooth bore, Brown Bess Munket with bayonet. This musket was used by the British and American forces as standard arms during the Revolutionary War.

Mr. Wetherington gave a talk on the loading, firing and function of this priceless gun of the Revolutionary era.

Plans were formulated for the Blue and Gold Banquet to be held on Nov. 27. This is an annual affair of the Den. A Field Trip was planned for the

**Speaking Event Julian Wins**

Paul Julian was selected as first place winner Friday in the Loudon High School Future Farmers of America Public Speaking Contest.

Tommy Dotson and Kill Kollock were runner-ups in the final contest. Sixty-three FFA members gave speeches in their agriculture classes.

Julian, Dotson and Kollock were first in their classes. Paul is the son of Mr. and Mrs. Henry Julian of Loudon. His subject was "Power and How Do You Use It." He will enter the Knox District FFA Speaking Contest in February. Judges for the contest were Edward Headlee, Mrs. Paul Arp and Mrs. Edward Bellis. Eddie Jenkins Chapter Vice President presided. He was assisted by Eddie Montooth Chairman of FFA State and National Committee.

LETTERS TO THE EDITOR

Dear Editor: I hope you will see fit to print this letter in your paper. I believe there are many people who feel exactly as I do on the matter I am writing about.

I am concerned about the practice in our county of closing the Courthouse for business on Saturday. This practice certainly does not take into consideration the working public, Saturday is the only free day that factory and public workers have to do business at the Courthouse. Business, such as, paying taxes, obtaining auto tags, recording of deeds and official papers and others. In order to transact this business, a worker is forced to "take a day off from work, lose a days pay, use a vacation day, or pretend to be sick. The staying open until 6 o'clock isn't sufficient. There just isn't enough time to take traffic from Oak Ridge and Knoxville and get to Loudon in time to get anything done at the Courthouse. It should be kept open for business on Saturdays.

I would be better for Loudon merchants, too, for people in town for official business would be making purchases in Loudon rather than going to shopping centers in Knoxville or other places. Everette A. McCollum, Route 4, Lenoir City.

Grass Tetany Is Cattle Killer

CHARLES F. MCCALL, EXTENSION LEADER: The time of year is fast approaching for Loudon County beef producers to take steps to prevent cattle losses caused by grass tetany, reports Charles F. McCall, County Extension Leader. McCall says that this killing disease of beef cattle usually hits in late winter and early spring. It may start in December if warm spells cause permanent pasture grasses to start growing.

"Grass tetany is generally defined as a mineral imbalance resulting in a low blood calcium levels as also reduced." The agent says that in many cases the first sign of tetany trouble is finding a dead cow in the pasture. The disease most often strikes cattle under stress conditions. McCall points out that other symptoms of the disease include increased excitability, stumbling and staggering, excessive chewing movements, apparent blindness, and collapsed and convulsing cattle.

To head off grass tetany, McCall suggests that you try to eliminate stress in your cattle, such as sudden feed changes. Provide protection from cold rain and winds. Also, check on your cow herd two to four times a day. Be sure you don't turn cows on sparse, waxy pastures until the pasture can carry them. When you do turn cows into new growth pastures, give them a supplemental energy feed.

From a nutritional standpoint, the agent says beef producers should be sure the level of magnesium is adequate in soil and forage. "You can provide the magnesium blood levels from

these officials spend six days at their job. I am wondering why for instance that Sunday and Monday cannot be their "days off". That would give working people a time to do their needed business at the Courthouse on Saturday.

There are many privileges that these officials have that industrial workers do not have—no clocks to punch, no less in pay if they are delayed in getting to work or miss a day. They can make purchases from merchants during their working hours, visit the barber shop, doctors offices, etc.

It seems to be that our county officials of the courthouse are "in it for their 'own' building, 'own job' to do with as they please, and the public make out as best they can. Maybe it is time for a change in officials—a complete change.

I would appreciate it, if this practice would be reconsidered and kept open for business on Saturdays.

It would be better for Loudon merchants, too, for people in town for official business would be making purchases in Loudon rather than going to shopping centers in Knoxville or other places. Everette A. McCollum, Route 4, Lenoir City.

Kiser Assigned To Blytheville

The largest artillery fireproof demonstration ever to occur at Ft. Sill, Okla., took place Dec. 1 at the Fort's West Range.

Army Private William L. Culvahouse of Oliver Springs, Tenn., participated in the event as a cannoner trainee

U.S. Air Force Sergeant Floyd A. Kiser, son of Mr. and Mrs. J. Kiser, Rt. 3, Greenback, has arrived for duty at Blytheville AFB, Ark. Sergeant Kiser, a security policeman, is assigned to a unit of the Strategic Air Command, America's nuclear deterrent force of long range bombers and intercontinental ballistic missiles. He previously served at Andersen AFB, Guam.

The sergeant is a 1969 graduate of Greenback High School and has attended Hill wassee College, Madisonville, Tenn to provide. The correct amount of magnesium oxide in the ration. It's recommended that each cow get two ounces per day. The ration should include magnesium oxide in the ration to provide two ounces per head daily by December 1, and continue until mid-spring or until the youngest calves are six weeks old.

Remove the cows from the pasture and confine them to a dry lot if tetany symptoms appear, McCall says. Feed hay a legume is possible, and continue until mid-spring or until the youngest calves are six weeks old.

Remove the cows from the pasture and confine them to a dry lot if tetany symptoms appear, McCall says. Feed hay a legume is possible, and continue until mid-spring or until the youngest calves are six weeks old.

Mixed with ground corn or other high energy feed. Sprinkled on corn silage. Feed special protein or mineral blocks especially fortified with magnesium.

Mixed with liquid supplement such as molasses. McCall says that complete tetany can be prevented by magnesium oxide with these feeds are available in his office. Call him at 458-2871 or go by and see him at the County Office Building in Loudon.

Thank You Loudon County For Your Support of the March of Dimes Telethon

Loudon Countians had a great hand in the success of the March of Dimes Telethon over the past weekend that raised more than \$100,000 for the fight against birth defects. Pledges and contributions to the Loudon County Telethon Headquarters totaled more than \$1600 and there was much more called in to Knoxville which will be sent back to Loudon County when the pledges are paid.

We are sorry that all pledges could not be recognized on television, but we wish to thank everyone by this means. There were many touching moments, such as when children came in to the headquarters with jars of money and piggy banks during the rain. We understand that Lenoir City High School took \$500 to Knoxville.

We wish to thank everyone for their help. Members of the Loudon Jaycees who helped work in the local headquarters were Judy Stogner, Robin Waller, Joyce Ridenour, Stewart Elliott and Barbara Gaylon. Others were Barbara Bolt, and Mary Williams.

Below are the pledges and contributions that were brought into the Loudon County Headquarters during the 19 hour Telethon.

Pledges called directly in to Loudon County Telethon Headquarters: Gay Denny 2.00 Jerry, Tom, and Janet Huffman 2.00 Bryan Bowyer 2.00 Mrs. Lucile Purdy 10.00 Kenneth Ray 10.00 Mr. Julian Ogden 10.00 Mr. and Mrs. Charles Cornett, and Keith 10.00 Mr. Gene Bell 10.00 Mrs. Neil Waldrop 10.00 Susan, David, and Sara Whittier, and Bobby Shoemaker 10.00

**BACK IN THE GOOD OLD DAYS**

We have had some response to our request for pictures from the Greenback area of our county. We are very grateful to those who have pictures which they plan to get to us in the near future. We will be most happy to have this area become a part of the Good Old Days.

This week we have a picture of the Greenback area Glendale School. This picture was taken in 1910. We are sure that this school, along with many others, across the county, has closed. But as we have stated in the past, it's student memories or years gone by will live as long as any of them live. A similar picture of this old school was carried in our Centennial issue. We had a request from several Greenback readers to run this picture.

We have pictures we are using this week which were loaned to us and we only have a limited amount of information about them, but we are happy to use them. We are

sure many of our readers have a recollection of these folks from years gone by in our town. One of them is "Doc" Henry Julian and his dog. The other one is one loaned to us by Elard McJunkins of Philadelphia. It is a picture of Elard McJunkins and an unidentified child.

We saw a group of fellows the other day who were busily engaged in the art of knife swapping, which is something we hadn't seen in years. Of course, this doesn't mean it hasn't been going on. Loudon used to have some pretty good knife traders. I am sure many of our men folk recall some of them.

Years ago, farmers and others gathered at the hitch racks and jockey lots, blacksmith shops and other places to trade many things, which included knives. We can recall many of these old locations—one of which was the old Mule Barn operated by the late A.T. Miller. This was located behind Greer Hard-

ware and was an old wood building.

The late Harvey Smullen worked for Mr. Miller at this location. Harvey will be remembered by many for his jovial attitude and enjoyed pulling a prank on someone.

I suppose Harvey knew work stock very well. For many years he handled and cared for mules used in the logging operations of Mr. Miller and other saw mill operators. I am not sure where men who handled stock

in operations of this sort were called mule skinner or not. While we are on general subjects, somebody asked us the other day why kids didn't make stunts to walk on now. Come to think of it, I haven't seen any of those things in a good many years. If you made them when growing up or have seen them, you are from a different era than from.

We ran into Mr. and Mrs.

## Consumer Spending Increase Seen For County

For the Loudon County economy, all systems are "go" for 1973. Everything points to an upsurge in local consumer spending in the months ahead.

One basis for the forecast is the extra amount of cash that local residents will be collecting in the form of checks from Washington.

The chief windfall will be the rebates that will be made to those who overpaid their income taxes last year because of excessive withholding from their paychecks.

Nationally, no less than \$7 billion in such refunds will be going to about 40 million taxpayers during the next few months, the Treasury Department estimates.

The tax refunds to residents of Loudon County will add up to approximately \$602,000 it is calculated, based upon the official figures. The reimbursements will go to some 4,600 people in the local area. They will average nearly \$175 per recipient.

More money will be going, also, to those who are on government payrolls, including the military. They will share in a pay hike of \$2.3

In addition, local residents will share in an extra \$2 billion that will be distributed through social security, on top of the 20 percent increase that went into effect in September, to certain widows, widowers, disabled persons and others.

Offsetting this somewhat are the bigger payroll taxes that became operative at the beginning of this year.

All in all, however, the nation's consumers will have nearly \$11 billion more from these three sources alone.

Assuming that Loudon County gets a proportionate share of it, there will be approximately \$1,200,000 more available to local residents.

With the public in more of a spending mood than in a long time, it is expected that this money will soon be reaching the cash registers of retail stores in the area.

For the national economy as a whole, the forecast is for strong growth in 1973. "It will be fast, cyclical and speculative," according to the Conference Board, "but the problems of controlling inflation may grow more acute."

## United Fund Reports Total Of \$51,771.88

A total of \$51,771.88 in cash and pledges was reported at the United Fund Annual Membership meeting held Tuesday night, Jan. 16 at the Loudon City Utilities Building, bettering the goal of \$47,500 by almost \$4,300. The amount reported at the last meeting was \$47,858.24.

The largest increase came from the Marentom Corp. of Loudon which went from \$5,863 to \$7,673.12. The Greenback area pledges increased from \$437.00 to \$1,109.10. The Loudon City business area totals increased from \$9,322 to \$5,874.35, and the Loudon businesses report an increase from \$2,132.50 to \$2,606.51.

Loudon County and Loudon City schools reported an increase of over \$350 going from \$781.50 to a total of \$1,134.50.

Loudon City residential collections and pledges in-

## Savings Bond Sales Increase 14 Percent

Sales of \$5.9 million in Series E and H Savings Bonds in Tennessee during December represented an increase of 14 per cent over the same month in 1971, according to C.T. Burdett, county savings bonds chairman.

For the year as a whole, sales were \$76.2 million, up 21 per cent over the previous year's figure, and a 26-year record. Loudon County residents invested \$366,015 in the securities, for 128.4 per cent of the year's goal set by the Department of the Treasury.

New three-year term directors for the Loudon County United Fund Campaign are Bob DeLoach, Jack Hill and Robert Hudson. Two-year directors are Gary Kinsey and Tom Mallock and one-year directors are Jack Fickey, Harry Wampler and P.K. Greenway.

**New HB Service**

Now when you are doing your banking with the Hamilton you can also pay your utility bill. Under special arrangements with the Loudon Utilities System and the Piney Utility District you may now pay your monthly bills at any of our three offices and save yourself a trip to their offices.

Just present your bill to one of our tellers for payment and we will see you get credit for payment.

**Hamilton National Bank**  
Loudon, Tennessee

Downtown Ph. 458-4666 West End Ph. 458-4364

## Attention Customers Of The Loudon Utilities

For your convenience we have designated five banks in our service area to collect your monthly utility bills.

These include the following bank offices:  
Hamilton National Bank of Loudon - main office - Grove Street.  
Hamilton National Bank - West End Branch - Loudon.  
Hamilton National Bank - Philadelphia Branch.  
Bank of Loudon County - Loudon Branch - Wharf Street.  
Vonore Branch of the Sweetwater Valley Bank - Vonore.

We feel that having these additional places to pay your utility bills it will keep many of our customers from making special trips to our offices. Of course you may continue to do so or send your payment by mail.

To use these banks for payment of bills, electric, water, sewer or gas, furnished by our system, just take your billing card, with check or cash to any teller at the banks for payment.

We hope this additional service will be of benefit to you.

LOUDON, TENNESSEE, THURSDAY, FEBRUARY 8, 1973

TEN CENTS PER COPY

**CHECKS BODY**—Loudon City Police Chief Wayne Chambers is shown checking the blanket covered body of Tommy Stevens as ambulance attendants prepare to remove him to a funeral home. County Coroner Dr. W.B. Harrison is at left.

## Man Hangs Self In City Jail

A 20-year-old Loudon City prisoner hanged himself in his cell about midnight Tuesday night.

Tommy L. Stevens of Loudon City, 3, who was confined in the jail in lieu of \$3,000 bond charged with stealing an automobile here Saturday night, hanged himself with a bed cover which he tied to the bars, knotting the other end around his neck.

Police Chief Wayne Chambers said the prisoner had been checked on at about 11 p.m. by Policeman Clifton Williams and he was all right at that time.

The body was discovered about 3 a.m. Wednesday by Deputy J.W. Mashburn who had gone to the back of the jail where a city gasoline pump is located to put some gasoline in his car.

He decided to step in the jail and check on the prisoner, he said, and found him dead, lying on the floor in his cell, the blanket or bedspread knotted around his neck. The other end of the cloth was still fastened to the top of the bars, but the material had torn in two from the weight of the man's body.

Chief Chambers said that apparently the victim had tied the blanket to the bars and stood up on the steel bunk to tie the blanket to the bars and around his neck and then had jumped off. The material apparently tightened up around his neck, strangling him, and then broke.

Coroner Dr. Blair Harrison, summoned to the scene, said the man had been dead about two and a half hours, placing

## Two Armed Robberies Investigated

Two Loudon City area businesses were hit by a lone gunman on successive nights last week-end and robbed of a total of about \$275.

In at least one of the robberies, however, the hold-up man had an accomplice driving a car, in which the two escaped.

A robber took an estimated \$160 to \$150 at gun-point from Mrs. Earl Shubert at Lee Heights Grocery Friday night and a man whose description sounded similar in some respects took \$117 to \$125 from night manager Floyd Neeley at Lonas Oil Co., Saturday night.

Sheriff Freeman Russell and his deputies investigated the first robbery, which occurred about 1 p.m. Friday at Lee Heights Grocery, located on Highway 11 at Ford Road.

Mrs. Shubert, who was alone on duty in the store at the time, said she was straightening up some stock

(Continued on Page 11)

**COUNTY CORONER** Dr. W.B. Harrison is shown in the Loudon City jail cell where Tommy Stevens took his own life Tuesday night. Part of the blanket used by Stevens to hang himself can be seen in the top center portion of the photo.

## Honor Students Named At Greenback High

Principal, James L. McGhee of Greenback High School has announced the four top honor students for the Graduating Class of 1973.

Top honors go to Mary Ann Scott of Route 2 Greenback, Mary Ann is the daughter of Mr. and Mrs. Calvin Scott. Her average for four years of high school is 95.40. She is the Editor of the school yearbook, Treasurer of the Beta Club, and is a member of FHA and Glee Club. Her outside activities include being

member of the Beta Club, and is a member of FHA and Glee Club. Her outside activities include being treasurer of the Teen class at Pine Grove Presbyterian Church and holding membership in the Greenback Teen Club. Upon graduation, Mary Ann, plans to attend UT though her area of study is yet to be decided.

Mary Lou Maynard received second honors. Mary Lou is the daughter of Rev. and Mrs. Hugh Maynard. Her average was 94.13. She serves as Beta Club secretary, Senior Class Parliamentarian, Y. Teen President and member of the Greenback Glee Club. She presently attends Marble Hill Baptist Church and Jackson Chapel Church.

After graduation, Mary Lou plans to become a computer programmer.

For the past two summers Mary Lou has worked at Eastern State Psychiatric Hospital. She received the DAR award for this year and was picked as most studious in the Senior Class.

Sarah Murr ranks third in her class. Sarah is the daughter of Mr. and Mrs. Aubrey Murr of Rt. 2 Greenback. Sarah is President of the Beta Club, president of FHA, Vice-President of Student Council, and is Treasurer of the Senior Class. She is a basketball captain and is a member of the Letterman Club, Annual Staff and Paper Staff. Sarah is a member of Oakland Methodist Church where she serves as church organist.

Upon graduation Sarah plans to attend Business College, majoring in Business. Sarah attended Volunteer Girls' State last June and was selected as Miss GHS and "Most Likely to Succeed."

Mrs. Sharon Brookshire Plemons was fourth in her class with a 90.65 average. Sharon is the daughter of Mr. and Mrs. Harvey Brookshire of Rt. 2 Greenback. Sharon serves as Vice-President of her Freshman class. She is a

member of FHA, Annual Staff, and is a teachers assistant. She is also a member of the Greenback Memorial Baptist Church. Upon graduation Sharon will become a housewife.

## County Court Squires Approve Justice Center Contract Agreement With Cities

A proposed \$550,000 County Justice Center, to be built on the Tom Henry property adjacent to the Loudon County Rescue Squad building, came a major step nearer reality Monday when County Court approved the contract for its operation.

The contract, an agreement among the cities of Loudon City, Loudon and Loudon County, outlining the

distribution of costs to be borne by each governmental unit, provides for the annual payment of \$15,000 each by Loudon City and Loudon, and the balance of the operational cost, an estimated \$35,000 to be borne by the County.

The building, to be built with the aid of some \$300,000 in State and Federal grants, already committed, County

Judge Harvey Sprout told the Court Monday - will house a jail, a central communications center to serve both police departments as well as the Sheriff's office and other purposes, a record center, a General Sessions courtroom and office, a Civil Defense office, and office space for the Sheriff, the Highway Patrol, and Loudon City and Loudon police departments.

One cloud, however, was left hanging over the proposed contract. Dissatisfaction arose among the Squires about County Court representation on a "Loudon County Law Enforcement Agency Board," which would serve as an advisory group for the building construction and then, when the building is completed, would have authority to hire radio dispatchers and record clerks, and would settle any conflicts which might arise between any of the various jurisdictions concerning the use of the building, its facilities and equipment.

The contract - which the Court has just approved - specified a five-member Board, with two members to be appointed by the County Judge and approved by the Court, and one member each named by Loudon City and Loudon Mayor and Council. These four, then would select the fifth member.

When Judge proposed two Court members, Squires James M. Hartsock and J.J. Blair as the Court's representatives, several Court members called for a change, to allow three members to be named by the Court.

No action was taken on Judge Sprout's appointments and the matter was left hanging.

The contract is to be presented to the City Councils of Loudon City and Loudon at their meetings Monday night.

One tract of land for the facility has already been leased to Squire R.P. Hamilton said he thought the idea was to ask for help to get permits for mobile home units. Judge Sprout said that Dixie Lee Utility District said they would comply with the request, but that Loudon City and Port Loudon Electric Cooperative said they felt they were obligated to give service although the customer might not want a building permit but would make lists of service requests available to the building inspector.

Judge Sprout also reported that in the near future there might be need for an additional part time inspector to assist in the duties of the office.

Educational Coop After a report by Squire James Hartsock the court approved an expenditure of \$3500 as Loudon County's portion of the administrative cost of operating the three county Little Tennessee Valley Educational Cooperative.

Attorney Fee Approved In other action, the Court approved payment of a fee of \$7,500 to the law firm of Daniel, Winters and McCurry for representing the county in the lawsuit to obtain an increase in TVA in lieu of tax funds which come to the county. The matter had been in negotiation for several months.

Notaries elected were Jackie Sarten and Sue H. Thornburg.

## Loudon Gets Ego Boost

If you meet a City of Loudon official on the street and he seems to be a mile off the ground don't let it bother you. They have just had their ego boosted into orbit.

The Tennessee Planning Commission office in Knoxville notified the city early this week that they had received a letter from the Town Clerk of Lancashire, England, requesting a copy of the City of Loudon, Tennessee, USA, Community Facilities Plan for 1970-90.

It is something of a mystery as to how the city fathers in that old country town knew that Loudon even existed much less that it has a Community Facilities Plan. Anyhow the bit of fame made the folks at city hall take higher steps.

## White Draws 3-5 Years For Breakin

Donnie Ray White of Loudon was sentenced to three to five years in prison after being found guilty of breaking and entering by a Loudon County Criminal Jury Monday in the first case of the current term expected to last through most of this month.

White was convicted of breaking into Bridges Grocery on Corinth Road last November.

The first person under 21 years of age ever to serve on jury duty in Loudon County was on the jury that convicted White. The juror was Clyde T. Davis, 19 of Loudon. The County Jury Commission recently selected some 2000 names for possible jury duty and persons between 18 and 21, formerly not eligible, were among the selections.

In other court cases heard this week a mistrial was declared in the trial of J. C. Johnson who was indicted on four bad check cases. The trial has been rescheduled for Feb. 22.

The possessing whiskey indictment against Carl T. Bible was nolleed on payment

of costs. Cases scheduled for the remainder of this week and early next week are as follows:

Wednesday - Bart Barron and Donnie Ray White, attempt to escape jail; and Jessie Proctor, two cases of forgery.

Thursday - Billy Joe Littleton, breaking and entering; B. R. Russell, indecent exposure.

Monday - Jack Tallent, felonious assault; Bart Barron, larceny.

Tuesday - Marvin Allen, two counts of forgery; Jack Mintooh, forgery.

(Continued on Page 11)

"THE TIME IS..." - President A.M. Beeman Jr. of the Bank of Loudon City listens to the automatic recorded message giving the current time and temperature on a special "hot line" installation at the bank. Loudon Counties may obtain the time and temperature at any time, 24 hours a day, by dialing 986-9011, in a new service offered by the bank.

# Loudon County Herald For and about Women

## Munsey-Ritchey Vows Said

Miss Judy Elizabeth Munsey and Robert L. Ritchey were married in a candlelight ceremony, January 11, at Axley's Chapel, United Methodist Church. Rev. Charles McKinney of Kentucky officiated at the double ring ceremony. The opening prayer was given by Rev. Don Nations.

The bride is the daughter of Mr. and Mrs. Herbert Munsey of Greenback. The groom is the son of Ben Ritchey of Lenoir City and the late Mrs. Mamie Sue Isbell Ritchey.

A program of wedding music was presented by Mrs. Grady Thompson and Miss Jane Bright, cousins of the bride.

Given in marriage by her father, the bride wore a formal gown of ruffled Chantilly lace. Her bridal bouquet of white carnations was surrounded by lace and streamers of white satin ribbon.

Miss Pam Thomas, cousin of the bride, was maid of honor. She wore a formal gown of orchid polyester and carried a long-stemmed orchid mum with orchid streamers. Other attendants were Mrs. Larry Millsaps, aunt of the bride; Miss Evelyn Ritchey, sister of the groom; and Miss Susan Bright, cousin of the bride. They wore formal gowns of orchid polyester and carried long-stemmed orchid mums with orchid streamers.

Ben Ritchey, father of the groom, was best man.

Groomsmen were Larry Millsaps, uncle of the bride; Doug Thomas, cousin of the bride; and Larry Ritchey, brother of the groom. Ushers were Jerry Heaton, Grady Thompson and Herby

Vineyard Ringbearers were Lesa Renee Hickman, niece of the groom and Jimmy Heaton, cousin of the bride. Flower girls were Teresa Johnson, niece of the groom and Penny Thomas, cousin of the bride.

Following the wedding, the bride's parents were hosts for a reception held at the church. Assisting with serving were Mrs. Walter Bright, Mrs. Gene Bright, great-aunts of the bride; Mrs. Jerry Heaton and Miss Nancy Bright, cousins of the bride.

After a wedding trip, the couple are at home on Axley's Chapel Road the former home of Mrs. L.C. Malhis and the late Mr. Mathis, great-uncle and uncle of the bride.

## Philadelphia Personals

The Henegar Baptist Youth Choir from Cleveland visited Mr. and Mrs. James Farmer, Eddie and Joanne, after the singing at Jackson Baptist Church, Saturday, January 27.

Misses Betty Harrison and Nancy Edwards and James Earl Harrison were weekend guests of Mr. and Mrs. Earl Harrison in Kingsport.

Mr. and Mrs. James Farmer and family visited last Monday with Mr. and Mrs. J. B. Arwine in Athens.

Mr. and Mrs. Joe Harrison and family from Owens Cross Roads, Ala. were here for the weekend with his parents, Mr. and Mrs. Robert Harrison.

Mr. and Mrs. Richard Burton of Chattanooga visited Sunday afternoon with Mr. and Mrs. Frank Henderson.

Mrs. John Everett, Sr., Mrs. E. W. Waller, Sr. and Mrs. Charlie Paul Chihaus of Loudon were guests last Wednesday of the John Everett, Jr. family in Chattanooga. John III returned home with them. Mr. and Mrs. John Everett, Jr. and Michael came Saturday and the family returned home Sunday.

Guests of Mr. and Mrs. Jim Blount for the weekend were their daughter, Miss Jody Blount, Smyrna, Ga. and Mr. Tony Jones of Atlanta. Mr. and Mrs. Curtis Montooth from Sweetwater were their dinner guests Sunday.

Mr. and Mrs. Stillman Davidson, Melissa and Billie had as their guests for dinner Thursday evening, Mr. and Mrs. Lee Davidson, Joe and Patsy. Joe plans to enter the service later this month.

Mrs. Jay Lilly came from Bristol, Va. and she and her mother, Mrs. W. L. McGhee visited an aunt who is hospitalized in Carthage and also visited in Nashville during the weekend.

Miss Jennie Smith of Chattanooga spent the weekend with Mr. and Mrs. Buster Ayres.

## Lovell-DeFord Engagement Told

Mr. and Mrs. Jack L. Lovell of Manchester announce the engagement of their daughter, Linda Ann, to Steven Horace DeFord, son of Mr. and Mrs. Frederick H. DeFord of Manchester.

The bride-elect is the granddaughter of Mrs. Robert Carrick and Nathan Burger of Manchester and of the late Mr. and Mrs. Gene Lovell of Fairfield.

Mrs. Ed Logan of Lenoir City spent several days last week with Mr. and Mrs. Gene Millsaps, Mike and Steve.

Miss Louise Alexander was the guest Monday of Mrs. Bessie Turman in Oak Ridge.

Mr. and Mrs. Boyd Duckworth attended the Chamber of Commerce Banquet last Monday night in Lenoir City. The Duckworths were dinner guests last Wednesday evening of S. P. Dannels at his home in Lenoir City. Other guests were Mr. and Mrs. Clarence Burdett of Lenoir City and Mr. and Mrs. J. W.

The future bride-groom is the grandson of Mrs. Fred R. DeFord of Loudon and the late Mr. DeFord and of the late Mr. and Mrs. Frank Brewer of Loudon.

Miss Lovell and Mr. DeFord are both 1972 graduates of Central High School, Manchester and are students at Motlow State Community College in Tullahoma.

The wedding will take place April 6.

## Weekend Revival Set In Loudon

Weekend revival services will be held at the Loudon House of Prayer February 9-11. Rev. Mickey Osborn will be the guest speaker. There will be special singing each night.

Clousers of Knoxville. Mr. and Mrs. Ernest West of Clinton were dinner guests Monday of Mr. and Mrs. E. M. Hill and also visited other friends.

## Hotchkiss Valley Personal News

By Mrs. June White Sunday School attendance at New Providence Baptist Church was 123. Training Union attendance was 110. Rev. Troy Cody of Oak Ridge has accepted the church as pastor.

Rufe White has moved into his new trailer and a household shower was given at New Providence School in honor of him.

David Belcher is working in Texas.

Brenda White spent the weekend with her brother, Mr. and Mrs. Ronnie White and family of West Hills Community.

Mrs. Frank West returned home from Loudon County Memorial Hospital.

James F. White returned home after spending nine weeks with his grandson, Mr. and Mrs. Ronnie White and family.

Those visiting Mr. and Mrs. Dewitt Price this weekend were Mrs. Jim Price and children of Lenoir City, Odie and Lester Festerfield and Mr. and Mrs. J. W. Harper.

## DAR To Hear Book Review

By Mrs. Morgan

The Hiwassee Chapter of the Daughters of the American Revolution will hold an open public meeting at 7:30 p.m., Thursday, Feb. 8.

The open meeting is being held to allow the public to hear a book review of the book "Children of Pride" given by Mrs. Charles Morgan.

The meeting will be held in the fellowship hall of the Cumberland Presbyterian Church.

# Bridges-Taylor Vows Exchanged

Miss Beverly Jo Bridges of Oak Ridge and Elmer Lyon Taylor of Clinton were married Saturday, January 20 at Glenwood Baptist Church in Oak Ridge. Rev. James White officiated.

The bride is the daughter of Mr. and Mrs. William C. Bridges of Oak Ridge. The groom is the son of Mr. and Mrs. Doyle Scarborough of Loudon.

Given in marriage by her father, the bride wore a gown of ivory white satin with a Venice lace. Her full length Mantilla of Illusion was held by a small pillow hat. Her bouquet was white roses centered with a white orchid.

Mrs. Gregory Guymon of Oak Ridge was her sister's Matron of Honor. Bridesmaids were Carolyn Bridges, sister of the bride, Janice Taylor, sister of the groom, and Candee Hummel of Powell.

Flower girl was Stephanie Hixon, daughter of Mr. and Mrs. Jerry Hixon of Paducah, Ky. The attendants wore gowns of light aqua and carried bouquets of white and aqua carnations with baby's breath.

Mr. Taylor served his son as Best Man. Ushers were Gregory Guymon and David Kirby of Oak Ridge and Alvin Taylor of Clinton. Ringbearer was Jerry Blain Hixson.

Following the ceremony, a reception was held at the church. Those assisting in serving were Mrs. David Kirby and Becky Kitchin of Oak Ridge, and April Fort of Clinton. Miss Brenda Peters kept the Bride's Book.

After a wedding trip to Gatlinburg, the couple is at home in Oak Ridge.

Out of town guests included Mr. and Mrs. Doyle Scarborough, grandparents of the bride; Mr. and Mrs. David Smalling and Mr. and Mrs. I.D. Scarborough, all of Loudon; Mrs. Annie Bridges, grandmother of the bride of Ellenboro, N.C.; Mr. and Mrs. Joe Bridges, Mrs. Fannie Smith, Hugh Smith, Mr. and Mrs. Wendell Jones, Mrs. Mrs. James Hunicutt and Mr. and Mrs. Ralph Martin, all of Knoxville.

## Personal Mention

By Mrs. Clavin Lunford 453-2681

Solly Ridenour of Loudon was initiated into Omicron Chapter of Alpha Omicron Pi at the University of Tennessee, Sunday, January 29. There were 17 girls initiated.

Mrs. Richard Sampson, Mrs. Arthur McCallister and Mrs. Red Galyon returned home last Friday after a week in Tampa, Fla. While there they were the guests of Mr. and Mrs. Leon Bright.

### Greenback Community News

By Mrs. S. B. McCollum  
Phone 856-3017 Greenback

The Rev. and Mrs. Alexander Gillander spent the weekend with their son Mr. and Mrs. Bruce Gillander and family in Macon, Ga. Dr. and Mrs. Hayden Laster of Maryville attended S. S. and church services here Sunday and Dr. Laster conducted the worship service assisted by Mr. Ben Hammonree. His sermon, based on Matt. 5:1-18 was entitled "Jesus-Prince and Pleaser." Dr. and Mrs. Laster were dinner guests of Mr. and Mrs. Robt. Anderson, Jr.

Mrs. Joe Moody observed her 90th birthday anniversary at her home on Highway 411 Saturday afternoon with a number of friends in attendance. Mrs. Dallas Ryan and Mrs. Gid Hall served delicious refreshments and she received many nice gifts.

Mrs. Revell Williams is at her Bakers Creek home again and is recovering satisfactorily from major surgery performed in Blount Memorial Hospital.

Mrs. C. E. Huffstetler is confined by illness to the home of her daughter, Mrs. C. O. McCall.

Mrs. Helen Jackson is recovering from severe cuts and wounds sustained in a fall through a storm door at her home on Highway 411.

Mrs. Gid Hall has returned from a ten day visit with her daughter, Mrs. E. W. Ellington and Mr. Ellington in Kingsport.

Mr. and Mrs. Wayne Taylor of Corryton were guests Monday of Mrs. Nick Ellington.

Mr. and Mrs. Ronald Cole of Monroe, Mich. are guests of her parents, Mr. and Mrs. Charles Henry and other relatives.

Miss Irene Frazier is quite ill at the home of her parents, Mr. and Mrs. D. C. Frazier.

Mrs. Bece McCall is able to be out after a several days illness at her home here.

Mrs. Will Henry (Margaret McCall) of Maryville Rt. 1 was the dinner guest Sunday of church attendees.

Mrs. Leonard Kerr is at home from a two weeks visit with her sister, Mrs. James Pickett and Mr. Pickett near Washington, D. C. on the evening of her arrival at the Pickett home. Mr. and Mrs. Pickett were honored with a reception on their 25th wedding anniversary with 50 guests offering felicitations and gifts. Mrs. Adolph Kinn (Janita Peterson) niece of Mrs. Pickett and Mrs. Kerr, arranged the party.

Mr. C. H. Ford is doing nicely after major surgery in Blount Memorial Hospital and expects to return home this week.

Mr. Leon Hammonree is confined by illness to his home off the Lenoir City Road.

Mrs. John Robertson and Mrs. Cam Hall of Loudon visited Sunday with Mrs. I. M. Denton, Miss Emma Hall and

## County 4-H'ers Honored At Achievement Banquet

The Loudon County Annual 4-H Achievement Banquet was held Saturday night, January 27, at the Lenoir City High School Cafeteria. The purpose of the banquet was to provide recognition for those 4-H members, leaders, and sponsors who had made a success of the Loudon County 4-H program during the past club year.

4-H volunteer leaders are a vital link in the flow of information to and from 4-H members and professional extension personnel. Volunteers - such as parents, teachers, and interested neighbors - recognize the efforts of 4-H members.

Mr. and Mrs. S. B. McCollum, Mrs. Earl Hall and Mrs. Coy Cobe visited Sunday with Mr. and Mrs. Roy C. Kidd in Maryville.

Mr. R. E. Stephens visited Sunday with Mr. and Mrs. Robert Carson in Madisonville. Mr. Carson has been very ill in Knoxville, U. T. Hospital and is making satisfactory improvement. Mr. Stephens also visited his cousin Mrs. Walter Elledge, a patient in the Memorial Nursing Home where her son is administrator.

Mr. and Mrs. John French and Mrs. Ann Morgan of Friendsville visited Sunday with Mr. and Mrs. W. D. Self. Mrs. Elbert Figgs visited Sunday with the family of the late Mrs. Mary Zella Nelson (Merritt) at the Smith Mortuary.

Mr. and Mrs. D. E. Byerley, Chryl, Jeff and Mark attended the funeral service of Mrs. Byerley's father, Mr. Bradley Dishner in Gate City, Va. Saturday. Mrs. Byerley spent last week at the bedside of her father and remains with her mother this week.

Dr. A. H. Cropp, who has been with his daughter in Michigan and sons John in Kingsport and Al in Atlanta, this winter has returned to his apartment home, 190 Stanley St. in Maryville.

CLASS TOURS CARBIDE-The Special Education class of Mrs. Richard Kizer at New Providence School is shown at the Union Carbide Films-Packaging Plant in Loudon last Friday. (Photo) official Gene Davis is shown talking to the group before they were given a tour of the facility.

### Party Given For Mr. Lane

A birthday supper was given in honor of Mr. L. A. Lane, Sunday evening, February 4 at his home on Route 2, Loudon. Approximately 75 guests attended including his children, grandchildren, great-grandchildren, and many of his friends. He will celebrate his 70th birthday February 9.

### Completes Basic

Marine Pfc. Johnny F. Rice, son of Mr. and Mrs. Julian F. Rice of Route 2, Johnson Road, Lenoir City, has completed basic combat engineer training at the Marine Corps Base Camp Lejeune.

His training included demolitions, construction, land mine warfare, camouflage and field fortifications.

### Liles Trains

Marine Pfc. David W. Liles, son of Mr. and Mrs. Leonard D. Liles of Route 1, Lenoir City, is undergoing air defense support operator training at the Marine Corps Base, Twentynine Palms, Calif.

OUTSTANDING 4-H MEMBERS of Loudon County were recognized and awarded medal or certificates at the Annual 4-H Achievement Banquet Saturday night, January 27. The Awards Program was led by Mrs. Bonnie F. Sheeley and Mr. Roger L. Perkins.

## Attention Customers Of The Loudon Utilities

For your convenience we have designated five banks in our service area to collect your monthly utility bills.

These include the following bank offices:  
Hamilton National Bank of Loudon - main office - Grove Street.  
Hamilton National Bank - West End Branch - Loudon.  
Hamilton National Bank - Philadelphia Branch.  
Bank of Loudon County - Loudon Branch - Wharf Street.  
Vonore Branch of the Sweetwater Valley Bank - Vonore.

We feel that having these additional places to pay your utility bills it will keep many of our customers from making special trips to our offices. Of course you may continue to do so or send your payment by mail.

To use these banks for payment of bills, electric, water, sewer or gas, furnished by our system, just take your billing card, with check or cash to any teller at the banks for payment.

We hope this additional service will be of benefit to you.

## Speaking of Sports

By DANNY GIBSON  
Sports Editor

In the latter part of November we discussed the bias officiating we felt that sometimes takes place in key games involving district standings, state rankings, and arch rivalries. A one sided deal at McMinn Central High School in which Loudon dropped a 39-38 game prompted our editorial.

Now some two and one half months later and 20 basketball games we are still crying. I have seen some doozies of basketball games, but had Loudon come out in football gear Friday night at Maryville they could not have been any better guarded than what they were to expect from the Blount County officiating.

Maryville, off-beaten sophomores and juniors with a promising future for seasons ahead, crashed the backboards like they were en route to smashing the glass itself. Yet the referees stood loose and as the game became rougher by the minute it became a question as to which would end first the durability of the players or the time of the regulation game.

Not wishing to gripas we are all underpaid and seldom loved these days, and the going rate for referees is \$20 per man or \$40 a game and mileage, but if you don't have a few locals to handle your games from time to time through the course of the season a time might end up on the short end of the stick as Loudon has done more than once.

The officials are in a process now of realigning their officiating boundaries. The old Region 5 or Athens and McMinn County organization is about to loose the teams of Monroe and Loudon Counties closest to Maryville and Blount County. The Blount-Knox County officials have united this season to form Region 3 and are now trying to gain more territory for work.

Its understood Loudon and Lenoir City would like to remain in the Athens organization, but I can not see how it will matter much as a team is destined for a long night when they must travel to your buddies home area and play his friends team.

Other incidents around the area are focused on the Clinton-Oak Ridge game Friday night. The game ended with one second left in regulation play as a fight broke out due to the lax of officiating.

Madisonville lost its senior marksman Don Davis after a game with Porter High School when the officials, who got rather personal with the fans and players at the close of the game had to flee from a rain of pop bottles, cans, and strong language. Davis was suspended for four games for his part in the incident. But still the officials are letting the game get out of control before attempting to do anything to calm the issue.

With the tournaments just around the corner we hope the brand of officiating is of a higher degree than we have seen for the majority of this year.

### Some side notes:

Loudon's Jake Lane, who signed with the University of Tennessee has transferred to North East Louisiana to further his football fortunes. The 6'1", 230 pound offensive tackle received a full scholarship and will be eligible for varsity play in the fall. Lane, a sophomore, will have three years left on his playing status. He reported for school and off season weight lifting January 14.

University of the South (Sewanee) appears headed for its first winning season in three years.

One of the big reasons for the Purple Tigers' success is five-foot, nine-inch, Jack Lefler, playmaker from Loudon. Lefler got the most applause from appreciative Mexican fans on Sewanee's pre-Christmas swing South of the Border. They liked his ball-handling and his coolness under the press.

While he isn't scoring high (5.7 points per game), Lefler holds a whopping lead in assists with 49 in 11 games.

## Redskins Avenge Kingstons Loss With 53-47 Home Victory

Loudon split a non-district hoop clash Tuesday night with Kingstons. The Kingstons girls avenged a early season loss to Loudon with a 56-51 victory over the Loudon Lassies. The Redskins reversed their first meeting fate with a 53-47 decision over the Kingstons boys.

GIRLS	
Loudon (53)	Kingstons (47)
M. Shubert 17	A. Cook 16
F. Hawkins 16	B. Bell 25
E. Smith 14	Alexander 11

SUBS: Loudon- Starritt 21	Kingstons- Mullins 41
Loudon 12 16 11 12 - 53	Kingstons 17 11 8 12 - 47

The Loudon Lassies fell behind in the first quarter of their game and was unable to

catch up in the first half. Loudon trailed 21-28 at half-time. Nine straight points at the start of the third period had Loudon in command of the game 37-31, but four consecutive turnovers gave Kingstons new life and a 39-39 tie after three quarters of play. Kingstons regained the upper hand in the fourth period and forced Loudon to foul for the chance of getting the basketball which proved to be the difference in the game.

Each team scored well from the floor with Loudon hitting a hot 51 percent for the night on 30 of 59 shots. Kingstons was just as tough with a 20 for 41 performance or 46 percent from the floor. The game was decided at the foul line with Loudon hitting 11 of 20 as

## Maryville Upsets Loudon Boys; Lassies Win With Ease

The Loudon Lassies placed four forwards in double figures and had one to finish with eight points Friday night in posting their widest margin of victory for the season stomping Maryville 64-33.

Marilyn Smith set the tempo with 16 points for the Lassies, while Debbie Hawkins had 15 points and reserves Debbie Thomas and Betty Starritt came off the bench to add another 23 points between them. Miss Thomas canned six of 10 field goal attempts for 12 points and Starritt added 11 counters. Starter Jane Shubert popped in eight points and Sharon Byrd hit a bucket for two points as the entire offensive corps found the scoring range.

The Lassies hit 46 percent of their shots for the game and limited the Rebels to a mere 33.3 percent accuracy from the floor.

Gloria Brown, Connie Huskey, and J.J. Purdie

## State Tourney Tickets By Mail Go On Sale

Mail order tickets for the 1973 TSSAA Boys' State Basketball Tournament in Class 3 and Class 1, to be held at Stokely Athletic Center on the campus of the University of Tennessee at Knoxville March 14-17, went on sale February 1.

Reserved seats are priced at \$2.50 each. All general admission tickets for both students and adults are \$1.50 each.

All checks should be made payable to the TSSAA State Tournament and each mail order should include 25 cents to cover the cost of mailing and handling.

No money or check should be sent to the state office. All ticket orders should be sent to the TSSAA State Tournament Ticket Office, University of Tennessee, P.O. Box 47, Knoxville, Tennessee 37901.

The over-the-counter sales will begin Thursday, March 1, and these tickets may be purchased at the University of Tennessee in Knoxville.

There will be afternoon and night sessions on Wednesday (March 14), Thursday (March 15) and Friday (March 16), and a night session only on Saturday (March 17). When ordering tickets one should indicate number, amount desired and sending the exact amount of cost plus the 25 cents for mailing.

and upset the Redskins 61-45. The tall lanky Maryville

"AW REF, YOUR KIDDING..."—The referee was not kidding and neither was Maryville as they came to play Friday night in winning their first District Eight game of the season, whipping Loudon 61-45. Loudon's Butch Brown (right with ball) and Mike Messamore (left holding his head) can't believe the referee is giving the ball back to Maryville after Rodney Blevins and Greg Allmon (on floor) had gone to so much trouble of winning this tussle for the ball. Maryville had used the tact to great advantage all evening without penalty.

Loudon County

## Pantherettes Fall To Hixon Lenoir City Trips Chattanooga Baylor

Four Lenoir City starters scored in double figures Friday night, pacing the Pantherettes to a narrow, 60-56, victory over Chattanooga Baylor.

Doug Williams led the balanced attack with 15 points. He got scoring support from Charley Dye with 14, Tim Cunningham with 12, and Jim Harris tallied 11.

Loudon 14 9 6 16-45	Maryville 12 12 11 21-61

The Rebels won the battle on the back boards 58 to 42 and to add insult to misery fired in 19 of 26 foul shots while Loudon hit seven out of 15 charity tosses.

Mike Messamore was Loudon's top performer with 17 points and a whopping 19 rebounds. Donnie Theop chipped in with 13 points and had nine rebounds for the night.

Greg Allmon, John Ratledge, and Rick Messamore came on in the fourth quarter and displayed a scrappy effort in an attempt to rally the Redskins, but the Rebels slowed the game down and protected the triumph down the stretch.

Lenoir City regained their sharp shooting eye in the last quarter and raced to a 51-48 advantage and finally to a 56-56 difference with just over two minutes left in the game. A clutch two points by Doug Williams on two foul shots with 23 seconds left in the game iced the victory for the Pantherettes at 60-54 and only a last second shot by Baylor provided the count to 60-56.

The Lenoir City girls were not as lucky as the Pantherettes were. The Pantherettes playing Chattanooga Hixon, dropping a 31-41 decision. Marietta Blackburn led the Lenoir City play with 29

# Friday Night Road Challenge Could Provide Redskins With District Tournament Possibilities

The Loudon Redskins rematch with Maryville Tuesday night in the final home appearance for the 1972-73 edition of the basketball season.

In the schedule wrap-up the Redskins will play four district games out of five hardwood battles and with the results so will go the tournament seedings.

The Loudon boys appear fixed in the bottom of the tournament draw with McMinn County or Bradley County as their first opponent for the playoffs.

The Loudon Lassies are an apparent fixture for the second bracket with District leading Bradley County the team to beat for the championship crown.

Maryville Everett and Loudon are the top likely choices for a challenger when the dust and smoke is finally cleared away. The thing to be considered most is that the Large Classification districts will send two representatives in both the boys and girls play to the Region playdowns.

Where as the Small Classification districts will send four representatives to their respective regions in both boys and girls play.

The Loudon boys will have to pull off more than one surprise if they repeat for Region honors this winter as they did when they copped the old District Nine title last year. The Redskins must get upper performances from a cast of mediocre players that might be a season shy of measuring up to the big leaguers in "L" Division circles.

Meanwhile the Loudon Lassies are on the threshold of becoming a powerhouse. Runner-up in district action last year the Lassies are back in the same slot this season, but with new and more challenging foes than those of the past. The class teams the Lassies have met this season have been those normally seen in the region tournaments with nights set on a trip to the State Tournament.

Loudon has lost but seven games to date and only Friday night's opponent Bradley County has punished the Lassies with their play. The Loudon setter has dropped five of their seven losses by five points or less and averaged a 14 point setback to the Panthers court.

And while the Bears are having their problems this season, the Bearettes are rolling right along, beating down foe after foe with the sureness of a contract killer. However, the Bearettes have something bigger in mind than a 15-game winning streak. The Bearettes really want a trip to Murfreesboro—a business trip. That's the site of the 1973 state tournament.

**LISSIE HUSTLE PAYS BIG REWARDS**—Loudon's girls basketball team turned in a great team effort Friday night when Coach Dewayne Arp emptied his bench in trouncing Maryville 64-33. Cindy Allmon and Yarbher Harrison race for the recovery of this loose sphere in a fashion which has the Loudon sextet rolling toward a second straight 20 victory season.

"If these girls got hot right tournament time," said Smiddy. "They have the potential to win the championship." That's the confidence of a long-time winner. And what makes Bradley's story so significant this year is the youth movement Smiddy has been involved with the past couple of years. Of the 16 girls on the roster, only three are seniors. Two are juniors and the rest sophomores and freshmen. With every game, these girls are gaining experience. Like grains of sand, it's mounting up. Experience breeds confidence and by tourney time these girls may be able to whip anyone.

"I've never taken a team to a state tournament that wasn't capable of winning the championship," said Smiddy while he watched his girls in practice. And even while he was answering prying questions, he was instructing Liz Hannah, Ann Morton, Dana Caldwell, Kathy Chastain and Nan Zeige and the rest.

Bradley County was headed down the victory path to Jackson last year when they struck out like all great power hitters from time to time. Miss Zeige a promising offensive player suffered a knee injury at Loudon in the regular season and never fully recovered for a healthy tournament appearance. Donna Watson quit the team

and then an unseen road block in the region tournament put an end to the journey as up start Lenoir City landed a fatal blow to the proud Bearettes with a upset victory. Bradley County is synonymous with state tourneys. Brilliant female athletes are a trademark of Smiddy's teams. Jane Brock, the girl who once scored 95 points in a single game. Zandra Owsby, the career scoring queen. The herald list goes on.

And people around Cleveland are adding the name of Liz Hannah to the list. Miss Hannah, who was a part of Smiddy's youth movement two years ago by landing a starting position as a freshman, is currently averaging 28 points a game and the playmaker.

"Liz is a different player this year," said Smiddy. "She's smarter, doesn't force it, not shooting outside as much." Liz is a terror around the goal. In close, she can score from any angle. Miss Caldwell has added something to the Bradley offense—height. She's 6-1 and, although a freshman, handles herself quite well under the basket. Dana can hook with either hand and it's a mighty tough shot to block. Miss Chastain, another freshman, is perhaps Smiddy's best young guard to come along in recent years. Already, Kathy is compared to three-time all-state guard Gloria Scott. "She's further advanced right now than Gloria was in her first year," Smiddy stated.

These young girls simply aren't filling out the roster, either. They're gaining valuable playing time and doing a good job.

"This has to be the best group of freshmen I've ever had," Smiddy exclaimed. Caldwell and Chastain are the most promising of the new breed. Miss Caldwell averaged over 30 points a game as an eighth grader and Miss Chastain has unique jumping ability.

Miss Zeige underwent surgery on her knee during the spring. Knowing she'll be there every game adds solidity to the Bearettes' starting unit.

Ann Morton has a great shooting touch outside and sometimes moves to the defense.

There has been a noticeable improvement since that early season loss to Porter. The next game, Bradley defeated McMinn Central by a single point and the forwards alone committed 16 turnovers. Last week, Bradley routed McMinn Central something like 50-20.

"That's part of the difference—the mistakes," said Smiddy. "The other is the guards. They've done a tremendous job. I'll tell you, the secret to girls basketball is the guards. I have to get them mad to play really well, so I'm chewing them out all the time."

The guards have played well all season. Debbie Varner, Linda Davis, Marie Mullins and Miss Chastain.

Ironically, one of the biggest improvements the team has made is the defense of the forwards.

"The forwards are definitely tougher on defense now," Smiddy pointed out. "Early in the year, they went at it half-hearted. Now, they'll get out there and claw at you."

With all the youngsters being able to play and the winning, the Bearettes are beginning to believe in themselves. The confidence shows every day.

Smiddy's in his 15th year at Loudon. (Continued on Page 8)

## Cunningham Triggers Panthers Past Irish

Lenoir City claimed their 14th victory of the season Saturday night with a 60-50 verdict over Chattanooga Notre Dame High School.

Tim Cunningham led the Panthers with 25 points and 11 rebounds for the night. Charlie Dye and Doug Williams continued to support Cunningham's play with ample scoring from the backcourt duet. Dye had 10 markers and Williams 11 in balancing the double figure play for Lenoir City.

Lenoir City led by just 13-12 after one period of play and nine of those points were provided by Cunningham. Tim followed with six more points in the second quarter and the Panthers squeaked out a 21-20 halftime margin. The Panthers rolled to a nine point spread, 43-34, after three stanzas and with just a minute gone in the final period big Jim Harris was lost on fouls, but Mike Hooks came on to drag down 10 rebounds and

score seven points as the Lenoir City team efforts pushed the final count to 60-50. The Irish closed the gap to seven points, the difference at intermission, twice in the second half but the Lenoir City pace never could be slowed. Lenoir City hit 24 of 49 shots for an excellent 49 percent shooting exhibition for the night. The Panthers also hit 12 of 36 foul shots.

Note have found difficulty with their home hoops and could hit but 28 percent of their floor tries, 17 of 61 attempts. The Irish picked up 14 of 22 foul shots.

The Lenoir City girls did not play on Saturday night.

## Four Golf Divisions Set For Region II Members

Region II, which includes Lenoir City's team efforts has adopted a new golf tournament setup for this spring.

The region will be divided into four divisions, rather than two, and each division will send one team and four individuals to the Region II tournament play.

"This will be a pilot plan for the rest of the state," said Gill Gideon, TSSAA executive secretary. "Many of our regions are getting too large in golf, and we appreciate this proposal by the Region II coaches."

"If it works successfully, the plan might be adopted for the entire state in future years."

Division tournaments are scheduled May 14. Sites have not been selected. The Region II event is set for May 21 and probably will be played at Beaver Brook.

F.W. Jones, stepping down as golf coach at Knoxville Halls High School, is handling early arrangements for post-season play.

Members of the four divisions:  
EAST: Jefferson, Newport, Doyne, South, Holston, Catholic, East, West, Young.  
WEST: Kingston, Harrison, Clinton, LaFollette, Rockwood, Omeida, Oak Ridge and Lenoir City.  
NORTH: Central, Rute, Fulton, Gibb, Powell, Halls and Karns.  
SOUTH: Beardson, Maryville, Everett, Webb, Alcoa, West, Farropoli and TMI.

1968 MALIBU, blue, 2 door, hardtop, V-8, automatic, power steering, black vinyl roof.  
1971 NOVA, green, 4 door, V-8, automatic, one owner.  
1968 CTO, silver, V-8, automatic, power steering, power brakes, air condition, one owner.  
1965 IMPALA, white, 2 door, hardtop, V-8, automatic.  
1965 Dodge, Sport Van, white, 6 cylinder, straight shift, 3 seater.

# Greenback Effort Fades In Last Two Minutes As Falcons Prevail

The Greenback Cherokees gave District Three power, Friendsville, all the fight they could stand Friday night before falling 54-43 in the last quarter of play.

The Cherokees trailed the highly touted Falcons 10-8 after one period of combat. Neither team could gain the upper hand in the second quarter with 12 points being laced on the first period totals of each.

BOYS	
Greenback (42)	Friendsville (54)

F. H. Hester 4	Ammons 7
C. Kyker 11	Green 12
G. Hinton 7	Giffin 7
G. W. Hickey 14	Claibough 13
SUBS: Friendsville-Russell, 7	
Greenback 8 12 12 10-42	Friendsville 10 12 13 19-54

Down by a basket, Greenback struggled to overtake the Falcons in the second half, but then under themselves three points shy of the lead as the Friendsville hoopers won the third quarter 13-12.

The Cherokees refused to wilt under the balanced Friendsville offense which struck from the outside and then under the basket as the Greenback defense would make adjustments.

Greenback trailed by four points with two minutes left in the game when Tony Linginfelter was lost for the rest of the game on five fouls.

The Falcons made the one-and-one foul shots for a six point margin. The Cherokees continued to be plagued by shooting fouls and the Falcons used the charity line to account for nine of their 19 fourth period points and win handsomely 54-42.

The final score was misleading as to the play the

but I have girls just as capable of reaching that station of play provided they work hard with such a goal in mind."

"Lenoir City is right there with us, they are young and still have plenty of established players of outstanding abilities. They have done something we have not been fortunate enough to do yet and that is whip the Bradley sextet, but we feel we can play on a higher keel than we have shown to date. Oh, maybe in spurs but not put together for an entire game or for several games."

"We are going into the Bradley game with the idea of winning, just as we go into all our games, but win or lose we must return to the Bears den for the tournaments and every one will be out to get each other in that one, so we must concentrate on taking them as they come and hope we can survive. Winning streaks don't mean much in tournament play, only the final two teams advance," says Coach Dewayne Arp.

Hence the Lassies may have a mountain to climb and several bridges to cross before getting to the rainbow, but many Loudon hoop followers think this sextet has the qualifications of sticking things out and who knows slide into Jackson for the State Tournament.

Cherokees turned in for the night. Greenback hit just one field goal less than the Falcons and out rebounded them 30 to 27. The big margin of difference came on 16 Greenback turnovers and two of seven foul shots as compared to 11 turnovers for Friendsville and 12 of 17 foul shots.

Larry Ritchey set the scoring tempo for Greenback with 14 points followed by Bill Joe Kyker with 11 points. Tony Linginfelter grabbed half the team rebounds with 15 for the game.

The Greenback girls were no match for the taller and more talented Friendsville sextet, bowing 65-39. Mari Beth Hammonree led the Cherokees with 22 points and got a 13 point scoring assist from teammate Kathy Broome, but neither girl could keep pace with the Falcons' team scoring.

Mitch Keebler returned to a more active role for the Panthers after being slowed by the flu bug last week. Keebler had six points for the night.

The Lenoir City girls dropped their second straight game. The Crossville sextet won in a barn burner 47-46. Marietta Blackburn totaled 32 for the Pantherettes.

# Panthers Tumble Jets For 4th Straight Win

Lenoir City's Tim Cunningham gunned in 18 points and Charlie Dye added 10 as the Panthers topped Crossville Tuesday night 50-46.

The Panthers took a 10-4 first quarter score and turned it into a 23-18 halftime advantage. A 15-4 third period difference opened the game to a 10 point spread and the Panthers coasted to their 15th win of the year.

Mitch Keebler returned to a more active role for the Panthers after being slowed by the flu bug last week. Keebler had six points for the night.

The Lenoir City girls dropped their second straight game. The Crossville sextet won in a barn burner 47-46. Marietta Blackburn totaled 32 for the Pantherettes.

**SPIRITED BACKBOARD ACTION**—Lenoir City's Tim Cunningham and Jim Harris failed to nail this loose rebound as the Crossville Jets attempted to work the boards in hopes of turning back the Panthers. Lenoir City won the game 55-46.

# Loudon Drills Yellow Jackets

(Continued from Page 6)

parts of the final quarter, but Kingston cut the difference to six only to have Loudon play an even tempo through the end of the contest for a 53-47 triumph.

Domie Tharp, set out the first quarter of play due to a tooth extraction on Monday, came on in the second period and played much of the second half in pacing the Redskins to their 12th victory. The sophomores forward had 14 points and 13 rebounds to top all Redskins in overall play.

Mike Messamore had 17 rebounds and 11 points for the night, with William Cantler appearing 11 rebounds and throwing in 13 points.

Loudon out rebounded the Yellow Jackets 33-20 and hit 21 floor shots as compared to 17 for Kingston. The Redskins made just 11 turnovers in the game while Kingston had 15 mistakes.

**CHEROKETTE SCALPING PARTY**—Greenback's Lynda Hall appears to have handed out a spirited blow to the head of this Friendsville forward, but actually the Cheroquette guard has made a desperate try to swipe the ball from the hands of the Friendsville player just before she let go of a shot.

# Atlanta-Cleveland To Play Pro Exhibition At U-T, Aug. 25

The Atlanta Falcons announced yesterday that they would play the Cleveland Browns in Tennessee's Neyland Stadium Aug. 25. It will be a night game.

This is the first-ever pro game in the UT stadium. President Edward J. Boling approved the Falcons-Browns game months ago.

All seats in the stadium will sell for \$7, priority for same going to UT season-ticket holders. UT will pay for game expenses, after which the gate will be cut three ways, one part for UT, one each for the pro clubs.

# Bradley Hosts 'Skins Friday

(Continued from Page 7)

Bradley County. The fine elementary school program is a benefit. But the girls have worked and worked and worked. We've spent hours and hours working this season," said Stridley. "The girls love to win and don't mind paying for it."

The Lassies are not too old themselves as Gloria Brown, Susan Huskey and Sherree Harris are the only seniors on the team. Brown, a starter for four years and one of the best guards to be seen in this area in a while, will be the biggest task of replacement, but the depth is there. Yarber Harrison stands in prime position to fill the vacancy when the time comes and could very well be a starter by tournament time this season.

As for offense the Lassies have the same scoring punch that has done the job for the past two seasons. Jane Shubert and Marilyn Smith are both accomplished ball

players and Debbie Hawkins has completed the trio with out any signs of a problem. Offensive height may be the lone drawback to this team. Nevertheless the unity of playing and practicing year round has molded the atmosphere of a winner.

As far as youth, Coach Dewayne Arp will receive probably a better crop of forwards with promising credentials next fall as fresh man than ever before man

remembered. "There will be some forwards working with us this summer out of the junior high ranks that might start for some teams," says Arp. "I think we will have just as good of a team in two years as we will have next year or have this year. Girls basketball is really catching on over the state and it is even more notable in our own county. Sure most people expect to see Bradley County and Lewisburg and Lebanon in the state tournament field,

## CO-OP

# Farm Lubrication Sale

### February 5th through 17th

Pre-season savings on oil, grease, gear lube, filters.

### 3-year or 3000-hour lubricurance protects your new tractor engine:

Use CO-OP GOLDEN FILM, DUAL SEASON OR DIRECTOR motor oil in your new tractor engine and we extend the original engine warranty to 3 years or 3000 hours. If abnormal engine wear or failure occurs during this extended warranty period, CO-OP pays the bill for new parts and labor. Simple, positive protection available only from your CO-OP. Ask your petroleum man for full details before removing the factory-fill oil.

*"Your Cooperative will replace in repair, at no expense, the following parts of a warranted engine that fail under normal use: wearplate and bearings, piston, piston pins and bearings, piston rings, camshaft and bearings, cylinder walls and valve stems. This warranty does not cover damage unrelated to operation or caused by negligence or abuse in any engine which has been modified in any manner inconsistent with the engine manufacturer's recommendations."*

#### DUAL SEASON

A tough, year-round detergent oil formulated to stand up in hard-working engines. Fights sludge formation, helps engines run cleaner, longer, without costly repairs. Available in 10W/40 and 20W/40 at these prices: 10W/40 slightly higher.

42¢ per qt. in case/24 qts.  
\$1.66 per gallon, 2-10 qt. cans  
\$1.66 per gallon, 5 gal. cont.  
\$1.12 per gallon, 55 gal. drum

#### GOLDEN FILM

A high-detergent oil certified for diesel-engine use. Excellent stamina and lubricity make this product highly suitable for gasoline or diesel-powered vehicles of all types. Refined to 10, 20 and 30W specifications.

39¢ per qt. in case/24 qts.  
\$1.51 per gallon, 2-10 qt. cans  
\$1.51 per gallon, 5 gal. cont.  
\$1.08 per gallon, 55 gal. drum

#### DIRECTOR

A heavy-service detergent oil for autos, trucks, and tractors. Adheres tightly to cylinder walls and moving parts for constant, thorough lubrication... full power output. Straight 20, 30, and 40W types available.

35¢ per qt. in case/24 qts.  
\$1.46 per gallon, 2-10 qt. cans  
\$1.46 per gallon, 5 gal. cont.  
96¢ per gallon, 55 gal. drum

#### LITHTAC MULTI-PURPOSE GREASE

Our finest high-performance grease. Stays in place, fights heat.

32¢ per 14 oz. tube in full cartons  
26¢ per lb. in 35-lb. containers

#### GOLDEN FILM MULTI-PURPOSE GREASE

A high-quality lubricant with excellent mechanical stability.

25¢ per 14 oz. tube in full cartons  
21.5¢ per lb. in 35-lb. containers

# Loudon Farmers Cooperative

WEST END      LOUDON      HARRY GOODMAN, MGR.

### Game and Fish TODAY

By Sgt. Bob Harmon  
Game and Fish Commission

According to Price Wilkins, supervisor over the trout program for the State, Chilhowee Lake will be closed to all fishing from February 1, 1973 to March 15, 1973.

The purpose is to stock some 20,000 rainbow trout and give them a chance to get adjusted to the water before the season opens.

Chilhowee has produced some of our finest trout but most of them have been caught at night under lights using corn and worms.

Signs stating the lake will be closed to fishing have been posted and we ask the people not to tear them down.

It is a violation of the Game and Fish laws to deface or destroy a sign up by Game and Fish Commission personnel.

In last weeks article, I stated that four men from Maryville were charged with possessing a wild boar during a closed season. The men were Wayne Gardner, Leonard Orr, David Orr and Reed Kirkland.

The defendants Gardner and Kirkland received 60 days suspended jail sentence and placed on one year probation. The defendants David and Leonard Orr were fine \$50 plus court costs.

Three men, Franklin D. Underwood, Ray Gordon Webb and Gary Winston Sawyer of Oak Ridge were apprehended on Clinch River near the Messing Bridge on Sunday, January 21, 1973 with thirty-five trout, the limit being seven each.

The men were cited to

Sessions Court before the Honorable Buford Lewallen where they were fined for the violation.

The Game and Fish Commission along with T.V.A. are in the process of stocking several thousand trout.

It is hoped that the trout fishermen will cooperate with the Game and Fish Commission and T.V.A. by not taking over the limit and reporting to the local Game and Fish officer any violations they see.

For those who are willing to brave the weather and fish hard, we are experiencing some of the best fishing this season.

**CHEROKEE LAKE**  
Water conditions - rising. Fishing is excellent, crappie are striking small feathered flies around stumps 18 inches to 5 feet deep. Rockfish - good from Quarryville across to John Sevier Steam Plant on large bukkitt flies, casting and trolling.

**NORRIS LAKE**  
Water conditions - clear and rising.

Several bass and crappie are being taken, casting bass on black flies, pork rind, doll flies and minnows. Crappie - fair on upper end of lake on white and yellow flies. All other species poor.

**NORRIS TAILWATER**  
Trout is excellent, when water is off, on corn, worms and flies.

**DOUGLAS LAKE**  
Water conditions - muddy, stable.

Bass is fair, trolling deep running lures and casting artificial worms.

Crappie - good, casting flies tipped with minnows around stump areas. Sauger - fair, casting flies tipped with minnows - deep.

**FT. LOUDOUN LAKE**  
Water conditions - clear and rising.

Bass and crappie are being caught on lower end of lake. Bass on rubber worms, deep, and crappie on yellow and white flies around stump areas.

**FT. LOUDOUN TAILWATER**  
Muddy and fluctuating. Sauger and crappie - good

## Flying By Radio Control Popular Here

By Larry Cate

Flying is my bag and I enjoy all forms of airplanes. This past Sunday was our first close-up contact with radio-controlled model airplane flying and it was quite an experience.

There is a group known as the Sod Busters Radio Control Club consisting of some 21 members who are all caught up in flying radio controlled aircraft. The group has its own little airstrip located at the present time on the old Jim Graham farm about eight

miles from Loudoun on the Davis Ferry Road.

Every Sunday afternoon, weather permitting you will find most of the members, with their families, doing their thing - flying their radio controlled aircraft.

The Sod Busters has its officers and by-laws just like most other clubs. The officers are Harry Plimmons, president; Jim Scarborough, vice president; Lloyd Black, secretary and treasurer; and Iven Tinnell, program director.

Flying radio control is not a

cheap hobby. One member said a person can get one fairly good aircraft, engine and radio control for about a \$300 investment. From what could be seen most of the

members of the club have about a thousand dollars in their flying gear. What shows on Sunday afternoon is not all their is to the hobby, it includes a basement shop in most cases, complete with the tools and machinery it takes to build a craft and maintain a craft in flying condition - and

not all landings are successful and this means a trip back to the shop.

Our type of flying is getting strapped into our Cherokee 180 in the real thing or at the controls of the radio with a model in the air flying is a great experience and these members of the radio control club get as big a kick out of flying their machines as we do ours.

Even though they are safe on the ground you can see that while they are operating the controls of the radios that are sending signals to the craft making it bank, climb, turn, do stunts and etc. the operator is right up there with his plane.

We can remember times making an approach to the runway early in our flying experience getting so nervous that we would tell the instructor to take over and complete the landing, or of getting seamy hands on the controls and shaking so bad the whole plane would vibrate. These radio control operators are the same way. You could see them make every turn

with their planes give a big sigh of relief when their plane would be safely back on the ground.

No matter whether you are in the real thing or at the controls of the radio with a model in the air flying is a great experience and these members of the radio control club get as big a kick out of flying their machines as we do ours.

They like to show their stuff and spectators are welcome to watch their action. If you do go, be prepared to go into the business because it is catching.

Most of the club members have one or more new planes on the work benches now and they plan for some real flying this spring. Some members fly in competition and their skills on the radio are as good as many of the stunt pilots in our area and from the ground their planes at 150 to 200 feet look just as real as the ones you might see at air shows at sea then make every turn

COMING TO FLY—James Veal, right, of Lenoir City and several members of his family, all members of the Sod Busters are shown as they arrive at the field for a Sunday afternoon of flying their radio controlled planes.

TAKING OFF—Iven Tinnell has just released the plane of Bill Wright (left) with radio control in his hand as the plane gathers speed on the sod runway for take off. When airborne the flyers (radio controllers) handle their planes like professional pilots. All other species poor.

on flies, tipped with minnows, deep.

**WATTS BAR LAKE**  
Water conditions - clear and stable.

Crappie is excellent, still fishing with minnows and casting small "yellow and white flies."

**MELTON HILL LAKE**  
Water conditions - murky, upper end, clear on lower end. Crappie fair on small yellow and white flies.

**LITTLE TENNESSEE RIVER**  
Trout fishing is good on corn, worms and spinners.

**CHILHOWEE LAKE**  
is closed to fishing from February 1, 1973 to March 15, 1973.

**HUNTING REPORT**  
Quail hunting still fair, rabbit fair with dogs. Best hunting around honeysuckle and briar patches. Grouse hunting still good along mountain creeks and laurel thickets.

Seasons closed on ducks, geese, woodcock, squirrel, doves, raccoon, opossum.

The State Game and Fish Commission will begin the 1973 trout stocking season with a normal inventory of nearly 800,000 adult and fingerling fish for suitable waters across the State. The Commission has also prepared a plan for

GETTING READY—Bill Wright and Iven Tinnell are shown making last minute mechanical adjustments on one of their planes before the radio controlled aircraft takes to the air Sunday.

the upgrading and expansion of fish cultural facilities as funding allows.

The trout stocking program for the second law enforcement district will be under way in late January with the release of 50,000 rainbow averaging eight inches as part of the Clinch River experimental program. In February, Chilhowee Lake will receive 20,000 adult rainbow and the first 75,000 fingerlings will go into the Little Tennessee River. As the season progresses, the Little Tennessee will receive

BUILDING HIS PLANE—Lloyd Black, one of the Sod Busters, a radio controlled flying club, is shown in his basement workshop with a Cherokee he is flying. The plane is one of more than a half dozen Black has. He is presently building a twin-engine job he hopes to have flying this spring.

## Two Armed Robberies Investigated

(Continued from Page 1)

and didn't hear the man come in. She first became aware of his presence when she heard him say, "This is a stick-up."

Thinking at first that it was one of the neighbors who frequently kid with her, she answered, "You gotta be kidding."

He wasn't. When she looked up, she saw what she described as a man about 5 feet two inches tall, about 140 pounds, with light hair and a scar under his right cheek bone. He had a stocking over his head to distort his facial features. In his hand he had a pistol which she said looked like a water pistol.

Mrs. Shubert said the man demanded money, all bills, no change, no checks. She gave it to him, three \$20 bills, five or six \$5's and the rest \$1's, totaling \$140 to \$150.

The robber then left by the front door and told her he had someone watching, for her not to call anyone. However she followed him out the door closely enough, she reported, to see him run around the west side of the building and head toward Muddy Creek Road. She didn't see or hear a car. She then called the Sheriff's office.

Lenoir City Police received

a call at 11:52 p.m. Saturday from Floyd Neeley, 40, of Tullahoma Plains, the night manager on duty at Lenoir Oil Co. He said he has just been robbed.

The robbery victim told Police Chief Wayne Chambers and Police Officers Clifton Williams and Jack Latham that he was approached by a white man in his early 20's with a stocking over his head brandishing a nickel plated revolver.

Neeley said he had been sitting behind his desk in the station building when the man came in and demanded "Give me all your money."

He did so, and the robber ordered him to lie face down on the floor behind the desk, and he fled, running around the corner of the building and getting into a car parked on Pike Street. The car roared away.

At least three other persons were the robbery.

Allen Lambert and Tim Lambert, brothers, were standing near the end of the driveway into the station next to the A&W restaurant and saw the robbery in progress. They ran to the A&W to call police. Allen Lambert reported he had seen the car parked at the Shell Station across the street for several minutes before the robbery occurred.

Randy Brewster was also standing nearby and saw what was happening. As the robber jumped into the car, he ran toward the vehicle to try to get the license number and a pistol shot was fired toward him from the direction of the car.

The vehicle was described as a 1963 or 1964 light green Chevrolet. Witnesses saw a second person in the car before it drove away.

The robber was described as wearing blue jeans, a dark blue shirt and an overall jacket. Neeley said he was about five feet seven inches tall and weighed 140 to 150 pounds.

Taken from him were seven \$10 bills, three \$5's and the rest in \$1's, totaling \$117 to \$125.

One witness saw the car go up East Broadway and turn left onto new Highway 95.

Highway Patrol Sgt. David Grissom came to the scene

short after it happened to assist.

Chief Chambers said the investigation is continuing.

## Arts Group Reelects Swenson

The Loudon County Arts Association elected officers for 1973 and set up a \$5 membership contribution at its annual meeting on Friday, Jan. 26.

Mrs. E. C. Swenson will again serve as president of the Association. Mrs. Walter Shea, Jr., vice president, Mary Katherine Mize, secretary, and Robert McCurdy, treasurer. The General Manager's position remains open.

Beginning in February, Miss Sherry Kirkland will initiate an Arts in the School program on a county-wide basis for all sixth graders. Miss Kirkland has recruited volunteers to work with her. Each volunteer will take art prints purchased from the Dulin Gallery of Art, Knoxville, into the classroom and present a 30-minute program on art history from information furnished by the Dulin Gallery.

As a result of a choral workshop held by Dr. Ambrose Halford at the Greenback High School, a 40-member glee club has been formed at the school, and the Arts Association gave the money for purchase of sheet music.

Other programs sponsored during the year were a traveling exhibit of art forms of civilization placed in the county schools; the glee club and concert band from UT; and a traveling exhibit by a Greenville artist. Mrs. Lois Palmer Huth presented a sculpture demonstration lecture in Loudon, and 10 teachers from the county were sent to a meeting at UT, titled "Dramatic Innovating Teaching Procedures." The Maryville College Choir appeared in Loudon City, and a meeting was held at Middle School in Loudon City to discuss problems and opportunities for music and art

in the county school curriculum.

In appreciation for the community service work done by the late Dr. Charles Morgan, a Knoxville artist, Mrs. Arlene Goff, has been commissioned to paint a watercolor of one of Dr. Morgan's favorite scenes to hang in the Loudon High School library.

Membership in the Loudon County Arts Association is open to anyone who is interested in supporting or contributing to the work being done and being planned by the association.

## Correction

The writer was just one year behind in some of the information contained in a news story last week concerning new officers of the Loudon County United Fund.

The story said that new UP President Bob Black succeeds Clarence Wall in the office. That would have been a year ago.

He succeeds Charlie Davis, Vice President and Cashier of the Hamilton National Bank of Loudon, who has served this year as United Fund President. Mr. Davis was Campaign Chairman for the successful October 1971 campaign. The name of Mrs. Norma Henry as a new three-year director also was omitted. This newspaper regrets the errors.

telephone number 986-9001. Bank President A.M. Breman Jr. said arrangements have been made with South Central Bell Telephone Co. to provide the service in Loudon County.

Installation of automatic equipment at the bank's main office in Loudon City has been completed by South Central Bell. When the telephone number 986-9001 is dialed, the equipment responds with an announcement of the time, accurate to the nearest minute, and the temperature, accurate to the nearest degree. The temperature announcement will cover a

## Heart Fund Drive Committees Named

Co-Chairmen of the Loudon County Heart Fund Campaign Mrs. Betty Birkholz and Mrs. Juanita Smith, heading the two division campaigns in Loudon and Lenoir City areas respectively, this week announced the names of their campaign committees.

Assisting Mrs. Birkholz in Loudon are Mrs. Virginia Burnette, Heart Sunday Chairman; Mrs. Jo Ann Pope, Rural Chairman; Wylie

Zimmerman, General Business Chairman; Mr. and Mrs. Bernice Ray (Inky) Swiney, Special Events Chairman; Mrs. Evelyn Everett, Philadelphia Chairman; Mrs. Kaye Lindsey, Publicity Chairman.

Assisting Mrs. Smith in Lenoir City are Mrs. Jackie Hines, Heart Sunday Chairman; Calvin Axley, General Business Chairman; Elmer

McConkey, Special Events; Mrs. Betty Goddard, Greenback Chairman; and Mrs. Maxine McKinney, Publicity Chairman.

The members of the committees are now preparing material and plans for the main fund-raising event of the Heart Fund in Loudon County, Heart Sunday, Heart Sunday is scheduled for Feb. 25 when more than 100 volunteers will make a house to house canvass to raise funds to be used to battle heart and blood vessel diseases.

The Loudon County Heart Association is a Chapter of the East Tennessee Heart Association. The local campaign hopes to raise \$3,000. More Loudon Countians die of

heart related diseases than any other causes. The latest Public Health figures show that out of 240 deaths in Loudon County during 1971, 133 deaths or 54 percent were caused by Cardiovascular disease.

Mrs. Birkholz stated that one of the main objectives of the Heart Fund hopes to achieve in Heart Month is to place information in all homes about heart and blood vessel diseases. When volunteers call on their friends and neighbors on Heart Sunday, they will give them information telling them how to reduce the risk of heart attack and stroke, how to recognize warning signs, and what action to take in an emergency.

HEART FUND LEADERS—Loudon Countians Mr. and Mrs. Birkholz and Mrs. Juanita Smith are shown with Jake F. Butcher, Chairman of the East Tennessee Heart Fund Campaign at the recent kick-off banquet of the association. Mrs. Birkholz and Mrs. Smith are Loudon County Chairmen of the campaign currently underway here.

range from 40 degrees below 20 degrees above zero.

The service will continue to operate even in the event of power failure. Batteries will provide constant power flow to maintain continuous operation of the system. The service will be valuable, it was pointed out, following such a power failure, to aid in re-setting electric clocks to the correct time.

The temperature-sensing device is mounted on an elevated tower to avoid heat radiation from buildings.

"We are proud to be able to offer this service to our

community," Mr. Breman said. "We hope it shows that friendly, personal service and quality are more than just advertising slogans with the Bank of Loudon County."

Statistics indicate that the telephone number 986-9001 may be the most popular number in Loudon County. Four telephone lines have been installed to handle the calls, so that the incoming call will seek out the "free" line. Meters attached to the lines will show how many lines will be needed to handle the service in the future, it was pointed out.

SOLDIER OF THE MONTH—Sgt. Charles McAmis, shown here during riot control exercise with his National Guard Unit at Lenoir City last Sunday, was named Soldier of the Month of Company C of the Tennessee National Guard. Captain Joe Alexander said McAmis, of Sweetwater, was named due to his appearance, attitude and general knowledge.

Survivors include: wife, Nannie Wrin Tinnel; seven daughters, Mrs. Cornia Ridd, Maryland, Mrs. Rita Meade, Washington, D. C., Mrs. Lela

**ASC Ready For Farm Records**  
Fred Fipps, Chairman of the Loudon County Agricultural Stabilization and Conservation (ASC) Committee, suggested today that it is a good time for farmers to bring up to date farm records which are maintained in the County ASC Office.  
Records are kept on farms participating in government programs administered by ASC. A farmer who was in any program in 1972 and who has bought, sold or otherwise acquired or disposed of farmland should visit his County ASC Office to report the transactions.  
The ASC Committee Chairman commented that current farm legislation is expiring with 1973 crops and Congress is expected to take up proposed new farm legislation in the next few weeks. "Whatever farm programs we have, farmers will want to be sure their farm records are accurate and complete when the program goes into effect," Mr. Fipps said.  
County ASC Office are required to keep records on:

James, Mrs. Luella Dousman, Mrs. Peggy Morris, all of Virginia, Mrs. Linda Kay Webb, of Oklahoma, Mrs. Lenna Raye Ledford, of Georgia; son, James A. (Jack) Tinnel, Virginia; five sisters; one brother.  
Funeral services were held Thursday at Steeple Creek Baptist Church, Rev. Charlie Hobbs officiated. Burial in Corinth Cemetery, Karnes Funeral Home, Loudon, in charge.

**NANCY DIANE MCCOWN**  
Nancy Diane McCown, age 19, died suddenly Monday, January 29 as the result of a traffic accident in Clinton, Ohio.  
Survivors include: parents, Mr. and Mrs. James L. McCown; brother, James L. McCown II; sister, Kathy Gail, all of Clinton, Ohio; grandparents, Mr. and Mrs. John McCown and Mr. and Mrs. Sam Miller, Lenoir City.  
Funeral services were held Thursday in Akron, Ohio, Interment in Greenland Memorial Cemetery, Courtesy of Hawkins Mortuary, Lenoir City.

**Legal Notices**  
NOTICE TO CONTRACTORS OF STATE HIGHWAY CONSTRUCTION BIDS TO BE RECEIVED FEBRUARY 16, 1973  
Sealed bids will be received by the State of Tennessee, Department of Transportation, at their offices in the State Highway Building, Nashville, Tennessee, until 10:00 o'clock A. M., February 16, 1973.  
LOU DON COUNTY (CONTRACT NO. 6280) - Project No. EB1-75-2(15)068 (5302-3115-44) - The first stage paving with mineral aggregate (plant mix) and bituminous (plant mix) base surface, the application of bridge deck sealant on three (3) sets of two bridges, the construction of guardrail on a section of Interstate 75, beginning at the FAS-2507 interchange and extending to the intersection with Tennessee River (Watts Bar Lake), and the construction of roadway signs beginning at the FAS-2507 interchange and extending to old State Route 95. Project length - 5.375 (paving) and 12.223 miles (signing). Working days - August 1, 1974 (see special provision). Estimated Construction Cost - \$2,225,000.  
MONROE-LOUDON COUNTIES (CONTRACT NO. 6261) - Project No. EB1-75-2(14)060 (5203-3115-44) and 53002-3115-44) - The first stage paving with mineral aggregate (plant mix) base and bituminous (plant mix) base surface, the construction of guardrails and roadway signs on a section of Interstate 75, beginning at

**OF LETTING**  
The Tennessee Department of Transportation hereby notifies all bidders that in any contract entered into pursuant to this advertisement, minority business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color or national origin in consideration for an award.  
The right to reject any and all bids is reserved.  
Robert F. Smith, Commissioner.

# PLYMOUTH GOLD DUSTER

and the canopy vinyl roof costs you nothing.

You get what you pay for and more.

Now this is what we mean when we say "Gold Sticker Value!" Gold Duster. The big-enough-for-five, small-enough-to-handle-easily, economical-all-over Plymouth, now comes in a special version with whitewalls, wheel covers, wall-to-wall carpet, and special trim. And with all this also comes a canopy vinyl roof at no extra charge! (The factory doesn't charge us, so we don't have to charge you.) That's a great deal on top of a great deal. That's Gold Duster. Coming through a Gold Sticker Value.

## WEND CHURCH EVERY WEEK

Ask any boy and he will tell you... IT'S A WONDERFUL FEELING

When when you and most of the spirit you have seen and you will be a joy to be a boy in go heaven and feel the same most earth you go heaven but each and every day. That's what we call a wonderful feeling - membership!

If it has been some time since you were in the warm company of Wampler's Church and you are looking for a new church, then this is the church for you. It's a wonderful feeling to come here and you are sure to find a new friend. That's what we call a wonderful feeling - membership!

"I was glad when they said unto me, let us go into the House of the Lord!" Psalm 122:1

Back in the Good Old Days

Last week we mentioned that we would have a very interesting picture for our readers at this time, and we believe you will agree. But before we explain the picture (which fits in with what we have to say) we would like to point out something which most of those who were raised around Loudon will agree with. That is the impact that ministers and churches, past and present, have had in shaping our way of life in Loudon. Sure, we have had our share of problems, but nothing of a large magnitude. We met some people who were visiting in our town just recently from Chicago. They were very impressed with our town and our people. They expressed a desire to live in our town because of the peaceful atmosphere. We, who live here possibly take for granted the effect of a closely church related community.

Now, for our picture, which is inseparable from community christian activities over a wide span of years. The men in the picture, all now deceased, led lives closely

related to church life. From left to right are Fred Oody, who was a widely known singing leader and in this picture, he holds a hymnal. I don't think I ever knew a man who loved gospel singing more than Mr. Oody. He gave much of his time to promoting and helping singing groups around Loudon County. The man in the middle will be recognized by many Loudon County old timers. He was Rev. David Hensley, of whom we have written about several times before in the Good Old Days effort. The man on the right is Preacher Cannon, who, I have often heard said could pray the prettiest prayer of anyone in our area. We can remember him very well and have heard him preach many times.

We were trying to figure out where this old picture was made and it could very well have been made alongside the Cannon home in Loudon. We, of course, are guessing.

This picture was loaned to us by Mrs. Shorty McJunkins, who is the daughter of the late Mr. Oody. Our many thanks to her for the loan of this old and

interesting picture. In the passing years, since we have been doing the Good Old Days, we have had pictures of some of the big fish caught in the Tennessee River, and some of the old time fishermen. Well, this week, we have another picture with one of the big Catfish. These were caught by the men holding them, who are Edley McCown and the late Pap Costner. The old timers in our area know of the ability of Mr. Costner as a fisherman and old time riverman.

It seems that the historic event of the old Tennessee River freezing over in Loudon was recorded by the camera eye in more ways than we could ever imagine. Most of the pictures we have come across are all different or were taken at different

### Philadelphia Sets Conference

The First Baptist Church of Philadelphia will hold its annual Men's Conference February 11-14 at 7 p.m. nightly, featuring an all men's choir, Laymen speakers and personal testimonies.

locations on the ice. This is one event that is still hard to believe by some of our newcomers to this area. Well, here is some more picture proof, as Mr. and Mrs. Ed McCown and daughter are

The Laymen speakers for the conferences will be Dan Harris on Sunday night; Roy Murr, Monday night; Stanley Davis, Tuesday night; and Tim Thompson on Wednesday night.

Personal testimonies will be given by Tommy Millsaps, Tom Thornburg, Bill Gage, Bobby Shell, Gary Amos, Wade Hill and Gene Dills.

having their picture made on the ice. The picture was made by Frank (Buddy) Robinson who was on the scene snapping away with his camera. Well, that's it for now. See you next week.

### Bible Conference Set

The Bible Baptist Church of Lenoir City will host its second annual Bible-Missionary Conference this weekend, February 9-11. Speakers for this conference will be Dr. Wynal Porter in the area of Bible and Rev. Orman L. Norwood in the area of Missions.

Dr. Porter is presently serving as Assistant Dean, as well as Chairman of the Bible Department of Tennessee Temple College in Chat-

anooga. In addition to these duties, Dr. Porter is a greatly used conference speaker and Bible teacher.

Rev. Orman Norwood is Deputation Secretary for the International Board of Jewish Missions. Rev. Norwood came to know Christ under the preaching of Dr. R.G. Lee of Memphis and has been a successful pastor for more than 20 years. He has also composed more than 30 gospel songs and is the author of several books and tracts.

### TRUSTEE'S NOTICE

To property owners who have not paid their 1971 property taxes: As required by law and in order for us to comply with state laws, we will on the first day of March, 1973, turn over to the Clerk and Master all unpaid 1971 taxes.

By paying these 1971 taxes in February you will save the extra cost when they reach the Clerk and Master's office.

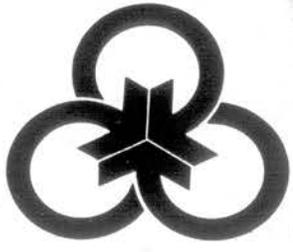

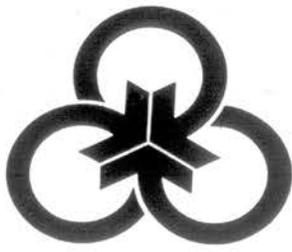

J.V. Schrimsher  
Trustee, Loudon County

### TRUSTEE'S NOTICE TO PROPERTY OWNERS

February is the last month to pay 1972 property tax without interest and penalty being added as required by law.

For any information concerning taxes please feel free to call 458-3103.

Yours sincerely,  
J.V. Schrimsher  
Trustee, Loudon County

## City Commission - - - OK's Justice Center, To Build City Garage

Loudon City Commission approved a resolution Monday night allowing Mayor Joe Carter to sign a contract with the County and City of Lenoir City for the joint operation of the proposed Loudon County Justice Center.

Under the contract the city would contribute \$15,000 a year for a five year period for the operation of the building. This includes personnel in the communications and records departments of the \$550,000 facility that will hopefully be under construction later this year.

As also provided by the agreement Mayor Carter appointed City Administrator Gary Hensley to represent the city of a five member law enforcement Agency that will operate the cooperative sections of the center.

The Commission approved the establishment of a citizens committee to study and recommend a Dog Control Program for the city. Mr. Hensley said that the committee will recommend various types of Dog Control Programs to the city commission in hopes that the problem of pet control in the city can be minimized.

Hensley reported that after citizen complaints about the condition of Kingston Pike, a short street running from Highland Avenue to River Road, a study of the conditions had been made. He said that if other city projects already scheduled could be completed on schedule the street could be widened, resurfaced and curbed next fall if the necessary rights of way and other problems could be worked out by that time.

Approval was also given to allow the Street Department authority to construct a Municipal Garage for the

Street and Sanitation Departments at the old City Dump site off Highland Avenue.

Mayor Carter said that the idea of a City Garage had been studied for several months and that the facility was badly needed. Mr. Hensley reported that it was thought that the building could be built, mainly with city crews, for about \$15,000. The building, 30 feet by 100 feet would be built of concrete blocks and is scheduled for construction in the immediate future.

Funds for the construction would come from the Federal Revenue Sharing Funds recently received by the city.

City Recorder Joe Watkins reported that several 114 city residents were delinquent in payment of City Taxes covering a period from 1948 to 1971. The amount of the back taxes is \$4100. The Commission authorized that a letter be sent to each of the property owners informing them that if these taxes were not paid by March 31 of this year they would be turned over to the City Attorney for collection.

The Commission gave permission for the filing of a state grant of \$2000 for the reconstruction of an old Civil War Fort located on property overlooking the Tennessee River. A committee of citizens, including Mrs. W. F. Zimmerman, Ed McQueen, Mrs. H. H. Richesin, Calvin Lunsford, Dick Huff, Joe Watkins and Gary Hensley had been appointed to work on the project.

It was reported that the owner of the property was willing to give the site to the city for the reconstruction of the fort and a park. Mayor Joe Carter said that no city funds would be used on the project.

## Barron, White Get 1-3 Prison Sentence

Two men charged with attempting to break out of Loudon County Jail were convicted in Criminal Court last week.

The two, Bart (Skipper) Barron and Donnie Ray White, were sentenced to one to three years in prison. White had been earlier convicted of breaking and entering and sentenced to three to five years in prison. The terms will run consecutive. A charge of larceny against Barron was nolle by the state.

One person who received

probation in Criminal Court has also been found guilty of a violation and ordered to serve the previous sentence.

Jessie Proctor (female) was found guilty by a jury of two counts of forgery and sentenced to six months on each count. The judge then placed the woman on probation. The next day she was arrested on a shoplifting charge. She was sentenced to six months on this charge in General Sessions Court and taken to Monroe County Jail where she will serve the three six month sentences.

## Variety Show Saturday Night

A variety show, featuring many local and area talent acts, will be presented at Loudon High School at 7:30 p.m. Saturday under the sponsorship of the Loudon Boosters Club. Admission is \$1 per person.

Featured acts on the show will be Bob Brackett and the Country Raiders, The McCarroll Family, The Piney Pickers, Bonnie Walker, Mary Sue Huffaker, several Gospel groups, The Cosmic Blues, Cosmic Evolutions and the Great Northern Railroad and others.

## Freight Derails, Blocks Line Here

The main line of the Southern Railway was closed most of the day Monday about 9 a.m. through Loudon after a Southern freight train derailed on a siding just West of Loudon.

The train was entering a siding behind Wicker's Motel when five cars in the middle of the 100 car freight derailed, four overturning spilling 400 tons of wheat, and destroying the big cars. One other car left the track but stayed upright.

One of the overturned cars blocked the main line and damaged the alignment of the tracks. The train crew said they did not know what caused the accident unless there was a weak section in the siding.

An emergency crew arrived in Loudon about noon with a big crane to begin cleaning up the debris. They worked through the day to reopen the main line about 6 p.m. then continued through the night on the overturned cars.

## Canter Elected Hamilton Bank Chairman

New officers were elected at the Stockholders Meeting of the Hamilton National Bank of Loudon last week.

Ben M. Roberson who was President of the bank from 1952 to 1967 and Chairman of the Board from 1955 to 1973 was named Honorary Chairman of the Board of Directors.

Donald Canter, President since 1967 was elected President and Chief Executive Officer and will also serve as Chairman of the Board of Directors.

All other officers and directors were re-elected. They are: A.F. McCarty, vice president; Charles Davis, vice president and cashier; D.T. Lomax, assistant vice president; Elizabeth Jones, assistant cashier; Pearl Henry, assistant cashier; Bernie Ray Swiney, assistant cashier.

Directors re-elected were W.V. Kirkland, Ben M. Roberson, A.F. McCarty, John C. Greer, R.T. Sharp, Harry M. Nacey, J. Cam Hall, Arthur M. Fowler, James L. Hipsher, Donald L. Canter and William C. Zeeb.

Members of the Advisory Board of Directors are Clayton Curtis, Jack Laffer, Charles R. Porter, W.E. Huff, Jr., Joe Randle, John C. Messamore, Robert M. Carter, Charles H. Davis and Billy T. Brewer.

MR. RUSSELL

## Bill Russell Leaving Dunn Administration

William H. Russell, Administrative Assistant to Governor Winfield Dunn and former Assistant Commissioner to the Department of Conservation, has resigned, effective June 1, to return to practice law in Loudon County.

Russell, 33, will join the newly formed firm of Arnold and Russell in Loudon. His partner is Edwin Arnold, a former member of the Tennessee General Assembly. "It is with deep regret that I accept the resignation of Bill Russell. Bill has been an excellent member of my staff and I am sorry to lose his valuable service," Governor Dunn said.

In a statement Russell said, "It has been a gratifying experience for me to serve in the capacity of Administrative

Assistant to Governor Dunn, a man whom I deeply respect and admire. I am extremely grateful to the Governor for giving me the opportunity to serve on his staff."

Russell served as Assistant Commissioner of Conservation from January, 1971 until October, 1971 when he came to the Governor's staff.

Active in the last gubernatorial campaign, Russell served as Governor Dunn's Second District Coordinator in the Republican Primary and in the General Election races.

Russell was born April 9, 1939, in Keese Mountain, Va., and is the son of Dr. and Mrs. H.M. Russell. Dr. Russell is associate minister of the Loudon United Methodist Church. Bill is a graduate of

(Continued on Page 9)

## Man Struck By Car Is Injured

An elderly Loudon man was hospitalized for several days at Loudon County Memorial Hospital after he was struck by a car at the Grove Street and Mulberry Street intersection in downtown Loudon about 1 p.m. Thursday.

James R. Smith, 78, of Loudon sustained a head laceration and was admitted to the hospital for observation following the accident.

Driver of the car was James L. Nix, Rt. 2, Loudon. Witnesses said the pedestrian had the red light on Mulberry Street, which he was crossing. Mr. Nix stated he was making a left turn off Grove Street to Mulberry and had the green light and did not see Mr. Smith until he hit the side of the car.

DUNCAN PRESENTS FLAG-Congressman John Duncan was in Loudon County Monday, visited two schools Glendale and Loudon Junior High to present American Flags to each school. Duncan is shown on his arrival at Loudon Junior High where he is greeted by Principal Tom Rothwell, School Superintendent A.C. Dukes and Loudon Mayor Joe Carter. In the center photo Congressman Duncan presents the American flag, that had flown over the Capitol in Washington to one of the students in a ceremony on the campus. Congressman Duncan's Administrative Assistant Ed Bailey assists two students in raising the flag for the first time. A seventh grade class at the school had requested the flag because the old flag at the school was in bad condition.

## City Hopes To Restore Old Civil War Fort, Seeks Grant

BY CALVIN LUNSFORD

The newly formed Old Fort Committee, which is currently exploring the task of the restoration of the Loudon Civil War Fort, (which is located in the area east of Loudon's low

rental housing project) held their first meeting on February 6. The meeting was confined mostly to the discussion of the methods of restoration, such as, excavation of the Fort site,

so as to re-create the earth mounds which served as gun positions during the Civil War and clearing and preparation of surrounding area.

Preliminary plans call for the possible erection of a flag

pole, which would fly an American Flag and a Civil War Flag; a possible cannon walkways; a historical marker and nature trails.

Loudon City Administrator, Gary Hensley, is exploring the possibility of State Grant funds for aid in financing the project. It was pointed out that with proper restoration and promotion, the Fort would not only serve local citizens, but could become a tourist attraction.

It is thought that the state archeologist will be in Loudon in the near future and possibly would be consulted about the restoration of the Fort.

There are quite possibly other related things, (when properly investigated) that could be obtained to become a part of this historical old Fort site.

The committee, which has not selected officers as yet are Gary Hensley, Dick Huff, Mrs. Wiley Zimmerman, Mrs. Henry Richesin, Ed McQueen, Joe Watkins and Calvin Lunsford.

The committee has high hopes of beginning work on the project this summer if details can be worked out in order to meet this time deadline.

HOPES TO REBUILD FORT-A committee of Loudon residents is studying the possibility of restoring an old Civil War Fort once located at Loudon. On the City appointed committee are (left to right - seated) Gary Hensley, Mrs. H.H. Richesin and Ed McQueen. Standing: Joe Watkins and Dick Huff.

The groom-to-be is a 1966 graduate of Loudon High School and is employed with Delta Airlines in Atlanta.

The couple will be married February 21.

and family, Mr. and Mrs. Kelley Jones and family of Blacksburg, Va.; Mr. and Mrs. Dan Webb, Oklahoma; Miss Hazel Scholtz, Mrs. Maggie Holt of Chicago, Ill.; Mr. and Mrs. Clyde Wise of Kingston, Mr. and Mrs. Fred Cook of Falls Church, Va.; Mr. and Mrs. J.W. Webb, Jr.

## Arts - Crafts Is Woman's Club Program

The Loudon Women's Club met at the Bank of Loudon County on Thursday, February 8.

The meeting began with a short program presented by Mrs. Ray Birkholz. Mr. Robert Samples and Dr. Dwight Wade, representing the Heart Association, showed a film and gave a talk and answered questions concerning heart disease and hypertension.

After the club's business meeting, Mrs. Leon Viars, program chairman, introduced the evening's program "Your Bill and Mine". Club members brought art work, crafts, special entries, hobbies and projects to share with the other members. At the end of this special program, hostesses, Mrs. Charles Chissaz and Mrs. Clyde Norton, served a Valentine dessert.

Mrs. David Christopher, Mrs. Lee Washburn and daughter, Angela, of Oak Ridge spent last Thursday with Mrs. Christopher's mother, Mrs. Calvin Lunsford.

Mr. and Mrs. Paul Arp are in Los Vegas, Nev. this week to attend a Vag Conservation

Convention. Mrs. Lawrence Johnson and children, Terry and Russell, of Dublin, Va. were weekend guests of Dr. and Mrs. H.M. Russell.

Rev. and Mrs. Jack Ferguson, Jr. have as their guests, Rev. Ferguson's parents, Mr. and Mrs. Jack Ferguson, Sr. of Oklahoma City, Okla. and his nephews, Brian and Brent Ferguson of Dallas, Texas.

Kenneth Rowe, Jr. is here from Hopkinsville, Ky. for a visit with his mother, Mrs. Kenneth Rowe, Sr. and to be with his father who underwent surgery Monday at UT Hospital.

Mrs. Tommy Godsey is a patient at Loudon Memorial Hospital.

Dr. and Mrs. Paul Brakebill, Jr. are parents of a son, born February 10, at Blount Memorial Hospital in Maryville. He has been named Robert Marshall. The baby has brothers, Bill and Merrill, and a sister, Melanie. Mrs. Brakebill is the former Miss Jane Sweeney. Grandparents are Mr. and Mrs. R. N. Sweeney of Chattanooga and Mrs. W. P. Brakebill, Sr. and the late W. P. Brakebill, Sr.

Rev. A.C. Starling, pastor of Loudon Park Baptist Church in Gatlinburg, will conduct revival services beginning March 4 at New Macledonia Baptist Church. Services will begin each evening at 7:30 p.m. Rev. Buford Albright, pastor, invites everyone to attend.

## Capping Service Highlights Volunteers 10th Anniversary

The Loudon County Red Cross Hospital Volunteers held a 10th anniversary and Capping Service on Tuesday evening, February 6 at 7:30 p.m. in the Loudon United Methodist Church Chapel. Those on the program were Mrs. Bernice Ray Swiney, organizer; invocation was given by Rev. W.H. Horner; welcome by Miss Rachel Huff; the address was given by Rev. Harrell M. Russell, and certificates were presented by Fred Smith, Chapter Chairman. The Capping of Hospital Volunteers was presented by Mrs. Thomas Earl Hines, chief nurse of Loudon County Memorial Hospital. The Capping of School Health Nurse Clinic volunteers was presented by Mrs. Dave Vondy, chairman and instructor of Clinic program. Naming of the new Hospital Volunteers was presented by Mrs. Walter C. Shea, Jr., chairman of volunteers; the candle lighting ceremony was given by Mrs. A.A. Monger and Mrs. John Roberson, co-chairmen of the Hospital Volunteers. The Presentation of Service was given by Mrs. James C. Harrison, chairman of Hospital Volunteers. Acceptance was given by Mr. Gay Hamilton, Loudon County Memorial Hospital Administrator.

**SCHOOL CLINIC VOLUNTEERS**—Pictured are the ladies who were capped as School Health Clinic Volunteers. Left to right are Mrs. Buster Pruitt of Nichols, Mrs. Dave Vondy, Chairman of School Health Clinic and Mrs. Thomas C. Dixon of Highland Park.

**HOSPITAL VOLUNTEERS**—These ladies were capped as Loudon County Memorial Hospital Volunteers. Left to right: Mrs. Garlin Craig, Mrs. Jean Webb, Mrs. Mohlar Giles, Mrs. Charles Long, Mrs. T.E. McCarroll, and Mrs. Harold Russell.

**SPECIAL AWARD**—These ladies received special honor for hours of service as Hospital Volunteers. They are (left to right) Miss Mary Catherine Mize, Mrs. Lilly West, Miss Rachel Huff, Mrs. T.G. Henry, Mrs. James Harrison and Mrs. Lamar McCall.

Presentations of School Clinic Volunteers was made by Fred Smith, and acceptance was by Mrs. Dave Vondy. Presentation of Service awards for hospital volunteers was also made by Mr. Smith.

Those capped during the service were Mrs. Garlin Craig, Mrs. Mohlar Giles, Mrs. Charles Long, Mrs. T.E. McCarroll, Mrs. Allan Reed and Mrs. Harrell M. Russell.

The 1973 Class of School Health Clinic volunteers are Mrs. Thomas C. Dixon, Jr., Highland Park School; Mrs. Quantan C. Harness, West Hill School; Mrs. Dewey E. Jenkins, Nichols School; Mrs. Don Palmer, Lenoir City High School; and Mrs. Buster Pruitt, Nichols School.

The following were presented Special Service Awards: Miss Rachel Huff, the 30 year service bar, certificate and Clara Barton Award. In previous years, Miss Huff has been a F-A-I, Chairman of the Board and has served all offices of the Loudon Chapter Red Cross. She was the first chairman, when Lenoir City and Loudon Chapters consolidated into Loudon County Chapter in 1964. She has served all offices, since that time. Most recent office was the Chairman of Volunteers in 1963. She was responsible for the Gray Lady Program, now known as the Hospital Volunteer Program, starting in the hospital. Through her efforts and Mrs. Charlotte Stephenson, the Volunteer field consultant, this program came into being.

Mrs. James C. Harrison was presented the 10 years Service Bar, certificate, Clara Barton Award. During the past ten years, Mrs. Harrison has served three consecutive years as chairman of this program, has just completed her fourth year as chairman and has served 1,350+ hours as a hospital volunteer. She has also given orientation to Red Cross many times to the Hospital Volunteers, classes, School Health Clinic classes and to some Red Cross Youth Groups.

Mrs. Tom Henry was presented the 10 year Service Bar, certificate and the Clara Barton Award. Mrs. Henry came as a transfer to this Chapter, March, 1960, from the Chattanooga Chapter, having served 676+ hours as a Gray Lady in the hospital here. She served 169+ hours in 1966-67 at Johnson Nursing Home and also that same year she served 156+ hours at the hospital. During the past ten years, Mrs. Henry has served 1,086+ hours in the hospital program.

Miss Mary Katherine Mize was presented the 10 year service bar, certificate, and Clara Barton Award. Miss Mize has served 1169+ hours during the past 10 years as a Hospital Volunteer in the Loudon County Hospital.

Mrs. Madison West was presented the 10 year Service Bar, certificate and Clara Barton Award. She has served two years as Chairman of Hospital Volunteers and has served 1679 volunteer hours in the Hospital Program. She is also serving as treasurer of the Chapter for the past two years and a board member for

the past four years.

Other chairman for the 10 year period have been Mrs. Arthur Fowler, Mrs. W. A. McMurray, Mrs. James C. Harrison, Mrs. Madison West and Mrs. James Harrison. Mrs. Arthur Fowler, Mrs. W. A. McMurray and Mrs. Madison West were faithful volunteers who are now deceased.

The Hospital Volunteers as a total, average about 3000 hours of service each year.

At present, there are 30 active volunteers in the Hospital Program. Other Volunteers serving are Mrs. Jack Bobb, Mrs. Bernard Bostic, Mrs. Huber Davis, Mrs. Jack Delaney, Mrs. A.J. Eldridge, Mrs. Joe Hand, Mrs. J.D. Hixon, Mrs. Cecil Kanes, Mrs. B.H. Lewis, Mrs. William C. Patton, Mrs. Harry Pease, Mrs. W.C. Sargent, Mrs. Homer Simpson, Mrs. Don P. Smith, Mrs. Arlie Strange, Mrs. Ed Swenson and Mrs. W.F. Zimmerman.

A special event of the service was the presentation of a scrap book of the Hospital Volunteers activities over the past ten years. The book was compiled by Miss Mary Katherine Mize and was presented by Miss Mize to Mrs. Thomas Earl Hines of Loudon County Memorial Hospital.

Mr. and Mrs. Linton Britton of Tellico Plains were guests last Sunday of Mrs. W.W. Byrum.

Miss Ruth Henderson from UT was home overnight Thursday with Mr. and Mrs. Bill Henderson.

Mr. Bruce Barr of Atlanta and Mr. and Mrs. Bobby Purdy and family came for the funeral Friday of Mrs. Robert Thomas in Madisonville. Mrs. Thomas was the mother of Mrs. Paul Purdy.

Larry Griffiths of Chattanooga spent Sunday here with the Griffiths Family.

Mr. and Mrs. Jack Loveland and son from Paris, Ky. were here for the weekend and were visitors at the First Baptist Church Sunday.

Ricky McJunkins and Julie Iddins were crowned King and Queen at the Valentine Banquet Saturday night at the First Baptist Church.

J.T. Cox, son of Mr. and Mrs. Henry Cox, came home from Sweetwater Hospital last Tuesday.

Mr. and Mrs. Nathan Harris and Dr. and Mrs. J.R. Sizor of

## 25th Anniversary Reception Sunday

A reception from 2 to 5 p.m. on Sunday, February 18, will be given in honor of the 25th Wedding Anniversary of Mr. and Mrs. H. Kenneth Deatherage. The reception, given by their children Mrs. Charles L. Harrison of Nashville and Chris and Robert (Bobby) Deatherage of Kingston, will be at the Deatherage home on Wind-swept Lane in Kingston.

Mr. Deatherage is the District Attorney General for the Fourth Judicial Circuit, consisting of Blount, Loudon, and Roane Counties. Mrs. Deatherage was formerly

employed by the Roane County Registrar of Deeds on a part time basis.

The couple was married on February 20, 1948 with the Rev. Fred Rudder officiating.

Mrs. Deatherage is the former Imogene Brown, daughter of Mrs. Frank Brown and the late Mr. Brown of Kingston.

Mr. Deatherage is the son of Mrs. Herman Deatherage and the late Mr. Deatherage also of Kingston.

No invitations are being sent, but all friends and relatives are invited.

**PLANNING REUNION**—The Loudon High class of 1948 is planning a 25th reunion of the graduation of the class for this summer. Members of the class or those knowing the whereabouts of other members are asked to contact Mrs. Allen Clinton (Geraldine Cavett), Philadelphia, Ph. 458-3806, Mrs. Edd McQueen, Loudon, Ph. 458-2312, Miss Virginia Williams, Loudon, Ph. 458-3967 or Mrs. Arthur Hamill, Loudon, Ph. 458-3471. The class is shown here at their graduation. Class members are (left to right, front row) Lillian Markwood, Ima Jean Gourley, Francis Galyon, Geraldine Cavett, Betty White, Evelyn Richerson, Betty Jo Larue, Myrtle Lamberti, Dorothy Bright, Margie Stevens, Virginia Williams. Second row, Patricia Robinson, Eva Lee Campbell, Trula Bright, Mary Bird, Lois Milsaps, Christine Ridge, Elizabeth Bingham, Dorothy Pickering, Margaret Bird, Ruth Kallode, Mizie Watson. Third row—Raymond McJunkins, Jean Roberts (deceased), Orlena Davis, Ruth McQueen, Betty Oles, Fredia Bright, Gena Jackson, Harriet Lenoir, James Lane, Sam Watts, Johnny Julian. Fourth row, Tom White, Jim Cannon, Gerald Miller, Homer Simpson, Gilbert Harris, Paul Waters, Pat Hicks, Bill Hall, Spiggie Kelo, Eugene Mitchell, Arthur Russell. Fifth row, Sam Barr, Buck Mitchell, Fred Sealy, Edwin McDonald, Jim Miller, Denver Watts, Leo Plack, Arthur Hamill, J.L. Jones and Loyd Ovan.

Sweetwater were here Friday evening for the Harris-Thomas wedding.

Dr. and Mrs. Lester Allen, Linda and Kay attended church service at the First Baptist Church Sunday morning.

Mr. and Mrs. David Thompson, Sr., Kim and Candice were here overnight Saturday with Mr. and Mrs. C.E. Thompson and Tim.

Mr. and Mrs. J.B. Perry of Knoxville and Mr. and Mrs. Glen Hill and daughters of Lenoir City visited Sunday with Mr. and Mrs. E.M. Hill.

**LETTER TO THE EDITOR**

Gentlemen:

A picture of my father and his wrecked car appeared in the February 1 issue of your newspaper on page five. Mother was already a patient at the Loudon County Hospital at the time, thank God, painfully but not critically injured. Yesterday I brought my parents home to Cleveland, Ohio, but I could not do so without extending my thanks to the many citizens of Loudon, the Baptist minister, the Gray Ladies and

the wonderful staff at the Loudon County Memorial Hospital, the owners of the Fort Loudoun Motel, and most especially to Dr. Sam Harrison. Not only did you all show true southern hospitality, but kindness and consideration which we, as children, and my parents, as those involved, will never forget. Obviously it would be impossible to thank each person individually. Therefore I hope that it will be possible for you, through your paper, to thank everyone in our name. Sincerely,  
Sarah and Julius Silberger,  
Dr. Julius Silberger, Jr., son and Lynn Edelman, daughter,  
Lynn Edelman

**County 4-H Clubs Of Week Are Honored**

**Explorer** - Greenback Explorer (4th grade) club had 69.2 percent of their members to show something they made or repaired. Several members told about a new 4-H project.

**Singing Saturday**

A special singing will be held Saturday, February 17 at the Loudon Revival Center, Steeple Street, Loudon, featuring the Spiritual Aires of Cleveland. Services will begin at 7:30 p.m. Rev. Rev. Tommy Walker, pastor, invites everyone to attend.

they had explored since their last meeting. The teacher-sponsor of this club is Miss Fleda Mae Jones. All 4-H explorers have been given the project book "Exploring 4-H" which gives them guides for exploring eleven 4-H project areas.

**Junior** - The Eatons 5th grade Foster club had 38.9 percent of their members to enter posters for the county 4-H Poster Contest. Also, 19.5 percent of the club members worked on improving their ability to talk before a group. Nine members participated in the local 4-H public speaking

contest. Brian Langston and Lori Sparks were the boy and girl winner of this club. They will represent their club at the county contest. The volunteer leader for this club is Mrs. James Elam.

**Junior High** - The Eatons 8th grade club had 13.7 percent of their members to participate in the local public speaking and poster contest. The winners in the public speaking contest were Mike Letterman and Nancy Trout. Mike and Nancy will represent their club at the county public speaking contest. Mrs. James Elam is the volunteer adult leader for this club.

photography contest. This contest is open to any 4-H member in Loudon County. All pictures must be taken by the 4-H'er entering them in the contest. A 4-H'er may have one entry per class. The classes are: 1-People, 2-Animals, 3-Buildings, 4-Landscape, 5-Sequence and 6-Best of Show. This will be discussed in more detail at all 4-H club meetings.

2. Announcing requirements for the 1973 4-H Scrap Book Contest. Information is being given out at all meetings and explained in detail.

The county 4-H public speaking contest will be held on Saturday, Feb. 10, at 9:00 a.m. in the Calvary Baptist Church, Lenoir City.

**4-H SPONSORS RECOGNIZED AND HONORED**—(Left to right) Mrs. Richard Wilburn representing Hamilton National Bank of Lenoir City; Mr. Paul Arp, Loudon County Soil Conservation District; Nancy Cox, Curtis-Tipton Motor Company; Mrs. Nola Elam, Merchant and Farmers Bank of Greenback; Mr. Harry Goodman, Loudon Farmers Cooperative; Mr. Bill Bright, Loudon County Farm Bureau; Mr. Roy White, Loudon County Unit Test Demonstration; and Mr. Inky Swiney, Hamilton National Bank of Loudon.

**STATE WINNER**—Carolyn Hickey, senior 4-H'er from Philadelphia, has been announced as a state winner in the Sew With Cotton Contest. Here she is wearing her chestnut brown 100 percent cotton corduroy pants suit.

**JUNIOR**—Eatons 5th Foster Club members who participated in the local 4-H Public Speaking and Poster Contest. Brian Langston and Lori Sparks were the Public Speaking winners for this club. The adult volunteer leader of this club is Mrs. James Elam.

**EXPLORER**—Greenback 4-H Explorer club had 69.2 percent of their members to show-and-tell what 4-H projects they had worked on in the last month. The teacher-sponsor for this club is Miss Fleda Mae Jones.

**JUNIOR HIGH**—The Eatons 8th grade club had 13.7 percent of the members to take part in the local 4-H Public Speaking and Poster Contest. Mike Letterman and Nancy Trout were local winners in the Public Speaking Contest. The adult volunteer leader is Mrs. James Elam.

**RECEIVES SEVERAL AWARDS**—Teresa Goddard receives 4-H Honor Club Membership and Key at the Loudon County 4-H Achievement Banquet. Teresa, a Sophomore at Greenback High School, gave the Welcome and received several other awards at the Banquet.

**Bonnie Talk**

Agricultural Extension Service  
The University of Tennessee

**ANTIQUING GIVES VARIED EFFECTS**  
Antiquing continues to be popular, and it's probably because so many different effects can be achieved with the antiquing process.  
For a creative touch, you can try your hand at sponging, flecking, or distressing. It is helpful to study some professional antiquing to see results you should be striving for in quality and results. Visit some local furniture stores for these comparisons.  
The sponging technique is what the name implies—a sponge pattern of color over the base coat. To do this, simply sponge to get a rough surface, then apply the glaze of your choice by constantly turning the sponge. The sponging method adds depth of color interest to the furniture surface.  
Flecking allows the do-it-yourself to add flecks of color to the finish. Older pieces as well as new furniture are flecked with color, usually black, to provide an aged effect and depth of color.  
Antique furniture the desired color and allow to dry. Then apply flecks. This is another step beyond antiquing and is done with a semi-dry brush from which excess paint has been removed. Color literally is flecked onto the surface in a fly-speak treatment.  
The secret is not to apply flecks are minute and not large drops of paint.  
Distressing is used to give furniture a look of imperfection. Authentic antique furniture often has holes, scratches, and surface marks that give it individuality.  
To reproduce this effect, dip a small, stiff brush into a glaze and make random marks on the surface in a variety of shapes—commas, straight lines, curves.  
Practice first until you obtain a realistic result; this technique poorly done looks bad.  
Hold the brush about three to six inches from the surface and tap it against your fingers or a ruler to splatter the glaze and create an effect similar to tiny holes. Let dry overnight and finish with a satin finish varnish or polyurethane satin finish for extra durability.  
These special designs will demand practice. But the fun is in the trying. With each attempt, the do-it-yourselfer will develop beautiful artistic effects.

**FIRST AID HINTS FOR DOLMAN SLEEVES**  
Dolman sleeves, one of the fashion "firsts" of this season, may look roomy, but they do have their limitations.  
The curved underarm seam, though it is loose and floppy when the arm is extended to its full length.  
Here are some "first aid" hints for this problem: To keep the stitches from popping, or the underarm seam from tearing, reinforce the seam. Sew a second row of stitching close to the first one in the area of strain. If the first row breaks, there will be a second row to back-up the first.  
Another way to reinforce this underarm seam involves the use of bias tape to reinforce the original seam line. Clip the curve of the seam allowance to relieve the strain. The unclipped bias tape will strengthen the seamline.  
A third way to solve the problem, using bias tape, is to clip the seam allowance first, then press it open. Next, lay a piece of bias tape over the opened seam and stitch it to the seam allowance—about an eighth of an inch on each side of the seamline.

**FORMATION OF NEW HOME DEMONSTRATION CLUB**  
A new Home Demonstration Club will be formed in Loudon, Thursday night, February 22. If you are interested in joining or receiving further information, please call me at 458-2871.

**4-H WINS STATE SEW-WITH-COTTON**  
Carolynn Hickey, senior 4-H'er from Philadelphia, wins state Sew-With-Cotton Contest. Carolynn is the daughter of Mr. and Mrs. Hugh Hickey and is a Junior at Loudon High School. As a state winner, Carolynn will model her garment at the Southern Cotton Ginners Association Meeting in Memphis, March 4 and 5.

**PAPER TOLE WORKSHOP TO BE HELD**  
Three-dimensional elevation or paper tole pictures have such depth they seem to "come alive" when looked at. They are easy to make, but expensive to buy when found ready-made in art stores. There will be a paper tole workshop for all interested persons February 22 at 9:00 A.M. in the basement of the Trinity United Methodist Church. For further information, call 458-2871.

**Dial 986-9001**  
**For Time And Temperature**  
**Anytime; Day or Night**

Bank of Loudon County, your only home owned and operated bank now gives you this area's only time and temperature service. By simply calling 986-9001, you get the correct time and temperature, anytime, day or night. (Even if your power is off.) Give it a try today, and every day. Or if you forget the number, just look in the phone book under Time and Temperature. Just another service your home owned bank is glad to offer you.

# Loudon Survives Bradley Rally For 58-54 Victory

## Speaking of Sports

By DANNY GIBSON  
Sports Editor

Basketball tournament time is just around the corner. Greenback will get Loudon County hoop teams off to a tourney start in just a little over a week. While Loudon and Lenoir City get involved in their respective playdowns the next week.

The District III (Small Division) Tournament will get under way at Maryville College, Friday, February 23. The District VII and District VIII (Large Division) Tournaments will be played the next week at Kingston and Bradley County High School gyms respectively.

Drawing for the District III Tournament is scheduled for Saturday. The District VII drawing will take only a brief meeting, since the coaches of that format met December 6 to iron out any questions, set up the tourney brackets with only the rest of the season to fulfill the mandatory slots as ranked by season play. The District VIII drawing will take place Wednesday, February 21 at Loudon.

All three district tournaments should be exceptional sports shows.

The Small Classification event at Maryville College will be dominated by boys' competition. No less than 10 teams are capable of winning the championship.

The Small Classification girls tournament will not take much figuring. Porter will win the title, Friendsville second, Townsend third, and either Walland or Lanier fourth.

The Large Classification tourneys have the most impressive arrangements. Only two teams can go from the boys and girls play to the region and both playdowns have some impressive teams. At Bradley County, the District VIII boys' team appears to be Alcoa with McMinn Central the probable runner-up. But on a given night McMinn County, Everett, Maryville, Loudon, and host and crowd dominate Bradley County can all play with the best.

The Bradley Bearettes have the best girls teams with Everett chugging along as number two team. Stiff competition will be gotten out of Loudon with McMinn Central figured a darkhorse for the event.

Over in District VII four teams are capable of playing on even terms with any team in the state. Harriman, Lenoir City, Clinton, and Oak Ridge are all horses in the East Tennessee prep ranks this season with impressive won-loss records. Yet two of these four will find winter to be a cold and cruel season while waiting on next year. Two will win to play again in the region and stay active while waiting on spring. Kingston, Rockwood, Scott County, LaFollette, and Dayton are not in the picture for this go-round.

Kingston and Lenoir City will finish 1-2 in the girls action getting no challenge from Rockwood, Dayton, Scott County, or Harriman.

We will hold at this juncture on predictions, waiting to see just how well we do in the district before getting started into the region. Gotta play them one at a time, you know!

But just for scribbling, how is this for a grand finale. Chattanooga Howard "L" Division boys state champs. The "S" Division boys is confusing at this stage but East Tennessee representatives should be Calhoun, Chattanooga Notre Dame, Friendsville, and any one of four teams from District I in upper East Tennessee. The hopes of a East Tennessee team winning the "S" title hinges on the play of the upper East Tennessee teams to leave the Sub-State.

Look for Porter and Gainsboro to collide for the girls' state Small Division crown. While Bradley County will be the best possibility from East Tennessee in the Large Classification, Lewisburg or Gallatin are the toss-up foes to meet the Bearette team in the finals. This is all just guess work as one bad night along the way and you step to the sidelines.

## Cleveland Shocks Panthers With Triple Hoop Sweep

Lenoir City riding high on four game winning streak had the props kicked from under them Friday night as surprising Cleveland shocked the Panthers 58-48 in a 21-68-63 upset decision. The Lenoir City junior varsity lost its second game in a month to the day, 72-60 to the Blue Raiders "B" team. Cleveland made the night a sweep by handling the Pantherettes 58-48 loss.

The Lenoir City boys are now 15-6 for the season and the Lenoir City sextet slats in 19-5. The double variety defeats will not affect the district standing since Cleveland is not a District VII foe.

The Lenoir City girls had to play without the services of defensive ace Janet Leeper, but super Cleveland shooting still the Pantherette offense with preliminary game. The Pantherettes hit an un-believable 20 of 30 floor shots for a 66.7 percent accuracy, and added 16 of 18 foul shots to protect the victory.

Lenoir City, using a dif-

The Loudon Redskins employed a pressure full court press in the third quarter Friday night to build up a 47-35 lead over Bradley County and then hung own down the stretch to record a 58-54 victory.

The victory, Loudon's 13th of the season against 11 losses, gives them a 3-6 mark in the district standings. Bradley fell to 12-9 for the year and 4-6 in league play.

The Loudon Lassies fell to the overpowering Bradley Bearettes 55-43 in the district meeting.

The Bearettes hustled to a 18-4 first quarter blitz over Loudon and had the game well in hand from the start. Debbie Hawkins, sophomore gunner, scored Loudon's first four points and had 12 of the Lassies first 19.

Bradley led 28-19 at halftime with the Lassies trailing 11-2 in a span of a minute and 47 seconds to put the game out of reach.

Loudon was led in scoring by Debbie Hawkins with 23 points on 10 of 16 field goal attempts and three of six foul shots. Jane Shubert, slowed to just three points in the first half, came on to tally 14 for the game and support Hawkins excellent play.

The Bearette defense done a real job on the Lassies top offensive scorer of the year Marly Smith (18.6 points per game average), yielding her just six points for the entire night. The offensive showing was her poorest of the year and was the first time this season she has been denied double figures for a game.

The game had much defensive emphasis placed on it with Loudon's taller line-up doing a basically fine job. Lassies defense gave Bradley only 19 baskets out of 58 tries for a 35 percent. Loudon could manage but a 38 percent shooting eye themselves though, hitting 16 of 51 shots.

The big edge came with the Bearettes hitting 15 of 20 foul shots as compared to Loudon's 11 of 30 effort, which is uncommon for the Lassie marksmen.

Loudon out rebounded the Bearettes 45 to 39 with Gloria Brown, collecting 11 on defense. Debbie Hawkins had 11 offensive rebounds and a tip-in to stand in that department also.

The top defensive wizard of the night was Loudon's Yarber Harrison who had to work overtime in the first half stopping a taller opponent and often shuffling off to help teammate Gloria Brown, who had difficulty stopping her forward in the first two quarters. Miss Harrison had eight rebounds for the game and gave up just 10 points to her forward while playing a rugged and commendable ball game. Yarber played the

entire game with out rest and may have won herself a starting berth with her effort against the best in the district.

Rodney Blevins hit six straight foul shots and had a key steal with 11 seconds remaining to allow the Redskins to prevail 58-54. Loudon's Donnie Thearp, continuing his conquest of a double figure average by tournament time, led the victory parade with 20 points on 10 hoops out of 18 floor attempts and eight rebounds.

Thearp hit on an array of shots from the 15 to 30 foot range with four big baskets in the third quarter over a 72 second span opening the game up for the Redskins.

Mike Messamore and William Canaler followed the example set by Thearp and added 13 points each to the Loudon offense while Messamore collected 18 rebounds and Canaler had 13 retrieves.

Rodney Blevins rounded out the Loudon scoring with 10 counters, as the Redskins placed four starters in balanced double figure marks.

Both teams had near even statistics in the game with turnovers playing the major role of importance. Each team hit eight foul shots, with Loudon getting 15 charity tries for a 39 percent shooting mark. The Bradley quintet hit only at a 31.3 percent clip, 23 goals out of 73 floor shots.

Loudon out rebounded the Bradley team 48 to 45, and had just 12 turnovers for the night and five of those came in the hectic fourth quarter when Bradley rallied from a 12 point deficit to cut the difference to two with 11 seconds to play and basketball in hand. The Bears lost the ball on turnovers 24 times.

HARRISON WINS DEFENSIVE SPURS—Loudon's sophomore guard Yarber Harrison, played an outstanding defensive game against District VIII leader Bradley County Friday night, the promising defensive star displays her form on this rebound, as she may well have won her spurs for a starting berth with tournaments just a week away.

Hiwassee Junior College, building a 34-20 halftime lead, Monday night clinched a National Junior College Athletic Association Region 7 Tournament berth by breezing to an 85-57 victory over Walters State.

Hiwassee, battling Motor State for the Tennessee Junior College Athletic Association Eastern-Division title, raised its conference record to 9-1 with two conference games left. Third-place Cumberland is 8-4 with no conference games remaining.

The top two TJCAA Eastern and Western division teams earn region-tournament berths. Motor had a 9-1 record going into its Monday night game with Cleveland State.

Hiwassee, with an 18-5 record to date and a game tonight (Thursday) at the University of Tennessee Junior Varsity at Madisonville, won the Region 7 meet in 1967 and finished fifth in the national playoff at Hutchinson, Kansas.

### More Sports Page 8

NEAT TRICK—Loudon's R.L. Branham appears to be entertaining this bewildered Bradley County basketball player Friday night with a magic balancing act with the basketball. The referee's attention is even centered in the act. Branham actually is at his peak of releasing a jumpshot from the foul line.

Lenoir City had to weather a strong first period by the Raiderettes and managed to trail by just 18-13. A second half shoot out saw the City cutting the difference to 32-29 at the half.

The defense took charge in the second period with each team limited to eight points. The sizzling Cleveland offense got the pace in the final frame, tied with the lead and the taller team the Raiderettes were able to use the keep-away facts to their advantage for several baskets and added foul shots.

The Lenoir City boys may have come into their game a

Loudon Drills Maryville In Final Home Tilt 63-55

The Loudon Redskins took the home floor for the last time this season Tuesday night and posted a twin sweep over Maryville. The Loudon Lassies won the preliminary contest 54-23 and the Redskins avenged a loss to the Red Rebels two weeks ago with a 63-55 triumph.

Fourteen players saw extensive playing time as Coach Dewayne Arp's Lassies in recording their 14th win of the season. Debbie Hawkins led the scoring parade with 17 points, making seven out of eight field goal attempts.

Marilyn Smith had 11 markers and Jane Shubert and Betty Starritt contributed 10 points each.

Loudon hit 48 percent for their field goals and six of 13 foul shots in jumping to a 13-4 first quarter lead and a lopsided 30-11 intermission score. The Loudon boys swapped baskets for the first eight minutes of their game with Maryville holding a 10-8 first period lead.

Loudon was never able to shake the tall Rebel outfit despite having an eight point lead in the third period 42-34. Maryville rallied back to a 43-42 score before Loudon started to pull steadily away to the final eight point margin of 63-55.

Mike Messamore led Loudon with 19 points and was followed by 15 points from William Canaler. Donnie Thearp had nine points and guards R.L. Branam and Rodney Bleivins added eight and seven points respectively.

Loudon hit just 32.3 of their field goals, making 20 baskets out of 62 shots. But the Redskins connected on 23 of 36 foul shots to pad their offensive effort. Maryville hit a sparkling 49 percent of their shots, 24 of 49 from the field, but failed to match the Loudon foul shooting efficiency hitting on seven of 13 tries.

Loudon surprisingly won the rebounding struggle with a 39 to 34 edge. The most disastrous segment of the game resulted in turnovers with Loudon having a modest 11 while Maryville lost the ball 23 times.

Mike Messamore, Donnie Thearp, and William Canaler were hailed by Coach Hugh Watson for their job of rebounding with the Big Rebels. Messamore led the

Table with 2 columns: Loudon (54) and Maryville (23). Lists players and their points.

Loudon 13 17 12 14 54 MARYVILLE 7 8 6 23

196 with 12 while Thearp had 11 rebounds and Canaler 10. Loudon plays Oliver Springs Thursday night at the Bobcats home court.

CHEROKEE FAST BREAK PAYOFF—Greenback's senior playmaker and district scoring leader, Larry Ritchey, out distance the pursuit of Madisonville's Mike Kfalsinger for an easy lay up. The ace guard scored 18 points and turned in a fantastic floor game for the Cherokes in the 70-60 thumping of the Tornadoes.

HAMMONTREE TAKES AIM—Greenback's Mary Beth Hammontree, second best scorer in the District III small division play, fires up a 30-footer from a screen by Greenback's Sandy Hammontree. Mary Beth collected 23 points against Madisonville.

CHEROKEE FAST BREAK PAYOFF—Greenback's senior playmaker and district scoring leader, Larry Ritchey, out distance the pursuit of Madisonville's Mike Kfalsinger for an easy lay up. The ace guard scored 18 points and turned in a fantastic floor game for the Cherokes in the 70-60 thumping of the Tornadoes.

Greenback lost the girls game only to have the Cherokes varsity to exhibit a tremendous performance in splitting a basketball double header with Madisonville Tuesday night.

The Cherokettes dropped their game 47-32, falling behind early and never being able to catch up. Madisonville held a 16-4 first period advantage and refused to wilt despite a determined third period rally by Greenback to overtake the Tornadoettes.

Table with 2 columns: Greenback (32) and Madisonville (47). Lists players and their points.

Greenback hit 33 percent of their shots for the contest with Mary Beth Hammontree burning the nets for 23 points. Kathy Broome had nine.

Madisonville shot a torrid 52 percent, making 22 of 43 shots from the floor.

The Cherokettes out rebounded Madisonville 25 to 20 with Shirley Dotson setting the defensive tempo with eight recoveries. The Greenback defensive corps of Dotson, Lynda Hall, and Sarah Murr turned in probably one of their better jobs of the season even though Madisonville prevailed.

Each team had 11 turnovers in the game.

The Greenback boys continued to play at their rapidly improving pace rapping the Madisonville quintet 70-60.

The Cherokes, hoping for a high peak tournament showing in just two weeks, cut down on many of their errors and used both a patient and fast break offense to handle the Tornadoes with ease.

Madisonville led 14-12 after the first rest stop, but Greenback forged into the lead midway of the second quarter and had a 30-29 lead at halftime. The Cherokes caught fire in the third quarter for a 50-39 advantage and rolled to a 63-43 difference with five minutes to play when Madisonville regrouped to prevent the game from becoming a runaway.

Bill Joe Kyker paced the Greenback play with 30 points. The hard playing senior turned in his top game of the season with 32 minutes of outstanding offense and defense. Kyker hit 13 of 20 shots and muscled off 13 rebounds and blocked six shots for his night's work.

Table with 2 columns: Greenback (70) and Madisonville (60). Lists players and their points.

Kyker was by far not the entire Greenback show, while certainly being a big wheel in the operation. District scoring leader Larry Ritchey refused to force a single shot while serving as the Cherokee playmaker and hit Kyker for 18 points.

Without the senior guard finished with 19 points on eight of 12 from the floor to follow Kyker in scoring. With Ritchey displaying his best floor play teammate Joe Mainor recorded 14 points and appears to have returned to his junior playing form which won him ALL County and ALL District honors last year.

Greenback hit a respectable 41.4 percent of their shots making 29 of 70 and picking up a dozen more from the foul line out of 19 tries. Madisonville hit a mere 30 percent on 34 baskets in 80 shots. The Tornadoes also hit 12 of 19 foul shots.

The Cherokes won the battle of the backboards 41 to 39. Tony Linginfelter and Bill Joe Kyker shared honors with 13 rebounds each for Greenback.

Greenback will take a 13-7 lead into Friday night's home bout with Vonnore.

Vols Sign 250-Pounder

Another husky high school football star has signed a grant-in-aid scholarship with the Tennessee Volunteers.

Chris Webster, 200-pound tackle, has signed a grant-in-aid scholarship with the Tennessee Volunteers. Webster, who won all-state honors last season, sent in signed papers to UT recruiter Sid Hatfield.

HIGH SCORING REDSKIN—Loudon's Mike Messamore drilled the hoop for 19 points and pulled down a dozen rebounds as he led the Redskins to 63-55 District Eight victory over Maryville Tuesday night.

BACKBOARD TERROR—Greenback's junior pivotman, 6'3" Bill Joe Kyker, unwinds with a rebound for the Cherokes as the talented big man led his team past the Tornadoes to the tune of 70-60. Kyker had 13 rebounds and 30 points in his game.

DEBBIE ROUGH ON BEARLETTS—Debbie Hawkins had Bradley guards falling all over the court Friday night as she fired in 24 points to spark the Loudon Lassies in the preliminary game won by the Bearletts.

Berrong And Cropp To Speak

Two state championship high school coaches from Tennessee, a top teacher from Ohio and the defensive chief of the Oklahoma Sooners, will be guest speakers at UT's football coaching clinic March 30-31.

John Cropp, coach of AAA champion Tennessee High, Bristol, and King Berrong of Sweetwater's class A Champions will talk about offense.

Panthers Topple State Ranked Chargers; Pantherettes Win In Double Overtime

Unherald reserve Eddie Liles with only limited varsity playing time to his credit this winter, came off the bench to lead the Panthers to a 24-23 score at intermission. The versatile sophomore teamed with Miss Blackburn to keep the Pantherettes within a point of the Central sextet in the third quarter 30-32. Lenoir City finally knotted the score in the fourth period and matched the Chargers bucket for bucket down the stretch to a 40-40 game ending deadlock.

Both teams scored six points in the first overtime, but Blackburn and Quillen totaled four points each in the second overtime while the Pantherette defense was holding Central to five points. Miss Quillen finished the game with 21 points to support the Pantherettes' Blonde Bomber for a 1-2 scoring punch.

Janet Leeper returned to the Lenoir City defensive corps after missing the Cleveland game with the flu. The Pantherette guards turned in an excellent job with Diane Dunlap and Vicki Morgan teaming with Leeper to stop the highly respected Central sextet.

BROOME CONNECTS—Greenback's Kathy Broome goes up with two points under much pressure from a Madisonville defender in Tuesday night basketball action. The Cherokes dropped a 45-32 decision.

## Steekee Boys And Philadelphia Girls Carry Division Titles Into Jr. High Tourney

The Steekee boys wrapped up their AA Division season by beating Highland Park 49-32, for the regular season championship. Kenny Starrin and Freddie Starrin led Steekee with 21 and 13 points respectively. The Highland Park boys were led by Junior Maaburn with 14 points. The Steekee boys finished regular season play with a 3-1 record.

The Highland Park girls topped Steekee by a score of 34-22. Betsy Powell led the winners with 14 points. Steekee was led by Pam Giles with 14 points.

Loudon girls beat their only threat, Highland Park to win the AA Division title by a score of 37-17. Jennie Lester led Loudon in scoring with 20 points with some support from Sylvia Hawkins adding 10 points. The Loudon girls had a 7-1 record. Highland Park was led in scoring by Betsy Powell with nine points and Debbie Johnson with eight.

Loudon boys beat Highland Park by a score of 41-32. Loudon was led in scoring by Greg Deatridge with 18 and Ken Deatridge with 18 points. Jerry Chastain was second best scorer with 24 points. Ronnie Kizer led Greenback in scoring with 10 points. In the B game, Greenback beat Brodwer by a score of 22-13. Danny Dolson led the winners with five points, while Brodwer was led in scoring by Ernie Cannon with seven points.

The elementary "B" team tournament was played last week with the Loudon girls winning the championship. Ann Black led the scoring for Loudon with eight points.

The Loudon quietest also won the "B" title in the boys division. Highland Park was the championship victim of a 31-8 contest. Jimmy Brown paced the Loudon play with 11 points.

Highland Park was the runner-up in both boys and girls play.

The regular season tournament for the varsity teams is in progress this week at Loudon High School. Championship rounds in both boys and girls action is set for Friday night.

Semi-final rounds are to start at 6:30 p.m. Thursday night. The consolation bracket will begin at 8 p.m. on Friday night with the title matches to follow.

Ernie Cannon led Brodwer with seven points. Mike Flanagan led Brodwer over Greenback by a score of 46-21. Flanagan led the winners with 24 points. Jerry Chastain was second best scorer with 24 points. Ronnie Kizer led Greenback in scoring with 10 points. In the B game, Greenback beat Brodwer by a score of 22-13. Danny Dolson led the winners with five points, while Brodwer was led in scoring by Ernie Cannon with seven points.

The elementary "B" team tournament was played last week with the Loudon girls winning the championship. Ann Black led the scoring for Loudon with eight points.

The Loudon quietest also won the "B" title in the boys division. Highland Park was the championship victim of a 31-8 contest. Jimmy Brown paced the Loudon play with 11 points.

Highland Park was the runner-up in both boys and girls play.

### Game and Fish TODAY

By Sgt. Bob Harmon  
Game and Fish Commission

The eight district fishery biologists of the Tennessee Game and Fish Commission have a variety of duties. Each is responsible for management and inventory of fishery resources within his district.

Water pollution is the number one threat to fishing in Tennessee. We can have good fishing in most parts of Tennessee simply by maintaining good water quality where it already exists and improving it in areas where degradation has taken place. Although the Tennessee Game and Fish Commission is not the primary agency concerned with water pollution (the Water Quality Control Board is), the Commission is charged with the responsibility of protecting the State's fishery resources. To attain this goal the district biologist spends a considerable amount of time on pollution detection and surveillance activities.

He conducts studies to locate pollution and to determine the effects on fish and fish food organisms. He tries to protect the fisherman's interest against encroachment from other concerns. He comments on and opposes projects by private and aquatic life. He cooperates with other agencies in sampling for mercury and other possible toxic agents in fish flesh. He investigates fish kills when they occur and helps assess damages against the guilty parties.

In some parts of the State, where large reservoirs and streams are scarce, farm ponds provide most of the sport fishing opportunity. The farm pond is easily managed and has good potential for producing a high sustained yield of sport fish. The district biologist spends a lot of time on farm pond and small reservoir work. He makes balance checks on farm ponds and recommends procedures for good pond management. He also gives corn, worms, spoons, rebel technical advice to com-

mercial fish farmers and catchout pond operators. He approves applications for fish to be stocked in farm ponds. The Tennessee Game and Fish Commission provides many of these fish.

Many of the fishermen in some parts of Tennessee fish mainly in large reservoirs. Although we have relatively little control over the big impoundments, we do take some responsibility for some management and inventory of fish populations in reservoirs. We stock threadfin shad, and large reservoirs. Small bodies of water like trout, rockfish and musky in large reservoirs, and we do certain routine fish population sampling. District biologists are involved in various research projects to learn more about our fishery resources. Several of these projects are financed with federal aid funds.

We hope to intensify our efforts to provide better fishing with funds from the proposed license increase. Greater efforts are needed to maintain clean water. The rockfish-muskellunge hatchery will provide the fish we need to better manage our large reservoirs. Small bodies of water will also need more intensive management to fulfill the needs of a growing population. The funds obtained from the proposed license increase will help us meet these needs.

### Cleveland Upsets Panthers

(Continued From Page 6)

eight minutes of the third quarter. Tim Cunningham, horse collar in the first half, came out gunning with both barrels in the second half and hit a tremendous seven out of eight floor shots and cleared 10 rebounds as the Panthers rolled to a 20-11 scoring edge for the quarter and a tie game at 46-46.

CLEVELAND 20 15 11 22 - 48

The game swapped baskets for nearly three minutes when the Cleveland press again cost the Panthers the ball and the opportunity to stay even in the game. Cleveland moved out front at 56-54 with just over two minutes left in the game and used ball control to force the Panthers to foul in slipping away from a 62-60 lead to a 66-62 win.

Tim Cunningham led the

### TSSAA Names Berrong Coach Of All-Stars

King Berrong, coach of the 1971 and 1972 TSSAA Class A state football championship team, has been selected by a vote of his fellow coaches as the head coach of the East TSSAA All-Star football team.

The annual All-Star game will be played at the University of Tennessee in Knoxville on Saturday night, Aug. 4. The game will be played under the lights beginning at 8 p.m.

His overall coaching record is 175-69-15 and his record the last four years has been an impressive 43-5.

GOOD EATING-Charles Cotner and Gary Craig of Loudon are shown with 33 Crappie. They caught the fish in Watts Bar Lake while fishing with green flies.

### Greenback Buries Foxes For 135th Setback As 11 Players Score

The Greenback Cherokees handed winless Friendsville Academy their 18th loss of the season Friday night, 77-51, and the Foxes' 135th setback in a row over the past six years. The win gives Greenback 10-7 district record and a 12-7 overall record.

The Cherokees had 11 men to break into the scoring column for the night. District scoring leader Larry Ritchey added to his average with a 24 point performance to take game honors. Center Bill Joe Kyker slugged in 14 points, despite a collapsing defense which made it difficult for him to get the ball. Joe Mainer continued to find the range with 12 points to balance out the Greenback double figure players.

Tom Rader was the lone Greenback player to see action in the game and not score.

Greenback shot 59.1 percent from the field on 36 of 62 shots. Friendsville Academy got almost as many chances in the game shooting 81 times and hitting 17 for a 21 percent accuracy.

The Cherokees won the battle of the backboards with a 36 to 46 difference. Tony Linginfelder had the most of any player with 16. Bill Joe Kyker had 12 rebounds and freshman Mark Carver collected seven to support Linginfelder's efforts.

Greenback was out scored from the foul line by the Foxes. Friendsville Academy hit 17 of 27 as compared to five of eight for the Cherokees.

Greenback had 24 turnovers in the fast moving game, with Friendsville Academy turning the ball over 23 times.

The Cherokees pulled out front 20-8 in the first quarter and had an uncatchable 44-19 score.

## Your County In Action

By Harvey L. Sproul

### Pilot Project

If everything goes right, by the time you read this column on Wednesday or Thursday, all the necessary contracts for the architect, and the necessary agreements between Loudon City, Loudon, and Loudon County will have been signed, and the "push" will be on the way to have the County Justice Center construction begun as soon as possible.

The reason for proceeding as soon as possible is that certain limitations are being put on Federal grants already committed (grants not already committed under many Federal programs are

being completely cut off) to the point that the County could lose a considerable amount of money, depending upon the completion date of the project because of being unable to expend authorized grant money after a certain designated date.

Some of the Federal grants that we have for this particular project cover salaries for the first year of operations for the records department, and for two years on the communications department. So, it now appears that it will be impossible to use our full grant for communications because the completion time of the building will not leave enough time in which to utilize the full two years of communications salaries.

How Done  
It might be interesting to just give you some of the background on how a project like our County Justice Center gets into being-it certainly just doesn't happen by filling out an application for a Federal grant and sending it in to Nashville or to Washington.

And of course in attempting to discuss it here in this column, there is not enough time or room to explain all of the details, or to explain what individuals might have had some effect in the background of the thing and how, in assisting to get the Federal grants, but another thing can be added to that, and that is that no matter how much assistance you might have in getting grants, there is no way to avoid a considerable amount of hard work and time to meet the necessary technical requirements.

But at any rate, when it turned out that we were not going to be funded in the immediate future on a regional jail, and then needing a County Jail desperately, we turned our heads toward what other possibilities there were for financial assistance so as to save our local property tax rate as much as possible.

We looked at further Law Enforcement Planning Agency grants. It so happened

that the emphasis continues to be on co-operative projects as between Cities and Counties. Myself, and Ted Randolph, the County Civil Defense Director, the County Sheriff, and representatives of the two cities had been talking, and began to talk more about the possibility of what we could do as a co-operative basis. The County was going to have to spend a significant amount of money anyway, and it would appear there could be a lot gained by co-operative effort instead of operating three different communication systems, and other facilities that are being operated separately now, which could be operated together, not really have any kind of records system, at all, and to keep up with current trends in law enforcement, you just have to have a modern, efficient record-keeping system.

TLEPA Help  
So without letting too much water get down the stream, I immediately contacted the Tennessee Law Enforcement Agency concerning the possibility of such a joint project, and finding that there was a limited amount of funds available, but that it would take some dispatch to get in position to request funding, we joined together with the two cities and interviewed prospective consulting engineers, hired one who did a fast study under a special study grant contributed to by the two cities and the county.

Subsequently then the County filed an application for a Justice Center, which was to include the necessary facilities for the three law enforcement agencies to operate out of the same building and out of the same jail, etc., and also to include necessary courtroom facilities, offices, etc.

I and the consulting engineer then went to Nashville to appear before the State Law Enforcement Planning Commission to plead our case against 11 or 12 other projects. We had done our planning well and we received every cent that we asked for in grants, to wit \$200,000 for the construction of a proposed \$400,000 building (plus later receiving communications and records grants).

## Russell To Leave Dunn

(Continued from Page 1)

Tatewell, was a high school class of 1967 and received a degree from East Tennessee State University in 1968. He received his law degree in 1968 from the University of Tennessee.

He is a member of the Loudon Jaycees, having served as a member of the Board of Directors and vice president. He has served as secretary of the Loudon County Chamber of Commerce and director of the Loudon County Arts Association. He is a member of the Loudon County Chamber of Commerce, served on the Board of Advisors of the Loudon County Bank of Loudon County, is past president of the Loudon County Young Republican Club and is Vice President of the Loudon County Republican Party.

As a lawyer, Russell is a member of the Interstate Oil Company, Commission, member of the Loudon County Bar Association, Tennessee Bar Association, American Bar Association and has been vice president of the County Bar Association. Before joining Governor Dunn's staff he was the law partner of County Judge Harvey Sproul.

Law Enforcement Planning Commission to plead our case against 11 or 12 other projects.

We had done our planning well and we received every cent that we asked for in grants, to wit \$200,000 for the construction of a proposed \$400,000 building (plus later receiving communications and records grants).

One reason we were able to do this because we had a project that fit perfectly within the grant guidelines, wherein we had Cities and the County working together which is almost unheard of in most counties.

How did all this work in together?  
Tune in next week.

## Three Homes At Eaton Burglarized Same Day

Items which were valued at more than \$8000 were taken from three houses in the Eatonwood Subdivision near Eaton Crossroads by Gates last Thursday.

Loudon County Deputy Sheriff Kenneth Brown said that the three houses were all located within eyesight of the others.

The break-ins were discovered when the owners returned home from work late Thursday afternoon.

More than \$6000 in household items, clothing, jewelry and guns were taken from the Raymond Lawson home, the hardest hit of the three. The burglary there was reported at 4:25 p.m. Thieves had entered the house by knocking a window out of the front door.

Taken were 12 guns, including shotguns, rifles and pistols, two color television sets, jewelry box containing jewelry and a watch, a coin collection of silver dollars, knife collection, two suits, four pair of slacks, 10 dress shirts, six new blankets, two bedspreads, linens and towels and four cameras. The value of the items listed on the report at the county jail was over \$6000.

The second report came at 6 p.m. when David Neal reported a break-in at his home. Thieves entered the home through the basement. Reported taken was a stereo tape deck, vacuum cleaner, portable television and stand, stereo receiver, two piggy banks containing about \$80, three watches, a ring, blanket and some clothing.

The third report from the neighborhood came at 6:40 p.m. from the W.D. Mathews residence. Entrance to this home was made by breaking into the sliding glass door at the rear of the house. Reported taken there was a

tapedeck, dual channel turntable, portable file and portable sewing machine and case.

Deputy Brown said the break-ins were evidently the

work of the same people. He said that checks with other neighbors failed to turn up anyone who might have seen the burglars in the community.

## Judges To Meet On Bicentennial Here

Loudon County will host a meeting of County Judges from 11 area counties Sunday at the courthouse at 2:30 p.m.

The judges were invited to Loudon to hear David W. Bowen, Executive Director, Tennessee American

Revolution Bicentennial Commission. Mr. Bowen will tell the judges of the involvement of Tennessee and the counties in the American Revolution Bicentennial in 1976.

Invitations were sent by Judge Harvey Sproul and Edmond McQueen, member of States' ARBC Committee to judges in Anderson, Bradley, McMinn, Monroe, Rhea, Blount, Knox, Meigs, Polk and Roane Counties.

The meeting however is not closed to those invited by letter. Mr. McQueen said all interested individuals and groups are invited to attend the meeting. It will be held in the main courtroom at the courthouse.

## ASCS Office Closed Monday

Because Washington's Birthday will be observed as an official federal holiday on Monday, Feb. 19, the Agricultural Stabilization and Conservation Service (ASCS) County Office will not be open for program sign-up or other farm program business on that day.

Pointing out that this is the only holiday which occurs during the Feb. 3-March 16 sign-up period for the 1973 feed grain and wheat program, County Committee Chairman Fred Fippa said producers might want to circle that calendar date to remind themselves NOT to come in on that date.

"A lot of us are still not used to the fact that all federal holidays by law are now observed on a Monday - except for Christmas, New Year's Independence Day and Thanksgiving," he said.

## Guns Taken At Cassidy Home

Five guns were taken Monday in a break-in at the Bob Cassidy home on Webb Avenue near Loudon, according to reports at the Sheriff's office.

The burglary was discovered at 3:15 p.m. when Mr. Cassidy returned home to find the forced entry. Taken were a 22 pistol, hog rifle, two 12 gauge shotguns, and a 22 rifle.

# The Tribe Speaks

BY LOUDON HIGH SCHOOL JOURNALISM CLASS  
By Patti Gentry, Joyce Harrison,

This is the first semester since the first semester of the Loudon County High School Journal Club. The members of the club are: Beth George, Marianne Horton, Melanie Horton, Larry Ivens, Patti Kirkland, Leah McCala, Rick Messamore, Darlene Miller, Martha Miller, Steve Rogers, Bill Stafford, Alena Wrinn, Ann Grimes, Tommy Hall, Wilona Gran, Ann Housin, Susan Simpson, Greg Watson, Sharon Watson, Sphenomores, Ramona McNabb, Buddy Swartz, Freshman: Mona Arnold, Cindy Watson.

Brakebill, James Birkholz, Kay Glass, Ruth Harrison, Steve Hill, Julie Idine, Jody Rudd, Sandra Shell, Ricky Summit, Diane Watkins. For a number of years, actually since Christmas of 1965, the Chief has been responsible for sending packages at Christmas time to every former student of Loudon High School, whose address we could get. The average cost per year has been more than \$100 plus an additional \$50 for postage. The money has been secured from sales of the Chief.

This past year is the first time there was a deficit. A number of students expressed disapproval of the project because they opposed the Vietnam involvement. However, the members of the Chief staff and the student body as a whole have supported the efforts. Many have even given more than the price of the Chief. The Chief staff has brought changes in our military commitments. When the voluntary enlistment is entirely in effect, necessary adjustments will be made in the remembrances of those serving for our defense.

It has been a pleasure to work for this project. The letters from the recipients have assured us the work was not done in vain. The staff appreciates every thing done to help promote this project. Miss Ann Randolph, a recent graduate of Carson-Newman College, has taken the teaching of the General Service Classes. We welcome Miss Randolph to the faculty. She is the daughter of Mr. and

## 55 Loudon Countians On U-TK Dean's List

Fifty-five students from Loudon County are among the University of Tennessee at Knoxville students whose scholastic achievements placed them on the Dean's List for the fall quarter of 1972 at UT Knoxville, according to records compiled by the Office of the Dean of Admissions and Records.

Among those students from Loudon County named to the Dean's List, three students recorded perfect 4.0 academic averages for fall quarter. (Students who earned a perfect 4.0 average for the quarter are designated with an asterisk in front of their names.)

The list of students includes the following: Undergraduate students on the Dean's List at Knoxville. Part-time, law, and graduate students are not included.

Students who quarterly average is 3.75 through 4.0 earn Highest Honors; those who make a 3.40 through 3.74 earn High Honors; and those with a grade average of 3.00 through 3.39 earn Honors.

Davis, Norma Lynn Freedman, Stephen David Fulbright, Craig Roy Harvey, Deborah Lynn Joyner, James Oliver Kiggins Jr., Charles Dale Knox, Sally Marney Kildner, Suzanne Belle Smith. (High Honors): Shaune Dallett Belvin, Asea Louise Bowman, Carol Ann Clark, Donald Melvin Dewey, Susan Jane Freedman, Van Edward Helms, Mary Ruth Henderson, George Dewain Hildreth, Debbie Lou Huskey, Michael Rex Leuze, Janis June Littleton, Vada Nadine Stanley, William Edward Watkins.

(Honors): Don C. Arwood, Marilyn Kay Vines Betts, Elizabeth Nancy Greenway, Larry Steve Collins, Jamie Kay Duff, Susan Lynn Fulbright, Johnny Sue Gibson, Timothy Wilson Greenway, Joseph Edward Hall, William Jackson Hall, Sally Ann Harrison, Shirley Jo Ann Harrison, David Lambdin Sr., Edward Lee McCollum, Karen Lee McKinney, Mitchell Lynn McNabb, Patti J. Moore.

### Hotchkiss Valley Personal News

BY JUNE WHITE Sunday School attendance at New Providence Baptist Church was 110. Training Union attendance was 90. Rev. Troy Cody, pastor, brought both messages. The morning worship topic was "Borne of Four." Sunday night topic, "Win Someone to the Lord!" Special singing Sunday night was presented by Archie Smith, Mr. and Mrs. Bonnie Graves, and Luma Shepherd Jr. Those visiting Mr. and Mrs. Dewitt Price the past week were Mrs. Mary Price and boys, Mrs. Sue Williams and Jimmie Sue of Lenoir City.

A Fellowship Dinner was given at the school cafeteria in honor of Rev. and Mrs. Troy Cody. Scott and Jeff McMahon have returned to their home from Loudon Hospital after being in an automobile accident on Sunday night. Mrs. McMahon was confined to the hospital for a few days but has now returned home.

Mrs. Hazel Sayer visited Mr. and Mrs. Boyd Pickell of West Hills. Mrs. Dave Malone is visiting her son, Mr. and Mrs. Grady Malone and family in Virginia.

Rev. and Mrs. Billy Jo McCown of Marvillite visited his father, Mr. and Mrs. Ralph McCown Sunday. Rev. McCown is pastor of Greenback Memorial Baptist Church. John Mark Deatley celebrated his birthday at his home Sunday. The Corsette children and the Woods children were present to help him celebrate.

Miss Glenda White is still confined at Loudon Memorial Hospital.

## APLTR Claims Deprivation Of Rights

Landowners along the Little Tennessee River are becoming increasingly outspoken about the injustices dealt to them by the Tennessee Valley Authority in regard to the Tellico Dam Project, according to the Association for the Preservation of the Little Tennessee River. Construction on the Tellico Dam has been halted since January 1972 by a federal court injunction as a result of a suit by the Environmental Defense Fund and other conservation groups. Pointing out that the dam is not needed for flood control or electrical power, EDF asserts that TVA has not considered either the environmental damage of the project or alternative plans.

"An agency which was formed along the purposes of flood control, navigation, and generation of electricity is now engaging in land speculation and is making unconstitutional use of its powers of land condemnation," charges Mark Harrison, chairman of the board of directors of the Association for the Preservation of the Little Tennessee River. Harrison refers to TVA's plans to acquire 38,000 acres for the Tellico Project when only 16,500 acres will be flooded. TVA has stated that the excess acreage will be developed for industry and will be resold in the future to private firms. TVA expects to gain at least \$10 million from the resale of private land. Harrison claims that this profit should go to the individual landowner.

As an example of what can be expected along the Little Tennessee, Harrison points to TVA's plans to sell 47 acres along the Melton Hill Reservoir on Feb. 14 at a public auction. TVA has stipulated that the minimum price for the tract is \$54,675. Another stipulation is that the purchaser must invest not less than \$2 million in capital improvements for industrial development within two years.

According to Harrison, this same tract of land was purchased in 1962 by TVA for \$22 an acre and now will be resold for at least \$152 an acre. "That handsome profit explains TVA's hunger for land," he said. "It's a scheme

that smacks heavily of socialism and is certainly an encroachment on individual rights." Harrison states that TVA has paid as little as \$300 an acre for river bottom land along the Little T. "It's high-water robbery," he explains. "TVA will claim that these landowners were willing sellers since they did not go to court, but what the public needs to understand is that the landowner is made to feel that he will not fare much better in the courts. It is practically impossible to get a jury trial, and even some area lawyers have advised landowners to accept ridiculously low prices rather than to go to court. Those who are elderly and in poor health cannot withstand the stress of prolonged litigation. Many simply feel that TVA is too powerful for an individual citizen to fight."

Barnes Ray of Vannore, another Little T landowner, agrees that TVA has become too powerful. "Power means prolonged litigation," and TVA has gone far beyond the authority given to it by Congress. TVA no longer has any regard for individual rights. Ray still owns his property along the Little T which has been in his family since 1820.

Another long-time Little T landowner, Mrs. Virginia Wear Hall of Loudon, has given up 160 acres to TVA even though only about 40 acres will be flooded. This property had been in Mrs. Hall's family since 1821; she is a descendant of Col. Samuel Wear, early pioneer settler in Sevier County. "Aubrey Wagner told me that TVA is not in the real estate business," she says, "but I didn't believe him then, and I don't believe him now." TVA refused to build a road to the Wear cemetery where Mrs. Hall's great-grandfather and many other relatives are buried, claiming that the road would be a waste of taxpayers' money.

"TVA has as much right to condemn Gay Street in Knoxville as they do to take my farm," asserts S.A. McCall of Greenback. McCall is one of the vanishing breed of small farmers. TVA has 39 acres, but he has refused to give up two acres of the McCall farm will be flooded. The McCall, now retired, insists that they want to spend the

remaining years of their lives on the farm which they have worked so hard for and that TVA has no right to force them out.

Most of the landowners believe that if the Tellico Project is completed, TVA will not stop with the acquisition of 38,000 acres. They exhibit maps prepared for the Tellico Area Planning Council by TVA which show that, within twenty years, TVA will try to acquire all the land west of Highway 411 from Vannore north to Highway 95 and west to the Morganton Road, and all the land west of Highway 411 from Vannore west to the Bat Creek Knobs. Other maps show acquisition of even more land in Loudon and Monroe Counties. One of the tragedies, the landowners say, is that some people who have already been forced to move by TVA will be moved again because they have settled in areas which TVA will acquire in the future.

The landowners joined in a denunciation of public officials who support the Tellico Project. "The dam is completely needless, non-profitable, and extremely destructive," says Harrison, "and those who support TVA's socialistic land-grabbing are not serving either the individual or the nation as a whole. This situation is dangerous to all citizens."

### Obituaries

MRS. DOLLY SHEPHERD Mrs. Dolly Hughes Shepherd, age 81, of Loudon, died Monday, February 5 at Loudon Memorial Hospital.

Survivors include: parents, Mr. and Mrs. Jake Stevens; brothers, Houston, Cleo, Jack, Lowell and Michael, all of Lenoir City; sisters, Mrs. Phyllis Cardin, Harriman, Mrs. Bonnie Atkins, Miss Norma Stevens, both of Claxton.

### Greenback Community News

By Mrs. S.B. McCollum  
Phone 856-3017 Greenback

Mrs. Wm. Satterfield (Dora Jane Thompson) entertained with a bridal shower at her home here Thursday evening honoring her college friend, Miss Pat Hill, whose marriage to Mr. McIntosh will take place next month. Miss Judy Fipps was co hostess with Mrs. Satterfield and colors of yellow and white were used in decorating the reception rooms and in the refreshments. The young people enjoyed contests and games and the honoree was showered with lovely gifts.

Mrs. Gary Fipps and Miss Judy Hammonree were hostesses on Thursday at a shower honoring bride to be Miss Kathy Williams. The party took place at the R.E.A. guest house and the large reception room was artistically decorated with rainbow colors and refreshments reflected bright colors. The honoree received many useful gifts for housekeeping.

Mrs. Allen Reed (Bessie Bluford) underwent major surgery in the South East Baptist Hospital, San Antonio, Texas, last week and is reported improving satisfactorily.

Mrs. Will Fisher was admitted to Knoxville Ft. Sanders Hospital last week for treatment.

Mrs. Nick Rowland visited Mrs. John Roberson in Loudon Tuesday.

Mrs. Kenneth Hair flew to Cocoa, Fla. Saturday for a visit with Mr. and Mrs. F. L. Peterson and will go to Orlando and spend some time with Mr. and Mrs. Fred Spencer.

Mrs. Gordon Fisher is at home from Knoxville Ft. Sanders hospital and continues to improve from major surgery.

Mr. and Mrs. Robt. Hood and Miss Wanda Hammonree were guests Saturday of Mr. and Mrs. Ben Hammonree.

Mr. and Mrs. Howard Hudson of Knoxville visited Sunday with Miss Carrie Beale.

Mr. and Mrs. Johnny Blankenship and David were guests during the weekend of Mrs. C. O. McCall and Mrs. C. E. Huffstetter.

Mr. J. H. Mallicoat is confined to his home on account of illness.

The Rev. Billy Jo McCown of Maryville has accepted the call to become pastor of the Greenback Memorial Baptist Church. He and Mrs. McCown have moved into the manse and he will begin his preaching ministry at the worship hour next Sunday Feb. 18.

Mr. J. C. Ray has returned to his home near Binfield after a 12 days treatment in the Loudon Memorial Hospital, and is reported improving satisfactorily.

Mrs. D. E. Ebyler, who was called to the bedside of her father Mr. Bradley Disher in Gate City, Va. and remained with her mother two weeks after his death, has returned home.

### LETTERS TO THE EDITOR

Mr. Larry Cate Editor  
 The Loudon County Herald  
 Loudon, Tennessee 37774

Dear Mr. Cate:

The business of wildlife management is both challenging and rewarding as your business of communications must be also. At the same time, it is a tremendous undertaking for agencies such as the Game and Fish Commission to develop and implement a statewide comprehensive program. We cannot begin to do such a job without the aid of organizations such as yours.

We are grateful for the assistance that you have uselessly given to the Game and Fish Commission in creating a better understanding between our organization and the public. Certainly, you are to be commended for an outstanding contribution to the betterment of the environment and the management of the wildlife in Tennessee.

Your continued interest will

## BACK IN THE GOOD OLD DAYS

I think a lot of our folks from the Good Old Days will agree that possibly the biggest thing in the way of jobs to ever hit Loudon was the coming of the full fashion addition to Charles H. Bacon Company. Not in terms of number of employees, possibly, but it came at a time when a lot of people had been out of jobs for a long time. It paid the highest salary of anything around at that time. Regardless of who you were, a job as a full fashioned knitter was considered top shelf.

We have mentioned before the old needle schools and extensive training program. It was a job which required excellent vision and many were eliminated because of this. Many others had glasses fitted in order to get a job as a full fashioned knitter. I guess possibly the most unusual thing about the full fashion coming to Loudon was the concentrated effort of just about all Loudon in convincing Mr. Bacon to locate the mill in Loudon rather than Lenoir City. Hundreds of people joined in the motorcade to the Bacon residence to ask for the mill to be built in Loudon, and it was very successful. This proves a point, if enough people get behind something, it will be accomplished.

That's not getting away from what a picture we have this week indicates. This old picture was made in the aisle of the full fashion mill, and as is indicated in the picture, these were giant machines and very precise, not only to operate but also to keep running properly. Many new people came to our town as a result of this operation. We can name a few of them, Mr. Kirkland, Otto and Charlie Chihaz, Blacky Gerhart, just to name a few. We are sure we

missed some, but it would be almost impossible to try to name all of those who ran these machines. One thing we will say, just about every family in town had someone working there.

Oh yes, the man standing in the aisle beside the machines is Ed McCown, who ran one of these machines for years. Yes, this new hosiery development was a shot in the arm for Loudon at a time when it was very much in need of it. Many will recall memories of this era in the history of our town.

Family outings are something most of the people of our area have enjoyed over the passing years and with the coming of the many lakes and parks, both state and Federal, it has provided many areas for outings and picnics. Of course, when the Great Smokey Mountain Park was opened, it provided possibly the greatest attraction in this field.

One of our pictures this week (which we have never had one like before) is of two of Loudon's well known families on a trip to the Smokies and a picnic lunch along the roadway. Of course, this system is not allowed anymore. Picnickers have to eat in designated areas now.

Anyway, these two families took this trip in what is either a 1935 or 36 Ford, which was a pretty classy car in its day.

The families are the Ed McCown family and the late Bill Kollock family. Mr. Kollock is not in the picture. Most folks will remember Mr. Kollock who operated Loudon Furniture and Hardware Store for many years. He was also an ardent hunter and a well known authority on guns and other hunting gear.

Well, that's it for now. See you next week.

## Trustee's Notice To Property Owners

February is the last month to pay 1972 property tax without interest and penalty being added as required by law.

For any information concerning taxes please feel free to call 458-3103.

Yours sincerely,  
J. V. Schrimsher  
Trustee, Loudon County

## Trustee's Notice

To property owners who have not paid their 1971 property taxes as required by law and in order for us to comply with state laws, we will on the first day of March, 1973, turn over to the Clerk and Master all unpaid 1971 taxes.

By paying these 1971 taxes in February you will save the extra cost when they reach the Clerk and Master's office.

J. V. Schrimsher  
Trustee, Loudon County

## Heart Disease Claims 54 Percent Of Deaths

Heart disease is found to be responsible for no less than 54 percent of all deaths among residents of Loudon County.

That is the local average, based on figures compiled by the U. S. Public Health Service and released in its last three annual reports.

The extent of the problem, locally and elsewhere, has been brought into sharp focus by the recent death of President Johnson and by the fact that this is National Heart Month.

Heart disease, comprising all ailments of the cardiovascular system, continues to be the major hazard to life in the United States, dwarfing all other diseases by a wide margin.

Although there have been important gains made in the fight to control it—through new anti-coagulants, pacemakers, open heart surgery and the dramatic cures for which medicine has undertaken to search, it still eludes them.

The 54.4 percent mortality among Loudon County residents is somewhat higher than the United States average, 53.9 percent.

It is higher, also, than the East South Central States rate of 51.7 percent.

A series of major endeavors to reduce the heart toll has been undertaken by the National Institutes of Health and others.

The big push is to find out how to prevent arteriosclerosis, or hardening of the arteries, which was the cause of President Johnson's

death. It is the primary culprit in heart disease.

Doctors know that it is something that begins early in life and progresses steadily as deposits of fat form in the walls of the body's arteries, destroying their flexibility. Eventually, the passageway becomes too small for blood to flow through freely. Trouble follows.

To counteract this, doctors are advising people to cut down on fatty meats, shell fish and fat-rich baked goods and candies and to substitute, wherever possible, products prepared with unsaturated fats.

Among residents of Loudon County, according to the vital statistics reports covering the three years, the number of heart deaths per year averaged 137 out of a total annual mortality of 252. This is exclusive of deaths locally of non-residents.

## Singing Set

A special singing will be held at the Loudon Church of God, Saturday, February 17 at 7 p.m., featuring the Benson Family of Chattanooga. Rev. Doyle Thrasher, pastor, invites everyone to attend.

## Sunday Singing

The Loudon County Singing Convention will meet Sunday, February 18 at the Gospel Light Baptist Church in Lenoir City at 1:45 p.m. Taylor Knox president.

## Trustee's Notice

The Trustee's office will be open to receive property taxes the following hours beginning Monday, February 12, 1973.

Monday, February 12	8:00 A.M. to 6:00 P.M.
Tuesday, February 13	8:00 A.M. to 4:00 P.M.
Wednesday, February 14	8:00 A.M. to 4:00 P.M.
Thursday, February 15	8:00 A.M. to 4:00 P.M.
Friday, February 16	8:00 A.M. to 4:00 P.M.
Saturday, February 17	8:00 A.M. to 12:00 Noon
Monday, February 19	8:00 A.M. to 4:00 P.M.
Tuesday, February 20	8:00 A.M. to 4:00 P.M.
Wednesday, February 21	8:00 A.M. to 4:00 P.M.
Thursday, February 22	8:00 A.M. to 4:00 P.M.
Friday, February 23	8:00 A.M. to 4:00 P.M.
Saturday, February 24	8:00 A.M. to 12:00 Noon
Monday, February 26	8:00 A.M. to 6:00 P.M.
Tuesday, February 27	8:00 A.M. to 4:00 P.M.
Wednesday, February 28	8:00 A.M. to 4:00 P.M.

Please feel free to call 458-3103 for any information concerning property taxes.

Sincerely,  
J. V. Schrimsher  
Trustee, Loudon County  
Loudon, Tennessee 37774

## Heart Sunday Approaches Heart Fund Official Speaks Here

"What goes up must come down. If what goes up is your blood pressure." This message was presented Thursday night, February 8 to the Loudon Women's Club in conjunction with the Loudon County Heart Fund Campaign by Dr. Dwight Wade, Mrs. Ray Birkholz, chairman of the Loudon Heart Fund Campaign, introduced Dr. Wade, who is a Knoxville physician and chairman of the East Tennessee Heart Association's Hypertension Committee.

According to Dr. Wade, hypertension, or high blood pressure, is the nation's "silent" killer—silent because it has no characteristic symptoms, and you can have it without knowing it. In fact,

of the more than 21 million Americans who have hypertension, almost half don't know it.

Dr. Wade pointed out that hypertension is also a mysterious disease, because for more than 90 percent of people with high blood pressure, science still doesn't have a cure.

"Finding the causes, and developing cures, will take time and money—the kind of money the East Tennessee and Loudon County Heart Association hopes to raise during the Heart Fund Campaign this month."

During the past week Mr. and Mrs. Ray Birkholz attended the Heart Clinic Tour at UT Hospital. The tour

consisted of a demonstration of the Intensive Care Nursery, demonstration and explanation of equipment and techniques used in open heart surgery and also a demonstration of the specialized diagnostic Special Procedures Laboratory. Dr. Alfred D. Beasley, Professor and Chairman, Department of Medicine and member of the Executive Committee of the East Tennessee Heart Association was in charge of the tour. He encouraged everyone to help the Heart Association raise money to continue the advances made in Heart Research so that others may be helped to live a normal life.

Mrs. Ray Birkholz and Mrs. Juanita Smith, chairman of the Loudon County Heart Fund Campaign announced that plans are now complete for Heart Sunday, February 25, the main fund-raising event of the Heart Fund Campaign in Loudon County. The local campaign hopes to raise \$3,000.

Mrs. Birkholz stated that the volunteers will distribute heart-saving information telling them how to reduce the risk of heart attack and stroke, how to recognize warning signs, and what action to take in an emergency. The contributions collected during the Heart Fund Campaign will be used for research, education and local programs aimed at reducing heart and blood vessel disease.

**Henry Block has 17 reasons why you should come to us for income tax help.**

Reason 10. H & R Block tax preparers have all received special training on the use of the new tax forms for this year. We will use the form that best fits your own personal situation so that you pay the least possible tax.

### GOOD THINGS ARE HAPPENING—

A person can sit down and think about things that are happening in his community and right fast he can name a dozen that are negative to each positive thought.

On the positive side there are several things that residents should be proud of.

One that the entire county should applaud is the County Justice Center that will soon be built on U.S. 11 to serve the needs of the entire county. This project is a county-wide effort that involves not only the county but the cities as well. For years we have all heard of the need for a new jail. At one time the entire county court was indicted by the Grand Jury for neglect of duty because of conditions at the present jail.

There are always those who disagree with any project mainly because it costs money—tax dollars. The king of county-wide cooperation that is involved in this project is something that is needed in Loudon County. It has not been an easy thing to get the project where it is, because of politics. We are thankful that most of the political bickering has been held in the background and the project is going ahead.

Another project is the new swimming pool area recreation park in Loudon. We have been in Loudon for 13 years and the need for summer recreation facilities has always received much lip service. Now something is being done. When this project is completed, there will not only be one of the nicest swimming pools in East Tennessee, but tennis courts, basketball courts, play areas and other facilities.

At Philadelphia the people there have patiently been building a beautiful family and recreational park. This project continues and is one of the strong areas of pride in the community.

Talk has just turned to action in Loudon about rebuilding the old Civil War Fort here. Probably many people did not even know that there was a fort here during that time. A group is working toward bringing this part of the past back for all to enjoy. As a part of this there is interest, that we have been plugging for years in getting one of both of the old steam engines that were run into the river during the civil war brought out of the river. Yes, they are still there and could make a big tourist attraction for Loudon if one was brought from the river bottom and made a part of the old fort display. The City hopes to get these things accomplished and at no expense to the tax payers. It can be done through facilities that are available.

There are many things that have happened and more that will. One thing that contributes to community progress is involvement of the citizenry. In county and city government in Loudon County in the past several years there has been a trend to get the citizen involved on committees, on boards, and advisory groups. We think this is the secret of success and it helps the citizen understand the problems facing the government officials.

### ONLY 15 CENTS PER HEART—

Sunday is Heart Sunday in Loudon County. The local Heart Fund Campaign is hoping to raise \$3000 in their drive to help in heart research and treatment of heart disease.

Heart disease is the largest killer of Loudon Countians as it is over most of the nation. Only through research can cures and preventions for heart disease and attack be found. To raise the \$3000 in Loudon County should be simple. If all 24,000 Loudon Countians gave just 15 cents each the drive would easily pass its goal. Whether you can give just a dime, a dollar or more we urge you to make an investment in your heart when the Heart Fund Volunteer visits your home Sunday. After you have made your donation read the material the Heart Sunday Volunteer leaves. It will contain danger signals and ways to spot heart problems they catch you.

REALLY COMING ALONG—Construction on the City of Loudon Olympic size public swimming pool is "really coming along", an engineer on the project said this week. The \$20,000 swimming pool, just a part of an overall

\$200,000 pool park complex. The pool is to be ready for use this Spring. City Maintenance Superintendent Ray Lovin is shown with an engineer on the project as they stand in the middle of the big pool.

## Small WU Offices Being Forced Out Loudon Agent Says

Juan Ogden, owner of The Toe Jewelers in Loudon, warned this week that unless the public objects loudly, all local Western Union offices will have to go out of business. Mr. Ogden has the Western Union franchise in Loudon and the Loudon City office is at Irene's Florida.

He said an order sent down last week forbids local offices from taking telegrams by telephone any more. Customers must now call a Wats line to a national office—no charge—to place an order for a telegram.

The new plan, he said, will cut out one of the last remaining sources of revenue for local offices and they will have to close.

"The company obviously doesn't care about serving the public," he said. "They want to cut out the local offices so they can make more money."

He claimed the company made \$800-million last year. The plan will threaten even the office in Knoxville, he contended.

With the offices closed, "there'll be no way to send money and there will be no

way to transmit a legal document by wire," now an important service, Mr. Ogden said. He explained that if, for example, a property owner wants to transmit to a real estate dealer in a distant city an order to sell, or buy property, he can go to his local telegraph office, sign a document there, have it transmitted, and upon receipt there have it fully acceptable as a legal document.

Without a local office, this would not be possible.

The jeweler-telegraph office operator complained that the company already has taken the industrial business away from the local telegraph office. "They raised the price so that the plants like Marenton, Eaton Corp., Don P. Smith Chair Co. and others refused to use telegrams anymore and many of them put in their own machines. This was a drastic loss in revenue to the local office," he said.

Several years ago, the company took away telegraphed flowers revenue, he pointed out.

He urged local patrons to complain to their congressmen, to the Public Service Commission, and the Federal Communications Commission.

READY FOR BIG DAY—Heart Sunday chairman of the Loudon Heart Fund Campaign Mrs. Rex Burnette and special events chairman Bernie Ray Swiney look over material for the Heart Sunday event this Sunday and for a Heart Sunday Roadblock. The local Heart Fund hopes to raise \$3000 in the two events Sunday.

## Heart Fund Events Set For Sunday

February 23 is Heart Fund Sunday. Mrs. Virginia Burnette, Heart Sunday chairman, said that city and county residents will form a Heart Sunday Volunteer Army to try to carry the fight against heart diseases to the threshold of every home in this county. She said that each volunteer on Heart Sunday will call at the homes between the hours of 1 and 4 p.m., distributing helpful information about the heart diseases and receiving contributions for the Heart

Fund. The Heart Sunday canvas will climax the month long drive and will increase the total already collected in the first part of the campaign. If families are away from home when the volunteer calls, an envelope will be left in which contributions may conveniently be sent to the local Heart Fund.

An individual porter, he may take his contribution to the local treasurer, J.Y. McNabb of the Bank of

## Marijuana, Pills Found, Six Men Arrested

Six persons, including two juveniles, were arrested early Saturday when county deputies Guy Russell and Luke Wright stopped their car and found a quantity of legend drugs and marijuana.

Sheriff Freeman Russell said that the deputies stopped the car in the Eatons Crossroads area on a traffic violation and discovered the contraband. Sheriff Russell identified the adults as Donny Smith, Jack Reives, William Hange and Richard Wright. They were charged with possessing legend drugs and contributing to the delinquency of a minor. All

four were placed under bonds totaling \$750. All but Wright had made bond.

A preliminary hearing on the cases is scheduled for March 9 in General Sessions Court.

Sheriff Russell said that more than 100 individually wrapped pills of various types and several ounces of marijuana were confiscated and sent to the University Hospital lab for identification.

The two juveniles were released in the custody of their parents and the University. Sheriff Russell said the drug take was the largest ever found in Loudon County.

## Loudon Merchant Killed In Wreck

H.B. Duncan, owner of a chain of East Tennessee drygoods stores including one in Loudon, was killed Monday afternoon about 2 p.m. when his car went out of control and overturned eight miles west of Jamestown.

Mr. Duncan, 58, was formerly Pentrest County Judge. He was a director of Union Bank at Jamestown and the Masonic Lodge there.

He purchased the E.E. Watkins Store here in October. He frequently visited the

Loudon store since the purchase from Joe Watkins.

Funeral services for Mr. Duncan are today (Thursday) at 10 a.m. at Jamestown Funeral Home, Rev. Norman Cox, Wartburg, officiating. Burial will be in the Livingston Cemetery.

Among his survivors are two sons, Tony, Erwin, Tenn. and Stony, Jamestown, five brothers, O.G., C.O., O.C. Edd and Charles Duncan; and the Kingston sister.

## Several Persons Get Suspended Sentences

The current term of Criminal Court in Loudon County will close Thursday as the last of 25 trials will be held before Judge Lloyd McClure.

During the past week Marvin Allen entered a plea of guilty to two charges of forgery. He was sentenced to one year in prison on each count. The sentence was suspended with Allen being placed on five years probation. He also paid off forged checks he was charged with writing and paid court costs. He had received a similar sentence on two other

forgery indictments earlier in the court term.

Fred Wheat was fined \$50 and costs on a charge of child neglect. Ronnie Wheat, facing the same charge, had his case dismissed by the state.

Four persons charged with assault and battery were found not guilty. They were Kenny Brown, Curtis Flora, Bruce Johnson and Johnny Simpson.

Barry Littleton entered a plea of guilty to a charge of driving while intoxicated. He was fined \$50 and costs, given a 30-day jail sentence with 28

SWORN IN—New Assistant Attorney General David T. Black of Maryville is shown standing with Attorney General Kenneth Deatherage as Smith takes his oath of office in Loudon last week.

## Black Named To Assist Deatherage

A Maryville lawyer, David T. Black, recently named as Assistant Attorney General by Attorney General Kenneth Deatherage of Kingston was sworn into office at Loudon Thursday by Criminal Court Judge Lloyd McClure.

Black, who will continue his practice of law in Maryville in association with Attorney Ben Kiser, succeeds Jerry G. Cunningham of Maryville who had resigned.

John C. Crawford III, of Maryville and Edwin Arnold of Loudon, also assistant attorney generals, will continue.

Black is the son of Mr. and Mrs. Tom J. Black, Old Niles Ferry Road, Maryville. He is a graduate of Maryville High School and U-T, earning his B.S. degree in 1966 and law degree in 1967. He served from 1969 to 1971 as a lieutenant in the U.S. Army Security Agency.

Mr. Cunningham resigned, after serving almost two years, to devote full time to his law practice. He is now associated with the law firm of Polkner, Paine and DeLozier.

RIVERVIEW TRUSTEES—Pictured are the newly appointed trustees of Riverview Cemetery as they plan needed action to improve the cemetery conditions. Left to right, are Bowman Bivens, Mrs. Kenneth Faulkner, Edley McCown, secretary and treasurer and Mrs. Jack Webb. Not present when picture was made was Judge Harvey Sprout, Chairman of the Trustees.

## After Court Battle County Controls Riverview Cemetery

BY GALVIN LUNSFORD

A few years back the Herald carried a story on the neglected overall condition of Riverview Cemetery. The writing date was August 4, 1972. The following are some excerpts from this hearing which have been published in full text in the Herald, and now held by Trustees: "That the lands described in the complaint constitute and have been for nearly 100 years a public cemetery and as such should be operated to that end and for that purpose and that some one should be placed in charge of said lands and that it is right and appropriate for the plaintiff in this cause to file its Amendment for such purpose.

There is hereby created a Board of Trustees for Riverview Cemetery who shall take charge of said cemetery and shall look after and care for it, being authorized to sell at a nominal sum burial lots in

possession by County Court, a hearing was held in the Chancery Court, with Honorable James O. Phillips, Chancellor, presiding. The hearing date was August 4, 1972. The following are some excerpts from this hearing which have been published in full text in the Herald, and now held by Trustees: "That the lands described in the complaint constitute and have been for nearly 100 years a public cemetery and as such should be operated to that end and for that purpose and that some one should be placed in charge of said lands and that it is right and appropriate for the plaintiff in this cause to file its Amendment for such purpose.

There is hereby created a Board of Trustees for Riverview Cemetery who shall take charge of said cemetery and shall look after and care for it, being authorized to sell at a nominal sum burial lots in

### VEGETABLES ADD VARIETY

We miss a great deal of eating pleasure by limiting our vegetable choices to potatoes and two or three others.

As a bonus, many dark green vegetables supply valuable amounts of Vitamin C, iron and other minerals and vitamins.

Raw vegetables can be a popular snack for weight-watchers, children or anyone who wants a fill-in between meals. Keep a supply of cold, crisp celery sticks, carrot sticks, radishes or green pepper slices ready to eat when the need arises.

These same raw vegetables go beautifully into a tossed salad to add color and crispness to the salad greens. Enjoy to the fullest one of life's greatest pleasures by eating a variety of tasty, colorful, nutritious vegetables.

Try this recipe for potatoes that are very different!

**GOURMET POTATOES**  
6 medium potatoes  
2 cups cheddar cheese (shredded)  
1/4 cup butter  
1 1/2 cups sour cream  
one-third cup onion (chopped)  
Slice and cook potatoes in small amount of water. In a saucepan over low heat, combine cheese and 1/4 cup butter. Stir until almost melted. Remove from heat and blend in sour cream, onion, salt and pepper. Fold in potatoes and turn into a greased casserole.  
Dot with butter and paprika. Bake at 350 degrees for 30 minutes.

## Greenback Community News

By Mrs. S.B. McCollum  
Phone 856-3017 Greenback

Mrs. Robert Anderson Jr. was hostess to members of the Greenback Presbyterian Women's Association, Circle No. 2 on Thursday evening with nine members present. Two new members, Mrs. Pete Carpenter and Mrs. Tommy Woods, were present. The Scripture was Acts Chapter 2 and the subject of the program was "A sense of Awe Everywhere." Plans were made for the World Day of Prayer program to be held at the church on March 2.

Mr. and Mrs. Ralph Hall spent last week at a machinery exhibition in Louisville, Ky.

Mr. and Mrs. Jack Rollins; Scotty and Stephen of Chattanooga spent the weekend with his mother, Mrs. Charlie Rollins and brother, Mr. and Mrs. Winfred Rollins and family.

Mr. George McCollum continues to improve nicely from recent surgery.

Mr. John E. Hammontrone will observe his 84th birthday anniversary next Saturday Feb. 24 and he continues to get about and enjoy life. The flowers in the Presbyterian sanctuary Sunday were a gift from Mr. Hammontrone have

Assembly which convenes in Washington in April and Mrs. Richesin was elected to serve again as the Chapter Regent during the next year. Other officers re-elected to serve with Mrs. Richesin were Miss Grigg as First Vice Regent; Mrs. J.E. Richesin as Second Vice Regent; Mrs. M.C. Anderson as Corresponding Secretary; Mrs. R.A. Lawson, Jr. as Recording Secretary; Mrs. John Pennington as Treasurer; Mrs. Harrison as Registrar; Mrs. John Everette as Chaplain; Mrs. Simpson as Historian; and Miss Margaret Browder as Librarian.

Plans were formalized to register and catalog all graves in Riverview Cemetery and preliminary plans were made for the yearly rummage sale.

two sons, Ralph of Chattanooga and Ben of Greenback.

Mr. and Mrs. Lawrence Maddox; Mr. and Mrs. Ralph Maddox were called to Speechwell on account of the death of the Mr. Maddox's father, Mr. G.W. Maddox. After the funeral, Mrs. Ralph Maddox fell in the cemetery and suffered torn ligaments in her left arm. She is slowly improving from the injury.

Mr. and Mrs. William Leverington and sons John and Jeff of Detroit, Mich. have visited Mrs. Leverington's parents, Mr. and Mrs. Otha

Lang in Largo, Fla. and on their return home were guests of Mr. and Mrs. John Ray and Mrs. C.E. Long.

Mrs. C.S. Sands of Madisonville and Mrs. Terry Lund of Maryville spent Tuesday with their parents, Mr. and Mrs. John Ray.

Miss Le Ann Best of Maryville was the weekend's guest of her grandmother, Mrs. Carrie Cooper. Mrs. Woodrow Jackson of Maryville visited Tuesday with Mrs. Ethel Riner. Mrs. Cecil Crisp (Clara Harrison) underwent surgery

## Paula Harris Becomes Bride

Miss Paula Harris and Jerry McGough were united in marriage Saturday, February 18 at 2 o'clock in the afternoon at Calvary Cumberland Presbyterian Church in Jackson, Tennessee. The double ring ceremony was performed by Rev. Don Reeves.

The bride is the daughter of Mr. and Mrs. Paul Harris, Birmingham, Alabama, formerly of Loudon.

The groom's parents are Mr. Marleene McGough and the late A.J. McGough of Jackson.

The bride, given in marriage by her father, wore a Victorian design dress of Ivory Acrlilan Crepe with bodice gathered into rounded yoke and inset with full length sleeves. The floor length skirt featured inset side skirts. She carried a nosegay of country flowers.

The bride's only attendant was her sister, Miss Melinda Harris. She wore a floor length Victorian design dress of floral print. She carried a long stem red rose.

Mr. David McGough of Jackson, brother of the groom, served as Best Man. After a wedding trip to Montego Bay, Jamaica, the couple will make their home in Jackson.

The bride graduated from Loudon High School and attended the University of Tennessee, Knoxville. She is presently attending West Tennessee State Business College.

The groom attended University of Tennessee, Knoxville and is presently attending Jackson State University. He is employed by McGough Insurance Agency in Jackson.

Miss at her home on Fipps Lane.

Miss Pat Hill of Knoxville University of Tenn. visited her parents here Saturday.

Mrs. Alexander Gillander has recovered from a brief illness at her home here.

Mr. Farrell Fipps is improving from illness at the home of his parents, Mr. and Mrs. Elbert Fipps.

recently in the Knoxville U.T. Hospital and is making satisfactory improvement.

Mrs. O.M. Thomas of Knoxville visited Monday with her aunt, Mrs. Annie Archer. Mrs. William Fisher is reported in a critical condition in the Knoxville Ft. Sanders Presbyterian Hospital.

Mrs. John Swanner of Maryville spent two days last week with her sister Mrs. William D. Self and Mr. Self, and Steve.

Mrs. Charles, Henry and Mrs. Helen Jackson were visitors in Knoxville Tuesday. Mr. and Mrs. Richard C. Dougherty of Knoxville spent Sunday with Mrs. Nick Rowland.

Mr. C.H. Ford continues to improve from major surgery and has moved from Blount Memorial Hospital to the home of his son, Mr. and Mrs. Dewey Ford.

Mrs. Gillis Holloway and Scott of Knoxville spent Thursday with her mother, Mrs. Helen Jackson and grandmother, Mrs. Ethel Riner.

Mr. and Mrs. Allen Presnell are expected to come the first of the week from their home in Mobile, Ala. for a visit with her parents, Mr. and Mrs. Bryant Watson and grand-children, Mr. and Mrs. Presnell.

Mr. and Mrs. Gary Fipps are recovering from a virus

## Attention Customers Of The Loudon Utilities

For your convenience we have designated five banks in our service area to collect your monthly utility bills.

These include the following bank offices:  
Hamilton National Bank of Loudon - main office - Grove Street.  
Hamilton National Bank - West End Branch - Loudon.  
Hamilton National Bank - Philadelphia Branch.  
Bank of Loudon County - Loudon Branch - Wharf Street.  
Vonore Branch of the Sweetwater Valley Bank - Vonore.

We feel that having these additional places to pay your utility bills it will keep many of our customers from making special trips to our offices. Of course you may continue to do so or send your payment by mail.

To use these banks for payment of bills, electric, water, sewer or gas, furnished by our system, just take your billing card, with check or cash to any teller at the banks for payment.

We hope this additional service will be of benefit to you.

**LETTERS TO THE EDITOR**

**Mr. Larry Cate**  
The Loudon County Herald  
Loudon, Tennessee

Your news article of February 8, 1973, was read with considerable interest and appreciation by all participants of the Sodusters Radio Control Club. The in-

formation and pictures will help to enlighten the citizenry of our endeavor and inform the area residence of our activities.

The general opinion of the uniformed usually tends to classify the sport as a group of adolescent adults who have progressed to playing with toys. The average age of the RC-

modeler is around 38 to 40 years, being a great sport for father-son activities.

Spectators who form these opinions do not realize that the first trips to the moon and outer space were accomplished in a like manner of radio control. In fact, the modern radios which we modelers use are a direct spin-off of the space program.

depends on highly sophisticated remote piloted vehicles (PLVs). The U. S. missile program depends almost entirely on radio control.

There are several known governmental research projects which utilize the same radios and control methods we modelers use, one of which is being conducted by the Sandia Corporation.

permanent site. And, like our club, now that radio prices have begun to come down and manufactured hobby items have advanced to a state of competition, clubs have formed throughout the U. S. and abroad.

I have enclosed a few articles related to our sport which you may find interesting. Maybe they will assist you in getting hooked.

**NOW SEE HERE**—Tom Platt, a Tennessee State Planning Office representative who works with Loudon County, points out proposed rezonings on Loudon's land-use plan at last Wednesday's meeting of the Loudon Regional Planning Commission. From left are planning commissioners Dick Huff, Platt; Rev. Dillard Hagan, a guest; Mayor Roy Bledsoe of Philadelphia; Mayor Joe Carter of Loudon; Chill Jones, Loudon's building inspector; Dave Booher, a TSPo planner; Chairman Henry Mitchell and Ham Carey.

I realize that the above is somewhat defensive; even though, most modelers realize that there is still a lot of "kid stuff" within us. Many began building models at an early age and never outgrew it. Of course, our activities are not for scientific purposes but are strictly for fun. If it were not fun, we wouldn't have the patience that it requires.

Our club was started 5 or 6 years ago by two or three interested Lenoir City participants, about the time transistorized and proportional radios began to appear on the market. Radio control existed before that but was a linkers hobby. You spent all your time tinkering with very little flying. It was not until reliable radios were available that the sport began to grow. After flying from every bare spot of land and vacant roadway that could be found, we are about to obtain a

**Future Farmers Confer Degrees**

The Loudon High School Chapter Future Farmers of America held their regular monthly meeting, Friday, February 16. The Chapter Farmer Degree was conferred on Joel McGinnie, Mike McCall, Bill Kolbeck, Darrell Burnette, Keith Gentry, David Blankenship, Tim Bingham, Lonnie Brewster and Freddy Giles. Each candidate received the Chapter Farmer pin from Chapter president Scott Julian.

Paul Julian was presented an FFA pocket knife for being the top speaker of the year. Bill Brakebill received an FFA shirt for having the highest grades in all his subjects for the first semester. He had a 4.0 average.

**7 On Hiwassee Honor Roll**

Seven students from the Loudon County area have been named to the Honor Roll at Hiwassee College in recognition of their outstanding academic achievements during the Fall Quarters - 1972.

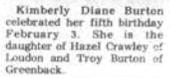

Being named to the Honor Roll were Teresa Ann Hickey, daughter of Mr. and Mrs. Hugh Hickey, Route No. 2, Philadelphia, a freshman Home Economics major; Jerry Lambert, son of Mr. and Mrs. Ralph Lambert, 1134 Huffland Drive, Loudon, a freshman majoring in Music; Diane McNabb, daughter of Mr. and Mrs. Robert McNabb, Philadelphia, a sophomore majoring in Business Administration; Everett Housin, son of Mr. and Mrs. J.M. Housin, Route No. 1, Philadelphia, a freshman majoring in Business Administration; Susan Cheryl Worley, daughter of Mr. and Mrs. John B. Worley, Route No. 4, Loudon, a sophomore majoring in Business Administration; Melinda Lambert, daughter of Mr. and Mrs. Oscar Kirkland, Route No. 3, Loudon, a sophomore majoring in General Secretarial Science; and

Sarah Kirkland, daughter of Mr. and Mrs. Oscar Kirkland, Webb Avenue, Loudon, a freshman majoring in Liberal Arts.

**12 Complete Welding Course**

Twelve men have completed a five week arc welding course at Loudon High School Agriculture Shop taught by Ralph Alexander, Vocational Agriculture teacher at Loudon and W. T. Ervin, owner and operator of Loudon Service Welding Shop. The course was sponsored by the Loudon County Board of Education and the State Board of Vocational Education. The course included but welding, cast iron welding, hard-surfacing and overhead welding.

Those receiving diplomas after completion of the course were Edward Bettis, Gene Belcher, Robert Bridges, Sterling Cook, Robert Lawson, Jack McColister, Toby James, Donnie Lambert, Bert Rutledge, Joe Sims, Jimmy Stephens and Troy Veal.

Kimberly Diane Burton celebrated her fifth birthday February 3. She is the daughter of Hazel Crawley of Loudon and Troy Burton of Greenback.

Kimberly Michelle Mills celebrated her second birthday February 20. She is the daughter of Mr. and Mrs. John L. Mills, 14 Webster Court, Loudon. Grandparents are Mr. and Mrs. J. E. Mills and Mr. and Mrs. George Lane, of Loudon. Great-grandparents are Mr. and Mrs. Walker Cannon of Sweetwater, Mr. I. A. Lane and the late Mrs. Lane of Loudon.

**COMPLETE WELDING COURSE**—Twelve men last week completed the annual welding course taught at Loudon High School. The class members are shown here during their last night of class.

Lisa Janine Purdy celebrated her fourth birthday February 22. She is the daughter of Mr. and Mrs. Kenneth H. Purdy, 819 Summer Street, Loudon. Her grandparents are Mr. and Mrs. Leo Schrimsher of Loudon and Mr. and Mrs. Floyd Purdy of Philadelphia.

Tommy Hue Clemmer celebrated his sixth birthday February 17. He is the son of Lula Belle McKee of Philadelphia and Wilburn Clemmer of Loudon.

**BECAUSE WE THINK OF YOU AS A PERSON, NOT AS A NUMBER...**

**WE BRING YOU "PHOTO-CHECKS"**

We have always tried to take every service to show that we think of you as a person, not as a number, and our new "Photo-Checks" are another way we prove it. "Photo-Checks" let you really personalize your checks. By putting on them a picture of whatever you wish... of yourself, of your children or grand-children, of your pet, or home or boat... the check is up to you. And when you receive your check, you can be sure your checks will be unique yours. Best of all, "Photo-Checks" cost little more than ordinary personalized checks. Why not give your checks this "different" look right now? Come in tomorrow, and we'll make all the arrangements.

## Speaking of Sports

By DANNY GIBSON  
Sports Editor

You can spot one coming at you from the other end of the hall in practically every high school from Chattanooga to West Greene and over the mountain to the suburban schools of Nashville. She moves with grace. Her cheeks are rosy. She's neat, trim, exuberant. A smile emits radiance from this picture of health. She's happy.

You won't find her in the drug scene because she knows that her mind must remain alert and the body must be instantly responsive to her commands.

The chances are she is headed for the gymnasium and on to the dressing room where she shelves her books and other belongings while she moves from the role of student to the role of an athlete.

It's time for practice. Only a few days remain before the annual tournament chase, which involves nearly 300 teams, begins across the state and ends with one large school and one small school being crowned state champion in Murfreesboro on the night of March 24.

A girl basketball player is one of nature's lovely creatures even if she is a step-sister in a sport which was devised with a masculine attitude of the more popular sons of the game.

But, she is a daring soul who has shed the taunts of her male counterpart, invaded his arena and made him jealous because she, in some phases of the game, has exceeded his brightest dreams in shooting the leather spheroid we call a basketball.

She has survived a divorce. A few years ago the coaches voted to send the girls on their way for their own tournament. This year they will be reconciled and will double the measure of your pleasure at the district tournament, alternating the spot light with the boys.

Maybe it's an inbred stubbornness that would not allow them to quit a long time ago. The result manner in which they have stayed on the scene, despite roadblocks thrown up by their step-brothers is, in itself, magnificent.

The Lassies parlayed to a 17-4 first quarter lead and hit their peak play in the second canto, burning the nets for 26 points, and a 43-22 halftime difference.

Oliver Springs, which has one of the better teams in both boys and girls play in the District IV format this season in Small Classification, came out in better form in the third period and out scored Loudon 13-8. The Lassies were nipped 18-15 in the fourth period, as reserves logged some valuable playing experience.

Loudon, despite slumping some in the second half, play well for the night with the entire traveling squad seeing action. Gloria Brown, playing much better with tournaments just ahead, pulled down 11 rebounds and blocked four shots to direct the Lassie defense.

Jane Shubert set the season high of nine rebounds and Senior Susan Huskey came off the bench in the second quarter and stayed on through the second half to spark the defensive corps to a decisive rebounding edge.

Susan had five rebounds, as did her sister Connie, and turned in with four loose ball recoveries in putting together her best defensive job of the season.

The Loudon boys had a rougher time in their game with the Bobcats. The Redskins had to come from a 12-11 first quarter deficit to struggle to a 25-25 halftime knot.

The Bobcats enjoyed a 24-17 lead with three minutes left in the second quarter, but Loudon got some excellent offensive play from Donnie Tharp and R.L. Branam to overtake the home five.

Loudon lost sophomore rebounder William Casler with just 39 seconds gone in the third period due to having five fouls and the scoreboard reading 28-25, Loudon. The Redskins took advantage of four straight Oliver Springs turnovers to stretch the scoring range to 43-25 in opening the final period. The taller and well drilled Bobcats refused to fall back, as they went to a pressure man-to-man defense all over the court.

Donnie Tharp and guard R.L. Branam support Messamore with double figure play. Tharp gunned in 14 points and hauled in 10 rebounds. Branam tallied 10 rebounds.

William Casler grabbed 11 rebounds for Loudon, while playing just half the game. Loudon had only a fair shooting performance with a 33.3 percent accuracy from the floor on 21 of 63 shots. The Bobcats hit 19 out of 50 shots for a 38 percent shooting efficiency.

The Redskins made 14 of 25 foul shots, while Oliver Springs hit 12 of 18. Loudon nipped the Bobcats in rebounding 45 to 41, but the Redskins had 14 turnovers to nine for Oliver Springs.

The loss leaves the Bobcats with a 14-9 worksheet. Howard holds Top Spot; JC Gaining. Chattanooga Howard remains No. 1 in the weekly AP high school basketball poll but Johnson City is picking up support for the top spot.

Howard, which has finished its regular season with a 29-1 record, had eight first place votes to five for Johnson City, which takes a 23-1 record into its final regular season game. Gallatin, 20-0 and the state's only unbeaten team is No. 3 and picked up two first place votes. Kingsport, No. 1 earlier this season before losing to Johnson City, is No. 4, Memphis Melrose, 21-5, No. 7, Chattanooga Riverside, 18-5, No. 8, Alcoa, 21-3, No. 9, and Memphis Southside 28-2 and Union City, 23-2, are tied for No. 10.

Then come No. 12 Clinton, 23-0, No. 13 Savannah, 24-2, No. 14 Harrison, 24-4, and No. 15 Trenton, 26-2.

Most of the ranked teams end their regular seasons this week.

## Redskins Cuff Oliver Springs With Double Cage Wins

The Loudon Redskins invaded the Oliver Springs Bobcats Thursday night in a TSSA basketball game, from which the Tennessee Secondary Schools Athletic Association gets the game's revenue.

The Loudon Lassies had little trouble applying a 67-54 defeat on the lady Bobcats. The Loudon boys made the night a varsity sweep by pecking out a 56-50 triumph.

The twin victories gives the Lassies a 15-0 record, while the Redskins are 15-11 for the year.

The Lassies hit a torrid 51 percent of their shots, 14 of 27 for the game and out rebounded the Oliver Springs set for 49 to 31. Loudon added 19 points to their scoring total from the foul line missing 11.

Oliver Springs hit a cool 24.2 percent from the field making 16 out of 66 shots for the night and adding another 22 counters from the foul stripe.

GIRLS		O. S. 54-51	
Loudon (47)	F. Messamore 27	Mullins 7	CRASS 21
F. Smith 20	G. Carver 15	Gallimore 5	Wilson 17
F. Hawkins 17	G. Wilson 15	Westcott 3	Hensley 10
G. C. Huskey 10	SUBS: Loudon—Starriff 3, Thomas 3, Oliver Springs—Mead 11, Loudon 17, 26, 8, 16—47	Oliver Springs 4, 10, 14, 18—54	

Jane Shubert set the winning tempo for Loudon with 22 points. Miss Shubert was high scorer in the game, but got balanced support from fellow-starters Marilyn Smith with 20 points and Debbie Hawkins, who net 17.

The Lassies parlayed to a 17-4 first quarter lead and hit their peak play in the second canto, burning the nets for 26 points, and a 43-22 halftime difference.

Oliver Springs, which has one of the better teams in both boys and girls play in the District IV format this season in Small Classification, came out in better form in the third period and out scored Loudon 13-8. ## District Seven Tournament To Start Saturday

The District Seven basketball tournament is set to get underway at Kingston High School gymnasium Saturday night with a game between the Harrison and Rockwood girls slated to open play at 6 p.m.

A boys game will follow between Scott County and LaFollette, and another girls game is slated to get underway around 8:30 between the Scott County girls and Dayton.

The winners of the first game will play the Kingston girls Monday night at 7:15 and the winner of the Scott County-LaFollette contest will face the Number One seeded team Monday night at six.

The winner of the Scott County-Dayton girls match will play the Lenoir City girls Tuesday night at 7:15.

There will be two girls and one boys game Saturday night, two boys and a girl semi-finals match on Monday, two boys and a girls semi-finals game on Tuesday, no games on Wednesday, two boys semi-finals matches on Thursday and both girls and boys finals on Friday night.

Kingston boys coach John Skidmore will be tournament director. Boys officials will be Gene Holt of Knoxville and C.A. Dockins of Cleveland and girls officials will be Jim Dodson of Athens and Bob Hopkins of Oak Ridge.

Admission will be \$1 and \$1.50. There are no reserved seats.

## Pantherettes Use Overtime To Tame Townsend 56-55

The Lenoir City girls traveled to Townsend Thursday night for a non-league battle with the Tigercats. The Pantherettes had to go into overtime before leaving victorious 56-55.

Marietta Blackburn led Lenoir City with 26 points. The Blonde Bomber got double figure help from both Pam Smith and Kathy Quillen with 13 points each.

The game was deadlocked 10-10 after the first seven minutes of play. Townsend forged into a four point lead in the second quarter as the tough Tigercette defense shut Lenoir City's Blackburn off from getting the ball.

The Pantherettes substituted Miss Blackburn with guard Kathy Quillen taking over the forward end of the court. Miss Quillen, hitting in close, brought the Lenoir City set back into the game and with Pam Smith balancing the

## Linginfelter Scores 17, Gets 18 Rebounds Greenback Scoring Punch Knocks-Out Vonore 76-49

Greenback, putting together two back to back impressive victories, downed Vonore 76-49 Friday night for their 14th win of the season.

The Cherokees had won over the Blue Devils by four points in a game last month when the Greenback team was hit by the flu bug. Healthy and riling toward the District III Tournament playoffs, starting Friday night at Maryville College fieldhouse, the Cherokees got scoring from nine players and four for double figures.

Greenback (74) Vonore (49)  
Linginfelter 17 Adams 12  
F. Hammontree 8 Hendrix 6  
K. Kyker 18 G. Hammontree 12  
G. Ritchey 18 Wheeler 2  
G. Miller 14 Moore 5  
SUBS: Greenback—Dixey 2, Reagon 2, Myers 3, Vaughn 3, Vonore—Hughes 7, Keeble 13, Singleton 4.  
Greenback 28 20 26 26  
Vonore 12 13 15 13

Larry Ritchey led the first half rout that had Greenback ahead 48-17 and an uncatchable advantage. Ritchey had 18 points for the night, but was followed closely by Tony Kyker and Joe Major ripped the nets for 14 points each to

round out the top scoring play for the Cherokees.

Greenback shot well for the game considering the run-and-gun pace. The Cherokees hit 35.8 percent of their shots, making 32 field goals out of 89 attempts.

Vonore hit a mere 24.3 percent with 19 goals on 78 their tries.

Greenback failed just one more foul shot that the Blue Devils, hitting 12 of 19 as compared to 11 of 29 for the losers.

Tony Linginfelter led the Greenback rebounding with 18 retrievals, and Tim Hammontree was next with 10, Bill Joe Kyker and Larry Ritchey had nine and eight respectively as Greenback held a whopping 60 to 29 difference in rebounding.

Greenback had 19 turnovers, but most of them came in the third and fourth quarter with reserves playing.

The Greenback girls reversed things on the Devils. The Cherokees won a nip-and-tuck game 41-40. Vonore had defeated the Greenback sextet by the same score in their last meeting.

Greenback was behind 23-20 at the end of the half, but rallied to tie the score at 31-31 by the end of the third quarter. The Cherokees constructed a five point lead through most of the final canto to have Mari Beth Hammontree miss three one-and-one foul shots in the waning seconds and the Vonore girls fought back to a one point game.

Greenback (41) Vonore (49)  
F. M. Hixson 26 Kirkpatrick 22  
F. Brown 14 Collins 12

Thall 10  
G. Dixon 4  
SUBS: Greenback 8 12 11 10  
Vonore 13 11 8 9 45

The Blue Devils had the chance to tie the game in the last nine seconds with a one-and-one foul situation, but missed on the opportunity and the Greenback guards controlled the rebound.

Greenback hit 19 field goals in the game with Mari Beth Hammontree leading all scorers with 26 points. Kathy Bryson totaled 14 for the winners.

Vonore hit 15 field goals in the contest and added 10 points on foul shots out of 24 attempts to keep the game close.

**MAJOR FIRES FROM OUTSIDE**—Greenback's Joe Hammontree goes up to launch a 20-foot jump shot against Vonore Friday night as the Cherokees rolled to their 14th victory of the season 76-49. Major tallied 14 points in the game.

# Eaton Topples Steekee Boys; Philadelphia Girls Make It 17 In Row, In Winning Elementary Tournament Titles

Denny Gibson, Sports Editor

The Eaton Elementary boys and the Philadelphia girls emerged as the Loudon County Elementary Tournament Champions Friday night at Loudon High School.

The Philadelphia girls, winner of the regular season league play, continued to handle the other county sextets in the season ending playdowns and extend their season record to 17-0. Loudon Elementary, which finished behind the Philadelphia team in regular season play also made it to the finals only to bow 32-29.

**GIRLS CHAMPIONSHIP**  
Philadelphia 121  
Loudon 120

G. Schrimsher  
G. J. Locke  
G. Gatliff  
Philadelphia 11 4 8 8 20  
Loudon 3 8 11 9 29

The Junior Redskins are 15-3 for the year with their only

losses coming at the hands of Philadelphia.

Bernadette Locke paced the Philadelphia lassies with 18 points, eight in the first quarter on four goals in five shots. Philadelphia led 11-0 at the end of the first quarter and held on through the following three periods as Loudon struggled back to within a single point in the fourth quarter.

Philadelphia, getting clutch foul shooting from Donna McNabb, who finished with 10 points and supported Miss Locke's offensive play, managed to hold the lead as time ran out cutting the Loudon effort short 32-29.

Philadelphia, held without a point in the first quarter by the Philadelphia defense, settled down in the last three periods and scored 15 points for the evening.

Top defensive laurels went to Loudon's Kim Braunhoover, who had seven blocked shots and led the individual rebounding high for both teams.

SEASON CHAMPS TAKE TOURNAMENT TITLE—Philadelphia, winner of the regular season girls' championship, turned back Loudon in Friday night's county tournament finals for the coveted title trophy. Pictured, front row, left to right, Janice Wilkerson, Lanette Lynn, Sherri Hodge, Vanessa Schrimsher, Vickie Cleveland, and Jeanine Purdy. Second row, left to right, manager Sandra Gage, Beverly Barr, Juliette Locke, Kathy Gallihar, Donna McNabb, Connie Green, Bernadette Locke, manager Libby Hagan, and coach Jim McNabb.

## E-T Elementary Basketball Tournament Set

The annual East Tennessee Elementary Basketball Tournament is scheduled for March 22-23-24 and March 27-28-30-31.

It will be played on two fronts again, at Sevierville Elementary School and Rush Strong High.

Entries must be in by March 12. They should be sent to Clyde Rainwater, Route 2, Dandridge, Tenn., 37725, or telephoned to him at Dandridge, 397-2629.

Sevierville won the girls title last year and Eagleton took the boys' crown.

ELEMENTARY TOURNAMENT RUNNER-UP—Steekee's elementary boys basketball team, winner of the regular season championship, bowed to Eaton in Friday night's tourney finals. Pictured from left to right front row, Danny Ishell, Kenney Starritt, Henry Purdy, Freddie Starritt, Terry Bowers, and manager Charles White. Back row, left to right, Coach Larry Bridges, Steve Schrimsher, Terry James, Sam Therap, Denny Letterman, and Handy Viars.

## Loudon In B Team Tourney

First round play is set to get underway Wednesday in the first annual Kingston Optimist Club B-team Basketball Tournament with play to continue through Friday night at Roane County High School in Kingston.

Kingston and Scott County meet at 6 p.m. Wednesday in the opening contest, while Clinton and Oak Ridge square off at 7:15 p.m. The winners of these two games are due to meet in a semifinal game set for 8:30 p.m. Thursday.

Harriman, one of the favorites in the tournament, meets Loudon at 8:30 p.m. Wednesday for its initial test. The winner of this game will meet Oakdale, which drew a bye, in a semifinal game set for 1 p.m. Thursday.

## Southeastern 500 March 11

How fast can a stock car run on a half-mile track? That question will be answered in the annual Southeastern 500 at Bristol International Speedway, March 11, because the popular high-banked oval in East Tennessee has traditionally proved an action spot on NASCAR's Grand National circuit.

A few years ago few suspected to ever see speeds in the excess of 100 miles per hour on a half-mile oval. But BIS president and general manager Larry Carrier and partner Carl Moore envisioned such speeds and made it possible by raising the banks of the Bristol bash has annually been a wild affair and more than a dozen cars qualify at well over 100 miles per hour for Bristol events. Such improvements are just one of the reasons for packed houses on race day in the East Tennessee valley. Another is the elite field Bristol, which has two Winston Cup races yearly, attracts.

Again in 1973, fans are expected to flock to Bristol to watch such NASCAR stars as Richard Petty, Bobby Allison, Buddy Baker, Cale Yarborough and Bobby Isaac square off. These established stars and other challengers such as Benny Parsons, Earl Brooks, Richard Childress, Dean Dalton, Cecil Gordon, James Hylton, Elmo Langley, J.D. McDuffie, Ed Negre, Vic Parsons, Charlie Roberts, John Sears, David Sisco and Wendell Scott already have filed entries.

LOUDON ELEMENTARY PLACES SECOND IN TOURNAMENT—Loudon Elementary girls basketball team dropped a well played game with Philadelphia in the Loudon County Elementary Tournament Friday night. Pictured, front row, left to right, Pam Rivers, Cathy Delaney, Lee Ann Chisney, Robin Guider, and Sharon Chambers. Second row, left to right, Coach Ed Waller, Jennie Leffer, Kim Braunhoover, Jackie Russell, Susan Watson, Sylvia Hawkins, Becky George, and manager Lana Rhea. Not pictured Kelly Purdy.

STARBITT SHOTS UNDER PRESSURE—Steekee guard Freddie Starritt releases a shot from the foul line in the Loudon County Elementary Tournament Friday night. Defending against the shot are Eaton Elementary players Kenny Lane (42) and Sidney Elam (40).

Steekee, winner of the regular season title, had to by pass Philadelphia 28-25 to reach the finals and a challenge from Eaton, a team they had dealt two regular season setbacks too.

Friday night was to be all Eaton in the finals as the taller Lenoir City grade school jumped to a 4-0 lead and a 8-5 period advantage. Steekee was never able to find the range or the lead despite a variety of defenses and a pesky full court press. Steekee narrowed the gap to two at 20-

18 in the fourth quarter but three straight baskets by Eaton's Kenny Lane paced the game out of reach and a 27-18 triumph for the championship.

Kenny Lane led a scores netting 20 points for Eaton. Steve Schrimsher was the top shooter for Steekee with eight points. High scoring Kenney Starritt was held way below his season mark with a lone field goal for the game.

Eaton's out rebounded Steekee 35 to 24 with Sidney Elam and Lane the top board sweepers in the game.

In other tournament action Loudon boys copped third place with a 48-16 rout of Philadelphia. Greg Dethridge, Mark Blair, and Randy Davis all had double figure marks for the night with 14, 13, and 11 points respectively. Gary Brown had six points to pace the Warriors.

The third place girls trophy went to Steekee on a see-saw 19-18 overtime victory over Highland Park. Karen Braman set the tempo for Steekee with 10 points while Debbie Johnson had seven points for Highland Park.

### Catholic Pins 71-62 Hoop Loss On Cherokees

Greenback has finished its regular basketball play with a 14-8 workshel. The Cherokees bowed to number one District Three seeded Knoxville Catholic Tuesday night 71-62.  
The Cherokees matched baskets with the balanced shooting Irish for the first five minutes of the game, but slipped to a 20-15 deficit at the first rest stop. Catholic worked for a 38-29 halftime lead and was able to keep the charging Cherokees beat back to chalk up their 20th season win against seven losses.  
Catholic hit 18 of 40 first half shots for a 45 percent shooting

eye and closed the game with an overall 85 for 73 peeling for a game percentage of 43 percent. Greenback, playing

### Lenoir City Trip Tigerettes

(Continued from page 6)

Pantherette scoring took a 28-23 halftime lead. Miss Blackburn returned to the game in the third quarter with only two points to her credit in the first half to spark the Lenoir City play. The Tigerettes edged into the lead at 38-36 to start the fourth period, but the Blonde Bomber continued to find the range and Lenoir City pulled to a 53-50 tie at the end of regulation time.

Townsend got the top to start the overtime period and ran down the clock for a last second good shot. The opening came with 24 seconds left in the stanza and the Tigerettes

took the lead at 55-53.

Miss Blackburn look drove for Lenoir City and charge to the basket for a shooting foul. The high scoring junior hit the first charity toss but missed the second shot as it rebounded back into her hands. The Blonde Bomber coolly launched the ball back through the hoop for a three point play and a hard fought Lenoir City triumph.

## Local Tax Deductions Average \$2000

The outlays that Loudon County residents made in the past year for local and state taxes, for charitable donations, for medical services and the like are now appearing in a new light. They have become transformed into assets.

For local people who are assembling their 1972 income and expense figure in preparation for their Federal tax reports, those expenditures now look like moneys in the bank.

The reason? They represent tax deductions. The more that was spent for such purposes last year, the less that will have to be paid in April, when Tax Day rolls around.

Naturally, only those expenditures for which proper records were kept, capable of substantiation, can be claimed as deductions.

Loudon County residents who itemize their deductions will be interested to know how much other people, with incomes similar to their own, have been listing as deductions.

How do their charitable contributions compare? What about local taxes, medical costs and interest paid on loans?

Helpful information along these lines comes from the Commerce Clearing House, an authority on tax law, based upon data released by the Internal Revenue Service.

It shows that, in general, families throughout the country with earnings equal to the Loudon County average, have been listing deductions of \$2,000, equivalent to 20 percent of their adjusted gross income.

For those with lower than average earnings, the deductions taken usually represent a larger proportion of their income. Conversely, those in the higher brackets have smaller deductions, percentage-wise. The range is from 16 to 25 percent, according to the latest IRS figures.

For example, local families at the \$8,500 level will have deductions of \$1,800 if they are in the normal, while those with incomes of \$12,500 will be deducting about \$2,200.

A breakdown of the \$2,000 in deductions that is usual among those with incomes similar to the Loudon County average shows \$385 for charitable contributions, \$500 for interest on loans and other debt, \$700 for local taxes and \$425 for medical and dental expenses.

## 4-H Contest

### Winners Told

by Roger L. Perkins, and Bonnie F. Sheeley  
 Assistant Extension Agent

The 4-H County Public Speaking Contest was held on Saturday, February 10 at the Calvary Baptist Church with 33 4-H'ers competing.

The winners and participants were as follows: Junior Girls Division—Robin Kizer (winner-Greenback), Edie Thompson, Linda Morris, Debbie Martin, Karen Shrader, Sheila Millaps, Timmie McCown, Laura Sparks, Helen Prye, Robin Norman and Mary Humphreys. Junior Boys Division—Ronald Ford (winner-Highland Park), Ronnie Stipe, Robert Davis, Tony Cook, Bryan Langston, Richard Sampson, Tim Salley, Brad Langley, and James Webb. Junior High Girls Division—Linda Rauston (winner-Greenback), Vickie Mason, Liza Davis, Nancy Truitt, and Debbie Lillard. Junior High Boys Division—Roger Goddard (winner-Greenback), Tim Brannon, Ernie Shope, Keith Arros and Brad Hedge. Senior Girls Division—Teresa Goddard (winner-Greenback), and Kathy Sartem. Senior Boys Division—David Beeler (winner-Greenback).

The winners of the Junior High and Senior Division will represent Loudon County at the District Competition on March 10 in Knoxville.

The judges for this contest were Mrs. Bobby Ray Davis, Mrs. Freeman Littlefield, Mr. Ralph Wear and Mr. Emmitt Carter. The sponsors of this 4-H activity were Loudon Rotary Club, Loudon Utilities, Don P. Smith Chair Company and J.W. Wilburn Hardware Company.

This year 168 four-H'ers participated in the public speaking activity.

**4-H PUBLIC MEETING**  
**TEAM ACTIVITY**

This activity requires a team effort. Each team may have 10 to 14 members who demonstrate their skills and ability in conducting a mini club meeting (10-15 minutes). Each team is judged on (1) skill and ability of officers to conduct a meeting, (2) orderliness and business like procedure of members, (3) Group participation in meeting, (4) Indications of plans and accomplishments of club and (5) instruction session.

This year winners and participants were: Junior Division—Greenback (winner) and Eatons. Junior High Division—Greenback (winner), Eatons 7 and Eatons 8.

There was no senior team participating. The winning Junior High team will represent Loudon County at the District Contest at the T.V.A. Fair in September.

The judge for this activity was Mrs. Ruth Hidenour. The sponsor was Miller Motor Company.

**JUNIOR WINNERS**—Shows are the winners of the Junior Meeting Contest of the Greenback 4-H Club. Teen Leaders are Teresa Goddard and David Beeler.

**WINNERS OF THE Junior High Public Meeting Contest of Greenback 4-H Club** are shown here with Teresa Goddard and David Beeler who served as Teen Leaders.

**LOOK-ALIKE**—Pictured above is Dr. Jerry M. Williamson, president of Gordon Junior College in Barnesville, Ga. The pose is in a contest to see who was the modern day look-alike of General John B. Gordon, for whom the school was named. Dr. Williamson is a native of Loudon and became president of Gordon on July 1 of last year.

## Trustee's Notice

The Trustee's office will be open to receive property taxes the following hours beginning Monday, February 12, 1973.

Monday, February 12	8:00 A.M. to 6:00 P.M.
Tuesday, February 13	8:00 A.M. to 4:00 P.M.
Wednesday, February 14	8:00 A.M. to 4:00 P.M.
Thursday, February 15	8:00 A.M. to 4:00 P.M.
Friday, February 16	8:00 A.M. to 4:00 P.M.
Saturday, February 17	8:00 A.M. to 12:00 Noon
Monday, February 19	8:00 A.M. to 6:00 P.M.
Tuesday, February 20	8:00 A.M. to 4:00 P.M.
Wednesday, February 21	8:00 A.M. to 4:00 P.M.
Thursday, February 22	8:00 A.M. to 4:00 P.M.
Friday, February 23	8:00 A.M. to 4:00 P.M.
Saturday, February 24	8:00 A.M. to 12:00 Noon
Monday, February 26	8:00 A.M. to 6:00 P.M.
Tuesday, February 27	8:00 A.M. to 4:00 P.M.
Wednesday, February 28	8:00 A.M. to 4:00 P.M.

Please feel free to call 458-3103 for any information concerning property taxes.

Sincerely,  
 J. V. Schrimsher  
 Trustee, Loudon County  
 Loudon, Tennessee 37774

### Heart Fund Events Are This Sunday

(Continued from Page 1)  
 Loudon County and Hamilton of Lenoir City are acting as co-treasurers for the drive. Individuals may also make contributions as memorials to relatives or friends who have died as a result of heart disease.

The Loudon County campaign hopes to raise \$3,000. The funds contributed to the drive will be used to fight diseases of the heart and blood vessels. These diseases are responsible for more than 54 percent of the deaths in Loudon County. They include heart attack, stroke and other complications of hardening of the arteries, high blood pressure, rheumatic fever and inborn heart defects. The Heart Fund helps fight them all.

Special events chairman, Bernice Ray Swiney, said that Heart Sunday roadblocks will be set up at the main intersections in Loudon Sunday afternoon. Last year several hundred dollars was contributed through the Road Block drive.

**TWO INJURED**—One of two men injured in a two-car crash at Philadelphia about 12:30 a.m. Sunday is shown being placed on an ambulance cot. State Highway Patrol Sgt. David Grissom said that the driver of the car, Silas Franklin Jr., Rt. 4, Loudon and Dan Ward, were both treated for facial injuries at Loudon County Memorial Hospital following the accident. Sgt. Grissom said that the Franklin car struck the rear of another car, driven by Kathleen Toyer of Knoxville, then went off a bank and into a field. Franklin was charged with wreckless driving.

### After Court Battle County Controls Riverview Cemetery

(Continued from Page 1)  
 The above named individuals will serve during good behavior or until released by this Court.

The approximately 10 acres is here and now transferred and the title thereto is vested

in the Board of Trustees of Riverside Cemetery and their successors in office excepting therefrom all plots, parcels and lots which have been used for burying purposes.

Amendment to this decree declares this a

recognized exempt cemetery, thereby, under state law, donations or contributions to this cemetery are tax deductible.

Since this action on the part of the court an organizational meeting was held on

November 28, 1972 with court appointed Trustees present, and Judge Harvey Sprout acting as Chairman of Board of Trustees would take further action.

In another Board meeting, Edley McCown was elected

Treasurer and has since, been duly bonded as the Chancery Court decree specified, and has documented proof in hand. The Chancery Court decree in entirety is a matter of record and is available to any one who might desire to pursue any specific point.

At the December meeting the cemetery was legally incorporated as Riverside Cemetery incorporation, with Edley McCown, president and treasurer.

The Cemetery trustees, who are working hard to make this effort it seems have a problem. It occurs that years ago, a burial plot map was drawn. This map listed designated burial plots. Entrance road outlines and other related information, which is badly needed. It is felt that possibly someone has this map. A request is made that if this map is held by someone, that they will come forward. The Trustees are not asking for possession of the map, but would like to secure it long enough to make a copy. Hereupon the original map would be returned to the owner. If such a map is held by someone, please contact Mrs. Edley McCown or Mr. Arthur Fowler, attorney.

The Trustees would welcome the help of concerned and interested parties in making this a successful venture.

### Womans Club Taking Orders For Plates

As part of a national project of the General Federation of Women's Clubs, the Loudon Woman's Club is taking orders for the first of four Bicentennial Plates, official commemorative items of the National Bicentennial. Mrs. LeRoy Custead of the Loudon Woman's Club, said that over the next four years the entire collection of Commemorative Plates will be offered in limited numbers. The first plate "The Seeds are Sown" has just been produced. The entire collection tells in chronological order the stirring and dramatic story of the four major movements of the American Revolution.

The plates can be ordered at the present time for \$10. Their value in later years is guaranteed to increase, since the molds will be destroyed. The plates will be issued one each year from now until the celebration year in 1976.

Mrs. Custead said she and other members of the Woman's Club has full information on the plate collection.

### Your County In Action

BY HARVEY L. SPROUL  
LOUDON COUNTY JUDGE

**MORE OR LESS** We were discussing last week how it has been possible to get the County Justice Center approved with the County, the town of Loudon, and Lenoir City all working together. To continue, even after we were successful in getting the

grants, we were not fully over the hurdle because the two Cities and the County had not actually gotten down to brass tacks as to how all of this would work, the cities having only indicated a basic preliminary interest, so the real grind then got underway. This included many joint

meetings between the County and the City Committees over a period of time, wherein all matters were thrashed out with a lot of "give and take" on all sides.

Also involved were periodic reports to inform the members of the City Councils and the County Court who were not actively involved in thrashing out the matter, because it was necessary that they be kept informed in order for a cooperative project like this to be accomplished.

#### MONEY PROBLEMS

Some of the main problems that had to be worked out included:

(1) the question of how much each City should contribute toward this cooperative project?  
(2) whether or not the Cities would want to be involved over a long period of time, or would prefer a shorter time so that they could get out of the contract if it proved unsatisfactory?

(3) who would own the building, and who would put up the matching grant money for the building and equipment (which will be a total of local money in the neighborhood of \$250,000 to \$275,000 just for starters)?  
(4) How would disputes be handled, particularly in reference to the very sensitive communications area?

#### LOCATION

In the meantime, there also had to be a decision made as to where the location for the building will be, and whether or not each City would be willing to support that location.

It is apparent that there has to be "give-and-take," and concessions made by all sides if a cooperative project for the benefit of the people is to be accomplished.

For example, the political and practical consequences are that the City of Lenoir City would not participate in a joint project, or at least the chances of reaching an ultimate agreement as a practical political matter is lessened greatly, if such a building is located inside the city limits of Loudon.

The same thing is true if the building were located inside the city limits of Lenoir City, then Loudon would be less likely to agree to that.

Thus the location chosen had to be a suitable location where you can readily have highway access to both Cities and all parts of the County.

Then next we had to get property appraisals and at-

## January Rainfall About Normal

Rainfall last month averaged 4.3 inches across the Tennessee Valley, close to the normal 4.6 inches for January, TVA reports.

Rainfall was generally lighter in the upper half of the Valley, east of Chattanooga, and heavier in the western half. The highest January total report to TVA was 8.18 inches at Haleyville in north-west Alabama. The lowest was 1.31 inches at Kingsport in upper east Tennessee.

Streamflow from the upper half of the Valley was slightly below normal for January, for the first time in ten months.

## Wheat Re-enlists

Sergeant Billy C. Wheat, son of Mr. and Mrs. James D. Wheat of 903 W. Second Ave., Lenoir City, has re-enlisted in the U.S. Air Force at Roanoke Rapids Air Force Station, N.C. Sergeant Wheat, an aerospace control and warning operator, is assigned to a unit of the Aerospace Defense Command which protects the U.S. against hostile aircraft and missiles.

This February 14, 1973. Thelma C. Richesin, Executrix of the Estate of Jesse N. Richesin, deceased.

### Administratrix of the Estate of Sanford R. Parker, deceased.

Estate of Jesse N. Richesin, deceased.

Notice is hereby given that on the fourth day of February, 1973, Letters Testamentary, in respect to the Estate of Jesse N. Richesin, deceased, were issued to the undersigned by the County Court of Loudon, Tennessee. All persons having claims matured and unmatured, against the said Estate are required to file the same with the above Court within six months from the date of the first publication of this notice, otherwise, their claims will be forever barred. This February 14, 1973. Thelma C. Richesin, Executrix of the Estate of Jesse N. Richesin, deceased.

the Good Old Days when they come across a picture in the attic, trunk or family album. Many times some of our readers have relatives in some of the pictures we are privileged to use and lots of times request a copy of a given old picture and this we try to help them with. Such is the case with one of our pictures this week.

Mrs. L.C. Woods, who loaned these two school groups requested that we use them, both the same week, which we are very happy to do. These are group pictures at the old Chapel School, which was located down in the edge of Roane County. But, with as good a Loudon County representation as you could ever hope to find anywhere. We would like to state at this point that many of those in the pictures are now deceased.  
 One of the pictures was made in 1919 and the other in 1912. But there are some in one that is not in the other. The 1919 picture is identified as follows: Top row, (l. to r.) Frank Johnson, Pearl Roche, Frank Billingsley, Maude Brogdon, Fred Billingsley, Dora Monday, Edgar Brogdon, Cleo Monday, Paul Johnson, Albert Moore, and Geiser Johnson. Second row: Willis Ray, Anna Ray, Fred Limburg, Lydia Hedrick, Floyd Billingsley, Belle Patterson, Ted Hickey, Fannie Patterson, Dixie Miller, Annie Billingsley, Ruth Johnson, and LaPayette Monday. Third row: Laura Campbell, Leola Erwin, Ada Purdy, John Billingsley, Mattie Hopkins, Emma Brogdon, Willis Hood, Lucy Kate Hedrick, Martha Moore, Thelma Hickey, Nancy Ray, and Betty Moore. Fourth row: Walter Kirkland, Ed Kelso, Jimmie Sparks, Jess Billingsley, Annie Nell Sparks, Homer Patterson, Arie Patterson, Leona Sharp, Dave Murr, and John Henry Brown. Bottom row: Jesse Moore, Frank Murr, Tom Branson, Bunch Hood, Beulah Bisplinghoff, Bonnie Bisplinghoff, Walter Brogdon, Linnie Kate Murr, Blanche Hedrick and Addie Lou Purdy. Now for the 1912 picture. They are: Lyla Whalen, teacher. Top row: (l. to r.) Annie Billingsley, Bess Sparks, Nellie Miller, Dixie Miller, Maude Brogdon, Ted Hickey, the teacher, and John Billingsley. Second row: Betty Moore, Addie Lou Purdy, Emma Brogdon, Martha Moore, Ada Purdy, Bonnie Bisplinghoff, Martha Chaney, Charlie Chaney, Bob Shubert, Mack Cook, Sanford Miller, Johnnie Sparks, Jess Billingsley, Bronce Cook and John Henry Brown. Bottom row: Linnie Kate Murr, Neil Shubert, Grace Moore, Goldie Sitzer, Beulah Bisplinghoff, Debbie Moore, Mattie Cook, Leona Sharp, Gopher Branson, Floyd Miller, Walter Kirkland, Ellis Sharp, Tom Branson, Walter Brogdon, Frank Murr, Charlie Moore, Jim Cook, Elizabeth Miller, Henry Billingsley, Ella Shubert, Anna Mae Erwin, Jack Branson, Gene Moore and Jesse Moore.  
 The lady in the doorway behind the teacher is Eva Sharp. The man in the center of door is Dr. H.T. Sparks. The man on the right of the door is E.B. Booth, Superintendent of Roane County Schools.  
 We are sure, as you have looked over these names that you knew many of them, or their relatives. This old school was in the Paint Rock section, which has always seemed like it was more attached to the Loudon County area than it was to Roane County. A large portion of these folks later came to Loudon to make their home.

We are deeply grateful to Mrs. Woods for the loan of these pictures and to Mr. Ted Hickey who worked hard to help identify all of them.  
 Oops, we are very sorry for the error we made on Greenback's Glendale School. It is still open and going strong.  
 Well, that's it for now. See you next week.

GLENDALE GETS FLAG—Congressman John Duncan is shown at Glendale School last Monday where he presented an American Flag that had flown over the Capitol in Washington. Congressman Duncan is shown with some members of the seventh and eighth grade at the school.

**Beat the Big One... Heart Attack Give Heart Fund**

**MR. BEEF PRODUCER**  
 Do You Need A Registered Angus Bull With Performance Records But Can't Afford To Buy One?  
 Lease One From The Bank Of Loudon County

Bank officers Ed Bell, J. T. McNabb and Al Beeman are shown with Mr. and Mrs. E.S. Stafford after purchasing the bull from the Staffords for \$1,000.00

The Bank of Loudon County recently purchased six registered Angus Bulls with high performance records that are available to lease to beef producers in Loudon County. This program is being undertaken to increase the quality of beef production and a higher return on investment for the producer.  
 ALL BEEF PRODUCERS ARE INVITED TO ATTEND A DINNER AT 7 P.M. WEDNESDAY, FEB. 28, AT THE VIEW CLUB IN LOUDON TO HEAR THE PROGRAM EXPLAINED. THOSE INTERESTED IN ATTENDING SHOULD CONTACT J.Y. McNABB AT THE BANK OF LOUDON COUNTY AT LOUDON, Phone 458-4636.  
 The Bank of Loudon County in undertaking this program is joining a growing number of banks throughout the state who offer this type of program for the beef producers of their county. We invite all interested Beef Producers to attend this dinner meeting and get details of this program.

**LOOKING BACK AND WATCHING—**  
From where we live we can easily see the Interstate 75 bridge over the Tennessee River. Looking back to last year this year to see what was going on, we noticed a headline that said the \$7 million bridge construction was to start.

Needless to say the building of this bridge is the biggest construction project, outside of the idled Tellico Dam Project, going in the county. A year later, and after looking at what is going on on the river every day, it is hard to realize the bridge contractor has made as much progress as they have.

Highway Department officials say that the Interstate through Loudon County, including the bridge, will be open for traffic in December of this year. Work is now being done on the final set of piers for the four lane, twin span bridge, and steel extends out over the two span bridge, and steel extends out over the two span bridge, and steel extends out over the two span bridge.

If the bridge and the highway are open by December it will really be something. Not only to get overloaded highway 11 to normal traffic...and we can't remember when this was...but to complete the 50 miles of I-75 from Cleveland to Lenoir City in just 20 months is really getting things done.

The projects are not set for completion until August of 1974, but, according to the State, will be open to traffic this year.

With this in mind it will make things much easier when the spring, summer and fall traffic jams the county this year.

### BROCK ON TELLICO—

Although we did not see it, we were told that Senator Brock addressed himself to the Tellico Project on a Television interview program over the weekend.

Senator Brock has not been known as a big supporter of Tellico and according to the statements we were told he made still is not, but...

And that but is important if what we hear is correct. He was said to have stated that if he had been in a position to have made the decision to build the controversial dam and lake, he would have not done so. Now comes the B.U.T... He says that it would not be wise to scrap the project now after spending more than 30 million dollars on it, and it should be finished.

This is good news to those who support the project, which like the sap in spring, rises to public attention.

### BASKETBALL TOURNAMENT TIME—

Since last November basketballs have been bouncing in gymnasiums everywhere, but the real thing is finally here. The tournaments is what basketball is all about and is when the players, coaches and fans really get excited.

This week high school teams are playing in district tournaments. Loudon, Lenoir City, and Greenback boys and girls teams are all involved in their respective district tournaments and all have a shot at putting at least one of their roundball teams into the regional events.

Just a little higher up the ladder is the University of Tennessee where the exciting Vols, and we are listening to their encounter with LSU as we attempt to write this, are in a solid position to capture the Southeastern Conference Championship and a trip to the NCAA Championship playoffs.—The loss to LSU didn't help!

In all this sports excitement, for those of us who enjoy it, there is a bit of sadness. Although we are carrying a more complete story elsewhere, we wanted to note here that Loudon County lost a great sportsman when Tommy Bradshaw died suddenly last week.

Tommy was Sports Editor of the Lenoir City newspaper for nearly 40 years, and many times we carried articles written by him. His knowledge of sports history in Loudon County, especially Lenoir City High, could not be equaled. Tommy was a personal friend and we along with all sports fans will miss reading his comments.

DANE HOWELL

## Dane Howell Back In Jail

Dane Howell, well known Loudon County police figure, who was the object of a massive manhunt in Loudon County last fall, is back in jail. Howell, his wife Virginia, Howell's younger brother Dwayne, 14, James Eddie Sherrill of Loudon, and two men from Florida were arrested when Knoxville City Police raided their motel rooms in Knoxville last Thursday afternoon.

Loudon County Sheriff Freeman Russell led several manhunters in September for Howell after he escaped from the state prison and was reported seen several times in Lenoir City where he lived.

It is understood that when police raided the rooms the Howells were staying in at the Al Hamira Motel on Kingston Pike in Knoxville, that a number of items were found that have been identified as taken in burglaries in Knox and Loudon County.

Howell, 25, is being held in Knox County Jail on charges of escaping prison and it is reported that investigations of several break-ins, police believe he might have been involved in are underway. Howell's wife is also held on charges of aiding and abetting an escapee.

The younger brother, a juvenile, has been returned to Loudon County, where it is reported he will be sentenced to a term in a state juvenile institution for violation of a prior probation.

Sherrill, it was reported, was also in violation of a parole from a sentence in Loudon County Criminal Court, and is being required to leave the state for a period of one year and to make restitution for bad checks he reportedly passed.

Sheriff Russell said the two Florida men, identified as Clarence Burdette, were released by Knoxville Police with orders to leave the state.

## I-75 Connectors, Justice Center On Court Agenda

Loudon County Court will hear reports and act on several items of much interest to county residents and taxpayers, when the nine member body meets at 9 a.m. Monday in the main courtroom at the courthouse.

One of the big items on the agenda prepared this week by Judge Harvey Sproul is a report concerning the State Highway Department estimate of cost and requirements for proceeding on construction of the Sugar Limb and Philadelphia connecting roads, to include consideration of final engineering reports as to the route and location of the roads.

The two connectors will run from Highway 11 to Interstate 75 and are being built after considerable effort by area residents and a controversy over the value of the two additional interchanges.

Another item will be a report from Lt. Governor John Wilder, in the form of a letter indicating that the proposed state-wide kindergarten program will cost Loudon County and Lenoir City school systems an additional \$25,000 per year.

There are five items on the agenda concerning the County Justice Center. These include a report on condemnation of the land for the \$500,000 facility being built as a cooperative project by the county, and the cities of Loudon and Lenoir City. The county hopes to let bids on the project early this spring.

The full text of the county court agenda for Monday's meeting is as follows:

- AGENDA**
1. Pledge of allegiance, opening of Court, and roll call.
  2. Reading and approval of the minutes of the February 5, 1973, regular session of the Court.
  3. Recognition of visitors and delegations, and open discussion period. (At this time any visitor or delegation may state any business which they may want to take up with the Quarterly Court, and make any statement about any item in which they are interested which is on the proposed agenda.)
  4. Reports of County Officers, Departments, and Committees:
    - A. County Judge:
      - (1) Consideration of amendment to November meeting of Quarterly Court.
      - (2) Report on meeting at Loudon County Court House on Tennessee American Revolution Bicentennial Committee.
      - (3) Report concerning the State Highway Department estimate of cost and requirements for proceeding on construction of Sugar Limb and Philadelphia connecting roads, to include consideration of final engineering reports as to the route and location of the roads.

consideration of final engineering report as to route and location of roads. (If any visitor desires to see the plans prior to the meeting, they are available in my office.)

4. Consideration of HomeMaker Home Health Aide program, to be sponsored by Loudon and Boone Counties under State program sponsored by Tennessee Commission on Aging, and consideration of authorizing County Judge to apply for...

## Heart Fund Drive Nears \$4000 Mark

Incomplete total of funds raised during the Heart Fund Campaign in Loudon County reported this week that the campaign easily passed its \$3000 goal. Combined reports from the campaign show that \$3967 has been raised during the month of February, which is designated as Heart Month, and the reports are incomplete.

Mrs. Ray Birkholz, Loudon area chairman, reports that the Heart Sunday door to door campaign and Road Block this past Sunday and other events in her area total \$1807 as of Tuesday and she expects that amount to increase by several hundred dollars. The Road Block operated in Loudon by special events chairman Normie Swain with assistance from the Loudon Jaycees raised \$477.69 in a couple hours time Sunday.

In Lenoir City, Chairman Juanita Smith reports that contributions there have passed the \$2000 mark and she expects more before the final report is made this weekend.

The Lenoir City Road Block operated by the Lenoir City High Interact Club brought in \$331.28 and the Heart Sunday home visits accounted for another \$900 of the amount raised there.

The Co-chairmen said that the generous response of the people of Loudon County is a sign of their increased awareness of the seriousness of the problem of heart and blood vessel diseases. It also demonstrates their conviction that the Heart Association programs of research, education and service are a vital force in reducing the terrible toll of suffering, death and disability in our community."

**MURDER SCENE—**Ambulance attendants and Cleveland City Commissioner John Hall are shown near the body of Gary W. Alexander, 19, formerly of Loudon who was shot to death at a service station in Cleveland last Friday. (Photo courtesy Cleveland Daily Banner)

## Loudon Man Murdered At Cleveland Service Station

Gary Alexander, 19, formerly of Loudon and a student at Cleveland State College in Cleveland was shot to death in Loudon at that city last Friday. An employee at a service station there has been charged with first degree murder in the incident.

Young Alexander, was the son of Mr. and Mrs. Sam Alexander, long-time residents of Loudon who moved from their home on Church Street in Loudon to Concord in 1968 after their son completed Junior High School at Loudon.

The victim's grandparents, Mrs. L. E. Alexander and Mr. and Mrs. Albert White all reside in Loudon.

The Cleveland Daily Banner reported that Alexander, who resided at 340 Grand Avenue in Cleveland was shot to death with a 22 caliber pistol at a 25th Street service station.

Arrested and charged with first degree murder was Frank Kersey of 1060 Blythe Avenue, an attendant at Luther Duddy's Taxaco Service Station, the paper reported.

Kersey had been working at the station for about a year, it was reported. Lt. Jim Rush, detective with the sheriff's department, said Alexander had stopped at the station to buy gasoline. He and Kersey apparently got into an argument which allegedly led to the shooting.

Alexander was standing in the door of the station when Kersey shot him one time with the pistol, Lt. Rush said. After the shot, Rush said, Alexander turned and fell a few feet outside the station door. A car, reportedly belonging to the dead youth was sitting at the gas pumps, officers said.

The newspaper reported that other than his wallet, Alexander had a credit card, ball-point pen and a Bible in his possession.

The man, charged in the shooting was freed from jail Saturday after posting a \$30,000 appearance bond to General Sessions Court. A hearing on the matter was scheduled for Wednesday of this week.

Gary was a member of the Fifth Exit, a local rock band that won the 1969 national Battle of the Bands contest sponsored by the Jaycees. The year prior to their national championship the Fifth Exit won the Loudon Jaycees Battle of the Bands and competed in the state event.

Gary graduated from Farragut High School in 1971 and entered Cleveland State in January 1972. Due to injuries suffered in a motorcycle accident, he was a home-bound student at Farragut his senior year.

He was an active member of Concord Baptist Church and had been active in Church work in Cleveland. He was a member of the Cleveland State Track Team.

Funeral services for the youth were held Sunday at Concord Baptist Church with burial in Cedar Fork Baptist Church Cemetery, Karnes Funeral Home in Loudon was in charge of arrangements.

MR. ALEXANDER

## Canter Elected FLIDCO President At Meeting

Donald L. Canter, newly elected president of the Fort Loudon Industrial Development Company, challenged each of the directors, elected at the annual stockholders meeting last week, to renew interest in the company by selling \$5000 in new stock each.

Canter was elected, Thursday night, replacing W. F. Zimmerman, who had served as Chairman since FLIDCO was formed in 1968. Zimmerman recently announced he was resigning the post.

Other officers elected were Clarence Burdette, first vice president, Al Beeman, second vice president, Edwin Arnold, treasurer, and Harvey Sproul, secretary. All members of the Board of Directors were re-

lected by the Stockholders. They are W. F. Zimmerman, Donald L. Canter, Harvey Sproul, Edwin Arnold, Ben Surtell, Don Canter, Cecil Yarros, J. W. Wilburn, Jr., Al Beeman, Robert A. Anderson, Clarence Burdette, Bill Lawson, Jim White, Bland Winfrey and Jim Savage.

In addition the stockholders voted to increase the number of board members to include the Presidents of the Loudon and Lenoir City Committees of 100 during their year in office.

Mr. Canter challenged the directors to each sell an additional \$5000 in stock to enable the company to increase its financial position and allow for the purchase of additional industrial land as it comes available.

Since it was founded in 1968 when 300 stockholders put \$26,000 in the company it has sold over 200 acres of land for new and expanded industrial plants in the county. These include Marmon-Moore Products, Lenoir Industries and Genesco. The company still owns about 100 acres in Loudon and Lenoir City plus 50 acres recently purchased by the Lenoir City Committee of 100 near the Eaton Corporation plant.

"It was because FLIDCO owned the property at the time that these industries were brought in Loudon County, thus this points out how important that the benefits from this experience be continued to keep industrial progress moving in Loudon County," Mr. Canter said.

He said that FLIDCO is a very alive company that has land for sale now in industry, has a substantial cash balance in banks. He said the stock in the company had doubled in worth since the present stockholders first made their purchases and that additional stock is available at the original price of \$25 per share.

Funeral services were held at 9 p.m. Tuesday at Hawkins Funeral Home Chapel with graveside services at 2 p.m. Wednesday at Little Tellico Cemetery in Monroe County. Rev. W.H. Horner officiated.

**DAMAGED BY FIRE—**Although no fire and little smoke was visible, Loudon firemen fought a stubborn fire in the building pictured Tuesday morning. A fire in the upstairs of the Grove Street building caused minor damage to the building. But smoke and water heavily damaged the upstairs apartment in the building and the Walker Company, a furniture refinishing company on the ground level.

## Beer Tax Indicates Lots Of Top Popping

The sale of beer is getting to be a very substantial source of income for the operation of local governments in the county.

In 1972 taxes paid to local governments in the county from the sale of beer amounted to over \$80,000, up about \$5000 from the previous year.

A report issued last week by the Tennessee Malt Beverage Association showed that Loudon County received \$65,152.40 in beer taxes last year as compared with \$59,462.69 the previous year.

The Loudon County collected \$14,132.89 from the sale of the brew, some \$700 more than the previous year. Lenoir City received \$1,442.97 in beer sales tax, \$200 more than last year.

There is a 12 percent wholesale beer tax. This tax has increased 49 percent since 1964, due to the fact that the tax is on a percentage basis and the tax rate increases as the wholesale price of beer increases. The 17 percent wholesale beer tax rate for 1972 was 70 cents per case or \$9.64 per barrel the report said.

# Loudon County Herald for and about women

## Jo Ann Wardell Is Engaged

Mrs. Cleo Wardell announces the engagement of her daughter, Jo Ann to Jim Christian, son of Mr. and Mrs. John James Christian of Loudon. Jo Ann is also the daughter of the late Dr. D.J. Wardell.

The bride-to-be is a 1971 graduate of Lenoir City High School and is employed at J.C. Penney's, West Town.

The groom-to-be attended Loudon High School and is employed by Hudson Construction Company.

The wedding is planned for May 4 at Central United Methodist Church in Lenoir City.

Mrs. John Houston and Mr. and Mrs. Joe Lane entertained Mrs. James B. Lane of Maryville Saturday night with a spaghetti supper for her birthday. Also present was her daughter, Miss Cathy Lane of Maryville.

Mrs. Josie Wilson visited Sunday with Mrs. Cleo Todd in Sweetwater.

Mrs. Lake Everett is a patient at Fort Sanders Hospital.

Mr. and Mrs. Smoke Houston of Chattanooga visited over the weekend with her parents, Mr. and Mrs. Erk Milsap.

Mr. and Mrs. Warren Kirkland and Patti have returned home after a weekend visit with their son-in-law and daughter, Mr. and Mrs. Tommy Combs in Jacksonville, Fla.

Mr. and Mrs. Charles Davis entertained Friday evening with a combination birthday and farewell dinner.

The occasion was the birthday of Jack Lutz, the Davis' son, Mr. and Mrs. Lutz and Donna Lea left Saturday for Denver, Colo. where they will now make their home.

Other guests included Mr. and Mrs. Carey Davis of Athens, Miss Louise Alexander and Mr. A. F. McCrary of Philadelphia, Bill Davis of Hiwassee and Mrs. Ruby Lutz.

Tommy Viars who is stationed at Camp Lejeune, N. C. is visiting his grandmother, Mrs. Oscar Rnyder and Mr. Rnyder.

Mrs. Bertha Halcomb returned Monday to her home from Loudon Memorial Hospital.

Mr. and Mrs. Ed Matlock have returned home after a visit to Houston, Texas. While there they attended the Cattle Show at the Astrodome.

Mr. Claude Wicker was called to Carthage, Miss., Feb. 13, due to the sudden death of his brother-in-law, H. V. Donald. Mrs. Donald was a former resident of Loudon and will be remembered as Miss Thelma Wicker.

Miss Sheila Waller, bride-elect of Mr. John Edward Smith, was honored Sunday with a gift to her given by Mrs. Ted Randolph and daughter, Ann, at their home on River Road. The couple will be married on March 17 at the First Baptist Church of Loudon.

## Hiwassee Speaker Is Methodist Women Guest

"God Loves Us—Do I Believe That?" was the topic of a message given by Mrs. William Laycock of Hiwassee College at the February meeting of United Methodist Women, Monday night, February 26, at the Loudon United Methodist Church.

Mrs. Laycock, teacher in the Department of Religion and a director of the Human Potential Clinic at Hiwassee College, challenged the members and guests to live quality lives here and now, because as loved ones of God, each person is of worth, with an inheritance upon which one may draw freely during every moment of life, without worry and without fear, responding to God's love with acts of love and service to others.

Mrs. Horace Barker, wife of the president of Hiwassee College, presented for sale copies of the book "Unfinished Business in China" by Mary Ellen Hawk Saunders.

Proceeds from the sales of the book will help in the education of international students. Mrs. Saunders' absorbing story centers around the life and work of her missionary parents, Dr. and Mrs. John C. Hawk, who went to China as newly-weds in 1905 and returned to the states in 1941 on the S.S. Gripsholm as repatriates following internment in Japanese prison camps.

Mrs. W.F. Zimmerman, program chairman, presented Malinda and Jerry Lambert, honor students from Loudon at Hiwassee College. The Lamberts, accompanied by Mrs. Paul Rudd at the organ, sang a duet, "God Made a Miracle".

Other guests from Hiwassee College were Mrs. Brian Green and Mrs. James Malone. Guests from Trinity United Methodist Church, Lenoir City, were Mrs. Cecil Roberts, Mr. and Mrs. T.I. Redmond, Mrs. Z.B. Wilson, Mrs. Nelle Barrow, Mrs. Joe Bradford and Mrs. A.A. Monger.

Mrs. Floy Barrett and the Fellowship committee, sponsored a time of fellowship following the business and program meeting.

## Personal Mention

MRS. ERNIE LUNSFORD  
Phone 458-2691

Mr. and Mrs. Burton Pettley visited Saturday with Mr. and Mrs. Boyd Cloud in Knoxville. Mr. and Mrs. Frank Johnson had as weekend guests their son, Robert, of North Lake, Ill. and their son-in-law, Tommy Howard of River Grove, Ill. Also the Johnson's daughter, Mrs. Tommy Howard who has been visiting for several weeks with her parents accompanied Mr. Howard home.

Mrs. Fred Dotson who has been a patient at Fort Sanders Hospital for several days returned to her home Friday.

Kermit Rowe returned home last Wednesday from UT Hospital after being a patient there for several days.

Rev. and Mrs. J. B. Crisp of Dayton visited Saturday with their mothers, Mrs. Ed Hodge and Mrs. George Crisp.

Mr. and Mrs. Bill Cook, who were enroute to their home in Flint, Mich., after vacationing in Fla., were weekend guests of Mr. Cook's sister, Mrs. Maxine Cox, Mitchell and Steve.

Charles Hooker celebrated his ninth birthday Sunday at his home at 1141 Haffland Drive. Several of his friends visited him to help him celebrate. He is the son of Mr. and Mrs. Larry Hooker.

Mrs. Kenneth Hooker of Hendersonville, N. C. is here for a visit with her mother, Mrs. Fred Miller.

Rev. and Mrs. Glen Jones of Chattanooga attended Sunday evening services at the Church of the Nazarenes. Rev. Jones is the new District Superintendent of the Church of the Nazarenes.

Miss Pearl Wilson spent the weekend with her niece, Mrs. Willie White and Mr. White in Lenoir City.

The four choirs of Mt. Olive Baptist Church were guests at the Sunday evening service at the Baptist Church in New Market.

Mrs. Bill Kirkland was honored with a stork shower Feb. 17 at the home of Mrs. Clarence Bettis with Mrs. Fred Miller as co-hostess.

Mrs. Josephine Grimes has returned home after a week's visit with her son-in-law and daughter, Rev. and Mrs. Wayne Hill and family in Trenton, Ga. While away she also visited Mrs. Nellie Leaman and Mrs. Maude Lane in Birmingham, Ala.

Mr. and Mrs. Raymond Stamey, Lisa and Stephanie came from Atlanta for a weekend visit with their parents, Mrs. Willie Hamid and John Lee Stamey and other relatives.

Mr. and Mrs. Alf Hicks had as weekend guests Mr. and Mrs. Ed Hicks and daughters of Asheville, N. C. and Mr. and Mrs. Jay Berr and children of Knoxville.

Mr. and Mrs. Fred Markwood had as their dinner

guests last Sunday, Krista Watts of Madisonville, Mr. and Mrs. Arthur Giles and Art, Mr. and Mrs. Boyd Duckworth and Mrs. Homer Watts.

Mrs. Floyd Russell is a patient at Fort Sanders Hospital.

Mrs. Carol Driggs of Daytona, Fla. and Mrs. Virginia Fredrick of Athens were guests last week of Mr. and Mrs. Carl Black.

Mr. and Mrs. Boyd Duckworth attended the 25th Wedding Anniversary of Mr. and Mrs. Kenneth Deatherage last Sunday in Kingston.

Mrs. Minnie Wilson had as her recent guests, Mrs. Ada Coffman of Mason, Ohio, Mrs. Ed Kaiser and grandchildren, Paula and Kim of Alcoa and Mr. and Mrs. Arthur Bivens of Lenoir City.

Misses Marilyn Brown of Memphis and Susan Johns, both students at YUT, were weekend guests of Susan's parents, Mr. and Mrs. Randle Johns. Marilyn and Susan are sorority sisters.

Mayor and Mrs. Joe Carter had as weekend guests, Mr. and Mrs. Gillis Hendrickson of Harlan, Ky.

Bill Miller is a patient at Fort Sanders Hospital.

Mrs. Victoria Faulkner and Vicky attended the birthday party of little Curtis Jones, three years old. He is the grandson of Mrs. Faulkner and the son of Mr. and Mrs. Curtis Jones.

Mrs. Ray Green underwent surgery Monday at Fort Sanders Hospital.

Mrs. Nina Cook of Sweetwater and Doug Cox of Townsend visited last week with Mrs. Maxine Cox, Mitchell and Steve.

Mr. and Mrs. Joe Presley visited Sunday in Athens with Mr. and Mrs. Thomas West and Miss Wensie West.

Mr. and Mrs. Bob Barbour and family of Donaldson spent the weekend with their parents, Mr. and Mrs. James Kelley of Lenoir City and Mr. and Mrs. Burton Pettley of Loudon.

# Lones-Payne Vows March 17

Mr. and Mrs. James G. Lones of Route 3, Sweetwater, announce the engagement of their daughter, Gertrude Vereece "Trudy" to Charles Tom Payne, son of Mrs. Beris Sexton Payne, of Montgomery, Alabama.

Miss Lones graduated from Loudon High School and attended the University of Tennessee. She is employed by Westinghouse in Athens. The groom-to-be is the son of the late Delbert John Payne of Montgomery. He graduated from Huntington College with a B.S. in Business Administration and Jones Law School with a L.L.B. degree. He is a member of the Alabama Bar Association, the American Bar Association, the Montgomery County Bar Association and Sigma Delta Kappa National Law Fraternity. He is also on the Board of Directors of the Montgomery Boys Club and is presently employed as an attorney with the Legislative Reference Service in the State Capitol in Montgomery. The wedding is planned for March 17 at the Loudon Methodist Church.

## Greenback Community News

By Mrs. S.B. McCollum  
Phone B56-3017 Greenback

The Women of Greenback Presbyterian Church entertained with a gift tea Sunday afternoon three to five o'clock, honoring Miss Pat Hill, whose marriage to Mr. Randall McIntosh will take place March 17. The serving tables were centered with and arrangement of red and white carnations and colors of red and white were used in the punch, minis and cake. Miss Hill was the recipient of many beautiful housekeeping pieces. Those who assisted in entertaining the guests were Mrs. Joe Greenway; Mrs. C.E. Long; Mrs. M.G. McTeer; Mrs. Lucille Best; Mrs. Vera Thompson; Mrs. Carrie Cooper; Miss Carrie Beals and Miss Nancy Thompson. The Womens Missionary Union of Niles Ferry Baptist Church held the February meeting with Mrs. Helen Jackson. Each member brought a covered dish and the dinner

served was in honor of Mrs. Ethel Riner who is recovering from a broken hip, at Mrs. Jackson's home. **TRY SEWING FOR THE MEN**  
The way to a man's heart may have taken a slight detour from inward comforts of the body. The heart may be reached now through the skills of home sewing. Many women and girls have found that stitching up a vest, jacket, trousers, jumpsuit or robe for her man has endeared her to him.

Even though sewing for men has been an American tradition, it has taken on new meaning with the home sewing instruction guides have allowed even the beginning seamstress to sew for her brother, boyfriend, husband or father.

Fabrics are more exciting, too. There's a full range of synthetics and blends which makes creating men's fashions more alluring. Color, textures and patterns add new dimensions to clothing for the stronger sex. The easy-care aspect of the fabrics is appealing to both men and women. Before beginning such a venture, take a few key measurements in order to select the correct size pattern. Chest, waist and length measurements are very important. Give thought to the body build of the person for which the sewing is being done so that fabric with a design which enhances the body shape can be chosen. This should be done, too, when making "his" and "her" matching ensembles.

WOMEN MAKE TOLE PICTURES—Mrs. Ralph Phelps, left and Mrs. Sue Phelps, center, techniques to follow in making three-dimensional pictures at a workshop held February 22.

**FIRST LADIES ON PARADE**—The Junior American Citizens Club of Loudon Junior High School, composed of eighth graders, last week presented a school program entitled Parade of American First Ladies. Girls from the club dressed in costumes of the wives of various American Presidents. Boys in the club, also dressed in clothes from

the period of the Presidents were escorts of the First Ladies. The girls each described their duties as First Lady. The club will also present the program this Thursday for the meeting of the Daughters of American Revolution, sponsors of the club, and later at a meeting of the Loudon County Republican Woman's Club.

## Claude Wicker Retires From ES Post

After 22 years of service W. C. Wicker of Loudon has retired as Supervisor of the Knoxville office of the Employment Security office. Wicker (Claude), who had undergone major surgery some months ago, retired due to ill health. For the past 18 months Wicker had been supervising the work-release program in the area for the Knoxville Employment Security office.

MR. WICKER

A work-release center was opened in Knoxville early in 1971 to test the concept that prison inmates who are given rehabilitation services, with an opportunity to earn money to support their families and prepare to return to society, are less likely to return to penal institutions. Men housed in the center work during the day and return to the center at night. They pay room and board and buy clothing from their earnings. They have been receiving placement assistance from Mr. Wicker, who has been contacting employers to develop openings for them.

Within five months, the Knoxville center had demonstrated its worth and the work-release program was rated an outstanding success. It set the stage for a work-release program in Nashville and for similar rehabilitative efforts planned elsewhere in the state.

Department of Corrections in Nashville for approximately three years and was a manager and buyer for Miller Department Store in Knoxville for nine years before becoming a farm placement interviewer in Loudon office May 1, 1962, while Smith Vineyard, now deceased, was office manager. He was interviewer-in-charge of the office for several years before transferring to Knoxville in 1964.

Earlier in his life, Mr. Wicker was self-employed as a cattlemen and farmer. He maintains those interests. He is a member of Berlin Baptist Church and the Tennessee Chapter, IAFES.

Mr. Wicker and his wife, Mrs. Wicker, and his wife, Mrs. Wicker, an employee of Union Carbide for the past 11 years, have two sons, FR. W. C. Wicker, Jr., is in payroll tax work with the DES in Chattanooga and Kenneth (Jerry) Wicker is with Knoxville River Terminal. Grandfather Wicker hopes that retirement will give him more time with his two grandchildren, Scott, Junior's son, and Lataha, Jerry's daughter.

## Obituaries

**JUANITA FINE**  
Juanita Hamilton Fine, age 42, of Loudon, died Tuesday, February 28 at Loudon County Memorial Hospital.

Survivors include: husband, James Fine; son, Greg; sister, Mrs. Volena Maples, Loudon City; two brothers, James Paul Hamilton, Loudon City, Earl Hamilton of Kentucky.

Funeral services were held Friday at Click's Chapel, Rev. J.L. Ward officiated. Burial in Loudon County Memorial Gardens, Click's, Loudon City, in charge.

**TVA Reports High Sales**

Electric power sales by the Tennessee Valley Authority turned sharply upward in the last half of the 1972 calendar year, running 15 percent above sales for the same period of 1971, the agency reports.

Use of electricity in the Tennessee Valley region rebounded from a small decline that had occurred in 1971 when weather, economic, and other factors interrupted the long-term growth trend in power requirements.

For the year as a whole, 1972 TVA power sales totaled nearly 38 billion kilowatt-hours, up from 36 billion in 1971 and just over 31 billion in 1970.

Total 1972 sales included increases of more than 4 billion kWh in sales to 150 local municipal and cooperative distribution systems, 3 billion in sales to Federal agencies, and 1 billion in sales to large industrial power users served directly by TVA.

The agency said the increases resulted from record numbers of new customers on the local distribution systems, from an upswing in business and industrial activity, and from larger power use at Atomic Energy Commission plants producing enriched uranium for nuclear power plant fuel.

December power sales totaled nearly 9.5 billion kWh, largest ever for a single month.

Total power generation on the TVA system was 102.7 billion kWh in 1972, up 10.5 billion over the previous year.

**The Tribe Speaks**

BY LOUDON HIGH SCHOOL JOURNALISM CLASS  
By Patti Gentry, Joyce Harrison

This week the annual staff sent the final pages of the Loudon Herald to the publisher. This is a few days earlier than the deadline. Most of the students have made their total payments and will be ready to receive the book when the shipment arrives. There are a few copies available if any one would like to place an order for one. The price is \$7.

Coach Duffin's American Government class will be going to Nashville March 13. They will leave early Tuesday morning and return Tuesday night. While they are sight-seeing there, they will visit the Governor's Mansion, and talk with Governor Winfield Dunn. They will visit the Hermitage, Capitol, and the Legislature Branch.

We had an assembly Thursday Feb. 22 at 10:45. It consisted of four men and

their pastor, Valley View Baptist Church brought them out to the school, and the four young men sang songs. One gave the story of his past life. Many of the students and teachers were impressed with what they had to say.

# Maryville Everett Stops Loudon In Hoop Finale

Loudon Redskin basketball fans, hoping that Friday night was no indication of what might lay in store for the red clad hoopers in District Eight, I division play, returned home with optimistic opinions.

Home standing Maryville Everett had squeezed out a one-point victory over the Redskins 69-66, and the Lassies had bowed almost too easily 49-53.

Loudon had split with the Bulldogs at home, with the Lassies winning and the varsity game being won by Everett in overtime by a single point.

The fact that the Loudon boys would again face the

this season.

William Casler topped the Redskins with 20 points and had 13 rebounds. Donnie Thearp added 16 points and pulled down 14 rebounds. While Mike Messamore and Rodney Blewing hit 12 markers each, Messamore had 15 rebounds to lead the team to 53-59 advantage.

Loudon hit 29 of 73 shots for a 39.7 shooting eye. Everett made 24 goals in 59 attempts for a 40.8 mark, but got their winning margin at the charity stripe making 21 of 29 as compared to 10 of 19 for Loudon.

The Everett girls reversed one of their two district defeats in the preliminary game Friday. The Bulldogettes stopped the

Loudon girls cold in the first quarter, rolling out to a 12-5 advantage.

Everett, behind a superb performance by senior Sue Thomas, continued to outscore the Lassies through the remaining three quarters of action.

The Bulldogettes were on top, 26-17, at halftime and 40-24, after three periods.

Debbie Hawkins with 24 points paced the Loudon scoring for the night.

## District III Action

# Gallant Greenback Effort Falls Shy As Knoxville Catholic Slips By 55-53

Greenback won the right to meet regular season District III Champion, Knoxville Catholic, in Monday's small division playdowns at Maryville College Field House. The Cherokees had dropped a near 30-point decision to the Irish in Knoxville in early January and then been stopped 71-62 at Greenback in the regular season final for both teams.

Greenback was a 19-point underdog for the District showdown Monday night and after the Friday night exhibition the Cherokees put on had many faithful fans a bit uneasy. But when the opening tip-off was tossed into the air and big Bill Joe Kyker soared high to control the ball a gigantic roar of approval came from the Cherokee cheering section, which exceeded its greatest turnout of the entire year.

The adrenalin for the game had been ignited and the Cherokees were out to prove once and for all they were first class basketball material. Greenback drew first blood with a basket by Kyker. The Irishmen tied the score at 2-2 but Greenback behind the quarterbacking of floor leader Larry Ritchey surged to a 12-2 lead and giving the high scoring Knoxville team an even better whipping on the backboards.

Knoxville Catholic regrouped to cut the score to 12-8, but Greenback refused to be out done and added four more points in the final 30 seconds of the first quarter for a 16-8 lead. Catholic, which had played the first quarter

without its top season scorer, Matt Brown, started the second stanza for the trailing Irish and even though Brown managed but six points for the eight minutes of play overtook the Cherokees and had a 30-28 halftime lead.

Knoxville Catholic hit 10 of 17 second period shots and

were ready to take charge of the game when Greenback's Joe Mairor, who hit only one of nine first half shots in the two teams previous meeting at Greenback, began to fill the basket with long bombs from about the first row of the bleachers. As fast as the Knoxville team could score

at stake the Cherokees remain poised. Tim Hammontree hit four straight foul shots as the Irish went in a pesky full court press, and the score continued to be nip-and-tuck.

With three minutes left in the game Catholic was able to take advantage of two Greenback turnovers for easy points and a rebound basket, seconds later gave the Irishmen a six-point lead and the upper hand to win the game. Greenback, with its players almost drained of their strength from turning in their most superior game of the 23 that had given them a 15-8 record and strong tournament credentials, rose to the task of constructing one more comeback with time in favor of top seeded Catholic. Ritchey stole the ball and made a short felder to cut the difference to four points. Kyker went one on one for a basket after still another Greenback recovery Catholic chose to shoot in the last 30 seconds and with a two point lead. The shot was off its mark and Tim Hammontree rebounded for the Cherokees. Greenback failed to convert the turnover into points as they lost the ball Catholic proceeded to go down and shoot again and when the shot rimmed and came out as would be the "Luck of the Irish" the shot was rebounded and dropped back into the basket for a 55-51 score.

Greenback's Ritchey was fouled with eight seconds left on the clock and the senior guard made two foul shots to close the gap to 55-53.

Greenback, giving its best against the best, hit 23 of 62 shots for a 37.1 percent and added seven of 10 foul shots. Knoxville Catholic hit at a 27.6 percent clip, making 26 of 89 shots from the field and three of seven foul shots.

Greenback out rebounded the Irish 34 to 25.

The Cherokees had three men in double figures, with all five starters displaying outstanding team work. Bill Joe Kyker led all scorers in the game with 18 points and retrieved eight rebounds. Larry Ritchey fired in 12 points and all came in the second half. Joe Mairor finished with 11 points and a fine defensive game.

Sue Thomas, Tim Langinfeller and Tim Hammontree worked the boards with authority for Greenback as they collected 11 and 10 respectively.

"WILDMAN" OUT MUSCLES IRISH—Tony Linginfeller, who really matured as a basketball player for Greenback this winter shows why his teammates call him "wildman" in tearing off this rebound against Knoxville Catholic. Tony averaged over 12 rebounds a game this year.

## HIGH SCORING PANTHERETTE

Lenoir City's Marietta Blackburn burns the net from the corner against Scott County Tuesday night. Miss Blackburn had 27 points in the game.

CO-OP CROPS

One-Stop Cropping

West End Loudon, Tenn.

Compare quality and price. CO-OP has the deal on sprayers and parts.

Every farmer should have his own sprayer. They're not all that expensive. And you can do the job right... at the right time... when you have your own rig.

And since spraying is costly if not done right, CO-OP doesn't fool around with "cheap" spray rigs or replacement parts. We want you to get the best results. So we offer you quality equipment at economical prices.

Check us out. We have a full line of 3-point and pull-type models. Also self-powered, portable units that set in your pickup... handy for fence rows and brush.

Go CO-OP for all spraying needs. Hardware, parts, herbicides, pesticides, whatever. We'll do our best to help you get the best results.

**GOLDEN GLOVES CERTIFICATE AWARDED TO LOUDON COUNTY**—Miss Cindy Hamilton, the Sweetheart of the 1973 Southern Golden Gloves Tournament which is to start in Knoxville today and run through Saturday, presents a certificate of support to Mr. Curtis Williams, Judge Pra-Tem of Loudon County. Pictured also, left to right, is Cindy's father, Mr. Stan Hamilton, Donny Anderson, Golden Gloves Champion, Bill Rolin, syndicated sports columnist and television sportscaster, and Mr. Fred Roth, of the Greater Knoxville Chamber of Commerce.

## Lenoir City Tumbles Rockwood 66-45

Lenoir City overcame 20 turnovers and a constant Rockwood full court press Tuesday night to bounce the Tigers from District Seven tourney play 66-45.

The taller Panthers had nine men to figure into the scoring in reaching the Thursday night semi-finals. All East Tennessee performer, senior Tim Cunningham sparked the Lenoir City victory with 25 points for individual game honors. Cunningham was the

lone Panther to score double figures. Warren Melton, Jim Harris, and Doug Williams all contributed eight points to the outcome of the game for Lenoir City.

Lenoir City led from the start of the game and had a 28-23 halftime lead. The Tigers cut the score to 46-37 at the end of three quarters, but Lenoir City with four straight fast break baskets broke the game open in the final stanza.

**TAKING AIM**—Lenoir City's Tim Cunningham used his 45' frame to overpower the Rockwood defense Tuesday night in quarter final play of District Seven. Cunningham tallied 25 points in the contest to take individual game honors.

**TYLER IS DOUBLE TEAMED**—Loudon's Mary Tyler, who had six rebounds to lead the defensive corps of the Lassies gets plenty of pressure from McMinn forwards before getting off a pass.

## Cherokees Pass Townsend Blockade For Win

The Greenback boys made their District III Tournament showing Friday night against Townsend with a lack-luster 66-41 decision to gain the right to meet top seeded Knoxville Catholic on Monday.

The Cherokees had dumped the Townsend five twice during the regular campaign and were a narrow favorite to handle the Tigers for a third time. But Townsend came to play, fresh from season ending victories over top seeded Knoxville Catholic and second seeded Friendsville.

Greenback trailed 9-2 with only a minute and 40 seconds left in the first period, but staged a seven point flurry to hand the score at 9-9 at the end of the quarter.

Greenback showed signs of shaking the jitters of playing in spacious Maryville College Field House and the general pressure that goes with tournaments by hammering out a 21-19 halftime lead.

Townsend returned to the floor and rattled the hoops for eight straight points before Greenback's Larry Ritchee was able to connect for the Cherokees. Nevertheless Townsend had recorded a 27-25 advantage going into the final canto and the momentum of the game on their side.

The Greenback followers, which fairly blanketed one complete section of the Maryville College seating arrangement, began to urge their team to rally. The Cherokees watched the difference go to five points before suddenly breaking from their

win of the season. Greenback failed to reveal much of their final regular season play, other than the

sparkling fourth quarter which produced them with more points than they had been able to muster in the first three previous quarters. Yet the Cherokees out rebounded Townsend 31 to 16 and hit more field goals and foul shots

for the entire game. Greenback shot a fair 30 percent from the field with 18 baskets out of 60 tries. The Tigers hit 17 hoops in 53 attempts from the floor to rate a 32 percent effort.

The Cherokees hit 12 of 19 foul shots and had a slantdown low of six turnovers. Townsend made just three turnovers and hit seven out of eight charity tosses.

Bill Joe Kyker led all scorers and rebounders for the game with 16 points and 13 rebounds. Larry Ritchee gunned in 13 points, while Tony Langinfeiler added eight counters, six in the fourth frame and grabbed nine rebounds to support the Cherokee attack.

## Lassies Whip McMinn County Stall For Win

(Continued from Page 7)

The game returned to a more natural state in the final canto with Loudon scoring 11 points to McMinn County's 11 and recording a 27-16 victory.

Jane Shubert led the Loudon forwards which hit nine of 17 floor shots as a team. The junior gunner hit for 11 points and was followed by Marilyn Smith, who had nine.

Mary Tyler was the top rebounder in the game, getting six to pace the Lassie defense.

McMinn County hit five field goals out of 20 tries in the game in an effort to pull off a major upset in the tournament.

## Townsend Down Greenback Gals

(Continued from page 6)

first quarter deficit on the Greenback never in the first quarter and next let up in posting a 58-20 triumph. Greenback, led by Mari Beth Hammontree's 18 points, was down 30-16 at the half and an extended cold streak in the second half which produced the Loudon Countians with just four points left the game in little doubt.

## Game and Fish TODAY

By Sgt. Bob Harmon  
Game and Fish Commission

Tennessee dove hunters can expect additional hunting opportunities in future seasons due to Commission action taken in Nashville on Thursday.

The 10-member board met Thursday morning in a regular session and heard reports from Commission personnel which included a lengthy discussion of game management. During Thursday's meeting, the Commission adopted a move to transfer funds from the development of the Rankin Bottoms area in East Tennessee to a statewide mourning dove management project. The proposed development of the Rankin area could not be continued this year due to high water levels. This move was suggested by Commissioner Ben Scharfstein of Johnson City.

one of the best quail seasons in recent history. Bag checks from November through January indicated a near-record yield. November's survey shows the second highest bag count on record. It was pointed out that unusually wet weather decreased the hunting trip opportunities which prohibited a record yield.

Other Commission action involved the adoption of a comprehensive plan to be used as a guideline for resource management. According to Federal officials in Atlanta's Bureau of U.S. Sport Fisheries and Wildlife, Tennessee is the only state in the southeast with an extensive plan.

Upon the conclusion of the meeting, it was announced by Director David M. Goodrich of the Boating Safety Advisory Board of the Commission will meet on February 24 at Pickwick Landing State Park near Savannah.

**FT. LOUDOUN LAKE**  
Water conditions - low and murky.  
Crappie - fair in mouths of creeks - around stumps and brush piles on flies and minnows. Bass - fair on jig poles and night crawlers.

**LITTLE TENNESSEE RIVER**  
Water conditions - clear and fluctuating.  
Trout - good on corn, worms, spinners and spoons. Walleye - good on minnows in upper end.

The new plan calls for the development of small plots which are to be managed for doves, a game species that has grown increasingly popular in the last few years. A maximum of fifty thousand dollars for the development of these fields statewide was approved. The plan calls for the development to take place on public and private lands which could be opened to public hunting.

**Game Management Division's Assistant Chief Larry McGinn** reported that Tennessee hunters enjoyed

# DIGNITY

Competence Will Bring You Peace of Mind

PEACE OF MIND

Since the beginning of time people of discriminating taste have preferred the Mausoleum as "A Sanctuary for those Departed" because it is truly a permanent "Source of Inspiration for the Living" and for generations yet unborn.

The awe-inspiring pyramids of Egypt, built of granite more than 5,000 years ago—the Taj Mahal, the most beautiful tribute to a woman ever built by man—the plain rock-hewn tomb where Christ was laid—these are but a few examples of mausoleums in history.

Today, because of modern manufacturing methods and machinery, every family can afford the beauty and protection of a mausoleum where your loved ones are placed in a clean, dry, ventilated crypt, above ground for even less than lots of people spend to be put under ground.

We have the only air-conditioned chapel mausoleum in East Tennessee.

For more information, call 986-3371 or write J. Harvey Hawkins, 102 B Street, Lenoir City, Tenn.

County Judge

## Your County In Action

By Harvey L. Sproul  
LOUDON COUNTY JUDGE

Well, the full story on the County Justice Center is not finished yet, and of course will not be for a long time.

All we can hope is that with hard work by and with the co-operation of the police departments, quarterly court, and city councils, that the project will proceed and succeed.

**BACKGROUND**

But to continue a little further (and if you're getting tired of reading about the Justice Center, you might break in a juicy tidbit like I sometimes do at the end of the column), to give you an example of some of the additional things that had to be considered in the negotiations.

We had certain elected officials over which no one person or department really has any jurisdiction, but there is still the responsibility of providing them the facilities in which to operate.

For example, the General Sessions Judge and the General Sessions Clerk are elected and are responsible to the people to do certain statutory functions, but the County has the responsibility to provide them a place in which to operate.

The Sheriff has certain functions under the statutes and the Constitution which he must undertake, and these matters have to be considered.

As stated before, possibly the main problem concerned the joint use of the radio and communications system - in seeing that calls are properly transmitted, and that complaints made are properly investigated, and that they are referred to the right agency. This is the way you would want it handled isn't it?

This particularly was a very ticklish situation for which the solution arrived at was to form a special co-ordinating agency board which would be responsible only for the communications and records in this building.

So far as the jail and other specific law enforcement parts of the facility are concerned, the Sheriff is and will be responsible although the Police Chiefs will have their own offices, and the General Sessions Court will have a certain section of the building.

**MODEL PROJECT**

So all of these questions, and

HAD GOOD DAYS WORK-A number of the people who participated in the Heart Sunday campaign in Loudon last week are shown after a report session and meeting late Sunday when they learned of the success of the month long campaign.

## GI Insurance Pays \$36,000 Dividend Here

World War veterans in Loudon County who have maintained their GI insurance in force will be on the receiving end of some extra cash this year.

Some 475 of them will receive approximately \$36,000 as their share of a record payout of dividends totaling \$297 million.

The bulk of the money, \$276 million of it, will go to 3,800,000 World War II veterans who hold National Service Life Insurance policies, reports the Veterans Administration. The remainder will go to 147,000 veterans of the first World War, who have United States Government Life Insurance.

Of the 1,740 veterans of the two World Wars who reside in Loudon County, according to the latest count, only about 28 percent will be getting checks, the figures show. They are the ones who held on to their policies.

The payments to them will average \$143 if they are World War I veterans and \$73 if they were in the second World War.

The \$36,000 earmarked for Loudon County vets will be payable on the anniversary dates of their policies and will be sent to them automatically, without application.

Most of the money, it is expected, will flow its way without much delay into the cash registers of local retail stores.

MARCH 1 1973

lived in that area during part of her childhood days and she told us that she had some pleasant memories from that good old days era.

Pauline told us the exact year this group picture was made, but we can't remember exactly when. It was sometime during the Thirties.

Some time ago we asked if any of our readers could supply us with a picture of the Davis School. (Davis is one of the few rural county schools still open.) We had never ran a picture of a Davis School group, so, we patiently waited for someone to come through for us. As we expected,

someone came through for us and this week we are using a picture taken at this popular school.

Mrs. Joe Elkins, who now resides in Knoxville, and was the former Pauline Williams before her marriage, attended Davis School during her grammar school years. She

Smallen, Bill Hicks, Edith Adkins, Ruth Thompson, Pauline Maples, Wilma Humphrey, Paul Estes, Polly Williams, Doug Maples, Jean Cornett, Tinnie Pesterfield, a Smallen boy, Junior Estes, Alice Smallen, Aileen Thompson, and as far as our information, this is all of them. There are many Loudon County families represented in this old picture. Of course, the girls' last names have been changed by marriage. We would like to hear from others who attended this school. How about a basketball team picture? I bet someone has one, if so, let us hear from you.

We would like to express our thanks to Mrs. Elkins for looking up this old school group for us. Her husband, Joe Elkins, also grew up in the Loudon area and we have always considered him to be one of our close friends. Joe and myself always enjoy getting together and reliving some of those boyhood years. Joe has been associated with the automobile business in Knoxville for the past few years. He is presently dealing in light trucks. Well, Joe would not let Pauline get ahead of him, so he also loaned us an old school picture, which we will use next week.

We don't want to take away from the school picture. We thought it was great, but Mrs.

Elkin's mother, Mrs. Roxie Williams has loaned us a picture, which we are fairly sure, is the only one of it's kind around. Of course, the ladies in the picture will be recognized by many of our readers who lived in Loudon many years ago.

This was a Bacon Hosiery Mill group of workers and the picture was made on the large rock which used to be on the Ferguson property along side the hosiery mill. Not only will these large rocks be recalled

by those who worked in the hosiery mill, but, also by many boys, like myself, who played on them as a boy.

Those in the picture are Minnie Bolt, Bell Manis, Margaret Robinson, Nora Courtney, Roxie Williams, Sallie Thurston, Maude Miller, Nellie Goodman, and Dozie Hambricht. The picture was made in 1910. Our many thanks to Mrs. Roxie Williams.

Well, that's it for now. See you next week.

### McCown Accepts Greenback Post

Rev. Billy Joe McCown has recently accepted the pastorate of Greenback Memorial Baptist Church. He came to Greenback from the Unity Baptist Church in

Maryville where he served for almost five years.

Rev. McCown is a former Loudon Countian. His wife is the former Barbara Froug. They have three children: Mrs. Wayne (Debbie) Jones, a sophomore at Hiwassee; Roger, a senior at Everett High School in Maryville and Sherri, an eighth grade student at Fairview School in Maryville.

Rev. McCown was formerly associated for 14 years with his father in the McCown and son Produce Company in Knoxville before holding pastorates at Union Fork Creek Church in Loudon and Unity Baptist in Maryville. He assumed his pastorate at Greenback on February 18.

## Tri-County Group Backs TVA Figures

Charles Hall, President of the Tellico Tri-County Development Association today expressed confidence in TVA economic projections for the Tellico project which anticipate 4,000 to 6,000 new industrial jobs and a commercial recreation potential which is expected to reach 2.5 million visitor days annually by 1985. "The Association has reviewed these projections and is convinced that they are realistic and offer an uncommon opportunity for economic gain in the tri-county area."

"These projections were derived and made public by TVA after careful assessment within TVA, and after seeking the opinion of independent consulting firms. TVA's own assessment is based upon its long experience with other locations in the Tennessee Valley which had that combination of resources which the Tellico project will bring together. The project will create an important transportation complex by bringing barge and rail transportation and improved highway access together on 5,000 acres of prime industrial land. Wherever this particular combination of resources has occurred at other points in the Tennessee Valley, industrial development has been the result. Seven such areas now exist, and all have developed sizable industrial complexes."

Up until this time, this particular combination of resources and the industrial potential which it creates have not existed in upper East Tennessee.

In addition to its own evaluation of economic potentials, TVA sought the independent assessments of The Fantus Company and of Real Estate Research Corporation, both highly respected firms in the field of economic development research. It is on the basis of these three independent

assessments, The Fantus Research Corporation, and its own investigations, that TVA has reached its industrial development projections. TVA also sought independent opinion on commercial recreation potentials, and employed Economic Research Associates for this purpose. In recent newspaper reports, opponents of the Tellico project have charged that TVA's projections for industrial development and commercial recreation potential on the Tellico Reservoir were just "impressive figures pulled out of the air to fool the public."

"Obviously," said Mr. Hall, "Such efforts on the part of TVA do not indicate pulling impressive figures out of the air in an attempt to fool the public. Unfounded accusations, such as those voiced by opponents of the Tellico project should not be allowed to hinder the progress of this development effort which is so important to the welfare and future opportunities of the people of the tri-county area and of upper East Tennessee."

### Garden Club Members At District meet

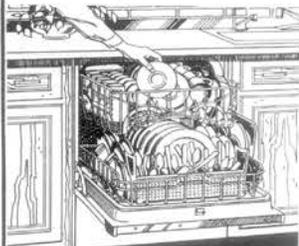

The Loudon Garden Club was represented by Mary Johnson, Carolyn Shoppe, Marita George, Glenda App, Essie Ball, Mary George and Gay Lomar, at the Fourth District Federation of Garden Clubs spring meeting. The meeting was held February 21 at the Hyatt Regency in Knoxville. Luncheon was served following the business meeting. In the afternoon, Mrs. Thelma Bible of Knoxville presented a program of flower arrangements.

## Attention Customers Of The Loudon Utilities

For your convenience we have designated five banks in our service area to collect your monthly utility bills.

These include the following bank offices:  
 Hamilton National Bank of Loudon - main office - Grove Street.  
 Hamilton National Bank - West End Branch - Loudon.  
 Hamilton National Bank - Philadelphia Branch.  
 Bank of Loudon County - Loudon Branch - Wharf Street.  
 Vonore Branch of the Sweetwater Valley Bank - Vonore.

We feel that having these additional places to pay your utility bills it will keep many of our customers from making special trips to our offices. Of course you may continue to do so or send your payment by mail.

To use these banks for payment of bills, electric, water, sewer or gas, furnished by our system, just take your billing card, with check or cash to any teller at the banks for payment.

We hope this additional service will be of benefit to you.

## Loudon Utilities System

### County Court Learns . . .

# Interstate Connector Cost Put At \$1.6 Million

Loudon County Quarterly Court at its session Monday adopted a resolution calling for a change in membership of the new County Justice Center Coordinating Committee, but failed to take action on proceeding with construction of two interstate connector roads.

The court requested that membership of the committee be made up of "five members from County Court and one member of each city."

County Judge Harvey Sproul explained to the court that while there has been much controversy over membership on the committee, he has no real preferences in the matter. He pointed out that the committee will only have jurisdiction over communications and records functions of the Justice Center.

A contract for operation of the center, already approved by the court and by the cities of Loudon City and Loudon, provides that membership on the committee be made up of five members, one each from Loudon City and Loudon, two from County Court, and a fifth to be selected by unanimous approval of the other four.

The change requested by County Court will have to be approved by Loudon City and Loudon before it can be adopted. Though the matter had been the subject of much discussion at the court's February meeting, it sparked a little debate Monday.

The court failed to take any action which would give State Highway officials a go-ahead signal in construction of Sugar Limb and Philadelphia connector roads to Interstate Highway 75. Judge Sproul told the court the state has estimated cost of the two access roads will run about \$1.6 million, with Loudon County to pay half of that amount.

Estimated cost of the Philadelphia connector was set at \$678,026. The Sugar Limb interchange, it was reported, will cost about \$919,719.

"Would you read those figures again?" asked Squire J. D. Conner. "Well, that just takes my breath,"

J. D. Conner asked: "Where will that money (the county's half) come from?" Judge Sproul noted the court had agreed earlier that the money would come from the half-cent sales tax and from the hotel-motel tax.

## Loudon County May Lose National Guard Unit

### Basketball Tournament Coverage, Pages 6 Thru 9

REDSKINS ADD TROPHY—Loudon's boys basketball team surprised everyone last week by battling their way to the finals of the District Eight L division play. Pictured with their runner-up trophy are seniors Rodney Blewins and Mike and Rick Messamore. Senior Cheerleader Captain Patty Turbyfill made the trophy presentation.

CHAMPION LENOIR CITY GIRLS—Pictured with their first place trophy after defeating Kingston 33-47 in the District Seven finals Saturday night, are left to right, Janet Leeper, Vickie Morgan, Marietta Blackburn, Pam Smith, Dianne Dunlap and Kathy Quillen.

Whether or not Loudon County will continue to have an active National Guard Unit could depend on the success or failure of a current campaign undertaken by the members of Company C, 2nd Battalion, 117th Infantry headquartered at Loudon City.

Company Commander Joe Alexander, a native of Loudon, recently received a letter from Tennessee National Guard Brigadier General Van D. Nunally Jr., stating that units not at full strength face the possibility of being removed from duty. The unit was founded in 1962.

Company C is authorized to have 171 enlisted men and six officers. Their present strength is 121 enlisted and six officers. To give their members something to work for the unit is giving every Guardsman and anyone he enlists a free weekend trip to San Juan, Puerto Rico this June. A grand prize to the guardsmen who sign the most new men is a new fishing boat, motor and trailer. The 1980 rig was bought by the unit from Lyle's Pleasure Island in Loudon for \$300. The firm is owned by Doug Lyle, himself a Major in the National Guard.

Sgt. Lindsey said men from 17 to 35 can join the guards. This past weekend seven men with prior service were enlisted, another four re-enlisted and two with no prior service have made applications to join the unit. Members of the Unit draw from \$48 to \$85 per weekend drill, depending on their number of years of service and rank.

Sgt. Don Rogers, full-time administrative supply technician of the county and at its present strength the unit has an annual payroll of \$148,000 plus \$27,300 to its three full-time employees.

Sgt. Lindsey said these figures make the unit an important spoke in the economy of the county and in payroll alone. He also pointed out that thousands of dollars in purchases of food, fuel, oil and other things are made in the county each year.

It was pointed out by Commander Alexander that the members of the Unit want to keep it operating and serving the county and state and he appreciates the attention.

SWORN INTO COMPANY C—Three of seven prior servicemen who enlisted in Company C of the Tennessee National Guard this past weekend are shown talking their oaths from Company Commander Captain Joe Alexander. The men are Ricky L. Rogers, James Campbell and James R. Grubb.

DRIVER ESCAPES UNINJURED—W.O. Elam of Heiskel in Knox County escaped from his flaming car after it was struck by another vehicle on State Route 95 about 7 p.m. Tuesday and overturned down a 40 foot embankment. Above the Loudon County Rescue Squad is shown putting out the fire. Mr. Elam said he was not hurt and the use of his seat belt kept him from being thrown out of the car when it plunged down the bank.

## Seat Belt Saves Drivers Life

A Knoxville man involved in a flaming two car wreck in Loudon County Tuesday about 7 p.m. credited the use of his seat belt with saving his life.

W. O. Elam, Rt. 1 Heiskel near Powell in Knox County said he was on his way to the Regional Basketball Tournament in Loudon City when the accident happened.

State Trooper George Pierce, who investigated, said that accident occurred on State Highway 95 about a half-mile north of the I-75 intersection.

Mr. Elam said in trying to get to Loudon City High he got turned around on highway 95 and was attempting to get in the southbound lane when his car was struck by a car driven by Coy Gossage of Loudon City who was traveling in the

southbound lane. On impact the Elam car burst into flames and over-

Loudon County Committee of 100 Co-chairman Bart Iddins asked the court to consider making funds available to assist in the quest for new industry in the county.

Mr. Iddins told the court that for six years individuals and businesses in the county had been providing funds to attract new industry to the county and no county funds were involved. He explained that many area counties provide all the funds for industrial programs and that

this "well heeled" competition is hard to overcome.

In a letter to the county the Committee of 100 is asking for \$5000 a year to help operate the Committee's functions and a capital budget of \$25,000 to be administered by the court in event large sums of money were needed. Mr. Iddins said that there were several prospects currently interested in the county including one that would have a plant investment of 25 million and employ some 600 persons.

Superintendent Dukes also discussed proposed kindergarten legislation now before the Tennessee General Assembly, indicating he is in favor of kindergartens even though they will cost school systems additional local funds.

Said Dukes, "My personal opinion is that we'll get some additional kindergarten classes in Loudon County but I don't think we'll get enough for all five year olds in the county. As far as that goes, we'll find some way to handle whatever kindergartens we get."

Failed to discuss a matter listed on the agenda regarding a Private Act providing for

appointment of the County School Superintendent of the County Board of Education.

The additional man, it was pointed out, will bring to seven the number of deputies in the sheriff's office and will allow the sheriff to use the men on a 60-hour-a-week basis. Heretofore, the Sheriff said, deputies have been working 70 hours or more per week.

Set April 13 at 7:30 p.m. as the date and time for a meeting of a County Court committee to study a merit system for county deputies.

—Heard an ambulance report by Squire Conner indicating the ambulance service has a current deficit of approximately \$11,000 and that a new emergency parking lot is to be constructed at the hospital.

Squire Conner also said the hospital hopes to add a new floor soon to be devoted entirely to bed space for patients.

—Heard a report from Squire James C. Harlow, chairman of the county's physician coordinating committee, that the committee is talking with two out-of-state doctors about locating in Loudon County. One of them, he said, is interested in opening a suite of offices in the old Bacon Hospital building.

—Requested the state be retained as auditor for the county for the next fiscal year.

Mr. and Mrs. Calvin Scott of Greenback and Mr. and Mrs.

Joe Pressly visited Sunday with Mr. and Mrs. Andy Oody. Mr. and Mrs. Jack Kirestan and children, Susan, Marcia, John Michael and Joe of Marion, N.C. spent last weekend with Mrs. Kristian's parents, Mr. and Mrs. Hill Lomax. Mr. and Mrs. Oscar V. Thompson moved last week to their new home in Monroes County. Mr. and Mrs. James A. Pope and sons, John and Jerome, spent the weekend with relatives in Pikeville. Mr. and Mrs. Harold Amburn and sons, Mark and Gary of Atlanta, Ga., were

Miss Marsha Lianm Harris and Jack M. Thomas, Jr. were united in marriage Friday, February 9 at 6 p.m. at the Philadelphia Baptist Church. The candlelight, double-ring ceremony was performed by Rev. Dillard Hagan before an altar decorated with a candelabra with white burning tapers and baskets of spring flowers.

The parents of the couple are Mr. and Mrs. Dan M. Harris of Philadelphia and Mr. and Mrs. Jack M. Thomas, Sr. of Riceville. Mrs. Bernice Swiney, organist, provided a program of wedding music. Selections included "The Lord's Prayer," "Because," "No Greater Love" and "Love is a Many Splendored Thing".

Given in marriage by her father, the bride wore a slipper length gown of Chiffon and Chantilly lace. The see-through sleeves and high neck were trimmed with lace and a stand-up collar. Her empire bodice was centered with lace and matching buttons and attached to a chiffon skirt with built-in train. The train and dress hemline were finished with a lace ruffle. Her face was framed with a train Mantilla bordered in two inch scallop edge lace. She wore a pearl necklace belonging to her grandmother, the late Mrs. Joe B. Harris, and a cameo pin belonging to her grandmother, Mrs. Elmer Allen. She carried a cascade bouquet of white roses and baby's breath centered with a white orchid.

A reception was given by the bride's parents and grandfather, Joe B. Harris. Assisting at the reception were Mrs. Oscar Kelley, Miss Dianne McNabb, Miss Pam Boone and Misses Lacey and Veve Harrison.

Out of town guests included Mr. and Mrs. Nathan Harris, Dr. and Mrs. J.A. Sizer of Sweetwater, Mr. and Mrs. Doyle Cain, Mr. and Mrs. Barry Piktner, Mr. and Mrs. Johnny Motes, all of Etowah, Miss Paulette Parks, Mr. and Mrs. J.D. Bright of Loudon and Mr. and Mrs. Jon Harrison of Sweetwater.

family came from Daisy for a weekend visit with his parents, Mr. and Mrs. Paul Arp and grandmother, Mrs. Charles Taylor.

Mike and Kevin Kelso of Maryville spent a few days last week with their grandmother, Mrs. Louise Kelso and aunts, Misses Ruth and Colene Ferguson.

Mr. and Mrs. Delmas Turner and Suzann spent the weekend with relatives in Pineville and Barbourville, Ky.

Mr. and Mrs. Benny Arp and

The Maid of Honor was Miss Shereen Harris, sister of the bride. Bridesmaids were Miss Sandi Bright and Miss Angie Boone of Loudon. They wore floor length dresses of pink, lilac, and aqua floral print silk organza over lilac taffeta. They carried a single white rose with white streamers. Each attendant wore a single strand pearl necklace, gifts of the bride.

Jack M. Thomas, Sr. served his son as Best Man. Ushers were Dwight Allen of Philadelphia and Johnny Simmons of Riceville.

The mother of the bride wore a street length dress of blue and brown polyester. The groom's mother wore a street length dress of cream polyester trimmed in gold. They each wore white corded corsages.

A reception was given by the bride's parents and grandfather, Joe B. Harris.

A reception was given by the bride's parents and grandfather, Joe B. Harris following the ceremony. Miss Deborah Huskey kept the Bride's Book. Assisting at the reception were Mrs. Oscar Kelley, Miss Dianne McNabb, Miss Pam Boone and Misses Lacey and Veve Harrison.

Out of town guests included Mr. and Mrs. Nathan Harris, Dr. and Mrs. J.A. Sizer of Sweetwater, Mr. and Mrs. Doyle Cain, Mr. and Mrs. Barry Piktner, Mr. and Mrs. Johnny Motes, all of Etowah, Miss Paulette Parks, Mr. and Mrs. J.D. Bright of Loudon and Mr. and Mrs. Jon Harrison of Sweetwater.

MARCH 8 1973

## Deborah Lee Newman Engaged

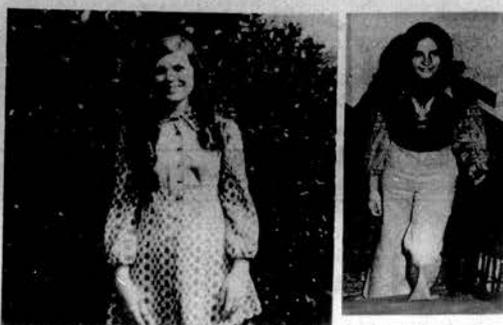

Mr. and Mrs. Homer A. Newman, Jr. of Fairfax, Virginia, announce the engagement of their daughter, Deborah Lee, to Edwin K. Mattern, Jr., son of Mr. and Mrs. E.K. Mattern, Sr. of Roanoke, Virginia.

Miss Newman is a senior at Agnes Scott College in Decatur, Georgia. Mr. Mattern is a graduate of Georgia Institute of Technology in Atlanta where he is now pursuing his graduate studies.

Miss Newman is the granddaughter of Mrs. Homer A. Newman and the late Mr. Newman of Loudon and the late Mr. and Mrs. Harry Summers.

A June wedding is planned.

**Kathy Sarten In Pageant**

Miss Kathy Sarten, daughter of Mr. and Mrs. George Sarten of Loudon City, has been selected to be a finalist in the 1973 Miss Tennessee Teenager Pageant to be held at the Sheraton-Nashville Hotel in Nashville, May 11-13. The Miss Tennessee Teenager Pageant is the Official State Finals to the Miss National Teenager Pageant to be held in Atlanta in September.

Kathy is a student at Greenback High School where she is a cheerleader, member of French Club, member of P.H.A. and a member of the Teen Club. She was elected Homecoming Queen in 1972 and was secretary of the Freshman Class. She is also secretary of the Teenage Republicans of Loudon County.

Her hobbies include collecting stuffed animals, collecting pennies and to buy a souvenir from every state she has visited. She enjoys swimming, water skiing and boating.

She will be sponsored by Loudon City School of Beauty Culture in the pageant.

There will be contestants from all over the State competing for the title of Miss Tennessee Teenager. Contestants will be judged on scholastic achievement, leadership, poise, personality and beauty. There is no swimsuit or talent competition, but each contestant will write an essay on the subject, "What's Right About America."

### Revival At Macedonia

Revival services are now in progress at the New Macedonia Baptist Church. Rev. A. C. Sturling, pastor of Roaring Fork Baptist Church of Gatlinburg, is the evangelist. Services begin each night at 7:30 p.m. and there will be special singers each night. Rev. Buford Albright, pastor, invites everyone to attend.

### Hotchkiss Valley Personal News

Sunday School attendance at New Providence Baptist Church was 128. Special singing by Mrs. Virgil Shepherd, Glen White and Bob Stollen. Rev. Cody, pastor, brought the message, "The One Thing Needed." Training Union attendance was 67. Rev. Cody's message, "Why God Sent His Son."

The Friendship Sunday School Class met on Tuesday night at New Providence Baptist Church with seven members present. Mrs. Archie White gave devotional thoughts on "Our Testimony". Rev. Cody, pastor, presided over the business. Mrs. Margaret Buford gave secretary report. Meeting was dismissed in prayer by Mrs. Betty Stamey. Refreshments were served by Mrs. R.A. Collins.

Mrs. Archie White and Kathy visited Sunday with Mr. and Mrs. Leon Kelley and Charles and Mrs. Roy Holloway, all of Marietta community. Also visiting the Holloways were Mr. and Mrs. Charlie Holloway of Loudon City.

Those visiting Mr. and Mrs. Carl Norris and family was Mrs. Edna Reynolds and Mr. and Mrs. Charlie Vaughn of Browder, Mike Brown of Loudon City, Lloyd Jenkins of Kingston.

Mr. and Mrs. Lewis Terry are parents of a daughter, Melissa Denise, born Monday, March 5, at Fort Sanders Hospital.

Mrs. Ronnie White and children of West Hills visited Monday with Mr. and Mrs. Archie White and family.

## Jenkins-Culvahouse Wedding Date Set

Mr. and Mrs. Northern Springs and Mrs. Naomi Isbill Jenkins of Loudon announce the engagement of their daughter, Pamela Ann, to Bobby Ray Culvahouse, son of the bride on George Culvahouse, Oliver Friday, March 30.

## Bonnie Talk

**BONNIE SHEELEY**  
Assistant Extension Agent  
Agricultural Extension Service  
The University of Tennessee

It's a shame to throw away old furniture without first exploring the possibilities of renovating it. Old furniture is there are several satisfactions you may gain from being a furniture "do-it-yourselfer."

One benefit is creativity. The little things you do to the house yourself make it individual—distinctly yours. Renovated, restyled or refinished furniture gives you the chance to see your own plans and ideas come to life.

Another benefit is education. You can learn new skills while contributing to the beauty and livability of your home. A third benefit is economic. By refinishing and restyling old or discarded furniture, you can save dollars that could go a long way toward buying fabrics, paint and accessories for beautifying your home.

Also, reworking old furniture can be an interesting hobby. It can be a family project or a way to earn extra money.

**SCHEDULE OF HOME DEMONSTRATION CLUBS FOR THE MONTH OF MARCH**

Tuesday, March 6—Greenback 1:30—IRREA Building

Thursday, March 8—Eatons 11:00—Mrs. Jess Haper

Tuesday, March 13—Lee Heights 12:30—Mrs. James Harrison

Mrs. Mae Quillen is recovering from flu illness at her home here.

## Greenback Community News

By Mrs. S.B. McCollum  
Phone 856-3017 Greenback

The World Day of Prayer was observed in the sanctuary of Greenback Presbyterian Church Friday evening with Mrs. Kyle McCall in charge with Mrs. C.L. Franklin and Mrs. Mike Disney assisting. Mrs. Judy Cable of Memorial Baptist Church was the speaker of the evening and gave an inspiring message on the Power of Prayer. Mrs. Robert Anderson Jr., Mrs. A. Gillander and Mrs. R.A. Anderson had parts on the program. Following the service a fellowship time was enjoyed in the church parlor.

Mr. Philip Steele, on "Tenderness" to Maryville college from Metropolitan Opera, New York City, presented a program of sacred music by narration and song at the worship service of Greenback Presbyterian Church Sunday morning, March 4. Mrs. Sallie Schoen at the piano accompanied Mr. Steele and his wife attended the service.

Mr. and Mrs. Frank King spent the weekend with their son Mr. and Mrs. Steve King and Brandy in Nashville.

Mrs. Ernest Vineyard and Miss Jane Ann of Madisonville, Mr. and Mrs. Paul Dempsey of Lenoir City were guests during the weekend of Miss Mae Lowry.

Mrs. Johnny Heaton continues to improve from a severe virus illness.

Miss Marybeth Gillander of Knoxville spent Sunday with her parents Rev. and Mrs. A. Gillander.

Miss Linda Cabe of Knoxville U.T. Hospital, was the weekend guest of her parents.

## Patty Peden To Wed Alan Shubert April 1

Mr. and Mrs. Richard Peden of Kingston announce the engagement and forthcoming marriage of their daughter, Patty, to Alan Wayne Shubert, son of Mr. and Mrs. Ruben Shubert, also of Kingston.

Mr. Shubert is the grandson of Mrs. Elsie Picket and Mr. and Mrs. J.M. Shubert of Lenoir City.

The bride-elect is a graduate of Roane County High School. She attended Stephen F. Austin University

in Texas, Texas A&M and Knoxville Business College. She is presently employed by Scottish Inn, Inc.

The groom is a graduate and former football letterman of Roane County High School. He is presently in the Nuclear Program of the United States Navy.

The wedding is planned for April 1 at 12:30 p.m. at Cedar Grove Baptist Church in Kingston. No invitations are being sent. All friends and relatives of the couple are invited.

## Loudon County U-T Alumni To Meet

The Loudon County University of Tennessee Alumni Chapter will hold a dinner meeting on Monday, March 19, at the Lenoir City High School Cafeteria, Charlie

McCall, local president, announced today. Principal speaker for the evening will be Dr. Charles Weaver, vice president for continuing education for the

UT System since 1971. Prior to assuming this position, he has served for three years as chancellor of UT Knoxville and for three years as dean of UTK's College of Engineering.

A native of Murfreesboro, Dr. Weaver was a member of the electrical engineering faculty on the Knoxville campus for 13 years before becoming head professor and Westinghouse Professor of electrical engineering at Auburn University. He returned to UT Knoxville in 1965 to succeed the late Armour T. Granger.

Dr. Weaver earned his B.S. and M.S. from Knoxville and his Ph.D. from the University of Wisconsin. He and Mrs. Weaver have four children. The meeting will begin at 7 p.m. and all alumni and friends of the University are urged to attend.

Send your reservations along with your check or money order made payable to the Loudon County U-T Alumni Chapter, to Mr. Charles F. McCall, Post Office Box 277, Loudon, Tennessee 37774.

The cost of the dinner will be \$2.25 per person. Officers of the local chapter are: Walter Shea, Jerry Masings, and Mrs. Paul Arp, vice president; Jean Cardwell, secretary-treasurer.

Speaking  
of Sports

By DANNY GIBSON  
Sports Editor

Loudon and Lenoir City girls basketball coaches Dwayne Arp and Glenn Williams are planning to attend Maryville Everett's commencement exercises this spring. They want to be sure Sue Thomas graduates.

Thomas, Everett's outstanding forward, had a whirlwind of a ball game against the two Loudon County sextets in tournament play to lead her team into the girls Sub-State play Monday night. Miss Thomas hit an amazing 13 of 21 shots on Loudon, despite the good job turned in by Loudon's premier guard Gloria Brown. A 13 of 19 performance against Lenoir City and talented Janet Leeper convinced just about everyone that her scoring ability is nothing to be taken lightly as Miss Thomas can put the ball in the basket from long range or use some fantastic moves to free her self in close.

Speculation has it that Loudon will be the site for Monday night's girls Sub-State game between Region Two two finalists and Region One's top two sextets. No official word can be gotten on such a proposal, but should the call come it is understood that Loudon would accept the game. Thus causing the Loudon Invitational Elementary Tournament, sponsored by the Loudon Quarterback Club to find an alternate site for that night's tournament games. The old Loudon High School gymnasium would probably be used if for the elementary teams on that night should the Sub-State be brought to Loudon.

Bradley County Central High School certainly went out of their way to make the District Eight Basketball Tournament a success. The officials of the new educational complex had the top hospitality room of all the tournaments we have visited to date. The Cleveland people provided Kentucky Fried Chicken, sandwiches and coffee, donuts, and soft drinks for visiting coaches and press.

The Lenoir City Panther baseball team, with only a third of the squad present, are working for the season opener, at Roane State College on March 13.

Coach John "Casey" Brannon, in his 25th year as head man of the Brandits, has six players working now, and at least five of those will see much action during the forthcoming season. Tommy Cook and Co-Captain Neal Foster are the leaders, with Cook expected to handle first base duties plus some pitching on the side. Foster, who caught for the first time in his baseball career last season and who made the all-district team, will lead the Panthers in the catching department.

Gary Hamby, expected to do a lot of pitching, and Donnie Stamey, possessor of the best arm on the team, are expected to do a lot of work with Hamby working on the mound and at third and Stamey in the outfield. Marty Porter, a transfer from Bearden High School in Knoxville, has shown great promise at second base and is expected to handle that position as well as Gary Chambers did last year.

At the conclusion of the basketball season more people will join the team including all-district pitcher Tim Cunningham, outfielders Mike Hooks and Doug Williams, shortstop Charlie Dye, infielder and outfielder Johnny Price, and pitcher Sammy Dunlap. Warren Melton, an unofficial member of the team last year, is expected to help in the outfield.

Mike Walker, a part-time starter last season, Wayne Stamey, Carl Thompson and Tommy Breazeale are other juniors that could help out this season. Walker, expected to play some at third and behind the plate, Stamey an outfielder, Thompson an outfielder, are on the football team and will not join, the team until February 26 because of spring practice. Breazeale is working on the team and is expected to help out in the outfield and at first base.

Four sophomores are expected to help the team this season. Jeff Walker, Mark Shaver, Eddie Billingsley, and Mike McConkey showed promise in the summer league and are outstanding prospects. Walker, Shaver and Billingsley are catching prospects and McConkey is a strong left-handed hitter—which

Mike Tallies 19 Points, 12 Rebounds

Messamore's Shot Rings Bell For McMinn Central

The Loudon boys basketball team has taken the role of the Cinderella team of District Eight. To achieve such a label the Redskins hung a top-sided opening round defeat on Maryville Everett, a team that has disposed of Loudon twice during the regular season. And to add a "touch of grace" to their play the Redskins conquered one time state ranked McMinn Central in the semi-final round of the tourney, 58-56, to reach the finals against the state's seventh ranked team Alcoa.

The Chargers, seeded second to Alcoa, and two-time winner over the Redkins and the lone team to beat Alcoa in regular season district play, entered the contest a superior favorite.

Loudon, with only its hard play and determination to defend its distinguishing merits of winning the old District Nine title last year jumped to a surprising 16-8 lead. The Chargers rebounded to display their best form of the night in outplaying the Loudon five to the tune of 16-2, and a 24-18 advantage. Loudon chipped away at the McMinn Central lead and trailed by a point, 33-32 at the half.

The game awayed back and fourth in the third quarter with Loudon pulling out a 46-45 lead to start the final period. McMinn Central out scored the Redkins 8-2 over the first

three minutes of the fourth quarter and went into the last minute and 40 seconds with their five point margin. Loudon cut the count to three points at 51-54 and the

Chargers upped their advantage to 55-51 on a foul shot. Excellent defense and clutch offensive play enabled the Redkins to knot the score at 55-56 with 30 seconds left on the clock.

McMinn Central had planned to work for a last second game winning shot, but Loudon foiled the plan with a foul. The McMinn Central rebounder hit but one of two shots for a 56-54 lead and 23 seconds left in the game.

The Redkins attempted to set up a play where Mike Messamore would be free for what could mean the game winning basket. The Charger defense checked off the scoring and at the same time forced playmaker Rodney Blevins to commit a charging foul. McMinn Central had regained the basketball under Loudon's basket and in eight seconds would have pulled out a tightly played semi-final battle.

Loudon fronted every McMinn Central player and placed a big man in front of the Charger playmaker throwing the ball inbounds. The perky Central floor general made a mental error of leaving the spot from which the referee had designated him to pass the ball in from and Loudon was awarded the basketball and new life.

Rodney Blevins called the play and the Redkins players went to their positions. When the play unfolded Mike Messamore, who had been so closely covered in the

preceding 15 seconds, found himself free in the right corner and as he got the pass launched a soft 15 foot shot toward the basket. The ball struck bottom about the same time as McMinn Central de Lenoirville's front center Messamore to the floor.

Messamore was given the two points and concluded the three-point play with two seconds showing on the clock to make the scoreboard read 58-56, Loudon.

The Redkins were in the finals and Mike Messamore had certainly proved his All East Tennessee basketball stardom with his last second heroics. Mike pumped in 19 points to take individual scoring honors for the game. The rascals' senior also collected 12 rebounds as Loudon whipped the taller Chargers on the backboards 47-40.

Mike got plenty of team support as the entire starting five and lone substitution, Rick Melton, played at fever pitch, spurred on by the Loudon bench and fans. Donnie Thearp played like a senior, despite his sophomore station on this team, by hauling down 16 rebounds and blocking two shots. One of the 4-foot, 4-inch forwards' blocks came against Central's 6'7" center, points to the Loudon triumph

Fired Up Team Play Pays Off

Thearp took time to add 13 in double figure support of Messamore.

Accompanying the scoring and backboard work was sophomore William Canaler. The high jumping pivotman cased a dozen rebounds and 12 points to complete the front line exhibition.

R.L. Brannam and Rodney Blevins with eight and six points respectively were demons on defense as was the play of reserve Rick Melton.

Loudon shot only mediocre for the game, making 30.3 percent of their floor shots with 20 baskets in 66 tries. McMinn Central hit a strizzling 56 percent of their shots connecting on 23 of 56 attempts.

The Redkins winning edge came at the foul line and in turnovers. Loudon hit 18 of 25 foul shots and made but 15 turnovers as compared to McMinn Central which lost 20 starters on fouls and hit 10 of 16 foul chances. The Charger team was guilty of 17 turnovers in the contest.

shooting senior led the Everett play Thursday night scoring 33 of her teams 41 points in eliminating the Lassies.

Loudon's balanced offense produced an early 8-4 first quarter lead and four point advantages on three separate occasions at 10-6, 12-8, and 14-10.

Marilyn Smith, who had 17 points for the night to pace Loudon, provided the Lassies working margin with short jump shots. Everett's Thomas got the Bulldogges back into the game at the close of the first half with two field goals, and a pair of foul shots, as Loudon led by 17-16 at intermission.

Loudon's offense never really got untracked in the second half, although they had a three point lead for much of the third quarter. Everett took the lead 26-25 at the end of the third period and Miss Thomas took over in the final frame.

The Everett gunner hit four baskets in the first three minutes of the fourth quarter and in the meantime Loudon's offense was unable to buy a basket. Everett was ahead 36-29 with a minute and 50 seconds left in the game and most all hopes of winning lost.

Nevertheless the determined Lassies rallied to cause three straight Everett turnovers that resulted in points and slash a commanding lead to 36-35 with 15 seconds left to play.

Everett got the ball into its offensive court after much pressure from the Loudon forwarders. The Bulldogges (Continued on page 9)

MESSAMORE JOLTS CHARGERS-Loudon's All East Tennessee performer, senior Mike Messamore, scored the last five points for the Redkins as they upset McMinn Central 58-56.

Lenoir City Wins District Seven Girls Title 53-47

Lenoir City, which has never before claimed a girls basketball, chalked up victory number 22 Friday night against five season contenders to claim the District Seven Tournament Title 53-47.

The most Pantherette wins ever recorded in a single season was 18 until this year's Lenoir City sextet battled to a District Seven regular season mark of 20-2 and a championship ranking with Kingston.

Friday night's District Eight finals matched the co-ed teams for the destination of being number one. Lenoir City had defeated the Yellow Jacket district in Kingston during the first month of the regular season and an improved Kingston effort proved fatal to the Pantherettes last month in Lenoir City.

Lenoir City (53)  
F. Blackburn 10

G. Dunlap  
SUBS: Kingston Alexander 7  
Lenoir City 14 11 10 10 53  
Kingston 12 11 10 8 42

Lenoir City hitting a torrid 60 per cent of their shots for the entire game jumped to a 16-12 first quarter lead and had a 33-23 halftime advantage.

The key to the first half Pantherette success resulted in the frustrating offensive play of Kingston's 6'11" forward, Pat Bell. Miss Bell was contained at every juncture of the game by a fired up Janet Leeper, who excelled as the best guard in the tournament. Kingston regrouped at intermission and rallied to tie the Pantherettes in the third quarter, only to have Lenoir City's Kathy Guillen give the lead back to the Loudon Coustians at 43-41 to end the canto.

The game saw saved for the first three minutes of the final period, but the talented Lenoir City team grabbed the lead in the waning minutes and held

on to top the title. Marietta Blackburn led all scorers in the game with 30 points and had five assists to boost the Pantherettes into the girls region play.

Kathy Guillen, hitting several clutch baskets down the stretch, finished with 17 points for the winners.

Lenoir City's Tommy Cook, slugging first baseman and left handed pitcher for Coach John "Casey" Brannon's Diamond Brandets for the last three years, signed an athletic grant in aid with Northeast Louisiana Sunday.

Cook, who has excelled outstandingly for Lenoir City in both football and baseball, will be winding up his high school athletic play this spring performing for the last time with the Lenoir City diamond crew.

Tommy was named to the All East Tennessee football team this past fall, directing the Panthers to the State Grid Playoffs in "AAA" competition with an 8-3 season mark. Cook played basketball for Lenoir City through his junior year and was quite a defensive standout, before giving his full time to football and baseball.

Tommy was named to the best of District Three Region Two baseball team last spring and was instrumental in leading Lenoir City to a runner-up position to tournament winner Oak Ridge.

Tommy played in the Engleton Connie Mack League District last summer in baseball and supported a feared .350 batting average while directing his team to a second place finish in the state tournament.

Tommy will again compete in Connie Mack baseball this summer, where he is recognized by several major

Tommy Cook Signs Athletic Pact With NE Louisiana

LOUISIANA BOUND-Lenoir City's slugging first baseman and left handed pitcher, senior Tommy Cook, signs a grant in aid with Northeast Louisianians high school baseball coach John Brannon, Mr. and Mrs. Jim Cook and Northeastern recruiter Bill Elliott looks on.

league scouts as having excellent chances of some day being a professional.

Bill Elliott, long time Northeast Louisiana athletic recruiter from Clinton, signed the talented Cook. "Tommy could very well be football material next fall when he arrives in Monroe, Louisiana," stated Elliott. "But it is of the option that his future lies in baseball. At any rate Coach Ollie Keller, head football

coach and former Blount Coustian, and baseball Coach Wayne Spruelle will be getting themselves one fine athlete and a dandy of a decision as to which gets a chance with him first or which sport the Panther star will favor.

Tommy is the son of Mr. and Mrs. James Cook of Lenoir City. Tommy has a sister Patti in the eighth grade which is a promising star on the Lenoir City Junior High basketball team.

Loudon Golf League Being Organized

Attention all Loudon golfers. Due to the fact that Union Carbide is restricting its golf league play to employees only this summer, the necessity of an independent city league be formed for those people no longer able to play with the Union Carbide group is now under way.

The newly formed Loudon City Golf League has approximately 11 teams entered to date with league action scheduled to open April 9. The new golf group is under the direction of Ted Lonax, the club's president. Irvy Swinney will serve as the treasurer of the group. (Continued on Page 9)

# Congratulations Redskins And Panther Basketball Teams On Your Fine Tournament Performances

## Photo Story District And Regional Basketball Play . . . . .

**BOYS ALL-TOURNAMENT**—Named to the boys all-tournament team for this year's District Seven tournament were: front row, left to right, Otis Howard, Alan Beauchamp, and Rick Smith of Oak Ridge; Jim Hodge and Russell Fritts of Clinton; second row, Mike Fuller of Rockwood; Danny Wright of Harriman; Jimmy Woods of Kingston; Tim Cunningham of Lenoir City; Phil Bazel of Harriman; and Roger Lowe of Scott County.

**LOUDON'S "CAN-MAN"**—London's high jumping center, William Canaler, goes airborne to can this shot on McMinn Central in the Redskins upset win over the Chargers.

**DISTRICT 8 HERO**—Mike Messamore is given the ball to complete his long remembered three-point play which gained Loudon a berth in the Region 2 (L) tourney.

**TOUGH DEFENSIVE ASSIGNMENT**—London's Gloria Brown gave a fantastic defensive effort to slow Everett's Sue Thomas in the semi-finals of District Eight play.

**DISTRICT EIGHT ALL TOURNAMENT**—London placed three men on the All District Eight elite Friday night. Pictured, front row, left to right: Perry McCowan, McMinn County; Paul Webb, McMinn Central; Alvin Scott, Bradley County; Mike Sullivan, Bradley County. Second row, left to right: Eric Echols, Alcoa; Dennis Godfrey, Alcoa; Doug Scott, Alcoa; William Canaler, Loudon; Mike Messamore, Loudon; and Donnie Therap, Loudon.

**BLACKBURN DRIVES**—Marietta Blackburn, the blonde bomber of Lenoir City, drives to the goal in a 30-point performance in the finals of District Seven.

**SLIPPERY SPHERE**—London's Donnie Therap and Rodney Blevins chase after this loose ball in Region Two Large Division play at Lenoir City Tuesday night. Loudon was eliminated from tourney play by Knoxville Powell 53-45.

**ALL DISTRICT 8 GIRLS**—London placed three girls on the All Tournament team. Pictured, front row, left to right: Connie Huskey, Loudon guard, Gloria Brown, Loudon guard, Linda Davis, Bradley County guard, Debbie Varner, Bradley County guard, Marilyn Smith, Loudon forward, and Roslyn Jones, Alcoa forward. Second row, left to right, Karen Armstrong, McMinn Central forward, Liz Hannah, Bradley County forward, Sue Thomas, Everett forward, Dana Caldwell, Bradley County forward, Gail Baswell, Everett guard, and Mary Hill, Everett guard.

**HAWKINS GETS BASKET**—London's Debbie Hawkins appears to be hampered by a giant hand in completing this scoring drive for the Lassies. The Hand is that of a Loudon cheerleader and did not prevent her from making the score.

**WILD EXCITEMENT**—London's cheering section breaks into a victory dance with everyone congratulating everyone after Mike Messamore had hit a last second field goal to defeat McMinn Central.

MARCH 8 1973

# Alcoa Nips Loudon For District 8 Crown

Loudon lost its bid of winning the District Eight boys basketball crown Friday night, bowing to Tennessee's seventh ranked team Alcoa 68-39 in the tournament final.

The Redskins played spotty much of the game and hit only 30 percent of their field goal attempts in failing to tie the Tornados for the third straight time this season. Loudon made but 19 of 54 shots as compared to 29 field goals out of 87 tries by Alcoa for a 43.2 percent shooting accuracy.

Nevertheless Loudon was never completely out of the game until the final three minutes of play. The Redskins missed five one-and-one foul shot situations on the first try and then had five other missed on charity tries from the foul stripe. In all the Redskins gave up a possible 15 points just from the foul line. For the game Loudon hit 21 of 31 foul shots and Alcoa made 10 of 19.

The Redskins dropped behind 17-8 at the close of the first period with neither team scoring in the first two minutes of play.

Loudon was able to get the Alcoa starting five into foul trouble at the start of the second canto and with Toronto reserves filling in and scored the Blount County power 19-11 to trail at the half.

# Quarterback Club's Invitational Elementary Tournament Starts Tonight

The annual Loudon Quarterback Club's invitational Elementary Basketball tournament will get underway tonight (Thursday) and run through next Saturday night. Three to four games are scheduled for each night of play with championship games to be played in both boys and girls divisions next Saturday night.

This year's tournament poses to be the biggest and best ever with classification of teams placing each one in an enrollment group of its fives.

The Class "A" group will comprise of teams with an elementary enrollment of less than 150 students. Teams

coming from schools with bigger enrollments will compete in the Class "AA" play.

Teams from as far away as Cleveland and Knoxville will take part in this year's attraction to be played at the Loudon High School gymnasium. Defending boys champion Sweetwater will be a contender in the "AA" group as will Athens, coached by former Loudon High School hoop star David Williams, runner-up to Eagleton in the Blount County Elementary Invitational two weeks ago.

Defending girls champs, Loudon, will have their hands full with Lenoir City and

## THEARP CHALLENGES TORNADOES—Redskin sophomore standout Donnie Thearp goes high in a shot against Alcoa in the finals of District Eight Friday night.

League Organized

The club with Buck Kirkland, Clell Miller, and Ed Swenson appointed to the rules committee.

Monday night was the first meeting of the golf club and an entry deadline set for March 19. An entrance fee of \$2.50 is assessed to each member with

**QB TOURNAMENT TROPHIES**—Four beautiful trophies will be given next Saturday night to the winners of the Loudon Quarterback Club's "Annual Elementary Invitational Tournament."

## Lassies Fall In District Play

(Continued from page 6)

Everett hit 17 of 39 shots for a 43.7 percent.

Loudon, which had plenty of shots only to have the ball refuse to fall into the basket, shot 41 percent for the night with 16 field goals in 39 chances.

Loudon out rebounded the Bulldogs 21-20 as Gloria Brown played her best defensive game of the season with nine rebounds and a terrific job on Thomas. Miss Thomas would have scored at least 50 points on an average guard Thursday night.

Everett hit eight of nine foul shots for the game and Loudon was limited to three of four from the charity stripe.

Loudon again got a balanced offensive performance in the game with Smith setting 10 and Jane Shubert scoring 10 following by eight counters from Debbie Hawkins.

**Choose Your RV From Lark's Big Family Of Travel/Fun Vehicles**

at **JOHN PARRIS MOTORS**

**TRAVEL TRAILERS**

Dependability is the key to LARK Travel Trailer performance. The Loflyte series stores under the usual 7 ft. garage door and comes in a choice of floor plan, each having the best of T.E.C. construction features. The standard height models offer you a choice in which more conveniences and comfort are designed to give you family-priced vacation enjoyment. There is a floor plan sure to fit your needs. See your dealer for the equipment and size most suitable for your family.

## Speaking Of Sports

(Continued from page 6)

needed on this years edition.

The Baseball Panthers, winners of 72 percent of their games the past 25 years, will play the toughest schedule in the history of the school-meeting such teams as Home State College, Kingsport, Bearden, McMinn County, Clinton, Oak Ridge, Harriman, Maryville, Rockwood, Kingston and others.

**PICK-UP TRUCK CAMPERS**

Experience in producing every kind of Recreational Vehicle gives LARK the ingenious design-for-travel comfort in four models of side-in Truck Campers. Check LARK's long list of standard features in the brochure devoted to specifications and features. "Camper" families are a knowledgeable group and know the merits of the many brands and the importance of experienced Engineering. You'll like what you find in LARK construction.

**CAMPING TRAILERS**

Swing out kitchens, slide out beds and (patented) E-Z Lift roof system are some of the more important advantages to compare before you buy a folding camper. Eight models provide sleeping accommodations for 4, 6, 7 or 8 in a selection of 8, 10 or 12 foot sizes. If one of these is your choice, ask your Lark dealer for a Camping Trailer brochure showing the long list of standard features and many choices to make your trip comfortable as well as "swift and smooth" as the flight of a LARK.

**LARK LINERS**

The new design of 5th wheel trailer. Creating its own new following of avid vacationers, the LARK LINER offers a new element of dual truck use combined with the safety and improved performance of the semi-fifth-wheel. Adaptation of a bolt-on hitch to the truck bed has made this large trailer easy to handle and does not require another vehicle to go traveling. The hook-up is easily visible from the driver's seat and anyone who can drive can handle this spacious home confidently. Be sure to give a LARK LINER full consideration in selecting your vacation traveler.

MARCH 8 1973

**EXPLAINING RECRUITING PROGRAM**—National Guard Recruiter Sgt. Jim Lindsey is shown talking with Charles Anderson (center) of Loudon after he decided to join the Lenoir City National Guard Unit. Anderson, a Vietnam veteran, was recruited by William L. Lankford, seated at right. Both Anderson and Lankford will get a free weekend trip to Puerto Rico this June as part of the recruiting awards the Unit is giving.

**County May Lose National Guard Unit**

(Continued from Page 1)  
 titution taken by the guardmen in the current recruiting drive.

If the recruiting drive is successful a new addition will be built to the Unit's headquarters building in Lenoir City. Captain Alexander said that 645,000 has already been budgeted by the state for the project.

A deadline of July 1st has been set for reaching the full strength goal. Recruiter Lindsey said anyone interested in joining the Unit could call Sgt. Rogers during the day at the Lenoir City Headquarters building at 906-2919 or contact him at home evenings at 428-5102.

The seven prior service men who joined the unit this past week were identified as Richard Sievert, James Ed Worley, Doug Ballard, Charles Anderson, James Campbell, Ricky Rogers and Bobby Grubb.

**RE-ENLISTS IN GUARDS**—As Recruiter Sgt. Jim Lindsey looks on Jack R. Harris, member of Company C of the Tennessee National Guard at Lenoir City signs his reenlistment papers this past weekend.

**Connectors Cost Put At \$1.6 Million**

(Continued from Page 1)

along Davis Ferry Road which they said caused children to wade in waist deep water going to and from school. Road Commissioner Lillard Bledsoe said that a drain was needed but a ditch across private property was also required to carry the water off. He said the owner of that property lived out of state and was reluctant to give the consent for the work. Judge Sproul appointed Bledsoe along with all first and fourth district squires to look into the problem with Squire Boyd Duckworth as chairman.

Similar action was taken after a delegation from Town Creek Road, the dividing line for the second and fifth districts requested widening and resurfacing of that road. A spokesman for the group said all but five property owners on the road, between new highway 95 and old 95 had agreed to give rights of way. It was pointed out that the county usually required all rights of way for such a project be donated, but all the second district court members along with Road Commissioner Lee Malone were appointed to see if the additional right of way could be obtained.

Commissioner Malone received permission to use \$6000 in his highway emergency fund to build three bridges in the Huntville community. He said that a number of people were cut off from the road by a wet weather creek which was used as a dumping ground for trash and junk.

In giving permission for the project the court said the property owners in the area must sign contracts that they will not use the creek for a dump in the future.

**School To Get Painting Honoring Dr. Morgan**

(Continued from Page 1)

William Napier. The Arts Association which she commissioned Mrs. Arlene Goff of Knoxville to do the painting. Using water color as her medium, she chose a

**SOLDIER OF THE MONTH**—Spec. 4 Larry L. Brown a mechanic with Company C was named Soldier of the Month at last week's drill. Brown, employed with KIB in Knoxville is a resident of Lenoir City. He is shown above servicing a truck at the guard service area.

**Brakebill On National Board**

Charles F. Brakebill, University of Tennessee assistant vice president for development, has been appointed to the National Association of State Universities and Land-Grant Colleges' Committee on Voluntary Support.

Garven F. Hudgins, director of NASULGC's Office of Research and Information in Washington, D.C., made the appointment.

The committee serves the 128 NASULGC member colleges and universities by stimulating sources of voluntary support for public higher education. The committee also makes recommendations to the member institutions for action in the field of voluntary support for public universities and colleges.

Brakebill, a resident of Loudon, joined the UT staff in 1962. He recently was promoted from executive director of development to the assistant vice president's post.

He was active in promoting appreciation of the arts and the Association has, since its organization, sponsored the appearance of several musical and dramatic groups and artists in Loudon County.

**HITS TREE, DRIVER CRITICAL**—A 45 year old Greenback woman, Mrs. Betty Miller, was critically injured about 7:30 a.m. Sunday when her car ran off the pavement on fog shrouded Highway 95 about two miles West of Greenback and struck a tree. The force of the impact drove the front of the car back into the passenger compartment. Above Sheriff Freeman Russell and wrecker service owner Winston Duggan look at the car. The woman was taken to Blount Memorial Hospital where she was listed in critical condition with a broken arm, broken pelvis and possible internal injuries. The woman was traveling alone. State Trooper Joe Littleton investigated the accident.

**FOUR INJURED**—Ambulance attendants are shown in the lower photo car carrying James Nix of Philadelphia up an embankment at the I-75 and I-40 interchange after his car overturned. Nix was treated at Baptist Hospital in Knoxville for broken ribs and cuts. Three others in the car were also slightly injured and treated for cuts and bruises. State Trooper George Pierce said the Nix car apparently lost its left rear wheel causing it to flip over several times. The accident occurred about midnight Saturday.

**Four Youths Charged With Possessing Narcotics Here**

A routine traffic violation made with four teenagers, three from Michigan and a girl from Florida, being arrested for possession of narcotics Tuesday night by Highway Patrol Sgt. David Grissom.

Sgt. Grissom said he stopped the station wagon the four were in on U. S. 11 at Browder Hill for reckless driving. A further check of the car turned up a large book with all the center section cut out and an assortment of drugs. Found was about 15 marijuana cigarettes, various pieces of "smoking" equipment, and about 50 pills the youngsters said were uppers and downers. There was also a nearly full half gallon of scotch and some beer in the car.

The three young men, two 16 year olds and Christopher Martin, 18, said they had picked up the girl, Elizabeth Fowler, 19, of Florida, somewhere in Ohio.

The car was registered to Martin's father, Miss Fowler was driving. In addition to the drug charge she faces charges of driving with no drivers license and reckless driving.

The four were to be arraigned Wednesday in General Sessions Court, with hearings on the charges slated for Friday.

**Seat Belt Saves Life**

(Continued from Page 1)

turned down a 40 foot embankment. He said he had his seat belt on or he would have been thrown out of the car. When the car stopped it landed upright and Mr. Elam ran from the flaming wreckage apparently unharmed, except for a very minor cut on his head. Mr. Gossage was also uninjured.

The Loudon County Rescue Squad was called to put out the fire which completely destroyed the car. Both vehicles were also heavily damaged by the impact.

**HIGHWAY PATROL SGT. David Grissom** is holding about 15 marijuana cigarettes, part of an assortment of narcotics taken from four teenagers Tuesday night. On the table is a book with the center of the pages cut out where drugs and "smoking" equipment was found.

**Mobile Crime Lab Sought For District**

An effort will be made in the current session of the State legislature to secure a mobile criminal investigation laboratory for use in the three counties of the Fourth Judicial Circuit.

The legislation was expected to have the full support of the delegations from Roane, Loudon and Anderson Counties, which compose the circuit.

However, it was feared that passage of the bill might meet some opposition because other circuits across the state might ask for similar aid.

The resolution was known to have the support of the district attorney general, Kenneth Deatherage of Kingston, and has been discussed with a number of legislators. It was understood that Rep. Jack Bowman of Harriman might undertake the leadership on behalf of the proposal.

It was understood that the death of a Harriman girl within the last year may have been at least partially responsible for the effort to secure the laboratory. Her body was found on a roadside in a lightly-traveled area. How

**TVA Booklet Tells Of Vital Energy Research**

A reliable power supply is so vital to America's future that it demands a major national commitment to develop potential new energy sources including the fast breeder reactor. TVA says in a new edition of the booklet, A Quality Environment in the Tennessee Valley.

The publication, issued today, describes current TVA environmental protection programs ranging from land reclamation to air and water pollution control. These programs have become a central part of the agency's work, with more than \$100 million for TVA environmental activities included in the new Federal budget—several times as much as the amount budgeted for TVA's traditional river development projects.

A new chapter discusses environmental problems involved in power production. TVA is helping to organize the Electric Power Research Institute, designed to provide as much as \$10 million a year from electric power systems nationwide for research projects.

Natural gas supplies already are difficult to obtain for industrial uses, including power generation. TVA titles nuclear fusion, use of oil is outrunning our own domestic supplies, and there are hazards in large-scale dependence on foreign sources. We probably have enough coal to last for several more centuries, but the en-

vironmental problems involved in mining and burning coal are raising serious questions about the wisdom of that try to rely on coal for fuel.

The electric power industry expects to use nuclear plants as much of the additional power supplies that will be needed to meet the growing use of electricity in coming years, the booklet says. But even nuclear fuel supplies could be limited in the future, because today's nuclear power plants can utilize only a small fraction of the energy potentially available in nuclear fuel.

Development of the fast breeder reactor would make it possible to produce many times more electricity from the same amount of fuel, extending fuel supplies far into the future. A project to build America's first full-scale demonstration breeder power plant has been organized by TVA and the Commonwealth Edison Company, in cooperation with the Atomic Energy Commission and the national electric utility industry. Construction is expected to begin in about two years, at a site in Roane County near Oak Ridge.

Among potential new energy sources the breeder reactor appears closest to practical development. TVA says. Other possibilities under development include natural sources such as solar heat, geothermal steam, wind, and tidal. This country's use of magentohydrodynamic generators; fuel from solid wastes; and new pollution-free fuels produced from coal. The booklet describes current efforts by TVA and the region's power distributors to encourage more efficient use of electricity by consumers, and points out trends that suggest a future slowdown in the rapid growth rate for home power use.

**No Power Rate Hike Seen**

The TVA Board of Directors has conducted its quarterly review of the agency's power program finances, and determined that no increase in rates will be necessary for the current fiscal year. The Board said it now appears that revenues will be adequate through the remainder of the current fiscal year, which ends June 30.

The quarterly review of TVA's financial picture provided a systematic method of reviewing the adequacy of revenues in relation to costs. TVA said that its continuing program of engineering to control rising costs through improved operating efficiencies is helping, but that a number of cost factors are largely beyond its control, such as costs of fuel, environmental protection, and continuing inflationary trends.

Under the provisions of the TVA Act, the agency charges the lowest rates that will provide adequate revenues to keep the electric power program financially self-sufficient as the law requires.

**Two Attend Paint Clinic**

Representatives of Greer's True Value Hardware recently returned from a painting clinic conducted by experienced paint men directly from their own paint factories.

Attending the meeting from the store were Jim Watts and Hamill Carey.

At the seminar, they had an opportunity to personally discuss all types of paint problems directly with technical experts for the purpose of helping their own actual customers get better painting results. Also, they saw actual demonstrations of how to apply paints and how to prepare surfaces for painting. Highlights of the full day seminar included introduction of the newest True-Test Paint colors and products recently developed in their two paint factories. There are over 4,200 True Value Hardware Stores franchised today in 50 states.

Reflecting a national trend, 1972 brought the reversal of a 10-year manufacturing employment experienced during the economic slowdown of the previous two years. Manufacturing jobs in the region grew from 763,000 to 780,000 workers, surpassing the previous high in 1969.

Unemployment apparently dropped well below the national level. Data available so far indicate that unemployment in the region was reduced from about 5.0 percent in 1971 to around 4.1 percent in 1972. The national estimate for 1972 is 5.6 percent.

**Jobs, Income Up In Region**

The Tennessee Valley region gained over 70,000 nonfarm jobs in 1972, bringing total nonagricultural wage and salary employment in the region to about 2,200,000, according to preliminary estimates by TVA's Economic Research Staff.

This represented a gain of about 3.5 percent for the region. The national increase for the year was under 3 percent.

Reflecting a national trend, 1972 brought the reversal of a 10-year manufacturing employment experienced during the economic slowdown of the previous two years. Manufacturing jobs in the region grew from 763,000 to 780,000 workers, surpassing the previous high in 1969.

Unemployment apparently dropped well below the national level. Data available so far indicate that unemployment in the region was reduced from about 5.0 percent in 1971 to around 4.1 percent in 1972. The national estimate for 1972 is 5.6 percent.

## LETTERS TO THE EDITOR

Editor, the Loudon County Herald:  
 Senator Howard Baker's answer to a question about Tellico Dam on a Knoxville TV program, Sunday, Feb. 27, proved very interesting. The question asked by a high school student was "Why do you support the Tellico Dam when we have so few rivers and so many lakes?" Senator Baker's answer is notable for its omission of the fantastic benefits which TVA says will result from their "ingenious" project. In fact, Baker failed to mention any of the supposed benefits of the dam. Are we to believe that Baker is skeptical of TVA's claims? He hinted that if the decision to build the dam had been his a few years ago, he would have turned thumbs down on the project. Baker's only reason for supporting the project, according to his answer on Feb. 27, is that too much money has

Vietnamese War was the longest war in our history because none of our leaders would admit the full reality of it. They could not admit that American involvement was a mistake. This inability to correct mistakes of the past affects many of our leaders. In addition to Senator Baker, other members of the Tennessee Congressional delegation claim that they are not responsible for the Tellico Dam because they were not in office when the decision was made. They are shirking their responsibility just as 38 people in New York City shirked their responsibility when they watched from their apartment windows in 1964 as Kitty Genovese was stabbed to death in three separate attacks. 38 respectable people watched the vicious attacks, heard Miss Genovese's cries for help, yet none lifted a finger even to call the police. The Little Tennessee River is also threatened with death. But Baker and others stand by, saying "I'm not at fault. I don't want to get involved."

commissions of Blount, Loudon and Monroe Counties. In the recent news story published in your newspaper there are certain statements attributed to various people giving their opinions concerning TVA and the Tellico Project, and it is certainly proper that they should express their opinion. In the latter part of your "news story" however, there is a statement which is not indicated as coming from any quoted source, but is apparently printed as fact to wit: "Most of the landowners believe that if the Tellico Project is completed, TVA will not stop with the acquisition of 38,000 acres. They exhibit maps prepared for the Tellico Area Planning Council by TVA which show that, within 20 years, TVA will acquire all the land West of Highway 411 from Vanders North to Highway 95 and West to the Morganton Road, and all the land West of Highway 411 from Vanders half way to Madisonville and West to the Bat Creek Knobs. The part that I would have to disagree with is the part printed (in large letters) above which states that the maps prepared for the Tellico Area Planning Council by TVA show that certain lands will be acquired. The maps prepared for the Tellico Area Planning Council were not for the purpose of espousing or supporting TVA. I believe that because Congress had already appropriated the money, it was with the assumption that the project was going to be built, and that the feelings and input of the people, and of the governments of the area, should be heard as TVA began to make its plans for whatever it intended to do with the project and reservoir area. So TAPC in its early deliberations adopted suggested "land-use" plans for consideration of the various Planning Commissions in the three Counties, (21 by TVA, (3) by other governments. The original map prepared for the Tellico Area Planning Council was done by the State Planning Office, and not by TVA, and are plans adopted on "suggestions" for land use. These "suggestions" for land use certainly do not require, bind, or even request all TVA buy all the land which is referred to in the above quotation. The map is only an indication of the probable or recommended use by private landowners, as well as what is recommended to be the best use by TVA, on the part of the land that they own. I felt that this explanation might be of benefit to your readers.

PREPARING THE BUDGET—Members of the Loudon Regional Planning Commission work on Loudon County's capital budget at a recent meeting of the Marlin (standing) from Charles Harrison; John Cardwell; Dennis Knoxville; Judge Harvey L. Spruiell, Planning Commission Chairman; Ben Galyon and Dave Booher, the TSPVO planner for Loudon County.

## Rocky Shope On Dean's List

Rocky Lane Shope, of Loudon, has been named to the Dean's Honor List at Berea College for the first semester of the 1972 year. Rocky is in his senior year at Berea. Grades of B or better in all classes are required to qualify for the honor list.

## Feed, Wheat Sign-Up Set

Sign-up farms and helpful assistance are available at the Loudon County Agricultural Stabilization and Conservation Office for farmers interested in the 1973 Feed Grain or Wheat Programs. The sign-up began on February 5 and will continue through March 16, reports Martha Blair, County Executive Director. The programs have been revised this year and offer farmers different methods of participating. He is up-to-date should be sure he is far-to-date on program details. Once a producer is sure of his program choices then it is a wise idea for him to come in and sign up at the ASCS Office as soon as possible. Miss Blair said it will save the producer time if he comes in before the last minute rush we expect around the end of the period.

## Hawkins, Lenoir City, in charge.

MRS. LETTIE L. PROPPS and Mrs. Lettie L. Propps, age 87, of 210 West Second Avenue, Lenoir City, died Thursday, March 1, at Johnson Nursing Home. She was the wife of the late W.B. Propps and an active member of First Baptist Church for more than 50 years. She had taught Sunday School classes and was active in establishing the Nelson Street Mission, which is now The Nelson Street Baptist Church. Survivors include: three daughters, Mrs. Doyle Roy and Mrs. Thurman Goodner, both of Chattanooga; Mrs. Raymond Lettinger of Lenoir City; six grandchildren; ten great-grandchildren. Funeral services were held Saturday at Hawkins Chapel, Rev. Charles Redmond officiated. Interment in City Cemetery, Hawkins, Lenoir City, in charge.

MRS. MARY HARRISON and Mrs. Mary Broady Harrison, age 70, of Route 4, Loudon, died Monday, March 5, at Loudon County Memorial Hospital. Survivors include: husband, Mark Harrison; three sons, Broady and Charles, both of Loudon; Joe Harrison, Fort Warden Beach, Fla.; six grandchildren; one brother, Earl Broady, Kingston. Funeral services were held Wednesday at Kyker's Chapel in Sweetwater. Rev. Donald Wilmoth officiated. Interment in Harrison family cemetery, Loudon, Kyker's, Sweetwater, in charge.

MISS MARY LEE SCOTT and Miss Mary Lee Scott, age 74, of Route 1, Lenoir City, died March 1 at Loudon County Memorial Hospital. She was a member of First Baptist Church at Lenoir City. Survivors include: sisters, Mrs. Carl Dalton, Newcastle, Ind.; Mrs. T.P. Copeland, Johnson City, Mrs. W.O. Wattenbarger, Maryville; several nieces and nephews. Funeral services were held Monday at Karnes Chapel, Rev. Dwight Cagle officiated. Interment in Davis Cemetery, Karnes Funeral Home, Loudon, in charge.

 Loudon, Tennessee 37774

Dear Sir:  
 I am writing to express my appreciation to Sheriff Freeman Russell and the citizens of Loudon County for their generous support of the Tennessee Sheriffs' Youth Home.

Sheriff Russell has been the chairman of the recent drive in Loudon County to raise funds for this home for Tennessee's less fortunate youngsters.

During the past year Youth Town has provided a full-time home for 46 deserving boys from 28 different counties in Tennessee. Boys who come to Youth Town are not juvenile delinquents, rather they are kids who started out life with two strikes against them. Through the help of Sheriff Russell and others most of these boys have been able to find themselves and are well on their way to becoming constructive citizens. The Tennessee Sheriffs' Association currently has plans to provide four facilities with a total capacity of 240 youngsters by 1980. All of this is being accomplished through the generous efforts of the Sheriff of Tennessee and the voluntary contributions of concerned citizens.

Youth Town does not receive state or federal assistance and is dependent upon the voluntary support of concerned Tennesseans for its growth and development. On behalf of Sheriff Russell and the boys and staff, I would like to invite the citizens of Loudon County to visit the Youth Town facilities in the near future. We are located ten miles south of Jackson, Tennessee on U.S. Highway 45.

Sincerely,  
 Charlie Brown  
 Executive Director

### 2 Non Federal Dams Here

At least 219 non-federal dams with five acres or more in surface area size or 12-foot spillway crest heights were identified in 40 eastern Tennessee counties through a study conducted for the University of Tennessee's Technical Assistance Center. The six-month inventory was completed in December by Dr. Bruce A. Tschantz, associate professor of civil engineering at UT Knoxville. The study was funded by TAC, an agency of UT's Institute for Public Service, through a contract with the federal Economic Development Administration.

Of the 56 eastern Tennessee counties surveyed, 10 had no dams falling within the five-acre or 12-foot spillway size range. Results of the study will provide essential information if the state decides to implement an effective safety control program.

Two such dams are listed in Loudon County.

Based on a preliminary one-county survey a year ago, Tschantz said many small privately-owned dams in Tennessee "are potentially hazardous." He cited a need for state legislation to control the design, construction and maintenance of small dams and reservoirs within the state.

Ninety percent of all dams in the 50-county survey were earthen structure, 6 percent

were concrete gravity, 3 percent were a combination of materials, and 1 percent were stone masonry.

Recreation is the principal use for most of the impoundments provided by the dams. In addition to the 81 percent which listed this as the main purpose for construction, 9 percent listed agricultural uses, 4 percent food control, and 2 percent other or unknown.

About 32 percent of all dammed impoundments are five through 10 acres in surface area, 33 percent are 11 through 50 acres, 6 percent 51 through 100 acres, 5 percent 100 acres or greater, and 4 percent are unknown.

About 61 percent of the dams have spillway crest heights under 20 feet while 37 percent are 20 feet or over and 1 percent are unknown.

Cumberland County had the most dams counted in the TAC survey, requiring the sale of Defendant to appear before the state court on or before the 4th Monday in March next, and make reference to the bill filed in the above cause, which seeks Absolute Divorce, or otherwise said bill will be taken off confessed and cause proceeded with ex parte.

This the 23 day of February, 1973.

Billy Joe Akins, Clerk of said Court.

Kendred A. White, Solicitor for Complainant.

### Larry Click Is AF Grad

Airman Larry J. Click, son of Mr. and Mrs. Glenn D. Click of 1000 E. Broadway, Lenoir City, has graduated at Goodfellow AFB, Tex., from the U.S. Air Force communications analysis program.

The airman was trained to operate communications systems and analyze necessary information to determine the effectiveness of communications-security measures. He is being assigned to Misawa AB, Japan, for duty with a unit of the U.S. Air Force Security Service.

Airman Click is a 1972 graduate of Lenoir City High School.

Mae Nelson Long vs Andrew Long

Thomas Reed Henry, deceased, were issued to the undersigned by the County Court of Loudon, Tennessee. All persons having claims matured and unmatured, against the said Estate are required to file the same with the above Court within six months from the date of the first publication of this notice, otherwise their claims will be forever barred.

This March 5, 1973.

Pearl Tabell Henry, Administratrix of the Estate of Thomas Reed Henry, deceased.

death of our beloved Tommy Bradshaw many people had words and comfort that we will always appreciate. Our appreciation to all for their kindness, the food, and especially to Vaughn's Chapel Church, many other churches, Rev. Carson Whitaker and Rev. Gene Russell, and those who sent flowers.

Mrs. Tommy Bradshaw Daughters - Mrs. Terry Cook, Mrs. Joe Hinehart and Mrs. Judy Turner.

Sister, Mrs. Blige Napier (11-3-4)

#### MEMORY CARD

In loving memory of Henry G. Watts, who died March 13, 1973.

This month comes with deep regret, it brings a day we will never forget. You were taken away without goodbye, but our love for you will never die. Your end was so sudden, it

made us all cry, but the saddest part of all, you couldn't say goodbye. You were gone before we knew it and only God knows why.

Sadly missed by wife, children, grandchildren and great-grandchildren.

CARD OF THANKS  
 In our time of sorrow at the

CARD OF THANKS:  
 We would like to thank each one of you for the many kind deeds and the services you rendered, for the food and lovely flowers and many prayers during the illness and death of our mother and grandmother.

Cecil and Bobbie Smullen, and Beulah and Joyce Smullen.

## ATTEND CHURCH EVERY WEEK

GETTING OUT... the Vote

Mr. James G. Allen in all types of voter registration work. He is a member of the local unit. From a list of voters in his district he highlights to use in any election results and the success of the various units. Because of his service many who would not otherwise do so, get to the polls and vote.

But more than this, Mr. James is a friend and mentor of God's people. He checks and is active because he knows it is the desire of all that is good and workable in the Community. It is a place where the needs of men are lighted and served.

We, therefore, would like to see you in the future. You may not only get the vote — that you may only attend church, but support it actively with your prayer.

**MEMORY CARD** - In memory of William Clarence Myers who died six years ago March 3, 1967. Six years has passed since that sad day the one we loved was called away. The call was sudden, the shock severe, with little thought that death was near. Only those who have lost can tell the pain of passing without farewell. While he sleeps a peaceful sleep, his memory shall we always keep. Times go by, but memories stay as dear and near as yesterday. Deep in our hearts you are with us yet, we loved you too much to ever forget. Sadly missed by mother, Linda M. Townsend and grandparents, Clarence Wiggins family. 3-8-11p

**BACK IN THE GOOD OLD DAYS**

We have mentioned many times the great basketball teams Loudon has had through the years, and of course, with the basketball tournaments in full swing around the country, it possibly is the best to talk about it.

We have mentioned before, the dedicated and whole-hearted efforts of Mr. Albert Dukes, who for many years coached basketball, as well as serving as principal at the Loudon Grammar School. Mr. Dukes came to Loudon in the early thirties. We don't know if we are exactly correct or not, but we think it was about then.

I think most people will agree as did the late R.M. Gary, who stated that he felt Mr. Dukes did more to

promote basketball than anyone ever had up to his coming to Loudon.

The reason for the comments about Mr. Dukes and Loudon basketball is a picture we have this week. It is one of the many teams he coached through the passing years. Many of the teams were champions, as was this team. They held the Loudon County Grammar School Championship for the year 1939. This old team picture was made on the steps of the Grammar School building. Those in the picture are (left to right), Ethel Newberry, Betty Sue Ridings, Helen Littleton, Agnes Hamilton, Betty June Mays, and Annette Robinson. Back row, Theda Fay Robinson, Vivian Chibaz

and Mildred Bright.

I don't remember how many of these girls, if any, played on the high school teams or what kind of a point record they had, but we are sure it was good or else they would not have earned the Championship.

We would like to express our many thanks to Joe Ekins of Knoxville for the loan of this basketball team picture of Loudon's 1939 Champions.

We have another picture this week which is not too old, but more of an unusual nature. We have had several letters over the last few years concerning the large Catfish caught in the Tennessee River around our area. Many times these letters ask us to hire a picture.

We have another picture this week which is not too old, but more of an unusual nature. We have had several letters over the last few years concerning the large Catfish caught in the Tennessee River around our area. Many times these letters ask us to hire a picture.

## Your County In Action

BY Harvey L. Sproul  
LOUDON COUNTY JUDGE

During the last couple of weeks I have given a little of the "inside" information on the process involved in getting a joint agreement for the building of the new County Justice Center.

This is not the first joint project that we have been able to accomplish between the Cities and the County.

We've made a lot of progress, hopefully to the good benefit of the people, in the last few years in helping to jointly solve problems.

We are now involved in a joint "solid waste disposal-transfer station project," which has turned out reasonably well for all concerned, and particularly I feel it has saved property taxpayers in Loudon and Lenoir City some money.

We are also Juvenile Program

We are also engaged in a joint project in the sponsoring of a special Juvenile Officer to work with the cities and the County, which we believe to be proving successful.

As County Judge I was able to assist Greenback and Philadelphia with Emergency Manpower money (which came under my jurisdiction) so that they were able to hire a Police Officer and buy a police car.

There are other evidences of co-operation with particular reference to our Planning Commissions and zoning as between the Cities and the County.

And the citizens of the County can do their part in helping to keep this kind of co-operation going by learning more about the background of each thing that comes up, and by supporting co-operative efforts.

We are hopeful that there will be other matters which we can join together to eliminate waste and duplication and provide effective service to the people.

The question of "Metro" government, or at least consolidation of certain services is coming up more frequently in many counties, with particular reference to the metropolitan counties like Knoxville.

I truly believe that we have finally reached the place where the property taxpayers are so concerned that they

## Employment Offices To Open In Loudon, Lenoir

Governor Winfield Dunn and State Employment Security Commissioner Ernest Griggs have announced the opening of public employment offices in Loudon City, Loudon and Warburg to serve the people of those areas.

The announcement said that the office in Loudon City Neighborhood Service Center will be open the second and fourth Wednesday morning of each month from 9 to 11 o'clock; the office in Loudon Neighborhood Service Center will be open the first and third Wednesday mornings from 9:30 to 11; and the office in the American Legion Building in Warburg will be open the second and fourth Thursday mornings from 9 to 11.

The opening of the three offices is part of the Employment Security Department's assignment of personnel to go into every county of the state to furnish employment assistance for people in non-urban areas that have no full-functioning public employment office, Commissioner Griggs said.

Mrs. Arvareen Stephan and Mrs. Margaret Jones, placement interviewers from the Loudon City office, will be in Harrison, will work under the direction of Mrs. Kathleen B. Miller, officer manager, in operating the itinerant offices. Mrs. Cora L. Stanley will continue to operate the sub-office in Oneta for the people of Scott County.

The offices will provide a full range of employment assistance, including recruitment and referral services for employers, job development and placement services for applicants, and priority services for veterans. They will work with food stamp recipients and with public welfare clients enrolled in the Work Incentive (WIN) program to help them find gainful employment, Commissioner Griggs said.

The placement specialists will work with the unemployment insurance claimants to help them find new job opportunities, will recruit unemployed youth for the Job Corps, and refer other jobless to available training programs, Griggs reported.

Employers will be contacted to advise them of the range of manpower services available to them and to explain the benefits of on-the-job training programs as well as tax credit offered to employers who hire, train and retain WIN beneficiaries, Griggs said.

# Showdown On Tellico Next Week

A courtroom showdown on the controversial Tellico Dam project is shaping up for Tuesday in U. S. District Court in Knoxville.

Attorneys for the Tennessee Valley Authority (TVA) will face attorneys for the Environmental Defense Fund (EDF) in a 9 a.m. pre-trial conference Tuesday before U. S. District Judge Robert L. Taylor.

Work on the Tellico project has been suspended for the past year as a result of a suit brought by the EDF and the Association for the Preservation of the Little T. The environmentalists charge that the TVA Tellico project fails to comply with federal environmental protection laws.

Meanwhile, the State House of Representatives went on record this week supporting the project and urging its completion.

Rep. William C. Watson, Democrat of Madisonville, sponsored the House resolution endorsing the project.

Although the resolution is only a statement and has no real effect, it is significant since it is the first time either body of the legislature has taken a stand on the issue.

The Watson resolution was adopted without anyone raising any questions about it.

Rep. Watson, in the resolution, cited eight reasons why the Tellico Dam near Lenoir City should be completed. Among these were the fact that extensive unemployment and underemployment still exist in the state and that economic development in one area benefits the entire state.

Tennessee Gov. Winfield Dunn has repeatedly criticized the Tellico project and urged that construction be halted. Sources on Capitol Hill say the Dunn administration is considering an effort to

bring the Little Tennessee River into the state's Scenic River system as a means of stopping the project.

Sen. Fred O. Berry Sr., Republican of Knoxville, tried unsuccessfully during the last two legislative sessions to make the Little Tennessee a Scenic River or to enact other legislation which would block construction of the dam.

Rep. Tom Jansson, Republican, also of Knoxville, has said he has seen the draft of a Conservation Department bill which would bring a number of rivers, including the Little Tennessee, into the Scenic River system. Rep. Jensen said he didn't know, however, whether the Dunn administration has reached a decision on which course it will pursue.

In next week's session in federal court, TVA is seeking dissolution of the injunction which has halted construction at Tellico since January, 1972. It also seeks dismissal of the original complaint filed in Washington, D. C., in August, 1971, by the EDF and the Association for Preservation of the Little T. In addition, TVA is seeking a summary judgment on the Tellico issue.

The EDF on March 2 filed a motion charging TVA would violate water quality standards and stream classification as established by the Federal Water Pollution Control Act if construction on the dam is permitted.

The EDF motion also states that TVA failed to afford the Advisory Council on Historic Preservation a reasonable opportunity to comment on the effects of the project on historic Fort Loudoun, which is included in the National Register of Historic Sites, as required by U. S. law.

# The Herald

Loudon County

VOLUME 88, ISSUE NUMBER 11

LOUDON, TENNESSEE, THURSDAY, MARCH 15, 1973.

TEN CENTS PER COPY

**NONE SERIOUSLY INJURED**—Three of the four persons injured early Tuesday in a two-truck accident on U. S. 11 near Lenoir City were riding in the car above. None was seriously injured, although the driver, George B. Watkins of Loudon, was hospitalized. Trooper Joe Littleton is shown examining the vehicle.

## Car Collides With Two Trucks, Four Injured

Four men were injured in a grinding collision between a car and two tractor-trailer trucks on U. S. 11 just outside Lenoir City about 1:20 a.m. Tuesday. The accident had the truckway blocked for more than four hours while wreckage was removed. State Trooper Joe Littleton said the car, a 1966 Chrysler traveling toward Loudon, was apparently over the center line of the highway when it struck one truck, went out of control and hit the second truck.

Driver of the car, George B. Watkins, 24, R. 2, Loudon, was admitted to Fort Sanders Hospital for treatment of a badly bruised chest, sustained when he struck the steering post of the car, and observation. Two men with Watkins, Charles McKee, R. 4, Lenoir City, age 30 and Terry Brookshire, 20, R. 4, Loudon, were treated for injuries and released from Fort Sanders.

The driver of the second truck, which overturned due to an embankment after the collision, Billy D. Rice, 39, was admitted to Fort Sanders with a broken leg and back injuries. Neither Rice or Watkins are reported in serious condition.

Trooper Littleton said the Watkins car left no visible skid marks before striking the first truck, driven by James Sykes of Cunningham, Tenn. Sykes was not injured. All three vehicles were heavily damaged by the collision. (Continued On Page 11)

## Gov. Dunn Reports On Road Work

Gov. Winfield Dunn and the local legislative delegation released a report this week on the status of road work in Loudon County and said the Department of Transportation is still hopeful of opening Interstate 75 by year's end.

At the same time, they said work on State Route 72 from 0.9 miles west of I-75 to 0.4 miles west of State Route 2 is expected to be completed next March. A contract for grading, the construction of a drainage system, two bridges, roadway base, first stage paving and the installation of guardrail was awarded Nov. 5, 1971 to Wright Brothers Construction Co. and McKinnon Bridge Co. of Franklin.

The announcement was made in a quarterly status report by Gov. Dunn, State Sen. Carl Koella Jr. and State Reps. M.F. Stafford and James Melton.

It said the engineering study for improving State Route 95 from north of State Route 1 to Interstate 40 is underway. A public hearing on the proposed location of the improvement was held Jan. 9 and department officials are now in the process of evaluating the comments.

Right-of-way acquisition is expected to begin this spring for the 2.5-mile section of Sugar Limb Road from State Route 2 to I-75 and for the interchange at Philadelphia. Plans are currently under development, the announcement said.

With regards to I-75, the officials gave this report:

A contract for grading, drainage and the construction of four bridges on the section from the Monroe County Line to north of the relocated portion of State Route 72 was awarded Nov. 5, 1971 to Wright Brothers Construction Co. and McKinnon Bridge Co. of Franklin.

A contract for the grading, drainage and construction of two bridges on the section from the relocation portion of State Route 72 to one-half mile east of the Tennessee River was awarded Feb. 23, 1972 to McKinnon Bridge Co. and Saltsman Construction Co. of Franklin.

Hot-Mix Inc. of Nashville was awarded a contract April 21, 1972 for the grading, drainage, construction of 11 bridges, roadway base, paving and installation of guardrail on the section of I-75 from east of the river to State Route 95.

A contract for first stage paving, the application of bridge deck sealant and the installation of guardrail on the section from Philadelphia to the bridge over the river at Watts Bar Lake was awarded Feb. 16 to Road Builders Inc. of Nashville.

A contract for first stage paving and the installation of guardrail and signs on the section from State Route 68 interchange to the Philadelphia interchange was also awarded Feb. 16 to Hot-Mix Inc., the announcement concluded.

City Commission Monday night passed on first reading a resolution prohibiting on street parking on Collins Street. The City last summer widened the street and provided off-street parking for all residents on the street.

City Administrator Gary Hensley said about one-third of the residents of the street answered a questionnaire about the parking and all indicated that parking on the street should be banned. The street is located between Fort Hill and Path Killer Trail and is the entrance to the low rent housing project.

Progress reports were given on the construction of the new city swimming pool and the new municipal garage.

Mr. Hensley said that the swimming pool contractor was approximately 90 percent complete with his work and that the city was now working on the bathhouse and other areas that were being completed. (Continued On Page 11)

## Search Underway For Missing Loudon Mother

The Loudon County Sheriff's Department and the Tennessee Bureau of Investigation are conducting an investigation into the mysterious disappearance of Mrs. James Mait Gentry about 10 a.m. Wednesday, Feb. 14 and has not been seen or heard from since that time.

Sheriff Freeman Russell said that Mrs. Berry, mother of two small children, disappeared from the home of her parents, Mr. and Mrs. James Mait Gentry about 10 a.m. Wednesday, Feb. 14 and has not been seen or heard from since that time.

MRS. BERRY

## Loudon Businessman Charlie Porter Dies

Long-time Loudon businessman Charles A. Porter, 71, died Friday at Fort Sanders Hospital in Knoxville. Mr. Porter, co-owner of Bowman-Porter Furniture and Hardware in Loudon, had been in declining health for more than a year.

In 1946 Mr. Porter, along with Elmer Bowman and Lester Bowman opened a

MR. PORTER

City Takes Parking Off Collins Street

Loudon City Commission Monday night passed on first reading a resolution prohibiting on street parking on Collins Street. The City last summer widened the street and provided off-street parking for all residents on the street.

City Administrator Gary Hensley said about one-third of the residents of the street answered a questionnaire about the parking and all indicated that parking on the street should be banned. The street is located between Fort Hill and Path Killer Trail and is the entrance to the low rent housing project.

Progress reports were given on the construction of the new city swimming pool and the new municipal garage.

Mr. Hensley said that the swimming pool contractor was approximately 90 percent complete with his work and that the city was now working on the bathhouse and other areas that were being completed. (Continued On Page 11)

from since that time. Assisting Sheriff Russell in the investigation is TBI Agent Leon Miller and agents in the state of Georgia.

Mrs. Berry is described as five feet six inches tall, 120 lbs., frosted brown hair, with blue eyes. When last seen she was wearing black boots.

Sheriff Russell said the young woman returned to Loudon about three weeks prior to her disappearance after divorcing her husband, Allen Berry. The family had been living in Austelle, Georgia. Mr. Berry is also a native of Loudon and is reportedly still living in Austelle.

It was reported that the woman left her parents home about 10 a.m. on the 14th of February to go to the Loudon Low Rent Housing Project to see about getting housing there. Her parents told Sheriff Russell that their daughter only had a dollar on her person, took no handbag or anything that would indicate she might be planning to leave.

The parents said that Mrs. Berry had never left her children for an extended time without checking on them regularly. The two youngsters, ages two and four, are staying with their grandparents.

Sheriff Russell said that he and Agent Miller and authorities in Georgia have checked every person and place they knew in an effort to locate the woman, but she seemed to have just vanished.

Sheriff Russell said that anyone having information about Mrs. Berry's disappearance or whereabouts should contact him at 458-2111.

## Last Of Interstate Land Cases Docketed

Three full weeks of jury trials are scheduled for Circuit Court in Loudon County which begins Monday with Judge Lloyd McClure presiding. During the course of the term the final eight land condemnation lawsuits for property being taken for Interstate 75 in the county are scheduled.

In all 46 cases are scheduled most of which are damage claims resulting from automobile accidents.

The schedule of the cases and alternates as listed on the Circuit Court docket by Clerk Billy Joe Atkins is as follows:

MONDAY, MARCH 19—Lillie H. Porter vs. Agnes Prentiss and J.M. Prentiss, auto accident; Clyde Porter vs. Agnes M. Prentiss and J.M.

Prentiss, auto accident. Alternate: Paul Logan and Helen Logan vs. Charmie Bymer Johnson, administratrix of estate of Ira A. Johnson, deceased.

TUESDAY, MARCH 20—Virginia Clouse vs. Frank P. Shell, auto accident; Arthur Clouse vs. Frank P. Shell, auto accident. Alternate: John F. Fuller, Floyd Padgett, and John F. Fuller as next of friend and father of John F. Fuller, Jr. vs. Charles K. Powers and John David Powers, auto accident.

WEDNESDAY, MARCH 21—State of Tennessee vs. James Eblen, Charles T. Eblen and Ruth Eblen Gau, condemnation. Alternate: Charles Boone and wife, Jetta Boone vs. Ray Carringer, auto accident.

**FIREY CRASH ON I-40**—7000 gallons of diesel fuel was consumed in an explosion Monday on I-40 at the Loudon-Roane County line after the tank truck and a car collided. Five persons in the vehicles were uninjured. The truck left the pavement and the trailer came off the tractor and flipped over into a field and exploded. Units of the Loudon County Rescue Squad were called to help control the blaze.

**TIME CAPSULE MARKED**—A marker was placed in the courthouse lawn last Thursday marking the spot where the Centennial Time Capsule was buried during the 1970 Centennial Celebration. The capsule is to be recovered in June of 2020 and the contents examined during the 150th year of the county's founding. Shown in the photo are the marker was placed are (left to right) C.A. Wilson of Lee Heights Monument Company, who donated the marker, Centennial General Chairman Benny Stafford, County Judge Harvey Sproul and Mrs. Adair Clark, who was chairman of the capsule committee.

# Loudon County Herald For and about Women

## Donna Kerr Engaged

Mr. and Mrs. Lawrence Edward Kerr, Route 4, Loudon, announce the engagement of their daughter, Donna Elizabeth to Joseph Edward Eve of Concord. He is the son of Mrs. Dorothy Eve of Knoxville and John Eve of Harriman.

The bride-elect is a graduate of University of Tennessee College of Home Economics and of the University of Tennessee Memphis Medical Units in Dental Hygiene. She is a member of American Dental Hygienists Association, Phi Kappa Phi and Amicron Nu Honorary Societies.

The groom-to-be attended Louisiana State University and is now employed by Union Carbide K-25 in Oak Ridge. He is presently attending UT in Knoxville.

The wedding is planned for April 7 at 7 p.m. at Concord Presbyterian Church in Concord. All friends and relatives of the couple are invited to attend.

Jefferson City for a weekend visit with Mrs. Moore's parents, Mr. and Mrs. Bethel Jenkins.

Mrs. Luke Everett returned home Monday after being a patient several days at Loudon County Memorial Hospital.

Mr. and Mrs. Max Parker of Gibson spent a few days last week with her sisters, Misses Carrie Lou and Mary Katherine Mize.

Mrs. Joe Mincey returned home Monday from Baptist Hospital after being a patient there for several days.

Mr. and Mrs. Dana Lee Jeffers and Mrs. Estell Hooper of Oak Ridge were dinner guests of Mrs. Jeffers' parents, Mr. and Mrs. Cecil Jaynes.

MARCH 15 1973

# Henry-Massey Nuptials Pledged

Miss Carol Elizabeth Henry and Michael C. Massey were united in marriage at 4 p.m. Saturday, March 3 at St. Thaddeus Episcopal Church in Chattanooga. Rev. John H. Layton performed the ceremony before an altar decorated with large vases of gladioli. Paul Schultz, organist, presented the wedding music.

The bride is the daughter of Mr. and Mrs. James W. Henry, 4200 Autumn Lane, Chattanooga. The groom is the son of Mr. and Mrs. Jack Massey, 803 Arden Street, Loudon.

The bride, given in marriage by her father, wore an empire style gown with a Chantilly lace covered bodice and lace sleeves. Her headpiece and veil was of matching Chantilly lace. She wore a single strand of pearls. Her bouquet was baby roses and carnations.

Miss Barbara J. Henry served as Maid of Honor. Bridesmaid was Miss Karen J. Woodard, both of Chattanooga. They wore pink dresses with Chantilly lace covered bodices. They wore wide-brimmed hats accented with pink lace.

Roland Hargis of S. Pittsburg served as Best Man. Groomsman was William Meyers of Chattanooga.

A reception was held in the Parish Hall of the church following the ceremony. Assisting Mrs. Madeline Rawls, caterer, in serving were Mrs. Ann Jones of Chattanooga and Mrs. Deborah Davis of Ft. Oglethorpe, Ga.

After a wedding trip to Gallinburg, the couple are at home on Highland Avenue, Loudon.

The bride is a graduate of Tyler High School and attended East Tennessee State University.

The groom attended Loudon High School and served three years with the U.S. Army. He is presently doing construction work.

Out of town guests attending the wedding were Mrs. Jack Massey and Mr. and Mrs. Larry Massey, all of Loudon.

**Mrs. Sheeley Is Garden Club HDC Speaker**

The Corinth Home Demonstration Club met at the home of Mrs. Ray Purdy, Circle Drive, on February 19. Mrs. Glenda Arp gave a talk on "Home Management" and Mrs. Bonnie Sheeley gave a demonstration on "Permanent Care Labeling."

Refreshments were served by Mrs. Purdy, then the meeting adjourned with members repeating the Club Creed.

The objective of the club is to give all members the knowledge and desire to improve family stability, consumer competence, family health and nutrition, family housing and community resource development. Anyone interested in becoming a club member should contact Mrs. Gerald Campbell.

**Dr. Denman To Speak Here**

Dr. Harry Denman, Executive Secretary Emeritus of the Board of Evangelism of the United Methodist Church, will be at the Loudon United Methodist Church, Sunday, March 18, and will speak at morning worship - 11 and evening worship - 7.

Dr. Denman is a Layman in the United Methodist Church and one of the outstanding Christians of our time. He has been properly called a modern day disciple. He has spoken on every continent in the world, and in every state in the United States and is in demand internationally.

United Methodist Church pastor, the Rev. W. H. Horner said that the church extends a special invitation for everyone to attend the services.

**7 From Here To Get Degrees**

Seven students from Loudon County are among the approximately 1,000 candidates for degrees at the University of Tennessee, Knoxville winter quarter commencement at 10 a.m. Monday, March 19.

The students from Loudon County are Harold Franklin Carpenter, Master of Science; Joseph Edward Hall, B. S. in Agriculture; and Patricia Gall Ramsey, B. S. in Education, all of Greenback; Mary Lou Williams, Master of Science; Steven D. Allen, B. S. in Business Administration; Ronald Melvin Jenkins, B. S. in Education; and Jamie Kay Duff, B. S. in Education, all of Lenoir City.

**Philadelphia Girl Scouts Have Tea**

The Loudon and Philadelphia Girl Scout and Brownie Troops held a Tea February 18, at the Loudon United Methodist Church. Special guests of the troops were their parents.

Highlights of the tea included skits from each troop and an Arts and Craft display. The displays were judged in three categories. First place winners from each category were sent to Kingston to be judge along with Kingston's winners. The winners of that contest will be sent to Knoxville to be the troops and leaders at the tea were Mrs. Gayleen Maples, Troop No. 249, Pal Harper, Troop No. 258, and Sandy Elliott, Troop No. 77, all of Loudon; Mrs. Vivian McCrary, Troop No. 133 of Philadelphia and Louise Hoover leader of the Brownie Troop. Mrs. Marita George's troop was unable to attend because of illness.

**Masons Honor Ernest Thompson**

BY CALVIN LUNSFORD

The Philadelphia Masonic Lodge honored Mr. Ernest Thompson with a dinner Saturday, March 10 at the Philadelphia Masonic Hall. Highlight of the evening was the presentation to Mr. Thompson of a life-time membership and a lapel button designating 50 years service to the Masonic Lodge at Philadelphia. Making the presentation on behalf of the membership was Mr. Ed Walker, III.

During the course of Mr. Walker's remarks, he pointed out the many contributions Mr. Thompson has made to the Masonic Lodge, the community and the church. Mr. Thompson followed his father, who before him was a member and officer of Masonic Lodge 425. He has the distinction of being a member of a family which has had three members to serve this lodge as Worshipful Grandmaster. They were J. H. Thompson, Ernest Thompson and C. E. Thompson, Jr.—father, son, and grandson.

He has served as Worthy patron of the Eastern Star along with Mrs. Thompson. Mrs. Thompson was given recognition for her many years as a member of the

Grand Choir of the Grand Chapter of the Order of the Eastern Star of Tennessee.

During the 20's and 30's, the Philadelphia Lodge was at a very low peak and Mr. Thompson is credited with teaching it back to a stable status. He helped to guide it through one of its most prosperous times in its hundred year history.

A long-time Philadelphia merchant, Mr. Thompson has served for many years on the County Board of Education, part of which he was Chairman, as well as being active in many other community and county-wide activities.

He has served as deacon, chairman of deacons, choir member and Sunday School teacher at the Philadelphia First Baptist Church.

It was well put by Mr. Walker in his concluding remarks: "Mr. Thompson, you have served your lodge, your family, your church, your town, your County and your fellowman, but I think the most important thing, you are a man of God."

After the dinner and presentation, Mr. and Mrs. Thompson were greeted by the many guests who came to pay tribute to this well-known Loudon County family.

**Hotchkiss Valley Personal News**

Sunday School attendance at New Providence Baptist Church was 118. Training Union attendance was 94. Special singing for the morning services was presented by Mrs. Archie White, Betty White, Bob Smullen and Calvin Shaver. Rev. Cody brought the evening message. Special singing was by Bob Smullen and Robert Williams.

Mrs. Clifford Norris, Ella Bhea Porter and Lisa visited recently with Mrs. Norris son, Mr. and Mrs. Kyle Norris and family in Tazewell. This past Saturday night, Kyle and family visited here with Mrs. Norris.

Mrs. Troy Cody was confined to her home last week with an illness.

Mr. and Mrs. Aden Ketrion of Kingsport, visited Mrs. Clifford Norris on Thursday.

A surprise birthday party was given for Glynda White at her home on Sunday by her sister, Valerie. Those present were her parents, Mr. and Mrs. Glyn White, her brothers and sisters, Vickie Turner, Mrs. McMahan and children of Lenoir City, Wayne and Albert, Shepherd of Hickory Creek Road, Mrs. Archie White, Betty, Brenda, Kathy and Wayne. Refreshments were served. Glynda is still confined to her home due to a fall she received several weeks ago.

## Speaking of Sports

By DANNY GIBSON  
Sports Editor

Spring football has suddenly taken a hold on the athletes in Loudon County with both Loudon and Lenoir City in full gear, outdoor workouts, Greenback is scheduled to open their spring grid camp Monday.

Lenoir City is in its second week of outdoor drills and Coach Dale Brown is a bit optimistic on what his team's capabilities are for next fall. "We lost 10 seniors from last year's 8-3 team," states the head mentor. "Replacing those players won't be so easy since they all handled key positions either on our defensive team or offensive lineup, many played both ways."

Mike McConkey, junior quarterback to be, and senior running back Mike Walker, top ground gainer for the Panthers the past two seasons, should give the Lenoir City offensive backfield some established performers.

The line will have to be reworked with Sam Thompson, Carl Thompson, and Tony Long returning with the most experience.

Lenoir City has two scrimmage games scheduled for the spring to help evaluate the greener prospects which must blossom into first team form for next fall.

Lenoir City lost only to Hartsville the eventual "AA" State Champion and twice to "AA" runnerup Kingston last year.

Loudon taking a complete reverse to the Panthers finished 1-8 last fall and have been looking seriously to the 1973 season all winter. The Redskins have hired a new assistant coach, Jim Gibson, to aid Head Coach Bert Ratledge and assistant Gary Dutton.

The Redskins, which lost eight in a row before turning back Rockwood 21-10 to end the season, have been working out individually over the winter months and look rather trim and eager in their first few days of team grouping. "I am really surprised at some of the improvements a lot of our underclassmen have shown in just reviewing some of our old maneuvers in the first couple of days of practice," relates Ratledge. "It's too early to tell much yet and we have a lot to get done before even getting down to the football side of things."

One plus for the Redskins is enthusiasm already being noticed by the rail birds which attend almost every practice. Loudon would like to redeem themselves to football respectability this fall and with a lot of hustle and a little luck could do that very thing. Loudon is all a young team and must turn to both the junior and seniors for experience and leadership which lacked in 1972.

The line is of average size with capable manpower at all positions. The backfield is very much improved and has possibly more depth than any other department. David Surret, Tim Guider, and Johnny Deathridge are back and joining the group will be sophomore speedsters

(Continued on page 8)

PERFECT PITCH—Loudon's John Deathridge swings wide to take a pitchout as the Redskins, run through some spring offense at three-quarter speed.

FIGHTING FREE—Loudon's sophomore running back Purky Campbell sneaks into the defensive secondary on a run in spring football drills at Loudon. The Redskins have been outdoors since last Thursday.

MOMENT OF THOUGHT—Loudon's head football coach Bert Ratledge appears to be leading his spring gridlers in a second of prayer. But actually the Coach has just finished voicing his opinion of a maneuver that failed to function correctly and the message seems to be getting across as players start dropping their heads from the lecture.

## Oak Ridge Is Region II Champion

Deadeye Alan Beauchamp had the hot hand Thursday night as tournament tough Oak Ridge gunned down state-ranked Alcoa for the Region 2 (L) basketball championship. Beauchamp pitched in 26 points in the 33-46 victory, and Big Otis Howard was the workhorse on the boards where the Ridgers held an imposing 44-21 edge. Everett girls won the district title, dumping Bradley 45-41 with a quick second-half start. Sue Thomas, the classiest player in the meet, poured through 30 points to pace the Blount County team. Caldwell, a 6-1 freshman pivot, paced Bradley with 29 points, most coming on close-in bank shots from the top of her head.

## Large, Small, Boys State Tournament Opens In Knoxville

Sportswriters across Tennessee have established two Chattanooga teams as favorites in the State (TSSAA) tournament opening Wednesday at Stokely Center. Howard, which downed Nashville Pearl in a qualifying game at Vanderbilt, is rated as the Large School power most likely to succeed. Chattanooga Notre Dame, matched against Eagleview in Sub-State competition at Cookeville, was picked as the Small School favorite. Notre Dame is led by 6-8 center Bob Brown, but the Irish picked up a lot of extra firepower two weeks ago when Reggie Mathis, a 6-2 sharpshooter, was declared eligible for tournament competition. The writers also gave strong support to Kingsport Dobyns Bennett among Large Schools. Of 10 who chose favorites, five voted for Howard, three for D-B, one for Johnson City, one for Memphis Southside. Collierville was second pick in the Small School balloting.

The State meet opens with two games Wednesday afternoon, starting at 2:30 p.m. Two more contests are scheduled that evening (7:30 and 9). A Small School engagement will be first on the program in each session, followed by a Large School game.

Four more contests are set Thursday and Friday with the championship round on tap Saturday night.

Tickets are now on sale at the UT Athletic Department. Prices are \$2.50 (reserved seats) and \$1.50 (general admission).

This is the first year ever for the division of the tournament. The Large Class consists of schools with more than 500 enrollment; other are classified as Small.

**LARGE SCHOOLS**  
KINGSFORD (24-2): Both losses were to Johnson City, gained a measure of revenge by defeating Hixsonville, 47-32, for Region 1 championship. Not a large team, but Coach Buck Van Huss says "this is one of the best shooting clubs I've seen." All-Stater Skip Brown leads an exceptionally well-balanced first unit. Entire starting team gained All-Region 1 honors. Carter, Johnson, Darrell Wingard, Andre Reletford and Kenny Jones also start.

JOHNSON CITY (29-2): Virtually the same squad that came on strong last season to reach the State tournament. Charlie Stuart is key man, but stilltoppers count on balance. Paul Faw and Gordon Simpson also are standouts. District 1 champs, Beaten only by Kingsport and Sullivan East. Exceptional offense.

CHATT. HOWARD (35-1): Favorite team with terrific balance. All-Stater Gerald Cunningham, a free-wheeling 4-5 forward, leads scoring with a 21.8 average. Also tough on back. Guards 6-7 and 8-9. Poole directs offense and William Watts gives Cunningham top support on backboards. Beaten only by Kingsport by 31 points in Christmas Invitational at D-B. Runnerup to Riversville in 1972 State tourney. Defeated Riversville four times this year.

CHATT. RIVERSIDE (24-7): Anthony Roberts, twice an All-Stater, is simply tremendous... great jumper, deadly shooter from close range. "Roberts is better under the backboards than anybody I've seen in high school basketball," says Kingsport Coach Buck Van Huss. Steve Powell, 6-8 center, and Anthony McKe are other standouts. Trojans have won three State titles.

COLUMBIA (26-2): Lions are making fourth appearance in State. District 18 and Region 5

changed hands 13 times. Until the final shot of the half, a turnaround jumper by Steve White, neighbor of the clubs and more than a two-point lead.

The regional crown was the first ever for Coach Carroll Smith, who came to Oak Ridge this past year from Holston High of Knoxville, a team the Cats defeated in the regional to reach the round of two.

Oak Ridge marched to the crown from the fourth seeded position in District Seven, played at Kingston. In the

warch the Ridgers knocked off top-seeded Harriman and second-seeded Clinton, after eaning by Kingston in the

opening game of the district meet. In the regional the Ridgers dropped Holston, and Powell to reach the finals.

ALL-REGION BOYS TEAM—Loudon's Mike Messamore joined a group of talented basketball players in constructing the elite of Region II. Making the All Tournament team were front row, left to right: Lick Smith, Oak Ridge; Dennis Godfrey, Alcoa; Otis Howard, Oak Ridge; Eric Echols, Alcoa; and Chuck Ogle, Alcoa. Second row, left to right, Ted Loudon, Knoxville Central; Mike Messamore, Loudon; Jim Lotz, Knoxville Central; and Jim Hodge, Clinton. Not pictured was Knoxville Powell's Houston Bowlin and Knoxville Doyle's Steve Wright.

THESE 12 GIRLS were named to the all-tournament team following the conclusion of the Region 2 tournament at Lenoir City Saturday night. From left, kneeling, are Christi Scharrier, Kingston; Kathy Chastain, and Nan Zeig Bradley; Marietta Blackburn and Janet Leeper. Lenoir City. Back row, from left, Debbie Adcox, Kingston; Dana Caldwell, Bradley; Karen Keyes, and Sue Thomas, Everett; Linda Oliver and Mary Hill, Everett.

Philadelphia Girls Qualify

Quarterback Elementery Tournament Eyes Saturday Night Finals

The Loudon Quarterback Club's annual Elementery Invitational Tournament is rolling along without a hitch. A dozen games have been concluded at this stage of the tournament with only Philadelphia girls' team being the first to reach a Saturday night berth in the finals.

Seven boys' games and five girls' games have taken place at this writing with just three Loudon County entries being eliminated.

In the boys' "A" division action Philadelphia came from behind in the second half to post an exciting 23-22 win over Cedar Valley. Gary Brown paced the winner with 19 points. James Mullins took game scoring honors for

Cedar Valley with 12 points. Steekee, regular season Loudon County Elementery champions, gained a semi-final spot in the "A" classification with a 34-18 rout of Hubbard. The entire Steekee team got into the scoring act as Kenny and Freddie Starritt led the scoring parade with 12 points each.

Hubbard was led in scoring by Joe Campbell's eight points.

Opposing Steekee will be Fairview Elementery, entry from Meigs County, who stopped Browder 43-23 to reach the "A" semi-finals. Agnes Moore and Randy Bostic hit for 19 and 10 points respectively to direct the

The Herald SPORTS

1972 Winner of Second Place Award among Tennessee weekly newspapers in Sportswriting

triumph for Fairview. Browder, trailing just 15-11 at the half, was caught in a second half flurry in falling to the side. Mike Flanagan notched 10 points for Browder. In the "A" division girls play unbeaten Philadelphia throtle its way into Saturday night's finals with a lopsided 45-18 decision over Hubbard. The fighting Philadelphia

sixet placed all three starting forwards in double figures to balance out the victory? Bernadette Locke totaled 13 followed by Donna McNabb with 11 and Beverly Bar made 10 as Philadelphia won their 18th game of the year.

Cedar Valley won the pig-tail bracket game against Steekee, 35-21, in advance to the semi-final round against Union Elementery of McMin County. The Union team is currently 17-3 for the year and a likely choice to meet Philadelphia in Saturday night's "A" finals at 6 p.m.

Cedar Valley had to come from a 14-6 first half deficit in the Steekee game to mount a 15-13 margin going into the last quarter of play. Donna Henry was a one-gal wrecking crew for Cedar Valley, netting 20 points. Karen Brannan was tops for Steekee.

The "AA" competition has been very keen also with a new championship assured for this year's tournament in the girls play. Loudon, which was erroneously named as the defending champion sextet in the last week's paper, defeated the real champion Etowah in a return match of last year's Quarterback Finals. The Loudon staff dropped the classy Etowah team 35-30 behind the scoring of Kim Brammower (12 points) and sprited second half playmaking of sixth grader Kelly Purdy. Jennie Leffer, fouled out to start the third quarter and finished with 11 points for Loudon. The Junior Reds were behind 17-13 at the

half and was only a 20-19 leader when Miss Leffer was tugged with her fifth foul. Kelly Purdy bounced from the reserve list to notch seven clutch points and aid the play of Brammower.

Pam Walker's 18 points best for the Etowah team. In other "AA" girls games, Lenoir City fell to Cleveland 47-25. The Bradley County sextet jumped to a 14-8 first period lead and never was threatened from there. Diane Connally and Venita Goin were the top point getters for Cleveland team with 14 and 10 respectively.

Patti Cook took game scoring honors for Lenoir City with 18 markers. Mountain View remained alive in tournament play with a 45-36 nipping of Friendsville. The victorious Mountain View Lassies used a balanced scoring attack of Kim Jenkins (17 points), Teresa Newberry (16 points) and Missy Flood (10 points) to offset the outstanding offensive work of Friendsville's Brenda Prater who finished with 34 points.

The one game effort in the boys' bracket, Sweetwater, a 46-18 pouncing. The Junior

Red Machine was geared behind the fire power of Mark Blair with 16 points and Greg Deatbridge with 13. Sweetwater made a game of it only through the first quarter, trailing 7-5. Loudon was ahead 15-9 at the half and removed all doubt with a 23 point third quarter while limiting the ex-champs to four points.

Steve Lenoir led Sweetwater with nine counters. Norwood from Oliver Springs concluded Monday night's play with a bustling 38-34 triumph over Benton. The last moving Norwood five had trouble finding the range in the early stages of the contest.

The tournament is scheduled to wind up Saturday night with championship game in each division of boys and girls play. The first game will start at 6 p.m. and the evening will round out at 9 p.m. with the "AA" boys' respectively.

Edwards established itself as a title contender for the tournament with a 54-20 blitz of Friendsville. Cleveland got a 1-2-3 scoring punch from Sam Huggs (15 points), Gene Ware (11 points), and Phillip Davis (10 points) in rolling to an easy 36-9 first half lead.

Cluck Bryant was the best point producer for Friendsville with 10. Eatons, playing with our star forward, Kenny Lutz, blew past Alwrick of Blount County 38-17. The Loudon County Elementery Tournament King was paced by Darrell Hensley's 10 points.

The winners got off to a slow start, trailing 4-2 at the close of the first canto. Coach Randy Wright regrouped his team in the second period and turned the tempo of the contest by scoring Alwrick 36 to 13 over the last 21 minutes of the game.

Marvin Eglen's eight points was high man for Alwrick. Loudon handed last year's tournament champion in the boys' bracket, Sweetwater, a 46-18 pouncing. The Junior

but came to life in the second quarter to grab the lead and never give it up. Norwood was led by the playmaking of wince Jackie Price and the scoring of John Burrum, who tallied 17 for the winners. Gene Crossin and John Adams proved to be the 1-2 scoring figures in the Benton lineup with 19 and 11 points respectively.

The tournament is scheduled to wind up Saturday night with championship game in each division of boys and girls play. The first game will start at 6 p.m. and the evening will round out at 9 p.m. with the "AA" boys' respectively.

NORWOOD PUTS ON FREEZE-Norwood (Oliver Springs) playmaker, Jackie Price, lets a pass to teammate John Burrum to preserve a 38-34 victory over Benton Elementery. Norwood held the ball the final 30 seconds of the game to insure the win.

Bradley Sextet To Seek State Crown

Bradley County gave coach Jim Smiddy his 500th basketball victory Monday night in the girls' substate tournament being played at Sevier County High School, his 15-year coaching career.

Smiddy has a 509-52 record. The victory, a 65-36 triumph over Sevier County, gives the Bearettes of Bradley a first-round bye in the state tournament and at least a fourth place trophy. Two victories

will give the Bearettes the state title for big schools. Liz Hannah, coming off a poor showing in the Region 3 tournament last week poured in 44 points to pace the hot-shooting Bearettes to their 24rd victory of the season against only four losses. As a team the Bearettes hit 23 of 41 field goal attempts for a hot 55 per cent.

Sevier County, led by the balanced attack of Freda Delezior with 22 points, Judy Hayfield with 18 and Barbara Myers, closed out the season with a 24-9 slate. Bradley trailed only twice in the game - the first time on the opening bucket and then after someone's 12 point lead only to watch most of it evaporate just before the half. Bradley led, 32-34, at intermission.

A big third quarter sailed the game away for the Bearettes, who led by as much as 12 points before the late surge by Sevier County cut the

(Continued on page 8)

Maryville Girls Leave District Eight, TSSAA

Maryville School Board, meeting Thursday night, voted to discontinue Maryville High School girls' basketball competition in the current District VIII and to switch competition to a Knoxville district. Intramural basketball play for girls is featured in the Knoxville schools, as no team currently fields a varsity sextet for TSSAA competition.

and won only one game last year. Competition in the Knoxville district would not be as stiff and would give the girls a better chance to win and build an improved team, Driskill added.

From 10 to 13 season games would be played both at home and in Knoxville, but any possible tournament play would be restricted to Blount County, Driskill said.

The decision was made at the request of high school principal William Driskill. He pointed out to the board that the girl's basketball team had lost all of this year's games

The formal letter of request was also signed by girl's basketball coach Mrs. Horace "Rolema" Stephens and guidance counselor Mrs. John (Nina) Murphy.

## First Ladies Parade For DAR

Hwassee Chapter DAR met at the home of Mrs. Arthur M. Fowler, March 8. First on the agenda was the main event of the evening—the presentation of the program "Parade of the First Ladies" by Paul's Patriots.

The eighth grade Junior American Citizens Club. The sponsoring chapter was delighted and greatly impressed with the entertainment provided by this outstanding program which was planned, written, cast, and produced by these young people. All this was under the leadership and direction of their teacher, Mrs. Lucille Purdy.

A vast amount of research, talent and hard work was required to prepare this superior production. It was a great learning experience for these eighth graders. The Chapter looks with pride and satisfaction on Paul's Patriots and admires the cheerful attitude and great spirit with which they face their activities.

At the close of the program, the children took leave and the business meeting continued, conducted by Mrs. Fowler, vice-regent, Mrs. Lucy Steele Harrison, regent, and other delegates were attending the DAR State Conference in Nashville.

Even though Paul's Patriots had the floor at their meeting, they had to share honors with their sister JAC Club, the third grade Loyal Junior American Citizens. A report was given describing a special program planned and given by these children, led by their teacher, Mrs. Margaret Petty. Guests at this February Club meeting were Mrs. Hamil B. Carey, JAC Chairman, and Mrs. Lucy Steele Harrison, regent.

**Dance Friday**  
A Teen Dance will be held Friday, March 16 from 8:30 p.m. to 12 midnight at the Lenoir City Memorial Building in Lenoir City. The band will be the Crimson Blues. Admission will be \$1 stag and \$1.75 a couple. The dance is sponsored by the Loudon High School senior's Bahama Trip Committee.

## Gospel Concert

The Favorite Melody Quartet, The Wheel Chair Singers, gospel singers widely known radio, TV, crusade and recording artists will give a gospel concert at the New Hope Methodist Church in Loudon County. The concert will be held at the church at 7:30 p.m. Saturday, March 17.

# GREER'S

On The Square Loudon Phone 458-2046

**ACCIDENT SCENE**—A Loudon County Rescue Squadman washed diesel fuel off U.S. 11 following a collision between two tractor-trailer trucks and a car. The driver of the truck in the foreground was not injured in the accident, but three men in the car in the background (center of the highway) were taken to Fort Sanders Hospital.

**Four Hurt In Wreck**

(Continued From Page 1)  
Squad fire units were called to the scene to wash down the highway because the fuel tanks on one of the trucks had ruptured. Traffic had to be rerouted around the accident while wrecker crews were removing the vehicles with reckless driving and having no driver's license.  
Trooper Littleton said Watkins would be charged.

**DRIVER HAS BROKEN LEG**—The driver of the overturned truck above sustained a broken leg in a three-vehicle accident early Tuesday in Loudon County. Loudon Deputy Luke Bright is standing at the left.

**Girl Sought In Armed Robbery**

Area police are looking for a teenage girl that pulled off an armed robbery at Dender's Drive In Restaurant at Dixie Lee Junction last Sunday night.  
Owner of the restaurant Jeanette Dender said a slender girl with blue jeans and white halter blouse walked into the restaurant about 7:30 with a gun and demanded all the money. She reportedly got about \$100 in bills and left on foot. Mrs. Dender identified the girl by name to officers. She said the same girl, who resides near Lenoir City, was in the restaurant about two weeks earlier and asked if they were very busy at night.

**Jaycees Meet Every Tuesday**

Rev. Jack Ferguson, President of the Loudon Jaycees announced this week that the Jaycees are looking for young men between the ages of 18 and 35 who are interested in working for their community and in personal development.  
Rev. Ferguson said the Jaycees are beginning a series of weekly meetings at 7 p.m. on Tuesdays in the directors room at the main office of the Hamilton National Bank of Loudon.

**Revival Set**

Revival services will begin Saturday, March 17, at Riverview Baptist Church. Rev. Vick Huston and Danny Robert Moore will be the visiting evangelists. Services begin each night at 7:30 p.m. and there will be special singing nightly. Rev. Barkley Gray, pastor, invites everyone to attend.

**City Takes Parking Off Collins Street**

(Continued From Page 1)  
pleated by city crews.  
It was reported that the concrete floor for the municipal garage, located at the old city landfill site, had been poured and about a third of the blocks were laid.  
The Commission approved on second reading a contract with the county and Lenoir City on the joint operation of the County Justice Center.  
A resolution was also passed asking the County Election Commission to call a city election on the first Saturday in June.  
Guests at the meeting were Ralph McDade, director of the East Tennessee Development District and Dave Booher, planner assigned to Loudon by the State Planning Commission.

**Heart Fund Drive Sets County Record**

Total contributions in the 1973 Loudon County Heart Fund campaign amounted to \$4,634.80 according to an announcement this week by Mrs. Ray Birkholz, Loudon area chairman.  
The 1973 heart fund total exceeds the previously announced goal by more than \$1600. Mrs. Birkholz, who headed the Loudon and Philadelphia area campaign, reported a total of \$2,115.92.  
Mrs. Juanita Smith, chairman of the Lenoir City and Greenback campaign, listed her total as \$2,519.26. The combined total made the campaign the most successful conducted by the local Heart Fund Chapter.  
Mrs. Birkholz indicated that although the campaign is closed, other contributions are expected. Especially those from various industries and business firms. She expressed the hope that mail contributions yet to be received will raise the campaign total. Heart Fund contributions may be mailed in any envelope addressed simply to Loudon County Heart Fund, Loudon, Tenn.  
Mrs. Birkholz extended a most gracious thank you to all those who served in various areas of the campaign, and to the thousands who made contributions. The chairman stated that it was the combined efforts of everyone that

made the campaign such a tremendous success.  
Mrs. Birkholz paid tribute to the various chairmen who aided in the campaign, to J.F. McNabb, Heart Fund treasurer; Mrs. Jo Ann Pope, Rural chairman; Mrs. Virginia Burnette, Heart Sunday chairman; W.F. Zimmerman, General Business chairman; Mr. and Mrs. Inky Swiney, Special Events chairman and Mrs. Evelyn Everett, Philadelphia chairman.  
Volunteers who worked in the Heart Fund drive included Celesta and Ernest White, Martha Harmon, Sue and Linda Brewer, Mrs. Jim Jacobs, Hazel Lennox, Bea Burnette, Kim Burnette, Mary Lomax, Billy Jean Morris, Gail Hesse, Sharon Kelso, Connie and Lynn Black, Ann Randolph, Cathy Eller, Lavonda Simpson, Sue Lankford, Linda Hudson, Mary Katherine Mize, Carrie Lee Mize, Margie and Roger Perkins, Jane Jones, Sue Merrick, Betty McColister, Mrs. Hal McCrary, Nancy Edwards, Boyd Duckworth, Betty Ruth Harrison, Mrs. Hendell Shell, Billie Davidson, Mrs. Gene Ddis, Mrs. John D. Barr, Mr. and Mrs. C.J. McGraw, Mrs. Eddie Brewster, Glen Townsend, Devonna Gaylon, Calvin Holt, Darris Richesin, Carl and Ruth Ridnour, Judy White.

**STATE JAYCEE PRESIDENT VISITS**—State Jaycee President Jim Breen (seated, center) is shown in a visit to a meeting of the Loudon Jaycees last Thursday night. Seated with President Breen are Loudon Jaycee President Rev. Jack Ferguson (left) and Corky Williams, Regional Vice President from Maryville. Standing are Loudon Jaycees Earl Rideour and Kyle Anderson.

**TWO WOMEN INJURED**—Two Michigan women on their way to Florida were injured in Lenoir City about noon Thursday when their car was struck by a tractor-trailer truck on Highway 95. State Trooper Joe Littleton said that Mrs. Estelle Flanigan, 55, and Edna White, 55, both of Michigan were treated for injuries at Loudon County Memorial Hospital following the accident. Trooper Littleton said the car driven by the women was struck by a tractor-trailer driven by Truman Carl Ward, 27, of Bowman Trucking Company, Decatur, Ala., as the women were attempting to turn from the right hand lane to a median crossing. The truck driver, uninjured, was charged with reckless driving. He was fined \$25 and costs in General Sessions Court Friday morning.

# Your County In Action

BY  
**Harvey L. Sproul**  
LOUDON COUNTY JUDGE

**No-Fault**  
One of the things that keeps coming before the State Legislature, and one of the things we have heard a lot about in the newspapers and on television, concerns the so-called "no-fault" program for automobile liability insurance.

Congress apparently is considering the possibility of passing National legislation on this subject, and because of this many states have looked into the possibility of "no-fault" insurance, with the apparent reason of trying to keep Federal Government from coming in and controlling another particular area of public life.

At any rate, the question is what is "no fault", and whether or not it is a good thing.

As a practicing attorney, I have looked at the question, and frankly state, as a whole, an exactly sure what would be the best for the people.

I know that attorneys, and attorneys' organizations such as the Tennessee Bar Association, and the Association of Trial Lawyers are opposing the no-fault plan.

I have argued over whether these organizations oppose any plan of "no-fault" on general principle, or whether they really think that it is even limited "no-fault".

legislation would be bad.

Yes or No

I kinda find toward the idea that a limited no-fault plan would be acceptable.

I say this without as much study of the various plans as I should have made, possibly by say it from a general feeling that an excessive number of small property damage claims and smaller (type personal injury claims have clogged up the courts in many areas and are not "no-fault" insurance, with the apparent reason of trying to keep Federal Government from coming in and controlling another particular area of public life.

At any rate, the question is what is "no fault", and whether or not it is a good thing.

As a practicing attorney, I have looked at the question, and frankly state, as a whole, an exactly sure what would be the best for the people.

I know that attorneys, and attorneys' organizations such as the Tennessee Bar Association, and the Association of Trial Lawyers are opposing the no-fault plan.

I have argued over whether these organizations oppose any plan of "no-fault" on general principle, or whether they really think that it is even limited "no-fault".

attorneys' fees to come out of the settlement.  
Therefore, such people tend to either go ahead and settle for less than what the claim is worth, or they hire an attorney on a matter of principle and take the insurance company to court, and this then clogs up our courts and causes a lot of litigation over small claims.

I tend to believe that most people really respect their right to have a jury trial on matters that affect them, and that they feel that they should not have to pay for damages that were not their fault.

If I'm wrong?

"No-fault" would pay no matter whose fault the accident was - even if it was a drunk, or a reckless fellow on the wrong side of the road, etc. - and he would still get payment for his damages depending on the particular no-fault plan that is being offered (and each plan in each state apparently is different). This means that the safe driver is paying premiums for the reckless driver.

So the way money is saved there, is to some extent on less administrative costs, and by having Gray Williams and Joe Greenway to J.G. Hudson and wife. Dist. 3. 7.38 acres.

## DON'T TOP YOUR TREES

Let a professional tree trimmer trim out in the proper way. We also do cavity, bracing and feeding. Also lawn maintenance. Several people in The Loudon area have lost beautiful shade trees because they let a non-professional top their trees by having them cut back beyond the live tissue of the tree which is killing them.

Call Us Today For Free Estimate. All Work Guaranteed.

**Southern Shade Tree Service Co.**  
LAWN MASTERS OF KNOXVILLE  
Phone 687-3866 Route 1, Atkins Road, Knoxville

## NOTICE OF Election

In accordance with the provisions of Tennessee Code Annotated Section 6-101 through Section 6-127, and General Election Laws for State of Tennessee, Notice is hereby given that there will be held a General Election for the City of Philadelphia, Tennessee, Fourth Civil District of Loudon County, Tennessee, on Saturday, May 19, 1973, between the hours of 9:00 o'clock a.m. and 4:00 o'clock p.m. at the two voting precincts in said city for the following purposes:

For the elections of two Aldermen from South Ward and two Aldermen from North Ward of said city, all to be elected to a two year term of office, and for election of a Mayor for a two year term of office.

All persons seeking office in said election must qualify by legal petitions to be filed with the Loudon Election Commission on or before Midnight, April 9, 1973.

This 15th day of March, 1973

## Legal Notices

NON-RESIDENT NOTICE  
Mae Nelson Ligon vs Andrew

their rates went up, 44 percent said that their rates were the same, and 22 percent indicated that they didn't know.

In reference to how fast they were able to get a settlement, Jimmy E. Lindsey and wife indicated that they had filed a claim had not made a settlement.

Under any circumstances, it appears the question apparently will be with us for a while.

## Henry Block has 17 reasons why you should come to us for income tax help.

Reason 9. H & R Block can show you how that new government Short Form you've heard about can cost you money. For example, if you have interest on your mortgage, medical expense or child care deductions, which are up to forty-eight hundred dollars this year, you cannot itemize them on the Short Form.

# One Of Town's Oldest Houses Torn Down

BY CALVIN LUNSFORD

Loudon citizens who have passed the site on Grove Street in the past few days have witnessed one of the most realistic bits of Loudon history to unfold in recent years. It is the skeleton of a pioneer log cabin, which quite possibly is the oldest standing frame structure in the City of Loudon. We have been able, through tireless research to date it well over a hundred years.

The cabin was well concealed under a coating of weather board and other modern building material, but once uncovered, stood as a two room log cabin with hand hewn massive oak logs. The open spaces, which were allowed in this type of early structure are very much in evidence, but the passing of time has eroded away the mud used to fill these cracks. Some of the logs are as much as thirty feet long, and serve as beams for the roof structure and includes many other unique features out of a past decade.

**BIT OF HISTORY NOW GONE**—When an old house was torn down on Grove Street recently the skeleton of a log cabin was found to what may have been the first house built in Loudon. Now it is gone, torn down by Boyd Justice who purchased the old house from the county for salvage. The logs have now been purchased by Mrs. Sam Wilson who plans to reconstruct the house on her farm.

## BACK IN THE GOOD OLD DAYS

We mention the fact quite often in the Good Old Days that our way of life has taken on some drastic changes. I guess the process of change is going on around us all the time, but it takes a look back across the years, to really bring the changes into their proper focus. Even in the years I have lived many things have changed, and many of them in our local area. The centers of interest change as time goes by. Some we would like to stop for a moment and take a look at. For instance our old ferry, the toll bridge and the toll house, the old lyric theatre, the old southern depot and we could go on and on. All of these are not around anymore. Well, maybe the buildings are there, but their purpose and interest are no longer an influence on our town. In years to come, generations would not even know what they meant. An example of our changing way of life.

Heard of any "Barn Raisings" lately? Well, it used to be a common thing with our rural people, but people might say today, get a contractor if you want a barn raised and that's just the way it is. This picture shows a barn raising in the year 1917. This old barn raising was held at the home of Milton Shelton, who lived a short distance from the Howard Baptist Church, Route 1, Vonnore. Those involved in this barn raising were Cas Shell, Geiler Shell, Audie Kirkland, John Gentry, Will Gentry, Milton Shell, Elizabeth Shell, John Carringer, Jim Gooden, Herbert Devine, George McInturff, Harve Gentry, Will Dills, John Miller, Sam Shell, Dillon Carringer, Dave Yates, Dallas Stratton, Connie Gentry, Carl Gentry and Jim Smith.

grateful to Elmer Gentry for the loan of this interesting old picture from over half a century ago.

We also have two other pictures this week that we don't know the identity of. We are sure that when whoever loaned them to us explained who they are but we have misplaced the information we had on them. We would greatly appreciate the help of our readers on this. Give us a call and we will pass it on to our readers next week or as soon as possible.

We stated last week that we had possibly found some unusual old pictures from Loudon many years ago. Well, bear with us because we intend to have these in the very near future.

Well, that's it for now. See you next week.

As near as it was possible for us to pin-point it's history, it was built by the Henson family, parents of the late Kern Henson. How many years they lived there is not known. The house was later the home of the Pinkston family, relatives of the late Callie Posey. The next occupants of the house was the W.S. Watkins family, and the Solon Haskins family, and then later was sold to the late John L. Mize. Mr. Mize did extensive work on it and rented it to several short term tenants during a few years.

After the death of Mr. Mize, his daughters let the Boy Scouts use the property for scout meetings and other activities. They had full use of it as long as they desired. The Mize sisters recently conveyed the property to the county as a gift. The county in turn decided to sell the old house and have it removed from the lot in order that they may make use of the property. Boyd Justice purchased the house at auction and began tearing it down for salvage. After several days work he discovered that a major portion of the house was constructed of very large logs indicating that it was at one time the home of a pioneer of this area.

Mr. Justice has since sold the logs to Mrs. Sam Wilson, who plans to reconstruct the house on her farm. Mr. Justice also had several offers by area tourists attraction owners who also wished to purchase the logs.

County officials, after learning of the log cabin frame, wished that they had not sold the house so that the logs could have been used to build a historical museum for the County.

Agriculture In State Is Billion Dollar Business

## Farm Sales In Loudon County Over \$8 Million

How much will be Loudon County's share of the billion dollar farm product sales total projected for Tennessee farmers by 1985?

This question was asked of County Extension Leader Charles McCall this week, in connection with the 13th. annual statewide Profitable Farming newspaper editions in which this paper participates. The Profitable Farming editions, a cooperative project of the state's newspapers, the Tennessee Press Association, and the University of Tennessee Agricultural Extension Service, are produced to boost the state's basic and largest industry. Economists of the Agricultural Extension Service have said that farm product sales could reach one billion dollars by 1985.

"Tennessee farmers are selling nearly three quarters of a billion dollars' worth of crops and livestock now," Extension Leader McCall pointed out. "So, if we are to reach the billion dollar mark by 1985, we need only to take advantage of the know-how we have and will gain from additional research, and make the best use of our resources. The resources are here to achieve the projected increases within the

next few years."

Loudon county is in position to add quite a bit to that projected state total, and, by so doing, bring considerably more income to this county, the Extension Leader said.

Total sales in Loudon county run about \$6,134,524 now, whereas, this could be brought up to about \$8,053,990 as our part of the state total, McCall said. Leading livestock and crop enterprises in Loudon county were reviewed by McCall to show how the increases might come. The top money makers in livestock in this county are cattle and calves, which brought \$1,888,756 to this county in 1970. This figure, McCall says, could easily be boosted to \$2,666,537 per year. Other livestock enterprises mentioned were: dairying with sales of \$2,432,639, which could be increased to \$3,005,282; and hogs with sales of \$84,058 which could be increased to \$167,699.

In the matter of crops, McCall pointed out that tobacco and soybeans are the county's leading income producers. Tobacco sales in 1970 totaled \$719,023, which probably will continue about the same. Soybeans, which brought \$109,073 could be

increased to some \$181,127 by 1985.

You must remember that these estimates of what could be achieved by 1985 are based upon prices about the same as those for 1970, the Extension Leader said. If prices should be higher, obviously, income would be higher.

Now, this means, McCall continued, that some adjustments are expected to be made in agricultural production by 1985. This easily can be achieved if we continue research and educational efforts in agricultural production and marketing in such areas as new and improved methods of disease and pest control, new and improved systems of marketing, to get farm-fresh quality products to the consumer.

"Economists of the UT Agricultural Extension Service have taken all these things into consideration and have predicted that the billion dollar figure easily can be reached by Tennessee farmers," McCall said.

"There has been a strong upward trend in production and marketing in the 1960's. Tennessee farmers sold about 40 percent more crops and livestock in 1970 than they did in 1960. Larger sales of livestock and livestock products

accounted for nearly all of the increase. In 1960 they made up 52 percent of the total marketings; and 62 percent in 1970. On the average, farm marketings increased about \$20 million per year over the 1960-70 decade."

The agricultural resource base in Tennessee is sufficiently broad and deep to support this increase to a billion dollar income, McCall declared. Food consumption trends and patterns point to strong demands and markets for Tennessee agricultural products.

"In addition," McCall continued, "scientific technology is available for solving existing production and marketing problems, and there is every reason to believe that research will continue to provide information that will help solve whatever problems arise."

Farm lands must be put to their best use in farm marketings are to continue to rise as they have in the past several years, the Extension Leader said. "But, Loudon county farmers are not afraid to apply research-proved practices, and I feel sure that our county will reap its share of the 1985 harvest of a billion dollars from farm product sales," McCall concluded.

MAR 15 1973

MANAGEMENT IS the key to a good dairy herd. This Holstein herd of Gene Barr's farm in the Philadelphia community is a good example. This herd's production speaks for itself. Last year's average was 15,840 pounds of milk and 566 pounds of butter fat per cow.

## Management Key To Greater Dairy Incomes

by Charles F. McCall Extension Leader

One hundred and five Resource Management Grade A dairy farmers earned an average net farm income of \$11,993 in 1971. However, one-fourth of these farmers had a net income of \$23,406 per farm. Another twenty-five percent had a net income of \$3,741.

In explaining these differences, part of the variation can be accounted for by "bad luck" or factors beyond the farmer's control, although an examination of the records indicates only a small part of the difference can be explained by this factor.

What about the remaining difference? Some might suggest that the remaining difference was due to the quality and quantity of resources committed to the farming operation. Records reveal high-earning farms had an average investment of \$141,829 and low-earning farms had an average investment of \$49,745. Certainly the quality and quantity of resources are important. However, exceptions are sufficiently numerous to suggest that another factor besides total investment must be identified.

For example, one third of the farms in the high income group had an average investment of \$30,500 and earned a net farm income of \$21,560, while one-third of the farms in the low income group had an average investment of \$112,713 and a net income of \$3,088. This emphasizes that

improperly used resources cannot achieve the income they are capable of earning. The above factors indicate management is the third factor which must be considered when explaining the

great variation in farm income.

Successful dairy farming in the 1970's will demand an ever increasing degree of management expertise.

## Pasture Production Lags In Cow-Calf Program

by Charles McCall Extension Leader

In Loudon County we have just begun to scratch the surface in pasture production. We are setting on the threshold of a million dollar cattle business. Yet farmers are just spinning their wheels when it comes to forage production. Everyone knows that pasture production is important. Everyone knows that pasture production is important to the farmer with a cow-calf program. Without adequate pasture he's lost before he starts.

Many of our pastures are pure fescue. This gives only half the returns that a good clover and fescue pasture would. Where there's a pure stand of fescue farmers need to apply at least 200 pounds of nitrogen. Bermuda grasses and fescue are high yielding grasses well adapted to the climate and soil in Loudon County.

Because these grasses have been treated with high amounts of nitrogen and grow so vigorously that they absorb large quantities of other plant foods, these nitrogen-fertilized

grasses will soon need phosphorus, potash and lime which have been removed from the soil. If these other plant foods are not made available in sufficient quantities, yields and quality will decrease rapidly. Therefore, nitrogen fertilization alone is not enough.

In the cow-calf business if you are to sell 500 pound calves, clovers in your pastures are a must. Proper fertilizer practices pay in beef production because of the extra protein clovers put in pastures. Cows produce milk for their baby calves from pastures. In order for them to do this the farmer must put the clovers back into pastures if they are not present. Proper fertilization based on soil test results will more than pay their way.

Because of the need for forages both for hay and pasture production in the cow-calf business this is important that farmers apply enough fertilizer for good production. A good field of ladino clover, red clover, orchard grass and clara timothy will supply enough hay and pasture if properly fertilized according to soil test results.

DON'T GET CAUGHT astraddle of the fence. Some of our farmers have. Joe Waller, Dairy farmer in the New Hope Community, says it is not as hard to do as one might think unless the farmer does his best at management.

We have in many fields in Loudon County that weeds, sagesgrass, sawbrars and

sassafras are creeping in more and more each year. (One thing you can look for

## Landscaping Fills Important Need

by Charles F. McCall Extension Leader

Great interest has been generated for the removal of run-down urban slums and their replacement with more liveable conditions. Most of the emphasis in the past has been placed solely on the development of better quality housing, with little or no concern shown for the immediate, surrounding area.

For the people's welfare, the improvement of the living conditions in these areas should go beyond just the actual indoor quarters and consider the influence of the related outdoor areas. The need for pleasant, natural surroundings in the renewal areas is just as great for the fulfillment of everyday living

A GOOD LANDSCAPING plan will do much to bring more beauty and usefulness to your property as shown here in the landscape design of Mr. and Mrs. Hal McCrysts home in the Philadelphia Community.

here is a shortage of nitrogen, phosphate, potash and lime. When this happens its time to start over again. This cost the farmers money. Surely you can't expect to produce 500 pound calves on pastures like this. You have already missed the boat if you do.

incorporation of landscaping ideas into the overall housing plans is being attempted. The use of planters, flower boxes and street plantings is being encouraged. Parks, large and small, which are designated for the public use as areas of relaxation and enjoyment of nature, are being included in the overall renovation plans.

# REWARD

## \$8,53,990

### For Loudon County Farmers

Tennessee Farmers Are On Their Way to ONE BILLION DOLLARS in annual cash sales

\$1 of Farm Income Will Generate \$3.33 in Local Non-Farm Income

Important to All Tennesseans

The sum listed above is not a fantasy. It's an accurate forecast of your county's share in the One Billion Dollar goal for agricultural cash sales by 1985—or before!

This goal can be reached. In fact, we're on our way. Cash sales in 1972 reached \$870,537,000.

The Tennessee Department of Agriculture will continue to do its part in the program. Co-operation in research and testing programs will be provided to the fullest extent possible, always seeking new and improved technology. Encouragement and assistance in educational endeavors, youth programs and practical competition will continue.

One of the most important responsibilities the Department of Agriculture faces today is in the field of disease control. Outbreaks of disease in livestock and fowl mean tremendous economic loss to the producers. This, in turn, can reduce supplies to processors and force prices upward for the scarce commodities. Therefore, new and improved pro-

grams in the field of disease control deserve, and are receiving, high priority. Our producers can push for greater production, requiring greater investments, with the assurance that the Department of Agriculture is constantly working to eliminate the risk of disease outbreaks.

At the same time inspection programs, designed to assure the consumer of wholesome, pure products in full measure, are being carried out around-the-clock in an ever-expanding manner.

Again, the Department of Agriculture is doing its part and always looking for areas in which more should or could be done to assist our farmers and protect our consumers. If Tennessee is to benefit from this One Billion Dollar goal, all must do their part. Those in non-farm situations should remember how important the farm dollars are to their local communities. Give your farmers a pat on the back and a word of encouragement.

## NEW 83\* hp FORD 7000

### Turbocharged power and Exclusive Load Monitor

Step up to a better 80-plus horsepower tractor. This new Ford 7000 combines high performance with comfort and convenience for today's high-speed farming.

- Amazing new Load Monitor provides quick and accurate draft control for pull-type as well as mounted and semi-mounted equipment.
- Standard differential lock keeps you going in wet fields.

- Power steering and single lever hydraulic control give you more complete command of your work.
- Deep-cushioned adjustable seat, easy-to-reach controls and a roomy operator area ease those long days in the field.

We can't tell you the whole story here. So come in and get the feel of this powerful new Ford 7000. See how much more work you can do easily.

"Producing the food we eat, the clothing we wear and the shelter we live in has been the farmers' contribution to the success that all Americans enjoy today. I hope there will never come a time when a consumer public, who enjoys the greatest bargain of any people on earth today, will cease to be aware of the contribution made by farmers and how much of our way of life is dependent upon his survival. I would like to join with the millions of Tennesseans in extending a hearty 'congratulation' and a heartfelt 'thank you' to our farmers."

GUILFORD THORNTON Commissioner, Department of Agriculture

*Guilford Thornton*

# Ask The Soil - It Will Say Feeding And Testing Will Make Crops Pay More

by Charles F. McCall  
Extension Leader

Have we fertilized for only 110 bushels when there was management for 190? This

could mean that there were 40 bushels lost and extra dollars gone down the drain, when we could have extra dollars waiting to step out of the soil. The most valuable tool we have today for predicting

fertilizer needs is a soil test. This is the only way to find out the proportional amounts of fertilizer available to plants during the growing period. Our farmers need confidence in soil test if they are

to maintain production at a profitable level. The impression that soil test and resulting fertilizer recommendations are "miracle workers" is false. The soil test is a helpful diagnostic tool just

like the thermometer or the stethoscope for the doctor. But all such tools require skill plus common sense in their use and interpretation—plus a realistic approach to the needs and goals of the growers.

The basic question that the Soil Testing Laboratory has is determining what the farmers want. Most farmers fail to give enough information on the soil test information sheet. They expect recom-

mendations for better yields. Some of our farmers use soil test to see how much fertilizer they can profitably apply. Others use soil test to see how little fertilizer they can get by with. Ten years from now the "average" farmer of today will no longer be on the farm unless he is simply waiting for retirement.

Hence, tomorrow's farmer should receive fertilizer recommendations for the top economic yield. At the same time, a soil test gives good opportunity for making needed suggestions on crop management other than fertilizer and lime. Often farmers fail to place a price tag on residual fertility. While immediate return on the fertilizer investment is important, the better farmers are interested in big returns over the years. In many cases, just the residual value of the fertilizer the year after application pays the original investment plus interest.

Probably the most widely used test are those that serve as a basis for lime recommendations. But, in many instances lime amounts recommended have been inaccurate. There are many reasons for this, including quality and fineness of lime, how recently it was applied, mixing and depth of plowing. When Loudon County farmers send in a soil test to find out the fertility level of their soil they must realize that recommendations are made on the basis of which fertility level will give them the most profitable yields. When they interpret the soil test results, they should remember that their goal is to maintain the plant nutrients at a level where the supply cannot be a limiting factor to the growing crop. As our farmers go to higher yields, exact amount of fertilizer is not so important, in fact levels of fertilizer should be more than adequate. With fertility for only 110 bushels and management for 150 bushels there may be 40 bushels that were lost due to lack of fertilizer.

Therefore, soil tests are important in planning a good fertility program. Sampling every year or so is a must.

JOHN W. CARDWELL of the Eaton Crossroads Community is shown with a series of ponds in the background which was recently completed for livestock water, fish production, erosion and water control, and fire control of his farm building. He is presently Director in East Tennessee of the Tennessee Association of Conservation Districts.

A GOOD TOBACCO BED is a must in tobacco production. Without a good supply of plants is like being without money at tobacco setting time. These well-constructed beds may be found on Gene Tarwater's farm in the Greenback Community and are the beginning of 1973 crop. His grandson makes sure the seed are tramped into the soil well.

## Fill Twice The Silos

by Charles McCall  
Extension Leader

Are you taking the right steps to produce 20 to 25 tons of corn silage per acre? High yields of corn silage can be produced in Loudon County. With the number of Grade A Dairy Farms and beef cattle farms we have in Loudon County it is a must. If 25 to 30 tons of corn silage per acre seems high how much do you get? You can improve. You can fill twice as many silos without adding a single acre. Know-how is all around you. But it's useless without you.

Corn silage has gained rapid prominence in Loudon County and is "King of Forages." There are two big reasons for this. First silage gives higher per acre production of feed. Second silage produces low cost total digestible nutrients. If you are shooting for high yields and top quality silage there are some things you need to keep in mind. Use that variety of corn that best fits the soil on your farm. Use only those varieties with high yield and quality potentials. Early planting and high populations increase yields. Today farmers in Loudon County are getting the higher yields from populations of more than 30,000 plants per acre. Don't let too few plants limit your corn or any other crop.

Soil fertility is the key to high yields and good quality which demand lime and plenty of plant food. Low fertilization holds average silage yields between 8 and 12 tons. The average acre of corn silage in Loudon County received only 71 pounds nitrogen, 43 pounds phosphate and 43 pounds of potash. These are low levels when you consider a 30-ton yield removes 200 pounds nitrogen, 80 pounds phosphate and 245 pounds of potash. Remember

corn silage harvests carry the whole plant from the field. This is why you should soil test to check the heavy removal of plant food frequently. If you plan to keep the pace in 1973 take the right steps and fill twice the silos on the small acres.

## Dream House Or Nightmare

by Thelbert J. Hicks  
Soil Conservation Service

Soil, the basic foundation of your house can turn your dream home into a nightmare. The soils information before you build or before you buy a lot, may save you money, trouble, and problems that you had not anticipated. Different soils vary widely in their qualities and in their suitability for building purposes.

If you are planning to buy a lot or house or build a house, examine the soil carefully. Soils information available from the Soil Conservation Service can give the urban or farm people some answers to questions regardless of what use they plan for their land. Some of these questions include: Is there a flood hazard? What are the soil limitations (if any) for septic tanks or disposal fields if public sewer facilities are not available? What is the average depth of the soil to rock or restricted layers? Will drainage or erosion be a problem?

Planners, builders, developers, officials of all levels of government, real estate brokers and others are gradually making more use of soils information. This shows that they are interested in the welfare of their community and the individuals they serve.

**I'm glad I listened.  
CO-OP's One Stop Cropping plan  
has definitely made  
my job easier.**

At first I was skeptical. Over the years I'd heard plans that were piece-meal. Didn't really offer anything better than I already had.

But this is a good program. Sound. Well-thought out. And based on the latest developments in farming. I explained my cropping plan and my Co-op came right back with a complete program. A package, tailored to my crops, my soils, my weed and bug problems.

The Co-op is right up-to-the-minute on farm chemicals. And that's a fast-moving field if there ever was one. No other supplier around here keeps on top of it like my Co-op... last-minute information I need to get the job done right. They're even mixing preemergence chemicals with bulk fertilizer. Saves time. Saves trips. And it works great on my fields.

Seeds, plant-food, chemicals. They were all figured right to the penny in my program. And I got delivery as promised. That's important!

But best of all, I saved time and money. My Co-op's One-Stop Cropping service is helping me do a better job on yields... on profits.

Maybe you should try it.

# Greenback FFA Team In State Contest

**GREENBACK FFA LAND JUDGING TEAM**—Pictured are Johnny Rose, Coy Webb, Mike Belcher, David Beeler and advisor, Wilson Belcher, after completing a supper honoring them last week as State contestants in Land Judging.

**PREPARING FOR SKILLS CONTEST**—Darrell McKeenan (left) and Tommy McNeilly (right) are being taught how to use an engineering instrument in preparation for the FFA Skills Contest held at UT by Roy M. Brooks and Thelbert J. Hicks, of the Soil Conservation Service.

by  
Thelbert J. Hicks  
Soil Conservation Service

The Greenback F.F.A. Land Judging team will compete in the State Contest for the 4th straight year on April 16th at Middle Tennessee State University in Murfreesboro, Tenn. Members of the team are Mike Belcher, David Beeler, Johnny Rose and Coy Webb. Wilson Belcher, Voc-Agr teacher at Greenback High School and Thelbert J. Hicks of the Soil Conservation Service are assisting in coaching the team.

In land judging work, the contestants learn to identify, proper use, and management of one of our most important natural resources, the soil. They learn that the soil provides us with our food, fiber, shelter, recreation and beauty. These are all essential for our needs.

Corn takes up about 43 percent of its nitrogen requirement (103 pounds) during the first fifty days of growth. While the leaves are developing towards tasseling and silking, when the ear and grain will form. When the time arrives for ear filling the corn plant requires 140 more pounds of nitrogen. Many of our local farmers fail to understand that nitrogen is a must during the total development of grain.

Phosphate is important to the corn crop also. During the first 50 days of growth the requirement is 30 pounds. This is very vital to the early development of the corn plant. Uptake of plant food depends greatly on the temperature and concentration of the phosphate, which makes placement of this plant food important. In later stages of growth when grain starts developing 70 more pounds of phosphate is needed or must be present in the soil. This peak period is after about 60 days of growth.

Potash requirements for corn are greater because the corn plant takes up over 50 percent of its requirement—125 pounds—during the first 30 days. Potash uptakes peaks during the second 25 days of growth period. We must keep in mind that corn demands much potash during early growth, taking up 75 percent of its needs by silking time. Therefore, it becomes very important in developing ears.

Can Loudon County farmers sustain yields of 100 to 130 bushels of corn per acre. They

## Good Plant Bed Needed To Grow Tobacco Plants

by  
Charles F. McCall  
Extension Leader

The success of a tobacco crop depends largely upon an adequate supply of good, healthy plants available for

transplanting at the recommended time. A good plant bed is necessary to furnish these plants. The plant bed site should be located on a deep, loamy, well-drained soil. If possible, the bed should be located near a water supply since young plants frequently need water. Growers who did not use a chemical for weed control last fall will need to sterilize the bed by fumigating with methyl bromide. Just prior to sowing the bed, apply 50 to 75 pounds of 4-12-8 fertilizer, or its equivalent for a 9 x 100 foot bed. If possible, seeding of the bed should be completed by March 15. A good tobacco canvas should be placed on the bed immediately after seeding to increase soil temperature and to give protection from unfavorable weather. A ditch around the bed will remove surface water which might carry weed seed and disease organisms into the bed.

**SPRING IS bursting out all over** as noted here with the Juncos in bloom and the plowed fields on the Harrison farm in the background. The green fields which don't show in this picture add much to the beauty also.

## Corn Is An Eager Eater

by  
Charles McCall  
Extension Leader

A good corn crop takes a big bit out of your soil, even a well nourished soil. Corn continues to give more food as we develop new hybrids and

better understanding of its needs. Keys to higher yields are early planting, adequate fertilization and excellent insect and weed control.

Loudon County farmers haven't realized how much fertilizer corn accumulates. Since much is known about

how a corn crop grows let's look at some facts behind a 100 bushel corn crop. Such a yield would take 240 pounds of nitrogen, 100 pounds of phosphate and 240 pounds of potash. That is a lot of fertilizer and you might ask when does the corn use it.

# Feed Is Biggest Hog Expense Price Of Pound Of Beef Traced From Farm To Farm

by Charles McCall Extension Leader

The cost of feed is one of the largest expenses to the hogman.

Approximately 7 per cent of the expenses, excluding land, labor, capital, and management is in feed cost in a farrow-to-finish program. This can be broken down to a 35 to 40 per cent cost for a finishing program, and a 70 to 75 per cent cost for a farrowing program.

The current cost of feed ingredients is always a major concern. However, there are several ways a hogman can reduce the overall feed expense. Provide a balanced ration, avoid feed wastage, use grains other than corn when more economically priced, buy and store grains during periods of lower prices, grind and mix your own feed, and purchase commercial protein supplements or complete feeds in bulk.

The degree to which a hogman can take advantage of the above will depend upon the size of the operation, storage facilities and equipment, seasonal prices, and ability to formulate rations and feed hogs.

The two most important factors from the above list of "feed cost savers" is a balanced ration and feed wastage. If hogs are to have a profit, they must grow. This cannot be accomplished unless the daily nutrient requirements of the hog are met. Feed wastage can be avoided only through close observation. Overfeeding and improper feeding equipment are two major causes. Hog feeding areas, and feeding equipment must be observed daily and proper adjustments made.

## Farmers Produce More On Fewer Acres Of Ground

by Charles F. McCall Extension Leader

The American farmer produces 20 percent more on 6 percent fewer acres than in 1958. The American meat industry produces 15 billion more pounds of meat than 25 years ago. This is an additional 47 pounds of meat per person to a total population that has grown by 61 million people.

The American cattle industry is the largest segment of agriculture. 1972 sales were at the \$17 billion level. The value of all U.S. cattle is \$30.7 billion. America's 100,000 major beef producers supply more than 115 pounds of beef to every U.S. man, woman and child.

If beef had increased as much as a postage stamp since 1959, then beef would sell for \$2.00 per pound, as much as having a baby—\$3.11—as much as disposable income \$1.96.

Consumer income has increased faster than beef expenditures. Between 1959 and 1972, disposable income was up 775 percent while beef was up only 52.2 percent.

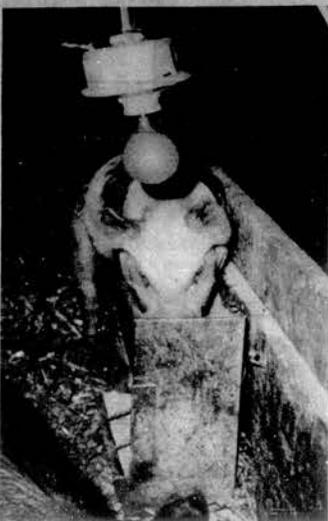

The figures are out now, and fresh meat imports into the U.S. during 1972, at 1.36 billion pounds, were 20 percent higher than in 1971. The 1972 amount was also 10 percent higher than the previous record which was set in 1970.

In addition to the fresh, chilled and frozen meat that is covered by the Meat Imports Act of 1964, the total amount of all red meat, which also includes preserved, canned, cooked and cured meat, was up 13 percent from a year earlier. At just under 2.0 billion pounds, total meat imports were 12 percent above the previous high of 1.8 billion pounds, also set in 1970.

Australia continues to be the largest exporter of the U.S. sending in 727.5 million pounds last year—a jump of 37 percent from 1971. New Zealand shipped in 10 percent more beef than in 1971 and totaled 366.6 million pounds.

Australian dock workers have refused to load a cargo of meat destined for the U.S. The tie-up is in protest of rising meat prices in Australia, and a spokesman for the longshoremen union said no meat would be loaded until the Australian government does something to stabilize prices.

Meatless weeks and months in South America, \$7.00-a-pound beef in Japan, strikes in Australia, more than ever, we are faced with a true world beef market which interacts with ours to a greater extent all the time.

A PIG JUST has to make a pig out of himself no matter where he is. Mr. Eddie Betts, producer in the Prospect Community, says feeding is number one in production of Feeder Pigs.

by Charles F. McCall Extension Leader

Let's trace the price of a pound of beef from the time it is a part of a well-fed, contented steer grazing on a Far West cattle range to the moment it is a delicious looking piece of meat, cut up, trimmed and neatly packaged, on sale at your favorite supermarket. Who gets what of the beef as it is transformed from a "raw agricultural product" to a retail cut? Outside of the supermarket or local specialty store, where does the meat dollar go?

The calculations you'll read below on a pound of beef not only will be an eye-opener;

they also will be of vital importance in helping you understand why meat prices go up and stay up the way they do now.

**70.1 CENTS:** This is the farm value of the pound of beef. The meat is still on the hoof, and that 70.1 cents represents all the products and services that make this a choice area on a contented cow on the range.

**72.9 cents:** This is the value of that pound of beef delivered on a live animal to the packing plant. Marketing of the live and assembly have added 2.8 cents.

**80.3 cents:** The beef is now on a carcass P.O.B. at the packing plant. Processing and storage have added another 7.9 cents. This might be called

the wholesales price.

**84.6 cents:** The pound is now "into-store" with 3.8 cents added for wholesaling, intercity transportation and delivery.

**113.7 cents:** Now the pound of beef is on the retail counter. A whopping 29.1 cents has been piled on for the functions of retailing, including cutting the carcass into retail cuts. Into the store at 84.6 cents a pound came big sides of beef which the butcher had to cut into the sizes you want to buy. All of what economists call the "backroom part" — the labor of the butcher, the trimming, the packaging — and then the display, refrigeration, checkout, etc. — have swelled the price close to \$1.14 a pound.

And now what are the implications? At least these three leap out at me: What happens to the price of cattle on the farm is really just the very, very beginning of the bite in your meat budget. Of course when cattle prices climb, this pushes up prices all along the line — but note well that on top of the 70.1 cents at the farm level came 42.5 cents to the retail counter! Prices of cattle on the farm could stabilize or even go down and beef prices at retail could still continue to increase because of middle-man costs.

**AN INCREASE** in the productivity of workers in and around the retail range is obviously imperative. Surely, there must be a way to control the costs of butchering through a more efficient system than the individual

"backroom" of each meat market? Perhaps, a centralization of the butchering function would help? what does it take — more imagination or more guts?

No matter what your own conclusions, do not miss the key point: a huge 49 cents of the \$1.14 you pay for that pound of beef is tacked on AFTER it has left the farm.

## ASAC Aerial Photos Of Farms Available

"Aerial photographs of any land area in Loudon County can be obtained through the County Agricultural Stabilization and Conservation Service (ASCS), a service agency of the U.S. Department of Agriculture. Aerial photographs are used in connection with the administration of agricultural farm programs and they can be useful to others desiring prints.

Quite a few orders are received from throughout the State from representatives of municipal or county governments, timber industry, real

estate and even bankers, attorneys and railroads. Highway engineers power and telephone companies and local or regional planning boards also find use for the photos. Nationally, sales of ASCS photoprints are big business. Although they are provided at cost, usually a very nominal figure, recorded orders average nearly a million dollars annually.

Persons who are interested in further information concerning aerial photos should contact the Loudon County ASCS Office. The telephone number is 458-3521.

When my PCA man says "Go Ahead!" I know my plan is a sound one.

## TENNESSEE'S 13TH ANNUAL Profitable Farming

AGRICULTURAL DEVELOPMENT PROGRAM

We Wish You All Another Year Of Profitable Farming

# WAMPLER'S & ELM HILL

CITIZENSHIP WINNER—Teresa Goddard, daughter of Mr. and Mrs. Roy L. Goddard, Greenback, has been chosen County 4-H Citizenship Project winner for 1973.

FOODS-NUTRITION JUDGING—Project groups in Foods-Nutrition Judging are being held in all areas of the county this month for 4-H members by Mrs. Bonnie F. Shesley, Assistant Extension Agent. Above, Teresa Goddard and Libby Douglas from Greenback study information on correct table settings and etiquette.

### 4-H Congress Scheduled

by Bonnie F. Shesley  
Assistant Extension Agent

Senior 4-H members have a wide variety of events scheduled for them this year. 4-H Congress, April 8-10, gives members an opportunity to learn about their state government as they play the roles of senators and representatives and hold mock legislative assemblies at the state capital in Nashville, she says. Also, state winners in public speaking, leadership, citizenship, Camp Minnowa citizenship essays, and the poster and art contest will be announced at Congress.

LIVESTOCK JUDGING TEAM TRAINED—Mr. Roger Perkins, Assistant Extension Agent, taught interested 4-H members of Greenback, points to look for when judging livestock.

Delegates from Loudon County to attend Congress are Teresa Goddard, daughter of Mr. and Mrs. Roy L. Goddard, Greenback; Lynn Thomas, daughter of Mr. and Mrs. Robert Thomas, Lenoir City; and Kathy Sartien, daughter of Mr. and Mrs. Herbert D. Sartien, Lenoir City.

### 4-H'ers Find Bugs Not Just Spiders & Flies

by Roger L. Perkins  
Extension Agent

What does an orange dog, San Jose scale and a masked hunter, have in common? They are insects! Just three of hundreds of species which 4-H members learn about in the 4-H entomology project in Loudon County.

An orange dog is an insect whose larva feeds on orange trees and gives off a bad odor. San Jose scale disfigures fruits and kills trees. Masked hunters infect houses looking for bugs to eat, but they attack animals and humans with painful bites and their larva attract dust.

Working in the 4-H entomology program, sponsored nationally by Hercules Incorporated, some 52 Loudon County 4-H members also learn about other strange sounding insects like wheat stem sawfly, shot-hole borers, plus common beetles, worms and flying insects.

Under the supervision of the Agricultural Extension Service they learn how to look for, identify and control, all varieties of insects.

### Lice Constant Trouble Source To Livestock

by Charles McCall  
Extension Leader

How did your cattle come through the winter? If not very well, cattle lice could be one of the causes.

Two different kinds of lice attack cattle. These are broadly classified as biting lice and bloodsucking lice. The biting lice injury is very noticeable, as the lice cut off patches of hair. The bloodsucking lice suck blood from the animals and, if not controlled, cause the animals to be nervous, go off feed and fall in gain at their normal rate. Their lack of stamina in the cold winter months also makes them susceptible to respiratory infections. Bloodsucking lice, when attacking smaller animals, tend to keep them from gaining normally, and many remain in a "runt" condition.

Cattle lice populations build up rapidly when the weather cools in the fall. When the weather conditions are favorable, the mature lice lay their eggs by attaching them to the hair of the animals. The eggs of the sucking lice hatch in 17-21 days. It then takes about two weeks for them to reach maturity and start a new generation. These several generations may occur during the winter.

The strongest weapon in the ever continuing battle against lice damage and profit loss is still the recognized, recommended chemical controls. A few of the recommended insecticides are: Co-Ral, Clodrin, Karlan, Malathion, Rulene, Toxaphene, Methoxychlor and Sevin. In using the recommended insecticides for cattle lice, be sure to follow the label instructions carefully.

### 4-H Chick Chain Teaches Good Practices

by Roger L. Perkins  
Assistant Extension Agent

Twelve Loudon County 4-H Poultry Club members started over 600 chicks last month in the 4-H Chick Chain sponsored by the Loudon Feed Cooperative and Tennessee State Department of Agriculture.

The Chick Chain program gives 4-H poultry club members an opportunity to learn by doing. They care for these chicks five months from arrival to sale date. They learn brooding methods, about feeding, disease prevention, and just what good management will do in growing good pullets. The County Show and Sale is the highlight of this project. Each 4-H'er will bring back a certain number of pullets to the show and sale as payment for the chicks they received. At the show they can see just how well they have done compared to the other participating 4-H'ers.

Prize money is awarded to each 4-H'er exhibiting pullets according to the number of pullets they are showing and the quality of their pullets.

### START EARLY WITH SNAPDRAGONS

For a lovely display of snapdragons beginning in May, seed must be sown early indoors to get foot-high plants for transplanting to the garden after danger of frost.

DARRELL MCKEEHAN (LEFT) and Tommy McNeill are looking at a two year old loblolly pine on an eroded part of the Greenback School grounds. This is one of the 2,000 pine seedlings set out on the grounds by the FFA as a conservation project.

# Sweetwater Creek Flood Prevention Program Underway

by  
Thebert J. Hicks  
Soil Conservation Service

The program to prevent future flooding along Sweetwater Creek is well underway as engineers and scientists began field work on this important project. Foundation studies where dams will be built to hold back water from heavy rains that frequently flood along Sweetwater Creek is progressing. These studies include core drilling operations that samples the foundation area to depths of 50 feet or more. Geologists on the site are recording information needed when structure plans are developed for each site. Nine structures (dams) are included in the overall flood prevention plan of Sweetwater Creek. Six of these structures are to be located above Sweetwater and the total drainage area above these structures is more than half the entire land area in the watershed above Sweetwater. Each structure will be so designed to include a flood water detention pool (reservoir). Discharge pipes through these dams will discharge only the amount of water the creek channel can safely carry. Water thus stored temporarily will permit the creek to safely carry all

**CORE DRILLING**—This photo shows core drilling for foundation information where a large flood prevention dam will be built on the Charles O. Browder farm above Sweetwater. Shown from right to left, Ronald Graner, Geologist for SCS; Gary Mason, drill rig helper; Leamon Hix, drill rig operator for SCS; and Mike Carroll, drill rig helper. A second drill rig is shown in the background. Borings are made through soil and rock 50 or more feet deep to gain foundation information that will be used in planning for this structure. Seven local men are now employed on these drill rigs and survey crews.

water through Sweetwater. This flood prevention Philadelphia and all low lands near the creek without flooding.

**POLLUTION PROBLEM**—Shown is soil sediment pollution and debris in a Loudon County Creek.

of Agriculture, administered by the Soil Conservation Service. The local Watershed Board has worked hard since the late 1960's to bring this project to the point of becoming a reality.

Foundation investigations has been completed for one dam below Sweetwater which is located on the Fred Chester farm. Two drill rigs began studies in February on the Charles O. Browder farm above Sweetwater, where one dam is planned that will control flood water drainage from over 3,600 acres.

Detailed plans for each dam will be prepared following foundation studies. Although the principle for all dams is similar, detailed plans are needed to assure that each structure will function properly for each particular site. The watershed acreage, soil types, drainage pattern, and land use are among the things considered in the plans. The Soil Conservation Service is responsible for the development of these plans. All costs for planning and construction is bore by this agency. The local Watershed Board is responsible for securing easements and right-of-ways needed for these structures and for the future maintenance of this project after installation has been completed.

In addition to flood retar-

ding structures, this flood prevention plan includes two other principles: stream channel improvements and good upland treatments within the watershed area. Our local Soil Conservation Districts (Monroe, Loudon, and McMinn Counties) and SCS Conservationists assigned to these Districts are now giving special emphasis for conservation farming methods in our watershed area. Soil maps are being prepared for use by landowners and conservationists in preparing farm conservation plans. These plans include grass waterways, contour farming methods, improved pastures and haylands, minimum tillage crop production and many other proven conservation practices. Land adequately treated is an excellent flood prevention practice. Good conservation farming greatly prevents water run-off. These more rainfall retained in the soil is a real bonus for future plants growth.

Mr. S.F. Owen, Chairman of the Watershed Board expects, "Four to six years will probably be needed to complete this entire project. It wasn't long after we received Washington funding approval last July until on the site work was begun by the Soil Conservation Service. The drill crews from SCS continued to work during most adverse weather conditions during December and January to complete on site investigation for a dam on the Fred Chester farm. Full-time work can now be expected and much greater progress anticipated as spring and summer arrives."

Other members of the Watershed Board are: Sam Thomas, representing McMinn County; Frederic Chester, Secretary; Roy Godfrey, Assistant; Hadorn, with Mr. Owen representing Monroe County and Charles McCosh representing the City of Sweetwater; Roy Bledsoe, Gail Heins and Sam Barr representing Loudon County; District Conservationists Clay Campbell from Monroe County; Thebert Hicks, Loudon County; Ernest Whitaker, McMinn County

represents the Soil Conservation Service locally on this project. Soil Conservationist Willie M. Moore has recently been assigned by SCS to work throughout the watershed area to help in the acceleration of this conservation program.

## ASCS Programs Benefit Farmer

The Rural Environmental Assistance Program administered by the Agricultural Stabilization and Conservation Service (ASCS) has attacked the environmental problems created by the nation's farming operations. The program provided long-range preservation of the environment and gave many public benefits.

The establishment of permanent cover, batoning sod waterways, planting trees, building dams and ponds has contributed to conservation of the soil. Silt which begins as one small trickle of muddy water is the major pollutant of our waterways.

In 1972 the program in Loudon County helped establish or improve 2971 acres of permanent grasses. Eighteen ponds were built which served 504 acres of land. Cost-share was also offered on other practices to prevent pollution such as animal waste storage and diversion facilities, sediment or chemical runoff control measures and underground drainage systems.

Cost-share and technical assistance furnished to Loudon County farmers in 1972 amounted to \$37,091.00. This represents an estimated total conservation investment in the county of \$112,600.00 when the farmers share of the cost and the labor is considered.

from the threat of floods. This is a better and more we feel will contribute greatly productive environment.

## The Only Brand You Need For All Your Farm Fuels, Lubricants

For 48 years Hall Oil Company has been serving the fuel and lubricant needs of the farm community of Loudon County. We have seen our company name change several times, but our products have always increased in quality and our service the fastest and friendliest.

There is no need for concern if Hall Oil Company can meet your fuel demands. We promise you that we can.

## Beauty Is One Benefit Of Land Conservation

by  
Thelbert J. Hicks  
Soil Conservation Service

A Sunday afternoon drive through the countryside has long been a favorite pastime of millions of people. If you

are one of those who enjoy the drives to observe and marvel at the beauty of the green rolling hills and gala colored trees, you might like to say thanks to the good conservation farmers of Loudon County for their part in

making these drives more enjoyable. Why should one need to say thanks to these farmers. The Supervisors of the Loudon County Soil Conservation District and others working for conservation provides the

answer. Much of the credit should go to these people because the good pastures that add green to the scenery viewed by visitors did not just happen but are the results of good land use, management and conservation. The

**WATERWAY MULCHED** with straw in a recently seeded pasture field on the farm of B. Ray Thompson in the Marrel Community. Note the newly constructed lake in the background. Mulching of waterway prevents erosion

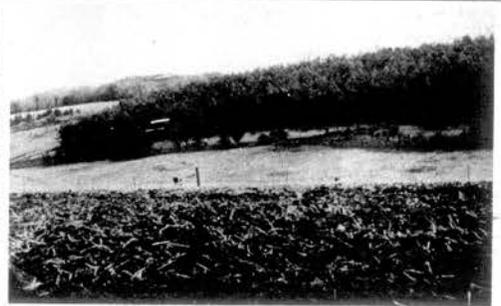

and conserves moisture while the grass grows big enough to protect the area. This will also protect the lake from sediment.

woodlands, the streams, ponds, and other attractions, both natural and man-made, also are important components of the scenic views and they too must be managed for best results. Beauty is but one of the many benefits derived from conservation. Lower prices for food and clothing and cheaper lumber for building can be listed as assets of conservation and modern agricultural technology. Beauty is many things to many people. It may be a pretty girl to some people, a pretty horse to others and still others regard a well-kept landscape as beauty.

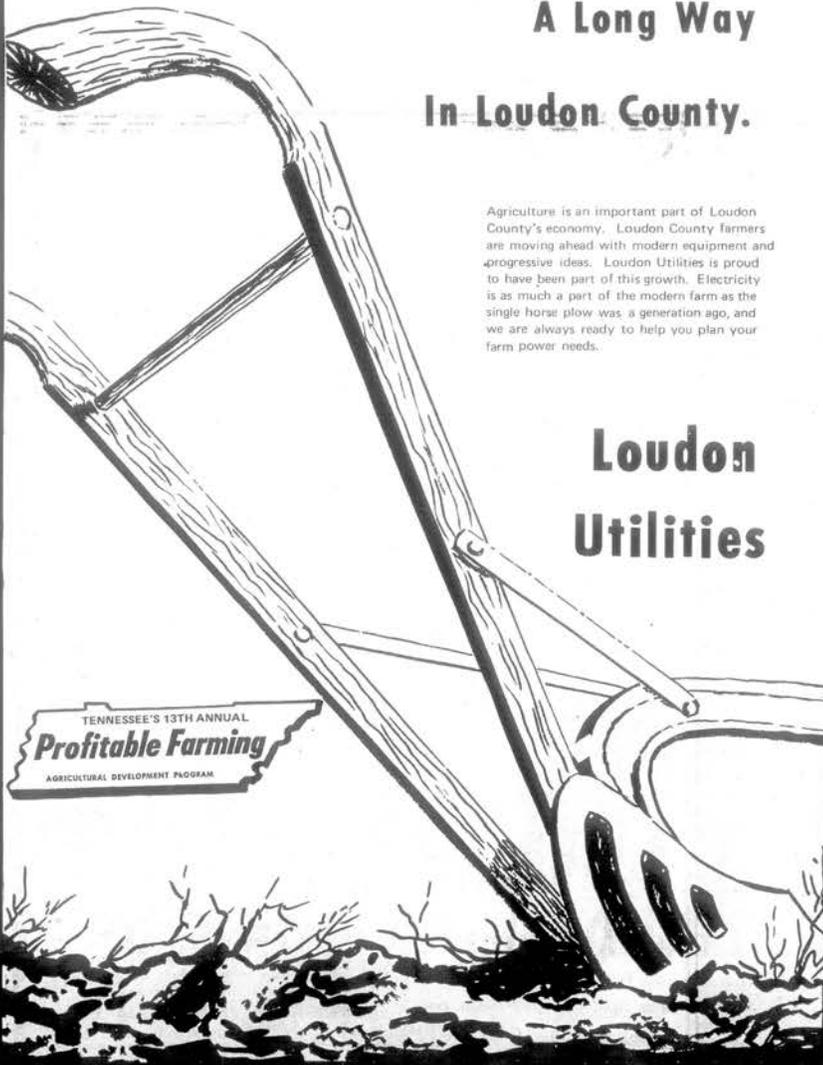

**MULTI-PURPOSE LAKE** constructed this year on the farm of Mr. and Mrs. Hugh Hickey in the Pond Creek

Community. They are using the lake for livestock water, fish production, recreation, and beauty.

**PROPER LAND USES**—Row crops on the level land in the foreground, loblolly pines on steep hill slopes, and pasture and hayland on the rolling land on the farm of Roy M. Brooks in the Greenback Community.

## Farming Has Come A Long Way In Loudon County.

Agriculture is an important part of Loudon County's economy. Loudon County farmers are moving ahead with modern equipment and progressive ideas. Loudon Utilities is proud to have been part of this growth. Electricity is as much a part of the modern farm as the single horse plow was a generation ago, and we are always ready to help you plan your farm power needs.

## Loudon Utilities

TENNESSEE'S 13TH ANNUAL  
**Profitable Farming**  
AGRICULTURAL DEVELOPMENT PROGRAM

## Soil Erosion-Pollution Source

by  
Thelbert J. Hicks  
Soil Conservation Service

The sediments eroded from soils are one of this country's most widespread and troublesome pollutants. Erosion causes serious damages to the places from which they came, and to the places in which they eventually come to rest. Soil erosion is a despoiler of environmental quality. Soil erosion pollutes the water, destroys fish and wildlife, fills our ditches, streams, street sewers, mars the beauty of the landscape, reduces yields or growth of plants, and many other damages. All of these damages cost the people or taxpayers more. Soil sediment is an example of a resource out of place. Soil conservation is the way to stop this damage.

Soil erosion can come from farmlands, roadbanks, new city developments or any place where soil and water conservation is not practiced. Quantitative soil loss estimates based on experimental data now can be made on most land conditions in Loudon County. Through the use of these soil-loss estimates it is possible to predict the probable soil losses for a area under different land uses with or without special conservation practices.

## Tobacco Crop Brings Farmers \$776,644 In County Last Year

The production of tobacco continues to be one of the major money crops in Loudon County. The 1972 marketing quota program for the county permitted the sale of 1,757,264 pounds of tobacco from 144 farms. The total sales show that 990,898 pounds were sold from 708 farms. With an average price of 78 cents a pound this means the crop brought \$776,644.90 into the county. Leasing tobacco quota has proved profitable for many farmers. This procedure permits growers of tobacco to lease from another farm owner the poundage quota that he will not use. Most leases are signed on a yearly basis but provisions permit the lease to extend over a longer period if each owner and operator of each farm desires. Rates for leasing are worked out between the two farmers and the lease must be signed by both producers in the ASCS Office.

## Farm Facility Loans Ease Problems Finds Cream Of Crop Through Beef Program

Farmers often experience problems in finding storage facilities for grain at harvest time and the use of the farm facility loan program of the Agricultural Stabilization and Conservation Program (ASCS) can help prevent this occurrence.

Five year term loans up to \$25,000 at a current interest

### Hay Crop Valued At \$50 Million

By Charles F. McCall Extension Leader

Tennessee farmers are producing about 50 million dollars worth of hay each year. This hay is used to feed our growing number of beef cattle and horses. Many tons of the hay are also being eaten by dairy cows even though silage feeding has increased very rapidly on most dairy farms.

About two million tons of hay have been produced each year for the last few years and with a value of \$25 per ton.

How much hay is two million tons? Using a standard 30-inch bale length and 40 bales per ton, two million tons of hay stacked end to end would build a wall from Bristol to Memphis which would be 73 bales high and 526 miles long.

In 1970, almost 1.1 million tons of clover-grass hay were produced from 700,000 acres. Farmers produced about 600,000 tons of lespedeza hay from 300,000 acres and 150,000 tons of alfalfa hay from 50,000 acres.

The acreage of alfalfa for hay is slowly increasing. This high quality hay crop is very important in dairy cattle rations and has outstanding qualities in producing high milk yields.

Several new hay-making machines are now on the market and are being tested by U-T. With the shortage of labor, it appears that there will be additional changes in the hay-making process within the next few years.

rate of approximately 5 percent are available to farmers producing commodities eligible for support. Application should be made at the county office which maintains the record for the farm to which the loan application relates.

On farm storage has several advantages for producers. To begin with, it gives them more flexibility at harvest time. They can save field losses by harvesting when the crop is ready. With on-farm storage, they can stretch the marketing period for their crops, using a support loan to help carry them through. Producers with ample on-farm storage are not completely at the mercy of such events as transportation, depressed markets, and scarcity of commercial storage space.

All structures and equipment must be new, with the exception of that purchased from the Commodity Credit Corporation.

Farmers who produce a commodity eligible for support loans, and who need the proposed on-farm storage facility or drying equipment, are eligible for loans. Storage needs are determined on the

basis of one year production of the eligible crop. Complete details about the farm storage and drying equipment loan program are available at the County ASCS Office.

### Green Thumb Tips

Want a quick, temporary hedge in your garden? Kochia, or burning bush, is a fast growing foliage plant resembling an ornamental evergreen.

But the remarkable advantage is that it can be easily grown from seed to form a lovely hedge three feet tall. In fall, it turns red and is killed by frost, but while it lasts, kochia makes a beautiful background for flowering annuals.

Young cactus plants regularly sell for a dollar each, but did you know that they are fun and easy-to-grow from seed, and a 50 cent packet will grow dozens of different kinds? Cactus like a sandy starting soil, and a little patience, since the seed is sometimes slow to germinate, but it's a fascinating sight to observe the baby cactus sprout perfectly formed from those tiny inexpensive seeds.

### Beef Program

By Charles McCall Extension Leader

One of Loudon County's beef producers has been searching for steady growth and soundness through the Tennessee Beef Cattle Improvement Program. On the Sa-Arabet Farm, Dr. Sam Harrison with Registered Charolais and Commercial Cattle, there has been a constant search for the cream of the crop. For example the Sa-Arabet Farm has three Charolais Bulls in the University of Tennessee Bull Test Station. These bulls have lifetime gain of 3.06, 2.73, and 2.89 respectively per day of age. These bulls on 140 day test in the U.T. Bull Test Station gained 4.19, 3.15 and 3.89 per day. This is an average for all the bulls on test.

The main objective of Sa-Arabet Farms is to improve the productivity of their cattle. The selection producers are based upon accurate records. All bulls were treated the same and weighed at 28 day intervals.

This is an example of how any farmer can raise the genetic potential of their herds. By so doing, they increase their potential for profit. This is one of the primary benefits that

Sa-Arabet Farms and others can gain from taking part in the program. Cream has always enjoyed a premium over whole milk likewise, those who are

participating in the Tennessee Beef Cattle Improvement Program are getting this premium. Those in Loudon County enjoying the Cream are Edwin D. Beyerly, Lamar

Franklin, Sweetwater Valley Farm, and John W. Cardwell. This program is beyond the experimental stage and is an accepted tool in profitable beef cattle management.

The beef industry is an important part of the economy of Loudon County. Realizing this the Bank of Loudon County has recently purchased six high performance Angus Bulls that are available to lease to any beef producer in Loudon County.

We have entered this program to help the producer increase his quality of beef production, give him a better return on his investment and save the high cost of a high performance record bull.

J. Y. McNabb, manager of the Loudon Branch of the Bank of Loudon County, will be happy to give you the details of this program, which has already become very popular with members of the Loudon County livestock association. Mr. McNabb can be contacted in person at the bank or by calling him at 458-4636.

# Profitable Farming

AGRICULTURAL DEVELOPMENT PROGRAM

## Bank Of Loudon County Offers Producers Bull Leasing Program

Just recently a bull leasing program was started in Loudon County. Purpose of this program is to upgrade the total beef program in Loudon County. This program was made possible by the Bank of Loudon County.

Farmers who lease these bulls from the Bank pay ten percent of the purchase price of the bull. The lease period is for six months with an option to lease the bull for another six months or may purchase the bull less depreciation. There are, of course, some things that are expected of the farmer. He must feed and care for the bull during the time of the lease. The recommendations are not to breed the bull to more than 25 or 30 cows. The bank, of course, will inspect these bulls during the lease period to see that the farmer is carrying out the practices stated in the lease.

Why should the farmer be interested in bulls. Bankers have always been interested in Agriculture. By upgrading the beef cattle industry in Loudon County, there will be more income to spend in the county by the farmers. Many of our farmers are in the cow-calf program selling feeder calves. Some, I'm sure, would like to be selling calves that grade Prime and Choice instead of Good and Odd Lots or Compacts. Also, we need to increase selling weights. Instead of selling 400 pound calves sell 500 pound calves.

The bulls on the leasing program that the Bank has purchased have the bred in ability to gain over two pounds per day. Twenty five percent of this gaining ability will be transmitted to his off spring.

Also, the grade of the calves will be increased. Some of those compacts and odd lots will go into the good and choice grades. This means more income for the farmers. In other words the producers in Loudon County can pocket profits by selling heavier calves.

Not only will these bulls with the ability to sire fast growing calves help increase weights. They also provide greater genetic potential for those better replacements.

Extra profits are available to any producer in Loudon County who thinks, plans and acts to produce heavier calf to sell at weaning time. For information on the Bull Leasing program call Mr. J.Y. McNabb at the Loudon Branch Bank of Loudon County or tour Agriculture Extension Office.

## Steps Outlined For Shade Tree Evaluation

The third method of evaluation is more complicated but still useful in many cases. This method takes into account the tree size, kind, quality of tree, and use of the tree in the landscape. The International Shade Tree Conference, Inc., assigned a value of nine dollars per square inch of trunk cross-section measured 4.5 feet above the ground. This gives a base value subject to being reduced by a certain amount for poor kinds of trees, trees of poor health, and for trees not so important in the landscape. By this method a healthy sugar maple ten inches in diameter that occupies an important landscape position would be worth \$706.50. At the same time a ten-inch box elder that is not so important in the landscape and perhaps of poor health would have an evaluation of only \$22.88.

The second method of evaluation and the only one the Internal Revenue Service may accept is based on the value of property before and after removal of trees. Evaluations are to be made by real estate appraisers.

## Good Production Steps Can Boost Soybean Average

While the average soybean yield per harvested acre in Tennessee over the past 10 years has remained essentially at 21 to 24 bushels, research has shown that yields of 40 bushels or more are possible if good production practices are applied.

If the soybean grower is striving for higher than average soybean yields, the following production practices will improve his chances of achieving his goal:

Soybeans should be planted on moderately deep in deep soils that have adequate drainage and that have a high moisture supplying capacity. Varieties should be used that are resistant to soybean cyst nematode and phytophthora rot where these pests are a serious problem. Maximum yields usually are obtained from plantings made about the middle of May. (Late planting can reduce yields as much as five bushels.) Soils in which soybeans are to be grown should be limed and fertilized in accordance with soil test recommendations. Liming alone can increase soybean yields by as much as 20 bushels. Both mechanical and recommended chemical weed control practices should be used. Heavy cocklebur infestations can reduce yields 30 to 40 percent. Combines should be carefully adjusted and properly operated. (A loss of eight soybeans per square foot is approximately two bushels per acre.)

Soybeans are big income producers in Tennessee, but if the average yield of soybeans could be increased just three bushels per acre it would increase the Tennessee soybean producers income \$10 million.

YOU CAN CONTROL lice and grubs on your cattle by following simple pour on methods like the farmer in this picture. Every time you sell an animal that hasn't been treated, you pay for it.

### Face Fly Control Urged For Greater Livestock Returns

by Charles McCall Extension Leader

Control of the face fly, one of Tennessee's costly livestock pests, will add to returns through greater production of milk or beef.

The face fly, resembling an oversized house fly, has distinguishing habits that provide a practical method for identification in the field. It swarms about the head of an animal, alighting in and around the muzzle, nostrils, and eyes, causing profuse tear formation. It feeds on the mucus of eyes, nose, mouth, and on blood oozing from insect bites and open cuts. The face fly itself does not bite.

Irritation resulting from fly infestations may cause cattle to huddle or seek shade and refuse to feed. The irritation interferes with normal grazing, thus decreasing milk and beef production. It may also spread pinkeye and certain other eye diseases.

Use a 0.5 percent Vapona syrup hair spray on the forehead of the animal. Use a plunger-type hand sprayer, one to two feet from the cow's head. Apply about one-sixth fluid ounce in a coarse-droplet cone. Make applications in the mornings. After a week's daily use of Vapona, reduce treatment to every other day. Vapona liquid dries rapidly loose strength. Purchase only fresh baits and do not store for lengthy periods. It is preferable to buy dry Vapona baits (concentrations of less than 1 percent of the insecticide in sugar) and add water the day before application.

To control face flies on beef cattle, some fly reduction has been achieved by using backrubbers charged with Corral, Ronnel, or Clotrin in 1 percent oil. A 3 percent Clotrin dust used in dusting hags has reduced fly populations from 50 to 30 percent in tests in Tennessee. The bags must be placed so that the animals are forced to use them everyday.

PLANT NUTRIENTS-The three ingredients for producing hay and pasture-Nitrogen, Phosphate and Potash. By following good fertilization program, this can be accomplished.

CORN PRODUCTION in Loudon County can be increased by following the right practices. The corn in this picture is a good example of what you can do if you want to.

## Foodstuffs Are Bargain In Wage Comparison

by Charles McCall Extension Leader

Most foodstuffs, especially meat, have been an incredible bargain for decades. The increase in manufacturing and distributing costs have been the major cause of the difference in the price of meat today and 20 years ago.

The price of meat, measured as a percentage of take-home pay, has consistently become smaller as average family income has increased. Even in terms of dollars and cents, the average retail price of meat has increased only about 35 percent in the past 20 years while

GRUBS THAT WERE not controlled are shown in the carcasses. Notice the dark spots in the carcass in the left of this picture.

## Build Your Own Greenhouse With Durable Plastic

by  
Charles McCall  
Extension Leader

In the late thirties British scientists were successful in making a sheet film, better known today as polyethylene or soft plastic. With continuous refinement and improvements it was possible to develop a plastic suitable for use in greenhouse construction. In recent years this has become a matter of great interest in Tennessee. Polyethylene is relatively inexpensive and is adaptable for both small backyard or large commercial greenhouses.

A Polyethylene greenhouse will normally cost from 50 cents to \$1 per sq. ft. in construction, depending on how much labor you are willing to do yourself. This provides a grower an opportunity to enter the production business on a fraction of the cost compared to that of a few years ago when glass was the only available material used in greenhouse construction. It also provides the commercial grower an opportunity to expand an existing greenhouse operation to grow seasonal crops such as spring bedding plants or summer flower crops. In this case the house can remain unheated and unused during the off-season or cold winter months.

Tennessee greenhouse operators are finding that plants currently grown in glass greenhouses can be grown as well in plastic greenhouses. This accounts for the increase of plastics used in greenhouse construction in Tennessee in the past two to three years.

Although plastics have definite advantages, it must be realized that they also have disadvantages. They are not as neat and attractive as glass greenhouses. The plastic covers must be replaced each year for the non-ultraviolet resistant types and each two years for the ultraviolet resistant types. If the cover isn't anchored well around all edges, there may be danger of wind damage.

Barring a few disadvantages, you can have your own backyard greenhouse and grow your own flowers.

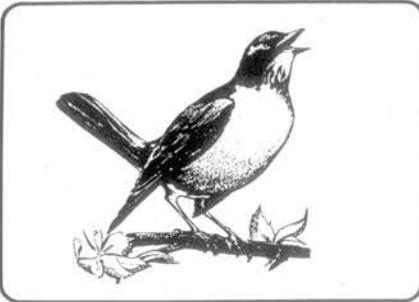

PLASTIC GREENHOUSES are very economical to build and popular with those who want to get started. Shown here with his 40 X 10 building is Mr. William Russell of Route 4, Lenoir City. He produces several thousand cabbage and tomato plants each year.

BEAUTY OF NATURE—Gamble Potter, retired Alcoa worker, converts rock garden into beauty, on the farm of Joe Henderson in the Greenback Community. Mr. Gamble planted flowers, vegetables, and shrubs on an area that is considered wasteland by most people.

### MANY HELP DURING FLOOD—

Not everything connected with the flood that did hundreds of thousands of dollars damage in the county last week was bad. As had been proven in other situations when people need help there are those in Loudon County ready and willing to help. Such was the case last Friday and Saturday.

Deserving top billing is the Loudon County Rescue Squad. Captain John Parris told us that about 30 men in the unit worked about 500 man hours during the period. Being in the thick of the activity ourselves, we know that these men reported direct to squad duty Friday afternoon, many getting off from work early just to help. Listening to police and rescue squad radio calls we figure these men completed about 60 missions ranging from cleaning out culverts to head off threatening waters, rescuing families trapped in houses, helping direct motorists away from potential danger areas, getting cars out of ditches, to pumping out basements of houses and businesses.

Civil Defense Director Ted Randolph, members of the Cumberland Presbyterian Church and First Baptist Churches, came to the rescue of many tourists stranded in Loudon after all highways were closed. Several women members of the CP church prepared dinner Friday night and breakfast Saturday for about 40 people who had no place to go. The men set up cots in the two churches, provided by the Civil Defense Director from the County Disaster Hospital, giving these people a place to sleep. One of the women said it was the most rewarding thing she had ever done and the tourists were very grateful for the help.

Time after time local residents went to the assistance of neighbors and friends whose property was threatened by flood waters.

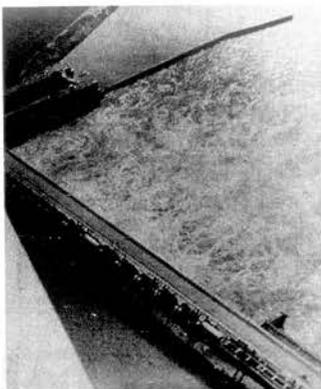

The local Chapter of the American Red Cross, as usual, began immediately to give financial assistance to some 27 families who suffered losses in the flood.

It all shows that some good can come from the worst situations.

We have tried in this issue to give a picture of the damage and problems caused by the flood. Our cameras took hundreds of pictures, both on the ground and from the air. We were only able to publish about 30 of them but believe they give a good cross section of the situation that existed in the county.

### More Flood Pictures

On Pages 12 & 13 . . .

**CHURNING WATERS**—Flood waters filled Fort Loudoun lake to the brim over the weekend and all the spillways on the dam at Lenoir City were opened creating this scene of water churning from Fort Loudoun to Watts Bar.

**HIGHWATER AT LOUDON**—The Tennessee River spilled farther out of its banks at Loudon during the weekend flooding than at any time since the Fort Loudoun Dam was closed more than 30 years ago. Above the normal

shoreline, a dot of trees on the Union Carbide side of the river and the South bank is completely gone from view. In the background "pearl harbour" and the Legion Field in Loudon are all shown underwater.

**GREAT LAKES OF PHILADELPHIA**—The small Loudon County town of Philadelphia looked like a map of the Great Lakes over the weekend as this aerial photo taken Saturday afternoon shows. When the picture was taken

the water had receded about two feet, but still several houses can be seen underwater. In all 25 homes were evacuated there because of the floodwaters from Sweetwater Creek.

**LITTLE T NOT SO LITTLE**—With the incomplete Tellico Dam in the foreground the Little Tennessee River is

spread more than twice its normal width. Fort Loudoun Dam is shown in the background with all spillways open.

## Philadelphia Hardest Hit, Churches Aid Tourists

Loudon County is one of 40 Tennessee Counties declared a Disaster Area by Governor Winfield Dunn resulting from the biggest flood to hit the area in 40 years. More than seven and one-half inches of rain fell on the county last Thursday and Friday causing the Tennessee River and almost every creek in the county to spill out of their banks.

By early Friday it was evident that flooding would be widespread throughout the county. Before the rains ended all major roads through the county were closed; many homes and businesses were damaged, tourists were stranded, many county roads were badly damaged, and almost everyone in the county was directly or indirectly affected.

Philadelphia, under the effects of Sweetwater Creek, was the hardest hit area in the county. Some 23 residences there were underwater. In one case a mobile home was completely underwater and most homes had two or three feet of water inside. Bar Knit Hosiery Mill reported two feet of water in the mill.

The Loudon County Rescue Squad started to work early Friday. Squad Captain John Parris said that about 30 men worked almost continuously all day Friday, all night and until late Saturday morning, answering distress calls and helping reroute traffic around closed highways.

Highway 11 at Philadelphia was under eight feet of water from Friday afternoon until about 3 p.m. Saturday. Highway 72 from Loudon to Vonore and in Kingsport was closed for the same reason. During the day almost every highway leading into and out of the county was closed. This kept many people working in the county from getting home and those working out of the county from getting back.

Tourists presented a big problem to law enforcement officers. Finally all traffic headed South was stopped at Lenoir City, sent across State Route 95 to 411 and then on South. All motels in the county were filled to capacity by mid afternoon Friday and operators reported that people begged for places to stay.

County Civil Defense Director Ted Randolph and members of the Loudon Cumberland Presbyterian Church and the Loudon First Baptist Church came to the assistance to about 40 travelers, mostly from Canada and Ohio.

The two churches opened their doors to the travelers who found themselves stranded with no where to go and no place to sleep. The women of the Cumberland Presbyterian prepared dinner at the church fellowship hall and fed all that came. The men, with help from the Rescue Squad, took cots from the Civil Defense Disaster Hospital and turned Sunday School classrooms at the two churches into bedrooms for the travelers. The next morning they were also given breakfast by their hosts. There were also reports that many people opened their homes to persons stranded here.

At Loudon water covered several streets including sections of Highway 11. Flood waters from the Tennessee River, about 20 feet higher than normal, and from Steekee and Sweetwater Creeks caused most of the problems. About five homes were heavily damaged and evacuated in Loudon.

Legion Field in Loudon was completely covered by about five feet of water. Several house boats in a cove just off the river broke loose and had to be rescued before they got into the swift moving water in the Tennessee River.

The Loudon Fire Department and Rescue Squad helped several businesses and homeowners pump water from their basements. Many people lost their heating systems when the water got into furnaces. Telephone,

electric, and water system employees had all the work they could handle restoring service knocked out by the rains and flood waters.

Several hundred homes and two schools served by the Piney Utility District at Loudon were without water after overflowing water from the District's spring damaged facilities at the pumping station. Steekee and Davis Schools were closed for this reason. It was reported that the system would be back in full operation by midweek.

A large crane at the construction site of the I-75 bridge below Loudon was completely swallowed up by the rising water. More than two dozen Armored Personnel Carriers belonging to the National Guard were completely covered by water. The APCs were being kept at the old Loudon Drag Strip and are used in field training exercises by area National Guard units. It was reported that it would take several weeks to get all of them back into operation.

Jenkins Hollow at Lenoir City was another major trouble spot during the flooding. Many homes in the area were damaged, small buildings washed away and cars covered by waters. Five families there were rescued by Rescue Squadsmen.

Mrs. Walter Bobb, head of the Loudon County Chapter of the American Red Cross said 22 families at Philadelphia and five in the Jenkins area will receive Red Cross disaster assistance. A disaster representative of the Red Cross had opened a headquarters in Philadelphia Monday and began giving emergency financial assistance. Mrs. Bobb said the 1965 flood resulted in 14 families receiving emergency assistance, pointing out the almost twice as many were affected by last week's flood.

Loudon County Judge Harvey Spruell said there was almost no way to give an accurate estimate of damage in the county, but the dollar figure would be considerable. He pointed out that many county roads were heavily damaged by the waters and he was hoping that federal disaster funds would be obtained to help repair them.

The flooding was said to be the worst in 30 years, which was prior to the establishment of the TVA flood control system. TVA officials at Fort Loudoun Dam said that at times water got to within a foot of the top of the dam and all spillways had to be opened, letting lose 60,000 cubic feet of water per second downstream. All along the river record high water levels were reported. TVA reports that the water level below the dam was raised some 20 feet above its normal level.

The Gas Walker Supermarket in Lenoir City had to be closed after a mud slide broke through a retaining wall behind the building sending tons of mud into the back of the store. Large freezers and refrigeration equipment were damaged and walls in the back of the store gave way under the pressure of the slide.

There were also many mud slides on roads and highways which kept state and county roads crooked busy all day Friday and Saturday.

Four cars at Shubert Motor Sales fell victim to waters that swept across Broadway in Lenoir City after leaving creeksbanks there.

In asking about floods before the TVA days one man said he can remember flood waters getting up into the courthouse, but most were quick to say last week's flood was the worst they can remember since the TVA dams were built. TVA said they did not know how much difference it would have made if the Tellico Dam had been completed. The flow of the Little Tennessee had been checked but that their engineers were working on an answer. Near the mouth of the Little Tennessee the river was five or six times as wide as normal.

MAR 22 1973

# Loudon County Herald For and about Women

## West-Kincer Wedding April 13

Mr. and Mrs. James W. West, Jr. of Rt. 3, Loudon announce the engagement of their daughter, Betty Kathryn, to Kenneth Ray Kincer, son of J.C. Kincer of Lenoir City Rt. 2 and the late Mrs. Kincer.

The bride-elect is a Lenoir City High School graduate and an Occupational Therapy Assistant School graduate. She is employed by Eastern State Psychiatric Hospital.

The groom-to-be is also a Lenoir City High School graduate and attended Hiwassee College. He is employed by T.V.A. at Watts Bar Nuclear Plant.

The wedding is planned for April 13, 7 p.m., at New Providence Baptist Church. Friends and relatives are invited to attend.

parents, Mr. and Mrs. Ray Birkholz.

Mr. and Mrs. Milton Oran of Sweetwater visited last Friday with her grandmother, Mrs. Ed Hodge.

Mr. and Mrs. Fred Harold and Mr. and Mrs. Fred Atkins visited Sunday with their aunt, Mrs. John B. Kirkland in Knoxville.

Mrs. Larry Hooker and children and Mrs. Minnie Kirkland visited Sunday with Mr. and Mrs. Maynard Thompson and family and Mr. and Mrs. Ralph Thompson and family in Sweetwater. Paige Thompson returned home with her grandmother, Mrs. Kirkland, for an overnight visit.

Mr. and Mrs. J.W. Hamill, Linda, Joey and Scotty of Nashville were the overnight guests last Wednesday of Mr. Hamill's mother, Mrs. Joe Hamill. Also visiting Mrs. Hamill Sunday were her daughter, Mrs. Cecil Cook, Mr. Cook, Terry and Keith of Lenoir City.

Mr. and Mrs. James A. Chaney spent the weekend with their son, Freddie, at the University of the South in Seawane. While away they also visited Mr. and Mrs. Fredrick DeFord and Steven in Manchester.

Jimmy Greenway, a student at Tennessee Wesleyan College in Athens, spent the weekend with his parents, Mr. and Mrs. J.E. Greenway.

John Rose left Friday by plane for Carlsbad, Calif. for a visit with his sister, Mrs. Arthur McGinley and daughters.

Miss Ginger Crabtree, a student at TTU in Cookeville, is spending Spring break with her parents, Mr. and Mrs. Harscy Crabtree.

Mr. and Mrs. Joe Holdridge of Knoxville visited Sunday

with his mother, Mrs. H.F. Holdridge.

Rev. and Mrs. W.H. Horner had as guests last Thursday Mr. and Mrs. Joe Tibbo of Doolap.

Mr. and Mrs. Gilbert Tuttorow of Hagerstown, Ind., Mr. and Mrs. Charles Tuttorow, Todd and Jody of Indianapolis, Ind. and Mr. and Mrs. Arthur Bivens of Lenoir City were weekend guests of Mrs. Minnie Wilson and Mrs. Thelma Coffelt.

Mr. and Mrs. Osborn Smalling of Lenoir City and Mrs. George Smalling were the dinner guests Sunday of Mrs. Walter Rulon.

Mrs. Charles Haun of Knoxville visited last Thursday with her mother, Mrs. Maude Miller.

Those from out of town who attended the funeral last Tuesday of Mrs. Clara Yates were Mrs. Grace Blevins, Mr. and Mrs. Glen Valentine, Odys Yates and family and Mrs. Florence Townsend, all of Maryville.

Bill Patton of MTSU in Murfreesboro, spent the weekend with his parents, Mr. and Mrs. William C. Patton.

Mr. and Mrs. Hugh Pulford and sons have returned to their home in Mobil, Ala. after a weeks visit with her parents, Mr. and Mrs. George Young.

The children of Mrs. John Smallen of Poplar Springs honored her with a surprise birthday party last Thursday, March 15.

Rev. and Mrs. Charles Earls and Becky of Strawberry Plains visited here Saturday with friends.

Mrs. Roy Sherrill is a patient at Loudon County Memorial Hospital.

Mr. and Mrs. Charles Hall and family of Madisonville visited Sunday with her parents, Mr. and Mrs. Fred Arden.

Bill Miller of Newport News, Va. spent the weekend here with relatives.

Dr. and Mrs. H.M. Russell flew to Radford, Va. Sunday, where Dr. Russell was guest speaker at the United Methodist Church here.

Mr. and Mrs. Larry Thompson of ETSU in Johnson City were weekend guests of her parents, Mr. and Mrs. Hankin Blankenship.

Mr. and Mrs. John Craig spent the weekend with Mr. and Mrs. Roy Russell in Chattanooga.

Mrs. Blanche Green of Philadelphia visited Sunday with Miss Rachel Huff.

Andrew Hamilton of Cherokee, N.C. spent the weekend with his mother, Mrs. Jack Hamilton.

Mr. and Mrs. G.G. Sherrill spent the weekend in Memphis. While there they attended the wedding of Norrie Curtis and Debbie Roberts.

## Duckworths Mark 25th Anniversary

A 25th Wedding Anniversary reception will be given in honor of Mr. and Mrs. Boyd Duckworth, Sunday, April 1 from 2 p.m. to 5 p.m. The reception, given by their son and daughter-in-law, Mr. and Mrs. Arthur Lee Giles and grandson, Art, will be held at the Duckworth's home in Philadelphia. All friends and relatives of the couple are invited to attend.

Mr. Duckworth attended Sweetwater school system and served in the Navy for seven years. He is a Sales Representative for Dudahy Company. He is Past Master of the Masonic Lodge No. 425

in Philadelphia, Past Grand Master of Tennessee of the Independent Order of Odd Fellows, member of 5156 VFW Lodge in Sweetwater. He is a city alternate of Philadelphia, a member of Loudon County Court, and a member of Philadelphia Baptist Church. He is the son of the late Boyd Duckworth of Athens and Mrs. George Johnson of Sweetwater.

Mrs. Duckworth attended Loudon schools and Venable High School. She is also a member of Philadelphia Baptist Church. She is the daughter of the late Mr. and Mrs. Marshall Giles of Loudon.

The couple was married April 3, 1948 in Chatsworth, Ga. with Rev. J. W. Dooly officiating.

## Philadelphia Personals

Dr. and Mrs. Albert Griffiths were in Maryville last week for the spring vacation from Huntingdon College in Montgomery, Ala. They visited the Griffiths family here last Friday.

Miss Mildred Bellamy, a social worker from Sevier County, was a guest at the Wesleyan Guild meeting last Monday night at the home of Mrs. John Neese. She showed slides of her work for the twenty members who were present.

Mr. and Mrs. John Everett, Sr. were weekend guests of Mr. and Mrs. John Everett, Jr. and sons in Chattanooga to celebrate the birthdays of the twenty members who were present.

Tim Thompson left last Wednesday to spend the spring vacation from UT with his parents Mr. and Mrs. David Thompson, Sr. and Kim in Brentwood.

4-H'ERS PARTICIPATE IN DISTRICT PUBLIC SPEAKING CONTEST—(left to right) Roger Goddard, Teresa Goddard, and Linda Raulston of Greenback, represented Loudon County at the District Public Speaking Contest, Saturday, March 9. Roger and Linda received red awards. Teresa was chosen as a District winner and received a purple ribbon and a trip to Nashville for the State Event at State 4-H Congress, April 8-10.

MAR 22 1973

**HOTCHKISS VALLEY**, as seen from the living room window of the late Dr. Charles Morgan of Loudon is the subject for this watercolor painting presented to the Loudon County High School Library by the Loudon County Arts Association. Viewing the painting, from left, are Mrs. Morgan, her son, Bill Morgan of Knoxville, the artist, Mrs. Arlene Goff of Knoxville, William Napier, principal of the school, and Mrs. E.C. Swenson, president of the Arts Association.

## Painting Given Loudon High In Memory Of Dr. Morgan

A watercolor scene of Hotchkiss Valley as seen from the living room window of the late Dr. Charles Morgan of Loudon was presented last week to the Loudon High School library in a special assembly program.

The painting, rendered by Mrs. Arlene Goff of Knoxville, was given in memory of Dr. Morgan by the Loudon County Arts Association. Mrs. E.C. Swenson, president of the association, made the presentation. Principal William Napier received it on behalf of the school.

The Arts Association commissioned Mrs. Goff to do the painting, which features a scene of the Valley

overlooking the graceful curvature of Watts Bar Lake. The landscape view was a favorite of Dr. Morgan, who founded and served for several years as general manager of the Arts Association.

Among those attending the program were Mrs. Morgan and her son, Bill Morgan of Loudon, as well as the artist, Mrs. Goff.

Mrs. Goff, who majored in fine arts at the University of Tennessee, began her painting career doing portraits in Knoxville. Most recently, she has studied watercolor painting in Mexico. She is a member of the Knoxville Watercolor Society, the Tennessee Water Colorists and the Southern Highland Craftsman's Guild.

The artist has taught painting classes for children and adults for the past 12 years, both on a private basis and at the Knoxville YWCA and at Rechenbach's Studio in that city.

Mrs. Goff recently won a \$400 purchase award from the Water Colorists in Memphis and another purchase prize from a Fall Creek Falls

exhibition. During the presentation at Loudon High last Wednesday, she talked about the painting, explaining the uses of water colors, oils, acrylics and other media.

Dr. Morgan, former publisher of the Loudon County Herald, with his son, Bill, serving as editor, spent a lifetime in the field of education. He last served as development officer at Berea College before returning to Loudon for his retirement home.

The Arts Association, which he founded, is an organization dedicated to sponsorship and promotion of the arts in Loudon County. One of the group's first projects was the presentation of the historical pageant "Death of a Nation," which Dr. Morgan wrote and produced. Mrs. Morgan served as director.

## Your County In Action

BY  
**Harvey L. Sproul**  
LODNON COUNTY JUDGE

The events of this past week were somewhat more than devastating.

At the time I write this, we still do not know the total extent of the local damage, and as to just how all of this flood will fit into the historical picture of floods.

But, it is clear that this was somewhat of a test for our local ability to handle emergency situations.

I have not yet heard of any lives lost in Loudon County as a direct result of the water and flood, but all of us are aware of incidents that occurred wherein it would have been very possible for someone to have lost their life.

Sometimes we forget how vulnerable we are to sudden emergencies and catastrophes, and this last week end only brings home to us how suddenly something can happen.

**THANKS TO ALL WHO HELPED**  
I was very proud of the way we were able to handle the emergency in this County, and

With conditions as they were, all of our motel facilities were rapidly engaged on Friday afternoon, and this was apparently true throughout our entire area.

**CHURCHES HELP**  
This left a number of people who did not even have a place to stay for the night, and with there being great speculation and possible danger in attempting to proceed on to their destination.

An example of how our citizens stepped in to fill a great need is illustrated by the Loudon Cumberland Presbyterian Church, which provided between 30 and 40 people with a place to stay Friday night, when it looked like there was no other place for them to go.

Apparently the Cumberland Presbyterian Church, when it was apparent that there were going to be people stranded in this County overnight with no place to stay, under the leadership of Squire J.J. Blair, Mr. and Mrs. Rex Burnett, Reverend Jack Ferguson, the Alexander families, and other Elders and Church members of that Church, got the word to our Civil Defense and Rescue authorities and the police, that they would have the Church open.

When I went by later on in the evening there were many visitors from out of State who were present and very thankful for the Samaritanism of

this Church and its people. They had meals, coffee, refreshments, and fellowship.

Also the Loudon First Baptist and the Loudon Methodist gave shelter to travelers.

I am sure there were many other incidents of the same kind of concern for our

fellowman that was shown by our people and Churches, etc. throughout the County.

**EFFECT OF TELlico?**  
I have heard several people comment that this flood was certainly a vindication of TVA's contention that the building of the Tellico Dam would double the storage

capacity of Fort Loudoun Reservoir, thereby affording downstream property with particular reference to Chattanooga, substantial additional protection from the possibility of major flood.

Of course, no matter what else is said about the Tellico Project it now appears if the Tellico Reservoir had been in place, it would have saved millions and millions of dollars of damage in the Chattanooga area.

I expect to see much comment concerning this contention in the next few weeks.

**FLOOD INSURANCE**  
You may have noticed it in the paper, but we have been working for some weeks now on getting the entire County (except for the cities which are separate entities) eligible for Federally-subsidized flood insurance.

We are able to do this in this County because Loudon County has been zoning regulations, which is a prerequisite to this type flood insurance.

The County Planning Commission for several weeks has been working toward getting Loudon County approved for Federal Flood Insurance benefits. Thursday night the Planning Commission passed the last necessary Resolution, but there is still some necessary work to be done in evaluating each structure located in the flood zones in the County.

So this will not be effective for this flood, but it is something that might be helpful in the future.

Because we would not be able to even attempt to qualify for this program if we did not have County zoning, this illustrates how planning for the future helps.

**DISASTER DESIGNATIONS**  
It looks as if it will be several days before we know whether the affected Counties in Tennessee will be designated by the Governor's

**FAMILY LEFT HOMELESS**—Mr. and Mrs. Tommy Minney and their four young children were left homeless when fire destroyed their rented home on Steeple Road about midnight Friday. The family had been to a laundromat when they returned home to find the two story house in flames. The house located on the farm of Mr. and Mrs. Arthur Fowler was more than 100 years old. Despite efforts of the Loudon Fire Department and the Loudon County Rescue Squad, the house and all the families belongings were destroyed.

request as disaster areas. If designated, then it may be several weeks before the damage will be evaluated and relief obtained.

Those persons who know of damage to roads and bridges, and to private property and businesses should report that to my office, and more specifically to Ted Randolph and W.L. Bosler the Director and Assistant Director respectively of our Loudon County Civil Defense Department.

The Loudon County Spelling Bee will be held Friday, March 23, at 7:30 p.m. in the Loudon High School auditorium. Each grammar school in the county will be represented with two contestants.

The spelling bee is sponsored by the Loudon County Teacher's Association. The winner will receive a prize of \$25 and a set of World Book encyclopedia for his school.

## Stafford Seeks Public Opinion

State Representative Benny Stafford this week said there are a number of matters coming before the State Legislature that he would like to know the feelings of Loudon Countians before deciding how he will vote on the issues in the current session of the state law-makers.

Below is a questionnaire with 19 items Mr. Stafford is asking for a yes, no or undecided comment on. After marking the questionnaire readers are requested to mail it to the address listed at the bottom of the questionnaire.

DO YOU FAVOR	Yes	No	Undecided
1. Capital punishment			
2. Allowing twin trailer trucks on Tennessee Highways			
3. Retention of the 5 percent sales tax that expires June 1, 1973 (produces \$60 million)			
4. A 5 percent across-the-board pay raise for public school teachers			
5. A statewide public kindergarten system			
6. Compulsory no-fault automobile insurance			
7. Popular election of all judges			
8. Periodic re-examination of automobile drivers			
9. A statewide system for periodic automobile inspection			
10. Sales tax and property tax rebates for persons with incomes less than \$6,500 annually ("circuit breaker")			
11. A state income or payroll tax			
12. Horse and/or dog racing in Tennessee			
13. A state-operated lottery			
14. State housing authority to facilitate low- and middle-income home construction			
15. Press privileges to protect sources of information			
16. A state minimum wage law			
17. Legislation to remove habitual traffic offenders from the highways			
18. Regional correctional facilities			
19. Allowing state and local employees to join labor unions

Six Seniors, Six Juniors, And Sophomore

# 13 Named To All Loudon County Basketball Team

## Speaking of Sports

By DANNY GIBSON  
Sports Editor

The Loudon County Herald's All County Basketball teams for the 1972-73 season is featured this week. The six man, seven girl squad is made up of six seniors, six juniors, and one sophomore accenting the best hoop talent from Loudon, Lenoir City, and Greenback.

Tim Cunningham, a 6'5" senior from Lenoir City, carries the top individual laurels among the boys. The hard playing Panther was a preseason pick of one of the top 25 college prospects in the state. Tim finished in the best 15 players of Tennessee making the All District Team, All East Tennessee, and Third Team All State. Tim was a member of the 1971-72 All Loudon County team. He averaged 16.4 points a game this winter and was instrumental in the Lenoir City's elite play in District Seven.

Loudon's eleventh hour hero, Mike Messamore, shares a top spotlight with Cunningham. The 6'5" senior marksman guided Loudon to a better than expected 17-15 year and a runner-up spot in the District Eight Tournament. Mike, supporting a 16.0 season average, was named to

this year's All District team. All East Tennessee unit, and the All Region five. Messamore is also a returning All County performer.

Greenback's Larry Ritchey, a nifty 5'10" playmaking guard, rounds out the best three of the county. The hustling Ritchey is a first year man on the All County team with a tremendous senior season. Larry was named to the All District team, and also made the All District Tournament team. His 18.3 season average was the second best in the District and torpedooed Greenback to their best season record in a decade.

Rounding out the boys team is Lenoir City senior guard Doug Williams, who supported an 11.0 average and was one of Coach Willie Joe Smalley's more consistent performers. The 6-foot-6er excelled on connecting from long range and playing a tight defense.

Greenback's promising junior pivotman Bill Joe Kyker with a 15.3 season average and leading rebounder for the Cherokees team makes his appearance on the team for the first time. Kyker had several big games for Greenback with high scoring marks of both offensive and defensive play.

Loudon's William Cansler breaks into the All County elite as the lone sophomore. The high jumping Redskin player averaged 13.6 points a game and 12 rebounds in developing into one of Hugh Watson's more outstanding players. Cansler a tremendous jumper excelled at both the high post and as an occasional forward. On this year's girls team Marietta Blackburn,

the Blonde Bomber, returns as a junior. The wires were averaged nearly 32 points a game for Lenoir City and paced her team to the District Seven Championship and the Regional play. The third best individual scorer in the State, Miss Blackburn also stood out as a team player with numerous assists to her credit which provided Lenoir City with its first 20-game girls' winner in the school's history.

Mari Beth Hammonree, senior gunner from Greenback, again joins the All County sextet. Mari Beth averaged over 25 points a game for the Cherokees and was a member of the All District team this year.

Marilyn Smith and Jane Shubert of Loudon's high spirited Lassies complete the offensive end of the All County team. Smith, who barely missed the team as a sophomore, averaged better than 17 points a contest and featured some of the best one-on-one maneuvers of any one in District Eight play. Marilyn made the All District team this year also.

Miss Shubert, posted a 14.1 scoring average and hit in the high 20's and 30's on occasions during the year. An excellent foul shooter Jane

had 97 assists for the campaign and is making the All County team for the first time.

Gloria Brown, senior defensive ace of the Loudon team, leads the guards on the team. Miss Brown wrapped up her senior year with 168 rebounds and 98 gains of loose spheres. Named to the All District team, Gloria will be remembered for a long time as one of the all time premier girl hoop stars at Loudon High School.

The Lenoir City performers Janet Leeper and Dianne Dunlap join Brown on the defensive end of the team. Miss Leeper a junior returnee to the All Loudon County hoopers, made the All District Team and the All Region Team. A rugged rebounder and defensive hawk Miss Leeper figures to be every bit the top guard in the District by her senior season.

Miss Dunlap a hundred-percent plus athlete for the Panthers, is one of the more consistent guards in the area. Dianne fails to impress the normal fan but to check her game for game stats makes her a real competitor who gets the job done and without much fanfare. Dianne is making the All County team for the first time. She is a junior also.

# Cleveland Boys And Girls Sweep Quarterback Elementary Tourney; Philadelphia Girls And Steekee Boys Capture Class "A" Title

The Philadelphia girls ran their season record to 19 wins and no defeats Monday night in romping to a 35-18 decision over Cedar Valley in the "A" division finals of the Loudon Quarterback Elementary Invitational Tournament. The Philadelphia lassies, coached by Jim McNabb, have now stored away championship trophies in regular season play and through two post season tournaments with out a loss.

Bernadette Locke, named the outstanding offensive player of the "A" girls, led the Philadelphia victory with 19 points. Philadelphia raced to a 13-6 halftime lead and out shot Cedar Valley 22-12 in the second half to register the win. Cedar Valley was sparked by Henry with eight points.

The runner-up Cedar Valley sextet pulled a surprise upset in the semifinals to reach the finals by downing Union 27-22. The Cedar Valley team had to overcome a 22-11 halftime deficit to win going away. A 10-4 fourth quarter advantage by Cedar Valley insured their victorious play. Henry again was the top individual for Cedar Valley with 15 points.

Fox and Merriman were best for Union netting 12 and 10 points respectively.

The "A" division boys title was won by Steekee 38-34. Union Elementary of McClain County was the victor. The loss marked the second straight year that Union boys have finished second in the tourney.

The championship quintet had to weather an overtime period to notch the triumph. Union, which had trailed from the start, rallied in the final frame to knot the count at 30-30 only to again fall back under the Steekee hustle.

Kenny Starrilt led the win with 10 points, but was supported by a balanced scoring cast of Sam Therap, Terry Bowers, and Freddie Starrilt collecting eight counters each. Terry Bowers was the big man in the overtime period with four of his team's eight points.

Rick Nease led Union with 14 points. Steekee and Union both won impressive semi-final games to reach the Monday night finals. Union used a 16-0 first quarter effort to defeat Philadelphia 49-25. The Philadelphia Warriors

STEEKKE COPS QB TITLE—Steekee Elementary had to use an overtime period to bounce Union of McClain County for the "A" title in the Seventh Annual Quarterback Tournament. Pictured for Steekee from left to right front row: Danny Isbill, Kenny Starrilt, Henry Purdy, Freddie Starrilt, Terry Bowers, and manager Charles White. Second row left to right: Coach Larry Bridges, Steve Schrimsher, Terry James, Sam Therap, Denny Lettman, and Randy Viars.

regrouped to draw with in live of the winners at 24-19 to close the third canto, only to be out scored 16-6 down the stretch.

Randy Nease directed the winners with 13 while Philadelphia's David Rainin hit the hoops for 10 points.

Steekee on the other hand surged from a 12-30 first quarter lead over Fairview to enjoy lopsided second and third quarter advantages of 13-4 and 14-4 to coast to a 47-25 win. Freddie Starrilt propelled the Steekee scoring with 12 points. Agnew Moore was best for Fairview with 11.

Cleveland and Athens proved the superior teams in the "A" boys division. The two Monday night finalists ran unopposed into the championship bracket where Cleveland squeaked out a

come from behind 37-36 victory. Each team battled past two foes in gaining the championship playdown. Cleveland made its initial appearance of the tourney with a 36-18 blasting of Knoxville. Beardon Paul Davis (18 points), Gene Ware (15 points), and Sam Kyle (13 points) led the Cleveland victory parade.

Starrilt had 12 markers to lead Beardon. The Knoxville school trailed by a mere 25-20 at the half but failed to keep pace in the second half. Cleveland hung a 16-0 first quarter stopper on Mountain View en route to a 52-37 semi-final triumph.

Balanced scoring again proved the key to the win as Gene Ware shot for 15 points and was followed closely by Sonny Hicks with 15 and Paul Davis with 12.

Billy Stafford led all scorers in the game for Mountain View with 22 points.

FORMER REDSKIN HOOP STAR CALLS SHOTS—Former Loudon High School basketball star, David Williams, is still making impressions on the basketball court. The one time high scoring Redskin forward is now a very successful coach at Athens Junior High School. His team lost but one regular season game and finished second in both the Blount County Elementary Invitational and in the Loudon Quarterback Invitational.

PHILADELPHIA EXTENDS MARK TO 19-0—Philadelphia ran rough shod over the "A" division entries in the girls play of the Quarterback Tournament to win the championship. The Philadelphia sextet is now 19-0 for the season and the winners of the regular season Loudon County title, County Tournament Championship and the QB title. Pictured for Philadelphia front row left to right: Janice Wilkerson, Loretta Lynn, Sherri Hodge, Vanessa Schrimsher, Vickie Cleveland, and Jeanie Purdy. Second row left to right: manager Sandra Gae, Beverly Barr, Juliette Locke, Kathy Galahar, Donna McNabb, Connie Green, Bernadette Locke, manager Lanny Hagan, and Coach Jim McNabb.

Williams, lost its only regular season game to the Cleveland team while winning one against the junior Raiders.

Monday night's finals certainly capped the wind-up of the nine day tournament as the two explosive teams met in the nine o'clock clash. Cleveland jumped to a 12-0 first quarter lead and stretched it to 23-10 by intermission.

Athens rallied behind work of Leon Dickerson, a promising young guard for the McClain Cherokees, and Joey Grubb, a fine build of an athlete in his own right, to out score Cleveland 9-2 in the third quarter and take a 27-25 advantage into the final seven minutes of play.

Trailbliz as much as six points with three minutes to go the Cleveland team started to foul, and the strategy payed off. Athens experienced foul shooting difficulty and the Raiders meanwhile was picking up one and two points on the exchange. The result soon had the score at a one point difference. Cleveland eased into the lead in the final 30 seconds of play and Athens had three attempts in the fading seconds to pull the game from the fire but the ball just would not fall and Athens slipped away with a one point difference. Cleveland eased into the lead in the final 30 seconds of play and Athens had three attempts in the fading seconds to pull the game from the fire but the ball just would not fall and Athens slipped away with a one point difference. Cleveland eased into the lead in the final 30 seconds of play and Athens had three attempts in the fading seconds to pull the game from the fire but the ball just would not fall and Athens slipped away with a one point difference.

More QB Tournament Pictures Pg. 8

goals each in the contest, with Cleveland nipping the Athens team from the charity stripe with seven of 11 attempts as compared to six of 9 for the losers.

In earlier "AA" boys' play Lenoir City was thumbed by Etowah 40-24. Charles Billingsley and Don Pettit led Lenoir City with 12 and 10 points respectively.

Mark Stone and Mike Lee led the winners with 11 and 10 points.

Norwood upset Eatons 36-21, limiting Eatons' Kenny Lane to six points. John Burrum's 17 points and Jimmy Garoner's 16 scores highlighted Norwood's play.

Loudon was eliminated by Mountain View in a cliff hanger 41-40. Loudon was ahead 14-12 at the end of the Champion Raiders.

BIG SAM WITH THE REBOUND—Steekee's chief rebounder, Sam Therap, hauls in an important stray shot for the Loudon County team as they prevailed over Union in overtime Monday night for the "A" division title.

Collierville Takes Small Title

Gallatin (30-1) Upsets Kingsport For State Crown

Never say die Gallatin, seemingly out of it in the second quarter, battled back furiously to stun Kingsport (26-23) in the State (TSSAA) Large School basketball championship Saturday night at Stokely Center.

A crowd of 9416 watched in disbelief as the underdog Midstate team overcame a 16-point deficit to earn its first State title in history.

Relentless Collierville erased a nine-point deficit in the fourth quarter, then struggled through two overtimes to edge Trenton, 64-63, for the Small School championship.

Philip Harris, a junior guard, fired through a 20-foot jump shot with 32 seconds left to clinch the climactic decision for Gallatin, which finished with a 28-17 record.

Three Ligon and Greg

Stewart each scored 14 points for the winners. Carter Johnson, with 16, and Skip Brown, 13, paced Dobyns-Russell (28-2).

D-B thus finished as State runner-up for the fourth time; the school last won a championship in 1945.

It was the second consecutive shocker for Gallatin. John City fell to the Green Wave in Friday's semifinals.

Nine Day Quarterback Tourney Ends

(Continued from page 7)

first period but trailed at the half 24-20. A strong third period tied the score at 22-22 only to have Mountain View squeeze into the semi-finals.

Great Deathridge led all scorers in the contest, making 16 for Loudon. Jimmy Brown supported Deathridge with 10 points.

Mountain View got balanced scoring from Billy Stafford with 14 points and Cokey Smith and Freddie Hollifield chipping in 12 and 10 counters respectively.

The Cleveland Raiders tripped Loudon in the "AA" girls' finals for the third time this season. Cleveland

whipped the Loudon sextet by five points at Loudon and by nine in Cleveland during the regular season, then copped the Quarterback Championship by a seven point margin 41-33.

Cleveland held a 10-4 first quarter advantage and a 20-14 half time difference. Loudon cut the score to 21-22 in the third quarter, only to have the Raiders get back on top by a 28-22 count at the close of the period. Loudon once more scored a rally to gain the lead and had the score cut to 34-31 when out shot 7-2 down the stretch.

Loudon's Jennie Lefler burned the nets for 17 points as

did Cleveland's Ann Davis for top individual scoring honors.

Cleveland dashed past Mountain View earlier in the tourney 39-13, on the scoring performance of Jean Butler, 12 points, and Dianne Connally, 11 points.

Kim Jenkins and Sherry Burrell totaled four each for Mountain View.

Loudon had to break away from a 2-3 first quarter deadlock to post a 12-6 half-time score and later a 24-16 verdict over Benton. The Loudon sextet rode the 17 point play of Jennie Lefler to the victory. Kaye Healan's 15 points was the show for Benton.

Loudon, Lenoir City Sextets To View Girls' State Tourney

The Girls State Tournament got under way Wednesday with both Loudon and Lenoir City sextets in attendance. The Lenoir City basketball boosters sent Glenn Williams' Pantherettes out of appreciation of their 1972-73 season play. The Pantherettes finished with the first 20-game winner in the school's history and won the District Seven Tournament and was a strong contender in the Region. The predominant junior sextet has high hopes of being in the gala event as a championship contender next year. The team left at 2:00 p.m. Wednesday and will return after Saturday night finals.

The Loudon girls will not arrive until after the first round of play is over. Coach Dewayne Arp's sextet will be

eager enthusiasts for the semi-finals and finals. Loudon is also a predominant junior team with equal chances of being one of the better teams in District Eight next winter. Loudon lost to state participant Everett in the District semi-finals and then watched their conquerors side track neighbor Lenoir City in the region.

Besides Everett in the State 1, play will be Bradley County, which does not play until Friday night. Friendsville and Porter are among the field of Small division state teams vying for the title.

Two interesting sidelights to the tournament which is being broken down into Large and Small School divisions for the round of play is over. Coach Dewayne Arp's sextet will be

the tournament by Lewisburg an L. contender. And the Class 5 No. 1 team, Gainesboro, is rated higher than the Class L No. 1 team, Lewisburg Gainesboro carries an 87.4 Action Ratings rating while Lewisburg enters the tournament rated 81.6.

# Travel Log Is Woman's Club Program

The Loudon Woman's Club met on March 8 at the home of Mrs. John Carnes. Mrs. Jim Cardwell chairman for the evening's program introduced the guest speakers, Mr. and Mrs. Herman Baggensstoss of Tracy, Calif.  
Mr. and Mrs. Baggensstoss had been delegate to the Seventh World Conference on Forestry, which met in South America in October 1972. The scenic for the evening program was travel log and Mr. Baggensstoss presented an interesting set of slides with commentary covering highlights from Brazil, Argentina, Chile and Peru. Mrs. Baggensstoss showed some of the moments they had brought home from their trip.  
Following the program Mrs. Gary Dutton presided over the business meeting. The main portion of the meeting centered on setting plans for the club's annual card party to be held at Loudon High School on April 7.  
When the meeting was adjourned refreshments were served by hostesses Mrs. Carnes, Mrs. James Randle and Mrs. Tom Myers.

**College Choir Sings Here**  
The 36-voice choir from Free Will Baptist Bible College, Nashville, will appear Thursday, March 22 at 7:30 p.m. at the Valley View Free Will Baptist Church of Loudon. Rev. Taggart Kiger, pastor of the church, has invited public attendance for this service of religious music.  
The program will consist of a variety of musical offerings, including hymns, spirituals, and gospel songs. A medley of songs by prominent Christian song writer Bill Gaither will climax the program. Accompaniment for the choir is provided by piano, organ, and the school's brass section.  
David Randle, director of the choir and music coordinator for Free Will Baptist Bible College, will lead the choir in 11 public appearances on their current 10-day tour. They will have services in four southeastern states—Tennessee, South Carolina, Georgia, and Florida.  
Members of the choir are students at Free Will Baptist Bible College, a school specializing in the training of ministers, missionaries, and other Christian workers.

The name Bill Usry may be new to many of you, so I will introduce myself. I am originally from Mississippi, but recently I married the former Star Rose, daughter of Mr. and Mrs. R.E. Rose of Lenoir City. Since last September I was employed by Jim White Chevrolet of Lenoir City. Prior to that I was with Harold Chevrolet & Oldsmobile in Canton, Miss.  
We think we have something to offer you at our new sales lot on Mulberry Street in Loudon. We are not just advertising when we say we can get you new cars. We have the connections and can deliver whatever you want in a new or pre-owned automobile or truck.  
Stop in and say hello. We will be glad to meet you.

Camera Records Story Of . . .

# Loudon County's Worst Flood Since Completion Of TVA Dams

**HIGH WATER IN PHILADELPHIA** is nothing new. This scene there shows one street with eight homes had water up to four feet above the flood level. Note the water level on the car on the street.

**U.S. 11 AT PHILADELPHIA** was one of the many trouble spots along the highway during the flooding Friday and Saturday. Motorists seen headed South here had to turn back as the highway was closed a mile further down the road.

**THIS MOBILE HOME** was one of 23 residences in Philadelphia that had to be evacuated late Friday afternoon due to high waters. When this photo was taken the water had already dropped more than a foot.

**STORE DAMAGE**—A package meat case in the Cas Walker Store in Lenoir City was pushed out from the wall by a mud slide behind the store forcing it to close Friday afternoon.

**WALL GIVES WAY**—A retaining wall behind the Cas Walker Store at Lenoir City gave way during heavy rains Friday sending a mud slide into the back of the store, heavily damaging the store and forcing it to close until repairs could be made.

**PONIES STRANDED**—Flooding along Steekee Street in Loudon early Friday forced the ponies in the background to find refuge on a tiny island. Later in the day they had to be removed to much higher ground as three feet of water created a lake along Steekee Creek.

**ANOTHER TROUBLE SPOT** during the flood was Jenkins Hollow at Lenoir City where the Loudon County Rescue Squad had to evacuate more than a dozen families late Friday afternoon.

**WATER MILE WIDE EIGHT FEET DEEP** along Highway 11 below Philadelphia was one of the main trouble spots along the highway. Three persons in the truck in the background were trapped for six hours when the vehicle stalled. Water was eight feet deep in some areas of the mile wide lake.

**HIGHWAY 72 CLOSED**—State Highway 72 was closed just past Dutton's Store after water covered the pavement washing large sections away.

**TRAFFIC PROBLEM**—Loudon County Deputy Hugh Myers is shown turning Southbound traffic on U.S. 11 at Philadelphia around after the highway was closed by high water. Many motorists were refused to turn around but later found that eight feet of water of the highway was too much.

**CHIEF GETS WET**—Loudon Police Chief John Lennex wades through a foot of water on Highway 11 at Keene Street in West End Loudon.

**FORT LOUDOUN DAM spillways** were opened early Friday to let millions of gallons of water downstream following six to eight inches of rain in a two day period causing the worst flooding in the area since the dam was completed more than 30 years ago.

**LOUDON'S WEST END** business district was hard hit Friday afternoon when waters made highway 11 almost impassable and sent water into many stores in the area.

**MORE THAN TWO FEET OF WATER** crossed Broadway at Grand Avenue in Lenoir City Friday afternoon causing a traffic bottleneck. The water also damaged a number of businesses around the intersection.

**TRAPPED BY WATER**—Residents of this house on Highway 96 between Loudon and Lenoir City were cut off from the road by high water Friday.

**BROWDER HOLLOW ROAD** looked more like a creek than a road when this picture was taken Friday. Many residents in the area were evacuated later in the day as the water got higher.

### Head Start Jobs Open

The Mid-East Community Action Agency is accepting applications for two positions in the Head Start Program. One is for a Teacher's Aide and one for a Social Aide.

The eligibility requirements for Teacher's Aide are: classroom aides must meet income criteria, will have an interest in and ability to work with pre-school children and willing to take training as required by Head Start. A regular or equivalency high school diploma is required.

The Social Aide must have ability to communicate effectively with Head Start parents and guide them in securing educational, health and social advantages for their children.

Applications are available at the Neighborhood Service Centers in Loudon and Loudon City. Applications must be submitted to the Executive Director of the Mid-East Community Action Agency, P.O. Box 623, Kingston, Tennessee. No applications will be accepted after March 22.

### Long In General Sessions Court of Loudon County, Tennessee at Loudon, Tennessee.

It appearing from the bill in this cause, which is sworn to, that Andrew Long resides out of the State and cannot be personally served with process, published: At Loudon, in Loudon County, Tennessee, requiring the said defendant to appear before the said court on or before the 4th Monday in March next, and make defense to the bill filed in the above cause, which seeks Absolute Divorce, or otherwise said bill will be taken for confessed and cause proceeded with ex parte.

This the 23 day of February, 1973.

Billy Joe Akins, Clerk of Court.  
Kendred A. White, Solicitor for Complainant.

### DON'T TOP YOUR TREES

Let a professional tree trimmer trim out in the proper way. We also do cavity, bracing and feeding. Also lawn maintenance. Several people in The Loudon area have lost beautiful shade trees because they let a non-professional top their trees by having them cut back beyond the live tissue of the tree which is killing them.

Call Us Today For Free Estimate. All Work Guaranteed.

### Henry Block has 17 reasons why you should come to us for income tax help.

Reason 9. H & R Block can show you how that new government Short Form you've heard about could cost you money. For example, if you have interest on your mortgage, medical expense or child care deductions, which are up to forty-eight hundred dollars this year, you cannot itemize them on the Short Form.

In sickness or health it's good to know MFA Health Insurance is there to back you up, to provide shelter. For all-service insurance protection see your local MFA Insurance Agent.

## BACK IN THE GOOD OLD DAYS

One of the most colorfully historical places in Loudon is the place we most commonly know as High School hill, which has for a number of years been a prominent segment of our Loudon education medium. At the present time, the large brick building there is occupied by offices related to education and some other County and Federal offices, as well as Loudon's modern Library. In years past, this location has been called College Hill. This is the result of the college which occupied the building

almost a century ago. At that time, it possibly was the most modern brick structure in the area. This ultra-modern school of its day was built by the Presbyterian Church. At this time in history many church organizations were organizing private schools. Possibly this came about as a result of two things. After the Civil War, there was some differences of opinion about the outcome of the war between the states. Thus, private schools were started. Another thing was the uncertainty of the State Department of Education in Tennessee. It had gone through some unstable periods. History states that when the first Department of Education was first organized, that it was abolished by state officials, therefore each area held the responsibility to educate their children as best they could. It was some years later that the State Department of Education became a stable part of the way of life. Possibly, there might have been other factors involved but these alone mentioned things were likely the key factors. We mention all of the above because of an old picture we have this week of this old College, which we feel is possibly one of it's kind and is a link in this rich part of our area history. This old picture, which was taken in 1909, is as far as we know, a class at this old school. Quite possibly, there are many of our well-known families represented by those in this picture but so far, we have been able to only identify two people. They are Mr. Simpson, the teacher and the late Joe Christian. Mrs. Christian came across this picture in her attic. We are very grateful to her for the loan of this picture to the Good Old Days.

## Deadline Near On Legion Dues

Members of American Legion Post 128 of Loudon were reminded this week that the deadline for 1973 membership dues is March 29. A Post officer reports that in the past the Loudon Post has been known for meeting its membership quota but that unless many members renew their membership for the first year the Post will fall short. Dues can be mailed to Post Adjutant Harold E. Johns, or given to Sheriff Freeman Russell, J. V. Schrimsher, W. A. McMurray or any member of the Post.

the weather has been very spring like and beautiful. We have been asked several times "when do the Martins come". Many people have provided guards and housed for them. Well, our answer is one that is a carry-over from my grand mother, who always said that when you had your first storm after the weather began to warm up, that this was the Martin storm and cold weather was over. Whether this holds true or not, we don't know, but pass it along. Well, that's it for now. See you next week.

County Agricultural Stabilization and Conservation (ASC) Committee, said, "spotchecks are being made to insure that producers comply with the carryover provisions of the burley tobacco poundage quota program."

Checks will cover over ten percent of the farms which produced burley tobacco in 1972 or had a carryover of burley from the 1971 crop, Mr. Fipps said. Also included will be the farms on which ASCS office personnel add county committee have an interest, or records indicate further checking is required.

## Burley Spot Checks Start

Spot-checks are being made on a number of burley tobacco farms in Loudon County, local farm program official, Fred Fipps, reported this week. Fred Fipps, Chairman of the

Commenting on the random selection of farms that are being visited, Mr. Fipps said, "they were determined on a non-identifiable basis by a nationally prescribed selection system." According to Mr. Fipps, tobacco regulations were amended in 1972 to require a

# Flood Damage To County Roads Put At \$195,982

Loudon County roads suffered almost \$200,000 in damages from flooding in the county two weeks ago, Road Commissioner Lillard Bledsoe said this week.

Commissioner Bledsoe released a list of roads and sections of roads damaged by the flood showing a total of \$195,982.59 in damages. The report shows that roads in the First and Fourth Road Districts were the hardest hit where estimates of damage was \$127,812.85. In the Second and Fifth Road District of Commissioner Lee Malone the damage estimate was \$43,369.74. In the Third Road District Commissioner, Joe Greenway estimated damages there at \$24,800.

The damages in the First and Fourth Districts were more than the total one year budget for roads Commissioner Bledsoe said.

Commissioner Bledsoe said that a state highway department official had made a tour of all county roads with the Commissioners and had confirmed the damage estimates reported by the local commission.

Bledsoe showed damage to 55 separate or sections of roads in his district. He said his men have been working up to 12 hours a day seven

days a week since the flood, March 15 and 16. He is hopeful of additional state and some federal assistance to help replace bridges, tiles, culverts, pavement, ditches, and roadways that were damaged. He said the roads which were closed are the ones that are getting top priority and those having the most traffic next. He stated that work would continue as rapidly as possible and until all funds were used. If there is no additional money to help relieve the situation he said that is where he would have to quit.

Damage estimates on the various projects in Bledsoe's district run from \$200 to \$80,000. Some of those sustaining most damage and the repair costs are as follows:

Get Good Hollow Road, Corinth to Highway 72, \$5,000. Shipp Hollow Road, \$4,000. River Road off Shipp Hollow Road, \$4,500. Jacobs Hollow Road, \$8,000. Davis Ferry Road off Jacob Hollow Road, \$8,000. Big Piney off highway 72, \$8,000. Jackson Chapel Road off Piney, \$8,000. Jackson Road off highway 72, \$5,000. Morgan Ferry Road off highway 72, \$3,000. Callaway Road off U.S. 11, \$8,000; Grimes Road off Forester Road, \$4,500. Sunnyside Road off Silver Run, \$4,000.

Washington Pike out of Philadelphia, \$5,000. Wicker Road, \$2,000. Shorty Owen Road, \$2,000. Stockton Valley Road, \$3,000. Pond Creek Road, \$4,000. Prospect Road, \$3,000 and Robinson Road, \$3,000.

Major damage reported by Commissioner Joe Greenway were to 21 roads in the Third Road District. Roads calling for major repairs there are Brooks Road, J. Johnson Road, Trigon Road, Gap Ridge Road, Big Hill Road, National Camp Ground Road, Axleys Chapel Road, Fisher Road, Davis Ferry Road, John How Road, Unita Road and Meadow Road, plus all entrances to the three Fort Loudoun Estates subdivisions. Davis Ferry Road with a damage estimate of \$5,000 was the worst in the district. The total damage in the Third District was put at \$24,800.

Twenty-one roads were also listed on the damage report completed by Commissioner Lee Malone in the Second and Fifth Districts.

More than half the damage estimate there was along Jenkins Road, where flooding washed out 11 wooden bridges. Replacement with tile, cleaning out the creek and labor to that section is estimated at \$23,176.40. Other roads reported by

Commissioner Malone with major damage were Simpson Road \$6,000; Town Creek Road \$2,000; Williams Ferry Road \$2,283.34; and Brookshire Road, \$1,000. Total damages in the district was \$43,369.74.

Commissioner Bledsoe said that if new road monies are not made available the road programs scheduled in the county would suffer a major setback. Even if money is provided to help pay for the damages the time it will take to repair the roads will cause delays in many planned road projects.

County Civil Defense Director Ted Randolph said that damage estimates across the county are still coming in daily and that county officials are preparing figures to present to state and federal authorities in hopes of getting disaster funds.

He reported that road damage inside the city of Lenoir City was \$18,400. Loudon street damage was put at \$6,800. Industrial damage, including lost production time is presently placed at \$46,504 with some plants not yet reporting.

Mr. Randolph said that he has not yet totaled the damage reports on private property but the figure would be higher than first expected.

## County Court Meets Monday

Reports concerning flood damage in the county will be one of the major items of discussion at Monday's meeting of the County Court. The meeting will be held at the courthouse at 7 p.m.

The agenda for the meeting released this week by County Judge Harvey Sprout includes reports from the County Road Commissioners of the extensive damage to county roads during the flood earlier this month.

Other major items in the agenda calls for final approval of engineering plans as to route and location of the Sugar Limb and Philadelphia connector roads to Interstate 75. Also considered will be action to authorize the State Highway Department to proceed with the next step concerning the connectors, to include taking steps to make a deposit in the amount of \$148,300 in county funds for the projects.

A rabies control program, a proposed joint county-cities effort, will also be discussed. Such a joint program would be operated under a new state law.

Two items are on the agenda concerning the County Justice Center. There are a general report concerning progress on plans and specifications and appointments by the County Judge to the Justice Center coordinating committee.

The text of the agenda prepared by Judge Sprout is as follows:

1. Pledge of allegiance, opening of Court, and roll call.
2. Reading and approval of the minutes of the March 5, 1973, regular meeting of the Court.
3. Recognition of visitors and delegations.
4. Open discussion (This is the time for any visitor or delegation to state any business which they may want to take up with the County Court, and make any statement, argument or discussion about any item in which they are interested which is on the planned agenda).
5. Reports of County Officials, Departments, and committees:

- (1) Report concerning "Local Government Day" at the Capitol on March 26, 1973, and progress made on gaining enactment of the

(Continued on Page 8)

## City Vote On June 2

Official notice of the June 2nd City of Loudon election was issued this week by the Loudon County Election Commission. The election will be for Mayor and four seats as Commissioner in the city.

Election Commission Chairman John Gibson said the deadline for candidates to qualify for the election is 12 noon on Monday, April 23.

All members of the present Commission except for Mayor Joe Carter are expected to seek re-election. Mayor Carter announced some time ago that after this term of office expires in June of this year that he was going to retire. Other members of the present Commission are Hamill, Carey, Bernie Ray Swiney, Mrs. H.H. Richeson and Gene Lambert.

## Vann Named Bank Director

Hamilton National Bank of Loudon President Don Canter announced this week that James T. Vann of Chattanooga has been named to the Board of Directors of the bank. Mr. Vann, executive vice (Continued on Page 8)

## 29 Families Get RC Aid

Twenty-nine Loudon County families received "immediate assistance" from the American Red Cross following the recent flooding in the county. Fred J. Smith, chairman of the Loudon County Chapter of the American Red Cross said this week.

In Lenoir City 12 families received \$1970 and in Philadelphia 17 families received \$3061.80 in assistance. This is a total of \$5031.80 in direct cash assistance to these families to help with immediate needs.

Executive Secretary, Mrs. Kathryn Babbs said if federal disaster assistance for the families in replacing lost property that further American Red Cross aid would be considered for the 29 families.

## Jury Awards Eblens \$26,190

Almost every case slated for trial before Judge Willard Kittrell in Loudon County Circuit Court has been settled in advance of trial, Court Clerk Billy Joe Akins reported this week.

The only case tried before a jury last week was an Interstate 75 land condemnation with the State versus James Eblen, Charles T. Eblen and Ruth Eblen Galt. The jury awarded \$1000 taken on 20.19 acres of land in incidental damages to the farm, bringing the total award to \$26,190.

Cases set for trial this week include Curtis McNabb vs. James and Patricia Tate, auto accident; James Tate and Sonya Michelle Tate vs. Lenoir City Utilities Board and Steven D. Melton, auto accident. Both these cases were to be tried Wednesday. Set for trial Friday is another 175 land case involving the property of James W. and Ruth West.

VOLUME 88, ISSUE NUMBER 13      LOUDON, TENNESSEE, THURSDAY, MARCH 29, 1973      TEN CENTS PER COPY

DEATH SCENE—Loudon County Ambulance Service attendants and County Deputies remove the body of Johnny Ray Simpson from a field where he died Thursday afternoon after apparently sniffing a substance from an aerosol can.

DEATH IN AEROSOL CAN—County Coroner Dr. W.R. Harrison (second from left) examines a can of PAM, a cooking utensil non-sticking agent, that was believed responsible for the death of 18 year old Johnny Ray Simpson of Lenoir City last Thursday after Simpson "sniffed" the contents of the can in a plastic bag. Looking on are County Deputies Jake Chapman and Kenneth Brown, and Sheriff Freeman Russell.

## 'Sniffing' Ruled Cause Of LC Youth's Death

Accidental death due to "sniffing" was ruled by County Coroner Dr. W.R. Harrison in the death of 18 year old Johnny Ray Simpson of Lenoir City last Thursday afternoon. Simpson's body was found in a field on the Paul Williams farm overlooking the Lenoir City High School campus about 3:45 p.m.

The body was found near a fence by Carl Jenkins of Rogers Circle, a friend of the victim's family. Mr. Jenkins said he was walking through the field when he heard a dog bark. He said he recognized the small brown and white dog as Simpson's then noticed something on the ground. When he got to the body Jenkins said, he called Simpson by name. He said he was laying on his stomach.

Realizing something was wrong, Jenkins said he went to the Simpson home then

returned to the boy's body with his mother and sister. The sister tried unsuccessfully to revive her brother. Dr. Harrison said that Simpson had been dead only about two hours when found. His mother said he left home about noon.

When Lenoir City and Loudon County Deputies arrived they found a nearly empty can of PAM, a spray on non-sticking agent for cooking and a plastic bag containing what was apparently some contents of the aerosol can. Both Sheriff Freeman Russell and Dr. W.R. Harrison said that there is a definite problem among young people in the county sniffing glue and paint, but this is the first death either know of from the practice.

Simpson, a resident of Rogers Circle, Rt. 4, Lenoir City is survived by his parents, Mr. and Mrs. Clifford Simpson; two sisters, Janie and Katie Simpson; and James, Eddie, David and Don, all of Lenoir City, grandmother, Mrs. Linda Simpson.

Funeral services were held Sunday at Click Funeral Home Chapel with Rev. Bob Williams and Rev. Joe Lashon officiating. Burial was in Pine Grove Cemetery.

OHIO MAN KILLED—It took about 45 minutes to remove the trapped body of Patrick Gratchen, East Cleveland, Ohio, from the crushed wreckage of his car after it collided with the tractor-trailer truck shown above about 1 p.m. Wednesday on U.S. 11 in the West End of Loudon. The accident occurred during a heavy snow shower.

## Ohio Man Killed In Wreck

An Ohio man was killed instantly when his car collided with a tractor-trailer on U.S. 11 in the City of Loudon just West of Loudon High School about 1 p.m. last Wednesday. The dead man was identified as Patrick Gratchen of East Cleveland, Ohio. He was 29.

Lennox said witnesses to the accident told him that the Gratchen car was traveling North on 11 when it suddenly pulled into the Southbound lane directly into the path of a tractor-trailer owned by Steel Supply Company of Knoxville. The collision completely crushed the car driven by the dead man. Both vehicles

skidded into a field just off the highway. The victim was pinned to the vehicle for more than 45 minutes while attendants from the Loudon County Ambulance Service, police and wrecker crews tried to free him. Mr. Gratchen was partially decapitated as the hood of the (Continued on Page 10)

## Robinsons Honored On Anniversary

Mr. and Mrs. Roger Robinson of Lenoir City were honored at open house March 18 at their home in Eaton Forest in observance of their 20th Wedding Anniversary.

Mrs. Robinson is the former Nelle Marie Jenkins, daughter of the late Mr. and Mrs. Lee Jenkins of Lenoir City. Mr. Robinson, an accountant with the Atomic Energy Commission at Oak Ridge, is the son of Mr. and Mrs. Tom Robinson of Lakeland, Florida, formerly of Loudon.

The Robinsons are members of First Nazarene Church of Lenoir City where they were married by the late Rev. E.T. Cox. Their daughter, Mrs. Roy Covey (Donna) is a senior at Trevecca Nazarene College in Nashville and their son, Tommy, is a senior at Lenoir City High School.

Guests who helped to celebrate their anniversary included members of their wedding party. Out of town guests were Mr. and Mrs. Ira Crisp and daughter, Iralene, and Kim Smith of Newport; Mr. and Mrs. Harry Wells, Mr. and Mrs. Kenneth Fritts and son, Stephen, Mrs. Faye Carnichael and daughters, Lori and Carol Lee, Mildred Jenkins, and Mr. and Mrs. Cecil Lintner of Knoxville; Rev. and Mrs. Charles Patton of Maryville, Curtis Jenkins of Oak Ridge and Mr. and Mrs. Charles Jones.

Presley.

Robert Morey of Columbus, Ohio and Mrs. Pearl McNabb returned home last Tuesday after spending a few days with Mrs. McNabb's son and daughter-in-law, Mr. and Mrs. Jerry McNabb in Orange Park, Fla. Mr. Morey and Mr. McNabb were college roommates.

Pete Campbell is a patient at Saint Mary's Hospital.

Mayor and Mrs. Joe Carter and grandson, Timmy Martin, spent Sunday with Mayor with Mr. and Mrs. Charles

Kelley.

Mr. Walter Shubert has returned home after being a patient for several weeks at Baptist Hospital.

Mr. and Mrs. Wade Milaps and Mr. and Mrs. "Smoke" Houston of Chattanooga spent the weekend with their parents, Mr. and Mrs. Erik Milaps.

Rev. and Mrs. Clyde Davis attended the East Tennessee Church of the Nazarene meeting last week at Chapel Hill.

Mrs. Frank Murr returned to her home Saturday after undergoing surgery last week at UT Hospital.

Mr. and Mrs. Herman McElwain and granddaughters of Gary, Ind. and Mrs. Janice Bridges of Harriman visited Monday with Mr. and Mrs. Alred Bledsoe.

Mr. and Mrs. Roy Matney

are home after a weeks vacation in Miami, Fla.

Mrs. Fred Miller entertained Mrs. Mary Betts with a surprise birthday dinner Saturday evening. Those present for the occasion were Mr. and Mrs. Clarence Betts, Ricky and Elaine, Miss Gloria Stamey and Mrs. Lottie Tiley.

Mr. and Mrs. William James Harrison visited Sunday in Lenoir City with friends.

Miss Vicki Faulkner, member of the Tennessee Wesleyan College Choir is on tour with the choir in Florida.

Rev. and Mrs. W.H. Horner had an weekend guests Mr. and Mrs. Wayne Livingston of Erwin.

Mike and Kevin Kelso of Maryville were overnight guests last Friday of their grandmother, Mrs. Louise Kelso and aunts, Ruth and Coleene Ferguson.

Jimmy Wicker has returned to UT after spending spring vacation with his parents, Mr. and Mrs. Drel Wicker.

Mrs. Lillian Lowe returned home Monday after a weekend visit with her son and daughter-in-law, Major and Mrs. Bob Lowe and family in Hampton, Va. While away they also visited in Williamsburg, Va.

Mrs. Charlie Mullinex is a patient at Baptist Hospital.

Jimmy Lynn Eller of Flint, Mich. visited last week with Mitchell Cox.

### Mark 66th Anniversary

Mr. and Mrs. B. Tutterow were honored on their 66th Wedding Anniversary with open house at their home on Route 4, Loudon, Saturday, March 17 from 2 to 5 p.m.

Mrs. Tutterow is the former Miss Nettie Eblen. The couple were married March 17, 1907 in Kingston with the late Rev. I.H. Cates performing the ceremony.

## The Tribe Speaks

BY LOUDON HIGH SCHOOL JOURNALISM CLASS  
By Patti Geunty, Joyce Harrison.

Last week ended the third nine-week term. The honor roll which is usually seen in this column will be available after Grade cards are given out.

The annuals have arrived at any time in the near future. Extra copies are available to those who want them. The price is \$7.00.

Everyone is invited to attend the Senior play which will be held this March 30-31 in the High School Auditorium. Admission will be \$1.50 for adults and \$1 for students. The time will be 8.

The band received a "three" rating from their trip to Knoxville last week. They will also participate in the

Dogwood Arts Festival Parade.

Mrs. Smith's chemistry classes visited Union Carbide plant today. They toured the building. While there they were able to ask questions about what they desired to know. Also at the end of the tour they were treated to a coke. The chemistry classes as well as Mrs. Smith express their appreciation to the ones who helped them have a most enjoyable trip.

F.H.A. SUBREGIONAL MEETING FOR 1973

The F.H.A. Subregional Meeting was held Tuesday, March 20th, in the Lenoir City auditorium. The Loudon chapter took a large crowd with them, containing members, officers, advisers,

and degree girls.

Loudon brought with them three girls for nomination pending for an office. The winners for Loudon were: Carolyn Hickey, president and Sandy Jones, historian. Those girls receiving their STATE DEGREE'S were: Carolyn Hickey, Marianne Horton, Melanie Horton, Sandy Jones, Larrah McCall, Patricia Moore, Debbie Pickett, Susan Simpson, Sorcy Tuck, Alrena Wrinn, and Vonhella Wrinn.

Airman Jerry L. Wheat, son of Mr. and Mrs. James D. Wheat of 903 W. Second Ave., Lenoir City, has graduated at Sheppard AFB, Tex.; from the U.S. Air Force management analysis specialist course conducted by the Air Training Command.

**TWINS CELEBRATE BIRTHDAY**—Sherry Suzanne and Gary Steven Crawford, Jr. celebrated their second birthday March 18. They are the children of Mr. and Mrs. Gary Crawford of Loudon. Grandparents are Mr. and Mrs. Marvin Snyder of Philadelphia and Mrs. Florence Crawford of Lenoir City.

### LHS Senior Play Is 'One Foot In Heaven'

On Friday and Saturday nights, March 30 and 31, the seniors of Loudon High School will present the play, "One Foot In Heaven" by Hartnell Spence, at 8 p.m. in the school auditorium.

This play is based on a real family in real life situations. It is a thoroughly enjoyable comedy about a minister and his rambunctious family. Reverend Spence, his trouble getting into children and attractive wife walk into a run-down parsonage at their new parish; it is quite a shock, but that is only the beginning. The church building is starting to disintegrate, the congregation is split into warring factions, and the choir "a cross between the devil's grandmother and a swarm of mountain wildcats". But the minister and his wife are equal to it all, and their teenage son and daughter find new friends.

The surprising conclusion tings down the curtain on an evening which both entertains and lifts the spirit.

The players are John Leag, Valerie Davis, Betty Waller, Ernie Denny, Bill Stafford,

Patti Turbyfill, Eric Phillips, Selena Cannon, Vivian Harris, Beth George, Steve Rogers, Ray Rudd, Nancy Purdy, Melanie Horton, Patti Kirkland, Rodney Blevins, Sherree Harris, Susan Huskey, Mike Messamore, Walter Carnes and Byron Lawson.

Tickets will be available at the door for \$1.25 for adults and \$1 for students.

### Hotehkiss Valley Personal News

Sunday School attendance at New Providence Baptist Church was 142. Training Union attendance was 90. Rev. Cody preached for the Sunday morning service. This week is Youth Week at the church. David Bludord brought the message Sunday. After the church service the pastor and his wife served refreshments to all the youth at their home.

Mr. and Mrs. James Moyer are the parents of a son, born March 16. He has been named David Wayne.

Mr. and Mrs. Joe West of Lompoc, Calif. are parents of

Lisa Kirkland was entertained on her sixth birthday March 19 with a family dinner given by her cousin, Mrs. James Anderson. Lisa is the daughter of Mr. and Mrs. Junior Kirkland, 439 Vale Street, Loudon. Grandparents are Otis Giles and the late Mrs. Giles and the late Mr. and Mrs. Warren D. Kirkland, Sr.

a daughter, born February 27. She weighed 7 lbs. 14 ozs. and has been named Jennifer Lynn. Grandparents are Mr. and Mrs. Arthur West of Route 3, Loudon.

Mr. and Mrs. Alfred Davis were married March 17. Mrs. Davis is the former Virginia West, daughter of Mr. and Mrs. Maron West.

Mr. and Mrs. Jay Craig were married March 16. Mrs. Craig is the former Juanita Corrette.

Charlotte and Jamie White and Candy Dailey visited recent with Mr. and Mrs. Archie White and family.

Sympathy is extended to the family of Mr. and Mrs. Clifford Simpson due to the death of their son, Johnny. He is the nephew of Mr. and Mrs. Charlie Bandy of Hotehkiss Valley community.

**DUTTON MADE COLONEL**—London High School American Government teacher Gary Dutton is presented a certificate by Governor Winfield Dunn making him an Honorary Colonel as State Representative Benny Stafford looks on. The presentation was made when Dutton's Loudon High class visited the Governor in Nashville recently.

### Guard Armory Addition Planned

A \$36,000 addition to the Tennessee National Guard Armory at Lenoir City is part of an overall improvement program of statewide facilities announced this week by Major General William C. Smith, Adjutant General.

### 30 Return From Tremont

Thirty science students from Steekee School recently

returned from a one week trip to the Maryville College Environmental Education Center at Camp Tremont in Townsend.

The week long study in the outdoor laboratory of the Great Smokey Mountains National Park is set up for use of all schools by the National Park Service under the supervision of Maryville College and the Forestry Service. At the camp the students are made aware of the relationship between man and nature. The child is introduced to his environment, its past history, present use and came of the natural resources.

**OFF TO TREMONT**—Thirty students at Steekee School are shown recently as they prepared to board a school bus that took them to Camp Tremont for a week of outdoor and nature study.

## Loudon Students Visit Governor Dunn

by Carolyn Ritchey  
LNS STUDENT

The members of the Loudon High School American Government Class visited Nashville on the 13 of March. Mr. and Mrs. Gary Dutton, Mrs. Jean Ritchey and Mr. and Mrs. Dewayne Arp were chaperones of the group. Mr. Bill Russell arranged a meeting for the class with the Governor, and Mr. Benny Stafford allowed us to become honorary pages and pageettes. We left Loudon at 7 a.m. and arrived in Nashville around 11 a.m. As we got off the bus and approached Capitol Hill, we found the Capitol building to be a beautiful structure made of Tennessee Marble with pillars patterned after those

**GREETED BY GOVERNOR DUNN**—Members of the Loudon High School American Government Class are shown recently in the office of Governor Winfield Dunn in Nashville.

of Greece. The Capitol grounds were well groomed, and all the flowers and trees were in perfect bloom. On the yard stood various statues including one depicting World War I. On one side of the grounds was a time capsule which is to be opened in the year 2073, and on the other side was President James Knox Polk and his wife's burial site.

In the middle of these two structures was a beautiful statue of Andrew Jackson on a horse. The statue was made of melted Civil War items and there are only three of these statues in the world. One is, of course, at the Tennessee State Capitol, one is in Washington D.C. and the third one is in New Orleans. After we toured the Capitol grounds we entered the Capitol.

First we were met by our guide and our tour began. We started under the dome of the Capitol where paintings are painted overhead. One of the paintings is of the great seal of the state. We learned that these paintings had been covered by gray paint during the Civil War to conceal them and many years later had been carefully uncovered. As the tour continued, we were shown many paintings and furnishings that dated back to the Civil War. Our guide took

us to the offices of the Senate and House. The class was allowed to sit in on a meeting of the General Assembly and watch their proceedings. After this we went to the office of Governor Winfield Dunn.

There the class was addressed by Governor Dunn and Mr. Dutton was presented with a certificate making him an Honorary Colonel. Mr. Dunn was friendly and courteous and seemed very pleased that we were there. Some of us managed to get autographs, and we signed the guest book.

After we left the Governor's office our guide told us that William Strickland designed the building and is buried in a crypt in the wall there. The building has been in use more than a century and prison labor was used for the stone cutting and a large part of the construction work.

Our tour had lasted an hour and then Mr. Dutton dismissed us for an hour for lunch. Some of us ate, some went hunting for souvenirs, and others visited some of the near by state buildings. After we reassembled, we left the Capitol for the Governor's Mansion.

The Governor's home is on South Curtisswood Lane. It is a beautiful house patterned after the Georgian-Italian

style. It was built in 1929 by a Nashville businessman on a twelve acre estate. It was acquired in 1949 by the state to be used as an official residence for the governors.

We were greeted by Mrs. Dunn and graciously invited into her home. After we signed the guest register, we began our tour of the Mansion. The rug in the main room was hand made in Puerto Rico. In it was woven the seal of Tennessee. In the formal dining room was a huge silver punch bowl and cups that were on the Battleship Tennessee. Both President Kennedy and Johnson had been guests in the Mansion at one time.

Governor Dunn had an office that looked out on the beautiful lawn, and his office was decorated with different kinds of elephants that people around Tennessee had sent him.

The Mansion was surrounded by trees, flowers, and shrubs which were all in full bloom. Also there was a tennis court and a lot for the Governor's Tennessee Walking Horse.

After we had completed our tour, we boarded the bus and started home. Since a lot of the students had never been to Nashville, let alone met the Governor, they were very pleased with their trip.

# "Free Gas"

## Get 42 Gallons Of Gas, Free With All New-Car Loans!

The whole Country is talking about gas shortages. Well, Bank of Loudon County, your only home-owned and operated bank is doing something about it! Bank of Loudon County is giving away 42 Gallons of Gas, FREE, with every individual new-car loan. ## Speaking of Sports

By DANNY GIBSON  
Sports Editor

Basketball has finally bounced its last bounce for a few months until the TSSAA All Star sports games are held in conjunction with the annual State's Coaches Clinic.

The Boys' State meet, of which I enjoyed seeing through its entirety thanks to the kindness of my boss, Mr. Gate, letting me attend and skipping work for the four day session in Knoxville.

I had the luck of getting a near perfect viewing seat during every game as I was surprised to find Loudon basketball coach Hugh Watson "guarding" one of the reserve seating areas for the tournament as an usher. Coach Watson, several area coaches and myself all came to the conclusion that Chattanooga Howard with its 35-1 season record probably was the best team to make the tourney. But, as fate in the sports field go the Hustlin' Tigers were upset by Johnson City, which later fell to a determined Gallatin five that ended up sitting on the throne.

Howard, with a runner-up team to defending champ, Riverside a year ago had all the material and talent to be a 15 point favorite against nearly every team this go round. Yet the Tigers lost their poise and the upper East Tennessee power took complete advantage. The Chattanooga fans were stunned and mad at the surprise outcome and with it came the abuse of both the fans and materials about Stokley Center. The outrage definitely stained the classy reputation constructed by the Chattanooga school over the past few years. Dorsey Sims, once of Riverside, and Henry Bowles have done much to travel their teams across the state playing and beating nothing but the tops of every league and suddenly the fans failed to stand up to their teams' standards of being a bonified WINNER.

Howard and Riverside will continue to win, at least I hope so, I'm a Riverside man myself, but such outbreaks by a team's cheering section as did happen in last week's boys' State Tournament and the TSSAA is certain to start putting on more restrictions. Already the tournaments are minus the once noisy, but colorful pep bands. And when the game is taken from the court to the streets and into the stands then the sport is going to suffer.

Next year's boys' meet will travel to Memphis, where the largest crowd ever to view the state tournament was recorded. In 1974 the tournament will again be in Nashville and there it is expected to stay for a while as it is the most geographical location for all teams concerned. Gallatin followers should consider making reservations in Memphis for next year's state tournament.

The Wave is gonna be tough, wait and see. Only senior starter Tyree Ligon and reserve David Williams are lost for this year's team. All the remaining starters will be back.

Finding Coach Hugh Watson directing traffic to their respective seats brought back a quip once told me by the friendly coach, "I'd sure like to make it to the state just one time."

Apparently Coach Watson has done that very thing but minus his team. Nevertheless don't be surprised if a Watson coached hoop crew does not show up to play one of these years for all the marbles. The big Red Machine missed a state berth by two games last year and by three games this season so with your finger in the pie so often a slice of the sweet dreams of getting into a state playdown is out of the question.

Coach Watson and his assistant Larry Bridges, McMinn County Coach Harry Wilkerson, Loudon City Coaches Willie Joe Smalley, and Glenn Williams, and former Loudon hoop mentor and now assistant at the University of the South Mac Petty all attended the NCAA Basketball finals in St. Louis this past week.

As for the Girls' State meet both Loudon and Loudon City sextets enjoyed their trip to Murfreesboro to see the tournament.

Girls event like the boys' playdown was full of surprises. Bradley County with its youthful team slipped away with the brass ring in the Large play bumping 63 game winner Lewisburg from the tournament field their to their first crack out of the hat. Runner-up Warren County proved to be a more tempering challenge, but the Cleveland lassies came through as they have been doing under Jim Smiddy for so long. The State Title is the third for a Bradley girls team. But only goes along side of 15 district titles and eight regional crowns turned in by Smiddy trained sextets.

The crafty Bradley County head mentor had not planned on winning this year's state title but figured it would be next winter for the. Now he thinks that three more straight championships might be in the making since he started two freshmen, two juniors and two seniors. Bradley has some blue chipper arriving in high school next fall, thus the prophecy may come true. Most observers felt that Gainesboro had the superior team, L or S, in the tournament.

"I think we could have won it," said coach Joe Halfacre, in response to a question concerning a playoff between his Class S champion team and Bradley County, the Class L champ. "But I still like the division. It gives the fans something to talk about and speculate about, and that's good for the sport. It keeps up interest."

One thing not lacking in the tournament was interest. It attracted approximately 24,000 spectators, the most ever to watch a girls game

# Spring Football Practice Falls To Inclement Weather

## Greenback Issues Practice Gear

Greenback has issued its football gear for spring practice but poor weather conditions have kept the Cherokees from getting into the thick of workouts. Nearly 50 prospective players picked up equipment last week with many hoping to find a starting position as a pass receiver.

"First thing on the list," states Coach Keith Bailey, "is to line every body up and see how many can catch a football and run with it." It sounds easy but having a couple of people who can catch a pass from probably the best field general in East Tennessee is no easy task, especially if the players have never done such a task before.

Tony Linginfelter, senior signal caller, will be out to finish off a most illustrious high school career. The prized quarterback is already high on the list of newly hired head coach of the Vanderbilt Commodores, Steve Sloan, but

Sloan may have to get in line, for Linginfelter has the eye of several major colleges including the University of Tennessee.

Possible receivers getting an early look will be Tim Hammontrout, returning fullback and defensive standout Harold Hawkins a freshman and Sandy Graham, backup quarterback last year. May see action at flanker.

Bill Joe Kyrker, with a 6'3" frame is being groomed as a end rather than his usual tackle position. Center Mike Evans is also getting pass catching instructions as a possible receiver. Says the coach "Mike's been handing the ball to Tony for two years now he might as well catch it for a while."

Other players figured to be important wheels in this spring's grid preparation are Jimmy Brooks, Rick Rader, Gene Kimbell, Dennis Childs, Roddy Kiser and Kyle Shepard.

## Loudon Mudders Through Wet Practices

Rain and wet field conditions have hampered the Loudon Redskins in getting a lot of spring football work done. The Redskins, figured to go another two weeks and maybe three, have a scrimmaged game with Crossville arranged for April 5.

Still a lot can not be nailed down in regard to the potential grid chances for 1973. But the spirit remains to be excellent among the players and the coaches have only remarks for the weather in how the practice sessions have been graded to date.

But a sure enough observation is that the Redskins are going at their business as a team and not as individuals. The practice atmosphere is nothing in comparison to that of this juncture a year ago. Loudon looked impressive last spring in most of their workouts, but had a film been kept to compare the two seasons this year's edition

might erase the tape from the projector.

No one is hollering state contenders and probably won't this year but at least the game is football and the football cast is acting out their roles without as much stage prompting and goof ups by key performers.

A solid week of full speed, hard practice could fill in some questionable holes now being shared by two and three players. And a crusty performance by Crossville could evaluate the play of Loudon even more.

Walker and Johnson led the team offense, full speed, hard practice could fill in some questionable holes now being shared by two and three players. And a crusty performance by Crossville could evaluate the play of Loudon even more.

Walker and Johnson led the team offense, full speed, hard practice could fill in some questionable holes now being shared by two and three players. And a crusty performance by Crossville could evaluate the play of Loudon even more.

## Lenoir City Prepares To End Spring Work

Coach Dale Brown's Lenoir City Football Panthers were edged out, three touchdowns to two, by strong Morristown West in the opening scrimmage game of the spring.

The scrimmage, played at Cecil Thomas Field, saw the young Panthers take the lead on their second ball possession—scoring on a 30 yard pass from Mike Walker. Later Junior Johnson, candidate for the fullback position, ran in from six yards out on a sprint around right end.

West took advantage of two Lenoir City errors scoring three touchdowns in a row on a short run, the second on a 25 yard pass play, and a third on a 30-yard run with an intercepted pass. In between the second and third touchdowns the Panthers played the bigger West team on even terms.

The Panther coaches used many players in the scrimmage who had not seen varsity football action. In the backfield, Jeff Casler played both defensive and offensive backfield while other backs—saw little or no action last year were, Steve Voiles, Mike Ellis, Bennie Goley—at quarterback—Dale Hall, Danny Hall, Rodney Gossage, Bennie Hardin, William Headrick, Junior Johnson, Randy Pickell and Johnny Richmond.

Mike McConkey, expected to be the number one quar-

## Grasscutters Practice Saturday

The Loudon Grasscutters of the PEE WEE Football League will start spring practice Saturday, March 31. Practice time will be at 12 noon till 2 p.m. on the old High School football field.

To be eligible for the 38 rebounds — 1.8 per game, and led the team with 89 assists. His total point score for the season was 138 or 6.5 per game.

Lefler led the Sewanee Tigers in the final game to a defeat of Washington and Lee University by a score of 60-41 to win the College Athletic Conference championship tournament for the first time since 1967.

## Lefler Praised For Junior Hoop Season At Sewanee

Without Jack Lefler it would have been a lousy season, said Rudy Davalos, head basketball coach at the University of the South as Sewanee posted the best record in its history — 23-4.

Co-captain Lefler, a 6'10",

150 pound junior from Loudon, Tennessee was principal ball handler at guard on this year's varsity football action. In the backfield, Jeff Casler played both defensive and offensive backfield while other backs—saw little or no action last year were, Steve Voiles, Mike Ellis, Bennie Goley—at quarterback—Dale Hall, Danny Hall, Rodney Gossage, Bennie Hardin, William Headrick, Junior Johnson, Randy Pickell and Johnny Richmond.

Mike McConkey, expected to be the number one quar-

Jackie Lefler

in the state, and just about 1,000 fewer than the boys state tournament in Knoxville.

Sentiment is running high in favor of making MTSU's Murphy Center the permanent site of the tournament; everyone — press, coaches, players and fans — have been impressed with Athletic Director Bubber Murphy's handling of the affair.

One thing that hasn't impressed too many people, though, is the fact that a team (two teams, actually) ended up in the semifinals of the tournament without having to play a single game.

Both McNairy County and Bradley County had first-round byes, and came into their first game fresh against teams that had played tough games the night before. That's a bad situation. The bracketing needs re-working so that every team has to play the same number of games.

Some dramatic new rule changes in girls basketball may be in the offering for next season, or perhaps the season after next... the TSSAA may have more details later.

**1968 TORINO** Red Cobra Jet, power brakes, power steering, V-8 automatic, 390 4 barrel engine, 3 speed automatic, bucket seats.

## Panther Baseball Team Kicks Off Season With Six Game Road Schedule

Lenoir City's baseball team is quickly drawing its spring practice to an end and will open the season with a six game road schedule starting with Rockwood, Wednesday March 28.

Coach John Brannon will present his diamond group before the home folks Monday April 9th against Friendsville. A 6 p.m. double header is on tap for the home opener.

Lenoir City will again hit the road for a couple of games before returning for a rather extended home skinn.

Thirteen experienced players are on the team with eight senior making up the heart of the squad. Seven of the seniors are returning for third year and this along with the addition of some promising sophomores could make this one of the all round best teams John Brannon has ever fielded at Lenoir City.

Brannon's 25 year coaching record speaks for its self, notching 335 victories and losing but 124. The Lenoir City baseballers will get help from the football team this week as Mike Walker, Carl Thompson, and Wayne Stamey will become available. Several sophomores will also make the switch from football to baseball, but only the top prospects will remain when tournament rosters are made.

The present team looks much like this: Neal Foster, catching; Tim Cunningham, pitcher and first base; Tommy Cook, first base and pitcher; Marty Porter, second base; Charlie Dye, Shortstop; Gary Hamby or Johnny Price at third base.

Mike Walker will battle for a starting job at the hot corner. Price could play in the outfield, while Hamby is a pitcher.

Sammy Dunlap, Doug Williams, Mike Hooks, Donnie Stamey, Warren Melton, Wayne Stamey, and Tommy Brazel are all figured to see plenty of playing time as the season rolls along.

Lenoir City finished 18-5 last spring and was region runner-up to Oak Ridge.

Anyone interested in joining Cedar Hills Golf and Country Club had better not delay. Club Manager Bill Johnson stated last week the memberships will be cut off at 500 members, and he already had over 400 members signed up then. The response has been much better than expected, and great things are ahead for the club and its members.

The handsome clubhouse, a two-story building to be constructed of stone and glass, will be an eye-catcher. It will contain women's and men's locker rooms, a card room, showers, office and a snack bar. There will be fireplaces both downstairs and upstairs, and a covered porch will allow outdoor eating in good weather.

The swimming pool will be just outside the clubhouse on the lower slope. The bar will be upstairs. Johnson stated he still hoped to have the clubhouse completed by sometime in May and not later than early June.

Only the first stages of excavation had been completed last week, due to the inclement weather, but more work will be completed with the coming of better weather during the next few months.

Work also is going forward on the greens. The back nine has been cleaned until spring and the entire course is getting a facelift.

Everyone interested in golf is eagerly looking forward to spring and the layout which Bill Johnson has planned and is now carrying forward to completion will not disappoint them.

## LC Baseball Schedule

Wed, Mar. 28	Lenoir City at Rockwood	4 p.m.

## Bradley Girls Win State Championship

There's joy in Cleveland. The Bradley County Bearettes, not given much of a chance in tournament, defeated 13-point favorite Warren County 45-43 on Liz Hannah's 5-foot hook shot with 3 seconds left on the clock to win the 1973 TSSAA girls Class L state basketball championship Saturday night.

An estimated 10,500 fans, largest crowd to ever see a girls high school game in Tennessee, watched in disbelief as Bradley County pulled it out. With the score tied at 43-43, Warren County's Kay Boudin was called for charging into Bradley County's Linda Davis and that gave the Bearettes possession with 14 seconds remaining. All-tournament guard

Debbie Varner brought the ball to mid-court, passed to teammate Nan Ziege who in turn fed to Miss Hannah. She worked toward the basket, slid to her left, and put up the game-winning hook shot. Time ran out before Warren County could answer the clutch bucket.

Undefeated Gainesboro, 35-0, beat Woodbury, 43-30, to capture the Class S championship. Miss Hannah scored 21 points to lead the Bearettes while Ann Morton had 12 and Dana Caldwell scored 10. The Bearettes looked tense as the title contest began. Warren County took quick advantage, grabbing the early lead and building it into a 12-4 margin with 2:14 left in the

initial stanza. Miss Hannah, who had 19 points in the first half Friday night, didn't score her first point until 1:08 showed on the clock. She made a free throw and Ann Morton hit her first attempt from the field after coming off the bench and Dana Caldwell made a free throw to trim the deficit to 14-11.

Things really started popping in the second period. Miss Boudin hit a fielder and two free throws to push Warren County into a 20-13 lead with 4:57 left in the half. Miss Caldwell made two charity tosses and then Miss Morton connected on two long ones and the lady Pioneer lead was cut to 21-19.

Miss Hannah's two free throws with 2:20 left led the game for the first time since tip off. Warren County's Barbara Biles made a field goal and Miss Boudin dumped it. Two free throws to push their squad into a 25-21 lead. That's when the Bearettes cut off the Warren County

THE NEW CEDAR HILLS CLUB HOUSE—The new Cedar Hills Club House scheduled for completion by late spring or early summer, will look like this. Construction on the contemporary structure of glass and stone is scheduled to begin this week if the weather permits.

### Diver, Treasure Hunter Meet With Fort Group

By Calvin Lunsford  
 The newly formed Committee for the Restoration of the Civil War Fort on the banks of the Tennessee River at Loudon, held their third meeting since their appointment by the Mayor earlier this year. The meeting was held Friday evening, March 23, at the home of Ed McQueen.  
 A portion of the meeting was devoted to updating of the Committee by Gary Hensley, Loudon City Administrator. He stated that many of the things related to the restoration of the Fort are being acted upon, and he hopes to receive word of their disposition in the near future. He also expressed his appreciation for the committee's continued effort in planning and promoting this effort.  
 The highlight of the meeting was the introduction of three consultants from Hamilton County who are well versed in their related fields. They offered many suggestions to the committee on many aspects of procuring items related to the Civil War era, the procedures, legalities and other things the committee needs to have knowledge of during the Fort restoration procedures. The consultants presented documents, maps, plans and other related material for Committee examination.  
 The consultants, Kary Kaley, Toby Ayre and Charlie Harris, all of Hamilton County, were very impressed with the interest created in the restoration of the Fort.  
 Mr. Kaley and Mr. Ayre are both highly skilled skin divers. They both have done extensive underwater work and their suggestions and information was very helpful to the Committee in regard to the salvaging of the Civil War trains which according to available information lie at the bottom of the river near the railroad bridge. Both of the men agreed that the investigation of the river bottom was just a matter of proper water conditions which would permit their descending to the river bottom. They had with them maps and other related material needed for an underwater investigation.  
 Mr. Harris, who is a professional treasure hunter, gave a run-down on salvage laws and other related information. He also brought along a picture of the Loudon railroad bridge taken in 1860, which places the old bridge in almost the exact location of the present bridge.  
 It is hoped that necessary surdies can be crossed and work on restoration of the Fort and preliminary investigation of the river bottom to determine if the Civil War trains are there and how to recover them may be started by early this summer.

MR. McJUNKINS

### McJunkins To Preach

Raymond McJunkins will preach at the evening service at the First Baptist Church of Philadelphia at 7 p.m. Mr. McJunkins surrendered to the Gospel Ministry during a revival at the church last week.  
 He is a Sunday School and Training Union teacher at the church, member of the church choir and serves on various committees.  
 Mr. McJunkins is the son of

## Anti Tellico Leader Challenges Wagner

"Tellico Dam would not have solved Chattanooga's flood problem," William L. Russell, president of Tennessee Citizens for Wilderness Planning, said in Oak Ridge Friday.

In answer to a Tennessee Valley Authority report that the recent flood at Chattanooga would have been two feet lower had Tellico Dam been completed, Russell said.

"This figure is much larger than TVA's earlier estimates of flood benefits from Tellico Dam, and it is, therefore, questionable, at least until TVA provides the basic assumptions and calculations

for examination by independent experts. When Reed Elliot, head of TVA's water control planning division, was asked to provide these in writing, he flatly refused, offering only to give an oral account, and that not over the telephone, but only in his office. This is the way to provide evidence in the controversial Tellico case.

Regardless of what the true figure is, however, the indisputable fact remains that Tellico would have added only 1.3 per cent to the flood storage capacity already built above Chattanooga.

"After 40 years of construction of nearly a score of TVA dams upstream from Chattanooga, that city has just suffered a flood designated as a national disaster. In the face of this, the best that TVA has been able to come up with is to say that, if they had built Tellico, and they added another 1.3 per cent to flood storage capacity above Chattanooga, the flood damage would have been quite a bit less. However, it would still probably have been declared a national disaster.

"It is tragically clear that dams, including the ones that TVA would still like to build, are never going to be the adequate answer to Chattanooga's flood problem. It has been realized, and the

National Water Commission and other federal agencies now recommend, that a sensible general solution is to control the Tennessee flood plain so that vulnerable structures are kept out of it.

"The solution for Chattanooga is not the building of more and more dams, but proper land use planning in the city," Russell concluded.

Letters To  
The Editor

Dear Editor:

There is an old saying about a hurt dog. Surely TVA prestige as a flood preventer must be hurting badly from the amount of noise they are making. God or TVA couldn't be blamed for the flood damage so TVA is blaming their arch enemy, the Association for the Preservation of the Little Tennessee River (ALPTR). How could another reservoir that would add less than two percent to the flood control help or harm TVA's present system? We who know the TVA will know when the water started rising that ALPTR would get all the blame. I would like to point out that the Little T runs down quickly; its flood water was ahead of the main tide and did little damage. I suggest that flood control dams be constructed on Tellico River and perhaps Citico Creek. Surely there are enough dams on the Little T to control its flooding, but if dams are the answer for flood control.

The largest floods since this part of the country was settled were only eight years apart. They were nearly 100 years ago, and floods in the future will be higher. The more roads and streets, gutters and sewers, the more houses, the more concrete and asphalt laid, the greater the run-off will be. Strict land planning and zoning is a necessity now with future building above all flood levels.

Tennesseans have a right to expect more from TVA's leadership than irresponsible statements blaming their opponents. Surely the public sees through this charade. Very truly yours,  
Mark Harrison, Route 4,  
Loudon

## TVA Says Tellico Dam Could Have Eased Flood Damage

The additional flood storage that would be provided by Tellico Reservoir would have prevented more than half the damage from Tennessee River flooding that occurred Sunday at Chattanooga, reducing the damage total by \$15 million, TVA has said.

The agency's Division of Water Control Planning has computed that the 128,000-acre-foot of flood storage capacity in Tellico Reservoir would have allowed river control engineers, in the face of flood control efforts over the weekend, to hold the Tennessee River at Chattanooga two feet lower than the actual crest.

That crest was about seven feet above flood stage, and large-scale damage at Chattanooga begins at about five feet above flood stage, TVA said. A two-foot reduction would have cut estimated damage from Tennessee River flooding there from \$23 million to \$8 million, not including the additional damage that occurred at Chattanooga from local creek flooding before the river crest arrived.

TVA emphasized that the two-foot reduction, and the major difference that would have made in damages, result from the characteristics of this particular flood. Rainfall was heaviest downstream from TVA's existing large tributary reservoirs such as Fontana Lake on the Little Tennessee River. Rainfall amounts up to eight inches were received in the lower basin of the Little Tennessee, not controlled by Fontana.

As a result of these storm characteristics, the Tellico project would have been particularly valuable in this specific flood, when storage capacity between Knoxville and Chattanooga was

critically important.

Construction of Tellico Dam began in 1967 at the mouth of the Little Tennessee River near Lenoir City in east Tennessee. At that time the project was scheduled for completion in 1970, but progress on the project was slowed by Government budget limitations. All work on the project was slowed by the Government's budget limitations. All work on the project stopped in January of this year, pending the outcome of a lawsuit against TVA over the project environmental review.

Through a connecting canal with the existing Fort Loudoun Reservoir on the main river below Knoxville, the Tellico project would more than double the present flood storage capacity in Fort Loudoun, and both reservoirs would operate together to help control flood flows from either or both rivers.

## Your County In Action

BY HARVEY L. SPROUL  
LOUDON COUNTY JUDGE

Tommy Bradshaw I would just like to say a word in addition to the many that have already been said concerning the loss the County sustained when Tommy Bradshaw succumbed to a heart attack a few days ago. There's not much way that words can express or be sufficient to praise a person

Notice is hereby given that on the sixteenth day of March, 1973, Letters Testamentary, in respect to the Estate of Charles A. Porter, deceased, were issued to the undersigned by the County Court of Loudon, Tennessee. All persons having claims matured and unmatured, against the said Estate are required to file the same with the above Court within six months from the date of the first publication of this notice, otherwise, their claims will be forever barred.

Notice is hereby given that on the fourteenth day of March, 1973, Letters Testamentary, in respect to the Estate of Clara W. Yates, deceased, were issued to the undersigned by the County Court of Loudon, Tennessee. All persons having claims matured and unmatured, against the said Estate are required to file the same with the above Court within six months from the date of the first publication of this notice, otherwise, their claims will be forever barred.

Notice is hereby given that on the fourteenth day of March, 1973, Letters Testamentary, in respect to the Estate of Clara W. Yates, deceased, were issued to the undersigned by the County Court of Loudon, Tennessee. All persons having claims matured and unmatured, against the said Estate are required to file the same with the above Court within six months from the date of the first publication of this notice, otherwise, their claims will be forever barred.

being dumped on their property, or along County right-of-ways in their neighborhood. The continual question they ask is "what can be done to stop this?"

Of course, if something in the rubbish can be found showing the name and address of the person or family doing the dumping, then a warrant can be sworn out. There already have been three fines I understand in situations such as this.

But a lot of what is going on is the tossing out of beer cans and other material from cars along the roads without any regard for the problems in trying to keep it cleaned up, pollution, etc. It has gotten so bad in some places, that we are beginning to have the suggestion that possibly "vigilante" groups should be formed and stationed at these spots, and when someone comes along

and dumps something out or throws a beer can out, then a citizen's arrest, or otherwise, should be made. After a few examples of this kind are made then possibly this would help "get the attention" of the offenders and help stop the littering.

I have hoped to make a suggestion to the Quarterly Court that we possibly set up one month this summer as a "cleanup" month, and that the Quarterly Court be requested to appropriate the necessary amount of money to have a truck available, and some help, during that period of time. Then with the help of community club groups, boy scouts, etc., and hopefully with the help of David Witherspoon, Inc., with whom the County has a contract for solid waste disposal, we might really be able to make some headway toward getting the County cleaned up for one time anyway.

I would be glad to hear any additional proposals or suggestions along this line.

**Ocho Man Killed**  
(Continued from Page 1) car was driven through the windshield. Driver of the truck, Gary E. Carson, 24, of Carville was treated for minor injuries at Loudon County Memorial Hospital.

The accident occurred during a heavy snow shower. The witness said that he had followed Gratchen from Sweetwater and he drove safely all the way and had not attempted to pass any traffic and there were no cars directly in front of him when the car suddenly veered into the path of the truck.

It was late Wednesday night before local police with the help of the Tennessee Highway Patrol was able to locate the victims family, who was in Florida.

**ACTIVED CHURCH EVERY WEEK**

**PIRATES NEAR?**

The July reign, the ancient flag of the pirates, threw fear into every ship that sailed the high seas. These armed robbers sought to raid every ship they came across. None was safe when they were near.

The Bible teaches that there is a devil called Satan who is a robber and a thief, who "you about like a roaring lion seeking whom he may devour." (1 Peter 5:8) But when the pirate threatens, we need not be afraid. We are encouraged by James 4:8-10: "For as he resisteth, that resisteth death, our life, our angels, our prophets, our powers, our things present, our things to come; our height, our depth, nor any other creature, shall be able to separate us from the love of God, which is in Christ Jesus our Lord."

Our faith in Christ can overcome Satan's fiery darts. Through His we can overcome all. We invite you to attend the Church of our Lord this week.

## BACK IN THE GOOD OLD DAYS

A few weeks ago we ran a picture which was taken in the Loudon full fashion knitting mill, and at the time we had many comments from those who had spent many years of their life plying the needles of this old Loudon industry. Many were the laughs from those who recalled a prank pulled on a new knitter trainee, which we will mention from time to time as space permits. I am not sure how many years this particular phase of the Charles H. Bacon Company operation lasted, but like we said, it was the best paying industry in our town for many years.

Possibly, the best known of these men is Mr. Kirkland who is now an executive with the company. For many years he has been in charge of the full fashion operations. Some others we recall are the Chiazas, the Gerharts and many others.

The reason we got off on this again was a picture which has come our way and it is another one taken inside the mill. This one is different in that it is a woman operating some of these highly precise machines. This picture was made during World War II, when, not because of any Women's Liberation Movement, but because of need for operators to replace

the men who had gone away to serve their country during the war. I am sure other Loudon women ran these machines during these years but it had slipped my mind.

We are grateful to Della Duckworth for the loan of this very interesting old picture. Well, not too old, it has only been about 30 years. Anyway, it is proof that women, when called upon in time of need, could put their best into doing a job and they didn't call it Women's Lib.

When the Duckworth's sent this picture, they also included another one which has particular significance at this time. The reason is the Duckworth's are celebrating their 25th Wedding Anniversary and they sent this picture along for the Good Old Days.

This picture was made in Chatsworth, Ga., 25 years ago. The people in the picture are (left to right) Babb Miller, Mrs. Duckworth, Boyd Duckworth, Mrs. Carl Black and Carl Black. Boyd wears the Navy uniform and was possibly still in the service at this time.

We thank this family for the loan of these pictures.

Another picture we have this week is of three Navy boys and this was taken during World War II. One of the boys is a well-known Loudon boy, James Millsaps. The other two we don't know.

We were talking to Lawrence P. (Booge) Korley the other night and he told us his class from High School was planning a reunion. He plans to provide more information on this as time and plans progress.

## Labor Force Mostly Blue Collar Here

In Loudon County, automation has not been taking the kind of toll that it has in some parts of the country, where blue collar jobs have been disappearing at a rapid rate.

Despite the changes that have been taking place in many communities, production activity in the local area has been sufficient to maintain the job market for blue collar workers at a good level, even with increased mechanization.

At the same time, there has been a growing need for men and women in clerical, sales and management occupations.

Under the heading "blue collar" in the government's reports are craftsmen, machinists, foremen, farm owners and others engaged in the production of goods or in their transport, maintenance, operation and repair.

Classified as "white collar" are occupations ranging from sales clerk, clerical worker, bank employee and business executive to school teacher, doctor and other professional and technical categories.

Compared with Loudon County, where white collar jobs now represent 28.7 percent of the total, the average nationally is 48.2 percent. In the East South Central States it is 40.5 percent and, in the State of Tennessee, 41.5 percent.

The great difference that existed at one time in the earning capacity and living standards of the two types of workers has been disappearing. Blue collar workers have been growing more and more affluent. Their incomes have been rising rapidly in recent years.

## Revival Set At Sweetwater

A revival will begin at Old Sweetwater Baptist Church Saturday, April 2 with services at 7:30 nightly.

Evangelist will be Rev. R.L. Davis. Special singing is scheduled each night. Pastor Grover McCrary stated.

All services are open to the public.

EVERYONE WELCOME

## Benefit Card Party Set

A large array of door prizes including a portable television set awaits those who attend the Loudon Womens Club's annual Benefit Card Party at Loudon High School at 7:30 p.m. Saturday, April 7.

Tickets to the event are \$1.

The facts and figures on employment, covering localities throughout the United States, are contained in reports issued by the Department of Commerce, following the latest census.

Since 1960, they show, there has been no marked change in Loudon County in the amount of white collar employment at the expense of blue collar. The proportion of jobs in the white collar sector has risen only 1.9 percent.

At that time, the count showed a total of 8,116 local residents employed, of whom 26.8 percent were in white collar jobs. The rest were blue collar workers or service workers, for the most part.

Now, according to the latest tabulations, despite the readjustments that have occurred during the past decade or so, the proportion of white collar workers stands at 28.7 percent locally.

per person sold in table groups of four.

Proceeds from the benefit will be used for community projects.

The children of Mr. and Mrs. Humer Watts entertained with a dinner, Sunday, March 25 in honor of the 40th Wedding Anniversary of their parents. All the children were present except a daughter, who lives in Virginia. Mr. and Mrs. Reid Strickland and family and Mr. and Mrs. Boyd Watts and son, all from Madisonville, Mr. and Mrs. James Watts and family of Loudon, Mrs. Bill Milgaps and sons and Gary Watts were guests.

Mr. and Mrs. Reid McNabb and family of Nicholson, Ga. were weekend guests of Mr. and Mrs. Haskell Shell and also visited Mr. and Mrs. John Edwards.

Misses Betty Ruth

### Methodist Women Meet

The United Methodist Women of the Loudon Methodist Church held their March meeting Monday night, March 26, in the church prayer chapel. A program on personal mission "Me in Mission" was under the leadership of Mrs. W.F. Zimmerman, assisted by Mrs. James Burnett, Mrs. William Howard, Mrs. Harry Pease, Mrs. Homer Simpson, Mrs. John Jackson, Miss Rachel Huff and Mrs. Ed Swenson.

The discussion aimed at sensitizing women to an awareness of the many opportunities for mission open to them in their daily living, provided an occasion for a teacher, a business woman, a store manager and a housewife to witness to the way mission fits into their day-by-day activities.

In the business session chaired by Mrs. Harrell Russell, president, Mrs. W.F. Zimmerman and Mrs. Ed Swenson were elected delegates to the Halden Conference Annual Meeting, to be held April 6 and 7 at First United Methodist Church in Oak Ridge.

The dates of April 29, May 6 and May 13 were announced as the schedule for the church-wide study on "India," Mrs. French Taylor of Knoxville will be the leader for the April session.

The group voted to sponsor a Tenebrae Service following the Celebration of the Lord's Supper on Maundy Thursday of this week.

The next meeting will be Monday night, April 23 with Mrs. Robert Wilcox, wife of the Senior pastor of Church Street United Methodist Church of Knoxville as speaker.

### Greenback Community News

By Mrs. S.B. McCollum  
Phone 956-3017 Greenback

A large crowd attended the meeting of Greenback Community Club last Thursday evening at Ft. Loudon Electric Cooperative House. A covered dish supper was enjoyed and Chairman, the Rev. Gillander was in charge of the program. Minutes were read by secretary, Mrs. Tony Souder. The speaker of the evening was Mr. Gus Engle of Alcoa Aluminum company. He discussed the "Energy Crisis" and told of shortage of gasoline and oil.

Mr. Robert Burns, vice president of the Club reported on the beauty pageant for young children and teenagers to take place at the Greenback school on Friday evening, April 27. Mrs. Gus Engle accompanied her husband to the meeting.

Mrs. Ha Brent, Mrs. Nick Rowland and Miss Helen Kerr were visitors in Lenoir City Friday.

### Four-season comfort is affordable

The heat pump is a single system that heats and cools the home automatically. And it is surprisingly economical to operate. Its heating cost is about half that of central resistance heat.

The heat pump pulls warm air out of the house in summer and extracts heat

from the outside air in winter and pumps it into the house. It provides the perfect climate inside, regardless of the weather outside.

See your dealer or call us for more information on the versatile, economical electric heat pump.

(Continued From Page 1)

percent of the construction cost on the interchange provided the connector roads are built.

"IF LOUDON COUNTY does not build roads over to the interchange," said Judge Sprad. "indications are that the federal government will not pay its 90 percent to the State."

That would mean the State would have to bear the entire cost of the interchange—an estimated \$1.8 million.

Said Squire Boyd Duckworth, "The sooner we build those roads, the sooner more motels will go in, and when the motels go in, more money will come in from the tax."

Squire Blair, noting that "when the time comes I'm going to vote for the roads," made the motion to delay action on the matter. The motion was seconded by Squire James A. Hartsook.

The new deputy merit system would be set up if the current General Assembly adopts the enabling legislation requested by the squares.

THE PROPOSED SYSTEM provides for a Merit Service Board which would design a job classification program for the sheriff's department. The

new program is designed to provide a standard set of qualifications for deputies and to provide for the building of a permanent county law enforcement force.

Under the set-up, the sheriff would still maintain the right to name his own chief deputy. All other deputies, however, would be hired from a list of qualified applicants supplied the sheriff by the board. After a six-month probationary period, a new deputy would become a permanent employee of the sheriff's department and could only be fired would be entitled to a hearing by the board.

Sheriff Freeman Russell, who worked with members of County Court's merit system committee in drawing up the proposed system, appeared before the court to recommend its adoption.

Sheriff Russell said he favored the plan only if it would allow any sheriff elected the right to select his own chief deputy.

"I've talked with about 50 sheriffs from counties which have plans like this one," he noted. "They all had the authority to appoint their own chief deputy. I think the plan is a good one."

Squire Duckworth was the only member of County Court

to oppose the merit system proposal, saying, "I think it's a bad bill."

In other action Monday night, the court:

—HEARD A HEATED EXCHANGE between Arthur Wallace, a resident of the Huntville Hollow community near Lenoir City, and County Highway Commissioner Lee Malone. Mr. Wallace complained that the "gully" which runs along Browder Road near his house is filled with rocks and other debris, that as a consequence his yard and house were flooded during the recent heavy rains, and that "there are holes in that road that are knee deep."

"Everytime we go down there (in Huntville Hollow) to do something," declared Mr. Malone, "we can't do anything. We get into it. One guy walked out and said 'Don't touch it the ditch,' he came out there with a shotgun, so I told the boys to skip it."

Mr. Malone added, however, that over the years work has been done to level the road. At several points raising his walking cane angrily and waving it at the court, continued talking about damage to his property. He threatened to fill up the ditch with a concrete wall and let future flood waters cover the road. At another point he threatened to sue the county.

Civil Defense Director Ted Randolph, in making a report to the court regarding flood damages county-wide, pointed out that federal and state funds are being applied for and that Mr. Wallace's property damage will likely be covered by these funds.

—HEARD A REQUEST from Girl Scout Troop 133 of Philadelphia that the county place Dempster Dumpsters at key points throughout the county so that persons without garbage pickup service will have a place to dispose of garbage. The request was presented by Girl Scout Sheila Millsaps.

purchase them." Mrs. McCrary added that members of her troop had picked up trash in the county for two years, but said, "We were fighting a losing battle."

—ENDORSED THE PROPOSED Local Property Tax Stabilization and Relief Act.

—DISCUSSED COMPLAINTS concerning unvaccinated and untaxed dogs running loose in the county and agreed to appoint a committee to work with Lenoir and Lenoir City on a joint effort to establish a rabies control program in Loudon County.

—PASSED A REGULATION which would pave the way for Loudon County property owners to be declared eligible for flood insurance.

—REFERRED TO THE Loudon County Regional Planning Commission for further study a request by J. W. Wilburn that the county close a portion of Old Jarvis Drive which is on property owned by Mr. Wilburn. The remaining portion of the road up to Mr. Wilburn's property

has already been closed. A newer road has replaced Old Jarvis Drive.

—HEARD A REPORT by Squire Duckworth concerning flooding on Davis Ferry Road.

The squire said he had met with a delegation of area residents and with the County Highway Commissioner and that the matter can likely be settled in June.

Squire Duckworth explained that the county will have to lay some tile on private property in order to solve the flooding problem on the public road. The property is owned by a Florida resident, Mrs. Jeanette Riddle, who will be visiting in Loudon County in June.

—HEARD CIVIL DEFENSE Director Randolph report that total flood damages in the county to date total approximately \$370,000, \$102,000 of which is damage to private property. Mr. Randolph said the county is making application this week for federal and state funds to cover those damages.

—RECEIVED FOR CON. In Steve DeFord will take place April 6, was complimented recently with a gift tea at the home of Mrs. James A. Chaney of Loudon. Additional hostesses were Mrs. Glenn Goodwin, Mrs. Lake Tricht and Mrs. Hurley DeFord.

SUBSIDIZATION a tentative budget of \$2,082,934 for Loudon County Schools.

—APPROVED THE ADOPTION of a program calling for a Central Garage operation to be located in the old Riverview School building near Lenoir City and voted to designate \$35,000 in federal revenue sharing funds to be used for operation of the garage for the first year.

—APPROVED A BUDGET amendment authorizing the purchase of a new patrol car for the sheriff's department.

—APPROVED THE LEASING of a hematology machine for Loudon County Memorial Hospital.

—HEARD ROUTINE REPORTS from the court's various committee chairmen.

The following notary publics were elected: Gary E. Lindner, J. Harvey Hawkins, Mary Beth McCown, Pauline C. Lyle, Mrs. Ruth Bailey, Dorothy E. Pace, W. K. Phillips, F. L. Bogus, and Marie Marsh, all renewals; Roy H. Hamilton and Sherrin V. Lindner, new notaries.

Receiving the guests between the hours of 1 and 4 p.m. were the guest of honor and her mother, Mrs. Jack Lovell, Mrs. F. H. DeFord, mother of the bridegroom, and Mrs. Chaney.

For the occasion Miss Lovell wore a navy and white houndstooth double-knit dress featuring a white bodice and matching jacket. She wore a gift, corsage of yellow rosebuds.

Arrangements of spring flowers decorated the reception rooms. Mrs. Goodwin presided at the bride's table and showed the gifts which were displayed on a table covered in green and overlaid with a white lace cloth. A central bridal arrangement carrying out the theme "Love in Bloom" was used on both the gift and refreshment table.

The tea table covered in yellow and overlaid with an antique lace cloth featured a crystal punch bowl encircled with yellow rosebuds and flanked by yellow tapers in silver candelabra.

Although the board designation will now be Local Board Number 5, the board will be composed of volunteer members of both counties, Malone added. The new office can be contacted in person, by mail, or by telephone (983-2460).

Mrs. Bonnie Sheeley, Assistant County Agent, gave a demonstration on "Window Treatment" to the members of Corinth Home Demonstration Club at the home of Mrs. Glenda Arp on March 19.

for Interstate 75 by Circuit Court jury.

James W. West and wife, Ruth West, were awarded \$10,000 for their home and 51 acre of land taken by the highway and an additional \$10 moving expense.

For 57.62 acres of land taken from Selma Hamilton jury awarded \$50,000 in the other condemnation case.

Sonya Michelle Tate, daughter of Mr. and Mrs. James Tate was awarded \$1000 damages for injuries suffered in an automobile accident. The award was against the Lenoir City Utilities Board and Steven D. Melton. A suit brought by the parents of the child was dismissed.

State vehicle license decals and tags can be purchased in the office of the County Clerk at the courthouse on Saturday April 7 and 14th from 8 a.m. to 12 noon. Clerk Edward Alexander announced this week.

Other days the office is open from 8 to 6 on Monday, and from 8 to 4 remaining days of the week.

### Local Draft Office Moved

Arnold L. Malone, State Selective Service Director, announced today that the Loudon Local Board will be relocated to the Federal Building in Maryville, effective April 1. After that date, young men required to register, which by law is within 30 days before or 30 days following their 18th birthday, or to contact their draft board for any reason, may do so in the Maryville office.

Entrance to the house was through a sliding glass door at the rear of the home that was forced open. Deputy Jake Chapman is investigating.

### Stafford Reports Coins Stolen

A coin collection valued at \$1500 was stolen last week from the home of Loudon County State Representative M.F. "Benny" Stafford in Eaton Forest Subdivision.

The collection included a number of gold coins, silver dollars, silver half dollars and Indian head pennies. Also taken was a brown men's jewelry case.

Entrance to the house was through a sliding glass door at the rear of the home that was forced open. Deputy Jake Chapman is investigating.

### Corinth HD Club Meets

Mrs. Bonnie Sheeley, Assistant County Agent, gave a demonstration on "Window Treatment" to the members of Corinth Home Demonstration Club at the home of Mrs. Glenda Arp on March 19.

### Outboard Motor Taken

David Hudson, Beals Chapel Road, reported to the Loudon County Sheriff's office over the weekend that a 2-horse power Mercury outboard motor was stolen from his residence.

The serial number of the motor is 2127364. Officer Jake Chapman investigated.

# Speaking of Sports

By DANNY GIBSON  
Sports Editor

Major League baseball's 1973 season opens today with a revolutionary new look change in the rules but an old look about the pennant races. The world champion Oakland Athletics are favored to repeat in the American League where the new designed hit rule is expected to add some punch to the attacks and juice up interest among fans.

In the National League, which is passing up the new rule, the defending champion Cincinnati Reds hold the favorites' role.

Cincinnati, baseball's longest established pro franchise, gets the traditional jump with the ceremonial opening scheduled for today against the San Francisco Giants. A sellout crowd of 52,000 which will probably be the largest for an opening day in the majors, is expected to jam Riverfront Stadium where the 1972 season ended last October when the Reds lost the seventh game of the World Series to Oakland.

Manager Charlie Fox of the Giants has named longtime ace Juan Marichal as the Giants' opening day pitcher. Marichal, troubled by back and arm problems, won only six games last season but has enjoyed an outstanding spring including a seven-inning hitless stint against Cleveland last week.

Sparky Anderson, manager of the Reds, has declined to name his probable first day starting pitcher but many close to the scene experts feel either veteran Jack Billingham, 12-12 last year, or Roger Nelson, who was 11-6 for Kansas City last season and came over to the Reds in a winter trade, as being the most likely to get an opening day assignment.

After the Reds and Giants get the season started today, the pace picks up tomorrow (Friday) with 10 games scheduled, five in each league.

National League openers have Philadelphia at New York, Montreal at Chicago and St. Louis at Pittsburgh in day games with Houston at Atlanta and Los Angeles at San Diego in night affairs.

In the American League Friday, Milwaukee is at Baltimore and New York at Boston for day games and history will be made in those games when the first designated hitters make their official debuts. Night games send Minnesota to Oakland, Kansas City is at California, and Chicago at Texas.

The final opener is set for Saturday with Detroit playing at Cleveland.

The opening day pitching assignment usually is an honor reserved for the ace of each team's staff but two American League clubs, Kansas City and Milwaukee, are departing from that tradition and handing the job to a pair of youngsters.

Steve Busby, who was 12-14 at Omaha last year, will open for the Royals and Jerry Bell, who made only three starts after being called up from the minors in mid 1972, will open for the Brewers.

Probably the best pitching matchup will occur in New York where the Philadelphia Phillies will send Steve Carlton against the Mets' Tom Seaver. Carlton, winner of the Cy Young Award, was 27-10 last year for a team that managed only 59 victories all season. Seaver was 21-12 for the Mets, the third year in the last four that he has won 20 or more games.

Friday's other National League pitching matchups have Mike Torrez or Baylor Moore for Montreal against perennial 20-game winner Ferguson Jenkins of the Chicago Cubs, Pittsburgh's Steve Blass facing Bob Gibson of the St. Louis Cardinals, Pat Dobson of Atlanta going against Houston's Dave Roberts and Clay Kirby of San Diego facing Don Sutton of Los Angeles.

In the American League, Catfish Hunter of Oakland opposes Minnesota's Bert Blyleven, Kansas City's 23 year old Busby faces Nolan Ryan of California, Wilbur Wood goes for Chicago against Dick Bosman of Texas, Milwaukee's Bell opposes Jim Palmer of Baltimore and Mel Stottlemyre of the New York Yankees takes on Boston's Luis Tiant. Detroit's Mickey Lolich and Gaylord Perry of Cleveland tangle on Saturday.

Most American League clubs have cut back their pitching staffs to add another batter because of the advent of the designated hitter. The new rule allows American League clubs to substitute a batter for the pitcher without forcing the hurler out of the game.

Oakland, strengthened by the addition of catcher Ray Fosse and armed with Vida Blue from the start of the season, ranks as a huge favorite to retain its AL West Division crown. The Las Vegas adds are about 9-to-5 for the Athletics.

The oddsmakers aren't as sure about the AL East with support divided between the New York Yankees, quoted at 3-to-1 favorites in one race book, to Boston, 4-to-1 in another, to Baltimore, 7-to-2 and 3-to-1 in other Vegas quotations.

Cincinnati at about 2½-to-1 and Pittsburgh at about 5-to-2 seem to be the National League choices.

## Mustangs, Indians To Practice Monday At 5 p.m.

# Loudon Battles McMinn County To 2-2 Tie In Spring Grid Scrimmage

The Loudon Redskins staged a rather surprised spring football scrimmage Monday afternoon with McMinn County at the Cherokee home field. The grid challenge, apparently arranged at a spring coaching clinic held this past weekend at the University of Tennessee to kick off the Vols spring drills, came after just 30 days of outside work by the Redskins.

The matchup resulted in a 2-2 tie after a near two and one-half hour workout.

Loudon, Region II double-A member, fought the triple-A Cherokee in an even standstill for the afternoon with several interesting observations being noted.

The Redskins certainly are looking a mile more mature than their 1-8 season of 1972. No over night miracles necessarily, but progress is in operation. All 42 dressed squad members saw action in the game like scrimmage and as a team graded out respectively well by the very observant Loudon coaching staff of Bert Rutledge, Gary Dutton, and Jim Gibson.

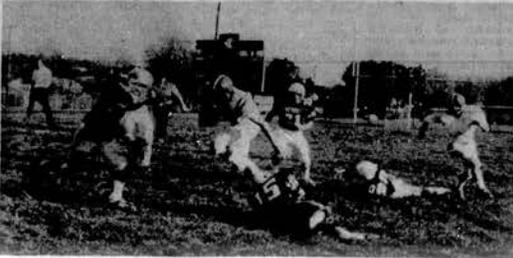

McMinn fumbled on their first series of offensive plays and Preston McQueen recovered for Loudon. Runs by Dennis Queen and David Surret set the stage for an 11 yard touchdown romp by Tim Guider.

The two teams swapped offensive chances for 30 minutes before Loudon pushed to the McMinn 10 yard line only to fumble away a possible scoring chance. The Cherokees hammered the ball away from their goal line and then hit on a 25 yard pass play to gain their best field position of the afternoon. Seven plays later the McMinn team hit pay dirt on a run up the middle from the six yard line.

Neither Loudon or McMinn County could find error in the two teams' respective defenses until the coaches decided to swap goal lines. The Cherokees ran into a first up, Steve Kizer after the switch and the play resulted in a fumble with Brad Brewster finding the hands for Loudon.

On the first play from scrimmage Dennis Queen rammed off tackle for 65 yards and a touchdown. The play, made possible by a picturesque block by Dennis Rowe, was the top individual effort of the scrimmage.

Loudon held the Cherokees in check for the next few offensive series before the McMinn team hit on a screen pass for a big gain and then countered with a pass down the middle to move with in striking distance of the goal. The Cherokees scored from the 10 yard line to knot the score. Loudon was given the ball for a couple offensive efforts but to the Redskins proved too worn out to dent the

**SURRETT DANCES PAST WOULD-BE TACKLERS**—David Surret, who sat out most of last season with a broken collar bone, displays some tricky moves in compiling several good runs against McMinn County Monday in a spring football scrimmage. Surret is pictured here escaping would-be tacklers for a first down.

McMinn defense again and the practice session was called to a halt. Loudon's coaches were impressed by the play of several of their fall prospects. Tim Guider, Mike Yates, Brad Brewster, Steve Kizer, Dennis Rowe, Nat Cammell, Terry Brown, John Deathridge, Rick Melton, and Preston McQueen all had commendable efforts on both offense and defense. Rick Tacker, David Surret, John Deathridge, Tim Guider, Greg Watson, Dennis Queen, John Lovelace, and Porky Campbell gave excellent accounts of themselves in the off offensive back field to make the trip appear pleasing.

**REDSKIN DEFENSIVE STOP**—Loudon's John Deathridge and Rick Melton hammer shoulders into the McMinn County ball carrier as Brad Brewster and Mike Yates (on ground) attempt to catch up to the play from the line of scrimmage.

## Panthers Trim Norris 7-4 As Cunningham Stars

Lenoir City opened its 1973 high school baseball season Monday afternoon with a come from behind 7-4 triumph over Norris.

The Panthers received the mound decision by going

five innings Tommy Cook tripe, but the Norris baseballers fought back to take the lead as they rocked Cunningham for four runs on five hits. Ten men came to bat in the big inning and all the scoring damage came with two outs.

The Panthers jumped off to a two run lead in the first inning on Tommy Cook's

triple, but the Norris baseballers fought back to take the lead as they rocked Cunningham for four runs on five hits. Ten men came to bat in the big inning and all the scoring damage came with two outs.

Lenoir City picked up a run in the third inning and went on top to stay in the fifth on back to back home runs by Tommy Cook and Tim Cunningham. Cunningham, who homered in the two run seventh inning that insured the Panther win, went four for four at the plate with two home runs, a double

and a single. He also struck out six in his opening day on the hill.

Tommy Cook, who struck out four in two innings of relief, hit a triple and a home run in three official times at the plate to drive in four runs.

Neal Foster, catcher, pounded out two hits in four times at bat and outfielder Doug Williams went two for three as the Panthers stroked 10 hits.

The game was the season opener for both schools. LC 201 620 2-7 10 9 NOR 040 000 0-4 6 1

MIKE WALKER

SAM THOMPSON

## Walker, Thompson LC Football Co-Captains

Mike Walker and Sam Thompson have been selected by the football team, as the 1973 captains for next season.

Both of the athletes have each completed four years of football playing two years on the junior high team and two years on the varsity squad. Said Coach Dale Brown of the selection, "The team made an excellent choice in choosing Mike and Sam. They are hard workers and dedicated to the Lenoir City football program."

Walker played quarterback in junior high but has

developed into one of the top power runners in the state. Mike is also a top defensive performer, at a linebacker spot. Thompson has been in the line his entire career and is expected to be an offensive tackle and linebacker next season. He also kicks off for the team, having the ability to get the ball to the goal line. Mike is the son of Mrs. Helen Walker, First Avenue, Lenoir City, and Sam the son of Mr. and Mrs. Fate Thompson, Route 4, Lenoir City.

## Panthers End Spring Football Practice

The Lenoir City football Panthers completed spring practice last Friday on an optimistic note as some of the younger players showed much improvement during the four-week teaching session.

The Panther team lost a two-touchdown game to one scrimmage game with Knoxville Holston, a AAA school, in the final game of the spring season, with a lot of

non-letter winners from last season playing good, solid football.

Coach Dale Brown's first offensive group scored on the first ball possession, getting the touchdown on a 40-yard pass run play from Mike McConkey to split and Buddy Jones.

Lenoir City's mistakes cost the Panthers two other scores, and two other errors also set

up the Holston touchdowns. Holston scored its first touchdown on a 40-yard drive after picking up a fumble and tallied the other on an intercepted pass. With Mike Walker, 190-pound halfback, gaining over 60 yards in the game, the Panthers twice penetrated the Holston 15-yard line, but errors by the young players prevented any further scoring.

The Panthers had Buddy Jones, Gary McNabb, Jeff Walker, Tony Long, Mike Haynes, Donnie Connor and Carl Thompson in the offensive line. Backs were Mike McConkey, at quarterback; Mike Walker, Reed Lindsey and Junior Johnson at the running spots.

could hit even against Holston's first group. We feel we can put a good team on the field, and if there are no injuries we will be in pretty good shape.

Lenoir City lost only three games last season—two to Kingston and one to Hartsville.

## Harriman Bow To LC Golfers

Coach Joe Allen's Lenoir City Golf team defeated Harriman—154 to 170, to win their opening match of the season with Gary Dye and Mitch Keebler gaining the medalist honors.

Both of these fine golfers came in with a 37, one over par, while Lee Arnold shot a 39 and Steve Henry a 41. For the Blue Devils, Terry Austin was the top man, 40, while Jeff French scored a 41, Jeff Evans, 44, and Ray Griffiths, 45. Ricky Moore, Panther freshman, also played well-fitting the evening with a strong 42.

## DIXIE YOUTH WORKSHOP SET APRIL 7

All Tennessee franchised leagues of Dixie Youth Baseball, Inc. A summer baseball program for youngsters eight through twelve years of age, plus any non-affiliated but interested groups are invited to attend the annual State meeting and instructional workshop to be held at Nashville on Saturday, April 7 at the Holiday Inn, North I-75 at Trinity Lane. A full instructional workshop to inform present leagues of Rules, Policies, regulations and other matters will be held Saturday afternoon with the Banquet and General Business meeting to plan the coming summer's program following in the evening. The workshop will be conducted by National DYB officials including the president, Matt Goyak of Georgetown, S.C., and the Commissioner, Nick F. Senter of Lookout Mountain, Tennessee. Other National and State Officials will take part in this instructional workshop and leagues are strongly urged to

## Maryville Rebels Walk Past Lenoir City With Unbelievable Seventh, 7-6

Lenoir City had its baseball record evened at 1-1 Tuesday by Maryville in one of the oddest happenings to ever occur in a baseball game.

The Panthers were riding the one hit pitching of left hander Tommy Cook and a 6-0 lead in the bottom of the seventh and fifth inning when the bottom dropped out. Cook, run out of gas and was relieved after he had walked four batters and hit one with a pitch.

SAFE AT THIRD—Lenoir City's Tommy Cook slides into third base Tuesday afternoon for an easy stolen base against Maryville. The Panthers stole 14 bases in the game and Cook tallied three runs.

Reliever Sammy Dunlap came on to walk three more straight batters and he was relieved by Gary Hamby, who failed to find the strike zone and walked in the tying and winning runs on eight pitches as the Panthers bowed 7-6.

In all the Lenoir City pitching staff gave up nine walks and hit one batter in the seventh inning which saw 10 Maryville batters come to the plate with out a single batter making an out or getting a hit. Out of 44 pitches made during the inning three were called strikes and one ball was fouled out of play.

Coach John Brannon of the Panthers, said, "he had never seen anything of the like in his 25 years of baseball coaching."

Lenoir City got off to a 2-0 lead on hits by Tim Cunningham and Johnny Price to drive in Neal Foster and Tommy Cook who had walked.

A score by Cook in the third inning and a beautiful squeeze play by batter Mike Walker and Neal Foster on third base accounted for another run in the fifth frame. Lenoir City lacked on two more runs in the seventh with Charlie Dye and Tommy Cook crossing the plate.

But nevertheless all went for naught as the surprise finish gave the Rebels a win in their first game of the spring. Lenoir City collected seven

hits in the game and again did not make an error. Second baseman Marty Porter led the Panthers in batting with two hits in four times at bat. Charlie Dye, Neal Foster, Tim Cunningham, Mike Walker, and John Price all had one hit in the game. Tommy Cook when hitless but walked three times and scored three runs to lead the team in that department.

## State Softball Tournaments Listed; Deal Re-Elected

The state softball tournament picture came into focus Saturday when assistant state commissioner Phil Daniel announced the sites of the major tournaments in Tennessee next summer. Chattanooga, host to a record number of tournaments last summer, will host none of the 1973 state meets but will be the host for the Women's National Slowpitch Tournament.

Daniel also announced that Deal was re-elected as the state's umpire-in-chief at the recent meeting presided over by state commissioner Jack Spore, of Nashville.

No exact dates have been listed for the meets, according to Daniel. The state men's open slowpitch returns to Athens while the women slowpitch action will be at

Etowah. Cleveland will host the church slowpitch meet and the Class A slowpitch tournament was assigned to Cookeville. The industrial slowpitch tournament goes to Oak Ridge this year.

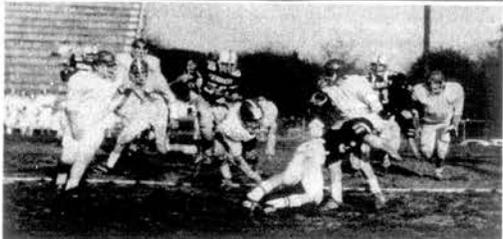

Both the men's and women's state fastpitch tournaments will be held in Nashville while the regional men's open slowpitch meet goes to Knoxville.

Daniel indicated no official action had been taken on the renewal of the local tournaments this year. However, the season can expect a return of the highly successful Pick-O-Dixie slowpitch meet, the Double Cola Classic and the Gordon Gambill tournaments which draw some of the nation's best softball talent to Chattanooga.

The second half of the workouts had Lenoir City's second unit going against both teams who are expected to be standouts in the line, did not dress out because of neck and knee problems. Steve Vailes, Bobby Smith and Wayne Stacey, three others expected to play a lot of football, also did not play because of injuries suffered in earlier practices.

The Knoxvillians won this part of the game three touchdowns to none.

Said Coach Brown, "The season can expect a return of the highly successful Pick-O-Dixie slowpitch meet, the Double Cola Classic and the Gordon Gambill tournaments which draw some of the nation's best softball talent to Chattanooga."

CHEROKEES SLOW LOVELESS—Lenoir quarterback John Lovelace seems to have run into a bit of a traffic jam in getting past this McMin County defender Monday afternoon. Pictured for Lenoir on the offensive maneuver is Terry Brown, diving in to help free Lovelace and Nat Campbell turning back to also help out.

TOP LENOIR CITY BATTER—Tim Cunningham, better known for his pitching abilities around the baseball parks, has turned into a superb hitter this spring. Tim has two home runs, a double and two singles in his first two ball games and walked twice. Here he takes a healthy swing against Maryville Tuesday.

bring all who work in any capacity to the meetings.

Dixie Youth Baseball is entering its eighteenth year of providing youth baseball and has enjoyed continued growth year after year. Without a single paid worker the organization is unique in that it affords a complete baseball opportunity for youngsters from competition on the local league level through a fabulous world series with all its color and fanfare. Also unique is the awarding of college scholarships each year to graduate who are selected. Six such grants are given each year and fifty awards have been made since this important feature of the non-profit organization was started. Groups not affiliated

with an organized youth baseball program or those wishing to investigate a new association are invited to contact, Nick F. Senter, National Commissioner, or LC "Rip" Rymen, Tennessee State Director.

Lenoir City stole 14 bases in the game but lost all the same. The losing pitcher turned out to be Sammy Dunlap as his accountable base runners turned out to be the tying and winning scores.

Lenoir City was to have met TMI in Sweetwater on Wednesday afternoon, and return to Norris on Thursday. The Panthers will play a double header with Friendsville Monday night at Lenoir City.

## The lawn and garden place

**co-op bulk plant food service helps you beat the labor shortage**

and modern, accurately adjusted spreader equipment on a self-service basis lets you save important fertilizer dollars!

Merry Goodman is happy to announce that Loudon Farmers Co-op has the right combination of plants, foods for greatest efficiency at the lowest cost per acre, and the ease and economy of using Co-op bulk spreading equipment for an application job done just the way you want it.

Ammonium Nitrate, blended materials or any number of analyses, in combination, whatever your plant food needs, check with Merry Goodman about Bulk Service.

Remember, it's not the cost per ton but the return per acre that counts and the efficiency of Co-op Bulk Service can increase that return far more than you might think.

Nothing prepares soil for planting better than Merry Tiller. Merry Tiller cuts, gets down deep to churn up the earth, so you end up with a light, moist soil that absorbs water, lets roots penetrate quickly and deeply, and allows plants to grow strong and fast.

- Choice from four powerful models.
- Choice of double or triple rollers.
- Choice of motor and tractor tools.
- With 100 different sizes to fit your needs.

## Game and Fish TODAY

By Sgt. Bob Harmon  
Game and Fish Commission

### THAT DAY!

"It's that day again," said Tommy to his teacher at Tellico Plains High School. "What day?" asked the teacher. "Why, April 11, opening day of trout fishing on the Tellico Wildlife Management Area," said Tommy.

"Classes dismissed for all those who want to go trout fishing."

This has been the familiar cry of the teachers at Tellico Plains High School in the past. Not confined to the student-factory worker calls in sick, the state and federal employee builds up his leave and taken compensatory time, the doctor and dentist work long hours the days before - all just to spend a few hours trout fishing on opening day at Tellico.

Catching a trout from the swift, cold mountain stream provides a thrill to the fisherman that is unequalled because usually when he hooks this fish, he is up to his waist in water, standing on a slick rock or leaning across a tree top. By the time the trout makes his run into the swift water, the fisherman has fallen over his head into the creek or straggled up the bank around the tree top and if by sheer luck the trout is still hooked, after all this commotion, it is put into the creel.

Not only has the fisherman been making plans since last year for "that day" but the Tennessee Game and Fish Commission and the U. S. Forest Service have been preparing for "that day" too according to Price Wilkins, Supervisor of Trout Management for Game and Fish and Cap Price, Tellico District Ranger. As soon as the high waters recede, Ray Beatty, Hatchery Manager, will stock 16,500 keeper size trout and before the closing of trout season he will have stocked 128,000.

Captain Ray Henry of the Second Law Enforcement District for Game and Fish said his officers will be out in force checking for licenses and permits, over the limit violators and for illegal bait usage on the wild streams. He further stated that the limit for trout is seven on Tellico River, Citico Creek and Double Camp Creek. These streams are open Wednesday, Thursday, Saturday, Sunday and national holidays and a daily permit of \$1.50 is required.

The Wild Trout Streams - North Fork of Citico, North River, Bald River, Henderson Creek, Sycamore Creek and all tributaries will be fished on opening day and thereafter only on Saturday, Sunday, Monday, Tuesday and holidays - \$1.50 permit required. On these streams fishing is limited to single hook, tied artificial fly, wet or nymph pattern flies, spinner and a 9 inch minimum for rainbow and brown and 6 inch minimum for brook trout.

Legal hours on the streams are 5:00 a.m. to 8:00 p.m. while we're on Standard time (5:30 a.m. to 9:00 p.m. when we go on Daylight time April 29).

Cap Price says that the high waters have created havoc with the roads but they are all passable. The following campgrounds are open: Double Camp, North River, Spivey Cove, Days Branch, Big Oak Cove and State Line. Daily fee is \$1.00. Permits for camping may be purchased from a machine at each campground.

See you there - Wednesday, April 22 - on that day.

reflected in the distribution of game and fish and their relative abundance," Director Goodrich said. "However, he added, "we are not resting on our laurels, and we will continue to raise our goals and standards ever higher."

Goodrich pointed out that Tennesseans enjoy some of the best fishing in the nation. He also indicated that hunters in the Volunteer State have just completed one of the most successful small game and big game seasons in the state's history, contrary to a recent Senate subcommittee report.

In summary of Senate Bill 275 introduced by Talarico of Shelby County and Roberson of Davidson County, the Game and Fish Agency would be a division of the Department of Conservation and the Commissioner would have all of the powers now conferred upon the ten-member Commission, including proclaiming all seasons, creel and bag limits, and rules and regulations governing the safe operation of all boats on the waters of Tennessee. The merit system now used for hiring officers and other personnel will also be repealed.

Fisheries personnel from Tennessee Valley Authority, Bureau of Sport Fisheries and Wildlife, and Tennessee Game and Fish Commission used creel sampling to sample for rainbow trout in Norris tailwater March 2. Biologists collected information on growth rate and movement of trout in the tailwater. This sample was part of an overall study of the tailwater to determine the proper number and size of trout to stock, best time of year to stock, fish growth rate and survival, and angler harvest. Biologists are also studying factors which adversely affect trout growth in the tailwater. All of this information should lead to more efficient management and better fishing for the trout angler.

Each spring the thoughts of Tennessee's reservoir fishermen turn to crappie. Crappie, known in other sections of the country as new lights, strawberry bass, white perch and sac a lait, is probably the most popular fish in the Great Lakes of Tennessee. The State's fishermen harvest well over 1 1/2 million annually. As much as 60 to 80 percent of this total is harvested during the spring months of March, April and May when the crappie are normally located in shallow water. Lead-headed hair "flies" and/or small minnows are the most popular baits.

Success of the crappie fisherman normally hinges on the fisherman's urge to enter shallow water to spawn. The crappie in turn depends on the proper weather and water levels for shallow water spawning. Crappie may nest in water up to 20 feet deep, but spawning normally takes place in water two to six feet deep. Crappie are a gregarious sort who like to congregate around underwater cover throughout the year.

Although the fisherman has no control over the weather or TVA water levels, he can, through wise use of concentrating devices, increase and extend his crappie harvest to other seasons of the year. Most of the TVA reservoirs are old and much of the original, natural cover is gone, so an artificially placed cover can be an effective method of attracting the fish.

## Snow Skiing Draws To An End

"We believe that the wildlife resources of Tennessee can be managed best under the existing structure," Goodrich remarked, "that is, remain a separate State agency as has been the situation since 1949."

"The Game and Fish Commission of Tennessee is noted as a leader among state resource management agencies in the field of wildlife management. Our policy of managing fish and wildlife resources on the basis of creating and maintaining suitable habitat for both game and non-game species is a sound one. The success of our management programs is

**WILDLIFE FOOD**-Li Ed Witt of the Tennessee Game and Fish Commission is shown giving John Roberts, president of the Lenoir City High School FFA and Dixie Lee Miller, Agriculture advisor at the school some wildlife seed mixture. The seed will be distributed among the FFA members to be planted on their farms to supply food for wildlife.

**GOOD CATCH**-Freddie Arden and Bernard Brown of Loudon are shown with a stringer of 21 Stripes and four Smallmouth Bass. They caught the fish from the Tennessee River while fishing with small white and green flies.

**NICE CRAPPIE**-Jerry Pettus of Loudon caught this 14 inch, one pound, eight ounce Crappie below Fort Loudoun Dam.

## Tennessee To Have State High School Rodeo

Tennessee is finally "catching up" with her sister states with the forming of a state-wide high school rodeo association.

Boys will compete in calf roping, cutting horse contest, bull riding, saddle bronc riding, bareback bronc riding, steer wrestling and team roping.

Girls events will feature Queen's contest, cutting horses, pole bending, barrel racing, goat tying, calf roping and team roping.

A highlight of the Rodeo will be a downtown parade, which will feature scores of students dressed in Western attire and mounted on beautiful horses.

Another feature of note is the selection of a Rodeo Queen. In addition to being judged on beauty, poise,

**JODY'S DELIGHT** a registered five year old walking horse gelding, owned and shown by Marilyn Kelso of Loudon will be one of several horses from Tennessee that will be shown in the Lakeview Georgia Horse Show on April 21.

personality and charm, a Rodeo Queen is judged on her horsemanship and riding ability.

High School Rodeos have been in existence since 1947 and have spread and flourished in 35 states including Canada. Until now Tennessee youths have been forced to compete with neighboring state rodeo teams.

The Association is open to all high school students in the 9th, through the 12th, grades provided they are scholastically qualified.

Dates for the First Annual Tennessee High School Rodeo are June 21 through 23, and it will be held in Jackson at the Fairgrounds.

There will be seven events for the boys and the same number for the girl contestants.

After each state rodeo all finalists are eligible to compete in the National Finals, which will be held in Ogden, Utah on August 13-18.

Applications and rule books are now available and may be obtained by writing: Tom McCarter, President, Tennessee State High School Rodeo Association, P.O. Box 2581, Jackson, Tennessee 38301.

Applications must be returned no later than midnight June 1. Contestants must be a member of the High School Rodeo Association. Dues are \$2 per member.

**FISHING REPORT**  
This fishing report is based on water conditions, weather and how they are biting now - but the forecast is dependent on weather conditions and could change. As the lakes clear up - fishing should get better.

**CHEOKEE LAKE:** - murky on upper end, clear and rising on lower end. Crappie are biting extremely good in the upper end but a little slower in lower end. Suggest you cast small feathered flies, or small minnows from 2 to 4 feet deep in upper end and 3 to 6 feet deep in lower end. Stripes are being caught at mouths of creeks from Morristown up. Several being caught in the Clear Creek section. The river from John Sevier Steam Plant to Hugh Day Bridge. Recommend small flies, minnows, rooster tails and other spinning lures. If you want the thrill of your lifetime - go after the rockfish. Several are being caught in the 15-19 pound size on bucktail flies. Mama specials and deep running longbill Rebels. By the week-end, if the lake continues to clear up, fishing should get better. Remember! Rockfish and hybrid size limit is 15 inches long and creel limit is 2. Several small rocks and hybrids are being caught and citations being issued to court for the small fish. If in doubt - release it - better to be sure than sorry.

**NORRIS LAKE:** - murky to clear and stable. Crappie good using small jigs tipped with minnows around trash drifts and brush tops. Spring lizards good for bass. Rockfish being

**STRINGER OF STRIPES**-Doug Brown of Loudon found the fish hungry as he landed a nice stringer of Stripes. He was fishing in the Tennessee River and using small green flies.

caught around trash drifts and tree tops on small flies and minnows. For some fun and good eating, get some worms or crickets and fish for broom around stumps and tree tops.

**NORRIS TAILWATER:** - trout good on worms and corn when water is off.

**DOUGLAS LAKE:** - muddy. Bass are being caught jugging with night crawlers in the Clear Creek section. The crappie are again beginning to strike on minnows around stumpy points at medium depths.

**FORT LOUDOUN LAKE:** - muddy upper end; murky lower end; falling. All species poor due to water conditions but bass and crappie should get better as water clears.

**WATTS BAY LAKE:** - murky and stable. Bass fair on jigs and minnows. Try small minnows and yellow and white flies. Catfish good on worms fished deep.

**CHILHOWEE LAKE:** - murky and stable. Limits of trout are still being taken on corn and worms. Crappies are biting good on spinners and minnows.

**LITTLE TENNESSEE RIVER:** - murky and fluctuating. Trout fishing is extra good on corn and worms just below shoals down stream to Carsons Island.

**MARVIN ALBRIGHT** of Loudon is shown with two trout he caught in Chilhowee Lake. Heavy rains hampered the success of trout fishermen on opening day at Chilhowee Lake.

**WILDLIFE MANAGEMENT AREA - TURKEY HUNTS**  
Bag limit - one gobbler, legal weapon - shotgun 20 gauge or larger with No. 2 size shot or smaller - or long bow.

**CATHOOSA:** Five day hunts April 18-19, 21-22, 25-26, 28-29 and May 2-3. Genesis and Bicolor checking stations only will be open.

**CHICK SWAN:** Five 2-day hunts - April 6-7, 13-14, 21-22 (Saturday & Sunday); 27-28; and May 4-5.

**TRILLIAC UNIT of Cherokee W.M.A.:** Three 2-day hunts April 14-15, 21-22; 27-28. Permits available at Yates Home Store, Swainsboro Drug Store and the Pheasant Field Trout Bearing Station, Tellico Plains and at Kirkland's Citico Beach Restaurant, Varnore.

# Grandson, Girl Charged With Shaver Murder

(Continued from Page 1)  
for Mrs. Shaver.  
Neighbors reported hearing dogs barking in the neighborhood around 4 a.m. Thursday, but nothing else unusual Wednesday night or Thursday morning.  
Officers are also under the impression that Mrs. Shaver might have known her killer and that the person or persons were familiar with her and her

habits. The backdoor screen was locked from the inside indicating that the killer was let in from the front door. It was also noted that the only area in the house that was ransacked was the closet where Mrs. Shaver kept her pocketbook. The bilfold was found the next day in the bottom of the closet. Deputy Brown said that the family told him that the woman could not have had

more than a few dollars. The day before she had been given a \$20 bill to buy groceries and after checking out of the store she received \$3 and some change back from the bill.  
Sheriff Freeman Russell said that all officers involved in the investigation were working intensely on the case and every bit of information was being checked out. Agent Miller said that finding the

person who's finger prints were on the vase found in the kitchen of the house was the primary clue in the case.  
Mrs. Shaver, a widow, is survived by her daughters, Mrs. Polly Barger of Dallas, Texas, Alma Shaw, and Helen Littleton of Knoxville; son, Calvin Shaver of Lenoir City; several grandchildren and great grandchildren; sister, Myrtle Canter of Morristown.

Funeral Services were held Sunday at New Providence Baptist Church, where Mrs. Shaver was an active member, with Rev. A.F. Grahl and Rev. T.M. Gody officiating. Burial was in the church cemetery with deacons of the church serving as pallbearers. Click Funeral Home in Lenoir City was in charge.

MR. BOOHER  
**Booher Named County Planner**

There's a new state planner in Loudon County now and his name is Dave Booher.  
Booher is the new representative to Loudon County from the Tennessee State Planning Office, the state agency which provides technical planning assistance to Tennessee's cities, counties and communities.  
He will be working with the Loudon County Regional Planning Commission, the Loudon Regional Planning Commission and the Lenoir City Regional Planning Commission and other community groups on such matters as planning for adequate streets, housing, water and sewer and community facilities, historic preservation and zoning and subdivision regulations.  
Booher is well equipped for his new post of helping the planning commissions, having previously worked with several federal agencies and as a two-year employee of TSP, having assisted Claiborne, Union and Hamilton counties and their municipalities with planning

# County To Get Property Tax Relief Under Proposed Bill

County and city governments in Loudon County will receive additional revenues of more than \$24.76 annually from state sales and gasoline taxes beginning in July if a bill pending before the State Legislature is adopted.  
The bill, known as the Property Tax Stabilization Act of 1972, is being sponsored by the Tennessee County Services Association and the Tennessee Municipal League in an effort to prevent the loss of more than \$4 million to local governments, has received the endorsement of county and municipal officials throughout the state.  
The proposed bill provides that \$3.4 million in state sales taxes be allocated to counties on the basis of population with one-third of each county's share being allocated to schools, one-third to roads, and one-third for general county purposes. The one-third allocated to schools would be shared by city, county and special school systems on the basis of average daily attendance.  
Another part of the bill provides that \$12.5 million in state collected gasoline and motor fuel taxes be allocated to municipalities on the basis of population.  
Last week the bill received the strong support of William W. Farris, Chairman Pro Tem of the Shelby County Quarterly Court, who endorsed the bill as spokesman for the Magistrates Association of Tennessee, an organization

representing some 2,000 members of the Quarterly Courts. The Quarterly County Court is the County Legislative Body.  
Dan W. McKinnis, Jr., Executive Director of the Tennessee County Services Association, who is leading the fight for passage of the bill, today released figures which revealed that, if the proposed bill is adopted, Loudon County would receive \$194,169 annually. Greenback \$1,750, Lenoir City \$29,284, Loudon \$20,545 and Philadelphia \$3,047.  
McKinnis pointed out that these amounts are equivalent to a 42 cents property tax levy for the county and would equal a 44 cents levy for Lenoir City and 43 cents for Loudon based on 1972 assessments. Assessments for 1973 have not yet been finalized. Information not available to compute the tax rate necessary to raise the amount of funds to be received by either cities in the county.

"Bill Farris of Shelby County, representing the Magistrates Association, has indicated that this bill must be adopted if local governments are to be in a position to meet their responsibilities to the people and still hold the line on the property tax," McKinnis said. "I know that Mr. Farris spoke for all Tennesseans when he said that he was tired of real estate taxes going up for the homeowners."  
The bill has received the endorsement of twenty-five legislators including both Democrats and Republicans. Senators endorsing the bill to date include Jim Robertson (D), Brown Ayers (R), William J. Davis (A), J.O. Patterson, Jr. (D), Gabriel Talarico (D), and Jim White (D).  
Members of the House endorsing the bill include James O. Lanier (D), Clyde Webb (R), C.R. Ashford (R), Larry Bates (D), Henry Craft, Jr. (R), Day L. Daniels (D), Lois DeBerry (D), Harold E.

"These legislators have taken a stand against an increase of both city and county property tax rates in Tennessee," McKinnis said. "Their stand will be welcomed by the homeowner, the farmer, the businessman and the wage earner," McKinnis added.  
While a number of members of the house and senate have not yet expressed themselves concerning their support of the bill, McKinnis expressed confidence that the bill will pass by a substantial margin when members of the Legislature realize the depth of public resistance to increased property taxes. He urged all citizens, as well as city and county officials, to contact their senator and representative and encourage them to support the bill.  
McKinnis said that over the years many programs have been initiated by the state which have forced local governments to increase the property tax and now programs which were formerly financed by the federal government are being phased out by President Nixon. As a result local governments are either going to have to fund these programs or many of them will be dropped.  
"The people of Tennessee are fed up with high property taxes," McKinnis said. "The farmer, the homeowner, the businessman, and the wage earner are all demanding relief and we believe it is reasonable and right that some of our state collected taxes be returned to local governments, particularly in view of the fact that the state has millions of dollars in surplus funds and local property taxpayers are crying for relief," McKinnis added.

## Juvenile Officer Sims Completes Police School

Joe L. Sims, Juvenile Officer of Loudon County Sheriff's Department attended a six-weeks Basic Police Recruit School (240 hours training) at the Tennessee Law Enforcement Training Academy, Donelson, from February 19 to March 30. This class was conducted in compliance with the "Minimum Standards" law which was passed by the Tennessee Legislature and went into effect July 1, 1970. This recruit program was open to all law enforcement agencies in the State of Tennessee. It was specifically designed for officers - the recruit or the veteran - who had not received formal police training. Emphasis was placed on the three major general areas of concern while performing the duties of a police officer: 1) Legal subjects for police; 2) Criminal investigation activities; and 3) Police traffic services. Course topics included: Sociology, psychology, principles and techniques of

conducting criminal and accident investigations, defensive tactics, traffic patrol techniques, traffic direction and control, firearms training, first aid, and discussion of specific offenses, i.e. burglary, car theft, narcotics and dangerous drugs, counterfeiting, liquor laws, sex crimes, et al. Training programs conducted at the Academy are designed to elicit a commitment on the part of a police officer to the importance of fairness as well as effectiveness in the exercise of his authority. Training is one of the most important means of upgrading the services of a police agency. Training cannot be accomplished by occasional and improvised programs. Rather there is a need for established programs of qualified staff and adequate physical facilities. This class was made up of law enforcement agencies across the State of Tennessee.

## County Wide Flood Insurance Available

In the wake of all the recent floods, most Loudon County residents and businessmen who experienced property damage would love to wake up and find that except for a \$200 or a two percent deductible on the damage, repairs to their property would be totally financed by their insurance companies. For Loudon County those residents who have purchased federal flood insurance, that dream is a reality and it may soon become one for all Loudon County citizens (though payments for damages cannot be made for the most recent floods). Low cost flood insurance may soon become available as the result of efforts and work by the Loudon County Regional Planning Commission and the county's two-year-old zoning ordinance. TSPO and TVA helped. The planning commission has applied for the county for federally subsidized flood insurance and helping planning commissioners prepare the applications and also write a zoning ordinance have been staff members of the Tennessee State Planning Office. TVA has assisted with necessary flood studies, too. The minimum insurance premium charged on such a policy will be \$25 with a deductible rate of either \$200 or two percent of the amount insured. The loss of which ever is greater. Any type of loss from flooding, including mud slides,

will be included in the insurance except water damage which results from a condition that does not cause general flooding in the area or from conditions which could be controlled by the insured. All this could become available to residents of the county outside the municipalities if the U.S. Department of Housing and Urban Development (HUD) approves Loudon County's application for the flood insurance. Loudon County meets requirements. To be eligible to qualify for the insurance an area must have and enforce flood plain management programs which prevent construction in floodable areas. Since Loudon County fits these requirements and is one of the few counties in the state which has a zoning ordinance that includes a flood plain management program, it could become one of the few counties in the state which obtains the insurance although some already have it. HUD stipulates that land

use control measures must be in effect in a given area to ensure that a community takes precautions against flooding and flood damage. The flood insurance will cover all types of structures used for residential, business, religious or agricultural purposes; structures used for nonprofit organizations and those owned by state or local governments or agencies. It applies to existing properties anywhere in the county's jurisdiction and for new construction outside the areas of special flood hazards. Coverage limitations listed. It may be purchased in amounts up to \$17,500 for single family homes (including townhouses or rowhouses) and up to \$30,000 for all other structures. Contents coverage is available too in amounts up to \$5,000. If and when the subsidized flood insurance is approved for Loudon County, licensed property insurance agents in the county who have secured the proper forms from Nash-

ville will sell the insurance. These agents will have lists of insurance rates and maps showing the floodable areas and will be able to answer questions which county residents may have concerning the insurance. Watch for further information on the status of subsidized flood insurance for Loudon County.

**THE WINNER**-Mrs. Brenda Crabtree, Loudon High School teacher, presents John Calvin with the keys to the Plymouth Valiant he won last Saturday. The car, purchased by the LHS Senior Bahama Trip Committee from Curtis-Tipton Motor Company, was given away at a drawing of persons who made contributions to the Bahama Trip fund.

**ONE WAY AT SCHOOL**-One block of Cedar Street, from Pecan to Ward Avenue in front of Loudon Elementary School is one way from 8 a.m. to 4 p.m. as the sign above says. Principal Rupert Huffine says many motorists fail to see the sign causing traffic problems in front of the school.

## Stafford Heads Committee

State Representative M.F. (Benny) Stafford of Loudon County has been named chairman of the House of Representatives Sub-Committee on Tourism.  
In accepting the position Stafford said that the efforts of his committees would be twofold. The first priority will be to promote tourism across the state and the second will be to recommend legislation to enhance tourist trade.  
Stafford appointed five other people to serve with him on the sub-committee.

**BACK IN THE GOOD OLD DAYS**

Possibly one of the greatest joys we get out of working on the Good Old Days week after week is to know that we are doing something to create memories from the Good Old Days era.

We have expressed our appreciation many times to those who bring in the many interesting pictures we have to use in the Good Old Days effort. Rating highest among the varied kinds of pictures we use is the school groups. Possibly this is because they effect a larger group of our readers.

Well, this week we have a school group picture, the Class of 1943 of Loudon High School. This picture, made about 30 years ago, has special significance at this time. Class members are planning a reunion this summer and are very anxious to contact all of their class members. All class members are asked to contact Mrs. Robert J. (Mary Ruth Milsaps) Houston, 1442 Highlands Way, Hixson, Tenn. 37343 or Raymond Hooker, Norwood Avenue, Red Bank, Tenn., or Charles H. Arp, Jr., Creatview Street, Hixson, Tenn. Plans are being made to hold the reunion at Loudon City Park, July 7 at 2 p.m.

Everyone is asked to bring their own food.

Those in this aid class are: back row, left to right, Charley Murr, Clayton Curtis, Harold Clark, Frank Wrim, Mack Reed, Marshall Russell, C.H. Arp, Curtis Murr, Earl Nicholson, Billy Thompson, Bill McCarrall and Taylor Knox. Second row—Evelyn Satterfield, Mrs. Johnson, Ota Mae Shubert, Lois Duck, Louise Kirtrell, Junior Fielden, Cecil Julian, deceased, Edith Sneider, Alma Varner, DeElla Clemmer, Barbara Dabbs, Mary Ruth Milsaps, Winifred Closser; front row—Alma Hidenour, Virginia Lawler, Betty June Mays, Jamie Beals, Janet Miller, Raymond Hooker, Anne McKenzie, Lynell Candler, Annette Roberson, Nila Humphreys, Catherine Ann Wiedle, and Louise Roberts.

We have been asked to mention that those doing the planning for the reunion (names above) be aided by readers who might know of some other members who live in other parts of the country and would like to know about them. So, please pass the word along.

Our many thanks to Mary

Ruth (Milsaps) Houston for the information and picture. We hope the reunion turns out real good for the grads of 1943.

Another picture we have this week is one taken in Loudon many years ago. Possibly fifty or more years. We have tried to figure out where in Loudon this picture was made. It possibly could have been on Wharf Street, which is the old Greer Home and is now the property of the Loudon First Baptist Church but many of the older larger homes in Loudon were built along the same general lines; therefore, we can't be sure.

Anyway, those in the picture are Mrs. Edna Harrison, wife of Dr. Joe Harrison, Mrs. Bettie Greer, Mrs. Goodwin, Mrs. Kate Duff, Mrs. Ellen McKaray and Margaret Julian. This was possibly a Sunday School or church group. We know that Mrs. Harrison taught many of our Loudon folks music, but we don't think this is a music class.

We are very grateful to Mrs. Erskine Milsaps for the loan of this picture, as well as some others we will be using during the coming weeks.

Now that warm weather is coming, we will be running around our area. If you have something of interest, Good Old Days or present, give us a call.

Well, that's it for now. See you next week.

**Lt. Giles Gets Air Force Silver Wings**

Second Lt. Ronald D. Giles has been awarded his Silver Wings at Webb AFB, Texas, upon graduation from US Air Force pilot training. He is being assigned to Kadena Air Base in Okinawa. There he will fly the KC-135 Aircraft with a unit of the Strategic Air Command. SAC is America's Nuclear deterrent force of long range bombers and intercontinental ballistic missiles.

Lt. Giles was commissioned in 1971 upon graduation from the School of Military Sciences for Officers at Lakehurst AFB in Texas. He is a 1966 graduate of Lennox High School in Lebanon, Missouri. He received a BS Degree in Mechanical Engineering in 1970 from the University of Missouri.

Lt. Giles is the son of Mr. and Mrs. Clarence E. Giles of Lebanon, formerly of Loudon. Grandparents are the late Mr. and Mrs. Marshall Giles of Loudon and the late Mr. and Mrs. J.W. Gann of Labanodon.

**First Baptist Sets Revival For April 8-15**

The Loudon First Baptist Church will begin a series of revival services April 8-15. The revival will begin with a special program at the morning worship service at 11 a.m., April 8. The 25 voice Women's Chorus of Carson Newman College in Jefferson City will have charge of the full hour. The program is devoted to songs of inspiration and testimony.

Rev. Everett Sherwood, pastor of Dixie Lee Baptist Church, will be the visiting evangelist for the services beginning at 7:30 p.m. each night.

Michael Morgan, Minister of Music and Youth, will be in

**Youth Revival At Blairland**

A Youth-led Revival will be held at Blairland Baptist Church beginning April 8 with services nightly at 7:30 p.m. David Abernathy, a member of the church and a student at Clear Creek Baptist School, will be the evangelist for these services.

Rev. Jewell Watson, pastor, invites everyone to attend.

**Henry Block has 17 reasons why you should come to us for income tax help.**

**We Will Gladly Accept Your Food Stamps**

The leopard was made by a taxidermist. Its coat is a modacrylic textile fiber made by Union Carbide from several basic chemicals. It's called Dynel.

For versatility, Dynel probably has no equal. We can make it as soft and warm as fur, or almost as tough as steel.

You'll find it in blankets, work clothes, toys, jewelry, in carpets, towels, drapes, paint rollers.

And since Dynel is chemical-resistant, durable and virtually nonflammable, it's used for laminated boat decks, for tents, as overlays for storage tanks and air ducts.

But Dynel is most famous for something else. It's great for making wigs, for blondes and brunettes and redheads.

Remarkable fiber? We think so. But haven't you found that a lot of remarkable things come from Union Carbide?

**Come closer. It's only a modacrylic.**

## LHS Students Recommended Local Government Changes

After an extended study of County Government which included study from textbooks, a trip to County Court, a visit by Judge Sprout, and a review of what other county governments were like, the Second Period American Government Class of Loudon High School, decided there must be a better way to get things done. After a tremendous amount of work on both content and grammar, the following resulted. These ideas came from textbooks, other counties, Judge Sprout, the students and the teacher.

William A. McClanahan's Magruder's American Government states that, "county government in the United States has often been described as the dark continent of American Politics. Despite its importance to him, the average person knows little and cares less about the government of his own county." Loudon County's government and its citizens are not any different from the rest of the country.

There are changes that could be made which would produce a more efficient, professional, and economically streamlined county government. These changes would include combination of some county offices, elimination of other county offices, and changing the duties and qualifications of some of our county officials.

The county judge's name should be changed to the county executive or the county mayor. This change would clear much of the confusion as to the duties of this elected official. In making this change the judicial duties of the new county executive should be given to the County Court.

This executive's term should be cut from eight to four years. This much time is too long for any elected official to be out of the people's reach once he is in office. This county executive should still be a lawyer since he has no legal advisor.

Accordingly, the county court's name should be changed to the county commission, or the county council. The court members should relinquish their judicial duties and their terms should be four years to coincide with the county executive's term of four years. This change would eliminate a lot of the confusion as to the duties of this governing body.

The offices of County Court Clerk, Circuit Court Clerk, and Clerk and Master should be combined under one central clerical office. There would be one elected official to oversee the clerks who, being graduates of a business college, would be hired to fill

these positions. This office would be in charge of all license sales for the County. The Sheriff should be appointed or hired by the county commission. He should have had all the available state training available, and, if possible, he should have a degree in Criminology. The constables have two few duties in Loudon County; therefore, it should be done away with.

The county coroner's name should be changed to the county medical examiner. This has already been done in many counties, and it more aptly describes the job.

The property assessor's duties should remain much the same except for his educational qualifications which should be raised. The office of registrar of deeds should be combined in this office. Then this official would become a clerk with a certificate from a business college. The reason for this combination being that the property assessor sees all property in the county to assess its value.

The superintendent of schools should be hired or appointed by the School Board. He should be a professional educator and not a professional politician. Also, changing the names of some of our county officials would more aptly describe their jobs, and would make their role in county government more easily understood by the average person.

The school board's selection should be changed from appointment to election. There should be nine members in all: five by districts (one from each) with four at-large. To run for the school board, these men should have a child in school and should have a high school education.

The trustee's name should be changed to the county treasurer. He should assume the duty of collection of back taxes from April 15, 1972. There should be this the collection point of taxes as they come due. This official should have a degree in Business Management.

Loudon county is paying three road commissioners to do the job of one man. There should be one man hired being a civil engineer to fill the jobs of these three men, if this is not possible then elect only one man for the job.

The implementation of these changes would cut thousands of dollars in salaries, combine seven county offices into three new ones, and would raise or adjust qualifications of officials or more county officials. These changes could only produce a more efficient, professional, and economically streamlined county government. These changes are not meant to reflect on any county official serving in office, but merely suggestions by the class.

## Officials Bend Courthouse To Open Saturdays

In a clear move to quiet public objections public officials at the Loudon County Courthouse announced that beginning this week they were returning to their old office schedule which includes being open a half day on Saturday.

For more than a year the courthouse offices have been staying open late on Monday, all day on Wednesday and closing on Saturdays. This has brought a thunder of complaints from many citizens, especially in the past few weeks when many trying to purchase auto license decals found the courthouse doors locked on Saturday.

The new hours are 8 a.m. to 4 p.m. Monday, Tuesday, Thursday and Friday. From 8 a.m. to 12 noon on Wednesday and Saturday.

In addition to this the office of the Circuit and Criminal Court Clerk, Billy Joe Akins will be open on Wednesday afternoons as well.

## Pair Charged In Murder Post Bond, Are Freed

Alvin Dean Shaver and Margery Sue Chastain, two Loudon teenagers, who were charged with murder and robbery last week following the stabbing death of Mrs. J.H. Shaver of Lenoir City are now free on bonds pending

separate court hearings on the charges. Miss Chastain, 18, who had been held in Monroe County jail since her arrest and arraignment Tuesday April 3, was freed Friday on a \$25,000 property owners bond, signed by eight persons.

The girl's parents, Mr. and Mrs. J.H. Chastain of Saganaw, Michigan, were allowed to take her back to Loudon as a waitress for several months.

The Shaver youth, 17, and a juvenile were freed Saturday after bond was secured through City Bonding Company by his mother and step-father, Mr. and Mrs. L.D. Shubert.

A delinquency hearing in Juvenile Court is scheduled for yesterday Wednesday, April 11, on the delinquency by reason of murder and robbery

charged against the youth. If found delinquent at the hearing the way would be cleared for the case to be sent to Criminal Court by way of General Sessions Court and the Criminal Court Grand Jury. This would mean although he is a juvenile, Shaver would be tried as an adult for the stabbing death of his grandmother.

Mrs. Shaver, 79, who had many relatives throughout the county, was found in the kitchen of her modest farmhouse on 113 West Second Avenue in Lenoir City Thursday, March 28. She had been stabbed three times in the back and once in the chest, and had also been struck in the head with a vase. Investigators also said the woman had been robbed.

## Circuit Court Term Ends

The spring term of Circuit Court in Loudon County ended last week with decisions on several jury trials.

Two awards were given to property owners where land was taken for rights of way for Interstate 75. Ray West, Jack West, Calvin West and Jack W. West, Jr., were awarded \$200 for less than a half acre of land taken and \$1500 in damages to their remaining property. James W. Lauderdale, Mrs. Jessie Lauderdale were given a jury award of \$35,500 for 29.71 acres of land taken by the highway construction. The jury also found \$5,000 in incidental damages that was then taken away by a judgment of \$5,000 in incidental benefits.

In an auto accident damage case involving a cross-gate case involving Stella L. Hurst Raymond Hurst and Albert Shell and Barbara Faye Hart the jury found in both cases a judgment of \$5,000 in incidental benefits.

In a non-jury case Benny Douglas Collins was given judgment of \$2,000 plus \$10,000 in punitive damages against Dale To Be Great, Inc., a Florida based company doing business in Loudon County. The company is owned by Glenn Turner who became a multi-millionaire by selling the courses, which includes a tape player and several cassette tapes. The course sells for \$2,000.

Holy Week Services Set  
Holy Week services will be held at the Loudon United Methodist Church, April 15-22. The services have been planned by the Work Area on Evangelism.

Rev. W.H. Horner, pastor, will bring the messages each night of 7:30. Rev. Horner announced that his sermon tapes will be Seven Days That Changed the World, tracing the steps of Jesus as He spent His last seven days on earth.

On Sunday, April 15 at 6 p.m. the Church Choir will present the Easter Cantata, "O Greater Love." On Thursday evening a Tenebrae service is planned following Holy Communion.

Thieves Take Guns, Jewelry  
Several guns and other items were stolen from the home of Harrell C. Buttry, Mount View Estates in Lenoir City, according to a report filed at the sheriff's office.

A report filed by Deputy J.W. Mashburn showed that thieves entered the Buttry home by breaking down the front door.

Reported stolen was a 38 caliber police special pistol, 308 Winchester rifle, 45-70 Springfield rifle, 12 gauge shotgun; 22 Springfield rifle, one silver dollar, wedding band, class ring, knife, cuff links, ties, panasonic tape player, and a radio.

The burglary was reported late last Wednesday.

## Loudon Countians Earn More, Save Less

Residents of Loudon County spent more in the past year and saved less than they had the year before.

Those two related developments indicate the change in attitude that has taken place in the local area.

In the previous year, when consumer confidence in the economy was at a low ebb, people were reluctant to spend money for non-essentials. They tucked a record amount away as savings.

As a result, they ended up with a much larger nest egg in bank accounts and in cash than usual. At the same time, since they weren't indulging in big spending, they were able to reduce their installment debt, keeping their credit in good shape.

Midway in the past year, however, a change took place. Business conditions improved, the indexes headed upward and consumers became more active. Sales of automobiles, refrigerators, colored TV sets and other expensive items rose sharply as pent-up cash started flowing again.

Although Loudon County families, as a result, put a smaller proportion of their income into savings last year than in 1971, it was more than in most other years. An estimated total of

(Continued on Page 8)

## Hitchhiker Killed On Interstate

A preliminary hearing on a manslaughter charge has been set for May 11 in General Sessions Court for an hitchhiker at the I-40 and I-75 interchange in Loudon County.

DRIVER HUBERT M. SHEARIN, second from right, whose car struck and killed a hitchhiker at the I-40 and I-75 interchange in Loudon County, tells officers the details of the accident, which claimed the life of 25-year-old Greg A. Perman of Jackson, Miss. Talking with Mr. Shearin are, from left, Loudon County Sheriff Freeman Russell, Highway Patrol Sgt. Harold Strunk, Sanford Tarson, another hitchhiker, and State Trooper Leroy Phipps, who investigated.

SIGNING LEASE-Tony Laszka, one of the owners of the new Loudon Sportswear plant, right, is shown signing a lease for a building in Loudon where the firm will start operation soon. Looking on is Clayton Curtis, who along with his father, Wayne, own the building the firm will open in.

## Sportswear Plant Will Open In Two Weeks

Tuesday was a busy day for the owners of the new Loudon Sportswear manufacturing plant. Tony Laszka and Lester Hoover were in Loudon all day meeting with various governmental and industrial groups. The new Loudon plant, which will be opened in about two weeks, is the third such sewing operation owned by the two men.

Mr. Laszka said the firm will begin taking employment applications on Monday of next week. Persons wishing to make application for work with the firm should apply in person at the plant office on Mulberry Street, West End Loudon. The firm is operating a temporary operation in the old Truck garage, next to Hall Oil Company, that was leased from Clayton and Wayne Curtis of Curtis-Tipton Motor Company.

The plant will manufacture sportswear of various types including union sweaters and banion golf shirts. Among their largest accounts are Arrow, Van Husen, Pennys and Sears.

When in Loudon Tuesday Mr. Laszka said he and Mr. Hoover were extremely pleased with the cooperation and assistance that they had received from the Chamber of Commerce, the City of Loudon and all other groups involved in their move here.

"We hope to build the Loudon plant into a major operation that will have a definite effect on the economy of this community," Mr. Laszka said. He stressed that the company wants to have the full confidence of the community and that they will work hard toward that end.

The two other plants owned by the two men are the Charles Knitting Mills in Dayton, in operation for six years and a plant in Chicago that is 20-years-old.

Tuesday the men signed a lease on the 4000 square foot building, opened a bank account in Loudon, met with the City Planning Commission and visited various officials and industrial leaders in the community.

An announced last week the West End plant will be a temporary location for the firm. They want to construct a 10,000 square foot building in the Industrial Park at Loudon in the near future.

Employing about 85 percent women, the company will open with about 20 to 30 employees and increase to about 80 which they say is about all that the temporary plant will allow. They say their potential employment in Loudon will be about 200, starting to increase to help get the plant into operation as fast as possible.

For more than a week now a work crew from the company has been preparing the building and equipment and machinery is scheduled to start arriving later this week. The owners say that their work crew here will be increased to help get the plant into operation as fast as possible.

## City Hears Reports, Asks Relief Funds

Loudon City Commission Monday night authorized Mayor Joe Carter to submit an application for obtaining federal financial assistance under the Disaster Relief Act for damages done to city streets and facilities by the flooding in March.

City Administrator reported that damage to city public facilities to be \$6,000. Expenditure of not more than \$5000 from Revenue Sharing funds received by the city was approved for use in purchasing necessary equipment for the bathhouse at the new city swimming pool.

Hensley reported that a Neighborhood Analyses Study of the city was nearing completion and would soon be made available to the city commission and City Planning Commission. Mayor Joe Carter said the study would be a guideline for the development of all phases of activity in the city.

Other items discussed included the possible appointment of a Youth Advisory Board, a five member Recreation Board, and the drafting of rules and regulations for the use of the Lions Municipal Park.

City ordinances acted on were the approval on second reading of an amendment to the city illegal parking ordinance; approval on third reading of the joint city-county contract on the County Justice Center; and on second reading the elimination of parking on Collins Street.

## Terrie Clark Wins County Spelling Bee

BY CALVIN LUNSFORD  
A Loudon Junior High student, Terrie Clark, became Loudon County's Spelling Champion in a county-wide spelling bee held recently at the Loudon High School auditorium. Terrie, an eighth grader, overcame stiff competition to win the honor. The Spelling Bee is sponsored by the Loudon County Teacher's Association and is an annual event. The schools participating this year were Eatons, Highland Park, Steekee, Greenback and Loudon Junior High. Each school had two contestants entered in the competition. Terrie, the daughter of Mr. and Mrs. Clarence Clark, Route 4, Loudon, won \$25 and a set of World Book Encyclopedia for her school. The encyclopedia were

donated by Mrs. Edna Henley, representative of Field Enterprises. Mrs. Henley has donated these each year since 1959. Second place winner was Carol Tinnel of Highland Park School. She received a \$15 cash award. Third place winner received \$10. Terrie will represent Loudon County in the Regional finals of the Southern Appalachian Spelling Bee which will be held April 28 at 1:30 p.m. in the WNOX Auditorium in Knoxville. The grand champion of the Regional finals will be awarded an all expense paid trip to Washington, D.C. to compete in the National Spelling Bee. Other awards of cash and prizes will be awarded during the course of the Regional finals.

**SPELLING BEE CHAMP**—The 1973 Loudon County Spelling Bee Champion is Terrie Clark. She and her coach, Mrs. Joe Watkins, are shown looking over a set of World Book Encyclopedia which Terrie won for her school in the County Spelling Bee Contest recently.

# Circus In Loudon On Saturday, April 21

The Sells and Gray Circus, one of the largest in the United States is coming to Loudon for two show performances. The show will be held at 4 and 8 p.m. on the Edward Headlee Farm, on Highway 72, West of Loudon on Saturday, April 21. Sponsoring the appearance of the Circus in Loudon is Boy Scout Explorer Post 215 of Loudon. Tickets for the two shows are now on sale by members of the Post. Mr. Headlee said. Proceeds will be used to pay for summer activities of the Scouts.

Sells and Gray is the traditional type of American Circus showing in three rings under the big top. The fast moving program features the best in circus acts and includes the Sells and Gray performing elephants and other trained animal performers both wild and domestic. Acrobats, jugglers, wire walkers, and novelty acts, and of course the circus of clowns will be present to dish out fun.

The Circus promotional material bills the acts as clean family entertainment with such stars as the Canestrelli family of acrobats, the Hills, their monkeys and dogs, the Kepps, The Wallendas, Musical Clowns, The Williams, lasso manipulators and others.

**OBEDIENT ELEPHANTS**—Donna Dee is 21 and pretty, yet she is one of the nation's foremost elephant trainers. She is a native of Aberdeen, Scotland and has followed the circus all of her life. She is also experienced in aerial and acrobatic work. She will appear with the Sells and Gray Circus on Saturday, April 21, at 4 and 8 p.m.

The public is invited to watch the circus set up. A schedule of Circus day activities is as follows: 6:00 A.M. Circus will arrive from Cookeville and start erecting it's huge canvas tents and equipment covering 7 acres. The circus will set up at Headlee farm on Highway 72, West of Loudon.

7:00 A.M. Circus performers and laborers will have breakfast in the big mobile cookhouse. 8:00 A.M. The Big Top will be raised into the air. The public is invited to visit the showgrounds and see the tented circus erected. 11:00 A.M. Circus tickets will be on sale at circus office at circus grounds. 12:00 Noon Dinner time for the wild animals. The public is invited to see the elephants munching their bales of hay and oats and the jungle animals devouring fresh beef and chicken. 3:00 p.m. Midway and free attractions open. 4:00 p.m. Matinee big show performance begins, lasting over 90 minutes. 7:00 p.m. Midway reopens to the public. 9:00 p.m. Night performance begins. Same great performance as the matinee, brilliantly lighted. 12:00 Midnight Circus Caravan departs for Kingsport.

## Speaking of Sports

By DANNY GIBSON  
Sports Editor

### RAIN, WIND, SNOW, AND COLD GO AWAY...SAY MAYBE FOR A COUPLE OF...WOULD YOU BELIEVE DAYS.

My fading last article for the sports page last week was the official announcement that the snow skiing season had come to an end. It has been brought to my attention that as of Monday night with the surprise occurrence of snow flurries in the area that I had possibly erred again. Sudden interest in ice hockey, tobogganing and kite flying all returned as a flashback to winter.

The only problem is Loudon County and its respective school system and recreation organizations fail to have competitive teams in such sport fields. Therefore the spring football scrimmages, golf matches, and baseball games for which The Herald sports department has learned to lean heavily on at this stage of the year for existing sports, has come to a halt by proclamation of no one other than the weatherman.

Schedules have been altered, rescheduled, postponed, and stretched in an effort to work around the weather. The Lenoir City golf team has been the most fortunate of the young spring sports season sneaking in three varsity matches and a fifty three way scrimmage with Oak Ridge and Kingston.

The Loudon football team has had their gear packed since Friday night waiting for the rain and snow to let up in an effort to play a football scrimmage with Crossville. The game may be set for a Fourth of July Special with a watermelon cutting afterwards.

Hopefully the attraction will take place the latter part of the week, just as soon as the snow plows locate the yard stripes on the Crossville football field.

Greenback has taken their tires back that they use for agility drill, and exchanged them for a case of Steno and the intertubes which belonged in the tires to hold up their players while practicing water polo on the football field. Coach Keith Bailey says he has been practicing in platoons giving each group equal chances to dry out. Or was that he was practicing on pontoons, at any rate spring football practice is underway at Greenback.

The Lenoir City baseball team has played two games, winning one, losing one, and had half a dozen rained out. Coach John Bramson's Brandits have new uniforms for the season with the possibility of three different outfits being worn. School officials have about decided to send the uniforms back and get 18 pairs of water wings and some plastic wiffle balls to finish out the season. The Panthers figure to use their wooden bats as long as they float.

So if you run across something sporty in Loudon County of any measurable competitive spirit just call us and we will grab a grape vine and swing to the scene while waiting on the weather report to provide a sunny day for the continuation of our normal spring sports scene.

## Lenoir City Golfers Stay Unbeaten

Lenoir City has fashioned a sparkling 30 week record in high school golf thus far. The Panthers led by the super play of Gary Dye has defeated Harriman twice and turned back Clinton in match play. Lenoir City bumped the defending District Champions, Blue Devils, at Lenoir City in the first game of the season 197-221. Clinton fell by a score of 253-296, as Dye posted a 28, one under par. Steve Henry, Ricky Moore, and Mitch Koehler had 42's and Lee Arnold and Tim Galyon turned in a 41 and 48 respectively for nine holes. Harriman, which had not lost a home match in four years, bowed by a six stroke margin, 174-180. Gary Dye's 41 took top medalist honors for the match.

## Loudon City Golf Play Underway

The Loudon City Golf League embarked upon its summer golf play this week with a 19 week schedule that will close the week of August 15th.

Nineteen teams are entered in the league format with two individual alternates. Making up the league membership in numerical team order are Buck Kirkland and John Lemmer, team one; Sarge Harrison and Earl Millsaps, team two; Clell Miller and Chig Radledge, team three; Ed Swenson and Gerald Cole, team four; Gary Hensley and Bill Brown, team five; Mark Miller and Buddy Swiney, team six; David Hamill and Glenn McNabb, team seven; Inky Swiney and Ted Lane, team eight; Larry Millsaps and Lynn Millsaps, team nine; Dickey Kinser and David Grisson, team 10; Paul Brakebill and Edwin Arnold, team 11; Jim Hamill and Harold Grimes, team 12; Larry Bridges and Larry Lane, team 13; Milas Anderson and Ronnie Clabough, team 14; Joe Watkins and Gene Watkins, team 15; Jack Hodge and Don Canter, team 16; Dennis Townsend and Ralph Stalcup, team 17; Henri Richesin and John Greer, team 18; and Charles Watkins and Danny Watkins, team 19. Jake Lane and Harrison Henry are the league alternates.

Official league play will be held on the Madisonville Golf Course with two tentative league tournaments to be scheduled. The first week of action finds Buck Kirkland and John Lemmer receiving a bye. Sarge Harrison and Earl Millsaps play Inky Swiney and Ted Lane. Clell Miller and Chig Radledge will be challenged by Henri Richesin and John Greer. Ed Swenson and Gerald Cole oppose Dennis Townsend and Ralph Stalcup. Gary Hensley and Bill Brown meet Charles Watkins and Danny Watkins. Mark Miller and Buddy Swiney will test

Jack Hodge and Don Canter, David Hamill and Glenn McNabb face Milas Anderson and Ronnie Clabough. Larry Millsaps and Lynn Millsaps will match play with Joe Watkins and Gene Watkins. Dickey Kinser and David Grisson tangles with Larry Bridges and Larry Lane. Paul Brakebill and Edwin Arnold will round out the league slate with a match against Jim Hamill and Harold Grimes.

Each team qualifying for league play has played practice rounds to determine handicaps to start the spring play. As the league season progresses the individual handicaps are expected to drop considerably. John Greer and Clell qualified with the lowest spring handicap of four and five strokes respectively. The average handicap of the league at the start of season play is around nine strokes per man.

## Loudon Football Scrimmage Postponed

The Loudon Redskins had their Saturday morning scrimmage with Crossville postponed due to steady rain which set in Friday night.

The Loudon Redskins had their Saturday morning scrimmage with Crossville postponed due to steady rain which set in Friday night. Scrimmage was rescheduled for Monday afternoon, but again rain prevented the event. The weather conditions, in the form of snow (Crossville recorded a small accumulation), took the scrimmage off of Tuesday's calendar. The game is to be played later in the week.

## 20 Teams Expected

The Loudon Recreation Director, Bert Chig's Radledge, met Tuesday night with prospective men's softball sponsors in an attempt to organize the summer softball program and plan a spring tournament.

Five teams appear to be definite for the regular season play with hopes for the addition of at least one more team and desires of seeking up to three teams to complete the league format by the end of next week.

Such veteran sponsors as Union Carbide and Smith Chair Company have expressed they will not have any softball representation this summer. Union Carbide at one time had as many as three teams playing out of their Loudon plant. Bill Lankford, certified American Softball Association umpire, will over-see the

## Dogwood Arts 100 To Be Run At Atomic Saturday

GOING AROUND THE BEND—A full force of racing drivers will pit their skills in this Saturday's Dogwood Arts 100 at Atomic Speedway. The Saturday night winner's purse is the largest ever given away at a dirt track in Tennessee.

The finest field of late model sportman cars in the model of Atomic Speedway is expected for the Dogwood Arts 100 on April 14. Drivers from seven Southern and Midwest states already have filed entry blanks for the \$7,200 event-rich dirt track race over in East Tennessee. First place in the 100 lap run over the three-mile oval will be worth \$1,500. A check for \$1,000 awaits the No. 2 driver.

"Without any doubt this will be our finest field of cars," said owner Bob Martin.

Top names include Floyd Gilbert of Cincinnati in a Chevelle, Jerry Inman of Bruce, Miss., in a Chevelle, Butterball Woolridge of Lexington, Ky., in a Chevelle, and Bucky Simmons of Corvella, Ga., in a Camaro. Gilbert won 42 of 60 races last season and was champion of three tracks in the Cincinnati area. Inman's races in Florida and Mississippi and captured the title a year ago at Paducah Speedway, and Woolridge was 1972 dirt track champ at Daytona Beach during Speed Weeks.

Among Atomic regulars expected to be among the frontrunners include Snooks DeFoor in a Mustang, defending track champion Herman Goddard in a Chevy II, Little Bill Corum in a Chevy II and Don Justice in a Camaro.

Advance tickets for the Dogwood 100 are now on sale at Valley Pontiac in Oak Ridge and West Haven, Auto Parts and Flynn Paint Store in Knoxville. Reserved seats are \$4.50 and general admission \$4.

## Carroll Smith To Coach East Cage Stars

Oak Ridge High School head basketball coach Carroll Smith has been named as the coach of the West All-Star cage team.

Joe Hallacore, coach of the state champion Jackson County girls team from Gainesboro, will coach the East girls team; and Richard Welch of Trezevant will coach the West girls.

Smith attended Oklahoma Baptist University before

moving to Knoxville where he coached at Holston High School for 13 years. This is his first season at Oak Ridge and this year Oak Ridge posted a 19-9 record. His overall record is 243-103. In 1967 his Holston club finished second in the state, falling to Alcoa 46-45 in three-over-times in the finals of the state basketball tournament held in Knoxville.

Smith attended Oklahoma Baptist University before

## League Play Outlined

The Union Carbide Golf League, reduced in number for the 1973 summer season by the formation of the Loudon City Golf League, will begin play April 18th.

Nine teams are entered in this year's play with an 18 week schedule lined out for each team to play one another twice during the summer. Dick Huff and Art Hamill, former league champions and definite contenders, are the one-season pick to take league

approximately six more teams being added to the field by Friday. The tournament will run from Monday, April 16th to Saturday, April 22. Four games a night are planned with contests beginning at 6

pm and running consecutively until each night's schedule is exhausted. Any team interested in competing in the tournament or league play for the summer is urged to contact Coach Radledge or Lankford to make immediate arrangements.

## Union Carbide Golf League Set

The Union Carbide Golf League, reduced in number for the 1973 summer season by the formation of the Loudon City Golf League, will begin play April 18th.

Nine teams are entered in this year's play with an 18 week schedule lined out for each team to play one another twice during the summer. Dick Huff and Art Hamill, former league champions and definite contenders, are the one-season pick to take league

with a bye. Charlie Helms and Jack Delaney, team two plays team nine. Hall Summers and Mike Coady, Dick Huff and Art Hamill, team three, will start action against team eight. Herb Hodge and Austin Scarbrough, Jim Cardwell and Jack Miller, team four, will entertain Eddon White and Dick Rosenbaum, team seven. The final match of the week finds Ray Birkholz and Chuck Moore, team five, taking on

and running consecutively until each night's schedule is exhausted. Any team interested in competing in the tournament or league play for the summer is urged to contact Coach Radledge or Lankford to make immediate arrangements.

## Dixie Youth Meet To Hendersonville

The state Dixie Youth Baseball organization, meeting in Nashville, awarded its 1973 state tournament to Hendersonville.

The tournament, a double elimination affair, will be held Aug. 6-11 for 11-12 year olds on Hendersonville's diamond.

The state tourney in Palmetto Baseball, for boys 12-14, will be held Aug. 13-18 at Hohenwald, according to state president Rip Ryan.

In addition, the Palmetto Majora tournament, a program for 16 and 17 year-olds, was awarded to Jackson and will be held July 30-Aug. 5.

The forces of Jim Spradlin and Ernie Black, team six. All league play will be at the Madisonville Golf course.

## Ft. Loudoun Lake Clean-Up Is Saturday

Saturday has been designated for "operation community environment improvement" on Fort Loudoun Lake. The 22nd Mobile Communications Squadron at McGhee Tyson Air Force Base will join with community residents to undertake a major clean-up of stumps, limbs, and other trash from the shoreline from the Fort Loudoun Yacht Club to the dam. Purpose is to keep the trash from flowing back in the main channel when TVA raises the lake.

The clean-up crews will use all the boats they can muster, along with small saws, axes and ropes to tow in big logs and drums and other trash. The trash will be burned or hauled away.

Anyone who would like to help in the clean-up is asked to contact the 22nd Mobile Communications Squadron at 575-5503, Knoxville, or 982-1500, ext. 340-342 in Maryville.

## RECORD NUMBERS ARE ACTIVE IN TSSAA SPORTS

An estimated 75,351 young athletes took part in TSSAA-sponsored sports during the last school year. Of this total, 47,341 participants came from the 374 high schools belonging to the TSSAA and 28,010 from junior high schools.

GOOD EATING—Mrs. Robert Barr and grandson, Jimmy Barr, of Philadelphia, are shown with their catch of Crappie. They caught these fish while fishing in Watts Bar this past weekend.

## Water Skiing Safety Warned By G&F

Water skiing will soon be in full swing and for the enjoyment of all its citizens, Tennessee offers thousands of miles of water surface. However, the Tennessee Game and Fish Commission reminds persons that this enjoyment and fun depends upon observation of the safety laws and regulations by all who use the State's waterways.

Boating and skiing enthusiasts should know and use the rules and regulations of the State and Federal Governments.

Some of these are as follows:

- A person towing one or more skiers must have at least one other person over twelve years of age in the boat to observe the person on skis, or else have a rear view mirror covering a minimum of 170 degrees.
- Skiers must wear some type of life preserver. A ski belt is acceptable while skiing.
- An approved jacket, vest, or cushion must be available in the boat for the skier and for each person aboard.
- There is to be no skiing after dark, unless special permission is given by the Tennessee Game and Fish Commission.
- Permission is needed from the Commission to construct a structure such as a jump or a platform on public waters of Tennessee.
- The safe use and enjoyment of Tennessee waterways will mean many hours of recreation for all persons involved in boating when these rules and regulations are taken seriously.

## 500 Dogs Expected For Rockwood Race

Tennessee Water Race Club will sponsor the 1973 U.S. Open Water Race Championship Saturday and Sunday at the Club Pool off Highway 27 south of Rockwood. Starting time is Saturday at noon.

A Country Music Festival and bikini contest will be held Friday night at 7:30 o'clock on the site.

David Webb, a member of the club said some 500 conon dogs from 17 states are expected to be entered in the races.

Finals will be held Sunday, beginning at 10 a.m.

## Record TV Audience Views NCAA Finals

The telecast of the NCAA basketball championship between UCLA and Memphis State drew an audience of 38 million, the latest ever to watch any basketball game, pro or amateur, in this country, NBC-TV announced Monday.

The previous record crowd was 20 million for the NCAA final between UCLA and Florida State last year, NBC said.

LITTLE JOE WINS—"Little Joe" owned by John Pennington of Loudoun won first place in the All-Age Class of the East Tennessee Fox Hunters Hunt held in Roane County this past weekend.

## East Tennessee Fox Hunters Hold Field Trial

The East Tennessee Fox Hunters Club held their annual field trials this past weekend in Roane County.

Derby winners were: First place, "Lightning B" owned by Mike Brown of Lenoir City; second place, "Part" owned by Charles Vaughn of Lenoir City; third place, "Molly" owned by Carl Coley of Lenoir City; fourth place, "Shirley" owned by Bobby Baruff of Sweetwater.

All-Age Winners were: first place, "Joe", owner John Pennington of Loudoun; second place, "Spagetti", owner Jim Clowers of Mosheim; third place, "Little Red", owner Jim Clowers of Mosheim; fourth place, "Dan", owner Sam Jull of Erie; fifth place, "Do Nothing", owner Carl Norrard of Lenoir; sixth place, "Macaroni", owner Jim Clowers of Mosheim; seventh place, "Hoves", owner Mike Brown of Lenoir City; eighth place, "Grubworm", owner A.B. Brown of Knoxville; ninth place, "Blackman" owned by Woodrow Jett of Erie and tenth place "Dogwood" owned by Olaf Clowers of Ten Mile.

The Fox Hunters held the bench show at their clubhouse. The hunts were held in various sections of Roane County. Approximately 215 hounds took part in the three day trials. Fox hunters as far as Carolina, participated in the hunt.

## Game and Fish TODAY

By Sgt. Bob Harrison  
Game and Fish Commission

The Tennessee Game & Fish Commission, at a regularly scheduled meeting April 4, selected officers to serve for next year. Edgar W. Evin, Alexandria, was elected Chairman while James J. Beasley, Milan, and Eha Browder, Harriman, will serve as Vice-Chairman and Secretary respectively. Three members of the Commission, Smith Howard, Pulaski, W.H. Blackburn, Camden, and G.L. Lowe, Chattanooga, will leave the Commission having served their six-year term.

Acting on the information presented by the Game Management Division, the Commission voted to close all 1973 Spring turkey hunts in Shelby, Tipton, and Lauderdale Counties which includes the Shelby and Anderson Tally Wildlife Management Areas. Because of the recent flooding along the Mississippi River 80 per cent of the winter management areas is under water forcing the wild turkey population to be stranded in the trees with only the new buds available as food.

According to Game Management Chief Roy Anderson, the birds are considered to be in poor condition and should not be hunted this season.

By a unanimous vote the Commission will request a thorough, complete, and unbiased investigation to be made of its entire operation. The purpose of this investigation will be to let the people of Tennessee know the facts about the programs and operations of Game and Fish Commission. However, the Commission did lay down some logical ground rules for the proper selection of the people who are to sit in judgment of the Tennessee Game and Fish Commission. The Investigation Resource and Wildlife Committee will consist of outside, independent, non-political, and unbiased individuals with a completely objective attitude. The members of this team should be professionals in the field of wildlife management.

Terminating the commercial fishing fishing project in Lake Mead, a success.

Temporarily closing Frits Garrett Lake and Reelfoot Waterbed Lake No. 7 to all fish activity.

Authorizing \$30,000 for the maintenance and repair of roads in the Catonsville Wildlife Management Area.

Chester McConnell, Wildlife

Biologist with the Commission, was praised for his outstanding contribution to the Tennessee small game has been working with the National Wildlife Federation and the Tennessee Congressional Delegation. McConnell has worked diligently with individual congressmen and the Department of Agriculture to maintain wildlife practices in the Federal cross subsidy program.

The Chuck Swan Wildlife Management Area, formerly Central Peninsula Wildlife Management Area, was officially dedicated March 31st last to the late and former Commissioner of Conservation C.P. Swan.

An educational facility now located at the Clingston Agricultural Center was opened during National Wildlife Week. A guided tour of a natural wildlife preserve is provided by an illustrated lecture explaining the needs of wildlife and the operation of Game and Fish Commission.

The Commission passed a proclamation regulating the operation of vessels on a portion of Pickwick Reservoir as recommended by the Boating Safety Advisory Board. The proclamation states that motorboats shall not tow a person on water skis, surfboard, or similar devices within State Hook Creek and shall operate at a "Slow-No Wake" speed within Sulphur Creek, Pickwick State Park and in a located on these creeks.

The next regular meeting of the Tennessee Game and Fish Commission is scheduled for May in Nashville as a joint meeting with the Tennessee Conservation League.

This fishing forecast is based on the present lake level and water conditions, and is subject to change if the weather and water conditions change.

Cherokee Lake—Murky in upper end and rising slightly - blue fish good where the water is clear, especially from Robinson Creek upstream, on large bucktail flies. Crappie are tearing small fathead flies and minnows all over the lake.

Norris Lake—Muddy and falling. Bass are really hitting good on Big-O plugs. Some open-water activity on chug-a-ligs around the rock shelves and brush tops. It's no problem to locate a lot of crappie if you use small minnows about 4 to 6 feet deep. Bluegills are biting good on surface. A few rockfish and muskie are still being caught on large plugs. Stripes are running in the big creek and Deep Creek and the Cove Creek embayment - best lures are yellow and white jigs.

Norris Tailwater—Trout still biting well when the water is off. Use corn, worms, and flies.

Douglas Lake—Murky in upper end and falling - Bass are still biting good in the mouths of creeks and they still like worms and minnows. If you work real hard you can catch some sauger on minnows, deep. Crappie fishing is getting better each day. Best method is still fishing with minnows.

Fort Loudoun Lake—Low and muddy. Bass and crappie are getting better each day. Use small yellow lures for bass. If you can find some clear water, that's where the crappie fishing is best.

Watts Bar Lake—Murky and fluctuating. Crappie being taken around brush piles and in backs of coves on small minnows and jigs. A few bass are being caught on purple plastic worms.

Melton Hill Lake—Murky and falling. Most species poor but a few crappie and stripes are being caught on flies and minnows - Melton Hill tailwater is producing some of the best strings of fish - mostly stripes and crappie on flies and minnows.

Chilhowee Lake—Murky and stable. They are still catching crappie on minnows and flies, especially in Abrams Creek section. Trout are running small in boat but several are being taken still fishing with worms and corn.

Little Tennessee River—Trout fishing good on corn and worms.

Don't forget your fishing license and trout stamp. If you use a boat, be sure it is registered and that you have a Coast Guard approved life preserver for each person aboard.

APRIL 12 1973

LOUDON COUNTY'S FIRST LADY—Mrs. John (Mable) Westbrook of Eaton Crossroads community, Lenoir City, was named "Loudon County's First Lady, 1973" in an event sponsored by the Beta Sigma Phi sorority.

## Mrs. Westbrook Is County First Lady

Mrs. John (Mable) Westbrook is Loudon County's

First Lady for 1973. Her selection was announced at the annual First Lady banquet Saturday night at the Lenoir City High School Cafeteria. Selection of the First Lady and the banquet to honor her and others nominated for the honor is the project of the two local chapters of Beta Sigma Phi sorority.

More than 200 persons attended the affair to honor the Loudon County woman judged to have contributed most to her community. Mrs. Westbrook was nominated by the Lenoir City Woman's Club.

Other nominees for the honor also were introduced at the banquet. They were Mrs. Howard Merrill of Lenoir City, nominated by the Lenoir City Home Demonstration Club; Mrs. Vernon McKinney of Lenoir City, nominated by the Suburbia Junior Woman's Club; Mrs. Edwin Byerley of Greenback, nominated by the Greenback Home Demonstration Club and endorsed by the Greenback Community Club; Mrs. Ralph Hill of Lenoir City, nominated by West Hill PTO and endorsed by the Lenoir City Teachers Association; and Mrs. Ralph Carr of Lenoir City, nominated by the Cloniam Club.

Mrs. Westbrook's selection by the judges was announced by H. T. Harris, Board Chairman of the Cellbeat Corporation, who served as master of ceremonies. Judges were Mr. and Mrs. Ben T.

Hamann and Kent Withers, all of Knoxville. Judging was based entirely on information furnished by the nominating organization.

Mrs. Westbrook, whose husband, John, this year took early medical retirement from Oak Ridge National Laboratory where he has been in the Health Physics division, is the mother of one son, Edwin, 20, a student at Tennessee Wesleyan College.

Her own education was at Lenoir City High School and at Maryville College where she received a B. S. degree in chemistry and mathematics.

For several years she has served as a substitute teacher in chemistry.

Her principal interests are in her family, her home, her music, her church, Federal Women's Club activities, promoting the arts and in helping others, particularly young people.

Her family unit includes her husband, her son and her mother, and activities within the group include refurnishing furniture, antiquing, upholstery, extensive gardening, and now a favorite activity is the making of props and costumes for her son's theater work in college.

An accomplished musician, Mrs. Westbrook serves as pianist, organist and choir member, on a rotation basis, in Central United Methodist Church and plays for many other social and religious functions.

## Legal Notice

NON-RESIDENT NOTICE

## Arabian Horse Sale Saturday

This weekend, motel signs in the Lenoir City-Loudon-Sweetwater area will display words of welcome to some 500 to 1,000 horse owners and potential buyers who will be attending the Fourth Annual Arabian Horse Consignment Sale. The event is set for Saturday, April 14, at the Arabel Arabian Horse Farm owned by Dr. and Mrs. Sam Harrison and located five miles northwest of Loudon on State Highway 72.

"These are all purebred, registered Arabian horses," said Dr. Harrison in an interview last week. "I will have five of my own plus 76 to sell for other people for which we receive a commission. In 1970, the year of our first sale, the horses sold brought \$23,000; in 1971, \$42,000; in 1972, \$85,000, and this year we are anticipating sales at around \$150,000. Last year the top horse sold for \$6,000."

Consignors come from 12-15

states. This year they will be coming from as far away as California and New York to attend the sale.

The events begin at 1 p.m. Friday with a public veterinary inspection. At 9 a.m. Saturday the sale horses will be on display. Sale preliminaries will begin at 11:30, and the auction is set for 12 noon.

## Loudon Countians Earn More, Save Less

(Continued from Page 1)

\$3,824,000 was put aside. This represented additions to bank accounts, shares in savings and loan associations, purchases of U.S. savings bonds and other liquid assets.

The local estimate is based upon data for the country at large, presented by the Federal Reserve Board, the Department of Commerce and others.

The surveys show that the amount that is saved by the average family is closely related to its income. Those with meager earnings are able to save little or nothing.

At the \$7,000 level, it is found, about 4.5 percent of net income is saved and, at \$11,000, about 6.6 percent. The proportion rises rapidly as incomes move into higher brackets.

Applied to Loudon County, where the latest figures show after-tax income per household to be between \$8,000 and \$9,000, the average is 5.5 percent and the amount saved, approximately \$470 per household.

### Your County In Action

BY **Harvey L. Sproul**  
LOUDON COUNTY JUDGE

Something that I have meant to do since last fall, but haven't gotten around to, is to list what I consider to be the accomplishments, and landmarks in the event some of

the people who read this don't consider everything I have listed to be accomplishments) of the Justices of the Peace comprising the Loudon County Quarterly Court, which will go down in history as the "Reapportioned Court" and which served from April 12, 1969, to August 31, 1972. Even if everyone who reads this list does not agree that all of these matters are accomplishments or progress, maybe most everyone will agree that most of the items were accomplishments and good for Loudon County.

I thought I would kinda divide it up roughly into categories and list about four or five categories this week, and the remainder next week. You should remember, in reading these, however, that the Loudon County Quarterly Court has no direct supervision over Education or Highways.

The Loudon County Schools are run by the County Board of Education, and the highways are run and operated by the County Board by the County Road Commissioners, but in some ways and in some things in these fields the final decisions are left up to the Quarterly Court after recommendation or referral.

Possibly you should also remember that the matters listed here are matters that were decided by the Loudon County Quarterly Court. The County judge does not have a vote, even in cases of a tie, although I think that it is clear that much of it could not be done without the co-operation and involvement of the County Judge, because it takes planning coordination, the final planning and attending of meetings, and the carrying out of the decisions after the Quarterly Court makes them.

**1. EDUCATION**  
1. Improvements to Eatons, Highland Park, and Steeple County (\$500,000).  
2. Joining with seven other school districts in three Counties, as recommended by an Educational Charter, to form the Little Tennessee Valley Educational Cooperative, so as to upgrade education in those situations where one system could not afford to do so alone, and by specializing in special federal and state grant programs, and under other co-operative programs.

**CATTLE AND LIVESTOCK BUYERS**

**WE NEED MEN IN THIS AREA.**  
Train to buy cattle, sheep and hogs.

We will train qualified men with some livestock experience. For local interviews, write today including complete background, address, and phone number.

**WESTERN MEAT PACKERS TRAINING, INC.**  
4710 Woodloch, San Antonio, Texas 78228

**3. THE GENERAL UPGRADING OF SCHOOLS, AND THE IMPROVEMENT OF SALARIES AND WORKING CONDITIONS FOR COUNTY TEACHERS.**  
1. Approval of the construction of two interstate connecting roads from the Sugar Limb and Philadelphia communities thereby insuring two additional interchanges on I-75 in Loudon County.  
2. Co-operation with the Tennessee Valley Authority in a junk car cleanup program.  
3. Levying of an additional local 1/2 percent sales tax for the purpose of helping improve education in Loudon County, and to help pay for the proposed connector roads. (Approved in a public referendum.)  
4. Adoption of a Private Act authorizing the levying of a Hotel-Motel Gross Receipts Tax, for the immediate purpose of applying funds toward the building of two connecting roads and the obtaining of the new interchanges, and the levying of the tax.

**(3) PLANNING**  
1. Adoption of official County map, officially naming and designating County roads.  
2. Adoption of County Zoning Regulations to guide and plan for Loudon County's future insofar as land use is concerned, with particular view toward the increasing urbanization pressures from the adjacent metropolitan Counties, and the pressures from other special developments and projects in the County.  
3. Adoption of a Private Act authorizing the County to adopt and establish building codes in the future if so desired.

**(4) INDUSTRIAL**  
1. New Charles H. Bacon (GENESCO) plant in Loudon Industrial Park.  
2. Building of a special industrial access road for Union Carbide Plant under Tennessee River Bridge.  
3. Cooperation with the Marmont Corporation for a \$1,000,000 building addition and the addition of a total of \$666,000 per year thereby to the County of Loudon and Loudon City tax rolls.

**Farmers Asked To Get Crop Inspection**  
Producers who have enrolled for the 1973 wheat, or feed grain programs still have time to request and get measurement and inspection services before the final certification date. Fred Fipps, Chairman of the Agricultural Stabilization and Conservation (ASC) County Committee, said.  
"Measurement and inspection services are provided at a nominal charge which covers the cost to ASCS as a service to farmers to help them assure compliance with the farm programs they participate in," Mr. Fipps said.  
Trained ASCS personnel measure, stake and reference the acreage a producer is designating as set-aside and the cropland acreages the producer wants measured so that a farmer knows when he certifies that his certification is correct.  
Even if an error were to be made in the land measurement, a producer who followed the area staked when the land was measured is guaranteed he will be considered in compliance with the acreage set-aside requirements, he said.  
The same is true for quality of set-aside land. If the set-aside land is inspected ahead of certification and accepted for eligibility and productivity the producer is guaranteed he has complied with set-aside quality requirements.  
The ASC Committee chairman pointed out that only a few weeks remain before the final certification date and urged farmers to make their measurements, requests as soon as possible.

## The Tribe Speaks

BY LOUDON HIGH SCHOOL JOURNALISM CLASS  
By Patti Gentry, Joyce Harrison,

Speeches were made by the candidates running for the offices of the Student Council. Election will be held Wednesday, April 11.  
The Women's Choir from Carson-Newman College will be entertaining all the schools in Loudon County April 9. The Tennessee Association of the Future Homemakers of America held their 28th State meeting April 5 and 6 at the Hyatt Regency in Knoxville. The meeting was divided into four sessions, each which held an approximate of 1700-1750 persons. Some of the various guests and speakers were Donald R. Gleason, Mrs. Kyle Testerman, Dr. Benjamin E. Carmichael, and Mr. Douglas Moody.

## Piano Needed For Services

A piano is needed for the assembly hall at the Loudon Housing Authority project. Rev. L.L. Davis said this week.  
The assembly room is used as a worship hall by about 20 senior citizens each Sunday at 2:30 p.m. Rev. Davis said that a different pastor speaks to the group each Sunday.  
He said that the group, which has no church name and prefers to think of their services as community oriented has some money with which to buy a good used piano.  
The Loudon Chapter was very pleased with the convention and is looking forward to next year's convention.

### Health Planners Mission Sets Slate Meeting Revival

The regular meeting of the Loudon County Health Planning Council will be held Thursday, April 19, 1973 at 7:30 in the Lenoir City Utilities Building, Lenoir City, according to Mr. Edwin Smith, Chairman of the Council.

The speaker for the meeting will be Mr. Jack Smith, Executive Director of the Mid-East Community Action Agency. Mr. Smith will explain a proposal for Home Health Care for the Elderly in Loudon County.

In addition, the Council will discuss three National Health Insurance proposals that are presently in Congress.

The Loudon County Health Planning Council meeting is open to the public, and anyone who is interested in discussing health needs and problems in Loudon County is urged to attend.

### Alleen Benson, Administratrix of the Estate of Edward L. Henson, deceased.

**NOTICE TO CREDITORS**  
Estate of Anver V. Jenkins, deceased.

Notice is hereby given that on the tenth day of April, 1973, Letters Testamentary, in respect of the Estate of Anver V. Jenkins, deceased, were issued to the undersigned by the County Court of Loudon, Tennessee. All persons having claims matured and unmatured against the said Estate are required to file the same with the above Court within six months from the date of the first publication of this notice, otherwise, their claims will be forever barred.

This April 10, 1973.

Janice Maude Edwards and Helen Brewer Stinnett, Co-Executrix of the Estate of Anver V. Jenkins, deceased.

### CAIRD OF THANKS

We would like to express our deep appreciation for the flowers, cards, visits, food, and the many other kind expressions of sympathy shown during the death of our dear aunt, Miss Annie Jenkins.

Janice and Tina.

### NOTICE OF RESPONSIBILITY

I, Bobby Stevens, will not be responsible for any debts made in my name after 4-13-73 except those made personally by myself. S.S. Bobby Stevens.

### NOTICE OF SALE OF REAL ESTATE

WHEREAS, On the 5th day of Jan., 1972, deed of trust recorded in the Register's Office for Loudon County, Tennessee, in Trust Book 123, page 299, Joseph T. Thomas and wife, Mary K. Thomas, conveyed to C. Wolfe, Trustee, the hereinafter described real estate to secure a note in the sum of \$21,000.00, due in monthly installments of \$146.46 each, commencing on the first day of February, 1972, and on the first day of each month thereafter until the principal and interest are fully paid, except that the first payment of principal and interest, if not sooner paid, shall be due and payable on the first day of February, 1964. Estate are required to file the same with the above Court within six months from the date of the first publication of this notice, otherwise, their claims will be forever barred.

This April 2, 1973.

payable as provided in said deed of trust, and the Trustee has been directed to foreclose the deed of trust in accordance with the terms thereof, the public is hereby notified that the undersigned Trustee will sell the hereinafter described real estate at public auction to the highest and best bidder.

The said real estate to be sold is located in the Second Civil District of Loudon County, Tennessee, and more particularly described as follows: Being in what is known as the Silver Ridge Community and was formerly known as a part of the Farm and Poultry Addition to Lenoir City, Tennessee, and being more particularly bounded and described as follows:

BEGINNING at an iron pin at Earl Crisp corner at the intersection of the Yellow Front Road and private road North 84 deg. 42 min. East 85 feet to an iron pin at corner of J.E.M. Ward, being line with line of J.E.M. Ward South 20 deg. 50 min. East 164 feet to an iron pin at Southeast corner of Ellen McMahan; thence with line of Ellen McMahan South-west 84 feet to the corner of Ellen McMahan and Earl Crisp; being Northwest 190 feet to the point of beginning; thence the same property conveyed to Joseph T. Thomas and wife, Mary K. Thomas, from J. Paul Williams and wife, Lucille Williams, by Warranty Deed dated July 1, 1969, of record in Deed Book 102, page 452, Book No. 1, page 227, in the Register's Office for Loudon County, Tennessee.

This, the 3rd day of April, 1973.

C. Wolfe, Trustee

## ATTEND CHURCH EVERY WEEK

**Likeness**

The artist is capturing the physical likeness of his body given her paper. The likeness is coming. But the actual beauty, her beauty, is hidden from the world. She will be revealed only to those who see her. The artist said that "She looked as the world's appearance but had beauty on the inside"

How would God painting picture you and me?

This good day to improve your heart and mind is to attend church and hear God's word proclaimed from the pulpit. Have God's plan for your life by listening to His word. We invite you to attend the church of your choice this week.

**MAKE MONEY EVERY MONTH** This 2 story brick building in Loudon. Located at 300 Gray St., this building has 4 re-conditioned apartments upstairs, each of which rents for \$75.00 per month. The downstairs is also being rented and the total income is \$380.00 per month. This is a good investment at \$35,500 and the owner will trade it for acreage or give good terms to buyer. See it today.

**I'LL MAKE YOU HAPPY** Please, someone adopt me. I'm just right for your family. I have a formal carpeted living room, a convenient kitchen with built-ins, a warm den with fireplace, 3 spacious bedrooms, 2 full baths, garage and storage room. I have a level 100 x 200 lot and I love children. I'm located in Cedar Hills and I'm brick all over my body. Give me a chance to love you. \$27,900.

**8 1/2 PRIVATE ACRES** 8 1/2 secluded acres for you and your family in the heart of fox chasing country on Hines Valley Road, near Lenoir City. This rare piece of real estate lays gently rolling and has 2 acres in wood. Good building site and spring with creek makes this land super desirable for the family thinking about building that new home in 1973. Call us today, we'll be happy to show it to you. \$9,000.

**DO YOU QUALIFY?** We have 2 brand new homes available in Loudon. These 3 bedroom homes have carpeted living rooms, large built-in kitchen with range and refrigerator, bath and 1/2 and utility room. These homes are completely FHA and VA approved so many low income families can now own one of these fine homes. Call Norman Lawhorn at 986-3125 to see if you qualify. We'll be happy to help you.

## BACK IN THE GOOD OLD DAYS

Our town Loudon has, as we have said many times before, taken on some very elaborate changes during the past fifty or sixty years, as has Lenoir City, Philadelphia, Greenback and other places in our area. Of course, for the most part we are more familiar with the changes in Loudon and Philadelphia because we have lived in both of these towns.

Our thinking along this line was promoted in part by an old picture we have this week, which was taken many many years ago in our town and is of people of well known families in this section of Loudon County.

We believe that the picture was possibly made at the old home occupied by the late Bliss Carmichael family. The house is now torn down, but stood across the road from where the full fashion mill building is now. If this is correct, this house was occupied for many years by the Walter Wells family and the Wells family ran a boarding house there.

Mr. Carmichael (Uncle Bliss) as he was known to Loudon folks, built the house where Mrs. K. R. Webster and daughter now live on Lee Highway. The old house was bought by the Bacon Company and was rented to their employees until it was torn down a few years back.

The people in this picture, which is many years old, are Mr. Stonewall Carmichael,

Mrs. Betty Greer, Mrs. Stonewall Carmichael. The bigger girl on the horse is Elizabeth Carmichael. Of course, most of our old timers will remember Uncle Bliss and Uncle Nick Carmichael. But possibly the best remembered will be Mrs. Betty Greer. The reason she was a wonderful person who loved everybody and her hometown of Loudon, and her feelings were put into action many times during her life by the many unforgettable humanitarian deeds to those around her. We don't know what relation Mrs. Greer was to Stonewall Carmichael, but we do know that she was a Carmichael before marriage to Mr. Greer and a sister of Bliss and Nick.

The other picture we have this week is also a very old one. We have no idea where it was made, but possibly on the streets of Loudon. The man in the picture is the late Don P. Smith who also, like Mrs. Greer, loved our town and it's people. He also expressed this by action and service to his fellowman and community. He made many contributions to the town of Loudon both by deeds and dollars.

The lady in the picture is Kate Duff. We don't know, but possibly she was the daughter of Uncle Billy Duff, who owned and lived for many years in the large frame house near the low rent housing project.

**YEP! IT WAS FRIDAY THE 13TH**  
About 10:30 Friday it suddenly dawned on us why things were all going wrong. It was Friday the 13th.

First of all we got up with a headache...that should have been some indication.

Next when we walked into the office both telephones were ringing with that irritated sound. There were two subscribers from Philadelphia, TENNESSEE, who wanted their Loudon County Herald, BANG. That started the Next the Philadelphia Post Office called and said they did not get their papers on Thursday or Friday.

That meant only one thing, those wonderful people at the Lee Street Annex Post Office in Knoxville sent the papers to Yankee Land again. After kicking the safe, and my foot still hurts, we started the string of calls to the Loudon Post Office, the Lee Street Annex and to the Knoxville Post Master. I don't know why, it doesn't do any good, but at least they know there is someone in Loudon that has a vocabulary of four letter words, some of which the Navy can't top.

To the folks in Philadelphia, we are truly sorry, but we didn't even have enough papers left in the office or on the newsstands to send out delayed copies.

As if this wasn't enough there were other complaints. Generally we always try to be nice, but if you complained about something Friday your head probably is still ringing from the reply. Sorry about that too.

By 11 a.m. we were having a nicotine fit and our pipe refused to come apart to be cleaned. I'll bet it will beat the next moon shot to its target because it is somewhere between here and there.

And some people say there is nothing to the Friday the 13th fable. Well they are as nuts as the Lee Street Annex.

### STUDENTS HAVE RIGHT IDEA—

Last week we carried an article concerning proposed changes in the structure of county government by a group of Loudon High School students. These proposals included, changing the titles of some county officials, combining other offices, having some appointed instead of elected and high qualifications in technical areas.

All of these proposals are and have merit. I am sure many of our political leaders looked at them with interest and then quickly looked at something else hoping it would go away.

These students are to be commended for their work and their recommendations. Perhaps when they are adults and are in command of our government they will have the influence to bring about some or all of these things.

For years there has been talk about changing our road commission set up and having an appointed school superintendent. But these are such touch political issues that nothing has been done. Someday the taxpayers and voters will see that changes in government go beyond just electing new names.

The structure of county government in Loudon County for the most part is 150 years old because the laws establishing the various offices were passed that long ago. Government is business and a business that is operated today like it was 150 years ago just can't survive unless somebody (and that somebody is the taxpayers) is getting his pockets picked.

## Shaver To Be Tried As Adult For Murder

Alvin Dean Shaver, 17, was declared delinquent last Wednesday morning in a juvenile court hearing before Judge Tom Ingram, which transfers the murder and robbery charges against the youth to General Sessions Court, with the charges against him to be handled as if he was an adult.

Young Shaver and Margery Chastain, 18, both of Loudon are charged with the murder and robbery of Shaver's grandmother, Mrs. J. H. Shaver, 79, of Lenoir City. The two will appear in General Sessions Court on Friday, April 27. Judge Ingram appointed County Judge Harvey Sproul to hear under the new requirements which went into effect on September 1, 1972.

Garry and Larry Ivins, sons of Mr. and Mrs. Rex Ivins, both received the bronze palm to accompany their Eagle Awards. This means that they have each earned an ad-

## Three Loudon Explorers Get Scouting Eagle

Three young men of Explorer Post 215 received the Eagle Award at a Court of Honor held at the Cumberland Presbyterian Church Sunday, Sam Carey, son of Mr. and Mrs. Hain Carey; David Birkholz, son of Mr. and Mrs. Ray Birkholz; and Bill Marrs, son of Mr. and Mrs. Ed Marrs were all awarded scouting's highest honor.

Both Sam Carey and David Birkholz are the third son in each family to receive the Eagle Award and each has a younger brother in the scouting program at this time. Bill Marrs is the first Explorer in the Great Smoky Mountain Council, perhaps the country, to receive the Eagle Award under the new requirements which went into effect on September 1, 1972.

Garry and Larry Ivins, sons of Mr. and Mrs. Rex Ivins, both received the bronze palm to accompany their Eagle Awards. This means that they have each earned an ad- (Continued on Page 11)

## Lambert To Seek Loudon Mayorship

Monday at 12 noon is the deadline for persons wishing to have their names on the City of Loudon June 2nd Mayor and Commission election ballot to qualify with the County Election Commission.

Election Commissioner John Gibson said early this week that only two petitions have been filed with his office. They are from incumbent Mrs. H.H. Richesin and from W.F. (Bill) Lennox, an employee of Mayfields Dairy.

Rumors concerning the election indicate that other incumbents Bernie Ray Swiney and Hamill Carey have petitions to qualify them to run for re-election to their Commission seats. Although Mr. Carey said he has not yet decided on the race. It was also learned that Commissioner Gene Lambert is circulating a petition to qualify as a Mayor candidate.

Mayor Joe Carter is said not to be seeking re-election as mayor but does have a petition which if filed would place his name on the ballot as a candidate for one of four Commissioner posts.

It is also understood that Doug Lyle, owner of Lyle's Pleasure Island and other business interests in Loudon will file a petition for Commissioner.

## 500 Apply For Jobs At New Plant

Officials of the Loudon Chamber of Commerce and Committee of 100 who have been assisting the owners of the new Loudon Sportswear plant said Monday that about 500 applications were given out to women in about two hours time Monday morning.

Officials of the firm had originally planned to be at the temporary plant location in West End Loudon to give out the applications, but were unable to be in Loudon. Applications then were made available through the offices of the Chamber of Commerce, Committee of 100 and the Hamilton National Bank.

At 8:30 a.m. Monday it was reported that a crowd of more than 100 women were waiting at the front door of the plant. Owned by a firm with more than 20 years manufacturing experience, the Loudon Sportswear plant is expected to open in about two weeks. The plant will manufacture knit sportswear.

The firm will open with from 20 to 40 employees in its temporary location and will then build a large plant in the Loudon Industrial Park. Officials say the plant will then employ about 300 persons.

## Building Materials Are Stolen

A large quantity of building material was stolen from the Twin Cove Subdivision near Lenoir City over the weekend. County Deputy Jake Chapman said that Charles Wheeler of Wheeler Construction Company said 300 2x4s, 110 pieces of plywood, 30 pieces of blackboard and 3 rolls of felt were stolen from Lot 7 of the subdivision where the company was building a house.

# Body Of Missing Woman Found In Barn Loft, Murder Suspected

Sheriff Freeman Russell said this week that he and others investigating the death of Carolyn Gentry Berry, 25, whose body was found in a barn loft last Friday believe the woman was murdered.

Mrs. Berry, missing from the home of her parents, Mr. and Mrs. J.M. Gentry of

Loudon, since Feb. 14, was found dead in the small loft area of a large tobacco barn on the W.E. Huff farm on Steeles Street in the City of Loudon about 4 p.m. Friday by Sheriff Russell.

Mrs. Berry had been the object of a two state search since she suddenly disap-

peared Valentine's Day morning. She left her mother's house about 9:30 a.m. that day supposedly to see about getting a house in the new low rent housing project in Loudon. She had not been seen or heard from since.

When she left, she was wearing a red sweater, blue

and white striped slacks and black boots. She was wearing these clothes when the badly decomposed body was found Friday.

Mrs. Berry, recently divorced from Allen Berry of Austell, Georgia, formerly of Philadelphia moved back to Loudon with her three children, all pre-school age, just a few weeks before she disappeared.

Sheriff Russell said he had thought all along that the woman had met with foul play because according to members of her family she did not leave for long at a time without checking on her children.

"We have been conducting a search of every place we thought of that might hide a body for the past six weeks," Sheriff Russell said. "We have walked the railroad tracks from Philadelphia to the River at Loudon, checked all wells, fields, wooded areas and a number of barns," he said.

In fact, before Sheriff Russell discovered the body Friday, deputies had been in the barn where the body was found about three weeks earlier, but did not check the small loft.

The Sheriff said when he stepped at the barn he did not see the loft at first, but saw a ladder on the floor that drew his attention to the loft. He said he went to the top of the ladder and could smell a strong odor. At this point he radioed Deputy Jake Chapman who actually uncovered the body after removing two bales of hay that covered the woman.

Sheriff Russell immediately contacted Police Chief John Lennox, TBI Agent Leon Miller, Attorney General Kenneth Deatheridge, Assistant Attorney General Edwin Arnold and County Coroner Dr. W.B. Harrison, who are assisting in the investigation.

Dick Huff, owner of the property, said that the barn is used every day, but that there was seldom anyone in the loft.

"The body was removed from the barn shortly before 9 p.m. Friday after tentative identification was made by a member of the family, and taken to Blount Memorial Hospital in Maryville for an

MRS. BERRY

autopsy.

Sheriff Russell said that the written autopsy report had not been received by Agent Miller, but verbally he was told that the condition of the body left the cause of death as "inconclusive."

Sheriff Russell said that those involved in the investigation believe the young woman was murdered, but at this point in the investigation they did not have enough evidence to back up their theories.

The barn where the body was found is located just off Steeles Street. An alley runs from Steeles to Mulberry Street between the first and second housing projects in West End Loudon. The barn was searched again Saturday, but nothing of value to the investigation was found Russell said.

Since Mrs. Berry disappeared her two oldest children have been staying with her parents and the youngest with a family in Greenback.

Funeral services for the dead woman were held Sunday at Corinth Baptist Church with Rev. Vaughn Albrigh and Rev. O.C. Rainwater officiating. Burial was in Corinth Cemetery. Hawkins Funeral Home was in charge.

Survivors include Mrs. Berry's three children, Rhonda, Randy and James; parents, J.M. and Irene Gentry of Loudon; brother, Horace of Lenoir City; two sisters, Mrs. Peggy McCloud, Lenoir City and Mrs. Deany (Helen) Poole of Loudon.

BODY IN BARN LOFT—Sheriff Freeman Russell (right facing camera) talks with a member of the family of Carolyn Gentry Berry, whose body was found in the barn loft on the Dick Huff farm Friday. At left county deputies Guy Russell and Jake Chapman watch as TBI Agent Leon Miller examines the body.

BODY REMOVED—Loudon County Ambulance Service Supervisor Bill Sweet (white coat) gets assistance from several bystanders who gathered at a barn in the City of Loudon Friday after the body of Carolyn Berry, missing since Feb. 14 was found in the barn. The body was removed about 7:45 p.m. from the loft of the barn. It was found about 4:10 p.m. by Sheriff Freeman Russell and deputy Jake Chapman.

TBI AGENT LEON MILLER starts up a ladder into the loft of the barn where the badly decomposed body of Carolyn Gentry Berry, 24, mother of three children was found Friday after a two month search for the missing woman. Behind Miller are Highway Patrolman George Pierce and Sheriff Freeman Russell.

## Easter Sunrise Service Set

Loudon Community Easter Sunrise Services will be held Sunday, March 22 at 6:30 a.m. at the Cumberland Presbyterian Church in Loudon. Dr. Harold Russell,

pastor of the United Methodist Church, will be the guest speaker.

Following the services, a Pancake breakfast will be held at 7:30 a.m. in the

Fellowship Hall of the United Methodist Church. The breakfast is sponsored by the United Methodist Men's Club. Prices are \$1 for adults and 75 cents for children.

DISCUSS INVESTIGATION—Sheriff Freeman Russell and Assistant Attorney General Edwin Arnold talk about what steps to take next after the body of Carolyn Gentry Berry, missing for two months, was found in the loft of the barn in the background. Standing in the loft door are deputies Jake Chapman and Hugh Myers.

## Young-Perry Vows Exchanged

Miss Frieda Young became the bride of Sgt. William Moody Perry in a candlelight ceremony February 17, at 8 p.m. in Bellaire Baptist Church, Shreveport, La. Parents of the couple are Mr. and Mrs. E.E. Young of Philadelphia and Mr. and Mrs. C. Reginald Perry of Knoxville.

The bride fashioned her formal gown of white cantilever polyester. It featured a victorian neckline and long tapered sleeves. Lace accented the neckline, the sleeves and encircle the dress. Her shoulder-length veil was held in place by a lace pill box headpiece. She carried a bouquet of lily-of-the-valley.

Mrs. James Whittenton served as Matron of Honor. Sgt. Robert Curschaw served as best man. M. Sgt. Vonnice Wilson was an usher.

The couple was honored with a reception at the church fellowship hall following the ceremony.

The bride is a graduate of Loudon High School and received a Bachelor of Social Welfare degree from East Tennessee State University in Johnson City. The groom is a graduate of TMI in Sweetwater and attended ETSU before entering the Air Force. The couple is residing in Shreveport while Sgt. Perry is stationed at Barksdale Air Force Base there.

## Jenkins-Culvahouse Vows Said

Miss Pamela Ann Jenkins and Bobby Ray Culvahouse were united in marriage March 30 at 7 p.m. at the home of the bride's parents. Rev. James A. Lindsey performed the ceremony.

The home was decorated with candelabra with white burning tapers and baskets of white carnations. Special music was the Hawaiian Wedding Song.

The bride is the daughter of Mr. and Mrs. Northern Jenkins, 514 Smokey Drive, Loudon. Parents of the groom are Mrs. Naomi Isbell of Loudon and George Culvahouse of Oliver Springs.

The bride, given in marriage by her father, wore a floor-length empire style gown of white brocade trimmed with white satin bows. Her shoulder-length veil of illusion featured a head-piece of drop pearls. Her only jewelry was a pearl necklace. She carried a bouquet of white carnations and white rosebuds.

Miss Betty Hughes was Maid of Honor. She wore a floor-length dress of green and white dotted Swiss. Her headpiece was a green pill box hat with an illusion veil.

Bill Bowden of Lenoir City served as Best Man.

A reception was given by Mrs. Harrison Scott at the home of the bride following the ceremony. Assisting Mrs. Scott was Mrs. Bill Bowden, sister of the bride.

After a wedding trip to the Great Smokey Mountains, the couple will be at home at 508 Harper Street, Loudon. The groom is employed at Maremont Corporation.

Out of town guests were Mrs. Dick Wiggins of Riverdale, Ga. and Mr. and Mrs. James Brooks of Fort Payne, Ala.

## Ann Hunt-Jerry Harris Vows Are Exchanged

Miss Ann Hunt and Jerry L. Harris were united in marriage, Saturday, April 7 at 2 p.m. at Riverview Baptist Church.

Rev. Bernard Courtney performed the ceremony before an altar decorated with white candelabra with greenery and baskets of white spring flowers.

The bride is the daughter of Mr. and Mrs. James Hunt, Route 2, Loudon. Parents of the groom are Mr. and Mrs. Elbert L. Harris, Robinson Drive, Loudon.

Donna Akins presented the wedding music. Special selections were "Theme from Romeo and Juliet" and "Theme from Love Story".

The bride, given in marriage by her father, chose an empire style dress of white satin trimmed with lace. Her only jewelry was a pin given to her by the groom.

Maid of Honor was Miss Vivian Ann Harris of Loudon. Bridesmaid was Mrs. Susan Wright of Lenoir City. Bruce Blankenship of Madisonville served as Best

Man. Ushers were Jimmy Hunt, brother of the bride of Topeka, Illinois and Kenny Harris, brother of the groom of Loudon.

Following the ceremony, a reception was given by the bride's parents at Riverview Baptist Church. Those assisting in serving were Mrs. Gene Lambert, Miss Kathy Purdy, Miss Kathy Volls and Miss Doris Price.

After a wedding trip to Gatlinburg, the couple will make their home in Bronswick, Ga.

The bride is a graduate of Loudon High School and Daughon's Business College. She formerly was employed by Maremont Corporation.

The groom attended State Vocational School in Athens. He is presently serving with the US Navy, stationed at Glyco Naval Air Station, Georgia.

Out of town guests were Jimmy Hunt of Topeka, Ill., Mrs. Charles Hicks, Maryville, Mrs. Liz Durbanon, Silver Springs, Maryland, Mr. and Mrs. Frank Bramlette, Dalton, Ga. and Mr. and Mrs. Walter Stafford, Rossville, Ga.

## Smiths Living In Georgia

Mr. and Mrs. John Edward Smith are making their home in Douglas, Georgia, following the wedding on March 17 at the First Baptist Church in Loudon. Rev. Milton W. Boddien performed the double ring ceremony.

The bride, the former Sheila Kay Waller, is the daughter of Mr. and Mrs. Curtis Waller of Loudon. The groom is the son of Mrs. Robert E. Smith and the late Mr. Smith of Elizabethton.

The bride wore a dress of white organza trimmed in Venice type lace. Her veil of illusion was shoulder-length. She carried a white orchid bouquet surrounded with white rosebuds.

The bride's attendants were her sisters, Marsha and Lisa. Best Man was the groom's brother, Robert O. Smith of Col's Neck, New Jersey. Usher was Joe Austin of Elizabethton.

Both the bride and groom are graduates of East Tennessee State University and are presently employed by Coffee County Schools in Douglas.

## Rita Cannon Honored By District Nurses

Rita Cannon, Rt. 4, Loudon, a senior at St. Mary's Hospital School of Nursing, was one of four nursing students who received awards recognizing their leadership abilities demonstrated as students of nursing at the Spring Dinner of District 2 Tennessee Nurses Association.

Each student received a \$25 check and one year's membership in the American Nurses' Association, presented by Sandra Thomas.

The purpose of the awards is to foster and reward leadership behavior in students of nursing.

Featured speaker for the evening was Dr. Sharon Lord, Assistant Professor in Educational Psychology, The University of Tennessee, Knoxville. She spoke on "The

Changing Roles of Women in Society." Cincinnati entertainer Dorothy Vanderveer, billed as "Trilly," brought the program to a close with a musical parody of male-female roles and relationships in the health field.

## Singing At Fenders Church

A special singing will be held Saturday, April 21 at 7:30 p.m. at Fenders Methodist Church, featuring the Revelators of Sweetwater and the Talbert Family of Madisonville. Rev. W.W. Riden, pastor, extends a cordial invitation to everyone.

## Philadelphia Personals

The Easter Sunrise Service will be held at the Philadelphia Church of God, Sunday, April 22 at 7 p.m. Rev. Dillard Hagan, pastor of the First Baptist Church will be the speaker. Rev. Gabriel, pastor of the Church of God, extends a cordial invitation to everyone.

The Women's Missionary Society and the Lottie Moon Circle of the First Baptist Church held a joint observance of Easter in the Fellowship Hall of the church last Monday night with 28 members and guests present. Messages were given by Mrs. John Everett, Sr., Mrs. D.C. Millsaps, Mrs. Hugh Hill, Mrs. Tom Thornburg, Mrs. Gene Millsaps, Mrs. Otis Millsaps and Mrs. N.R. Simmons.

Guests of Rev. and Mrs. John Nease and children Sunday were her grandfather, Mr. Frank Wooden and uncle, Mr. Melvin Wooden, both of Cleveland. Rev. Joe Burns and Rev. Carroll Burns of Independence, Va. stayed overnight on Sunday.

Mr. and Mrs. Wendell Stiles returned to their home in Dallas, Texas, Monday. Mrs. Stiles had been here last week with her parents, Mr. and Mrs. W.E. Edwards and Nancy and Mr. Stiles came for the weekend.

Mrs. John Winkle and Mrs. Hugh McQueen of Loudon entertained friends with a luncheon Thursday at the McQueen home.

Mrs. Ed Knox is in Dalton, Ga. to be with her daughter, Mrs. Bobby Brookshear who had surgery last week at Hamilton Memorial Hospital in Dalton.

Miss Sue Largent of Atlanta was home for the weekend

with Mr. and Mrs. Joe Largent. Mrs. Dewey Smith of Oak Ridge and her daughter and family, Mr. and Mrs. Robert Lefebvre and children, of Lexington, Ky. visited friends here last Wednesday.

Mrs. Emma Beaves and daughter, Mrs. S.S. Crass and Chris of Pigeon Forge visited here last Wednesday.

Miss Betty Hughes was Maid of Honor. She wore a floor-length dress of green and white dotted Swiss. Her headpiece was a green pill box hat with an illusion veil.

Bill Bowden of Lenoir City served as Best Man.

A reception was given by Mrs. Harrison Scott at the home of the bride following the ceremony. Assisting Mrs. Scott was Mrs. Bill Bowden, sister of the bride.

After a wedding trip to the Great Smokey Mountains, the couple will be at home at 508 Harper Street, Loudon. The groom is employed at Maremont Corporation.

Out of town guests were Mrs. Dick Wiggins of Riverdale, Ga. and Mr. and Mrs. James Brooks of Fort Payne, Ala.

The bride is the daughter of Mr. and Mrs. James Hunt, Route 2, Loudon. Parents of the groom are Mr. and Mrs. Elbert L. Harris, Robinson Drive, Loudon.

Donna Akins presented the wedding music. Special selections were "Theme from Romeo and Juliet" and "Theme from Love Story".

The bride, given in marriage by her father, chose an empire style dress of white satin trimmed with lace. Her only jewelry was a pin given to her by the groom.

Maid of Honor was Miss Vivian Ann Harris of Loudon. Bridesmaid was Mrs. Susan Wright of Lenoir City. Bruce Blankenship of Madisonville served as Best

**MAINTAIN YOUR HOME LIGHTING**  
Home lighting equipment needs regular care and cleaning to keep it operating efficiently. A collection of dirt and dust on bulbs, tubes, diffusion bowls, lampshades and fixtures can cause a substantial loss in light output.

It's a good idea to clean all lighting equipment at least four times a year. Bowl-type portable lamps should be cleaned more often.

Some suggestions for taking care of lamps and electrical parts include:  
Wash glass and plastic diffusers and shades in a detergent solution, rinse in clear warm water, and dry.  
Wipe bulbs and tubes with a damp, soapy cloth, and dry well.  
Dust wood and metal lamp bases with a soft cloth and apply a thin coat of wax. Glass, pottery, marble, chrome and onyx bases can be washed with a damp soapy cloth, dried, and waxed.

Lampshades may be cleaned by a vacuum cleaner with a soft brush attachment, or they may be drycleaned. Silk or rayon shades that are hard sewn to the frame, with glued trimmings, may be washed in mild, lukewarm suds, and rinsed in clear water. Dry shades quickly to prevent rusting of frames.  
Wipe parchment shades with a dry cloth.  
Remove plastic wrappings from lampshades before using. Shrinkage. Wrappings create glare and may warp the frame and wrinkle the shade fabric. Some are tire hazards.

It is recommended that you replace all darkened bulbs. A darkened bulb can reduce light output 25 to 50 percent, but uses almost the same amount of current as a new bulb operating at correct wattage. Darkened bulbs may be used in closets or hallways where less light is needed.  
Replace fluorescent tubes that flicker and any tubes that have darkened ends. A long delay in starting indicates a new starter is probably needed. If a humming sound develops in a fluorescent fixture, the ballast may need to be renewed or replaced. Be aware that fluorescent tubes of various colors can affect the appearance of home furnishings.

**CREWEL WORK IS TRADITION**  
Crewel embroidery work, much used in colonial America, is enjoying a renewed popularity in America today. It is generally done with wools thread on natural or solid linen, or on certain grades of cotton or wool fabric. Although occasional birds and beasts are thrown in for interest, the traditional subject matter is almost exclusively floral.

The chain stitch is the basic foundation stitch of crewel embroidery. Other stitches used to supplement it are the satin, hering-bone, cross, outline and couching stitches.  
The pattern areas are often filled in with solid rows of chain stitches, rotating from the center, around and around, toward the edge of the area. At times, parallel lines of chain stitches are set close together.  
You need a large-eyed embroidery needle for this work. Contemporary crewel work is now being done making use of geometric and abstract designs and some persons are using three-dimensional effects such as tassels and loops to give more texture. Beads and other ornaments are often stitched into the embroidery, too.  
For an instruction sheet on the different crewel embroidery stitches, call me at 438-2671. I'll be happy to mail you one.

**MRS. MARY ELIZABETH FISHER RYVENS**  
Mrs. Mary Elizabeth Fisher Ryvens, age 64, Route 3, Lenoir City, died Sunday, April 15 at University Hospital.

Survivors include: sister, Mrs. Earl (Julia) Strinberger of Union, Ohio; brother, Phillip Fisher of Dayton, Ohio; two nieces, Mrs. Gary Crosby of Oklahoma, Mrs. Julia Harmon of Union, Ohio.

Funeral services were held Tuesday at Click's Chapel, Burial in Unittia Cemetery, Click's, Lenoir City, in charge.

**IRAB BURNETTE**  
Ira B. Burnette, age 85, of East Broadway, Lenoir City, died Sunday, April 8 after a lingering illness. He was a retired electrician from Lenoir Car Works after more than 50 years and was a member of United Methodist Church of Kingston.

Survivors include: wife, Mrs. Lucy Alice Cagley Burnette; nine sons, James Ernest of Austin, Texas, Albert Marvin of Kingston, Paul Julian of Detroit, Ira Johnny of Marietta, Ga., Earl Kenneth of Chelmsford, Mass., George Washington of Tampa, Fla., William Dexter, Tommy Lewis and Leonard

Funeral services were held Tuesday at Click's Chapel, Burial in Unittia Cemetery, Click's, Lenoir City, in charge.

**This Is What Heaven Means To Me**  
The Singing Spiritual-Aires

**Singing Spiritual-Aires Release First Stereo Album**

The Singing Spiritual-Aires, a Loudon gospel singing group, this past Thursday started distribution of their first recording. The recording, a 12 song, stereo album is entitled "This Is What Heaven Means To Me."

Members of the group are Melvin Casteel, lead singer; Clarence Clark, tenor; Sue White, Alto; Charles Turbyfill, base; Jerry Presley, base guitar and Pat Turbyfill, piano.

The group, organized about 18 months ago, are veterans of about 200 gospel singings and appearances. All members of the group are members of Corinth Baptist Church of Loudon, where they are active in various church departments.

Members of the group started distributing the album last Thursday, the day they received them, and sales of more than 400 are already reported. They had 1000 of the albums cut.

The cover of the album is a full-color photo of the group that was taken by Earl Hidenour in the backyard of the Tom Myers home on Roberson Springs Road near Loudon.

There is 30 minutes of gospel music on the album. Lead singer Melvin Casteel said the selections were made based on the songs the group has requested most at the singings where they perform.

The album is dedicated to Rev. Virgil Turbyfill of Chickamauga, Georgia, who for five years was pastor at Corinth.

The master tape for the album was cut at Cumberland Recording Studio in Oliver Springs. They used an extra member, playing the drum, in the production. The album cover and records were cut in Nashville. The recording session lasted two hours over a two day period.

The Singing Spiritual-Aires have about 20 singing appearances now scheduled including eight more this month. They have their own bus and sound system and travel mostly to cities and churches in East Tennessee between Knoxville and Chattanooga.

Asked if they have any professional plans they said they did not and that they sang only because they loved gospel music and in this way could help others know Christ. However they do plan another album, hopefully later this summer.

All of the songs on the album are well known songs, but they do their own arrangements of the music.

Anyone wanting to purchase one of the albums can contact any member of the group. They will also be available at all their appearances.

The group will appear at a benefit singing at the New Providence School for the benefit of the Special Education classes held at the school. The singing is slated for Friday, May 4 at 7:30 p.m. Tickets are now available through students and teachers at the school.

**Congressman John Duncan To Be Guest Of Honor For Philadelphia Softball Season Opener**

If it wasn't confusing, it might be amusing; but the new "designated hitter" rule, adopted by the American League, is anything but amusing to amateur baseball leaders.

They're caught "in a bind" and the American Amateur Baseball Congress is no exception. Should the "designated hitter" rule be adopted by the AABC?

There are pros and cons, of course; it's different. But different isn't always better, and it's extremely doubtful that the "designated hitter" rule can add much to amateur baseball where the pitcher very often is a good hitter. Under the new rule, a manager can designate a batter to bat for the starting pitcher and all subsequent pitchers in a game without affecting the status of a pitcher throughout a game.

However, the manager must make his "designated hitter" selection before the start of the game and name the "designated hitter" in the lineup cards presented to the umpire. Thus, a starting pitcher may never bat; the "designated hitter" will assume that responsibility. Nor will it be necessary to remove the starting pitcher from the game, as was the "penalty" under the conventional rule when a pinch-hitter batted for the pitcher.

In effect, the "designated hitter" becomes the "batting caddy" for a pitcher, thereby making baseball a complete new game. Moreover, he virtually eliminates the strategy and maneuvering long associated with baseball.

Significantly, the National League nixed the "designated hitter" rule, which should tell us something. Organized baseball should lead by example and its "voice" should be unanimous. Rules should be legislated by the Baseball Rules Committee and be all-inclusive.

Perhaps Charles S. Feeney, president of the National League, said it best when he cited four reasons for the senior circuit's disapproval of the "designated hitter" rule:

1) The rule was conceived to score more runs...yet could have a reverse reaction. The good starting pitchers will remain in the game longer and runs might be even harder to come by.

2) A lot of dramatic moments are lost.

3) Much of the real strategy of baseball revolves around the pitcher and a pinch-hitting for him, radically affecting situations.

4) The introduction of specialists takes something away from the game. Baseball has always been the hardest game to play because the player must be the whole player—an athlete able to do everything.

The amateur leagues are inclined to concur with Feeney's evaluation of the "designated hitter" rule, particularly his fourth point.

Scouts rate all prospects on five ingredients. They're graded on their ability to run, throw, field, hit and hit with power...and hitting isn't everything. The "designated hitter" rule outweighs running, throwing and fielding; and that's a mistake.

If the sandlots are to produce the stars of tomorrow in the pro ranks, the development of its players must not be inhibited or minimized. The real stars "do it all" and are super-stars because they are complete players. And it all begins on the sandlots!

Importantly, there's another aspect of baseball—amateur versus pro—which is deserving of consideration.

Baseball was designed as a game...to be played for fun; at least, that's the primary objective at amateur levels. And to deviate from that objective is inviting trouble.

The "designated hitter" rule leans to over-emphasis. It puts added pressure on the "designated hitter," setting him apart and above his teammates; takes the pitcher out of an important phase of the game—offense—something even weak-hitting pitchers won't enjoy; and makes the manager and his team vulnerable to discontent and dissension.

Maybe the "designated hitter" has a place in organized baseball, where they "play for pay". Admittedly, it's an experiment and time will tell.

But until such time as it's legislated by the Baseball Rules Committee and becomes an integral part of the Official Rules, the sandlots had best skip it.

The City Park of Philadelphia will hold its softball opening at the park on Saturday April 21, at 7 p.m. The guest of honor for the occasion will be Congressman John Duncan. Mayor Roy Bledsoe will be on hand to welcome everyone to the festivities. He will throw out the first ball of the season.

Congressman Duncan

to Ed Bailey, former catcher with the Cincinnati Reds and the San Francisco Giants. Representatives James Melton, Benny Stafford, State Senator Carl Keella, William H. Russell, administrative assistant to Governor Dunn, and Judge Harvey Sprout will be in attendance to help kick off the opening of the softball season.

The colors will be presented by Bill Milkaas riding the Tennessee Walking Horse Frode's Big Shot. Inky Swiney will sing the national anthem and Rev. Dillard Hagan will give the invocation. Mrs. John Neese will sing America the Beautiful. The following teams will be participating in the softball league at the Philadelphia Park this season: Philadelphia First Baptist, Bar Nit Hostery, Anderson's IGA, Luttrell, Prospect Baptist Church, and Paint Rock.

organizing the softball teams and getting them ready for the opening. Earl Barger, Dillard Hagan, and Roy Bledsoe were responsible for getting the opening program together. It is hoped that in addition to the men's teams there will be some ladies teams in the near future. Mayor Bledsoe said everyone is urged to attend the opening and see the progress that has been made at the park. The final phase of completing the park is expected to take place this summer.

**Loudon Falls To Crossville In Spring Grid Clash**

The Loudon Redskins finally found weather suitable for their spring football scrimmage with Crossville. The Redskins, after a four day wait, played the game last Wednesday afternoon at Crossville. Loudon was the afternoon strid war 5-2.

Rallege: "I think we might have done a better job of the scrimmage had we got the lay off and the fact that Crossville did not loose a single player off last fall's season certainly was not to our advantage. But still we got whipped a lot when we shouldn't have had to rely on a lot of second and third effort to complete our assignments."

The setback was not as bitter a pill to swallow as the Loudon team probably thought it to be. The Jets with returning depth and experience displayed several alignments for the Loudon defense to try to defend against and for most of the scrimmage used offensive formations the Redskins have yet to study and prepare for. The Jets beat the Redskins

twice on long passes for scores by the use of two tight ends. Two long runs and a touch-down after a lengthy drive accounted for the Crossville fire works.

Loudon marched from their own 30 yard line for one score with Dennis Quen talking on a quarterback sneak. Buddy Sweeney picked up the other score on a short pass from Quen.

**OR-Panther Baseball Game Rescheduled**

The Oak Ridge-Lenoir City baseball headliner for Monday night at Lenoir City was canceled after cloudy skies and morning and noon weather experts called for no percent chances of rain by same time.

and may be restricted to limited sound dry until the mystery ailment is cured.

**Chargers Are Seventh Golf Victim**

After five ball games senior catcher Neal Foster is leading the Panthers in hitting with a .444 batting mark. The leading Foster has collected eight hits in 18 times to the plate. He also leads the Lenoir City team in runs scored with eight and stolen bases with 10.

Lenoir City's golf team, quickly becoming a respected lot among area high schools, posted their seventh win of the spring Monday as opposed to a single loss by defeating Melton Central 135 to 107.

**Atomic Speedway Off To Best Start Ever**

Snooks DeFoor says no driver may never win three races in a row at Atomic Speedway. The competition is just too tough, according to the Georgia Driver, who will be back at the popular track Saturday night trying to start a new win streak.

"We're off to the best start in the history of the track," said owner Bob Martin. "The competition has been close all the way. The Dogwood 100 was the finest race we've had at the track."

DeFoor had another shot at making it three in a row in the Dogwood 100, but fell a car length short of overtaking Tootee Estes at the finish. With the first big event of the year at the track now history, action returns to the regular program this weekend. Qualifying for late model sportsman cars begins at 7 o'clock and racing starts at 8.

Estes again is driving a Chevrolet this season and DeFoor has a Mustang. One of the big surprises in the Dogwood was Lee Roy Vain, who drove a Camaro to third place.

**Galyon Named To East Grid Team**

Tim Galyon, center and co-captain for the Lenoir City Panthers football team last season, has been selected by the TSSAA to play for the East All-Star team at Neyland Stadium on August 4.

A player to be eligible must (1) be selected by the TSSAA on recommendations of coaches in the state, (2) have played and lettered during the past athletic season in the sport in which he has been chosen to participate, (3) have received his high school diploma the year he participated, (4) not be married, (5) meet all TSSAA rules of eligibility and not have practiced or competed with a college team.

Galyon was picked as one of the top 30 players in East Tennessee and will report to Head Coach King Berron of Sweetwater in late July. Berron, whose Wildcat team won the A championship for the second straight year, has voted the honor by other coaches in the state.

The fine college prospect says his hobbies are golf, cars, and girls and is the son of Roy Galyon, Highland Park, Lenoir City, and Mrs. Wayne Stamey, Martel Estates, Lenoir City.

TIM GALYON

**Keebler, White Are Leaders Over Everett**

The Lenoir City golf team blasted Maryville Everett last week 162 to 198. The Panthers, playing without the services of ace performer Gary Dye, whose grandmother died, got a consistent showing from

Mitch Keebler, David White, Steve Henry and Tim Galyon. Keebler and White each shot a respectable 40 for nine holes and were challenged closely by teammates Galyon and Henry who fired 41's for the

day. Lee Arnold and Ricky Moore turned in a 44 and 45 respectively for the Lenoir City match but only the top four scores were taken in the official match scoring.

## Sammy Dunlap Hurls Lenoir City Over Kingston, 3-2

Lenoir City played its home opener Friday night against Kingston with Sammy Dunlap firing a six-hitter at the Yellow Jackets in a 3-2 victory. The victorious Panthers landed out 11 hits in the game but still had to come from behind with single scores in the fifth and seventh innings to turn back the Kingston team.

Dunlap evened his season record at 1-1 by striking out nine and walking only two for the seven inning route. The Panthers got on the score board first with a single run in the bottom half of the third inning. Charlie Dye belted a triple to left-center field and team captain, Neal Foster laid down a picture-

squeeze bunt to drive Dye home for the score. Kingston bounced back in the fourth inning with a two run rally on two hits and two Lenoir City errors. The score tied up until the bottom of the fifth when Marty Porter started things for Lenoir City with a hit. Foster walked and Mike Walker came on as a pinch hitter and powered a run producing double to tie the score.

The game rocked along until the seventh frame when Foster reached base with a single. Tim Cunningham lined a single to put runners at first and third. Mike Hooks quickly stepped in the batters box and lofted a high fly to the outfield which scored Foster, who was tagging at third base.

The win was the Panther's fourth of the season in five games. A rest period, during which the two teams' junior varsity battled to a scoreless tie, set the stage for the final 30 minutes of varsity action. The last part of the scrimmage was not governed by the 10 down restrictions and only the normal punting game omitted.

Greenback won this phase of the scrimmage, both in total offense and in crossing the goal line. Tony Linginfelter, senior quarterback, to be, scored both touchdowns. The first came on an option run-pass maneuver on a roll out and the second came as the result of a fumble and run.

Linginfelter, executing well, gained almost 200 yards in the scrimmage off the triple option and sprint out pass option. Linginfelter, considered one of the premier passers in the state having thrown for over 1000 yards in both his sophomore and junior seasons, also tried out a host of new receivers in quest of replacing the sure-handed seniors as Larry Ritchey, Joe Mainor, and Darrell McKeehan

## Linginfelter Displays New Offensive Wrinkle For Cherokees With Running

Greenback's spring football prospects traveled to Lanier last Wednesday afternoon for a spring scrimmage with the Eagles. The Cherokees won the spring tussle 2-0. The scrimmage was hampered by several guidelines agreed upon at the start of the scrimmage. Each team received the ball for 10 plays at a time despite the offensive happenings other than a touchdown. A fumble or pass interception did not turn the ball over but returned it to the original line of scrimmage that offensive play.

An hour of such facts resulted with neither team having crossed the goal line at either end of the field. The Cherokees had the most yards in total offense but no score. A rest period, during which the two teams' junior varsity battled to a scoreless tie, set the stage for the final 30 minutes of varsity action. The last part of the scrimmage was not governed by the 10 down restrictions and only the normal punting game omitted.

Greenback won this phase of the scrimmage, both in total offense and in crossing the goal line. Tony Linginfelter, senior quarterback, to be, scored both touchdowns. The first came on an option run-pass maneuver on a roll out and the second came as the result of a fumble and run.

Tall, rangy Bill Joe Kyker looks set at tight end after playing tackle his junior year. Harold Hawkins, who will be a freshman this fall, shows good speed and potential receiving abilities at flanker. Mark Carver is also being groomed for pass catching duties, while Sandy Graham a sudden success in the defensive secondary is also receiving pass catching instructions.

Greenback's backfield had Tim Hammontrout and Kyle Shepard in the running back slots for the scrimmage. The line was anchored by the defensive secondary is also receiving pass catching instructions. Greenback coaches thought the spring play was good overall while a lot of shoring up is needed before the conclusion of spring work is done. Several fumbles cost the Cherokees at crucial lines with one coming at the three yard line with a near certain score in sight.

The probable worse event of the scrimmage was the loss of Mike Evans. The hard hitting lineman, who intercepted two passes in the scrimmage, suffered a broken thumb and will be lost for the spring.

McNeilly, brother of graduating Tommy McNeilly, has been a pleasant surprise for spring and should see a lot of varsity action in the fall. Keith Rollins, who excels at defensive end looks ready and Roddy Kiser a promising eight grader entering high school in the fall could well be the successor to the quarterback role now in the capable hands of Linginfelter.

Greenback coaches thought the spring play was good overall while a lot of shoring up is needed before the conclusion of spring work is done. Several fumbles cost the Cherokees at crucial lines with one coming at the three yard line with a near certain score in sight. The probable worse event of the scrimmage was the loss of Mike Evans. The hard hitting lineman, who intercepted two passes in the scrimmage, suffered a broken thumb and will be lost for the spring.

**PICKING UP REAL ESTATE**—Tony Linginfelter, senior-to-be, rounds the corner behind the blocking of Bobby McNeilly Thursday afternoon as the Greenback gridgers defeated Lanier in a scrimmage game.

Greenback, off this week due to Easter Vacation, plans to host a scrimmage with Walland next Thursday. The Indians are rated equal to Porter by some to be the team to beat in 1973 Football race.

## City Golf League Score Cards Available

Ted Lomas, president of the City Golf League, stated this week that the City Golf League and skipped their first week of league competition due to the inclement weather. The first week of scheduled play will be made up as the last week of the season.

An interested observer to the Wednesday scrimmage was Jim Maxwell, former Walland next Thursday. The University of Tennessee Quarterback and now with the Philadelphia Eagles.

Steve Henry was the top Panthers performer with a 42. Mitch Keebler shot a 43 and Kingston group of golfers last week in Roane County. The Yellow Jackets, using a six man format rather than the usual four man set, defeated the Panthers 274 to 286.

The loss was the first of the season for the Panthers, which had won five games in a row. Lenoir City played without the services of Gary Dye and had to weather a first hole disaster by both Lee Arnold and David White in the loss. Both Arnold and White had holes in the opening first green, assume his team widens the margin of victory more than they did against McMinn 54.

## Kingston Surprises Panther Golf Team

Steve Henry was the top Panthers performer with a 42. Mitch Keebler shot a 43 and Kingston group of golfers last week in Roane County. The Yellow Jackets, using a six man format rather than the usual four man set, defeated the Panthers 274 to 286.

## LC Golfers Slip By McMinn

Lenoir City played without the services of Gary Dye and had to weather a first hole disaster by both Lee Arnold and David White in the loss. Both Arnold and White had holes in the opening first green, assume his team widens the margin of victory more than they did against McMinn 54.

## Lenoir City Beats TMI By 28 Strokes

The Lenoir City Panthers' golf team returned to form Friday against Military Institute winning by 28 strokes, 102 to 130. Gary Dye, absent for two games, hammered out a par round of 36 for the day and spearheaded the win. Mitch Keebler also had a splendid afternoon with a 39. Lee Arnold showed much improvement for the game with a 43 and Steve Henry had a round of 44 to finish the Lenoir City play.

## Foster's Hitting, Cunningham's Pitching Trims Yellow Jackets 7-1

Lenoir City's baseball team which had six games postponed due to the inclement weather conditions over the past weeks returned to the diamond Wednesday at Kingston and defeated the Yellow Jackets 7-1. Neal Foster and Tim Cunningham combined to lead the triumph. Cunningham tossed a sizzling two hitter, walking four and striking out seven in running his season mark to 2-4.

Foster, who serves as Cunningham's battery mate, supplied all the batting strength needed bagging a double and single in four times at bat and scoring two runs while driving a mate across the plate. Lenoir City collected six hits in the contest to account for the seven scores. The Panthers got on the

score board early with a double by Foster in the first inning. The speedy catcher stole third and raced home on a throwing error to third. A three run third inning started on a Kingston error. Marty Porter, second basemen, powered a double and Mike Walker walked. Foster again hit safely and when the dust had cleared

three runs had crossed the plate. A two run Lenoir City sixth frame came on a hit by Tim Cunningham and a walk by Johnny Price. Doug Williams then drilled a triple sending Cunningham and Price around the base paths. Kingston got its only run in the bottom of the sixth as the Yellow Jackets loaded the

bases on Cunningham, only for the big right hander to pitch free of the jam. Kingston loaded the sacks in the bottom of the seventh also but Cunningham managed to strike out two of the next three batters to end the game. Lenoir City added a single run in the seventh on a walk by Porter and a hit by Walker.

Stamey's Eighth Inning Double Powers Panthers Past Harriman, 6-5

Tommy Cook picked up his first pitching decision of the season Thursday night at Harriman, but not before the lefty was forced to pitch an extra inning by the stubborn Blue Devils. Lenoir City scored a single run in each of the first three

innings of play. Neal Foster, senior catcher, got the first hit of the night with a double to left field. The hustling receiver stole third base and raced home on a Harriman throwing error. Johnny Price and Wayne Stamey connected for hits in the second inning and Marty Porter hit a sacrifice fly to the outfield to score Price. Mike Walker walked to open the third inning, stole second base and later came across home plate on a fielder's

choice. Harriman picked up a run in the second inning on a Lenoir City error and a double. The Blue Devils got a second score in the fourth frame with a triple and a double. The game rolled along a 3-2 until the sixth inning. Lenoir City tallied twice on a hit by Mike Hooks, Wayne Stamey lived on a fielder's choice and Marty Porter drove both base runners home with a double. Harriman managed to get

### Game and Fish

#### TODAY

By Sgt. Bob Harmon  
Game and Fish Commission

Spring is considered to be the season for sport fishermen, but area hunters also enjoy their spot of hunting during the warm months. Area fox and coon hunters will have special events this month.

The Loudon County Coon Hunters Club will host a State NKC hunt starting at 12 noon on April 21 at their clubhouse off Hoberson Springs Road, south of Loudon.

During the afternoon, the club will sponsor a drag race, treeing contest and bench show. A coon hunt will be held that night starting at 8 p.m. The entry fees for the events are \$5 for registered dogs and \$4 for grade dogs. Approximately 46 trophies will be presented to the winners of the different events.

James Watts, president of the Loudon County Coon Hunters, extends to all coon hunters an invitation to attend and participate in this hunt. The Little "T" Fox Hunters Club will have their annual spring hunt next week on April 25 through 28.

According to Jack Watkins, president of the club, they will sponsor a bench show on Wednesday evening followed by three days of judged hunts. Activities will include a night of country music on April 26 starting at 7 p.m. on April 27 at 7 p.m. the club will have a gospel singing.

The bench show and special events will be held at the clubhouse which is located on Notch Hill Road, east of Loudon.

Approximately 32 trophies plus ribbons will be presented to the winners of the different events. Several local merchants have donated trophies and they are on display at the Bank of Loudon County branch bank in Loudon.

In addition to these special hunts, local hunters enjoy the sport of hunting groundhogs. Billy Bivens of Loudon had good success one afternoon last week. Billy bagged six groundhogs using a .22 automatic rifle.

Most area landowners will give permission to hunt these animals so you as a hunter should ask for the privilege to hunt on the lands of another. The Game and Fish Commission requires that a hunter have permission from the landowner.

Enough for hunting. Spring is also the time to go fishing and with the price of beef and pork going sky-high, the President of the United States has recommended eating fish. What better way is there to have your cake and eat it, too, than to go fishing, enjoying the out-of-doors on our area lakes or streams, have fun catching the fish plus serving them for dinner. See you on the water but don't forget your fishing license.

Area fishermen journeyed over to Tellico last week for the opening of trout season. James Cox of Philadelphia found the trout hungry as he caught six of them while fishing the Tellico River.

Jessie Lovelace and Frank Smith of Loudon also had good success. They caught nine trout fishing on the Tellico side of the Cherokee Wildlife Management Area.

Also on hand for opening day were Harry Goodwin of Lenoir City and Charles Johnson of Loudon, who now resides in Knoxville. They also were trying their luck in the Tellico River. Harry had caught five fish and Charles was having trouble finding a hungry trout.

Jim Collins and son, Jimmy, of Lenoir City, were trying their skills on North River which is a wild stream with only artificial flies permitted. Jim had caught two rainbows and Jimmy was busy trying to locate a fish.

#### WILDLIFE RESTORATION BILL INTRODUCED

Legislation to increase funding for the Federal Aid in Wildlife Restoration Program has been introduced by Senator Lee Metcalf (Mont.) and Congressman Joseph E. Keith (Minn.). The bills, S. 1133 and H.R. 2346, comprise the final step in realizing the potential of the federal-aid wildlife program to the states, according to Game and Fish Director David M. Goodrich. The legislation provides for an 11 percent manufacturers' excise tax on component parts for ammunition which would be earmarked for distribution to the states. These include

cartridge cases, primers, pellets, shot and powders. Manufacturers estimate the tax will provide states with an additional \$6 million. As in the case with the monies collected on handguns and archery equipment, one-half of the funds distributed to each state from this source may be used to reconstruct and maintain public shooting ranges.

"Since 1957, sportsmen have actively supported this program which is the backbone of wildlife restoration activities in this country," Goodrich said. "It is funded now from the 11 percent tax on sporting arms and ammunition and bows and arrows and the 10 percent tax on handguns. This measure will give hand loaders the opportunity to join other sportsmen supporting wildlife restoration efforts," he concluded.

#### WILDLIFE MAY

The Tennessee Game and Fish Commission reports that weather is still playing havoc with the State's wildlife populations. Surveys are being conducted by Game and Fish biologists to determine any detrimental effects.

High waters of the Mississippi River and other waterways have covered much of the prime habitat in bottomlands across Tennessee. Recently, the 1973 turkey season was closed in Shelby, Lauderdale, and Tipton counties due to flood conditions. Turkey are reportedly in tree tops waiting out the flood. Supplemental feeding is being conducted by the Commission in order to carry the animals through this perilous condition.

Unseasonably cold weather may have a long-range detrimental effect on many forms of wildlife, also. Game and Fish biologists are in the process of determining whether the freezing temperatures have damaged hickory, oak and other wildlife foods.

If food conditions and cold weather have combined to reduce food supply of wildlife populations across the Volunteer State, future hunting regulations will have to be altered to adjust to the imbalance created by Mother Nature. Hunting regulations for 1973-74 are scheduled to be set in May.

#### FISHING REPORT

This fishing report is made on the basis of how the fish are biting now, weather and water condition. It is subject to change if there is considerable change. For an up to date fishing report, stay tuned to W.E.T.E. Radio - 620 on your dial.

#### CHEROKEE LAKE

Murky in upper end and rising slightly. Rocks, stripes and hybrids are best on the lower end of the lake using Big O's, medium running plugs and plastic worms. Some are being caught on upper end trolling and casting large bucktail flies and medium and deep running bugs. Crappie success has slowed down some but some being caught off rocky points on minnows and flies about 4 to 6 feet deep - best area is around German Creek embayment.

#### NORRIS LAKE

Clear to murky and rising slowly. Bass fast to good on Big O's, humpback rebels and rattler rebels. Crappie fishing is good using minnows and jigs especially on the Clinch River side, 3 to 6 feet deep off rock ledges. Some rocks, hybrids and walleyes are being taken in the headwater of Powell River on leadhead jigs.

#### DOUGLAS LAKE

Murky in lower end, clear in upper end and rising slightly. Bass fishing improving - try minnows and night crawlers. For some fish to eat try for crappie casting leadhead jigs tipped with minnows in back of covers. For sauger, troll deep running plugs off rocky points. Catfish fishing is getting good. Still fishing and trolling with cut bait is best method.

#### FOR LOUDON LAKE

Muddy and high. Bass and crappie are still slow. We hope that when the water clears up, fishing will pick up.

#### FOR LOUDON TAILWATER

Fishing is good especially on stripes, sauger and catfish. Stripes are slow. Bass and sauger on minnows - deep and catfish on night crawlers and shad trails.

#### WATERS BAR LAKE

Murky and rising. Bass and

GOOD SUCCESS—Harry Goodwin of Lenoir City had good success trout fishing on opening day on the Cherokee Wildlife Management Area.

JIMMY COLLINS of Lenoir City is shown trying to locate a hungry trout on North River.

sauger are being caught at Bull Run Steam Plant on minnows and flies - deep. CHILHOWEE LAKE. Clear and stable. Bass and crappie are going strong on minnows, spinners and lizards. Trout is good on corn and worms. LITTLE TENNESSEE RIVER. Clear and fluctuating. Trout fishing good on corn, worms and spinners.

### Lenoir City Golfer's Win By One

(Continued from Page 7)  
County, Lenoir City squeezed by the Cherokee 169 to 170. Gary Dye led the Panther Play with a 39 for nine holes. Following in numerical order was Tim Galyon with a 42, Steve Henry shot a 43, and David White was nine over par with a 45.

Steve Anderson paced the McClain team with a medalist score of 38.

### Stamey Bats Panthers To Victory

(Continued from Page 7)

three in their half the inning on three walks and two hits. Lenoir City finally got a

game winning run in the eighth inning as Johnny Price collected his second hit of the night. Mike Hooks followed with his second hit and Wayne Stamey proved to be the batting hero with his second safety, a run scoring double.

The bottom three men of the Lenoir City batting order got six of the Panther's nine hits. Marty Pacter, Neal Foster,

and Tommy Cook got the rest. Cook gave up five runs for the night but only three earned runs on seven hits. He struck out eight and walked seven. The top defensive plays of the game came on a lining ending catch by left fielder Doug Williams up against the fence with the bases loaded in the seventh inning and a one out pick off of a runner on second base in the eighth inning by Cook and a final third strike pitch to end the game.

BILLY BIVENS of Loudon, is shown with the results of a day's hunt. Billy bagged these six groundhogs in an afternoon hunt last week.

OPENING DAY CATCH—James Cox of Philadelphia is shown with his catch of opening day trout on the Cherokee Wildlife Management Area.

REV. WOOLSEY

## Missionary Conference Slated At Valley View

Special missionary conference will be held April 20 and 21 at 7:30 p.m. at the Valley View Free Will Baptist Church located on Vonore Road announced the pastor, Rev. Tag Kilgore.

Rev. Paul Woolsey, former missionary to India and teacher of Loudon County, will be speaking on the night of April 20. He is a well known man among the Free Will Baptists.

Rev. Don Robirds, Director of Communications, who spent five and one-half years as a missionary in Brazil will

overcrowded now and needs an expansion right away.

As one might expect, the "fiscal planning program" would give the Y location school first year priority and the X location school lower priority.

By planning financially now for the needs of the county, money can be designated to projects and saved for others so that enough money does remain in the till for those future needed project and it's not all spent now.

**EFFICIENT USE OF DOLLARS**

Ben Galyon, chairman of the Loudon County Planning Commission, said recently that the fiscal plan is designed to help carry out community needs and goals as spelled out in the comprehensive plan by planning for the most efficient use of the taxpayers' dollars.

The comprehensive plan is a 20-year guideline for the physical, social and economic development of a community or county and one was prepared in 1971 by the Loudon County planners.

Already the planning commission has completed a preliminary draft of the fiscal plan and it's now being reviewed by county officials including members of the Loudon County Quarterly Court.

Mr. Galyon said that after everyone involved has had a chance to comment on the

proposed plan and needed revisions are made, then the fiscal plan will be presented to the county judge and quarterly court for adoption.

**ON THE FIRST INSTANT**

If adopted, the Loudon County "fiscal planning program" will be one of the first such programs to be adopted by a county in the state.

Loudon County citizens are encouraged to become acquainted with the "fiscal planning program" and they can do so by examining copies of the preliminary draft at Loudon County Judge Harvey L. Sprout's office at the Loudon County Courthouse or by attending the regular meetings of the Loudon County Planning Commission at 7:30 p.m. on the third Thursday of each month at the courthouse.

The next meeting of the planning commission is scheduled for Thursday night. The members of the planning commission, in addition to Chairman Galyon and Judge Sprout who is the secretary, are Roscoe Pressly, first vice-chairman; Ross Wilkerson, second vice-chairman; John W. Cardwell, Jr.; I.D. Conner; Samuel F. Forkner, Sr.; Charles T. Harrison; Henry Mitchell; Lee Thompson, Jr.; and Curtis Williams.

**NEXT** The priorities of the Loudon County fiscal plan.

## Articles Discuss County Fiscal Planning Program

(Editor's note: This is the first in a series of articles on Loudon County's fiscal planning program, prepared by Pat Pomeroy of the State Planning Office.)

New schools, parks, playgrounds and other community facilities are all on the agenda for Loudon County in the future.

But when, where and how will these facilities be built and financed? And who will determine just what schools are needed?

These are part of the duties of the Loudon County Regional Planning Commission which has been working for a year now on a "fiscal planning program" that the county sheriff's department, the sanitation department and a recreation department are set up.

EXAMPLE DESCRIBED  
To use an example to better explain the "fiscal planning program," say a school in X location might be recommended in the planning program for an addition over the next five years because more students are expected to enter it during the coming years than the school can adequately accommodate.

But a school in Y location is

Letter To Editor

Mr. Editor,  
I want to say I'm going to eat some of my own words with humble pie as dessert. I have changed my opinion a great deal about the whole mess, the Tellico project.  
The reason: I need a job. I got a big kick out of seeing my letters in the paper last year. Thanks for your patience in dealing with me.  
"B.S. Goodrick."  
(REAL NAME WITHHELD AT REQUEST OF WRITER)

Eight Masons Will Advance

Eight masons from Loudon County are scheduled to begin classes in Knoxville Saturday, April 21, leading to the thirty-second degree in the masonic fraternity.

Scheduled to receive the honor are Arvin B. Roberts and Thomas M. Shaw of Greenback, Troy E. Cham-

bers, Carlous D. Fritta, Quinis E. Richmond, Richard F. Wilburn and Raymond M. Wolfenbarger of Lenoir City and Arlin G. Cole of Loudon. They are sponsored by the Loudon County Scottish Rite Club of which Glenn Way is president, Joe Henderson is vice president, John Worley is secretary and Glen Whistler is membership chairman.

Scottish Rite Masonry is a fraternity that uses drama to teach ethics, moral and spiritual standards, basic

religious and personal philosophy and the American system of constitutional government.  
One of the charity projects of thirty-second degree masons is the fitting and distribution of shoes for needy children of school age.

March Rainfall Over 11 Inches

March rainfall averaged a drenching 11.1 inches across the Tennessee Valley, TVA reports. That was the first monthly average above 11 inches in nearly 25 years—since November 1948—and was only a tenth of an inch less than the record March rainfall of 1897.

Normal rainfall for March is 5.2 inches. Much of last month's rainfall came in one intense two-day storm during mid-March. Over 5 inches fell on the area above Chattanooga, and about 7 inches below. This storm dumped 5 to 10 inches over most areas of the Valley, producing widespread flooding.

With the combination of intense rainfall and saturated soils, most of the rain drained quickly to streams, TVA said. Runoff to the Tennessee River for the month was equal to more than 8 inches depth of water over the entire 40,000-square-mile basin. Normal March runoff is 3.3 inches.

Heaviest March rains fell in the western half of the Tennessee Valley, where the average for the month was a record for March of 13.2 inches. The highest reported March totals included 19.20 inches at Guntersville Dam, Alabama, 18.19 inches at Smithville, Tennessee, 18.12 inches at Haleyville, Alabama, and 17.63 inches at Red Bay, Alabama.

THREE NEW EAGLE SCOUTS—The three members of Explorer Post 215 of Loudon who were presented with Scoutings Eagle Rank in ceremonies Sunday are shown with their parents after the ceremony. Left to right are

Mr. and Mrs. Ray Birkholz with son David, Mr. and Mrs. Hamill Carey with son Sam, and Mrs. Ed Marrs with son Bill.

(Continued from Page 1)

ditional five merit badges beyond those required for Eagle. They also received the Appalachian Trail Award for hiking the 70-mile section of the 2,000-mile long trail that is contained within the boundaries of the Great Smoky Mountain National Park. Others who earned the award but were not present to

receive it were: Hart Iddins, C.P. Chibasz, Byron Lawson, Mike Messamore, Jack Fickery, Preston McQueen, Bill Watkins - Associate

Advisor, Mike Schrimsher - Associate Advisor Greer Carey, younger brother of Sam, received his Tenderfoot Award during these ceremonies. Other scouts and explorers had earned merit badges, but several were not on hand to receive their awards.

Marrs Receives God & Country

In a ceremony conducted at the Loudon United Methodist Church Sunday, Bill Marrs, son of Mr. and Mrs. Ed Marrs, received the God and Country Award for detailed study and involvement in the history and work of the Church. Along with the Eagle Award the God and Country Award ranks as one of scouting's highest earned honors. Bill worked closely under the guidance of Rev. William Horner for a year in order to qualify for this award. The presentation was made during morning services at the church with Mrs. Marrs accompanying her son to the altar.

RECEIVES GOD AND COUNTRY AWARD—Bill Marrs, son of Mr. and Mrs. Ed Marrs of Loudon is shown with Rev. W. H. Horner and Scout Master Edward Headlee after he was presented the coveted God and Country Award in services at the Loudon United Methodist Church Sunday.

## Loudon Gets Grant For Phase II Of Park Development

Phase II of the development of the new Loudon Swimming Pool and Recreation Park facility was funded Tuesday by a \$61,275 federal grant, according to an announcement made by Congressman John Duncan's Washington office.

The grant is for one half of the development of the second phase which includes entrance road improvement, parking area development, two lighted tennis courts, two multi-purpose courts, an all purpose ball field with lights, site

improvement, and general playground and picnic area development.

The first phase of the program is already nearing completion. This included an olympic size swimming pool and other facilities on the 10 acre site next to Loudon High School. A federal grant of \$81,000 was received for the first phase of the project that was valued at \$142,000.

The grant approved is under the Federal Open Space Land Program for multi-recreation facilities.

## Local Stores Buy Top 4-H, FFA Beef

As usual, White Stores, Inc. bought the Grand Champion in the recent 4-H and FFA Junior Steer Show. But a newcomer, Park Grocery, was the successful bidder for the Reserve Champion.

White Stores paid 60 cents per pound for the Grand Champion steer, shown by Tony Christian of Lenoir City. The Reserve Champion came close to the same price. The hammer dropped at 58 cents per pound on the white face shown by Ricky Bettis of Loudon and Park's Grocery of Eaton Crossroads was the winning bidder.

Considerably more support was shown at the sale this year than in earlier years, observers said. Exhibitors were represented by contributors to help support the price.

The Eaton Crossroads Huritan Club led the project to support Loudon County 4-H beef raisers, supported by the following contributors: Loudon Farmers Coop, Park's Grocery, Hall Oil Co., Bank of Loudon County, Maremont Corp., Hamilton National Bank of Lenoir City, Hamilton National Bank of Loudon, Eaton Crop., Production Credit Association and Greenback Farmers Coop.

In addition to the two top judged steers, all other Loudon County cattle were bought and returned to the County. They were slaughtered at Wampler's Wholesale Meats processing plant at Eaton Crossroads and 16-pound boxes are now being packaged for sale. Huritan Club member Dick Ruritan said the boxes will be for sale later this week at \$13 each.

## Dunn Budget Means Tax Hike Says Hicks

Representative John T. Hicks (D-Donelson) announced last week that if the General Assembly approved the Dunn administration's budget recommendations for 1973-74, a tax increase is inevitable, if not for 1974-75, then certainly for 1976-77.

"Capital outlay costs incurred this year mean operating expenses in future years," Hicks said. He explained that over \$300 million remains to be spent for capital outlay projects already approved by the 1972-73 Assembly in past years and that an additional \$75 million is recommended by the Dunn administration this year.

"It is easy to see that if only 30 percent of this \$375 million were required to maintain and staff these facilities, an additional amount of \$37.5 million would be required each year from the taxpayers to finance these additional operating costs," Rep. Hicks said.

"No one wants to talk about capital outlay programs and their impact on future years' operating costs. We have been unable to obtain a detailed breakdown of the estimated future costs to operate facilities presently under construction and recommended, even though present procedures require department heads to estimate the operational costs when requesting projects.

"In fact, we have been unable to obtain a listing of detailed projects themselves, even though we requested such information several months ago," Rep. Hicks said. "Governor Dunn had available \$32.5 million more than in the preceding year for his budget when he took office in 1971. The amount available there is available to be budgeted \$200 million more than last year," Rep. Hicks said.

"This means one thing - the Dunn administration will spend whatever funds happen to be available regardless of how much it happens to be or how much more in taxes it is going to cost the citizens of Tennessee in the future," he said.

"I would hate to see State government spend this \$200 million, which is over six times the additional amount available just three years ago, and then ask the taxpayers for more money in additional taxes in a year or so," Rep. Hicks said.

"For those who say that there are many unmet needs, I say that this same argument would be used if the State government were spending five times or ten times the amount it is now spending. Persons required to pay additional taxes also have many unmet needs.

## Divorce Rate Higher Than State, National Average Here

In this divorce-prone age, what are the chances of a marriage surviving in Loudon County? Do marriages last longer, locally, than they do elsewhere?

On the basis of the latest statistics, for the vast majority of local people, marriage is a once-in-a-lifetime undertaking. For others, with equally high hopes and intentions, their marriages end up on the rocks.

As in most parts of the country, splitups are occurring more frequently in the local area than they did formerly.

It is in line with the times. According to figures compiled by the Department of Commerce and by the Department of Health, Education and Welfare, the number of divorced persons in the United States has zoomed no less than 57 percent

since 1960. At that time there were 3,205,000 men and women in the divorced column. Since then the total has climbed to 5,026,700. This does not include those who remarried after having been divorced.

Among residents of Loudon County, the divorce rate is somewhat higher than the national.

The tabulations show that there are 35 divorced people in the area for every 1,000 residents over age 14.

Elsewhere in the United States, by way of comparison, the divorce rate is 34 per 1,000. In the East South Central States it is 31 per 1,000 and, in the State of Tennessee, also 34.

The latest official count shows a total of 245

divorced men and 392 divorced women in the local population.

Nationally, the proportion of divorces to marriages is at an all-time high. Although both of them have been on the increase, for every three new marriages today, one old one ends in divorce or annulment.

The breakups are largely among young couples who have been married for five years or less and who have several children, states the Census Bureau. It finds, in fact, that the presence of children is much less of a bar to divorce than it was formerly.

Commenting on this, Prof. Paul Glasser of the University of Michigan states that "there appears to be a reverse in the tendency to keep an unhappy marriage together for the children's sake."

## Scouts Have Open House

The Loudon County Boy Scouts had an Open House, Sunday, April 1, in honor of Steve Hillis, District Executive for Loudon and West Knox counties, and his bride-to-be, Choya Whitehead. The reception was held at the home of Mrs. Ed McQueens, hostesses, with the John Carnes as co-hosts.

Shena Dawn Hughes celebrated her third birthday April 9. She is the daughter of Mr. and Mrs. Floyd Hughes of Loudon. Grandparents are Mr. and Mrs. Eugene Hughes and Mr. and Mrs. Luther Russell, all of Loudon.

LENOIR CITY'S \$2 million Holiday Inn, scheduled for construction this summer, will look like this when it is completed. The 150-room motor inn, which will feature a coffee shop, main dining room, and banquet facilities for 200 people, will be located at the Highway-95 exit of Interstate-75. Cletus H. Benton

of Cleveland, Tenn., franchise owner for the new facility, has taken an option on property next to the Gulf Station at the Highway 95 exit. Mr. Benton says he expects the motor inn to open by the spring of 1974.

## Lenoir City Getting 150 Room Holiday Inn

Construction on a \$2 million Holiday Inn, to be located at the Highway 95 exit of Interstate 75 near Lenoir City, is scheduled to begin this summer.

Cletus H. Benton of Cleveland, Tenn., franchise owner for the new facility, said this week that the 150-room motor inn is slated for opening in the spring of 1974. Mr. Benton is the franchise owner for two Holiday Inns in Cleveland and another which is under construction at Athens.

The new motor inn will feature all of the conveniences of most Holiday Inns including a coffee shop which will seat

about 75 people, a main dining room which will seat about 150 people and banquet facilities for 200.

Said Mr. Benton, "I have watched the growth of Lenoir City for some time and have been eager to locate a Holiday Inn in that area. I would like to emphasize that I am an individual franchise owner, that we will employ at least 99 percent local help, and that money will stay in Lenoir City if it's made there. We want to be a part of the community."

Mr. Benton also emphasized the fact that there will be no bar or lounge area in the Lenoir City Holiday Inn.

"This will be my fourth Holiday Inn between Chattanooga and Cleveland," said the franchise owner. "I don't have bar or lounge facilities in any of them, and I don't intend to put them in."

The motel will boast a large swimming pool, color television in every room, saunas baths in some guest rooms and a few family suites with kitchenettes. W.W. Bond and Associates in Memphis is the architectural firm for the facility.

Mr. Benton said he has taken an option on a tract near the Gulf Station at the Highway 95 exit but added it is indefinite as to whether the

new Holiday Inn will be located on that particular tract.

"We are having topography studies run," said Mr. Benton. "All I can say right now is that the building will be located at that exit."

Mr. Benton said he has an agreement with Holiday Inns of America to hold franchises on any Holiday Inns of America to hold franchises on any Holiday Inns located off I-75 between Chattanooga and Knoxville.

"We built our first Holiday Inn in Cleveland 10 years ago," he said, "and we are very proud of our operation."

We have been in the Top 10 in Holiday Inns ever since we started in business. Ten years ago when we built in Cleveland we were the 28th in the Holiday Inn chain. The one in Lenoir City will be the 132nd. That gives you some idea of the fantastic growth which Holiday Inns of America has experienced."

Mr. Benton said he had negotiated with the chain five years ago for a Holiday Inn to be located at Lenoir City. "I couldn't get a franchise there then," he explained, "because they felt Lenoir City wasn't ready for a Holiday Inn at that time."

Joseph Dereck Greene will celebrate his seventh birthday April 13. He is the son of Mr. and Mrs. William Ray Greene of Philadelphia. Grandparents are Mr. and Mrs. Robert Shiliver of Philadelphia and Mrs. Ed Hodge of Loudon.

Blake Anthony McKinley, son of Mr. and Mrs. Glen McKinley of Philadelphia, celebrated his second birthday, April 11. Blake is the grandson of Mr. and Mrs. Harold McKinley of Philadelphia and Mr. and Mrs. Fred Babh of Concord.

Rebecca Diane Jones, daughter of Mr. and Mrs. Preston Jones, celebrated her first birthday April 7. She is the granddaughter of Mrs. Edna Sampson of Loudon and Mr. and Mrs. Victor Jones of Anthony, Kansas. Great-grandparents are Mr. and Mrs. Estil Jones of Philadelphia.

## Woman Charged For Stabbing Ex-Husband

Mrs. Martha Lou Parks of Lenoir City is slated to appear in General Sessions Court Friday on a charge of felonious assault in the stabbing of her ex-husband, Ray Allen Parks, according to records at the Sheriff's office.

Mrs. Parks was arrested on a warrant taken by the mother of the stabbing victim. The incident reportedly took place just after midnight on the morning of Sunday, April 8 outside the Highway 95 Truckstop at Lenoir City.

It was reported that Mr. Parks, who had been cleared on a murder charge last summer following the shooting death of a Lenoir City man, was stabbed in the shoulder and stomach.

He reportedly was taken to Loudon County Memorial Hospital then to Blount Memorial where he at one time was listed in serious condition. He is said to be recovering from the wounds.

Mrs. Parks was arrested on Tuesday, April 10th and released after posting \$100 bond.

ARTS AND CRAFTS FESTIVAL CHAIRMEN Mrs. Joe Grayson, left, and Mrs. Kenneth Dutton discuss early entries already received for the June 2 event.

## Arts And Craft Event Set For June 2

The 11th annual Arts and Crafts Festival, sponsored by the Suburban Junior Woman's Club, is scheduled for Saturday, June 2, according to Mrs. Joe Grayson and Mrs. Kenneth Dutton, co-chairman for this year's event.

The increasingly popular festival is held on the picturesque peninsula at Lenoir City Park, where clothesline art and crafts of every description are showcased against the blue waters of Ft. Loudon Lake. The aroma of barbecued chicken wafts through the air as one enters the exhibit area, and a festive atmosphere prevails as spectators browse amongst the exhibits.

Entry fee for exhibitors is \$5 per person, and local artists and craftsmen, as well as those from surrounding areas, are urged to enter. Mrs. Grayson said this week that she already has more than 30 applicants. For further information, Mrs. Grayson or Mrs. Dutton may be contacted.

since its inception, and many towns people have been on hand every year to both see and buy from the beautiful exhibitions.

Festival hours are scheduled from 10 a.m. until 6:30 p.m. In the event of rain, the Festival will be held the next day, Sunday, from 11:30 a.m. until 7:30 p.m. In the unlikely event that it should rain on both Saturday and Sunday, the Festival will be rescheduled for the following Saturday.

Many exhibitors and buyers return each year to the Festival; several exhibitors have made annual appearances at the Festival.

**I-75 BRIDGE AT LOUDON**—Portions of the steel decking of the I-75 bridge over the Tennessee River at Loudon that has been erected are shown in the aerial photo above. The steel is on the North side of the bridge. State Highway Department officials hope the bridge and I-75 through the county will be ready for use in December of this year, although completion is not scheduled until August of 1974.

**INTERSTATE 75 AND STATE ROUTE 72 INTERCHANGE**—This aerial photo shows the I-75 and relocated State Highway 72 interchange at Loudon which is under construction. Relocated 72 intersects with I-75 about a half mile from its present location and joins with Highway 11 at

Loudon just West of the Loudon Industrial Park. Back to the south of 72 is also under way. The route is outlined above. This is across the U.S. 11 intersection.

**Judge Backs Tax Act**

Loudon County Judge Harvey Sprout today gave his unqualified support to a proposal recently introduced in the General Assembly which would return more than \$43 million annually to local governments.

The proposal, known as the Property Tax Stabilization Act of 1972, is a form of state revenue sharing which would return a portion of the state sales tax to counties to be used for schools, roads, and general county purposes and a portion of the state gasoline tax to municipalities for street construction and repair.

"The passage of this act is vital to local government if counties and cities are to meet the needs of the people and to carry out the programs which they have been required to provide by state law as well as to fund some of the federal programs which have been cutback by President Nixon," Judge Sprout said.

"This bill would return \$194,169 to the County government every year and \$54,626 to the cities in our

county," Judge Sprout continued. "The amount that the county will receive is equivalent to 42 cents on the county property tax rate. Cities in our county will also be able to stabilize their property tax rates with their share of these funds," Judge Sprout added.

Dan W. McKinnis, Jr., Executive Director of the Tennessee County Services Association said that state law presently provides for the state sales tax to revert from 3.5 percent to 3 percent on June 30, 1973. "Counties and cities are asking that the present rate be retained and that one-half of the amount scheduled to expire be re-levied for the specific purpose of giving some relief to the city and county property taxpayer," McKinnis said.

McKinnis pointed out that the bill has already been endorsed by twenty-five members of the General Assembly and other legislators are expected to support the proposal when the depth of public resistance to increased property taxes becomes apparent. "The legislators who have endorsed the bill have taken a stand against increased property taxes in Tennessee," McKinnis said. "They should be commended for their stand," he added.

The bill has the unqualified endorsement of William W. Farra of Shelby County, spokesman for the 2009 member, Magistrates Association of Tennessee, Donald W. Jackson, Executive Director of the Tennessee Taxpayers Association, the Tennessee County Services Association, and the Tennessee Municipal League.

The hammerer, farmer, businessman, and wage earner in his county have reached the limit of property taxes, they can pay," Judge Sprout said.

## Your County In Action

BY HARVEY L. SPROUL  
LOUDON COUNTY JUDGE

To continue to itemize some of the landmark actions of the last (reapportioned) Quarterly County Court which served from April 12, 1968, to August 31, 1972, I have the additional categories that will be listed below.

You remember that last week those items that were listed included the Board of Education; Highways, Industrial, and Planning.

**HEALTH**  
1. Building of new \$2,000,000 Loudon County Memorial Hospital (800,000 County investment as against approximately \$1,200,000 in Federal Grants).

2. The reaching of a cooperative agreement with the Town of Loudon and the City of Loudon City and the Mariel Garbage Pickup, toward the County operating a Transfer Station for X the disposal of solid waste (garbage), and providing a place for County residents to put garbage and waste on a personal basis without charge.

**FINANCIAL**  
1. Co-operation and support to the County Trustee in investing County funds, including special bond funds on hand from the school project and the hospital project.

2. Support of lawsuit against State of Tennessee Board of Equalization for the purpose of gaining additional part of the TVA In-Lieu-Of-Tax money which resulted in an additional \$80,000 per year for the first year, and should be a substantial annual increase in future years.

3. Authorization of the institution of a lawsuit to recover a deficit in official funds from previous Circuit Court Clerk's term resulting in \$8,000 recovery for the County in 1972.

4. Instituted practice of letting bids on all County insurance, including a separate letting for all official bonds, at one time for the

## 64 Loudon Countians On Dean's List

Sgt. Chaney In Korea Completes Driver Course

Sixty-four students from Loudon County are among the University of Tennessee, Knoxville students whose scholastic achievements placed them on the Dean's List for the winter quarter of 1973, according to records compiled by the Office of the Dean of Admissions and Records.

Among those students from Loudon County named to the Dean's List, six students recorded perfect 4.0 academic averages for winter quarter. Students who earned a perfect 4.0 average for the quarter are designated with a dash in front of their names.

The list of students includes only full-time, undergraduate students on the Dean's List. Part-time law and graduate students are not included.

Students whose quarterly average is 3.75 through 4.0 earn Highest Honors; those who make a 3.40 through 3.74 earn High Honors; and those with a grade average of 3.00 through 3.39 earn Honors.

- Loudon County students attaining a position on the honor list are:
- (Highest Honors) — Don C. Arwood, — Judy Kay Bailey, — Sarah Jo Camitta, Carol Ann Clark, Norma Lynn Freedman, Craig Roy Harvey, Van Edward Helms, James Oliver Higgins Jr., Janis June Houston, — Steve Houston Huseell, — Elizabeth Regan Hutter, Vada Nadine Stanley, — Charles Robert Thomas.
- (Honors) — David Loyd Aaron, — Marjorie Leigh Alexander, Shauna Dallett Blevins, Judith Sharon Bright, Diane Cunningham, Stephen David Fullright, Johnny Sue Gibson, Margaret Ann Hein, Jennie R. Howard, Carol Jenesse Hull, Ellen Jean Kaplan, Karen Ellen Kelly, William P. Kyster Jr., Michael Box Leuze, Mary Katherine Longworth, Elizabeth Ives McManis, Johnnie Lee McKinney, Mitchell Lynn McNabb, John Edward Mills, Patti J. Moore, Joan Ellen Morrison, Donna Mardean Nelson, Richard Heyward Jurely, Mary Ann Biteley, John Rose, Alan Douglas Sowards, Larry Eugene Sweeney, Eddie Paul Tinnel, Marsha Waller, William Gregory Waller, and Patricia Bea Wheeler.

## Legal Notice

**NOTICE TO FURNISHERS OF LABOR AND MATERIALS TO HARRISON, INC. CONTRACTORS, FOR USE IN THE CONSTRUCTION OF CONTRACT NO. 6123, PROJECT NO. R-3123 (4) AND R-3910 (3) LOUDON COUNTY.**

Notice is hereby given that the State Department of Highways is preparing to make settlement with HARRISON, INC., contractors of Alcoa, Tennessee, for the SUPPLEMENTAL CONTRACT (D.B.S.T. OF SECTION OF RURAL ROAD NO. 3123 (BIG PINEY ROAD), BEGINNING AT 5+200 AND EXTENDING TO A POINT 20 MILES EAST.

**THE RESURFACING WITH BITUMINOUS MATERIAL (D.B.S.T. OF A SECTION OF RURAL ROAD NO. 3910 (MEADOW ROAD), BEGINNING AT 5+200 AND EXTENDING TO A POINT 2.5 MILES NORTH, being a total length of 4,560 miles and designated as project numbers R-3123 (4) and R-3910 (3), LOUDON COUNTY.**

All persons holding claims against the contractor, HARRISON, INC., OR their agents, for materials or labor entering into the construction of this project, must file itemized notice of such claim (five copies) with the original

copy sworn to before a Notary Public. This notice of claim to be received at the Office of G.L. Allen, State Construction Engineer, the Department of Highways, 101 Highway Building, Nashville, Tennessee 37219, on or before June 11, 1973, in order to obtain the advantages afforded to claimants by legal statutes.

Robert F. Smith, Commissioner.

**NON-RESIDENT NOTICE OF PUBLICATION NO. 1151**

Edward Joseph Polifka, Sr. vs. Eunice Polifka.

In the General Sessions Court of Loudon County, Tenn., at Loudon, Tennessee.

It appearing from the bill in this cause, which is sworn to, that Eunice Polifka resides out of the State and cannot be personally served with process, it is ordered that publication be made for four consecutive weeks in the Loudon County Herald, a newspaper published at Loudon, in Loudon County, Tennessee, requiring the said Defendant to appear before the said Court on or before the first Monday in May next, and make defense to the bill filed in the above cause, which seeks Absolute Divorce, or otherwise said bill will be taken for confessed and cause proceeded with ex parte.

This 9th day of April, 1973.

Billy Joe Akins, Clerk of said Court.

John O. Gibson, Solicitor for Complainant.

**NOTICE TO CREDITORS**

Estate of Anver V. Jenkins, deceased.

Notice is hereby given that on the tenth day of April, 1973, Letters Testamentary, in respect of the Estate of Anver V. Jenkins, deceased, were issued to the undersigned by the County Court of Loudon, Tennessee. All persons having claims matured and unmatured, against the said Estate are required to file the same with the above Court within one month from the date of the first publication of this notice, otherwise, their claims will be forever barred.

This April 16, 1973.

Eunice Maude Edwards and Helen Brewster Stinnett, Co-Executrix of the Estate of Anver V. Jenkins, deceased.

## WATTENBARGER REAL ESTATE EVERY WEEK

**The fulfillment of God's word...**

In the Old Testament Our Lord's birth, death, and also His resurrection were foretold. These events were proclaimed and written about long before Jesus came to earth. God said that these prophecies were fulfilled — that their things were accomplished, those 613 prophecies. Christ Jesus, from the dead, the scriptures say that Jesus is now alive, that He is on the right hand of God and intercedes for us, and that as He rose from the grave, we who are Christians, will rise also. On this commemorating Easter we will be as God's people to rejoice in His promise.

**NO PROPOSAL CONTRACTS** WILL BE ISSUED FOR BIDDING PURPOSES AFTER 12:00 O'CLOCK NOON, APRIL 26, 1973.

**THE ATTENTION OF THE BIDDER IS DIRECTED TO CHAPTER 135, ACTS OF 1945.** Contractor must prequalify with the Department of Transportation in accordance with Chapter 80 of Public Acts of 1928. Before a Proposal will be furnished, PROSPECTIVE BIDDERS MUST FILE THEIR QUESTIONNAIRES FOR QUALIFICATION SEVEN (7) DAYS BEFORE THE DATE OF LETTING.

The Tennessee Department of Transportation hereby notifies all bidders that it will affirmatively insure that in any contract entered into pursuant to this advertisement, all participating business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color or national origin in consideration for an award. The right to reject any and all bids is reserved.

Robert F. Smith, Commissioner

**NOTICE OF SALE OF REAL ESTATE**

**WHEREAS,** On the 31st day of Jan., 1972, deed of trust recorded in the Register's Office for Loudon County, Tennessee, in Trust Book 125, page 259, Joseph T. Thomas and wife, Mary K. Thomas, conveyed to C. Wolfe, Trustee, the hereinafter described real estate to secure a note in the amount of \$21,000.24; due in monthly installments of \$446.46 each, commencing on the first day of February, 1972, and on the first day of each month thereafter, until the principal and interest are fully paid, except that the final payment of principal and interest, if not sooner paid, shall be due and payable on the first day of February, 1984.

**WHEREAS,** Default has been made in the payment of said indebtedness and other provisions of the deed of trust have been violated, the holder of said indebtedness has declared the amount due and payable as provided in said deed of trust, and the Trustee has been directed to foreclose the deed of trust in accordance with the terms thereof, the public is hereby notified that the undersigned Trustee will sell the hereinafter described real estate at public auction to the highest and best bidder, for cash in hand in front of the Courthouse door in Loudon, Loudon County, Tennessee, on the 27 day of April, 1973, at 11:30 A.M.

The said real estate to be sold is located in the Second Civil District of Loudon County, Tennessee, and is more particularly described as follows: Being in what is known as the Silver Ridge Community and was formerly known as a part of the Farm and Poultry Addition to Lenoir City, Tennessee, and being

more particularly bounded and described as follows: BEGINNING at an iron pin at Earl Crisp corner at the intersection of the Yellow Front Road and private road North 1/4 d. 42 min. East 85 feet to an iron pin at corner of J.E.M. Ward; thence with line of J.E.M. Ward South 20 deg. 30 min. East 164 feet to an iron pin at Southeast corner of Ellen McMaham; thence with line of Ellen McMaham South-west 94 feet to the corner of Ellen McMaham and Earl

### BACK IN THE GOOD OLD DAYS

The good old Days has a school picture this week. It is the Lenoir City High Class of 1936. This was the largest class to graduate before 1936. The picture has interest from the angle of looking back, but the class is holding it's reunion June 16, 1973.

Those in the picture are: (first row) Clouf M. Mitchell, deceased. Mrs. Jack Buchanan (Frances Strader), Ruby Gossage, deceased. Mrs. Wilson Sanders (Lodena Baker). Mrs. Norman Wade (Lanette McKinney). Mrs. Bill Watkins (Mary Elizabeth Stewart). Mrs. Carl C. Stephens (Margaret Breazeale). Paul Kerley.

Williamson, Mrs. G. A. Clarke (Addie Ruth Clark). Mrs. Edith Robinson (Edith Lee). Mrs. Louise Stinnett (Louise Littleton). and Mrs. Bud Munger (Kathleen Lane). Third row: Wayne Froopps, Earl Hines, Paul Long, Frank Scoble, Mrs. Ben Gower (Marguerite O'Neal). Mrs. Roy B. Conway (Virginia Waller). Mrs. Loyd White (Margaret Keener). Annie Lee Overton, Mrs. J.W. Schofield (Elhoise Jones). Mrs. Gillis Purdy (Mildred Hemo). Louise Pickell, deceased. Mrs. Alice Purks (Alice Burns). Mrs. Andrew Ford (Elizabeth West). Mrs. Frank Pickel (Willie Monger). Mrs. T. L. Mills (Virginia Roach) and Avery Brown. Fourth row: George Munsey, J. C. Ross, Raymond Williams, deceased. Ralph Williams, Robert Davis, John Flynn, J. B. Denton, V. N. Perkey, deceased. A. B. Goodwin, Allen Jones, deceased. Earl Dykes, Phil Frazier, Mrs. Fletcher Evans (Florence Hair). Joyce Littleton, and Gene McKinney. Fifth row:

Richard Wright, Ed Littleton, deceased. Mrs. Leon Matthews (Bernice Bailey). Mrs. Ivan Gossage (Elizabeth Wilkerson). Dorothy Goodwin, Conrad Strader, Mrs. Charles Hawkins (Mary Ruth Walker). Mrs. Melvin Bardin (Jerry Hart). Mrs. Virgil Adams (Lissie Kate McNabb). Mrs. Harold Thompson (Margaret Cooper). Mrs. Jerry Truett (Helew Mahae). Mrs. Carl Early (Homie Rose Waller). Mrs. Fred Myrum (Bertie Fields). and Fred Law. Not pictured with the group is James Fritts, Kenneth Jenkins, Harold Smith, deceased. Mrs. Glen Mowry. That was quite a list of names. Paul Kerley, president of the class reunion says he hopes all of those living will be on hand for the reunion. He assures them he has a big surprise in store for them. This class gained the newspaper headlines across the country when they held a school stopping strike to keep their School Superintendent Mr. Mitchell. The class colors were pink and white and the flower was rose buds. The class song was "Every Minute of the Hour". Officers of the class were Paul Kerley, president. Margaret Breazeale, vice-president, James Hartsook, secretary and Ruth Price, treasurer. The class gave two, one-act plays. They were "According to Contract" and "Yes, Dear". 76 happy students received their diplomas on May 17, 1936 at 8 p.m. The event was held at Lenoir city's old Grand Theater on Broadway, which now, like so many other things, is just memory.

## Circus In Loudon Saturday

Two performances by the famous Sells & Gray Circus appearing in Loudon under the sponsorship of Explorer Post 215, will set up its big three ring tent on the Edward Headlee farm, just West of Loudon on Highway 215. The two performances will be at 4 and 8 p.m. Advance tickets for the circus may be purchased at Loudon Feed and Grain, Loudon Pharmacy and Myers and Hudson Drug Center for a savings over the cost at the gate Saturday. Early on Circus Day, hundreds of senior citizens and youngsters normally rush to the circus grounds to witness a sight that is unusual in any city, the setting up of the big tent.

HERE COME THE CLOWNS—It is always a big moment for all children from 8 to 80 when the funsters make one of their several appearances during the Sells and Gray Circus which will appear in Loudon Saturday and 8 p.m. Saturday, April 21 on the Headlee Farm on Highland 72 near Loudon.

Though the Sells & Gray Circus that is coming to Loudon has streamlined its physical might mechanically, the elephants still play a major role in setting up and tearing down a circus. They pull up the giant center poles, then repeat the pulling job by doing the same to the vast spread of canvas. They push big circus vans and wild animals down into their locations and do jobs that can be done more quickly by brute force than can be done mechanically.

Lois, a four-ton East Indian elephant has the most unusual chore, feeding the elephants by carrying bales of hay to the elephant stakelike, breaking the haywire band and serving each its allotted share. It might also be said, "She never forgets to take the lion's share for herself."

### Arp Named To State Post

Paul Arp of Philadelphia, has been appointed as a member of the State Agricultural Stabilization and Conservation (ASC) Committee. Claude E. Roberts of Wildersville, in Henderson County will serve as member and as Chairman of the Committee.

### TAPC Will Discuss Tellico

There will be a meeting of the Tellico Area Planning Council at the Fort Loudoun Electric Co-op Building in Greeneback on April 20, 1973 at 7 p.m. There are so many other things we could say about this class and its students but we ran out of space. So we offer our congratulations to the Class of '36 of Lenoir City High School. Well, that's it for now. See you next week.

## Daylight Savings Time Starts Sunday At 2 a.m.

Daylight Savings Time begins this weekend. Local residents are reminded that when they go to bed Saturday night to move their clocks ahead (forward) one hour. DST officially begins at 2 a.m. Sunday, but instead of getting up in the middle of the night it is suggested you make the change before retiring.

There is always some confusion about whether the clock is moved ahead or back. The easy way to remember is "spring ahead" and "fall back".

## Dixie Lee Residents Object To Zoning Change For Shopping Center

The Loudon County Planning Commission at its meeting Thursday at the Courthouse heard a delegation of residents, who filed a petition, opposing the proposed rezoning of a tract of land at the intersection of U.S. Highway 11 and Chick Road near the Dixie Lee Junction of approximately 20 acres. The proposed rezoning is from R-1 (Suburban Residential to C-1) Rural Center. An application had been filed with the Planning Commission as the first step toward asking for a rezoning from the Quarterly Court of this piece of property for the purpose of developing a modern shopping facility.

Approximately 100 persons signed the petition requesting the Planning Commission not to recommend the rezoning, and approximately 60 people appeared in person to make statements against the proposal. The basis of the objections seemed to be that there is plenty of available commercial property not developed, and that the converting of this particular tract of land would be in the middle of a residential area and would destroy the residential character of the neighborhood.

After seeing the feeling of the residents in the area, Mr. Moore withdrew his petition, and it was not necessary for

the Planning Commission to take action concerning a recommendation to the Quarterly Court.

Remarks of Ben Galyon, Chairman of the County Planning Commission, were to the effect that the ability of the citizens in this community to be heard on a question of this kind that so vitally affects their property rights and the value of their investments in the neighborhood, and the character of the community in which they have chosen to live, indicates the value of having zoning regulations, and that although sometimes zoning seems rather restrictive, that the rules and regulations are there for a specific purpose, and have become necessary to protect the rights of citizens in their investments in a growing area such as Loudon County, particularly where the County is adjacent to the metropolitan counties of Anderson, Knox, and Blount.

In other action, the Planning Commission adopted a resolution recommending a five-year fiscal planning program to the Quarterly Court, and also took action to recommend the establishment of the office of the Building Commissioner on a full-time basis, to go in conjunction with the adoption of a building code setting standards for the construction of buildings in Loudon County.

OPENING CEREMONY—Congressman John Duncan is shown speaking at the opening of the Philadelphia Softball League Saturday night at the new Philadelphia Park. On the stand with Congressman Duncan (left to right) are Earl Barger, Representative Benny Stafford, State Senator Carl Koella, Representative James Melton, Philadelphia Mayor Roy Blount, Rev. Dillard Hagan, Mrs. Louise Neese, and Bernie (Inky) Swiney.

PHILADELPHIA GUESTS—Among the political guests at the opening of the Philadelphia Softball League season Saturday night were (left to right) Congressman John Duncan, State Representative James Melton, County Property Assessor Emmett Carter and State Representative Benny Stafford.

## Information Needed To Solve Berry Murder

Sheriff Freeman Russell said this week that investigators are positive that Mrs. Carolyn Gentry Berry was murdered and if they can find anyone that saw her the morning or day of Feb. 14 when she disappeared that they might be able to solve the case.

The body of the 25 year old Loudon woman was found on Friday, March 13 in a barn loft, covered with hay, about a quarter mile from the home of her parents.

An autopsy to determine the cause of death was inconclusive but authorities are sure that foul play was involved.

Officers have been attempting to locate Mrs. Berry's ex-husband, Allen Berry, who was last known to reside in Austelle, Georgia, to talk to him about his ex-wife's death, but have been unable to locate him. "We are constantly checking leads and calls from any source about the death of Mrs. Berry," Sheriff Russell said. "I am confident that there are people in Loudon County that saw her or know of her movements on the morning or during the day she was last seen alive. This information is vital to the investigation of her death and in helping bring the person responsible to trial," the sheriff said.

He added, "We cannot make an arrest in this case until we have some reliable information that can be taken to court. It is of the utmost importance that anyone having information that might help us call the Sheriff's office or FBI Agent Leon Miller."

Sheriff Russell indicated that the investigators have some definite ideas what happened to Mrs. Berry, but the two months from the time she was first missing until her badly decomposed body was found have covered a lot of tracks.

## Six Qualify For City Election At Loudon

There were no surprise last-minute candidates in the City of Loudon Mayor Commission election. The deadline for filing qualifying petitions passed at noon Monday and those qualified were as the Herald named last week.

As had been expected the only member of the present Commission who did not seek reelection was Hamill B. Carey, who for the past four years had been commissioner and Vice Mayor of the City. Incumbent Mayor Joe Carter, did not qualify to run for mayor but will be on the ballot seeking one of the four Commission seats.

Commission seats are Eugene Lambert, a veteran of two terms on the Commission is running for the seat Carter will vacate, unopposed.

Others qualifying for Commission seats are incumbents Bernie Ray Swiney and Mrs. H.H. Richman. Newcomers to city politics who will be listed on the June 2 ballot are Bill Lennox, an employee of Mayfields Dairy and Doug Lyle, owner of Lyle's Pleasure Island.

The ballot will list only Eugene Lambert for Mayor, but five candidates for the four Commission seats.

## Shaver Murder Hearing Set For Friday Morning

Alvin Dean Shaver, 17, and Margery Sue Chastain, 18, both of Loudon, will appear in General Sessions Court at 9 a.m. Friday for preliminary hearings on charges of murdering and robbing 79-year-old Mrs. J.H. (Granny) Shaver of Lenoir City last month.

The two teenagers, were arrested by Sheriff Freeman Russell, about a week after the body of the Shaver youth's grandmother, was found stabbed and beaten on the kitchen floor of her home at 113 West Second Avenue in Lenoir City.

Both of the defendants had been released from jail on \$25,000 bond and they reportedly have hired attorneys to defend them in the case. Although Shaver is a minor (under 18 years of age) he was declared delinquent by Juvenile Judge Thomas Ingram clearing the way for him to stand trial for murder as an adult if found over to the grand jury and indicted.

Judge Ingram appointed County Judge Harvey Sproul to preside at Friday's preliminary hearing, since Ingram had heard Shaver's case in Juvenile Court where some of the evidence against him was introduced in the closed hearing.

## Thompson And Eblen Named To Vote Board

The Loudon County Election Commission has two new members. Commission Chairman John Gibson announced this week.

The new members are Charles T. Eblen, Lenoir City attorney, who replaces Charles Fletcher on the board, and Jim Thompson, Jr., an Oak Ridge employee who replaces the late Jesse Buttram. Other members on the Commission are Gibson, Buddy Brooks of Greenback and H.F. Littleton of Lenoir City.

In party affiliation Gibson, Thompson and Brooks are Republicans and Eblen and Littleton are Democrats. At a recent re-organization of the Commission Gibson was re-named Chairman and Eblen secretary.

Chairman Gibson announced two changes in State Election Laws that effect Loudon County. He said under the new laws the county is to have two permanent registrars in each of the county precincts. The job pays \$15 a day for each day of work under the part-time schedule, which is outlined before each election by the Commission. The registrars would also work in all elections in their precinct. Gibson said persons wishing to be a voter registrar should contact the Commissioner in their district.

In addition he said all election poll workers were given a raise from \$10 a day up to \$15 a day under the new law.

## Post Office Exam Slated

The United States Postal Service announces an examination for Substitute Rural Carrier of Record at Philadelphia Examination to be given at the Main Post Office, Knoxville.

Application forms are available at the Philadelphia Post Office.

(Continued on Page 12)

## Red Cross Swim Classes Slated For Loudon Pool

Mrs. Bernie Ray Swiney, Water-Safety Instructor and Water-safety Chairman announced this week that the Loudon County Chapter American Red Cross Swimming Program for the summer will be held at the new Loudon Municipal Pool.

The courses will be scheduled throughout June, July and August. The schedule of classes is as follows: Senior Life-saving Course—June 6-14 from 9-12 noon instructed by Rev. Jack Ferguson.

Junior Life-saving Course—June 18-22, 23-27, 9-11:30 instructed by Mrs. W.B. Harrison and Bill Davis.

Regular Swimming Program—July 9-13, 16-20. Beginners, 9-10-15. Advanced beginners, 10-30-11-30. Intermediate Swimming, 10-30-11-30. Persons attending the beginners class must be eight years old. Head instructor will be Mrs. Swiney.

Swimmers program—July 30-Aug. 3, Aug. 6-10, 9-11. Instructed by Mrs. Hal McCrary.

Junior Life-Saving Program—August 13-17, 20-24, 9-11:30. Instructors, Mrs. Swiney, Mrs. McCrary, and Mr. Davis.

An Adult course instructed by Mrs. Joan Davis will be offered in the latter part of July or first of August in the evenings. Details will be announced later.

Persons wishing information or registration may phone the American Red Cross in Lenoir City at 885-3468 Monday through Friday during the month of May. Only a limited number of registrations will be accepted.

Holders of Junior and Senior life-saving certificates who wish to assist in the regular swimming program are asked to contact the Red Cross office.

Mrs. Swiney suggested that those planning to participate in any of the programs might wish to save the above schedule.

## Cheryl Howell Charged With Armed Robbery

Cheryl Howell 16, of Lenoir City, was arrested by County Deputy Kenneth Brown about 11 a.m. Tuesday after a foot race between the two on Browder Hollow Road. Miss Howell was taken to Lenoir City jail where she was later turned over to Knox County authorities who held warrants for her arrest on charges of armed robbery.

She was charged with holding up Jeanette Dender, owner of Denders Drive In Restaurant at Dixie Lee Junction, March 11. It was reported at the time that a slender teenage girl walked into the restaurant with a pistol and demanded money. About \$100 was reportedly taken.

Miss Howell is the sister to well known Loudon County police character Dane Howell. Deputy Brown said he was on Browder Hollow Road looking for another suspect wanted for receiving and concealing stolen property when he drove up on the girl.

(Continued on Page 12)

INDIGESTION? Nope it is just the fire eater which was part of the side show at the Sells and Gray Circus that was in Loudon last Saturday. The circus, in Loudon under the sponsorship of the Explorer Scouts drew about 2000 spectators for their two performances.

A DAY AT THE CIRCUS—About 200 persons from Loudon attended the two performances of the Sells and Gray Circus here Saturday. Although the site of the circus was

changed at the last minute the crowds still came to see the animals and acts. Above some of the crowd at the afternoon show are shown arriving for the show and

watching one of the acts after the bigtop was opened. The circus was sponsored by Explorer Post 215. The scouts

realized about \$400 from the event which will be used to help pay for expenses of their activities.

# Loudon County Herald For and about Women

## Durman-Gibson Vows Pledged

Miss Lennis Lovette Durman and John Robert Gibson were married April 14 at Park Creek Presbyterian Church. Rev. Thomas Gose, brother-in-law of the bride, performed the ceremony.

The bride is the daughter of Mr. and Mrs. Ray Durman of Sweetwater. The groom is the son of Mrs. Kathryn Gibson of Sweetwater and the late Mr. Gibson.

Given in marriage by her father, the bride wore a gown of bridal satin and Chantilly lace. Her headpiece was trimmed with matching lace. She carried a bouquet of white mums, pink daisies and baby's breath.

Miss Donna Riddle of Greeneville was maid of honor. She wore a gown of pink polyester crepe and carried a bouquet of pink, yellow and mint green daisies. Stephanie and Stacy Gose, nieces of the bride, were flower girls. Gise, sister of the bride and Mrs. Peggy Collins of Lenoir City, presented the wedding music.

Robert Battis of Sweetwater served as best man. Gary Durman of Johnson City was the usher.

Following the ceremony, a reception was held at the church. After a wedding trip, the couple will make their home in Atlanta.

## Personal Mention

MRS. ERNIE LUNSFORD  
Phone 458-2681

A christening service for young four-month-old William Gerald Thomas, son of Mr. and Mrs. Jerry L. Thomas of Sweetwater, was held at Fenders Methodist Church with Rev. William Riden officiating. Grandparents of the baby are Mr. and Mrs. William Lester Thomas of Sweetwater and Mrs. William Cavett of Loudon. Great-grandparents are Mr. and Mrs. Oliver S. Watts and Mrs. John Riddle of Loudon. He also has a sister Kimberly ReNe.

A surprise shower given in the honor of Mr. and Mrs. Richard Lewis of Lenoir City, on Friday, April 20. Hostesses were Mrs. Thomas Holloway and Mrs. Elmer Stacy. Those present were Mrs. Oliver Hawkins, Mrs. William White, Mrs. Rufus Thompson, Mrs. Thomas Martin, Mrs. Arthur Carmichael, Mrs. William Hawkins, Mrs. Lonnie Jones, Mrs. Robert Jones, Mrs. Ben Hagan, Mrs. William Blair, Miss Sandra White, Mrs.

# Lovell-DeFord Vows Said

The marriage of Miss Linda Ann Lovell and Steven Horace DeFord was solemnized April 24 at the Trinity Baptist Church in Manchester. The bride is the daughter of Mr. and Mrs. Jack L. Lovell of Manchester. Grandparents are Mrs. Robert Carreck and Nathan Burger of Manchester and the late Mr. and Mrs. Gene Lovell of Fairfield. The groom is the son of Mr. and Mrs. Frederick H. DeFord of Manchester. He is the grandson of Mrs. Fred H. DeFord and the late Mr. and Mrs. Frank Brewer of Loudon.

Officiating at the double-ring candlelight ceremony was Dr. Kenneth Hubbard, pastor of the First Baptist Church of Manchester. A program of wedding music was presented by Mrs. James Brandon, organist.

Given in marriage by her father, the bride wore a full-length gown of white silk organza fashioned with an empire bodice and long sleeves. The gown was embellished with re-embroidered Alençon lace. The model featured a ribbed organza yoke, high Victorian neckline and long lantern

sleeves. The A-shaped skirt was embellished with lace and finished with a double flounce, drifting into a chapel-length train. Her hair was styled in soft waves of silk mist illusion caught in a clip of Venice lace flowers accented by satin ribbon and seed pearls. Her only jewelry was a diamond necklace. She carried a clutch bouquet of white pom-pom chrysanthemum and blue daisies centered with a white orchid and accented by blue satin streamers.

Miss Laddell McCallough of Manchester was maid of honor. Bridesmaids were Miss Linda Queen of Manchester and Miss Nina McNeese of Tullahoma. Miss Lori Peff, cousin of the bride, was junior bridesmaid. The attendants wore identically styled floor-length gowns of blue printed chiffon over tulle. Their headpieces were white organza bows and they carried clutch bouquets of lavender daisies and baby's breath with blue satin streamers.

Miss Jo Ann Miller was flower girl and Gary Michael Lovell, brother of the bride, was ring bearer. Mr. DeFord was his son's best man. Groomsmen were Fred Chaney of Loudon, J.A. Miller, Larry Burhardt and Mike Phillips of Manchester. Mrs. Laddell, mother of the bride, was attired in a floor-length gown of pink double-knit accented at the waistline by pink embroidery trim. She wore loan accessories.

Immediately following the ceremony, the parents of the bride were seated at a reception in the church parlor. Alternating in serving were Mrs. Kenneth Poff and Mrs. Jack Featherston of Manchester and Mrs. James A. Chaney of Loudon. Mrs. Grady Lovell of Shelbyville presided at the bride's table.

Miss Len Ann Bright, cousin of the groom, presented the guests with rice bags. She wore a floor-length gown of pink chiffon over tulle. The newlyweds are 1972 graduates of Central High School of Manchester, and both are students at Motlow State Community College in Tullahoma. They are residing in Manchester after a wedding trip to Gatlinburg. Guests attending the wedding from Loudon were Mr. and Mrs. Harley DeFord, Mr. and Mrs. James A. Chaney, Fred Chaney, Mrs. Fred DeFord, Mrs. Luke Bright, Lea Ann and Rusty Bright, Mrs. James Wright, Mr. and Mrs. Glen Goodwin, Mr. and Mrs. Robert Peters and Sandy Peters.

Mrs. Ralph Cook of Madisonville was dinner guest Sunday of Mrs. Nick Rowland.

Mrs. D.C. Frazier and Irene are recovering from a second siege of influenza.

Among those who came for the funeral service of Mr. C.E. Thompson Friday at the Maryville Miller Funeral home were Mr. Edgar Thompson of Largo, Fla. Mr. and Mrs. Robert Thompson of Tullahoma; Mrs. Lizzie Thompson; Mr. and Mrs. Elmer Thompson; Mr. and Mrs. Robert Lee Thompson; Mr. and Mrs. John Moore; Mr. and Mrs. Johnnie Brogden, all of Loudon; Mr. and Mrs. Charlie Long, Lenoir City; Mr. and Mrs. Clyde Loggins; Mrs. Ewing Suter and Mrs. Margaret Parr of Knoxville.

Miss Maude Peterson observed her 90th birthday anniversary on April 4 at the home of Mr. and Mrs. Joe Wear. Among the relatives coming to be with her were the Rev. and Mrs. Paul Hatfield; Mr. and Mrs. Jim Hatfield and Angela of Lexington, Ky.; Mr. and Mrs. Wayne Sullivan; Donnie and Dannie of Warsaw, Ky. Mr. and Mrs. Red Johnson and Mrs. John Wear.

The Rev. and Mrs. Charles Jones, Rebecca Ann and Jon of Rock Island, Ill. are guests this week of Mrs. Jones' mother, Mrs. Ray Burgess.

The Womens Association of Bakers Creek Presbyterian church held the April meeting in the Fellowship Hall last Wednesday with the president Mrs. Ray Simerly in charge. Sec. and Treas. Mrs. Gid Hall read the minutes and the Bible study was led by Mrs. Revell Williams.

Miss Linda Shaffer is at home from Blount Memorial Hospital and is improving satisfactorily from a tonsillotomy.

Mrs. Annie Archer visited last week with her sister, Sam Croft in Knoxville. She spent some time recently with her daughter and family in Carrollton, Ga.

Mr. and Mrs. Richard Dougherty of Knoxville and

Mrs. Sam McInturff is confined to Blount Memorial Hospital with a bronchial illness.

Mr. and Mrs. Randall McInosh of Maryville visited Friday with her parents Mr. and Mrs. Frank Hill.

Mr. Fred Spencer of Orlando, Florida is the guest of Mrs. Kenneth Hair and Mrs. Roy M. Brooks.

Mrs. Nick Rowland spent part of last week with her cousin Mr. and Mrs. G.M. Wear in Maryville.

Mr. and Mrs. R.A. Anderson of Greenback spent the weekend in Scottsboro, Alabama with their cousins, Mr. and Mrs. Ben Anderson. They were accompanied by Mrs. E.P. Airhart who has been with her mother Mrs. J.B. Anderson and with Mr. and Mrs. G.M. Wear in Maryville.

Mrs. Ila Brient is at home from a trip with her sister Mrs. Gordon Wolfe to St. Louis, Mo.

Mr. and Mrs. Hugh Denton and children of Marietta, Ga. spent Easter weekend with his mother, Mrs. L.M. Denton and Mr. and Mrs. Harry Denton and family with Mr. and Mrs. Dale Denton and family near Maryville.

Mrs. Jennie Ritchie remains in a serious condition at the home of her daughter Mrs. B.M. Peterson and Mr. Peterson on Peterson Lane.

Mrs. Helen Jackson has returned from a visit with her son Mr. and Mrs. Billy Jackson in Indianapolis, Ind. Also she visited Mr. and Mrs. Ron Cole in Monroe, Mich. and Mr. and Mrs. Tom Hall in Ft. Wayne, Ind.

Mrs. Allen Obenschain and weekend guest of her parents Mr. and Mrs. H.E. Irwin.

Misses Terri and Kathy Jackson of Indianapolis, Ind. are spending Easter holidays with their grandmothers, Mrs. Elizabeth Brown in Maryville and Mrs. Helen Jackson and

Mrs. Sam McInturff is confined to Blount Memorial Hospital with a bronchial illness.

Mr. and Mrs. Richard Dougherty of Knoxville and

# Patty Peden-Alan Shubert Wed

Miss Patty Peden became the bride of Alan Shubert in a double ring ceremony on Sunday, April 1 at 12:30 p.m. at Cedar Grove Baptist Church.

The bride is the daughter of Mr. and Mrs. Richard E. Peden of Kingston. Parents of the groom are Mr. and Mrs. Ruben Shubert, also of Route 1, Kingston.

Rev. Ray Maddox performed the ceremony before an altar decorated with three candelabra with white burning tapers and two baskets of floral arrangements of pink and white spring flowers.

Jerry Raines, organist of Kingston, presented the wedding music. Special selections were "Theme from Romeo and Juliet" and "Love Makes the World Go Round" Sheila Judd, soloist, sang "The First Time I Saw Your Face."

The bride, given in marriage by her father, designed and fashioned her own dress. The white cotton and polyester dress featured an A-line skirt with a ruffle around the front of bodice and over the shoulders. The high neckline and puffed sleeves were highlighted with embroidered stripes. She wore a white picture hat with band and streamers of tulle. Her bouquets was made of white daisies with yellow centers.

Maid of Honor was Cindy Shubert. She wore a pale pink cotton and polyester dress fashioned on the style of the brides' sprinkled with rosebuds. Her pink picture hat featured pink satin band and streamers. She carried a basket filled with spring flowers of pink and white tulips, dogwood, yellow daisies, white daisies, purple fleur de lis and babies breath.

Sgt. Steve Shubert of the US Air Force in Fort Worth, Texas, served his brother as Best Man. Ushers were Richard Hall and David Houser.

The bride's mother chose a melen polyester dress with matching melen accessories. Her corsage was also a white carnation.

A buffet luncheon was given by the bride's parents at their home in Green Acres in Kingston. Serving were Mrs.

Eddie Dry and Mrs. Larry Horton, sisters of the bride, Mrs. Carlton Hayley, Mrs. C.A. Mossman and Mrs. K.E. Jamison. Mrs. Larry Horton, sister of the bride, kept the bride's bouquet.

After a wedding trip to Gatlinburg, the couple will make their home in Long Beach, California.

The bride is a graduate of Hoane County High School, attended Stepin F. Austin University in Nacodoches, Texas, Texas A&M, and Knoxville Business College.

The groom is a graduate of Hoane County High School and is presently in the Nuclear program of the US Navy.

Out of town guests were Mr. and Mrs. D.S. Peden, grandparents of the bride from Grove City, Pa.; Mrs. Elsie Pickett of Loudon City, J.M. Shubert, Lenoir City, Mr. and Mrs. C.A. Mossman and Mr. and Mrs. K.E. Jamison of Knoxville.

### Garden Club Has Meeting

Mrs. Marita George, the new president of the Loudon Garden Club, presided at the April meeting. She welcomed Mrs. Neil Harrison and Mrs. Charlotte Hodge as guests of the club. Mrs. Mary Johnson read the devotions. Mrs. Violet Holt was voted in as the club's newest member.

Following a short business meeting, the flower arrangement were judged. Those with first place arrangements were Della Chambers, Glenda Arp, Marita George, Eileen Howard and Mary Johnson. Second place winners were Mary George, Ruby Goodson, Carolyn Shop and Violet Holt. The April program was a trip to Knoxville to tour the Dogwood Trails.

### Benefit Gospel Singing Set

A Gospel Singing will be held Friday, May 4 at 7:30 p.m. at the New Providence Baptist Church. Featured singers will be The Revelators, The Lanham Quartet and The Singing Spiritual-Aires. Proceeds from the singing will go to the New Providence Special School for the handicapped.

### Hotchkiss Valley News

Sunday School attendance at New Providence Baptist Church was 168. Rev. Cody brought the message for the Sunrise Service and the morning service also. There was 93 present for Training Union. Brother Hubert Kennedy was the special speaker for the evening while Rev. Cody is away in revival services at Washington Pike Baptist Church in Knoxville.

Mrs. Carlene Miles and Elizabeth Wheeler of Michigan visited Mr. and Mrs. Willie Walker and family on Sunday. Also visiting with the White's was Miss Valera White of West Hills.

Mr. and Mrs. James Merritt and Glynn White celebrated their birthdays last Monday

### Bankers Return From Cruise

Bank executives from three of Loudon County's banks recently returned from a cruise from New York to Bermuda. They are Mr. and Mrs. Donald Canter of the Hamilton National Bank of Loudon, Mr. and Mrs. Clarence Burdett of Hamilton National Bank of Lenoir City and Mrs. Nola Elam of Merchants and Farmers Bank of Greenback.

Tabbed as the Tennessee Bank Executive Management Cruise, the Loudon Countians were among several hundred state bankers on the cruise ship Sea Venture. The Sea Venture is a Norwegian Cruise Ship with Italian service.

In the top photo Mr. and Mrs. Canter are at left with Mrs. Elam in the center and the Burdett's at right. In the lower picture the Canters and Burdett are shown in the ship dining room before the evening meal is served.

and Jeff and Rhonda Revelators, The Lanham Quartet, and The Singing Spiritual-Aires. All proceeds go to the New Providence Special School for the handicapped.

### HDC Discusses Sweetwater Clothing Festival Set

At the Corinth Home Demonstration Club meeting on April 16, Jimmie Sue Campbell, Clothing Leader, discussed the selection and handling of knit fabrics. She showed examples of points to check before buying knits. She also demonstrated some of the techniques used when constructing garments of knit fabrics.

Also featured at the meeting was a demonstration and instructions on making paper tote pictures.

The meeting was held at the home of Mrs. Betty DeFord in Loudon with five members and two guests present. Refreshments were served following the meeting.

### White To Be Ordained

The Rev. Mack Webster White will be ordained to the gospel ministry by the Mount Zion Baptist Church, Loudon, on April 2 at 2:30 p.m. The Rev. S.A. Myratt will preside at the ordination rites and other Loudon County ministers will participate in the ceremonies.

A student at the Clear Creek Baptist School, a Bible school for adults, Pineville, Ky., Rev. White is pastor of the Jones' Creek Baptist Church, near Evans, Ky.

The son of Mr. and Mrs. James K. White of Loudon, the new minister is a 1964 graduate of Loudon High School. He is married to the former Annette Watson of

Loudon. The Whites reside on the campus of the Kentucky theological school and commute to their church community for regular services.

### Bookmobile Visits Slated

The two bookmobiles of the Fort Loudon Regional Library Center in Athens will visit Loudon County during May. The following is the schedule for the bookmobile visits.

On Thursday, May 3, Hines Valley, 9:30 a.m.; Fort Hills, 2 p.m.; Tuesday, May 8, Greenback Library, 9:15 a.m.; Wednesday, May 9, Lenoir City Library, 9:15 a.m.; New Providence 11:30 a.m.; and Jackson, 2 p.m.; Friday, May 11, Loudon Library, 9 a.m. and Philadelphia, 10:30 a.m.

### On Dean's List

Deborah Graham Flurkey, daughter of W.B. Graham of 702 Rio Vista Drive, Loudon, is on the Dean's List, the College's honor roll, for the Second Term of the 1972-73 school year at Maryville College, Maryville, Tennessee. In order to be named to the Dean's List, the student must have an average above 3.25 for the term.

Deborah is a member of the senior class at Maryville College, a four-year, co-educational college of liberal arts and sciences.

### Masons Will Meet Here

Masons of the 15 lodges in District 26 and their ladies and guests will meet at the Loudon United Methodist Church on Friday, April 27, at 7:30 p.m. Lone B. Lovin of Maryville is District Chairman.

The principal speaker of the evening will be the Most Worshipful Grand Master of Tennessee Daniel S. Johnson of Tullahoma. All regular Masons are urged to attend.

### Youth Week Set

Youth week will be observed this week at Stockton Valley Baptist Church. Sunday's youth pastor will be from Carson-Newman College. Young people of the church will fill all church offices on Sunday and there will be other activities during the week. At 7 p.m. Thursday, Rev. Dillard Hagan, Philadelphia First Baptist, will show slides of his trip to the Holy Land.

## Speaking of Sports

By DANNY GIBSON  
Sports Editor

Say you're sprawled out in a friendly waterfront easy chair on Fort Loudoun Lake. It's springtime and you feel like you've cornered the lion's share of the good life. Then this cannon explodes. Don't panic; you've just about enough time to finish that beer or soft drink, pop another maybe, and work yourself upon your elbows before all hell breaks loose. "All hell" is in the form of a field of trumpeting watercraft of all descriptions, hundreds before its all over, in East Tennessee's boating spectacular. It's the Dogwood Arts Festival Boat Race set for this Saturday and Sunday afternoons. Site of the races is the Knoxville Boat Club-National Outboard Association racing grounds on Badgett Road in West Knox County.

Several top-name drivers from the Eastern United States have registered for the Dogwood Arts Boat Races. Included in the list are Bill Petty of Wapakoneta, Ohio, Gary Peacock of Miami, Jimmy Blackwell of Clarksville, Bud Weaver and Merle Wood of Roanoke, Va., Joe Burgess of Gallatin, and LaMar Winkle of Knoxville.

Miss that cannon shot and Knoxville World Record Holder LaMar Winkle says you'd have been better off in your back yard asleep. The cannon signals five minutes before the boats can tear across the starting line under the race-opening white flag, and Winkle says it's where the action is.

"The main thing is the start," says Winkle. "The day before, I time myself. You've got to know how long it takes you to get out of the pits after the gun and as much on top of that line as possible. The man who makes that first buoy on the first turn is always the man to beat. If I'm lucky enough to be that man, my strategy is simple. Let the man behind you play the game of catch up, and when he does, you just drive a little bit harder."

"You have a lot more strategy when you're behind than when you're ahead," is LaMar's opinion. "It's kinda like hang your foot into it and hang on. But you gotta know what your boat will do, what it will stand, and put it there. You don't just drive it around wide open no more than you would in a stock car race. Still, the best strategy is to the first buoy first."

If you don't make it, about all you can do is wait for the man out front to make his mistake and be ready to pass him then."

Many of the more regular race followers will tell you that the majority of the people who go to see the races will rush to be starting line just to see a bunch of boats charging up to the start. The guy to watch is he guy who is sorta holding back. He just sits there and idles, he's the guy you gotta worry about when the flag is dropped. He's not showing anybody anything until the race is officially started.

The sponsoring Bearden Sertoma Club has made this year's Dogwood Arts race the biggest in the festivals history. A record purse of some \$2000 is already in the pot for the winners of the many classes. The total purse will be second only to the purse for the season championship outside the circuit.

In spite of the unusually big purse for the Dogwood Festival, boat racing is not at this time a money sport. The sheer love of driving a boat is the words expressed by Winkle to boat racing.

Winkle, a father of two girls, set the world's record in the S-100 class at 84.112 miles per hour last November. He'll be piloting a new Allison Craft tunnel boat this season.

Winkle feels there's more to winning in outboard motor circuits than a slick boat with a storming engine. "You can have a boat that will run 100 miles an hour and a guy who doesn't know what he's doing, and you're not going to rack up all the trophies in the world. A fast boat won't win without a good driver."

Winkle leaves the boat and engine designing to engineers. All he can change is the prop. He can change the pitch of the prop so it will take a bigger bite. The deeper the pitch the more water it will bite every time it comes around. When you get your prop turning around 60 to 65 thousand rpm's then you are running close to right.

The engine and prop Winkle will be using in the race is a stock outfit. Capable of being bought at any dealer. The boat is the secret to the entire racing art. The idea is to find a boat that will stay the highest possible on the water and stay on top. Highest because you want to reduce the drag from the water. And since a tunnel boat runs on air touching the water on only two small places at the back, you are actually riding on a wing. If you catch a gust of wind then you flip.

Flips, more technically, "turnovers", all but ruled the Dogwood Arts Festival last spring. Two Mercury-driven Allison Crafts smacked when one flipped last year doing better than 60 miles per hour while skimming the water. The boats were splintered but the drivers proved to be safe due to the required safety requirements of life jackets and a kill switch attached to the driver's wrist that cuts off the motor when he releases the steering wheel.

Through the years there have been many changes in boat racing, but the various classes have pretty much held the same. Speed records at the beginning years were low. Most any class doing a speed of 30 to 35 miles an hour were considered fast.

Today the outboard records, depending on the

(Continued on page 9)

# Important Loudon Recreation Meeting Set For Thursday Night

The Loudon Recreation officials will have a very important meeting this Thursday night at the Loudon City Hall at 7:30 p.m. Recreation Director Chig Rutledge informed The Loudon County Herald this week that plans are in the making to form a full scheduled summer program far more complex and involved than ever before attempted in Loudon.

Topics to be covered and decisions made on are the completion of the men's slow pitch softball league which will be under the direction of the city. A survey is now under way to find out the approximate number of boys and girls interested in organized baseball and softball play.

The forming of a TEK League for boys 7 thru 9 is planned. A Dixie Youth Baseball League must be organized and registered with the state and national headquarters by May 1 if Loudon plans to compete this summer. The boys allowed to play in Dixie Youth (a form of Little League) must be of age to then 12.

The Recreation Department also will field a Babe Ruth team for boys ages 13-14 or 15. This team either play in the Lenoir City league or possibly in the league at Sweetwater or Maryville.

Loudon hopes to develop a

Candle Mack team for boys 16-17 and 18 but is not expected to this year since the Eagleton District has already completed its summer scheduling with a maximum number of teams entered and this would be the league Loudon County is subject to play in.

To have the Dixie Youth League at least four teams must be fielded by a town or community.

Coch Rutledge and City Councilman Gary Hensley who have been working around the clock in conquest of establishing the all out program for the summer urges all parents and interested individuals to attend this Thursday night meeting.

# Kirkland, Lennex Are City Golf Pace Setters

Buck Kirkland and John Lennex have captured the opening week's leadership of the Loudon City Golf League with 11 team points. The top ranking team shot a combined 68 for the low team net score for the week play.

No less than four teams are on the heels of Kirkland and Lennex with 10 team points to date. Those teams are: Cliff Miller and Chig Rutledge, Larry Millaps and Lynn Millaps, Paul Brakebill and Edwin Arnold, and Larry Bridges and Larry Lane.

The top low net medalist for the first week resulted in a two way tie with Buck Kirkland and Larry Millaps each fashioning a 31 for their round of play.

Action continues this week

# Mac Petty, Former Loudon Hoop Mentor, Named New Head Coach At Sewanee

Mac Petty

Mac Petty, popular soccer coach at the University of the South, Sewanee, accepted Friday the appointment as head basketball coach, succeeding Rudy Davalos, for whom he served as assistant

in the record-breaking 23-4 season last closed. "But I won't leave my players," Petty said. "We will work out a way for me to handle both assignments."

Athletic Director Walter D. Bryant, Jr., in announcing the promotion, said "Because of what Coach Petty has done for soccer at Sewanee, we tend to forget that he was a forward on the SEC championship University of Tennessee basketball team in 1960 and that he was a highly successful basketball coach at Loudon High School. A special pleasure to him is the fact that the sparkling little playmaker, Jackie Lefler, so important in Tiger victories this year, was a senior at Loudon when Petty became head coach there in 1968 and will be a senior next year when Petty takes over as head coach at Sewanee."

Petty came to Loudon in the fall of 1968 and coached the Redskin hardwood teams for three years before leaving. In his three year reign as the

head mentor of the boy's basketball team he compiled a 10-11 record in Petty's final season bowing to Harriman in the first round of the district playoffs.

Loudon again won 14 and lost 11 in Petty's final season bowing to Harriman in the first round of the district playoffs. Petty was a star baseball pitcher at Wooster High School in Ohio and he so tempered his league scouts that

while he was at UT he had draft invitations from the New York Mets, the Pittsburgh Pirates, and Baltimore Orioles. For his present job at Sewanee, he was recommended by all-time University of Tennessee basketball star Bill Justice. Petty during the past year at Sewanee handled

# Meigs County Falls Under LC Rally

Lenoir City came from behind with a five run seventh inning last Wednesday to top Meigs County 6-4. The Tigers scored two runs in both the first and second frames to take a 4-0 lead on Panther ace Tim Cunningham.

Cunningham, senior right hander, had control problems in the early innings and some faulty fielding produced two of the runs, while a misguided fast ball cleared just too much of the plate and was hit out for a home run.

Nevertheless the big hurler settled down in his normal play and yielded just three hits for the afternoon and struck out 14, as he won his

third game of the season. Donnie Stamey and Tim Cunningham, who both collected two hits for the day, got the first Lenoir City score with hits in the fourth inning to cut the count to 4-1.

Lenoir City appeared doomed for their second loss of the season when the Panther bats broke loose to power a five run seventh inning. Four walks and a screaming double by Tommy Cook had the visiting Panthers off and running while it took Cunningham's second hit of the game to scotch his mood because as he singled Cook home.

# Panther Golf Team Adds Two Wins

Lenoir City's High School Golf team continued to roll last week with two more victories. The Panther "twingers" turned in a 20 stroke victory over Tennessee Military Institute at Madisonville's golf course.

Sophomore Gary Dye, who could well be one of the better prep golfers in the state led the Lenoir City assault with a three over par 75 for the 18 hole match.

Lenoir City also cooled the close pursuit of McMinn County's golfers who only a week before had fallen by a mere one stroke. The Panthers with Dye again setting the pace, downed the Cherokees 326 to 340. Rick Moore, who turned in an excellent round against TMI had a 81 in the McMinn clash.

Mitch Keebler and David White rounded out the afternoon with 85's for the Panthers.

# Union Carbide Golfers Play Third Week

The Union Carbide Golf League is in its third week with the fight for the league pennant in a heated battle. Jim Cardwell and Jack Miller are presently on top of the league standings with 22 team points to date and ideas of defending their position for the summer.

The teams of Charlie Helms and Jack Delaney and Dick Huff and Art Hamill both could pose some interesting problems as they stay close to the top of the pack with 18 team points each.

Ray Birkholz and Chuck Any interested boy ages 15-18 is playing in the Babe Ruth Baseball leagues at Lenoir City should sign up at the Lenoir City Citizen Field Saturday, April 28 from 9 a.m. to 10 noon.

Moore are in third place with 14 team points. Low individual net honors have been reaped with Jim Cardwell, who has hammered out a season low of 34 to be challenged by the other members of the league.

Cardwell's low season play prompted his team of fellow golfer Jack Miller to the top low team score of the week of 73.

**MIGHTY CASEY**—Eaton's Kenny Ratledge connects for a long fly ball to the outfield Saturday afternoon in the finals of the Loudon Invitational softball tournament. Jack Nicols, Bank of Loudon County, is the catcher behind the plate.

### Lenoir City Baseball Team Sweeps Cadets

Lenoir City's diamond nine took both ends of a doubleheader against Tennessee Military Institute at Civillian Field last Friday. The Panthers won the first game 3-2 in extra innings on Tommy Cook's second home run of the season, a long blast over the left-center field wall. Sammy Dunlap was credited with the victory, hurling a strong five hit game for the seven innings. Dunlap (2-1), struckout six and walked two while locking himself into a tight pitchers duel with the Cadets from Monroe County. Lenoir City scored a run in the bottom of the first and second innings while TMI struck for single scores in the top of the fourth and fifth innings. Cook's blast came with two out in the bottom of the seventh frame.

The senior lefthander, who plays a clean first base and doubles as the Panthers number two pitching star, returned in the lineup as a pitcher and set the Cadets down on a one hitter. The Panthers meanwhile collected five hits for five runs, scoring one in the first and four in the second innings. Cook struckout seven and walked eight during the game and had four errors committed behind him, but still managed to keep the score board clean in gaining his second mound verdict of the year.

### Simpson Calls Meeting For Stan Musial Baseball Players

All members or prospective members interested in playing Stan Musial baseball this summer (ages 12 and up) for Loudon are requested to attend an organization meeting this Sunday at 3 p.m. at the Loudon baseball field. Team Manager Jerry "Baldy" Simpson is hoping to get his team together and in near peak form before the tentative season opening date of May 28.

### Redskins To End Spring Grid Work With Red And White Game

The Loudon Redskins will wind up spring football drills this week with a Red and White intrasquad clash on Friday night. The 7:30 grid work will find the Redskins football team broken into two evenly divided units with assistant coaches Gary Dutton and Jim Gibson taking over the head coaching duties for their respective teams. Head football coach Bert "Chig" Ratledge will view the game from the press box in quest of compiling his final log of notes on his team before practice is resumed in the fall. "We feel we have the teams very evenly matched and plan to use Greg Watson, who has been injured for the most of spring practice, as a backup to both teams at quarter-back," said Ratledge. John Lovelace will get the field general call for the White while Dennis Goren is slated to call the offensive plays for the Red team. The final caption of spring drills has the Loudon coaches pleased with their 1973 curriculum edition for next fall. "We are still rather young," says Ratledge, "but we have learned a lot with a lot more to be taught in the fall." No one is putting a monkey on the Redskins back but the Loudon team should be a much improved team over last year's 1-8 season. The spirit is much better and the year of maturity of the young ball players which had to

### Orange And White Grid Tickets Available In Loudon

Tickets for the Orange and White football game, which will close spring practice for the University of Tennessee, May 4, are available in Loudon at Hamilton National Bank. "We appreciate our ticket outlets cooperating with us for the Orange and White game," said UT Athletic Director Bob Woodruff. "This is a great service to Volunteer fans, who can purchase tickets at half the price that will be charged the night of the game." Interest in the 1973 Volun-

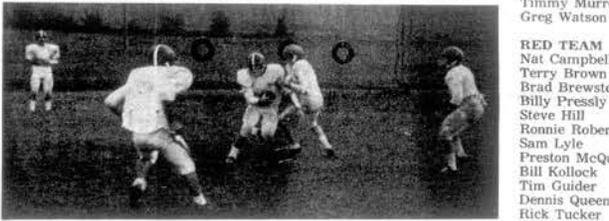

**SOFTBALL INVITATIONAL CHAMPS**—Eaton's Corporation of Lenoir City won the spring invitational softball tournament held in Loudon last week. Pictured team members are Collins, Miller, Brown, Johnson, Russell, Ryan, Ellis, Ratledge, Breeden, McCallister, and Chambers.

teers is unusually high because of the return of seven starters from the offensive unit, headed by tailback Haskel Stanback and quarterback Condredge Holloway. Head Coach Bill Battle anticipates an improved offense, citing his prediction on his belief that tougher line play is in store. Vol coaches are most concerned about finding replacements for eight regulars lost in the defensive unit through graduation. Two All-Americans are among the missing: defensive back Conrad Graham and linebacker Jamie Hotella. "I feel that we'll have a sound defensive unit by the end of spring practice," said Battle.

### Chaney To Oppose Covenant Nine

The University of the South seeks its 15th and 16th victories of the season this afternoon, when the Tigers collide in a baseball doubleheader starting at 1 o'clock with oft-beaten Covenant College at Convent in Chattanooga. Seawee, which won an earlier doubleheader from the Scots, has lost four games while Covenant is 3-1. Fred Chaney, former Loudon football player and standout baseballer on the Eagleton District Conis Mick team which finished second in the state last summer is expected to see pitching duties in the twinning.

**ZIG-ZAG ROUTE**—Loudon High School offensive backs get in some broken field maneuvering while preparing for Friday night's Red and White football clash to end spring drills.

### Panthers Take Twinbill

Lenoir City swept a double header Monday night from the Oliver Springs Bobcats by scores of 11-4 and 5-0. The Panthers had scoring explosions in the first three innings, they recorded an 11-4 triumph for Gary Hamby, winning his first game of the year, struck out four and walked eight in twisting a three hitter. Lenoir City scored four runs in the first inning, two in the second, and five in the third frame. Seven Panther batters accounted for the seven Lenoir City hits with Marty Porter, Charlie Dye, Mike Walker, Tommy Cook, Tim Cunningham, Doug Williams, and Johnny Price hitting safely. Dye, Cunningham, and Price had double for their respective hits. In the night-cap Tim Cunningham picked up his fourth pitching win as his mates staked him to a 4-0 lead in the first inning. Cunningham gave up only one hit and struck out six for the five inning contest. He walked five Bobcat batters. The first six Lenoir City batters to come to the plate in the bottom of the first inning hammered out base hits in lighting up the score board.

The Panther's extended their record to 9-1 for this spring despite having to wait on the arrival of the Oliver Springs team which had transportation difficulties in route to Lenoir City. The start of the twinning was delayed almost an hour.

### National Motor Cycle Rider To Ride In Atomic Race

Two-wheel and then four-wheel competition—that's the racing outlook for the upcoming weekend at Atomic Speedway, at Melton Hill 1-40 Exit east of Kingston. Four-time national champion Earl Markel of Flint, Mich., heads a top-notch field for Friday night's American Motorcycle Association championship. Saturday night's action switches to late model sportman cars and East Tennessee's top jockeys will be on hand. The AMA race is the first of a three-race series called the Southeastern Classic. Cycles with engines in the 250-to-350 cc range will be competing on the 27-degree banked dirt oval. Practice runs start at 6:30 p.m. and racing is slated for 8 o'clock. There'll be 24 six-lap qualifying heats, three regular heats, two semifinals, a consolation race, trophy dash and 12-lap feature. Tickets are \$6 for box seats and \$5 for general admission. Expected to battle Markel for top money are Gene Remers of Burbank, Calif., and former titleist Gary Nixon of Baltimore. Speeds are likely to eclipse AMA records for a dirt oval of Atomic's size. Among top East Tennessee riders will be Tommy Sisson of Morristown and Mike Graham of Knoxville. Saturday's late model sportman show will consist of a 40-lap feature, 20-lap consolation race, four heats and hobby car event which covers 20 laps. Time trials get underway at 7 p.m. and racing begins at 8 p.m. Top sportman drivers include Toote Eates, Snooks DePoe and Joe Lee Johnson.

class, vary from 40 to more than 130 m.p.h. There are four divisions and several classes within the divisions. All classes are designated by piston displacement of the engines. Though outboard racing is run over different length courses, the official course is mostly a one mile oval. The fastest boats have been wood. But recently, glass boats have come to the front, essentially the tunnel-type boats which ride the carpet of air. In displacement boats, it's been glass boats for years. Weight has been the problem in glass boats, but manufacturers have managed to get that down now and are competitive.

APR 26 1973

### Game and Fish TODAY

By Sgt. Bob Harmon  
Game and Fish Commission

#### WILFIE CAN BECOME PART OF FARM INCOME

"About 100 million acres of publicly owned land are set aside primarily for wildlife production. Even so, the bulk of wildlife is produced and fed by farmers on their own land."

"Farmers should consider their wildlife resources as a by-product of their agricultural production," especially if wildlife is to become part of the cash farm income.

Sportsmen living in cities are finding prime hunting becoming less available each year, and are willing to pay the farmer well for the production of wildlife. Most Tennessee hunters reside in urban areas and depend on the farmer for his hunting ranges. There has been a sharp increase in urban hunters going to the "paid hunting privileges" land.

The Tennessee Game and Fish Commission has recently made available 160 bags of wildlife seed mixtures to be distributed without cost to farmers in Loudon County.

"This is an effort on the part of the Commission," "to defray a small portion of the feed cost of wildlife. The planting seed mixtures were purchased by funds derived from sales of hunting and fishing licenses."

Wildlife biologists have recommended that the seed be planted in small quarter-acre plots, thus distributing feeding areas over much wider areas. Most upland small game depend upon the "patch type farm" for food sources and cover.

"It is almost impossible to produce quail and rabbits on the farm unless feed and cover are part of the farm plan."

Properly managed programs can contribute substantially to the overall farm wildlife production, thus increasing farm income."

A beginner fisherman can often be successful on the first fishing trip if he fishes for panfish. "Panfish," "is sometimes applied to any fish small enough to fit into a frying pan. In Tennessee and Loudon County waters the bluegill is undoubtedly the most popular panfish. I believe that more anglers either do fish or have fished for bluegills than for any other fresh water fish."

The bluegill is found in almost all warm waters in Tennessee and is so abundant in most waters that fishermen are urged to keep every fish they catch regardless of size to prevent starving the population. One female can lay up to 67,000 eggs in one nest.

A spunky fighter, the bluegill will hit a bait with much authority and fight to the bitter end. It is one of the largest and gamiest of the true sunfishes.

Live bait fishermen, including the barefoot boy with the traditional can of worms, like the bluegill because it will take a varied assortment of insects, larvae, worms, grubs and nymphs. Fly fishermen like it because it will hit poppin bugs, dry flies, wet flies, nymphs or small streamers. Spinning enthusiasts like it because they can use a fly and bubble, weighted spinners or small spoons.

"Most of all it makes a tasty dish when fried brown in a hot skillet."

"The bluegill, also called brehn, brinnin or punkinseed,

#### FISHING REPORT

This fishing report is based on present weather and water conditions and how the fish are biting now. It is subject to change if these conditions change.

**CHEROKEE LAKE** - Clear and rising slightly. Very good for crappie casting small feathered flies on minnows behind brush piles and bushes. Best area is German Creek. Lots of bass are being caught on plastic worms. Big O's and Rapala plugs - best area - lower section of lake. Rockfish good trolling large buckettail flies and deep running plugs. Best area is from Clouds Creek upstream to John Sevier Steam Plant.

**DOUGLAS LAKE** - Clearing in upper end and muddy in lower end. Bass good casting and still fishing with minnows and night crawlers.

### Lenoir City Fisherman Wins Dogwood Title

J.D. Watkins of Lenoir City unlocked the key to Fort Loudoun Lake's secrets Saturday during the Dogwood Arts Bass tournament.

Casting a green and white Tennessee Shad, Watkins caught five bass weighing 15 pounds, six ounces to take first place. He was awarded a trophy, \$50 and several items of fishing gear.

Mickey Cox, Oliver Springs, placed second with 10 pounds, one ounce.

Cox also shared luncheon honors with Eddie Bailey of Knoxville. Both caught largemouths weighing six pounds, five ounces.

Watkins, who said he fishes Loudoun frequently, caught his fish in the extreme lower end of the lake. He said he fished around floating docks and fence lines.

Officials of Smoky Mountain Bass Anglers, which sponsored the tourney, said 186 fishermen participated. As a whole, fishermen fared poorly. Only 78 bass were checked in.

Fifty-two fish were checked by fisheries biologists and were released. Jack Holbrook of TVA was studying the fish as a part of his project to evaluate the effects of bass tournaments on reservoirs. He also was collecting data to compare growth rates of fish from Ft. Loudoun to other area impoundments.

and still fishing with minnows and night crawlers.

**NORRIS LAKE** - Clear to Murky and rising. A few bass are being taken off the points on large minnows. Crappie fair on the Powell side on small minnows and flies but extra good on the Clinch side on flies and minnows around brush piles.

**PORT LOUDOUN LAKE** - Murky and rising on upper end; murky to clear and fluctuating on lower end. A few bass are being caught on night crawlers and medium running plugs. Good for crappie around stumps and brush piles on flies in upper end of lake. The crappie are running small. Bluegill good on worms.

**LITTLE TENNESSEE RIVER** - Good for trout on corn, worms and spinners. Several walleyes are being taken on yellow flies.

**TROUT FISHING** is real good on

#### WATTS BAR LAKE - Murky and rising. Crappie and catfish are biting good - crappie on jigs and minnows and catfish on cut bait.

**MELTON HILL LAKE** - Murky and stable. Bass fair on jigs and minnows. Crappie fishing is getting better on small jigs and minnows around stumps and brush piles. If you want to have some fun, fish for bream with worms.

**CHILHOWEE LAKE** - Clear and stable. Largemouth are being caught on minnows and spring lizards - deep. Crappie continues to be good on the lower end of the lake on minnows. Trout good on corn & worms - deep.

**PEGEON RIVER** - Good for trout on corn, worms and spinners. Several walleyes are being taken on yellow flies.

#### Homo Sapien Boatus Migration

This type of activity appears to give much pleasure to the state report that the annual migration of Homo Sapien Boatus has begun. This mass migration is brought on by warm air and bright sunshine, and usually coincides with the blooming of redbud, dogwood and the crappie spawn.

It is not to be confused with the annual migration of Homo Sapien Boatus which is a recreational group, you are reminded to examine your life saving device for its most important feature, the Coast Guard approval label. If there is no such label on your life jacket, seat cushion, ring buoy, or ski vest, it is illegal and could even be dangerous to use. These devices should also be examined for rot and deterioration after a winter of storage. Be sure there is a life saving device for each person on board and have a fun-filled, safe summer.

GOOD EATING-Ted Bivens and Kenny Stevens of Loudoun are shown with 30 Crappie. They caught the fish in Ft. Loudoun Lake last week on small flies.

GOOD CATCH-Shown are Jesse Lovelace and Frank Smith of Loudoun with their catch of trout. They fished on opening day in the Tellico River.

Last Friday was a good day to get started in the garden. It wasn't an excellent day for everyone because moisture supply was more than adequate in many areas. It's been an old tradition for many years to make

garden on Good Friday. There are some things that you should be enjoying out of the garden now however, if you were lucky, radishes, leaf lettuce and green onions. I still long for the first helping of leaf lettuce, green onions chopped with bacon grease poured over the top. Wouldn't be good without cornbread to go with such a delicatessen. If you haven't eaten this dish you haven't lived.

**4-H Workshop Held At U-T**

by ROGER L. PERKINS, ASSISTANT EXTENSION AGENT  
Loudon County 4-H'ers attended a Livestock Evaluation Workshop at the University of Tennessee Agricultural Campus. The 4-H'ers were instructed how to evaluate beef and swine animals according to the animal's indications of meatiness. After the instruction session the 4-H'ers had an opportunity to practice what they had learned. They judged one class of quarter horses and did live evaluation of four beef cattle and four market hogs.

Parents assisting with transportation were Mrs. Glen Hellard and Mr. and Mrs. Robert Thomas - Highland Park and Mrs. Jack Shope - Steelee.

ATTENDS WORKSHOP - Pictured are the 4-H'ers and the parents who attended the Livestock Evaluation Workshop at University of Tennessee in Knoxville recently.

grain and silage per acre. Corn should be planted by May 1 to prevent damage from the Southern Corn borer. Corn planted after May 1 will drop in yield one bushel per day for every day the corn was planted after May 1. The drop on the average is about one ton of silage for every day for corn planted after May 1.

Early cutting means mowing oats, wheat, and barley in the boot to early head stage. The protein content is higher when cut in the boot stage as compared to the dough stage. Many of the county farmers are letting their wheat and barley go to the soft dough stage. It produces high quality silage when harvested at a 65 to 70 percent moisture content. Oats cut in the boot to early head stage makes excellent hay or silage. If they are allowed to wilt for a few hours you get the highest quality of silage.

**Bond Sales Here Increase**

During the first three months of 1973 Loudon Countyans invested \$197,524 in Series E and H United States Savings Bonds, according to C.T. Burdett, county savings bonds chairman. This places the county in 5th position among the 11 counties of the 2nd district in sales against the quota assigned by the Department of the Treasury. For the same period, Tennessee families invested \$2.2 million in the securities, the announcement said.

District Chairman George L. Hunter of Knoxville noted that sales in Tennessee and the country as a whole show substantial increases over last year, which set a 26-year record, according to Treasury figures. "Most of the improvement is due to greater participation in the payroll savings plan. Those who have this automatic thrift program where they work are realizing more and more that it is the easiest way for the average family to build financial reserves."

GREENBACK FFA WINS STATE CONTEST - Pictured are members of the Greenback FFA Land Judging Team who won second place in the State FFA Land Judging Contest. They are (front row) David Beeler, Mike Beeler, Johnny Rose and Soil Conservation Service, Paul K. Arr, Chairman Loudon County S.C.S. and Calvin Hogan, S.C.S. in Cookeville. The team will compete in International Land Judging Contest at Oklahoma City, Okla. on May 23.

APR 26 1973

THE LOUDON COUNTY FINANCIAL PIE— Loudon County's governmental finances for the fiscal year 1971-1972 are depicted in this illustration in preliminary copies of the county's "fiscal planning program" which members of the Loudon County Planning Commission, with technical assistance of the Tennessee State Planning Office, are preparing.

## Fiscal Budget Outlines Spending-Income

(Editor's note: This is the second in a series of three articles on Loudon County's fiscal planning program.) Loudon County's fiscal planning program proposes to take the county up through the year 1978. Spelled out in simpler terms, the fiscal planning program proposes a five-year capital budget for Loudon County.

Part expenditures, revenues and needs of county residents and county departments such as the sheriff's department have all been taken into consideration by members of the Loudon County Regional Planning Commission, the county responsible for preparing the fiscal plan. Lending technical assistance to the planning commission has been the Tennessee State Planning Office, the state planning agency which provides planning services to Tennessee's counties, cities and municipalities.

So far more than a year has been spent by the Loudon County planning commission, led by Chairman Ben Galyon, on the fiscal planning program and now members of the planning commission and the Loudon County Quarterly Court, which is considering adopting the study, are reviewing preliminary copies of it. (Citizens can examine preliminary copies in Loudon County Judge Harvey L. Spradl's office at the courthouse.)

## \$6,000 In Tools Taken In Eaton Breakins

Thieves struck three times in three different houses all within a half mile of each other on White Hill Road near Eatons last Thursday night.

### Cheryl Howell Is Arrested

(Continued from Page 1) The foot race followed. Brown said that Loudon County also had warrants on the girl for bad checks. Before the Dender robbery, Miss Howell had been ordered by Loudon County juvenile officials to leave the state for one year as part of a suspension of sentences on past charges, including helping another brother escape from jail at Lenoir City.

Reports filed at the County Jail by deputies Jake Chapman and Kenneth Brown show that garages and workshops at the three houses were broken into and more than \$6,000 in tools and other items taken. The first break-in was reported by Preston N. Glidewell, who found his garage and workshop broken into. Missing was an aluminum ladder, riding lawn mower, saw smith, power saw, electric vice, two electric drills, electric belt sander, two jig saws, three socket sets, die set, hack saw, assorted hand tools, two tool boxes, two pipe wrenches and five gallons of gas and oil.

The second call came from W.M. Coulter, Jr., who lives just about 200 yards from the Glidewell residence. Deputy Chapman said. Taken from the garage there was a large quantity of hand tools, chain saws, grinder, 10 rods and reels, pipe dies, and four tool boxes. Three locks were knocked off to get into the garage. The last call came from John Parker Farguharson who also found his garage burglarized. Taken was a 24 inch riding lawn mower, shopsmith, metal lathe, electric sander, electric jig, electric planer, tools and a tool box. Sheriff Freeman Russell said that all three burglaries were apparently pulled off by the same thieves and it appeared that they happened during the night Thursday while the families at all three places hit were at home sleeping.

## Cooke Stung By Wasp, Falls Off Roof, Breaks Leg, Hospitalized

Sometimes one thing leads to another, and for Sterling Cooke, Supervisor of Operations for the Loudon Utilities Electric Department, that is what happened Monday morning. Cooke was on the roof of a house on the Hugh Calloway farm about 9:15 a.m. trying to disconnect the electric power when he was stung by a wasp. Being allergic to stings, he moved suddenly when the sting hit, looked for more wasps and slipped on the metal roof of the porch and fell about 12 feet to the ground.

As a result Cooke is in Loudon County Memorial, not only nursing a wasp sting, but has a broken leg, just above the right ankle; two broken ribs, a strained back and a sore wrist.

## Penneys Opens Catalog Sales At Lenoir City

A new catalog sales desk opened today at the J.C. Penney store in Lenoir City, significantly broadening the store's merchandise offerings to customers. The catalog desk, says store manager H.H. McIntosh, will make it possible for customers to obtain any of the thousands of items available in the catalog by placing orders here. The plan calls for catalog orders to be filled within 48 to 72 hours from the company's catalog distribution center. Mr. McIntosh said that a combination of high-speed communications to the distribution center and air or truck delivery to this area will make possible the quick filling of orders.

As soon as an order is placed at the store, either by telephone or in person, he explained, it will be relayed to the distribution center through electronic transmission. Daily deliveries of merchandise is promised. J.C. Penney's entered the catalog business in 1962 and the firm now issues two major catalogs each year, one covering fall and winter merchandise and the other devoted primarily to spring and summer goods. Timely smaller catalogs and Mr. McIntosh said.

There's a new way to shop—Penney's Manager H.H. McIntosh makes ready to open the store's new catalog sales desk today, April 26. The new service is designed to broaden the store's merchandise offerings. Ready to serve its customers are Mrs. Yvonne Smith, catalog supervisor, and Mrs. Alice Brookshire, catalog assistant. The catalog phone number is 986-9656.

catalog business in 1962 and the firm now issues two major catalogs each year, one covering fall and winter merchandise and the other devoted primarily to spring and summer goods. Timely smaller catalogs and Mr. McIntosh said.

The Loudon County Herald

## Your County In Action

BY HARVEY L. SPROUL

LOUDON COUNTY JUDGE

There have been some very interesting comments made recently about various things, and as usual I do not hesitate to "comment on comments," and possibly do some explaining in the process.

LHS Study

I thought it was very interesting as to the comments of the Loudon High School American Government class as to how they would revise County government.

Several weeks ago I received a call from a member of the class inviting me to appear and discuss county government.

They were using a "general" textbook, which covered county government throughout the United States, and was not very specific about how county government was in Tennessee.

Of course, as I always try to do, I accepted the invitation and appeared before the class, and in addition invited them to come to Quarterly Court meeting and see for themselves a little bit about how the county governing body operates, and the type of matters which are considered in their meetings.

Question Asked

In the process of all this, questions were asked by the class members, with some class members giving their feelings and answers to the questions, and the teacher

type of work which he does. So of course, the County Judge is still involved to a considerable degree in judicial duties, and, concerning general governmental duties, having the qualifications of an attorney is of great benefit to the County to the Quarterly Court and saves a considerable expense so far as retaining a County Attorney is concerned.

Concerning this office, I could not disagree either that ultimately when the matters concerning the judicial functions are eliminated that the office probably should go to a four or a six year term.

County Council

In addition I think it would not be out of the way to change the County Court's name to County Council or County Commission inasmuch as this would be more closely descriptive of the present functions of the county governing body.

Of course the County Court used to also have judicial duties. Now when you get down to talking about some of the other suggestions, just as in the suggestions I have already discussed, there is plenty of room for disagreement, and almost every person will have a different idea.

Now when you get down to talking about some of the other suggestions, just as in the suggestions I have already discussed, there is plenty of room for disagreement, and almost every person will have a different idea.

Hardly anyone would disagree that the Sheriff (or any County Official so far as that goes) should have the proper training for the particular position involved.

In other words, the taxpayers of this County and

State are entitled to have good, professional, economical county government for the money they are paying.

The Property Assessor's office is one of these offices in which there has been a considerable amount of improvement state-wide because it is set up by State statute (and is not a constitutional office), and could be changed by statute; so under present law qualifications which must be met before he can hold this office.

Reg. of Deeds

I would have to say that I would have to disagree with the suggestion by the claim that the office of Register of Deeds should be combined with the Property Assessor's office.

There is really no connection between these two offices at all.

Emmett Carter interpreted the suggestion of the class as being that the Property Assessor would be "over" the Register of Deeds, and he has suggested that Ralph West voluntarily agree to this role, but I understand that Ralph hasn't agreed as yet.

I certainly support the idea that the Superintendent of Schools should be a professional person with proper administrative and

AT HORSE SALE—One of the 71 Arabian Horses sold at auction recently at the Sa-Arabel Horse Sale in Loudon is shown during bidding on the animal at the Arabian farm of Dr. Sam Harrison at Loudon. The horses brought a total of \$112,500.

## 71 Arabians Sell For \$112,500 At Sale Here

More than 500 consignors and buyers from 17 states

gathered last Saturday in Loudon for the fourth annual Arabian Horse Consignment Sale. The sale was at the Sa-Arabel Arabian Horse Farm owned by Dr. and Mrs. Sam Harrison.

Col. Tim Foster, sales manager, said this week that the 71 horses auctioned here brought a total of \$112,500, a handsome total for the 116,000 anticipated, but that eight good horses from Ohio failed to appear.

Top money went for a mare at \$2,100. The top stallion brought \$2,800 and the top colt went for \$3,650.

"We had a good sale, there was a large crowd and good Tennessee weather prevailed," was Col. Foster's summation of the sale.

Another sale is planned for the fall, the beginning of semi-annual sales, and a new stallion is to be erected before that time.

The sales manager, who retired last year as administrator of Loudon County Memorial Hospital, became almost misty-eyed as he recalled one event which stopped the sale momentarily Saturday afternoon.

A family from Georgia (he didn't remember their names) came to the sale and the father bought his five-year-old daughter a "really pretty grey Arabian mare."

The auctioneer's hammer had hardly gone down and they had just taken the mare out of the sales ring, Col. Foster recalled, until the little girl dashed to her side, insisted that a saddle be put on her and within minutes was riding her in the field behind the show ring.

"The auctioneer stopped the sale when he saw it, and he told the crowd, 'That's what makes the Arabian horse business so great!'"

Visitors — both consignors and buyers — came from Tennessee, North Carolina, Indiana, Virginia, Kentucky, Georgia, New York, South Carolina, Florida, Iowa, Ohio, Alabama, Michigan, California and South Dakota, Foster reported.

In 1972, the first sale here, the horses sold brought

\$23,000, in 1971, \$42,000, in 1972, \$92,000.

## Rabies Program Scheduled

The Loudon County Health Department in cooperation with the Loudon and Lenoir City rabies control programs is sponsoring the annual rabies vaccination program.

All pets over three months are required by state and local city laws to be vaccinated, registered and tagged with official Tennessee Department of Public Health tags.

Lenoir City also requires a city license tag. The veterinarian's charge will be \$2 for one year vaccine.

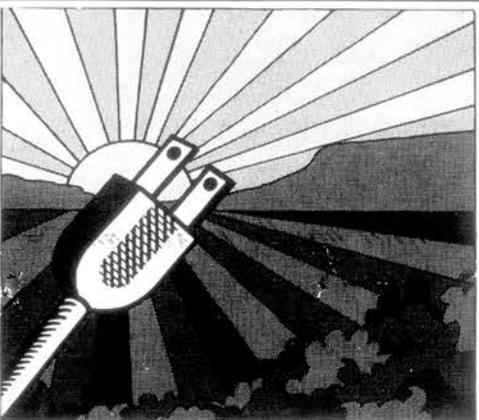

The schedule is May 1, Sikee School; May 1, Loudon 4 p.m. at the Baseball Park; May 3, Lenoir City at 4 p.m. at the City Parking lot behind the Bus Terminal.

May 4, West Hills at 3:30 p.m. at West Hills School; May 7, Highland Park, 5 p.m. to 7 p.m. at Highland Park School; May 8, Martel 2:30 p.m. at Bob Duff's Home on Lakeside Drive; May 8, Eatons at 4 p.m. at Eaton School; May 19, Luttrell 2:30 p.m. at Luttrell School; May 10, Philadelphia 3:15 p.m. at Philadelphia School; May 10, Prospect Snows 4:30 p.m. at Prospect Church; May 11, Greenback at 2:30 p.m. at Greenback Square; May 11, Glendale-Bussell at 3:30 p.m. at Glendale School and May 11, Lenoir City Follow-up at 4:30 p.m. at Lenoir City Parking Lot behind Bus Terminal.

The cooperation of every pet owner is essential to control rabies, a serious, fatal and dread disease, a disgrace to any community. Because Loudon County pet owners have responded so well to this public health problem, the county is one of the very few in Tennessee with no rabies cases since 1954.

## electricity is pollution free wherever it's used

Electricity is flameless, so there's no smoke. Fumeless, so there's no odor. It's ready to use instantly (unlike fossil fuels, which have to be combined with a flame and oxygen to produce usable energy).

Electricity is pure, clean energy when it enters your home. And wherever electricity goes to work, it fights pollution.

A cleaner environment is possible. Electricity will help.

**SIDNEY O. HAUN**—Sidney O. Haun, age 79, of Route 1, Philadelphia, died Sunday, April 22 at Sweetwater Hospital. Survivors include: wife, Mrs. Margaret Russell Haun;

## Forms For Transfers Available

Names of burley tobacco growers who want to transfer their 1973 poundage quotas and those who want to acquire additional quotas are available at the County ASCS Office.

According to Fred Pippas, Chairman of the Loudon County Agricultural Stabilization and Conservation (ASC) Committee, a special bulletin board is posted, listing burley tobacco producers' names, addresses, and the amount of quota each producer wants to transfer or acquire.

"Maintaining this listing has proven to be a needed and worthwhile service for the growers of our county," Mr. Pippas said. "Producers are better able to establish contacts and make lease transactions that have material benefits for the involved parties." He added that as soon as an agreement is reached between producers, the farm owner or operator of each farm should come in to the office and sign the official leasing agreement, the Chairman stated.

The Chairman emphasized that there is no charge for the listing service. It is another attempt by the County Office to give better service to farmers.

## USE IN THE CONSTRUCTION OF CONTRACT NO. 412, PROJECT NO. R-3123 (A) AND R-3219 (B), LOUDON COUNTY

Notice is hereby given that the State Department of Highways is preparing to make settlement with HARRISON, INC., contractors of Alcoa, Tennessee, for the SURFACING WITH BITUMINOUS MATERIALS (D.B.S.T.) OF A SECTION OF RURAL ROAD NO. 3123 (BIG PINEY ROAD), BEGINNING AT S 2430 AND EXTENDING TO A POINT 2.5 MILES EAST.

THE RESURFACING WITH BITUMINOUS MATERIAL (D.B.S.T.) OF A SECTION OF RURAL ROAD NO. 3219 (MEADOW ROAD), BEGINNING AT S 2434 AND EXTENDING TO A POINT 2.5 MILES NORTH, being a total length of 4.500 miles and designated as project numbers R-3123 (A) and R-3219 (B), LOUDON COUNTY.

All persons holding claims against the contractors, HARRISON, INC. OR their agents, for materials or labor entering into the construction of this project, must file itemized notice of such claim (five copies) with the original copy sworn to before a Notary Public. This notice of claim to be received at the Office of C.I. Allen, State Construction Engineer, the Department of Highways, 110 Highway Building, Nashville, Tennessee 37219, on or before June 11, 1973, in order to obtain the advantages afforded to claimants by legal statutes.

Robert F. Smith, Commissioner. 4-19-40c

## OTHERWISE SAID BILL WILL BE TAKEN FOR CONFESSION AND CAUSE PROCEEDED WITH EX PARTE

## BACK IN THE GOOD OLD DAYS

This week we would like to depart in part from our normal pattern. What we have to bring you will bring back many memories we are sure. If we could point out any one event that took place on Saturday night with our area people in general, it would possibly be the singing to the Grand Old Opry from WSM in Nashville. People would gather in a house to listen to the popular hill-country music. I use the term "hill country," rather than just country music as it is

called today, because it was different with less songs about drinking and infidelity as so many of the songs today relate. All the many electronic aids we hear today hadn't come along when this picture was made and the musicians had to produce talent without gimmicks or amplified sound aids. It is not that I don't like some of the electronic aids in music today, but in those days it was different.

Our reason for digging back into this era was a picture we got the other day. We don't know just how old it is, but it is several years old. This old picture was made on stage at the Grand Old Opry. Many of those in the picture are now deceased. But in their day they were well known to just about every body. The stars are named on the picture and other well known ones may be in the larger group. We are very grateful to Mr. Wilton Cook for the loan of this picture. We understand Mr. Cook is a shut-in and we hope he enjoys this feature.

Our other picture this week is one of Mr. and Mrs. George Otis Robinson. Mr. Robinson was well known in our area and is now deceased. He was a great lover of fine horses and did a lot of horseback riding and showing of his prized horses. Of course Mrs. Robinson, better known to most of us as "Miss Alma" has played an important role in many of the lives of those

from the Good Old Days. She taught in the Loudon School system for many years and is now retired. Her patience and understanding was greatly appreciated by me as she tried to teach me things to equip me for life. She taught more than just the required subjects. She taught respect and appreciation for life and encouraged her students to bravely face the challenges of life.

Now with spring coming on, we have been out driving

around the country in our area and we see many changes taking place. Depending on individual opinion, this could be good or bad, but for the most part we feel it is very definite signs of progress for our area. Seeing some of the things it gave us a chance to reflect on our childhood days in and around Loudon.

The interstate is progressing at a good pace, and Loudon's new municipal swimming pool and recreation area is near completion.

Swimming in good clean treated water will be much safer for our people and we are very proud of this new facility.

We were down by the location where the dam used to be on Sweetwater Creek. This was just above where the new bridge was built on Highway 72 at the Butler Farm. Our memory went back to the time when this was one of the most popular swimming holes in this area and during the summer months you could

usually find a bunch of boys having the time of their life cooling off in this spot. We recall that during our growing up years, a group of boys in Loudon would get together and walk down to this spot.

No, none of us had cars and very few had bikes, but it didn't seem to bother us very much. We had fun with what we had and enjoyed every minute of it.

Well, that's it for now. See you next week.

## Youth Charged In Slaying Admits LSD Use; Is Held To Grand Jury With Girl

READY NEXT MONTH—City of Loudon employees are busy completing work on the ball house and new Olympic-size swimming pool in the city park in order that the facility will open in June. The swimming pool-park complex, a \$200,000 project financed with federal and local funds, is located on a 16-acre tract of land next to Loudon High School. Last week word of approval of a second federal grant of more than \$60,000 was announced which will allow for the completion of the park complex. This includes tennis courts, a lighted ball field, picnic and recreation areas, parking lots, and all purpose courts.

Sheriff Freeman Russell read a statement in General Sessions Court Friday allegedly made by Alvin Dean Shaver, accused in the murder of his 7-year-old daughter, J.H. Shaver, whose Shaver admitted to taking three LSD pills before going to the dead woman's home in Lenoir City the night of March 28. Mrs. Shaver's beaten and stabbed body was found in the kitchen floor of the house the next day.

The statement read by Sheriff Russell was part of his testimony at a preliminary hearing for 17-year-old Shaver and Margery Sue Chastain, both charged in the murder-robbery.

At the conclusion of the two-hour hearing both defendants were bound over to the Loudon County Grand Jury by acting Sessions Judge Harvey Sprout. Judge Sprout heard the case after Judge Tom Ingram, excused himself because he sat in a juvenile hearing where Shaver was declared delinquent and ordered to stand trial as an adult. Both defendants entered pleas of not guilty.

Judge Sprout set bond for both defendants at \$25,000. They will appear before the Criminal Court Grand Jury when it convenes on Monday, May 21.

Sheriff Russell was the only witness to take the stand during the hearing, which saw defense attorneys enter a number of objections, mainly about the reading of statements made by the defendant, Alvin Shaver.

The statements made by Miss Chastain, 18, were not read aloud in court. Her attorneys, John Gibson and Arthur Fowler objected to the public reading. After agreement by Attorney General E. R. Keith Douthett, the statements were read only by Judge Sprout. The Shaver youth is represented by Attorney General Douthett. The statement attributed to Shaver, read by Sheriff Russell, admitted that the youth and Miss Chastain went to Mrs. Shaver's home on the night of March 28. Shaver's statement said he had taken three LSD pills before meeting Miss Chastain and took three more that night after leaving his grandmother's house. He said he had been using LSD for several months.

The statement reportedly said that Shaver went into the house alone. He said his grandmother started chasing him and he picked up a vase and struck her in the head.

It had been reported previously that Shaver denied snatching or robbing Mrs. Shaver.

Shaver's attorney objected to using statements given Sheriff Russell by his client saying the officers took advantage of the youth who was being held in jail without the benefit of the advice of an attorney.

All the objections were overruled.

**CHAMPION SPELLER—Terri Clark, a Loudon Junior High eighth grader, is shown with her spelling coach Mrs. Joe Watkins after Terri placed second in the tough Southern Appalachian Spelling Bee in Knoxville Saturday night. Terri's second place finish is the best any Loudon County entrant has done. Her prize for placing second was a portable television set.**

### Terri Clark Second In Spelling Championship

Terri Clark, 14, Loudon Junior High School eighth grader finished second in the Southern Appalachian Spelling Bee in Knoxville Saturday night.

Miss Clark, the daughter of Mr. and Mrs. Clarence Clark, Rt. 4, Loudon, finished higher than any county student ever has in the contest, her coach Mrs. Joe Watkins, Librarian at the school said.

Terri was defeated by Pam Evans, an eighth grade student at Caryville in the 72nd round of spelling for the right to compete in the National Spelling Bee in Washington, D.C. in June.

Terri missed MATIIX which was then correctly spelled by the winner who then spelled LUCUBRATION to claim the victory.

The spellers went completely through the speller used in the spell-down and went into a supplementary group of words that neither girl had studied.

They competed head to head for 41 rounds, 21 of which was from the supplementary list. Several times each girl faltered, incorrectly spelled words missed by the other, but then missed a word that would have ended the contest.

As her prize for winning second place Terri was presented with a Zenith portable television set.

Besides being a top speller Miss Clark is ranked second in the eighth grade class at the school.

### Court Meets Monday Faces Long Agenda

Loudon County Quarterly Court members face one of the longest agendas of the year at their regular monthly meeting at 9 a.m. Monday at the courthouse.

County Judge Harvey Sprout this week released a three-page agenda which includes 56 items of business.

Among the items on the agenda, reprinted in whole below, is an item giving consideration of a private act establishing a merit system for the Sheriff's Department, if the act is received from the State Legislature in time for the meeting.

Other areas include reports and discussion on matters pertaining to the Planning Commission, the County Justice Center, the hospital and ambulance service.

The agenda is as follows:

- COURT AGENDA**
- 1. Pledge of allegiance, opening of Court, and roll call.
- 2. Reading and approval of the minutes of the April 2, 1973, regular meeting of the Court.
- 3. Recognition of visitors and delegations.
- 4. Open discussion (This is the time for any visitor or delegation to state any business which they may want to take up with the Quarterly Court, and make any statement or argument of discussion about any item in which they are interested which is on the planned agenda.)
- 5. Reports of County Officials, Departments, and Committees:
- A. County Judge:
- (1) Report concerning status of Alternative Tax Stabilization Act or property tax legislation.
- (2) Report concerning Emergency Manpower Program status for the coming fiscal year.
- (3) Report concerning status of legislation affecting Local Government.
- (4) Report on status of Greenway vs Loudon County Quarterly Court.
- (5) Status of Hotel-Motel Occupancy Tax collection, and consideration of additional action if necessary.
- (6) Consideration of filing joint application for Federal grant to construct an industrial park in conjunction with the City of Lenoir City.
- (7) Report concerning recom-

### Interim Use Of Tellico Area Discussed

The Tellico project, already stretched out over four years, is awaiting game with no real action in sight until court litigation is settled, possibly in September.

This fact was the primary one which emerged when the Tellico Area Planning Council met Monday night at Greenback, Loudon County.

Harvey Sprout, chairman of the council, presided.

TVA officials present at the meeting pointed out that the President's recent budget message moved completion date of the project forward to January, 1977. Originally, the dam was slated for completion in January, 1970.

Carl Rasmie, regional planner with TVA, pointed out that all work on the project has been suspended for the past year as a result of a suit brought by the Environmental Defense Fund and the Association for the Preservation of the Little T. Mr. Rasmie said TVA continues planning and mapping operations as well as acquiring property for the project.

The suit, he pointed out, is scheduled for trial Sept. 17 before Federal District Judge Robert L. Taylor.

Mr. Rasmie told members of the council TVA has acquired, by deed, 73.8 percent of the tracts and 72.4 percent of the acres for Tellico.

Several members of the council expressed an interest in possible interim uses for project land, including its use for summer recreational programs.

"If there is anything which describes this project," said Judge Sprout, "I think that it is a people project. And I think we might consider what use some of this land could be put to for the good of the people in the area."

The council asked Mr. Rasmie if TVA would make available a list of lands suitable for interim use, and the TVA official said he looked into the matter. Dr. William O. Oakes, executive director of the Little Tennessee Valley Educational Cooperative, agreed to have his planning staff meet with members of the council's planning staff to look into development of summer recreational uses for some of the land.

Considerable discussion revolved around the proposed Timberlake community to be developed on the Tellico shoreline. John Deig of the Boeing Co. said his company after considerable planning has submitted a proposal to TVA for development of Timberlake.

"We had hoped to have a memorandum of agreement with TVA by today," said Mr. Deig, "but we do not have one."

The Boeing official said he understood the delay was due to the fact that there are other competitors interested in submitting proposals for the development but he added, "We do have a problem. We can't wait forever. We just want to know are we the one or aren't we?" he declared.

Larry Colaw, also a regional planner, TVA pointed out that TVA has sent letters to approximately 40 other master developers and that a number of them have said they would like to submit proposals for the development.

Mr. Colaw added that the Boeing Co. knew from the start that TVA would seek competitive proposals on the development of Timberlake and he said, "We feel that the project will be that much better because of the competition."

Mr. Rasmie said any money allotted by TVA for Timberlake at the present time is simply planning money, adding no capital money will be allocated until the Tellico project is complete.

Said Dr. Oakes, "I don't think you can separate the dam and the town."

Replying to that statement, Mr. Colaw said, "TVA views Tellico and Timberlake as two separate projects. Timberlake is not a guaranteed outcome of the Tellico project. TVA will follow the same route with Timberlake that we have with Tellico. Timberlake will probably remain in a planning mode until settlement of the Tellico issue."

"Timberlake," he added, "is dependent on Tellico. Tellico is not dependent on Timberlake."

It was also brought out that the Environmental Defense Fund in its lawsuit is maintaining that Tellico and Timberlake are both part of the same project.

At the outset of the meeting, Monroe County Judge J.P. Kennedy discussed the possibility of the establishment of a small game preserve on a wildlife refuge somewhere within the Tellico project area.

"This is one phase of

### Charles Eblen Resigns From School Board

Charles Eblen, for 10 years a member of the Loudon County Board of Education has resigned, Superintendent of Education Albert Dukes announced this week.

In a letter to Mr. Dukes, Eblen said that his recent appointment to the Loudon County Election Commission made it necessary that he resign. Mr. Eblen said that he had sought the advice of the State Attorney General on the matter and had been told that there might be a conflict of interest if he continued on both boards.

In his letter said he had committed himself to serve on the Election Commission and felt that because of this he should resign. He said that his service on the Board of Education had been enjoyable and he expressed his appreciation to Mr. Dukes, other members of the board and to County Court for their cooperation and efforts in behalf of education in the county.

Eblen was first elected to the Board of Education when his mother resigned. He was then elected by County Court to a full seven year term. This term expired past July and he was re-elected to a second full term. It is expected that County Court will name a successor at its meeting next Monday.

Mr. Eblen said that his service on the Board of Education had been enjoyable and he expressed his appreciation to Mr. Dukes, other members of the board and to County Court for their cooperation and efforts in behalf of education in the county.

### Mrs. Pease To Head Local Cancer Campaign

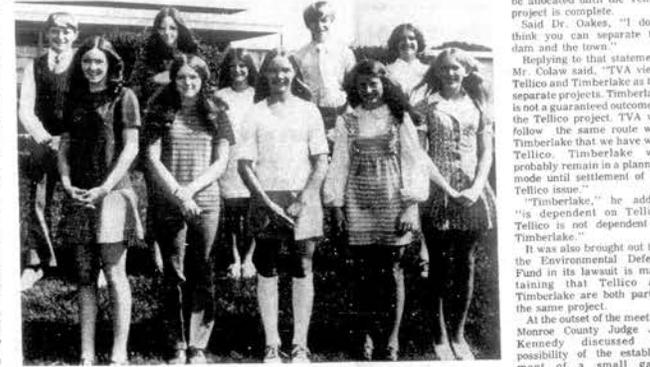

From May 27 the Loudon County Chapter of the American Cancer Society's annual educational and fundraising Crusade is expressed in a great wish — "We want to wipe out Cancer in your lifetime."

Behind that wish will be a lot of hard work and our local friends and neighbors and absolute strangers will be asked to help in the crusade.

"We'll try to make that wish come true in two ways; "first we'll be asking our friends and neighbors and absolute strangers to have annual health checkups including important cancer tests; then, our volunteers will ask people to fight cancer with whatever they can afford, so that the American Cancer Society's vital programs of research, education and service to the cancer patient, can continue and expand."

People in Loudon will be in line for some of the 40 million copies of the Society's 1973 leaflet, "Annual Checkup — It's a Lifesaver," as the Crusade gets underway. This pocket-sized item includes a handy checklist to remind people of the ingredients of a checkup — and an appointment memo blank to remind people to have that checkup.

"That's our plan of action," the Loudon Crusade Chairman said, "and the thinking behind it is very clear. Today, without learning one new thing from the research laboratories our physicians have the knowledge that could save 108,000 more cancer patients each year. But, early diagnosis and prompt treatment are the only way to achieve that goal."

**TOP TEN AT LOUDON JUNIOR HIGH**—Loudon Junior High School principal Tom Rothwell this week announced the top 10 students in the eighth grade class at the school. Pictured in their order of rank they are (first row, left to right) Kim Brant Hoover, Terri Clark, Jennie Leffer, Lana Ribes, and Pam McCulloch. Back row, Brian Courtney, Susan McNabb, Sharon Chambers, Handy Davis and Lee Ann Chihaz.

STATE JAC WINNERS at Loudon Junior High School were presented awards this week for their achievements in various state contests. In the picture Mrs. Hamill Carvey is shown presenting the awards as Mrs. Lucille Purdy, Junior American Citizens faculty director looks on at right. The students are Kathy Johnston, Sharon Chambers, Pam McCulloch, Brian Courtney, and Kim Brantthover.

## Junior High Students Win State Junior Citizens Awards

Five members of the Loudon Junior High School eighth grade Junior American Citizens Club, "Paul's Patriots", sponsored by the Hiwassee Chapter of the DAR, recently won high awards in various state contests of the organization.

Among the contest categories are poems, essay and poster. In these groups students of Mrs. Lucille Purdy, Junior High director of the club won some top awards. They were presented awards this week by Mrs. Hamill Carvey of the DAR. The awards included certificates and lapel pins for winning the Teacher award for leadership and service, plus certificates and cash for their contest awards.

Kathy Johnston won first place in poetry, Sharon Chambers and Pam McCulloch won first and second place in the Essay division. Brian Courtney placed third in the division. In the poster division Kim Brantthover won third place honor.

The theme of the contests was "America's Cultural Heritage," part two of the three-year overall theme, "In Search of America."

Each year the National JAC contest is open to all JAC members from pre-school

## Greenback Community News

By Mrs. S.B. McCollum  
Phone 856-3017 Greenback

The Association of the Retired Teachers of Loudon City and Loudon County met Thursday afternoon in the Greenback Presbyterian Fellowship Hall with the president Mrs. Cannon Lenoir in charge. Devotions were led by the Rev. Alexander Gillander and the secretary Miss Ada Griffiths of Philadelphia. The minutes, hobbies and the topic of the program and Mrs. R.S. Presley told of her hobbies. She then introduced Mrs. Jo Anne Pope who spoke on arts and crafts and exhibited several pieces of her work. Election of officers for the coming year took place and the following will be installed: President-Miss Jeannette Alford; Vice Pres. Mrs. Lee D. Price; Sec. Miss Ada Griffiths and Treas. Mrs. Gladys Hall. Following the program a social hour was enjoyed with Mrs. Carrie Cooper Chairman of Hammond, Ind. assisted by Miss Helen Kerr; Mrs. Anne Rowland; Mrs. Gladys Henry, Miss Ella Mizell and Mrs. Ila Briant. Thirty two teachers were present at the meeting.

Mrs. John Wear spent Friday night with her daughter Mrs. Sam Dunn and family near Knoxville. On Monday, Mrs. Wear flew to New Orleans for a visit with her son Mr. Buck Wear and family. Accompanying her on the trip was her daughter in law Mrs. Mel Wear and sons who visited her mother and grandmother.

Miss Max Lowry is at home from a three week visit with Mrs. A.C. Montgomery and Miss Laura Morton in Loudon City.

Mrs. Frank Mayfield and Mrs. Nellie Brookshire visited last week with Mrs. Mayfield's sons, Mr. and Mrs. Hubert Davis and family near Baltimore Md.; and Mr. and Mrs. Clyde Davis and family, near Washington, D.C.

Mr. Mike Long, son of Mr. and Mrs. J.C. Long is at home from Spartanburg, S.C. and is now assistant manager of

through high school. There are several categories in which a student can enter, such as posters, essays, poems, plays, programs, songs, scrapbooks, and special projects. All entries are first judged at the state level and the winners then are placed in competition at the national level.

National Hand Goods Store in the Green Acres shopping center.

Born to Mr. and Mrs. Bill Burkett (Marty Mainer) a daughter on April 27 in Blount Memorial Hospital. Mother and baby are reported doing nicely.

Mr. and Mrs. Harold Nestor of Columbia, Ohio have been guests this week of her uncles Mr. and Mrs. Fred Pippo and Mr. and Mrs. Elbert Fippa. Miss Helen Kerr and Mrs. Leon Briant accompanied the Rev. A. Gillander to the Johnson Nursing Home near Loudon City Wednesday and assisted in caring for the patients a few hours.

Mr. and Mrs. Parks Hall and family of New Martinsville, W. Va. visited last week with his mother, Mrs. Blanche Hall; Mr. and Mrs. Coby Cane and Mr. and Mrs. Ed Henderson.

Mr. and Mrs. McCoy Peterson of Hammond, Ind. visited last week with his mother, Mrs. Earl Hackney and Mr. Hackney.

Mrs. Helen Jackson went Sunday to Knoxville to be with her daughter, Mrs. Gillis Holloway, who is at home from the hospital and recovering from major surgery.

Mr. Earl Hackney is recovering from a severe attack of flu, at his home near Loudon.

Mr. and Mrs. A.W. Carpenter spent last weekend in Knoxville with their son, Mr. and Mrs. Archie W. Carpenter Jr.

Mr. and Mrs. William Dempsey of Cove Springs, Ga. are guests of Mrs. Ruby Long. Mrs. Frank Hill; Mrs. Randall McIntosh (Pat Hill) and Mrs. Bill Satterfield entertained Saturday evening at the Hill home, honoring Miss Judy Pippo, who will be married June 23 to Mr. Billy Law Floral and candle decorations adorned the reception rooms and a huge white bell overhanging the punch table. Bridal contests were enjoyed and the main feature of the evening was the opening of packages. Miss Pippo received many useful housekeeping gifts.

Mr. S.B. McCollum is at home from a weeks treatment in the Blount Memorial Hospital and is in fair condition at his home here.

Mr. Sam McClurt remains very ill in the Knoxville University of Tennessee Hospital.

Mr. and Mrs. Albert McKinney of Maryville; Mrs. John French; Johnny, Patsy and Mrs. Ann Morgan and baby of Friendsville visited Sunday with Mr. and Mrs. W.D. Sell.

Mr. and Mrs. Richard Woods visited Sunday with Mr. and Mrs. Amos Marshall in Sevierville.

## Butler Home Nominated As State Historic Site

BY CALVIN LUNSFORD  
The stately Georgian home of Mr. and Mrs. William J. Butler near Loudon on Highway 72 has received nomination as a Historic site by the State Historical Sites Committee. The nomination has been recorded in the Register of National Historical Sites, which means that under the National Historic preservation Act, the home will be protected from possible destruction by development, highway construction, or other acts of state or federal government who might seek a condemnation process to have the structure torn down.

This old and beautiful home was built by Albert S. Lenoir in 1857. He replaced a frame house which was constructed in colonial days. Albert was the son of William Ballard Lenoir who founded Loudon City in 1837. He was married to Katherine Walker, daughter of a prominent Roane County family.

Albert Lenoir was well known, being by profession an engineer and surveyor. In 1839 he went to Ross's Landing (as it was called at that time) where he laid out the city of Chattanooga. His oldest child, Elizabeth Lenoir, was the first white child born in Chattanooga. Later Elizabeth married Judge

David McKendree, who served as Postmaster General under President Hayes.

The house is unique in many respects, not only the exterior, which has massive columns, and a lawn graced by many old and beautiful trees, but the interior is beautiful and well kept and reflects a very definite era of history.

The Lenoir home remained in possession of the Lenoir family until 1903 when it was purchased by L.M. Matthews. At his death, his son, Brig. Gen. Hugh Matthews purchased it. After his retirement from the United States Marine Corp. he and his wife, Mary Higgins Matthews resided

there. They remodeled the house extensively and it's furnishings came from all over the world. Following the General's death, his widow returned to New Orleans to be near her brother, A.J. Higgins, the famous boat builder.

The home was then purchased by Mr. and Mrs. William J. Butler, who continued to reside there. When one is visiting this home, one feels as though the clock has been turned back, revealing a past way of life. And yet, one feels that this is a home that reflects an era of unburied living but has still kept pace with the modern trends.

High wire artist demonstrates Torino's incredibly smooth ride.

**It took a lot more than a smooth ride to make Ford Torino the best selling car in the mid-size field. The closer you look, the better we look.**

Just released: Gran Torino 2-Door Hardtop with new Luxury Decor Package and WSW tires.

Surprising luxury in a mid-size car. Pictured above is the interior of Front disc brakes are standard on Torino. Power front disc brakes optional.

Optional AM/FM stereo radio with front and rear disc speakers.

Torino's instrument panel. All gauges are easy to read, controls within easy reach of driver.

Behind Torino's smooth ride are better ideas in engineering. Like angle mounted shock absorbers for increased directional stability. Rubber body/frame mounts that help isolate the passenger compartment from road shocks. And a coil spring rubber-isolated front suspension that helps minimize noise and road vibration.

Inside you'll find expansive room up front. Plus the kind of luxury you'd expect from high priced automobiles.

So take a good, close look at Ford Torino for '73. Discover why it's become the best selling car in the mid-size field.

The solid mid-size car

The Tribe Speaks

BY LOUDON HIGH SCHOOL JOURNALISM CLASS  
By Patti Gentry, Joyce Harrison,

On Saturday April 28, Loudon FFA members entered the East Tennessee Dairy and Livestock Judging Contest held on U.T. Agriculture Campus. Dairy team members were: David Blankenship, Joel McGinnis, and Tim Bingham. They judged Dairy Cows and Heifers, Livestock team members were: Darrell Burnette, Charles Kerr, and Mike McCall. They judged breeding beef cattle, Breeding and Market hogs, and a class of grading slaughter cattle. Oral reasons were given on one class by each team members. High score in individual on Dairy team was Joel McGinnis, Charles Kerr high score individual from Loudon on Livestock team.

Other members who attended contest from Loudon were: Bill Smullen, Eugene Farmer, Scott Tiley, and Tim Brewster. Mr. Ralph Alexander, Agriculture teacher, accompanied group to U.T.

These following members of the Loudon High Interact Club participated in a taped interview with Senator Bill Brock. The first of these two half hour shows was shown Friday, April 27, at eight o'clock on Channel 6. 1) Rick McJunkins, 2) David Surratt, 3) Paul Rivers, 4) Floyd Morton, 5) Richard Love.

The 1973-74 P.F.A. Chapter Officers are as follows: President-Rickey Moore, Vice President-David Blankenship, Secretary-Freddy Giles, Reporter-Darrell Burnett, Sentinel-Kelth Gentry, Treasurer-Tim Bingham, and Chaplain-Mike McCall.

Karen Murrell, Claudia Hines, and Paul Bivens accompanied by Miss Ann Handolph attended the Student Council Convention in Dyersburg Thursday and Friday, April 26-27.

Intramural Championship games were played Monday evening. The Freshman girls versus the Junior girls, resulted in the score 33-9 in favor of the Juniors. The Sophomore boys versus the Senior Boys, the score was 24-33 in the Seniors favor. This was interesting to both participants and spectators.

# Fiscal Plan Brings Better Government

(Editor's note: This is the third and final article in a series of articles on Loudon County's proposed "fiscal planning program" which the Loudon County Regional Planning Commission with the technical assistance of the Tennessee State Planning Office has been preparing.)

A good budget for any family or business enterprise carries with it priorities which are based on the amount of importance of each item.

The "fiscal planning program" for Loudon County, although not a budget in the strictest sense of the word is no exception.

As new needs surface which today might not be foreseen, for example, they can then be planned for and monies allotted.

And just one the opposite side of the coin, improvements might later lose their importance and therefore be abandoned.

To take an example, a planned addition in 1977 to X school might be shifted or waived if the projected amount of children do not attend the school.

Perhaps the drop in the projected enrollment could be attributed to a fault in the population forecasts or the movement of families into other parts of the county taking their children with them.

Fiscal planning considers all other parts of the Loudon County fiscal planning program takes all this and more into account and allows for it.

But back to the priorities. Priorities in the fiscal plan are based on studies of past years as revenue sharing, taxpayers' dollars and state aid," according to Dave Roeder, the Tennessee State Planning Office planner for Loudon County.

"Right now the proposals in the fiscal plan are being considered for adoption by the Loudon County Quarterly Court.

Invited to attend these meetings, hear the discussions, and add their own comments.

Then, when and if the fiscal plan is finally adopted by the County Court, it will be in better shape since that many more Loudon County residents have contributed to its preparation and that many more opinions as to the importance of county matters have been considered.

The planning commission meets at 7:30 p.m. on the third Thursday of every month at the Loudon County Courthouse. The next meeting is scheduled for May 17.

For those persons desiring to contribute but who are unable to attend the meetings, perhaps they will want to contact individually the different planning commissioners.

They are Ben Galyon, chairman, Roscoe Pressly, first vice-chairman; Ross Wilkerson, second vice-chairman; Judge Harvey L. Sprad, secretary; John W. Cardwell, Jr., I.D. Comer, Samuel F. Forkner, Sr.; Charles T. Harrison, Henry Mitchell; Lee Thompson, Jr. and Curtis Williams.

Plan now being discussed at the Loudon County planning commission's monthly meetings, the fiscal plan is being discussed proposals weighed and amended.

Loudon County citizens are

include a 40-bed expansion, a heliport, elevator and neighborhood health clinic. These improvements will be financed with hospital revenues.

1973 bond issues named:

For 1973 the Loudon Junior High School is scheduled for improvements if a bond is approved by county citizens.

Revenue bond issues proposed for 1973 include the construction of the Ft. Loudon Industrial Park and the Tellico Area Services System.

For 1976 a bond issue is scheduled for improvements and additions to Steekee Elementary School and in 1977 another bond issue on the construction of a middle school at Eaton and an elementary school at Loudon.

The final item on which there will be a school issue proposed is for school improvements to Greenback Elementary School and that bond issue should come up in 1978.

But back to other capital

## Burley Loan Put At 78.9

certify that they have not used restricted pesticides (DDT and DDE) on their 1973 crop tobacco, Mr. Tapp said.

Kristi Denae Ward, daughter of Virginia Ward, Philadelphia, and Roland Ward, Lenoir City, celebrated her second birthday, April 4. She was given a party on Saturday, April 7. Grandparents are Mr. and Mrs. Pete Jackson, Philadelphia, and Mr. and Mrs. William Ward of Lenoir City. Great-grandparents are Mrs. Nellie Arden, Philadelphia, and Rev. and Mrs. Fred Green, Lenoir City.

It has priorities for items year-by-year over the period covered in the plan, 1973-1979. And within each year there are priorities, too, or what's more important for the betterment of Loudon County will naturally come first.

A guideline for officials

The "fiscal planning program" is just a guideline for county officials.

It was and is being prepared in order "to better plan for the appropriation of county funds such as revenue sharing, taxpayers' dollars and state aid," according to Dave Roeder, the Tennessee State Planning Office planner for Loudon County.

"Right now the proposals in the fiscal plan are being considered for adoption by the Loudon County Quarterly Court.

If the Court does decide to adopt the plan, it doesn't mean that the county will have to stick neck and neck with this "budget" over the coming years.

Set for 1974 is a proposed bond issue for the expansion and improvements to the Loudon County Hospital.

This expenditure will in-

improvements which are expected to be financed by the county's general fund and other sources as opposed to bond issues.

They include: for 1973, a county garage and county maintenance department; for 1974, improvements to the county courthouse, a county-wide solid waste bulk collection system and several county parks; for 1976, three ambulances, the construction of a county sanitary landfill, and auxiliary police uniforms.

Then for 1977, an expansion to the courthouse; hospital intensive care and coronary unit; for 1978, a joint Loudon County-Hooper County Community Center building, a civil defense emergency vehicle and wheelchairs and refrigerator for the county health department.

Plan now being discussed at the Loudon County planning commission's monthly meetings, the fiscal plan is being discussed proposals weighed and amended.

Loudon County citizens are

invited to attend these meetings, hear the discussions, and add their own comments.

Then, when and if the fiscal plan is finally adopted by the County Court, it will be in better shape since that many more Loudon County residents have contributed to its preparation and that many more opinions as to the importance of county matters have been considered.

The planning commission meets at 7:30 p.m. on the third Thursday of every month at the Loudon County Courthouse. The next meeting is scheduled for May 17.

For those persons desiring to contribute but who are unable to attend the meetings, perhaps they will want to contact individually the different planning commissioners.

They are Ben Galyon, chairman, Roscoe Pressly, first vice-chairman; Ross Wilkerson, second vice-chairman; Judge Harvey L. Sprad, secretary; John W. Cardwell, Jr., I.D. Comer, Samuel F. Forkner, Sr.; Charles T. Harrison, Henry Mitchell; Lee Thompson, Jr. and Curtis Williams.

**Dutton Is Again Winning Coach**

**White Comeback Nips Red Team In Redskin Spring Finale, 14-12**

**WAR DANCE**—While the Loudon Redskins sharpened their "game condition skills" in the spring Red and White intersquad game, assistant coach Gary Dutton brushes up on his victory shuffle. The likeable coach was again in the winning head mentor in the Red and White game.

The Loudon Redskins put a stirring climax to their spring football drills Monday night in the annual Red and White intersquad clash. The White team, coached by assistant Gary Dutton, came from behind in the second half to down Coach Jim Gibson's Red team 14-12.

The Red team, fired up by the tiger play of Tim Guider and Brad Brewster, clamped an iron hand on the offensive measures of the White team while Dennis Queen put together a classy passing game to end Sam Lyle and Preston McQueen.

It was on one of these forward aerials that the Red team was able to draw first blood with a nifty 34 yard scoring stripe to Sam Lyle with 9:19 left in the second quarter. The scoring play got its electrifying send off on a well placed block by Preston McQueen after the catch. The try for the extra point was no good.

The two teams again turned the game into a defensive struggle as was the scene of the entire first period. The White team did manage to slip

to the 17 yard line of the Red team before losing the ball on fourth down.

With less than a minute and a half left in the second quarter, Queen again started to seek out his receivers and with Lyle and McQueen snagging some beauties rolled to the 15 yard line of the White team only to have Marlon Brown intercept a pass for the White defensive unit in close out the first half of play.

Coach Gary Dutton's White unit, down by six, came out throwing in the second half but the Red defense was ready as Raymond Watkins picked off two aerials on successive series to keep the momentum with the Red team. Marlon Brown came up with his second interception of the game in the third quarter to halt a Red team march for the White's.

The Red team was in full command and driving when a stray pitchout ended up in the hands of White team's Lonnie Brewster. The big tackle rambled some 40 yards into Red territory before being pulled down from behind. If

did not take White quarterback John Lovelace long to engineer a scoring march with Porky Campbell, up from the freshman team, rambled over from the four yard line. The try for extra point was stopped shy of the goal and the score was 6-6.

R.L. Brannum got the Red team back into gear with a pass interception to start the fourth quarter and David Surratt accounted for some sizable gains as the Red offense moved to the White 20 yard line. The White team held strong at the 20 with Steve Kiser, Mike Yates, Lonnie Brewster, and Johnny Deathridge plugging the defense gaps.

The White took over and after a pick up of a near five yards turned Porky Campbell loose out wide to the left. The shifty little seat-back appeared to be trapped when suddenly he brought the crowd to their feet with a dazzling piece of broken field running that cleared his path to the goal line and the race was on. The Red back scampered 75 yards and a touchdown. Rick Melton, a sophomore in the fall turned the corner for the two point conversion and the White unit led 14-6.

The Red team showing such poise and fight hit pay dirt with 2:25 left in the game for a 14-12 score as he attempted two point conversion pass was called down. David Surratt legged out the scoring jaunt from the six yard line.

The Red unit refusing to give the ball back in the fading moments of the contest and drove to the White 12 yard

**UNCLAIMED AERIAL**—Red team receiver Preston McQueen (14) loses his footing while chasing this stray pass. White team defensive back Jimmy Long nearly comes up with an interception on the play.

line before time expired ending the game. The two evenly matched football teams gave an excellent account of themselves for the work they have accomplished during the spring. Several players appear far advanced over their playing capacities of a year ago. Ruddy Swiney stood out as a

sure handed receiver for the White team while Johnny Deathridge averaged almost five yards per carry from his backfield running slot. David Surratt is well and running hard after missing almost the entire season last fall with a broken collar bone. The linemen have better pursuit and the line backers

read developing offensive maneuvers quicker and react faster. In whole the Red and White game was thought to be a good acid test for what can be in the fall provided the spirit and work carries over from the spring. The Red team won last year's spring game 22-16 with Dutton at the helm.

**Little Big Orange Basketball Camp To Be Held At Loudon High School**

Loudon High School Basketball Coach, Hugh Watson with help from Steekee Elementary Coach Larry Bridges will conduct the

Little Big Orange Basketball Camp for the Loudon County area and its surrounding communities. The Little Big Orange Camp for boys and girls ages 6 to 14 will send the best two representatives to Knoxville to try out for the

original Little Big Orange troop which has performed on a national basis since coming into being in 1970.

The area camps are to inspire self-confidence through achievement and to motivate each participant to master his

or her talent and abilities. The Camp provides individual instructions in all phases of basketball, including complete coverage of

offensive and defensive fundamentals.

Camp activities include introducing the young athlete to youth scaled equipment that will enable each participant to develop proper skills for ball handling, dribbling, passing, and shooting.

Members taking part in the camp will receive an official Little Big Orange Basketball, a Little Big Orange Uniform, a

Little Big Orange Patch Emblem, a certificate of participation, and insurance coverage. Anyone seeking farther knowledge of the camp may contact Hugh Watson at Loudon High School.

The Camp fee is \$30.00 and will commence June 11 and run daily thru June 15. The Camp will be held in the morning hours, 9 a.m. till 12 noon.

**SURRETT IS CAUGHT**—A host of White team defensive players stop the offensive efforts of Red team back David Surratt. The crafty running back gave a strong showing in the spirited game, bouncing back from a collar bone injury suffered last fall.

**THEY WENT THATTA' WAY**—White team coach Gary Dutton, a bit concerned at the fact his team was trailing 6-0 at the half, points to the dressing room for a chance to give his team a pep talk.

**Grid Tickets In Loudon**

Tickets for the Orange and White football game, which will close spring practice for the University of Tennessee May 4, are available in Loudon at Hamilton National Bank.

Tickets, if bought in advance, are priced at one-dollar for adults and 50 cents for students.

Normally a Saturday afternoon event, the Orange and White game will be played for the first time on Friday night, with the kickoff set for 7:30 p.m. A lighting system was installed last year at Neyland Stadium at a cost of approximately \$350,000.

"We appreciate our ticket outlets cooperating with us for the Orange and White game," said UT Athletic Director Bob Woodruff. "This is a great service to Volunteer fans, who can purchase tickets at half the price that will be charged the night of the game."

**Punting Duel**  
Bill Simpson of Michigan State and Gary Lago of Ohio State will resume their Big Ten punting duel next season. Both juniors averaged 40 and a half yards on their 187 punts.

**Two Teams Share City Golf Honors**

Buck Kirkland and John Lennox continued their torrid City League Golf play last week with a nine point team score which kept them atop the league standings.

Also turning in with an excellent showing was the team of Larry Millsaps and Lynn Millsaps. The Millsaps team, second last week, has drawn into a deadlock for the league lead matching the two week play of Kirkland and Lennox.

Larry Bridges and Larry Lane stepped up into the third place slot and trail the league pace setters by just two strokes.

Paul Brakebill and Edwin Arnold and Jack Hodge and Don Canter are tied for fourth place with 12 team points to date.

John Lennox fired a round of 30 for the low night net score and took top individual play for the week. Lennox's hot round contributed to the low net team score also captured

**Cardwell And Miller Hold Top Spot In Union Carbide Golf Play**

The Union Carbide Golf League took a quick re-shuffle this past week despite the fact that Jim Cardwell and Jack Miller managed to hold the league lead.

Second place Charlie Helms and Jack Delaney were idle last week and thus lost considerable ground as fifth place team of Jim Spradlin and Ernie Black vaulted into second position with 17 team points. Their hustling play rewarded them with the top low net team mark for the night with a 71.

Mike Oody carried away low medalist honors with a sparkling 32 for the round.

Art Hamill and Dick Huff remain in third place and Ray Birkholz and Chuck Moore held firm in fourth over the past week of golfing.

**Lenoir City Baseball Swings Into Stretch**

The Lenoir City Baseball team finally returned to action Monday night after a week's layoff due to rain and posted a lopsided 14-2 decision on home standing Coalfield. Tim Cunningham was the winning hurler, extending his season pitching record to 5-0 for the spring. The Panthers are 10-1 as a team, having reeled off nine consecutive victories after losing to Maryville 7-6 back in early April.

Lenoir City was suppose to have taken part in the annual Oak Ridge high school invitational baseball tournament this past week end, but rain and wet grounds forced the tourney to be canceled.

Lenoir City has but seven more games listed on their schedule before taking part in the district playoffs in Oak Ridge starting May 14.

# Greenback Athleters Honored At Cherokee All Sports Banquet

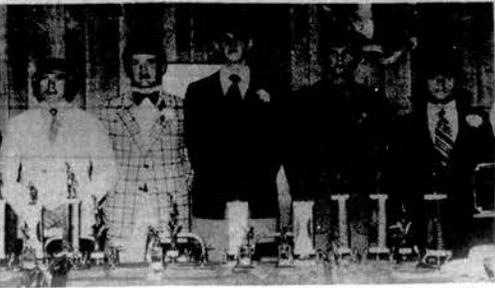

**NEW GRID LEADERS**—Seniors-to-be Tim Hammontree and Tony Linginfeller were named football captains for this fall. Both players were named to the school's "500" point club last season and made both the All Loudon County grid team and the Foothills Conference elite.

The Greenback Athleters held their annual All Sports Banquet Saturday night at the Esquire Inn across from McCheser Tyson Airport.

Head football coach Keith Bailey, head boys basketball coach Charles Bailey, and head girls coach Jerry Masingo all made salutes to their respective teams and their athletic season of achievements.

The football team, which finished 6-4 for the season and second in the Foothills Athletic Conference, had several members to be recognized for their outstanding play. Seven members of the team made the 23 man All Conference team selected by conference coaches and officials. Receiving All Conference awards were Tim Hammontree, Mike Evans, Keith Rollins, Tony Linginfeller, (all seniors-to-be), Joe Minor, Danny Evans, and Tommy McNeilly. Of the seven, five made the "500" point club constructed by Coach Keith Bailey and assistant coach Jerry Masingo for individual team play in

**BASKETBALL STARTING FIVE HONORED**—The entire starting unit of the Greenback basketball team was honored at the athletic banquet. Pictured from left to right Larry Ritchey took home A 11 Loudon County Trophy, All District and All League Team honor, the Bonnie Pressnell Award for extra team effort and play, and the Most Valuable Player Trophy; Tim Hammontree, Best Defensive Player; Bill Joe Kyker, Best Offensive Player and All Loudon County Trophy; Tony Linginfeller, Most Improved Player; and Joe Minor, Leadership Award.

competition with their team mates. "The idea is to get the boys to give a little extra," says the coach. "To get in the club a player is scored on his individual contribution to each ball game. An individual tackle counts so much, a pass caught so many points, a fumble recovered so many, and so on in an effort to get as high an individual score as possible."

Making the "500" point club were Hammontree, Evans, Rollins, Linginfeller, and Danny Evans. Four Greenback players were named to the All Loudon County grid squad. They were Hammontree, Linginfeller, Mike Evans, and Darrell McKeenan.

In basketball the Cherokee starting five of Coach Charles Italey walked away with all the hardware. Senior Playmaker Larry Ritchey collected the most awards with recognition by the District Three coaches and officials as both an All League

**WON CHEROKEE AWARDS**—Taking top individual trophies for the Greenback girls at the Cherokee's Athletic Banquet Saturday night was left to right senior Shirley Dotson, Best Defensive Trophy, senior Mari Beth Hammontree, Best Offensive Trophy and also the Most Valuable Player Award, and junior Kathy Broome selected the Most Improved player.

every so often. Biding good by to a super star Mari Beth Hammontree, as close to a super star for Greenback Cherokee's over the past couple years, as any girl ever to graduate from the small division school, will graduate in the spring.

The high scoring forward handed away All League honors in District Three play. All Loudon County for the second straight year, named the top Offensive Player, and was voted the Most Valuable Player by her team mates. Also sharing the spot light was

senior Shirley Dotson as the top Defensive Player and senior Kathy Broome as the Most Improved Player.

School letters were awarded to all the athletic teams and cheerleaders for their efforts over the past athletic season. School sweaters were handed out to all the seniors.

The announcement of 1973 football captains was also made at the close of the banquet with quarterback Tony Linginfeller and fullback Tim Hammontree receiving the honor from their fellow players.

**RECEIVE RECOGNITION IN FOOTBALL**—Six players off of last year's 6-4 Cherokee football eleven were recognized for their individual play Saturday night at the Esquire Inn, site of the Greenback All Sports Banquet. Getting special awards were left to right Darrell McKeenan, All Loudon County; Danny Evans, "500" point club; Tim Hammontree, All Loudon County, Best Defensive Player; All Foothills Conference Team, and "500" point club; Tony Linginfeller, All Loudon County; All Foothills Conference Team, Best Offensive Player, and "500" point club; and Keith Rollins, "500" point club.

### Weather Plagued Atomic Speedway To Try Again This Weekend

Late model sportsman competition at Atomic Speedway returns to Saturday night this week after the weatherman failed to cooperate last week.

Rain and cold weather forced the stock car schedule to Sunday afternoon after the American Motorcycle Association's Southeastern Classic was cancelled Friday night.

The sportsman cars will be featured for 40 laps in the main event. Also on tap will be a 20-lap semi-feature for drivers not making the feature lineup, four heats and a 20-lap hotlap chase.

Time trials for sportsman drivers begin at 7 o'clock. Leroy Vann and Otis Miley haven't made it to the checked flag yet this season, but both are keeping the heat on the frontrunners.

"These two drivers have really displayed their skills so far this year," said Atomic owner Bob Martin. "If they continue to run as they have been it is just a matter of time until one or both of them win a feature race."

Georgia driver Snooks DePoon in a Mustang and Knoxville's Tootle Estes in a Camaro have been the big winners at the third-mile speedway this season.

Other top runners have been Chattanooga's Joe Lee Johnson and Jerry Meadows, Ken Phillips of Harrison, H.E. Vineyard of Maynardville and Herman Goddard of Knoxville's Tootle Estes in the defending track champion.

The ASA classic may be worked into the schedule late in the season, according to Martin.

### Game and Fish TODAY

By Sgt. Bob Harmon  
Game and Fish Commission

**Lost Wild Geese**  
They say that wild geese have built-in radar enabling them to get back from whence they came. This may be true and the Tennessee Game and Fish Commission and TVA hope it is, because they have lost ten wild geese!

The ten lost are part of a flock of eighty wild Canada geese that were released on Melton Hill Lake by the State Game and Fish Commission and TVA in a joint effort to try to establish a resident flock in this area.

Larry Safley, District Game Biologist for the Commission says the number of geese and ducks that are migrating to East Tennessee is getting smaller each year. This is caused by the mild winters and the fact that states north of us have set up wildlife areas that attract them.

The missing geese were banded with a colored band on one leg and an aluminum one on the other leg. We feel that the geese have gone off to nest around some of the states north of us but we would like to know for sure, so we urge anyone seeing the geese with leg bands please contact the Knoxville Game & Fish Office or Jim Burbank of TVA, said Safley.

The cooperators in this project want to thank the residents around Melton Hill Lake for the protection they have given the geese.

**GAME AND FISH COMMISSION APPREHENDS VIOLATORS**  
Fishing in the Volunteer State can be dynamic when the waters explode with bass, rockfish, sauger and other Tennessee favorites. But using dynamite to fill the creel is illegal.

Two Smith County residents, Harold E. Pitman, Hickman, Tennessee, and Roger Henson, Gordonsville, Tennessee, appeared recently in General Sessions Judge W.H. Mathews' court and pled guilty on the charge of using explosives to take fish from Hickman Creek. A third defendant appeared in the Carthage juvenile court and also pled guilty before juvenile Judge T.E. Hackett. Each defendant was fined \$50 plus court costs and given a 30-day jail sentence. The jail sentence was suspended upon payment of the fine and costs.

Game and Fish Officer Bob Lowry also charged Doyle F. Farmer, Gordonsville, Tennessee, Wayne Farmer and Jimmy W. Nease, Hickman, Tennessee, with exceeding the daily limit on fish. They were apprehended below the Cordell Hall Dam with 62 sauger, when the legal limit would have been 15 for each. Cash bonds amounting to \$45.25 were posted in General Sessions Court. The bonds were forfeited by Judge Mathews when the men failed to appear.

Officer Lowry was aided in the arrest by Sheriff Jim Wheeler and Deputy Sheriff David Woods.

**ROCKFISH SPAWNING OPERATIONS TO BEGIN**  
Within a few days, personnel from the Tennessee Game and Fish Commission will begin operations with the electric shocker to collect striped bass (rockfish) for spawning. This work will be done primarily in the Holston River downstream from John Sevier Dam at Bagersville but some fish may be taken from the headwaters of Percy Priest and Norris.

The evidence so far indicates that the striped bass has not successfully reproduced in Tennessee waters. To maintain present populations of strippers such as those in Cherokee and Percy Priest, and to develop new populations, it is necessary to spawn the fish in a hatchery and incubate the eggs in species that will hatch.

Since a female rockfish usually does not become sexually mature until her second or fifth year, large fish must be taken. Even though a female rockfish weighing less than ten pounds will have eggs, they are usually immature eggs and will not hatch. On the other hand, smaller males are easier to handle. Males usually mature the second or third year and even the smallest ones produce an adequate quantity of sperm.

Rockfish are collected with the shocker and preferred several advantages over other types of equipment. The fish are stunned by the electric current and come to the surface where they are dipped up and placed in holding tanks. They are not bruised or cut as is usually the case when fish are caught in nets. Another advantage is that only the fish needed are handled. Other fish stunned by the shocker are not picked up. They recover within a couple of minutes and go on their way. And since the electricity is effective only within a few feet of the boat, it does not disturb fish that are not within this range.

Approximately five females and two or three males will be taken each day. The females will be examined as soon as they are caught to determine the condition of their eggs. If they are not within a few days of natural ripeness they will be returned to the river. If the eggs are satisfactory, the fish will give an injection of hormones and taken to the Morristown Hatchery where she will ripen within 48 hours.

Although some fish die from the handling involved in the spawning operation, the majority of them should live to spawn and back into the water from which they came. The females will produce an average of about one million eggs. As the male injects these will hatch. Based on these figures, it will require twenty females to produce the ten million eggs needed for this year's experiments with rockfish and hybrids. Some fry will be stocked directly into lakes while others will be released in hatchery ponds to be reared to fingerling length.

**FISHING REPORT**  
This report is based on present weather and water conditions and how the fish are biting now. It is subject to change if these conditions change.

**CHEROKEE LAKE** - Water conditions are excellent. Crappie fishing is excellent, casting small feathered flies tipped with small minnows around brush piles, especially in upper end of lake. Several large strings are being taken. Bass are really tearing up. Big O's, Rapalas and top secret plugs all over the lake. Lots of bass are being taken in the 3 to 5 lb. class. Rockfish are still being caught from Caney Creek to John Sevier Steam Plant on large bucktail flies and deep running plugs. A few rocks are showing up around Southern Dock.

**NORRIS LAKE** - Murky to clear and rising. Lots of nice strings of bass are being caught on Big O's and black worms off deep rocky banks. Lots of large crappie are being caught on spin gliders, small flies and minnows around brush piles. Walleye are biting inconsistently but several are being caught trolling along shallow banks and across sandy points, on worms and spinners. Striper are running good in the large creeks on the Powell side and are being taken on leadhead jigs.

**DOUGLAS LAKE** - Clear in the upper end; murky in lower end and rising. If you want to

**AMOS WINS** - "Amos", owned by Robert Thompson of Lenoir City, won first place Derby Class in the Little Tennessee River Fox Hunters Club Hunt last weekend.

**ALL AGE COMBINATION WINNER** - "Monk", owned by Homer Purdy of Loudon, won the combination trophy in the Fox Hunters Club Hunt last weekend.

catch lots of bass, go to this lake. They are striking spoons, spinners and some topwater lures and cream worms. Crappie are schooled up and they are striking real good on hair jigs tipped with small minnows around submerged willows. Sauger has slowed down a little, but still good trolling deep running lures and still fishing with minnows near the bottom.

**CRAPPIE CATCH** - Walter, Billy Ray and Guy Bevins are shown with the 39 crappie they caught last Wednesday fishing Fort Loudoun Lake.

## Little Tennessee River Fox Hunters Club Hold Bench Show And Field Trial

The Little Tennessee River Fox Hunters Club held their annual spring bench show and field trials this past weekend in Loudon County.

The winners of the different classes in the bench show were All Age Female, "Jane", owned by Ted Biding of Loudon; All Age Male, "Bob", owned by Bill Gray of Vonore; Derby Female, "Gypsy", owned by A.J. Taylor of Dalton, Ga.; Derby Male, "Herman", owned by Carl Hardin of Loudon; Male pup "Webb's Loyal Mann", owned by Marvin Webb of Dalton, Ga. and Female Pup "Pocahontas", owned by T.A. Robertson of Sevierville.

The Best Dog in Show was won by "Bob", owned by Bill Gray of Vonore. "Gypsy" owned by John Taylor of Dalton, Ga. won the Best Opposite Sex. Carl Hardin of Loudon had winners in the Best Pack and Best Pair. The Natural Carriage was won by "Janie", owned by Ted Biding of Loudon.

Derby winners were first place, "Amos" owned by Robert Thompson of Lenoir City; second place, "Big Sam", owned by W.C. Kline of Nolichucky; third place, "Vaughn Dock", owned by Eddie Smallen of Loudon; fourth place, "Ruth", owned by Rex McCown of Knoxville; fifth place, "Duke", owned by Imogene Jett of Erie; sixth place, "Andy", owned by Robert Thompson of Lenoir City; seventh place, "Black Man", owned by Sam Hall of Oneta; eighth place, "Lemon", owned by Fred

Jones of Harriman; ninth place, "Sandy", owned by C.A. Millsaps of Knoxville; and tenth place, "Sam", owned by Fred Jones of Harriman.

All Age Winners were first place, "Kim", owned by Ray Stoffle of Sevierville; second place, "Frank", owned by Harley Stewart of Franklin, N.C.; third place, "Big Spike", owned by Wayne Raper of Nolichucky; fourth place, "Paddy", owned by Jim Bonadole of Knoxville; fifth place, "Monk", owned by Homer Purdy of Loudon; sixth place, "Germ", owned by Bob Hembree of Loudon; seventh place, "Judy", owned by C.A. Millsaps of Knoxville; eighth place, "Tiny", owned by Robert Sewell of Sweetwater; ninth place, "Stumpy", owned by Deayne Hodges of Sevierville and tenth place, "Soddie", owned by Carl Norris of Loudon.

Other winners in the hunt were "Monk", owned by Homer Purdy of Loudon, winner of the All Age Combination and "Booger", owned by Hamp Millsaps of Ten Mile, winner of the Derby Combination. Mr. John Smallen, age 72, of Loudon received a trophy for the oldest hunter to participate in the hunt.

The Fox Hunters held the bench show at their clubhouse. The hunts were held in the Davis Community of Loudon County. Approximately 250 hounds took part in the three day trials. Fox hunters as far away as Michigan, South Carolina, and North Carolina participated in the hunt.

**BENCH SHOW WINNER** - "Red" Galyon of Lenoir City is shown with the hound that won the All Age Male trophy in the bench show sponsored by the Little Tennessee River Fox Hunters Club last weekend.

Dam, fishing is real good. Striper are being caught on large jigs. Catfish are being caught on shad entices, deep WATTS BAR LAKE - Murky and fluctuating. Bass are being caught on medium running lures and large

minnows. Crappie are biting good on small jigs and minnows. Catfish are being taken on trotlines with cut bait. Bluegill - good on worms.

**MELTON HILL LAKE** - Murky in upper end, clear in lower end and stable. A few bass, crappie and stripes are being caught on minnows and jigs. Catfish are biting slowly, but a few are being caught on worms. Trout are biting good below Norris Dam on corn, worms and flies.

**FIRST FISH** - Michael Massey, 4, son of Richard and Wanda Massey of Loudon is shown with a fish he caught, his first, Sunday on Sweetwater Creek.

**CRAPPIES** - Adam Roberts of Lenoir City found the crappie hungry this past weekend. Mr. Roberts caught the fish on small flies while fishing in Fort Loudoun Lake.

Clear and stable. Bass fishing is real good on spring lizards and rebel plugs. Trout still remains good on worms, spoons and spinners. Crappie fishing license. If you fish out good in the Abrams Creek section on minnows and flies. If you fish from the boat, you need one!

**Lakers Favored**  
Bookmakers at Lake Tahoe and Reno made the Los Angeles Lakers favorites Monday to repeat as National Basketball Association champions.

The Reno Turf Club made the Western Conference champions 17-10 picks over the New York Knicks, while Harrah's Tahoe had the Lakers as 6-5 selections.

The Turf Club said the odds were 6-1 on a four-game sweep by the Lakers, while the odds were 10-1 on the Eastern Conference champion Knicks sweeping the series.

## Students Serve County At Boy And Girl County

**READY FOR ACTION**—Student officials for Boy and Girl County are shown at the Sheriff's office ready for action. The student sheriffs are Ernie Denny of Loudon and Donald Rankin of Lenoir City. They are joined by Road Commissioners John Colvin and Tim Flegler.

**LOOKING AT COURT DOCKET**—Student officials Selena Cannon and Pam Hartsook, Circuit Court Clerks for Boy and Girl County are being shown the court docket by Clerk Billy Joe Atkins.

Students from Loudon and Lenoir City High Schools got a first hand look at the operation of County Government during Boy and Girl County last Thursday when they served as county officials for the day.

Following a luncheon at the Loudon United Methodist Church the student officials went to the offices of the various officials to see how their offices are operated.

**REGISTER OF DEEDS** for Boy and Girls County Carol Chadwick of Lenoir City and Rick Messamore are shown with Register of Deeds Ralph Wear as they learn the process of registering deeds and the importance they play.

The annual Boy and Girl County event is sponsored by American Legion Post 120 of Loudon and Post 70 of Lenoir City.

Greenback High School, generally a participant, did not send a delegation to the event due to a breakdown in communications between the school and the sponsors.

During the morning session the students met at the courthouse to hear remarks by the various county officials and officers of the two Legion Posts.

County Officials for the day from the schools were as follows: Purchasing Agent, Vivian Harris (L), Steve Moser (L.C.); Soil Conservation Service, Garry Ivens (L), Charles Range (L.C.); County Judge, Betty Waller (L), Bryan Hedge (L.C.); Sessions Judge, Bill Stafford (L), Marietta Blackburn; School Superintendent, Mike Messamore (L), Janice Scott (L.C.); Sheriff, Ernie Denny (L), Donald Rankin (L.C.); Trustee, Nancy Purdy (L), Michelle Bohling (L.C.); Extension Leader, Richard Love (L), Boyd Moats (L.C.); Home Demonstration Agent, Larah McCall (L), Sherry Phillips (L.C.); Welfare Dept., Pattie Kirkland (L), Cathy Littleton (L.C.); Registrar of Deeds, Rick Messamore (L), Carol Chadwick (L.C.); County Court Clerk, Eric Phillips (L), Sam Thompson (L.C.); Circuit Court Clerk, Selena Cannon (L), Pam Hartsook (L.C.); Property Assessor, Susan Huskey (L), Peggy Jenkins (L.C.); Health Dept., Pat Turbyfill (L), Alma Mills

**JUDGES AND REPORTERS**—Loudon County Judge Harvey Sprout is shown with Student judges Betty Waller and Bryan Hedge in the courtroom at the courthouse. School reporters Sherree Harris and Gina Kirkland are also on the bench.

(L.C.): Road Commissioner, John Colvin (L), Tim Flegler (L.C.); Clerk and Master, Melanie Horton (L) Sherill Daulton (L.C.); Reporter, Sherree Harris (L) and Gina Kirkland Kincaid (L.C.); Elected and appointed County officials who participated were: County Judge, Harvey L. Sprout; Sessions Judge, Thomas Ingram; School Supt., Albert C. Dukes; Sheriff, Freeman Russell; Trustee, J.V. Schrimsher; Extension Leader, Charles F. McCall; Home Demonstration Agent, Bonnie Sheeley; Welfare Dept., Mrs. Jessie Ridenour; Registrar of Deeds, Ralph Wear; County Clerk, Edward Alexander; Circuit Court Clerk, Billy Joe Atkins; Property Assessor, Emmett Criss; Health Dept., Mrs. Margie Price; Road Commissioner, Joe Greenway; Clerk and Master, Lloyd Black; Soil Conservation Service, Thebert Hicks; and Purchasing Agent, Buddy Jenkins.

You are invited to attend an important free lecture on MUNICIPAL BONDS AND THE WELL-PLANNED PORTFOLIO

Municipal bonds offer many investment advantages in addition to exemption of interest from Federal income taxes. Though this alone is an important consideration for any investor in the medium to high tax brackets.

Our lecture is designed to point out what these advantages are and what they could mean to you in planning your portfolio. You'll learn how geographical diversification can spell extra safety, and how maturity dates can be spaced to tie in precisely to your specific financial needs.

Ample time will be allowed for your questions. Our lecture is free but limited space makes reservations necessary. To make yours, call our office.

WHEN: 7:30 P.M. Thursday, May 10th  
 WHERE: Loudon City Utility Bldg. 300 Deyou St.  
 SPEAKER: Timothy M. Fell  
 PAINE WEBBER JACKSON & CURTIS INCORPORATED  
 607 Market Street Knoxville, Tenn. 37902 (615) 523-7191

### Legal Notice

Notice of Sale of Real Estate  
Whereas, on the 22nd day of May, 1972, by deed of trust recorded in the Office of the Registrar of Deeds for Loudon County, Tennessee, in Trust Book 128 at page 198, DAVID H. RUSSELL and wife, KATHERINE RUSSELL, conveyed to A.M. Beeman, Jr., Trustee, the hereinafter described real estate to secure payment of a certain promissory note of even date therewith, in the principal sum of Seven Thousand Six Hundred Seventy-one Dollars and Seventy-two cents (\$7,671.72); and  
Whereas, on the 2nd day of May, 1973, the said A.M. Beeman, Jr. resigned as Trustee and Edward P. Bailey, Jr. was duly appointed Substitute Trustee; and  
Whereas, default has been made in the payment of said indebtedness and other provisions of the deed of trust have been violated; and the Bank of Loudon County, the holder of the indebtedness, has declared the entire amount due and payable as provided in said deed of trust, and the Substitute Trustee has been directed to foreclose the deed of trust in accordance with the terms thereof, the public is hereby notified that the undersigned Substitute Trustee will sell the hereinafter described real estate at public auction, to the highest and best bidder, for cash in hand in front of the Courthouse door in Loudon, Tennessee, at ten o'clock (10:00 A.M.) on the 24th day of May, 1973, the said property to be sold in part of the equity of redemption and subject to the lien of all special assessments against it.  
The real estate to be sold is located in the Fourth Civil District of Loudon County, Tennessee (formerly Monroe County, Tennessee) and bounded and described as follows:  
BEGINNING on a stake, corner to Bear Schrimsher, in the Eastern edge of the Sunnyside public road, thence Northerly with the Eastern side of said road, 148 feet to a stake, corner with Jennings Clark at the Southern side of Clark's private road, thence Easterly with said private road, 144 feet to a stake, a corner with the said Clark;

### Tellico Project

(Continued From Page 1)  
recreation being overlooked by even the Game and Fish Commission," he said. "I think we could use some of this land that lays to waste for the development of a wildlife management area."  
Mr. Rasmie, commenting on the use of Tellico land on an interim basis, pointed to the fact that TVA has recently signed a 30-year lease with Vonnore for a 14-acre park. The park idea, he said, originally began as an interim use suggestion. Later, it grew into a more permanent arrangement, and now Vonnore is planning on the construction of a community center at the site.  
In his report on the President's budget message regarding TVA, Mr. Rasmie noted that by June 30 of this year TVA will have spent \$35,607,000 toward the \$69 million project and that the President has requested \$7.5 million for fiscal 1974.

### Repaving Set

A 4.7 mile section of Hines Valley Road in Loudon County is scheduled for repaving, according to an announcement made this week by Tennessee Highway Department.  
Bids on the project, expected to cost about \$173,000 will be taken on May 25. The project will cover a section of Hines Valley Road from Pine Grove to Highway 70. Work is to be completed by Nov. 1 of this year.

### Church Choir Plans Concert

The Young Adult choir of Mount Olive Baptist Church will present a concert of sacred music Sunday, May 6, at 7:30 p.m.  
The choir is under the direction of Mrs. Oliver Hawkins with Mrs. Ozell Howard assisting on the piano. Rev. William Price, Jr., pastor, extends an invitation to the public to attend.

### Benefit Slated

The Orr brothers, a gospel singing group from Loudon and Blount County will participate in a Benefit Gospel Singing for the Giles Family of Blount County at Lanier High School Friday at 7:30 p.m.  
Others in the singing will be Mac and Becky, the New Hope Quartet of Robinsonville, N.C. and the Interstate Quartet of Athens.  
The Giles family lost a son in a tractor accident in April and have a two year old daughter suffering from leukemia that requires constant trips to Memphis for treatment. Another son, a year old, is facing an operation soon. All these circumstances have left the family in bad financial condition. All the proceeds will go to the family to use for the benefit of these children.

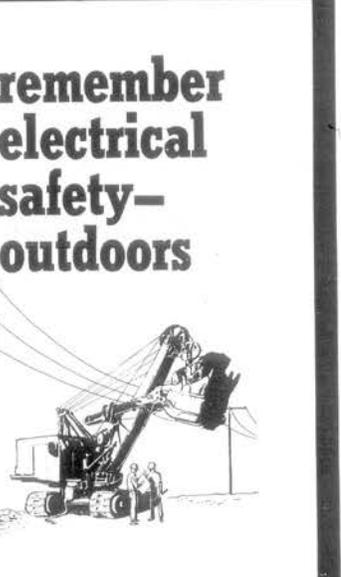

**WINS CONTEST**-Karen Annette Wilson, seven year old, second grader, was a prayer writing contest among youngsters at the Mt. Olive Baptist Church in Loudon. The girl is the daughter of Mr. and Mrs. Roy Wilson, Rt. 4, Loudon.

(5) Adjournment.

## remember electrical safety-outdoors

You can avoid accidents by observing rules of electrical safety outdoors.  
All power lines, whether downed or not, should be considered "hot."  
Booms and cranes and other tall equipment should be operated carefully near power lines.  
If you are trapped in a car near a downed power line, remain inside until help comes. If you have to leave the car, jump clear, being careful not to touch the car and the ground at the same time.  
Following safety rules should help you prevent accidents outdoors.

month, and rightfully so. It is all too easy for those who are younger to forget that the older citizens have done for them in the past, and their needs and desires in the present.

**HOME-HEALTH**  
I am hoping that the County in its planning for the future can plan for special programs and projects so as to be a part of the "partnership". Adequate and competent medical and health facilities are certainly one of the basic things that can be done that would be valuable to Senior Citizens.

There is presently under consideration in Loudon County a special "Homemaker-Health Aide Program" that would assist those people including Senior Citizens who need various kinds of personal help in the home on a regular basis. You will probably hear more about this in the future.

The State Department of Public Welfare is promoting a new program called WIN (Work Incentive Program). This is a way of attempting to encourage people in any way possible to support handicapped persons, and involves helping find work, providing assistance in child care centers for children while the mothers are working, etc.

It seems to be working fairly well, state-wide and the outlook is bright for the future.

**GRANT PROBLEMS**  
Our Law Enforcement Commission Section of the Municipalities Section of the County Justice Center has run into problems to a certain extent. At the time our communications grant was tentatively approved final approval was withheld pending the requirements by the Federal Law Enforcement Planning Agency that the State of Tennessee come up with a total State-wide communications.

The State now has come up with the plan, but it has some features which are different from the way that we hoped our plans could be handled on a local basis. We are presently in the process of attempting to negotiate to see if there is any chance of modifying the State plan.

**REPLY TO EDITOR**  
Well, I have saved an item for discussion that has apparently become somewhat controversial. The Editor of the Loudon County News has carried editorials on at least two, and possibly three occasions, calling names and urging the Mayor of Loudon City, the County Judge, and the Chairman of the Loudon County School Board, to meet joint committees which meet together for the purpose of studying the question of consolidation of the Loudon City School System with the Loudon County System.

He says that he hasn't heard a peep from any of us concerning his suggestion, so here is my "peep". As I understand the State law concerning consolidation of schools, the Mayor, the County Judge, and the School Board Chairmen, each may appoint five persons to serve on the joint study or planning committee.

**TAKE-OVER?**  
But the City of Loudon City has had a school system for many many years of which they have been proud, and I do not see that it would be with good discretion on the part of the County Judge to initiate the appointment of a committee to take over the Loudon City Schools.

This is a matter that lies wholly within the province of the voters of the City of Loudon City. In other words, if they are willing to pay for and operate a school system, they are certainly entitled to do so.

Of course, Loudon City can vote to turn over their school system to the County without any planning study at all if they so choose.

The plan facts are that it is very expensive to operate a school system, and if the City should choose to turn the operation of the City School System over to the County School System, this means in all probability a significant property tax increase on the whole County rate, because what it means is that the expense being borne by the property tax payers of Loudon City would then be spread out to all the citizens of the County.

So for these reasons, I would not take a position of appointing a Committee unless I had been requested to do so by the Mayor of Loudon City.

**KIDWELL PROMOTED**  
Murray D. Kidwell, son of Mrs. Arlie Smith of Rt. 8, Crossville, has been promoted to sergeant in the U.S. Air Force.

A 1967 graduate of Cumberland County High School, he attended George Washington University in Washington, D.C., Tennessee Technical University and the University of Maryland European Division in Germany.

His wife, Evangeline, is the daughter of Mr. and Mrs. C.B. Connelly, 11 West Second Ave., Loudon City.

### Legal Notice

**IN YOUR LIFETIME—**  
This newspaper is always ready to help with publicity for any worthy charity drive. This year, probably more than ever before, we were glad to do what we could for the local Cancer Crusade.

When you experience something first hand you are more aware of its scope and meaning. On my birthday in February of this year, I helped carry my grandmother to her grave. She had died two days earlier of cancer, a disease that literally consumed her physically and mentally over a seven months period. It was not a pleasant thing to watch for those of us who had known her as a healthy, witty and loving person.

When Mrs. Harry Peace, Chairman of the Loudon County Cancer Crusade asked us for publicity we were more than happy to help. She said the theme for the Crusade, which will be carried out locally from May 20-27, is, "We want to wipe out cancer in your lifetime."

Those nine words speak volumes. They tell of a trend in the medical attack on cancer which gives reason for hope.

Besides asking for financial help the Crusade volunteers will be giving each Loudon County home information on the danger signs of cancer and how each individual can help prevent themselves from becoming a cancer statistic.

There can be little difference of opinion about what is needed for the final conquest of this ancient enemy of mankind. The scientific efforts have to be broadened all along the line. This means more major cancer centers, more money for brainpower and manpower, more money for equipment, training and facilities.

When the ACS volunteer comes to your home in May, remember the goal: "We want to wipe out cancer in your lifetime." So, give what you can, and even more important read and heed the material you are given.

## Girl Struck By Car Serious, Has Surgery

A 14-year-old Loudon High School freshman, Linda Gebert, 616 Mulberry Street in Loudon, was seriously injured when she was struck by a car while crossing Mulberry Street at the Grove Street intersection in downtown Loudon about 3:15 p.m. Saturday. She is the daughter of Mr. and Mrs. Duane Gebert.

The girl, who plays clarinet in the LHS band, underwent surgery Monday at St. Mary's Hospital. She sustained a broken leg and pelvis, both which required surgery, plus facial cuts and bruises. It was also reported that she might have to wear a body cast or be in traction for eight months.

City Police Sgt. Bill Grimes, who investigated said the girl was struck by a car driven by Lenore B. Everett, Rt. 4, Loudon. The police report showed that the Everett car was traveling South on 11 through the Mulberry-Grove intersection. The driver said she had the green light and was passing under the light when two girls were crossing the highway just past the intersection. She said one of the girls started across and stepped back, then ran in front of her car.

## More Applicants Sought For New Sewing Plant

About 1500 persons have picked up applications for employment in the new Loudon manufacturing Company plant, but only about 500 of those have been turned back into the plant, Company President Tony LaSeve said this week.

Mr. LaSeve said that anyone having an application and would like employment with the company should bring the application to the plant in West End Loudon. He said that the company is still hiring and hopes to have more than 60 persons in the temporary plant sometime this month.

## Court Delay Could Mean Loss Of Two Interchanges

The Philadelphia-Sugar Linn 175 connector question was beginning to sound like the proverbial "same song, second verse" routine by the time Loudon County Court adjourned its monthly session on Monday.

The court, still waiting for the court's still pending action on collection of the county's hotel-motel tax, continued its delaying action on the connector roads. The court originally obligated the county to pay one-half of the cost of the \$16 million access roads project, and the financing was to come from the half-cent sales tax, and from the hotel-motel tax.

At last month's court session, the squires authorized County Trustee James V. Schrimmer to "take all legal steps necessary" to collect the hotel-motel tax. Although Trustee Schrimmer was not called upon to make a report at Monday's meeting, County Judge Harvey Sproul told the court the trustee is preparing to take legal steps soon if the firms which owe the tax do not pay it voluntarily.

The delaying action on the interconnector connectors came after considerable discussion and in spite of the circulation of a strongly worded letter from E. H. Terrell, director of the Bureau of Transportation Planning for the State.

Mr. Terrell, writing to Judge Sproul, said, "...I must stress the urgency and the need to start the right-of-way acquisition on the two projects. A commitment has been made by the Department of Transportation and Loudon County to the Federal Highway Administration to improve the connector routes before or concurrently with the construction of the interchange on Interstate 75. All sections of Interstate 75 in Loudon County are under contract."

Mr. Terrell went on to point out that the State must soon receive a deposit and authorization from Loudon County in order to begin right-of-way acquisition.

"Should the department not be able to continue the project development of the connector routes under the terms of the agreement very soon," he explained, "it will be necessary to delete the interchange ramp paving from the on-going contracts until the matter can be resolved."

THE COURT, in another action, moved the county's new reality by voting to authorize Judge Sproul to make application for a \$50,000 federal Civil Defense grant to help finance the \$50,000 structure. The grant, if received, would be matched by \$50,000 in local funds. Other federal and state grants have already been received for the project.

Lee Kribbs, of Knoxville representing Barge, Waggoner, Sumner and Cannon engineering and consultant firm, showed sketches of the Justice Center and explained that a few minor changes in the building plan would allow the county to present an Emergency Operations Center within the structure. Mr. Kribbs said the State Civil Defense office has approved the idea of in-

(Continued on Page 11)

## Special Court Session Called To Discuss Teacher Pay Scale

Members of the Loudon County Teachers Association salary committee and of the County School Board will be summoned to a May 21 meeting with members of County Court to discuss proposed salary and benefit increases which would cost the county an additional \$48,000.

The principals, whose salary is figured on the same rate index as teachers, would be included in the proposed benefit increase. However, the principals also are asking a regular request for a 2.3 percent increase over the base rate, which would amount to an additional \$11,000 cost to the county. It is said to be the first time in eight years that Loudon County principals have asked for a pay hike from local funds.

Said Squire Blair, after inquiring about the proposed pay raises, "I know it costs a

lot to get an education to become a teacher, and I know the cost of living goes up every year, but there's got to be a stopping place somewhere. We agreed to pay the index scale as long as the sales tax would pay it, but there comes a time when you can't go up any more."

Squire Henry Foster of Lenoir City added that he felt the court members need to know more about the index and the proposed raises. He first suggested that it might be good for members of county court to talk with salary committee members from both the Loudon and Lenoir City Teachers Associations so that the two systems could get together on the matter of

## Caldwell Sustains Broken Neck, Back In Accident

A Charles H. Bacon Company employee Dan Caldwell, 38, was seriously injured when his pickup truck overturned on Streeke Road about 8:30 a.m. Tuesday as he was going to work.

Mr. Caldwell was taken to St. Mary's Hospital in Knoxville where he is said to be in serious condition. He sustained a broken back and a broken neck. A member of the family said the neck injury was the most serious. He is now in traction and is expected to be for about six to eight weeks. Barring complications which would make it necessary to operate earlier he will have surgery in about two months for the neck injury.

The accident happened about three miles from Loudon. The victim's brother said he told them he hit a rough spot in the road causing the truck to leave the road and overturn several times.

The accident in the past few days. In one Warren K. Smith was injured when his car overturned into a creek after the car skidded on wet pavement.

## Local Church Is Vandalized

Loudon City Police investigated a break-in at the Loudon United Methodist Church discovered by the church pastor, Rev. W.H. Harner, last Saturday morning.

Officer Jesse Cotner said that the sanctuary of the church was ransacked, chairs overturned, attendance boards torn down, offering plates thrown on the floor, but nothing of value was found missing.

The vandals gained entrance to the church through a rear window on the west side of the building.

## Girl Wins Top State Award

Karen Carver, a first grade student at Greenback School, as presented a new bicycle by Governor Winfield Dunn in his office at Nashville last Tuesday as her award for winning the State School Safety Poster Contest.

Karen is the daughter of Mr. and Mrs. R.D. Carver of Greenback.

Karen's first grade teacher, Violet Wolfe, said that after the Future Farmers Chapter at the school invited the children to enter the contest, she reviewed safety rules discussed in the class.

The class had five lessons on safety and entered five posters in the contest. The lessons were almost total discussion by the children who then put on paper their ideas concerning safety.

The winning poster was entitled "Safety To and From School." Karen selected a bicycle for the basis of her poster which included four graphic ideas of obeying safety rules.

A LOUDON COUNTY AMBULANCE Service attendant checks the pulse rate of 28-year-old Walter J. Rau, Wauwatosa, Wis., top photograph, as the Wisconsin man is rushed toward a waiting ambulance. Below, Lenoir City Police Officer Jack Leatham, who investigated the accident, checks the license plate number on Rau's 1970 Ford, which veered off West Broadway Friday and collided head-on with a tree. (Story on Page 11)

## Pilot Says Sign on Building Saved His Life 20 Years Ago

A retired doctor stopped in Loudon last week to call The Herald and express his thanks to someone, unknown, who he said 20 years ago saved his life.

The man, Dr. G.R. Bourne, now a resident of the Island of Freeport in the Bahamas, said in March 1953 he was flying his private plane from his home in Canada to Cuba, then a popular vacation spot when the incident occurred.

of the landmarks matched his chart he just continued his trip not knowing where he was looking for an air strip where he could get fuel.

As he approached Loudon he descended to a low altitude trying to identify where he was. The Doctor said he saw the word LOUDON in big yellow letters on top of a building.

Dr. Bourne, who says he now owns two private planes, one a twin engine Bonanza and the other a Cessna Cardinal, was flying a single engine Bellanca.

In 1953 the electronic navigation systems on most planes today were just coming into being and he was flying by pilotage, looking at maps and landmarks. When he approached East Tennessee none of the landmarks resembled his sectional charts, because the area was covered by flood waters. He was looking for Knoxville as a refueling stop in his flight plan. Since none

(EDITORS NOTE-The building was the old warehouse of Loudon Builders Supply, across from the new Loudon High School. The building now houses the shop of IMCO Sign Company. Only recently a new roof was put on the building and the sign is now gone.)

Dr. Bourne said he did not know who was responsible for putting the sign on the building, but by seeing it he was able to plot a course back to Knoxville for fuel before continuing his trip. He said he would like to express his thanks to whoever put up the sign.

STATE POSTER WINNER—Karen Carver, daughter of Mr. and Mrs. R.D. Carver of Greenback, winner of the FFA State School Safety Poster Contest, is shown with school principal James McGhee, her first grade teacher Violet Wolfe and School PTA president Mrs. Wilson Belcher.

## Man Hurt In Wreck Bites Off Tongue

A 39-year-old Lenoir City man, William D. Hatley, is in serious condition at UT Hospital this week following a car-truck collision during which he bit off part of his tongue and suffered a broken jaw, hip and pelvic fractures.

Mr. Hatley, who was employed at Lighthouse Service Station, West Lee Highway, was in the intensive care unit at the hospital for several days following the accident, which occurred about 2:40 a.m. Saturday.

The wreck, on Highway 11 in front of Loudon Memorial Gardens, was investigated by State Trooper George Pierce. Trooper Pierce reported that Hatley was traveling north on Highway 11 when it left the right side of the road, struck a mailbox, then veered across the highway into the path of an on-coming truck. The truck, a 1972 International tractor-trailer, was driven by William E. Hayburn, 41, of Rt. 8, Cleveland, Tenn. Mr. Hayburn was charged with driving without a license and with driving while intoxicated.

The injured driver was a brother of two Lenoir City men, Jack Hatley and Avery Allen Hatley, who lost their lives last November when a concrete pier being poured for the 175 bridge at Loudon collapsed. A third brother, Gilbert Hatley, lost his life in an automobile accident about 15 years ago.

# Loudon County Herald For and about Women

## Mary Graham-Jake Lane To Wed

Mr. and Mrs. Winfred Ronald Graham of Loudon, announce the engagement of their daughter, Mary Lane, to Harold Eugene (Jake) Lane, son of Mr. and Mrs. Roy Edward Lane, Loudon.

The bride-to-be is the granddaughter of the late Mr. and Mrs. Dolphus Graham, Turletown, Tenn. and Mrs. William Watson and the late Mr. Watson of West Jefferson, N.C.

The groom-to-be is the grandson of Mr. I. A. Lane and the late Mrs. Lane and Mrs. Lula Russel and the late Mr. Russel, Loudon.

The bride elect is a graduate of Loudon High School, attends Draughon's Business College in Knoxville and is employed at the Loudon Branch of the Bank of Loudon County.

The groom-to-be is a graduate of Loudon High School where he was an all-state football player and member of the 1969 State Championship team. He also played football at Tennessee Military Institute and freshman football at the University of Tennessee. He is employed at the Maremont Corporation at Loudon.

The wedding is planned for June 15 at Cumberland Presbyterian Church in Loudon. No invitations are being sent. All friends and relatives of the couple are invited to attend.

parents, Mr. and Mrs. Alfred Hledose.

Mr. and Mrs. Tom Hall of Concord spent Sunday with Mr. and Mrs. Jim Green.

Mr. and Mrs. R.L. DeLapp were called last Monday to Centralia, Wash. due to the sudden death of their son, Clarence B. DeLapp.

Mr. and Mrs. Benny Arrp and family of Daleys spent a few days last week with his parents, Mr. and Mrs. Paul Arrp.

Rev. and Mrs. Buford Albright had as their dinner guests Monday, Mr. Reese Stamey and daughter, Mrs. Janice Menefee and her son, Ronnie of Akron, Ohio and Mr. Gray Stamey of Vonnore.

Mr. and Mrs. Earl Russell of Friendsville visited last Thursday with Mr. and Mrs. Charles Kelley.

Mr. and Mrs. Henry Voyles of Denver, Colo. spent the weekend with Mrs. Kitty Waller and other relatives.

Mrs. Minnie Kirkland and granddaughter, Sharon Chaney, spent the weekend with Mrs. Kirkland's sister, Mrs. Floyd Gentry and Mr. Gentry in Madisonville.

Miss Linda Smith, a student at Knoxville College, was the weekend guest of her grandparents, Mr. and Mrs. Ervin Simmons.

Mr. and Mrs. Dennis Blair and son, Ryan, were here from Muncie, Ind. for a weekend visit with her parents, Mr. and Mrs. Lynn Killock and Bill.

Mr. and Mrs. Joe Presley attended Decoration services at Morgantown, Sunday and visited with friends and relatives.

Mrs. George Smalling visited Sunday with her sister-in-law, Mrs. Myrtle Rogers, who is a patient at Epworth Hospital in Athens. She also visited with her sister, Mrs. Ollie Cannupp and her brother, D.M. McNabb, also of Athens and with another sister, Mrs. J.C. Starnes in Sweetwater.

Mrs. Charles Hahn of Knoxville spent Friday last week with her mother, Mrs. Maude Miller.

Mr. and Mrs. Smoke Houston of Chattanooga visited Saturday with her parents, Mr. and Mrs. Erk Milbaps.

Mr. and Mrs. Charles Kelly attended Decoration Sunday at Morgantown.

Mr. and Mrs. Orvis York of Marion, Va. spent last week with Mrs. Elizabeth Collins and other relatives.

Mr. and Mrs. Clyde Churchman of Jefferson City and Mr. and Mrs. Jim Proffitt of Flat Gap were guests Sunday of Mrs. Myrtle Graham.

Mr. and Mrs. Lawrence Kerr spent Sunday with her mother, Mrs. Maude Bean in Lenoir City.

Richard Presley of Memphis spent a few days last week with his parents, Mr. and Mrs. R.S. Presley.

Mr. and Mrs. Curtis Bernard of Madisonville visited Sunday with Mrs. Fred Miller. The Bernards and Mrs. Miller also visited in Kingston with the Charles Bernard family and the Tip Rose family.

Rev. and Mrs. Walter Chestnut of Raytown, Mo. were visiting with Mr. and Mrs. Ed Swenson in Loudon last Tuesday. Mr. Chestnut was the former pastor of Loudon Cumberland Presbyterian Church.

Mr. and Mrs. Ed Swenson have returned home after a weeks vacation to the Chicago area, where they visited with their daughter, Kathy, friends and relatives. While away they also attended a 46th Anniversary dinner of a club they have belonged to for many years.

Mr. and Mrs. Frank Randolph of Burlington, N.C. were weekend guests of Mr. and Mrs. William James Harrison.

Miss Carolyn Baker of Gainesville, Fla., a student at Tennessee Wesleyan College, was the weekend guest of Miss Vicker Faulkner.

Mrs. Alice Rabb and Mrs. Homer Holdridge spent a few days last week with Mr. and Mrs. Gene Chambers in Oultawah and attended Grand Chapter of Order of Eastern Star held in Chattanooga.

Mr. and Mrs. Bethel Jenkins spent the weekend in Jefferson City with their daughter and son-in-law, Mr. and Mrs. Gilson Moore and children.

Fred Chaney, student at University of the South in Seawane, spent the weekend with his parents, Mr. and Mrs. James Chaney.

Mrs. Sue Blair Ryan was graduated May 3 from UT in Chattanooga. She received a BS Degree Elementary Education. She is the daughter of Mr. and Mrs. Robert Blair of Loudon and is married to Rev. William H. Ryan, Jr., pastor of Union Hill Baptist Church in Chattanooga. They have two children, William and Margaret.

## Guider-McGinnis Vows Said

Mr. and Mrs. William Edward Guider were married March 31 at the home of Mr. and Mrs. Charles Turbyfill, aunt of the bride. The bride, the former Patricia Ann McGinnis, is the daughter of Mr. and Mrs. James H. McGinnis of Philadelphia. Mrs. Arnold Smith, Lenoir City and Mr. Glen Guider of Atlanta are the groom's parents. Rev. Ramond Hall officiated.

The bride's gown was made of polyester crepe trimmed with lace. Her floor-length veil was held by a headpiece made of mother-of-pearl. She carried a bouquet made of a white orchid, carnations and lilies-of-the-valley, which topped a white Bible, a gift from the BYW of Cedar Fork Baptist Church. She also wore a diamond cross necklace, a gift from the groom.

Mrs. Phyllis Romine was matron-of-honor. The bride's other attendants were Mrs. Brenda McGinnis, sister-in-law of the bride and Mrs. Vivian Dawson. They wore green, floor-length dresses, picture hats, and carried nosegays of yellow mums.

Mr. Charles Romine was bestman. Ushers were Pat McGinnis, brother of the bride, and Joel McGinnis, cousin of the bride.

Flower girl was Miss Debbie Turbyfill, cousin of the bride, and Monte Romine was ringbearer.

Mr. Charles Romine was bestman. Ushers were Pat McGinnis, brother of the bride, and Joel McGinnis, cousin of the bride.

Flower girl was Miss Debbie Turbyfill, cousin of the bride, and Monte Romine was ringbearer.

A reception was given by the bride's parents following the ceremony. Serving were Allie Howard, Lathibus Oraz, Carolyn Sisk, Elaine Bettis, Barbara Berwanger, and Kai Turbyfill.

After a short wedding trip to Gatlinburg, the couple is making their home at Route 1, Philadelphia.

Music was provided by Mrs. Sandra Hockolt. She played the traditional wedding music, the theme from Love Story, and We've Only Just Begun, and Sang A Wedding Prayer.

**IT WAS THEIR NIGHT**—Part of the more than 400 persons at the Loudon High Junior-Senior Prom Saturday night are shown dancing. The gymnasium was decorated in green and white for the prom, with all the students in formal dress.

**HAPPY NIGHT**—Two couples at the Junior-Senior Prom. Rick Messamore and Estelle Quener, and Rodney Blevins and Claudia Hines talk about the events of the night.

**EVERYBODY WAS HAPPY** and enjoying themselves when this picture was taken during the prom Saturday night.

**ARRIVE FOR PROM**—Angie Hodge and Steve Henderson are shown chatting with Loudon High School teacher Gary Dutton as they arrive at the school for the Junior-Senior Prom last Saturday night.

## Loudon Junior-Senior Prom

**CLASS FAVORITES AT THE PROM**—Mr. LHS Bill Stafford, also president of the Senior Class and his date Karen Murrell are shown, with John Colvin and Miss LHS Selena Cannon at the Loudon Junior-Senior Prom Saturday night.

## 8 From County On Hiwassee Honor Roll

Eight students from the Loudon County area have been named to the Honor Roll at Hiwassee College for the Winter Quarter, 1972, in recognition of their outstanding academic achievements.

Being honored are Patricia Lynn Brewer, daughter of Mrs. Estell Brewer, Route 1, Loudon, a freshman Education major; Paul D. Hale, Jr., son of Mr. and Mrs. Paul D. Hale, Route 3, Strange Road, Lenoir City, a sophomore Pre-Medical

major; Sara Kirkland, daughter of Oscar Kirkland, Webb Avenue, Loudon, a freshman Business Administration major; Jerry Alan Lambert, Route 2, Loudon, a freshman music major; Melinda Lambert, Route 2, Loudon, a sophomore Secretarial major; Diane McNabb, daughter of Mr. and Mrs. Robert McNabb, Philadelphia, a sophomore Business Administration major; John E. Havin, son of Mr. and Mrs. J.M. Havin, Route 1, Philadelphia, a fresh-

man Business Administration major; Susan Worley, daughter of Mr. and Mrs. John B. Worley, Route 4, Loudon, a sophomore Business Administration major.

To be named to the Honor Roll at Hiwassee College, the student must be registered for twelve or more quarter hours and maintain a minimum overall grade point average of 3.00 (B) in all academic subjects.

## Two Will Get C-N Degrees

Two Loudon residents are candidates for bachelor's degrees at the May 11 commencement of Carson-Newman College in Jefferson City. They are Elizabeth Ann Randolph and Pamy E. Tyler.

Carson-Newman is a four-year, liberal arts, coeducational college owned and operated by the Tennessee Baptist Convention. Dr. Ralph E. Norton, executive secretary of the Tennessee Baptist Convention, will present the baccalaureate address at 10:30 AM in the sanctuary of First Baptist Church.

The commencement address will be delivered by Dr. Robert H. Spiro, president of Jacksonville (Fla.) University. The commencement program will begin at 7:30 PM in Burke-Tarr Stadium on the C-N campus.

## Singing Slated

A special singing will be held at the West Broadway Baptist Church in Lenoir City, Sat. May 12 at 7:30 p.m. Several sinners will be the new Kingston Hets of Knoxville.

## Tuxedos

Whatever the event you are planning to attend this spring, let us outfit you to perfection with a Rental Tuxedo and all accessories.

"That Money Saved My Hide"

### FREE BIBLE COURSE BY MAIL

In order to encourage a greater interest in the HOLY SCRIPTURES a FREE HOME BIBLE STUDY COURSE is now being offered. This is a 13 lesson course introducing you to the Church of the New Testament. This course requires no advance Bible knowledge. Your own Bible is the only text book. The completion of these lessons offers you NO material reward; however, of greater importance, it does offer to you a better knowledge of God's Word which is so essential to "rightly divide the Word of Truth" (2 Tim. 2:15).

# Civitan Club, Rotary Club Hosts Lenoir City All Sports Banquet

The athletes of Lenoir City High School were treated to a festive awards banquet Thursday night at the Lenoir City cafeteria. Sponsoring the mass event was the board of the Lenoir City Rotary Club and the Lenoir City Civitan Club.

Over 225 people attended the banquet, as special appreciation to the fast growing Lenoir City athletic program. A banquet honoring all phases of athletics at Lenoir City had never been attempted before Thursday evening, each athlete team had always held their own respective awards banquets.

The format change in recognizing the Lenoir City athletes at one time appears to have gotten off to a tremendous success and should develop into a major attraction of high interest each spring by the Lenoir City athletic boosters.

There was no guest speaker for this year's banquet, as the head coaches of each respective sports team shared the program of the night. Doctor Harold Freedman, a well known Lenoir City physician, served as toastmaster of the evening and did a great job mixing both humor and wit into the banquet ceremonies. Doctor Walter Shea, president of the Rotary Club, and George Miller, president of the Civitan Club, expressed their gratitude for the fine turnout honoring the Lenoir City athletes and indicated their desires to see all sports banquet grow into a long standing project of their two respective clubs.

Coach, Glenn Williams, head girls basketball coach, opened the awards with recognition to his team for fashioning their outstanding 22-6 season record and District championship. The 22 victories is the first 20 game winner in girls basketball in the history of the school and the district title was the first brought home by a Panther next in over 20 years.

Four major trophies were given with Miss Pam Smith, an all district forward, receiving the Best Attitude Trophy. The Best Hustle award went to All Loudon County guard Dianne Dunlap. The J Guy Buckner Offensive Trophies went to the state's fourth leading scorer this past season, junior Marietta Blackburn. Janet Leeper, who has developed in the Premier defensive star of District Six, was the Tommy Bradshaw Defensive Trophy.

Miss Dunlap, Janet Leeper, and Marietta Blackburn all were named to the All Loudon County Basketball team sponsored by the Loudon

## 4 District Golf Meets Set Monday

Four district golf tournaments next Monday will set the stage for the regional meet the following week at Beaver Brook.

From the regional will come team and individual qualifiers for the State tournament the following week at Nashville.

Here are tournament sites and teams of the four districts:

**BEAVER BROOK:** Central, Rich, Fulton, Gibson, Park, Hill, Knoxville, Sevier, Erwin, South, Alton, Westmoreland, Back, Anderson, Jefferson, Newport, York, Dyke, South, Hickman, Columbia, Van Camp, Franklin, Harrogate, Clinch, Sevier, Pigeon, Rockwell, Owsen, Oak Ridge, Lenoir City.

**THE WINNING** team and top four individuals from each district tournament will advance to the regional meet the following Monday at Beaver Brook.

## Possible Golf Course To Be Built In Loudon

Interested people in the construction of a golf course in Loudon are asked to meet at the Hamilton Bank Branch office at 7:30 p.m. Thursday night for immediate discussion. A prospective site and equipment was already here, been contacted for possible plans to be presented to the public at the meeting. Anyone so wishing to exercise his ideas or thoughts on the issue are urged to attend.

**Furniture Galore at the Big Tent sale at lowest Price's ever starting next week.**

**John J. Moats** Furniture & Appliance  
West Broadway 986-8076 Lenoir City

**County Herald**  
Coach Dale Brown, head football coach, followed Coach Williams on the program. The rising young coach who has built the Panther grid scene into one of the more respected in class AA play had an 8-4 campaign in 1972 and lost only 11 seniors to graduation. The Panthers lost twice to Kingston, state runner-up in double-A play and to Harrogate State Champions.

Tommy Cook a graduating senior who served the Panther football team in numerous capacities as the quarterback, punter, place kicker, occasional wide receiver, defensive man, and team captain, collected two trophies. Cook was awarded the Scholastic Trophy and the Most Outstanding Player Trophy. The Roy Harmon Panther Trophy went to Lee Arnold in recognition for his hard play over the course of the football season. Lee, who performed as an All Loudon County end, also proved worthy at filling any position doing it with a hundred percent effort.

The VFW Best Defensive Lineman Trophy was won by senior Mike Hooks. Hooks won the award also as a junior. All East Tennessee Lineman, Tim Galyon, won the J. Guy Buckner Trophy for the best blocker. Galyon also was a repeat winner of the award he had gotten as a junior.

Coach Willie Joe Smalley, whose 13 year tenure at the helm of the Panther hardwood teams has brought much excitement and tradition to the Lenoir City hoop play-

presented the boys basketball trophy. The 1972-73 basketball team rated as one of the top hardwood crews in the state this

past season and finished the year with a 17-9 worksheet. Six of their losses were by less than seven points, while competing with several of Tennessee's top ranked prep teams. The Panther hoopsters, which will graduate seven seniors of this year's team ranks first field goals and assists of any of Coach Smalley's past edition over the last 13 seasons.

Tim Cunningham and Doug Williams, members of the All Loudon County Basketball team, carried away two trophies each. Tim named to both the All East Tennessee and All State teams, ranking him as one of the 15 best basketball players in the state. Cunningham won the Best Rebounding Trophy on the

merits of his 257 total rebounds during his senior season and 622 rebounds for his high school career. Tim also won the Lenoir City News Outstanding Player Trophy in honor of Virgie Adams, former deceased Editor of the newspaper. Cunningham led the Panthers in scoring with a 54 percent field goal mark and 434 total points.

Most Assists Trophy, graduating with the fourth best marks of any player to perform for Coach Smalley in the last 13 years. Williams also won the Best Paul Shooting Average Trophy with a remarkable 44 successes in 92 attempts. The 82.5 percentage is the highest of any past player to play for Coach Smalley.

The Best Attitude Trophy went to junior Mitch Keebler, while senior Charlie Dye was honored with the Clarence H. Middleton Trophy as the best defensive performer.

Bill Johnson, Cedar Hills Golf and Family Club manager and pro, awarded the Most Outstanding Gopher Trophy to Gary Dye in behalf of golf coach Joe Hall.

Hall's golfers have shown a steady climb into one of the top golfing teams in the area over the past few years. Currently the Panthers are 13-1 for the season and three matches yet to play before the district tournament.

In conclusion it was announced that the Lenoir City program had accounted for more wins in the past athletic year than any other group of athletes had in the history of the school. To date the Panthers athletic teams have won 71 contests while losing only 20.

The baseball team which has an 11-1 record for the spring and some half dozen tournaments along with possible advancement of the golf unit could put the victory mark past 80 before all athletics come to a halt for summer vacation.

Charlie Dye, graduating senior guard of the basketball team and slick fielding shortstop on the Panther diamond crew was named by way of vote of his fellow athletes and coaches composing the entire athletic program at Lenoir City as the Most Outstanding Individual Athlete in the school.

RECEIVED HARDWOOD HARDWARE—Collecting the top boys basketball awards at the Lenoir City All Sports Banquet were, left to right, Charlie Dye, Best Defensive Trophy; Tim Cunningham, Best Rebounder and Most Outstanding Player Trophies; Doug Williams, Most Assists and Foul Shooting Trophies; and Mitch Keebler, Best Attitude Award.

PANTHERETTE LEADERS—Individual standouts on the Lenoir City girls basketball team which recorded a school high for season wins with a 22-6 record were honored, left to right, Dianne Dunlap, Best Hustle Award; Janet Leeper, Defensive Trophy; Pam Smith, Best Attitude; and Marietta Blackburn, Offensive Trophy.

TOP GOLFER—Lenoir City's consistent par golfer Gary Dye was recognized as the Panther's Most Outstanding golfer at the ALL Sports Banquet.

TOP ATHLETE—Lenoir City senior Charlie Dye was named the Most Outstanding Lenoir City Athlete by his fellow athletes and coaches Thursday night. Charlie, a guard on the basketball team and shortstop on the Panther baseball team, was presented the prestigious award by Lenoir City Mayor Joe Grayson.

1972 Winner of Second Place Award among Tennessee weekly newspapers in Sportswriting

## The Herald SPORTS

PANTHER FOOTBALL STARS—Lenoir City football stars of the past season were honored last Thursday night at the Lenoir City All Sports Banquet. Pictured, left to right, are Lee Arnold, winner of the Roy Harmon Panther Trophy; Tommy Cook, Scholastic Trophy and Outstanding Player Trophy; Mike Hooks, the lone Lenoir City athlete to letter in three sports and winner of the Best Defensive Lineman Award; and Tim Galyon, Best Blocker Trophy.

## Nine From Loudon County Special Olympics Held Friday In OR

The third annual Area II build confidence. Joseph P. Kennedy, Jr. Local participation has Special Olympics will be held on Friday, May 11, at Blankenship Field in Oak Ridge. This event, sponsored by the Oak Ridge Jaycees, will offer an opportunity for the mentally handicapped to compete in track and field events against those of like ability. Nine participants from Loudon County are expected to attend.

The Special Olympics is a nationwide program of sports training and competition for the mentally handicapped. It was begun by the Joseph P. Kennedy, Jr. Foundation in 1968. The first local meet was held in Oak Ridge in May of 1971 under the direction of Tom Lewis, Daniel Arthur Rehabilitation Center.

The purpose of the Special Olympics is to assist in not only the physical, but also the social and psychological development of the mentally handicapped. Through successful experiences in sports, these persons can have an opportunity to taste success and

## Atomic Double Header To Feature Thursday And Saturday Action

Another doubleheader is on tap for Atomic Speedway spectators this week.

A daredevil show and demolition derby has been scheduled Thursday night at the popular dirt facility. On Saturday, the regular late model sportsman and hobby car show will be staged.

The road show of Californian King Kovar will be the top attraction Thursday, but Atomic fans have become accustomed to top demolition events.

The King Kovar Daredevil performance has been replaced from coast-to-coast and features some of the sport's leading individuals. King Kovar and his troupe were the pre-race show this past Sunday at Alabama International Motor Speedway.

Another 120-lap program will be run at the track Saturday.

The main event will have late models battling for 40 laps. Also on the race slate, which gets under way at 8:15, are a 30-lap semi-feature and four heats for the sportsman drivers and a 20-trapper for hobby cars. Time trials for the sportsman cars get going at 7 o'clock.

Leading sportsman drivers include Chattanooga's Joe Lee Johnson and Jerry Meadows, Sneoks DeFoor of Chatsworth, Ga., Knoxville's Herman Goddard and Toadie Estes, and Bill Cagle of Madisonville.

Any boys ages 12-15 wanting to play flabe Hut baseball this summer are urged to be at Clayton Field Saturday between 9 a.m. and 12 noon in Loudon City to sign up. For further information call Mr. Earl Fox, league president, at 986-8902.

Everyone is welcome to attend the events Friday from 10 a.m. to 2 p.m. at Blankenship Field in Oak Ridge. No admission.

## Greenback Orange And Black Game Set

The Greenback Cherokees have experienced a rash of postponements in an effort to work out another spring football scrimmage before closing spring workouts.

Captain Keith Bailey had to cancel a planned scrimmage with Walland for the second time last week when wet grounds prevented the game. "We hope to close things this week," said Bailey. "We have our orange and black game set for either Wednesday or Thursday afternoon so that our student body can view the game."

The Cherokees have been dedicating much of their spring drills to the replacement of key personnel in the offensive backfield and receivers. The defensive secondary, also lost outstanding personnel to spring graduation.

The Orange and Black game to be handled by graduating seniors Larry Ritchey, Darrell McKeehan, Joe Malnor, and Tommy McNeilly, as head coaches will have the services of senior quarterback-to-be Tony Linginfeller running the offense on both sides. Otherwise the spring squad has been divided evenly by Coach Keith Bailey and Jerry Masings.

The teams are as follows:

**BLACK TEAM**  
Bobby McNeilly  
Rick Rader  
Jeff Tipton  
Dennis Childs  
Rick Russell  
Robby Kizer  
Mark Carter  
Tony Linginfeller  
Harold Hawkins  
Sandy Graham  
Danny Dotson  
Rocky Anderson  
Tom Rader  
Timmy Tipton  
Glenn Rucker  
Steve Linginfeller  
Lonne Neilly  
Mark Roberts

C. Miller and C. Rutledge  
M. Miller and B. Swiney  
D. Townsend and H. Stadel  
M. Anderson and R. Clabough

## City Golf Leaders Battle In Crucial Showdown

Larry and Lynn Millsaps collected six team points while the team of Buck Kirkland and John Lennox managed to get but three team points last week and have taken over the top position in the Loudon City Golf League standings. The Millsaps team has 36 points to date as compared to 23 by Kirkland and Lennox. The two top teams will put their bid for first place supremacy up this week when they meet head to head in scheduled league action at Madisonville.

Standing pat and ready to move up at the first sign of a let down in third place teams of Larry Brakes and Larry Lane with a 22 point total to date. Paul Brakebell and Edwin Arnold are also in excellent position to challenge for the first place position with 21 team points and just five points out of first place. Brakebell and Arnold had the second highest team point score last week, collecting nine for their round of play.

Setting the pace in last week's action was the sparkling play of Sarge Harrison and Earl Millsaps.

The number two team jumped from the 18th position of the league to seventh with a total of 14 team points registered. The big score was accomplished by way of recording the lowest net score for the night with a 64 and Earl Millsaps sharing a low individual net honors with Larry Millsaps of a 31 to add to the team score total.

**LOUDON CITY GOLF LEAGUE STANDINGS**

## Panther Baseball Team Wins One, Loses One, Has One Rained Out

The Lenoir City Baseball team had a taste of everything last week as they lost to Clinton, defeated Coalfield, and had their game with Oak Ridge rained out.

Tim Cunningham suffered his first defeat of the season at Clinton Friday night as the tall right hander was victimized in a 4-3 decision. The Dragons went ahead in the third inning only to have Lenoir City strike for a tie score after five and half innings at 1-1. Clinton scored a run in the bottom of the fifth but could not hold on as the Panthers took the lead for the first time with two runs in the seventh frame for a 3-2 lead. Clinton then rallied with one out on a hit batter a double which drew chalk down the right field line and another safety to produce the win.

In the Monday night cap the Panthers were rained out

against the Oak Ridge Wildcats. The Lenoir City team was behind 1-0 when the game was washed out in the fourth inning. Tim Cunningham was on the mound for Lenoir City and had given up only one hit but five errors in the field had led to the Oak Ridge score.

The game thus will not make the record books and leaves the Panthers with a 12-2 workweek and the conclusion of the regular season to end this week.

**DIFFERENCE OF OPINION**—Lenoir City's baseball players and coaches along with Oak Ridge coaches listen to the final decision of an appeal by the Panther team of a questionable run scored by the Wildcats on an inning ending third out.

## Chattanooga Site Of Baseball Tourney

The 1973 TSSAA State Baseball Tournament will be held at Engle Stadium in Chattanooga, June 4-6 with Baylor High's Jimmy Duke serving as the tournament director.

The double-elimination state meet will find Region 1 taking on Region 2 in the first game while Region 4 meets Region 3 in the second game on Monday.

Regional TSSAA meets are set for May 29-30. The first day of the single elimination tournaments will be a doubleheader with the championship games slated for Wednesday, May 30.

Duke will direct the Region 1 meet at Engle Stadium. Kingsport Dobyns-Bennett will host the Region 1 tourney at J. Fred Stadium with Tom

Brisey as the director. Region will be the director. Hute will be played at Vanderbilt Hoop of Memphis Sheffield University in Nashville and will handle the Region 4 meet Vandy Coach Larry Schmittou at Legion Field.

### Game and Fish

#### TODAY

By Sgt. Bob Harmon  
Game and Fish Commission

Boating has skyrocketed in recent years and since 1965, the number of pleasure craft has more than doubled, reports the Tennessee Game and Fish Commission. "An estimated 165,000 vessels ply our waters," says David M. Goodrich, Commission Director. "We not only are in charge of registration of boats, but are involved in patrolling the streams and reservoirs and promoting a public water-safety program. Providing access to public waters is also an objective of our organization. Over 200 access areas are built and maintained by the Game and Fish Commission. Many of these are being reconstructed to accommodate modern pleasure craft," he explained.

Today, there are over twice as many boats on our reservoirs and streams as there were ten years ago. This simply means that more conflicts will develop as more and more pleasure seekers turn to water sports. This need not be the case, however. It is a matter of safe boating courtesy.

Pleasure boaters and fishermen make up most of our water traffic. These two groups, in particular, often have disputes while using the same areas to pursue their sport. Actually, both groups can utilize the same area if each realizes the other's need for space. Courtesy is the by-word.

"The month of May begins an ecodus to Tennessee's waters. We expect millions of water sport enthusiasts to visit our lakes and streams this season. I urge all who are involved to observe the rules of safe boating. Help the Game and Fish Commission make this season a safe one for all to enjoy," Goodrich concluded.

This report is based on present weather and fish conditions and how the fish

are biting now. It is subject to change if these conditions change.

**CHEROKEE LAKE** - Water conditions - clear and rising. Bass are striking real good on top water - plugs, plastic worms, and spring lizards; especially, in lower part of the lake. Crappie fishing is really hot. The fish are schooled up now, and when you catch one, several more should strike. You can find them in the weeds 18 inches to 3 feet deep on minnows and flies. Stripe bass are slow; a few being taken on small minnows and flies. Not much activity on rockfish.

**NORRIS LAKE** - Murky to clear and rising. Bass good on spring lizards, Big O's, Chug-a-lug, Kapala lures, and fishing with minnows. Several good strings of crappie being taken around stumps, brush piles; especially, on deep banks with small minnows and flies. Walleye fishing is getting better, especially, at night still fishing with minnows under lights on minnows. Stripe are being taken by the same method.

**DOUGLASS LAKE** - Water conditions murky in some sections, but generally clear and stable. Bass are still being taken near shore line in weeds and brush on plastic worms, spoons, spinners and night crawlers - a few being taken on top water lures. Crappie have slowed down a little due to recent storms, but they are still being caught on small minnows and jigs. Several large saugers are being caught on minnows, deep, in the mouths of creeks.

**FORT LOUDON LAKE** - Muddy upper end - clear in lower end and stable. Crappie and bass are still un-satisfactory. A few bass are being caught on spring lizards and plastic worms. Crappie are being around stumps, brushpiles and rocky banks on small minnows and flies.

**CHARLES BRACKETT** of Loudon is shown with a 20 pound drum he caught last Tuesday fishing on Watts Bar Lake. He caught the big fish on a six pound test line with a green jig.

**FORT LOUDON TAILWATER** - Several good strings of stripes and catfish are being caught; striped on minnows and jigs, catfish on sah! entrails.

**WATTS BAR LAKE** - murky and fluctuating. Bass and crappie are still slow due to change in water conditions. A few bass are being taken on top water lures, jigs, and pork rind. Crappie on minnows and jigs.

**MELTON HILL LAKE** - murky and stable. Bass are being taken by jigging with worms and minnows; crappie on small minnows and flies. The best bet to catch fish is to beam on worms.

**CHILHOWEE LAKE** - clear and stable. Bass good, fishing spring lizards and large minnows deep. Crappie still

## Dogwood Coonhunters' To Host Saturday Hunt

Dogwood Coonhunters' Association will sponsor their first licensed N.K.C. hunt on Saturday, May 12, 1973. Included in the activities will be a bench show, treading contest, drag race, and night hunt.

Deadline entry for the bench show will be 2 p.m. Saturday. Treading contest and drag race to follow. Deadline entry for the night hunt will be 9 p.m.

The slght of the activities will be held at the Cave Creek Community Center, located on Cave Creek Road in Boone County, one mile off Highway 70.

All sportsmen in the surrounding area are invited to attend the day long events. Not only are the sportsmen invited but their families and friends likewise. No alcoholic beverages will be allowed on the hunting premises as everyone will be treated as fair as possible in an attempt to make the Saturday gathering an enjoyable one.

There will be some 20 trophies awarded for the different classes of events. Some of the top coon dogs in

East Tennessee are expected to take part in the show. A few of the past N.K.C. Nite Champion dogs expected to

## Fifth Place Carbide Team Takes Golf Lead

Jack Randolph and Carlos Evans carved out a low team net of 68 last week in Union Carbide Golf action to take top team honors and jump to second place in the hectic Carbide Golf League.

The big surge by Randolph and Evans was not quite good enough for the first place position as the team of Charlie Helms and Jack Delaney streaked from a fifth place spot to first place with a total of 19 team points and a one point edge in the standings over Randolph and Evans, 37-36.

Last week's first place leaders of Jim Cardwell and Jack Miller dropped to fourth place behind Hall Summers and Mike Oody with a team score of 33 points.

Jack Randolph and Dick Rosenbaum tied for low medalists honors with a low

round of 33 for the week.

### UNION CARBIDE GOLF LEAGUE

TEAM	POINTS
C. Helms and J. Delaney	37
J. Randolph and C. Evans	36
H. Summers and M. Oody	34
J. Cardwell and J. Miller	33

## C-N Basketball Camp Set

Carson Newman College's sixth summer basketball camp will be held in two segments this summer, June 10-16 and 17-23.

Gene McHaffey, C-N coach, will direct the program. The camp is for boys 11-18 years. Cost is \$75. Information or applications can be obtained by writing Coach McHaffey, Carson Newman College, Box 2021, Jefferson City, 37760.

Campers will reside in New Men's Residence Hall.

## G&F Radio Stations To Start Operating

The Knoxville and Nashville radio base stations will be operating 7 days a week beginning May 5. The hours on Monday through Friday will be 9:00 a.m. to 5:30 p.m.; 9:00 Saturdays, Sundays, and legal holidays from 1:00 p.m. to 9:00 p.m. according to Paul Strunk, Assistant Chief of Law Enforcement.

For emergency requests, for information, help, or to report a Game and Fish or boating violation, dial toll free Nashville 1-800-342-8406 or Knoxville 524-2597.

take part in the Saturday hunt is Buddy Hall from Sweetwater hunting his English dog, Blue Nucks; Allen Russell from Loudon, hunting his treeling walker, Jets; Melvin Hooper from Knoxville, hunting his treeling walker, female, Lady Back; and Alvis Coffman from Knoxville, hunting his redbone, Little Joe.

The kitchen will be open and plenty of food will be served throughout the afternoon and night.

The officers in the Dogwood Coonhunters' Association are Clarence Brown of Loudon City, President; Calvin Wilson of Loudon, Vice President; and Kenneth Bullis of Loudon City, Secretary and Treasurer.

**TOMMY BRADSHAW TROPHY WINNER**-Janet Leeper, standout guard on the Loudon City girls basketball team, is pictured with the widow of Tommy Bradshaw in ceremonies honoring both Janet and the deceased sports editor of the Loudon City News.

## Need New Appliances Come to the Big Tent at

# John J. Moats

Furniture & Appliance

West Broadway 986-8076 Lenoir City

# You'll find it all at CO-OP the lawn and garden place

### POWER EQUIPMENT

**Rotary Power Mowers**  
High-wheel, low-wheel, economy or deluxe... choose the model that suits your disposition and your lawn. All have safety features and value prices.

**Self-Propelled Rotary Mowers**  
22-inch top-quality mowers with power to pull their own through the toughest conditions. Choice of standard and deluxe models.

**CO-OP Riding Mowers**  
Powerful new rear-engine models in sizes from 25 to 36 inch. Engineered for easy operation, lasting service. Manual start or fully electric. Check our prices.

**CO-OP Rotary Tiller**  
Look no further. Co-op's 5 HP chain-drive model gives positive-power cultivation. Balanced for easy control. Special-purpose attachments such as rollers, plows, and harrows are available.

### HAND TOOLS

Amateur or green-thumb "pro", the proper tools will help you do the job better. And we have them. Quality True Temper hand tools in a wide assortment. All made to save time and increase your pleasure from a job well done.

### LAWN SEEDS, LAWN AND PLANT FOODS

Don't guess. Use the best ingredients for long-lasting results. Co-op quality will save you money in the long run.

**Seeds**  
Bluegrass, creeping fescue, or balanced lawn mixtures—regular or shady. They'll give beautiful, permanent cover to enhance your property and your outlook.

**Lawn Foods**  
Choose from special lawn fertilizers that contain slow-release nitrogen. Available with crabgrass or broadleaf weed killers right in the formula.

**Plant Foods**  
Co-op offers high-grade high-analysis agricultural fertilizers... more plant-food units per pound. Excellent for gardens, flowers, shrubs, and general usage.

**Bagged Lime**  
Lime is the key that unlocks high-acidity soils (and most are). Lime makes plant foods more readily available for lush growth, heavier yields. Improves soil tilth, also.

**Application**  
Get even coverage with far less walking. True Temper rotary spreader broadcasts in a wide band. Fully adjustable for different materials. Easily cleaned and maintained.

### AND DON'T FORGET

**Garden Hose**  
Take your pick. Vinyl, elastic or rubber hose in 1/2" or 3/4" diameters. A type and price for every need. Also vinyl sprinkler hose for efficient, controlled watering of lawn, garden, or shrubs.

**Wheelbarrows**  
Lightweight or heavy-duty models suitable for mucky gardening or moving cement. Fit the barrow and the price to your activities.

**Peat Moss**  
First grade, uniform. Screened to remove coarse material. Excellent for soil lift, for setting new plants and mulching.

### WEED, INSECT, DISEASE CONTROL

We've a full line of approved herbicides, insecticides and fungicides—dusts, liquids, and wettable powders—to protect lawns, plants, trees, flowers, vegetables, and shrubs. Ask for recommendations... follow label instructions for application.

Go CO-OP for service and value

**CO-OP LAWN AND GARDEN**

### 1st Grade To Register

Forms for registering first grade students at Loudon Elementary School are not available at the principals' office.

Principal Rupert Haffine said that the forms for first grade students should be completed and returned to the school no later than June 1 and requested that parents bring the completed forms to the school between 12 noon and 4 p.m. any day between May 28 and June 1.

Some of the requirements listed by the principal are an up to date record of immunizations, showing dates that shots and boosters were taken; a physical examination; certified from a dentist; and a birth certificate as proof that the child will be six years of age before October 31 of this year.

## Court Delay Could Mean Loss Of Interchanges

(Continued from Page 1)

incorporating an emergency headquarters into Justice Center. By doing so the county becomes eligible to apply for the Civil Defense grant.

Though the court did approve making application for the \$30,000, it took no action with regard to naming a coordinating committee for the new center.

In other action Monday's the court:

—ADOPTED A FIVE-YEAR fiscal planning program for

### Three Hurt In Wrecks

Two Concord residents and a Wisconsin man ended up in hospitals this week as the result of separate auto accidents, one in town on West Broadway in Lenoir City.

The Lenoir City wreck, near F Street, sent 25-year-old Walter J. Rau of Wauwatosa, Wis., to Loudon County Hospital with head injuries. Rau was charged with reckless driving after his 1970 Ford veered off of West Broadway and collided head-on with a tree. Lenoir City Police Officer Jack Latham, who investigated, said the Ford was heading south on Broadway at the time of the accident.

The wreck occurred about 4:15 p.m. Friday.

The other accident, on Everett Road near the Knox-Loudon County line, occurred about 7:20 p.m. Friday. Injured in it were 20-year-old Brenda A. Hatmaker, Rt. 2, Concord, and 59-year-old Charley B. Lane, Rt. 5, Tripplett Rd., Concord. Both were taken to Ft. Sanders Presbyterian Hospital, Knoxville.

State Trooper George Pierce, who investigated, said the car driven by Lane, a 1967 Ford Mustang, rounded a curve on the wrong side of the road, collided with a 1972 Oldsmobile driven by the Hatmaker woman, careened out of control and came to rest on a bank at the side of the road.

Lane was charged with driving while intoxicated.

the county, prepared by the State Planning Office in cooperation with the Loudon County Planning Commission.

—AUTHORIZED THE PAYMENT OF \$20,571.52, to be taken from federal revenue sharing funds, for subsidizing operation of the Loudon County Ambulance Service.

The court heard a report on the Ambulance Service by Squire J.D. Conner, who noted that the service made 108 calls in March, collected \$1,125.75, and paid out \$5,272.96.

The squre noted that the collection rate for the Ambulance Service has improved, standing at 27.6 percent for March.

Loudon County Hospital Administrator Gay Hamilton, on hand for the court session, explained that many Ambulance Service accounts are considered uncollectable.

"We do have to transport a number of elderly and indigent patients to hospitals in Knoxville," Hamilton explained, "but until recently the Ambulance Service had not been eligible for reimbursement under Medicare."

Mr. Hamilton also told the court that on at least three occasions recently Loudon County patients have had to wait at the UT Hospital for more than five hours before receiving treatment. One patient, he said, died during such a wait.

—AUTHORIZED JUDGE SPROUL to write a letter to the State Department of Transportation requesting the department send a representative to Loudon County to assess damages being done to private property and to county roads as a result of work being done on I-75.

SUMMER COURT MEETINGS dates were set by the court to work around holidays. The June meeting will be held on a regular schedule the Monday, June 4, at 7 p.m. July's meeting, because of the July 4th holiday has been moved to Monday, July 16 at 9 a.m. August's meeting will be in its normal slot, Monday, August 6, at 7 p.m. The Labor Day holiday caused the September meeting change. That meeting will be at 9 a.m. Monday, Sept. 10.

UNLESS THE COUNTY takes over the staffing of office and administrative personnel in the Loudon Roane Community Action Agency under the federal

program will end on October 7 the court was Judge Sproul of drastic cutbacks in the OEO programs which have seen as much as \$1.5 million yearly spent in Loudon County. Under the present program Loudon County will receive \$162,000. It was explained about the only way to develop the programs through the East Tennessee Development District would be for Loudon County to pay \$19,000 a year and Roane \$19,000 for office staffs.

Programs in the OEO line which will still continue, although on a reduced level will be the Mainstream project where the county maintenance department and the departments of education has gotten funds to hire a number of employees, the Neighborhood Youth Corps as a series of slides for students and several programs for senior citizens.

BART IDDINS AND Ross Wilkerson, co-chairmen of the Loudon County Committee of 100, a county-wide industrial development organization, showed a series of slides. The program showed activity in industrial development in neighboring counties where the county participated municipally.

Loudon County has never had a county financed industry program. The Committee of 100 and the Fort Loudon Industrial Development Company are both organizations supported by private citizens and business.

The men showed where Blount County gives 100 percent financing to the industrial job program, there providing \$26,000 in tax funds; Roane County provides \$22,500 for the program there and Monroe County the county, two cities and utilities support a \$27,500 annual program.

Iddins presented a proposed \$32,000 annual budget for the operation of a full-time industrial development program in Loudon County and asked the court to consider placing funds in their budget next year to assist the Committee of 100 in the operation of the local program.

APPROVAL OF FILING an application for an EDA grant of \$500,000 as a joint county-city project for the development of the Lenoir City Industrial Park was approved by the court. The Lenoir City Chamber of Commerce recently purchased land near the Eaton Corporation for an

industrial park. The purchase of the land was financed by the Fort Loudon Industrial Development Company. Should the grant, which would pay for 50 percent of the development be approved the county and City of Lenoir City would jointly join in the development of the property.

STOCKTON VALLEY ROAD, called one of the worst roads in the county, and the possibility of getting the road resurfaced was brought to attention of the court by several residents of the area. Road Commissioner Bledsoe said that if property owners could get together and agree to donate the required 50 foot right of way needed that he would apply for state funds to repair the road.

He agreed with the property owners that the road was in "terrible" condition and that he has patched so much that

more patching just made it worse. At the request of the court a meeting of the squires of the area, all property owners along the road and Commissioner Bledsoe is slated for 8:30 p.m. Monday, May 14, to see if the right of way problems can be worked out.

JUDGE SPROUL REPORTED that the Property Tax Stabilization Act was not passed by the State Legislature but that Governor Winfield Dunn had money in his budget that would be passed on to local governments in various means. He mentioned that the state may take over the entire costs of operating the various welfare programs, increased funds for indigent hospital care, payment of all costs in the food stamp program and more rural road money.

### Your County In Action

BY HARVEY L. SPROUL  
LOUDON COUNTY JUDGE

Well to talk about something that has been a little bit misunderstood, and to try to give you some background on the whole situation, I thought I might say something about the Courthouse closing hours.

There are some areas wherein certain reports must be made by elected county officials to the County Judge and/or the Quarterly County Court by statute or by constitution.

In other words, although the County Judge is the county's chief administrative officer, he has no direct supervision over any other elected County official.

A particular example of this would be the financial reports and accountings that must be made by elected officials to the County Judge as the Chief Fiscal Agent.

All of us try to work together to attempt to meet the needs of the public and to serve the public in the best way possible, and I must say that this general cooperation among County officials has been very good, although I am

sure that anyone can realize that occasionally there arise those situations where there is bound to be disagreement or misunderstanding.

As most people know the Loudon County Courthouse has been traditionally open six days a week from 8 a.m. to 4 p.m., except for Wednesdays and Saturdays when the hours are 8 a.m. to 12 noon.

The idea of this program was not initiated by me, but I and all the elected county officials did agree to try this out for the summer, and ultimately because it apparently worked out fairly well with most county citizens being willing to put up with occasionally what might be some inconvenience, it was then extended for an additional indefinite period of time.

However, as we came through the first part of the calendar year and through the property tax season and to the automobile license season, enough comment was received from enough citizens concerning not being open on Saturday, that several of the county's elected officials decided their offices could best serve the people by being opened on Saturday and being closed on Wednesday afternoons.

One of the officers, the Circuit Court Clerk who also is the (General Sessions Clerk) has decided at least for the time being that he will keep his office open on Wednesday afternoons as well as on Saturday mornings.

So this is the current situation, and each County official will be responsible for deciding what hours his office will be open and how he can best serve the needs of the public.

me, as Trustee under said instruments. I will on the 9th day of June, 1973, offer for sale and sell in front of the courthouse door in Loudon, Tennessee, at 10:00 A.M. Eastern Daylight Savings Time, to the last, highest and best bidder, for cash, hand, and in bar of the equity of redemption, the following described tract of land, situated in the Third (3rd) Civil District of Loudon County, Tennessee, and more particularly described as follows:

Located in the Third (3rd) Civil District of Loudon County, Tennessee, and being approximately two (2) miles Northward of Greenback, Tennessee, and bounded and described as follows:

**BEGINNING** at a post and corner with Joe Thompson and G.D. Cooper, and running thence N. 23 degrees 40' W. with the G.D. Cooper line 3.904 feet to a stake and corner with G.D. Cooper and Bill Griffiths; thence S. 23 degrees 40' W. with the Bill Griffiths line 1.376 feet to a stake; thence continuing with Griffiths line S. 47 degrees 30' E. 1.400 feet to a stake and corner with W. O. Bennett; thence S. 24 degrees 49' E. 1.185 feet to the Bennett line; thence N. 65 degrees 20' E. with Bennett 1.194 feet to a stake and corner; thence S. 37 degrees 30' E. 1.400 feet to a post, thence N. 77 degrees 45' E. with Ellis Evans 765 feet to a post and corner with Joe Thompson; thence N. 8 degrees 45' E. 525 feet to the point of beginning, containing 124 acres, more or less, and subject to legal highways.

This being the same property conveyed by Clifford L. Williams and wife, Irene R. Williams, by deed dated August 31, 1972, and recorded in the Register's office for Loudon County, Tennessee, in deed book 109, page 512.

Dated at Loudon, Tennessee, this 8th day of May, 1973.  
John O. Gibson, Trustee  
5-10-4tc

**ORDER OF PUBLICATION NON-RESIDENT NOTICE**  
NO. 1163  
Norman Ray Brown vs. Kathy Barren Brown et al.  
Court of Loudon County, Tenn. at Loudon, Tennessee.

It appearing from the bill in this case, which is sworn to, that Kathy Barren Brown resides out of the State and cannot be personally served with process, it is ordered that publication be made for four consecutive weeks in the Loudon County Herald, a newspaper published at Loudon, Tennessee, in Loudon County, Tennessee, requiring the said Defendant to appear before the said Court on or before the first Monday in June next, and make defense to the bill filed in the above cause, which seeks absolute divorce, or otherwise said bill will be taken for confessed and cause proceeded with ex parte.

This the 3rd day of May, 1973.  
Billy Joe Akins, Clerk of said Court.  
John O. Gibson, Solicitor for Complainant.

**FORECLOSURE NOTICE**  
WHEREAS, by deed of trust dated the 26th day of March, 1972, of record in the Register's office for Loudon County, Tennessee, in Trust Book 116, page 246, Joe Allen Tarwater and wife, Benita G. Tarwater, did convey to Nola M. Elam Et Al., Trustee, the tract of land hereinafter described to secure the payment of the

principal sum set forth in said deed of trust, evidenced by one certain promissory note fully described in said trust deed; and

WHEREAS, said deed of trust provided in event of default in the payment of any sums required by said deed, principal and interest, when due, the entire amount of said note shall, upon the option of the lender, become due and payable; and

WHEREAS, default has been made in the payment of certain instruments of said indebtedness and the holder and owner of said note has declared the entire balance now due and payable, and has instructed the undersigned trustee to foreclose on said deed of trust;

**NOW, THEREFORE**, by virtue of authority in me vested, as Trustee under said instrument, I will on the 9th day of May, 1973, offer for sale and sell in front of the Courthouse door in Loudon, Loudon County, Tennessee, at 10:00 o'clock A.M. (Eastern daylight time) to the last, highest and best bidder for cash in hand and in bar of all rights and equities of redemption, homestead, dower and all other rights and exemptions of every kind, the following described tract of land situated in the Third Civil District of Loudon County, Tennessee, and being particularly described as follows:

**BEGINNING** at a point in the center of Tarwater Road a public road in Loudon County, Tennessee at a common corner with the land of Best and the J. B. H. Brown tract with the line of Hill South 52 deg. west 604 feet and continuing with the lands of Hutton 225 feet, an iron pipe, thence in a northerly direction in a severance line 430 feet to an iron pipe on the right of way line of the Tarwater Road; thence continuing in a northerly direction to the center of said road; thence in a northeasterly direction with the center of the Tarwater Road 829 feet, more or less, to the point of beginning and containing 4.2 acres, more or less, but said land is sold by boundaries and not by acres.

Dated at Greenback, Tennessee, this 7th day of May, 1973.  
NOLA M. ELAM, Trustee  
5-10-4tc

**FORECLOSURE NOTICE**  
WHEREAS, by deed of trust dated the 26th day of March, 1972, of record in the Register's office for Loudon County, Tennessee, in Trust Book 116, page 246, Joe Allen Tarwater and wife, Benita G. Tarwater, did convey to Nola M. Elam Et Al., Trustee, the tract of land hereinafter described to secure the payment of the

principal sum set forth in said deed of trust, evidenced by one certain promissory note fully described in said trust deed; and

WHEREAS, said deed of trust provided in event of default in the payment of any sums required by said deed, principal and interest, when due, the entire amount of said note shall, upon the option of the lender, become due and payable; and

WHEREAS, default has been made in the payment of certain instruments of said indebtedness and the holder and owner of said note has declared the entire balance now due and payable, and has instructed the undersigned trustee to foreclose on said deed of trust;

**NOTICE TO CREDITORS**  
Estate of Steven C. Miller, deceased.  
Notice is hereby given that on the twenty-fourth day of April, 1973, Letters of Administration, in respect to the Estate of Steven C. Miller, deceased, were issued to the undersigned by the County Court of Loudon, Tennessee. All persons having claims matured and unmatured against the said Estate are required to file the same with the above Court within six months from the date of the first publication of this notice, otherwise their claims will be forever barred.

This April 24, 1973.  
Bonnie M. Milligan, Administratrix of the Estate of Steven C. Miller, deceased.

### Legal Notice

#### FORECLOSURE NOTICE

That, WHEREAS, by a deed of trust dated August 21, 1972, of record in the Register of Deeds office for Loudon County, Tennessee, in Trust Book 129, page 182, et seq., Clifford L. Williams and wife, Irene R. Williams, did convey in trust to John O. Gibson, Trustee, the tract of land hereinafter described, to secure the payment of the principal sum of \$43,000.00, evidenced by promissory note due Wayne Curtis and/or Martha Curtis, all as stated in said deed of trust, and being incorporated herein by reference and

WHEREAS, said deed of trust provided that in the event of default in the payment of any of said notes and interest, when due, the entire indebtedness shall at the option of the holders and owners thereof become due and payable; and

WHEREAS, default having been made in the payment of certain installments, now due, and the holders of said notes having declared the entire balance now due and payable, and has instructed the undersigned Trustee to foreclose said deed of trust;

**NOW, THEREFORE**, by virtue of authority vested in me, as Trustee under said instruments, I will on the 9th day of June, 1973, offer for sale and sell in front of the courthouse door in Loudon, Tennessee, at 10:00 A.M. Eastern Daylight Savings Time, to the last, highest and best bidder, for cash, hand, and in bar of the equity of redemption, the following described tract of land, situated in the Third (3rd) Civil District of Loudon County, Tennessee, and being approximately two (2) miles Northward of Greenback, Tennessee, and bounded and described as follows:

**BEGINNING** at a post and corner with Joe Thompson and G.D. Cooper, and running thence N. 23 degrees 40' W. with the G.D. Cooper line 3.904 feet to a stake and corner with G.D. Cooper and Bill Griffiths; thence S. 23 degrees 40' W. with the Bill Griffiths line 1.376 feet to a stake; thence continuing with Griffiths line S. 47 degrees 30' E. 1.400 feet to a stake and corner with W. O. Bennett; thence S. 24 degrees 49' E. 1.185 feet to the Bennett line; thence N. 65 degrees 20' E. with Bennett 1.194 feet to a stake and corner; thence S. 37 degrees 30' E. 1.400 feet to a post, thence N. 77 degrees 45' E. with Ellis Evans 765 feet to a post and corner with Joe Thompson; thence N. 8 degrees 45' E. 525 feet to the point of beginning, containing 124 acres, more or less, and subject to legal highways.

### A Crown for Mother

You, as a Mother, are honored by your children as a special day - Mother's Day. Use the little things they make for you with these timely helpful phrases you and warm your heart.

It warms and quickens the heart of God when you honor Him in His special day. "Remember the Sabbath Day, to keep it holy." Exodus 20:7. Worshipped you on this best Sunday in the church of your children. We should honor our loving Heavenly Father even as we expect our children to honor us.

Actual church on Mother's Day.

MAY 10 1973

that his hero was the late Stanley Mitchell in late years of Lenoir City. Mr. Jones stated that Stanley was from Unita and he didn't know why he came to Acting School.

He was too young for school when this picture was made but later attended school there. One of his teachers was Miss Kittie Greenway, an aunt of J.E. Greenway of Loudon. Others he recalled in the picture are George and Bruce Mitchell, several French children, whose father was Colonel French, Mira Long, Sinah DeFord, Vesta Brooks, Frank Long, Charlie Jones, and Lillie Jones. Maybe some of our readers will remember others. Mr. Jones stated that time had taken it's toll, but maybe there are some who would remember this old school and community. Our many thanks to Mr. Jones.

Another picture we have is of James Millage. It is a school picture made in 1909.

Some months ago, Mrs. Curtis of Wharf Street, loaned us some pictures. Among them was another picture which we are running this week of Hattie Scarbrough. The mail carrier in those days were horseback. He recalls

This week we have a picture of the old Acting School and it's pupils of 1896, which is quite a number of years ago. It was loaned to us by Mr. Frank Jones of Ferry Street, Loudon. Mr. Jones said that he was

needed as much as they used to be. Most homes have some type of stereo or hi-fi equipment. So we are, for all practical purpose, surrounded by music of one form or another and myself, I like some of all of it, regardless of the type.

Somebody was asking us the other day if we recalled when the Pressing Club (dry cleaners) blew up down in the Greasy Corner area. We sure do. In fact, we were pretty close by when it happened. It was quite a fire and cost the life of one of the employees. We were real young at that time, maybe five or six years old. This place of business was located beside the now closed Dunbar School. I think it was pretty close to the location at which Hook Carmichael built his new home. Of course, this was in the days before we had a fire department and when anything got on fire, it usually burned to the ground. In this case, with the vats of cleaning solutions, I doubt if it could have been put out regardless of how much fire fighting

equipment they might have had.

Last week we ran a picture of Mr. and Mrs. George Otis Robinson. According to Miss Alina, this picture was made before their marriage during their courtship. She said that she and the late Mr. Robinson, the late Bar Greer and his date decided to spend a Sunday afternoon kodaking. This was a very common and widely enjoyed Sunday afternoon activity in our area. We have often said, almost everyone has had their picture made at the railroad bridge. Why-I don't know.

# London County Herald For and about Women

## Have Lawn Wedding

### Personal Mention

MRS. ERNIE LUNSFORD  
Phone 458-2681

Mr. and Mrs. Richard Sampson, Jr. of Atlanta, Ga., formerly of London, were recent guests at the reception and dinner for the Tennessee Oil Men's Association Convention held at the Marriott Motor Hotel in Atlanta.

Arthur Akin was honored on his 76th birthday with a dinner, Sunday, May 13 at the City Park. His wife, children and grandchildren helped him celebrate.

Mr. and Mrs. Kenneth Wolfe attended the wedding for Robert Green and Nancy Wilson, Saturday, May 12 at Danforth Chapel, Berea College, Berea, Ky.

Mr. and Mrs. Tom White and daughter, Andrea, of Old Hickory spent the weekend at their cabin on Watts Bar Lake. They attended church service Sunday morning at Prospect Baptist Church. The White's had as their dinner guests Sunday Mr. and Mrs. Joe Holdridge, Jill and Judy Hoy, White and Ann Farmer of Knoxville, Mr. and Mrs. H.F. Holdridge, Jr., Mr. and Mrs. Howard Holdridge, Shay and Tiffany of Cleveland, Mr. and Mrs. Dock White, Mrs. Joyce Hutton, Mr. and Mrs. Frank Rose and John, Mrs. H.F. Holdridge, Sr., Clyde Merrick, Mr. and Mrs. Harvey Crabtree, all of London and Joe West of Tullahoma.

Mr. Arthur Hooker of Newark, Dela. was called home Saturday due to the illness of his father, Mr. Horace Hooker who is a patient at Sweetwater Hospital.

Mrs. E.R. Webster spent Mother's Day with her mother, Mrs. C.I. Knight in Knoxville.

Mrs. Charles Haun of Knoxville spent Saturday with her mother, Mrs. Maude Miller.

Mr. and Mrs. Kenneth Howard spent Sunday in Kingston with their son-in-law and daughter, Mr. and Mrs. Burton Wright and son.

Mr. and Mrs. Clinton Edmonds of Lenoir City, Mrs. Dorris Morris and Mrs. Ruth Bradshaw spent Sunday with their mother, Mrs. Maude Grimes.

Mr. and Mrs. Calvin Wilson and children spent the weekend with relatives in Lake City.

Miss Geneva Bostic of Hendersonville spent the weekend with her parents, Mr. and Mrs. Henry Bostic. Also

Mrs. Carolyn June Clinton of Philadelphia, became the bride of Terry Eugene Humbert of Athens, in a ceremony held on the lawn of the bride's home on May 13. The Rev. J.R. Redden of Chattanooga performed the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Allen Clinton of Philadelphia and the groom's parents are Mr. and Mrs. Isaac Humbert of Athens.

Mrs. Evelyn Swiney presented a program of wedding music for the rites. Given in marriage by her father, the bride was attired in a long pink belle gown with a face framing picture hat. She carried a bouquet of pink rose buds and white daisies with pink ribbon streamers.

Following the ceremony, the bride's parents hosted a reception at their home. Those serving were Miss Nancy Clinton of London, and Misses Jan and Lisa Harris of Philadelphia. Miss Catherine Clinton, sister of the bride, kept the bride's book.

The bride is the granddaughter of Mr. and Mrs. James Cavett and Mr. and Mrs. A.F. Clinton.

The groom is the grandson of Mrs. S. Morrow, Sr. and the late Mr. Morrow of Athens and Mrs. W.H. Humbert of Philadelphia and the late Mr. Humbert.

Following a wedding trip to Gatlinburg, the couple is now making their home in Philadelphia.

Wampler of Lenoir City. While here they visited with Mrs. Wampler's mother, Mrs. Alice Hooker.

Mr. and Mrs. Ronnie Pearce and sons, Billy, Ron and Brad of Goodlettsville spent Sunday at their home on Watts Bar Lake. With the Pearce's were her parents, Mr. and Mrs. Bill Hainey of Nashville.

Mrs. Charlene Johnson of Lenoir City and her mother, Mrs. William Shirk visited Friday with Mrs. Patricia Walker in Chattanooga.

Mr. and Mrs. Doug Cox of Townsend spent Mother's Day with his mother, Mrs. Maxine Cox.

Mrs. C.R. Harper attended Homecoming at Greasy Creek Church, Sunday in Polk County.

Visiting Sunday with Mr. and Mrs. Joe Lane and Mrs. John Houston were James R. Lane, Kathy and David of Maryville and Mr. and Mrs. Jerry Turner of Orlando, Fla. who were enroute to their new home in Akron, Ohio.

A family reunion was held Sunday at the home of Mr. and Mrs. Wayne Carter of Lee Highway. Those attending were Mr. and Mrs. Frank Carter of Knoxville, Mrs. Charles Lawson of Williamsburg, Ky., Mrs. Gillis Hendrickson of Harlan, Ky., Mr. and Mrs. Sam Haun and son, Carter, of Nashville, Mr. Emmett Carter of Philadelphia, Mr. and Mrs. Ronnie Martin and children, Mr. and Mrs. Bob Carter and children and Mayor and Mrs. Joe Carter.

Mrs. Carl Black is a patient at University Hospital.

Mrs. Maude Grimes spent a few days last week with her sister, Mrs. Ethel Nelms in Philadelphia.

Visiting on Mother's Day with Mr. and Mrs. Jim Green were Mr. and Mrs. Clifford Cook of Lenoir City, Jimmie and Hugh Green, Sonnie and Hugh of Atlanta, Ga., Mr. and Mrs. Bill Watts, Robbin and Tammy of Nisla, and Mr. and Mrs. Glen Green-Brian and Larry of Oak Ridge.

Mr. and Mrs. Max Parker have returned to their home in Gibson after spending several days with Mrs. Parker's sisters, Misses Mary Catherine and Carrie Lou Nize. While here they also visited Saturday with their aunt, Mrs. John Taylor in

White Pine and Sunday with Dr. and Mr. Ted Johns in Cleveland.

Mr. Henry P. Easter of Baltimore, Md. is here for a visit with relatives.

Mr. and Mrs. Henry Tyler, Leatrice, Mary, Angie and Barbara, attended the graduation of the Tyler's daughter, Pansy, Friday form Carson-Newman College in Jefferson City.

Mr. and Mrs. Gary Hensley and son, Todd, visited relatives over the weekend in Kingsport.

Mrs. Bill Kirkland is a patient at Fort Sanders Hospital.

Robert Cook of Athens visited Sunday with his

mother, Mrs. Mae Cook.

Samuel D. Taylor of Washington, D.C. visited last week with Mrs. Charles Taylor and Mr. and Mrs. Paul Arr.

Mrs. Patsy Huff of Friendville visited Sunday with Mr. and Mrs. Charles Kelley. Also visiting the Kelley's Monday was Jessie Kelley of Lenoir City.

Mr. and Mrs. Amos Albritton of Chula Vista, Calif. are here for a visit with her sister, Mrs. Joe Jones and other relatives. Mrs. Albritton will be remembered to her friends as the former Miss Jessie Easter, formerly of Lenoir.

Will D. Robinson returned to his home Sunday after several days at St. Mary's Hospital.

Mrs. Jessie Stanley of Oneta visited Thursday with her sister, Mrs. Joe Christian. Mrs. Mae Bradshaw who has been visiting Mrs. Stanley accompanied her home.

Andrew Hamilton of Cherokee, N.C. spent Mother's Day with his mother, Mrs. Jack Hamilton.

Misses Myrtle Davis of Clinton and Ruth Ferguson are on a tour in Hawaii sponsored by South Central Bell Pioneer Society.

Mr. and Mrs. Charles Hall and children of Madisonville were dinner guests Mother's Day with her parents, Mr. and Mrs. Fred Arden. They also attended Decoration at New Providence.

Joe Tipton received word Monday of the death of his mother, Mrs. John Wiley Blair in Sarasota, Fla.

Mrs. Dora Bingham of Los Angeles, Calif. and Mr. and Mrs. Palmer Smeicer of Charlotte, N.C. are here for a visit with Mr. and Mrs. John Chastain.

Mrs. Pauline Williams and Mrs. Willie Mae Arden were shopping in Knoxville Wednesday last week.

Mr. and Mrs. Kenneth

Hooker and daughter, Cindy, were here from Hendersonville, N.C. for a visit with their mothers, Mrs. Fred Miller and Mrs. John Hooker.

Mr. and Mrs. Gilson Moore and children, Jane and Charles of Jefferson City came Sunday for a Mother's Day visit with her parents, Mr. and Mrs. Bethel Jenkins. The Jenkins's surprised their daughter with a birthday dinner. Other guests were Mr. and Mrs. Elmer Cathcart of Philadelphia.

## West-Kincer Vows Are Exchanged

Before an altar of greenery and candelabra, Miss Betty Kathryn West and Kenneth Ray Kincer pledged their wedding vows. The ceremony took place April 11 at 7 p.m. at New Providence Baptist Church with the Rev. Billy Joe McCown performing the double-ring ceremony.

The bride is the daughter of Mr. and Mrs. James W. West Jr., R. 3, Loudon, and the granddaughter of Mrs. Mollie West of Loudon and Oscar Belcher of Lenoir City.

The bridegroom is the son of J.C. Kincer of Lenoir City and the late Mrs. Kincer. He is the grandson of Mrs. Donald Davis and Mrs. Lucille Kincer of Lenoir City.

Given in marriage by her father, the bride wore a taffeta gown of white angelmist and re-embroidered attonen lace. A chapel length mantilla was of matching lace. The bridal bouquet was a nosegay of red roses and baby's breath centered with a purple orchid over a white Bible.

Attending the bride were Mrs. Linda Goodman, sister of the bride, of Chattanooga, Ga., as matron of honor; Carolyn Sue Wells of Clinton, Jean Moore of Loudon, and Donna

Queener as bridesmaids. Dianne West, cousin of the bride, was flower girl carrying one long-stemmed white rose; they wore gowns fashioned of crepe and accented with lace in rainbow colors. White picture hats completed their ensembles. The flower girl carried a basket of red rose petals.

Jacky Morling was the groom's best man. Groomsmen were Mike Latham, cousin of the groom, Ricky Swaney, and Kenny Kinkaid. Gary Jack Kincer, cousin of the groom, was ringbearer.

Organist was Miss Jamie Shaver. Her selections were "Twelfth of Never," "The Lord's Prayer," "We're Only Just Begun."

The mother of the bride wore a blue and white dress with matching coat and white accessories. Her flowers were a white rose carriage.

Immediately following the ceremony, a reception was held at the New Providence cafeteria. Assisting were Carolyn Harper, who kept the bride's book, Mrs. Sus Campbell of Concord, Brenda Wiggins of Athens and Billie

## Philadelphia Personals

**GOD SQUAD**—The God Squad, youth choir of the First Baptist Church of Loudon, is shown at dress rehearsal at the inspirational concert LIFE which they will present at 8 p.m. Friday and Saturday in the Loudon High Auditorium. There is no admission charge.

## God Squad To Present LIFE Concert

The God Squad (youth choir) of the Loudon First Baptist Church, under the direction of Mike Morgan, Auditorium Friday and minister of music, will present

LIFE, an inspirational concert by Otis Skillings, at 8 p.m. in the Loudon High School Auditorium Friday and Saturday.

Admission to the concerts is free. Besides the 35 members, their seven member band will provide accompaniment for the hour long concert.

**MOTHERS DAY CONTEST WINNER**—Rebecca Henderson, 8 year old daughter of Mr. and Mrs. Edward Henderson of Loudon, was first place winner in the West Town Mall's Mother's Day Contest for her age group. Rebecca won a \$10 gift certificate for writing a letter about her mother. The letter said "My Mom's a doll because she wakes me each morning with a kiss. She is a wonderful person and I'll always be proud that she is my mother."

**FIRST AID SQUAD**—Mrs. Coy Cabe of Greenback and one of her first aid classes recently raised \$270 for the purchase of ten Lateral suction units for the ambulances operated by the Loudon County Emergency Rescue Squad at Greenback. The money was raised by bake sales and donations. Mrs. Cabe also is recognized as a CPR instructor and has completed her EMT training in Knoxville.

**Bonnie Talk**  
BONNIE SHEELEY  
Assistant Extension Agent  
Agricultural Extension Service  
The University of Tennessee

Corn is one of the Western hemisphere's most valuable contributions to the world's agriculture. With the 5.3 million bushels of corn produced in 1972 and a much greater crop in 1970, we are assured of ample supplies of corn meal and corn grits.

Corn is classified by endosperm characteristics and by color—white or yellow. White corn is grown primarily in south and southwest and yellow corn in the Midwest.

Corn meal can be made from white or yellow corn. White corn meal is preferred in the south, while yellow corn meal is more familiar in the North. Either white or yellow meal can be used in most recipes, choose according to your personal taste. Yellow meal contains more vitamin A but white usually has a milder flavor.

Hot breads, including corn breads have long been symbols of Southern hospitality, stemming from the southern homemakers' refusal to serve cold bread. According to folklore, a guest who's served cold bread may assume that he's not really welcome.

A product of corn grits are classed as a cereal but are far more versatile. In addition to a breakfast of ham or sausage with steaming grits and red-eye gravy, grits provide lots of other interesting dishes. Fluffy spoon bread, tasty casseroles and luscious desserts—all can be made with grits.

Because corn meal and grits are prominent in the national diet, their nutritive value is of concern. Both provide thiamine, niacin, iron, and other minerals, protein and food energy—at low cost. Enriched corn meal and grits have extra food value added in B vitamins and minerals. Try this tasty casserole.

**Grits And Cheese Casserole**

1 cup of quick cooking grits 1 6-oz. pkg. garlic cheese  
2 cups boiling water 2 eggs  
1 tsp. salt 1/2 lb. butter or margarine  
Milk (see directions for amount) 1/2 cup grated American  
Cheese

Cook grits, water and salt until soupy. Cut cheese into small pieces and add to the grits. Add butter. Break eggs into a measuring cup. Add enough milk to make 1 cup. Beat together and add to the grits. Pour into a buttered casserole. Bake uncovered for 45 minutes at 300 F. Remove and sprinkle with grated cheese. Bake another 10 minutes. SERVES: 8 to 10 people.

Corn is one of the most abundant grain crops grown in the United States and its use for food is increasing. Many uses of this important agricultural crop have been adapted to local areas, but they still reflect the versatility and good flavor of corn meal and grits—truly products of our American heritage.

## Mrs. Morton Installed As New DAR Regent

Miss Martha Blair and Mrs. N.A. Weaver were hostesses for the May meeting of the DAR at the Blair home Thursday night, May 10. Honored guests were Miss Carolyn Ritchey, DAR Good Citizen for Hiwassee Chapter, and her mother, Mrs. Jean Ritchey. Other special guests were the Junior American Citizens Club directors, Mrs. Lucille Purdy and Mrs. Margaret Pettley, who were also program leaders.

The main order of business for the evening was the election and installation of the officers for 1973: Mrs. Lucy Steele Harrison, outgoing regent presided, and Miss Rachel Huff, Chaplain, conducted the installation service.

New officers elected are Mrs. Billie Morton, Regent; Mrs. Louise Zimmerman, Vice-Regent; Miss Rachel Huff, Chaplain; Mrs. Mary Sue House, Recording Secretary; Mrs. Nelle Harrison, Corresponding Secretary; Mrs. Margaret McQueen, Treasurer; Mrs. Helen Watson, Registrar; Mrs. Jamie James, Historian; Mrs. Daisy Marrs, Librarian.

**The Tribe Speaks**  
BY LOUDON HIGH SCHOOL JOURNALISM CLASS  
By Patti Gentry, Joyce Harrison

The annual Mother-Daughter banquet of the F.H.A. of the Home Economics department was held Tuesday night, May 1. The theme of Love Is—was evident in every phase of the evening's program. The members had prepared the food, which was colorful and pretty as well as most delicious. Members of the FFA served capably at the tables.

25 Members modeled garments suitable to any and all occasions. Some of the garments were made by the girls, others were purchased. Beth George provided comedy with her antics as the "well-dressed" cleaning lady.

The outgoing officers presented each incoming officer with a red rose and a small gift. Mrs. Mary Harrison and Mrs. Donna Ivens were ably assisted by the student teachers, Misses Susan Beard, Sharon Idol, and Mrs. Kathy Stewart.

Approximately 200 guests and members attended these chapter officers for 1973-74 were announced. Pres. Vonhella Wynn, V.P. 1st Sandy Jones, 2nd Sonya Truck 3rd Pal Moore, Sec. Susan Simpson—recording Darlene Blankenship—corresponding, Treas. Carolyn Hickey, Parliamentarian—Debbie Puckett, Historian—Sandra Shell, Reporter—Hamona McNabb, Photographer—Cheryl Shirk, Songleader—Susan Crisp, Pianist—Evelyn Inusan, Student Council Rep. Jackie Harvey.

## Centurian Meets \$3 Million In Savings Bonds

The Loudon County Centurian Home Demonstration Club met Thursday, May 10 at the Back of Loudon County. Mrs. Roger Perkins was hostess. A program on "Paper Tools" was presented by Mrs. Gerald Campbell. Four members and two guests were present.

The Department of the Treasury this week announced that Loudon Countians are now holding over \$3 million in savings bonds. The announcement said that last month the amount of savings held in Loudon County reached \$3,074,000.

**CELEBRATES BIRTHDAY**—Romania Dee Massey celebrated her sixth birthday May 12 with a party at the Jack and Jill Play School. Larry (Toby) Massey, Jr. celebrated his second birthday on March 1. They are the children of Mr. and Mrs. Larry Massey, Loudon. Grandparents are Mr. and Mrs. Lawrence Ward and Mr. and Mrs. Jack Massey all of Loudon.

# Individual Honors Highlight Loudon All Sports Banquet

The Loudon High School Athletic Club held its annual All Sports Banquet last Saturday night at the Loudon High School cafeteria. A combined crowd of some 125 parents, coaches, athletes, and guests gathered to pay tribute to the athletic year just past at Loudon.

Mr. A.C. Duker, school superintendent, was the master of ceremonies for the night delivering an opening address saluting the athletes of Loudon High School and their individual contributions and roles played in making up a team organization.

Mr. Duker then had each individual head coach recognize his respective team and comment briefly on their season. The respective captains of each athletic unit were asked to sum up their feelings for their individual teams on a players stand point.

Danny Gibson, Sports Editor of the Loudon County Herald, was next on the program recognizing and presenting trophies and certificates to the All Loudon County football and basketball performers. Being honored from Loudon was football players Tim Guider, Jack Fickey, and Byron Lawson. Gloria Brown, Jane Shubert, and Marilyn Smith received All County Awards in girls basketball and Mike Messamore and William Cansler likewise in boys basketball.

Mr. Duker, promptly moving the program along, announced the Highest Scholastic Average Award winners in each sport. Recipients were Byron Lawson in football, Mike Messamore in boys basketball, and Susan Huskey in girls basketball.

Individual football trophies followed with several players being honored. Senior Jack Fickey was given the Karnes Funeral Home Team Sportsmanship Trophy and the V.F.W. Best Lineman Trophy. Tim Guider collected both the V.F.W. and Tic Toc Jewelers trophies as the Best Offensive Back. Byron Lawson was named the winner of the Tic Toc Jewelers Best Lineman Award. The Loudon County Herald Trophy for the Most Improved Player went to Brad Brewster. Rounding out the football honors was Steve Kizer, winner of the Butch Crabtree Most Valuable Player Trophy.

Boys basketball trophy winners were seniors Mike Messamore and Rodney Blevins and sophomore standout William Cansler. Messamore received the V.F.W. Best All Round Player Trophy and the Tic Toc Jewelers Most Valuable Player Award. Rodney Blevins got the Karnes Funeral Home Sportsmanship Award and Cansler captured the Everett Heady Trophy as the Most Improved Player. Jane Shubert and Gloria Brown each received two trophies in girls basketball. Miss Shubert won the V.F.W. Best Offensive Player Trophy and the Most Dedicated Player Award. Senior Gloria Brown, Loudon's premier defensive star, collected both the V.F.W. and Tic Toc Jewelers distinctions as the Best Defensive Player on the team. Marilyn Smith was presented the Tic Toc Jewelers Best Offensive Player Award and Debbie Hawkins walked away with the Loudon County Herald's Trophy as the Most Improved Player. Junior Connie Huskey was honored as the Team Sportsmanship Trophy winner, given by Karnes Funeral Home.

## Nashville Hosts TSSAA Golf

The 1973 TSSAA State Golf Tournament will be played at the beautiful Harpeth Hills Golf Course in Nashville on June 6-7.

Coach Don Fairbairn of Nashville M.B.A. will be the director of the state meet as well as the Region 5 tournament which is set for the Nashville McCabe Course on May 22.

The Region 1 tourney is slated for the Johnson City Golf and Country Club, May 21, with Science Hill High's Col. Presnel serving as the director. J.W. Jones of Knoxville Halls High will conduct the Region 2 meet at the Knoxville Beaver Brook Country Club on May 21. Region 3 will have its tourney

**BASKETBALL LASSES HONORED**—Four of the six girls who received individual awards for their outstanding contributions to the Loudon basketball season were captured by the Loudon County Herald Sports Camera. Pictured left to right is Connie Huskey, Karnes Funeral Home Trophy for the Best Sportsmanship; Jane Shubert, V.F.W. Best Offensive Player and Most Dedicated Player Award; Gloria Brown, V.F.W. and Tic Toc Jewelers Best Defensive Player Trophies; and Susan Huskey, Highest Scholastic Girls Basketball Trophy. Not wishing to have their picture made were Marilyn Smith, Tic Toc Jewelers Best Offensive Player Trophy recipient and Debbie Hawkins winner of the Loudon County Herald's Most Improved Player Trophy.

**WIN FOOTBALL TROPHIES**—Taking home individual football awards from the Loudon High School All-Sports Banquet were left to right Steve Kizer, The Butch Crabtree Most Valuable Player Trophy; Byron Lawson, Tic Toc Jewelers Best Lineman Award; Jackie Fickey, V.F.W. Best Lineman Award and the Karnes Funeral Home Team Sportsmanship Trophy; Tim Guider, both the V.F.W. and Tic Toc Jewelers Best Back Trophies; and Brad Brewster, The Loudon County Herald's Most Improved Player Trophy.

**CLAIMS BOYS BASKETBALL HARDWARE**—Mike Messamore and Rodney Blevins, senior basketball captains, carried away all but one of the boys hoop awards. Messamore was named the V.F.W.'s Best All Round Player and Tic Toc Jewelers Most Valuable Player. All Loudon County, and Highest Scholastic Award. Blevins received the Karnes Funeral Home Sportsmanship Trophy while William Cansler, out of town and not attending the banquet, was honored with All County and Most Improved Player Trophies.

at the Moccasin Band Golf Course, May 17, with Chattanooga Brainerd High's Gordon Mason as the director. Region 4 will be played at Nashville Shelby Park, May 22 and Charlie Bozeman of Antioch High will be the director. Ray Hughes of Murfreesboro Oakland High will host the Region 5 meet at the Stones River Country Club.

Region 7 will be played at the Humboldt Golf and Country Club on May 22 and Johnny Williams of Jackson North Side is the director. Memphis White Station's Paul Williams will hold the Region 8 meet at Fox Meadows Golf Club, May 31.

## Phillip Bettis Is Named Assistant High School Hoop Coach

Phillip Bettis, son of Mr. and Mrs. Thomas H. Bettis of Route 1 Loudon, has been named the new assistant varsity basketball coach at Loudon High School. Bettis who was a 1964 graduate of Loudon, lettered three years in high school and was voted the best all-round player on the team in his senior season. He attended Hinesville Junior College and graduated from Maryville College in 1969 where he was a letterman on the basketball team.

Mr. Bettis has coached at Loudon Junior High for the past four years compiling a win-loss record of 26-17. From a 2-1 first year mark he has prompted the junior Redskins to a 9-5 slate in 1970-71 and was named the best improved team and placed third in the annual Loudon Quarterback Basketball Tournament.

His team won the County Championship in the "AA" boys division in 1971-72 and was the conference runner-up with a 10-2 record. Last winter Bettis' team was 10-4 and runner-up in the conference.

In making the change Mr. Bettis will be leaving the Junior High and will take a full time position at the High School. Bettis will be replacing Steekee Elementary Coach Larry Bridges, who teaches at Steekee and also doubled as the junior basketball varsity and freshman football coach in this past school year. Mr. Bridges will remain at Steekee as the boys and girls elementary coach and will have the high school

**NEW REDSKIN ASSISTANT**—Loudon High School Principal, Mr. William Napier, extends a hand of congratulations to Mr. Phillip Bettis on his appointment as the new assistant basketball for Loudon High School. Head basketball mentor, Hugh Watson, is at right with equal delight of the selection of his new helper.

## Helms And Delaney Set Carbide Golf Pace For Second Week

The Union Carbide Golf Standings remained pretty much in tact over the last week of play with Charlie Helms and Jack Delaney keeping their hold on first place with a total of 14 team points and a grand total of 51 points to date.

Swapping out second and third place was the teams of Hal Summers and Mike Oody and Jack Randolph and Carlos Evans. Summers and Oody are in second place with a total of 48 points and Randolph and Evans find themselves tied for third position with 21.

Dick Huff and Art Hamil with 12 1/2 total team points to date. Charlie Helms and Dick Randolph tied for the low net play of the week with

## Several From Area Picked For TSSAA 'Star' Game

Members of the 1973 TSSAA East All-Star football team as selected by the All-Star coaching staff have been announced by the Tennessee Secondary School Athletic Association.

The annual All-Star game will be held at the University of Tennessee in Knoxville on Saturday, Aug. 4. Game time is 8:00 p.m.

Sweetwater, Tennessee High, White County High of Sparta, Roane County High of Kingston, Elizabethton and Greeneville each placed two players on the glitter team. They are: Nippy Brown and Otis Ogge, Sweetwater; George Heath and David Bibba, Tennessee; David Culley and John Eldridge, White County; Hubert Cantrell and David Roberts, Roane County; Dale Fair and Danny Jenkins, Elizabethton; Jim Morrell and Doug Blake,

Greeneville.

Other All-Stars include: Donald Ray Arvine, McMinn County; Joey Bowen, Kelson; Bob Colbaugh, Rhea County; Jim Durvall, Tullahoma; Scott Farrar, Coffee County; Tim Galyon, Lenoir City; Keith Gibson, Church Hill; David Greer, Alcoa; David Hale, South Pittsburg; Dwight Hamby, Wartburg; Charles Hannah, Baylor; Mart Hart, Maryville; Rick Hill, Doyle; David Johnson, McMinn County; Eddie Lawson, Red Bank; Greg McCall, Rhea; Chris Morelock, Sullivan West; and Jeffery Stapleton, Doyles-Bennett.

Members of the 1973 TSSAA West All-Star football team as selected by the All-Star coaching staff are: Richard Buga, Memphis East; Lonnie Chamberlain, White House; Mike Carty, Memphis

Catholic; Gary Daniel, Nashville Overton; Ricky Davis, Memphis Westside; Rod Duffell, Mt. Juliet; Mark Dunbar, Portland; Rory Ferrell, B.G.A.; Willie Frye, Memphis Northside; John Harell, Giles County; George Hendricks, Nashville Overton; Sylvester Hicks, Jackson Northside; Eddie Hightower, Memphis Halehigh-Egypt; Fary Jones, Memphis Melrose; Gary Jones, Memphis Wooddale; Bob Jones, M.U.S.; Louis Kelley, Memphis Hillcrest; Steve King, Chester County; Bob Lewis, Lake County; Jesse Mathers, Nashville North; Gary Mitchell, Hendersonville; Eddie Powers, Clarksville; Stan Robinson, Hartsville; David Shaub, David Lipscomb; Nathan Simpson, Nashville East; Greg Tull, Collierville; Danny Watkins, Lebanon; Randy

## District Track Meet This Week

District track meets are scheduled in each section of the state this week with the stated meet Saturday in Memphis, Nashville and Knoxville.

The three regional meets will all be run on Saturday, May 19. The West Tennessee meet will be at the Memphis Fairgrounds with Memphis Central Lloyd McDougall as the meet director. Billy Eacut will run off the Midstate meet at Nashville Overton while Bob LeSueur will handle the East Tennessee regional at Bearden, High in Knoxville.

The 1973 TSSAA State Track and Field Meet will be held at the University of Tennessee on the Tom Black Track, Saturday, May 26. Dr. Ben Plotnicki will be the meet director.

White, Ripley; Randolph Williamson, Nashville Pearl; and Mike Zdzanecwicz, C.H.S.E.

## Senior Catcher Neal Foster Rescues LC Pitching Worries For District Tourney

The Lenoir City baseball team will carry a 15-5 season record into the District Five baseball tournament at Videwater Park in Oak Ridge. The Panthers won their final three games of the regular season by whipping Lake City in a double header 9-2 and 6-2, and turning back Oak Ridge 2-1 at the Wildcat end on Monday night.

Catcher-turned-pitcher Neal Foster picked up two of the three wins. The stocky righthander, who also leads the Lenoir City team in season batting statistics with over 400 hitting mark, stopped the Lakers on a half dozen hits while striking out eight and walking two. The Lake City team attempted to send Foster to the showers early with two runs off of two walks and a double, but the calm Foster pitched out of the jam and continued to be tough the rest of the game.

Lenoir City scored a single in the bottom of the first inning and then salted the game away with a five run second inning highlighted by run scoring double off the bats of Charlie Ely and

Johnny Price.

The Panthers turned Gary Hamby loose in the second game and the righthander picked up his third win of the year with a 6-2 win. Lenoir City scored all their runs in the first inning, batting around before going to the field. Lake City scored single runs in the second and third innings but the pitching of Hamby held in the remaining three frames to post the win.

Monday night the Panthers traveled to Oak Ridge for a rain out game. The pitching duties went again to Neal Foster as the Panthers chose to keep Tim Cunningham and Tommy Cook fresh for the district tournament. Foster responded with a surprising 3-1 one hit ball to drop the Wildcats to 8-4 for tournament play.

Oak Ridge scored first in the bottom of the second inning on a walk and some Lenoir City fielding miscues. The Panthers got out of the situation with a rally ending double play.

Lenoir City scored both their runs in the fourth inning with Foster and Cook scoring

LEADING PANTHER HITTER—Neal Foster, is currently leading the Lenoir City baseball team in base hits for the season. The senior catcher, seen here against Oak Ridge, has suddenly become a possible third starter as a pitcher with pitching decisions over Lake City and Oak Ridge this past week.

runs. The initial winning run came across as Mike Walker walked forcing in Cook from third base. Walker and three walks in the game. The bases-loaded rally was short lived as the Wildcats turned in a double play.

Nevertheless Foster proved the man in control and not only shut off the Wildcat hitting but stroked a triple and a infield hit in three times at bat, to help Lenoir City at the plate.

Lenoir City met Coalfield in the first round of the district tournament and is figured to clash with the winner of Clinton-Kingston on Friday night at 8 p.m. After Friday night the tournament, with only four of 15 teams remaining, will go into a double elimination bracket.

## New Providence Olympicians Collect 19 Ribbons

The New Providence School of Loudon County for the

mentally handicapped brought home 19 ribbons from

the Special Olympics held this last Friday at Oak Ridge.

Over 500 participants from 13 counties took part in the Olympics. Of the 19 ribbons, six were first place winners which entitles them to a berth in the state meet June 10. New Providence also won six second place ribbons and seven yellow or third place ribbons.

Eight students, four boys and four girls, represented New Providence. Preparing the eight students for the Olympics were teachers Mrs. Helen Henry and Mrs. Joyce Kinser who took them to the event and T. Galyon, outstanding football performer on the Lenoir City football team last fall, Galyon served as coach to the students.

New Providence took part in the 50 yard dash of the 10-12 year old division and participated in the 50 yard dash, 100 yard dash, softball throw, and broad jump in the 12-15 age division for boys and girls.

Several area celebrities in the form of UT football coach Bill Bottle, Assistant basketball coach Stu Abernethy, and basketball star Len Koussouki and football player Emmon Love.

EXCELLENCE IN SPECIAL OLYMPICS—These eight students at New Providence School brought home 19 ribbons in their respective divisions of events in the Special Olympics held at Oak Ridge last Friday. Pictured left to right are: Roy Harr, Kenneth Gibson, Troy Vinyard, Vann Davis, Beverly Vinyard, July Dixon, Beverly Green, and Charles Best.

LITTLE BIG ORANGE CAMP APPLICATIONS STILL AVAILABLE

The Little Big Orange Basketball Camp and Little Big Orange Cheerleading and Modeling Camp to be held in Loudon County this June has plenty of applications still available for the five day, 9 p.m. to 12 noon work shops. The camp fee is \$20 for each child while two qualified cheerleaders from the University of Tennessee and help from Loudon High School cheerleaders, Patty Turfkill and Claudia Hines will conduct the modeling and cheerleading camp.

The camp is primarily set for boys and girls ages 6 through 14 to inspire self confidence, encourage achievement and to motivate each participant to master his or her talent and abilities.

Application blanks for each individual with uniforms and insurance being given each individual. The participants will also receive many souvenirs for their week of camp.

For more information and application blanks contact Coach Hugh Watson at Loudon High School, phone 458-4226.

## Sport Shorts

### Clinton Nips Lenoir City In District Golf

Lenoir City carried a 17-11 regular season golf record into the West District golf play at Oak Ridge Country Club Monday but the high ranked Panthers fell short in their bid to capture the division title as Clinton, two time loser to LC, fashioned a team score of 336 as compared to Lenoir City's 341.

The Panthers were in the thick of the qualifying battle up until the final scores were in but the Dragons with three of its team members of the Oak Ridge Country Club and most familiar with the layout proved just too much for the field of participants.

Lenoir City's top individual golfer, Gary Dye, had a rather disappointing day. The fine par shooting golfer had a 45 on the front nine holes and finished out the back nine with an eight on the number 10 green before settling down to recording a 40 for the back course and an overall score of 85.

The Panther's number three man, Rick Moore, shot a 82 and qualifies for the region next week as one of the four top individual low men not including the four man team winner.

Clinton (228) - Richard Sneed 75, Bryan Kennedy 84, Sid Vertes 85, Phil Anderson 87.

Lenoir City (341) - Gary Dye 83, Mike Keister 84, Rick Moore 83, Mike Keister 84.

Oak Ridge (344) - Gary Tracy 84, Mike Keister 84, Bruce Everette 85, Tom Schill 89.

Roane County (354) - Myron Strider 81, Tom Wagner 85, William Rouse 87.

LaFollette (361) - Bill Powers 89, Smith 90, Jim Black 91, Dennis Myers 92.

Onida (372) - Terry Roark 90, Wayne Seaton 94, Mike Loy 94, Freddy Conster 92.

MAY 17 1973

## Game and Fish TODAY

By Sgt. Bob Harmon  
Game and Fish Commission

Proposed hunting regulations for the 1973-74 season was the main topic for the annual meeting of the combined Tennessee Game and Fish Commission and the Tennessee Conservation League. Commission Chief Roy Anderson reporting before the joint session, proposed some major changes in hunting regulations designed to standardize annual opening dates on all small game and some big game seasons. Only the bag limits would be changed in order to regulate the taking of game whenever it proved biologically feasible to do so, especially for small game species.

The proposed regulations also included dividing the State into nine units for better management and harvesting of big game, particularly deer. Included in this unit proposal would be the requirement that all deer must be checked through a checking station set up in local areas across the State. These checked by local business establishments and would allow a more accurate count of annual deer harvest in Tennessee.

Game and Fish Commission Chairman E.W. Evans of Alexandria, said these new changes in the proposed regulations would be more beneficial to the hunter and would allow better management of all game in areas of low population and better hunting in those areas where the resources are abundant.

Evans also reminded the members that these recommendations are only the proposed regulations and that the final decision would not come until the next regular session of the Game and Fish Commission scheduled for the first week in June.

Game and Fish Law Enforcement Officer Tom Myers was presented the Shakari Safari International Award as Conservation Officer of the Year in Tennessee. Each year the award is presented to the officer who has made outstanding contribution in the field of law enforcement and wildlife conservation.

In other action, the Commission voted to close the newly established Little Hill Reservoir to all commercial fishing effective July 1, 1973, and to close Brown Bottom Slough on the Old Hickory Wildlife Management Area to all fishing. The slough will be utilized for experimentation on carry baiting techniques and to allow special youth fishing tournaments.

The Tennessee Game and Fish Commission reports that hunter success during the improved over the previous year in the small game category. A study published earlier this year showed similar success by deer hunters.

The annual survey conducted by the Game and Fish Commission points out that all categories of small game showed improvement over the previous hunting season. The study encompassed quail, dove, rabbit, squirrel, coon, grouse and waterfowl.

The hunting success on quail represents the eighth consecutive year that bobwhite hunting has been rated "excellent" on a state-wide basis. Success during this season was the highest kill per hour on record during the past twenty years. Biologists point out that favorable weather during the nesting season has played a major role in the excellent hunting success during the past eight years. The kill per hour date show 0.92 quail being taken as compared to 0.84 kills per hour during 1971-72.

Hunting success was similarly reflected in other categories. Dove hunting success in 1972-73 was 1.67 doves killed per hour compared to 1.61 last season. Rabbit harvest resulted in 0.47 per hour compared to 0.44 per hour during 1971-72. Squirrel hunters harvested 0.72 animals per hour in 1972-73, an increase over the previous year (0.59 killed per hour). Raccoon success showed 0.10 killed per hour compared to 1971-72 figures of 0.08 killed per hour. Grouse was rated excellent hunting in 1972-73 with 0.20 grouse harvested per hour, contrasted to the previous year's results of 0.13 killed per hour.

Waterfowl hunting success also increased over the 1971-72

season. Figures show a 0.24 waterfowl killed per hour which increased from 0.20 killed per hour the previous season.

**FISHING REPORT**  
This report is based on present weather and water conditions and how the fish are biting now. It is subject to change if these conditions change.

**NORRIS LAKE** - Murky to clear and rising slightly. Bass fishing remains good on a variety of lures and baits. Large mouth on top water lures and spring lizards early morning; small mouth on lizards, plastic worms and large minnows off deep, rocky points. Crappie has slowed down, but several are being caught around brush piles and stumps on small flies (tipped).

Walleyes are being caught on trolling spinners and worms, but best catches are being made at night under lights on Clinch side. Bluegills are good on worms.

**CHEFOKEE LAKE** - clear and rising. Fishing conditions are good. Bass are being taken on plastic worms, Rapala and minnows, deep, especially on Clinch side. Bluegills are good on worms.

**DOUGLAS LAKE** - clear and fluctuating. This lake is producing the best bass fishing in East Tennessee on artificial worms, bush-wackers and night crawlers. Crappie are running small in size but several are being caught around submerged willow logs and minnows.

**FORT LOUDON LAKE** - murky in upper end, murky to clear in lower end and fluctuating. If the water conditions remain as they are, the bass fishing should improve. The best lures are: Rapalas, big O's, and plastic worms. Crappie are being caught on minnows and small flies in brush piles and around stumps. Bluegills and catfish are good, beam on worms, catfish on cut bait and live shad minnows.

**FOR T LOUDON TAILWATER** - several stripes are still being caught on large chartreuse or yellow flur. Catfish are being caught on shad entrails and cut bait.

**WATTS BAR LAKE** - murky and rising. Bass are being caught on minnows and big O's. Catfish are good on worms and large druggs are being caught on worms.

**MELTON HILL LAKE** - muddy in upper end - murky in lower end. A few bass and crappie are being taken on minnows and jigs. Catfish and beam - good on worms. Crappie is slow, but a few are being caught on minnows and jigs.

**CHILHOWEE LAKE** - clear and stable. Bass are good on spring lizards and big O's. Crappie is good in Abrams Creek on minnows and flies, and trout on corn and worms. Some trout are being caught at night under lights off the Abrams Creek bridge on corn and worms.

**LITTLE TENNESSEE RIVER** - Trout are good on flies, corn, worms, and spinners from dam to Toqua Creek. Some catfish are being caught near 411 bridge on cut bait.

**LITTLE RIVER** - get another load of trout. The

**LARGE CATFISH**-J.W. West of Hotchkiss Valley, while fishing with shad entrails, caught several large catfish below Ft. Loudoun Dam.

## Loudon County Coon Dogs Win In Dogwood Hunt

Several Loudon Countians walked away with trophies at the Dogwood NKC Coon Hunt held Saturday, May 12 at Cave Creek Community Center in Roane County.

Winners in the various events are as follows:  
**BENCHI SHOW** - Champion of Champions "Bulls, Lady Suse" owned by Kenny Bullis of Lenoir City; Best Female, "Brown's Sally" owned by Clarence Brown of Lenoir City; Best Male, "Goodman's Blue Shane", owned by Tom Goodman of Lenoir City.  
**TREELING CONTEST** - Registered Class, "Joe" owned by George Lane of Mascot; Grade Class, "Tenn Red Rose" owned by R. E. Love of Maryville.  
**DASH RACE** - Registered Class, "Joe" owned by Fred Lawhorn of Lenoir; Grade Class, "Tuffy" owned by Ray Bright of Knoxville.

**DRAG RACE** - Registered Class, "Blue Jim" owned by Bob Williams of Cincinnati, Ohio; Grade Class, "Little Joe" owned by Buddy Hall of Paint Rock.

"Jett" owned by Allen Russell of Loudon, was the Champion of Champions in the NKC Night Hunt. Winners in the Registered Night Hunt were: "Longo Joe" owned by George Long of Mascot; "Dick Quisen" owned by Tom Marshall of Blaine;

## Three Teams Share Lead In Women Softball

The adult women softball play got underway at Lenoir City Friday night with three games.

Loudon, V.F.W. Holymatic, and Miller Motor Company all gained victories.

Janet McCloud and Guilla and Vicki Blankenship tallied five runs in leading to Loudon's 5-0 win in a 16-5 victory over Philadelphia First Baptist. Philadelphia First Baptist got but a single hit in the game and that by Libby Hagan.

Hollymatic of Lenoir City topped Elm Hill B.L. Glenda Brown hit a home run for Hollymatic while Starz Ingram accounted for all of Elm Hill's score with a four bagger.

Miller Motor Company handed the Bank of Loudon County a 11 to 3 setback as

## Rain Hurts Wildlife And The Hunters

Rain and cool weather kept the turkey kill down according to Karl Rogers, Manager, on Chuck Swan Wildlife and Management Area. Even though a large number of hunters participated, (760 in the 10 days of hunting) only 30 birds were killed.

Rogers stated that we have a large flock of turkeys, and we will carry over into next year, but chances are slim of increasing the flock if the rain continues. Rain doesn't hurt the nesting too much, but when the birds are in the juvenile stage, they are very easily drowned. Rogers proceeded to say that not only will the turkey population be hurt, but also the population of grouse and quail.

trout fishermen get another opportunity on Thursday, May 10, to put some meat on the table. Twenty-five hundred rainbow trout, 9 to 12 inches long, will be released in Little River from Smoky Mountain National Park line down stream for five or six miles. Remember that the law states that anyone who fishes for or takes trout must have a license and trout stamp. The limit is seven.

fish Fry Tuesday

The Loudon County Sportsman Club will have their annual spring fish Fry Tuesday, May 22, at 6:30 p.m. at the Loudon Junior High School.

"Russell's Mack" owned by Elbert Russell of Loudon; "Reeds Ranger" owned by Tony Redd of Clinton; "Carrolls Jack" owned by Sherman Carroll of Lenoir City; "Henry's Classy" owned by Harvey Henry of Knoxville; "Viars Danny Boy" owned by Jerry Viars of Paint Rock; "Williams Blue Jim" owned by Bob Williams of Ohio; "Clarks Jack" owned by Ronald E. Clark of Greenback and "Little Joe" owned by Ray Lawhorn of Paint Rock.

The top five winners of the Grade Class in the night hunt were: "Queen" owned by Johnny Viars of Loudon; "Randi" owned by Jimmy Russell of Loudon; "Little Red" owned by Harold Russell of Loudon; "Cootee" owned by Ken Bullis of Lenoir City and "Mack" owned by Stanley Russell of Loudon.

## Atomic Speedway Stages Daredevil Show Tonight

Beating Mother Nature isn't an easy assignment, but Atomic Speedway officials will try again tonight Thursday to get in the Ring; Kevaz Daredevil performance.

Rain forced postponement of the 29-act show last week, but the King volunteered to return his group.

Featuring 1973 automobiles and trucks, the King's show has some of the most dangerous acts in the business. Drivers will attempt to circle the track in a car on two wheels, another will leap 75 feet from ramp to ramp and another performance has a man being run over by a truck.

Thursday's show gets under way at 6 p.m. Tickets are \$2 and \$1.

## Your County In Action

BY  
Harvey L. Sproul

### LOUDON COUNTY JUDGE

Hopefully, too many days will not be as busy as Monday, May 7, 1973.

But it was interesting enough, and busy enough that I thought it might be of some interest to you to give an account of a County Judge on a particular day like that one.

At 4:30 a.m. I (or part of me) arose, dressed, etc. and left Lenoir City to drive to Knoxville to WATE Television for the purpose of appearing on the "Today in Tennessee" television show on Channel 6.

The program last week had John W. Anderson, Executive Director of the East Tennessee Development District of which Loudon County and its Cities are a part as co-host, and as the first chairman of the Board of Directors of the Development District I had been asked to appear on the first day, along with the present Chairman and Dennis Martin, director of the East Tennessee Office of the State Planning Office.

It was a very interesting experience, the program lasting from 6 a.m. to 7 a.m., after which I immediately headed back to Lenoir City, stopped and grabbed a bite to eat at the Bus Station in Bus Station in Lenoir City, stopped by my office in Lenoir City for approximately 30 minutes to check my mail and to see if I had any other matters arising there, and then went to Loudon immediately to

prepare for the Quarterly Court meeting which began at 9 a.m.

The Quarterly Court meeting began at 9 a.m. (or shortly thereafter) and continued with various variety of matters on the agenda for that particular meeting, including several persons there to request information and assistance concerning various matters, mostly about roads, then continued through the agenda, which included such things as action on joining with Lenoir City toward applying for a Federal grant for industrial park near Lenoir City, approval of expansion of Homemaker Home Health Aid Program, adoption of a Private Act passed by the Legislature levying a litigation tax to help build the County Justice Center, appointment of a committee to work on the War Memorial for the County Justice Center, and a fiscal planning program (3-year capital outlay plan), discussion concerning connector roads, and quite a few other things.

The meeting adjourned at noon, and I went to eat lunch with Lee Kribbs and Dave Booher to discuss the proposed plans for the County Justice Center and to make revisions in the rough draft of those plans, and then back to the Court House for the meeting to continue at the meeting at 1:15 p.m.

The meeting continued through various and sundry other items until approximately 4:15 p.m. in the afternoon.

Then went back to my office to begin to go through my mail for the day, and try to organize and begin to carry out all the action taken by the Quarterly Court at the meeting earlier in the day.

For example I will have to arrange for meetings of the following committees during the next three weeks or so: County Justice Center, War Memorial Committee, Sanitation Committee, School Board, Teachers' Salary Committee for the County.

Along with the Quarterly Court I had the Hospital Building Committee.

At approximately 5 p.m. I got a call from a representative of an industry which had been referred to Loudon County through the State Industrial Development Office, who was passing through Loudon County without having given an advance notice.

Barl Jiddins was one of the names that he had been given to contact, but Barl was out of town at a Chamber of Commerce function in Knoxville (having only recently returned from the Governor's industrial expedition to the North), and it so happened that while the gentleman was on the telephone, Vernon McKinney, a member of the County Committee of 10's, stopped by the office, so we made arrangements to meet with the gentleman and to show him a site in the FLIDCO Industrial Park in Loudon (located near the State Industrial Development Office).

This took approximately an hour and fifteen minutes, after which I got a hamburger at the Blue Circle, came back to the Court House to do the necessary dictation and related arrangements for the meetings which I referred to

## Rites Held For R.M. Wampler, Founder Of Sausage Firm

Riley Marion Wampler, 87, founder of Wampler's Wholesale Meats packing plant at Eaton Crossroads, died Tuesday night, May 6, at St. Mary's Hospital in Knoxville following a five-month illness.

Since December, 1972, he had been a patient at University Hospital, at Baptist Hospital and at St. Mary's, with interim periods at home.

A native of Greene County, he had lived in Loudon County since early childhood. Early in his career he was in the livestock business and he and Mrs. Wampler began making sausage for sale in the kitchen of their home in the 1930's and 1940's.

**R. M. WAMPLER**

When their son, Ted Wampler, graduated from Lenoir City High School in 1947, the family expanded its sausage-making operations and began sture to store delivery. A nephew, Harry Wampler, came into the firm full time in 1962 and now heads the Elm Hill plant.

Since that time the Wampler plant has grown to about 60 employees and it led to the opening of the Elm Hill Meats plant here with total employment of about 230 in the two firms. Ted is president of the Wampler plant.

Mr. Wampler, at his death, was chairman of the Board of the Wampler plant and was vice president of the Lenoir

City Elm Hill plant. He was a member for more than 28 years of Pleasant Hill Baptist Church, where he had been a deacon for many years and had served as Sunday School Superintendent. He was a member of Eaton Reulian club.

After retiring from active participation in the meat packing business, Mr. Wampler spent much of his time in pursuit of his hobby, pleasure horses and ponies. "Uncle Riley," as he was affectionately known in his community, taught many young people how to ride and handle horses.

Survivors include his wife, Mrs. Edith Phillips Wampler; a son, Ted L. Wampler, daughter-in-law, Frances Wampler; four grandchildren, Ruth Ann, Mary Lee, John Ed and Ted L. Wampler, Jr.; sisters, Mrs. Fleada Powell, Mrs. Edna Watson; brothers, Clarence and Joe Wampler, all of Lenoir City.

Funeral services were 2:30 p.m. Friday, May 11, at Pleasant Hill Baptist Church.

## Workshops Set At Fort Loudoun

The Fort Loudoun Association together with the First Militia Company and the Tennessee Living History Association is sponsoring a British Colonial Muster and an Indian Tribal Gathering at historic Fort Loudoun on May 19 and 20. Fort Loudoun is located near Vonore, just off U.S. Highway 411.

There will be several workshops conducted regarding Eighteenth Century life and the manufacturing of Eighteenth Century goods and clothing. Some of the events planned are: classes in Eighteenth Century field music; General Von Steuben's Drill conducted by Colonel Jerral of the First North Carolina Regiment; the Eighteenth Century British Drill conducted by Sergeant Glenn Osborne of the Twenty-third Regiment of Foot, Royal Welsh Fusiliers; manufacture and design of Eighteenth Century clothing for Colonials and Indians conducted by

Lena Hart, the costume director of the Cherokee Drama, "Unto These Hills"; Eighteenth Century leather working; Colonial cooking; Indian tribal dances and folklore; and an Eighteenth Century Military Encampment within the walls of the Fort. The schedule for these events is somewhat informal, however at 4 p.m. Saturday, May 19, a skirmish is planned depicting the common situation that British General Sir Edward Braddock encountered during the French and Indian War.

There will be retail dealers present selling pewter buttons, black powder, flints, lanterns, leather goods, linen, etc.

Among those expected to participate are elements of the Twenty-third Regiment of Foot, Royal Welsh Fusiliers; First Militia Company, the First North Carolina Regiment; John Sevier's Company; 42nd Black Watch Highland Brigade; "Brave Cherokees" of Chattanooga; the Eastern Band of Cherokees from Qualla Reservation; Cornwall's Regiment; and Purser's Regiment.

The public is invited to attend. There will be a small admission charge.

## Bethel Slates Dedication

The Bethel United Methodist Church of the Vonore Circuit will celebrate the completion of their new church with a Service of Consecration and Open House on Sunday, May 20. The events will begin at the site of the old building at 2:30 p.m.

Following a short service at the old building, a motorcade will proceed to the parking area of the new building. Then a Service of Worship and Consecration, led by the District Superintendent, Reverend George E. Naff, Jr., will be held. Open House will continue until 4:30 p.m.

Rev. Raymond O. Hall, pastor, extends a cordial invitation to everyone to join in this celebration.

The Rev. J.L. Ward, the Rev. McMurray Roberts and the Rev. Lowell Ramsey officiated. Burial was in the church cemetery.

## John Everett Is Promoted

John Everett, a Philadelphia resident, has been named Plant Manager of Athens-Housley Mills, a division of Wayne-Gossard. Everett had been production manager of the 200 employee facility since 1965.

For years Mr. Everett was an official at the old Philadelphia Hosiery Mills. Everett and his wife, Evelyn, a member of the Philadelphia City Council, still reside in Philadelphia. They have two grown children.

The Athen firm manufactures mens, boys, girls and

## Stewardship Week Slated

Soil Stewardship Week, a nationwide observance which emphasizes man's obligation to God as stewards of the soil, water, and other resources, will be observed, May 27 - June 3, according to Mr. and Mrs. Paul K. Arp, Co-Chairmen of the Soil Stewardship Committee of the Tennessee Association of Conservation Districts. However, in order to avoid conflict with other observances the period in Tennessee will be lengthened to include May 20 - June 10. "Changing Challenges", the theme of this year's observance, invites you to increase your understanding, expand your perspective, and consider your responsibility to the challenges and changes of the world around you.

The Loudon County Soil Conservation District and some 3,000 companion Districts throughout the nation along with their State and National Associations are sponsoring the event for the 18th consecutive year.

## Two Arrested For Breakin

(Continued from Page 1)

—orning sending the case directly to the grand jury. Both were placed under \$3500 bond. An additional bond of \$250 was added to Kirby for reckless driving. It was reported that Stokes was on probation and Kirby has a criminal case pending in Knox County.

Sheriff Freeman Russell announced two women that reported the suspicious acts saying that if more people would report such actions that many break-ins in the county could be prevented.

ladies burglary.

In another promotion at the firm, Ralph Huskey, General Manager was promoted to Vice President of Manufacturing of the May-Athens Division. Mr. Huskey and his family will be relocating in Nashville to assume his new position.

## Shrine Paper Sale Set For Sunday

(Continued from Page 1)

said Mr. Goss. "We hope this will be the best year we have ever had," said Mr. Gossage, pointing out that the average cost per patient for treatment at the Lexington and Greenville hospitals runs about \$2,000. "There is no charge to those who cannot afford to pay," the county chairman added, "and children are admitted to the hospital regardless of race, creed, or color."

While money from the Kewbeta-sponsored latitoid sale goes to finance the hospitals in Kentucky and South Carolina, other Shrine groups throughout the country support other Shrine hospitals with various types of fund-raising campaigns.

There were 22 Shrine or hospetic and burn hospitals in the United States. As many as 17 crippled and burned children from the Knoxville area have received free treatment as a result of the yearly newspaper sale.

## Lawson In Top Air Force Unit

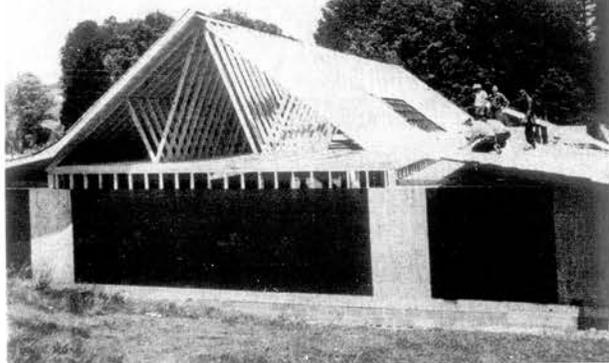

Sergeant David B. Lawson, son of Mr. and Mrs. Carroll L. Lawson Sr. of Rt. 5, Lenoir City, is a member of a Strategic Air Command medical organization which has earned the U.S. Air Force Outstanding Unit Award.

Sergeant Lawson, a radiological medical specialist, is assigned at Carswell AFB, Tex. with the USAF Reconnal Hospital which received the award for exceptionally meritorious service from July 1, 1971, through June of last year.

Hospital personnel were cited for providing professional medical care for all active duty and retired military members and their families in the Carswell area. He will wear a distinctive service ribbon to mark his affiliation with the hospital.

The sergeant, a 1967 graduate of Lenoir City High School, attended Austin Peay State University, Clarksville.

# WHEN IT'S TIME TO FIX-UP YOUR ROOST----

B.E. Presley, supervisor of construction of an addition to Valley View Free Will Baptist Church, Highway 72, Loudon, and builders Johnny Brogden and Robert Thompson say that pre-engineered trusses by Carter Component and Truss is the only way to build a roof. # Film On New Towns Shown Loudon Planners

A film on "new towns" in the United States which has been shown locally recently to interested groups was presented recently at a joint meeting of the Loudon Regional Planning Commission and the Lenoir City Regional Planning Commission by representatives of the Tennessee State Planning Office and several questions were then answered concerning the Tellico Dam Project.

**TAKING RED CROSS TRAINING**—About 20 persons are now taking part in an American Red Cross First Aid Course taught by members of the Loudon County Rescue Squad. Several members of the class are shown here demonstrating some of the techniques they have learned.

impact on residents and industries. Dave Booher, the TSPD planner for Loudon County and its cities, related the film to the proposed new town "Timberlake" which is in the planning stages now as part of the Tellico project.

The proposed new town would be located on the shores of the proposed Tellico Reservoir. Injunction has slowed construction. Mayor Joe Carter of Loudon, who is a member of the Loudon Planning Commission, wanted to know about the progress of the Tellico project.

The TSPD planner explained that it was being held up by an injunction which was issued several months ago prohibiting any new construction.

Presently several conservationists groups which brought the court suit prompting the injunction are fighting the Tellico project on several grounds.

J.E. Greenway, also a member of the Loudon Planning Commission, asked that if a permanent injunction were issued against the Tellico project prohibiting its completion, would Timberlake still be constructed.

"TVA officials have indicated that Timberlake will not be built if Tellico is not completed," Booher said.

Solutions for "old towns" Gary Henley, the city administrator for Loudon, said he thought new towns were all very well and good but "what do you do with old towns?"

Booher responded that mistakes in older towns can be corrected and that one thing which "new towns" teach us is that building a desirable environment can be very profitable and older towns can learn from the newer towns' successes."

Samuel Forkner, a member of the Loudon County Planning Commission, described two visits he has made to Columbia, Md.

Loudon neighborhood analysis adopted. In other action at the meeting, members of the Loudon Planning Commission voted to adopt the "neighborhood analysis" for Loudon which has been under preparation for about a year.

Ham Carey, a Loudon planning commissioner, asked the leader to cite the specific reasons behind the analysis and the TSPD staff member reported that a neighborhood analysis until this year was required for a city to qualify for several federal grant programs.

Also, it can provide very useful background planning information for the future such as telling us where new

# 701 Loudon Countians Self Employed

In Loudon County, new businesses are being born all the time. Despite the difficulties and the pitfalls involved, with each succeeding year an additional number of local residents, anxious to be their own bosses, embark on new ventures. They give up their jobs and the security of a weekly income, gather together the money they have saved or can borrow and take the plunge. Some buy existing businesses and others start new ones from scratch.

Many of them are inadequately financed. They do not have enough capital to carry them through the lean early years. Others are handicapped because of insufficient know-how of the field they are entering.

However, although the hazards are great and the odds are heavily slanted against a new business lasting more than two or three years, there are many that succeed very well.

Evidence of that is to be seen in the fact that no less than 701 residents of Loudon County make their living from their own businesses or professions, according to the Department of Commerce.

They are the storekeepers, the doctors, the

farmers, the barbers, electricians, gas station operators and the like.

In terms of the number of people in the local area who are employed, it means that 7.4 percent are self-employed.

That is above the ratio reported for many areas of the country. Nationally, most individually-owned businesses are in some kind of retail trade, the figures show. That is the field that attracts many of the people who are just starting out for themselves.

The number of retail establishments in operation in Loudon County is listed as 267 in the latest government count.

The fear that conglomerates are swallowing up small companies so fast and dominating the economic scene so thoroughly that a newcomer cannot survive doesn't stand up alongside the facts.

There are many more small businesses in existence today than there were ten years ago. Analysts estimate that about a half million new enterprises are launched annually, exceeding by a good margin the number that are discontinued because of death, retirement or failure.

**Rick Kennedy Elected To Beta Office**

Rick Kennedy, son of Mr. and Mrs. Kenneth Kennedy of Route 1, Maryville, was recently elected state secretary at the Beta Convention in Nashville. He was elected from a field of six schools and playgrounds are needed and where rehabilitation efforts should be directed," he said.

"The neighborhood analysis enables a city to examine and locate the causes and extent of blight, make recommendations for the elimination of it and other factors causing blight," Booher added.

Attending the meeting in addition to those already named were Aileen Richeson, Jack H. Lefler, Dick Huff, Henry Mitchell, Harry Wampler, Ben F. Galyon, John Cardwell, Charley Jones, Jr., Virginia Burnette, Gene Lambert and Sam B. Joiner.

## Robinson Sent To Keesler AFB

Airman Glen E. Robinson, son of Mr. and Mrs. Glen E. Robinson of Rt. 3, Loudon, has been assigned to Keesler AFB, Miss., after completing Air Force basic training.

During his six weeks at the Air Training Command's Lackland AFB, Tex., he studied the Air Force mission, organization and customs and received special instruction in human relations.

The airman has been assigned to the Technical Training Center at Keesler for specialized training in the armament systems field. An Airman Robinson attended Loudon High School, his wife, Brenda, is the daughter of Mrs. Irene Swallen of 502 C St., Lenoir City.

**Sgt. Miller In Launch Group**

U.S. Air Force Master Sergeant Gerald E. Miller is a member of a unit that is

providing specialized support for the two-part launch of Skylab I scheduled May 14 and 15, at Cape Kennedy, Fla.

Sergeant Miller, son of Mr. and Mrs. Roy Matney, 807 Rosedale Ave., Loudon, is a surveyor and computer superintendent of the 1st Geodetic Survey Squadron at Francis E. Warren AFB, Wyo.

The organization furnishes the National Aeronautics and Space Administration geodetic information which allows precise alignment and location of Skylab components.

The information is vital to a successful rendezvous of the modified Apollo spacecraft of Astronauts Charles "Pete" Conrad, Skylab I commander, and Dr. Joseph Kerwin and Paul Weitz with the space station. The astronauts will be launched a hours after the station has been rocketed into earth orbit and will dock their craft at the station 270 miles above the earth.

Sergeant Miller's squadron also has conducted a precise survey checking the proper functioning of the Apollo telescope mount the astronauts will use for scientific experimentation during the 28-day mission.

Squadron personnel have provided data for numerous special NASA and Department of Defense projects while fulfilling their primary mission of photographing and measuring the earth.

Sergeant Miller attended Loudon High School and Virginia Polytechnic Institute and State University. His wife is the former Edith M. Herrin. They are the parents of three children: Gerald, Karen and Larry.

### ORDER OF PUBLICATION NON-RESIDENT NOTICE

Norman Ray Brown vs. Kathy Barren Brown. In the General Sessions Court of Loudon County, Tenn. at Loudon, Tennessee.

It appearing from the bill in this cause, which is sworn to, that Kathy Barren Brown resides out of the State and cannot be personally served with process, it is ordered that publication be made for four consecutive weeks in the Loudon County Herald, a newspaper published at Loudon, Tennessee, in Loudon County, Tennessee, requiring the said Defendant to appear before the said Court on or before the first Monday in June next, and make defense in person or by attorney, and to show cause why he should not be held in contempt of court for failure to do so.

Billy Joe Akins, Clerk of Court

said Court.  
John O. Gibson, Solicitor for Complainant.  
5-10-4tp.

### FORECLOSURE NOTICE

WHEREAS, by deed of trust dated the 20th day of March, 1969, of record in the Register's office for Loudon County, Tennessee, in Trust Book 105, page 246, Joe Allen Tarwater and wife, Beulah G. Tarwater, did convey to trust to Nola M. Elam, Et Al, Trustee, the tract of land hereinafter described to secure the payment of the principal sum set forth in said deed of trust, evidenced by one certain promissory note fully described in said trust deed; and

WHEREAS, said deed of trust provided in event of default in the payment of any sums required therein, principal and interest, and due, the entire amount of said note shall, upon the option of the holder thereof, become due and payable; and

WHEREAS, default has been made in the payment of certain instruments of said indebtedness and the holder and owner of said note has declared the entire balance now due and payable, and has instructed the undersigned trustee to foreclose on said deed of trust;

NOW, THEREFORE, by virtue of authority in me vested, as Trustee under said instrument, I will, on the 31st day of May, 1973, offer for sale and sell in front of the Court-house door in Loudon, Loudon County, Tennessee, at the hour of 10:00 o'clock A.M. (Eastern daylight time) to the last, highest and best bidder for cash in hand and in bar of all rights and equities of redemption, homestead, dower and all other rights and exemptions of every kind, the following described tract of land situated in the Third Civil District of Loudon County, Tennessee, and more particularly described as follows:

Beginning at a point in the center of Tarwater Road a public road in Loudon County, Tennessee, at a common corner with the land of Best and the J.E. Hall heirs. There with the line of Hall south 52 deg west 604 feet and continuing with the lands of Hutton 225 feet to an iron pipe; thence in a northerly direction

in a severance line 430 feet to an iron pipe on the right of way line of the Tarwater Road, thence continuing in a northerly direction to the center of said road; thence in a northeasterly direction to the center of the Tarwater Road 829 feet, more or less, to the point of beginning and containing 4.2 acres, more or less, but said land is sold by boundaries and not by acres.

Dated at Greenback, Tennessee, this 7th day of May, 1973.

NOLA M. ELAM, Trustee  
3-10-3tc.

### NON-RESIDENT NOTICE

It appearing from the bill in this cause, which is sworn to, that Inogene Lee resides out of the State and cannot be personally served with process, it is ordered that publication be made for four consecutive weeks in the Loudon County Herald, a newspaper published at Loudon, Tennessee, in Loudon County, Tennessee, requiring the said Defendant to appear before the said Court on or before the first Monday in May next, and make defense in person or by attorney, and to show cause why he should not be held in contempt of court for failure to do so.

This the 21 day of April, 1973.

Billy Joe Akins, Clerk of said Court

Inv. W. Sanders, Solicitor for Complainant.  
4-26-4tp.

### NOTICE TO CONTRACTORS OF STATE HIGHWAY CONSTRUCTION BID

nection with the Loudon area or some of its people. Someone sent it to us in a group of other pictures with no identity to this one. We said this was a Mexican style house, well, it could very well be a Spanish house. We may be wrong about this one.

Our courthouse picture last week brought many comments, which we greatly appreciated. We were wrong in saying that this view we had was made at the front entrance to the courthouse. It wasn't but was on the Highway 11 side. This accounts for the high steps. We should have noticed this. Anyway, we are grateful to Sarge Harrison for pointing this out to us. If you looked at this area as it is today, it would be hard to think of it as a muddy and chug-hole filled street as it was in those days.

We spent a night last week with a sick relative at Loudon County Memorial Hospital. The consideration given us by the hospital staff was very deeply appreciated. Everyone from the switchboard operator to Mr. Mason, the hospital security man, went out of their way to help us in every way possible.

For the most part the complaints that come are all that the public hears. Measures are constantly being initiated to improve the hospital's efficiency.

We mentioned to Mr. Mason that we felt there was need for him to have a uniform designating his role at the hospital and he stated that it

**BACK IN THE GOOD OLD DAYS**

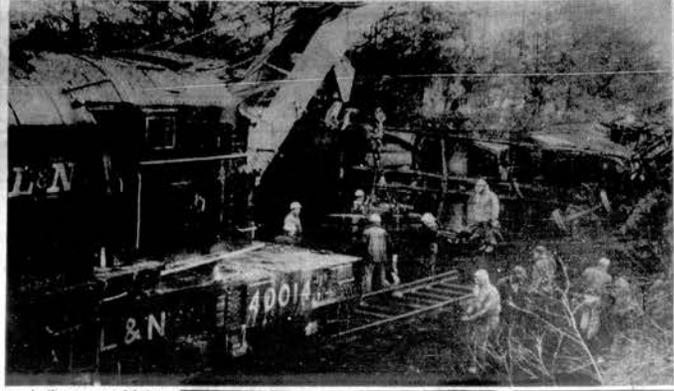

We have a family group picture of the Giles family which is a well-known Loudon County family. We can't name all of them, but if some of our readers will supply dates,

names and other information, we will be glad to print it in our next issue of the Good Old Days.

We are always glad to run family, school or church groups. So if you haven't looked your group pictures up yet, do so and we will be most happy to use them. Maybe with family reunions coming up, it would be a good time.

We have a couple more pictures this week. One is of a train wreck. We don't know just where this wreck happened but it is an L&N wrecker, so, it could have been on the L&N line at Greenback. This picture was taken a few years ago but we don't know the exact date. If you can help us, give us a call.

The other picture resembles a Mexican style house, but it could very well have a con-

was in the process of being done.

During our nine hours in the hospital lobby, the hospital dispatcher (who is also the switchboard operator) received several emergency calls, requesting an ambulance. We feel the emergencies were handled very efficiently and calmly.

I suppose our reason for mentioning these things is to say "Hats Off" to a group of people who are trying very hard to help everyone.

**AA To Meet**

The Loudon County AA group meets at the Loudon County Memorial Hospital. The United Methodist Church fellowship hall each first and third Thursday at 8 p.m. These are closed meetings and anyone needing AA is invited and urged to attend.

**Obituaries**

**MRS. ALTA TIPTON BLAIR**, of Sarasota, Fla. died Monday, May 14, after a lingering illness. She was the wife of the late John Wiley Blair, formerly of Loudon. She was a member of First Presbyterian Church of Sarasota.

# Pair Indicted In Shaver Murder

**BULLETIN**  
The Loudon County Grand Jury reported Wednesday that they had indicted Alvin Dean Shaver and Margery Sue Chastain for murder in the death of Mrs. J.H. Shaver, 79 year old Lenoir City widow. Mrs. Shaver was found stabbed to death in her home March 27. Defendant Shaver is the grandson of the dead woman.

Hearings by the Loudon County Criminal Court Grand Jury extended until Wednesday with reports of several more cases coming too late for publication.

Indictments against 14 persons in 19 separate cases were reported Tuesday by the Grand Jury and eight cases were "no-billed" by the panel. The indictments returned were against the following persons:  
Mike Malone, contributing to the delinquency of a minor; David Crowe, three counts of forgery; Ralph Price, destroying personal property; Albert Childs and Homer McCollister, larceny; Rudolph Jones, hit and run; Ernest Stevens, child abuse and felonious assault; Rufus Thompson, driving while intoxicated; Donny Smith,

William Range, Jack Revis and Richard Wright, four counts of possessing a controlled substance with intent to sell.  
The following persons were not indicted by the Grand Jury:  
David Hawkins, breaking and entering; Donny Smith - William Range, Jack Revis and Richard Wright, contributing to the delinquency of a minor; J.H. Hensley, felonious assault; and Lowell Stevens, two counts of contributing to the delinquency of a minor.  
Jury trials are scheduled to begin in Criminal Court Monday and continue through the week. The week of June 4 there will be no court, but trials will resume on June 11 and continue through that week.

Four year veteran Commissioner Eugene Lambert is unopposed for the town's mayorship.  
Two term Mayor Joe Carter one of five persons seeking the four City Commission seats. Incumbents seeking reelection are Aileen K. Rich and Donnie Ray Swiney. Two new runners on the ballot for commissioner are Doug Lyle and Bill Lenner.

THREE DIMENSIONAL EGGSHELL ART will be exhibited at the Arts and Crafts Festival by Mary Jane Denton. Mrs. Denton is shown here surrounded by equipment used in her hobby.

## 150 Craftsmen Are Expected At Festival

A record number of artists and craftsmen—approximately 150—will display their works at the Suburbia Club's Arts and Crafts Festival scheduled June 2 at Lenoir City Park.  
Mrs. Joe Grayson, chairman of the festival, said entries for the event have come in a rapid pace with at least 150 already signed up.  
"This means that most of

the park area from the peninsula to the picnic shelters will be utilized for display purposes," said Mrs. Grayson, adding that the "one-day show promises to be 'the best ever'."  
This will be the eleventh year that the Suburbia Club has sponsored the Arts and Crafts Festival, and the event has gained attention throughout the area. As in the past, the festival this year will feature a wide variety of items for sale and will draw spectators from many surrounding counties.  
Among the exhibitors will be Richard McKee of Knoxville; who will be doing on-the-spot portraits. This will be a return to the festival for Mr. McKee.  
There will be several demonstrations, with craftsmen showing how they achieve their finished products. One of these will be Mrs. Ann Hughes of Lenoir City, who will demonstrate stitichery.  
Among the newcomers to the festival's world of crafts is Mrs. Mary Jane Denton, Lenoir City High School teacher. Mrs. Denton will bring the event plaques and eggshell art. Mrs. Denton started her hobby while her husband was in the service. She worked for a lumber company and began saving scraps of wood. She said her husband, Mike, is very good with tools and has turned out most of the frames she uses. Her method is a little different from decoupage, the process being more flexible, and she enables her to use magazine cutouts in addition to the cutouts she purchases.  
Mrs. Denton enjoys her eggshell art and especially enjoys arranging three-dimensional scenes inside the cut-out eggshells. She likes to use goose eggs, which are hard to find and expensive, because they give her a much wider space for the scene.  
Lou Anne Dillenbeck, a senior at Western Michigan University, majoring in special education, will enter the festival for the first time

(Continued on Page 13)

## Third Man Charged In Break-in

A third man has been arrested in connection with the break-in at the Herbert Lingfielder home in Lenoir City, Monday, May 14.  
Loudon County officers served warrants for breaking and entering and receiving and concealing a stolen property on Ronnie Mills of Knoxville. Mills was arrested at county jail Friday when he reportedly came to pick up his car.  
The car was confiscated when the two men arrested earlier in the break-in were apprehended by officers. Mills reportedly reported the car stolen to Knox County authorities on Thursday, May 18. He was released later on \$500 bond.

## Breakfast

## Auction Set

Funds raising Pancake Breakfast and Auction will be held in Philadelphia Saturday.  
The breakfast will be served in the Lodge Hall from 8 a.m. to 9 a.m. for \$1.50 a person, all you can eat.  
Following the breakfast an auction will be held in the town square. The auction includes such items as cars, antiques, guns, farm equipment and household items.  
The event is sponsored by the Philadelphia Community Club with proceeds to benefit the Community Park and other community efforts.

## Loudon Vote To Be On Paper Ballots

City of Loudon voters will begin their ballots in the June 2 Mayor and Commission election on paper ballots, it was announced by the Loudon County Election Commission. It will mark the first time since 1965 that a city election has been held on paper.  
The two city voting precincts will be open from 9 a.m. to 4 p.m.  
Four year veteran Commissioner Eugene Lambert is unopposed for the town's mayorship.  
Two term Mayor Joe Carter one of five persons seeking the four City Commission seats. Incumbents seeking reelection are Aileen K. Rich and Donnie Ray Swiney. Two new runners on the ballot for commissioner are Doug Lyle and Bill Lenner.

## LHS Band Concert Thursday

The Spring Concert of the Loudon High School Band, the Beginners Band and Junior High Bands will be held 7:30 p.m. Thursday in the auditorium at the school.  
Director Ronnie Kile announced that all three bands will perform. In addition the Adult Choir and Youth Choir of the First Baptist Church of Loudon will join the High School Band in present a special arrangement of the Battle Hymn of the Republic.  
The director said that there are about 40 young people in each of the beginners and junior high bands and about 50 in the high school group.  
High admission is \$3 for adults and 50 cents for students.  
Saturday the high school band will visit Opry Land in Nashville.

## Will Roberson Dies Suddenly

Will D. Roberson, 613 Mulberry Street, Loudon, member of a prominent Loudon family, and manager of the Farmers Aid Association of Loudon, died suddenly Tuesday, May 22.  
Mr. Roberson is survived by his wife Sarah Elizabeth Roberson and daughter, Mrs. John M. Packard Jr. of Birmingham; two brothers, Ben M. of Loudon and Sam H. Roberson of Maryville; one sister, Blanche Roberson of Loudon.  
Funeral arrangements were incomplete Wednesday morning.

## 8 Pre-School Classes Ok'd

Loudon County Schools have been allocated eight Kindergarten classes for the school year 1973-74 by the Department of Education, Superintendent A.C. Dukes, Sr., announced this week.  
There will be two classes each at Loudon Elementary School and Eaton School and one class at Steekee, Philadelphia, Greenback and Highland Park, Mr. Dukes said.  
He stated that there is a possibility that two more classes would be allocated for the county.  
Applications for the kindergarten classes may be picked up at any of the designated schools or at the Superintendent's Office. Cut off date for filing applications is Friday, June 8, at 4 p.m. Mr. Dukes said.

GAS SHORTAGE HITS LOUDON—Fred Sheppard, owner of Loudon Texaco is shown by a sign on the front of his station which tells customers he is closing on Sunday because of the gas shortage. The action is typical of many stations in the county. Some are even limiting customers to 10 gallons at a time.

## City Approves Pool Operations

Loudon Mayor Joe Carter and members of the City Commission Thursday night gave their approval to proceed with the city's most active and varied recreation program.  
Meeting with the Commission was City Recreation Director Bert Ratledge. The report included a discussion of rules and regulation for the new city swimming pool and plans for its operations.  
The only disappointing item discussed is that the pool might not be ready to open until mid-June instead of June 1.  
Coach Ratledge said that the pool will be used for Red Cross Swim Classes the first part of the day and will be open to the public from 12 noon to 3 p.m. Admission will be 50 cents for children under 12, 75 cents for persons 12 and over and 35 cents for spectators.  
The pool operation will require six life guards with five on duty at all times.  
Work at the pool will begin at 7:30 a.m. each day with personnel entering in to clean the pool, bathhouses, open concession stands and etc. Besides the pool manager, who will be Mr. Ratledge, there will be an assistant manager, who will be there when Ratledge is not, the six lifeguards, a cashier and two concession workers.  
The cashier will also be the admissions clerk and the concession workers will handle the dressing room duties such as assigning clothes baskets and etc.  
Ratledge estimated that it will cost about \$172.30 a week for personnel to operate the pool.  
He said he expects the pool, which is the largest in the area, to have a regional drawing power and more than pay its own way.  
Family and individual season memberships was mentioned at the meeting but City Administrator Gary Henley and Coach Ratledge said a price schedule had not been worked out.  
On other areas of summer recreation Coach Ratledge said that plans were complete for the biggest program ever in the city.  
He said that there will be an activity in the city sponsored recreation program every night at the softball park. These will include the adult softball league, for men and women. The League and other leagues for youngsters and youths.  
He said that the addition of the outfield fence, dugout fences and other im-

## Gasoline Shortage Forces Some To Limit Sales

The long talked about gasoline shortage is now a visible fact in Loudon County. Monday in gallon limit per customer signs went up at several stations.  
The stations are those served by Loudon Oil Company, Texaco distributor for the county. Tommy McNabb, manager of the distributorship, said that the gasoline limits are a precautionary measure to assure that the affected stations do not run out of gasoline at the end of the month.  
He said Texaco had sent a directive that they would not supply any more gasoline than they did during the same period last year. McNabb said also, in some cases, cutting back on the number of hours they are open.

Loudon Texaco, operated by Fred Sheppard has started closing on Sunday, a day when the station generally gets a large amount of tourist business.  
McNabb said that Lenoir City Texaco, operated by the distributorship has started closing at 6 p.m. each closing day on Sunday and limiting customers to 10 gallons.  
McNabb said that the limitations were up to the dealer but were suggested by his firm. He said with the increase business that the stations have now over last year it could very well mean that their storage tanks could be dry before the month was out forcing the stations to close completely, unless they did limit sales. McNabb said another dealer, Luttrell Texaco, was imposing a seven

gallon limit.  
Hall Oil Company, distributor of Exxon, said Monday that they had not been placed on a quota as yet but were told not to take on any new gasoline accounts.  
Bernard Courtney of Hall Oil said at the present time they were able to supply their station's demands, but that what might happen next week or the next was something they did not know.  
Prior to the noticeable effects on the major brands in the county the price of gasoline at independent dealers has gone up several cents per gallon and many of them are keeping stations open shorter hours to hold down sales.  
One station owner said that if things are as bad as the oil companies say, that in a short time there will only be a few stations open in the county at all.

## Proposed Teacher Pay Hike To Cost \$55,000

Proposed pay raises for Loudon County teachers and principals would cost the county about \$55,000, county squares learned Monday night during an adjourned session of Quarterly Court.  
The meeting was a continuation of the court's May 7 session, during which it voted to ask members of the Loudon County Schools to meet with representatives of the county proposed salary increases.  
Present for Monday's meeting with the squares were representatives of the county teachers salary committee, School Board members, and Schools Supt. Albert Dukes.  
No action was taken Monday on the salary increase question. The squares did vote, however, to approve three amendments to the current budget, giving the schools an additional \$29,678.85 for this year's salaries. Of that amount, \$21,455.36 would go for teachers salaries, \$5,000 for bus drivers wages and \$12,244.50 for principals salaries.  
ASKED TO EXPLAIN why the current budget amendments were needed, Supt. Dukes said the \$5,000 for bus drivers was needed because the county had added an extra bus run in the Martel-Highland Park area shortly after the beginning of school. He said the school system had also extended some bus routes and had run buses for several field trips undertaken by special education classes at

New Providence School and by kindergarten classes.  
As for the additional amount needed for teachers—\$21,455.36—Mr. Dukes said the money was necessary because the county this year had to pick up salaries of three teachers and three kindergarten aides. He explained that on the basis of average daily attendance, the county did not qualify for state reimbursement for the salaries of the three teachers.  
Mr. Dukes also told the court that the state has said it will allow funds for four additional teachers next year—1973-74 as well as funds for five additional kindergarten teachers.  
The county now has three kindergarten aides, said Supt. Dukes, with prospects good for at least eight next year. Plans call for the location of one at Philadelphia, two at Loudon Elementary, one at Highland Park, one at Steekee, two at Eaton's and one at Greenback, he said.  
He said that the state has promised an estimated \$26,000 in capital outlay funds to remodel and equip rooms for kindergarten use.  
THE EXTRA \$1224.50 needed this year for principals salaries was necessitated when several principals advanced from bachelor's degree to master's degree status, the Schools Superintendent explained.  
In discussing the proposed pay hikes for teachers and principals, Court members heard reports by Mrs. Carolyn

Bledsoe, chairman of the teachers salary committee, and James McGhee, principal at Greenback, a member of the principals salary committee.  
Mrs. Bledsoe told the Court that the present county base rate for a beginning teacher with a B.S. degree is \$6300. The teachers, she said, are asking that the base rate be hiked to \$6800, a 7.94 percent increase.  
The salary index schedule for teachers adopted by the county last year is set up on a progressive basis, with teachers earning more as they gain experience and as they earn additional college credit.  
Mrs. Bledsoe explained, however, that once a teacher reaches the 15-year experience mark in her career, her salary no longer goes up unless there is a change in the base rate of the schedule.  
"The only way we can give those teachers a raise," she said, "is by raising the base rate, and that is what we are asking."  
IT WAS EXPLAINED that the base rate being proposed does not include an anticipated state raise for teachers. Such a raise, Mrs. Bledsoe pointed out, would be added to whatever salary schedule the county adopts. It is anticipated that the state raise will be about \$450, though that amount will vary according to years of experience and amount of

(Continued on Page 13)

MOVING TO NEW CHURCH—Some of the 250 persons that attended the Open House at the new Bethel United Methodist Church Sunday are shown arriving for the service after a motorcycle took them from the last service held in the old 100 year old church building. The church is located on Highway 72 about five miles from Loudon.

MAY 24 1973

# London County Herald For and about Women

## Purdy-Smallen Vows Are Exchanged

Miss Kathy Belinda Purdy became the bride of Gillis Doyle Smallen at 7 p.m. April 20 at the home of J.B. Whaley. The Rev. Elmer Summey officiated.

The bride is the daughter of Mrs. Horace Purdy and the late Mr. Purdy. Parents of the groom are Mr. and Mrs. Norman B. Smallen.

The bride was given in marriage by her brother Joe Purdy. Vicki Shubert was Matron of Honor, Lynn Smallen was best man.

The bride designed her gown of white satin trimmed with lace. She carried a bouquet of blue and pink daisies centered with white roses. The matron of honor wore a floor-length dress of pink chiffon trimmed with lace and she carried four long stem pink roses.

After a trip to Nashville the newlyweds are living at Route 2, Poplar Springs, Loudon. Both are employed at Marent.

### Personal Mention

MRS. ERNIE LUSFORD  
Phone 458-2681

Visiting with Mr. and Mrs. Floyd Everett Sunday was Mr. and Mrs. Dennis McKee from Madisonville. From Philadelphia were Mrs. R.N. Edwards and son and daughter.

Mrs. Loyd Windle Jr. of Vienna, Va., Mrs. David Bell of Speicher, Germany, Mrs. Oscar Keeling of Kingsport, Mrs. Walter Sherley of Jonesboro and Mrs. Buddy Windle and children of Sumnerville, Ga., have been recent guests of Mrs. Lloyd Windle, Jerry and Sandra, and of Mr. and Mrs. Charles Windle and family.

Mrs. Margaret Bell has been on a two month visit with relatives in Michigan, Virginia and Tennessee. She will leave from Washington, May 30 to join her husband, L.L. Bell, who is stationed with the U.S. Army in Germany.

Mr. and Mrs. Mac Petty and children, Susan and Matthew of Sewanee were weekend guests of Mr. and Mrs. J.E. Greenway.

Mrs. Bill Kelso and sons, Mike and Kevin of Maryville spent the weekend with, Mrs. Louise Kelso and Miss Colleen Ferguson.

Miss Ruth Ferguson returned home Tuesday after a weeks vacation in Hawaii.

Mr. and Mrs. Don Canter had as their weekend guest Mrs. Canter's mother, Mrs. John Stout of Morristown.

Hollen Bradshaw underwent eye surgery last week at Baptist Hospital.

Mrs. Archie Woodard has returned to her home after undergoing minor surgery last week at Sweetwater Hospital.

Mr. and Mrs. Lawrence Kerr had as their weekend guests, Mrs. Kerr's sisters

Mrs. Francis O'Neal of St. Louis, Mo., and Mrs. Gene Burton of Chicago, Ill., also her mother, Mrs. Maude Bean and Mrs. James Bean of Loudon City.

Mrs. Ruby Viles and her sister Molly of Jacksonville, Fla. are here for a visit with, Mr. and Mrs. R.G. Sherrill.

Mrs. Ruth Harrison and Mrs. Mrs. Joe Presley visited recently with, Mr. and Mrs. Robert Martin in Loudon City.

Mrs. R.S. Presley attended the funeral of her aunt, Mrs. Orlie Williamson, last week in Auburn, Ill. Mrs. John Presley and Robbin accompanied Mrs. Presley to Auburn.

Misses Vickie Faulkner, Elaine Johnson Morris Wilson and Ray Simmons are home from Tennessee Wesleyan College to spend Summer Vacation.

Mr. and Mrs. Dewitt Bradshaw of Sweetwater visited Saturday with Mr. and Mrs. Jim Green.

Mrs. Carl Black is home from University Hospital where she was a patient for several days.

Mr. and Mrs. Calvin Lunsford were in Nashville Friday to attend the funeral of Mr. Paul Christopher Sr.

Mr. and Mrs. Jack Lutz and daughter Jonna Lea returned last Sunday to their home in Denver, Colo., after a visit here with their parents, Mr. and Mrs. Earl Viars and Mr. and Mrs. Charles Davis.

Miss Andrea Brennon of the Bahamas was the overnight guest last Wednesday of Mrs. Victoria Faulkner and Vickie.

Mr. Tom Hedcock returned home Saturday from Sweetwater Hospital where he was a patient for several days.

Larry Green of Oak Ridge spent a few days last week with his grandparents, Mr. and Mrs. James Cain.

Mrs. Homer McNabb returned last Wednesday to her home in Detroit, Mich., after spending several days with her mother, Mrs. Lennie Waits, who has been a patient at Loudon Memorial Hospital.

Kris Helms, Jack Fickey Jr. and Brian Lawson spent the weekend in Atlanta and attended the Atlanta Braves and Los Angeles baseball game.

Mrs. Mitzl Bardadale of Washington, Ga., is the guest of Mrs. Carmichael Greer. Mrs. Bardadale and Mrs. Greer left Monday for a short visit with, Mrs. Greer's daughter, Mrs. Howard King in Clarksville.

Mrs. Clyde Browder, Mrs. Bertie Daniels and Mrs. Reba Saddler of Sweetwater visited last Wednesday with Mrs. Fred Miller. They also visited with Mrs. Tom Roae at Eaton's Crossroads.

Mrs. James Cannon is a patient at Saint Mary's Hospital.

# Bethel United Methodist Moves To New Church

by Clavin Lunsford  
There was evidence of sadness and the reliving of a hundred span of memories of worship and fellowship Sunday in one of Loudon County's oldest rural churches. The occasion was the final service in the old Bethel United Methodist Church. The historically colorful old church is one of the victims of the controversial Tellico Dam project on the Little Tennessee River.

The sadness was shortlived as the 250 persons attending, members and friends of the 106 member church, that gathered Sunday afternoon for the final service at the old location. The group left after the final service by motorcade to hold Open House at their new and ultra modern church building, also located on Highway 72 about five miles from Loudon.

The old church, which was organized in the 1800's was the outgrowth of an old time Brush Harbor meeting held on the old Johnathan Summit farm. This farm is now owned by Ed Preeley and is located on Watson Road.

This meeting concluded in the organization of Bethel Church on May 11, 1878. A deed was written for the ground as a gift from James Madison Burton. An 18 year old did the carpentry work on the original church building. Bethel United Methodist is unique in the respect that it is

still served by a circuit riding minister, the Rev. Raymond O. Hall who serves, Bethel, Vonnore and Walnut Hill United Methodist church, all in the Vonnore Circuit.

**BETHEL OFFICIALS AND GUESTS**—Officials at the Bethel United Methodist Church and some of the guests attending the Open House of the new Bethel Church Sunday are shown above. Front row, left to right: Church Building Committee members, Arthur Kelo, Roy Lane and Billy E. Russell. Second row, Rev. John Jackson Jr., I.A. Lane, chairman of administrative board, John Kittrell, member of the church since 1910 and Rev. Raymond O. Hall, pastor. Third row, Rev. Harrell Russell, Rev. Edwin C. Carter Jr., Rev. George E. Naff, Jr., superintendent of the Maryville District, and Rev. W.H. Leming.

**LAST SERVICE HELD HERE**—The membership of Bethel United Methodist Church held their last service in this 100 year old building Sunday prior to moving into their new ultra modern brick church home. The old building will be destroyed as a victim of the Tellico Dam Project.

## Gene Lambert

**Candidate For MAYOR**

**Election June 2, 1973**

For the past four years I have served as a Commissioner of the City of Loudon and am now a candidate for Mayor of Loudon in the regular election to be held for that office on June 2, 1973.

During the past 4 years I have tried to care for the needs and welfare of the citizens of Loudon with progressive measures. I have worked for and supported, among other things, the following benefits:

- Elimination of old city dump.
- Building new water plant and reservoir.
- Retained Class VI fire protection rates.
- Housing Project of 50 units.
- Lions Club park at City Springs.
- New park with swimming pool adjacent Loudon High School.
- Mial park on TVA recreation area.
- Industrial expansion for more and better jobs.

During my two terms as Commissioner I supported a lower tax rate and was opposed to any new bond issues.

I will appreciate you and your wife (or husband) going to the polls on June 2, 1973, and voting for me as Mayor.

Gene Lambert

**Candidate For Mayor Gene Lambert**

For almost a century Bethel Church has served and is still serving Christianity and humanity. It has been the scene of many decisions for a new life, a place of dedication of a new life, a place of uniting young couples in marriage and where many people have honored dead friends and relatives.

At their new location the membership has pledged to continue its service in life. The brief service at the new church was in the form of consecration and Open House. The message of consecration was led by Rev. George E. Naff, Jr., United Methodist District Superintendent. After the service refreshments were served in the fellowship hall. Bethel Pastor Hall had high praise for the community and church and stated that regardless of the changes being brought, Bethel Church will continue its service to the community and people and that its history will live long in the memories of a multitude of Loudon County people.

### ASCs Lists Holidays

Because Memorial Day will be observed as an official federal holiday on Monday, May 28, the Agricultural Stabilization and Conservation Service (ASCS) County Office will not be open for farm program business on that day.

Other federal holidays in 1973 on which the ASCS and other federal offices in Loudon County will be closed are: Independence Day, Wednesday, July 4; Labor Day, Monday, September 3; Columbus Day, Monday, October 8; Veterans Day, Monday, October 22; Thanksgiving, Thursday, November 22; and Christmas, Tuesday, December 25.

### Hotchkiss Valley News

Mr. and Mrs. Steven

Mykal Harrison Belcher, son of Mr. and Mrs. Gene Belcher, was one year old March 24. Mykal is the grandson of Mr. and Mrs. Frank West and Oscar Belcher. Great-grandmothers are Mrs. R.L. Cassidy of Loudon and Mrs. W.H. West of Sweetwater Convalescent Home.

### Ky. Choir to Sing Here

The youth choir of the First United Methodist Church in Somerset, Ky., under the direction of Jim Gilts, will present the dramatic musical **PURPOSE** at the Loudon United Methodist Church of Loudon, Tuesday, May 29, 7:30 p.m.

This is a 25 voice choir, 11 of which formed the senior high Handbell Choir, which will be incorporated in the program.

Rev. W.H. Horner extends an invitation to the entire community to attend. The program is for adults as well as young people.

Westbrook and daughter, Missy, of Middleboro, Ky., visited Mr. and Mrs. Frank White Saturday. Those visiting Mr. and Mrs. Fred Walker last week were Mr. and Mrs. James Dishner of Indiana.

Mrs. Bonnie Parris attended a beauticians meeting at Holiday Inn in Knoxville Sunday evening.

A surprise birthday party was given Saturday at Fort Loudoun Dam for Wayne White. Those present were Mr. and Mrs. Glyn White and

family; Mrs. Archie White and girls; Mrs. Jane McMahan and children; Danny Kindair, Bonnie Jenkins, Wayne and Allen Shepherd.

Mrs. Jennie Lee West visited recently with some friends in Sweetwater and was a dinner guest.

Mr. and Mrs. Don McCown and children, Erin and Tag, of Concord were visiting Mrs. Joe Wells recently.

Mrs. Lois Palmer and Pine Grove Community and Mrs. Archie White, Mrs. Hazel

Shaver were dinner guests of Mrs. Hazel Moore Thursday.

Mr. and Mrs. Walter Shaw of Lenoir City have been visiting New Providence Church.

Mr. and Mrs. Archie White visited Mr. and Mrs. Lee Kelly and Charles of Martel last Tuesday.

An ordination service was conducted at New Providence Baptist Church last week. Jess W. Harper and Jim Woods were ordained as deacons.

He is survived by his wife, Tellie Burnette; son William J. Burnette of Austin, Texas; daughter, Mrs. Gloria Dorries of Austin, Texas; three brothers, Paul J. Burnette of Detroit, Marvin Burnette of Kingston, L.I., Burnette of Georgia; sister, Mrs. Gloria Ogle of Atlanta, Ga.; two granddaughters. Funeral services and burial were Monday, May 21, in Austin, Texas. Courtesy of Click Funeral Home.

## The Tribe Speaks

BY LOUDON HIGH SCHOOL JOURNALISM CLASS

By Patti Gentry, Joyce Harrison,

## Candidate For City Commissioner

### Bernie Ray Swiney

(Inky)

IN GENERAL CITY ELECTION TO BE HELD IN LOUDON, JUNE 2, 1973

For the past four years I have served you as a Commissioner of the City of Loudon, for which honor I am most grateful, and I ask that you return me to that office in the regular city election on June 2, 1973. In the past four years I have worked for and supported the following progressive movements for the welfare and benefit of the citizens of Loudon:

- \*Housing Project of 50 units.
- Lions Club Park at City spring.
- Mini Park at TVA recreation area, Road through the Industrial Park, Industrial expansion.
- Retaining Class VI Fire rate (neighboring towns do not have it).
- New water plant and reservoir recommended for industrial growth.
- Eliminate city dump.
- New Park and swimming pool adjacent to High School.
- Lower tax rate and no new bond issues.

I pledge I will continue to work for the welfare of Loudon and will support progressive measures which will help our city. I urge that you and your wife (or husband) go to the polls Saturday, June 2, 1973, and support me.

Bernie Ray (Inky) Swiney

**MRS. EDNA MASSENGILL MILLER**  
Mrs. Edna Massengill Miller, 86, 820 Vale Street, Loudon, died Monday, May 21 at Loudon County Memorial Hospital. Mrs. Miller is survived by two sons, Donnie and Johnny of Loudon; four daughters, Mrs. Ernie Millsaps, Mrs. Mervin Cook and Theresa Miller of Loudon and Mrs. Edrick Coppock of Powell; sister, Mrs. Dan True of Loudon; three brothers, Ralph Massengill, Sweetwater, Hubert and Earl Massengill of Loudon; several nieces and nephews. Funeral services were held Wednesday, May 23 at Hawkins Funeral Home Chapel, Loudon, with Rev. Jewel Watson officiating. Burial was in Loudon County Memorial Gardens, Hawkins Mortuary, Loudon, in charge.

# Hamilton Bank Is 4th In Eatons Tourney Bank Of Loudon County Sets Unbeaten Pace In Softball Play

The Bank of Loudon County continued to dominate the Loudon City Softball League play with two wins this past week. The league leaders have a 4-0 work sheet with tonight off before starting their second round of play in the league.

"The Hamilton Bank of Loudon is in second place and appears to be fast improving for a clash with their rival bankers. The Hamilton Bank has lost but one game to date in league play and stands 4-1. The Hamilton team carried off a fourth place trophy in the Eatons Invitational this past weekend finishing behind host team Eatons Number One (third place), Gateway of Maryville, and defending Champion St. Lukes of Chattanooga.

The fourth place position was the highest finish by any entry from the Loudon City League.

Union Carbide is the only other team with a winning record in league play with a 3-2 mark.

The Bank of Loudon County has eight men in the top 30 league batters, based on at least nine official times at bat. Buck Kirkland, who is also one of the leading golfers in the Loudon City Golf play, is currently the best batter in the league with a .700 batting average. The hustling shortstop has pounded out 14 hits in 20 official times at the plate. Stepping at his heels is teammate Wayne Poole. The hard hitting outfielder has 16 hits, most in the league, in 23 turns at the plate for a .696 clip. Joe Russell also of the Bank of Loudon County is in third place with a .610 average.

Robert Davis of Maremont is the lone other player above .500 in batting that does not play for the league.

John Lennox and Jim Watts of the Bank of Loudon County, John Woodruff of Sue's Truck Stop, and Sonny Downs of the Hamilton Bank of Loudon County will take over the top eight positions.

**FINISHED FOURTH IN EATONS INVITATIONAL**—The Hamilton Bank of Loudon, considered by some as a strong challenger for the Loudon City League championship, finished fourth in the tough Eatons Invitational Softball Tournament this past weekend. Pictured for the Hamilton Bank are from left to right: Joe Franklin, Danny Gibson, Sonny Downs, Mike York, and Ruben Strange. Second row Manager Bill Lennox, Johnny Smullen, Gene Ratledge, Don Canter, Ted Stittler, Mike Littleton, Arnold Brookshire, and Johnny Johnson.

## Atomic Speedway To Feature Races Saturday And Monday Nights

H.E. Vineyard currently holds sixth place in the late model sportman point standings at Atomic Speedway near Kingsport. Vineyard is 1.5 laps behind as it would appear.

A victory in Saturday night's feature event could send him all the way to first place. The action is that close at the third-mile dirt track. Tootie Estes holds a slim point three-point advantage over Snooks DeFoor in the struggle for first place. Estes' lead is 1.5 laps.

Def is 642, compared to 639 for DeFoor, who leads in victories at the track this season.

Riding in third place is Otis Miley (609), followed by Phil Corum (587), Bill Ogle (553) and Vineyard (539).

A driver earns 100 points for winning a feature race and five for a heat victory. Herman Goddard is the defending champion.

Saturday's regular weekly program includes a 40-lap feature, 20-lap semi-feature, four heats, 20 laps for hobby cars and a run for the Atomic Bombers (stock class for beginners).

Adult tickets are \$2.50 and children under 12 years free.

On Monday night (Memorial Day), Roane County Shriners will take over the speedway for their annual benefit program.

Admission for the Shriners' show will be \$1. All the Atomic regulars are expected to compete.

Besides the top runners in the points race (several other drivers remain in contention for the \$2,000 first prize at the end of the season), other sportman drivers expected Saturday are Ken Phillips, Jerry Meadows and Larry Vann.

The speedway is located on Interstate 40 east of Kingsport at the Highway 95-Melton Hill exit.

## Central's Roy Aderhold Signs Pact With Hiwassee

Roy Aderhold, 6-7, 200-pound McMan Central center named to The All District Eighth Team, has signed a Hiwassee Junior College basketball grant-in-aid.

Aderhold was named to All-State and All-East Tennessee teams in addition to being selected to the Tri-State team for the second season in a row. A three-year starter, he averaged 12.0 points and 11.0 rebounds in his Charger career.

This past season he averaged 15.8 points and 15.7 rebounds.

Hiwassee coach Donnie Jenkins was delighted over the signing. "I feel we are real fortunate to get him," said Jenkins. "He is a big boy. He is capable of doing a job for us. I think he can be a starter and that is what we are trying to recruit."

## Reds To Hold Trout Camp

The Cincinnati Reds will hold a baseball trout camp Friday, June 15, at Athens' Fisher Field.

## Clinton Region Track Champ Kingsport Finishes Second

Heavy thunderstorms failed to dampen Clinton's spirits Saturday night and the little-known track Dragons surprisingly walked off with the 1973 TSSAA East Tennessee regional track championship. The Dragons, who have no track facility at their high school, debuffed defending champion Kingsport Dobyns-Bennett which had won five regional crowns in succession.

Clinton finished the rain-delayed meet with 29 points, with Kingsport right behind at 28. Knoxville Beards had 25; Knoxville Central 22 and McCalle was the highest finishing Chattanooga school with 21.

Kingsport's super sprinter Andre Releford was the only double winner relating titles in the 100 and 200 dashes. He is the defending state champion and record holder in the 100. His time here on a wet and slippery track, were 10.6 in the 100 and 22.5 in the 200.

Richard Parsons of Erwin won the mile run by beating McCalle's David W. Anderson.

Parsons had a 4:22.0 and Anderson ran a good 4:24.5. Tyrone Fritz of Clinton captured the high hurdles with a 14.8.

**FIELD EVENT FINALS**

Event	Name	School	Mark	Year
100 Dash	Andre Releford	Kingsport	10.6	1972
200 Dash	Andre Releford	Kingsport	22.5	1972
400 Dash	Ervin Sweet	Nash Maple	1:15.2	1972
800 Dash	Ervin Sweet	Nash Maple	4:15.8	1972
1 Mile	Richard Parsons	Erwin	4:22.0	1972
2 Mile	Richard Parsons	Erwin	9:22.0	1972

## Millsaps Team Again Heads City Golf List

Lynn Millsaps and Larry Millsaps just refuse to relinquish their hold on the Loudon City Golf League first place position. The Millsaps team has jockeyed back and forth with the team of John Lennox and Buck Kirkland for most of spring as to the right to the top spot. Last week Kirkland and Lennox held the first place honor with 33 team points and the Millsaps team was tied for third. But this week we find the tables have turned and Larry and Lynn are back on top with Kirkland and Lennox resting in third place.

Larry and Lynn have 40 team points to date with second place opposition team Paul Brackett and Edwin Arnold with 34 team scores. Kirkland and Lennox are in third with 33 points.

Larry Bridges and Larry Lane have managed to hold fourth place over the weeks and could possibly slip into first place contention with a big team score this week.

### State Track Meet Set Saturday At UT Oval

Memphis Wooddale, led by versatile John Bob Gilbert and a stable of fleet runners, is the team favorite Saturday to capture the 1973 TSSAA state track and field championship. That is, if the Wooddale runners come out of this regional in good shape. Looking at the state's top performances, Wooddale leads in the 440 dash (first and second), 440 relay, 800 relay and the mile relay. Wooddale also has the second-best time in the 120 high hurdles, third best in the low hurdles, second in the long jump, third in the pole vault and fifth in the two-mile relay.

### Rotary BB Classic Set

Friday and Saturday, December 7 and 8 has been selected as the dates for the second annual Lenoir City Rotary Club Basketball Classic, reported Harvey Sproul, General Chairman of the event. Mr. Sproul said the club was very encouraged by the reception of the first tournament by area fans last December, in spite of very inclement weather, and plans are going full steam ahead for an even bigger and better tournament for 1973. Hiwassee Junior College of Madisonville won last year's classic.

### Donkey Ball Scheduled For Greenback Monday Night

Donkey Ball, the world's craziest sport comes to Greenback on Memorial Day, Monday May 28. This ball game played from the backs of trained Donkeys is reputed to be wilder than a rodeo and funnier than a circus. For the game the Pine Grove Presbyterian Church has obtained the services of the nationally known Buckeye Donkey Ball Company, Columbus, Ohio. All local riders will be used for the exhibition and the local

boys have gone into serious training for the big event. Those who will compete, have announced that their players are on a strict diet of Mother Oats and raw carrots. Several of our local druggists have made ready a surplus supply of liniment in anticipation of the large increase in business the morning after the game. The game will be played on the Little League Field at Greenback beginning at 7 p.m.

There will be a men's game and then a game for the ladies. Anyone wishing to play should wear jeans to the game. May Ann Scott is in charge of the girls' team and Steve Hammon is in charge of the men's team. Tickets are now on sale and can be obtained from members of the Pine Grove Presbyterian Church. Mrs. Charles (Kitty) Roberts is head of advance ticket sales and may be reached at 856-3417 in Greenback.

### Baseball Tourney Underway

David Lipcomb of Nashville and three other Southern colleges will collide in NAIA Area 5 baseball play beginning Wednesday at Bill Meyer Stadium. Lipcomb, with a 34-8 record, represents District 24. Other competitors include Valdosta, Ga., State (28-11), State College of Arkansas (16-8) and Birmingham-Southern. Birmingham-Southern defeated Jackson, Miss., State 8-7, Saturday. David Lipcomb blasted Union out of the Tennessee playoffs. Winner of the playoffs will

represent Area 5 in the NAIA national tournament to be played at Phoenix, Ariz. May 30-June 5. Admission will be \$1.50 for adults, \$1 for students with ID cards and also high school students. The schedule: WEDNESDAY: 1. State College of Arkansas vs. Valdosta (Ga.) 2. Birmingham-Southern vs. Birmingham-Southern. 7:30 p.m. THURSDAY: 1. Two first-round winners, 7:30 p.m. 2. Two first-round winners, 7:30 p.m. FRIDAY: 1. Championship game.

### LC Beats Coalfield 15-6 In Tournament

Lenoir City bothered by walks, errors and some timely hits fell behind challenging Coalfield last Wednesday in District Five baseball action 4-6 in the first inning. The Panthers quickly relieved starter Sammy Dunlap in the form of senior first baseman Tommy Cook and the lefty closed the door on the rally. Meanwhile Lenoir City struck back with a four run second frame and added three

runs in each of the third, fourth, and fifth innings to put the game out of contention for the night. Lenoir City finished the game with single runs in the sixth and seventh innings. Cook picked up the pitching decision allowing only two hits for the last six innings and struck out 11. Donnie Stamesey was the big batting star for the District Five power with three hits and four runs batted in.

### 22 Point Golf Surge Gives Summers And Oody Lead

Hall Summers and Mike Oody collected 22 team points last week and as a result vaulted into first place in the Union Carbide Golf Standings. Holding down second place is the team of Dick Huff and Art Hamill with 61 team points to date. The league runners for two weeks, Charlie Helms and Jack Delaney fell to third position in the league standings scoring only eight team points last week. Mike Oody still holds the low net season score for the young season with a 32. Taking top individual low medalists play for the week last week was Austin Scarborough with a sparkling 33. Dick Huff and Art Hamill were the low net team of the week's action with

a round of 72. UNION CARBIDE GOLF STANDINGS TEAM POINTS TEAM POINTS J. Summers and M. Oody 70 D. Huff and A. Hamill 61 C. Helms and J. Delaney 59 J. Cardwell and E. Black 52 H. Hodge and A. Scarborough 51 E. White and D. Rosenbaum 49 J. Handolph and C. Evans 49 J. Cardwell and J. Miller 45 R. Birkholt and C. Moore 32

Of course, there could be some surprises, but just looking at black and white on

Jim Hodge of Clinton slides safely into third base as Lenoir City baseman Mike Walker awaits ball. Umpire is Frank Diggs.

### All Runs In Sixth Unearned Two-Out 10 Run Sixth Inning Eliminates Lenoir City From District 5 Baseball Action

Clinton baseball coach Alvin Taylor was almost speechless Friday night. The Clinton Dragons had just come from a tie game to eliminate last year's District Five baseball tournament runners-up, Lenoir City, from this year's tournament with a 10 run sixth inning at Ridgeview Park. "It's something that you always hope for, but don't think will ever happen," said Taylor. "We just came to life, and they (Lenoir City) just went dead." Lenoir City coach John Brannon said that the Panthers had just made mistakes, and that those had cost them the game in the sixth inning. The Panthers had led 3-2, but Clinton tied the game in the fifth inning, 3-3. Clinton began their sixth inning rampage with two men out, then scored 10 runs to break the game open. Wayne Selvers, who had

honored in a long shot over right center field in the first inning to score two runs to tie the game, blasted a triple deep into center field to (fence and) scored three runs as bases were loaded in the sixth. Kim Weaver, who had moved to second on a throwing error on Panther pitcher Tim Cunningham, Robbie Ivey who was walked, and Steve Stansberry, who loaded the bases gaining first on an error on Charlie Dye of Lenoir City, all were driven in by Selvers' triple. Earlier in the inning, Wendall Cooper and Steve Graham were struck out by Cunningham for the first two outs. Following Selvers, catcher Brant Henderson singled, driving in Selvers for the fourth run of the inning. Jim Hodge tapped out a scurried to short stop, which grounded to Dye's legs into left field for a two base error. That put Dragons on

second and third. Weaver, around in the order again, singled, bringing in Hodge and Henderson. Weaver himself scored on another error at short when Graham got on base on the same error. Ivey doubled, and both he and Graham were brought in by Cooper's two run triple. It was Cooper's first hit of the night after four consecutive strike outs. Stansberry tied out to center field to bring the rally to a halt. The score stood Clinton-13, Lenoir City-3 with only the top of the seventh remaining for the Panthers. Down by ten, the Panthers scored a single run in the seventh when Carl Thompson hit first base, scoring Neal Foster, before he (Thompson) was out at first. Other scores for Lenoir City came in the top of the first when the Panthers loaded the bases, but only punched in two runs. Marty Porter and Dye scored on hits by first

**Mrs. Henri (Aileen) Richeson Candidate for City Commissioner Election Saturday, June 2, 1973 To the Citizens of Loudon**

I take pride in having been a member of the City Commission for the past 4 years and in having diligently supported and worked for the following advancements:

- Reduction of tax rates.
- No new bonded indebtedness.
- Mini-park in TVA recreation area.
- Lions Municipal Park at City Spring.
- New park with Olympic-size swimming pool and kiddie pool adjacent to high school.
- State retirement system for city employees.
- Budget control of all departments.
- Industrial expansion.
- Elimination of city dump.
- Construction of municipal garage to house equipment and machinery.
- Historical markers at city limits.
- Official seal for the city.

Voting Saturday, June 2, 1973, is your means of continuing progressive government for our city. I ask for and will appreciate your support.

Mrs. Henri (Aileen) Richeson

### W.C. 'Pug' Pearson Is Happy Man

### Ex-Tennessean Is Poker King

W.C. "Pug" Pearson captured a surprise, victory Saturday in the \$130,000 winner-take-all poker championship game at a downtown Las Vegas casino. After the rest of the field was eliminated Friday evening, Pearson and John "Champ" Moss, the 67-year-old player who won the championship in 1970 and 1971, remained to duel it out with the cards. Moss had amassed \$91,000 and the remaining \$39,000 was held by Pearson when play resumed. In a succession of

### Columbia State Captures NCAA District Crown

Columbia State, Tenn., Monday won the National Junior College Athletic Association Eastern District championship by whipping Albermarle, N.C., 10-2, in Columbia, winning its third tournament game without a loss in the double-elimination affair, advances to the National tournament in which it will play Baltimore Community College at 11 a.m. CDT Saturday in Grand Junction, Colo.

### NFL Teams Set 78 Exhibitions

National Football League's preseason schedule will open with the Super Bowl champions, the Miami Dolphins, playing the College All-Stars in Chicago July 27. The 76-game pre-season schedule includes 60 games between American and National Football Conference teams. Over three seasons, the NFL holds a 81-76-9 edge, although the AFC had a 27-28-4 edge last year.

### Correction

In an article last week concerning students of New Providence School who participated in the Special Olympics at Oak Ridge the story said the students were mentally handicapped. This is incorrect. Students at the school are made up of both physical and mentally handicapped children.

Advertisement for Volkswagen cars. It features several images of different models: Beetle, Karmann Ghia Convertible, Squareback, Super Beetle, 412 Wagon, 412 4-Door, Type 3 Compact Sedan, Super Beetle Convertible, and Karmann Ghia Coupe. The text says "One good thing leads to another." and "Few things in life work as well as a Volkswagen." At the bottom, it says "JOHN RAINEY VOLKSWAGEN" and provides phone numbers for Maryville, Tennessee (983-8510) and Knoxville, Tennessee (573-8211).

Advertisement for "HOLIDAY PACK SPECIALS" featuring Kentucky Fried Chicken. It shows images of a dinner bucket and a dinner barrel, both containing two free family size Pepsis. The text says "FREE PEPSI COLA!" and "OFFER GOOD MAY 25-28 friday, saturday, sunday, monday". It also includes the Colonel Sanders' recipe for Kentucky Fried Chicken and a list of participating locations: Knoxville, Clinton, Oak Ridge, Maryville, Lenoir City, Morristown, Jefferson City, Newport, Harriman, and Jacksboro.

MAY 24 1973

### Game and Fish TODAY

By Sgt. Bob Harmon  
Game and Fish Commission

The Tennessee Game and Fish Commission will be holding public hearings in Knox, Blount, and Loudon Counties, to discuss a Canada Goose Stocking Program in those counties for this year according to Larry Safley, District Game Biologist.

The hearing in Loudon County is scheduled for 7 p.m. May 28, at the courthouse in Loudon.

Interested landowners having ponds on their farms and sportsmen are encouraged to attend.

The Tennessee Game and Fish Commission and TVA sponsored program involves placing two or three pairs of sub-adult geese on private ponds of two or more acres in size. Offspring produced by these geese will be allowed to attain free flight and unrestricted movement. On attaining the breeding age of three or four years, the birds produced on these private ponds should return to the general area rather than migrating north into Canada for nesting purposes.

To insure the success of this program, the Commission is recommending closing the previously mentioned counties to goose hunting for a period of five to eight years or until the goose flock can withstand regulated hunting. No other closures of waterfowl hunting are considered necessary at this time.

**MAY TIME TO FERTILIZE FARM PONDS**

Fertilizer should be applied to the farm pond during May for maximum fish production. As a minimum, a farm pond should be fertilized once in the

spring with 50 pounds of a complete fertilizer such as 15-15-15 or its equivalent. Fertilizer is added to farm ponds to produce algae. Algae are small microscopic plants which give the water a green color. It is eaten by microscopic animals which are eaten by water mites, small crustaceans, insects and other large aquatic organisms. These in turn, are eaten by larger fish, many of which are eaten by larger fish. The amount of algae, therefore, regulates the quality of fish that can be produced in a farm pond.

Pond water, adequately fertilized, has a deep green color and may yield more than one hundred and fifty pounds of fish per acre each year to fishermen. Unfertilized water is usually clear and has a much lower carrying capacity of fish. Unfertilized ponds rarely produce as much as fifty pounds of fish per acre each year. Small ponds adequately fertilized can produce more fish than unfertilized ponds which are several times as large.

Fertilization increases turbidity or the general condition of the water. The turbidity of the fertilized water shades out most types of underwater weeds and suppresses the growth of many above water types. The turbidity also increases fishing success since the fish are not as easily frightened by the fishermen as they would normally be in clear water.

Harmon recommends that the fertilizer be broadcast from the bank or be poured in a small stream directly from the bag if a boat is available.

**GET 60 FISH**—Mike Watts, Roy Hughes and Arthur Leko of Loudon while fishing with worms in Watts Bar Lake caught these 60 fish. The stringers are filled with crappie, sauger, stripes, bluegill, drum and bass.

**GETS BIG CAT**—Bill Freels of Loudon caught an 8 lb. catfish, two crappies and four stripes while fishing with flies in Watts Bar Lake.

### Your County In Action

LOUDON COUNTY JUDGE

improve our Health, Care Facilities and Health Care Delivery System.

Along this line the Hospital Board of Directors was reorganized several months ago and now has a definite set of by-laws and designated responsibilities which it tries to fulfill.

We also now have a Loudon County Health Council, from which we hope to have increased involvement to include all citizens who are

One of the main goals that we have in this County is to improve our Health, Care Facilities and Health Care Delivery System. Along this line the Hospital Board of Directors was reorganized several months ago and now has a definite set of by-laws and designated responsibilities which it tries to fulfill.

We also now have a Loudon County Health Council, from which we hope to have increased involvement to include all citizens who are

efforts are continuing to attempt to get continuous "around-the-clock" coverage at the County Hospital. I am sure that many people realize that there are problems, with only five or six full-time physicians in this County, to get 24-hour coverage, and that basically the present system that has been worked out by agreement with the doctors has been on an "on-call" basis.

However, it seems clear that we would have a greater attractiveness to prospective new physicians if the problem of covering emergencies, and taking care of those people who presently feel the necessity to go to doctors out of the County, can be met by proper measures and with qualified medical services.

Some 44 persons cast ballots in the City of Philadelphia's uncontested mayor and council election Saturday. All members of the Council were running for re-election. Mayor Roy Bledsoe received 43 of the 44 votes cast in the balloting.

In the South Ward 17 votes were cast. Councilman Boyd Duckworth got 17 votes and councilman Eddie Brewster polled 15 complimentary votes.

In the North Ward both councilmen received 26 votes. They are Mrs. John Everett and Raymond McJunkins. All five will serve two year terms.

### Sixty Drownings In 1972

With the approach of the summer recreation season, TVA safety specialists again are stressing the importance of common-sense water safety practices for the millions of people who will be using TVA lakes for boating, swimming, and other recreational activities.

Sixty people drowned in 1972 while using TVA lakes for recreation, according to William P. Wilson, chief of the agency's Hazard Control Branch in Chattanooga. That was eight more than the total the previous year.

Failure to wear life jackets continues to be the most common factor in drownings that result from boating accidents, Wilson said. He advised people not to depend on buoyant cushions in case of accidents, but urged instead that every boater wear a lifesaving device approved by the U.S. Coast Guard.

Other factors that frequently contribute to boating tragedies are unsafe or inexperienced operation of the boat, boating in storms or rough water, standing up and capsizing the boat, boat operators drinking, and boats that are overloaded, overpowered, or in unsafe condition.

Wilson said other hazardous situations include children swimming or wading without adequate supervision, swimming after eating or drinking, swimming or wading alone, swimmers who are unskilled or go beyond their endurance, and swimming or wading without being aware of hazardous bottom or other conditions.

TVA is publishing its annual leaflet describing the factors that contribute to drownings. It will give the leaflet wide distribution at the lakes to acquaint recreation users with the hazards and encourage them to take precautions against accidents.

The leaflet also warns of the turbulent waters immediately below the dams on the Tennessee River main stem. Last year one person drowned and at least 13 others nearly lost their lives in accidents in these dangerous areas.

### WHAT IS THE CHURCH OF CHRIST???

Have you ever wondered what is the "Church of Christ"? It was and still is the Church that started over 1900 years ago on the first Pentecost after Christ's death and resurrection (Acts 2). This was several generations before the oldest denominations began. The Church of Christ is NOT a denomination.

It has no head but Christ. (Colossians 1:13; Matthew 28:18). Consequently it has no earthly headquarters nor is it controlled by an ecclesiastical hierarchy. It is Christ-centered!

It is the body of Christ, composed of people called out of the world of sin by the gospel to become His subjects in His body or kingdom. (Colossians 1:13, 18; 2 Thessalonians 2:13, 14).

Its members assemble each first day of the week, as directed by the word of God, to worship God. Members give of their money (1 Corth. 16:1, 2), eat the Lord's Supper (Acts 20:7), pray (Acts 2:42), study the word of God (Acts 2:42), and sing praises to God. (Ephesians 5:19; Colossians 3:16).

Its members encourage friends and neighbors to be saved by believing (Hebrews 11:6), repenting of sins (Luke 13:3, 5), confessing belief in Jesus (Matthew 10:32; Acts 8:37), and being baptized (immersed-buried) into Christ (Mark 16:13, 16; Galatians 3:27). Those thus "saved" are added to the Church by the Lord Himself. (Acts 2:47). Other members accept them through FAITH and by their fruits. (Rom. 10:17; Math. 7:20).

Its members strive to restore New Testament Christianity. The seed or word of God (Luke 8:11) which produced the Church of Christ in the first century will produce it in the twentieth century.

### FISHING REPORT

This report is based on present weather and water conditions and how the fish are biting now. It is subject to change if these conditions change.

**CHEROKEE LAKE** - clear and stable. Bass fishing is best in lower end of lake on top-water lures. Big O's, and rapalas. Rockfish and hybrids are striking all over the lake on stripper whoppers and top water lures; also several are being taken trolling 15 to 20 ft. deep around the sunken islands on Big O's, and minnows. Stripes are good in John Sevier Steam Plant area on rooster tails and spinning type lures.

**NOBLES LAKE** - murky and stable. All species have slowed down, but a few bass are being taken on Rapalaps.

### 44 Vote At Philadelphia

Some 44 persons cast ballots in the City of Philadelphia's uncontested mayor and council election Saturday. All members of the Council were running for re-election. Mayor Roy Bledsoe received 43 of the 44 votes cast in the balloting.

In the South Ward 17 votes were cast. Councilman Boyd Duckworth got 17 votes and councilman Eddie Brewster polled 15 complimentary votes.

In the North Ward both councilmen received 26 votes. They are Mrs. John Everett and Raymond McJunkins. All five will serve two year terms.

## Vote For Doug Lyle For City Commissioner

**City of Loudon Election Saturday, June 2, 1973**

In asking for your vote and support in my race for Loudon City Commissioner I pledge to you that I will work faithfully for the best, interest of every taxpayer and citizen of Loudon. As a businessman and family man who has spent most of his life in Loudon, I think I am aware of many of the problems of our city government and want to be of service should you chose to elect me.

Doug Lyle  
Candidate For City Commission  
Loudon City Election, June 2, 1973

**WATTS BAR LAKE** - murky in upper end, clear in lower end and stable. Bass are fair on Big O's, spring lizards, and minnows. Catfish are good on minnows deep.

**MELTON HILL LAKE** - murky to clear and fluctuating. A few bass and stripes are being taken on minnows and topwater lures. Bream on worms, catfish on worms and minnows.

**NORRIS TAILWATER** - trout-good when water is off on worms, corn, and flies.

**CHILHOWEE LAKE** - clear and stable. Lots of good bass are being taken on spring lizards. Trout are good early and late on corn, and worms.

**LITTLE TENNESSEE RIVER** - trout-good on flies, corn, worms, and spinners in upper part of river. Catfish are good on cut bait near 411 bridge.

Twenty-five hundred adult rainbow trout were stocked on Pigeon River near Pittman Center and Gatlinburg on May 17, 1973.

# Proposed Teacher Pay Hike To Cost \$55,000

(Continued from Page 1)  
 education. Originally, the teachers asked the County School Board for both the 2.3 per cent salary increase and for an insurance benefit program. Mr. Dukes told the court. The insurance program, he said,

would have cost the county approximately the same amount as the salary hike. In discussion sessions with the teachers, the board said it would not go along with both the pay hike and the insurance program. The teachers then dropped their request for the benefit package, asking only for the pay increase.

Principal McGhee explained to the Court that principals do come under the same salary schedule that teachers are under. Originally, he said, it was set up in such a way that principals received \$100 above what teachers were receiving. As the base rate has changed, however, the proportion of principals salary to teachers salary has gradually decreased.

MR. MCGHEE CITED figures showing that principals in surrounding counties are receiving higher salaries on the average than those in Loudon County. The minimum principals salary in Loudon County, he said, is \$7,167, with \$11,282 as the maximum. Comparative figures show that principals in Blount County, for example, are receiving a minimum of \$7,241

and a maximum of \$12,900. In Boone County the minimum is \$10,783 with a maximum of \$12,417.

"We do not want in any way to reflect upon what anyone else is earning or to detract from any other person in our school system," said Mr. McGhee, "but we do feel that the principal should be the highest paid person in any school." He added that such is not always the case and pointed out that the average supplement for principals in Loudon County is \$400, while the average supplement for coaches is \$1,900.

"We aren't saying coaches should get less than what they are getting," he quickly pointed out, "but we are saying we believe the amount principals are receiving is out of line."

The principals, it was explained, originally asked for a 20 per cent increase but after negotiation with the school board agreed to go along with a request for a 10 per cent raise. The requested principal increase would cost the county about \$11,000.

MRS. BLANKENHORN, during questioning by court members, said she had met with Joe Spence, chairman of the county teachers salary committee, and said she understood Lenoir City teachers are asking for exactly the same amount Loudon County teachers are requesting.

Since the salary index schedule was adopted in 1967, funding for school salaries has come from the sales tax. County Judge Harvey Sproull asked Mrs. June Oustead, county director of accounts and budgets, how much would go to the schools out of the sales tax this year.

Mrs. Oustead said \$178,344 would go for salaries and \$12,500 would go for teaching supplies. "That is about \$190,00," she said, "and the remainder of the \$200,000 we collect from the sales tax will go to upgrade schools."

Mrs. Oustead said that by June 30 of this year there will be only about \$52,000 left in the surplus and that auditors recommend at least \$50,000 be kept in the surplus fund at all times.

# 150 Craftsmen Are Expected At Festival

(Continued from Page 1)  
 and will be taking orders for hand-painted ornamental plaques portraying family trees which show the immediate family with names, birth and wedding dates.

Lou Anne is the daughter of Ray Dillenbeck, general plant manager of Eaton Corporation in Lenoir City, and Mrs. Dillenbeck.

Free buses will run from the downtown parking area to the festival site. The schedule calls for the first bus to leave the parking area at 10 a.m. It will swing by the rear parking lot at the shopping center and continue to the festival. The bus will leave the festival at 10:30 on its return trip. A second bus will begin the same run at 10:30. Buses will continue on this schedule throughout the day with the last return trip beginning at 6 p.m. Local people are urged to

ride the bus to help alleviate the traffic congestion. In addition to the many artists and craftsmen, festival goers will see a display by the Loudon County Committee of 100 which will feature products made by local industries. TVA will have a display explaining the proposed Timberlake Community, and the Chamber of Commerce will again maintain its welcoming booth.

A popular part of the Arts and Crafts Festival is the food prepared by members, husbands and friends, of the Suburbs Club. Seven hundred barbecued chicken dinners will be offered. Short orders of hamburgers, hotdogs, snack foods, cold drinks and homemade desserts will be available.

In the past, The Knoxville News-Sentinel has adopted the festival as Trip-of-the-Month which drew thousands of people to the festival site. Willard Yarbrough, Knoxville News-Sentinel reporter, was in Lenoir City last week inquiring about this year's plans. He is planning a feature article for the May 27 issue of the paper.

Mrs. Grayson and Mrs. Kenneth Dutton, co-chairmen of the festival will appear on the Doc Johnson program, Arscope, Channel 10 on May 27, to promote the event.

## 24 Percent Here On Public Payroll

To what extent do government dollars—Federal, state and local—figure in the financial affairs of Loudon County residents?

What proportion of the local population receives some or all of its income from such sources? With public payrolls on the rise and social security and other benefits expanding, government funds have become increasingly important.

Based upon a state-by-state analysis of data released by the U.S. Office of Business Economics, about 24.4 percent of each dollar of personal income locally is from public

## LETTERS TO THE EDITOR

Dear Editor:

For the past four years, since my return to Loudon, I have applied for a position as an art teacher in Loudon County Schools. After all, art is taught in all school systems surrounding Loudon. Many students have asked me to teach privately so I know local interest is high. No one seems to know why we do not have art in our schools. People have gotten the mistaken impression that art would cost the local taxpayers extra money. This is not true. I am a graduate of the State Board of Education and found that the state will pay an art teacher's salary the same as a math teacher. The state pays X number of salaries according to pupil enrollment. In the local school system who decides what subjects to offer.

Why should we teach art? In the elementary and middle studies have indicated that children with reading problems generally have perception problems. Art has been found to be one of the most effective means of helping these children. Art is a great help in developing eye-hand coordination which is essential in learning to do all the other things that a therapeutic tool for the emotionally disturbed. What about the gifted child in both classes and secondary levels? How many artists has Loudon County produced? Not many. I am the only product of Loudon County Schools (that I know of) who has worked as a professional artist. Think of how many funds it amounts to providing \$15,963,900 a year, after taxes.

Taken into account in the analysis, which was made by the Tax Foundation, a non-profit organization here, were payments of wages and salaries to people on government payrolls, the amounts going to those who are receiving social security benefits and the outlays for unemployment compensation, pension, interest and public assistance.

In the case of Loudon County, applying the state average locally, the 24.4 cents of the income dollar consists of 14 cents received from the Federal government and 9.6 cents from state and local agencies. Throughout the United States as a whole, 24.3 cents of every dollar of personal income comes in the form of government checks, the Tax Foundation finds. In the East South Central States the average is 26.6 cents. Nationally, the total amount paid out to individuals during the year by governmental bodies, via payrolls, pensions and the like, came to \$209 billion. Of this sum, nearly \$122 billion was from Washington and the other \$87 billion from state and local governments. Considerable differences are noted between various sections of the country in the extent to which government funds contribute to personal income. It runs high in areas that have heavy concentrations of civil employees and in areas with large proportions of retired people receiving pensions.

school student in your house, ask him what he knows about the philosophy of aesthetics and the resulting effects on his daily life. The study of art theory can stimulate thought, introspection and self-discovery in students that fact-learning courses cannot. Art is related to the individual in a very direct way. It is not measured by yardage or time-clocks, but—can, nevertheless, achieve goals. If you want art in our schools you should let the school board know. It is those seven men who decide what subjects your child is taught. It is not fair to expect them to know automatically how you feel. After all, only one of them lives in Loudon, one in Greenback, one in Sweetwater, and the other four in Lenoir City.

Sincerely,  
 Sarah Anne Simpson  
 Certified art teacher,  
 grades K-12

**BACK IN THE GOOD OLD DAYS**

Many times in writing about the Good Old Days we uncover something that creates an even broader scope of interest. A couple of weeks ago we ran an old picture of the Loudon County Courthouse and were very proud of the tremendous interest it created with our readers. This interest includes people locally and some letters from out of state.

A couple of years ago when the Herald published the Centennial Edition we had the assignment of doing historical research of many buildings in our area. Among these was the old county courthouse. The building was built over 100 years ago.

We found that the courthouse was around two years

in construction and possibly was a building of the most modern design for its time. Realizing of course that this was over 100 years ago, it creates a lot of interest among our tourists, who we see quite often stopping and taking pictures of the building and grounds. We realize that the facility is lacking in space and facilities for operation of our government today, but it still is a beautiful old building rich in our area history.

Our reason for getting back on this subject is motivated by two pictures we had come our way the other day and because many of our readers will want to keep the photos.

They are of the Clark Brothers, who built the courthouse.

Their names were John Wesley Clark, with the long heavy beard, and Ira N. Clark. Both of these well known men are buried in Monticello Cemetery in Johnson City. We thank Myrtle Clark for the loan of these pictures which will welcome additions to collectors of local history. We have asked before, but will try again. Does anybody have a picture of the old Carding Machine Building, if so, we would like to borrow it. Another picture we have this week is of the Ballard Girls who grew up around Loudon in the Good Old Days. This past week he had a nice

Loudon County

## McCall Elected Lions District Governor

Charles McCall, member of the Loudon Lions Club for 15 years, last week was elected District Governor of District 12-N of Lions International. McCall will be the ranking Lions officer of the 95 club district containing almost 1900 members. He is the first Loudon Lion in the 37 year history of the club to be elected to the post.

The clubs McCall will serve are scattered from Rockwood to Mountain City across East Tennessee. Shortly after his election at the Lions State Convention held in Jackson, Leon McCall named Loudon Lion Glen House as his cabinet secretary. During his tenure as District Governor Lion McCall will be traveling to all 58 District Clubs and attending numerous District and State meetings.

Mr. McCall is Loudon County Agricultural Extension Leader under the University of Tennessee Extension System. His wife, Jean, is assistant principal at Loudon High School. They have three children and reside on Robinson Drive in Loudon.

In his 15 years as an officer McCall has held almost every office in the Loudon Lions Club including President. He has 14 years perfect attendance at club meetings. Last year he served as Deputy District Governor.

In other activities he is past

**MR. McCALL**  
Commander of the American Legion Post 130, member of the Farm Bureau and Chairman of the Loudon County U-T Alumni Association. In his profession McCall has won several awards for achievement. He is a member of the Cumberland Presbyterian Church, member of the board of Elders, past Deacon, teachers Men's Bible Class and has served on the church finance committee. During World War II he served in the European and Pacific Theaters as a member of the U.S. Army Engineers. He is a native of Blount County. The State Convention was attended by 261 Lions from across the state, with seven being from the Loudon Club.

## Teachers Explain Position On Pay Raise, Benefits

The Loudon County Teachers Association, this week issued a statement clarifying their position in relation with a requested pay raise after last week's meeting with County Court. The statement in relation to what was printed in local newspapers last week was released this week by Chairman of the Teachers Association Salary Committee Carolyn Bledsoe.

"The statement issued by the Committee is as follows: "1. The teachers are not requesting \$55,000 in pay increases. The total figure necessary to meet an increase in pay for the present county teachers is \$25,850. The minimum raise per teacher would be \$150, and the maximum would be \$238. There is only one teacher who is at the maximum level. The average increase would be approximately \$180 per year.

"2. The teachers had not been informed that the Board of Education had turned down a request for partial health insurance payments by the county. This request was made in order to make the benefits commensurate with local industrial benefits. The money requested for this benefit was \$12.65 per month per teacher. "When we requested these increases, we were under the impression that the money was available either through surplus or receipts of the county sales tax. The estimated income from the county sales tax is \$200,000 per year. The teachers are now using approximately \$170,000. A pay raise would not exceed anticipated revenue from this tax. We are not asking Loudon County to raise property taxes in order to average a salary increase for teachers."

## Connectors, Teachers Pay On Court Agenda

The two Interstate connector roads and the proposed teachers salary increase are probably the two top items on the agenda of County Court for their regular monthly meeting

## Philadelphia Gets Grant

A federal grant of \$34,000.50 for the City of Philadelphia from the Department of the Interior, Bureau of Outdoor Recreation was announced this week by Congressman John Duncan.

Congressman Duncan said the grant is to purchase and develop into a Tot-Lot or mini park. Also the funds will be used to make improvements to the existing City Park including creation of a water system, placing all electrical lines underground; paving of the entrance drive, adding a picnic shelter, construction of restrooms, concession building, gate and playground.

The grant represents 50 percent of the total project cost, with the City of Philadelphia to provide the matching funds in cash or services.

at 7 p.m. Monday, June 4 at the courthouse.

Judge Harvey Sproul this week released a 40 page agenda that will be considered by the nine county squire. Two items on the Interstate Connectors at Philadelphia and Sugar Limb are on the state. One is for approval of final engineering as to route and location and the other is to authorize the state to proceed with the next step concerning the construction of the connecting roads.

The teacher pay scale, subject of a special meeting of the court last week, shows up on the agenda for further discussion of questions pertaining to the proposed pay increases and education budget.

The complete agenda if items to be considered by the court is as follows:

1. Pledge of allegiance, opening of Court, and roll call
  2. Reading and approval of the minutes of the May 7, 1973, regular meeting of the court.
  3. Recognition of visitors and delegations.
  4. Open discussion—(This is the time for any visitor or delegation to state any business which they may want to take up with the Quarterly Court and make any statement, request or discussion about any item in which they are interested which is on the agenda.)
- (Continued on Page 7)

## Shaver Murder Trial Set For Week Of July 23

The Criminal Court trial of 17-year-old Alvin Dean Shaver and 18-year-old Margery Sue Chastain indicted last Wednesday on a charge of first degree murder in the slaying death of the Shaver youth's grandmother, Mary Shaver, 79, has been set for the week of July 23. The trial is expected to take several days to complete. Judge Lloyd McCuen had originally planned the trial for mid-June but changed the trial date after one of the defense attorneys said he could not be present at that time. In addition to the first degree murder indictment against Miss Chastain a second part of the indictment accused her of aiding and abetting the Shaver youth in committing first degree murder.

The dead woman was found stabbed and beaten in the head on the kitchen floor of her home on Second Avenue. The two defendants were arrested several days later by local authorities who believed robbery was the motive for the killing.

David Hawkins of Lenoir City was sentenced to three years in prison Wednesday shortly after an indictment for the killing of the Shaver youth returned against him. Court

records indicate that Hawkins entered a plea of guilty and was sentenced to 17 1/2 months in jail without a jury trial.

Other indictments returned by the Grand Jury include Robert Clark Taylor, larceny; Willie Joe Clark and Violet Clark, contributing to the delinquency of minor children; Lynn Anderson, silas, Sandra Presley, shoplifting; Johnny Kirby, Fred Stokes and Ronnie Mills, breaking and entering; Johnny Kirby, reckless driving; Tommy Key, damaging personal property.

L.D. Rabery was fined \$50 and costs for driving while intoxicated, \$2 and costs for driving on a suspended drivers license, sentenced to 30 days in jail on each count with 25 days being suspended on payment of fines and costs.

Herald Williams was fined \$25 and costs for reckless driving and given 60 days in jail with 30 days suspended on payment of fine and costs.

Cases set for trial this week include Billy Ray Copeland, indicted for the armed robbery of Pride Oil company in Lenoir City late last year. His trial is scheduled for Thursday. Also set for trial is Rudolph V. Jones indicted for hit and run.

## Lenoir City Arts Festival Saturday

Preparations for Lenoir City's annual Arts and Crafts Festival shifted into high gear this week as the final count-down for the Saturday event neared the zero mark.

Sponsored by the Suburbia Junior Women's Club, the festival this year promises to be the biggest ever, attracting a record number of exhibitors from all over the county and surrounding states. Held on the Lenoir City Park grounds, the event offers a rare opportunity to combine the fun of shopping for native arts and crafts with the pleasure of strolling in the picturesque setting on Ft. Loudoun Lake.

Hours for the festival are 10 a.m. to 6:30 p.m., and

members of the Suburbia Club suggest that local people might want to utilize free buses which will run from the parking area behind Lenoir Shopping Center to the festival site. Use of the buses, it is expected, will help prevent a traffic jam in the park.

The first bus will leave from the shopping center at 10 a.m., and will leave from the festival to return to the shopping center 30 minutes after the event begins. Buses will continue on this schedule throughout the day, with the last return trip scheduled at 6 p.m.

Joe Grayson, chairman for the festival, said approximately 150 exhibitors have entered the festival, meaning that most of the park area from the peninsula to the picnic shelters will be utilized for display purposes. This will be the eleventh annual Arts and Crafts Festival sponsored by the Suburbia Club, and each year the event draws more attention and a greater number of visitors.

Besides the arts and crafts, the festival also offers a variety of foods, including short orders and barbecued chicken dinners. Items displayed will be for sale, with prices ranging all the way from 25 cents to more than \$100. There is no admission cost to the festival, however.

## Armory Bids Opened Today

Bids will be opened May 31 on Eaststate National Guard armory projects for Athens and Lenoir City.

The Lenoir City project bids will be opened at 2:15 p.m. (CDT) at the State Central Services Building in Nashville. An additional classroom, supply room addition and some remodeling of the armory is scheduled for the Lenoir City program. The Office of the Adjutant General, Maj. Gen. William C. Smith, announced that bids for a new Organizational Maintenance Shop for Athens will be opened at 2:30 p.m.

## Lenoir Citian Killed In I-75, Highway 95 Collision

### Two Women Seriously Hurt

Tupper H. Cavett, 60, 211 Walnut Street, Lenoir City, was apparently killed instantly about 7:10 p.m. Friday in a two-vehicle accident at the State Highway 95 interchange with Interstate 75.

Mrs. Josephine Cavett, 62, the victim's wife, and Mrs. Margaret Cox, 28, driver of the other vehicle, were taken to University Hospital in Knoxville where they were admitted with serious injuries.

The accident occurred according to State Trooper George Pierce, who investigated, when the car driven by Mrs. Cavett traveling South on the off ramp of I-75 onto Highway 95 apparently pulled into the path of the pick-up truck driven by Mrs. Cox who was traveling north on highway 95. Trooper Pierce said there were no skid marks left by the truck indicating the

MR. CAVETT

wreckage for several minutes. Mrs. Cavett suffered numerous injuries and was said to be in serious condition. Mrs. Cox sustained a fractured leg and other injuries. She was in the intensive care unit of the hospital at first. She was listed in fair condition early this week.

Mr. Cavett was an employee of the Tennessee Valley Authority. He was a member of Calvary Baptist Church in Lenoir City.

Survivors of the victim include his wife, Josephine Ballew Cavett, daughter, Barbara Jean; son, Kenneth; step-son, Gary Lindner; brothers, Taylor Cavett, Lenoir City, Birch, Cleveland, Clin, Etowah.

Funeral services were held Monday at Cllick Funeral Home Chapel with Rev. Clarence E. Sexton and Rev. A.A. Carlton officiating. Burial was in City Cemetery, Cllick Funeral Home, in charge.

DRIVER KILLED—Tupper Cavett, 60, of Lenoir City was killed instantly when the car he was driving, shown above, was struck broadside by a pick-up truck as he attempted

to cross highway 95 at the I-75 intersection last Friday evening. Cavett's wife and the driver of the truck were seriously injured.

City of Loudon voters will go to the polls Saturday to elect a new Mayor and four Commissioners. Although there are five people running for the four Commission seats the election has not created much interest and election watchers are expecting a small turnout, somewhere between 500 and 600 persons.

Four of the five present members of the five member board are seeking to be elected with Mayor Joe Carter running for a Commission seat and Commissioner Gene Lambert running unopposed for Mayor. Carter has served as Mayor for six years and was on the Commission two years prior to that. Lambert, a Union Carbide Oak Ridge employee and owner of L & L Plating Company in Loudon has been on the Commission for four years.

Three term Commissioner Hamill Carey, an official of Greer's Inc., is not seeking re-election.

Other incumbents on the ballot are Mrs. H.H. (Aileen K.) Richman, owner of Wee Wisdom Kindergarten, who for years operated Doug's Excon Station, and has other business interests in Loudon, rounds out the lineup of candidates.

The election will be held on paper ballots with the polls to be open from 9 a.m. to 4 p.m., both in the Inside East and Inside West precincts.

## Insurance For Flooding Now Available

Loudon Counties who live in unincorporated areas are now eligible to obtain flood insurance, Congressman John Duncan announced last week. In a telephone call to the Herald Congressman Duncan said an application by the county had been approved by the Housing Urban Development agency of the federal government.

Starting immediately all structures used for residential, business, religious,

Those present were Miss Glenda Ramey, Kingdon, Mr. and Mrs. Andy Purdy and Randy, Kingsport, Mr. I.J. Rucker, Onard, Calif.; Mr. and Mrs. William Jones and Dwayne Mountain City, Tenn.; Mr. and Mrs. Clyde Wells and children, Knoxville; Mr. and Mrs. Omer Wells, Loudon; Mr.

and Mrs. Jack Rucker, Jane and Douglas, Mrs. Herbert Shell and Gary, Mr. and Mrs. David Ferguson, Mrs. and Mrs. Lee Stockbury and Mr. Jesse H. Easter.

Mr. Wesley Barnett was the weekend guest of Mr. and Mrs. Charles Barnett and son in Jonesboro, Ga.

Miss Beth Largent came by plane Saturday from Chicago to spend the weekend with Mr. and Mrs. Sullman Davidson, Melissa and Billie.

Mr. and Mrs. Richard

**Elect W.F. (Bill) LENNEX COMMISSIONER City Of Loudon**

Your vote and influence in the June 2, 1973, City of Loudon Election will be appreciated.

## Mrs. Henri (Aileen) Richesin

### Candidate for City Commissioner Election

#### Saturday, June 2, 1973

#### Polls Open 9 a.m. to 4 p.m.

Under the leadership of the present City Commission the last 4 years have been a time of real achievement for Loudon and her people. In addition to my regular duties as a member of that commission, I have also served as chairman of the Advisory Committee, a group of citizens vitally interested in our city's continued advancement. In monthly meetings they make recommendations to the mayor and commissioners for improvements in such areas as sanitation, recreation, public safety, beautification, housing, and streets and lighting.

The mini-park in the TVA recreation area, for example, was the idea of the Advisory Committee. Upon its approval by the city council, committee members collected S & H Green Stamps from townspeople in order to purchase playground equipment. The local garden club then volunteered to add the finishing touches. This illustrates not only how the Advisory Committee functions but also what good things can be accomplished when citizens and their elected officials work together.

I again ask for your support in this Saturday's election and pledge my continued truthfulness and fairness in working for and with you.

I urge each of you to go to the polls because voting is one of our most precious rights and most important responsibilities as Americans.

## Mrs. Henri (Aileen) Richesin

### Wee Wisdom Graduation Set

The graduation program of the Loudon Wee Wisdom Kindergarten will be held Thursday, May 31 at 7:30 p.m. at the Loudon United Methodist Church. Those graduating are Kathy Brewster, Jennifer Bright, Kristi Coffman, Joe Ferguson, Noel McJunkin, Barry Myers, Michelle Presley, John Pope, and Mike Viars.

Undergraduates are Kelli Nichols, Brian Myers and Robyn Kent.

Mr. and Mrs. W.T. Tallent and Mrs. David Bowers and children of New Castle, Ind. Mr. and Mrs. Don Baldwin and son of Knoxville, Rev. and Mrs. Steve Slocumb and daughters of Marion, Ind. Billy Joe Shell and sons of Greenville, Ind. On Sunday, Mr. and Mrs. Walter Shell and sons of Sweetwater came for the Shell reunion at the Philadelphia Lodge Hall where there were sixty relatives present.

Rev. and Mrs. James Harold and son, Richard, were

### Pam Ivens Receives Degree

Pamela Gail Ivens, of Loudon, was among the 168 graduates at the 64th Commencement exercises of Sweet Briar College on Sunday, May 20. Dr. Harold B. Whitman, Jr. conferred the bachelor of arts degree at the outdoor ceremony.

President Marvin B. Perry, Jr., of Goucher College, addressed the graduating class, of which his daughter Betsy was a member. The Rev. Robert F. Drinan, S.J., a C.S.G. member of the Massachusetts, was the Baccalaureate speaker Saturday afternoon.

Pamela, who majored in psychology and biology, is the daughter of Mr. and Mrs. Field Ivens. She is a graduate of Loudon County High School and attended Louisiana State University one year before entering Sweet Briar.

Miss Ivens is presently at home visiting with her parents. She later will travel to New Orleans where she hopes to pursue studies in Behavioral Science and Neuroanatomy at Louisiana State University Medical Center.

weekend guests of Mr. and Mrs. Horace Byrum in Richmond, Ind.

Miss Louise Alexander, Mrs. John Windle, Mrs. E.W. Waller, Sr. and Mr. A.F. McCrary were in Oak Ridge last Wednesday and visited with Mrs. Clara Berge and Miss Ada Deadrick in Oliver Springs.

Mr. and Mrs. J.B. Windle and Myra of Kingsport were weekend guests of Mrs. John Windle.

Mr. and Mrs. John Smith and son of Ringgold, Ga. and Mr. and Mrs. C.H. Arp from Hixson were here during the weekend for the Decoration at Coriath Cemetery.

Mr. and Mrs. Norman Arp attended the Decoration at Lawville Cemetery near Kingsport Sunday.

Recent guests of Mr. and Mrs. Burley Blevins and Rodney were Mr. and Mrs. Hester Caldwell of Tullahoma, Mr. and Mrs. Albert Ridge of Murfreesboro, Mr. and Mrs. W.R. Ridge of Nolichucky and Mr. and Mrs. Dennis Blevins of Knoxville. They all attended the Foshee Decoration on Sunday.

### Greenback Community News

By Mrs. S.B. McCollum  
Phone 856-3017, Greenback

Mrs. Ray Burgess is at home from a three days treatment in the Knoxville U.T. Hospital.

Mrs. Nick Rowland is gradually improving from a stroke and remains in the Blount Memorial Hospital.

Mrs. Helen Hunt of Lansing Michigan came last week to be with her sister Mrs. Nick Rowland.

Following the funeral of Mr. Freeman Raggin the family with friends were served a luncheon in the Greenback Presbyterian Fellowship Hall. Chairmen of the luncheon were Mrs. C.L. Franklin and Mrs. A.W. Carpenter. They were assisted by Fred Pipp; Mrs. Don Pipp; Miss Carrie Beals; Mrs. Gene Disney; Mrs. Joe Thompson, Mrs. Alexander Gillander, and Mrs. Frank King.

Mrs. Gail Brooks is at home from Blount Memorial Hospital and is improving satisfactorily from mouth surgery.

Mr. and Mrs. Dale Raggin of Eugene Oregon, Mr. and Mrs. Bob and Colleen Raggin of Greenback, also Miss Teresa Raggin of Tenn. Tech University were called home last Tuesday on account of the death of their father, Mr. Freeman Raggin. Others who came for the funeral were Mr. and Mrs. J.C. Raggin of LaFollette; Mr. and Mrs.

### Birth Announced

Mr. and Mrs. Johnny Raby of Sweetwater announce the birth of a son, Jonathan Matthew, who was born May 16 at Epherson Hospital in Athens. Matt weighed 7 lbs. 15 ozs. His paternal grandparents are Mr. and Mrs. Dan Raby of Sweetwater, and maternal grandparents are Mr. and Mrs. Elmer Burnette of Cedar Fork Community, Loudon County.

PLACES THIRD—Romania Massey placed third in the Special Beginners Solo Twirling contest at the WTA Meet at Pulon High School held recently. She is six years old and is the daughter of Mr. and Mrs. Larry Massey of Loudon.

Miss Linda Cabe of Knoxville U.T. Hospital spent the weekend with her parents, Mr. and Mrs. Darrell Taylor of New Martinsville, W. Va. and Mrs. Coy Cabe.

Mr. and Mrs. Ed Wilson (Bertha Lowry) of Philadelphia Pa., were guests last week of her aunt Miss Mae Lowry.

# Hamilton Bank To Seek Share Of Softball Leadership In Monday Night Clash With Bank Of Loudon County

The Loudon City Softball team will start to take on a more serious attitude this week as the seven team league draws a close to the first round of the season. After a month of exciting action the Bank of Loudon County is in first place with a perfect 6-0 record and has received little opposition to holding first place for the year. The Hamilton Bank of Loudon has come the closest, record wise, posting a 5-1 season mark and resting in second place. The two top contenders for league honors will be on the line come

Monday night at 7:30 p.m. when they clash for the second time. While the mens side pitch softball play appears to be moving at a smooth and brisk pace the Loudon City Recreation Department is still experiencing some snags in getting its youth program in gear. Already the City has listed 14 teams for participation in either the Tee-League, Little League (Dixie Youth), and Pony League formats. Coach Bert Hatfield and his staff are seeking help from the parents and business firms in obtaining uniforms

for the kids. A Tee-League outfit cost \$12.50, a Little League uniform is \$12.50, and Pony League uniforms are \$13.50. Also girls of all ages wishing to play softball in the Loudon City Recreation program this summer are urged to be at the Loudon baseball field Friday afternoon at 4:30 p.m. to sign up. The Bank of Loudon County handed the Hamilton Bankers a lopsided loss the

last time the two met. A victory for the Bank of Loudon County would give the veteran diamond crew a two game edge over their nearest challenger and breathing room toward the league regular season championship. Following the two banks in the league standings is Union Carbide with two losses to date, one each to the first and second place teams. The Union Carbide team has won four games. Marmont is battling with a

500 clip winning three contest while dropping three. Western Auto and Sue's Truck Stop are 1-4 and Hall Oil Company, yet to register a season win construct the lower division of the standings. Buck Kirkland and Wayne Poole are the top sluggers in the league with Kirkland hammering out a .700 batting average in six games with 14 hits in 20 chances at the plate. Poole, just a step behind in average with a .685 mark, has the highest total number of

hits thus far for the season with 16. Both players are standout performers for the Bank of Loudon County. The Loudon City Softball league has also set the week of June 18 to hold an invitational tournament. The mid-season gala is expected to attract some of the top teams in the area from as far away as Chattanooga, Knoxville, Maryville, Athens, Oak Ridge, and teams from the Philadelphia, Loudon, and Lenoir City softball leagues.

# Phillips To Drive In Southeastern Classic

American Motorcycle Association riders return to Atomic Speedway Thursday night, June 7 for the Southeastern Classic which was postponed earlier because of rain. About 200 riders are expected, according to AMA officials, since the Classic follows a national event at Gainesville, Ga., and is two days prior to another championship run at Louisville, Ky. Besides the riders on the national circuit, several Knoxville-area and East Tennessee competitors are expected. Action will be in three classes—novice, junior and expert. Heading the field of expert riders will be two-time national champion Gary Nixon of Baltimore, Ed Salley of Atlanta, Jimmy Manis of Augusta, Ga., Gary Scott of Los Angeles and Joe Harringer of Lenoir, N.C. Bikes will be limited to those in the 250-to-350 cc range. The track opens for practice at 6:30 and the racing starts at 8 o'clock. Atomic is located at

1-40 Melton Hill Exit, East of Kingston. The schedule includes 24 six-lap qualifying heats, three quarter-final heats, two semifinal dashes, consolation event for those not making the championship run and the 12-lap feature. Tickets are \$6 (box seats) and \$5 (general admission). The racing purse will be \$2,000. Meanwhile, the regular weekly late model sportsman race program resumes Saturday night at the speedway. Last week's action was postponed by rain after time trials had been completed. Rain checks will be honored. Sportsman drivers will run four heats, semi-feature and 45-lap main event. Hobby cars and the Atomic bombers also will run. Time trials for sportsman cars begin at 7 o'clock and the first heat goes off at 8:30. Top attractions are Todde Estes (Camaro), Sooks DeFoor (Mustang), H.E. Vineyard (Chevy II) and Ken Phillips (Chevy II).

# Last Call For Little Big Orange Camp Applications This Week

Coach Hugh Watson, head basketball coach at Loudon High School, is making a last call reminder to all interested boys and girls of the area who wish to get in on the fun and achievements of the Little Big Orange Basketball Camp and the Little Big Orange Cheerleading and Modeling Camp to get their applications in immediately.

"We want to start getting our deposits in by Monday," says Coach Watson. "So we can begin to lay out our schedules and allow for the total number taking part." A deposit of \$10 is required on a camp fee of \$30 for a week of individual training of skills and abilities. In basketball, shooting, passing, team work, Little Big Orange ball handling drills and team plays and guest

speakers and films will highlight the week long camp. Each participant will also receive a Little Big Orange Basketball, official Little Big Orange Uniform, a Little Big Orange Patch emblem, a certificate of participation, and insurance coverage for the camp fee. In the Little Big Orange Cheerleading and Modeling camp, headed by University of

Tennessee cheerleader, Miss Lou Ann Blanton, the girls will cover such aspects as the basic instructions to cheering and poise and self-confidence in modeling. The Little Big Orange Cheerleaders will also receive several souvenirs for the week. The camp will run from June 11 to June 15th. The camp will open at 9 a.m. and close at 12 noon. The age limit

TO HOLD LITTLE BIG ORANGE CAMP--All smiles over the number of early sign-ups for the Little Big Orange Basketball Camp and Modeling and Cheerleading Camp, is camp director for the camp that will be held at Loudon High School, University of Tennessee cheerleader Lou Ann Blanton and Loudon High School Basketball Coach Hugh Watson.

## Vanderbilt Eliminated

Miami (Fla.), which seems to play best under pressure, meets Georgia Southern for the NCAA District Three baseball championship. Miami had to win twice Monday to earn their final berth opposite the Eagles, who have been idle since Saturday. Miami beat Appalachian State, the Southern Conference champion, 13-6, Monday morning and came back in the afternoon to edge Vanderbilt, the Southeastern Conference champ 6-5. That left the battle for the title and a berth in the College World Series at Omaha up to two independents. Miami beat Vanderbilt when its first three batters in the fifth - Orlando Gonzalez, Wayne Krenchicki and Benny Castillo-homered. Vandy had scored four runs on five hits in the inning. Vanderbilt 100 040 000 3 14 2 Miami 020 030 006 4 10 2

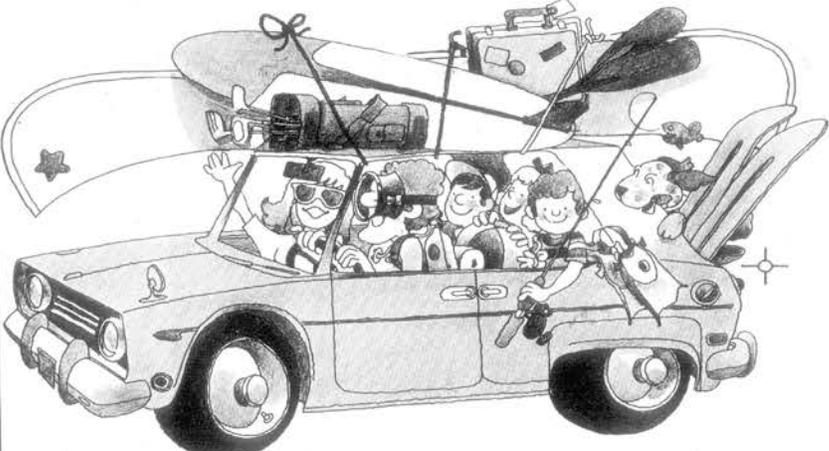

## Bridges, Lane Jump To Second Place In City Golf League Standings

Larry Millsaps and Lynn Millsaps gained a maximum 10 team points for their round of Loudon City Golf play last week to stay in first place of the league standings. But the excellent score failed to discourage the play of fourth place team of Larry Bridges and Larry Lane, who lashed out a low net team score of 62 for the week and boosted by the clutch individual efforts of Bridges, who tied John Lennox for the low net season score of 30 to make the week a clean sweep and add 141 points to their season total. The overall total whipped Lane and Bridges into second place just four points off the pace of the Millsaps team. Following in the standings is the advancement of Dennis

## Summers And Oody Stretch Lead In Union Carbide Golf Play

Hall Summers and Mike Oody remained in first place of the Union Carbide golf standings with 14 team points and an overall score of 84 points for the year. The top three teams held their spots in fact as Dick Huff and Art Hamill continue to be in second place, some 16 team points out of first place.

With 67 team points, Top individual honors for the week went to Jack Randolph and Carlos Evans, who vaulted into fourth position with a low net team score of 71. Randolph also carried away individual low net medalists honors for the week with a 35 to give the hard charging team 16 team points and 65 for the season.

## Panthers Cook Honored Harriman Tops Oak Ridge, Snares Crown

Keith Brewer rapped a bases-loaded fifth-inning triple Monday to key a seven-run explosion powering Harriman to an 11-4 victory over Oak Ridge and the District 5 championship, dethroning the three-time champion Wildcats.

Harriman advances to the Region 2 Tournament in Chattanooga, playing District 2 champion McMinn Central. The game, halted by rain in the top of the fifth inning, was a wild pitch and a home run by the fifth starter, Randy Milburn's sacrifice fly.

scored the first run. Another error allowed the second run to score and three straight walks forced in the third run. Brewer then hit his clutch triple and Gary Mathis singled for the final run.

Harriman, stretching its record to 11-5, had taken a 4-2 second-inning lead with a four-run burst. Oak Ridge scored in the third on Allen Robinson's double and tied it 4-4 in the fourth on three straight walks. Danny Newby was the winning pitcher, relieving Zane Goodrich in the fourth and pitching out of a two-on, one-out situation in the fifth.

### MAKES ALL-DISTRICT FIVE-Tommy Cook, Lenoir

City senior first baseman was named to the All-District Five baseball team last Monday night after the wind up of the district tournament. Cook hit 32 for the season and had 20 runs batted in.

City senior first baseman was named to the All-District Five baseball team last Monday night after the wind up of the district tournament. Cook hit 32 for the season and had 20 runs batted in.

## Wooddale Is State Track King

Memphis Wooddale, never seriously challenged, amassed 24 points for above the expected total to make a runaway of the State (TSSAA) track meet Saturday at VTL, Nashville. East and Memphis South Side, each scoring 16, shared second.

defending 800 champ Ervin Swoat, Nashville Maplewood, and bettered Sweet's 1:54.5 mark set last year. Garner, representing Memphis University School, did the distance in 1:52.9.

Elizabeth's Jim Pressnell earned district honors with a dandy discus throw of 142.0. Baylor's Charles Hannah, though visibly affected by a broken bone in the back of his right hand, finished second behind Pressnell. Charles, brother of Alabama football standout John Hannah, and himself a Tide singer, threw the weight 155-3.

Kingspirt did have one consolation. Tribe sprinter Andre Releford took the 100-yard dash, equaling his own meet record of 9.5. Andre thereby became the first ever to win three consecutive 100 races in State competition.

However, the swift senior suffered a muscle injury and was not up to par in the 220. He ran fourth with a 2:7 clocking.

Four records were broken, including the 100-low hurdles mark of 19.5-one of the oldest in the book. David Saylor, Morristown West, erased this standard with a 19.4 effort.

Wooddale, which got 10 points in the field events, quickly added to its total by capturing the 800 relay (3:28.9). Mike Ryan and Gary Jones, both of the championship team ran 1-2 in the 400 dash.

Jay Wood, 15-year-old sophomore from Memphis Raleigh-Egypt, used a strong finish to win the mile in 4:51.1. Ricci Gardner of Nashville East (2:23) was the 220 dash victor and Memphis Hamilton (3:24.9) triumphed in the mile relay.

Wayne Scroggins added to Wooddale's total as he won the pole-vault title at 13-6 1/2.

Beards, timed at 1:29.2, made it close for Wooddale in the 800 relay. The Bulldogs

## Game And Fish TODAY

By Sgt. Bob Harmon  
Game and Fish Commission

**WILD TOURISTS**  
The Game and Fish Commission reports an invasion of wild tourists throughout the state in recent weeks. This phenomenon has been attributed to warm weather and sunny skies.

The wild tourists are millions of Nature's feathered fowl which pass through Tennessee each year on their migratory routes northward. May is the height of the annual Spring bird movement and people from all walks of life enjoy observing everything from warblers to waterfowl.

Tennessee's topography and climate, from the lowlands in the west to mountains in the east, provide a variety of spring migrants. Woodlands, fields, streams and lakes provide food and temporary shelter for the summer residents of the more northerly climate.

Now is the time to make a colorful addition to your Spring outing. Birds, especially males, will exhibit brightly colored plumage which will grow duller as the season progresses. Early morning and late afternoon is the best time for observing them and areas with food and water will be the best attractants.

So hang your binoculars around your neck, get into the great outdoors and watch for Nature's wild tourists!

This report is based on present weather and water conditions and how the fish are biting now. It is subject to change if these conditions change.

**CHEROKEE LAKE**-clear and rising slightly. Rockfish and hybrids are still striking the mud from German Creek to the dam on Big Minnow. Mama specials and Big O's Bass have allowed fish to come, but a few are being taken on Big O's and plastic worms. Striped fishing is the best on top water. Look for John Sevier steam plant. Catfish are being taken on trotlines in lower end of lake on night crawlers, shrimp and chum minnows.

**NORRIS LAKE**-clear and fluctuating. Bass have slowed down, but some are being taken on worms and cut bait.

**CHILHOWEE LAKE**-clear and stable. Bass are good on spring lizards, especially in lower end of lake. Crappie are good in the Abrams Creek section on minnows and jigs. Trout fishing is good on corn, worms, spinners and spoons.

**LITTLE TENNESSEE RIVER**-Some bass and crappie are being taken near the dam on spring lizards and flies. Trout fishing is good with limits being taken on corn, worms and spinners. Catfish are good near 411 bridge on worms and cut bait.

**TELlico TROUT**-Bill Brown of Lenoir City and Gerald Cole of Loudon are shown with their limit of rainbow trout. They caught the fish while fishing in Citico Creek on the Cherokee Wildlife Management Area.

**Craig Trains**  
Paratroopers of the 82nd Airborne Division's 3D Battalion, 325th Infantry recently returned to Ft. Bragg, N.C., after participating in the 14-Day Tropical Falcon in Puerto Rico.

Army Private First Class William W. Craig, 18, son of Mr. and Mrs. J.C. Craig, Route 2, Wheat Rd., Lenoir City, was one of the Troopers that participated in the 14-Day Training Mission, designed to prepare them for any emergency that could arise in a Tropical Climate.

The men began the exercise with an Airborne Assault onto the city of Ponce and immediately commenced a three-day field training exercise.

The Troopers later underwent intensified training which involved squad, platoon, company and battalion-sized drills and exercises.

Tropical Falcon terminated with a mass tactical jump and assembly at their home base in North Carolina.

Pvt. Craig is a squad leader in the Battalion's Company C. The private, whose wife, Livie, lives at Fayetteville, N.C., is a 1971 graduate of Lenoir City High School.

## Sewanee Hoop Camp Sessions Set For July

The first session of the University of the South basketball camp is scheduled June 17-23 while the next sessions are scheduled July 15-21 and July 22-28.

Rudy Davalos, Sewanee coach the last three seasons and who has been named new head of Wisconsin Milwaukee, will conduct the first session. Mac Petty, Tiger assistant last season and who has been named to replace Davalos, will conduct the last two sessions.

Former Kentucky standouts Larry Fontenot and Mike Adams, Vanderbilt player Lee Fowler will give lectures. John Mengelt, former Auburn standout now playing for the Detroit Pistons of the National Basketball Association, will make a spot appearance.

For further information, call Davalos (615 area code) at 598-5094 or 598-5941.

## FOP Fish Fry Wednesday

The annual fish fry for members, associate members and their families of the F.O.P. Loudon Area Lodge 21, Fraternal Order of Police will be at 5 p.m. Wednesday, June 6 at the Civitan Shelter, Lenoir City Park. It was announced this week.

## Moats In Top AF Unit

Staff Sergeant Dale W. Moats, son of Mr. and Mrs. Dexter Moats, Lenoir City, has been recognized for helping his detachment in Turkey earn the U.S. Air Force Outstanding Unit Award.

Sergeant Moats, a supply sergeant, is assigned at Karamursel Common Defense Installation with Detachment 99 of the U.S. Logistics Group which received the award for over-all professionalism and excellence from April 1, 1971 through March 1972.

He will wear a distinctive service ribbon as a permanent decoration to mark his affiliation with the unit.

The motel is managed by Jack Clark and is owned by a Knoxville realtor.

The motel is managed by Jack Clark and is owned by a Knoxville realtor. The motel is managed by Jack Clark and is owned by a Knoxville realtor.

## Fire Destroys Local Motel

An early morning blaze Sunday completely gutted the five-unit Whited's Court on Highway 70 at Easton Cross Roads.

Loudon County Rescue Squad members battled the 6 a.m. blaze for about two hours before bringing it under control.

Rescue Squad Capt. John Parris said the fire broke out in a bed in Unit 4 of the motel and that the structure was completely engulfed in flames when three trucks from the Rescue Squad arrived at the scene.

"The building was virtually demolished," he said, "although the building didn't burn to the ground. It was gutted."

Capt. Parris estimated the damage in excess of \$10,000. He said the motel had several occupants at the time the blaze broke out, but added that no one was hurt in the fire.

## Candidate For City Commissioner Bernie Ray (Inky) Swiney

**IN GENERAL CITY ELECTION TO BE HELD IN LOUDON, JUNE 2, 1973**

For the past four years I have served you as a Commissioner of the City of Loudon, for which honor I am most grateful, and I ask that you return me to that office in the regular city election on June 2, 1973. In the past four years I have worked for and supported the following progressive measures for the welfare and benefit of the citizens of Loudon:

- Housing Project of 50 units.
- Lions Club Park at City spring.
- Mini Park at TVA recreation area.
- Road through the Industrial Park.
- Industrial expansion.
- Retaining Class VI Fire rate (neighboring towns do not have it).
- New water plant and reservoir recommended for industrial growth.
- Eliminate city dump.
- New Park and swimming pool adjacent to High School.
- Lower tax rate and no new bond issues.

I pledge I will continue to work for the welfare of Loudon and will support progressive measures which will help our city. I urge that you and your wife (or husband) go to the polls Saturday, June 2, 1973, and support me.

Bernie Ray (Inky) Swiney

## NOTICE TO SHERIFF'S SALE OF VEHICLES

Loudon County Sheriff Freeman Russell will sell to the highest bidder the following vehicles that have either been abandoned or confiscated by the Sheriff's Department. The sale of said vehicles will be held at the Loudon County Jail at 10 a.m. on Friday, June 8.

Vehicles offered at auction are as follows:

We know what you're looking for.  
LENOIR CITY

who have been working for weeks for the passage of a State aid package for local governments, announced today that preliminary reports indicate local governments in Loudon County will receive more than \$168,000 in benefits under the terms of legislation recently enacted by the 88th General Assembly in an effort to help curb rising property tax rates levied by Cities and Counties.

In their joint announcement Judge Sproul and County Highway Officials said, "This is the first time in our memory that County officials have been successful in having the State return such a substantial portion of our tax revenues to local governments. We are grateful to both the executive and legislative leaders of State government for their help in providing funds to local governments for property tax relief."

According to Ralph J. Harris, Assistant State Comptroller, a breakdown of how the money will be appropriated by the State indicated:

\$13.6 million will be appropriated to finance a State takeover of the cost of operating a number of welfare and health programs, including aid to dependent children, old age assistance, aid to the blind, aid to the disabled, the food stamp program, intermediate health care and Medicaid.

\$10.7 million is to be made available for county highway programs.

\$7.5 million will be used to match \$2.5 million in federal funds for establishing a medical program for the indigent which should relieve counties of much of their indigent hospital costs.

\$7.8 million is to be distributed to cities on a per capita basis for streets and transportation systems.

Harris said preliminary calculations indicate that local governments in Loudon County will benefit more than \$168,000 from the state aid package. The Loudon County government will receive \$134,254.01 and cities in the county can expect a total of \$24,439.99 in state aid. Greenback would receive \$1,102.76, Lenoir City \$18,462.55, Loudon \$12,952.22, and Philadelphia \$1,921.16.

William W. Farris, Chairman Pro Tem of the Shelby County Quarterly Court and spokesman for the 2,000 member Magistrates Association of Tennessee said that he was gratified by the action of the General Assembly.

"I think it's time that we gave the local property taxpayer a break," Farris said. "The State has millions of dollars in surplus and excess revenues. I think it is vital to the interests of the homeowner, small businessman, wage earner and farmer that some of these funds are to be returned to local governments so that property tax rates can be kept as low as possible."

Dan W. McKinnis, Jr., Executive Director of the Tennessee Service Association, who led the local government effort for property tax relief, praised Governor Dunn, Lieutenant Governor John Wilder and House Speaker Ned McWhorter for working together to make State funds available to local governments. McKinnis also complimented the State ad-

ministration and legislative leaders for working out an aid package that did not require the reduction of vital State services in other areas. He pointed out that companion programs have been designed to give teachers an across-the-board raise of \$400 per year and to substantially reduce the pupil-teacher ratio in local school systems.

McKinnis was high in his praise for Senator Carl Koella, Jr. and Representatives M.F. (Benny) Stafford and James A. Melton for their role in the passage of the legislative package. "These legislators have shown that they are friends of local government as evidenced by their support for this plan to give property tax relief to the average citizen," McKinnis said. "Their support was vital to the passage of this legislation," he added.

"Senator Koella and Representatives Stafford and Melton have demonstrated they are responsible legislative leaders and that they are vitally interested in the plight of the property taxpayer by taking a leading role in the designing and passage of this program," McKinnis said. "Many of the health and welfare programs that will be financed by the State under this plan are continuing in nature and local property taxpayers will be relieved of the considerable costs of these programs for years to come."

"All property taxpayers should join with Judge Sproul and County Highway Officials and commend these legislators for their efforts in passing this program for local property tax relief," McKinnis added.

# Fulltime Inspector Proposed For County

If a recommendation voted on by members of the Loudon County Regional Planning Commission is approved by the Loudon County Quarterly Court, Loudon County will soon have a fulltime building inspector to handle all requests for building permits and to inspect all proposed new buildings.

Currently the county has a part-time inspector, Joe Bradford, who, because of the workload, is unable to answer all requests for permits which he receives nor is he able to inspect all new constructions.

As an example of the inspector's heavy workload, in April permits totaling more than \$424,000 for new construction were issued but they numbered only 70 percent of the actual total of all new construction in the county during that month, according to Dave Booher, the Tennessee State Planning Office planner for Loudon County, who briefed planning commission members on the situation at their last week's meeting.

"The cost of a fulltime building inspector will more than pay for itself since construction has so increased in the county and more permits are being issued," Booher said.

Position "will more than pay for itself" - The cost of a fulltime building inspector will more than pay for itself since construction has so increased in the county and more permits are being issued, Booher said.

He added that there would have to be no increase in permit costs. The present rate for a permit is \$3.00 per \$1,000 of construction.

The fulltime inspector's position will be a result of the Southern Standard Building Code which the planning commission voted to recommend to the County Court that the county adopt.

These codes require that there be three inspections of a construction as opposed to the present one inspection of each new building now being made in Loudon County.

for the county to adopt building codes. The codes ensure that residents "are protected against living and working in unhealthful, unhealthy and or dangerous structures," Booher told the planning commissioners.

Not only do the codes provide minimum standards for the construction of new building but they also apply to the alteration of existing ones, he added.

Ben Galyon, the chairman of the planning Commission, commented that "the citizens of Loudon County will actually be getting a decrease in the actual cost of the building inspection program since the technical advice and assistance of a building commissioner will be increased at no rise in the cost for residents."

In other business, the planning commission directed Booher to prepare a comprehensive study of structures and types of land use along I-75 in Loudon County to help in determining possible future commercial demands and acceptable commercial sites.

Booher said he would analyze the county's long range land use development plans in preparing the study which will be to help the planning commission determine possible rezoning requests.

Funeral services were Tuesday, May 29 at Hawkins Chapel with Rev. James Patton and Rev. James Thomas officiating. Burial was in Mt. Zion Cemetery, Hawkins, Loudon, in charge.

## LETTERS TO THE EDITOR

Dear Editor:  
I would like to add my voice to the concern expressed in this column recently about the lack of art in the curriculum of our county schools. So many people moving here from other counties in Tennessee as well as from other states are dismayed to learn that art and music (other than band) are not considered an important part of a child's education in Loudon County, even in 1973. I have often heard local teachers tell about students who have a latent talent and a real interest in art, that unfortunately is not being encouraged or developed by the schools.

The Loudon County Arts Association is starting a program of art appreciation in September for all 8th graders in the county. Volunteers have already been trained for this project. Several months ago this organization presented an original painting to Loudon High School, at which occasion the artist talked to the assembled students about art history and methods and interpretation of painting. I wish the members of the school board could have seen the interest among the students that was generated by this assembly program. Although these efforts help fill the void in the curriculum, they are no substitute for the teaching of art by qualified teachers in the classroom.

I invite other concerned parents and citizens to express themselves on this subject.

Sincerely,  
Ruth M. Swenson  
President, Loudon County Arts Association

Dear Editor:  
I am writing because I am very much concerned about the section of Loudon County East of the river, and I am becoming more concerned every day because I am just now getting a good understanding of what has happened or what is about to happen to us on this side. We are just like a little lost country over here with no representatives.

There isn't any wonder we don't have anything on this side of the river all the money is spent on the west side, the big reason for this is we don't have any representatives with enough pull to get anything done anymore. It use to be we did have just a little authority over here but not any more, at least not any that helps the people that need it the worst.

I am beginning to realize just how much politics has got things tied up here. Most everything we have had in the past has been taken away from us partially because of mismanagement which is totally uncalled for.

I myself have become concerned in this matter I have made a project out of it to find out all I can and do what I can if any thing can help our cause over here because we sure are going to need someone to give a helping hand before things get so tight we can't do anything all except cry and talk.

If we all don't wake up we all are going to be in the same boat and we are going to get caught with out a paddle.

Our good hard earned money is being taken out of it here but we sure don't see it returning. In other words we are being drained dry if we don't start to fight now we probably never will.

There isn't enough jobs in this area to keep even one fraction of us busy. We have to go out of the county to work when we do bring our pay

## The Tribe Speaks

BY LOUDON HIGH SCHOOL JOURNALISM CLASS  
By Patti Gentry, Joyce Harrison,

This is the final column of the year for us. We appreciate the opportunity of reporting activities of school and we hope the column continues.

In assembly, Wednesday May 23, the Honor chapter D.A.R. recognized the outstanding American history students. Mrs. Lucy Steele Harrison made presentations of pins to Winona Oran for making the highest average in class and Betty Waller for the best essay on a subject related to American history. Betty chose Benjamin Franklin as her topic.

Class night will be Friday June 1st at 8 p.m. It will be held in the auditorium. Graduation will be Thursday June 7th at 8 p.m. in the gymnasium. Honor students will be speaking.

Because of the holiday, the Science club trip to the space installation in Tullahoma was postponed until Tuesday May 28. Approximately 40 members plan to make the trip.

The band plans to visit Opryland on Saturday, June 2nd. The final meeting of the F.F.A. Friday May 25 the winners of certain projects were announced. These are the winners: Fish and Wildlife Management - Lonnie Brewster, Home

checks home we spend most of it here but we sure don't see very much in return if any.

What we need is some good representation some one or someone who can do us some good or at least try, I am not talking about all the people that have anything to do with our type of government over here there are still some very good people on our side but they are getting fewer and fewer all the time.

We are all to blame for our loss of representation I like every one else am guilty of sitting back and saying let so and so do it but this never seem sto work, it ends up on one does anything, but seriously we are going to have to wake up and get busy.

I am writing to let everyone know how I feel about this whole situation, I hope that I am not the only wone who feels this way, I has taken years for this situation to show up as bad as it is now.

I don't know anything about politics but that is the very thing that has got us sewed up right now, I really don't want to know anything about this type of thing.

No I am not writing this letter to see it in the paper it doesn't mean that much to me but I certainly hope this letter gets in the paper for the very reason I have stated to get a few people to wake up and see the light and what is happening to us over here, it gets through to one or two it will be worth the effort.

I have probably said too much now so I will hush and close.

Yours very truly,  
Joe B. Brannon  
RFD No. 3  
Lenoir City, Tenn.

## Shrine Paper Sale Goes Over Goal

Loudon County Shriners surpassed their goal of \$7,350 for the annual Shrine Paper Sale, Shrine Club President W.O. Stovall said this week.

An estimated 150 Masons, Shriners and volunteers took to the highways and streets Sunday to sell the Shrine Paper which tells of work done by 22 Shrine hospitals across the country.

In a letter to the public Mr. Smalling said, "The Loudon County Shrine Club wishes to thank all who were so generous with their donations and to you who gave of your time and efforts in the Shrine Paper Sale Sunday, May 30. We thank you from the bottom of our hearts."

## Looper Gets Wesleyan Degree

A Lenoir City man was one of 110 Tennessee Wesleyan College students who received bachelor's degrees during the college's 116th Commencement Exercises Friday. Receiving his BS Degree was James Robert Looper of Lenoir City.

Qualified students from all fields of learning. Members must rank among the upper 10 per cent of their class and have a minimum 3.0 grade point average.

## 7 Initiated By Phi Kappa Phi

Seven area students at the University of Tennessee, Knoxville, are among 170 students recently initiated into the UT Chapter of Phi Kappa Phi.

The students are: James Michael Stafford and Van Edward Helms of Loudon, Shawn Edward Bency, Stephanie Holberry and Gary Spain Cox of Harriman, James Marvin Webster of Oliver Springs, and Judith Campbell Zittel of Kingston. Phi Kappa Phi accepts

## For CITY COMMISSIONER

**Joe M. Carter**  
ELECTION JUNE 2, 1973

Formerly Commissioner for 2 years, then Mayor for 6 years, Joe M. Carter is running for election as a Commissioner of the City of Loudon in the regular election to be held on June 2, 1973.

He has worked for the welfare and betterment of the City of Loudon, and for all movements of progress in those 8 years. He has:

- Reduced tax rate from \$3.75 to \$1.52.
- Approved and worked for Public Housing Project of 50 units.
- Lion's Municipal Park
- New Park with swimming pool
- New water plant
- Industrial Park and new industries.
- Other progress not herein listed.

## BACK IN THE GOOD OLD DAYS

We often times mention things in the good old days that create interest with some of our readers who we don't see until quite a period of time has elapsed since the article was published. Such is the case of the Great Roane County Flood and this individual, who asked us not to mention names, lived in Roane County when the Oakdale Dam gave way and the

wall of water came down the mountain. Our party gave us a picture that proves how much force this water had. In the picture you will notice the destruction of railroad cars and you can rest assured it took a lot of force to do that. I have heard (this happened Saturday night) that large groups in Loudon people were in this area on Sunday afternoon to

offer their help if it was needed. The other week we ran a picture of what we thought was a Spanish building. There was just don't mix. We have enjoyed our friendship with this minister very much. He has an outgoing and warm personality that reflects Christian behavior. Another Methodist minister friend of ours, Rev. W. H. (Bill) Horner of the Loudon United Methodist Church has been a Good Old Days fan since coming to Loudon and we were amused at the sign at the church about the present days will be the Good Old Days in years to come. So true for the most part.

IN PARTING: When the eyes are shut the hearing becomes more acute. Come to think of it, we have noticed people trying this experiment in church. Happiness is a stopping place between too much and too little.

## Local NG Unit To Help In Pollution Control

Company C, 2d Battalion, 117th Infantry (Mechanized), Tennessee National Guard, in Lenoir City is participating with the U.S. Environmental Protection Agency (EPA) and the Division of Water Quality Control, Tennessee Department of Public Health, in a unique year-long environmental effort aimed at curbing basic pollution threats to Watts Bar Reservoir. The project is part of a statewide sampling at 218 stations on the tributaries leading to 18 Tennessee lakes and reservoirs to identify and analyze potential eutrophication threats. Eutrophication occurs when nutrient enrichment, principally phosphates and nitrates, stimulates algal scums and causes shallows to be choked with masses of rooted plants. As a direct result of the high production of aquatic plants, the value of a lake as a water resource is greatly impaired, aesthetic qualities are virtually destroyed, and depleted oxygen and reduced water clarity force valued game species — trout, salmon, and small-mouth bass, for instance — to be dominated by those species better adapted to eutrophic conditions such as carp and suckers. Main sources of nutrients include municipal sewage treatment plant effluent, industrial discharges, and fertilized cropland and feedlot drainage. Cpt. Joe R. Alexander, commanding officer of the Lenoir City unit, named SSG Donald Rogers the survey Project Supervisor and stated that SP5 Larry T. Hodge, SP4 Robert E. Queener, SP4 William G. Robinson, and PFC William E. Thomas will collect the samples once monthly for a 12-month period at Watts Bar Reservoir. In Nashville, the Adjutant General of Tennessee, Major General William C. Smith,

commended those involved, saying, "We have been pleased by the enthusiasm expressed by our Guardsmen toward this project. The men know that it will involve hard work and perseverance, but they realize the great benefits that the study may develop for Tennessee." All told, 125 Guardsmen from 20 Tennessee National Guard units will sample tributaries. EPA has indicated that the Survey's final product will be a comprehensive report on the 18 Tennessee lakes, prepared in consultation with the Division of Water Quality Control, Tennessee Department of Public Health, to develop strategies for controlling identified problems.

## Play Friday

Members of the Loudon House of Prayer will present a play entitled "The Third Man" Friday, June 1 at 7:30 p.m. at the church on Steeple Road, Loudon.

## CAN CHRIST'S CHURCH EXIST TODAY?

The New Testament tells of a church distinguished by various marks or characteristics. It is described as: Being Established by Christ: Math. 16:18; Acts 20:28; Eph. 5:23; Acts 2:36; and the Saviour, Eph. 5:23. ITS MEMBERSHIP: Persons Who: Hear the word of the gospel, (Rom 10:17) Believe the gospel, (Acts 18:8), Repent of their Sins, (Acts 2:38, 47) and confess the Christ, (Acts 8:37) and are BAPTIZED FOR THE REMISSION OF SINS: Per Acts 2:38, also to be saved, 1 Peter 3:21; and to become "into Christ", Gal. 3:27. ITS WORSHIP: "In Spirit and in Truth" — John 4:24. In worship the early church had the Lord's Supper on the first day of the week (Acts 20:7), along with giving (1 Corth. 16:2), singing (Eph. 5:19), preaching (Acts 20:7), and praying (Acts 2:42). ITS WORK: — Saving Souls. Done by: Preaching the gospel, 1 Thessa. 1:8; II Corth. 11:8, Phil. 4:14-18; and Providing for the poor, Acts 4:34, 35; 6:1-7; I Tim. 5:16; and by Edifying itself, per Eph. 4:11-16. ITS DOCTRINE—THE NEW TESTAMENT: Christ is the Lawgiver, Eph. 4:7-16; 5:21; The Holy Spirit is the Revealer, I Corth. 2:13; Eph. 3:14; The apostles' teachings is its manual, Acts 2:42; Eph. 2:20. The Church Jesus built exists in the world today. It exists anywhere people abandon human opinions about religion and submit entirely and completely to the teaching of the New Testament. The Church of Christ meeting at 706 Ward Ave. in Loudon is striving to be nothing more or less than the church Jesus built. Be our guest at each assembly of the Church.

# Scene Shifts to Outdoors for Summer Dining

Celebrate summer with patio feast featuring a succulent glazed boneless pork loin roast. California green grapes contribute to appeal of creamy chilled dessert.

Here now are the happy days of outdoor dinners — of backyard cookouts, patio parties and family picnics. June, with her warm and balmy breezes, blows the whistle that signals the shift of dining site.

It's time to get out the grill and get into the swing of the outdoor scene where the mood is relaxed and the tempo leisurely. For culinary inspiration look to tranquil tropical isles where cookery under sun and stars is a year 'round thing and where pork plays a major menu role.

A lean boneless pork loin roast provides a flavorful focal point for an informal summer feast staged for family and friends. Prepared by the meat retailer by tying together two sections of boneless loin, this uniformly tender and juicy roast is easy to cook in the oven or on the outdoor rotisserie and to carve.

For a pleasing flavor addition, brush the rotating roast with a Polynesian glaze — a delicious blend of pineapple preserves and authentic soy sauce. According to the makers of Kikkoman products, their naturally brewed soy sauce is made through an elaborate brewing and aging process requiring many months. Using only high quality soybeans, wheat, water and salt, the resulting soy sauce excels in flavor, aroma and overall quality. A medley of vegetables, deliciously sauced and served tender-crisp, makes a tasty table partner for the pork.

Fresh fruit, a fine finish for any alfresco meal, is superb when the choice is a cool combination of California Thompson green grapes muddled in swirls of coffee ice cream and whipped cream. Refreshingly light yet deliciously satisfying, our dessert waits backstage in the refrigerator ready for a successful appearance whenever you are.

## Pork Steaks Take to Grill

Pork comes again to the outdoor table in form of economical blade steaks broiled on the grill. Cut from the shoulder these meaty steaks are considerate of the food budget while providing a tempting outdoor treat. When marinated in a curry-flavored mix of tomato and soy sauces, the flavor of the succulent broiled steaks is fantastic.

Again the grill does the work while the outdoor chef enjoys family fun and relaxation. Complete the main course with vegetable and salad favorites.

For dessert provide a combination of crisp California green and red grapes for refreshing nibbling. Paired with make-ahead cheese pies, this is a delightful twist on the classic cheese and fruit theme.

### Rotisserie Pork Loin Roast — Polynesian Glaze

4 to 8-pound boneless pork loin roast  
Polynesian Glaze\*

Insert rotisserie rod through exact center of roast, using prongs to hold meat in place. Insert meat thermometer, angling it so bulb is centered in roast, but not resting in fat or on rod. Place on rotisserie and cook at low to moderate temperature to well done (200°F). Allow 2 to 3 1/2 hours cooking time depending upon size of roast. During last 30 minutes, brush several times with Polynesian Glaze.

#### \*Polynesian Glaze

3/4 cup pineapple preserves  
1/3 cup naturally brewed soy sauce  
1 tablespoon sesame seed  
1/2 teaspoon ginger  
1/8 teaspoon garlic powder  
Combine pineapple preserves, soy sauce, sesame seed, ginger and garlic powder.

### Tricolor Vegetable Medley

1 package (9 ounces) frozen Italian green beans  
1 cup diagonally sliced celery  
1 medium-sized green pepper, cut in julienne strips  
1 onion, cut in 8 wedges and separated  
1/2 to 3/4 cup boiling water  
1/2 teaspoon salt  
1 tablespoon sugar  
1 tablespoon cornstarch  
1/2 cup cold water  
1/4 cup naturally brewed soy sauce  
1 can (4 ounces) water chestnuts, drained and sliced  
1/4 cup strips of pimiento  
Add beans, celery, green pepper and onion to boiling salted water in large frying pan (water should cover bottom of pan). Bring to boil, separating the beans. Reduce heat to maintain a gentle boil, cover and cook 6 to 9 minutes or until vegetables are tender crisp and drain thoroughly. Combine sugar and cornstarch, in frying pan, blend in cold water and soy sauce and cook, stirring constantly until thickened. Add cooked vegetables, water chestnuts and pimiento strips, stirring to coat all vegetables and heat through.

### Grape Vine Souffle

1 package (3 ounces) lemon flavored gelatin  
1/2 cup boiling water  
1 pint ice cream (your favorite flavor)  
1 cup whipping cream, whipped  
4 cups California Thompson seedless grapes  
Chocolate curls, as desired  
Pour boiling water over gelatin, stirring until completely dissolved. Soften ice cream by mashing with wooden spoon. Pour gelatin over ice cream, stirring to blend and chill until partially congealed. Fold in 2 cups grapes and fill 1-1/2-quart dish, alternating 1/2 cupful of the ice cream mixture and whipped cream. Swirl slightly with handle of wooden spoon for a marbled effect. Chill until almost set and cover top with remaining grapes. Chill 4 to 6 hours or overnight. Top with chocolate curls before serving, if desired, 6 servings.

### Savory Grilled Pork Steaks

4 to 6 pork steaks, cut 1/2 to 3/4 inch thick  
2 tablespoons brown sugar  
2 teaspoons curry powder  
1/4 cup naturally brewed soy sauce  
1 can (15 ounces) tomato sauce  
1 small onion, chopped

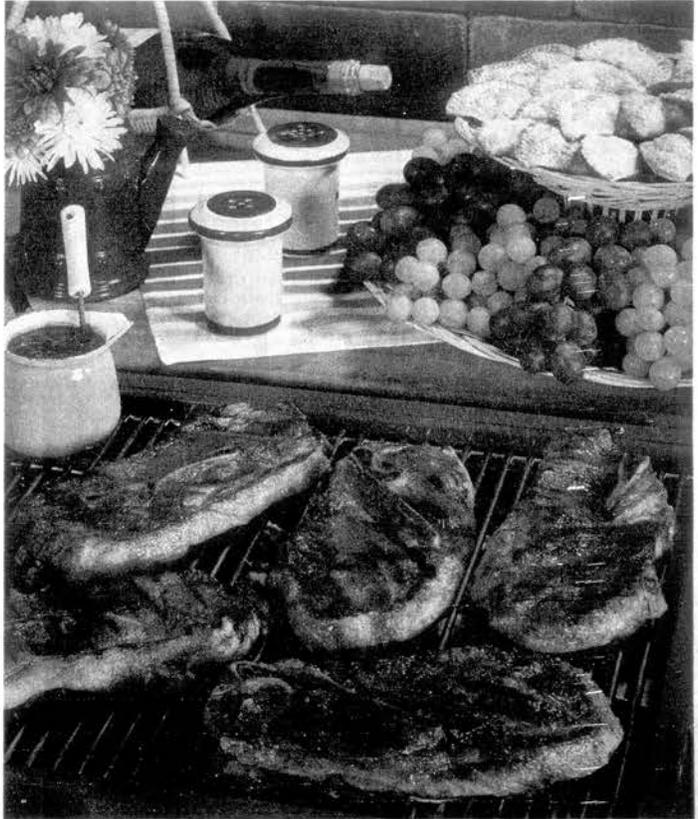

Blend brown sugar and curry powder in small saucepan. Gradually add soy sauce, tomato sauce and onion, stirring until blended. Bring to boil, reduce heat and cook slowly 5 minutes. Cool. Place steaks in large plastic bag. Add marinade. Press air out of bag, close securely and place in utility pan or dish. Marinate 4 to 6 hours or overnight in the refrigerator. Remove steaks and place on grill; reserve marinade. Broil steaks at low to moderate temperature, brushing with marinade and turning occasionally for 30 to 40 minutes or until well done, 6 to 8 servings.

### California Grape Clusters with Little Cheese Pies

4 ounces grated sharp Cheddar cheese, or crumbled blue cheese  
1 package (8 ounces) cream cheese  
2 cups flour  
1/2 teaspoon salt  
1/3 cup lard  
1 egg yolk  
3 tablespoons cold water and brush over pastry circles  
1 egg white  
1 tablespoon cold water  
1/4 cup grated Parmesan cheese  
Clusters of California grapes

Mix grated Cheddar or crumbled blue cheese with 1/2 package cream cheese (4 ounces) until blended, cover and chill while preparing pastry. Sift together flour and salt. Cut in lard and remaining cream cheese with pastry blender or fork until crumbs are the size of small peas. Beat egg yolk with 3 tablespoons cold water and add, a little at a time, mixing quickly and evenly through flour with a fork until dough holds in a ball. Divide dough in half and roll each portion to 1/8 inch or less in thickness. Cut into approximately 3 dozen circles, each 3-1/2 inches in diameter. Lightly beat egg white and 1 tablespoon cold water and brush over pastry circles. Place approximately 1 teaspoon cheese filling on each circle, fold dough over enclosing cheese to form semicircles and crimp edges with floured fork to close securely. Prick tops with fork, brush with remaining egg white mixture, sprinkle with Parmesan cheese and place on baking sheet. Bake in a moderate oven (375°F) 35 to 40 minutes or until lightly browned. Serve warm with chilled California grape clusters.

When selecting fresh grapes, choose those which cling tightly to their stems. They'll be the freshest. Stems should be pliable, not hard or brittle. Wash and store grapes as soon as you get them home, or just before use. They'll stay fresh, uncovered in the refrigerator section for fruits and vegetables, for up to five days. Or, place them in a plastic bag or container for storage in another part of the refrigerator.

Kindle enthusiasm for a cookout with enticing yet economical pork blade steaks. Dessert couplet of California grapes and little cheese pies makes perfect finale.

# Outdoor Cooking Tastes Better

And It Certainly Is A Lot Easier With A Gas Grill From GREER'S

## The Broilmaster Gas Grill is the Master of Gas Grills.

Because it gives you all the fun, all the flavor of outdoor cooking at its best.

AGA CERTIFIED - Tested and certified by the American Gas Association for use with Natural, Mixed, and L.P. Gases.

**Anchor It Down**  
 The Broilmaster is permanently anchored to the ground - just the post firmly anchored in concrete. (See page 10 for details.) The grill mounting stand can be removed for indoor storage, if desired.

OR

**Push It Around**

The Broilmaster Portable Model can be wheeled from place to place and stored indoors. For convenience and flexibility - the portable utilizes a "quick disconnect" gas line for connection to house gas supply.

- Sturdy 1/2" steel carriage.
- Chrome plated 1" diameter, 18 gauge steel handle.
- Easy Glide heavy steel, 8" diameter rubber treaded wheels.
- Support post and carriage finished in weather resistant baked enamel.

Complete With Tank

At County Court...

Action Packed Session...

## Connectors Approved, Hospital Addition Sought, Building Codes, Merit System Approved

**Loudon's City Election—**  
Why did about 90 percent of the eligible voters in the City of Loudon stay away from the polls Saturday? It could be that they were well satisfied with the operation of their city government, or they just did not care. If they are satisfied they have a strange way of showing it.

You would think that people who are doing a good job would at least get enough interest from the voters to get a good vote.

From what we could find in back files of The Herald Saturday's turn-out of 229 was the smallest turn-out in an election where there was competition for seats on the commission in 22 years. There has been lighter votes but this was in uncontested elections where all incumbents were being returned to office.

Another reason for the light vote could be because none of the six candidates on the ballot ran a very active campaign, such as door to door solicitation of votes.

We were disappointed that for the first time since 1965 voting machines were not used. Whether or not the polls stayed open until 4 p.m., as they did, or until 7 p.m. it seems reasonable that the voters should be allowed to cast their ballots on the electric machines.

Although the turnout was light, we were impressed with the closeness of the race. There were five persons in the race for the four Commission seats and there was a vote spread of only 46 votes between the top vote-getter and the loser and only 19 votes between the fourth and fifth position. This shows that all those running were qualified.

The present City Commission, under the leadership of Mayor Joe Carter, has about one month left in their term. In our 12 years in Loudon we have seen no more aggressive or progressive city administration. Anything you do things there is some controversy and there has been some. To Mayor Carter, Commissioners Hamill Carey, who did not seek re-election, Mayor-Elect Gene Lambert and Commissioners Mrs. Aileen Richesin and Bernie Ray Swiney, we express our appreciation for the long hours of work and for the many programs that they have undertaken. Their fine records will be hard to equal.

In an action-packed session Monday night, Loudon County Court disposed of at least six major issues which have occupied space on the court's agenda for several months, including the matter of constructing two interstate connector roads.

The squires voted 6 to 3 to authorize County Judge Harvey Sproul to sign a contract with the state for construction of the access roads at the Philadelphia and Sugar Limb interchanges of I-75. The motion to accept final engineering plans and to authorize the contract signing was made by Squire Reese Paul Hamilton and was seconded by Squire J. J. Blair.

Voting against giving the go-ahead signal for the construction were Squires Henry Foster, Curtis A. Williams and J. G. Hudson.

The court also passed a preliminary resolution expressing its intent to sell \$500,000 in general obligation bonds to finance the connectors.

### 120 Loudon Seniors To Graduate Thursday

About 120 Loudon High School seniors will receive diplomas at the annual Graduation and Awards Night services set for 8 p.m. in the School Auditorium Thursday, June 7.

The diplomas will be awarded by Superintendent of Education A.C. Duke and Principal William Napier.

A number of scholarships and awards are to be presented. These include the Bryan H. Green Scholarship, \$200, sponsored by the Loudon United Methodist Women, \$2,000 Charles H. Bacon Company scholarships, one to IT and the other to the choice

of the recipient two \$200 vocational or non-college scholarships presented by the Loudon Woman's Club; two Danforth Awards, Reader's Digest Award, DAR Good Citizen medal, Rotary Club best all-round boy and girl medals in home economics, math, sports, agriculture, history and some awards that have not yet been announced.

Speakers at the graduation will be the four top honor students. They are Bill Stafford, valedictorian; Alena Wynn, salutatorian; Marianne Horton, third honor student; and Melanie Horton, fourth honor.

in other significant action the court.

—Voted to hire a full time building inspector and to adapt the Southern Standards Building Code. The county presently has a part time inspector.

Loudon County planner David Booher, with the State Planning Commission, explained that the program would offer protection for the citizens in that it would require that all new building in the county meet certain minimum standards. He said the new program would be self-supporting, with fees for the inspections providing salary money for a full-time person and a part-time secretary as well.

—Adopted a merit system for employees of the Loudon County Sheriff's Department. This system provides for a Merit Service Board which will design a job classification program for the sheriff's department. The new program, the result of months of study by a court-appointed committee, provides for a standard set of qualifications for deputies and is designed to help build up a permanent county law enforcement force.

The court appointed to the Merit Service Board the following men who have served on the committee which worked out the merit system proposal: They are Squires Williams, Hamilton and Blair.

The board will have jurisdiction over hiring and firing of deputies, with the exception of the chief deputy. If a sheriff wants to discharge a deputy, the matter must come before the Merit Service Board for a hearing.

—Voted on motion by Squires Foster and Hamilton, to seek to grant from the Law Enforcement Planning Agency for continuance of the Youth Services Program for another year and to request that the respective cities involved be asked to continue their support of the program as well.

—With some opposition, voted that the make-up of the new Justice Center coordinating committee be made up of two members from

County Court—Squires Roy Riedsook and James L. Hartsock—along with one member from each of the cities and a fifth member to be named by the other four.

Squire Blair, who made a motion setting up the committee, said he felt the matter had been drag out long enough, that the make-up of the committee was not all that important, and that the issue should be gotten off the agenda. His motion was seconded by Squire Williams.

Squire Foster objected to the make-up of the committee, saying he felt the county needed more representatives.

Squire Foster objected to the make-up of the committee, saying he felt the county needed more representation.

Mr. Blair noted, however, that the Justice Center operating contract, already approved by both Loudon and Lenoir City, calls for two court members and not five as Squire Foster indicated.

Those voting against the motion were Squires Boyd Huckworth, Foster and Hudson. With the exception of Squire I. D. Comer, all other members of the court approved the committee.

Mr. Comer had attempted to nominate Squire Foster to the committee, but his motion was out of order since Mr. Blair's motion was already on the floor. Squire Comer then left the courtroom just before the vote was taken and returned to the courtroom after the vote.

—Authorized the filing of an application for Hill Burton and Appalachian Funds for the addition of a fourth floor to the hospital and also authorized the hiring of an architect for the project. The new floor would give the hospital an additional 40 beds.

—Adopted a unified per-

sonnel system for the Hill Burton and Appalachian Funds for the addition of a fourth floor to the hospital and also authorized the hiring of an architect for the project. The new floor would give the hospital an additional 40 beds.

—Adopted a unified per-

MR. ZEEB  
Zeeb Named  
Maremont  
Vice President

William C. Zeeb has been elected a corporate Vice President of Maremont Corporation. The announcement was made by Richard B. Black, the Company's President and Chief Operating Officer.

Zeeb continues to serve in Loudon County as Vice President and General Manager of the Exhaust Systems Division, a position he has held since 1971.

Zeeb joined Maremont in 1968 as Automotive Group Controller of Operations. He later became Operations Manager of the Company's Loudon plant; and in 1969, Vice President of the Exhaust Systems Operations. Prior to 1968, he was Vice President of two members from

(Continued on page 13)

### Surrett To Head Chamber

Ben Surrett, former Loudon City Commissioner and past chairman of the Loudon County Commission of 1961, was elected President of the Loudon Chamber of Commerce Monday night.

Mr. Surrett succeeded Edwin Arnold in the office.

Other officers elected were: Ben Surrett, president; Bob Richesin, secretary; and Billy Brewer, treasurer.

Directors elected were Paul Brakel, W.Z. Zimmerman and Don Carter for three years; John Gibson and Cecil Karnes for two years; and Hamill Carey, Ray Birkholt, Arthur Foster and Ed Arnold one year.

## 18,000 Attend "Best" Arts Festival

The phenomenal growth of the Loudon City Arts and Crafts Festival continued Saturday, June 2, as an estimated 18,000 people browsed among the wares of 165 exhibitors, as they covered Lenoir City Park and its

perennial. Sponsored by the Suburbia Junior Woman's Club, the first festival, 11 years ago, attracted 40 exhibitors and 200 spectators.

Mrs. Joe Grayson, general chairman, mentioned that she

heard comments that this was the best planned and most

(Continued on page 12)

ACTIVITY AT THE ARTS AND CRAFTS FESTIVAL in Loudon City Saturday was brisk as thousands of persons toured the wares of 165 exhibitors. The festival, sponsored by the Suburbia Junior Woman's Club, was held at the Lenoir City Park near Fort Loudoun Dam. The pictures here show a few of the people touring the exhibits, making purchases and relaxing at the day-long event.

## Loudon Voters Elect All Incumbents, Lyle

All the incumbents in Loudon's City Election last Saturday were re-elected. To fill out the five member Commission Doug Lyle, Loudon businessman, defeated Mayfields Dairy employee Bill Lennox by 19 votes (154 to 135) to get the fifth seat left open when incumbent Hamill Carey decided not to run for a third term.

Gene Lambert, unopposed for the Mayorship, polled 183 of the 229 votes cast in the election. Other incumbents re-elected were Mayor turned Commissioner Joe Carter with 156 votes, Mrs. Aileen Richesin 181 votes and Bernie (Inky) Swiney with 165 votes.

The turnout for the election was the lightest in 22 years where there was a contest. The voter turnout over the past 14 years has averaged about 700 voters out of a 2500

eligible to vote. Saturday's vote was just over 12 percent of the electorate.

(EDITORS NOTE—A chart showing the vote for each candidate in the two city precincts is elsewhere in this issue.)

The light turnout made the percentages of the votes very high. Against the votes count and the percentage of the vote received by each candidate is as follows: Lambert 80 percent; Carter 68 percent; Lennox 58 percent; Lyle 67 percent; Mrs. Richesin 79 percent; and Swiney 72 percent.

At least one voter who did not get to cast her ballot, complained directly to Mayor Carter, who serves in that capacity until July 1, and to Election Commission Chairman John Gibson about the polling station at 4 p.m. and the election being held on paper ballots. The lady showed up at the West Precinct at 4:30 p.m. and found the polls closed. She complained that people who held regular jobs that required working on election day did not get to vote.

They wore gowns of yellow floral organza. They each carried baskets of yellow and white pom-poms.

Mr. Otis Milsaps, father of the groom, was best man and Lee Roy Arden, all of Loudon, there are 14 grandchildren and 11 great-grandchildren, who were all present for the occasion, except two grandchildren who were away on vacation.

## Mize-Milsaps Vows Pledged

The Fairview United Methodist Church in Maryville was the scene June 2 of the exchange of marriage vows of Miss Janie Mize of Maryville and Sidney C. Milsaps of Louisville.

The bride is the daughter of Mrs. Imogene Mize, Route 10, Maryville and Mr. Fred Mize, Route 3, Louisville.

The groom is the son of Mr. and Mrs. Otis Milsaps of Philadelphia.

Rev. Charles Hurlock and Rev. John Williams performed the wedding ceremony. Special music was presented by Dwain Pesterfield, organist and Becky Mize, soloist.

The bride, given in marriage by her father, wore a gown of white silk organza with re-embroidered lace covering the bodice and cuffs. Appliques of matching lace were scattered on the front of the A-line skirt and on the full bishop sleeves. Her detachable chapel length train was highlighted by scattered lace appliques. Her headpiece was a short mantilla, edged with matching lace and lace appliques. She carried a bible with white and yellow sweetheart roses with baby's breath.

Mrs. Sam Kyker of Maryville was Matron of Honor, Bridesmaids were Miss Anne Thornton of Maryville, Miss Barbara Davenport of Pittston, New Jersey, Mrs. Dene Land of Calhoun, Ga. and Miss Marilyn May of Clinton. They wore gowns of yellow floral organza. They each carried baskets of yellow and white pom-poms.

Mr. Otis Milsaps, father of the groom, was best man and Lee Roy Arden, all of Loudon, there are 14 grandchildren and 11 great-grandchildren, who were all present for the occasion, except two grandchildren who were away on vacation.

Mrs. Sam Kyker of Maryville was Matron of Honor, Bridesmaids were Miss Anne Thornton of Maryville, Miss Barbara Davenport of Pittston, New Jersey, Mrs. Dene Land of Calhoun, Ga. and Miss Marilyn May of Clinton. They wore gowns of yellow floral organza. They each carried baskets of yellow and white pom-poms.

## Swicegoods Honored On Anniversary Philadelphia Personals

BY CALVIN LUNSFORD  
On Saturday, June 7, the Rev. and Mrs. C.D. Swicegood celebrated fifty years of marriage with an Open House at the Hollies Campground in Uta, where Rev. Swicegood is the pastor. During the two hours, many friends and relatives called to express their congratulations to the Swicegoods.

The Swicegoods, parents of ten children, all of whom were born and reared on the Campground property, were all present to help their parents celebrate this highlight in their lives.

As a part of the activities of the day, the Swicegoods said their marriage vows over again with Rev. Denny Morton officiating. Mr. Morton is associated with the Campground work.

The celebration took on a two-fold meaning for the couple. It marked their 40th year at the Campground which Rev. Swicegood took over in 1933. The Campground complex has grown from a shed in which W.R. Mills and C.F. Wright started in 1926 to several modern buildings, including a modern church. The old original shed is the only remaining building of the original buildings constructed.

Rev. Swicegood was quick to point out that all of the work

was done from contributions from individuals and that their activities were independent and not connected with any denomination and were done without the aid of

radio, pamphlet or other publicity media. Each year the Camp Meeting is held the first Thursday in August and Rev. Swicegood further stated that

### Personals

Officers elected at the PTA meeting, May 21 were Rev. John Neese, president; Eddie Brewster, vice-president; Mrs. Janice Gago, secretary; Miss Jo Anne Williams, treasurer; Mrs. Phyllis Brewster, Mrs. Nema Milaps, Mack Burton, Ernest Wilkerson, and James Bacon, Ways and Means committee.

Guests of Mr. and Mrs. James Bacon and sons during Memorial Weekend were Mrs. Bacon's mother, Mrs. Carrie McDonald and her aunt, Miss Ruth Roach from Clinton.

Mr. and Mrs. John Everett, Sr. were in Chattanooga last Sunday for the Dedication Service at Ridgeview Baptist Church for their grandson, Michael Everett, son of Mr. and Mrs. John Everett, Jr.

Mr. Johnny Byhnes from no one has ever been charged for meals or lodging, but yet today, the Camp and church are debt free.

The activities of the day centered around the Camp dining hall, where their friends, their ten children, 12 grandchildren and 11 great-grandchildren gathered to help the Swicegoods celebrate 50 years of marriage and 40 years' service to a cause which is very dear to their hearts.

Alabama was the weekend guest of relatives here.

Mrs. N.R. Simmons spent Saturday at Maryville as the house guest of Mr. and Mrs. Jackson Carter on Smokey View Drive. She attended the reunion dinner for the Golden Scots of Maryville College.

Mrs. James Bridges and Miss Patsy Bowman of Mottstown, Ind. were weekend guests of Mr. and Mrs. Arthur Simmons.

Friends and relatives from here attended the wedding Saturday afternoon of Miss Janie Mize and Mr. Sidney Milaps at Fairview United Methodist Church near Maryville.

Dr. and Mrs. W.L. Hyden came from Charleston, S.C. last week to be at their home here. Dr. Hyden had been with the Baptist College there.

Miss Jody Blount from Smyrna, Ga. spent the weekend with her parents, Mr. and Mrs. Jim Blount.

Miss Janice Barr is employed in Longboat Key, Fla. for the summer.

Rev. and Mrs. Charles McKinney of Lexington, Ky. were overnight guests Tuesday of last week with Mr. and Mrs. Robert McNabb and Diane. The McKinneys were on a tour with the Summerfest United Methodist Youth Choir of which he is the director.

John Everett, Jr. and sons of Chattanooga visited Sunday afternoon with Mr. and Mrs. John Everett, Sr.

Mr. and Mrs. Hugh Hill and Mr. and Mrs. Wade Hill and Susan attended the graduation exercises at Bearden High School at the James White Auditorium in Knoxville. Their nephew, Alan Hill, was a member of the class.

### Miss Cox Honored At Parties

Several prenuptial parties have been given in honor of Miss Marilyn Ann Cox and Fred Austin Wortman, Jr. recently. The couple will be married Saturday, June 9 at the Cumberland Presbyterian Church in Loudon.

Miss Cox was honored with a bridal luncheon Saturday, June 2 at the home of Mrs. Hugh L. McQueen with Mrs. Ralph Eblen as co-hostess.

Mr. and Mrs. Jack Fields of Tiptonville and Dr. and Mrs. W.B. Acree of Ridgeley honored Miss Cox and Mr. Wortman with a dinner the Dyersburg Country Club.

Mrs. John Prince of Ridgeley entertained for Miss Cox in the prince home with 40 guests present.

Others who have entertained for Miss Cox are Mrs. Beverly Phelps of Loudon, Mrs. Faye Thomas, Lenoir City, Mrs. Linda C. Johnson, Concord, Mrs. Mary Kivley of Knoxville, and Mrs. John Robbette of Maryville.

### Brenda Knox To Wed Jerry Huskey

Mr. and Mrs. Taylor Knox, Route 2, Loudon, announce the engagement and forthcoming marriage of their daughter, Brenda, to Jerry Huskey, son of Dillard Paper Company in Concord.

The bride-elect is a 1972 graduate of Loudon High School and is presently em-

ployed by Westinghouse Corporation in Athens. The groom-to-be is a 1970 graduate of Farragut High School and is employed by Dillard Paper Company in Knoxville.

The wedding is planned for Saturday, June 9.

### Greenback Community News

By Mrs. S.B. McCollum  
Phone 856-3037 Greenback

Mr. and Mrs. Ben Anderson of Scottsboro, Ala. returned Friday to their home in Scottsboro, Ala. after a visit with Mrs. J.B. Anderson and Mr. and Mrs. G.M. Wear in Maryville and with Mr. and Mrs. R.A. Anderson, Mrs. I.E. Airheart of Scottsboro remained in Maryville with her mother, Mrs. Anderson.

Mr. Fritts and members of the 7th and 8th grades of Glendale School, visited Thursday with Mrs. Rebecca Burgess and presented her with American Beauty Red Roses. Mrs. Burgess taught pupils of 7th and 8th when they were first graders and the roses were a tribute to her diligence and kindness to them.

Mr. and Mrs. Dale Ragain, who came for the funeral service of his father—Mr. Freeman Ragain, returned Thursday to their home in Eugene, Oregon where Mr. Ragain is Forest Ranger of that area.

Mrs. Nick Rowland continues to improve from illness in Blount Memorial Hospital and expects to go to Ashbury Acres for further treatment.

To promote the consumption of dairy foods and products during June, the American Dairy Council sponsors a Dairy Recipe Contest. All recipes entered must feature desserts. All Loudon County recipes were entered in April and judged in May. The four county winning recipes will be given for you to try during this month.

The first place recipe was entered by Mrs. James Harrison of Lenoir City. Try this delicious dairy pie!

**SWISS PIE**

1 1/2 cup Alpen  
1/4 cup butter, melted  
2 cups cottage cheese  
2 eggs

1/4 cup confectioners sugar  
1 cup dairy sour cream  
1 teaspoon vanilla  
Juice and grated rind of 1/2 lemon (leaving  
**TOPPING**

3 cups whipped cream  
1.8 oz. can pineapple chunks or 1 cup fresh pineapple chunks.

Thoroughly mix alpen and melted butter. Pack mixture firmly into an 8 inch pie pan. Bake in a preheated oven (moderate) at 350 degrees for 10 minutes. Stir cottage cheese and combine with remaining ingredients for put cottage cheese and remaining ingredients in blender and blend at medium high speed for one minute. This makes a velvety smooth pie filling. Pour filling into baked crust and bake in moderate oven for 30 to 35 minutes or until firm. Cool, chill until ready to serve. Decorate with whipped cream and pineapple chunks before serving. Yields one 8 inch pie.

**JUNIOR HIGH DRESS MAKERS** in the County 4-H Clothing Revue are shown in their creations. They are left to right, Kathy Matlock, Eatons; Mary Wolfe, Greenback; Debbie Hendricks, Eatons; Rebecca Hunt and Linda Raulston, Greenback. Linda Raulston was chosen the winner in the category. Garments were judged on fit and construction features.

## Hamilton Helps.

(With an Education Savings Account.)

All the folks at the Hamilton extend warm congratulations to the graduates of our community. As you enter the new phase of your lives we hope you will make the Hamilton a part of your plans.

Many parents are now faced with the task of further education in college, business schools or trade schools. This could present problems, but many people have planned ahead and have substantial education savings accounts at the Hamilton to cover these costs. Consult with us on the type of education savings account that would best suit the needs of your children. All our savings accounts earn the maximum allowable interest.

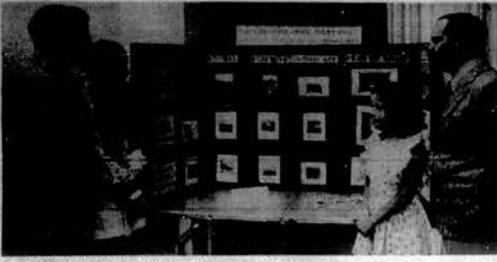

Start saving now and keep at it. Regularly. Never be tempted to "borrow money from that account for something else.

The class winners in the three divisions were as follows: Explorer Division: (People) Tammy Brown, Loudon; (Animals) Tammy Brown, Loudon; (Building) Tammy Brown; (Landscape) Jane Millsaps, Philadelphia; (Sequence) Bryan Williams, West Hills and (Best of Show) Jane Millsaps, Philadelphia. Nine 4-H Explorers entered 21 pictures. Junior Division: (People) David Williams, Lenoir City Middle School 6th; (Animal) Robin Kizer,

Greenback 4; (Building) Robin Kizer, Greenback 6; (Landscape) Laurie Zebb, Loudon Junior High 5; (Sequence) Laurie Zebb, Loudon Jr. High 5th and (Best of Show) Richard Sampson, Philadelphia 5th Seventeen 4-H'ers entered 50 pictures in the Junior Division. Junior High Division: (People) Nancy Trout, Eatons 8th; (Animals) Sharon Hart, Eatons 8th; (Building) Anita Ward, Lenoir City Middle School 7th; (Landscape) Tim Brannon, Glendale 7th; (Sequence) Sharon Hart, Eatons 8 and (Best of Show) Sharon Haron Hart, Eatons 8th. There were 15 entries in

this division submitted by 6 Junior High 4-H'ers.

All pictures were judged on (1) is the subject or action centered in the picture and (2) is the picture focused and clear. The eighteen winning pictures (6 in each division) will be displayed at the Hamilton National Bank (Main Office) Loudon, June 5-11; Bank of Loudon County (Main Office) Lenoir City June 12-18 and Merchant and Farmers Bank Greenback June 19-25.

The 4-H Photography Contest was sponsored by the Loudon County Young Farmers and Homemakers.

**4-H EXPLORERS MAKE APRONS**—At the 4-H Clothing Revue recently Tammy Kerr, Julie Hampton and Ramona Gaskard modeled aprons they had made in their 4-H work. Also modeling was Holly Dackworth.

## Bonnie Talk

**BONNIE SHEELEY**  
Assistant Extension Agent  
Agricultural Extension Service  
The University of Tennessee

To promote the consumption of dairy foods and products during June, the American Dairy Council sponsors a Dairy Recipe Contest. All recipes entered must feature desserts. All Loudon County recipes were entered in April and judged in May. The four county winning recipes will be given for you to try

during this month.

The first place recipe was entered by Mrs. James Harrison of Lenoir City. Try this delicious dairy pie:

**SWISS PIE**

1 1/2 cup Alpen  
1/2 cup butter, melted  
2 cups cottage cheese  
2 eggs  
3 cups whipped cream  
1 8 oz. can pineapple chunks or 1 cup fresh pineapple chunks.

Thoroughly mix alpen and melted butter. Pack mixture firmly into an 8 inch pie pan. Bake in a preheated oven (moderate) at 350 degrees for 10 minutes. Sieve cottage cheese and combine with remaining ingredients for pie cottage cheese and remaining ingredients in blender and blend at medium high speed for one minute. This makes a velvety smooth pie filling. Pour filling into baked crust and bake in moderate oven for 30 to 35 minutes or until firm. Cool, chill until ready to serve. Decorate with whipped cream and pineapple chunks before serving. Yields one 8 inch pie.

**MONTHLY SCHEDULE OF HOME DEMONSTRATION CLUBS**

All Home Demonstration Clubs are open to all interested persons regardless of race, color, or creed. For further information, call me at 458-2671.

Greenback	NEA Building	1:30 P.M. June 5

## Hamilton Helps.

(With an Education Savings Account.)

All the folks at the Hamilton extend warm congratulations to the graduates of our community. As you enter the new phase of your lives we hope you will make the Hamilton a part of your plans.

Many parents are now faced with the task of further education in college, business schools or trade schools. This could present problems, but many people have planned ahead and have substantial education savings accounts at the Hamilton to cover these costs. Consult with us on the type of education savings account that would best suit the needs of your children. All our savings accounts earn the maximum allowable interest.

Start saving now and keep at it. Regularly. Never be tempted to "borrow" money from that account for something else.

## Bill Stafford Gets Reader's Digest Award

William Stafford, valedictorian of the graduating class at Loudon High School, has been given the Annual Award of the Reader's Digest Association for students who by their successful school work give promise of attaining leadership in the community.

Mr. Stafford will receive an honorary one-year subscription to the Reader's Digest in any one of its 13 language-editions which he chooses, and a personal certificate from the Editors "in recognition of past accomplishments and in anticipation of unusual achievement to come."

The Reader's Digest Association presents these awards in senior high schools throughout the United States to the highest honor student of the graduating class.

The award to Mr. Stafford, who is the son of Mr. and Mrs. Gene Stafford, Route 2, Loudon, was made possible throughout the cooperation of Mr. Napier, principal, and his teaching staff. They selected Mr. Stafford to receive the award, designed to stimulate scholarship, citizenship, and continued contact with good reading after graduation.

## James Foster Receives U-T Pharmacy Degree

James R. Foster, Jr., son of Mr. and Mrs. J.R. Foster, 916 Rosedale, Loudon is among a record 300 graduates who received degrees or certificates in commencement exercises at The University of Tennessee Medical Units, Sunday.

Foster, a graduate of Loudon High School, received a degree from the College of Pharmacy.

Dr. Edward J. Boling, president of The University of Tennessee system, conferred degrees upon 17 graduates of the College of Medicine; 43 from the College of Dentistry, including five with a master's degree in Orthodontics and three with an M.S. degree in Pedodontics; 75 from the College of Pharmacy, including 44 with the doctor of pharmacy degree; 45 from the College of Nursing; three with doctoral degrees and two with master's degrees from the Graduate School of Medical Sciences, and 45 from the

College of Community and Allied Health Professions, of which 20 received the bachelor's degree in Medical Technology, 24 the new associate degree in Dental Hygiene and one a certificate in Histologic Technique.

Dr. Andrew Holt, president emeritus of UT, delivered the commencement address. Presiding was Dr. Joseph E. Johnson, chancellor of the UT Medical Units and vice president for health affairs for the UT system.

The University of Tennessee Medical Units includes the six colleges of Medicine, Dentistry, Nursing, Community and Allied Health Professions, Pharmacy and Basic Medical Sciences and the Graduate School of Medical Sciences. It is the health sciences campus for The University of Tennessee and is the heart of one of the largest medical centers in the South.

REV. W.H. HORNNER, pastor of Loudon United Methodist Church is shown standing with Lynn Sheeley III as Lynn Sheeley Company staff organist Wayne Poore demonstrates some of the features of the new organ the firm has installed at the church. Mr. Poore demonstrated the organ in a public recital at the church Wednesday night.

## Recital Given On New Methodist Organ

An organ recital was held at the Loudon United Methodist Church, Wednesday, June 6 at 7:30 to demonstrate the abilities of the recently installed Allen 300

organ. Wayne Poore, staff organist from Lynn Sheeley Company performed some of the world's great organ literature.

The Allen is the first of its kind in this area. It is the world's first Digital Computer Organ—an instrument using purely mathematical means to create with ease, musical tones of unprecedented accuracy. The instrument was selected for the church after careful consideration by the Music Committee.

The Allen Digital Computer Organ recently was named one of the best new products of 1972 by a panel of 25 distinguished scientists. Sponsored by Industrial Research, Inc., the award is presented to the hundred best new products of the year. The Computer Organ is the first instance in the history of the prestigious awards where a musical instrument has won.

## Six On TWC Honor Roll

Six students from Loudon County have been announced as placing on the Academic Honors and Dean's Lists at Tennessee Wesleyan College. Loudon County students on the Honors list with a grade average of 3.75 to a perfect 4.00 are Judy G. Stogner, Loudon and Susan C. Rudd of Philadelphia.

On the Dean's List with grades from 3.50 to 3.74 are James Stooksburn of Lenoir City, Edwin M. Westbrook of Lenoir City, James E. Greenway II, Loudon, and Judith H. Millsaps of Philadelphia.

## Mrs. Post Joins Realty Firm

Mrs. William E. Post, the former Ruth Harrison of Loudon, has joined the sales staff of Landmark Realty, Inc., of Kingston Pike, Knoxville.

Mrs. Post, is the daughter of the late Dr. Arthur Harrison of Loudon and sister of Dr. Sam Harrison.

Before joining Landmark as an agent Mrs. Harrison had been active in church and girl scout activities. The Posts and their three children reside in Knoxville.

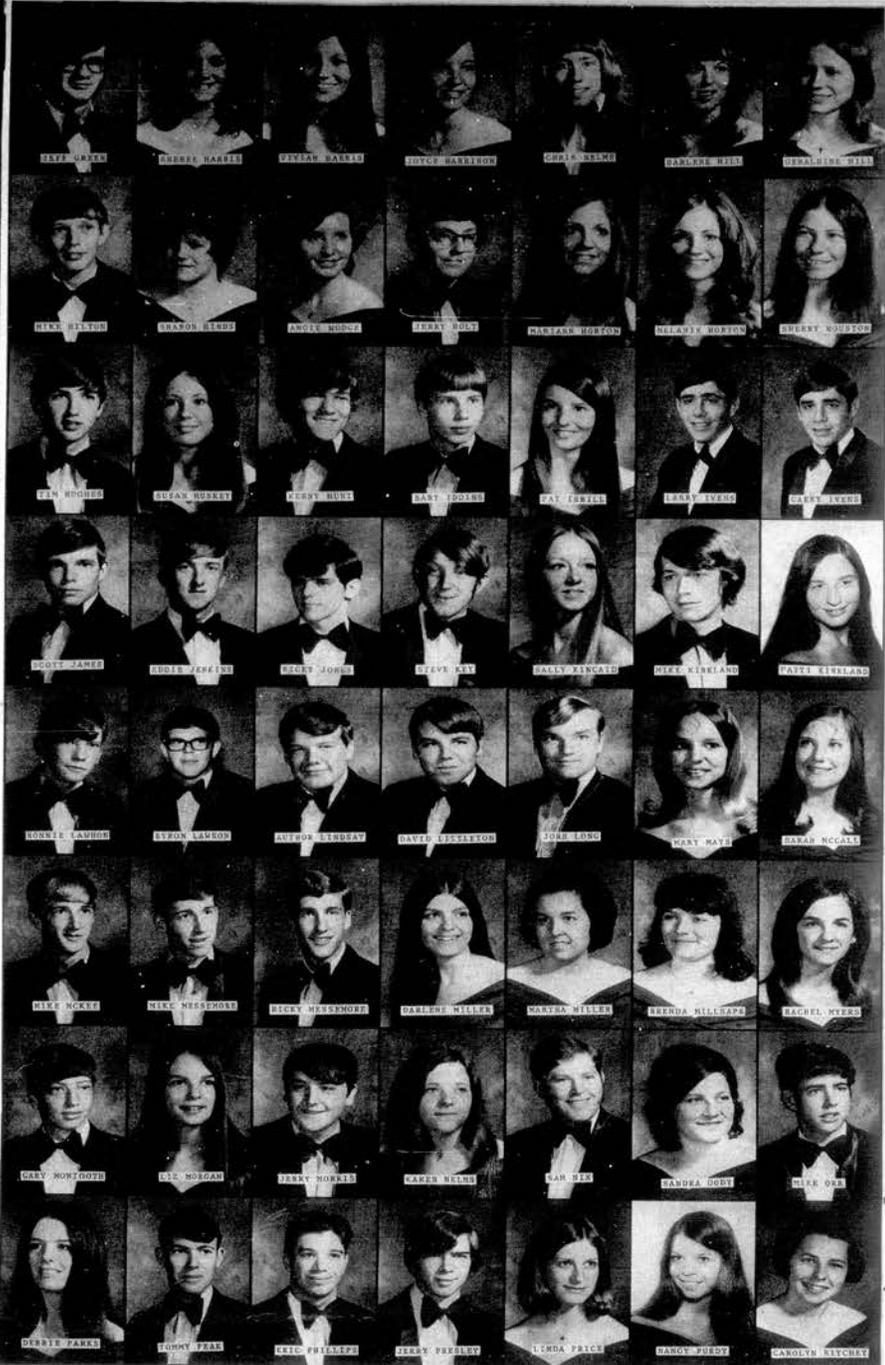

## Norris Gets ROTC Award

Joe Norris Lee of Lenoir City was recognized for outstanding academic achievement at the Annual Army ROTC Awards Day program at the University of Tennessee, Knoxville.

Cadet Lee received the ROTC Academic Achievement Ribbon, given to cadets with cumulative grade point averages that place them in the top 5 percent of their class.

Lee resides at 905 B Street in Lenoir City.

Hall Oil Wins First Game

Bank Of Loudon County Pads City Softball Lead With 12-0 Win

The Loudon City Softball season took a turn for the stretch drive Monday night as the Bank of Loudon County turned back their closest rivals the Hamilton Bank of Loudon 12-0. The win was the ninth of the league season for the Bank of Loudon County without a loss and gives them a strong bid to capture the league championship. The loss was the second for the Hamilton Bank team in eight contests.

The Bank of Loudon County was led in the one sided assault by Buck Kirkland, Joe Russell, and Jack Nichols collecting three hits each in a 16 hit barrage. The Hamilton Bank had six hits in the big game of the night.

In other action the Hall Oil Company team won their first game of the season beating Union Carbide. Sue's Truck Stop fell to Western Auto in the night's final.

Buck Kirkland with continuation of his hot batting

aced for the Bank of Loudon County went three for four and

CLOSE PLAY AT THIRD—Hamilton Bank of Loudon third baseman Fred Chaney is unsuccessful in tagging out a sliding Buck Kirkland of the Bank of Loudon County Monday night. The Bank of Loudon County won the game 12-0 to keep their league record unblemished.

ipped their season batting mark to .778, best in the league.

Loudon City Recreation Director Bert Ratledge released the tentative recreation plans and schedule for the summer Monday. "We are planning to get our summer programs under way as soon as possible," says Ratledge. "All recreation participants are to sign up Monday morning at one of three sites, starting at 9 a.m." The three places to sign up for summer recreation programs is at the Loudon Baseball Park, at the Junior High School, or at the Lions Club Tennis Courts.

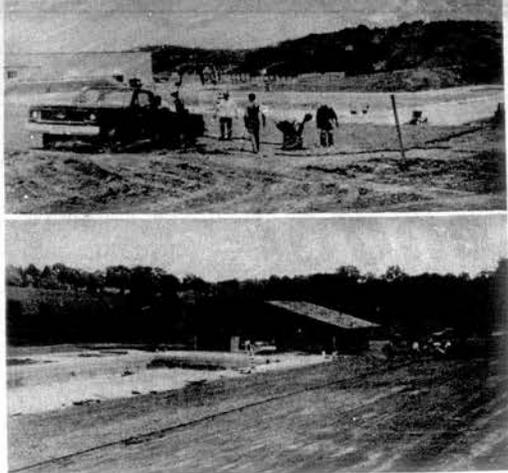

The swimming pool completion date has been advanced to around June 15th for the first day and night of community use. "All our planned swimming lessons courses and pool use schedule has been delayed until this time," said Ratledge. A reminder to all girls of ages 9-12 and 14-17 who wish to play softball this summer need to call or see Coach Ratledge for immediate team sign up.

Baseball games are on tap for both Friday and Saturday night this week at the Loudon ball field. Games will start at 6 p.m. on both nights with a boys' game for 14-17 years of age playing first. A Tee-league contest will be played and a Little League game will also be conducted each night.

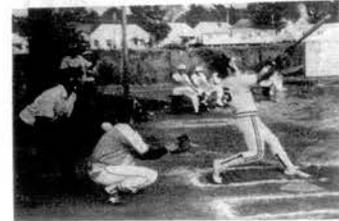

Approximately \$1300 has been raised toward a goal of \$2200 for uniforms and equipment. "Our support and patronage has been excellent," states Ratledge. "If we can just complete our goal in the next week to 10 days then we will be in good shape for this summer and ready to sanction our teams in state and national play."

The price for ball game admission has been altered for the summer to 10 cents for kids ages 6-12 and 25 cents for 13 thru adult.

Loudon Swimming Pool Sets June 15 As Open Date

SODDING SWIMMING GROUNDS—The Loudon City Recreation Department worked in haste Monday adding the recreation grounds adjacent the new swimming pool. The new sodding facility is expected to be operating by June 15.

HOME RUN SWING—Wayne Pool, one of the top sluggers in the Loudon City Softball play ties into this pitch for a long ball hall down the third base line. Pool plays for the league leading Bank of Loudon County.

AMBORNE FIELDER—Hamilton Bank of Loudon infielder Gene Ratledge does some fancy maneuvering at second base as he attempts to take a high throw from the out field in an attempt to tag out a Bank of Loudon County base runner. Hamilton Bank pitcher Larry Smallen backs up the play.

Batting Leaders

The leading hitters in the Loudon City Softball play through Monday night with at least 10 official times at bat.

Rice Oldsmobile Raps Merchants

9-0 In Stan Musial Play

The Loudon Merchants of the Knoxville Stan Musial League have opened their season on the road. The Merchants, managed by Jerry "Baldy" Simpson, have been hampered with spring training due to the continual rainy weather and the absence of several key players involved in college play.

The Merchants met Rice Oldsmobile of Knoxville Saturday afternoon and fell by the way of a 9-0 score. Gary Gibson, left-hander from Madisonville, was tagged with the loss.

Rice Olds opened the scoring in the third inning on a one out base hit and a triple. Gibson cut off the rally and pitched strong ball until the fifth frame when the Knoxville team paraded 11 men to the plate for eight big runs. Five hits, two walks, and a fielding error accounted for the runs.

Gibson gave up just seven hits for the season opener, striking out eight and walking three. Loudon managed just two hits for the game with Mack Coley, Merchant catcher, and first baseman Jack Cox reaching base with singles.

Huff And Hamil Challenge Union Carbide Golf Leaders

Dick Huff and Art Hamil, two old pros of the Union Carbide Golf League for years, have begun to make their climb to the top in the current summer standings. The long time playing buddies have captured the league title on numerous occasions and finished second last summer. Presently they are in second place with a total team score of 83 points for the summer.

The near par golfers blasted a low team net score of 71 for last week and thus took top team honors in drawing to with in 12 points of the first place team of Hall Summers and Mike Oody.

Summers and Oody, who took over the league lead some three weeks ago, lead some 100 points ahead of Huff and Hamil in the performance turned in by their closest challengers.

Art Hamil also received recognition for his round of 35 to be honored as the low individual net performance for the week.

The league shapes up something like this. Hall Summers and Mike Oody in first place with 160 team points. Hamil and Huff in second with 88. Third place belongs to Jack Randolph and

Oak Ridge Rally Conquers Loudon Baseball Team

The Loudon Merchants dropped a nifty 6-4 baseball game to Oak Ridge, P.M. Sunday afternoon at Oak Ridge. Gene Ratledge was credited with the loss yielding six hits and striking out four batters.

Loudon picked up eight hits in the game with Jerry Boggs hammering out a perfect four hits in as many times to the plate. Dennis Darnell, Dennis Hightower, Gary Joe Gibson, and Gary Gibson getting one hit each.

Loudon jumped to a 1-0 lead in the top half of the first

inning only to have the Oak Ridge team strike for four runs in their half of the inning.

The Merchants tied the score in the third inning on a hit by Darnell, Hightower was safe on an error, and Boggs hit safely to score two runs and Gary Joe Gibson, who pitched Saturday night drilled a hit to run home Boggs.

An Oak Ridge double and a follow up hit regained the lead for the home team and an insurance run in the bottom of the seventh closed the door on the Loudon diamond crew.

hunting reports for small game, in particular, indicated an increase in hunter success from the previous year and an insurance run in the bottom of the seventh closed the door on the Loudon diamond crew.

Director Goodrich pointed out that regulations including seasons and bag limits on migratory fowl will be adopted at a later date.

Softball Tourney Dates Announced

The second annual Philadelphia Invitational Softball Tournament will be held June 25-30. Twelve teams will take part in the week long double elimination tournament. Teams interested should call for immediate arrangements to Eddie Brewer (458-2443), Ben Barger (458-4321), or Frank McKenzie (458-5252). The entrance fee is \$25 per team. The tourney is sponsored by the Philadelphia Community Club.

Atomic Speedway To Host Georgia-Tennessee Racing Classic

It promises to be hotter than a Georgia-Tennessee football game and more tense than a Volunteer-Bulldog basketball encounter. That's the Georgia-Tennessee Classic at Atomic Speedway June 12.

The matchup pits 10 of the best late model sportsman drivers from the Peach State against 10 of the elite from Tennessee. It'll be a 100-lap affair and don't be surprised to see all sorts of dirt-track records fall before the night is over.

The list of Georgia drivers resembles a "Who's Who" of dirt track racing. Included are Leon Archer, Charles Hughes, Bud Lanford, Doug Kemmer, Leon Sells, Charlie Mincey, Luther Carter, Snooks DeFoor, Leon Brindle and Jody Ridley.

Countering for Tennessee will be such standouts as Tootle Estes, Ken Phillips, H.E. Vineyard, Herman Goddard, Bill Cortum, Otis Miley, Leroy Yarn, Bill Ogle, Dan Justice and a host of others.

Only the fastest 100 qualifiers from each state will make the Classic lineup. The driver with the fastest speed earns the inside pole. Top 50 Melton Hill Exit east of Kingston.

Time trials get under way at 7 p.m. Before the 100-lapper, there'll be a semi-feature for drivers not in the Classic, a 20-lap affair for hobby cars and a 10-lap run for the Atomic Bombers.

Tickets are \$4 (general admission), \$4.50 (reserved) and \$5 (pits). Children under 12 will be admitted for 50 cents.

The racing purse will be more than \$7,000. The champion will take home \$1,000.

Meanwhile, a big weekend of competition is ahead at the third-mile track. Thursday evening will mark the return of American Motorcycle Association riders for the Southeastern Classic. The regular weekly late model sportsman show is slated Saturday night at the speedway.

## Larry And Lynn Millsaps Dominate City Golf Play

Larry Millsaps and Lynn Millsaps appear to thrive on pressure. At least that is the case so far in the Loudon City Golf League play. The first place twosome continue to outplay their opponents and hold off the pressure challenge of the rest of the league teams in dominating play for the fourth straight week. Larry and Lynn collected their full 10 points last week and have run their season total to 60.

Second place challengers Larry Bridges and Larry Lane kept the heat on by extending their hold on the runner-up position with eight team points and a total team count of 54 points. Bridges, again pounded out a low medalist honor for last week with a 33. Larry turned in an equal performance two weeks ago in helping his team slide into second place. Sharing the medalist for the week was Earl Millsaps, whose 33 helped him and Sarge Harrison to move into eighth place from an 11th place slot. Buck Kirkland and John

### LOUDON CITY GOLF LEAGUE STANDINGS

TEAM	PTS.
Millsaps and Millsaps	60
Bridges and Lane	54

Watkins and Watkins	29
Swenson and Cole	28
Hamill and McWhorter	26
Anderson and Clabough	18
Hamill and Grimes	16
Hieshin and Greer	16

Lennox collected 10 points for the week and are up to third place in the standings. Also strong in the league is the team of Celi Miller and Coach Bert Rutledge, who picked up eight points in last week's action and have 47 team points to date as does Kirkland and Lennox.

Three teams have 40 team points and are in the race for fifth place. They are the team of Donnie Hightower, a walk to Matt Coleman and a RBI single by Sam Hogg.

Steadman held the Cubs in check all the bottom of the second inning when a walk and a triple tied the score, 1-1.

## Play Home Sunday Knox Cubs Trip Merchants 3-2

The Loudon Merchants dropped their third game in as many days Monday night as the Knoxville Cubs alyd by a seventh inning run for a 3-2 victory. Jerry Steadman was the losing batter, despite pitching well enough to win. The Cleveland State Community College ace who posted a 6-2 college record and a .92 earned run average, fired a sizzling three hitter, striking out eight, and walking three.

Loudon did not threaten again until the top of the seventh when Burnell hit safe and was nailed at the plate on Mack Coley's second hit of the game to end the inning and keep the Merchants from moving into the lead.

The Knoxville team won the game in the bottom of the inning on a walk, a hit, and a Loudon error.

The Merchants will travel to Jefferson City Saturday for a game with Magnolia. The Loudon home game will be Sunday afternoon against Oak Ridge FM in a twinbill affair.

### Waterway Benefits Today

#### Stipulate Early Controversy

Users of the Tennessee River waterway saved a record \$65,000,000 in transportation costs on barge freight carried on the river in 1972, according to the annual estimate by TVA economists.

This estimated benefit was nearly eight times as much as the 1972 costs for operation and depreciation on waterway facilities, which totaled about \$8,500,000.

"With the growth in river traffic to modern levels, most people have forgotten that there was once a major controversy over whether this waterway development would pay off in benefits," M.I. Foster, TVA Director of Navigation and Regional Studies, points out.

In 1946, when TVA had just completed the chain of dams and locks that opened the Tennessee to full use by million inland cargo vessels, the agency issued a report predicting that within 15 years the traffic "might well reach 7,000,000 tons annually with corresponding annual savings of \$9,000,000."

"That estimate was widely disputed at the time," Foster said. "Traffic was just starting to build up, and in the first few years after the waterway was completed benefits were not enough to equal the costs."

A critic writing in that period compared these costs and benefits and commented: "If this is the best TVA can show, it would pay to reimburse shippers for the savings they might have made, seal up locks and let depreciation eventually wipe out the cost."

Foster said the controversy arose partly because at the time the dams were being built, there was little industry along the river to make large-scale use of water transportation.

"The picture began to change in the 1950's, with a rapid expansion of both waterfront industry and barge traffic," he said. "By the end of that decade river tonnage and shipper savings were well beyond what TVA had estimated in 1946."

The 1972 savings estimate brings navigation benefits through the years from the improved Tennessee River waterway to a total of \$680 million, he said. That compares with total operating and depreciation costs of \$158 million since TVA began work on this navigation system 40 years ago.

"Using a conventional business yardstick, the \$7 million difference last year between waterway benefits and costs was equal to a 24 percent rate of return on the Government's net investment in developing this waterway," Foster said.

In the past 40 years industry has invested more than \$2.1 billion in Tennessee River waterfront plants, terminals, and distribution facilities, including 13 industrial projects begun in 1972. These installations employ about 40,000 workers directly.

Foster said, and create at least that many more jobs indirectly in the surrounding areas.

An estimated 28,100,000 tons of commercial freight moved along the Tennessee River in 1972, about a half-million tons more than in the previous year. It was the 11th year in a row to set a new tonnage record.

The 1973 traffic would be estimated at 3.6 billion ton-miles, down from 4 billion in 1971 (when there was an unusual amount of long-haul traffic).

Three-fourths of the 1973 traffic came from or was destined for points outside the Tennessee Valley, Foster said. "This high proportion of traffic in the valley from other regions reflects the value of the waterway in giving this region's industries broadened markets and more alternative sources of raw materials."

The Tennessee River waterway connects with other barge routes extending from Pennsylvania to Mississippi to the Gulf Coast, reaching 21 states in all.

Fishing Report  
This report is based on present weather and water conditions and how the fish are biting now. It is subject to change if these conditions change.

**CHEROKEE LAKE** - muddily up in upper end, stable and beneficial to most. No activity around steam plant due to muddy water. Stripes, rockfish and hybrids are fair in breaks in lower end on top water lanes. Largemouth - fair on lower half of lake, using plastic worms and Big O's Catfish - fair on trotlines using shrimp and worms.

**NORRIS LAKE** - Powell River Side - clear to murky and rising fast. All species and methods poor.

Using spring lizards and artificial lures. Walleye - fair to good - trolling spinners and worms. Fair trolling flatfish and worms combination.

**NORRIS LAKE** - Clinch River Side - clear to murky and rising fast. All species and methods poor.

**DOUGLAS LAKE** - clear and rising. Bass - fair - casting with artificial worms, trolling deep running lures. Sauger - fair - still fishing with minnows over rocky points. Catfish - fair - using trotlines and jugs, still fishing with cut shad.

**DOUGLAS TAILWATER** - heavy discharge near floodgate, murky. Catfish - good, using night crawlers and cut bait fishing deep. Sauger - good, using jugs, flies and minnows deep. Bluegill - good - using red worms, crickets and popping bugs.

**MELTON HILL LAKE** - murky to muddy and full pool. Bream - good - using worms fishing medium depth. Crappie - fair to good - using minnows and jugs tipped with minnows around brush tops. Catfish - fair to good - using worms.

**LITTLE TENNESSEE RIVER AND CHILHOWEE LAKE** - all species poor due to rising muddy water.

**WATTS BAR LAKE** - high and muddy, some catfish activity using shad entrails.

**FORT LOUDON LAKE** - muddy and full, all species and methods poor.

**NEW CEDAR HILLS CLUB HOUSE CONSTRUCTION**—The new Loudon City Cedar Hills Golf and Family Club club house and swimming pool construction is moving along at a brisk pace and hopes the approximate 500 members will get to enjoy their modern and plush new home by late July.

## Porter, Cunningham, And Henry Homer In Connie Mack Opener Against Athens

Madisonville's Connie Mack baseball team for boys, ages 16-18 kicked off their league season for the summer Monday night with five standout performers from the highly successful Loudon City High School baseball team and three outstanding players from Loudon High School in combining with other star players from around the area to make up this year's team.

Madisonville, with less than two weeks of practice behind them and minus several of their top prospects for the summer due to the late turn out of some colleges in which players are taking final exams, tackled pre-season league favorite Athens.

The game played on the Athens diamond resulted in a thrilling 5-4 decision for the

**KEEPING RUNNER CLOSE**—First baseman Tommy Cook slips in behind an Athens base runner Monday night with intent of tagging the player out. Second baseman Marry Porter, who hit a home run in the game is also pictured preparing to field a possible ground ball.

Madisonville's Connie Mack Baseball Manager, Truman Gibson filed a written protest to the Eagleton Connie Mack and Senior Babe Ruth District Rules Committee Tuesday morning on a disputed call of a balk by Athens Empire trainer Westworth which resulted in the eventual scoring of an Athens run, thus enabling the Athens team to win by a score of 5-4.

The protest was accepted and will be ruled on Thursday night as to whether the game will be replayed or picked up in the bottom of the seventh inning with Athens runners on first and third base and two outs.

McMinn County team, but not before the young Madisonville team (only three players are 18 years of age) had battled with the victors on even terms.

Madisonville opened the game with second baseman Marry Porter slamming a 310 foot home run over the right

field fence for a 3-0 lead. Athens bounced back with two outs in the bottom of the inning to knot the score on a three base error of a misplayed fly ball.

Athens continued to take advantage of Madisonville mistakes with another unearned run in the bottom of the second inning on a walk, an error, and a mix up on a routine third out fly ball to short right centerfield.

Madisonville, trailing 2-1 in the top of third inning, got a one-out single by first baseman Tommy Cook and a follow up 380 foot blast by third baseman Kenny Henry over the right field fence for a 3-2 Madisonville lead. Mike Balsinger, stand out shortstop and pitcher from the Madisonville High School baseball team, was caught on strikes, but Loudon City pitcher Tim Cunningham drove a fast ball over the 300 foot sign in right field for a 4-2 Madisonville advantage.

Athens got their first earned

run of the game in the bottom of the third frame with a two out double, after a walk and stolen base. The score held till the fifth inning when Athens again tallied a single score when they opened the inning with a double only to have Foster get the runner an attempted steal of third base. A walk and a two base error on a pick off maneuver place a runner on third base. A strikeout had the inning under control when a walk and a two put base hit tied the score and only a perfect throw from the out field nailed the speeding runner from first base at the plate ended the inning.

After the third inning Madisonville was able to place but four runners on base, two hits by Tommy Cook and two Athens errors on balls hit by Foster and Balsinger.

Athens finally won the lengthy contest on a rash of questionable events. Tommy Cook had come on in relief of Tim Cunningham, who had begun to show signs of tiring

having not pitched in over two weeks. Cook got the first batter in the bottom of the seventh on a slow roller to first base and had two strikes on the second batter when he lined a hit over the infield.

Move to first base had the runner picked-off but a bad throw in an effort to get the runner out resulted in a target for an error. Cook proceeded to strike out the next batter to out number two. The next batter stepped in for his turn at the plate only to tuck out at the last minute and the plate umpire called time on Cook. Cook stopped his delivery and was charged with a balk by the field umpire. After a heated discussion over the play the runner was advanced to third base. The batter then hit a slow dribbler to the left of the pitching mound and when Cook attempted to field the ball he bobbed the effort and the throw to first was very close. The field umpire ruled the man safe by an eyelash and the game had come to a close as the man on third base scored on the play.

## Raceway Manager Jimmy Boyd Resigns

In view of the fact that he has submitted his resignation Jimmy Boyd, executive manager of 411 International Raceway, voiced his concern that motor sport fans will continue to patronize the popular facility located near Seymour.

Citing concern over his other holdings and business ventures, and their decline in attention, Boyd stipulated that, with just a little effort these enterprises should retain their par value.

In racing circles the personal manager has a reputation as one of the nation's best trouble shooters for destitute facility facilities.

Boyd makes no bones about that his number one hang up is motor sports activities but he does hold valuable paper on real estate, radio station properties, and one of the country's better known bookmaking agencies, "Hercules Racing Club."

Boyd commented, "It has given me a great deal of pleasure to know that we have put 411 International Raceway in the drivers seat as far as popularity is concerned, and the stock holders have been above board in their business dealings." Boyd continued, "However the one bone I have to pick with this operation is that important legal documents pertaining to management and stock transactions have not been signed and one of them dating back to February 1972."

His patience is worn thin and in view of this and my reputation as a man with a oath, and not noted for being a person to spin my wheels (slang for not wasting time), 'I'll just cut a trail,' unquote.

Boyd declined comment on a rumored acquisition of other properties, however he said he would reserve comment for a major news conference for the near future.

**GOOD EATING**—Alvin Grizzle of Loudon City and Clayton Edley of Carterville, Ga. are shown with their catch of Catfish. They caught the fish while fishing with worms in the Fort Loudoun Lake.

Thanks again,  
**Gene Lambert,**  
Mayor-elect

## Your County In Action

BY  
**Harvey L. Sproul**  
LOUDON COUNTY JUDGE

I can only say how proud I am that we have such a progressive Quarterly Court in Loudon County. Of course, all of us agree and disagree with others from time to time, but in my opinion this Quarterly Court has welded together a very sound and progressive standard and basis for progress in Loudon County.

Several items along this line were culminated at the Quarterly Court meeting this week.

Some of the things had been on the Agenda for several months, but as I have found to be true over a period of time, the Quarterly Court, when the chips are down, is willing to take the necessary steps to do what is right, what is best for the taxpayers of this County, and what will provide for better government.

For example, the establishment of a full-time Building Inspector office for the convenience and service to the public of Loudon County, and the adopting of the Southern Standard Building Code, which will help insure that housing and structure of businesses buildings in this County will meet the minimum standards generally followed by other responsible governments in the South.

No more can shacks be built for people to live in.

In addition included was the establishing of a significant penalty fee for willful failure of a person to get a building in advance of beginning construction of a building.

What good does it do to come and get a building permit after a structure is already begun, as for example the construction of a restaurant in the middle of a residential section, and away from commercial district?

Another responsibility was met in that the Court went ahead to approve the final engineering plans as to the Sugar Limb and Philadelphia Connector Roads. Of course, it appeared something was going to be forced anyway by the State and the Quarterly Court met its previous

agreement. In the intervening time the Court had taken the necessary measures to arrange so that the financing of the roads will not be a burden on the property taxpayer.

The Court further approved a Merit Service System for the County Sheriff's office, which will do more to professionalize and stabilize our Sheriff's office than almost anything that could be done.

This together with the retirement and insurance and other benefits that the Court approved for County employees should enable the County to hire and keep good deputies.

So it was a very productive meeting with much study and consideration having preceded the actions.

The adoption of a professional and unified personnel policy, getting job descriptions and educational requirements for the various positions and setting up retirement and group insurance, is a wonderful step forward for Loudon County, and certainly a great boon and benefit to County employees, many of whom have worked for the County for many years, and without any fringe benefits whatsoever.

For a long time now I have been concerned in attempting to do whatever was necessary to put our County employees on a more professional basis, and to provide for them those benefits which most employees receive in other lines of employment these days, and which many other County employees are already receiving.

In the latter regard I am speaking particularly concerning fringe benefits such as retirement and a group insurance program.

At the present time most general County employees do not have any fringe benefits whatsoever.

It is true that some County employees have some of these benefits, such as elected officials (as myself), school teachers, hospital employees, etc.

It seems to me that it would

certainly be equitable and fair to provide benefits for all County employees that would be on somewhat of an equal basis, and comparable to what might be available to employees of other industries and businesses.

Having good reliable honest County employees is a very important thing to the County taxpayers.

You cannot legislate honesty for example, and if you want to have good government, run correctly and efficiently, then the first thing to do is to elect honest people, who in turn are then more likely to hire honest and dependable employees.

Of course, being honest is not the entire thing, but it should be a definite requisite and then after honesty you should look to find and employ in county government the best people who are competent and can do the job.

If they can't do the job, then they might lose as much as you would lose from a dishonest person.

More on this next week.

## 18,000 Attend "Best" Arts Festival

(Continued from Page 1)

organized festival anywhere.

The 23 members of the Suburban Junior Woman's Club are eager to express their appreciation to what helped. As the festival has grown, it has become a community affair with the taking the air of a fair when the big day arrives.

At 5:30 a.m. husbands of the club's members began to broil chickens in a short time, after they began serving, they had sold 700 chicken dinners. The short order booth took over 1,000 hot dogs, over 1,000 hamburgers and an untold number of drinks and snacks.

All of the space not occupied by exhibits was taken up by people and cars. To assure an orderly movement of both, the city police and auxiliary police were on hand to direct traffic and aid visitors with their parking problems.

Police Chief Wayne Chambers gave the numbers of buses running from downtown to the festival as 16, with each carrying about 50 persons.

Local businesses aided with advertising; the Hamilton National Bank and the Bank of Loudon County furnished large billboards; the King's Inn, Inn of Loudon and the Red Carpet Inn all used their marquee to alert travelers to their opportunity to share this cultural and fun event.

Boy Scout Troops from Loudon City and Eatons Crossroads were busy all day running errands. Click Funeral Home and Hawkins' Mortuary furnished tents for concession stands and exhibitors. The American Red Cross was on hand with a first aid station, while the TVA, in addition to running sight-seeing buses to the dam set up an exhibit and furnished portable restrooms.

Of interest to many was the information booth manned by the Chamber of Commerce and the exhibit featuring local industries which was set up by the Committee of 100.

In spite of rain all week, the skies cleared for the festival goers to enjoy a perfect day. Many families took advantage of the opportunity to enjoy a day outdoors with interesting surroundings by bringing their lunches and enjoy the available picnic tables near the water. Playground equipment is available for the youngsters while children played.

As to the work of the artists and craftsmen, Mrs. Joe Grayson said, "It gets bigger and better every year. Without question, we had a greater variety and a higher quality of art work and crafts than ever before."

The wide variety of the exhibits brought surprises. There were handicrafts such as woodcarving, tote and

shoulder bags, stuffed pillows and animals macramé and other stitchery and string art. Paintings were in oil, watercolor, acrylics and one artist, Kitty Jessica Thacker, used spider webs to give her work a unique effect. As always, attractive to the crowds were James D. Luther's dulcimers. People always ask, "Can you play them?" This time an attractive young lady was on hand to play the plaintive tunes.

People arrived on foot, by car, by bus and by boat. The large and small water going craft tied up to trees and rocks adding to the interest and picturesque appearance of the park.

Thought is already being given to next year's festival in order to maintain the high standards set by this year's success.

### Fort Loudoun Gets Loan

Fort Loudoun Electric Cooperative has received notice from the Rural Electrification Administration REA that it has approved a

loan in the amount of \$620,000. It is a loan and not a grant as an earlier press notice had indicated. There is no grant program for electric cooperative construction or operation.

A few years ago, as it is today, there were not sufficient REA funds to finance the needed construction, so the cooperatives organized what is known as the National Rural Utilities Cooperative Finance, Cooperation (NRUCFC) which makes joint loans with REA of 10 to 20 percent of the total, depending on the cooperative's financial standing.

The \$620,000 loan from REA is 70 percent of Fort Loudoun Electric Cooperative's total loan, an additional \$200,000 to be borrowed from NRUCFC which represents 30 percent of the total loan. REA's loan will carry an interest rate of 5 percent and NRUCFC's loan will carry an interest rate of 7 percent.

Ben Galyon  
Chairman  
Loudoun County  
Planning Commission

**PUBLIC NOTICE**  
A resolution was adopted by the Loudoun County Quarterly Court on June 4, 1973, authorizing the adoption of the Southern Standard Building Code for Loudoun County. Copies of the Southern Standard Building Code will be on file in the office of the County Court Clerk for the use and examination of any citizen for a period of 30 days beginning June 8, 1973.

## Connectors Approved, Hospital Addition Sought, Building Codes, Merit System Approved

(Continued from page 11)

sonnel policy and job classification program, compensation, retirement and group insurance benefits for county employees. The new program, which also has been in the works for several months, was approved unanimously.

Approved the awarding of a two-year contract with Loudoun County Disposal Company at \$100 a month for use of the transfer station. The company was seeking a four-year contract.

Squires Blair and Duckworth moved that the contract be for two years with reconsideration for an additional two years when the contract expires.

Squire Conner, a member of the county's hospital committee and chairman of the hospital board as well, reported the board has authorized Hospital Administrator Gay Hamilton to hire doctors from Knoxville or from any other area to man the emergency room from 6 p. m. on Fridays until 7 a. m. on Mondays.

It was explained that doctors in Loudoun County have refused to schedule themselves in order to provide emergency room service on an around-the-clock basis during weekends. Squire Conner noted that State law requires that clinical service must be offered in an emergency room if the hospital is to offer emergency service.

dispute regarding a right of way deed for some property on Steeple Road belonging to James Selvidge, County Road Commissioner Lillard Bledsoe told the court that the state cannot let a contract for repaving of Steeple Road until a fence on Mr. Selvidge's property is moved.

Two representatives from the State Department of Transportation met with court members Monday night to discuss damage to county roads and to private property which is occurring as a result of interstate construction.

Squire Blair said he was under the impression that the former owners of the property, Mrs. G. C. Jameson and her late husband, had deeded the right of way to the county. It was explained that

such a deed, however, has not been located. Meanwhile, nothing can be done to Steeple Road until the right of way is obtained and the fence is moved.

Two representatives from the State Department of Transportation met with court members Monday night to discuss damage to county roads and to private property which is occurring as a result of interstate construction.

High Carpenter, regional scheduling engineer, and Jack Watson, assistant regional scheduling engineer, and Jack

Watson, assistant regional scheduling engineer, and Jack Watson, assistant regional scheduling engineer, and Jack

Watson, assistant regional scheduling engineer, and Jack Watson, assistant regional scheduling engineer, and Jack

been completed. The men noted that money for erosion control purposes is usually set up in contracts let by the State. They also noted that if a contractor damages a road illegally by exceeding weight load limits, for example, the contracting firm can be held legally responsible for the damage.

Mr. Carpenter suggested that representatives of the county highway department and of the actors involved in interstate construction. "This way," he said, "YOU MIGHT GET A MEETING OF THE MINDS."

Mr. Carpenter suggested that representatives of the county highway department and of the actors involved in interstate construction. "This way," he said, "YOU MIGHT GET A MEETING OF THE MINDS."

### Arnold-Russell Open New Law Office

The new law firm of Arnold and Russell, both veteran Loudoun County attorneys, this week opened their new firm offices on Wharf Street in Loudoun next to Bowman Porter Furniture and Hardware.

The partners are Edwin Arnold and William H. Russell. Mr. Arnold has practiced law in Loudoun since 1958 when he began practice with the late Jim Watkins. Mr. Russell, who recently resigned as Administrative Assistant to Governor Winfield Dunn, practiced in Loudoun County for four years in partnership with County

Judge Harvey Sproul until he accepted the position in the Dunn Administration.

Both men have served as officers in the Loudoun County Bar Association and are prominent in the Republican Party of the county. Mr. Arnold is an assistant attorney general in the fourth judicial district and is a former State Representative.

The new partnership was announced earlier this year when Mr. Russell announced that he would be leaving his post in Nashville. Before Governor Dunn's election Mr. Russell was second district coordinator for his campaign effort.

### Maremont Receives Guardsman Award

The Guardsman Award from the National Guard Bureau at the Pentagon was awarded Saturday to the Maremont Corporation of Loudoun by Major Jack D. Ramey, Battalion Executive Officer. In appreciation of the Military Department of Tennessee Certificate of Merit was awarded to the Corporation's Industrial Relations Manager, Bobby R. Black.

The citations were awarded in recognition of a patriotic program adopted by

Maremont which employs some 25 national guardsmen who are members of Company C. The company was praised for arranging shift changes so no guardsman would miss a drill date, supplements pay of guardsmen when attending annual training to avert loss of differential of company salary.

Letters of Commendation were further presented from Tennessee Adjutant General, Major General William C. Smith, Captain Joe Alexander commands company C.

### Better Housing Conference Held

Creating better housing and living environments is not just the responsibility of planners and architects but the responsibility of all members of the community, too.

So said Walter Lewis, a national housing expert, in Knoxville last week when speaking at the University of Tennessee's Plant Sciences Building to a packed audience of several hundred persons including several Loudoun County leaders.

The news media can play a vital role in stimulating a good living environment, Lewis said, and universities can help by sponsoring short courses for legislators, local government officials and laymen on upcoming issues.

Legal frameworks could be improved, too, as another means.

Most communities just "happen" one of the University of Illinois professor's key points was that communities must be planned.

Most of them have just "happened," he said, with the high costs of these happenings becoming too apparent today. Considerable money can be saved by better utilizing land rather than allowing better skelter development to occur.

Lewis added that "humane environments" must be created.

Not only the design of a house but plans for the entire neighborhood and its setting are essential, too. He used slides to illustrate his argument.

Columbia, Md., which is a planned "new town" created by private developers, was used as an example to show that one can have a community work for its residents and still turn out a profit.

Cities can be better constructed and Columbia just proves it, Lewis said, and privacy, useable open spaces, better traffic systems, a variety of housing facilities and an identity for residents are vital components of an attractive, livable environment, the housing expert noted.

### Hunt, Navy Recruit Grad

Navy Seaman Recruit Kenneth M. Hunt, son of Mr. and Mrs. James E. Hunt of Route 2, Loudoun graduated from recruit training at the Naval Training Center here.

He is a 1972 graduate of Loudoun High School.

### Bible School Scheduled

Riverview Baptist Church will have its Vacation Bible School parade and registration Saturday, June 9 at 5 p. m., the pastor Barkley Gray Jr., announced this week.

### Six Injured In Wreck

Six persons were injured in a two-car pile-up at the intersection of State Highway 95 and U.S. 70 at 5:10 a. m. Sunday.

The driver of one of the cars, Thomas Charles Edmonds, 29, of Harrison was charged with driving on a revoked license and driving while intoxicated by State Trooper Joe Littleton after the accident. Littleton said indications were that Edmonds, traveling West on 70 ran a stop sign and struck the other car that was on Highway 95. Edmonds was treated at U.T. hospital and released.

Driver of the other car, Dennis R. Daniels, 31, of Oliver Springs, his son Dennis Daniels, Jr., 9, Jerry Kennedy, 40 and Barry Kennedy, 17, of Indiana, were all taken to U.T. hospital with multiple injuries. Dennis Daniels and Barry Kennedy were admitted.

### Greenback Graduation Friday At 8

Thirty-four Greenback High School Seniors will receive their diplomas at graduation exercises at 8 p. m. Friday, June 8, at the school auditorium. Presentation of diplomas will be by Superintendent of Education A.C. Dukes and Principal James McDee.

Sponsors in the program will honor students, Mary Ann Scott, valedictorian; Mary Lou Maynard, salutatorian; Sarah Mur, third honor and fourth honor student Sharon Brookshire Plemons.

Several awards to outstanding members of the class will also be awarded at the exercise.

### Zeeb Named Maremont Vice President

(Continued from page 1)

Joining Maremont, he served as Controller for Warner Electric Brake which he by Heloit operations.

A graduate of the University of Wisconsin with a degree in Civil Engineering, Zeeb also holds a Master's degree in Business Administration from Northwestern University.

A Navy veteran, he resides with his wife Margot and their six children in Loudoun.

Maremont is a Chicago-based manufacturer of shock absorbers, exhaust systems and brake products, and a distributor of automotive parts and accessories for domestic and foreign vehicles. The company is also a manufacturer of textile yarn preparatory machinery.

Legal Notices

LOUDON, TENNESSEE June 4, 1973

BE IT REMEMBERED that the Quarterly County Court of Loudon County, Tennessee, met in regular session at 7:00 p.m. on June 4, 1973, at the Courthouse in Loudon, Tennessee.

There was present and presiding the Honorable Harvey L. Sproul, County Judge, also present: Edward Alexander, County Court Clerk, and the following Justices of the Peace, to-wit: J.J. Blair, Ray Bledsoe, J.D. Cooner, Henry C. Foster, Reece Paul Hamilton, James M. Hartsook, J.G. Hudson, Curtis A. Williams, and Hoyd Duckworth.

An "Initial Resolution" authorizing \$900,000 Road Bonds was presented and read in full. The resolution is as follows:

INITIAL RESOLUTION AUTHORIZING THE ISSUANCE OF \$900,000 ROAD BONDS OF LOUDON COUNTY, TENNESSEE. WHEREAS, the Quarterly Court of the several counties of the State of Tennessee are authorized under the provisions of Sections 9-101 to 9-112, inclusive, of the Tennessee Code Annotated, as amended, to issue bonds to provide funds for constructing roads, including all property, real and personal, appurtenant thereto or connected with such project, and WHEREAS, it is necessary and advisable for the county to pay the cost of constructing certain connecting roads to interchanges in and for said county, including all property, real and personal, appurtenant thereto or connected with such project, and

WHEREAS, said roads are to be operated and maintained for the benefit of all of the citizens of Loudon County, Tennessee; NOW THEREFORE BE IT RESOLVED BY THE QUARTERLY COUNTY COURT OF LOUDON COUNTY, TENNESSEE, AS FOLLOWS:

Section 1. That, for the purpose of providing funds to

pay the cost of constructing certain connecting roads to interchanges in and for said county, including all property, real and personal, appurtenant thereto or connected with such project, there shall be borrowed for and on behalf of said county a sum not to exceed \$900,000 and that negotiable bonds of said county for said amount be issued under the authority of existing law.

Section 2. That said bonds shall bear interest at a rate or rates to be determined upon a public sale thereof not to exceed seven percent (7 percent) per annum, and said bonds and interest shall be paid from ad valorem taxes levied upon all of the taxable property within said county without limitation as to rate or amount.

Passed and approved on this June 4, 1973. Harvey L. Sproul County Judge

Countersigned: Edward Alexander County Court Clerk WHEREUPON, it was moved by Justice Blair, and seconded by Justice Hamilton, that the foregoing Initial Resolution be adopted. A roll call vote was taken and the following Justices voted in favor of the adoption of said resolution: Blair, Bledsoe, Cooner, Hamilton, Hartsook, Duckworth.

Those Opposed: Foster, Williams, and Hudson Absent: None. IT WAS THEREUPON DECREED BY THE COUNTY JUDGE that said Initial Resolution has been adopted, and said County Court Clerk was ordered to spread the same of record on the Minutes of the Court, and said resolution was ordered published in full in the Loudon County Herald with the following Notice attached thereto: The foregoing resolution has been adopted by the Quarterly County Court of Loudon County, Tennessee, unless within ten (10) days from the date of the publication hereof a petition signed by at least ten percent (10 percent) of the registered voters of Loudon County shall have been filed with the County Court Clerk protesting the issuance of the bonds, such bonds will be issued as proposed.

NOTICE WHEREAS, the Quarterly County Court of Loudon County, Tennessee, on the 21st day of July, 1972, by deed of trust recorded in the Register's Office for Loudon County, Tennessee, in Trust Book 129, page 57, Frederick F. Plemmons and wife, Joyce M. Plemmons, conveyed to P.E. Davis, Trustee, the hereinafter described real estate to secure a note in the sum of \$15,900.00 due and payable in monthly installments of \$105.89 each, commencing on the first day of September, 1972, and on the first day of each month thereafter until the principal and interest are fully paid,

except that the final payment of principal and interest, if not sooner paid, shall be due and payable on the first day of August, 2002.

Wherein, default has been made in the payment of said indebtedness and other provisions of the deed of trust have been violated, the holder of said indebtedness has declared the amount due and payable as provided in said deed of trust, and the Substitute Trustee has been directed to foreclose the deed of trust in accordance with the terms thereof, the public is hereby notified that the undersigned Substitute Trustee will sell the hereinafter described real estate at public auction to the highest and best bidder, for cash in hand in front of the Courthouse door in Loudon, Loudon County, Tennessee, on the 22nd day of June, 1973, at 11:30 a.m.

The said real estate to be sold is located in the Second Civil District of Loudon County, Tennessee, and more particularly described as follows, to-wit: In the Browder Hollow Community and beginning at an iron pin on the North side of Oakland Avenue, 150 feet West of the intersection of Oakland Avenue and Coffee Circle, thence along the margin of Oakland Avenue South 56 deg. 23 min. West 92.5 feet to an iron pin; thence North 58 deg. 33 min. West 134.5 feet to an iron pin; thence North 66 deg. 48 min. East 110 feet to an iron pin; thence South 51 deg. 12 min. East 107 feet to an iron pin; the point of beginning, being subject to a 15 foot wide driveway easement running along the Southeast property line, 107 feet in length, to be hereinafter improved with a dwelling fronting on Oakland Avenue; all according to a survey dated January 21, 1971, by R.W. Sweeney, Jr., Tennessee R.L.S. No. 361.

Being the same property conveyed to FREDRICK F. PLEMMONS and wife, JOYCE M. PLEMMONS by GEORGE A. WILSON, Trustee of Housing and Urban Development, of Washington, D.C. by Cash Deed for Deed No. 106, dated 27th day of June, 1972, of record in Deed Book 109, page 48 in the Register's Office of Loudon County, Tennessee. This the 29th day of May

1973. Edwin H. Arnold Substitute Trustee

NON-RESIDENT NOTICE No. 9821 Andrew Smith et al VS. William F. Smith, et al STATE OF TENNESSEE IN CHANCERY COURT OF LOUDON COUNTY

In this cause, it appearing

from the Complaint, which is sworn to, that the defendant James Herbert Smith is a non-resident of the State of Tennessee, so that ordinary process cannot be served upon him, it is ordered that said defendant file an answer in the Chancery Court, of Loudon County, Loudon, Tennessee, and with plaintiff's attorney Charles T. Eblen, whose address is P.O. Box 427 Loudon City, Tennessee, within 30 days of the last date of publication of a judgment by

default may be entered and the cause set for hearing ex parte as to James Herbert Smith. This notice will be published in the Loudon County Herald for four successive weeks. This 29th day of May, 1973

Lloyd Black Clerk and Master Attorney: Charles T. Eblen (5-31-41C)

"It Pays To Do Business With Loudon"

Loudon Hickory Products, Inc.

458-3744 Keene Street Loudon, Tennessee

Over half the towns in the United States are forced to dump their wastewater in our rivers. The reason is sad.

Money. Literally over half our towns haven't got enough money to build complete wastewater treatment plants. And many towns that have complete plants aren't cleaning the water thoroughly because the towns have outgrown the plants. And they can't afford to expand. So, because of money, towns are forced into polluting our streams and rivers. Union Carbide has discovered a new wastewater system that costs less. It's called the Unox System. It's the first substantial change in wastewater treatment in thirty years. Instead of the conventional aeration system that cleans water by mixing it with the air, Unox forces pure oxygen into a series of closed treatment tanks. This forced oxygen technique cleans wastewater in less time, less space and reduces the total cost up to forty percent.

It means a town can boost its wastewater system by simply adapting the Unox System to the existing system. And towns with limited means can now afford a complete system. A number of cities and industries throughout the country have already chosen the Unox System. And more installations are being planned. We've discovered a cheaper way to treat wastewater because our streams and rivers can't afford to wait.

Possibly one of the highlights of downtown life in our fair city 34 years ago was the arrival of the state and national candidates. It was somehow like a Fourth of July celebration with everyone that could gather on the Courthouse lawn. It was a time when elaborate speaker's platforms were erected, decked with red, white and blue bunting. Seating for local politicians were also on the speaker's platform.

1965 GREEN FAIRLANE 500, V-8, automatic, power steering, 302 engine, radio, black vinyl interior.

camera bug or at least was a few years ago. Anyway, he has a collection of random pictures taken around Loudon and some are of very interesting places, people and things.

Among these, which he loaned to us, are of Election Day in Loudon several years ago. The pictures cover three scenes. One is a view of the front of the Courthouse, showing the candidates banner and a few faces you might recognize. Another scene is the Courthouse lawn looking toward town. Note the number of old model cars parked in front of the Courthouse. They are, of course, Post World War II models. It seems in those days that there was much greater interest in elections, which was good. It would be nice to see this again in our town and everywhere else.

The other picture is very interesting in many ways. You will note the old cannon is still in the Courthouse yard. It later went to War during World War II. Note the old hitch rack. This was right in front of the present White Store location. It offers a contrast. The old model touring car at one end of the rack and the old mule at the other. Note the boy laying on top of the hitch rack. He possibly had been at the Courthouse all day and just might have come via the old mule. Anyway, this brings

back many memories. Our many thanks to O'Dell Justice.

We ran across something that you, our readers, might have known about when it occurred or you might not have heard of it. It seems a little odd, but it is true. Two of our old time river fishermen, Pap Conner and Ed Henson, were fishing in the Tennessee River when they caught something very unusual. Their catch on this particular day was a tarpon. This fish is naive to the coastal waters and has never been in this locality. But, it proved to be a real tarpon and through the years, nobody could figure out how it got in the Tennessee River at Loudon.

The late Dr. Gene Smith, who was quite an authority on fish, confirmed that it was a Tarpon. But neither he nor anyone else could give an answer to it being in this locality. Doc Smith cut the fish open to see what it has been eating and found it's stomach empty, which was another mystery.

Anyway, just proved what we have often said. Sometime or other, it has happened in our town of Loudon.

**CITY RECREATION PROGRAM--**  
For the first time ever the City of Loudon has a full blown recreation program underway. It takes guts and a lot of planning and hardwork to take on such a program.

The activities now underway take in all age groups, especially true in the baseball program, from the eight year old to the adults. Now there is activity at the ball park almost everynight and the interest in the program is growing.

At the same time there are morning programs, not as organized, at the Lions Park, at the high school, and soon the swimming pool will add to the things to do for the youngster and adults alike.

With the softball and baseball programs will come tournaments. To attract these, the city is making many improvements to the park. It is hoped that gate receipts and concessions will pay for the entire program. If the city officials and the directors of the program keep the interest up by offering the type of program they have started, then everything will be great.

We urge you to get out and see what the program is doing. We think it is a feather in the city's cap and something local residents appreciate.

## Drug Trial Goes Into Third Day

Prospective jurors were hauled in off the streets of Loudon and Lenoir City Monday to help fill a jury for four young men charged with possessing drugs for resale.

On trial were Donnie Smith, William Hunge, Jack Revin and Richard Wright. The four were arrested recently by Lenoir City police on the drug charges. In Monday's action each defendant was allowed eight jury challenges and the prosecution 16. By dinner time all the jurors called were exhausted and Judge Lloyd

McCluen ordered Sheriff Freeman Russell to bring back 25 people from anywhere he could get them for the afternoon session.

About 3:30 p.m. after using the 25 and some "captured" in the courthouse a full 12 member panel was selected. Court adjourned with proof in the case to be presented Tuesday.

After a full day of testimony Tuesday, when two of the defendants, Smith and Hunge took the stand, the jury was locked up for the night. Court officials expected the case to continue through the day Wednesday, when the other defendants are expected to testify. The prosecution contends that the four had legend drugs, marijuana and LSD in their possession for resale when they were arrested.

Last week Billy Ray Copeland, charged with the armed robbery of Pride Oil Company last fall, was found not guilty by a jury in a day long trial. A doctor testified that Copeland had had a shoulder operation just prior to the hold up and he could not have performed some of the acts that the prosecution had

(Continued on Page 12)

## Berry Charged In Murder Of Ex-Wife, Trial Set

Fred Allen Berry, 30, ex-husband of Carolyn Gentry Berry, who's badly decomposed body was found in a barn loft at Loudon on April 13, has been arrested and

charged with the murder of the 24-year old woman. Berry, an ex-convict, having served sentences in Tennessee and Georgia, was arrested in Dalton, Georgia, about 8:30

p.m. Wednesday, June 6. Earlier that day Sheriff Freeman Russell had received word that Berry was in Dalton and wired the Sheriff's office there that

Berry was wanted here for murder. Sheriff Russell said that when the Criminal Court Grand Jury was in session last month they returned a sealed (secret) indictment against Berry for murder.

Mrs. Berry, mother of three young children, disappeared from her parents home in Loudon, about 8:30 on the morning of Feb. 14 and was the object of a two month search before Sheriff Russell found her body in the loft of a barn on the W.E. Huff farm.

An autopsy on the body was inconclusive about the cause of death, but authorities had been working on the theory that the woman was murdered. Shortly before Mrs. Berry returned to Loudon early this year, she and her husband were divorced.

Sheriff Russell, who has been assisted in the investigation by several of his own officers, FBI Agent Leon Miller and Loudon Police Chief John Lennex, refused to discuss the evidence in the case. Agent Miller, accompanied Russell to Dalton late Wednesday night and returned Berry to Loudon County about 3 a.m. last Thursday.

Berry has been held in Blount County Jail in lieu of \$50,000 bond since his arrest. Friday a charge of concealing stolen property was also placed against Berry by Sheriff Russell. A woman in Lenoir City reported she saw an article in the Loudon County Herald concerning a television set that was stolen from the home of Cora Clemmer, Rt. 4, Loudon, on May 31 and that a man who identified himself as Allen Berry pawed a set matching the description of the one stolen to her on the same day for \$4. It is reported that Mrs. Clemmer lives near the home of a relative of Berry.

Berry was arraigned Monday afternoon before Judge Lloyd McCluen. The trial was set for August 27 and the bond was cut from \$50,000 to \$20,000. Berry told the judge that he did not want a lawyer and signed a waiver for representation. This was turned down by Judge McCluen.

When asked for a plea of guilty or not guilty Berry stood mute, which is a technical plea of not guilty. After the hearing he was returned to Blount County Jail.

FBI AGENT LEON MILLER, left, is shown questioning Fred Allen Berry, 30, former husband of Carolyn Gentry Berry, about the woman's death. Berry was arrested in Dalton, Georgia, last Wednesday and charged with the murder on a Loudon County Criminal Court indictment.

## Indian Village Here Dates Back 800 Years Before Christ

University of Tennessee archeologists, working on the banks of Watts Bar Lake in Loudon County, have discovered the earliest known evidence of plant cultivation by prehistoric Indians in the Eastern United States.

The excavations, under the direction of Dr. Charles H. Faulkner and Dr. Major McCollough, of the University of Tennessee Anthropology Department also revealed evidence of a primitive shelter, believed to be the earliest in the state and possibly the Southeast.

"The discovery of the charred remains of a domesticated sunflower seeds on the Watts Bar site may be the earliest evidence yet of cultivation in the Eastern United States," Faulkner said. "We have established that the materials are approximately 2,000 years old, meaning that they were grown about 800 B.C."

Faulkner said the identification of the seeds was made by Dr. Friedrich Yarnell, ethnobotanist at the University of North Carolina and a leading authority on plant remains from prehistoric sites.

The discoveries were made on one of two sites excavated within the Interstate 75 right-of-way where a bridge will cross the Tennessee River and Watts Bar Lake.

Excavation work, which was directed by McCollough was done in the spring and summer of 1972. Research and evaluation of the findings continued through the winter.

The project was funded by the Tennessee Department of Transportation, Bureau of Highways.

McCollough said evidence of six to 11 different human occupations was found on the primary site.

"It could be that this is the earliest professionally excavated site in East Tennessee," McCollough said. "We know that the earliest occupation long pre-dates 800 B.C., although radiocarbon laboratories have not yet been able to provide reliable dates for it."

The earliest sign of human occupation, a sealed living floor, was found approximately three feet below the current ground level and there is evidence that this represents a seasonal campment during a single year by a small band of Archaic hunter-gatherers.

Discovery of sealed floors representing short-term occupations is "rare and thus one is highly significant," McCollough said.

Evidence of a briefly-occupied timber shelter was found about one and a half feet below the surface. Eight post-holes that formed an arc were

discovered at the site. "The Salutory address was given by Alena Wrinn, who chose the topic, "Search for Happiness."

The Valedictory address was given by Bill Stafford, who chose the topic, "Dedication."

Several students were presented scholarships. They were Geraldine Hill, daughter of Mr. and Mrs. Herbert Hill of Route 2, Loudon. She was

awarded one of two \$300 scholarships from the Loudon Women's Club. Miss Hill is a member of the National Honor Society and Math Club. She was chosen the Most Intellectual girl in the senior superlatives and ranked sixth place in the class.

The other Women's Club scholarship went to Pal Turbyfill, daughter of Rev. and Mrs. Virgil Turbyfill. Miss Turbyfill was a member of the Science Club, F.H.A., Junior Classical League, Pep Club and National Honor Society. She was chosen Miss Freshman, 1972 Homecoming Queen, and Superlative Best School Spirit. She was a 1973 Interact Club Calendar Girl, cheerleader for four years being co-captain during her junior year and captain during her senior year. She plans to attend East Tennessee Baptist School of Nursing.

The \$500 yearly scholarship for four years given by Charles H. Bacon Co., Division of Genesco, was presented by Harry Pease. This award was presented to Miss Betty Waller. Miss Waller is the daughter of Mrs. E.W. Waller of Philadelphia. She was a member of the Pep Club, Science Club, Junior Classical League, National Honor Society and a

majority. She was selected Superlative Best Personality.

The \$300 Brian H. Green scholarship was given by the United Methodist Women of the Loudon United Methodist Church. This award was presented to Miss Carolyn Ritchey. Miss Ritchey was selected the DAR Good Citizen, was a member of the Science Club, the National Honor Society, F.H.A., Loudon High School Band and Superlative Most Courteous.

Those receiving valedictory awards were Winona Oran, who was presented the American History Award, J. Michael Brown made the presentation given by Woodmen of the World Life Insurance Society. Miss Oran is the daughter of Mrs. John Oran of Route 2, Sweetwater.

## Loudon Seniors Get Diplomas And Awards

More than 1000 persons filled the Loudon High School auditorium last Thursday night to see 112 members of the senior class receive their high school diplomas and presentation of several scholarships and awards to members of the class.

Superintendent of Education, Albert C. Dukes, stressed the contributions made to the school by the 1973 graduating class. He also gave credit to members of the school faculty and administration who were in large part responsible for directing the students during their four years at the school.

The service was opened with the invocation given by the Rev. James A. Lindsey. The Loudon Choral Society presented a special musical program.

The Salutatory address was given by Alena Wrinn, who chose the topic, "Search for Happiness."

The Valedictory address was given by Bill Stafford, who chose the topic, "Dedication."

Several students were presented scholarships. They were Geraldine Hill, daughter of Mr. and Mrs. Herbert Hill of Route 2, Loudon. She was

awarded one of two \$300 scholarships from the Loudon Women's Club. Miss Hill is a member of the National Honor Society and Math Club. She was chosen the Most Intellectual girl in the senior superlatives and ranked sixth place in the class.

The other Women's Club scholarship went to Pal Turbyfill, daughter of Rev. and Mrs. Virgil Turbyfill. Miss Turbyfill was a member of the Science Club, F.H.A., Junior Classical League, Pep Club and National Honor Society. She was chosen Miss Freshman, 1972 Homecoming Queen, and Superlative Best School Spirit. She was a 1973 Interact Club Calendar Girl, cheerleader for four years being co-captain during her junior year and captain during her senior year. She plans to attend East Tennessee Baptist School of Nursing.

The \$500 yearly scholarship for four years given by Charles H. Bacon Co., Division of Genesco, was presented by Harry Pease. This award was presented to Miss Betty Waller. Miss Waller is the daughter of Mrs. E.W. Waller of Philadelphia. She was a member of the Pep Club, Science Club, Junior Classical League, National Honor Society and a

majority. She was selected Superlative Best Personality.

The \$300 Brian H. Green scholarship was given by the United Methodist Women of the Loudon United Methodist Church. This award was presented to Miss Carolyn Ritchey. Miss Ritchey was selected the DAR Good Citizen, was a member of the Science Club, the National Honor Society, F.H.A., Loudon High School Band and Superlative Most Courteous.

Good Citizenship Medal going to Martha Carolyn Miller.

Bill Stafford was the recipient of the Math Award. He also received the "I Dare You" award.

Miss Marianne Horton was awarded the Betty Crocker Homemaker of Tomorrow award, and the Crisco award for outstanding student in Home Economics went to Alena Wrinn.

Scott James was presented the Millard Truek and Inglemunt Award for 1973 membership in the Loudon Chapter Future Farmers of America. Eddie Jenkins received the Dekalb Agriculture Award for the outstanding senior agriculture student.

Ronnie Kyle was given the merit gift.

Following the presentation of scholarships and awards, the diplomas were presented by Mr. Dukes assisted by Mr. Napier.

The program was concluded with the benediction given by Rev. Virgil Turbyfill.

The Most Improved award was given to Eric Phillips and Sharon Hinds.

Mrs. Lucy Steele Harrison presented the DAR Awards. The Good Citizen award went to Carolyn Ritchey with the

award left before the picture was taken.

HONORED AT LOUDON GRADUATION--A number of students received scholarships and awards at the Loudon High graduation Thursday night. These pictured are (left to right) Martha Miller, Carol Ritchey, Laura McCall, Betty Waller, Rick Messamore, Melanie Horton, Alena Wrinn and Bill Stafford. Others who won awards left before the picture was taken.

GROUND BREAKING CEREMONIES at the site of the Loudon County Baptist Association building is shown in progress Sunday. Those participating (left to right) are Rev. Milton Bodlein, Rev. Duncan Carver, Ivo Sanders, Rev. Charles Redmon Jr., Rev. Dillard Hagan, Rev. Glen Melton, Ernest Cottrell and Rev. A.R. Nelms.

## Ground Broken On County Baptist Association Building

Ground was broken Sunday afternoon for the Loudon County Baptist Association's new \$300,000 associational building. The new building, the first headquarters for the Association is located on U.S. 11 between Loudon and Lenoir City on a one and one half acre site. Construction is expected to be completed in about six months.

The structure will house the offices of the Superintendent of Missions, Rev. Glen Melton, a large conference room that will be available for meetings, conferences and other uses. There will be storage rooms, rest rooms and other facilities necessary for the Association.

At the present time the Association offices are housed in a portion of the Calvary

Baptist Church in Lenoir City. According to Rev. Melton the existing office space has become inadequate because of the growth of the Association and increased scope of the activities the Association is involved in.

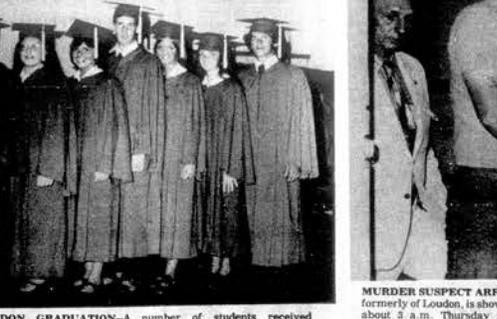

Rev. Melton stated that the outline of plans for the new structure was the outgrowth of much prayer, planning and was made possible through the cooperative efforts of the pastors and churches who make of the 38 Church and one Mission Association.

Rev. Dillard Hagan, pastor of the First Baptist Church of Philadelphia, presided over the ground breaking ceremonies, assisted by Rev.

Melton and Rev. Milton Bodlein, pastor of the First Baptist Church of Loudon. Rev. Bodlein is Chairman of the Building Committee. Many other pastors, church members and friends were on hand to help mark the beginning of the construction.

Funds to build the building were raised through donations from members of the Association churches.

Rev. Melton expressed a desire that the new building will be completed and ready for dedication at the time of the Associational Centennial Celebration and at that time several prominent officials, including the Baptist Convention will be invited to the service.

HONORED AT LOUDON GRADUATION--A number of students received scholarships and awards at the Loudon High graduation Thursday night. These pictured are (left to right) Martha Miller, Carol Ritchey, Laura McCall, Betty Waller, Rick Messamore, Melanie Horton, Alena Wrinn and Bill Stafford. Others who won awards left before the picture was taken.

MURDER SUSPECT ARRESTED--Fred Allen Berry, 30, formerly of Loudon, is shown entering Loudon County Jail about 2 a.m. Thursday followed by Sheriff Freeman Russell. Berry, ex-husband of Carolyn Gentry Berry, was arrested Wednesday night in Dalton, Ga., returned to Loudon County where he was charged with the murder of his 25-year-old ex-wife.

JUNE 14 1973

# London County Herald For and about Women

## Carey-Evans Engagement Told

Mr. and Mrs. Elmer Carey of Vonnore announce the engagement of their daughter, Connie Sue, to Howard Ruel Evans, son of Mr. and Mrs. Buford Evans of Greenback.

Connie is the granddaughter of Mrs. Minnie Brogden and the late Alfred Brogden of Loudon and the late Mr. and Mrs. Willie Carey.

The groom-to-be is the nephew of Mr. and Mrs. Kenneth Howard of Loudon. He is employed by Maresnost Corp.

The wedding will take place Saturday, June 16 at 7 p.m. at the Vonnore Baptist Church. All friends and relatives are invited to attend.

Visiting her parents, Mr. and Mrs. Jim Moore, left last week for Kissimmee, Fla. to spend a few days with her sister, Mrs. Charles Garrett and Mr. Garrett, before returning to their home in Puerto Rico.

Mr. and Mrs. Clarence Giles, Mr. and Mrs. Allen Giles of Lebanon, Mo., and Miss Winnie Giles of Fla. have returned to their homes after a visit here with relatives.

Mr. and Mrs. Fred Harold visited Sunday in Miami with his sister, Mrs. Cordie Tilley. Mr. and Mrs. Bill Thompson and daughters Robbin and Leigh Ann have returned to their home in Natchez Trace State Park Wildersville, Tenn., after visiting last week with their parents, Mr. and Mrs. Oscar Thompson in Madisonville and Mr. and Mrs. Burton Petrey.

Mr. and Mrs. Benny Arp and children of Daisey were weekend guests of his parents, Mr. and Mrs. Paul Arp, also his grandmother Mrs. Charles Taylor.

Mr. and Mrs. Carl Cooper of Lenoir City and Mr. and Mrs. Raymond Giles are home after vacationing in Panama City, Fla.

Billy Kelley of Lenoir City visited Sunday with Mr. and Mrs. Charles Kelley. Mr. and Mrs. Ted Judy of Elk Park, N.C. were guests last Thursday of Mr. and Mrs. Joe Mills.

Miss Pam Martin of Corryton spent Thursday night of last week with Mr. and Mrs. Homer Bolt and Heather.

Mrs. Mae Cox spent a few days last week visiting in Knoxville.

Mrs. Heba Chaney had as her guests Sunday afternoon, Mr. and Mrs. Roy Thomas and Sheila of Mableton, Ga., and Mr. and Mrs. Johnny Goodwin and children of Loerion.

Mr. and Mrs. A.B. Winkle of McKenzie and Mrs. Wilhemina Pittsworth and son, Mark, of Knoxville were guests last Thursday of Mr. and Mrs. Charlie Paul Chizass and family.

Mr. and Mrs. Hugh Frank of Miami, Fla. and Mrs. Boyd Mason of Greenback visited last Thursday with Mr. and Mrs. Luke Everette.

Mr. and Mrs. Haskill Sharp and son Larry of Ill visited last week with Mrs. Fred Miller.

Mrs. James P. Watkins and Mrs. Paul Arp attended a State Delta Kappa Gamma Meeting, over the weekend at the University of the South in Seawane.

Mr. and Mrs. Douglas Mason are vacationing this week in Daytona Beach, Fla.

Mr. and Mrs. Lake Everette attended a birthday dinner Sunday given in honor of their granddaughter, Miss Ann Smerley, at the home of another granddaughter, Mrs. Jerry Jacob and Mr. Jacob in Lenoir City.

Mr. and Mrs. George McGinley have as their guests their grandchildren, Laura, Jody, Pete and Judith McGinley of Thomasburg, Ill. and Robbin McGinley of Vinton, Va.

Allen Ray Cansler returned home last Tuesday after vacationing in Daytona Beach, Fla.

Mr. and Mrs. Dick Mowles and son Rickey came from their home in Marietta, Ga. for a weekend visit with her mother, Mrs. Joe Jones and son Rickey. Rickey accompanied the Mowles home for a visit.

Rev. and Mrs. Douglas Eastes of Cleveland visited Sunday with his father Don Eastes a patient at Fort Sanders Hospital.

Mrs. Fred Miller visited Sunday in Sweetwater with Mr. and Mrs. Clarence Rose and Mrs. Curtis Glandon of Maryville.

Mr. and Mrs. Ralph Bradshaw and Mrs. Tommy Bradshaw were visiting Sunday in Rugby.

Mark Matlock of Lenoir City spent the weekend with Sam Stewart.

Misses Jewel Horner and Jenny Harrison left by plane Monday for Tampa, Fla. for a visit with Jewell sister and brother-in-law, Mr. and Mrs. Robert Miller.

Dr. H.M. Russell was guest speaker at Hiwassee College Sunday morning worship service.

Mrs. Kenneth Thomas returned home Monday from Fort Sanders Hospital.

Mrs. John Lee of Atlanta, Ga. is here for a visit with her sister, Mrs. Jim Jacob.

**Greenback Community News**

By Mrs. S.B. McCollum  
Phone 856-3037 Greenback

Miss Alice June Quillen and Mr. Joseph Edward Hall were united in marriage on Saturday evening June 9 at Greenback - Presbyterian church, the pastor the Rev. Alexander G. Glander performing the rites.

The bride, daughter of Mr. and Mrs. Robert L. Quillen of Lenoir City was given in marriage by her father. Her gown was white silk organza trimmed with pearl embroidered Alcon lace and her veil was held in place by a pearl and lace cap. She carried yellow roses and stephanotis.

Miss Kathy Quillen of Lenoir City was maid of honor and bridesmaids were: Mrs. Sandra Hurst and Miss Becky Autum of Maryville; Miss Judy Bryant; Mrs. Susan Cope; and Miss Beverly Vaughn, all of Lenoir City; Junior bridesmaid, Miss Jackie Hall, sister of the groom. Attendants wore yellow chiffon and tulle with matching garden hats and carried baskets of orange and yellow daisies and roses.

The groom, son of Mr. and Mrs. John R. Hall, was accompanied to the altar by his father. Ushers were Steve Hurst and Larry Carpenter of Maryville; Fred Marshall of Venable; Bill Hall and Lloyd Quillen; also Steve Elise of Piney Flats. The brides

parents gave a reception in the Fellowship Hall. Mrs. Ralph Hall and Mrs. Kathleen Hammonree had charge of refreshments. Among the guests were Mr. and Mrs. Kevin Stamper and family; Miss Nancy Thompson; Mr. and Mrs. Harold Itoe and Sherrill; all of Chattanooga; Mr. and Mrs. Jack Alexander, Hendersonville, N.C. Mr. and Mrs. Harry Albaugh and son Wayne of Baltimore, Md.

Ladies of Greenback Presbyterian Church gave a gift tea Sunday afternoon in the Fellowship Hall honoring bride elect Miss Judy Pippa. Arrangements of white glads, spring flowers and baby breath decorated the serving table. The tea was in charge of Mrs. Joe Greenway assisted by Mrs. Frank Hill; Mrs. J. G. Hudson; Mrs. Ben Hammonree; Mrs. Fannie Berriff; Mrs. Jones Blair and Mrs. Robert Anderson Jr. The honoree received many beautiful homekeeping gifts.

Among the guests were Mrs. John Kennedy; Mrs. Ben Stewart and Mrs. Harold Long, Acon; Mrs. H.R. Pippa; Mrs. Leland Pippa; Mrs. Robert Stephens; Mrs. C. W. Pickett; Mrs. Earl Hawk; Mrs. Randall Mcintosh all of Maryville; Mrs. Gail Merrill; Mrs. Walter Hargiss and Mrs. Olin Harmon, Knoxville; Mrs. Madison West, Loudon; Mrs. Sue P. Jones and Miss Elizabeth Penland Madisonville, Miss Christina Gillander, Macon, Ga.

Mr. Sam McInture is improving after several week treatment in the U.T. Hospital, and is able to be out again.

Steve Alsen Piney Flats; Joe Bundum, Tazewell; Miss Jackie Coleman, Maryville; Mr. and Mrs. Larry Carpenter, Maryville and Loyd

Quillen Lenoir City were weekend guests of Mr. and Mrs. Ralph Hall.

Miss Anita King and Mr. Randall Stinson were married Saturday evening at the home of the bride's parents, Mr. and Mrs. Frank King, of the Lenoir City Road. Mr. Stinson is the son of Mr. and Mrs. Calvin Stinson, Jona. Road. The Rev. R.M. Everett, pastor of Nile's Perry Baptist Church performed the wedding rites.

Given in marriage by her father, the bride wore a gown of white silk organza and her veil was held in place by a pearl and lace cap. She carried a bouquet of daisies and carnations. An improvised altar on the lawn of the King home was the scene of the ceremony. Mrs. King fashioned her daughters wedding apparel. Miss Joy Adams, the brides only attendant, wore a yellow floral print nylon, sheer, empire style with long skirt. Mr. Stinson's father served as best man. Those who assisted in serving at the reception were Mrs. Judy Cable; Mrs. Frank King Jr.; Miss Karen Byrd; Mrs. C. L. Franklin and Mrs. Kenneth Byrd. The couple left for Nashville, Mr. Stinson is employed.

A pre-nuptial party for Miss Anita King was given by Mrs. Harry Denton last Monday June 4. Thirty guests attended brunch. Mrs. Denton was assisted in serving by her sister, Mrs. Judy Cable.

Mrs. Kyle McCall was hostess at a luncheon at her home on the Morganton Road last Tuesday June 5 honoring bride to be, Miss Anita King. Co-hostesses were Miss Willie Ruth Kichley and Mrs. David McCall.

Miss Eula McSpadden of Madisonville spent the past weekend with her sister, Mrs. Leon Brent. They went to Johnson City where they attended the graduation of their nephew, Claude Gerald McSpadden from the East Tennessee State University. Christina, Elizabeth and Hobbie Gillander of Macon,

**Mary Graham, Jake Lane Wed Friday**

The Cumberland Presbyterian Church of Loudon, Friday, June 15, at 8 p.m., will be the scene of the marriage of Miss Mary Elna Graham and Harold (Jake) Lane. The ceremony will be performed by the Rev. Jack Ferguson.

The bride is the daughter of Mr. and Mrs. Ronald Winfred Graham of Rio Vista Drive, Loudon.

The groom is the son of Mr. and Mrs. Roy Edward Lane, Route 2, Loudon.

All friends and relatives of the couple have been invited to attend. No formal invitations have been issued.

Members of the wedding party will be Miss Marsha Waller, Maid of Honor; Bridesmaids, Mrs. Debbie Furley, Mrs. Carolyn Harvey and Miss Lisa Harvey. Larry Lane will serve as Best Man. Ushers will be Bill Lane, Buddy Guider, and Johnny Williams.

The bride's parents will host a reception to be held in the Fellowship Hall of the church.

Guests are guests of their grandparents, the Rev. and Mrs. Alexander Gillander. Their maternal grandmother, Mrs. Eliza Carrice is with them and Miss Marybeth Gillander of Knoxville is also a guest of her parents.

Mrs. C. E. Long visited last week with her son, Mr. and Mrs. Hankin Long in Clinton and they three went Tuesday to Johnson City where they attended the graduation of their son Stephen Long from East Tenn State University.

Mr. and Mrs. Frank Rowland of Oak Ridge; Mrs. Nora and Dora Hatfield of Buffalo, N. Y. visited Saturday with his sister, Mrs. C. E. Long.

**Akin-Merrick Vows Said**

Miss Jane Akin of Birmingham, Ala. and Charles L. Merrick of Auburn, Ala. exchanged nuptial vows in an afternoon ceremony, Saturday, June 9 at Morning View Baptist Church, performed by Dr. S. Louie Armstrong. Mr. Pat Dean presented special wedding music.

The bride is the daughter of Mr. and Mrs. Ben C. Akin of Montgomery, Ala.

The groom is the son of Mr. and Mrs. John Merrick, Wharf Street, Loudon.

The bride, given in marriage by her father, wore a gown of candlelight satin with matching lace sleeves

and chapel length train. She carried a cascade of white roses and stephanotis, tied with moss green ribbon.

Mrs. Steve Parker of Nashville was Matron of Honor. She wore a floor length pink gown and carried a nosegay of spring flowers.

Best Man was Bill Pennington of Atlanta. Ushers were Jim Bowen and Robert Anderson, both of Auburn.

Following the ceremony, a reception was given by the bride's parents in the Fellowship Hall of the church.

After a wedding trip, the couple will make their home in Opelika, Ala.

**Shelia Ricker Weds Roger Harrison**

Miss Sheila Ann Ricker became the bride of Roger Alton Harrison in an afternoon ceremony at Bethel Baptist Church in Virginia, Saturday, June 9 at 4 p.m., with Rev. Edwin Kether performing the ceremony.

The bride is the daughter of Mr. and Mrs. Marion W. Monroe of Salem, Va. She is the granddaughter of Mrs. Maggie Henderson of Loudon.

The groom's parents are Mr. and Mrs. Grover A. Harrison of Salem, Va. He is the grandson of Mrs. Lilly Winner.

The bride, given in marriage by her stepfather, wore a formal gown of ivory satin organza and tulle lace fashioned with a high neckline and puff sleeves. The bodice, sleeves and the A-Line skirt featured rows of lace detailed with miniature pink roses.

The hemline, edged in matching lace, extended into a full chapel-length train. Her fingertip mantilla was attached to a lace Camelot cap featuring pink roses. She carried a bouquet of pink

roses and daisies with baby's breath.

Miss Karen Monroe of Salem, Va. was maid of honor. Bridesmaids were Miss Debbie Foley and Miss Melissa Monroe, both of Salem; Miss Cathy Sink of Ft. Lauderdale, Fla. and Miss Diane McNabb of Philadelphia, Tenn.

Grover Harrison, father of the groom, was Best Man. Ushers were Grover Harrison Jr., Gary Harrison and Mike Monroe, all of Salem, and Darrell Bobbitt of Lynchburg, Va. Ringbearer was Brian Lynn of Salem.

A reception was given in the fellowship hall of the church following the ceremony.

After a wedding trip to Williamsburg and Virginia Beach, the couple will make their home in Roanoke County, Va.

The bride is presently a student at Longwood College. The bridegroom is employed by Norfolk and Western Railroad in Roanoke.

**HDC Dairy Cook-Off Winners**

By Bonnie F. Sheeley  
Asst. Ext. Agent  
Home Demonstration  
Members from across the county met at the Rescue Squad Building Wednesday morning, June 6 bringing many different types of dairy foods. Dairy dishes were judged on taste, dairy composition, appearance, and recipe. The winners in their divisions are: Meat Dish-Mrs. Gerald Campbell, Vegetable Dish-Mrs. Hurley Deford, Bread Dish-Mrs. Doyle Arp; Party Food-Mrs. Joe McWilliams, and Dessert-Mrs. Gerald Campbell.

Approximately seventy-five dairy dishes were entered in competition. A covered dish luncheon followed the judging. The program featured 4-H Dairy Food demonstrations given by Velvet Wilborn, daughter of Mr. and Mrs. Richard Wilborn of Highland Park, and Janet James.

**DAIRY COOK-OFF WINNERS**-Winners in the June Dairy Month Cook-Off of the Loudon County Home Demonstration Clubs were (left to right) Mrs. Gerald Campbell, meat dish, vegetable dish and dessert; Mrs. Hurley Deford, salad; Mrs. Joe McWilliams, party food; and Mrs. Doyle Arp, bread. Mrs. McWilliams is a member of the Loudon City Thursday Nighters HDC and the others are all members of the Corinth HDC.

## Bonnie Talk

**BONNIE SHEELEY**  
Assistant Extension Agent

Agricultural Extension Service  
The University of Tennessee

What better way to start Dairy Month than to give emphasis to milk and other dairy foods. June, traditionally a month of peak milk production, has been designated as a time to spotlight milk and the many products which make up the family of dairy foods.

Calcium is one of the three nutrients in which American diets are apt to be low. Adequate income and education do not erase problems of being over-fed and under-nourished, unfortunately. Milk and milk products are the richest food-source of calcium. Foods such as yogurt, ice cream, and ice milk can take the place of fluid milk as a source of calcium, but at added cost.

The second place recipe in the Loudon County Dairy Recipe Contest was submitted by Mrs. Clyde Wesson of Lakeside Drive in Lenoir City. This Crunchy Pear Dessert can be a very special end to a dinner for your family or friends.

### CRUNCHY PEAR DESSERT

1/4 cup butter 1 cup sifted enriched flour  
1/4 cup firmly packed brown sugar 1/2 cup flaked coconut  
Heat oven to 400 degrees. Combine all ingredients; mix with hands. Spread in oblong pan 13" x 9 1/2". Bake 15 minutes, remove from oven. Stir with spoon. Press 2 cups hot crunch against bottom and sides of 9" pan, using a fork. Cool.

### FILLING AND TOPPING

1/4 cup firmly packed brown sugar 2 tablespoons butter  
one-third cup enriched flour 1/2 teaspoon vanilla  
1/4 teaspoon salt 1/2 cup whipping cream  
1/4 cup pear juice 6 canned pear halves,  
from canned pears well drained  
1/2 cup milk 1/2 cup sugar  
2 eggs, slightly beaten 1 teaspoon cinnamon  
Combine brown sugar, flour and salt; blend in pear juice and milk until smooth. Cook over medium heat, stirring constantly until mixture thickens and comes to a boil. Boil 1 minute, remove from heat. Gradually stir hot mixture into beaten eggs until all is added. Return to heat, boil 1 minute longer. Blend in butter and vanilla. Pour into crunchy crust. Chill thoroughly. Just before serving, whip cream, spread over top. Mix sugar and cinnamon, dip pear halves in mixture, arrange on whipped cream. Sprinkle extra crunch over all.

### Several Entertain Miss Graham

Several pre-nuptial parties have been given in honor of Miss Mary Graham, bride-elect of Harold Eugene Lane in chronological order, Miss Graham was honored with a bridal shower by the employees of the Bank of Loudon County where she is employed.

Co-hostesses Mrs. Beatrice Grizzle, Mrs. Edna Lane and Mrs. Brenda Lambert honored Miss Graham with a bridal shower at the fellowship hall of the Bethel Methodist Church.

A dinner at the Hyatt Regency honoring Miss Graham was given by co-hostesses Misses Marsha Waller, Susan Smith, Judy Witt, Sarah Kirkland and Paty Brewer.

Miscellaneous shower was given at the home of Mrs. Daydawn Witt with Mrs. Bobboe Curtis and Mrs. Belle Thomas as co-hostesses.

Also entertaining the honoree was Mrs. Diana Cattle at her home with Mrs. Kathy Millsaps as co-hostess.

**4-H CONFERENCE**—Two Loudon Countians were among 250 delegates to the 18th Annual Regional Resource Development Conference at Fontana Village, North Carolina. Ninety youths from Tennessee attended the week-long event which drew 417ers from the seven states in the Tennessee Valley. Loudon County's delegates are (left to right) Lynn Thomas and Kyle Shepherd. They studied the responsibility of the human resource in using natural resources wisely.

**INTERACT CLUB** of Loudon High School president Richard Love presents Mrs. Harry Pease, chairman of the Loudon County Cancer Fund Drive a check for \$140.25 that the club raised through the Seal A Mouse To College project to aid the local Cancer Campaign.

**Charles McCall**  
Extension Leader

During my visits to several farms in the County recently I observed that farmers have problems very few people think about. For example our farmers have been very busy between showers trying to put up hay. If this wasn't enough trouble during the hot, humid weather the threat of internal parasites to the cattle increased because of the weather and the hussle and bustle of many other chores to do.

My good friend Edwin D. Byerley was enjoying a cool glass of ice tea when the subject came up. He states that lightly infested cattle go unnoticed. Yet he says mild infestations result in lower feed utilization and reduced rate of gain. We walked out to the green pasture field to take a look and sure enough his cattle were fat and looked like they were in perfect health. Maybe farmers would be more concerned if animals died or developed severe symptoms such as weakness, diarrhea, loss of weight or anemia. Mr. Byerley said that farmers couldn't afford to let this happen at today's high prices. I couldn't agree more with him.

We stopped next at Frank Kings to try and prove our point. Playing it cool of course not to let him know I had talked to Mr. Byerley, Frank said it wasn't easy to prevent infestation under weather conditions we have been having lately. Some of the conditions are practical under some conditions in preventing infestations of internal parasites to farmers like myself, asked as if avoiding over grazing and rotation of pastures would help in reducing stomach worms. Mr. King stated we try to do this however it's easier said than done but it would help.

A day or two later we were on Alvin Smith's farm. He was busy treating some of his cattle because some of his pastures fields are low and wet which are known to be infested because of the wet areas. He had treated all animals earlier in the grazing period but under the hot humid conditions his cattle would need another treatment. This is a good practice to follow every 40 to 60 days. At the present feeder cattle prices every pound of reduced gain is a great potential financial loss to our feeder calf producers in Loudon County. We recommended that they use some of the materials available to them to help prevent losses from parasite infestations. All of them can be administered through the feed saving some very valuable time.

Attention all Loudon lightning bug collectors! It's that time again. Once more scientists at Johns Hopkins University in Baltimore, Maryland, need fireflies for their research on enzymes and are willing to pay anyone 40 cents per 100. The first collection, one of two scheduled is set for Monday, June 25 from 8:45-4:15 p.m. at Arp's Grocery Store. Last year the local bug catchers had their best year ever, delivering some 5800 fireflies for scientific research. The top collector for the area was John Sewell of Rt. 1, Philadelphia, who nabbed 2925 bugs to earn over \$10. In second place was Gay Denny of Cox Rd. with 1700, while Monte Elliott of Rt. 1

captured third place distinction with her 1265 bugs. The rules for collecting lightning bugs are simple and easy. (1) Use a net to catch the bugs which come out best around twilight. You can make such a net at home from such things as a coat hanger and a pillowcase. (2) Catch the right bug—the one with the red head, black back and yellow tail. The Soldier Beetle (brown) and the "Second-Rate" lightning bug (yellowish-brown—head, brownish-black back) are useless to the scientists. (3) After catching the bugs, freeze them. This preserves the enzyme the scientists want to study. Keep the bugs frozen and dry at all times, except for counting and delivery. (4)

After freezing the bugs, count them by hand. Record the exact count on a Nightly Count Sheet which is to be brought in when the bugs are sold. (5) Deliver the bugs on the Monday afternoons of June 25 and July 9 from 5:45-6:15 P.M. at Arp's Grocery Store. For any questions, please write Firefly Project, P.O. Box 3014, Oak Ridge, Tennessee 37830.

## Your County In Action

BY  
**Harvey L. Sproul**  
LOUDON COUNTY JUDGE

Last week I was discussing some of the landmark decisions and steps that were taken by the Quarterly Court at its last meeting. Several of the matters had

been under study and investigation and consideration for several months, but I believe the right decision was made in each of those circumstances.

Last week I had particularly begun to discuss the efforts that were involved in the Court's voting to adopt a unified Personnel Program. To continue along this line a little further, because our County finances have been so tight for so long, and because it simply seemed that other things took precedence at the

particular time, nothing had been done in the past to put County employees, and their positions, on a more professional basis.

After loading up these questions over a period of time, and because of a favorable settlement last year with the State Board of Equalization concerning TVA In-Lieu-of-Tax payments, and because of some other things, including a successful program negotiated with the Legislature this year, it would appear that possibly these personnel benefits might be obtained without any cost on the property taxes as such.

Of course, the State Comptroller's office has been listing for several years now in his audit comments concerning the operation of County Government that something should be done to treat equally County employees who serve faithfully and well and in particular to provide such fringe benefits as retirement and group insurance.

reduce cooling cost of  
**Central Air Conditioning**

You can reduce the cost of central cooling by following a few tips.

Full insulation can reduce cooling costs by 30 percent or more, compared to the cost of cooling a home without insulation.

Have preventive maintenance performed once a year. Change or clean filters regularly.

Always set the thermostat at the highest comfortable setting and leave it. If away for more than a day, set the thermostat up several degrees. Set back to normal on returning.

Close drapes on the sunny side of the house and operate your range only when necessary. Use lighting sparingly.

Following these tips should help you get maximum value from your central air conditioning system.

**LOUDON UTILITIES**

fresh Clean ELECTRICITY DOES IT BEST!

In hand with this, the State urges County Government to operate more efficiently all the time, and the recommendation of the State and the desire of the County to attempt to treat and have some system of treating employees as fairly as possible resulted in a special "job classification and wage" study.

If County employees are entitled to fringe benefits, then they should also be willing to operate on a professional basis as the State does, and as industry does.

Under this study, which has been done by professional persons who are loaned to local government by the State Personnel Office, a complete and detailed analysis of the jobs in the County was conducted, and then compared with other similar jobs in Loudon County and in neighboring cities and counties to come up with fair compensation for certain type jobs which were classified according to this professional study.

As you might guess, there are found to be some kinks and some dissatisfaction with what the study finally shows, and it is one of those things where the people who make the study must do it entirely on their own, and with no influence over what their study shows. After it is made, abide by it, but have room for an appeal in the event there is a serious error.

This has been done, and a total unified personnel program has been adopted by the Quarterly Court including the wage classification, compensation, retirement, group insurance, and personnel policies.

This involved what amounts to a considerable raise for each employee by virtue of the fringe benefits that will accrue beginning almost immediately.

In addition, some employees who have been designated by the study in certain classifications based on their training, experience, and responsibility will receive some increase in pay, but all employees will continue to receive at least the same pay they are receiving now plus the benefits from the retirement and group insurance.

As I stated above this may result in some dissatisfaction and misunderstanding, but

there can be no dispute but that the total overall program will be good for the employees of the County, and I believe for the people in the County, by encouraging employees to stay with County Government and to improve their performance and background, and attempt to achieve a higher classification in this way.

Surely the advantages of the program will outweigh any disadvantages and slight injustices that might occur over a short period of time.

Hopefully any injustices or inequities will be corrected as time goes on, and the plan and program will receive the support of all County officials, Department Heads and employees.

What I have discussed above is a part of the brighter side, but as we have found in our budget hearings, the school budget has risen astronomically this year, and possibly I will have time to discuss this particular point further next week.

**CLOSING OF THE 1-75 BRIDGE** across the Tennessee River at Loudon is nearing. This aerial photo taken last week shows steel about three-quarters away across the \$7 million bridge. Decking is shown on a portion of the structure.

**WITH MORE THAN 1000 PERSONS** looking on the 112 graduates of Loudon High School are shown receiving their diplomas from Superintendent of Education Albert Dukes Thursday night as Principal William Nagler (right) calls the class roll.

## Non-Work Choice Of More Men Locally

How many Loudon County men are non-workers by choice?

How many in the local area, over age 16, are unemployed, neither working, nor looking for work nor going to school? As in most parts of the nation, their number is increasing, year by year.

According to the latest figures from the U.S. Department of Commerce, there are now some 1,675 men, locally, in this inactive class. Of this total, 836 are under 65 and 839 over 65.

They represented 20.4 percent of the over-16 population. Elsewhere across the country the average is 14.9 percent.

For the most part, they are people who have a source of income or who have acquired sufficient resources or financial backing to enable them to not-work, often at a comparatively early age.

Although there are many among them who are unable to work because of physical or mental conditions and although there are some shirkers who rely upon the rest of society to provide for them, the great majority are quite different.

Because their funds are adequate for their needs, they don't have to work and they don't choose to do so.

Throughout the United States as a whole, the total in the non-work, non-school category is close to 10 million, the Commerce Department reports. It compares with 5,200,000 in 1960. More than half of them are 65 or older.

In Loudon County, some 17.4 percent of the male population over 65 are still in the labor force. Nationally, the figures show, 24.8 percent remain on

the active rolls.

What keeps the others going financially? Outside of savings interest, private pensions, dividends and other income from investments, their chief source of funds is government "Transfer Payments."

These include social security, unemployment insurance, welfare and veterans benefits.

During the past year, when personal income in the United States amounted to \$326 billion, no less than \$106 billion of it came from transfer payments, according to the Commerce Department.

Chiefly because of these payments, retirement has become feasible for more and more people. As a result, the proportion of non-workers to workers has been rising.

## Office Has Anniversary

"The Employment Security Department touches the lives of more people than any other branch of government," Deputy Commissioner Emmett L. Conner said today in cutting a birthday cake in the office of Governor Winfield Dunn.

The cake-cutting ceremony marked the sixth anniversary of the nation's public employment service system created by the Wagner-Peyser Act of June 8, 1933.

"Tennessee's employment service and unemployment insurance programs are operated by the Employment Security Department. They are part of the world's largest in a public organization, finding workers for jobs, jobs for workers, and paying unemployment benefits to eligible workers temporarily without jobs," Conner said.

Executive Assistant Dale Young, who represented Governor Dunn at the anniversary event, noted that the agency's services are financed with a small tax on

# Loudon City Recreation Program Tee's Off With Tee-League

RECREATION TEE-LEAGUE ACTION—With the thrills and excitement of a big league baseball game the little fellows perform in Tee-league play in Loudon's new

organized recreation program. In left picture a new batter steps in to swing as a runner is on first base ready to run once the ball is hit. Second picture from left has umpire

Fred Mode giving out a few instructions before this batter steps in to hit. A home run swing is captured in the third picture as the ball goes zooming into the playing area. The

last picture shows a close call at first base with the runner barely beating the ball to the bag.

## Swimming Pool Opening Delayed

The Loudon recreation program is in full swing at this time. "Things have got so busy this week, I have not even had time to figure the softball averages up," said Recreation Director Chig Ratledge. "We plan to have baseball games again this weekend as last week."

The swimming pool opening date took a bit of a later time this week when it was learned that the contractor would not be able to finish any earlier than the first of July. It is understood that the City is near finished with their part of the pool construction.

The Tee-League rosters and schedule for the weekend play are as follows:

- FRIDAY 15**  
 6:00 Reds vs. Expo's — B.R.  
 7:30 Reds vs. Yankees — Tee  
 8:30 Giants vs. Braves — D.Y.L.
- SATURDAY**  
 6:00 Piney vs. Giants — B.R.  
 7:30 Indians vs. Braves — Tee  
 8:30 A's vs. Pirates — D.Y.L.

## Bankers Trip Connie Mackers With Long Hits

The Bank of Maryville hammered out four triples and a double last Thursday night battering the Madisonville Connie Mack team 9-1. William Cansler was the loser in his first start of the season. Madisonville got just three hits with Mike Basinger going two for four for the night and one run batted in. Marty Porter collected the other hit. Madisonville took a 1-0 lead after one complete inning of play but poor fielding judgment on routine fly balls proved costly.

The losers had to play with a skeleton team due to the absence of Tommy Cook, Tim Cunningham, Barry Dyer,

Chris Helms, and Eddie Akins.

## Jefferson City Out Scores Loudon In Slugfest

The Loudon Merchants journeyed to Jefferson City last Saturday to tangle with Jefferson City Magnavox of the Knoxville Stan Musial League. Loudon seeking their first win of the summer, displayed their most explosive hitting of the season and tallied 11 runs only to fall short of the hard hitting Magnavox nine by a 13-11 count.

Loudon took the lead in the first inning on Donnie Hightower's base hit and Mac Coley's RBI single.

Magnavox jolted the Merchants in the bottom of the first inning sending 13 men to the plate. Five hits, two in the form of home runs, along with two walks and an error resulted

in eight runs. Jefferson City added three more runs in the second inning with two singles and a home run before any outs were recorded.

Trailing 11-1, Loudon scored in the third frame on Bruce Brannon's hit and catcher Mac Coley's RBI hit. Jefferson City registered two unearned runs on two consecutive fielding errors.

Loudon refused to throw in the towel and collected two runs in the fifth inning on Brannon's single, a hit by Hightower, and a third straight run producing base knock by Coley.

Bruce Brannon clubbed a home run in the sixth inning

with Gordon Tucker on base by way of a hit. The Merchants cut the score to 13-9 in the eighth on Brannon's fourth consecutive hit, a safety by Hightower, Coley lived on a fielding error and scored Brannon. Hightower came in on a fly ball by Jack Cox and Coley capped the inning by stealing home.

Loudon almost pulled the game out with two more runs in the ninth inning. Gordon Tucker opened the frame with a hit and Donnie Hightower blasting a home run, but the rally was stopped shy of the Magnavox total and Loudon had lost the explosive high scoring game.

## Cook Drafted By Pros

Tommy Cook, spring graduate of Loudon City High School, where he starred in football and baseball as a quarterback and first baseman/pitcher respectively, was drafted by the St. Louis Cardinals last Tuesday in the 12th round of the professional baseball draft for seniors.

Tommy, the son of Mr. and Mrs. Jim Cook of 905 West First Avenue in Loudon City, has been active in baseball ever since he can remember.

At age six he played little league baseball despite being too young for the league. He graduated to Minor League ball when he was nine and played Pony League during his 13-15 years.

A four-year letterman in high school baseball Tommy has also played on the Loudon Merchant Stan Musial team for one summer and led the

Vadonville Connie Mack baseball team for boys 16-18 to a second place finish in the state tournament last summer.

Tommy was first contacted by the St. Louis team in his junior high school season by district scout Bob Graham. He was later checked on by the regional scout Dick Hughes before being drafted to the Florida State League. Should he decide to sign Tommy will report to St. Petersburg for the summer.

Tommy, who will meet with Mr. Hughes this week, is currently leading the Fagleton Connie Mack District in batting this summer with a .700 plus average. Tommy has signed baseball scholarship papers with North Eastern Louisiana earlier in the spring and should be turned over to his amateur status in the college ranks.

## Gibson Fires No-Hit Game Merchants Tame Oak Ridge In Twinbill

Loudon with their bats still hot from Saturday dealt visiting Oak Ridge FM a double header loss Sunday at Loudon.

Gary Joe Gibson burlied the opening game, having pitched only three innings Saturday. The lanky left-hander fired a sparkling 7-0 no-hitter at the Oak Ridge team which had defeated Loudon 6-4 just seven days before. Only four men reached base on Gibson, two on errors and two on walks. Gary struck out five in going the route.

Jim Stair supplied the hitting power for Loudon with three hits for the day. The Merchants scored four runs in the first inning and added two in the second and one in the fourth. Gene Ratledge and Stair blasted triples in the

game, while Rodney Amburn laced a double.

Jack Cox picked up the victory in the second game with a 11-2 score. Gene Ratledge relieved Cox in the sixth inning to record a save. Donnie Darnell, David Hightower, and Bobby Russell all hit triples in the rout as Loudon collected 15 hits for the game and 22 for the entire twinbill. The Merchants scored once in the second inning, three in the third, two runs in the fourth, four in the fifth and one in the sixth frame in the explosive nightcap.

Oak Ridge, getting their first hit of the day in the fifth inning of the second game, scored twice on three walks and a hit. The visitors got two more hits in the sixth inning but failed to score.

## Game and Fish TODAY

By Sgt. Bob Harmon  
Game and Fish Commission

### GAME AND FISH MAKES PERSONNEL CHANGE

District staff changes were announced today by Tennessee Game and Fish Commission Director David M. Goodrich. The personnel transitions involved the Commission's Law Enforcement Division to become effective on July 1, 1973.

The move by Director Goodrich made changes in the status of three Captains who held the Game and Fish law enforcement program at the district level. Captain Ray G. Henry of Harriman will be transferred from District Two headquarters in Knoxville to the Jackson headquarters in District Eight. Captain Lewis Bourne of District Eight will be demoted to the position of Law Enforcement Officer. Captain Albert L. Boyd of District Four in Chattanooga will receive a medical retirement. Boyd has been employed since 1950.

"These changes have been carefully weighed and we believe the overall Commission program will benefit by this shift in personnel," Goodrich announced. Director Goodrich pointed out that other personnel changes which would enhance the organization will be made when necessary.

"We will now begin to evaluate replacements for the vacancies in Districts Two and Four. Game and Fish personnel will receive top consideration," Goodrich concluded.

### HUNTING-FISHING LICENSE RENEWAL

The Tennessee Game and Fish Commission will place the 1973-74 hunting-fishing licenses on sale on June 15, according to Director David M. Goodrich. The 1972-73 licenses will expire midnight, June 30.

"The Tennessee combination hunting-fishing license will be sold by all Game and Fish offices and certified agents.

The price is \$5.25 for Tennessee residents 16 years of age and older who hunt and fish. Director Goodrich noted that for the first time since 1965, the hunting-fishing license will be offered for slightly more than \$5.00. Legislation passed during the 1973 General Assembly created a 5 percent agent's fee on licenses.

"This fee can be 5 percent as long as it is no more than twenty-five cents or no less than ten cents," Goodrich explained. "This fee goes to the license agent, a small remuneration for their time spent renewing the licenses and performing other duties."

Director Goodrich stated that this small increase in the license structure would produce approximately \$175,000 additional revenue for wildlife. He also noted that this figure was insufficient for development in the management of Tennessee's wildlife which need to occur in the near future.

Examples of other license fees are juvenile hunting, \$3.15; big game, \$5.25; one-day fishing, \$5.00. Free licenses will still be offered to Tennesseeans who are 65 years of age or older, the blind, or veterans who are certified by the VA as 90 percent disabled due to war service.

### TENNESSEE CONSERVATIONIST GOES TO FREE SUBSCRIPTION

The "Tennessee Conservationist" Magazine, a monthly publication of the Tennessee Game and Fish Commission and Department of Conservation, will be available on a free subscription basis beginning with the July issue, according to Information-Education Chief, Larry Richardson.

"The demand for this magazine which has been copublished by both agencies for many years has become so great that we can no longer continue issuing it on a free basis," Richardson said.

## Summers Has 33 Net In UC Golf Play

Hall Summers fired a low net of 33 for the week and sparked the play of his team in the Union Carbide Golf League to a 22 point lead in the standings. Summers and Mike Oody accounted for 30 team points and now have 120 for the season to date with their closest challenger, Dick Huff and Art Hamill back in second place with 96 points.

No other team is presently in the running as third place team of Jack Randolph and Carlos Evans trail the leaders by 31 points with a season total of 89.

### UNION CARBIDE GOLF STANDINGS

TEAM	POINTS
Summers and Oody	120
Huff and Hamill	96
Randolph and Evans	89
Helm and Delaney	83
Cardwell and Miller	83
White and Rosenbaum	71
Spradlin and Black	72
Hodge and Scarborough	69
Hickholz and Moore	59

**CHEROKEE LAKE** - Largemouth - good using Big O's, Rapalaps, and plastic worms. Lower half of lake was some top water activity. Crappie - excellent fishing in upper end using minnows 2 to 3 feet under water cover. For stripes, rockfish and hybrids, the fishing is good in the steep plant area using top water and spinning type lures. Some nice rockfish are being taken at this time. Rocks and hybrids are good in lower part of lake on hot spots and rebels around sunken islands. Catfish and bluegills are good using natural bait.

**NORRIS LAKE** - Clinch River Side - clear and falling. Bluegills are good using crickets and night crawlers fishing deep. Tailwalkers - heavy discharge from dam and no activity.

**MELTON HILL LAKE** - Full pool. Murky to muddy but clearing some. Crappie are good using lead head jigs tipped with minnows. Bream - good using worms and crickets at medium depth.

**WATTS BAR** - Murky and muddy and rising. Bass - fishing in good water using activity on Big O's. Crappie - fair, using minnows.

**FOOT LOUDOUN** - upper end - clear and fluctuating. Crappie - fair on jigs and minnows. Bass - fair using plastic worms and shallow running lures. Bluegills and catfish - good using worms and cut bait. Lower end - murky and rising. Stripes - good using minnows and hadacalls. Bluegills - good using worms and crickets. Tailwalkers - Crappie, bluegill and drum are fair using minnows and worms.

**DOUGLAS LAKE** - clear and falling. Crappie - good casting artificial worms and top water lures. Crappie are fair, trolling small lures slowly. Sauger - fair still fishing with minnows.

**DOUGLAS TAILWATER** - full and murky. Crappie - good using minnows. Sauger - fair using minnows and jigs fishing deep. Bluegills - good using lizards casting from banks. Trout - good - using corn and worms.

**LITTLE TENNESSEE RIVER** - clear and high. Trout - good - using corn and worms. Bream - good - using worms below dam. Catfish - good using corn above all bridge. Catfish - good below bridge using worms.

**LITTLE BIG ORANGE PARTICIPANTS** - Taking part in this week's University of Tennessee sponsored Little Big Orange Basketball Camp at Loudon High School this week are left to right: Marcus Phillips, Doug Atkins, James Hill, Stacy Cole, Mike Strange, Derrick Richardson, Neal Schrimsher, Ty Watson, and Lynn Davis. Second row left to right: Pam Bivens, Phillip

Green, Frank McCall, Marty Rodgers, Ricky McCary, Mike Akins, Steve Schrimsher, Freddie Starritt, Randy Davis, Roger Howard, and Steve Millsaps. Pictured in the third row are camp instructors bumper Webster, Mike Messamore, Coach Phillip Bettis, Coach Larry Bridges, and Camp Director Coach Hugh Watson.

**LITTLE BIG ORANGE CHEERLEADERS** - Members of the Little Big Orange Cheerleading and Modeling Camp underway at Loudon High School this week are left to right: Tammy Boone, Jeanie Long, Jackie McCoy, University of Tennessee cheerleader and camp instructor Miss Debbie Congleton, Lisa Blackburn, Ann Ross, and Lea Ann Cole.

Green, Frank McCall, Marty Rodgers, Ricky McCary, Mike Akins, Steve Schrimsher, Freddie Starritt, Randy Davis, Roger Howard, and Steve Millsaps. Pictured in the third row are camp instructors bumper Webster, Mike Messamore, Coach Phillip Bettis, Coach Larry Bridges, and Camp Director Coach Hugh Watson.

### INSTRUCTIONAL DRILL

Loudon Head Basketball Coach Hugh Watson makes a satisfactory check of son Ty's progress in the Little Big Orange group drills. Camp instructors bumper Webster and Mike Messamore head this phase of improving individual skills of handling the basketball.

Shortstop Mike Balsinger made a rare appearance on the mound Monday night as Madisonville clashed with Harrison Construction Company in Connie Mack play. The stocky right hander twirled a sparkling three hitter and struck out 14 as Madisonville won 4-2.

Chris Helms proved to be the initial hero of the night as Madisonville had watched a 1-0 third inning lead go to a 1-1 score and finally 2-1 before rallying in the top of the seventh inning.

Catcher Neal Foster got Madisonville off to a 1-0 lead with a daring theft of home plate in the third inning. The former Lenoir City catcher reached base on an error with two outs and continued to run the base paths with steals of second and third before dashing across home plate.

The Harrison Construction team knotted the score in the fifth inning on a hit and a hit batter setting up back to back attempts to steal home plate with two outs. The first effort was ruined safe despite being exceptionally close. The final attempt was foiled.

The Maryville team took a 3-1 lead on Jim Clark's 355 foot home run over the left field fence in the bottom of the sixth inning.

Madisonville, with the bottom of their batting order taking charge, placed a man on first base as Harry Dyer started the final time at bat with a misplayed shut to shortstop for an error. Johnny Price struck out but beat a passed ball throw to first base as Dyer had stole second base.

A double steal on a fake sacrifice bunt had runners at third and second base, setting the stage for Helms.

The Loudon graduate drilled a two strike pitch back through the middle of the drawn-in infield to score both runners and give Madisonville the lead. Helms then stole second and third base and crossed home plate on Neal Foster's squeeze bunt single, for a 4-2 lead.

Upon ending the Madisonville rally the Harrison Construction batters found Balsinger and his mates no match as the hard throwing pitcher struck out two and yielded the third out of the

Madisonville plays the Rockford Mets Thursday night before entertaining Tellico on Monday in Madisonville.

# DRIVE CAREFULLY.

ALL THE WAY TO THE BANK.

If you have a safe driving record, we'll reward you with savings on your auto insurance.

Having a good driving record should be worth more to you than simply a warm glow of self-satisfaction. That's why we offer Aetna's Auto-Rite policy—a policy especially designed for safe drivers. If you have a good driving record you're eligible for our lowest rate.

Auto-Rite saves you money. But it's not a trimmed-down, minimum coverage policy. Far from it. You can get a full range of coverage, including liability, collision, fire, theft and comprehensive, medical payments, bail bond and emergency road service. Liability limits are available up to \$600,000.

Auto-Rite brings you something else. We mean Aetna's countrywide claim service, and its reputation for fast action and fair play. And we'll back that up with our agency's personal service and attention.

Come in and tell us about your good driving record. You'll like what we tell you about Aetna's Auto-Rite policy for safe drivers.

**SomeHow**  
At the Lenoir City Memorial Building Friday, June 22, at 8:30 p.m. It will be your only chance ever to celebrate the beginning of summer, 1973. So be there! One of the best two back shows you've ever seen. Produced by F.A.S. Associates.

## City Golf League Gets New Leaders

Larry Bridges and Larry Lane have finally managed to slip into the Loudon City Golf lead. Taking advantage of the idle play of Larry and Lynn Millsaps, who have led the league standings for several weeks, Bridges and Lane collected 10 team points and have a total of 64 for the season. The Millsaps team has 60 points for the season and despite having a bye for the week fell no lower than second in the standings.

John Lennox and Buck Kirkland turned in wins to team points and increased their third place total to 37 points and striking distance

since again for first place. Paul Brakebill and Ed Arnold hold down fourth place this week with a 56 netting 19 team points from their play last week. Also achieving the most in team points were the teams of Sarge Harrison and Earl Millsaps and Ed Swenson and Gerrald Cole.

Sarge Harrison won top individual honors for the week with a low net of 33 for nine holes. John Lennox and Buck Kirkland regaining some lost points in an effort to stay among the league leaders captured the team low score with a combine round of 72.

**TOUCHING UP THEIR GAME**—Larry and Lynn Millsaps, who have led the Loudon City Golf League play for several weeks polish up their game after being idle last week with a bye from league play. Lynn prepares to sink a 10 foot putt as Larry holds the pin and insures his brother's efforts by anchoring his foot just behind the hole.

**COACH RATLEDGE STAYS BUSY**—Loudon High School Head Football Coach stays busy despite the "off time" from football practice. Ratledge, Loudon City Recreation Director, along with many other duties is pictured registering summer recreation participants for summer activities.

## TSSAA Changes High School Baseball Format

The Tennessee Secondary School Athletic Association has voted to change the four-team, double-elimination baseball tournament into a playoff series between the top two teams of each of the four regions.

The change in format was one of several moves adopted by the TSSAA Board of Control at Paris, Tenn., during its final meeting of the school year.

In one of the other moves, the girls' Class L Basketball tournament was changed to increase the number of teams from six to eight. Regions 1

and 2 in East Tennessee will send two teams each to the sub-state games, but the remaining regions will send three apiece.

Under the new baseball format, the state will be divided into 32 districts and eight regions. Single-elimination tournaments will decide the regional champions.

The eight regional winners will be paired in playoff games, similar to those in the current football playoff plan. Two more sub-state semifinal games will be played to determine the two finalists.

The two finalists will then meet in a best two-out-of-three playoff series for the state championship at a site selected by the TSSAA state office eight or nine days before the tournament.

Chattanooga lost more than \$2,500 and attendance was less than 1,000. The teams were from Jackson, Nashville, Tullahoma and Knoxville.

Chattanooga was selected as the tourney site before the final four games were determined.

Gil Gideon, TSSAA executive secretary, said, "Due to the expense of our current baseball tournament, I felt a new format was an

absolute necessity and the one we've adopted should be an asset in this area."

"With the new program, we should be able to bring the tournament closer to the participating teams."

In other moves by the Board of Control:

Golf will be divided into 16 districts and four regions with each tournament advancing only the top four individuals and top team to the next meet. This will cut the state tournament field from 54 to 32 players.

"The state cross country meet was increased from two to three miles.

"The state wrestling tournament was awarded to Nashville Overton High School for next year.

"The two-mile run was adopted as the state's 17th event in TSSAA track and field.

"Bob Balbridge, director of publications, was named assistant to the executive secretary.

## Loudon's Ken Phillips Setting Atomic Speedway Pace

It required four years of weekly competition, but finally occurred at Atomic Speedway. At last, a late model sportsman driver has been able to put together three consecutive triumphs on the swift dirt facility.

The honor goes to Loudon's Ken Phillips, who has suddenly developed into the hottest performer ever at the speedway. Driving a Camaro, Phillips will be back at the oval Saturday night attempting to extend his record streak.

Saturday's racing program will include a 40-lap feature and 20-lap semi-feature for the sportsman drivers, a 20-lap event for hobby division competitors and a 15-lappper for those driving in the Atomic Bomber (strictly stock) class.

Time trials are slated for 7 p.m. and the racing gets under way at 8:30 with the first of four heat races.

"Sooner or later some driver was going to win three in a row here," said Atomic owner Bob Martin. "Several other drivers have had shots at the mark, but something always seemed to happen."

Phillips, a veteran campaigner, didn't pick up the third win in a row easily. He outbattled Knoxville's Tootle Eates and Georgia hotshot Snooks DeFoor over the final laps.

"Although a driver has now won three straight races," said Martin, "I'm confident the task of winning is getting tougher. These are the most competitive cars around. Any driver qualifying for the feature race is capable of winning. Even some of those running in the semi-feature have cars quick enough to be a champion."

## THANK YOU

I would like to express my appreciation to the voters of the City of Loudon for electing me as a member of their City Commission. I am looking forward to working for the taxpayers of Loudon and serving on the Commission with the other fine members. Please feel free to discuss your views on city programs or special problems with me at any time.

Thanks again,

### 43 Receive Attendance Awards

Forty-three students at Loudon Elementary school received certificates of perfect attendance for the 1972-73 school year Friday from Principal Rupert Huffine.

In addition one student, Gary Mills was given a \$1 bill for having five years perfect attendance. Similar awards were given to Henley and David Grimes for four years attendance without a missed day of class.

Those getting one year certificates were as follows: Donnie Gibson, Mike Bluford, Archie Cosner, Mark Mallock, Donna Blair, Bruce Moore, Ronny Bright, Timmy Martin, Ronnie Hayworth, Lisa Webb, Jerome Pope, Timothy Allen, Lennox, Kimberly Wood, Richard Arien Kelly, Jr., Bobby Dean Lennox, Mary Alice Shubert, Johnny Shubert, Karen Martin, Ray Mills, Kent Gibson, Charlie Hooker, Michael LaHue, Jeffery

**DIDN'T MISS A DAY**—These 43 Loudon Elementary School students received certificates Friday for having attended the entire school year without missing a day of school.

Singleton, Dawn Tuck, Kevin Wright, Jeff Schrimsher, Lynn Davis, Mark King, Pat Lennox, Curtis Brewster, Carla Glass, Carol Hart, Ricky Shubert, Gary Mills, Wanda Anderson, Barbara Martin, Annette Watts, David Grimes, Tim Henley, Tammy Brown, Tracie Glass, Cindy Oran, and Jeff Wallace.

### Graham Gets Arts Degree

Deborah Graham Furley, daughter of Mr. and Mrs. W.R. Graham of Rio Vista Drive, Loudon, has received the Bachelor of Arts degree from Maryville College. Deborah participated in the College's 15th Commencement, June 4.

**GET CASH AWARDS**—Loudon Elementary School Principal Rupert Huffine hands one dollar bills to Gary Mills for not missing a day of school in five years and to Tim Henley and David Grimes for having four years perfect attendance.

### 34 Greenback Seniors Receive Diplomas

Thirty-four Greenback High School Seniors received their diplomas Friday night in ceremonies at the school.

Principal speakers were the class honor students Valectorian Mary Ann Scott and Salutatorian Mary Lou Maynard.

Following a short address by Superintendent of Education Albert Dukes the seniors were presented their diplomas from Dukes and school principal James McGhee.

The 1973 graduation marked the first time in the history of the school that three generations had received their diplomas there. In 1922, one year after the first class graduated at the school, Fred Pippa graduated. In 1951 his son Donald Pippa graduated. Friday night the third generation member Judy Pippa received her diploma. Others on the program, which was held in the packed auditorium of the school, were Rev. Alexander Gillander and Rev. R.M. Everett.

**GREENBACK CLASS OF 1973**—As they prepare to receive their diplomas Friday night, members of the Greenback senior class are shown in the school auditorium.

**SUPERINTENDENT OF EDUCATION** Albert Dukes is shown speaking to the graduating class at Greenback High School last Friday night. Also on the stage are the class honor students, Valectorian Mary Ann Scott and Salutatorian Mary Lou Maynard. Principal James McGhee, Rev. Alexander Gillander and Rev. R.M. Everett.

### RC Swim Classes Set

The Loudon County Chapter American Red Cross will offer an adult beginners course in swimming, July 9-20, 6:30 to 8:30 p.m. at the Loudon Municipal Pool. Mrs. Juan Davis will be the instructor. Mrs. Betty Swiney, Water Safety Chairman, states: "You may still register for beginners, advance beginners and intermediate swimming; swimmers and junior life-saving." For these courses you must register with the American Red Cross Monday through Friday, 10 a.m. to 4 p.m. 986-3468.

### Prayer Group

A prayer group will be held Thursday, June 21 from 7 p.m. to 8 p.m. at Blairland Baptist Church. This group is non-denominational and everyone is invited to attend.

### Lodge 204

Sets Meeting The Tennessee Lodge No. 204 will hold a Third Degree

and Past Masters night Tuesday, June 19 at 7 p.m. Doyle Arp, Worshipful Master, urges all Past Masters and regular Masons to attend. Supper will be served.

**CYCLIST INJURED**—Larry B. Roberts, Concord, is shown being loaded into an ambulance Sunday after his motorcycle was struck by a car on Mulberry Street in Loudon at the Atlanta Street intersection. Mr. Roberts was taken to a Knoxville hospital where he was treated for cuts and bruises and released. The car which struck the cycle was driven by John A. Robinson of Louisville. The accident occurred about 12:10 p.m. Sunday.

## City Revenues Exceed Projections, Mayor Says

Loudon Mayor Joe Carter reported to City Commission Monday night revenues in the 11 months of this current fiscal year have exceeded the projected figures by more than \$31,000. He said that a total of \$369,682.15 has been collected by the city from all sources when only \$338,389.28 had been predicted for the entire year. The city's fiscal year ends June 30.

Also during the same 11 month period (through May) the city has spent \$263,014.17 of its projected 12 month budget of \$319,539.88. According to projects still under construction and programs not completed the total budget figure will probably use the budget funds.

Resolutions introduced last month on appointment of a City Recreation Board and adoption of Rules and Regulations for the Lion's Municipal Park were adopted.

In the absence of City Administrator Gary Hensley,

Deputy City Recorder Mrs. Rex Barnett reported that Mr. Hensley has met with an investigator of the Public Service Commission concerning getting additional train signals on several crossings in the city. And that the investigator had made some suggestions about getting financial help and more cooperation from the railroads. The matter was continued to the next Commission meeting for further report from Hensley.

A bid in the amount of \$16,500 was let to Power Equipment Company of Knoxville for a 1972 model International Crawler for the city street department. The Power bid was \$500 cheaper than one from Stowers Equipment Company on an older machine.

The Commission voted to call for competitive bids from paving companies for the curbing and paving a one-half mile section of Carding Machine Road. The project is expected to cost about \$24,000.

## Drug Trial . . .

(Continued from Page 1)

restified to.

Rufus Thompson was found guilty of driving while intoxicated. He was fined \$100 and court costs, had his drivers license suspended for six months and sentenced to 48 hours in jail.

A not guilty verdict was returned in favor of Mike Malone, who had been indicted on a charge of contributing to the delinquency of a minor.

## Indian Village

Dates Back 800 Years BC

(Continued from Page 1)

found, McCollough speculated that the shelter, which he says was not a permanent one, was probably covered with

branches of daub, applied to the main timber supports.

Adjacent to the shelter wall was a compacted floor about 15 feet in diameter, a shallow hearth and trash pit containing turtle shell and bones from fish, beaver and deer, and a formal roasting pit or earth oven containing the charred domesticated sunflower seeds. Radiocarbon dates of 780 B.C. and 906 B.C. have been secured for the hearth and roasting pit.

The last major occupation on the site was between 200 to 400 B.C. and this represents an Early Woodland people who lived a more settled life than the earlier groups. Broken pieces of pottery, storage pits, rock-filled cooking pits and evidence of a substantial, relatively permanent oval timber house were found at this level.

Drs. Faulkner and McCollough said it is rare that so much stratified and detailed information is found in one archaeological site, especially one as small as that on the highway right-of-way. They pointed out that there were no burials found on the site.

"It is certainly a tribute to Dr. McCollough's work that he was able to recover so much information from this site," Faulkner said.

Students from Faulkner's archaeology classes worked at the smaller of the excavated sites in the spring of 1972 and again in the spring of this year. Other classroom-detailed work will continue in the area. Faulkner said he hopes the area will become a "natural archaeology laboratory."

# Tom Davis Is New County Road Engineer

Loudon County has a new county road engineer and his name is Tom Davis. Davis is responsible for inspecting all new county roads and making sure that they are up to the county's standards. He started the new job in February and as he explained it recently, "I work with the Loudon County Regional Planning Commission and am directly responsible to them. They have to approve all the roads, among other things, and I have to enforce the regulations, at least as they pertain to county roads," he said. "Indirectly, I am responsible to the County Court," he added. Standards are "essential." "Everyday's experiences make me realize how essential the road standards are," Davis said. "If the county didn't have and didn't enforce the standards, then it would have a lot of poor roads to maintain. As the taxpayers would have to pay for it, too," he said. Davis, a 14-year resident of Dale Lee Junction, will be checking the drainage and the compaction of road materials as a part of his new job. Presently he's working part-time during evenings and on Saturdays. He's well qualified for the road inspection post having worked for the State Highway Department for the past several years "looking after soil compaction on projects in the area primarily" and holding B.S. and M.S. degrees in soils and agriculture from the University of Tennessee. Anxious to do a good job, He has also been employed at TVA (beginning in 1940) and with the Soil Conservation Department "where I did some surveying work." Davis is married to the former Jo Marie Jones who is a native of Loudon City. The new road engineer himself hails from Hamilton County, near Chattanooga. He's anxious to do a very good job for Loudon County, and he's succeeding so far.

### Farm Land Prices Double

What price is farmland in Loudon County? How much have land values gone up, locally, in the last few years?

The competition for farm properties, as they become available, has become more intense than ever.

Farmers are bidding against one another in the desire to enlarge their acreage and attain better operating efficiency through the use of more sophisticated machinery.

Also, as pointed out by the Federal Reserve Bank of Chicago in its recent Agricultural Letter, the large farms are able to achieve economies in the purchase of supplies and equipment and advantages in the marketings of their products.

It finds that the boom in farmland prices reached a peak, nationally, in the past year. They were 10 percent over the previous year. It was the largest year-to-year gain since 1951.

In Loudon County, as elsewhere, the values have been zooming upward. Back in 1964, farm real estate in the local area averaged \$258 per acre, according to the Census of Agriculture taken that year. The figure represents the price of land plus the buildings on it.

Throughout the State of Tennessee, at the time, the average value of such property was \$167 per acre.

Now, nine years later, farm real estate has reached a record high of \$318 per acre, the statewide average as of November, 1972, according to the latest findings of the Department of Agriculture.

In Loudon County, on that basis, assuming the local area kept pace with the rest of the state, its farmland has now appreciated to approximately \$488 per acre.

The increase since 1964 amounts to 89 percent. For the country as a whole, the rise is 56 percent and, for the rest of the Appalachian States, 78 percent.

The Federal Reserve Bank concludes, as a result of its survey, that the rise in farm real estate values "was accentuated... by 1972's record-high net farm income and the increase in farm mortgage funds provided by institutional lenders."

### Boys State Set

Six Loudon Counties are among 200 youth from across the State that have been named delegates to the 1973 American Legion Boys State that begins June 18.

Boys State, hosted by Tennessee Tech, is a practical experience in self-government. Boys Staters will create and operate a mythical 31st state, electing officials in city, county and state government. This year marks the 54th year for the American Legion-sponsored event.

Delegates from Loudon County are Tim Guider, John Lovelace, Preston McQueen, and Greg Watson. Greenback High School delegates are Bill Joe Kyker and Richard Rader.

### Have Daughter

Mr. and Mrs. Kyle Burnette Jr. of County announce the birth of their second daughter, Brandy Diane, on May 29.

Grandparents are Mr. and Mrs. Robert Wilcox of Loudon Co., and Mr. and Mrs. Rex Burnette Sr. of Loudon.

### Legal Notices

NON-RESIDENT NOTICE  
NO. 3923

Walter Edward Mallock and Della Joe Mallock vs. Carolyn Matlock Merrick and Bruce Wayne Merrick.

State of Tennessee  
In Chancery Court of Loudon County

In this cause it appearing from the Complaint which is sworn to, that the defendants Carolyn Matlock Merrick and Bruce Wayne Merrick is a non-resident of the State of Tennessee, so that ordinary process cannot be served upon them, it is ordered that said defendant file an answer in the Chancery Court of Loudon County, at Loudon, Tennessee, and with plaintiff's attorney John O. Gilson, whose address is Grove Street, Loudon, Tennessee, within 30 days of the last date of publication or a judgment by default may be entered and the cause set for hearing ex parte to them.

This notice will be published in the Loudon County Herald for four successive weeks.

This 11th day of June, 1973, Lloyd Black, Clerk and Master.

John O. Gilson, attorney.  
(-14-18c)

### FORCLOSURE SALE

Default having been made in the payment of the debts and obligations as made and provided for in a certain Deed of Trust dated June 16, 1969, made by Agnes Lequire and wife, Shirley F. Lequire to Kendred A. White, Trustee, and recorded in Trust Book 9, page 117, Register's Office for Loudon County, Tennessee, and the entire indebtedness having been declared due and payable and payment not having been made, as demanded, notice is hereby given that I, Kendred A.

White, Trustee, and under the authority vested in me or in my said instrument and having been requested to do so by the lawful holder and owner of said indebtedness, will on or about June 20, 1973, at 10:00 a.m. at the West Door of the Courthouse in Loudon, Tennessee, sell at public outcry to the highest bidder and last bidder, for cash, free from the equity of redemption, homestead, dower and all other exemptions of every kind, all of which are waived in said deed of trust the following described land in Loudon County, Tennessee, described as follows:

SITUATED in the Third Civil District of Loudon County, Tennessee, and being a house and lot described as follows:

BEGINNING at an iron pin on U.S. Highway 411 146 feet from the Northwest corner of the John W. Hammontree property; thence running from said iron pin approximately South with U.S. Highway 411 150 feet to an iron pin; thence running from said iron pin approximately East with Hammontree 168 feet to an iron pin; thence running from said iron pin approximately North with an old fence 150 feet to an iron pin in the fence row; thence running from said iron pin in fence row West 168 feet more or less to an iron pin in U.S. Highway 411 and being the point of beginning.

JOHN W. HAMMONTREE and wife, CAROL ANN HAMMONTREE, reserve water rights from a certain well located on the Southern boundary of this property herein described in that they shall be able to use said well and pump and to run water lines from said well and pump in the remaining property owned by them, said property being adjacent on three sides to the property herein described.

Said sale will be made subject to any and all taxes that may be lien against the property as dated this 22nd day of May, 1973.

Kendred A. White, Trustee

### NOTICE OF SALE OF REAL ESTATE

Whereas, on the 21st day of July, 1972, by deed of Trust recorded in the Register's Office for Loudon County, Tennessee, in Trust Book 126, page 57, Fredrick F. Plemmons and wife, Joyce M. Plemmons, conveyed to F. E. Davis, Trustee, the hereinafter described real estate to secure a note in the sum of \$13,500.00.

Being the same property conveyed to FREDRICK PLEMMONS and wife, JOYCE M. PLEMMONS by GEORGE ROMNEY, Secretary of Housing and Urban Development of Washington, D.C., by Cash Deed for Tennessee dated the 27th day of June, 1972, of record in Deed Book 109, page 46 in the Register's Office of Loudon County, Tennessee.

This the 29th day of May

1973, Edwin H. Arnold Substitute Trustee  
NON-RESIDENT NOTICE  
No. 3921  
Andrew Smith et al vs. William F. Smith, et al  
STATE OF TENNESSEE  
IN CHANCERY COURT OF LOUDON COUNTY

In this cause, it appearing

from the Complaint, which is sworn to, that the defendant James Herbert Smith is a non-resident of the State of Tennessee, so that ordinary process cannot be served upon him, it is ordered that said defendant file an answer in the Chancery Court of Loudon County, at Loudon, Tennessee, and with plaintiff's attorney Charles T. Eblen, whose address is P. O. Box 427 Lenoir City, Tennessee, within 30 days of the last date of publication or a judgment by

default may be entered and the cause set for hearing ex parte as to James Herbert Smith. This notice will be published in the Loudon County Herald for four successive weeks.

## Patriotic Program Set At First Baptist

Special services with the theme "A Nation Under God" will be held at the First Baptist Church Sunday at the regular worship hour, in honor of Flag Day which is Thursday, June 14.

Michael Morgan, minister of music and youth, said that the adult and youth choirs will be combined with a 17 piece military band and organ to perform Peter Willhousky's arrangement of "Battle Hymn Of The Republic."

"We are using this picture at this time to prove to Earl, who always vacations in Loudon, that we hadn't forgotten we had this picture."

We believe the small boy sitting in the chair is Tub Simpson, who now works for Jim Blair and the other two are Earl and Wimp.

We have talked a lot of people in the Greenback area in recent months, and have gotten some good pictures from this area. But we are always looking for old time or unusual pictures from all parts of Loudon County. We were talking to Mr. France the other day, who is formerly from the Greenback area, and he tells us he has a very unusual picture from years past that he is going to let us borrow. He also offered to help us in securing other pictures and information from this section of our county. We greatly appreciate his offer to help and to all others who make contributions to our Good Old Days effort.

Quite often, in the realm of everyday conversation, we find someone with a comment about our reference to the Good Old Days. The other day Robert Hudson, one of the boys from the Good Old Days in Loudon, stated that he agreed that those years were the Good Old Days because he was thirty years younger then and could tell the boys from the girls. We are sure that many of our readers will agree with Bob.

IN PARTING

Things may come to those who wait, but only things left behind by those who hustle—Abraham Lincoln.

A status symbol is something your neighbor has too and you don't have one of.

The man who can smile when everything goes wrong probably has someone else he can blame it on.

## Rev. Isaacs Receives Degree

Rev. Larry L. Isaacs, formerly of Loudon and pastor of Corinth Baptist Church, received the Master of Divinity Degree from The Southeastern Baptist Theological Seminary in Wake Forest, N.C. on May 25.

Rev. Isaacs and his family are residing in Raleigh, N.C. where he is pastoring the Green Pines Baptist Church of

Knightsdale, N.C. Rev. Isaacs plans to complete his requirements for the Doctor of Ministry Degree in May 1974. He received his B.A. Degree from Carson Newman College in 1969. He was pastor of Cedar Valley Baptist Church near Sweetwater while completing his college work.

Mrs. Isaacs is employed by The Beaman Company in the Research Triangle Park of Raleigh, N.C. She works in the accounting department and has been with the company for over three years.

## White Gets DAR Award

Charlotte Jane White, daughter of Mr. and Mrs. James L. White of Loudon was presented the DAR Good Citizenship Award at Steekee Elementary School, recently. She is the granddaughter of Mrs. Bud Thornburg and the late Mr. Thornburg of Loudon and Mrs. Lillie Thomas of Kingston.

men, we are not going to write a formula for making whiskey. Fact is, we don't know how and wouldn't if we knew.

Why did we get off on this subject? Well, we have a good reason. We have a picture of a Cooley Moonshine Still in operation. This picture was taken many years ago and is unusual in a lot of different ways. I can't recall ever seeing or hearing of still operators letting their picture be taken at the still operation sight.

Through the passing years, we have seen many of the stills that have been captured by our county sheriffs and some of them we have had pictures of. But never have we had one of the operators like this one. That makes it a very unusual picture.

We are grateful to Frankie Sutch for the loan of this old Moonshine still picture. Maybe there are others around in somebody's picture collection. We would like to have them if they are pictures of captured stills of years ago. So, give us a call if you have a picture you would loan us.

Another picture we have this week comes to us from South Carolina, from Earl Simpson, who grew up in Loudon. Most people remember the Simpson boys for the musical ability. Wimp, as he was known to all of us from the Good Old Days, was an excellent fiddler. I guess a lot of credit for their musical ability was due to their uncle. The late Walt Harwell, Mr. Harwell could play just anything he picked up.

**BACK IN THE GOOD OLD DAYS**

One of the things that East Tennessee has received an over-share of publicity on is the Moonshiners. Many jokes and cartoons have been slanted toward this industry. I can't recall where it was, but in one publication a few years back, the formula for making whiskey was published. This almost created a real problem for the Revenue people, who publicly criticized the writer. Well, have no fear. Revenue

## Three Convicted In LSD Trial Here

Three of four men tried in Criminal Court last week for possessing LSD pills for resale were sentenced to 11 months and 29 days in jail at the conclusion of the three-day trial.

Found guilty were Donnie Smith, Jack Revis, and Richard Wright. A mistrial was declared in the case of the fourth defendant, William Range, after the jury reported they were deadlocked 3-4.

The four were arrested at Eaton Crossroads earlier this year by Sheriff's Department Officers who found the drugs in a car the men were driving.

The three convicted men are expected to file petitions for probation.

The trial of Tommy Key of Loudon City, charged with breaking and entering at Lenoir Hardware ended in a mistrial Friday. The case was mistried during the last session of Criminal Court also. The jury deadlocked at 9-3 in the case it was reported. Court officials expect that the case will be tried for a third time later this year.

Three men charged with breaking into the Lenoir Lignifelter home at Lenoir

City was scheduled for trial Wednesday to conclude the current session of Criminal Court. The three defendants in the case are Tommy Mills, Johnny Kirby and Fred Stokes all of Knox County.

Two special sessions of Criminal Court are scheduled later for murder trials. Alvin Dean Shaver and Margery Sue Chastain will go on trial July 23 for the murder of Shaver's grandmother Mrs. Mary Shaver, who was found stabbed to death in her Lenoir City home last March.

On August 27 Fred Allen Berry is scheduled to be tried on the charge of murdering his ex-wife, Carolyn Gentry Berry. Mrs. Berry's body was found in the left of a barn in Loudon in April, two months after the man reported to have disappeared.

Circuit and Criminal Court Clerk Billy Joe Akins said that Circuit Court will begin on July 27 with non jury action and jury trials will start July 29 and continue until August 22. Principal cases on the Circuit docket are land condemnation cases for rights of way recently taken for Interstates 75.

## Many Activities Planned For 4th

As is the custom in Loudon the July 4th holiday will be a busy day for persons wishing to take advantage of the various activities that are going on.

### Thieves Hit B&E Market

Thieves went to a lot of trouble over the weekend to break into the B & E Food Market on Market Street. Sixteen cinder blocks were broken out of the rear of the store for the thieves to gain entrance to the building, County Deputy Kenneth Brown reported.

Taken was a box of razor blades, six bottles of ketchup, 10 bottles of pickles, eight bags of coffee, seven packages of sliced ham, an AM-FM radio, 12 cartons of cigarettes, 12 packs of snuff, 45 plugs of chewing tobacco, a box of cigars and eight five packs of cigars.

### 68 Cemetery Vases Stolen

Sixty-eight bronze cemetery vases were stolen from the Loudon County Memorial Cemetery on the night of June 11, a report at the Loudon County Sheriff's office shows.

According to the report, filed by Deputy Ronald Campbell, the 68 vases were valued at \$2,300 and were of three types, 41 Matthew, 25 Gorham and two Gromier.

Everything actually starts on Tuesday night, July 3rd when the Loudon Quarterback Club's two night horse show two events will feature Walking and Racking Horses in 15 classes Friday night with 25 classes and a horse sale slated for the 4th. More details of the show are elsewhere in this issue.

The Loudon Jaycees are planning to sponsor two events on the 4th. At 10 a.m. they will have an all-corners parade. The parade will line up on Carter Street near the high school and take a route to downtown Loudon. Jaycee Earl Eldenour said all persons, groups, cars, bicycles, horses and anything else is invited to participate. Prizes will be given for the best decorated bicycles. Eldenour said more details on the event will be published next week.

The night of the 4th the Jaycees are planning a Square Dance. But plans for that are still incomplete.

Starting at 12 noon on the 4th the Loudon Lions Club will have a family carnival, complete with games of skill, games of chance, bingo, and plenty of food at the Lions Municipal Park on Roberson Springs Road. The event is open to the public and is expected to last until about 4 p.m.

And of course the new Loudon Swimming Pool is expected to be going full swing for the holiday.

Residents can take their choice or try it all for a very busy July 4th.

## State Supreme Court Upholds Earls Conviction

**GONNA GET WORSE**—Gasoline distributors are expecting the remainder of this month to be the most critical period for Loudon County in the nation-wide gasoline shortage in the next several months. It is quite possible that many Exxon stations and probably others too might have to close their doors when the gas supplies start drying up next week. Above: Earl Earls is shown

locking up his station about three hours early each day. In the center photo Ricky Arden and employee and Austin and Roberts Exxon checks the station's dwindling supply, and at right Tommy Seal of Seal and Franks puts up a Closed Sunday sign they hope will help save their gas supply.

## Received 10-15 Years For 1969 Murder Of Richard Lynn Barger

The Tennessee Supreme Court Monday announced that they had reversed the judgement of the Court of Criminal Appeals and affirmed the second degree murder conviction of Doyle Franklin Earls. Earls, a 52-year-old Loudon County farmer and carpenter was found guilty in January of 1970 for the August 1969 slaying of Richard Lynn Barger, 17, son of Mr. and Mrs. J. Earl Barger of Philadelphia.

**DOYLE EARLS**

Earls has been free on a series of appeals since he was sentenced to 10 to 15 years for the beating death of the popular Loudon High School student. In 1971 the Criminal Court of Appeals had reversed the conviction on grounds that certain evidence had been improperly admitted due to an illegal search and seizure.

The 10 page opinion handed down in Nashville Monday was written by Supreme Court Justice George F. McCantless and concurred with by the other four members of the high court.

It was learned that Earls, who reportedly had been living in Blount County with a brother, was arrested by Blount County officers and placed in Blount County Jail on the verdict of appeals.

It is not known at this time if Earls' and his attorney, Ray Jenkins, plan to appeal the decision which could send him to prison immediately to begin serving the sentence of the jury.

The Barger youth was the subject of a two day search in the summer of 1969 after he failed to return from a date. His body was later found in a farm pond in Monroe County about two miles from his Philadelphia home. Earls was

arrested a week later by Loudon County Sheriff Freeman Russell and former Monroe County Sheriff Kenneth Obvis. The murder trial was held in Blount County after a change of venue was granted.

Justice McCantless said the State Supreme Court agreed to hear the case to decide the validity of the search, and whether the evidence so obtained was properly admitted. He said "in essence, the issue is twofold: (1) was the search

(Continued on Page 13)

## Some Stations Expected To Close Next Week--No More Gas

Sold out signs may spring up all over the county this weekend and next week at local service stations because of the gasoline shortage.

Carl Hall of Hall Oil Company, Exxon Distributor in Loudon County and the largest gas distributor in the county said this week that he expects many stations to run out of gas before the end of the month.

From what many service station owners told The Herald early this week the sold out signs could go up as early as this weekend, and most expect to be out before the month is over.

Mr. Hall said his firm is trying to get more gas, but the prospects are not too good. He said the quota the distributorship is on is an amount equal to last June plus five percent. But, he said, last June the highway department routed a lot of tourist traffic around the county and the gas sales were much lower than they are this year, which adds to the problem. He said the stations that "might" make it are the ones that are imposing curbs on sales.

These curbs include, opening late, closing early, closing for one or more days per week, especially on Sunday when there is more tourist traffic. Several stations are limiting tourist traffic to \$2 and \$3 of gas and one is not serving tourists at all, in order to reserve gas supplies for local customers.

Mr. Hall said that his farm accounts have not been hurt thus far but they are not taking on any new accounts. He said that they have been on and are now trying to get most of their accounts serviced during the summer to assure a reserve for the coming winter months.

Loudon County's other distributorship, Loudon

Oil Company, Texaco distributor, said that they would be able to make it through the month, unless the Exxon stations began to close, then their supply would not last either. Loudon Oil manager Tommy McNabb said their stations are also imposing curbs and might return to rationing as they did last month if things start drying up.

McNabb said the real critical area with their firm is diesel fuel. He said they only get half of their allotment, but are hopeful of getting the remainder before the week is out. If not, this could be their biggest problem.

Hall said without a doubt this next week, especially the last part of the week will be the most critical he expects this summer as far as the gasoline shortage is concerned. He said that Exxon has promised to increase their quota for July and August by 10 percent over last year, but by the time winter arrives things could be bad again because of the boating fuel demands.

The remaining major brands in the county, Chevron, Shell and Gulf are also experiencing the same problems and could face having to lock for a few days until the July ration of gas starts coming in.

The independent dealers, it is reported, are in worse shape since they buy their gas from the major brand wholesalers. The price of the gallon at independent dealers has jumped about five to six cents in the last year. This has cut into their business some with many customers going back to major brands with the price differential closing.

Advice given consumers from one dealer was to be sure your tank is full toward the end of the week and try to keep it full next week in case stations start closing, or face doing a lot of walking.

## Rescue Squad On Full Weekend Summer Alert

Because of the large number of summer weekend emergency calls the Loudon County Rescue Squad has begun manning the headquarters building from Saturday morning through

Sunday night.

Squad Captain John Parris said the decision was made to keep response time down to a minimum. He said the summer months, when more

people are on the roads, on the water and enjoying outdoor recreation there is more chance that the services of the Squad will be needed.

During May the Squad answered 30 emergency calls,

most of which were on weekends.

Captain Parris said all the squad equipment used in case of rescue and recovery on water, power equipment for

accidents and fire trucks are all at peak condition for emergency use.

He reminded the public that the Squad has complete radio communications including the

Sheriff's frequency and emergency calls should be phoned either to the Squad Headquarters on Highway 11, 896-2862 or to the Sheriff's Office, 456-4311.

**CHECKING EQUIPMENT**—With men on around the clock duty on weekends the Loudon County Rescue Squad hopes to cut down on response time. Above: Squadmen Grady Smith, Captain John Parris and Clyde Paszell check out life preservers on squad rescue boats.

**ON RADIO DUTY**—With full radio communications on both the Rescue Squad and Sheriff's frequency Squadman Bill Fox is shown in the communications room at the Rescue Squad building ready to dispatch men and equipment to any trouble spot.

**OFF TO THE RACES**—Loudon County Rescue Squadman Grady Smith is shown preparing to go to the races—the races are at Atomic Speedway where the Squad furnishes an ambulance and crew each weekend as part of their new summer weekend alert.

## Driver Fined \$64 After Citizen Arrest

A Loudon resident apparently had all he could take Saturday and exercised a little used right to enforce the law.

The incident occurred on Mulberry Street when J.D. Easter saw a car driving on the wrong side of the road, run several cars out of the road and passing on the wrong side. Mr. Easter accompanied by Ernie Millsaps and Pat Easter, pulled the driver over and made a citizens arrest.

They took the man, Donald E. Bohanan to the city police station, took out a warrant and read him the charges.

City Judge Joe Watkins set the bond at \$64 including costs. When the case came to trial Monday morning the defendant failed to show and Watkins forfeited the bond.

Judge Watkins commended the actions of Mr. Easter and his companions saying that their concern for the lives of others was a remarkable thing when most people turn their heads to such actions.

**LYNN BARGER**

A 16 year old Loudon boy was paralyzed temporarily when struck by a bolt of lightning Sunday afternoon at the old Loudon High School football field.

Gary Gibson, 16, son of Mr. and Mrs. John Gibson, was playing at the field with his two brothers, Larry and Kenneth and Jeff King, when the accident occurred. It is understood that the bolt of lightning struck the fence around the field and spread across the ground. Gary was knocked down and could not move. The King youngster was spun around on his feet, but otherwise not injured.

The two younger Gibson boys ran home and got their father, who took Gary to Loudon County Memorial Hospital. The family later took him to Children's Hospital where he was treated and released.

By Monday morning Gary could walk again but said his legs were still numb.

JUNE 21 1973

# Loudon County Herald For and about Women

## Smith-Chaney Vows Said

### Personal Mention

MRS. ERNIE LUNSFORD  
Phone 458-2853

Mr. and Mrs. Norris Knight of Radford, Pa. visited their mother, Mrs. Frank Christian of Loudon.

Mr. and Mrs. Hall Summers attended the wedding of their niece, Miss Debra Newman to Mr. Edwin Kaufman Matern, Saturday in Atlanta. They also visited their daughter, Janet.

Mr. and Mrs. Leslie Oran of Flat Rock, Mich. were guests last week of his mother, Mrs. W. A. Oran. Mrs. Oran has as her guest this week her daughter, Mrs. James A. Bryant and family of Fort Worth, Texas and also her son, W. A. Oran and family of Bossier City, La.

**MARSHA-LU SHOPPE**

Wharf St. Loudon

Miss Donna Kaye Smith and Scotty Lynn Chaney were married at 7 p.m., May 19 at Corinth Baptist Church, with Rev. O.C. Talmwater performing the ceremony.

The bride is the daughter of Mrs. Ruth Smith, Route 4, Loudon and the late J.W. Smith.

The groom is the son of Don Chaney of Oxford, Michigan and the late Mary Kate Chaney.

Presenting musical music was Miss Patty Turbyfill, organist and Mrs. Sue White, vocalist.

The bride, given in marriage by her brother, Johnny Ray Smith, wore a gown of white satin trimmed in lace. Her train featured white lace with scalloped edges. She wore a veil of Chantilly lace falling full to the waistline. She carried a bouquet of white pom poms centered with an orchid.

Mrs. Vivian Smith, sister-in-law of the bride, was Matron of Honor. She wore a floor length gown of yellow dotted Swiss with a matching picture hat. She carried a single long stemmed mum. Bridesmaids were Miss Joyce and Debbie Roberts, cousin of the bride from Travelers Rest, South Carolina. Gwin McCullister, cousin of the groom of Knoxville, was flower girl. They wore floor length gowns of green dotted Swiss with matching hats and carried long stemmed mums.

Best Man was Gary McCullister, cousin of the groom, of Knoxville. Usher was Terry Smith, brother of the bride, and Pat Harper, both of Loudon. Ringbearer was Johnny Ray Smith, Jr., nephew of the bride.

Following the ceremony, a reception was held at the church. Those assisting with serving were Miss Donna Kaye Chaney, sister of the groom, Mrs. Phyllis Milaps and Mrs. Sharon Jones.

After a trip to Michigan and Canada, the couple are at home at 827 Perry Street, Loudon.

Out of town guests were Miss Donna Kay Chaney, Christi of Michigan and Mr. and Mrs. Wayne Roberts of South Carolina.

Mr. and Mrs. Curtis Murr and Monty and Mr. and Mrs. George Williams and Sammie were Sunday dinner guests of Mrs. Anna Bell Anderson.

Mrs. Joe Watkins has returned home after a weeks visit with her daughter and son-in-law, Mr. and Mrs. W. H. Moore, Jr. and family in Williamsport.

Miss Mary Katherine Mize and Mrs. Lillie Mae West left Monday for Fort Worth, Texas to attend the General Assembly of the Cumberland Presbyterian Church.

Major and Mrs. Bob Lowe and family of Atlanta, Ga. were the guests of his mother, Mrs. Lillian Lowe.

Raymond Everette is a patient at Loudon County Memorial Hospital.

Mr. and Mrs. Bethel Jenkins have returned home from Dallas, Texas after a visit with their son and daughter-in-law, Mr. and Mrs. Wayne Jenkins.

Mrs. John Grubb spent the weekend in Athens with her son, James Ivan Grubb and family.

Rev. and Mrs. W. H. Horner have returned home after attending the annual Holston Clear Creek Baptist School in Methodist Church in Chattanooga.

Mr. and Mrs. Paul Arp and Mrs. Charles Taylor spent Sunday with Mr. and Mrs. Benney Arp and family in Daisy.

Timmy Greenway of Fall Creek Falls was the weekend guest of his parents, Mr. and Mrs. J. E. Greenway.

Mrs. and Mrs. Dana Lee Jeffers and Mrs. Estell Hooper of Oak Ridge visited Sunday with Mr. and Mrs. Cecil Jaymes.

Mrs. Pearl Kennedy of Brillant, Ohio is here for a visit with her sister, Mrs. Fred Hat. She carried a single long stemmed mum.

Mrs. Leaven Thomas of Woodstock, Ill. and Robert Roberts, cousin of the bride, were guests last week of Mrs. Myrtle Graham.

Mr. and Mrs. Wade Milaps and sons, Mr. and Mrs. James Milaps and daughter of Chattanooga and Mr. and Mrs. Cleum Collins and Cindy were weekend guests of their parents, Mr. and Mrs. Eck Milaps.

Weekend guests of Mr. and Mrs. Burton Pettay were Mr. and Mrs. L. K. Fralick of Knoxville and Mr. and Mrs. Bob Barbour and sons of Donaldson.

Mr. and Mrs. Joe Lane, Jr. have returned home after a weeks visit with Mr. Lane's mother, Mrs. Ruth Lane and his sister, Mrs. Joe Turner and Mrs. Mary Gibson of Clover, S.C. were called here last week due to the death of their mother, Mrs. Irene Kirkland.

Mr. and Mrs. Jay Beeler and family of Knoxville and Mrs. Beeler's mother, Mrs. Al Hicks vacationed last week in Daytona Beach, Fla.

Mr. and Mrs. C. M. Miller of Washington, D.C. stopped off Saturday for a visit with Mr. and Mrs. Heber Davis.

Girl Scout Troop 455 toured Opreland last Monday with their leaders, Mrs. D. K. George and Mrs. Edna Armwine and chaperones Mrs. John L. Brown and Clyde Norton.

Mrs. Ralph Preston is here from her home in Sebring, Fla. visiting her sister, Mrs. Herbert Jackson, Mr. Jackson and other relatives.

Mr. and Mrs. Fred E. Wynn of Loudon, announce the engagement and forthcoming marriage of their daughter, Margaret Alzena, to the Reverend David Don Abernathy, son of Mr. and Mrs. Don T. Abernathy, also of Loudon.

The bride-to-be is a graduate of Loudon High School and will be entering Clear Creek Baptist School in Pineville, Kentucky this fall.

Bobby and Lea Ann Bailey Hamilton's mother, Mrs. George Smalling.

T. Sgt. and Mrs. Theodore Lynn, Marcia and Patricia recently moved to Peters Air Force Base in Colorado. Sgt. Lynn has just completed a year's tour of duty in Thailand. Mrs. Lynn, Marcia and Patricia made their home here while Sgt. Lynn was away.

Mr. and Mrs. Arthur Carroll of Rockwood visited last week with Mr. and Mrs. Joe Patterson.

Sandra, Elaine and Steve Harris of Knoxville were guests last week of their grandmother, Mrs. Kenneth Harris.

Mr. and Mrs. William Shirk spent Sunday with their daughter and son-in-law, Mr. and Mrs. James Walker and family in Chattanooga. The Shirks' son, Billy, who had been visiting the Walker's accompanied his parents home.

Dwight Christian of Knoxville spent Monday with his mother, Mrs. Joe Christian.

Mrs. Dora Bingham has returned to her home in Hunting Park, Calif. after visiting here with her sister, Mrs. John Chastain and other relatives.

Mr. and Mrs. Charles Hamilton, Karen and Trent of Knoxville were overnight

## Alzena Wynn To Wed Rev. Abernathy

Mrs. John Everett, Sr. went by plane to spend the weekend with Rev. and Mrs. Richard Everett in Redwood, N. C.

Mrs. and Mrs. Robert McNabb and Diane, Mrs. Maggie Henderson and Steve Allmon were in Virginia, Saturday, June 9 for the wedding of Mrs. Henderson's granddaughter, Miss Sheila Ann Ricker and Roger Alton Harrison.

Mr. and Mrs. Jerry Hall and children from Rockford, Ill. are here for two weeks vacation with Mrs. Julia Milsap and other relatives and are spending a few days at Caloway Gardens this week.

Mr. and Mrs. Eddie Good, Cindy and Tracy from Detroit stopped by overnight Saturday with her grandmother, Mrs. Maggie Henderson as they were enroute to Florida.

Mr. and Mrs. David Thompson, Sr. and Kim of Brentwood and Mr. and Mrs. David Thompson, Jr. and Candice from Crossville were here for the weekend with Mr. and Mrs. C. K. Thompson.

Mr. and Mrs. H. M. Crawford of Fort Lauderdale, Fla. were guests last week of her mother, Mrs. Ada Pierson and visited with other relatives.

Mrs. Robert McNabb accompanied Mrs. Fred Davis and children of Alcoa in Florida last week to visit Mrs. Davis' parents.

Guests of Mr. and Mrs. Ollis Milsap Sunday were Mr. and Mrs. David Milsap of Athens and Mr. and Mrs. Sidney Milsap.

Mrs. Charles McKinney of Lexington, Ky. is with her parents, Mr. and Mrs. Robert McNabb and attending summer school at UT. Others attending UT this summer are Ruth Henderson, Diane McNabb, Betty Waller, Deborah Huskey, Billy Thompson, Jr. and Phillip Betts.

Mr. and Mrs. Bobby Shell are spending a few days in Gatlinburg.

Misses Betty Ruth Harrison and Nancy Edwards and James Harrison accompanied Mr. and Mrs. Paul Godsey and children of Kingsport to

Miss Teresa Spangler were married on Thursday June 7 at 7 o'clock in the Morganton Baptist Church, the Rev. Robert Nichols of Maryville performing the ceremony.

Spring flowers with greenery and candleabra decorated the altar and the brides flowers were pink roses centered with a white orchid. Her gown was of white lace over taffeta and she wore a long veil trimmed with lace.

The brides attendants were Miss Kathy Spangler, maid of honor; Miss Amy Baler of Maryville cousin of the bride and Miss Jewel Dixon. They wore coral orchid dresses and each carried long stemmed pink roses. Mr. McLemore's brother Richard was best man and ushers were Mr. Stewart Hunt of Maryville and Mr. Tommy Cable. The groom is the son of Mr. and Mrs. William Stanley McLemore of Maryville and the brides parents are, Mr. and Mrs. Earl Spangler.

Following the wedding, Mr. and Mrs. Spangler gave a reception in the church basement, with Mrs. Coy Cable in charge of refreshments. She was assisted in serving by Mrs. Joyce Bardeen and Mrs. Pearl Goodson.

Among those who came for the wedding were Mr. and Mrs. Lamar Spangler of Atlanta for the weekend and saw Six Flags over Georgia.

Vacation Bible School at the First Baptist Church is June 18-22 each evening from 6-8 p.m. The program will be Sunday, June 24 at 4:30 p.m.

Miss Valerie Davis is home from Fort Sanders Hospital after having some teeth removed.

Randle Sampson visited recently with Mr. and Mrs. J. Lilly and family in Bristol, Va.

Brend Davis broke his ankle at his home last Wednesday.

Mr. and Mrs. Clarence Giles of Lebanon, Mo. and their son, Mr. and Mrs. Allen Giles and children from Springfield, Mo. were guests recently of Mr. and Mrs. Boyd Duckworth and visited other relatives. The families had a reunion at the Loudon Municipal Park Saturday, June 9.

to Scotland where they will visit relatives.

Mr. and Mrs. Bruce Gillander and family have moved from Macon, Ga. to Tallahassee, Florida, where Mr. Gillander has become president of the American Guarantee Bank.

Mr. and Mrs. Paul Disney, Mr. and Mrs. Walter Johnson of Louisville, Ky. are guests of

Mrs. A. L. Disney. The Disneys and Johnsons visited the Smoky Mountain Park and spent some time in Brasstown Ball Ga. last week.

Mrs. Ben Hammontree and Mrs. Helen Hunt visited Friday with Mrs. Nick Rowland in the Ashbury Acres Nursing Home. Mrs. Rowland is having therapy and continues to improve.

## Bonnie Talk

BONNIE SHEELEY  
Assistant Extension Agent  
Agricultural Extension Service  
The University of Tennessee

Nearly everyone should have some milk or other dairy products every day. During June, the milk production across the country reaches its peak. Milk products are, therefore, good grocery buys at this time. Shopping for milk can save grocery money. Make large containers a habit if you need that much milk. Use less expensive forms of milk in cooking and for making milk beverages if you need to economize on milk purchase.

The third place Loudon County dairy recipe was submitted by Mrs. Albert K. Rainwater. This is a delicious cheese cake and I'm sure your family will enjoy eating it.

- CHEESE CAKE:**
- 1 package lemon jello
  - 1 can crushed pineapple (large)
  - 1 cup sugar
  - 1 large 1 small package cream cheese
  - 1 large can evaporated milk
  - 2 packages graham crackers (crushed)
- 1 stick butter
- Have cream cheese at room temperature!
- Melt stick of butter and milk with the graham crumbs. Cover bottom of large loaf pan with crumbs, then press crumbs firmly. Reserve enough to sprinkle on top. Drain 1 cup pineapple juice and bring to a boil. Dissolve jello in hot liquid. Cool. Cream cheese and sugar together and then add pineapple and jello liquid. Whip milk until stiff and then fold cream cheese mixture into it. Pour over crumbs and top with rest of graham cracker crumbs. Chill several hours or overnight.

## Joines-Griswald Vows On July 14

Mr. and Mrs. Walker Joines of Sweetwater announce the engagement of their daughter, Phyllis Vevette to Jerry Allen Griswald, son of Mrs. Marie Hawks of Philadelphia.

Miss Joines is employed by The National Life and Accident Insurance Co. in Nashville, Tenn. She is employed by Sullivan Electric Co. also in Nashville.

The wedding will take place, Saturday, July 14 at 7:30 p.m. at Christianburg Baptist Church. All friends and relatives are invited to attend.

MISS JACKIE MCCOY of Pathkiller Trail was a recent hostess in a 4-H group. The group chose as its home improvement project "Macrame", which is the art of knot tying. They made flower pot holders and wall hangings. Those attending the affair were left to right, Pam Lane, Jackie McCoy, Jeanne George, Lisa Axley and Laura Zeeb. Instructing the girls was Mrs. Pearl Elam, 4-H program assistant.

DAIRY RECIPE WINNERS—Mrs. James Harrison and Mrs. Albert Rainwater were two of the County dairy recipe winners. Not pictured but also were winners are Mrs. Gerald Campbell and Mrs. Clyde Wesson. Copies of their recipes are available at the Agriculture Extension Office in Loudon.

JUN 21 1973

Letters to the Editor

decision from them. In my case the commission decided that my home was worth only \$11,500.

During my trial TVA displayed pictures of junk cars which has been abandoned near my home. TVA claimed that those junk cars depreciated the value of my property. They neglected to mention that they have passed my home time and time again with junk cars which they had removed from the roadside in a much publicized program designed to enhance TVA's image. Is it an accident that they passed by the junk cars near my home many times without removing them?

Another example of double dealing by TVA is their claim that my house and garage will

be flooded. If my house will be flooded, then much of Vonnore will be under water. Surveyors that I hired have told me that TVA's high-water marks cannot be correct.

My treatment by TVA is quite different from the treatment given to TVA employees who were affected by the project. One TVA employee was paid \$7300 for 4.9 acres with no buildings on them. Two TVA employees bought property on the Little T in 1964 when they were aware of the plans for the project, but the general public was not. These two men, one registering the property in his wife's name, bought cheap and sold high to their TVA friends. Both are now retired from TVA, enjoying their

profits in leisure while landowners who have lived in the Little Tennessee Valley for years are struggling either to hold on to their property or to adjust to the changes forced on them. I have never been offered moving expenses by TVA although I know of one man who was paid \$4000 as moving expenses by TVA. This man did not own property but was occupying a house acquired by TVA and was actually paying no rent. There are many inequities in TVA's treatment of the landowners affected by the Tellico Project.

I believe that J. Edgar Hoover's title Masters of Deceit applies to more than the Communists. From recent news releases I note that TVA

is already trying to back out of Timberlake, insisting that it is not a part of the Tellico Project. This withdrawal comes after months of promoting Timberlake as if it were a sure thing. It now appears that Timberlake was only a promotional scheme, the first of a long string of broken promises which will come if the Tellico Dam is completed.

It is a sad day for America when agents of the federal government feel that they can intimidate the citizens of this land of the free and home of the brave. The TVA land buyer has bragged to me that TVA can deposit the money for my property in the bank in my name and then evict me without my ever signing

anything. Congress has given TVA such a free hand over the years that TVA officials and employees have an arrogance that is colonial. Dam-building has made them feel like little gods, but they are growing into bigger gods each day as their power increases. They boast of their amissitude to the landowner, trying to make him bow to their wishes.

Now TVA has decided to offer me \$14,500. However, when I pay my lawyer's fee and other expenses, I am really no better off. I do not intend to accept this offer. I will retain possession of my home until I am removed by force.

My 78-year-old mother lives with me. She is in failing health, and of course does not

want to leave the home where she has lived for forty years. But if the bureaucrats have their way, she may have to do so. If you drive out from at the side of the road, you will know that American has moved one step closer to a totalitarian government.

Very truly yours,  
Thomas Burt Mosser  
Vonnore, Tenn. 37885

**SHEEP KILLED.**—These three dead sheep were among 12 killed in a barn and barn lot owned by Thomas Williams Farms back of Green Acres Sub-division near Loudon. Mr. Williams stated that there were four dogs involved and he believes all four are owned by residents of the sub-division. Three months ago nine other sheep were killed by the same dogs. Mr. Williams said. He now has 12 sheep left out of his herd which has been a part of his family farm for 74 years. He said the value of the animals killed range from \$20 to \$30 each. He is considering legal action.

TO THE EDITOR OF THE LOUDON HERALD AND THE CITIZENS OF LOUDON COUNTY:

The purpose of writing this letter is an attempt to stimulate thought and action into the rapidly passing powers and privileges which are supposedly granted to us by the Constitution, specifically, the rights which prohibit the invasion and destruction of private property.

On Sunday morning, June 17, 1973, on the farm of Thomas Williams, West Lee Highway, Loudon, at approximately 7 a.m., a total of twelve sheep and lambs were viciously destroyed and several others mutilated while they were confined within the barn by a pack of four dogs (family pets) from a nearby sub-division. A similar incident occurred on this farm about three months ago. Eight or nine ewes and lambs were killed at that time in the same manner.

After the initial occurrence, the owners of the dogs were contacted and notified of the destruction and damage by their dog, which are allowed to roam at will. None of the dog owners volunteered to compensate for the loss of the sheep, or for that matter, even extended the courtesy of a funeral to help bury the killed sheep.

Has man become so calloused and unconcerned that he no longer regards the rights and privileges of his neighbor and fellowman?

What else is the farmer to do to protect his income and livelihood if he has complied with all state and municipal laws regarding fencing and upkeep of farm animals and stock? How long can the farmer and/or private citizens tolerate these dastardly acts of destruction and mauling of his property? When will the owners of these dogs be "big enough" or "man enough" to step forward and pay for the damages caused by their dogs in the above cited incidents? When will these individuals ever accept the responsibility of keeping their dogs at home, away from and off the property of their neighbor?

Noticably disgusted and disappointed, Linda Williams, West Lee Highway, Loudon.

Dear Editor:  
The Loudon Jaycees are planning to sponsor the July 4th parade again this year as we have for the past few years.

Since the parade is made up of interested people who want to participate we are making this appeal to all the citizens of all ages to be in the parade.

We want to invite all businesses, groups, clubs and individuals to enter the parade this year. Any and all entries of any description are welcome. The only stipulation is that all bikes and motor bikes must be decorated in order to participate.

The decorated bikes, cars, etc. are always a big crowd pleaser. And for fun and laughs we look forward to all those "Piney Folks" and their wagon caravan. You can bet that Garland Lindsey, "Doc" White and all their "friends" and neighbors will come up with new ideas again this year.

The parade will start at 10 a.m. behind Loudon High School. So all of you ride, drag or carry your entry and be there no later than 9:30 so we can start lining up.

Also we are working on plans to have an outdoor square dance on the night of

the 4th. If these plans work out we will give all the information on this in next weeks issue of the Herald.

Sincerely,  
Earl Hidenour, chairman  
Jack Ferguson, President.

P.S. The Jaycees are needing new members to keep the club moving. Some of us older members are on our last year. Six of these guys are ages 18 thru 35 and are interested in your community and country you and the Jaycees need each other.

Editor  
TVA is trying to move full steam ahead with the Tellico Dam Project even though the project is halted by an environmental suit to be heard on Sept. 17. Although the project may be permanently halted, TVA pretends that the suit is nothing more than a formality. They are ignoring the objections that thousands of citizens have in protest of Vonnore and is affected by the Tellico Project. Since TVA condemned my property before 1972, I am not protected by the injunction which prohibits TVA from taking land from those who don't want to sell. Even though the Tellico Dam may never be completed, TVA decides to haul me into court on April 30, 1973, and take from me the home where I have lived for forty years. They shared me like a lamb, and even though I am not shivering now, they may pick some cold rainy day to set me off my own land and leave me shivering on the roadside.

Naturally the question arises, why must TVA acquire my home at this time? Even if the project continues, the completion date is several years away. Is it possible that TVA is seeking vengeance on its opponents. I have been outspoken in my opposition to the Tellico Dam. I am an officer in the Association for the Preservation of the Little Tennessee River, and I am named as one of the plaintiffs in the suit to halt the project. What reason other than vengeance could there be? The court docket must be cleared, I am told. So a family goes homeless for the sake of a clear court docket.

TVA first appraised my property in March 1968. At that time the TVA appraiser, Mr. Jester, told me that I would be able to keep part of my property (my home is situated on 4.9 acres). I have since learned that a government agency cannot be held responsible for what its employees say. TVA either misled the landowner in the dark or gives him false information. Located on Highway 72 at the edge of Vonnore, my house is a white frame six-room house with bath and two large porches. Because the house is forty years old, TVA contends that it is worth little. Also that my property is a 40' x 22' garage. I found that it would be impossible to replace my house and almost five acres of land with TVA's offer of \$11,500.

Landowners who have the misfortune to be overtaken by TVA are denied the right of all American citizens to a jury trial. For the last forty years, TVA landowners have been denied justice in the courts of our land, and the situation is still the same today. My case was tried before a three-man commission. This commission has heard all TVA land cases since the early days of TVA. The landowner has little hope of an unbiased, objective

**Centurian**  
**HDC Meets**  
The Loudon Centurian Home Demonstration Club met Thursday, June 14, at the home of Mrs. Bobby Hudson, with six members and two visitors present.  
Miss Janet James, Junior High 4-H winner of Loudon County in the dairy month recipe division, gave the program. She presented her two winning recipes and told about the importance of milk in one's diet.  
Mrs. Hazel Denney gave each member a sheet with additional dairy recipes made with milk to celebrate June being Dairy Month.  
Mrs. Bonnie Sheely concluded the program with a presentation on "Deal-It" telling how to make plaques with various techniques.

3rd Biggest In East Tennessee

\$4000 Expense Budget

# Quarterback Club Horse Show To Be Two Day Event, July 3&4

July 3rd and 4th Loudon will host what is being billed as one of the three biggest horse shows in East Tennessee. The two day show is sponsored by the Loudon Quarterback Club and club spokesmen Nat Campbell told the Herald the show will cost the club \$4,000 to stage, but the Quarterbackers believe that because of the prize money, the number of classes included and the reputation the Loudon show has built that it will be a tremendous success if the weather will cooperate. Starting at 7:30 p.m. on July 3rd (Tuesday) 15 classes of Walking horses and Racking will be judged and a total of \$100 in prize money awarded. Judge for the show will be Mack Moats of Shelbyville, who has ridden several World Champion Walking Horses. The July 4th portion of the show will begin at 10 a.m. and run through the day with 25 classes of Western and Pleasure horses. During the day \$600 in prizes plus 12 halters and lead lines will be awarded to class winners. At 7:30 an all-breds horse sale will be held with the club charging a \$5 sale fee.

**FIRST WORLD CHAMPION**—Strollin Jim, owned by Colonel Charles H. Bacon (with cane) is shown the night he was judged the first World Champion Walking Horse at the first World Walking Horse Celebration in Shelbyville in 1929. Riding the horse is Floyd Carothers. Partially hidden by Colonel Bacon is Dr. Arthur Harrison, both now deceased. In honor of Colonel Bacon the Quarterback Club will give a Challenge Trophy in the Stud and Gelding Class at their July 3-4 Horse Show.

All during both shows, which will be held at the ballfield on Grove Street, food and drinks will be available. To add to the color and respect of the show two large challenge trophies will be awarded. One trophy, given for Stud and Gelding classes will be the Charles H. Bacon Challenge Trophy. Colonel Bacon was the owner of the first World Champion Walking Horse named at the initial World Walking Horse Celebration in Shelbyville. The horse was named, Strollin Jim and was ridden by Floyd Carothers. Jack Mourfield, an heir of Colonel Bacon's now a resident of North Carolina will be present to present the rotating trophy. The other Challenge Trophy will be given for the Racking Championship, in memory of Hiley Wampler, a long time horse show promoter and participant who died recently. Both trophies are reported to be very large. It is possible for either to become the treasure of one owner if the same horse and rider were to win in his category for three straight years, otherwise the trophies will belong to the winner for one year.

## Millsaps Team Gain One Point Edge In City Golf Standings

Larry and Lynn Millsaps have regained their lead in the Loudon City Golf League with nine team points for their play last week. Larry Bridges and Larry Lane had moved into the number one position two weeks ago but managed just four team points for their week of play and now have 68 team points to date. Larry and Lynn Millsaps have 69 points to date. Buck Kirkland and John Lemex continued to keep up their tight pace with the league's best with 63 team points and hold a five point advantage over fourth place team of Bert Rattledge and

Clell Miller, who have 58 team points. Fifth, sixth, and seventh place slots held respectively by Paul Brackbill and Edwin Arnold, Serge Harrison and Earl Millsaps, and David Townsend and Ralph Stalcup are separated by single points and could all challenge for the league lead with a couple of strong weeks of team scoring. Top individual honors for last week went to Ron Clabough with a new, low season figure of 31. The lowest individual score recorded in league play to date. The team of Harrold Grimes and John Hamil took the team medalist honors for the week

with a low round of 65 for 10 team points on the year. **LOUDON CITY GOLF LEAGUE STANDINGS**

## Second Annual Philadelphia Invitational To Start Monday

The Philadelphia Community Club will hold its annual invitational softball tournament next week, starting on Monday night. The tournament will be a double elimination affair with 12 teams taking part. Ten teams are already signed for the tournament with the Philadelphia League sending all six of its regular season teams into the event. The Bank of Loudon County and Hamilton Bank of Loudon will represent the Loudon City League, while Estons Number One and Lenoir City A & W will represent Lenoir City. Two other teams will also be included in Sunday afternoon's bracket drawing.

The Bank of Loudon County, unbeaten in league play in Loudon, is the defending tournament champion. Barknit, winner of its league play

with a 12-3 mark was last year's runner-up and will be an equal contender this time around. "The tournament should be

## Dixie Youth Baseball Plans Scholarship

Dixie Youth Baseball, Inc., a Southern "Kids" baseball program in its eighteenth year of existence has announced a plan to secure help from business, labor, civic, and governmental groups as it attempts to broaden its educational scholarship program. Since this organization came into being in 1955 it has set aside what it could to go into a scholarship fund from which its "graduates" could draw to help in furthering their education. Dixie Youth Baseball, Inc. is the pioneer in this benefit to its grads and today can point to fifty-six (56) youngsters who went on to college or post high school

institutions under one of these grants. Because the funds going into this program were very limited the grants themselves too were limited. For this reason the Board of Directors of DYB has authorized a general fund campaign to raise money so the grants may be increased and enable the winners to offset the rising cost of their education. A winner is chosen by a nine man committee on his character, need and high school standing and baseball ability plays no part. Friends of Dixie Youth Baseball, Inc. are invited to help by contacting Fund Drive Chairman, Floyd Johnson, 2204 Country Club Drive, Yazoo City, Mississippi 39194.

**TROPHIES READY FOR PHILADELPHIA INVITATIONAL**—Inky Swiney, President of the Philadelphia Branch of the Hamilton Bank of Loudon, shows off the various trophies the Bank donated to the Philadelphia Community Club for their second annual softball invitational tournament starting Monday night at the Philadelphia Community Park.

# Loudon Merchants Gain Split In Stan Musial Baseball Play

The Loudon Merchants split their week's action in Stan Musial play last week. The Merchants off to a much better hitting performance than in several seasons stopped Oliver Snapper at Bill Meyer Stadium last Thursday night 3-2.

Gary Gibson, picking up his second win in as many starts, gave up six hits and struck out four in going the distance. Loudon opened the game with a one run lead on Donnie Hightower's hit and a fielder's choice infield out by Jack Cox. Oliver Snapper tied the score on a double and a single in the bottom of the second inning.

The Merchants again went ahead in the fourth inning as Gordon Tucker walked and raced home on Baldy Simpson's sacrifice fly to centerfield.

The Knoxville team once more knotted the score on two doubles in the bottom of the sixth.

A walk and three straight hits gave Loudon the lead in the eighth and Gibson at the side deck to record the 3-2 decision for the Merchants.

On Saturday Loudon lost a 5-1 game to Roane State at Loudon with Gene Ratledge getting tagged for the loss. Loudon fell behind in the second inning as the visitors scored a single run and added another in the third frame. Loudon cut the difference to 2-

1 in the sixth inning on Rodney Amburn's hit and John Stair's triple. But Roane State came back with three runs in the eighth inning to put a lock on the contest.

MORNING RECREATION CAN HAVE LOOSE ENDS-Participating in the summer recreation program in Loudon this summer as instructors and in this case "bat boys" for the game taking place on the Loudon baseball field, are Coach Jim Gibson, assistant football coach, and Coach DeWayne Arrp, girls basketball coach. The final results of the game were uncertain. Bat boys teams gave the two fine coaches praise for keeping the bats and equipment in order.

## Price Homers

# Lenoir City Baseball Stars Team For 3-2 Connie Mack Victory

Lenoir City's Marty Porter lashed a two out drive to left field Monday night to drive home Tim Cunningham from third base as the Madisonville

Connie Mack baseball team came from behind to deal Telleco Helms a 3-2 setback. Porter the only Madisonville player to collect two hits in the

game, delivered the game winning blow after Tim Cunningham had opened the inning with a bunt single. Johnny Price sacrificed him to second base and Loudon's Chris Helms was safe on a infield hit. Cunningham and Helms pulled a double steal as James McChendon went down on strikes setting the heroics for Porter.

Telleco took the lead on Madisonville in the third inning on two hits and a error. The Bears added a run in the fourth frame on pitcher Gordon Kelley's towering home run over the center field fence.

Madisonville, limited to only Tommy Cook's double in the first inning for four innings, got on the score board in the bottom of the fifth inning on Johnny Price's longest hit of the season. The lengthy blast a rising line drive over the most distant part of centerfield for a 300 foot homer made the score 2-1.

Madisonville tied the score in the bottom of the sixth on a wild pitch despite having several scoring opportunities taken away by Telleco's ability to throw out attempted steals to place men in scoring position.

Tommy Cook was the winning Madisonville pitcher

going the distance on a sparkling five hitter and striking out nine while not permitting a single walk.

Gordon Kelly was the loser giving up six hits, striking out seven and walking four. Kelly played for Madisonville last summer, but was forced to return to the Telleco team this season due to league rules of playing for the closest team to one's residence.

**Game and Fish TODAY**  
By Sgt. Bob Harmon  
Game and Fish Commission

This report is based on present weather conditions and how the fish are biting now. It is subject to change if these conditions change.

**CHEROKEE LAKE** - Clear and falling slightly. Bass fishing is good from German Creek to the Dam on plastic worms, spring, live minnows and topwater lures. Stripes, hybrids and rockfish are fair on topwater lures. Some are being taken near John Sevier Steam Plant.

**NORRIS LAKE** - Chum side - bass fishing is good casting top water lures, chug-a-lugs and small Rapalas, early and late. Walleye and saugers - excellent (rolling using 3rd lure). Also spinner and worm combination across shallow points. Some are being caught under lights at night. Catfish are being caught trolling on minnows. Crappie and stripe - fair to good fishing with minnows under lights at night. Bluegill - good to excellent on worms, crickets and flies.

**NORRIS LAKE** - Pool side - clear and stable. Walleye and catfish good, trolling spinners and worms. Bass are fair with spinners and lizards. Crappie are fair on small jigs. Trout - good below the Dam on worms, flies and corn.

**DOUGLAS LAKE** - clear and falling. Largemouth good on topwater lures in early morning and late evening. Crappie are fair on minnows with lights at night. Catfish are fair with trout bait and jig fishing with minnows and cut bait.

**DOUGLAS TAILWATER** - Catfish good with cut bait and night crawlers and shrimp. Sauger and crappie are fair on jig flies and minnows. Bluegill

are good on red worms, crickets and popping bugs.

**WATTS BAR LAKE** - sky to clear and stable. Bass are good on plastic worms. Big O's and topwater lures. Crappie - fair with minnows and jig. Stripes are fair with minnows, Bluegill and catfish - good on worms, crickets and cut bait.

**FOOT LOUDON LAKE** - clear and fluctuating. Bass are fair with medium running lures, plastic worms, and topwater lures. Stripes - good with minnows, reba and haddacals. Bluegill - good on worms and crickets. Catfish - fair on worms and cut bait.

**TAILWATER** - murky. Stripes fair on minnows deep. Catfish fair on shad minnows, deep.

**MELTON HILL LAKE** - stable. Stripes, bass and crappie are fair on jigs, plugs and minnows. Bream - good using worms and flies.

**CHEROKEE LAKE** - clear and stable. Bass - good on large minnows and spring lizards. Trout - good - still fishing with corn, worms, under lights at night.

**LITTLE TENNESSEE RIVER** - clear and fluctuating. Trout - extra good - casting live plastic spinners, still fishing with corn and worms.

## Clinton, Loudon Winners At O.R.

The Oak Ridge Summer Basketball League opened Thursday night, with the host team, Clinton and Loudon gaining victories.

Oak Ridge edged Kingston in the last seconds of their game, 52-51, when a Ridger was fouled with the score tied.

Loudon defeated the Ridge B team, which is also in the league, and Clinton downed Seymour, who replaced Oneida in the summer play.

Next action in Thursday night, beginning at 6:30 p.m. when Loudon faces Oak Ridge. Team X (OR) meets Clinton, and Kingston plays Seymour.

**AT SEWANEE BASKETBALL CAMP**—Six of the 19 Loudon youngsters who are attending a week-long basketball camp at the University of the South in Seawane this week are pictured on the Seawane Campus Sunday after their arrival at the school. In the picture are Gene Cate, Brian Courtney, Conway Dukes, Carter Cardwell, Ricky Sammiti and Randy Davis. A total of 34 young men from across the state are attending the camp. Seawane Head Basketball Coach Mac Peaty, former Loudon coach, is one of the directors of the camp. The boys will return home Saturday afternoon.

## Off Week Fails To Help Carbide Golfers In Oody, Summers Chase

Hall Summers and Mike Oody took the week off last week in Union Carbide Golf play due to a bye in team competition, but still had enough of a lead in the team point standings to remain in

first place. High atop the standings with 120 team points, Oody and Summers had been challenged mostly by the play of Dick Huff and Art Hamill. Only last week the second place challengers failed in their bid to pick up much ground. Huff and Hamill scored only two team points for the week and now have 100 for the season.

UNION CARBIDE GOLF STANDINGS	
TEAM	POINTS
Summers and Oody	120
Randolph and Evans	102
Huff and Hamill	100
Spradlin and Black	93
White and Rosenbaum	91
Cardwell and Miller	88
Holmes and Delaney	87
Hodge and Scarbrough	86
Birkholz and Moore	72

Stepping into second place was Jack Randolph and Carlos Evans with 12 team points and 102 points for the year's total. Jim Spradlin and Ernie Black jumped back into the league race with 21 team points for the week and 93 for the season. Spradlin and Black fired a combine 69 for their round of play and thus were low net team for the week of play, picking up the most team points.

Ernie Black was the low man for the week, taking individual medalist honors with a round of 33. Black added 11 individual points to his season total of 32. Jack Randolph leads the individual points total to date in the league with 46 points. Hall Summers is in second place on the individual list with 38 points.

## Recreation Sponsors Listed

The Loudon Recreation Department under the direction of Coach Chig Rutledge has received some \$1600 toward a goal of \$3100 to outfit the youth of Loudon with uniforms and equipment. Over 200 youth are signed up for the summer activities with the sponsors of the program listed as follows:

## Plenty Of Racing On Tap For Atomic Raceway Saturday Night

Late model sportsman racing resumes Saturday night at Atomic Raceway, the world's fastest dirt track. More than 50 automobiles will be on hand for the sportsman, hobby and bomber classes. Qualifying runs get under way at 7 p.m. and racing is slated for 8:30. The main event for sportsman cars will cover 40 laps,

but there'll be plenty of action before that. The schedule includes four heats for sportsman drivers; a 20-lapper for hobby machines and 10 laps for bomber drivers. The sportsman field will be out to stop the hottest driver in recent weeks—Loudon's Ken Phillips.

The tightest competition in the history of the speedway has created one of the closest points races in racing competition. With the season nearing the halfway mark, at least 10 drivers are in the thick of the battle for the championship. A \$2,000 check awaits the champ at season's end.

Aside from Phillips' Camaro, other hot machines include the Mustang, Spooks DeFoor, Tootle Estes' Camaro, Chevy IIa driven by H.E. Vineyard, Otis Miley and Bill Coran, and the Corvair of Zeke Buchanan.

## Concert Set

A professional rock group, known as the Somelows, is being promoted by Will France and C.W. Shell under the name of F & S Associates. The group is calling their show Rock Funicer and will be presented for the first time Friday at the Memorial Building in Lenoir City at 8:30 p.m.

France and Shell said the group is of high musical caliber and will provide a show like those that play in the larger cities at a much higher admission charge.

## Ski Meet Slated

Chattanooga Water Ski Club is trying something new this weekend with a novice skiing tournament for junior and senior high school students. The tournament is broken down into two divisions — boys and girls — and graduates of 1973 are eligible. All entrants will be towed by the same boat and will run the slalom course until the participant falls.

The top three places in each division will be awarded skis, ski vests or skiing accessories. The school with the highest number of participants will be awarded a permanent trophy.

The ski tournament gets started at 10 a.m. Saturday at the club grounds on Chickamauga Lake.

**TOP LITTLE BIG ORANGE PERFORMERS**—Selected to represent the Loudon area in the final round of the Little Big Orange Basketball team at the close of Friday's week-long camp were left to right Doug Atkins, 10-year old son of Mr. and Mrs. Roy Atkins of Rt. 4 Loudon and Mike Strange, nine-year old son of Mr. and Mrs. E. R. Strange of Rt. 3 Old Stage Road in Lenoir City. Camp Director Hugh Watson is shown congratulating his two worthy representatives.

**LITTLE BIG ORANGE CHEERLEADER**—Little Miss Ann Ross was selected to represent the Loudon area camp in future cheerleading and modeling workshops for final selection of Little Big Orange Cheerleaders for UT basketball games. Loudon Camp instructor Debbie O'nglion a UT cheerleader, makes the certificate presentation at the close of the camp activities on Friday.

fish were less than two inches. Nichols added that similar stocking was completed in Watts Bar and Chickamauga Reservoirs last week. Rockfish for that operation came from a federal hatchery in Georgia.

"These are only supplementary stockings," Nichols stated, "and will not insure an adequate supply. Tennessee has the necessary Reservoir last month.

land and preliminary plans for a modern and adequate rock fish-musky rearing station when funds become available.

The rockfish or striped bass, was introduced in Tennessee several years ago and has proven to be a popular sport fish. The state record is presently a thirty pounder caught at J. Percy Priest Reservoir last month.

# Quit Stalling.

## Hamilton Helps.

(With a low-bank-rate car loan.)

You may think you can't afford a new car right now. But maybe it's your old car you can't afford — if it's in the shop more than it's on the road. One of the nice guys here at Hamilton will help you work out a loan real quick. And you can pay us back real slow. Anyway you want. Let us get something going for you — like that new car. Quit stalling, huh?

# State Supreme Court Upholds Conviction

(Continued from Page 1)

valid, and, if not, (2) can the search be justified as lawful on the basis of consent when that consent was given under color of authority, that is to say, a search warrant?"

After citing several other cases where search was made in similar cases where cases were upheld and others where convictions were overturned the court gave the following opinion:

"Hence, we are left with no explicit statement as to what is necessary to meet the burden. Instead we must simply make our decision on the basis of the circumstances presented in the case law, having thoroughly reviewed

the facts, we are of the opinion that Earls voluntarily consented to the search, and the fruits of the search were admissible into evidence against him. While Earls was not a lawyer with extensive criminal experience, he did nevertheless have some college education. The record further reveals that he was engaged in investment trading of stocks and bonds. And, as was noted when the Sheriff handed him a copy of the warrant, the defendant threw up the ground and stated, "You needn't to have brought a search warrant. You gentlemen are welcome to search anywhere on my premises you want to search and find anything you find." In all

cases, the question turns to whether the party really consents to the search or merely acquiesces to the warrant. In our opinion, the facts "constitute clear and convincing evidence of voluntary consent to the search, irrespective of the validity of the search. That consent was neither coerced nor compelled by the search warrant." As the court stated in the *Howe* case, supra: The argument that expressed declarations of invitation and consent, such as were present here, constitute nothing more than acquiescence to a claim of lawful authority" neither comports with reason and logic nor with human experience and common sense."

As stated in the opinion when the Sheriff and five other officers went to the Earls home he said the warrant was not necessary.

Following this the officers searched the defendant's home and took from it a torn love letter to "Marsha" and in his truck they found a number of tools, the most important of which was a pair of wire cutters subsequently determined by the laboratories of the Federal Bureau of Investigation to be those that had been used to sever the barbed wire fence surrounding the pond where the body of the deceased was found. These items were admitted into evidence in the trial court although they were not listed on the search warrant, and as to the question of the validity of the search, the trial court held:

"It's the Court's feeling that the question of the reasonableness of an unreasonable search as a constitutional question would rest upon the question of whether or not the warrant was valid. And it's the Court's opinion that a valid and reasonable search was made."

The Court of Criminal Appeals reversed the case holding: (1) that the search warrant was invalid under the test enunciated in *Aguilar vs. Texas* (1964) and (2) that under the decision of *Bumper vs. North Carolina* (1968), there was no voluntary consent and the search was illegal.

McCluskey further stated that as far as the search warrant was concerned it was invalid, but because of the ability of Mr. Earls to understand the conditions and consequences that he did in fact give permission for a search of evidence that could be used against him in trial and there was no evidence where the officers had coerced him to permit the search.

When the case was tried the prosecutors in the case were Ivo Sanders of Loudon, then attorney General and special prosecutor hired by the Barger family, John O. Gibson.

## County Gets Grant For Water System

After waiting since 1956, the Greenback-Venore area has a \$1-million promise of a water system, but another \$400,000 will be required to make it a reality.

Announcement was made last week of the approval of a \$500,000 grant to Loudon County toward the project. A similar grant had been made to Monroe County some time ago.

Loudon County Judge Harvey Sproul, expressing gratification at the \$500,000 grant, said this week that both Loudon and Monroe Counties are hopeful for supplemental grants from the Appalachian Regional Commission in the approximate amount of \$200,000 each in order to make the construction of the water plant and lines in the U.S. 411 Corridor possible.

"This is a significant step toward achievement of the water system which has been worked for so long from the time I first came into office," Judge Sproul stated, "and has been worked and hoped for as many years by the residents of the area, the Quarterly Court and by other governmental agencies and officials who have assisted in obtaining this grant."

A letter from Sen. Howard Baker last week announced approval of the Loudon County grant.

The Loudon County and Monroe County Boards of Public Utilities have joined together to form the "Tellico Area Services System," which will be charged with building the system, provided the additional funds are granted.

The plans, developed by an engineering firm hired by TASS, call for installation of water lines along the Highway

411 area, supplying Greenback, Venore and Madisonville with water from a pumping station near Venore. Tentative plans call for expanding the system later as financing will permit.

An earlier organization, the "Fort Loudoun Utility District" was formed in 1968 and began making plans for installing water lines over a wide area of Loudon and Monroe Counties. Plans at one time even called for extending the system into Blount County.

For one reason or another, however, the Utility District's applications for construction funds from Federal agencies were never approved and subsequently state legislation which set cut-off dates for utility districts to have their projects under way, clouded the legality of the Ft. Loudoun District filing for new grants. Judge Sproul said the problem was taken to the Loudon County Planning Commission which decided to request a Comprehensive Plan for Loudon County, in coordination with Monroe County and Blount County, all of which were involved in the impact area for the TVA Tellico Reservoir. Two years in the making, the Comprehensive Plan, when completed, recommended the two County Courts of Loudon and Monroe Counties establish municipally-organized Boards of Public Works under Tennessee legislation allowing counties to establish Public Works Boards.

The counties formed the respective boards which then, jointly formed the Tellico Area Services System, (TASS), to carry out the proposed water system.

# \$4,199,000 In Federal Grants For Area

Compared with other communities across the country, how well has Loudon County been making out under the Federal grants-in-aid programs?

## Greenback Plans 4th Celebration

Hundreds of people last year came to Greenback School grounds to enjoy an "old-fashioned Fourth of July" last summer. In spite of rain, the day was so much of a success that a repeat performance is being planned this Independence Day, Wednesday, July 4.

Judging from a state-by-state analysis made by the Tax Foundation, a non-profit organization that keeps track of public spending and taxation, Loudon County's share was relatively large.

In the course of the fiscal year, an estimated \$4,199,000 in grants were earmarked for local purposes.

The total amount allotted to the State of Tennessee as a whole came to \$289,000,000, the Tax Foundation reports, based upon figures it obtained from the Treasury Department.

The awards were for such local needs as school construction, health facilities, urban renewal, welfare, job training, vocational education and the like.

On the other side of the ledger is the cost of these benefits. They are paid out of Federal income and excise taxes that are collected from the public at large and allocated to the aid programs.

Loudon County's share of the costs, according to a breakdown of the statewide figures, amounted to approximately \$3,233,000 in the year.

For the entire state it came to \$529,000,000, the report shows. This was exclusive of matching funds.

In some areas the costs exceed the grants and, in others, the reverse is the case. There is no attempt to keep them in balance. The allotments are determined by local needs and requirements rather than on a dollar-for-dollar basis, it is explained.

This notice will be published in the Loudon County Herald for four successive weeks. The 11th day of June, 1973. Lloyd Black, Clerk and Master.

John O. Gibson, attorney. (6-14-14c).

SEALED BIDS will be received by the Little Tennessee Valley Educational Cooperative until 10 a.m. June 27, 1973 for the six room dwelling located in Harrison...

On Dean's List Miss Cynthia Jane Harrison was named to the Dean's List for the spring quarter at Emory University in Atlanta, it was announced...

Aboard USS Kennedy Navy Airman Apprentice Larry D. Roberts, son of Mrs. Dorothy N. Patterson of 911 Mulberry St., Loudon, has left Norfolk, Va., aboard the USS Kennedy for an extended deployment with the U.S. 6th fleet in the Mediterranean. He is a former student of Loudon High School and has been in the Navy since July, 1972.

Jenkins Gets School Award Paul (Speedy) Jenkins has been named an outstanding student in mid-management program at Eastfield College in Dallas, Texas, where he maintained a 3.5 average out of a possible 4.0 and has been placed on the Dean's honor list.

He was presented an achievement award at a banquet held in the Campus Center on April 28 which honored outstanding students. He is pledged to Phi Theta Kappa Fraternity.

Eastfield College is working in coordination with several companies and offers academic training for students who are working in mid-management. Mr. Jenkins is employed by Souger-Harris Company where he is a department manager.

He is formerly of Loudon and attended Loudon Junior High School. His parents are Mr. and Mrs. Wayne Jenkins of Dallas, Texas. He is the grandson of Mr. and Mrs. Bethel Jenkins of Loudon.

### Legal Notices

NON-RESIDENT NOTICE No. 1923 Walter Edward Matlock and Debra Jo Matlock, Karolyn Matlock Merrick and Bruce Wayne Merrick. State of Tennessee. Chancery Court of Loudon County.

In this cause, it appearing from the Complaint, which is sworn to, that the defendants Karolyn Matlock Merrick and Bruce Wayne Merrick is a non-resident of the State of Tennessee, so that ordinary process cannot be served upon them, it is ordered that said defendant file an answer in the Chancery Court of Loudon County, at Loudon, Tennessee, and with plaintiff's attorney John O. Gibson, whose address is Grove Street, Loudon, Tennessee, within 30 days of the last date of publication or a default judgment may be entered and the cause set for hearing ex parte to them.

This notice will be published in the Loudon County Herald for four successive weeks. The 11th day of June, 1973. Lloyd Black, Clerk and Master.

John O. Gibson, attorney. (6-14-14c).

NOTICE OF SALE: WHEREAS, the United States of America, acting by and through the Farmers Home Administration, United States Department of Agriculture, is the owner and holder of the following real estate (deed(s) of trust, securing an indebtedness therein mentioned, and covering certain real estate hereinafter described located in the Second Civil District of Loudon County, Tennessee, said deed(s) of trust being duly recorded in the office of the Register in and for said County and State.

Jenkins Gets School Award Paul (Speedy) Jenkins has been named an outstanding student in mid-management program at Eastfield College in Dallas, Texas, where he maintained a 3.5 average out of a possible 4.0 and has been placed on the Dean's honor list.

He was presented an achievement award at a banquet held in the Campus Center on April 28 which honored outstanding students. He is pledged to Phi Theta Kappa Fraternity.

Eastfield College is working in coordination with several companies and offers academic training for students who are working in mid-management. Mr. Jenkins is employed by Souger-Harris Company where he is a department manager.

He is formerly of Loudon and attended Loudon Junior High School. His parents are Mr. and Mrs. Wayne Jenkins of Dallas, Texas. He is the grandson of Mr. and Mrs. Bethel Jenkins of Loudon.

On Dean's List Miss Cynthia Jane Harrison was named to the Dean's List for the spring quarter at Emory University in Atlanta, it was announced...

Aboard USS Kennedy Navy Airman Apprentice Larry D. Roberts, son of Mrs. Dorothy N. Patterson of 911 Mulberry St., Loudon, has left Norfolk, Va., aboard the USS Kennedy for an extended deployment with the U.S. 6th fleet in the Mediterranean. He is a former student of Loudon High School and has been in the Navy since July, 1972.

**Loudon's past.** We will be using these from time to time in the Good Old Days.

We ran across another old picture in our files but we can't recall who loaned it to us. It is of some Loudon youngsters of years gone by. If you can help us on this one, give us a call.

**BACK IN THE GOOD OLD DAYS**

Some months back we ran a picture of the late Den Wilson's popular restaurant and many people called us to comment on it. We liked this very much as we always like to hear from our readers concerning our column and pictures.

The picture we have this week is one of Den and Bill Bivens, which was taken at Den's restaurant. I guess the thing mentioned most in regard to the other picture we

used was the Chili Dog, which was originated by Den. The honor of being Loudon's old time hamburger king would go to Den or the late Jerry Gaston, who ran the restaurant at the Loudon Ferry.

Another picture we have this week is of Henry Julian. This picture was taken quite a few years ago and was loaned to us by Mrs. Erskin Millsaps. She also sent us some other very interesting pictures from

**IN PARTING**  
If your lips you'd save from slips, five things observe with care—Of whom you speak, of whom you speak, and how, and when and where.

The only reason an elephant drinks so much water is that nobody ever offers him anything else.

When waking husband at 3 a.m., John, I think I left the toothbrush on

We were wondering while we are on this subject if this was the same preacher who held meetings down near the mill. This was where the mills parking lot was located. We can't recall if this was in a building or tent. Anyway, that has been quite a few years ago.

We would like to hear from someone who can supply us with information on this subject. We would like to write more about this in the future if possible.

We saw something the other day that we hadn't seen in many years. It was an old time wash kettle and a roaring fire under it at the crack of dawn. This used to be a Monday morning ritual at just about every home. Boils and fire under the wash kettle, carry water to fill up the wash tubs and all the other things that went with wash day. This was before automatic washers had been invented and as scarce as it was, I don't think water had been invented too long.

## Your County In Action

BY HARVEY L. SPROUL  
LOUDON COUNTY JUDGE

Last week I was talking about some of the problems we are encountering during our budget hearings this year. You will recall that this is the first year that the results of classification of property, as approved by the voters of Tennessee on the now famous "Question III" Constitutional Amendment will be put into effect.

The net result of this is that the assessed valuation of the County will decrease because all farm and residential property will be assessed at 25 per cent of value, rather than 50 per cent of value which it was last year.

Of course, other classifications of property will remain at about the same level or somewhat higher, but still the net result is that there will be a reduced assessed valuation because we have so much more farm and residential property.

This then means that the tax rate will have to go up. Fortunately for several

Well, the surplus is gone now, and the money has to come from somewhere to make up for the two past years plus the increase that everyone has for this coming year.

In addition, any way you look at it, even though the State pays part of the price tag, there still has to be major local supplements that go in to support the new Kindergarten Program.

**INCREASED COSTS**  
In addition, there are the additions because of the sharp rise in gasoline taxes, fuel costs, in the projected minimum wage for employees, and the natural increase of all prices which affects what the County has to pay out, just like it affects each person's pocketbook.

This has resulted in the Budget Committee sending the requested budget of the County Board back to them for further consideration, it appearing to be necessary that the School Budget go on some kind of austerity program for this year if it is to be kept in any kind of bounds with the rest of the County Budget.

**COMPARISON**  
Last year the County School Tax rate was a little over 50 per cent of the total tax rate. This year when the Budget Committee first saw the Education Budget, the proposed Education tax rate was over 25 times the school tax rate for the past year, or

## Completes 11th Grade

Mark H. Harrison, son of Dr. and Mrs. Samuel A. Harrison of Lakeview Drive, Loudon, has just completed the 11th grade at the Asheville School, a private, college preparatory school in Asheville, N.C.

He was a member of the cross country team and lettered in Junior Varsity soccer and Junior Varsity tennis.

His Independent Study Project involved Early American architecture and the designing and constructing of a model of a southern colonial mansion.

approximately 80 per cent of the total County tax rate. Sometimes the bell has to be tightened, and it looks as if somehow it is going to have to be done in the School Budget this year.

**Attention Swimmers**  
Opening Of Loudon's Swimming Pool  
Is Expected In Approximately One Week For Your Pleasure And Enjoyment  
Pool Hours - 12 noon-10 p.m.  
Admission --- Adults 75c  
Children under 12 50c  
Spectators 35c

**We Are Opening As Soon As Possible And Since Everything Is Not Completed We Need Your Help! You Can Help By Following The Following Instructions:**

1. Parking is limited since only one parking lot has been completed. When the lot is full please park at the High School and walk to the pool. No parking is allowed on the entrance road or the highway.
2. Due to a problem with the supplier, clothes baskets may not be delivered in time for the pool opening. Please come dressed to swim.

The following rules will be in effect:

1. Bathing suits only. Cut-offs will not be allowed since lint from cut-offs and jerseys clog filters.
2. No horseplay, running, pushing, ducking, etc.
3. Divers must go straight off front of boards.
4. After leaving pool, admission be paid again to re-enter regardless of reason for leaving.
5. All persons must follow directions of life guards at all times.

THE BEAUTIFUL SWIMMING POOL WAS BUILT FOR YOUR ENJOYMENT AND FUN. PLEASE MAKE USE OF THIS FACILITY FOR A HAPPY AND FUN-FILLED SUMMER.

**City of Loudon Recreation Department**

**A rational alternative to rationing gas.**

What's right with Volkswagen? It's the way it's built. It's the way it's designed. It's the way it's made. It's the way it's driven. It's the way it's loved. It's the way it's used. It's the way it's enjoyed. It's the way it's lived. It's the way it's loved. It's the way it's used. It's the way it's enjoyed. It's the way it's lived.

Few things in life work as well as a Volkswagen.

## Local Group Organizing Savings And Loan

Stock subscriptions are being taken in Loudon County for a new Savings and Loan that is expected to open in Lenoir City in September of this year. Known as Fort Loudoun Savings and Loan, Inc., a state charter for the firm was issued to Harry Wampler, prominent Loudon County businessman in March.

The Fort Loudoun Savings and Loan is one of 12 such businesses chartered by the state recently under the 1963 Saver's and Loan Association Act. For years the state had not issued charters under the act, but new Commissioner Halbert Carter issued the recent charters and the legislature has passed several amendments to the act strengthening, regulating and governing the operations of the savings and loans.

Loudon Attorney William Russell, one of the principals in the Loudon County organization said that interest is keen and great in the proposed business. Mr. Russell said that the firm will have capitalization of \$300,000 and the shares are now being offered by subscription at \$100 a share with a limit of \$200 per person.

Mr. Russell said the firm will deal completely with first mortgage loans and will accept deposits which will pay the depositor higher interest rates than those offered by regular banks.

It is understood that shortly after the Lenoir City office of the savings and loan is opened plans will be started toward placing a branch office in Loudon. Mr. Russell said the officers, board of directors and management of the new firm will be announced later. He said the group hopes to attract a large number of people in the county who are willing to invest in the company as stockholders.

Mr. Russell said anyone wishing to subscribe for stock should contact himself, Mr. Wampler or Edwin Arnold. Three of the 12 firms that have been chartered are now in operation. These are in Knox, Hamilton and Shelby County. Another is planned in Monroe County.

Mr. Russell said the firm will have capitalization of \$300,000 and the shares are now being offered by subscription at \$100 a share with a limit of \$200 per person.

## Herald Wins Sports Award

For the second consecutive year The Loudon County Herald has won honors in the Tennessee Press Association and University of Tennessee Press Awards Competition. The Herald placed fourth in the sportswriting competition. Last year the paper won second place in the category.

The awards were announced Saturday at the Summer Convention of the Tennessee Press Association in Memphis. Herald Editor Larry Cate congratulated Sports Editor Danny Gibson on this achievement in producing one of the finest sport sections among weekly newspapers in the state.

## Wampler, Bacon To Be Honored At Two Day Quarterback Club Horse Show

Although the Loudon Quarterback Club's July 3rd and 4th Horse Show represents the largest and ever attempted in Loudon County, with more classes, more prize money and two days to complete, the Quarterbackers think the presentation of two huge 50 inch memorial trophies will be the highlight of the show.

The two challenge trophies are being presented in memory of two well known Loudon County horsemen, the late Riley M. Wampler and the late Colonel Charles H. Bacon. The Wampler trophy will be presented for the Racking Championship. Mr. Wampler has been called "Mr. Horseman of Loudon County" by many people and he has taught many a youngster the art of horsemanship.

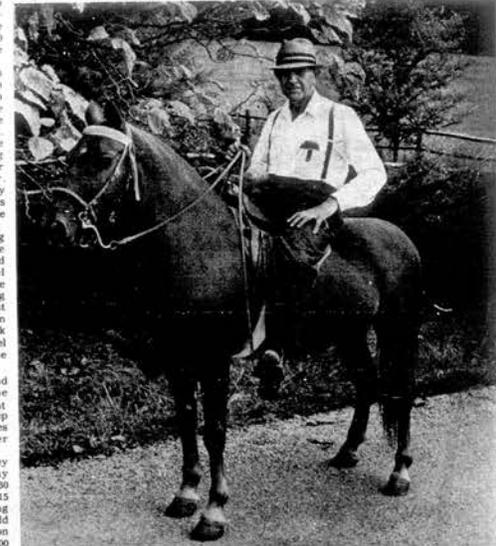

The other trophy, honoring Colonel Bacon will be presented for the Stud and Gelding classes. Colonel Bacon was the owner of the first World Champion Walking Horse named at the first World Celebration in Shelbyville in 1929. Jack Mourfield, an heir of Colonel Bacon's, will present the trophy.

Should the same horse and owner win either of the trophies for three straight years then they could keep them, otherwise the trophies will rotate from winner to winner.

Some \$200 in prize money will be awarded at the two day show which will begin at 7:30 p.m. Tuesday July 3 with 15 Walking Horse and Racking Classes. The show will be held at the Legion Ballpark on Grove Street in Loudon. \$100 in prize money will be awarded at the Walking and Racking Classes that will be judged by Jack Moats of Shelbyville.

The July 4th portion of the show will begin at 10 a.m. and will run through the day with 25 classes of Western and Pleasure horse competition. \$600 in prize money and 12 lead lines and halters will be given during the second day show. At 7:30 Wednesday an All Breeds sale will be held. The club charges a flat \$5 fee for selling each horse.

During both shows food and refreshments will be available. Chairs and grandstands will be provided for seating, but those who wish may bring lawn chairs.

**AVID HORSEMAN TO BE HONORED**—Two giant 50 inch trophies will be awarded at the Loudon Quarterback Club Horse Show next week. One of the trophies is being given in the memory of one of Loudon County's most avid horsemen, Riley M. Wampler, shown above on one of his many pleasure horses.

## Parade, Carnival, Dance Highlight July 4th Activity

Activities are planned by the Loudon Jaycees, Jayettes and Loudon Lions Club to provide family fun and recreation on Wednesday, July 4th. Both organizations, although sponsoring separate events are coordinating efforts to provide day-long activity in observance of Independence Day.

At 10 a.m. the Celebration will start with a parade. Earl Ridenour, Jaycees Chairman, said that all entries including decorated bicycles, cars, antique vehicles, horses, wagons, floats, marching units, scouts, military units and others are welcome. He said that every entry is welcome and all that is necessary to enter is just to show up at line-up time, 9:15 a.m., on Carter Street (next to Loudon High School). The parade route will travel down Steeple Street up Ward Avenue, down Cedar Street to Grove and across Mulberry and disband at the American Legion Building. Ridenour said that prizes will be awarded to the best decorated bicycles in the parade.

Following the parade, which should be over by 11 of 11:30 the Loudon Lions Club takes up celebration with a Family Carnival at the Lions Municipal Park on Robertson Springs Road. This will include games such as bingo, football throw, darts, weight guess, fish pond, plus the greasy pole climb and greasy pig chase, and other events. Admission will be free and the games will cost from 10 cents to 25 cents. Prizes will be awarded to participants.

Throughout the activity at the park the Jaycees will be selling sandwiches, soft drinks and other refreshments until 4 p.m. At this time a 240-pound seed will be drawn for Tickets for the beef are now on sale by Lions Club members. Chairman of the Lions events are Randal Johns and John Carnes.

Starting at 8:30 and lasting until 11:30 the Jaycees will host a Square Dance at the Genesco Parking Lot on Industrial Road music for the square dance will be provided by Bob Brackett and the Country Raiders, a popular Loudon Square Dance band. Besides square dancing there will be popular dancing and cake walks. Admission will be \$1 for adults, 50 cents for children.

**THIRD FIRE IN 11 DAYS**—Loudon Firemen are shown just starting to fight a fire that all but destroyed the home of Mrs. Fred Bradshaw on Vale Street in Loudon Monday night. It was the third time in 11 days the Fire Department had been called to the house. Tuesday morning they returned again, their fourth trip. The fires are believed to be arson.

## Third Fire In 11 Days Destroys Home-Arson

Three fires in 11 days have all but destroyed the modest four room frame home of Mrs. Fred Bradshaw, Vale Street Loudon. The latest fire, Monday night about 8:30 p.m. was the worst with most of the house gutted by flames. The small pet dog of the woman died in the fire.

Gasoline in it on the floor of the room. It appeared as if gasoline had been poured on the floor and into an unused coal stove, then set afire.

The second fire Friday was much the same, appearing that gas was poured on the floor of the room. This time more damage was done, with the back of the house sustaining fire damage and the remainder damaged by smoke and water.

Fire Chief Chili Jones, who says the first two appeared to have been set thinks the third probably was also although the fire made it almost impossible to find. The second fire was last Friday and the first eight days earlier.

The third blaze appeared to have started in a bedroom at the rear of the house. This fire almost engulfed the entire house and was termed a total loss by Chief Jones. He said what was not destroyed by the fire, smoke and water claimed. Firemen spent more than an hour fighting the stubborn fire.

When firemen went to the house for the first fire the blaze was confined to a storage room at the back. They found a bucket with

## Knox Federal Lenoir City Branch Ok'd

Knox Federal Savings and Loan, a \$40 million home lending and savings institution, last week received approval from the Federal Home Loan Board to establish a branch office in Lenoir City.

Alex Curtis, executive Vice President and Managing Officer of the 17 year old Knox Federal said that the new facility should be open in Lenoir City around the first of next year.

Mr. Curtis said that Knox Federal had purchased a site for the new building at the intersection of Highway 95 and U.S. in Lenoir City and that plans for the building should be completed and bids let for the construction in about 30 days.

Besides their main office on Gay Street in Knoxville the company also has a branch in the West Town Mall. The Lenoir City office would be the second branch of Knox Federal.

Knox Federal offers first mortgage loans on real estate and homes and also has several savings plans. Curtis said that the firm pays 6 percent interest on savings the highest amount allowed by an insured corporation. Knox Federal is insured by the Federal Savings and Loan Insurance Corporation, an agency of the Federal Government.

JUN 28 1973

# Loudon County Herald For and about Women

## Cox-Wortman Vows Pledged

Miss Marilyn Ann Cox and Mr. Fred Auston Wortman, Jr. were married June 9 at the Cumberland - Presbyterian Church in Loudon. A double ring ceremony was performed by the Rev. Jack W. Ferguson, Jr. Miss Lynn House of Ridgely presented a program of traditional music.

The bride is the daughter of Mr. Benjamin Franklin Cox of Rt. 1, Loudon, and the late Mrs. Helen Rose Cox. Mr. Wortman is the son of Mr. and Mrs. Fred Auston Wortman, Sr. of Ridgely.

The bride, given in marriage by her father, wore a gown of white crepe voile trimmed in satin and Venice lace. A head piece of lace and satin bows held her veil of illusion. Her flowers were a nosegay of sweetheart roses, lilies of the valley and baby's breath. She carried a handkerchief belonging to the groom's paternal great grandmother, along with a white Bible that was a gift from her mother. Her only jewelry was sapphire earrings, a gift from the groom.

Miss Linda Rose Cox of Concord, sister of the bride, was maid of honor. Bridesmaids were Miss Mary Kelley of Knoxville, and Mrs. Ralph Ann Roach of Cookeville, cousin of the bride. They wore floor length gowns and picture hats in pink. They carried a single long stemmed pink rose.

Mr. Wortman served his son as best man. Groomsmen were Dr. Richard Pearson of Memphis, Mr. Jim Frank Eblen of Sevierville, and Master Shawn Wortman of Ridgely, brother of the groom. Mrs. Richard Pearson of Memphis, sister of the groom, kept the bride's book.

Kenneth Hadaway, Knoxville, and Mrs. Jim Selvaige of Concord.

After a short wedding trip the couple will make their home in Ridgely.

## Personal Mention

**Greenback Community News**

By Mrs. S.B. McCollum  
Phone 856-3017 Greenback

Miss Judy Fipps and Mr. Billy Law were married June 23 at 7:30 p.m. in the Greenback Presbyterian Church. The Rev. Robert Nichols of Marysville and the Rev. Billy J. McCowan performed the nuptial rites. Parents of the couple are Mr. and Mrs. Donald Fipps of Greenback and Mr. and Mrs. Howard Law of Alcoa.

White and yellow chrysanthemums and candelabra decorated the altar and were used in the reception in the Church Fellowship Hall. The bride's gown was of bridal satin and her illusion veil edged with lace extended into a cathedral train. Her Bowers were white pom-poms and baby breath centered with an orchid.

Mrs. Randall McIntosh was matron of honor and bridesmaids were Miss Betty Law, Miss Sara Murr, Miss Donna Evans, Miss Renee Cable and Mrs. Sharon Plemons. They wore gowns of bright flowered yellow satin and carried nosegays of spring flowers.

Little Miss Tina Zabala of Chicago was flower girl and

ring bearer was Arnold Tettefeller of Atlanta. A musical program was given by Miss Angela Law, sister of the groom and cousin of the bride. Miss Nancy Nester of Columbus, Ohio sang three numbers. Mrs. Steve Pierce of Columbus kept the bride's book.

The groom's father, Mr. Howard Law of Alcoa was best man and usher was Farrell Fipps, Tom Law, Douglas Thomas, Jimmie Bowerman, Ray Coulter, Scotty Kennedy and George Abbott.

Mrs. Garfield McCarter directed the wedding and Mrs. Coy Cabe was in charge of the reception. Assisting Mrs. Cobe were Mrs. John Kennedy, Mrs. Vestal Hammontrout, Mrs. Arnold Tettefeller, Mrs. Frank Hill and Mrs. Elbert Fipps.

Mr. Ben Pascual of Hilo, Hawaii is the guest of Mr. and Mrs. Gary Fipps and attended the Law-Fipps wedding.

Mrs. Margaret Hutton Dewey of Lenoir City visited Mr. and Mrs. Fred Fipps Saturday and attended the Law-Fipps wedding.

Mr. and Mrs. R.F. Stephens

and family attended the wedding of their cousin Miss Frances Trotter to William Leon Harvey at the Hiwassee College Chapel on Friday June 22.

Mrs. Leon Briant and Miss Helen Kerr visited Mrs. Nick Rowland at the Ashbury Acres home Wednesday.

Mr. and Mrs. Buddy Brooks, Mrs. Lee Brooks and Mr. and Mrs. Glenn Rogers spent Wednesday in Nashville and saw the Grand Ole Opry.

Mr. Leon Hammontrout, who has been undergoing treatment in Blount Memorial Hospital the past three weeks, is improving and expects to return home this week.

Mrs. John Robert Tarwater remains in Blount Memorial Hospital and her condition is reported serious.

Mr. and Mrs. James Rogers, Mr. and Mrs. Glenn Rogers visited Mrs. Nick Rowland in Nashville on Tuesday.

Mr. and Mrs. James Jackson of Chattanooga were weekend guests of Mr. and Mrs. Dave Jackson.

Mr. and Mrs. Glenn Rogers visited Sunday with Mr. and Mrs. S.B. McCollum. Their guests of Saturday were Mr.

**Jane Smallen To Wed Kenneth Whitehead**

Mr. and Mrs. Hubert T. Smallen, Route 2, announce the engagement and upcoming marriage of their daughter, Minerva Jane to Kenneth Whitehead of Maryville. He is the son of Mr. and Mrs. Raymond Whitehead

of Lenoir City. The wedding will take place at 4 p.m., June 29 at the home of Mr. and Mrs. Roger Smallen. All friends and relatives of the couple are invited to attend.

Mr. and Mrs. Harold Nester and Miss Nancy, Mr. and Mrs. Steve Fricke of Columbus, Ohio were guests at the wedding of Mr. and Mrs. Fred Fipps and attended the Law-Fipps wedding. Others who came for the ceremony were Miss Edna Everett of Columbus, Ohio, Mrs. Linda Zabala, Tina and Mike of Chicago, Mr. and Mrs. Arnold Tettefeller and Junior of Atlanta, Mr. and Mrs. Howard Law, Miss Betty Law, Mr. and Mrs. John Kennedy and Scott, Mr. and Mrs. Ben Stewart, all of Alcoa, Mrs. Benny Law, Mrs. R.H. Law, Miss Pam Law, Miss Angie Law, Miss Wanda Coulter, Mrs. C.W. Pickel, Mrs. Margaret Coulter, Mrs. Edward Hall, Jerry Hall, Miss Louise Coada, Mrs. H.F. Tettefeller, Mr. and Mrs. Herbert Pipp, Mrs. Jack Kennedy, Ray Coulter, Douglas Thomas, Jimmie Bowerman, Tom Law, George Abbott, Mr. and Mrs. Melvin Stewart, Mr. and Mrs. Randall McIntosh, all of Maryville, Miss Martha Blair, Mr. and Mrs. Madison West, and Mr. Dale Griffith all of Loudon, Mr. and Mrs. Jay Howard, Miss Elizabeth Peoland and Mrs. Robert Edward Jones of Madisonville, Mrs. Jack Hawk, Vonore, Miss Faye Hamilton

and Mrs. P.S. Ferguson of Bryson City N.C. Mr. and Mrs. Johnny Blankenship and David of Oak Ridge were weekend guests at Mrs. C.O. McColl and Mrs. C.E. Huffstetter.

Mr. and Mrs. Clyde Hamill of Friendsville were guests Wednesday of Miss Mae Lowry and Mr. and Mrs. Paul Dempsey of Lenoir City. They visited her Sunday.

Mr. Cecil McCollum of Big Springs underwent surgery in Blount Memorial Hospital Thursday and is reported in fair condition.

Mrs. Wesley Lane, who has been ill for some time at her home is reported improving satisfactorily.

Mrs. A.W. Carpenter is spending a few days with her son Captain and Mrs. John Carpenter and family in Savannah, Ga.

The Carpenters little daughter is recovering from surgery performed last Thursday.

**Pat Turbyfill Engaged**

Rev. and Mrs. Virgil Turbyfill, Chickamauga, Ga. announce the engagement of their daughter, Patricia Gail to Jerry Lynn Foster, son of Mr. and Mrs. E. F. Foster of Loudon.

The bride-to-be is a 1973 graduate of Loudon High School and is presently enrolled at East Tennessee Baptist Hospital School of Nursing.

The groom-to-be is a 1966 graduate of Loudon High School and graduated from University of Tennessee in 1970 with a BS degree in Education. He is presently employed by Loudon County Board of Education.

The wedding will take place Saturday, August 4 at Corinth Baptist Church at 7 p.m. No invitations are being sent. All friends and relatives are invited to attend.

## Bonnie Talk

**BONNIE SHEELEY**  
Assistant Extension Agent

Agricultural Extension Service  
The University of Tennessee

Tennessee dairy farmers received a record \$124 million dollars in cash receipts for milk and cream marketed in 1972. Thus, milk accounts for over 14 percent of the \$871 million cash receipts received by Tennessee farmers in 1972. The cash receipts of dairymen would be equivalent to wages in an industry that employed 23,846 persons at \$2.50 per hour, eight hours per day, five days per week for 32 weeks per year.

However, there is another important link between farmer and consumer. The dairy processing industry takes the raw milk and transforms it into numerous nutritious products. Last year there were 59 plants in Tennessee that manufactured butter, cheese, ice cream, evaporated milk or whey powder. These plants employ over 3,500 employees with an annual payroll of \$24.9 million dollars. Tennessee ranks 13th in the nation in milk production and does even better in some manufactured dairy products. In fact, Tennessee production of evaporated milk ranks 4th; 11th in the production of cheese; 17th in ice cream; 18th in creamery butter and 21st in creamed cottage cheese. Some of the unique and largest dairy plants east of the Mississippi River are located in Tennessee. The south's only cream cheese plant is located in Gallatin. The south's only Swiss

Cheese plant is located at Fayetteville and one of the largest evaporated milk plants in the world is located in Greenville. All milk processing and manufacturing plants in Tennessee operate under the most stringent sanitary standards of any food processing plant. Although today's public milk supply is considered to be the best ever available, additional steps are being taken to further refine the natural flavor and nutritional value of milk and milk products.

From a nutritional standpoint, milk and milk products are an outstanding food buy. Yet in a recent survey, 63 to 90 percent of the respondents over-estimated the average fat content of whole milk. Over one-third of those responding thought milk contained over 50 percent fat! The facts are that whole milk has only around three and one-half percent fat. Dairy products contribute a major portion of many of the essential nutrients. Dairy products supply 76 percent of all calcium; 42 percent of the riboflavin, 36 percent of the phosphorus; 23 percent of the protein; 22 percent of the magnesium; and 20 percent of Vitamin B12.

Try this delicious pie recipe for a most nutritious dessert. This recipe placed fourth in the Loudon County Dairy Recipe Contest and first in the Home Demonstration Club Dairy Cook-off. It was submitted by Jimmie Sue Campbell of the Corinth Home Demonstration Club.

### COFFEE SCOTCH WHIP PIE

**Crust**  
 1/2 cup all purpose flour  
 1/2 teaspoon salt  
 1/2 to 3/4 teaspoon instant coffee  
 3 tablespoons brown sugar  
 1/2 square (1/2 oz.) Semi-sweet chocolate, grated  
 1/2 teaspoon vanilla  
 One-third butter  
**Marble Filling**  
 2 cups (1 pint) whipping cream  
 1/2 teaspoon salt  
 1 package (4 oz.) instant vanilla pudding mix  
 1/2 cup cold milk  
 1 package (4 oz.) instant butterscotch pudding mix  
 2 tablespoons sugar  
 2 to 3 teaspoons instant coffee  
 1 cup cold milk

In small mixing bowl, combine flour, salt, instant coffee, brown sugar, grated chocolate and vanilla. Using a pastry blender, cut in butter until mixture resembles coarse crumbs and begin to cling together. With floured fingers press out bottom and sides of 9-inch pie pan. Bake at 375 degrees for 10 to 12 minutes. Cool. Fill with Marble Filling. Garnish with dollops of whipped mixture. Chill until firm.

**Marble Filling**  
 Whip 2 cups (1 pint) whipping cream and 1/2 teaspoon salt until soft mounds form. Combine 1 package (4 oz.) instant vanilla pudding mix with 1/2 cup cold milk. Fold into whipped cream. Reserve 1/2 cup for garnish; set aside. In small mixing bowl, combine instant pudding mix, sugar, instant coffee and milk; beat with rotary beater until smooth, about 1 minute. If slightly, fold pudding carefully into whipped cream mixture only to marbleize slightly.

**Have 55th Anniversary**

Mr. and Mrs. John Bradshaw of Philadelphia celebrated their 55th Wedding Anniversary Wednesday, June 27. The couple was married in Loudon County on June 27, 1918.

Mr. Bradshaw is 78 years old and a veteran of World War 1. His wife is 74 years old.

The couple are the parents of five children. They are Mrs. Ruth Jenkins of Grand Rapids, Mich.; Mrs. June Duncan of Philadelphia, Mrs. Cora Elizabeth Jenkins of Loudon, Mrs. Jessie Wicker of Atlanta, Ga. and Johnny Bradshaw of Michigan. They have 34 grandchildren and 13 great-grandchildren.

stay cool economically

with electric air conditioning

Electric cooling need not be expensive. Here are some tips to help keep you comfortably cool—a at a reasonable cost.

- Keep return air grills free of obstructions and wash or replace filters often.
- Close drapes on the sunny side of the house during the day.
- Keep windows and doors closed, and turn off unnecessary lights.
- Operate your range and other heating appliances sparingly.
- If going away for more than a day, set the thermostat up several degrees. Set at normal on returning.
- Have your thermostat checked for accuracy. A faulty thermostat can waste power.
- Following these tips should help you enjoy electric air conditioning at a reasonable cost.

# Smoky Mountain Passion Play To Open Friday

The opening performance of the Smoky Mountain Passion Play, a drama that re-enacts the events in the last week in the life of Jesus, will be presented on Friday, June 29, in a new 2000-seat mountain amphitheatre near the Great Smoky Mountains National Park.

Performances will be held Monday through Saturday, beginning at 8:45 p.m., from June 29 through Labor Day. The play, which is presented by 62 cast members from East Tennessee and several other Southern states, reflects the great tradition of the passion play that began centuries ago in Europe. The major scenes include the entry into Jerusalem, the cleansing of the temple, the Last Supper, the betrayal and arrest in the garden of Gethsemane, the trial before Pilate, the crucifixion, the burial, and the Resurrection. The performance lasts about two hours.

A GUARD ORDERS, "Get that woman out of here," in this scene from the new Smoky Mountain Passion Play which opens June 29th. The play will be presented six nights a week, Monday through Saturday, from June 29 through Labor Day. Performances will begin at 8:45 p.m.

**\$35,506 In Bonds Bought**

Cash sales of Series E and F Savings Bonds in Loudon County during May amounted to \$35,506, county savings bonds chairman C.T. Burdett reported today. Through May the county has attained 49.6 percent of its dollar goal as set by the Department of the Treasury.

Savings Bonds sales for the state amounted to \$6.7 million during May, a significant increase over the same month last year. January-May sales this year were \$24.9 million, a 9 percent increase when compared with the same 1972 period. Tennesseans hold \$650 million in the securities, yielding over \$20 million in annual interest, according to Treasury estimates.

The TVA Board of Directors has conducted its quarterly review of the agency's power program finances, and determined that there will no adjustment in rates for the July-September quarter.

The action followed a discussion by TVA with representatives of the region's local electric distribution systems. Preliminary projections indicate further rises in costs for the TVA power system in the fiscal year beginning July 1, including larger fuel and interest expenses. Cost trends will be examined again in the next quarterly review at the end of August.

Construction of the theatre and scenery, costume preparation, and other costs involved in preparing for the first season are being financed primarily with contributions from private groups and individuals. After the season begins, the play will be largely self-supporting.

All tickets for the June 29th opening and subsequent performances are by reservation only. Reservations may be made by mail, phone, or visit to the Smoky Mountain Passion Play Amphitheatre in Townsend (448-2244), the Main Office at 210 East Harper Avenue in Maryville (984-4111) or at any of the nearly one dozen extension box offices which have been established at various locations in several counties.

Finals Set For Saturday

# Philadelphia Softball Invitational Off To A Rousing Start

The second annual Philadelphia Community Club Invitational Softball Tournament got off to a rousing start Monday night with the Hamilton Bank of Loudon getting the most attention with a 33-14 triumph over the Philadelphia regular season champs and 1972 tournament runner-up Bar Knit. The Hamilton team exploded for 12 hits and 18 runs in a wild fifth frame to put the game on ice.

Other first round action saw Paint Rock squeeze past Union Carbide 8-5, and the Bank of Loudon County stop Luttrell 19-4.

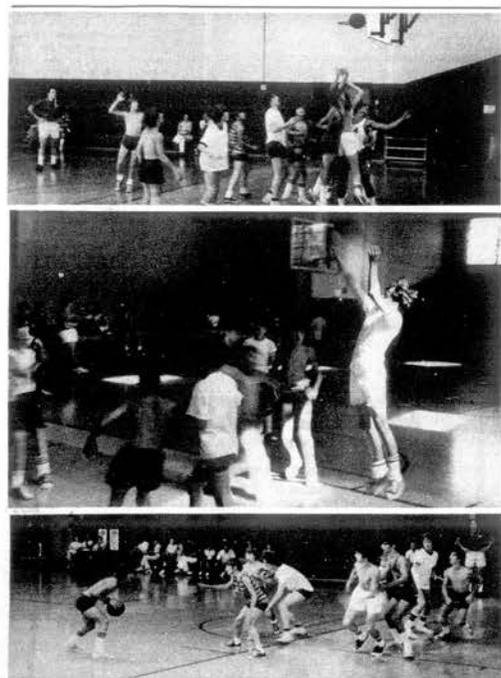

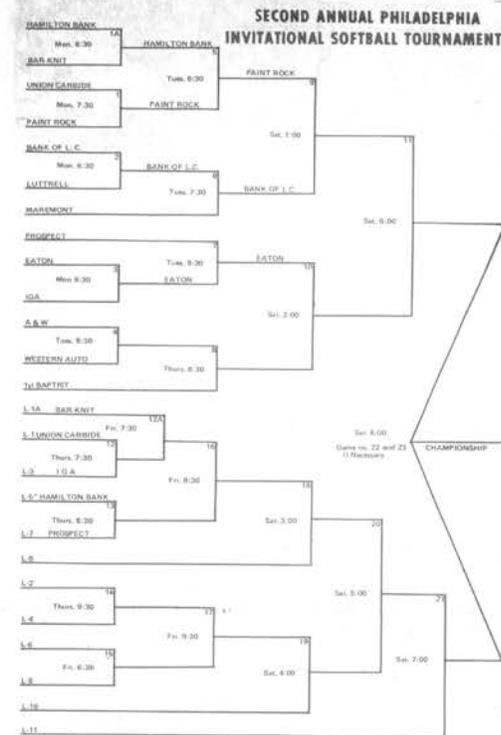

In Tuesday night play Paint Rock scored the first tournament upset by thumping the Hamilton Bank by a 8-7 count. The Bank of Loudon County had to fight off a strong effort by Marenmont to advance in the winners bracket of the double elimination affair.

The tournament will run through Saturday night with trophies being awarded to the first four finishers and to the team with the highest team batting average for the week of play. An individual trophy will be presented to the player with the most home runs in the tournament. Joe Russell won the "home run king" title in last year's tourney.

Eddie Brewster, Philadelphia Community Club

President and tournament director, thinks this year's tournament has better team balance than last year and should be at fever pitch by Saturday night. "We could have booked 25 teams for the tournament," states Brewster. "But we chose to have fewer teams and a more competitive tournament of near equal teams."

The Philadelphia tournament provides plenty of spacious parking and seating for spectators. Priced for the tournament are 50 cents for adults and 25 cents for students. A concession stand is also provided for the hungry softball fans.

ENJOY SEWANEE BASKETBALL ACTIVITIES—Pictured are some of the highlights of the University of the South Basketball camp held last week on the Sewanee Campus. Top picture has Jimmy Birkholz (dark uniform) battling for a loose tip near the goal. Second picture views Joy Williams launching a shot in a afternoon scrimmage. The bottom picture sees Bill Brakebill (with ball) setting up his teammates in an offensive maneuver. Nineteen attended the basketball camp from Loudon under the direction of former Redskin basketball coach and now Sewanee head mentor Mac Petty.

## Lomax And Swiney Turn In Scorching Score In City League Battle

The hot summer is here and Ciel Miller and Chig Rallege, of the Loudon City Golf League had to absorb both the sun and the torrid pace dealt them in league action last week by Ted Lomax and Inky Swiney. Miller and Rallege who have fared well for the first half of the golf league play, jockeying from third place to sixth place, but never ever being

completely shut out or shy of a challenging spot in the standings. Last week they were in fourth place just 11 points back of first place but now they rest in fifth position by a single point and trail by 21 points in the battle for the league title. Swiney and Lomax, who have been the escape goat for several teams better performances in the early stages of the season put their best overall game together in many, many weeks to come into the club house with a league low team score of 62. Swiney blistered the greens and fairways for a season low net score of 90 and top individual honors.

HIGH CHOP—Bank of Loudon County batter Yancy Hampton takes a high chop swing at this pitch in Philadelphia Softball tournament play Tuesday night. The speedy leftfielder had several hits in the game with Marenmont.

All together Swiney and Lomax added 14 points to their team score for a season total of 53 and a jump from 11th place to ninth in the standings.

Rallege and Miller will have a chance to bounce back into the race this week as they will tangle with the league leaders, Larry and Lynn Millsaps, who have 79 team points to date. The Millsaps team lacked another 10 points to their total last week to give them breathing room over second place challengers Larry Bridges and Larry Lane. Bridges and Lane trailed by a point in the standings last week but collected just six points in their battle with fourth place competitors Dennis Townsend and Ralph

## Panther Nine Moved To District 10

Lenoir City, a long time baseball power in District Five diamond format has been relocated into District 10 for the 1974 baseball campaign. The change was made by the TSSAA in a new redistricting plan announced two weeks ago.

Other teams being affected by the new district planning were Harriman, Kingston, Rockwood, Oliver Springs, Coalfield, and Oak Ridge. All will travel south to the District 10 tournament which increased the number of districts in the state from 16 to 22 and the number of regions from four to eight.

The ten remaining schools which made up District Five this past season will participate in District Nine under the new setup. This will include Clinton, Forge Ridge, Jacksboro, Jellico, LaFollette, Lake City, Norris, Speedwell, Tazewell, and Wartburg.

Region Three, in addition to Districts Nine and Ten, will also include the following teams:

- District 11-Alcoa, McMinn Central, Friendsville, Madisonville, Marysville, Everett, Porter, and Townsend.
- District 12-McMinn County, Polk County, Calhoun, Cleveland, Bradley County, Copper Basin, Rhea County, Meigs County, Spring City, and T.M.I.

## Merchants Lose To Hard Hitting Vulcan Team

The Loudon Merchants were handed their sixth setback of the summer Saturday afternoon by Vulcan Material of Knoxville, 13-1, in Stan Mustal play. Gene Rallege was tagged with the loss, pitching four and two-thirds innings and giving up eight runs. Gary Gibson relieved Rallege in the fifth and retired the side on a ground out. Vulcan, nevertheless greeted the last-of-the-year leftfielder in the sixth inning with five runs on four hits and a fielding error. The four hits were a home run, a triple, a double, and a single.

In all the visiting Knoxville nine sipped out 17 base hits, including two home runs. Loudon managed but four hits for the game with Rodney Amburs getting two of the hits. David Hightower and John Stair had the other base knocks. Gene Rallege scored Loudon's lone run in the first inning on a Vulcan fielding miscue and a hit by Stair.

### CURTIS TIPTON MOTOR COMPANY

WEST END      PHONE 458-4305      LOUDON

TO OPEN SATURDAY—The long awaited Olympic size swimming pool for the Loudon City Recreation Park will be ready for operation by Saturday. The pool and its facilities will include, diving boards, wading pool, sun deck, underwater lighting, concession stand, shower rooms and dressing rooms. The pool hours are expected to be from noon to 10 p.m. through the week and noon till 6 p.m. on Sundays.

## \*\*\*\*\* New Loudon Swimming Pool To Open Noon Saturday \*\*\*\*\*

IF YOU'RE ITCHING FOR A NEW CAR BUT ARE A LITTLE SHORT OF SCRATCH, SEE ME AT BANK OF LOUDON COUNTY I'LL LEND YOU SOME

**Bank of Loudon County**  
THE SIGN OF GROWTH

Saturday will be the day that has been long awaited by Loudon City officials and area residents. The city owned public swimming pool is scheduled to open at 12 noon Saturday, barring any prolonged period of bad weather.

The pool, an \$80,000 facility, which is part of an overall development that will be valued at \$300,000 when completed, is Olympic size and is the largest in the area.

City Recreation Director Bert Ratledge, who is also pool manager, said everything including the bathhouse and concession stand should be ready when the pool opens Saturday. Jim Gibson, assistant football coach at Loudon High will be the assistant manager of the pool. Lifeguards will be Hugh Watson, Larry Bridges, Rosemary Lowe, Ernie

STATE RUNNERS UP—Debbie Plemons and Tonya Scarborough each won First Runner Up in the Tennessee State Twirling Contest in Nashville June 22-23. Tonya in age division 7-10 and Debbie, age division 11-14. Their teacher is Claudette Sisk of Nashville.

Denny, Bill Davis and Bart Potts. Admission will be 25 cents for adults, 50 cents for students and 35 cents for spectators. The pool will be open from 12 noon until 10 p.m. daily except Sunday when it will be open from 1 p.m. to 8 p.m.

On one of the last things to be done before the pool is opened is to fill it with thousands of gallons of water. The filling process is expected to begin Thursday.

Although the pool was built by a professional pool contractor, the Bathhouse and concession stands and parking lot were built by city crews, who have worked for several months to get the pool open this summer.

City Administrator Gary Henley said last week that as soon as possible work will be started on a second parking lot for the pool. Until then he said after the present lot is filled persons coming to the pool should park in one of the parking lots at Loudon High School and walk to the pool.

It is also expected that the Red Cross Swimming Classes slated for the pool will begin Monday morning.

LEAGUE LEADER—Leading the Loudon City Softball batting race is Bank of Loudon County shortstop Buck Kirkland with a fantastic .738 batting mark in 13 games.

Federal grants were recently received for the construction of the Phase II development of the 10 acre park. This phase will include the second parking lot, construction of five tennis courts, a basketball court, all purpose court, softball field, picnic areas, park fencing and lights. It may be next summer before the total project is completed.

### Loudon Scores Late For 5-3 Win

The Loudon Merchants exploded for 10 hits Wednesday night and backed the four hit pitching of Gary Gibson to record their fourth win of the season, 5-3 over Luttrell. Loudon has lost five games.

Gibson, winning his third game of the year, went the distance, giving up four runs and striking out four.

Luttrell scored the first run of the game in the third inning on a walk and a follow-up double. The Merchants did not score until the fifth inning, when Gene Ratledge walked and scored on a hit by Shug Hudson. Two Luttrell errors helped Ratledge to reach third base after his base on balls.

Loudon was limited to Jack Cox's second inning triple until coming to life in the fifth inning continued to pound the ball for base hits in the sixth as John Stair singled and Jack Cox and Mac Coley clubbed back to back safeties to account for a 2-1 Loudon lead.

Loudon added three more runs in the top of the seventh as eight men marched to the plate. Shug Hudson walked

and Gibson sacrificed him to second base. Donnie Darnell got his first hit of the night, a double to score Hudson, and David Hightower lashed a hit to score him from second.

John Stair bounced his second hit of the game through the infield, Jack Cox walked, and Mac Coley struck for a base hit only to have Stair thrown out at the plate trying to score.

### Spradlin And Black Moving Up In Union Carbide Golf Play

Jim Spradlin and Ernie Black continued their climb in the Union Carbide Golf League last week with 14 team points and have extended their season total to 107 points and a second place slot behind league leaders Mike Oody and Hall Summers.

Spradlin and Black have scaled the league standings in the past three weeks but like the rest of the Union Carbide Golf teams trail considerably in the standings of the play of Oody and Summers, who have enjoyed a 20-30 point first place advantage over recent weeks.

Eldon White and Dick Rosenbaum have slipped into third place with a 14-point week and 105 team points. Falling back into the pack with near equal total team points was last week's second place team of Jack Randolph and Carlos Evans with 102 team points.

## Game and Fish TODAY

By Sgt. Bob Harmon  
Game and Fish Commission

### Safe Boating Week Proclaimed

Governor Winfield Dunn has proclaimed July 17 as Safe Boating Week in Tennessee. In accordance with the national celebration, Governor Dunn signed the following declaration:

WHEREAS, July 17 is being observed throughout the Nation as National Safe Boating Week; and

WHEREAS, this year's theme is "Safe Boating is No Accident," and

WHEREAS, boating on Tennessee's WATERWAYS HAS BECOME A SOURCE OF RECREATIONAL PLEASURE FOR A RAPIDLY INCREASING NUMBER OF Americans; and

WHEREAS, enjoyment on our waterways means greater care to observe the rules of good seamanship and of boating safety; and

WHEREAS, many boating accidents could be avoided through education and public awareness of safe boating standards; and Jerry Reed has done much to make Tennesseans aware of boating safety;

NOW, THEREFORE, I, Winfield Dunn, as Governor of the State of Tennessee, hereby proclaim the week of July 17, 1973, as SAFE BOATING WEEK IN TENNESSEE.

WITH Jerry Reed as Honorary Chairman and do urge all who use our waterways to acquire those skills essential to their own safety and that of others.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Tennessee to be affixed at Nashville on this 7th day of June, 1973.

food harvest as well as the wildlife harvest," he concluded.

### Assistant Interior Secretary Cites Importance Of The Day

Nathaniel P. Reed, Assistant Secretary of the Interior for Fish, Wildlife and Parks, has praised the success of National Hunting and Fishing Day in promoting an increased awareness of the sportsman's importance to conservation.

"The pride that American hunters and fishermen take in their contributions over the years to maintain the fish and wildlife habitat of the United States was clearly shown on National Hunting and Fishing Day, September 23, 1972." On that first NHF Day, sportsmen organized some 3,000 special NHF Day observances designed to show many of the general public, some 4,000,000 people who attended, how hunters and fishermen are involved in the American conservation movement.

In urging sportsmen to redouble their efforts in behalf of NHF Day 1973, the Interior official said, "National Hunting and Fishing Day reminds us all that the great ethic of sportsmanship should continue to be observed and recognized by all Americans." Sportsmen desiring information on how they can become involved in NHF Day in their communities should write NHF Dal, 1075 Post Road, Riverside, Connecticut 06676.

This report is based on the present weather and water conditions and is subject to change if they change.

**CHEEROKEE LAKE**-Water conditions clear and fluctuating. Bass-good-casting topwater lures, plastic worms and Rapalas. Rockfish, hybrids and stripes good-casting stripers/bass in late afternoon. Best area from German Creek to the Dam. Several 12 to 15 lb. rocks and hybrids being caught in the Steam Plant area. Bluegill good on worms and crickets. Crappie good-still fishing with minnows at night under lights.

**NORRIS LAKE**-Clear and falling. Bass good, casting chug-a-lugs at sund. Submerged tree tops. Also, casting black doll flies, spring lizards and purple worms.

**GOVERNOR WINFIELD DUNN** inks his signature on a proclamation calling for the observance of National Safe Boating Week, July 17. Jerry Reed, Honorary Chairman for Tennessee's Safe Boating campaign, witnesses the signing.

**DOUGLAS LAKE**-Clear and rising. Bass very good, casting topwater lures early and late. Crappie fair, casting spinners in breaks. Catfish good on trot lines and jug lines using cut shad.

**FORT LOUDON**-clear and fluctuating. Bass good, casting plastic worms, Big O's and topwater lures. Crappie and stripes good on minnows and jigs. Also, some being taken under lights at night on minnows. Catfish fair on trot lines using cut bait. Ft. Loudon Tailwater-cattfish extra good on shad minnows and shad entrails.

**WATTS BAR LAKE**-clear and stable. Bass good, casting topwater lures. Stripes fair, casting spinners in breaks. Catfish good on trot lines using cut bait.

**MELTON HILL LAKE**-clear and stable. Bass fair, casting topwater lures early and late. Stripes and crappie fair on minnows and jigs.

**CHILHOWEE LAKE**-clear and fluctuating. Bass good, still fishing with spring lizards, deep. Trout fair on corn and worms under lights at night.

**LITTLE TENNESSEE RIVER**-trout good on stream worms, spinners and spoons. Remember! Your 1972-73 hunting and fishing licenses expire June 30, 1973. The 1973 74 licenses are on sale now at your sporting goods stores.

39 POUND CATCH-Mr. and Mrs. Leo Perkins of Loudon are shown with 39 pounds of catfish and drums they caught fishing the Tennessee River last week.

FLOYD LANTERN AND J.L. JOHNSON of Lenoir City are shown with their catch of Cats. They caught the fish below Ft. Loudoun Dam.

GOVERNOR WINFIELD DUNN inks his signature on a proclamation calling for the observance of National Safe Boating Week, July 17. Jerry Reed, Honorary Chairman for Tennessee's Safe Boating campaign, witnesses the signing.

CHALLENGE TROPHIES-Sammie Sims of Lenoir City is shown standing with the two Challenge Trophies that will be awarded for the first time next week at the Loudon Quarterback Club Horse Show. The trophies are being awarded in memory of Colonel Charles H. Bacon and Riley M. Wampler, who were both avid horsemen during their lifetimes.

boating end on July 7. Practice safe boating fifty-two weeks out of the year. The 1973 74 licenses are on sale now at your sporting goods stores. Remember! Your 1972-73 hunting and fishing licenses expire June 30, 1973. The 1973 74 licenses are on sale now at your sporting goods stores.

## Bell Seeks Rate Increase

Noting that the President's price freeze would preclude any immediate rate changes, South Central Bell asked the Tennessee Public Service Commission on June 22 to begin a study of the firm's need for additional revenues and to eventually approve higher rates.

V.E. New, vice president in charge of Tennessee operations for South Central, said that the telephone company "is cooperating fully with the President's 60-day freeze on prices." He pointed out that the company's proposed effective date for new telephone rates in Tennessee is August 15, after the freeze expires, and noted further that any increase will be in full compliance with whatever rules follow the present freeze.

"It necessarily takes time for the Commission to study such a proposal for increased rates," New commented. "We are filing now in order to begin that study period."

Statewide, the proposed monthly increases within base rate areas for basic residence service range from about one cent to six cents per day. The company's request also includes increases in charges for basic business service; for installing or moving a telephone, and for long distance calls inside Tennessee. In total, the new statewide rates are designed to yield an additional \$31 million in annual revenues, or about \$13 million after taxes.

The proposed adjustment would increase the \$4.65 monthly charges for residence one-party service in Loudon to \$5.75 a month. The proposed rate for business one-party service is \$13.20 a month.

New said the company is seeking higher rates "because we have no alternative if we are to continue providing our present and future customers with the good telephone service they deserve and expect."

He emphasized that it was important that the public understand that the company's request does not present a choice between higher rates and lower rates. "The choice is between slightly higher rates and poor service," he added.

He said telephone service was about the last household necessity to bow to inflation, but that service would still be a "bargain" under the new rates.

"Our present rates are simply not based on present costs," New said. "They are based on the past and do not cover the current higher costs of providing telephone service in Tennessee - or of improving and expanding it."

South Central Bell has only one general rate increase in Tennessee in 16 years. In 1971, the company received less than 40 percent of that amount.

"Although this fell far short of our needs, we have continued a large construction program in Tennessee," New said. "As a result, our customers are continuing to benefit from improved and expanded communications service."

"For example," he continued, "in the past two years, we have spent nearly a quarter of a billion dollars to make numerous service improvements - adding 243,000 telephone lines, improving the quality of voice and data transmission, and providing service with fewer parties on the line."

"In this time of inflation," he said, "improvement and expansion do not come cheaply. To meet the communications needs in our state, we need to spend about \$1 billion for new construction in Tennessee during the five-year period beginning in 1973. This is as much as our present investment in Tennessee after nearly 94 years of operation."

"New facilities are needed to meet the increasing service demands of our 1,062,900 existing customers, including more than 120,000 on party lines, and to provide service to an expected 238,500 new customers who will be added during the next five years."

New noted that the average investment for a main telephone line in Tennessee at the end of 1970 and 1965. It had increased to \$926 at the end of 1972, and it continues to grow.

"This increase in investment, along with higher expenses, has exceeded the increase in revenues," New continued. "As a result, our earnings have fallen behind, and we have been unable to earn even at the level the Public Service Commission's last order said was fair."

Without improved earnings, he emphasized, the company's ability to continue attracting the investment money needed for improvement and expansion of service would be endangered.

"We can't afford to let this happen," he said. "Tennessee depends on good communications to guarantee its progress; no one likes price increases and I don't expect the public to applaud our efforts to increase telephone rates. But at the same time, I am sure the public would be

later worked for Tennessee Valley Authority and then joined the Dillard Smith Construction Co.

He was a member of New Providence Baptist Church and of local 760, International Brotherhood of Electrical Workers.

Survivors are his wife, Mrs. Stella Wilcox Johnson; stepdaughter, Diana; mother, Mrs. Irene Clark of Indiana; grandmothers, Mrs. Hazel Griffiths and Mrs. Fannie Johnson, both of Lenoir City; brother, Eddie J. Bivens of Lenoir City and Gary Lee Bivens of the U. S. Navy.

Funeral services were to be held today (Thursday), June 28, at 2 p.m. at Click Funeral Home (Chapel Building) to be in Lakeview Cemetery.

## 18 Attend 4-H District

By Bonnie F. Sheeley  
Assistant Extension Agent

The annual 4-H District Junior High Demonstration Day was held Thursday, June 14 on the Carson Newman Campus in Jefferson City. Thirty 4-H projects could have been entered in demonstration competition. Four-H'ers from Loudon County gave demonstrations in 18 areas.

These 4-H'ers, their project area, included: Mary Kimberly Wolf, Food Preservation; Linda Raulston, Clothing; Margie Gilbert, Horse and Pony; Rebecca Hunt, Health; Roger Goddard, Sewing; Haddy Kiser, Field Crops; Jimmy Brooks, Conservation and Ricky Manior, Electric. All the above 4-H'ers are from Greenback. Ernie Campbell, Petroleum Power; Sydney Elam, Poultry; Dean Liles, Wildlife; Carol Wolfe, Home Management; Jimmy Matlock, Wildlife; Kathy Matlock, Home Management; and Nancy Trout, Photography. All from Eatons. Karen Blankenship, a Steekee 4-H'er entered Related Arts and Crafts. Tim Stranor from Glendale, Safety; Janet James from Loudon, Dairy Foods; and Jack Thomas, Highland Park, Beekeeping.

The 4-H'ers did an excellent job representing the other 1,400 Loudon County 4-H'ers. They rode in a school bus to this event sponsored by Merchants and Farmers Bank of Greenback, Bennett Florist, Loudon Motor Company and Karmes Funeral Home.

When going on vacations motorists are reminded their car's tires are designed to take a maximum load limit. This limit—noted on the tire's sidewall—should never be exceeded when loading up for the long trip ahead.

When checking a tire's inflation always do so when the tire is "cool," or before the car has been driven, says Ross R. Ormsby, Chairman of the Tire Industry Safety Council. He also suggests inflation be checked with a personal hand gauge as service station air towers are often inaccurate.

## Lenoir Citian Killed On Job

A 25-year-old Lenoir City man was killed Monday in a fall from an 80-foot electric power pole at Cleveland.

He was Ewell Stephen Johnson, who was living at Tip's Trailer Park in Cleveland while working for Dillard Smith, electrical construction contractor there.

He was dead on arrival at Bradley Memorial Hospital after fellow workmen said he slipped and fell from the pole. He sustained multiple injuries, including a broken neck, in the fall.

The Bradley County Ambulance Service was dispatched to the scene about 8 a.m. Monday. The accident occurred at the intersection of Hackburn Road and Appalachian Highway. The victim was a lineman with even more unhappy - and right so - if we were to stand by and do nothing while our ability to serve is weakened by poor earnings."

New pointed out that poor earnings would ultimately result in deteriorating service such as slow dial tone, frequent busy signals, slow operator answers, delayed repair service and long waits for new service because of insufficient facilities and inadequate manpower.

He cited statistics to back up his point that telephone service will remain a bargain even with increased rates. "Since 1960, combining slightly higher local rates with lower long distance rates," he said, "the overall price of telephone service in Tennessee has increased only about one-third as much as the rise in consumer prices generally since 1960. Few businesses can match our price performance."

construction crew installing new power poles for the Cleveland Electric System.

Atchley said the men told him Johnson, who was living at Tip's Trailer Park in Cleveland while working for Dillard Smith, electrical construction contractor there.

# Cyclists

## Tackle Mt. Pisgah, Bears

By DEBBIE WILLIAMS

Doug and Lois Terrell were taking an extended, afternoon bicycle ride when I saw them in Cruso last week. They were on their fourth day and had at least four more to go.

Their destination—Loudon, Tenn.

They started their cycle expedition in Johnson City, Tenn. Monday and after reaching Asheville, proceeded up Mt. Pisgah where they ran into some of Western North Carolina's friendly bears.

"The trip was my idea," said Lois.

"Last fall I was driving down the Blue Ridge Parkway and I thought it would be nice to ride our bicycles on it. However, at that time I was in the rolling hills of Virginia and I didn't realize how really mountainous the parkway is in Tennessee and

North Carolina."

About a month ago when the Terrells were trying to decide what they would do on their vacation, Lois mentioned her idea and the trip from Johnson City to Loudon was decided upon.

Ninety-five miles were behind them when they reached Wayneville and they had 35 more to cover.

They didn't feel so ambitious, however, when they ran into a couple of boys in Asheville who were traveling from Long Island to California and had covered 100 miles the day before.

After reaching Wayneville, the Terrells were going to catch a bus to Gatlinburg, head up through Cades Cove and down into Loudon.

Oh! Mt. Pisgah caught the Terrell's attention more than any other place they had encountered so far.

"The quaintest thing we saw was the old Pisgah Lodge and the

niciest part of the ride so far has been through the valley below Mt. Pisgah (Cruso)," Doug commented.

On Thursday morning at 2 a.m. Lois was awakened by a clanging racket about 20 feet above her head. The sporting noise continued for around 45 minutes before it quit and Lois dared move in her tarp where she was trying to sleep.

"The racket then began coming from the other side of the camp," stated Lois. "A man had two bear cubs tread and had run the mother off. One little cub was crying so pitifully. The bears kept us up until 4 a.m."

Doug is a dental student at the University of Tennessee at Memphis and Lois teaches school in Memphis.

So if you want to be in the outdoors your entire vacation and principal won't talk to me. Last, but certainly not least, you added the flavor of your story to that week for good measurement.

Do the feelings of the people you serve mean nothing? That's what Buddy Best stressed to me—my community relations with Philadelphia were poor. Do good community relations mean nothing to you?

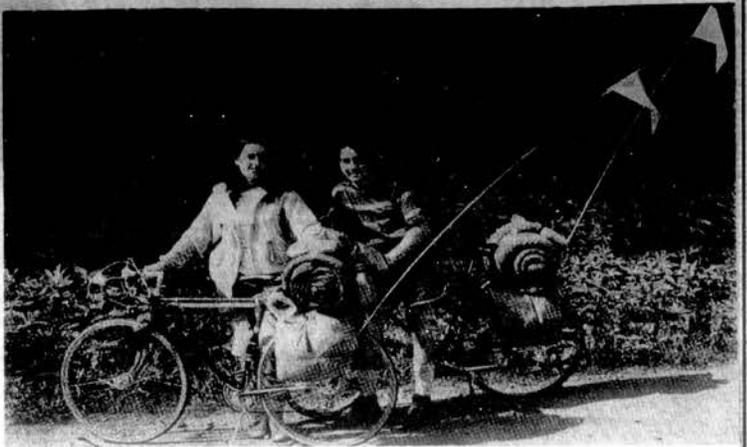

Bill H. Henry

Mr. and Mrs. W.G. House spent Sunday with their son and daughter-in-law, Mr. and Mrs. Gus House and son in Crossville.

Mr. and Mrs. Charles Harper and daughters, Tracy and Serenia of Farmington, Mich. are spending this week with his mother, Mrs. C.R. Harper.

Mr. and Mrs. Jack Kirstan and children, Susan, Marcia, Jack Michael and Joe are here from their home in Marion, N.C. for a visit with Mrs. Kirstan's parents, Mr. and Mrs. Hill Lamax.

Mrs. Marie Dutton has returned to her home from Loudon County Hospital.

A VACATION DESIGNED FOR TWO over 130 miles of mountains was what Doug and Lois Terrell ordered and received. Their trip originated in Johnson City, Tenn. and ended in Loudon, Tenn. after peddling through Asheville, Mt. Pisgah, Wayneville and down through Cades Cove. (Mountaineer Photo by Williams)

## 61 From County On Dean's List

Sixty-one students from Loudon County are among the University of Tennessee, Knoxville students whose scholastic achievements

placed them on the Dean's List for the spring quarter of 1973, according to records compiled by the Office of the Dean of Admissions and Records.

Among those students from Loudon County named to the Dean's List, four students recorded perfect 4.0 academic averages for spring quarter. (Students who earned a perfect 4.0 average for the quarter are designated with a dash in front of their names.)

The list of students includes only full-time, undergraduate students on the Dean's List at Knoxville. Part-time, law and graduate students are not included.

Students whose quarterly average is 3.75 through 4.0 earn Highest Honors, those who make a 3.40 through 3.74 earn High Honors; and those with a grade average of 3.00 through 3.39 earn Honors.

Loudon County students attaining a position on the honor list are:

Highest Honors: David Loyd Aaron, Carol Ann Clark, —Norma Lynn Freedman, —James Oliver Kiggans Jr., —Michael Rex Leuce, —Perla I. Perlit, Elizabeth Regan Rutter, Vada Nadine Stanley, William Edward Watkins

High Honors: Judy Kay Bailey, Peggy Louise Bledsoe, Judith Sharon Bright, Don M. Dewey, Stephen David Fubright, Johnny Sue Gibson, Harriet Lee Goodwin, Van Edward Helms, Mary Ruth Henderson, Sara Elizabeth Kirkland, Marcia Neal Mashburn, Mitchell Lynn McNabb, John Edward Mills, Joan Eklen Morton, Anita Mancing Sparks, Larry Eugene Stafford, Sharon Kay Stamey, Bill R. Webb.

(Honors): Craig Michael Allen, Mary Ann Allison, John Milton Boddien, Brenda Sue Chrisman, Craig Edward

## Bacon Elected Valley Fidelity Vice President

John J. (Buddy) Bacon of Knoxville, formerly of Loudon, was elected as vice president of Valley Fidelity Bank and Trust Co. in Knoxville.

Mr. Bacon is the son of Mrs. Helen W. Bacon of Loudon. He, his wife and two children now live on Doverfield Drive in Knoxville.

Mr. Bacon has an extensive background in commercial banking and finance. He has served as an internal revenue agent and as a loan specialist with the Small Business Administration. In 1964, he joined the American National Bank & Trust Co. of Chattanooga, serving as vice president until 1969. He also was vice president with Barnett National Bank of Jacksonville, Fla.

He is a graduate of Tennessee Wesleyan College and the School of Banking in the South at LSU. Mr. Bacon will assume his new duties at Valley Fidelity on July 15 where he will specialize in the field of commercial and industrial lending.

Mr. and Mrs. Charles Kirstan and children, Susan, Marcia, Jack Michael and Joe are here from their home in Marion, N.C. for a visit with Mrs. Kirstan's parents, Mr. and Mrs. Hill Lamax.

## Deaf Ministry Starts Here

The Bible Baptist Church of Lenoir City has announced the beginning of a Ministry to the Deaf. It will be the goal of the church to minister to the spiritual needs of the deaf in the Lenoir City, Loudon County, and the southern Knox County area.

This new ministry will include a deaf Sunday School class and interpretation of the regular services of the church. The deaf work will begin with the formation of a Sunday School class July 1, at 10 and will be under the direction of Mrs. Ann Damron. Mrs. Damron received her training in working with the deaf at the Highland Park apstis Church, Chattanooga, and the Bill Rice Ranch, Murfreesboro.

The pastor has stated that those who desire further information should contact Mrs. Damron at Route 3, Marietta Estates East, Lenoir City or contact the pastor at 386-0681.

## CARD OF THANKS

We would like to thank all our friends for their words of sympathy and prayers, for the beautiful flowers, and to the churches that brought food and every act of kindness shown during the loss of our loved one. A special thank you to Hawkins Funeral Home.

The children and grandchildren of W.H. (Bill) Maynard

MEMORY CARD:  
In loving memory of Walter (Mose) Miller who died one year ago, June 26.

Your gentle face and patient smile with sadness we recall, you had a kindly word for each and died beloved by all.

The voice is mute and stilled the heart that loved us well and true. Ah, bitter was the trial to part from one so good as you.

You are not forgotten loved one or will you ever be, as long as life and memory last we will remember thee.

We miss you now, our hearts are sure, as time goes by we miss you more. Your loving smile, your gentle face, no one can fill your vacant place.

Sadly missed by wife, children and grandchildren. (6-28-1tp)

Legal Notices  
NON-RESIDENT NOTICE  
Walter Edward Matlock and Della Joe Matlock vs. Carolyn Matlock Merrick and Bruce Wayne Merrick. State of Tennessee. In Chancery Court of Loudon County.

In this cause, it appearing from the Complaint, which is sworn to, that the defendants Carolyn Matlock Merrick and Bruce Wayne Merrick is a non-resident of the State of

Tennessee, so that ordinary process cannot be served upon them, it is ordered that said defendant file an answer in the Chancery Court of Loudon County, at Loudon, Tennessee, within 30 days of the date of publication of a judgment by default may be entered and the cause set for hearing ex parte to them.

This notice will be published in the Loudon County Herald for four successive weeks. This 11th day of June, 1973. Lloyd Black, Clerk and Master.

John O. Gibson, attorney. (6-14-4tc.)

NON-RESIDENT NOTICE  
ORDER OF PUBLICATION  
NO. 1184  
Patricia Diane Holt Simonds vs. Donald Sidney Simonds

In the General Sessions Court of Loudon County, Tenn., at Loudon, Tennessee.

It appearing from the bill in this cause, which is sworn to, that Donald Sidney Simonds resides out of the State and cannot be personally served with process, it is ordered that publication be made for four consecutive weeks in the Loudon County Herald, a newspaper published at Loudon, in Loudon, on or before the 4th Monday in July next, and make defense to the bill filed in the above cause, which seeks absolute divorce, or otherwise said bill will be taken for confessed and cause proceeded with ex parte.

This the 28th day of June, 1973.

Billy Joe Akins, Clerk of said Court.  
Charles T. Ehlen, Solicitor for Complainant. (6-28-1tp)

NOTICE TO CREDITORS  
Estate of Irene C. Kirkland, deceased.

Notice is hereby given that on the fourteenth day of June, 1973, Letters of Administration in respect to the Estate of Irene C. Kirkland, deceased, were issued to the undersigned by the County Court of Loudon, Tennessee. All persons having claims matured and unmatured, against the said Estate are required to file the

same with the above Court within six months from the date of the first publication of this notice, otherwise, their claims will be forever barred. This June 14, 1973.

James Stewart, Administrator of the Estate of Irene C. Kirkland, deceased. 6-21-2tc.

NOTICE OF SALE  
WHEREAS, the United States of America, acting by and through the Farmers Home Administration, United States Department of Agriculture, is the owner and holder of the following real estate deed(s) of trust, securing an indebtedness therein mentioned, and covering certain real estate hereinafter described located in the Second Civil District of Loudon County, Tennessee, said deed(s) of trust being duly recorded in the office of the Register in and for said County and State:

GRANTORS, Carl H. Fisher and wife, Virginia L. Fisher, DEE EXECUTED, May 21, 1966, BOOK 100 PAGE 203.

WHEREAS, default has occurred in the payment of the indebtedness secured by said deed(s) of trust, and the United States of America, as Beneficiary, has authorized and instructed me as its duly authorized representative and as Substitute Trustee, to foreclose said deed(s) of trust by advertisement and sale at public auction in accordance with the statutes made and provided therefor, the said deed(s) of trust will be foreclosed and the property covered thereby and hereinafter described will be sold at public auction to the highest bidder for cash at the Courthouse door in the City of Loudon in said County, at 11:00 a.m., on the 13th day of July, 1973, to satisfy the indebtedness now due under and secured by said deed(s) of trust.

July 2nd thru 7th 7:30 P.M.

</

## BACK IN THE GOOD OLD DAYS

With all the concern about the gasoline shortage (and I am concerned too) we thought about the years when gasoline was in very limited demand. As far as I know the late Norman McQueen had the first service station in Loudon.

There were stores and garages that sold gasoline but no service stations for many years.

The well known Doc White was McQueen's right man. He was the attendant. I have wished for a picture of the

station which was located at the corner of Ward Avenue and Steekee St. At that time, Steekee Street was the Sweetwater Pike, the only main highway through Loudon and was prior to the building of Highway 11 in the 30's.

Later the station was moved (longside highway 11) at the West highway 72 and 11 intersection.

All of these old memories are prompted as a result of a picture loaned to by Nannie Markin, who did not know the identity of the man in the buggy, but she thought it could possibly be the late Henry (Peg) Bill, a well known Loudon County man who owned Loudon Motor Company and was active in local

state and national politics, having served as U.S. Marshal and was a good friend of ours.

This is a fine horse and buggy. A rig that might be a real aid to the modern generation if the gas shortage continues to grow worse.

This type of rig was the sport model of the era. Anyone that could afford this type of rig was in the Cadillac class. As a matter of fact, I wouldn't mind owning one of these today. No gas, no pollution (well maybe not much)—worryes, etc.

Our many thanks to Nannie, who thought of the Good Old Days when she ran across the picture.

Another picture which Nannie loaned us is of an old

telephone operators crew of Loudon. This picture was taken many years ago and is similar to one we ran a few years back. I guess we couldn't mention telephone operators without mentioning our good friend, the late Johnnie (Skipper) Julian, who was a switchboard operator for a number of years. This was when the telephone office was located upstairs in a building in downtown Loudon. The telephone progress and history is an important link in our town's development.

Anyway, this old photo was made just prior to the takeover to the dual system. Those in the picture are Hope Whittaker, Chief Operator, the late Ruth Greenway, Nina Cook, Ruth McEwen, Virginia Ailene Bledsoe, Myrtle Hamil, and Ernestine Amburn Snider. Pictures like this bring back many memories to those who have a few years on their board. We have thought of many things related to this era, but lack of space will not permit the pursuit of all of them.

## Lynns Motors Named Blue Ribbon Dealer

Lynn's Motor Sales of Lenoir City, celebrating their 10th anniversary in business this week, has been named a Blue Ribbon Used Car Dealer by the Consumer's Used Car Warranty Company of America of Washington, D.C.

Lynn's, an independent used car dealer, owned by Lynn Hartsook and Gillis Parody of Lenoir City, is Loudon County's oldest used car dealer.

The Consumer's Used Car Warranty Company is an organization of independent used car dealers dedicated to high ethics of used car merchandise. Before a dealer can become a member he must have high standing in the community, be financially responsible and have a reputation of fair dealing and honesty with the buying public.

Three of the things required of dealers to be a Blue Ribbon

dealer are:

- 1—Must guarantee cars for 30 days unconditionally.
- 2—If apprise buyer of total finance charges with guarantee of no hidden charges, no kickbacks and etc.
- 3—Never sell a customer a taxi cab or salvage car without fully informing the buyer of the history of the vehicle before the purchase.

Consumer's Used Car Warranty was organized to identify the best used car dealers in the wake of thousands of complaints every year about fly-by-night dealers who have bilked the public out of millions of dollars.

Mr. Hartsook said he was proud to have been selected as a Blue Ribbon dealer and that he, Bill Anthony, general manager of Lynn's Motor Sales, would be identifying all their Blue Ribbon cars.

## Trustees Ask For Contact

Trustees of Simpson Cemetery, Vonnor Road, Loudon, said this week that person or families who wish to use the cemetery must check with a member of the board of trustees before selecting burial plots. Trustees are Billy Ed Russell and Charles Russell.

## Get Caught And It Will Cost More

It is going to cost more if you find yourself facing a General Sessions Court fine in Loudon County. A new schedule of fines and costs went into effect July 1st with increases in court costs from \$5 to \$9.

**Seasons Court Clerk Billy Joe Akins** explained that the increases are due to legislation passed by the State Legislature to cover rising costs in operating the courts. Also an additional local cost was tacked on that will go toward the upkeep and operation of the proposed County Justice Center.

The costs schedule where a defendant is actually placed behind bars in the county jail is as follows:

- \$40.25 for public drunkenness, disorderly conduct, fighting, assault and battery, possession, whiskey, drunk and disorderly. It was previously \$34.50.
- \$109.25 driving while intoxicated (after 48 hours in jail). Previously \$103.50.
- \$37.25 for reckless driving. Previously \$30.50.
- \$107.25 for carrying pistol or a deadly weapon. Previously \$101.25.

- \$35.75 for violation of registration law up from \$30.25.
- \$35.25 for speeding or no driver's license up from \$29.75.
- \$60.25 for hunting without a license up from \$54.00.
- \$55.25 for possession of game out of season up from \$49.00.
- \$83.25 for driving on revoked license (after 48 hours in jail) up from \$77.50.
- The schedule of fines where the defendant is not placed behind bars is as follows:
- \$27.25 for speeding, no driver's license, stop sign, light law and etc. on from \$24.50.
- \$50.25 for reckless driving up from \$47.50.
- \$48.25 for littering up from \$47.50.
- \$48.25 for littering up from \$45.50.
- \$27.75 for violation of registration law up from \$25.00.
- \$32.25 for hunting without a license up from \$29.50.
- \$47.25 for possession of game out of season up from \$44.50.

## Service Station Attendant Sleeps, Cash Register Stolen

**TOOK CASH REGISTER AND ALL**—Ronnie Ricker, an employee at Massengill Gulf Station in West End Loudon, points to where robbers cut the electric cord to the station's cash register Monday morning and walked out with the register and about \$300 inside while a tired attendant slept nearby.

An exhausted service station attendant slept soundly as two men came into the station about 5:15 a.m. Monday, cut the electric cord to the cash register and walked out with the cash register, about \$300 in cash in the register and two radios. The incident occurred at Massengill Gulf Station on Mulberry Street in West End Loudon. Loudon Police Chief John Lennox said that the attendant, Roger Lee of Loudon, exhausted from working almost 24 hours without sleep, apparently slept through the entire thing. Earl Massengill, father of the station owner, Gary Massengill, thinks he saw what happened from the front porch of his home nearby. He told police a car with two men came by the station headed South, turned around and came back. Mr. Massengill said he then went inside his house. A few minutes later he reported hearing a horn blow at the station as a customer wanted gas. He said he went to the station, filled the tank of the man's car. Then went in the station and saw what had happened. They called city policeman Johnny Mills and David Grison to investigate. Lee, who appeared completely "hastened was taken home and was almost unaware of what happened Chief Lennox said.

The cash register was found later Monday in Charleston, Tenn., by a man on his way to work. He returned the cash register to the station late Monday.

## Circuit Court Cases Are Scheduled

A heavy schedule of cases including eight highway condemnation lawsuits awaits judge Willard Kirtrell and the jurors that will be served in Circuit Court starting July 27. Circuit Court Clerk Billy Joe Akins said a non-jury day will be held on July 27 and jury trials will begin on July 30 and continue through August 22. The schedule of jury trials is as follows:

Monday, July 30 - USF&G Ins. Co. vs. Lynn's Motor Sales, conversion.  
Tuesday, July 31 - Neal Scarbrough vs. Robert L. Roberts and Dale Cuthbertson (also a cross action) for auto accident injuries.  
Wednesday, August 1 - State of Tennessee vs. Richard M. French and wife, condemnation for land taken for Interstate 75. Alternate case: Barbara Carmichael and Arthur Carmichael vs. Ellis W. Barron, auto accident.  
Thursday, August 2 - State of Tennessee vs. Charles R. Trens and Arlie B. Irons, condemnation.  
Friday, August 3 - State of Tennessee vs. Charles Mason Hubbard and wife vs. Loudon Farmers Cooperative, auto accident.  
Monday, August 6 - Jacob W. Mashburn vs. State Farm Insurance and John B. Williams, breach of contract.  
Alternate case: Julian Ogden vs. Allied Van Lines, truck accident.  
Tuesday, August 7 - Davis L. Coley vs. Billy Smith, damage auto accident. Alternate case - Larry C. Steed vs. Lay and Company and Wayne Cardwell, false arrest.  
Wednesday, August 8 - John F. Fuller, Floyd Padgett, Joe (Continued on Page 9)

## Burglars Hit Brooks Home

The Ray Brooks, Jr., family of Greenback came home from church about noon Sunday and found that their home had been broken into. County Deputy Jake Chapman, who investigated, said a 20 gauge shotgun, model 94 Winchester, 20 magnum lever action, 410-22 over and under and an 1860 model 4-70 Remington, and a pocket knife were taken.

The thieves gained entrance through the back door of the residence on Meadow Road. Just prior to the break-in at the Brooks residence Blount County officers radioed Loudon County that a man in an out-of-state station wagon model, make and color unknown tried to break into the C. B. Hall residence on Meadow Road. The license number of the car was reported to be MPX-682, state issue unknown.

## Ray King Is New Loudon Band Director

A summer band program has been scheduled by Ray King, the new band director for the Loudon County School System.

Mr. King graduated from the University of Tennessee, Knoxville, with a bachelor of science degree in music education, where he was a member of the Pride of the Southland Band for four years and was assistant to Dr. W. J. Julian, Director of Bands at the University. Before coming to Loudon, Mr. King was employed by the Knoxville City School System.

The band program will start July 9 at 9:00 A.M. at the High School bandroom, 840 a.m. - Beginners from 6th-12th grade; 10-11 a.m. - All Jr. High School Students; 11-12 a.m. - All Sr. High School Students.

**NEW MAYOR TAKES OATH**—With members of the City Commission looking on Loudon's new Mayor Eugene Lambert takes his oath of office from Roy Bledsoe, mayor of Philadelphia and a member of County Court. At left are Commissioners Bernie Swiney, Aileen Richein, Joe Carter and Doug Lyle. The oath taking ceremonies were held at the Loudon Utilities Building Monday night.

## New Loudon Officials Take Office, Appointments Made

Loudon's newly elected City Commission took office in ceremonies at the Loudon Utilities Building Monday night. New Mayor Eugene Lambert and Commissioners Doug Lyle, Aileen Richein, Joe Carter and Bernie Ray Swiney took their oaths of office from Philadelphia Mayor and County Court member Roy Bledsoe.

Shortly after the new commission took office two awards were presented. The first was presented by outgoing mayor Joe Carter to Commissioner Hamill Carey, who served on the Commission for four years but did not seek reelection. In presenting the award for Distinguished Service, Carter expressed his appreciation to Carey for his years of dedication and service to the city which was also applauded by members of the Commission.

New Mayor Lambert presented Mayor Carter, who served as mayor for six years, a plaque for Meritorious Service to the city, calling him one of the most progressive and dedicated leaders in the town's history.

One of the first acts of the new mayor was to make a number of appointments. Mayor Lambert placed former Mayor Joe Carter, now Commissioner Hamill Carey in charge of streets, sanitation, maintenance and as vice mayor; Mrs. Aileen Richein as Commissioner of Civic Affairs and Advisory Commission's only freshman Doug Lyle as Police Commissioner.

Lambert also announced the reappointment of various department heads and other appointed city employees. These include City Attorney Arthur Fowler, City Administrator Gary Hensley, City Recorder Joe Watkins, Deputy Recorder Virginia Burnett, Street Superintendent Ray Lavin, Police

Chief John Lennox, and Fire Chief and Building Inspector, Chit Jones.

W.F. Zimmerman, now chairman of the board of Loudon Utilities, was reappointed as a member of the board for a six year term.

Mayor Lambert made five appointments to the Loudon Regional Planning Commission. These included Hamill Carey, W.E. Huff, Henry Mitchell, Joe Carter and himself.

At the beginning of the session Mayor Lambert gave each Commissioner an opportunity to speak. Lambert led by expressing his confidence in the Commission members and asking them to give him the same loyal support that Mayor Carter had received. He expressed his and the city's appreciation to Mr. Carey for the many hours he spent working for the citizens of the town and for the knowledge he brought to the government.

Mr. Carter said that his eight years in city government, six as mayor, had been a pleasure because of the caliber of people he has had to work with on the Commission. He said Loudon has had people in its government who, although they don't always agree, can respect differing opinions and still find a way to get a job done.

Mrs. Richein said that although she was a woman in a group she felt fully a part of the city administration and she enjoyed contributing to the efforts of the commission.

Commissioner Swiney welcomed Mayor Lambert as Mayor Carter had been a father to the Commission, bringing harmony and wisdom to the office. He said he felt that during the past administration under Carter that there had been very progressive development in the city.

Each of the Commission members mentioned City Administrator Gary Hensley who they said since he has been with the city has taken much of the load from their shoulders in dealing with every day problems that confront the various city departments. They said his leadership has made it possible to make progress in various city projects in the last 18 months.

Commissioner Lyle told the Commission he appreciated their welcome and he expressed his thanks to Mr. Carey, who's place he was taking, for his efforts while on the commission. He pledged his full energy and ability to the tasks that faced the city.

The first official meeting of the new Commission will be Monday at 7:30 p.m. at the Utilities Building.

## School Term To Start August 22

To students in the Loudon School system it probably seems their summer vacations have just started, but plans for the upcoming 1973-74 school year have been completed. The school calendar for the year has been released by Superintendent of Education Albert C. Pukes.

The first day of school for students will be registration day on Wednesday, August 22.

with a full day of classes set for Thursday. Teachers start their school year on Monday, August 20 with two days of in service training before registration.

Things are getting an early start and they will also end much earlier than they did this year. The last day of school next year will be May 21, provided of course there are no days that have to be made up.

Labor Day, September 3 is the first holiday from classes and the following is other planned days out of class for teachers and students:

- October 26, no school, in service training for teachers.
- November 22 and 23, Thanksgiving holidays.
- Beginning December 21 students have their first semester behind them and begin Christmas and New Year's holidays. They return to classes on January 2.
- April 12 and 15, no school because of the Easter holidays.
- May 20, no school, in service education for teachers.

## Put Truck Tags On Front

Loudon County Court Clerk Ed Alexander this week reminded truck owners in Loudon County of a recent law enacted by the State Legislature that requires Tennesseeans to have license tags on the front of trucks instead of the rear.

State Safety Commissioner Calude Armour said the new law includes license tags on all trucks, including tractor trailer rigs and pickup trucks.

**LOUDON RECREATION DIRECTOR Bert Ratledge** is shown talking to an employee of the contractor who built the City of Loudon Swimming Pool about a break in the main waterline which has caused another delay in the opening of the pool. The waterline broke Saturday as the pool was being filled.

## Pool Opening Delayed Again, Could Open --- Or ----??

The second scheduled opening of the new \$80,000 City Swimming Pool at Loudon was delayed last week when a few minor problems came up. Still, officials were hopeful of opening the pool by the first of this week when a major trouble spot developed. As the pool was being filled Saturday the main waterline feeding the pool broke.

City Recreation Director Bert Ratledge said the break was being repaired the first part of this week and he is hopeful of still opening the pool this weekend, but it could be the first of the next week. He suggested that persons wanting to use the pool keep watch on activity.

Ratledge said everything was ready in the concession stand and bathhouse for opening last Saturday, but the problems just kept coming up.

Monday city officials met with the pool engineers and contractors and made up a final punch list hoping that all items still needing work can be completed this week.

1973

# Loudon County Herald For and about Women

## Patsy Davidson Engaged

The engagement and forthcoming marriage of Patsy Ruth Davidson and Larry Wayne Miller are announced by the parents of the bride-elect, Mr. and Mrs. Lee Davidson of Philadelphia. The parents of the groom-to-be are Mr. and Mrs. Albert Miller of Sweetwater.

## Newman-Mattern Vows Pledged

Deborah Lee Newman and Edwin Kaufman Mattern, Jr., were married June 18 at the Glenn Memorial Methodist Chapel in Atlanta, Georgia. Rev. Robert L. Taylor officiated.

The bride is the daughter of Mr. and Mrs. Homer A. Newman, Jr., of Fairfax, Virginia, and the bridegroom is the son of Mr. and Mrs. Edwin Kaufman Mattern, Sr., of Roanoke, Virginia.

Deborah is the granddaughter of the late Mr. and Mrs. H. H. Summers of Loudon and of Mrs. H. A. Newman and the late Mr. Newman of Loudon.

The bride, given in marriage by her father, wore a gown of candlelight ivory silk organza with embroidered lace and seed pearls on the bodice and sleeves with matching lace appliques scattered on the skirt. The detachable chapel-length train had a border of lace and pearls. The bride wore a lace mantilla attached to a silk organza cap belonging to the family of the groom.

The bride's bouquet was a white orchid with yellow roses. Mrs. David Hiekman of Atlanta was Matron of Honor. Bridesmaids were Miss Cheryl Denman and Miss Ann Covil, both of Atlanta; Mrs. Doyle Hilson, Tampa, Florida; and Mrs. Ralph Harvey of Wit-

chita Falls, Texas, sister of the groom. They wore gowns of Nile green with matching headpieces. Their bouquets were spring flowers in colors of white, yellow, green, and peach roses. Miss Janet Summers kept the brides book.

The bride's mother wore peach chiffon with lace bodice and the groom's mother chose a pale yellow chiffon. Mr. Mattern, father of the groom, was best man. Ushers were Homer A. Newman, III, brother of the bride; Ralph Harvey, brother-in-law of the

## Greenback Community News

By Mrs. S.B. McCollum  
Phone 856-3017 Greenback

Mrs. Ruth Burgess Jones has returned to her home in Rock Island, Ill. after a two weeks stay with her mother, Mrs. Ray Burgess, who remains ill at her home here. Her other daughter, Mrs. Bob Murray (Rebecca Jane) of Seneca S.C. with her two children, came Sunday to spend some time.

Mr. E.R. Finger suffered a heart attack at his home last week and has been in intensive care the past five days, in Blount Memorial Hospital.

Mr. and Mrs. Roy Holsenback have returned to their home in New Martinsville W. Va. after a ten days visit with relatives here. They were accompanied home by Stephen Shimchuck, Roanoke, Virginia, and Lynn Ware, Washington, D. C.

Following the wedding, a reception was given at Stuffer's Atlanta Inn. Those attending from Loudon were Mrs. Albert Ross and Ann, Mr. and Mrs. Hall Summers, Mrs. Kenneth Peaden, Mr. and Mrs. William Lane, Mrs. Kurt Watts, Terri and Kelly, Mr. and Mrs. L. R. Haskins of Knoxville.

After a wedding trip to South America, the couple will make their home in Roanoke

by Mrs. Holsenback's mother, Mrs. Blanche Hall.

Mr. and Mrs. Steve Preece of Columbus, Ohio visited Mr. and Mrs. Fred Fippa, Friday night. They were returning from a weeks vacation in Florida.

Mr. and Mrs. Edwin Best Sr., Mr. and Mrs. Edwin Best Jr., of Maryville visited Sunday with Mrs. Rebecca Burgess.

Miss Linda Cabe of Knoxville with her mother, Mrs. Coy Cabe are vacationing in Florida.

Mr. and Mrs. W.D. Sell and Steve visited Sunday with her mother, Mrs. Lois Langinfelder and Miss Kathleen in Maryville.

Mr. and Mrs. H.A. Anderson are at home from a trip to Nassau and visited St. Augustine, Cape Kennedy, Disney Land and Cypress Gardens in Florida.

Mr. and Mrs. Bush Long of Maryville visited Sunday with Mr. E. Long and the three visited Mrs. Nick Rowland in the Ashbury Acres Home.

Little Timothy David McClarter is recovering from a virus illness at the home of his mother, Mr. and Mrs. Garfield McClarter.

In the absence of the pastor, the Rev. A. Glander, the services at Greenback Presbyterian church were in charge of Mr. Jerry Masings and Mr. Richard C. Woods.

The sermon was preached by the Rev. Hubert Temple of Maryville. His Scripture was I Cor. 13 and the theme of his message was Christian Love.

Mr. and Mrs. Robert Anderson Jr. (Rocky, Robin and Daren) visited Sunday with Mr. and Mrs. H.D. Clemmer in Maryville.

Mr. and Mrs. Lloyd Queener and family of Jacksonville, Fla. spent last week here with his parents, Mr. and Mrs. Charles H. Queener.

Mr. and Mrs. Roy Leonard of Oklawaha, Fla. spent the most ten days here with her aunt, Miss Emma Hall.

Mr. and Mrs. John Cox, Beth and Chrys of Monroe, Mich. spent two weeks here with her parents, Mr. and Mrs. E.R. Finger, and when they learned last week of her father's illness, they returned to his bedside.

Mr. and Mrs. Harold Gilliam of Palm Beach, Fla. visited last week with her parents, Mr. and Mrs. Earl Hackney.

Born Wednesday, June 27 to Mr. and Mrs. Bill David Satterfield at Blount Memorial Hospital a daughter, who will be christened Carol. Mother and baby are doing nicely and are now at the home of her parents, Mr. and Mrs. Warren Thompson before returning to their home.

Mr. and Mrs. Jack Queener spent last week at Citgo and were joined at the weekend by his parents, Mr. and Mrs. C.H. Queener.

Mr. and Mrs. Fred Beverly of Knoxville visited Sunday with their cousin, Mrs. L.M. Denton.

Mr. Leon Hammonree, who underwent surgery three weeks ago in Blount Memorial Hospital is improving satisfactorily and expectancy of return home in a few days.

Mr. and Mrs. Fred Fippa visited Sunday with the family of Mr. Kenneth Blevins, in Maryville.

Mr. Milus Mitchell suffered knee and leg injuries in a fall

## Lane-Graham Are Wed

Miss Mary Elva Graham became the bride of Harold Eugene (Jake) Lane at 8 p.m. on June 15 at the Cumberland Presbyterian Church of Loudon. Reverend Jack D. Ferguson officiated.

Parents of the bride are Mr. and Mrs. Winfred Ronald Graham, 702 Rio Vista Drive, Loudon. The groom's parents are Mr. and Mrs. Roy Edward Lane, Route 2, Loudon.

Special music was presented by Mrs. Bernie Ray Swiney, organist and Mr. Swiney, soloist. Several of the selections included "Starting Here, Starting Now," "We've Only Just Begun," "Trumpet Voluntary, and Trumpet Tune" along with Logengrin's "Wedding March."

The bride, given in marriage by her father, wore a floor length gown of white voile with a sweep back. Veil was encircled around the sailor collar, bishop sleeve and twice around the hemline. Grosgrain ribbon behind Veil was encircled the waistline and formed streamers down the back of the gown. Her veil fell from a Venise cap. She carried a bouquet of fugi mums, stephanotis, pom poms, carnations, and English ivy in the cascade style.

Miss Marsha Waller of Loudon was maid of honor. Bridesmaids were Mrs. Mrs. Williams (Dobson) Flurkey and Mrs. Carolyn Harvey, both sisters of the bride. Junior bridesmaid was Miss Michelle Harvey, sister of the bride.

They wore dresses of lime green crepe flocked with flowers, and carried bouquets of white daisies mingling with baby's breath and lily.

Mr. Bill Lane, brother of the groom, served as best man. Ushers were Larry Lane, brother of the groom, Buddy Guider and Johnny Williams, all of Loudon.

Assisting at the reception at the church was Diana Cagle. Little Miss Lee Ann Curtis passed out bags of rice which were later showered on the couple as the church's bell tolled at the hands of Master Garyland. Sister Smith kept the bride's book.

Little Miss Lee Ann Curtis passed out bags of rice which were later showered on the couple as the church's bell tolled at the hands of Master Garyland. Sister Smith kept the bride's book.

## In Korea

U.S. Air Force Staff Sergeant Ellis C. Chaney, son of Mr. and Mrs. W.A. Chaney of Hill 1, Lenoir City, has arrived for duty at Osan AB, Republic of Korea.  
 Sergeant Chaney, a pavement maintenance specialist, is assigned to a unit of the Pacific Air Forces (PACAF) which provides tactical air power supporting the U.S. and its allies in Southeast Asia and the Far East. He previously served at the 37th Tactical Fighter Wing at Clark AB, Philippines, and has completed a tour of duty in Vietnam.

## Reunion Set

The family of Anderson Hickey will hold a reunion Sunday, July 8, at Union Church Park. Lunch will be served at noon. All relatives are invited to attend.

## Completes Basic

Marine Pvt. Jerry G. Shingough, son of Mrs. Jean Shingough of Route 5, Lenoir City, graduated from basic training at the Marine Corps Recruit Depot at Parris Island, S.C.

## Homecoming

The Hivercreek Baptist Church will have their annual homecoming services, Sunday, July 8, Rev. Barkley Gray, Jr. is the pastor.

## Rotary To Host District Governor

Theodore F. Wagner, Governor of Rotary District 671, will make his official visit to the Loudon Rotary Club next Tuesday, July 10.  
 Rotary is a world wide organization of business and professional men dedicated to the ideal of service in four avenues - club, community, international, and vocational. Present membership in Rotary International is nearly 4 million men in 150 countries and geographical regions. The Loudon Rotary Club meets every Tuesday at noon in the VFW Building.

As Rotary Governor, Mr. Wagner visits each of the 42 clubs in District 671 stretching from Lebanon to Rogersville and from Kentucky to Alabama. The visitation gives the local club an opportunity to hear of some of the world wide activities and programs of Rotary International and its President, William Carter of Berkshire, England. At meetings with club officers and directors, reports are presented and advice and counsel are given on improving the quality of Rotary in the community.

Mr. Wagner is employed by Union Carbide Corporation, Nuclear Division, at Oak Ridge and is a member of the Rotary Club of Kingston where he lives.

## Naval Grad

Navy Firearm Recruit Jerry P. Morris, son of Mrs. Dorothy H. Morris of Route 4, Loudon, graduated from recruit training at the Naval Training Center at San Diego. A 1972 graduate of Loudon High School, he is scheduled to report to Machinery Repairman "A" School here.

20 YEAR CLASS REUNION - Those attending the 20th reunion of the graduating class of 1953 of Loudon High School are shown outside the Loudon VFW where the reunion was held Saturday night. They are (first row - left to right) Mildred Goody Coley, Lucille Knox Cooper, Betty Harrell Krouse, Elizabeth Ragon Terry, Sue Jacobs Brewer, Margaret Duggan, Mary Evelyn Anderson Chibaux, and Mary Lee Lindsey Lemaux. Second row - Roba Yates Murr, Nancy Hall Monger,

Mrs. Mary Katherine Mize, Johnnie Sue Jones Ellis, Bob Tilley, Jim Pope, Carl Hensour, Henry Julian, Coach Marvin Mitchell, Harvace Atchley, Henry Gaston Jr., Tom Nichols, Glenn Eller, Dean Russell, J. Huddle, Addison Grimes, Jim McCrary, Boyd Harper, Charlie Paul Chibaux, Harold Giles, J. Earl McCall. Attending, but not pictured, are Bill Grimes and Hubert Craig.

# Loudon High Class Of 1953 Has Reunion

Twenty-seven of the 53 members of the Loudon High School graduating class of 1953 attended the 20th anniversary reunion of the class at the VFW in Loudon last Saturday night.  
 Besides the 27 members, their wives or husbands, members of the faculty and school administration attended. During the afternoon they toured the new Loudon High School facility and that night attended the banquet and reunion.  
 Some of the class members came from homes in other states to attend. These included California, Michigan, Ohio, Texas, Georgia, Illinois,

Alabama and Florida. Those attending including teachers were Mildred Goode Coley, Lucille Knox Cooper, Betty Harrell Krouse, Elizabeth Ragon Terry, Sue Jacobs Brewer, Margaret Duggan, Mary Evelyn Anderson Chibaux, Carolyn DeFord Chaney, Mary Lee Lindsey Lemaux, Roba Yates Murr, Nancy Hall Monger, Miss Mary Katherine Mize, Johnnie Sue Jones Ellis, Bob Tilley, Jim Pope, Carl Hensour, Henry Julian, Coach Marvin Mitchell, Harvace Atchley, Henry Gaston Jr., Tom Nichols, Glenn Eller, Dean Russell, Joe Riddle, Addison Grimes, Jim McCrary, Boyd Harper,

Charlie Paul Chibaux, Harold Giles, J. Earl McCall, Bill Grimes and Hubert Craig.  
 Class members not attending were Margie Bivens McCall, Sammie McCall, Brewer, Dwight Christian, James H. Crawford, Ruth Dotson Stenzel, Junior Gemery, L.D. Haskew, Roma Faye Harris Honey, Jody Harrison, Mary Alice Harrell, Melba, Patsy Harrell Mitchell, Billy Joy Bowden, Jr., Violet Kiser Watson, Jennell Lindsey Morris, Beverly J. McDonald, Iva Sue McCown Mills, Henry Millsaps, Oford Millsaps, Tina Mitchell Christman, Mary Francis Mintoath Kyle, Jim Morgan,

Sara Jo Nichols Walter, Peggy Oran Worley, Betty June Purdy, Whitney Dan Schrimsher, Dan Smallen, and Dwayne Thacker. Patsy Thomas Ervin, June Wallace Metz, Aileen Watkins Morris, Charlotte Watson, Howard, Lucb Wall Miller, and Kathryn Wilson.

## Don Roach Promoted

Donald Roach, son of Mrs. Ivey Roach of 405 Ninth St. Lenoir City, has been promoted to sergeant in the U.S. Air Force.  
 Sergeant Roach, a cable splicing specialist at Eielson AFB, Alaska, serves with a unit of the Air Force Communications Service.

The sergeant is a 1971 graduate of Lenoir City High School. His wife, Carolyn, is the daughter of Mr. and Mrs. Fred Dotson of Rt. 1, Loudon.

## Senior 4-H'ers Compete

By Bonnie F. Sherry, Assistant Extension Agent  
 Six Loudon County 4-H'ers were involved in District competition last week in Greenville at the Clyde M. Austin 4-H Training Center. Those entering and their respective project ribbons were: Teresa Goddard, Safety, purple; Lynn Thomas, Yeast Breads, Red; Carolyn Hickey, School Dress, Purple; Kathy Sarten, Horse and Pony, Red, District Alternate; Kathy Turpin, Home Improvement, Red; Michelle Cooper, Dairy Foods, Red, District Alternate.  
 Teresa Goddard and Carolyn Hickey, the two district winners, will now represent Loudon County in the State Contests at 4-H Round-Up August 6-10 in Knoxville. Kathy Sarten and Michelle Cooper will also be attending Round-Up as District Alternates; they will not be involved in the competition.

## Farmers Should Report Fuel Shortages To ASCS

Loudon County farmers are reminded they should report immediately any critical fuel shortages to the County ASCS Office.  
 Miss Martha Blair, Executive Director of the Loudon Agricultural Stabilization and Conservation Service (ASCS) Office, reports that in addition to using fuel conserving methods in their farming operations, farmers have also been asked to report critical fuel shortages to ASCS for assistance in solving the problem.  
 Miss Blair said that if a fuel supply problem cannot be resolved locally or at the State level, the shortage will be reported immediately to Washington, D.C., where it will be brought to the attention of the Office of Oil and Gas (OOG), U.S. Department of Interior. The OOG operates under the authority of the fuel allocation program which

designates farming and other vital activities for priority access to fuel supplies.  
 Miss Blair said that if any farmer cannot obtain fuel needed for his farm operation he should make this fact known to ASCS as the problem can be investigated. She emphasized that farmers should do everything they can to obtain supplies before requesting assistance. Farmers are urged not to buy more fuel than they need for the near future, as equitable distribution is necessary if all farmers are to have enough fuel through harvest.  
 Some suppliers have not been able to meet farm customer's needs fully, partly because independent and cooperative fuel producers and marketers have not been able to obtain enough supplies.  
 It is the responsibility of the Federal Office of Oil and Gas to see that the allocation programs work. Miss Blair said, but she reminded farmers that they must make their problems known to ASCS before assistance can be provided either directly, or through the office of Oil and Gas, if necessary.

Anderson IGA Wins Batting Trophy

# Eaton Corporation Captures Philadelphia Invitational Tournament; Bank Of Loudon County Finishes Second

**WIN PHILADELPHIA TOURNAMENT**—Eaton Corporation, softball power of the Lenoir City Recreation Men's League, won the Philadelphia Invitational Softball Tournament Saturday night with a 15-11 decision over the Bank of Loudon County. Pictured, left to right, front, hat boy Ricky Walker, first row, Lee Ellis, Bobby Miller, Rocky Ryan, Harold McCollister, Kenny Breen, and Hoyle Chambers. Second row, left to right, Jack Russell, Roy Howard, Junior Collins, Larry Johnson, Kenny Ratledge, Zan Walker, and Frank Brown.

**FINISH THIRD**—Western Auto of the Loudon City Softball League finished third in the Second Annual Philadelphia Softball Invitational last week. Pictured on the Western Auto team are front row, left to right, Danny Russell, Jerry Russell, Floyd Fagg, J. C. Mosger, and Tommy Blankenship. Second row, left to right, Earl Russell, manager, Dick Ryan, Ronnie Starritt, Humphrey White, Gary Lorenz and James Miller. Not pictured was Dewayne Plemmons and Stanley Blair.

**FOURTH PLACE TEAM**—The Hamilton Bank of Loudon finished fourth in the Philadelphia softball tourney. Pictured, front row, left to right, Bill Lennex, Sonny Downs and Danny Gibson. Second row, left to right, Gene Ratledge, Ruben Strange, Don Carter, Inky Swiney, Jimmy York, and Mike Littleton. Not pictured was Joe Franklin and Joe Downs.

**WHOA FEET!**—Bank of Loudon County outfielder Dickie Blankenship pulls up at third base after a base hit against Eaton in Saturday afternoon tourney at Philadelphia. Eaton third baseman Kenny Ratledge flags down a relay throw from the outfield to keep Blankenship from scoring.

## Bicycle Races To Be Five Week Addition To Atomic Speedway Excitement

Bicycle championships have been added to the Atomic Speedway racing program for the next five weeks.

Preliminary competition leading up to a big \$100 title chase get under way Saturday night at the third-mile dirt track.

There'll be four weekends of preliminaries with the top four finishers each week qualifying for the finals. The finals will

feature 16 riders in a five-lap run.

There'll also be payoffs of \$15, \$10 and \$5 to the first three places in weekly action. In the championship, the winner

The Second Annual Philadelphia Invitational Softball Tournament was played last week at the Philadelphia Community Club Park in Philadelphia. Eaton Corporation of Lenoir City was crowned the tournament champions Saturday night after they had defeated the defending tournament champion, Bank of Loudon County, 6-3 in the winners bracket finals and 15-11 in the eventual championship finals. Eaton's defeated Prospect, Western Auto, and the Bank of Loudon County twice in winning the double elimination affair.

The Bank of Loudon County reached the winner's bracket finals with wins over Marentom and Paint Rock before falling to Eaton. The Bank of Loudon County then eliminated third place finisher, Western Auto in the loser's bracket finals 10-3 in gaining another shot at Eaton.

Western Auto slipped into the finals of the loser's bracket finals with hard fought wins over Luttrell and Hamilton Bank of Loudon. The Hamilton Bank, top run producing team of the tournament with 113 scores in six contests, finished fourth

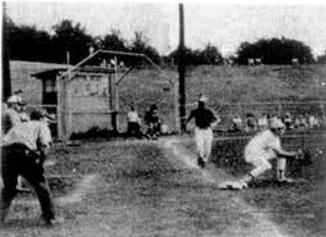

**FINISH SECOND**—The Bank of Loudon County finished second in the Second Annual Philadelphia Softball Invitational Tournament. The softball power of the Loudon City League won the tournament last year. Pictured, front row, left to right, Bruce Lawson, Greg Cagle, Dickie Blankenship, Yancy Hampton, John Lennex, Wayne Pool, and Buck Kirkland. Second row, left to right, Bill Thompson, Jim Watts, Jack Nichols, J.L. Millsaps, Joe Russell, and Danny Russell.

bowing to Western Auto 8-5 in the Saturday semi-finals of the loser's bracket. Anderson's IGA of the Philadelphia Community League captured the top team batting average for the tournament with an average of .466 for three games. IGA collected 66 hits out of 142 official times at bat. The Bank of Loudon County also finished

second in that department with a .444 team batting mark last year for the individual trophy had just one this year. Philadelphia Community Club President Billy Brewster who ran a well planned and very organized tournament announced that the Philadelphia Park will be the site for the July 13 State Softball Sub-District for the teams of Philadelphia and Vmore.

Gene Ratledge of the Bank of Loudon County won the individual home run trophy with a total of four. Only 40 home runs were tagged this year as compared to 70 in last year's tourney. Joe Russell, Bank of Loudon County outfielder, who hit 12 home runs

**OUT AT FIRST BASE**—Eaton batter Kenny Breen speeds toward first base in the bracket Saturday afternoon with the Bank of Loudon County. Bill Thompson, Bank of Loudon County first baseman, stretches for the throw as Breen was out by a step.

## Loudon City Golf League Settling On Two Team Race

The Loudon City Golf League is slowly developing into an two team race for the team championship. Larry and Lynn Millsaps remained on top of the league standings with seven team points and a total of 86 for the summer, but Larry Bridges and Larry Lane are refusing to take the heat off as they are only two points behind in second place.

Bridges and Lane picked up 10 points for the week and three on the Millsaps team in last week's action. With the teams of Larry and Lynn Millsaps and Bridges and Lane heading the pack third place is held by Buck Kirkland and John Lennex with 71 team points and 15 points out of first place. A possible darkhorse team in the weeks to come is Mark Miller and Buddy Swiney. The two high schoolers have played consistent golf since the start of the season without much fanfare. The young golfers nevertheless are in fourth place this week, up three positions from their seventh place slot a week ago.

Three teams are tied for fifth place with team scores of

63 points and three are likewise knotted in sixth place with 61's. Harrison Henry, a team alternate, took the individual low medalist honors last week with a round of 33. Sharing in the low net spot fight for the week was the team of Joe Watkins and Gene Watkins with a round of 71 for 12 team points and high for the league last week.

### LOUDON CITY GOLF STANDINGS

TEAM	PTS
Millsaps and Millsaps	86
Bridges and Lane	84
Kirkland and Lennex	71
Miller and Swiney	66
Harrison and Millsaps	63
Brakebill and Arnold	62

Greer and Richebin	10

Georgia are on hand each week for the racing.

"I'd say we've had more winners this season than any other track around," said Martin, "even though Ken Phillips won three in a row at one time."

Leading drivers on hand each week include Knoxville's Toole Estes, Maynardville's Bill Corum, Snooks DeFoor of Chatsworth, Ga., Loudon's Phillips and Oak Ridge's Leroy Vann.

Drivers compete for a weekly purse of \$3,600 with \$500 going to the sportsman winner.

The hobby and bomber divisions are becoming more competitive each week and giving fans an extra thrill.

**HOME RUN KING**—Gene Ratledge, shortstop for the Hamilton Bank of Loudon, captured the individual home run trophy for the Philadelphia softball tournament with four round trippers. Forty home runs were hit in the week long tournament.

## Loudon Tops Seymour In Basketball

The Loudon High School basketball team turned back Seymour in summer league play last Thursday night at Oak Ridge 59-51. Butch Brown led the Redskin offense with 32 points to individual effort turned in thus far in the Oak Ridge Summer League action. Teams in the summer league are Oak Ridge, Seymour, Kingston, and Team X.

The hobby and bomber divisions are becoming more competitive each week and giving fans an extra thrill.

# Jim Hawkins Guns Down State Skeet Title

James H. (Jimmy) Hawkins II, of 135 Lee Drive, Lenoir City has recently won the Tennessee State Handicap Championship in Trap Shooting.

The event was held at Henry Horton State Park, Chapel Hill Tennessee, near Nashville, June 8, 9, and 10.

The entrants were trap shooters from all over the State of Tennessee and surrounding border states vying for the titles. Three shooters tied with scores of 97 out of a possible 100. In the shoot-off, Jimmy shot a perfect 25 out of 25 targets. The other entrants scored 23 each.

The prizes awarded Hawkins were a trophy, a state championship pin, and a sterling silver carving set. Pictured is Jimmy and his wife Donna.

## Carlos And Evans Have Best Team Round In Carbide Golf

Jack Randolph and Carlos Evans tallied 22 team points and topped the low net team honors with a round of 73 last week in advancing into second place in the Union Carbide

Golf standings. Jim Spradlin and Ernie Black, last week's second place team fell back to Randolph and Evans' fourth place slot they vacated. Eldon White and Dick

# Marty Porter Delivering Clutch Hits Cunningham And Cook Pitch Madisonville Into Contention For Third Straight CM State Tournament Berth

The Madisonville Connie Mack Baseball team for boys 16-18 years of age have battled their way into contention of another state tournament berth in the Region II Eagleton Connie Mack and Senior Babe Ruth League.

The Connie Mack Team which finished second in the state to Johnson City last summer, lost seven first team performers by way of age this summer but the 11 and 17 year old replacements have developed into what could be another state journey and a team to be dealt with next summer.

The Madisonville based team won its third straight game Monday night in route to a seven game, 10 day schedule that could end with the latent potential group of baseballers on top of the standings.

Lenoir City baseball star Tommy Cook, who turned down a professional baseball offer by the St. Louis Cardinals two weeks ago in favor of a four year college baseball scholarship and one last season at Connie Mack play next season, has team with teammate Tim Cunningham to hurl Madisonville from a fourth place spot in the standings to within one game of the league leadership.

Cook started the week by hurling a five-hit, 12 strike out win over home standing Tullahoma's Kemper Henry and Marty Porter drove in two runs each in the game with Henry clouting a 300 foot home run over the centerfield fence and Porter getting two hits in three times at bat.

Tim Cunningham, back into the pitching rotation after a 10 day rest with a pulled muscle in his back, hurled 10 innings of strong pitching against Etowah for a 4-2 extra inning victory.

Cunningham, who went two for two in the Etowah game, tied the score in the fifth frame driving home Neal Famer and Henry with a clutch single.

Lenoir City second baseman Marty Porter drove in the deciding runs with a two out single in the 10th inning with the bases loaded.

Madisonville hitting their peak play against Etowah with eight hits and several "big league" defensive plays turned in by the extra hustle and strong arms of the outfield composed of James McClellan, Johnny Price, and Chris Helms nailed down a solid second place position in the standings.

On Monday night, Madisonville entertained Athens, the league leading team with a veteran squad of 18 year old performers. The pitching duties again fell upon

Tommy Cook who responded with a five hit, 8-2 victory. The finest performance was the third such job turned in by Cook this season and kept his pitching record clean of any losses. The hard throwing lefty gave up three triples the hard hitting, predominant McMinn County High School seniors and Tennessee Tech freshmen.

Behind 2-0, Madisonville got a run in the third inning on Johnny Price's triple. An explosive seven run fourth inning which saw 11

Madisonville batters walk to the plate, put the game on ice. The loss was the worst in the history for the Athens since forming their Connie Mack Franchise. The Athens team was accompanied by a 17 car motorcade to the game to watch the two teams battle.

Madisonville is the only team to play on even terms with the Athens since they became an active part of the Region II format.

Madisonville was to play Harrison Construction Company Tuesday night and face the Rank of Maryville and the Alcoa Tigers in games Thursday and Friday night respectively. All the games are home games at Madisonville starting at 7:30 p.m.

CLUTCH CONNIE MACK PERFORMERS—Tim Cunningham, graduated Lenoir City pitching star, exchanges views of the game with second baseman Marty Porter, who is hitting .382 in Connie Mack play this summer and has nine runs batted in. Five have won games for the Madisonville team.

## Action Hot At Smoky Mountain Raceway

Last Saturday night was disaster for many Smoky Mountain Raceway drivers but the track maintenance crew and the Blount County Rescue Squad were able to extinguish the flames before much damage was done. Both drivers were unharmed.

The action started early when Jim Hunter's car crashed into the wall during practice, taking it out of contention for the night. Then John K. Williams from Surgoinsville and Lynn Melton

of Etowah blew up their engines during the qualifying trials. Both cars caught fire, but the track maintenance crew and the Blount County Rescue Squad were able to extinguish the flames before much damage was done. Both drivers were unharmed.

In the first heat race Dick Garrett of Chattanooga spun out in the fourth turn but managed to get back in the race and still finish third.

The second heat brought fans in their jet as Paul Lewis, Doyle Jelcher, and Chett Williams were involved in a collision on the first turn. Belcher was knocked into the wall, damaging his car so badly that he was off the racing ticket for the rest of the night. Williams and Lewis managed to get back in the running, but Lewis spun out later, forcing him to drop out of this event. Williams worked his way through the field to finish second.

The Hobbey event was full of thrills also as Roy Gibson of Maryville, a newcomer to SMR, spun out twice, once ending up in the south end of the hobbey pit area. ### Game and Fish TODAY

By Sgt. Bob Harmon  
Game and Fish Commission

The Tennessee Game and Fish Commission's new hunter and firearms safety training program is now underway, and training of both instructors and students will be conducted during the summer and continue through the fall and winter.

Instructor training in local communities will be conducted during the summer months. These instructor workshops will allow volunteers, age 21 and over, to become familiar with Tennessee's program and learn methods of teaching it to students.

Persons interested in instructor certification should obtain an application blank from their local Game and Fish Officer, the Game and Fish district officer nearest them, or from the Hunter Safety Coordinator's Office in Nashville, any Chief Instructor in their local area, or from the Director of Continuing Education on a university campus in their community.

Student training will begin as instructors are trained and certified across the State. Interested persons who desire to take the course as students are urged to watch or listen to their local news media for possible announcements as to times and location of classes to be held. In addition, information pertaining to the training courses is available from any of the above named Game and Fish or community sources.

**IT'S ALL UP TO YOU!**  
The old statement that one bad apple will ruin the whole barrel is more truth than fiction.

I am referring to the irresponsibility, disrespect and greed of a few hunters and fishermen who call themselves sportsmen. Some of the instances I am referring to are:

People who fished-out, by taking over the limit, the section of Ball Play Creek in Monroe County which flows through the W. W. Stanley property—this had been set up as a community project, trout dams were built, stream stocked by the Game and Fish Commission and the people of the community fed the fish; or by the people who dynamited four deep holes on Clitico Creek; or by people who dynamited New River in Anderson County; or by the hunter who tore down the fences; or by the hunter who

left the gates open and let the farmer's cows out.

In talking to the landowners who are mad at the hunters and fishermen, I usually (when I get to the truth), find some instance like mentioned above or some other good reason—such as killing pet squirrels in landowner's front yard or having shot fall on his home. And of course, one of the biggest problems now is the littering of other people's property.

Whether the hunter and fishermen don't know what the law is or just don't care, I don't know, but some of the strictest law in the Game & Fish Code is on hunting and fishing on other people's property without permission. Littering, hitting, hunting and fishing out of season and taking over the limit.

Section 51-409 of the Game and Fish laws gives the Commission the authority to open and close the hunting and fishing season and to set the creel and bag limits on fish and game.

The penalty for hunting or fishing out of season or taking over the limit, if found guilty, can be a minimum of \$25 and court costs up to \$50 and costs on small game and fish for each bird, animal or fish over the limit—and where big game is involved the minimum fine of \$50 and court costs up to \$250 and costs on first offense with up to a 6 month jail sentence. On the second offense on a big game violation, if found guilty, fine can be a minimum of \$ 250 and costs, up to \$1,000 and costs with a minimum of 30 days in jail up to eleven months and twenty-nine days in jail—this being mandatory.

The legislature evidently felt, when it passed the law requiring every person who hunts or fishes upon the land of another to obtain permission from the owner of the land or person responsible for the land, that it was a privilege and they should have permission. Failure to get permission, if found guilty, can result in a fine of not less than \$25 and costs and up to \$250 and costs.

And now we come to what is developing into one of the worst violations that Game & Fish Officers try to enforce that of littering. Not only does this litter make an unsightly scene on our beautiful land, but it is creating insanitary conditions which become a menace to our health by the

GARY CRAIG AND JACK TINNELL of Loudon are shown with their limits of trout that were caught while fishing the Little "T" this past week.

pollution of rivers, lakes and streams. To litter, dump garbage or refuse upon the land of another, if found guilty, can bring a fine of \$25 and court costs up to \$50 and costs and a jail sentence of one day up to 30 days—this being up to the Judge. He can make the offender clean up that section of the highway instead of paying his fine and cost.

WATERSPORTS are enjoyed by Tennesseans, including its wildlife, as this young raccoon can attest. The raccoon, not a fish but a relative of the lobster, is a popular food item for the raccoon. Mama soon did a good job of training her young one to survive.

**AREA LAKE FORECAST**  
This report is based on the present weather and water conditions and is subject to change if they change.  
**CHEROKEE LAKE** - Clear and stable. Rockfish, hybrids and stripes are good. From David Green Bridge to German Creek using hotshots, rebels and flies - some break activity early and late. Fair to good for large-mouth and smallmouth casting plastic worms and topwater lures. Bluegill good using natural bait; catfish good still fishing using shrimp and cut bait.  
**DOUGLAS LAKE** - Clear and stable. Good for bass using artificial worms and night crawlers, some topwater lures in breaks. Late afternoon.  
**MELTON HILL LAKE** - Clear and stable. Bass fair using minnows, plugs and jigs; good for bream using worms and crickets; fair for crappie using minnows and jigs.  
**NORRIS LAKE** - Clear and falling slowly. Bass fair to good at night using black worms and minnows; good for walleye trolling shallow points using June bug spinners and night crawlers. Norris Tailwater - good for trout on corn and worms when water flow is off. Norris Lake also good to excellent for bluegill using red worms and crickets; fair to good trolling

### New Hunting And Fishing License Available

Commission Director David M. Goodrich reminds sportsmen that the new hunting-fishing license is now available. Other permits except the big game license are also on sale.

Director Goodrich emphasized that the proceeds from license sales are the greatest asset to wildlife across the Nation. Most states finance their wildlife resource management with virtually no funds except what is derived from license sales.

Sportsmen are reminded that an agent's fee has been added to this year's license cost. The Commission now will receive five dollars from the sale of a hunting-fishing license and the license agent will receive twenty-five cents. "For the first year," Goodrich said, "the agent's fee was taken off the top. Now, the new structure allows the Commission to receive the full price. In the case of a hunting-fishing license, we now receive \$5.00 instead of \$4.75." Other licenses will cost ten to twenty-five cents extra, also. The prices will be posted by the agents.

### No More Funds For Tellico

"Rep. Joe L. Evins, chairman of the House Subcommittee of Appropriations for Public Works, has promised that no more funds will be appropriated for the Tellico Dam Project until all appeals have been exhausted in the case," U. S. Representative Evins reported to members of the Association for the Preservation of the Little Tennessee River at a meeting in Vonore last week.

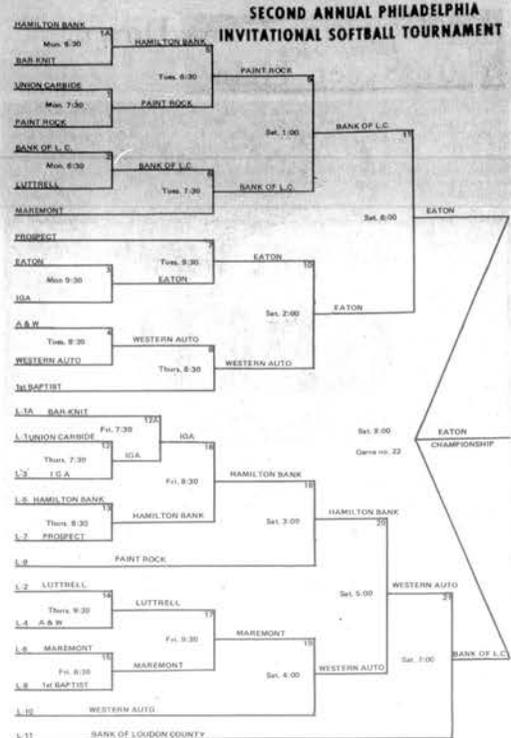

Evins represented opponents of the dam in testimony before both Senate and House Appropriations Committees in Washington two weeks ago. Evins, a Democrat who represents Tennessee's Fourth Congressional District, has recently been critical of TVA's proposed rate increase.

Two representatives of Gov. Winfield Dunn also appeared before the Appropriations Committees to express the Governor's opposition to the dam. "Governor Dunn remains firm in his commitment to save this river even though he is pressured by industrialists to change his position," Evins said.

Evins also stated his confidence that Judge Robert Taylor will issue a permanent injunction halting the Tellico Project at the hearing to begin in Knoxville Federal Court on Sept. 17. However, regardless of the outcome in the Knoxville hearing, there will almost certainly be appeals to the Sixth Circuit Court of Appeals in Cincinnati and possibly to the U.S. Supreme Court, Evins added.

John T. "Rick" Brown, EDF attorney in charge of the suit to stop the project, was unable to attend the meeting because of legal commitments necessitating his presence in Houston, Texas.

A long-time supporter of the preservation of the Little T, Walter Williams of Chattanooga, presented artist Chester Martin and his painting "The Little Tennessee River Valley of 1766." A limited edition of 2000 signed and numbered prints of the painting will be sold. The painting, the first of a series of endangered Tennessee landscapes, portraits Fort Loudoun in the year of its completion and the nearby Cherokee village of Tuskegee, the birthplace of Sequoyah, Martin, a Chattanooga native, has won a number of awards including the Minor S. Jameson Award for Landscape Painting given by the Miniature Painters, Sculptors, and Gravers Society of Washington, D.C. According to Williams, some of the other prints in the series will be Little T historic scenes.

Fort Loudoun Lake - Clear and full. Fair for bass using plastic worms and shallow running lures; bluegill good using crickets and worms; catfish fair.

Watts Bar Lake - Clear and stable. Bass fair casting plastic worms; crappie fair using minnows; catfish good using trotlines baited with night crawlers.

## Last Bug Collection Set

The last Loudon lightning bug collection is scheduled for Monday, July 9 from 3:45-6:15 p.m. at Arp's Grocery Store. There the insects will be purchased by the scientists of Johns Hopkins University for enzyme research at 40 cents per 100. As only freshly caught insects are acceptable, all collectors are urged to bring in any bugs caught this summer for redemption.

In the first collection on June 25, the Loudon bug collecting crew responded well to the call of science, as some 1058 bugs were delivered. The top collector was last summer's champion collector, John Sewell of Rt. 1, Philadelphia, who solely accounted for the turnout bringing in himself some 1058 genuine fireflies. Last year John accounted for nearly one-half of the town's collection, bringing some 225 bugs to lead all others.

Collectors are reminded that after catching the bugs that they are to freeze them and to keep them frozen and dry at all times except for brief times of counting and delivery. After freezing the insects, the collector is to count them by hand and to record each evening's catch on a Nightly Count Sheet which is to be brought in when the bugs are delivered. Collectors are advised to catch only the bugs with the red head, black back and yellow tail. They are not to catch the Soldier Beetle because of the "Second-Rate" lightning bug (yellowish head, brownish-black back). These are useless to the scientists and are worthless. The final collection is to be at Arp's Grocery on Monday, July 9, from 3:45-6:15 P.M. For any questions please write Firefly Project, P.O. Box 3014, Oak Ridge, Tennessee 37830.

# Upkeep On Local Cars Put At \$20 Million Per Year

Among Loudon County residents who will be taking vacation trips by automobile this summer, there is a new concern—whether they will be able to get gasoline wherever they need it.

Are they liable to get stuck somewhere along the line? Should they cancel their plans?

The U.S. Department of Transportation says: "No. The situation is worrisome but not that serious."

The American Automobile Association agrees. It states that there may be a few localities where gas will be in short supply that it will be able to obtain.

Confronting the travelers also, will be higher costs for just about everything they need. They will have to pay more for food, for lodging, for gas and oil and for tolls in some places.

The findings are based upon a general survey of vacation travel costs throughout the country, released by the AAA.

Its figures indicate that a Loudon County couple will be spending approximately \$22 a day this year, traveling on an average scale. That is about \$5 more than in 1971, when a similar survey was made.

Thus, a two-week trip will cost the local couple a minimum of \$728. This assumes that they travel at the rate of 300 miles a day and get 15 miles to the gallon.

The \$22 daily budget includes \$10 for meals and snacks, \$10 for hotel and motel accommodations, \$10 for gas and oil and \$2 for tips and miscellaneous expenses.

The AAA report also answers for Loudon County car owners, the all-important question of how much it is costing them per year to own and operate their cars.

The current average is now \$1,647 a year for a standard size car in the medium price

range, equipped with automatic transmission, power steering and power brakes, driven 10,000 miles annually.

The total includes fixed and variable costs. The fixed ones—depreciation, insurance, license fees and such—add up to \$1,172, or \$32.31 per day, regardless of beamount of the car is used.

The other costs are for gas, oil, tires and maintenance. For 10,000 mile operation they come to \$475, or 4.75 cents a mile.

On this basis, Loudon County residents are spending some \$20,011,000 a year on the 12,150 cars in use locally.

range, equipped with automatic transmission, power steering and power brakes, driven 10,000 miles annually.

**Legal Notices**  
NON-RESIDENT NOTICE NO. 3829  
Walter Edward Matlock and Della Joe Matlock and Bruce Wayne Merrick  
In Chancery Court of Loudon County  
In this cause, it appearing from the Complaint, which is sworn to, that the defendants Karoly Matlock Merrick and Bruce Wayne Merrick is a non-resident of the State of Tennessee, so that ordinary process cannot be served upon them; it is ordered that said defendant file an answer in the

Chancery Court, of Loudon County at Loudon, Tennessee, and with plaintiff's attorney John O. Gibson, whose address is Grove Street, Loudon, Tennessee, within 30 days of the last date of publication or a judgment by default may be entered and the cause set for hearing ex parte to them. This notice will be published in the Loudon County Herald for four successive weeks. This 11th day of June, 1973. Lloyd Black, Clerk and Master. John O. Gibson, attorney (6-14-4c)

**NON-RESIDENT NOTICE ORDER OF PUBLICATION NO. 1184**  
Patricia Diane Holt Simonds vs Donald Sidney Simonds  
In the General Sessions Court of Loudon County, Tenn. at Loudon, Tennessee.  
It appearing from the bill in this cause, which is sworn to, that Donald Sidney Simonds resides out of the State and cannot be personally served with process, it is ordered that publication be made for four consecutive weeks in the Loudon County Herald and in newspaper published at Loudon, in Loudon or on before the 10th Monday in July next, and make defense to the bill filed in the above cause, which seeks absolute divorce, or otherwise said bill will be taken for confessed and cause proceed with ex parte. This the 20th day of June, 1973. Truly Joe Akina, Clerk of said Court. Charles T. Ehlen, Solicitor for Complainant. (6-28-4tp)

**NOTICE OF SALE**  
WHEREAS, the United States of America, acting by and through the Farmers

Home Administration, United States Department of Agriculture, is the owner and holder of the following real estate (deed) of trust, securing an indebtedness therein mentioned, and covering certain real estate hereinafter described located in the Second Civil District of Loudon County, Tennessee, said deed(s) of trust being duly recorded in the office of the Register in and for said County and State:

GRANTOR, Carl H. Fisher and wife, Virginia L. Fisher, DATE EXECUTED, May 21, 1968. BOOK 100 PAGE 203.

WHEREAS, default has occurred in the payment of the indebtedness secured by said deed(s) of trust, and the United States of America, as Beneficiary, has authorized and instructed me as its duly authorized representative and as Substitute Trustee, to foreclose said deed(s) of trust by advertisement and sale at public auction in accordance with the statutes made and provided therefor.

THEREFORE, notice is hereby given that, pursuant to the power of sale contained in said deed(s) of trust and in accordance with the statutes made and provided therefor, the said deed(s) of trust will be foreclosed and the property covered thereby and hereinafter described will be sold at public auction to the highest bidder for cash at the Courthouse door in the City of Loudon in said County, at 11:00 a.m., on the 13th day of July, 1973, to satisfy the indebtedness now due under and secured by said deed(s) of trust.

Beginning on a stake near the light pole and in the edge of the road or right of way leading to the White Wing Road, thence Northwarily with line of Seay 14 rods to a stake corner with Phibbs,

thence with Phibbs Eastwardly 3 rods to a stake corner to Harmon, thence with Harmon Southwardly 19 1/2 rods to the edge of road or right of way, thence with road Westwardly 8 rods to the point of beginning.

This being the same property conveyed to Carl H. Fisher and Virginia L. Fisher, his wife, from Joseph Alley and Emeline Cagle Alley, his wife of record in Deed Book 82, Page 266, Office of the Register for Loudon County, Tennessee.

United States of America, Beneficiary by William J. Mason, Substitute Trustee for the Secretary of Agriculture, duly authorized to act in the premises by certain instruments as follows: By instrument dated June 8, 1973, and recorded in Book of Trust Book 136, Page 488, of the records of the aforesaid County and State.

Date, June 13, 1973.

SEALED BIDS will be received by the Little Tennessee Valley Educational Cooperative until 10 a.m., July 11, 1973 for the six room dwelling located in Harrison Subdivision, Lenoir City,

Notice is hereby given that on the second day of July, 1973, Letters of Administration, in respect to the Estate of Ewell Stephen Johnson, deceased, were issued to the undersigned by the County Court of Loudon, Tennessee. All persons having claims, matured and unmatured, against said Estate are required to file the same with the above Court within six months from the date of the first publication of this notice, or otherwise, their claims will be forever barred. This July 2, 1973. Stella Mae Johnson, Administratrix of the Estate of Ewell Stephen Johnson, deceased.

## STOP-CAUTION-GO

get the most value from your electric range

You'll save time, effort, and money by observing these guides when cooking on your electric range.

- Use correct temperatures for each kind of food and cooking process.
- Use flat-bottom pans with tight-fitting covers on surface units.
- Bring foods to cooking temperatures on high heat, then reduce to finish cooking. Do not open the oven door too often, as 20 percent of the heat is lost each time the door is opened.
- Do not place aluminum foil on the shelf or floor of the oven.
- Before calling a serviceman, check to see if a fuse has blown or a circuit-breaker has tripped, or if the unit is unplugged.
- Following these tips should help you get the most value from your electric range.

## 24 Attend 4-H District At Greenville

By Ronnie F. Sheeley and Roger L. Perkins  
Assistant Extension Agents

Twenty-Four Junior 4-H'ers attended the District 4-H Junior Demonstration Day June 28 at the Clyde M. Austin 4-H Training Center in Greenville. These 4-H'ers gave their demonstrations in twenty-four out of thirty available 4-H project areas. 4-H'ers from twenty-one District V Counties were involved in the Demonstration Day. All 4-H'ers giving demonstrations received participation ribbons.

The 4-H'ers from Loudon County giving demonstrations were ANIMAL SCIENCE, Greg Quillen, Glendale; BEEF, Danny Crutcher, Eatons; QUICK BREADS, Karen Shrader, Eatons; CLOTHING, Robin Kizer, Greenback; DAIRY PRODUCTS, then going to classes at UT many times. Jim later got a job on WPA and worked along with Howard Bosenman, now a Knox County Judge. Jim expressed his appreciation for our Good Old Days effort and promised to bring us a picture which we are looking forward to with anticipation.

In our conversation we talked about Jim's father, the late Albert Hartsook. The late Mr. Hartsook was full keeper at the Loudon bridge for a number of years. He later was a nee car dealer in Lenoir City. He was a great lover of kids and bought many an ice cream cone for Loudon boys when he worked at the bridge, and this included this writer.

IN PARTING There's one difference between learning to drive a car and learning to play golf. When you learn to play golf, you don't hit anything.

An optimist is usually as wrong as a pessimist, but he has a lot more fun.

Man is not complete until he is married and then he is finished.

Well, that's it for now. See you next week.

ATTENDS DEMONSTRATION DAY—Pictured are the junior 4-H'ers who attended District Demonstration Day, June 28 in Greenville. They are (left to right) Greg Quillen, Danny Crutcher, Karen Shrader, Robin Kizer, Velvet Wilburn, Mitchell Williamson, Bill Latham, Ronald Ford, Bobby Thomas, Terry Rucker, Terry Wallace, Jo Ann Carver, Panny Kizer. Second row: Ronnie Sheeley, Barbara Phillips, Jamie Boothe, Tommy Bowers, Tammy McCrary, Stanley Elam, Vanessa Elam, Richard Sampson, Jackie Hall, Carroll Maxwell and Laura Sparks.

Velvet Wilburn, Highland Park; DAIRY, Mitchell Williamson, Eatons; DOG, Bill Latham, Eatons; ELECTRIC, Ronald Ford, Highland Park; ENTOMOLOGY, Bobby Thomas, Highland Park; FIELD

Carroll Maxwell, Glendale; Mrs. Larry Shrader, Eatons; Mrs. Joe Williamson, Eatons; Mrs. Della (Back) Chambers, Loudon; Mrs. Roger Kizer, Greenback; Kathy Sarten, Work-Study Student, Agriculture Extension Service.

The bus to Greenville was sponsored by the following firms: Click Funeral Home, Russell and Shields Insurance, Lenoir City, Tennessee Valley Enterprises, Inc., Wilburn Construction Company and Goodwin Drug Company.

would appreciate some help from our readers. The other picture from this area is a picture of Mrs. Walter Cannon of Sweetwater who used to live in the Loudon area. This picture was made in front of the Southern Railway Depot in White Pine, Tenn. Note the high button shoes and the dress which was made by Mrs. Cannon's mother. The Cannons are avid fans of the Good Old Days and we appreciate their interest very much. Their daughter, Mrs. George Lane, loaned us this old time picture. Our many thanks to Mrs. Lane.

Our other picture this week is of two Loudon men who possibly loved horses as well as anybody ever did. They spent many hours training, riding and showing horses. They are the late Col. George Otis Robertson and Dave Murr. They were good friends and enjoyed riding together and pulling pranks on each other.

We ran into Jim Hartsook of Lenoir City the other day and he was telling us about the days when he worked in the circulation department of the Knoxville Journal as Circulation Manager. He recalled working from one o'clock in the morning until nine at night

Many times during the years we have been doing the Good Old Days, we have had pictures from about every section of our county. Several of these have been from the Philadelphia area and we have always had good response to them.

This week we have a couple of pictures from this section. One is in the town of Philadelphia and the other in the general area. When we say the general area, we are really referring to an area in

## \$4.04 County Tax Rate Proposed

Loudon County Quarterly Court will consider the county fiscal 1973-74 budget that calls for a tax rate of \$4.04 at its meeting Monday. The meeting will begin with a public hearing on the proposed county budget at 9 a.m.

A copy of the proposed budget is published elsewhere in this newspaper. What seems like a big increase in the tax rate will actually mean a decrease in the taxes paid by most property owners in the county. Judge Harvey Sprout said when releasing the budget.

The tax rate this past year of \$2.56 per hundred dollar assessment was based on a 40 percent of value assessment of all property. This year, with the approval of Question 3, the property of home owners and agricultural land is reduced to 25 percent assessment, 40 percent on commercial property and 55 percent on public utilities (railroads, truck lines, telephone companies and etc.).

Should the \$4.04 tax rate be adopted, homeowners with property valued at the same rate as last year will see a reduction in their tax bill. Judge Sprout said that there is some hope that the budget could be cut more and bring the tax rate under \$4.

He explained that for the past two years the School Budget has required that surplus funds be used to meet expenses and this year these surplus funds are having to be replaced which is one of the major increases in the budget. Some \$50,000 is included in the budget to cover an expected deficit from the operations of the county ambulance service.

The following is a breakdown of the tax dollar according to the proposed budget.

Proposed Tax Rate \$4.04	
General Fund	.62
School Fund	2.75
Board of Retirement	.45
Highway Fund	.62
Total	\$4.04

1. PUBLIC HEARING ON THE PROPOSED BUDGET FOR FY 1973-74.
2. Meeting of attendance, opening of Court and roll call.
3. Reading and approval of the minutes of the June 4, 1973, regular meeting of the Court.

## Earls To Appeal To District Court

It was learned last week that Doyle Earls will appeal to the U.S. District of Appeals his second degree murder conviction for the 1969 beating of Lynn Barger, a 17 year old Philadelphia youth.

It was reported that Earls, who's conviction was upheld by the State Supreme Court about a month ago, had decided not to appeal and go on to prison to begin serving the 10 to 15 year sentence he received. Later, it was reported that Earls had fired attorney Ray Jenkins, hired another attorney and was going to appeal the case further.

Earls has been in Loudon County Jail since the Supreme Court decision, but is now expected to make bond pending the new appeal. Loudon County officials reported that Earls' family had picked up his personal items last week

## Water Line Breaks, New Plant Saves Town From Disaster

SEARCHING FOR BROKEN LINE—Loudon Utilities crewmen are shown looking for a broken water line that left about 50 water system customers in the Rebers Springs area without water for two days. The break occurred on Rebers Springs Road where construction of relocated highway 72 is underway. Finally cut-off valves were installed isolating the break and the area is being provided water, along with the rest of the city. From the new water treatment plant East of Loudon. Until the break the city water supply had come from the Rebers Springs plant.

## County First To Adopt IPA Program

Loudon County became the first county in Tennessee under the IPA (Intergovernmental Personnel Act) of 1970 to remodel their personnel program.

The changes that took place July 1, the result of the Loudon County Quarterly Court approval on June 4 are a classification-compensation plan was constructed by the Office of Local Classification-Compensation Division of the State Department of Personnel. The plan is designed to provide a system of fair and equitable treatment to all employees.

The classification plan, based upon job information received from the employees themselves, addresses in county personnel consultants of the State Comptroller's Office. The handbook consists of rules and regulations, such as leave, annual leave, holidays, history of county, etc.

Revisions of model plan have been completed and the handbook is now in the printshop and will be available to employees shortly.

Another change was establishing retirement for the remaining employees of Loudon County who are not members of the Tennessee Consolidated Retirement System.

Mr. Carl Wedington of the Retirement Division has worked with the County Comptroller of the State Comptroller's Office in establishing retirement in Tennessee County, and I appreciate the services both offices have rendered to Loudon County," said Harvey Sprout.

Also included in the program is a special group insurance program for covered county employees.

## County First To Adopt IPA Program

Loudon County became the first county in Tennessee under the IPA (Intergovernmental Personnel Act) of 1970 to remodel their personnel program.

The changes that took place July 1, the result of the Loudon County Quarterly Court approval on June 4 are a classification-compensation plan was constructed by the Office of Local Classification-Compensation Division of the State Department of Personnel. The plan is designed to provide a system of fair and equitable treatment to all employees.

The classification plan, based upon job information received from the employees themselves, addresses in county personnel consultants of the State Comptroller's Office. The handbook consists of rules and regulations, such as leave, annual leave, holidays, history of county, etc.

Revisions of model plan have been completed and the handbook is now in the printshop and will be available to employees shortly.

Another change was establishing retirement for the remaining employees of Loudon County who are not members of the Tennessee Consolidated Retirement System.

Mr. Carl Wedington of the Retirement Division has worked with the County Comptroller of the State Comptroller's Office in establishing retirement in Tennessee County, and I appreciate the services both offices have rendered to Loudon County," said Harvey Sprout.

Also included in the program is a special group insurance program for covered county employees.

## Thieves Hit Three Homes While Owners On Vacation

Loudon County officers Sunday investigated three home burglaries where all three home owners were either on vacation or weekend trips.

Two of the break-ins were at homes on Highway 70 at Eaton Crossroads about a block apart. The third was in Martel Estates. At the Martel Estates break-in, the home of Elmer C. Reaves, Sheriff Freeman Russell said that the family was still out of town this week and he did not know what was missing.

The Reaves home break-in was discovered by Sheriff Russell after some mail addressed to Reaves was found at one of the two other homes that were burglarized.

Hardest hit was the home of Mr. and Mrs. J. C. Shingough. The break-in there was believed to have taken place Saturday night or early Sunday. It was discovered by a neighbor who was keeping check on the house while the owners were away.

The front door of the house was found broken open. Taken was a riding lawn mower, chain saw, electric typewriter, two shotguns, a rifle, pistol, \$25 in money, two night stands, lamps, platform rocker, electric welder, silver dollars and old coins, green mirror frame, antique chair, FM Stereo and tape player, RCA car tape player and recorder, 24 tapes, 12 sheets, Sears Mini Bike, a number of hand tools, gun case, 24 drinking glasses, and other glassware, four tires and ET Mag wheels, and damaged the inside of a car.

Late Sunday afternoon a break-in at the home of Mrs. Dorothy E. Phillips again the front door was forced open. Taken there was a 22 rifle, shells, hunting knife, gold ruby ear rings, four cans of meat, five jars of strawberry jelly, a collection of old coins, wrist watch and two sets of keys for a 1971 Plymouth station wagon.

Investigating the break-ins were Sheriff Freeman Russell and Deputy Kenneth Brown.

## HUD Approves \$7500 Park For Loudon Housing Project

Loudon City Administrator Gary Hensley told Mayor Gene Lambert and members of the City Commission Monday night that the Housing Urban Development agency had approved the construction of a \$7500 community park for the city low rent housing development.

Hensley reported that the money would be provided by the federal government from the surplus left from the construction of the housing project. The park will include a basketball park, see saw, climber, slide, swing set, park benches, two horse shoe pits, water fountain and sight preparation.

The Commission approved the use of \$10 in revenue from fire extinguisher sales by the Fire Department and \$50 in funds raised through special projects of the Police Department to be used for the sponsorship of a little league baseball team by the two city organizations.

At the conclusion of the brief meeting, Commissioner Aileen Richens presented Fire Chief Chiles Jones with a large 16 x 20 framed copy of the Fireman's Prayer to be placed in the fire hall. The presentation was made on behalf of the City Advisory Committee to the Fire Department for their contribution to the city.

Mr. and Mrs. Joe West of Turman Drive, Loudon City were in the new \$12,000 mobile home damaged.

## Masked Men Rob I-75 Bridge Guard

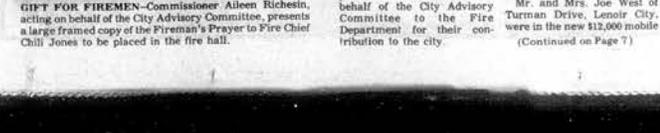

Jerry Templeton, guard for Murray Guard Service, at the I-75 river bridge construction project at Loudon, was robbed Tuesday night by two masked men.

Deputy J. W. Mauburn said that Templeton told him that two men with women's stockings over their heads came to the guard shack about 10:30 p.m. When he went to the door they took his Browning automatic shotgun from him and held him at gunpoint with pistols. They took the shotgun, the man's

wallet containing \$30, and wrist watch. They then tied him up with his belt. The guard later went to a home nearby and reported the holdup.

Mauburn said the man told him the two men appeared young and left on foot. Armed guards are kept at the bridge construction site and at other equipment and supply points along the Interstate construction route because of a large number of thefts during the past few months since the work began.

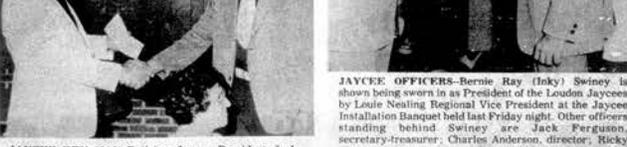

Investigating the break-ins were Sheriff Freeman Russell and Deputy Kenneth Brown.

GIFT FOR FIREMEN—Commissioner Aileen Richens, acting on behalf of the City Advisory Committee, presents a large framed copy of the Fireman's Prayer to Fire Chief Chiles Jones to be placed in the fire hall.

JAYCEE KEY MAN—Retiring Jaycee President Jack Ferguson congratulates Kyle Anderson after naming him Key Man of the past Jaycee year in Loudon. Ferguson also announced that Jimmy Lindsey was winner of the Jaycee of the Year Award. Lindsey was not present.

JAYCEE OFFICERS—Bernie Ray (Inky) Swiney is shown being sworn in as President of the Loudon Jaycees by Louie Nealing Regional Vice President at the Jaycee Installation Banquet held last Friday night. Other officers standing behind Swiney are Jack Ferguson, secretary-treasurer, Charles Anderson, director, Ricky Alexander, state director, Tom Elliott, External vice president, and Kyle Anderson, director. Other officers who were not present include Internal Vice President Jimmy Lindsey and directors Gary Hensley and Edward Headlee.

**Alice Quillen And Joseph Hall Wed**

Miss Alice June Quillen and Mr. Joseph Edward Hall were united in holy matrimony in a candlelight ceremony at Greenback Presbyterian Church on the Saturday evening of June 9 at eight o'clock. The Rev. Alexander Gullander performed the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Robert Lloyd Quillen of Lenoir City and the grand-daughter of Mr. and Mrs. Elbert Bryant of Route 1, Greenback.

The groom is the son of Mr. and Mrs. John Rufus Hall of Greenback. Mrs. Gladys Nelson was seated an acting grandmother.

Special wedding music was provided by the bride's aunt, Mrs. Kathleen Hammonree, organist, who played "We've Only Just Begun," "For All We Know," "Love Is A Many Splendored Thing," "If," "Somewhere," "Bless This House," "Love," and "Theme From Romeo and Juliet."

Mrs. Connie Bass, soloist provided vocal selections of "Twelfth of Never" and "The Wedding Song."

The elevated altar was decorated with two spiral and tree-shaped candelabras on each side with an arched

surrounded by six cake bears. Lime punch, mints of green, yellow, and orange, and nuts were served to guests from silver trays. The cake was made by Mrs. Kathleen Hammonree, who cut the cake. Also serving were Miss Carol Quillen, Miss Betsy Quillen, and Miss Teresa Quillen, all cousins of the bride, and Miss Donna Tallent, Mrs. Shirley Bates kept the bride's book and Mrs. Shirley Hall directed the wedding.

For her going-away outfit, the bride wore a white polyester blazer with navy haggies, a red-and-white checked and polka-dotted blouse, white platform sandals, and a white orchid corsage.

Following a wedding trip to Gatlinburg, the couple are at home at Southernland Apartments in Knoxville. The groom is employed by the Agricultural Extension Service in Anderson County as an Assistant Extension Agent and the bride is finishing her senior year at the University of Tennessee.

and Mrs. Elmer Catheart.

Mr. and Mrs. Frank Praytor and daughter, Laurel, of Montgomery, Ala. and Arthur Leslie stayed overnight Monday with Misses Ada and Mary and Mr. Dale Griffiths before going to Lexington, Ky. where Laurel will enter the horse show.

Mr. and Mrs. Richard Parker and daughters of Tuscola, Ill. came Saturday to spend a week with her parents, Dr. and Mrs. W. L. Hyden.

Mr. and Mrs. J. Hugh Edwards are here from Detroit, Mich. to spend a week's vacation with Mr. and Mrs. John Edwards and also relatives in Sweetwater.

Mr. and Mrs. Glen Henderson from Detroit, Mich. are spending a week's vacation with Mrs. Maggie Henderson, Mr. and Mrs. Sammie Henderson, all from Atlanta who were here during the weekend and their relatives attended the decoration Sunday at Roberson Cemetery.

Joe Davidson who has been at Sheppard Air Force Base, Texas, is home this week with his parents, Mr. and Mrs. Lee Davidson and Patsy. He will leave Thursday for Grissom Air Force Base in Indiana.

Mr. Jack Windle and his fiancee, Colleen L. Winder, both from Kingsport, were weekend guests of Jack's grandmother, Mrs. John Windle.

For the wedding, the bride's

## Loudon Class Of '43 Holds Reunion

**CLASS OF '43 REUNION** - Members of the Loudon High School Class of 1943 who gathered at the City Park Saturday for their 30th anniversary reunion are shown above. They are (front row - left to right) Delta Clemmer, Nila Umphrey, Charles Murr, Catherine Windle, Ann

McKenzie, Ola Mae Shubert, Alma Varner, Mary Ruth Millsaps and Olive Johnson. Back row - C.H. Arp, Curtis Murr, Raymond Hooker, Janie Beals, Junior Fielder, Taylor Knox, Frank Wynn and Harold Clark.

BY CALVIN LUNSFORD

A covered dish supper, lots of talk about things past and especially about the past 30 years were the highlights of the 30 Year Reunion of the Loudon High School Class of 1943. The reunion was held at the Lions Municipal Park last Saturday.

Seventeen members of the original class of 30 were present for the reunion. Honors for traveling the most miles to attend the event was shared by Charles Murr of Rockford, Ill., and Frank Wynn of Brandon, Fla., who each drove 475 miles to attend.

Out of all the many things that the class had forgotten through the years, nick names was not on the list, as old grads recalled with much humor the nick names for their classmates during their years on the hill.

Those present were Delta (Clemmer) Dean of Perry, Ga., Alma (Varner) Stanberry of Corrison, Tenn., Janie (Beals) McCubbin of New Market, Tenn., Olive Johnson of Lenoir City, Catherine (Windle) McQueen of Loudon, Nila (Umphrey) Thomas, Sweetwater, Ola Mae (Shubert) Elkins, Concord; Mary Ruth (Millsaps) Houston, Hixso, Tenn.; Anne McKenzie, Livingston; C. H. Arp, Hixson; Raymond

Hooker, Chattanooga; Curtis Murr, Loudon; Junior Jelder, Oak Park, Mich.; Taylor Knox, Loudon; Charles Murr, Rockford, Ill.; Harold Clark, Loudon; Frank Wynn, Brandon, Fla.

A tribute was paid to Cecil Julian a deceased class member. Those not present to answer the class roll were Hal McCrary, Walter Reed, Lois Duck, Louise Kittrell, Betty June Mays, Annette Robert-

son, Elizabeth Roberts, Clayton Curtis, Robert Gribby, Bill McCarroll, Evelyn Satterfield, Edith Snider, Janet Miller, Virginia Lawler, Barbara Dabbs, Billy Thompson, Marshall Russell.

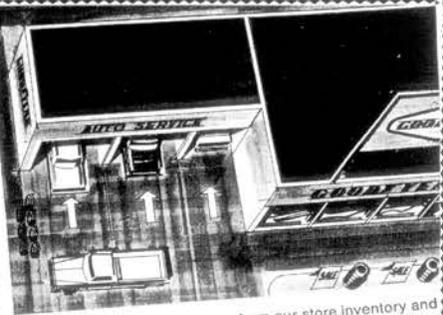

Earl Ridenour, Lionel Conner, Winfield Clovers, Alene Ridenour and Earl Nicholson. Before the afternoon was over plans were formulated for another reunion in five years.

**BICYCLES AND MORE BICYCLES** - More than 100 decorated bicycles took part in the Loudon Jaycee July 4th Parade in Loudon Wednesday.

**JULY 4TH IN GREENBACK**—There was a parade, games, dancing, food and fun at the annual Greenback Community Club's July 4th celebration as the pictures above show. The activities started in the afternoon with the parade and ran into the night with a square dance at the high school.

**Bonnie Talk**

**BONNIE SHEELEY**  
Assistant Extension Agent

Agricultural Extension Service  
The University of Tennessee

Summer is outdoor cooking time. It's picnic time. But it's also bacteria time. And the latter we don't need. Bacteria flourishes in hot weather and food poisoning is a most unwelcome guest at any outing. Remember, in the sun it is very important that picnic foods are kept wholesome from the time you leave home to the time you settle down to eat.

Favorite picnic foods like hamburgers, fried chicken, salads, frankfurters, and sandwiches all need the same care, basically. The first thing to remember when going on a picnic is that germs grow faster in hot weather, so, naturally, there are some "pic-pitfalls." Precautions you should take after you reach the picnic site.

Keep hot foods hot and cold foods cold before serving. If you cook a food such as fried chicken before the outing, either keep the chicken quite hot in an insulated carrier or cool it quickly in the refrigerator. Spread the pieces out on the side of a platter so all the pieces have a chance for fast cooling.

It is better to leave the actual preparation of any sandwiches until you are ready to use them. Mix salads just before use. Mayonnaise and salad dressings are particularly susceptible to bacteria. All items should be chilled well before going into the cooler.

If you do not have well insulated containers capable of keeping cold and hot foods at proper temperatures, then plan to use only non-perishable foods for your outdoor eating.

Creamed dishes, custards, and various other egg dishes, stuffings, and chopped meats and sandwich fillings are quick to spoil if they are not handled properly. If you do not have, or aren't sure you have proper cooling storage, then reserve these foods for "at home" eating.

**HDC Achievement Day Held At Martel**

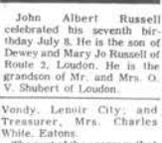

By Bonnie F. Sheeley, Assistant Extension Agent  
Friday, July 6, was Home Demonstration Club Achievement Day in Loudon County. The event was held at the Martel United Methodist Church at 10:00 A.M. Approximately sixty Home Demonstration Club members were present along with Mrs. Mildred Clarke, Associate District Supervisor, Home Economics in District V, Mrs. Janice Williams, Specialist in Communications, Agriculture Extension Service, University of Tennessee; and Mrs. Mildred Gresson of Simon Craft Fair in Surburban Center, Knoxville.

The highlights of the morning's program included a demonstration of arrangement of artificial flowers by Mrs. Gresson and the installation of the Loudon County Home Demonstration Club County Council by Mrs. Clarke. The new officers include President, Mrs. Doyle Arp, Corinth; Vice President, Mrs. Leslie Carney, Martel; and Secretary, Mrs. Dave

**Robert (Rob) Lindsey**, age 74, of Loudon, died Wednesday, July 4, at Route 4, Loudon.

**MORNING RECREATION PROGRAM**—An estimated 30 young girls show up daily to the old Loudon High School gymnasium for the morning recreation program being conducted at three sites in Loudon this summer. Over 250

youth are registered for either tennis, volley ball, kick ball, or baseball. The recreation activities are under the direction of the Loudon Youth Club Organization. Mr. and Mrs. Hugh Watson, Jim Gibson, and Dewayne Arp are the

recreation instructors. In this photo panel Mrs. Hugh Watson and her group enjoy a game of kick ball. On Friday's the group goes to Concord to swim, but will make use of the new Loudon pool for the rest of the summer for

this phase of the recreation program.

## Atomic Speedway Gets Two New Challengers

There are two new challengers for racing laurels at Atomic Speedway. Jackie Briggs of Hartman and Melvin Corum of

Maynardville are the latest to join the list of "chargers" at the third-mile facility—fastest for its size in the country.

Briggs is attempting a comeback in late model sportsman racing after a four-year layoff. Corum is another of the former modified drivers now getting into the sport-

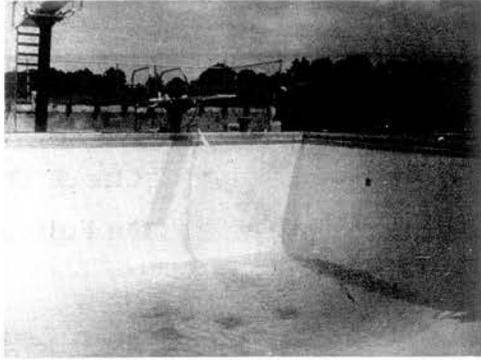

man class. Both have done quite well. Corum needed only a couple of races to move into the group of feature winners. Briggs

placed high in the Georgia Tennessee Classic recently at the track and was running with the leaders a week later when he smacked the concrete retaining wall.

Briggs, who was one of the fastest drivers before quitting after the 1969 season, is now competing in a newly-built 1968 Chevy II. Saturday's sportsman, hobby and bomber program gets under way at 7 p.m. with time trials. Races start at 8:30 p.m.

In addition to the automobile racing card, there'll be bicycle preliminaries leading up to the title runs next month. The first four finishers in the weekly trials qualify for the finals where \$100 will be up for grabs. The weekly winner pockets \$15, second place pays \$10 and third place \$5.

The hike racing is open to anyone over 11 years old, and all types of bikes are eligible. When the finals are held, the 16-mile field will be going for first-place money of \$60. The runnerup will receive \$30 and third place will be worth \$16. Other leading sportsman drivers to run Saturday night are Ken Phillips, Snooks DeFoor, Otis Miley, Leroy Vann, Bill Corum and H.E. Vineyard. Phillips recently became the first driver to ever take three straight weekly feature wins at the speedway. Sportsman drivers battle for first-place money of \$300 from the weekly purse of \$360.

**FINAL MOP UP, BRINGS POOL FILL-UP**—Loudon City Recreation officials and instructors combined efforts last week in a determined attempt to open the new Loudon swimming pool. Gary Hensley, with water hose, assists coaches Bert Rutledge and Jim Gibson in getting the last bits of dirt and construction residue left in the pool before filling with water. Water is seen filling the diving bay in the lower picture and should be ready for swimmers this week.

## Revised Loudon Recreation Schedule

## Lenoir City Hosts BR Tourney

The Babe Ruth district tournament will start Wednesday, July 11 with all games scheduled to be played at Civitan Field.

Two teams from Elowah, Sweetwater and Lenoir City will play in the tourney with the winners advancing to the Regional Tournament at Chattanooga later during the month.

Games are set for 2 and 4 p.m., 13 year old group, and 6 and 8 p.m., 14 and 15 year olds, each day—Wednesday through Saturday.

The first pneumatic tires were used on horse-drawn carriages.

## Summers And Oody Hit Slump In Incheon Carbide Golf Scoring

The run-away pace setters of the Incheon Carbide Golf League, Hall Summers and Mike Oody, are suddenly yielding ground in the team point standings. Ahead by as much as 20 points in recent weeks the league leaders managed but five team points

last week and have allowed a 16 point lead of last week's standings slip to a eight point difference.

To add to the problems of the number one team is the fact that Mike Oody has had to go to a two week summer camp duty in Mississippi with

his National Guard Unit. Thus, Oody and Summers could find themselves once again involved in a highly competitive dog fight in the final month of league play to capture the Union Carbide Championship.

At the close of last week's action Jim Spradlin and Ernie Black had moved into second place with a 24-point round. The explosive surge has Black and Spradlin with 137 team points and top team low net honors for the week.

Herb Hodge was the top individual medalist performer in the league last week with a 35.

Jack Randolph and Carlos Evans are also within closing distance for the league leadership, just nine points off the pace and resting third place. Jim Cartwell and Jack Miller round out the best four team totals with 128 team points and a very productive 20 team points from their play in last week's competition.

### UNION CARBIDE GOLF LEAGUE STANDINGS

TEAM	PTS.
Summers and Oody	145
Spradlin and Black	137
Randolph and Evans	136
Cartwell and Miller	129
Scarborough and Hodge	128
White and Rosenbaum	124
Huff and Hamill	108
Helm and Delaney	104
Birkholz and Moore	101

**BACON CHALLENGE TROPHY WINNER** Roy Starkey of Knoxville, on Ringmaster is shown accepting the big Charles H. Bacon Challenge trophy for winning the Walking Stud and Geldings class at the Loudon Quarterback Club Horse Show last Tuesday night. Presenting the trophy are Joe Mourfield and Jack Mourfield, relatives of the late Colonel Bacon. The winning horse is owned by Jack Hines.

JULY 12 1973

### Game and Fish TODAY

By Sgt. Bob Harmon  
Game and Fish Commission

Free-running dogs are one of the largest destroyers of deer, especially the doe with fawn. The smallest breeds of dogs can easily outlast the largest deer in running endurance.

This attributes the misconception that a deer can outrun a dog to the quick burst of speed that a deer shows when first surprised by a human. "A deer will leave almost any dog for the first half mile. By that time both are out of sight but the dog will usually continue the chase. The strong scent left by the frightened animal leaves an easy marked trail. The deer is built for short burst of speed while the dog is known as an animal of endurance. In most cases the dog wins."

An exhausted deer being killed by a dog is a pitiful and heart-rendering sight. The dog usually hamstringing its victim by biting the hind leg muscles. Being unable to run or defend itself, it begs for life with screams and bleats as the predator starts eating the helpless animal, usually before it dies.

It is not the hunting dog that is under control of the hunter or the family pet that is taken into the woods for the weekend outing that kills. It is the dog that is allowed to roam at will and unattended. A hungry dog must kill in order to eat and his natural instinct finds fawn and doe an easy victim. Other forms of wildlife such as rabbit, quail and raccoon are prey for the free-running dogs.

I emphasize that many states have recognized the wildlife destruction caused by free-running dogs and have passed strict laws governing their control. The conservation of wildlife resources become more important in

Tennessee each year. It therefore becomes more important to see that it is not wasted to needless predation.

**Fishing Report**  
This report is based on present water and weather conditions and is subject to change if these factors change. This information is compiled by the Game & Fish officers from each lake listed.

**CHEROKEE LAKE** - water conditions - clear and fluctuating. Rockfish, hybrids, stripes - fishing is good around sunken islands. Best methods for rockfish is trolling deep running lures and on stripes casting rooster tails. Bass - good early and late on plastic worms. Most bass are running one to two lbs. All other species poor. Fishermen are still taking rockfish that are under size. Citations to Court are being issued. Be sure you know the difference between stripes, hybrids and rockfish before you keep them. Rockfish and hybrids must be 15 inches before they are legal fish.

**NORRIS LAKE** - water conditions - clear and falling. Bass - fair to good. Casting black doll flies and spring lizard combination; also, medium running lures. Rockfish and hybrids - a few being taken eating the breakers in late afternoon on top water lures. Catfish - good trolling spinners and worms. Bluegill is excellent still fishing with crickets and worms shallow. Several being caught on popping bugs around tree-tops. Walleye - fair to good trolling spinners and worm combination; also, jet lure and night crawler combination. All other species poor.

**DOUGLAS LAKE** - water conditions - clear and stable. Bass - fair casting top water lures; also, casting the breakers in late afternoon. Crappie - fair to good still fishing with minnows around the willows. Catfish - fair on trotlines using cut bait and worms. Bluegill - good on popping bugs and still fishing with worms. All other species poor.

**NORRIS TAILWATER** - trout is good when water is off on corn and worms.

**FORT LOUDOUN LAKE** - water conditions - clear and stable. Bass - good in upper end on plastic worms, Big O's, and top secrets. Excellent in lower end same lures. Stripes - fair trolling deep running lures. Catfish - fair using worms and cut bait on trotlines. Bluegill good on worms, crickets, also using popping bugs on fly rod. All other species poor.

**MELTON HILL LAKE** - water conditions - murky and fluctuating. A few bass being taken on top water plugs. Stripes - fair casting jigs and minnows. Bluegill - good on worms and crickets. Catfish - fair on worms and minnows. All other species poor.

**CHILHOWEE LAKE** - water conditions clear and stable. Bass - good still fishing and casting spring lizards deep. Trout - good at night under lights on corn and worms. All other species poor.

**LITTLE TENNESSEE RIVER** - Trout good on spinner spoons, corn and worms.

## "Twin-Fifty" Race Results In Demolition Derby At SMR

Although not planned, it appeared to be "Demolition Derby Night" during the first half of the Five Star Mobile Homes "Twin-Fifty" race and the hobby race held last Saturday night at Smoky Mountain Raceway located ten miles south of Maryville off Highway 411.

Three caution flags marred the first 50 laps of the two-part 100 lap feature. After only six laps into the race, Charley Rogers of Knoxville hit the wall coming out of turn three, repurtering the oil pan on his Chevelle. Chett Williams, bugs; All other species poor.

**MELTON HILL LAKE** - water conditions - murky and fluctuating. A few bass being taken on top water plugs. Stripes - fair casting jigs and minnows. Bluegill - good on worms and crickets. Catfish - fair on worms and minnows. All other species poor.

**CHILHOWEE LAKE** - water conditions clear and stable. Bass - good still fishing and casting spring lizards deep. Trout - good at night under lights on corn and worms. All other species poor.

**LITTLE TENNESSEE RIVER** - Trout good on spinner spoons, corn and worms.

**LITTLE TENNESSEE RIVER** - Trout good on spinner spoons, corn and worms.

Morristown, Jack Hannah, Chattanooga, and Paul Lewis. Johnson City, hit the resulting oil slick and spun out. Lewis spun into the outside wall, damaging the rear of his car. Jim Hunter also spun out, taking him out of the race.

The most spectacular collision of the night happened only four laps later when Red Farmer of Hueytown, Alabama, lost control of his Ford - on - the back straightaway when a tire blew. Leading the race until then, he spun around twice, hit the hobby pit wall, bounced off and into the path of Dave Marcis, who was driving the King Enterprises Sevierville-based Dodge. Both cars were completely totaled.

The third caution flag was thrown near the end of the race on the 34th lap when Snowball Bethea of Newport, making a strong bid for position lost control coming out of turn two. He careened off the wall on the back chute and, while still trying to regain control of his Ford, smacked head-on into the wall in turn three. His car was completely demolished.

Chett Williams was forced to drop out when his Chevelle began losing oil. When the checkered flag fell, Hank Maxwell was in front of Doyle Belcher, both of Newport, by only five seconds, with Dick Garrett of Chattanooga, third, Jack Hannah, Chattanooga, fourth, and Skunk Corbett of Madisonville, fifth.

The hobby class was run between the two fifty lap events in order for repairs and adjustments to be made to the Sportman cars before the final fifty lapper.

Two Fords were taken out of the race in the first lap as Ken Whitehead of Maryville ran up on the wall on the back straightaway, losing control of his car as he came down off the wall and into the car driven by Wayne Gregory, also of Maryville. The Ford driven by J. T. Kerr of Rockford, who was in lead position,

was damaged slightly causing him to pit several laps later. Lynn Smaller of Loudon spun out but managed to keep control and stay in the race.

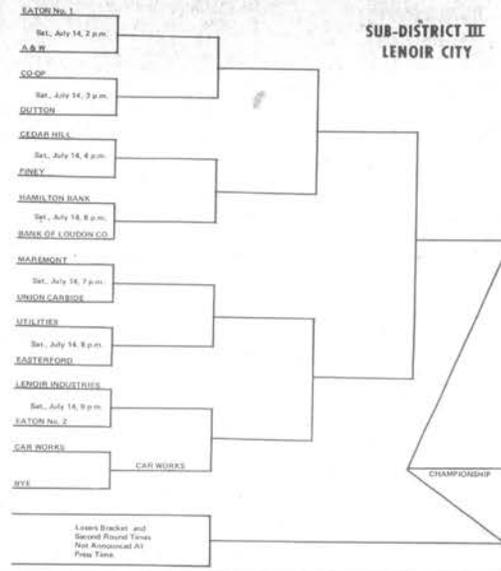

The second caution in the 25-lap event came out on the last lap when Gary Greenway lost control in the run for the checkered flag. He hit the wall on the back side heavily damaging his car. Harold Moats of Maryville, finished first with another Marryville driver, Larry Broden close behind.

SMR fans were able to watch the more competitive type racing as the second half got underway, albeit with a smaller field of NASCAR Sportman Drivers due to the casualties suffered in the first fifty laps.

Running an inverted field based on the results of the first race, Hank Maxwell came all the way from behind to take the lead. After developing heating problems forcing him to pit, Jim Hunter of Knoxville took over maintaining the lead

the rest of the way. Jack Hannah lost control during the last lap for the fifth and final caution of the night.

When the final lap was over and the double-point winners determined, Jim Hunter was announced as the winner of the second fifty laps. Second through fifth places, respectively, were secured by Jimmy Hillard, New Market; Paul Lewis, Johnson City; Jack Hannah, Chattanooga, and Skunk Corbett of Madisonville.

GEORGE MCNABB of Loudon and Fred McNabb of Lenoir City are shown with 11 bass that were caught on a Top Secret plug. They caught the fish while fishing in Ft. Loudoun Lake near the dam this past weekend.

## Loudon Included In Historical Grant

The East Tennessee Development District has received a \$3,100 grant from the Tennessee Historical Commission to survey all places of historical significance in Roane, Anderson, Loudon, Jefferson, Hamblen and Campbell Counties.

When the survey is completed at the end of September, all places that are considered of national significance will be recommended for nomination to the National Register of Historic Places. Sites of lesser significance will be placed on the Tennessee Register of Historic Places.

Types of places which will be considered in the survey work include homes, public buildings, business establishments and local industries such as mills which were constructed by the original residents of the county. Also to be considered are outstanding examples of architecture of certain periods, for example, Federal style homes and Victorian structures.

The age of the structure is not the only important aspect. Historical facts such as the dates of construction, original owners, historical figures who lived or worked at the site and historical events which took place are the typical information desired by the researcher. Generally, places of less than 50 years of age and sites where events took place but structures no longer exist are not placed on the National Register.

Jon Coddington of the ETD District staff will be making the survey in the six counties.

## Rainfall Sets Valley Record

Tennessee Valley rainfall reached a record-breaking total for the fiscal year ended June 30, resulting in new records for TVA's flood control and hydroelectric power operations as well.

Rainfall across the Valley averaged just over 70 inches for the past 12 months, breaking the old record by a wide margin. The previous high of record for a July-June fiscal year was 62.3 inches in 1949-1950, and the record for a calendar year is 64.6 inches in 1957.

March was the wettest month of the past fiscal year, with Valley rainfall averaging 11.4 inches—largest for any month in the past 36 years and a March record.

March also was the month that saw intense rainfall from a two-day storm that spread across most of the Valley, producing widespread flooding and the most demanding river control operation TVA's River Control Center has faced.

Without that flood regulation by the agency's system of dams and reservoirs, the Tennessee River at Chattanooga would have reached a level that would have flooded about half the city and caused an estimated \$500 million in damages. Actual damage was estimated at \$20 million, with part of that damage resulting from separate flooding on local creeks.

Other TVA flood control operations in December and May held the river at Chattanooga to nondamaging stages.

The Corps of Engineers estimates that operation of the TVA reservoir system averted more than \$15 million in damages during spring flooding on the lower Ohio and Mississippi Rivers. During flood periods on those rivers, TVA reservoir operations are coordinated with the Corps' operation of reservoirs on the Cumberland River.

In this operation, much of the floodwater moving down the Tennessee River in late March was stored in TVA's big Kentucky Lake, holding it out of the Ohio-Mississippi flood. As a result, the lake

level at Kentucky Dam reached its highest point since the dam was closed in the mid-1940's.

The \$15 million reduction in Ohio and Mississippi River flood damage credited to the TVA system was nearly double the highest previous damage reduction of that type. That makes a total of more than \$80 million in damages averted downstream by TVA operations since Kentucky Dam went into service.

MEMBERS OF THE TOPS CLUB OF LOUDON dressed as clowns added something new to the July 4th parade in Loudon Wednesday.

HERE COMES THE PARADE—About 2,500 persons lined the streets in Loudon for the annual Loudon Jaycee July 4th Parade. The parade is shown moving up Grove Street.

## Melton In Century Club

Thomas D. Melton, 1122 Huffland Drive, local representative for Mutual of Omaha and United Omaha, was recently named a member of United's Century Club, a club honoring excellence in life insurance production.

Selection is based on outstanding performance in life insurance volume and service to policyowners during a 12-week period following graduation from United of Omaha's Career Seminar School.

The school, the first in a series of educational seminars sponsored by United, is designed to develop proficiency in the selling and servicing of life insurance.

**R-O-W For Blount Section Of 95 Set**

Right-of-way acquisition for the Tennessee Department of Transportation's planned improvement of State Route 95 Aylwick Road in Blount County to the Loudon County line, where the road was relocated several years ago, is tentatively scheduled to begin this summer.  
 Right-of-way plans for this 8.2 mile project are under development. The announcement was made by Governor Winfield Dunn, State Senator Carl Koelle Jr. and State Representatives Fred Aichele, Fred Hufstetler and M. F. Stafford in a quarterly report on the status of road work in Blount County.

**Two Roads Being Paved**

Asphalt Oil Inc. of Knoxville is started repaving portions of Brooks Road and Evans Road in Loudon County for the Tennessee Department of Transportation. Commissioner Robert F. Smith announced today.  
 The Brooks Road project extends 1.8 miles from State Route 95 to Meadow Road while the Evans Road project begins at Morganton Road and extends 2.5 miles to State Route 95.  
 Asphalt bid \$26,300 for the job April 27. Its contract calls for completion of the work by Oct. 1, Smith said.

# Your County In Action

BY Harvey L. Sproul  
LOUDON COUNTY JUDGE

The peculiarity of events is something that always surprises us but nevertheless occurs very frequently. Such a sequence of events has occurred in that still another death has come along to sadden the lives of my family in the death of my wife's grandmother on June 25, 1972.

The unusual sequence of events is that this is the third great-grandmother that our children have lost in the last six months. As you recall as I have commented in my column that first my mother's mother, and then my father's mother, passed away, and now my wife's maternal grandmother, who was living with, and had lived much of her life with, my wife's mother and father, has passed on at the age of 78.

Violet Kyker Linkous was a grand old lady, very tenacious in spirit and vivacious and animated in personality, which might be somewhat surprising because she was one of those persons who had to struggle through the

depression under a severe burden of raising three daughters by herself. She had later a little son, fondly remembered, to infantile paralysis while living in the oil fields of Oklahoma. Because necessity demanded she do something to survive, she took a short course in secretarial work, then walked into the newly-opened TVA offices in Knoxville, and talked herself into a job which she retained until her retirement in 1960.

The way she got the job was by desperation, and self-confidence, but she kept it through competency and hard work. Even after her retirement thirteen years ago, however, there was no time for rest, because she immediately began a part-time job which involved working in the Registrar's office and other Court House offices in Knox County, where she became very well-known, and kept up with all the events and daily life of the Court House there. This job also involved regular overnight trips by bus alone to Bristol, Tennessee.

Her tenacity and green-thumb ability was demonstrated when she decided she would like to raise roses and became a championship rose grower. Fortunately she had just completed a several week trip to her daughters and some of her grandchildren, in Georgia and Florida, and thus had seen all of her children and grandchildren immediately preceding her death. It was almost as if the decision to make the trips were a premonition on her part that she was no longer to last on this earth.

Still vitally interested in world affairs and politics, she had sat down in front of the television set so as not to miss a word of the Watergate hearings, when she slipped away from this life, and was found in the chair by the long-time housekeeper, Ruth Littlejohn, when she arrived for work. Characteristically, she was not averse to using safety language or placing a token bet on a football pool or a basketball game.

Her friendships included many TVA officials and employees past and present, such childhood friends as Judge Richard Douglas, the late Judge Fred Bibb, and Paul Fogarty who draws "Jo Jo Sledge" for the News-Sentinel, and later friendships including Knoxville Mayor Kyle Testerman, Judge Chester Mahoney, and Attorneys Guy Shanks, Bill Searle, and Nelson Venable. There could not be a finer example of one who loved her family and gave everything that she had toward the benefit of her children, grandchildren, and great grandchildren.

Her presence at the A. Rawls Monton residence on Highland Avenue will be sorely missed.

## Lindsay Gets Police Award

Trooper Alvin Lindsay of District Six State Police in Pontiac, Michigan was recently named Policeman of the Year for outstanding service in his duties. Mr. Lindsay is the son of Mr. and Mrs. Roy Lindsay, of Illinois, formerly of Loudon. He is the grandson of Mrs. Margie Lindsay and the late Robert Lindsay, Route 4, Loudon. Mr. Lindsay is formerly of Loudon and was a 1961 graduate of Loudon High School.

## Oakland Sets Revival

Oakland United Methodist Church on Trigena Road, near Greenback begins a revival July 15th, and will continue through July 20th. On Sunday, the 15th, John Wilburn of Maryville will bring his friends from the "Coffee House" for the morning and evening services. Monday and Tuesday, Rev. Dwight Cagle, a widely known evangelist will preach Wednesday through Friday. Ron Martin will preach and the "Singing Sentinels" of Knoxville will sing. The services will begin at 7:30 with special singing night. The pastor Jim Harless invites everyone to attend.

## Watson At Sewanee

Gerdo Watson, son of Mr. and Mrs. Rufus Watson, Sr., 794 Lakeview Drive, Loudon, is enrolled in the college summer school at the University of the South in Sewanee.

JULY 12 1973

We mentioned last week that we always enjoyed having pictures from the Philadelphia area. Well, this week we have one of a family well known in this section of the county.

This old picture was taken in 1911 in of the old Windle

residence in the Dry Valley section of Loudon County. The windle name is one well remembered by local folks. We were curious as to how the name Dry Valley came into being. We possibly could have found out from our good friend Don P. Grove who probably knows this section as

well as anybody I know of. Perhaps he will give us a call with the answer. Anyway, the folks in the picture at the late Will Robinson on the lawnmower. Standing behind him is Addie Robinson. (Mrs. Gilbert Blankenship). Sitting on the lawn is Clyde Windle (Mrs. Will Robinson). Mrs. Robinson is the mother of Mrs. Ed. Walker, Jr. of Philadelphia.

This was a beautiful old home, very modern and well kept in its day. We don't know if the house is still standing or not. But whether it is or not, its memory will be a part of the life of the people who lived there for all their lifetime. Possibly this area has felt the effects of progress, new

super highways, modernization, like so many more have etched a niche in our development as well as contributing to their era as well. Another picture we have is of a person well known in Loudon in past years. Her life was centered on an era of town that has vanished along with many other things. To the folks of the Good Old Days of 50 years ago passenger trains were a vital part of our daily lives. The passenger trains brought many drummers (salesmen) to our town. Their arrival in town meant a square meal at Mrs. Bob Julian's Boarding House, which was known across the country as the best place in the area to get the

most delicious food. Of course the woman in the picture is Mrs. Julian, who ran a boarding house in the house now owned by Mrs. Hardin Willet across from Miller's garage. Her old hallogie turned in the bigfire in Loudon in the 20's.

We have noticed that the June bugs are in the greatest number this year than in recent years. Don't know why, but we did recall our childhood days when we would catch a June bug, tie a string on its leg and let it fly around and around with a terrific buzz. Sounds kind of cruel, but a lot of kids I grew up with

### Medic Program Offered

Persons in the Loudon area interested in joining Medic will have the opportunity to join or ask questions regarding the program on Friday, July 13 from 10 a.m. to 5 p.m. in the parking lot of The First Baptist Church on W. Lee Hwy in Loudon.

Many Loudon County people are now protected by Medic, this area's blood program. The program with its almost 34,000 members now protect more than 130,000 people against any need for blood.

If you are not protected by this program we urge you to take just a minute and see the Medic representative Friday, July 13 from 10 a.m. to 5 p.m. in the parking lot of The First Baptist Church in Loudon.

**"Our Camper Is Gone"**

The thief rolled his car with bumper hitch up to their camper and drove off. This has been done with boat trailers as well. Insurance to cover theft or accidental damage to all types of camping or boating equipment is available from Anderson Agency.

### Kingdom Heirs To Sing At Bethel Sunday

The Kingdom Heirs of Knoxville will be presenting special music at the morning worship services, Sunday, July 15 at Bethel United Methodist Church. Rev. W.H. Horner, pastor, invites everyone to attend.

# How would you react to a big jump in car prices?

## That's why railroads are essential.

One way car manufacturers keep prices from getting out of control is with economical shipping. By rail. In fact, railroads move 76% of all new autos and auto parts.

Why do the auto industry and so many other industries ship by rail? They know it's usually the most economical way to go. Consider these figures for the thousands of things delivered by rail. The average cost per-ton-mile by truck is five times as much as by rail. Air shipping is fifteen times more expensive.

Now you know one big reason why you need railroads. And why you need Southern.
